Prices Advance In Cotton Mart

TRADING MOST ACTIVE IN TWO YEARS AS 8½ CENTS PAID

(By The Associated Press)

NEW ORLEANS, Aug. 25.—Cotton prices for the nearest future delivery went to eight and a half cents a pound today in the most active trading on the New Orleans exchange in the last two years.

Active trade and speculative buying caused a continuation of the recent advance in the face of much profit-taking and hedge-selling when the demand appeared more than sufficient to absorb all offerings.

In the first hour and a half of trading net gains of $1.50 a bale were added to yesterday's appreciation of $2.50 a bale.

October traded up to 8.50 and December to 8.65, new highs for the movement and season and 27 to 30 points above yesterday's close. At this level October showed and advance of $17 a bale over the year's lows, reached last June.

Reports of crop reterioration continued to be prime factor.

WHEAT IS LIFTED TWO CENTS BUSHEL

CHICAGO, Aug. 25 (AP)—Traders in wheat ignored bearish news of the crop today and, taking a tip from the securities and commodities markets started a strong buying movement that lifted wheat two cents a bushel over yesterday's prices.

Profit-taking sales found quick absorption and trading was heavy through the forenoon session of the board of trade. At noon wheat futures stood 2 1-8 to 2 1-2 cents above the previous closing, with the broadest advance in December contracts which touched 36 1-2 cents.

An unofficial report placed the Canadian prairie province wheat yield at a probable 459,000 bushels higher than previously estimated but the pit ignored any news of bearish tint and went right on buying.

FERGUSONS TO BE BOOSTED AT RALLY

BIG CROWD EXPECTED AT SPEAKING SET HERE TONIGHT

Followers of former governors James E. and Miriam A. Ferguson will meet in Lubbock tonight at 8:15 o'clock for a grand rally before the runoff primary Saturday J. A. "Ab" Humphries, campaign manager here for Mrs. Ferguson's candidacy for the Democratic nomination for governor, has announced.

"C. C. McDonald of Wichita Falls will be the principal speaker," Mr. Humphries announced. "We expect a number of out of the county speakers from all over the South Plains. They will be given five minutes each and will speak before Mr. McDonald."

Expect Large Crowd

We are expecting 6,000 or 7,000 persons. This meeting has been pretty well advertised and we hope that friend and for political that is, will come out and hear Mr. McDonald."

Mr. McDonald comes from Wichita Falls. He was secretary of state under Governor O. B. Colquitt and has been a political leader in Texas for many years.

Begins At 8:15

The meeting is to begin at 8:15 o'clock. Hill Stewart, local attorney, will preside and introduce the speakers.

Seating space for a large proportion of the expected crowd is available, Mr. Humphries said.

Seated on the platform will be a number of local leaders in the Ferguson drive as well as visitors from other counties.

JAPS OUTLINE THEIR STAND

FOREIGN POLICY HELD ONLY SOLUTION IN MANCHURIAN AREA

(By The Associated Press)

TOKYO, Aug. 25—Outlining her foreign policy, Japan today declared the world's peace machinery offered no remedy for "the chaotic condition of China" and announced formally her intention to recognize the new Manchurian state, Manchukuo, in the near future.

The declaration was made by Baron Yasuya Uchida, the foreign minister before an extraordinary session of the house of peers and its text was cabled to many foreign capitals for distribution.

Peace Held Aim

Formal recognition of Manchukuo, the foreign minister said, was "the only means of stabilizing conditions in Manchuria and establishing permanent peace in the far east."

"There are those in other countries," Uchida went on, "who do not fully comprehend the attitude of Japan toward China nor the measures she has taken.

"It is an indisputable fact that the chaotic condition of China and the so-called revolutionary policy carried on by China under the enthralling influence of extravagant political dogma have been principally responsible for the unfortunate turn that international relations have taken of recent years in the far east."

STERLING RALLY SET HERE FRIDAY

Supporters of Gov. Ross Sterling in his candidacy for re-election will hold a big rally here Friday night, it was announced today. The rally is to be held in the open air tabernacle east of the City Hall on Texas avenue. It will start at 8:15.

Maj. E. A. Simpson of Amarillo will make the principal address. Maj. Simpson an attorney, has been speaking over the Panhandle in the interest of Sterling's candidacy.

John L. Ratliff, chairman of the local Sterling organization announced that seats would be available for several thousand people. He said a number of other speakers would make short talks at the rally which would not consume more than an hour and a half.

Fliers Take Off On Trans-Atlantic Hop

LEE, BOCHKON HEAD PLANE FOR OSLO

EXPECT TO COMPLETE FLIGHT IN ABOUT THIRTY HOURS

(By The Associated Press)

Some units in aviation's big parade were zipping along today while others got set to go.

The plane "Green Mountain Boy" from Barre, Vt., hopped off from Harbor Grace, N. F., bearing Clyde Lee and John Bochkon toward Oslo, Norway.

Amelia Earhart Putnam, who took off yesterday from Los Angeles, landed at Newark, N. J., for a woman's non-stop cross-continent record.

George Hutchinson and seven others in his "flying family" preened their ship on Anticosti Island Gulf of St. Lawrence for the hop to Labrador. They plan to proceed in easy stages to London.

Thor Solberg and Carl Peterson, "Vikings" from New York who hoped to beat the "Green Mountain Boy" to Oslo, waited at Darby's Harbor, N. F., to dismantle their wrecked plane. It plunged into the water during a fog Tuesday night.

Capt. J. A. Mollison in New York got ready to fly back to England tomorrow if the weather reports were to his liking.

William Ulbrich, Dr. Leon M. Pusculli and Miss Edna Newcomer said they would leave New York for a non-stop flight to Rome when the weather was good.

Captain Wolfgang Von Gronau and two German companions tarried at Cordova, Alaska, en route westward around the world.

DR. KNAPP SAYS TEXAS NEEDS TO BALANCE ITS ECONOMIC PROGRAM

Texas and Texans should begin to think of the problem of balancing the state's economic program by keeping raw products and manufacturing them at home, Dr. Bradford Knapp, new president of Texas Technological college, told members of the Lubbock Kiwanis club at their luncheon in Hotel Lubbock today noon.

"You can readily see that if a state could retain the profit of the grower and the greater part of the profit of the manufacturer, that it would have a distinct advantage," Dr. Knapp said. "Prior to the depression, and how I hate to say that word, on the average when a consumer bought a dollar's worth of gingham, only 18 cents went to the grower; when a consumer bought a $1 worth of bread, the grower got less than twenty per cent."

He cited Alabama, a state in which he resided until recently, as an example of a state making use of its raw products. He said the state's manufactured products exceeded by far the value of its agricultural products.

"In most of these states, the habit has been to ship out the raw products and ship in the manufactured article," Dr. Knapp continued. "There isn't any reason why we should pay the freight and repay

MRS. SCHROEDER IMPROVED TODAY

Slight improvement was reported this morning in the condition of Mrs. O. C. Schroeder, 35, critically injured when she fell or was thrown from a horse soon after 2:30 o'clock Wednesday afternoon about half a mile from her home on the Spade ranch, 22 miles west of Lubbock in Hockley county, where her husband is an employe.

Carried in an automobile which was driven slowly because of her condition, Mrs. Schroeder was received at West Texas hospital soon after 8 o'clock Wednesday night. She was unconscious, except for short intervals while being moved, and an examination revealed her skull was fractured and her left shoulder broken. Late this morning she was in a comatose condition.

A niece, Mrs. C. C. Schroeder, found the unconscious woman, for whom she began a search as soon as a horse her aunt had been riding returned riderless.

Mine Forced Into Idleness By Strike

PERU, Ill., Aug. 25. (AP)—The union coal miners' war upon the new $5 basic wage contract reached a new front today when a caravan of 2,500 miners surrounded a pit at Mark, five miles southwest of here, and forced the mine into idleness.

This was the first invasion of northern Illinois coal fields by the militant miners discontented with the wage agreement reached by union leaders and coal operators.

Bobby Arnst Will File For Divorce

LOS ANGELES, Aug. 25. (AP)—Ben C. Cohen, attorney for Bobby Arnst, musical comedy actress, said today he would file a divorce complaint for her shortly against Johnny Weissmuller, former champion swimmer and now a film actor. A private property settlement is being made.

Weissmuller and Miss Arnst met at Miami, Fla., on St. Valentine's day, 1931, and were married two weeks later.

WALKER LOSES COURT FIGHT

TESTIMONY OF G. O. P. PLOT TO OUST THE MAYOR IS DENIED

(By The Associated Press)

ALBANY, N. Y., Aug. 25—Balked in an attempt to show a Republican plot to get him, Mayor James J. Walker went on with his defense against removal charges today. It seemed likely that before the long defense was finished, the courts would have ruled on Walker's contention that Governor Franklin D. Roosevelt could not legally oust him.

More defense testimony was ready today concerning the charge that Walker permitted his brother, Dr. William H. Walker, to split fees with doctors handling city cases.

Dr. E. Stiles Potter, physician attached to the New York corporation counsel's office, testified last night that he had sent no cases in the last four weeks to four physicians involved with Dr. Walker in the fee-splitting testimony. He said he stopped on orders from the corporation counsel's office. He expressed the opinion a fee-dividing partnership between doctors was ethical.

John J. Curtin, the mayor's counsel, placed Walter W. Westall, Republican state senator from Westchester county, on the stand yesterday as the first of eight Republican state leaders whom he wished to question concerning the contention of the mayor's friends that the investigation was a Republican plot.

Before Senator Westall had uttered a single word of testimony Governor Roosevelt ruled out all testimony along that line.

Mollison Is Offered Position In Movies

NEW YORK, Aug. 25. (AP)—Captain James A. Mollison, Scottish flier, today was considering an offer to go into the movies.

He was tendered an offer yesterday by Warner Brothers to serve as technical adviser for the company's aviation films as well as to take part in some of the pictures.

MARCH HALTED BY GUNFIRE AND CLUBS

HUNDRED INJURED AS FIFTEEN THOUSAND START INVASION

(By The Associated Press)

BENTON, Ill., Aug. 25.—Bedraggled clusters of defeated men and women were all that remained today of the confident throng of approximately 15,000 striking miners and members of their families who attempted to invade Franklin county late yesterday to picket coal mines as a protest against lowered wages.

Fifteen minutes of gunfire and wielding of clubs by a force of approximately 600 deputy sheriffs ended the attempted invasion, which leaders of the strikers had termed the "greatest labor march ever undertaken in the United States."

Hundred Injured

Nearly a hundred miners suffered battered heads and six persons were injured seriously enough to require medical treatment, including two who suffered minor bullet wounds.

Fleeing pell-mell when the firing began, the invading strikers deserted approximately 300 of their automobiles and trucks at the scene of the onslaught. In the hurry to escape, automobiles were driven into ditches or plunged into cornfields along the highway where the clash occurred, near the western boundary line of Franklin county.

Shotguns and pistols were fired at the tires and bodies of the automobiles and trucks that led the advance of the 9-mile caravan and windshields were broken by flailing clubs in the hands of the deputy sheriffs. Some of the marchers were cut by flying glass but the injuries of most of them were inflicted by deputies who climbed aboard the cars and pommeled the occupants.

Offer No Resistance

The strikers, whose leaders had insisted that the invasion would be peaceful, made no resistance. Bewildered by the din of gunfire and shouts, they escaped as quickly as possible and fled back into Perry county. Later some of the straggling groups made camps along the highways at safe distances from Franklin county and spent the night. The main group of the routed marchers, however, returned to Pinckneyville, northwest of the scene of the defeat, and spent the night in the Perry county fairgrounds.

FARM HOLIDAY PLAN CURBED

ALL HIGHWAYS EXCEPT ONE ARE CLEARED OF PICKETERS TODAY

(By The Associated Press)

COUNCIL BLUFFS, Iowa, Aug. 25—All highways into Council Bluffs except one were cleared of farmers Holiday association pickets shortly before noon today.

At least temporary respite followed nearly 24 hours of apprehension during which Sheriff P. A. Lainson's special force of deputies, armed with tear gas bombs and guns, struggled to make the highways safe for truckers.

A few strikers remained however on Highway 34, scene of last night's disorders.

Meanwhile Lainson, sheriffs of a few nearby counties and 50 deputies prepared to offer armed escort to trucks.

C-C Groups To Seek Expense Reduction

AMARILLO, Aug. 25 (AP)—Public expenditure committees of the West Texas, South Texas and East Texas chambers of commerce will meet with the Texas agricultural, industrial and commercial conference in Fort Worth September 8, to adopt a statewide program for reducing public expenses and taxes.

This information was given out by Wilbur C. Hawk, president of the West Texas chamber, in a meeting here today with directors from district one of the regional organization.

Labor Groups Seek United Battlefront

CLEVELAND, Aug. 25 (AP)—Emergency governmental control of industry was proposed today in a political-economic platform adopted by the executives of 21 railroad brotherhoods with the possibility of support from a united battlefront of organized labor.

"In cooperation with all other industrial and agricultural organizations of workers," the railroad labor executives said, "we propose before the election in November to put on record every aspirant to public office either for or against a labor prosperity program."

LAST APPEALS BEING MADE FOR VOTES

TWO CANDIDATES ARE ACTIVE AS DRIVE NEARS CLIMAX

BY CHARLES E. SIMONS
Associated Press Staff Writer

Texas' biennial primary campaign neared its climax today.

While some observers were predicting a larger vote would be recorded in the second primary than was registered in the first when the previous Texas record was broken, the two candidates for governor and their supporters planned to make their final appeals for votes.

Only today and tomorrow were left the campaigners.

Sterling At Dallas

Governor R. S. Sterling, waging a hard battle for renomination against Mrs. Miriam A. Ferguson, planned to continue his personal hand-shaking campaign in Dallas today and speak there tonight. He was scheduled to close his campaign in Waco Friday night. Governor Sterling spoke last night at two rallies in San Antonio after a day spent in mingling among factory workers and laborers.

James E. Ferguson, chief champion of the cause of Mrs. Ferguson, spoke last night in Athens. He had engagements to speak tonight in Denton and tomorrow night at Greenville.

Sterling "preached" the gospel of "responsibility in government and honesty in office" in San Antonio comparing his administration with that of Mrs. Ferguson's first term. He held Mrs. Ferguson's record up as an example of "what the people might expect if they turn down me offer of responsibility in government and honesty in office."

Govenor Elated

The governor appeared elated over the progress made by his campaign in Bexar county where Mrs. Ferguson obtained a plurality of almost 10,000 votes in the first primary. Sterling conferred with Bexar county political chieftains, Maury Mav

NEGROES LOSE VOTE CASE

HEARINGS POSTPONED INDEFINITELY TODAY BY TEXAS JUDGE

(By The Associated Press)

HOUSTON, Aug. 25—Hearing of two cases designed to force Democratic party officials to allow negroes to vote in Saturday's runoff primary election here was postponed indefinitely today by Federal Judge T. M. Kennerly.

The court's action was interpreted unofficially as meaning the effort of negroes to enter the primary had failed.

The suits were against both the county and state Democratic executive committees and specifically sought to restrain the committees from preventing negro participation in the election.

Judge Kennerly indefinitely postponed the cases after representatives of the negroes had failed to deposit, until shortly before the hearing was set down to begin, the proper fees for service of subpoenaes upon the defendants.

SPANISH LEADER IS FACING DEATH

MADRID, Aug. 25 (AP)—Jose Sanjurjo Sacanello, one of the most famous Spanish soldiers of modern times and commanding general of the army, was sentenced to death today for leading a rebellion against the republic.

A mixed civil and military tribunal of the supreme court reached the verdict after twenty hours of deliberation while the nation waited and demonstrations for and against the "hero of Morocco" were restrained with difficulty by government forces.

Four Bombs Hurled In Hankow Boycott

HANKOW, China, Aug. 25. (AP)—The "Blood and Iron" society's anti-Japanese boycott campaign took a violent turn today when four bombs were hurled into a Chinese store accused of handling Japanese goods.

The store was wrecked and two clerks injured.

The incident served to increase the tension here with residents fearing further violence.

Amelia Makes First Non-Stop Hop For Women Across Nation

(By The Associated Press)

NEWARK, N. J., Aug. 25—Mrs. Amelia Earhart Putnam, landed at Newark airport at 10:28 a. m. Eastern Standard time today, completing the first transcontinental non-stop flight made by a woman.

Mrs. Putnam dropped her Lockheed Vega high wing monoplane in a perfect three point landing and was greeted by Lieut. Richard Aldworth, airport manager. The crimson and gold plane came over the airport from the west and, after circling once around the field, lazily came down to land.

Mrs. Putnam, looking tired but happy, could be seen smiling in the ship.

The unofficial time for her flight was 19 hours and two minutes. The west-east non-stop record for men is held by Frank Hawks at 17 hours 38 minutes and 59 seconds.

Mrs. Putnam who left Los Angeles yesterday at 12:26 p. m. Pacific Standard time, was unsighted on her flight since she passed over Amarillo, Texas, at 10:10 p. m., Central Standard time, last night. At that time, she had flown only 1,001 miles airline distance in eight hours, averaging about 125 miles an hour. The last 2000 miles she must have made at a speed exceeding 161 miles an hour.

Coming non-stop from Los Angeles to Newark Mrs. Putnam also won the distance flight record for women, which she barely missed taking from Ruth Nichols in her recent solo flight across the Atlantic. Miss Nichols last year flew 2,000 miles from Oakland, Cal., to Louisville, Ky., a record exceeded by several hundred miles by Mrs. Putnam today.

It was a tired-looking blonde flier who climbed out at the airport, and was almost knocked over by the enthusiastic crowd that rushed out to the plane to greet her.

Photographers asked Mrs. Put-

A WISE WORD TO MOTHERS ABOUT SISTER AND BROTHERS

If you want to make 'em mind their P's and Q's put Dr. Pepper on the "pay-roll." It's amazing how this simple reward at 10, 2 and 4 o'clock does make kids behave. It's amazing, too, how it helps both health and growth. The little ounce of sugar, so alluringly flavored with fruit juice, spices and herbs, supplies new energy quick. It helps hungry kids carry on. . . . . .

IN DEPTHS OF DESPAIR

MRS. MARY JONES lives in New England. Every month was a nightmare to her. Her letter says, "I suffered periodical pains through my head, backache and female weakness."

She tried everything. Visited clinics. Nothing helped her. Finally she gave Lydia E. Pinkham's Vegetable Compound a trial . . . scarcely hoping it would succeed where more expensive things had failed.

But she was surprised. Through its tonic action, it built up her health . . . lessened her pain. She says, "My backache is completely relieved."

A HEMPHILL WELLS CO. PROJECT

FACTORY WILL OPEN HERE

MACHINERY EXPECTED BY SEPT. 1 FOR LOCAL BROOM PLANT

The Lubbock Broom company, a new industrial concern, is expected to open here at 908 Avenue B, with A. L. Combs of Sweetwater as manager, it was announced yesterday. His father, S. E. Combs is associated with him.

Machinery for the plant has been ordered and is expected soon after September 1. Installation will begin right away.

Open By October

Between 30 and 40 days will be necessary to complete installation of the equipment, so that the plant should start operation by the middle of October.

The two men have been conferring with local leaders regarding a location for about 30 days. One of the factors in inducing the plant to be located here was the fact that there is an increasing amount of broom corn being grown in this area.

LEGION ATTACKS HATCHER CHARGE

Farmersville former service men, members of the American Legion, are protesting statements attributed to W. Gregory Hatcher about Col. Ernest O. Thompson in the contest between the two men for the nomination for railroad commissioner. A letter containing a copy of the resolution protesting Hatcher's statement was received yesterday by Alfred Scott from F. L. Davis, adjutant of the Estell Hendrix post No. 400.

The resolutions, signed by D. C. Rowland, G. W. Van Beers and John Redwine, were adopted by the post. They point out that Colonel Thompson had honorably earned the military title attached to him by consistent service in the army of the United States and its valor on the field of battle in France, and that we know that he earned promotions by his own efforts and that the rank of lieutenant colonel was conferred upon him by his military superiors in the regular line of promotion.

Hatcher had spoken of Colonel Thompson as "the Colonel," "the appointed Colonel" and "Colonel or whatnot" in his addresses.

Many of the post members had served with him in France and the resolutions refuted the Hatcher statements and called them highly prejudicial and misleading.

The post is sending copies to all other posts in the state, setting forth the facts in the case.

BOOP-A-DOOP! HERE IS ONE MOVIE STAR WHO NEVER APPEARS ON SCREEN

No matter how attractive she may be in her own right, Mae Questel, above, is one movie star who is heard, but never seen, in the talkies. She's the voice of Betty Boop, lower right, and is a model for the animated drawings.

BY GILBERT SWAN
NEA Service Writer

NEW YORK, Aug. 25—In the tales of the better Magi it was assumed possible to transform the inanimate into the animate. Thus a shrinking violet plucked from the garden might turn into a Russian duke disguised as a Park Avenue doorman.

But up in New York Bronx is a highly animated young lad who has been nationally identified with a series of pen scratches and a voice.

Almost anyone who attends the movies has made the acquaintance of Betty Boop. But have you heard of Mae Questel?

Mae Questel is that oop-de-voop voice you hear when Betty sings of concerns. Furthermore, Mae is to be the model for Betty. When, in the Broadway offices of Max Fleischer, cartoonist, is go to work on the Queen of Boop, it's Mae who rolls her eyes, giggles her hips and otherwise models the role.

From all known character, Betty Boop has become a caricature of the young lady who furnishes her voice. And on the other hand, Mae Questel has studied hundreds of hours in an effort to develop a voice that would fit the character of the animated cartoon.

Just before a couple of years ago when a contest was being held in New York's neighborhood theaters to find the best imitator of Helen Kane, then the outstanding boop-a-doop girl.

Miss Questel was conducting an elecution class and had ambitions to get on the stage. She appeared at a Bronx movie house and won the contest by two doops and a boop. Within a few weeks she found herself making the movie house circuits with her impersonation. The radio boys heard her and she went on the air.

Sound pictures were developing the while, and Betty Boop needed a voice. Miss Questel seemed to be just what Fleischer was seeking.

But there are other noises, if you recall, in the Betty Boop films—sounds so strange and inhuman that you may have wondered where they came from.

Which brings us to Cookie Barrows. Barrows was going about the stage circuits making noises like a buzz-saw, a mosquito, a sewing machine and a political orator when sound came to the films and radio came to the air.

He was grabbed up at once as a running brook and an eruption of Kilauea. As such he appeared back stage in Hollywood, only to have the ante raised by radio which needed an imitation of Sherman's march to the sea and a plague of locusts. Barrows is claimed capable of 1000 noises, with others ready on three hours' notice.

It seems, according to Mr. Fleischer, daddy of Betty Boop, that in the screening of the animated cartoons, the human voice picks up much better than mechanical imitations. Frequently the mechanical processes are too rapid for good recording, whereas the voice can be timed to meet the requirements.

To keep up with the changing variety of sounds introduced, Barrows must practice as rigorously as a Metropolitan diva. Just about the time he can do the Four Original Hawaiians, along comes a new musical instrument which he is asked to imitate. Giving the fellow due credit, he has balked at the saxophone, and once tried to get out of being a crooner.

It is the lot of such performers that they are rarely seen on the screen, but must go through life identified as noises and voices. However, Miss Questel did appear with Rudy Vallee in a couple of shorts.

Fleischer started as a cartoonist on a Brooklyn newspaper. When animated cartoons were first appearing he spent a year turning out his first one. It required 10,000 separate drawings or more. But it clicked.

As Brought Over Associated Press Wires Today

(By The Associated Press)

One Subtracted

WINNIPEG, Man.—Police subtracted one youth from the list of potential trans-atlantic fliers when they arrested Peter Ordinal. They said he stole a seaplane from moorings on the Red river with the hope of winning fame and fortune by a flight to Ireland.

Have Good Cry

TORONTO, Ont.—A constable and a crowd of inquisitive citizens had a good cry when the constable reached into a parked car, touched what turned out to be a tear gas gun and set off a cloud of gas. The car owners, two Pittsburgh women, told police it was lawful to carry such a gun in their state.

To Invade Desert

LONDON—A desire to get away from "people, towns and hotels" is going to take Lady Louise Mountbatten and the marchioness of Milford Haven right into the Persian desert. They will use trains, ships, airplanes, horses, mules, camels and their own feet to get there. "If you don't rear from us in three months you will know the bandits got us," they say.

Whoops, My Dear

CHICAGO—The old days when men tried to be the beautiful sex may return, declare members of the American Cosmeticians association. They say males, including athletes, laborers and traffic cops, are visiting beauty parlors more and more for facials, eye brow trims and permanent waves.

To Be Practical

NEW YORK—Says Miss Kathleen Howard, fashion expert: "Women—sensible women—from now on will buy clothes as men do, for neatness and practicability, and not because they want to be warmblooded dummies for fashions that make them grotesque."

Need Traffic Cop

SAN FRANCISCO—Traffic rules of the air are what Judge Leo A. Murasky must cogitate in a suit brought by Miss Afton Lewis and Alec Schwartz, fliers. They say their plane was wrecked because another, in landing, passed to the left instead of the right.

LIFE OF A WIFE

The average homemaker, it has been found, spends 70 per cent of her time in the kitchen, walking from two and a half to 11 miles a day, doing three acres of dishes and carrying 20 tons of water a year.

—and raw tobaccos have no place in cigarettes

They are *not* present in Luckies . . . the *mildest* cigarette you ever smoked

WE buy the finest, the very finest tobaccos in all the world—but that does not explain why folks everywhere regard Lucky Strike as the mildest cigarette. The fact is, we never overlook the truth that "Nature in the Raw is Seldom Mild"—so these fine tobaccos, after proper aging and mellowing, are then given the benefit of that Lucky Strike purifying process, described by the words—"It's toasted". That's why folks in every city, town and hamlet say that Luckies are such mild cigarettes.

Thought For Today

To everything there is a season and a time to every purpose under the heaven.—Ecclesiastes 3:1.

* * *

A deep meaning often lies in old customs.—Schiller.

Mitchell's Stand

There is sound good sense in Attorney General's Mitchell's assertion that there will be no relaxation of prohibition enforcement efforts despite the fact that proposals for a change in the law seem to be gaining force daily.

Whether or not the law is going to be abandoned or modified in the near future remains to be seen. Perhaps it is and perhaps it isn't. Meanwhile, it remains the law.

For the government to ease up on its enforcement just because sentiment for repeal or modification is attracting more attention now than formerly would be a betrayal of trust. While the law remains on the statute books, no course other than impartial enforcement is thinkable.

Hitler's Aspect

The world outside of Germany has always found something faintly comic in Adolph Hitler, and the developments of the last few days have somehow emphasized that aspect of the Nazi chieftain.

Just at present he seems to resemble a dictator who is all dressed up but who has no place to go.

He scored a great success in the last elections—but it wasn't quite great enough. He mustered his "storm troops" and gave the German government a huge scare—but the scare wasn't quite big enough. Then he hurried to Berlin and demanded that President Von Hindenburgh give him the powers of a dictator—but his demands weren't quite strong enough.

A man of Mussolini's caliber given Hitler's opening, would have had his hands on the reins of German's government long since.

* * *

Any trip across a busy street will convince the pedestrian that the old advice about not ever hurrying if you want to live long is completely out of date.

* * *

The British writer who says that no laws are enforced in the United States ought to come to our town and leave his auto parked beside a fire plug.

* * *

The real definition of a bigoted man is one who not only doesn't agree with you, but isn't even willing to argue about it.

Flapper Fanny

Not only astronomers have a far-away look in their eyes.

It's a good thing we have oil companies in Texas. If we didn't we wouldn't have anything to fight over at election time.

DON'T forget to be one of the whooping mob in front of The Avalanche-Journal offices Saturday night to get the good or bad news from the second primary election.

Avalanche-Journal papers have got everything set again for a big party and we'll have it even if 'Ma' is nominated!

It all starts at eight o'clock and runs until you get tired or the Texas Election Bureau special wire goes off at one o'clock Sunday morning.

It's all free, of course. So better be there.

H. S. HUNTER, editor of The El Paso Times, sends The Plainsman an anecdote that sounds mighty interesting. Does anybody remember hearing anything about a big Socialist settlement being established west of Lubbock thirty years ago?

This column is of the opinion that A. J. Sitton, Pyote merchant who first told the story to Mr Hunter, has the 'Socialist settlement' mixed up with the Quaker colony over at Estacado but maybe he hasn't.

* * *

At any rate it is an interesting story and one which might well be checked up.

If it isn't true there must be 25,000 people around here, like The Plainsman have never heard it.

Here goes H. S. Hunter telling A. J. Sitton's story:

* * *

"SOME 30 years ago, while land was very cheap in Texas, the state offered several million acres for sale at $1 per acre with a payment of one-fortieth down and giving 40 years time on the balance at three per cent interest.

Settlement on the land for three years was required. The maximum that one person could purchase was four square miles, totaling 2560 acres. The liberal terms and low rate of interest caused the land to be very rapidly

* * *

Just prior to and during the time my nearest friend was a young school teacher whom we shall call Bill because that was not his name. I must keep the same secret in order that my days may be long in the land. Bill is now one of the leading bankers of Texas and also a pillar of the Democratic party.

At the time mentioned Bill was receiving some $30 to $40 per month for about half the year, making his way the best way he could the other half. Consequently he was not well off in this world's goods.

* * *

"BILL was at this time a rabid Socialist, a regular reader of the 'Appeal to Reason' a Socialist paper published at Girard, Kansas and the bible of the early day Socialists.

"I was a Republican and admirer of Roosevelt who at that time was in the height of his power and prestige.

"At the time of the land sale above mentioned, Bill decided to try his hand and secure his quota of four square miles.

"Loading his worldly goods into a wagon drawn by two decrepit ponies he and two other parties started out to Lubbock, Texas which city had jurisdiction over a large part of the land offered for sale.

"All of them being Socialists the principal topic of conversation around the campfires was the coming time when the co-operative commonwealth should be ushered in and the rich were compelled to disgorge their ill gotten gains.

* * *

"They finally reached Lubbock, made their filings and in due time received their awards of land which were located some 50 miles west. They immediately started to make settlement on their lands and this being prior to the day of the truck and automobile their trip was made in the two horse wagon and required several days.

* * *

"THE topic of conversation now changed somewhat from what it had been during the trip to Lubbock. It was generally agreed that at the expiration of the three years residence required by the state that the land would be worth at least $25 per acre, which was quite a fortune, and there was considerable speculation as to what would be done with the money when received.

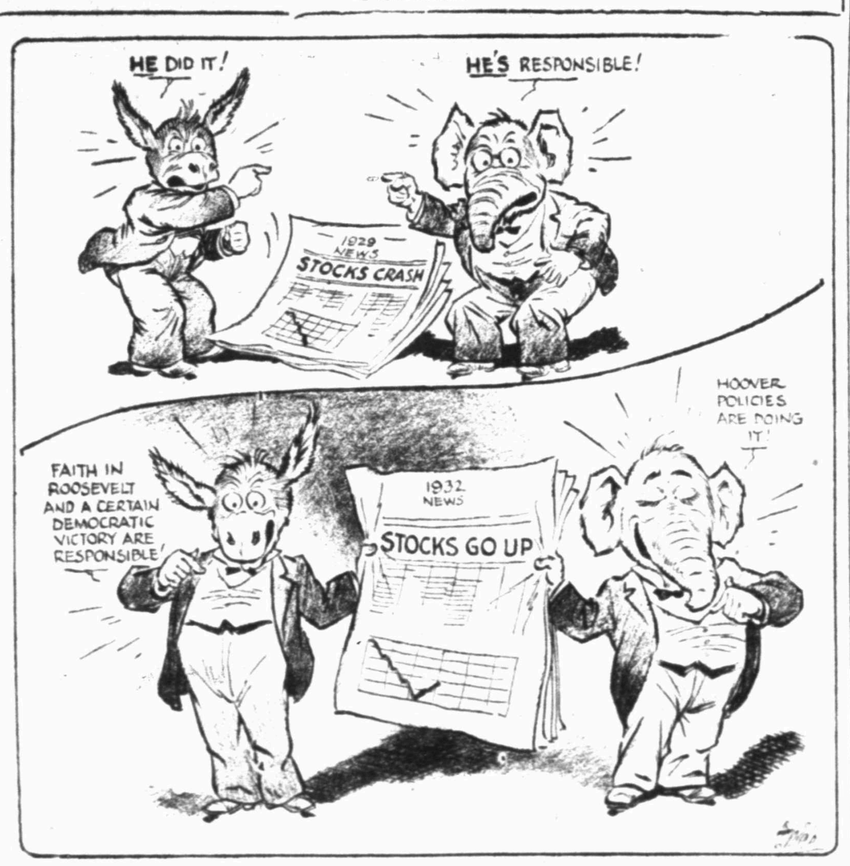

* * *

"All parties were in high spirits except Bill, who was very gloomy and did not take much part in the conversation and rejoicing.

"Finally one of the party, being unable to understand that moodiness of Bill, called upon him for an explanation. After a pause Bill remarked:

"'What has been worrying me is that about the time this land is finally awarded and becomes worth $25 per acre the d——d Socialists will be in power and take it away from us.'"

Politics!

Plain, Old-Fashioned Middle Class Of Woman Seems To Be Stealing Show From Sophisticates In U. S. Politics

BY RODNEY DUTCHER
NEA Service Writer

WASHINGTON Aug 25—The plain, old-fashioned middle class type of woman seems to be getting the best breaks in politics.

Dutcher

The flashier, more sophisticated gals who go in for the more important elective jobs have had some, but not as great a degree of success and frequently they have been getting it in the neck.

Here's nice, unassuming Mrs. Hattie Caraway of Arkansas considered a lonely, pathetic figure in the life of this capital, suddenly becoming the first woman in history to win an equivalent-to-election nomination for a full six-year term in the Senate.

Other women, wealthier, more dashing and more used to public life have tried or yearned for such an honor, but it remained for this motherly little widow in black to turn the trick in a contest with half a dozen men who had originally supposed that she would know her place and retire from the Senate to which she had been sent briefly as a gallant gesture.

• • •

From Arkansas Plantation

Mrs. Caraway, well educated and keenly intelligent despite her retiring disposition, come from the same kind of people who produced Mrs. Nettie Garner, wife of the speaker of the House, and Mrs. Dolly Gann, hostess and half-sister of Vice President Curtis—two women the political success of whose men folks have lodged them in the very highest social position.

Mrs. Caraway came from an Arkansas plantation. Mrs. Garner from a Texas ranch and Mrs. Gann from a Kansas farm. They are of different types, but each has a background of simple domesticity which contrasts with the wealth and original social position of other widely known women who have sought to advance far in the political or social life of the capital.

• • •

Another Trio

Consider another trio — Ruth Hanna McCormick, Mary Bryan Owens and Alice Longworth, daughters of famous men: Mark Hanna, William Jennings Bryan and Teddy Roosevelt.

They are attractive in personality, credited with political acumen and possessed of wit, grace, liveliness, good features and charm. It's a far wealthier group than the other three women we were talking about.

But they have all been having bad luck and they must sit and observe Mrs. Caraway, Mrs. Garner and Mrs. Gann on top of the heap.

Mrs. McCormick, who was considered the country's most able woman politician and had plenty of money to finance her Illinois campaigns, won a nomination and election in statewide votes for congresswoman-at-large. She lost no time in looking Senator Charles Deneen when he sought renomination and it appeared for a while that the first woman to become a senator in a regular election would be Ruth.

But between the wet-dry issue, the Nye campaign fund's investigation, the antics of Jim Ham Lewis and some fancy double-crossing, Ruth took a very bad licking in November, 1930, and fell out of Congress.

• • •

The Owens Case

Congressman Owen was intensely interested in the campaign of her close friend Mrs. McCormick because she, too, was planning to run for the Senate against Duncan Fletcher, the incumbent.

But time went on and prospects of landing that job became increasingly dim. Ruth Owen decided, for the time being, to forget it. And then when this year's primaries came along it developed that she couldn't even retain her seat in the House—apparently because she didn't turn wet fast enough to please the voters.

Mrs. Longworth, often suggested as a candidate for one public office or another, never ran for anything. But she did undertake to assert herself, while her late husband was speaker, as high-ranking social queen of Washington in a memorable contest with Dolly Gann. Mrs. Gann won the decision and soon afterward Mrs. Garner came into the official social position previously held by Mrs. Longworth.

ANOTHER WRITER COMMENTS UPON POLITICS

Dear Plainsman: I do hope after August 27 run-off we'll have new mud to sling and may it be fresh, clean and odorless but whose mud puddle can furnish clean mud? What we have slung now is stale and funky. We have inhaled so many stink bombs the last eight or ten years I should think we would be immune to odors from Aug. 27 to Nov. 8 as regards the governor-elect and I don't believe it will be necessary to wear a metal gas mask Mr. Editor. If Ferguson is elected there will be only a barrel of water odorless but it may turn to beer. If Sterling is elected there will be a barrel of water odorless but it may turn to oil. So we may have to wear the mask during the next two years if the stink becomes too strong. You said if Mrs. Ferguson be elected you'd walk up to the polls "honest Johnny" and vote straight Democratic ticket. Fine. If either is elected I'll do likewise minus the mask.

You wearing a mask on Nov. 8 reminds me of an incident that happened at the W. T. S. N. several years ago. The auditorium was crowded to hear a lecturer who said I am going to open a bottle of liquid to test your power of smell. Those who have the strongest sense of smell will soon dab your handkerchief to your nose and probably keel over. A few seats ahead of me sat a class mate of mine and I noticed she held a handkerchief to her nose and began to sway back and forth. So I began to sniff, sniff, sniff but detected no odor. I just thought I had a very weak sense of smell. The lecturer then said some of you did smell something. You smelt your imagination. The bottle was filled with water hence the water barrel. Nov. 8. If either Sterling or Ferguson is half as bad as the opponent claims he is, neither one is fit to govern Texas and we don't want them.

Follow this a novelett is a little novel, a rivulet a little river a lamb kin a little lamb a gosling a little goose, a Ferguson a little fur (fer) a Sterling a little stir (ster) grafting a little graft. But before the two years governorship is over I think colloquy will term it a BIG GRAFT. We'll just wait and see regardless of who is elected for we are living in an age of grafting, robbing, kidnaping and murdering. Really I think we are bordering onto gangland. I hope I am mistaken.

(Miss) Willie Briggs,
Lubbock.

Warnings have been issued that counterfeit $20 bills are being circulated. The average man is so excited over getting a $20 bill these days that he is in no condition to judge whether it's real.

A race horse trainer says that thoroughbreds eat less than the average horse. That's the first intimation we've ever had that the ponies bet on themselves.

An opera star says it's ridiculous for department stores to charge $15 for a woman's hat. Now she knows how we feel when we shell out $5 for a seat to hear her sing.

Oregon farm hands are being paid in hay. They have the consolation of knowing in advance just how much their pay cut will be.

Hard Soft CORNS

Gone In 4 Days
Roots and All

Callouses Too

Out to stay out—selling like hot cakes in Great Britain and now in America—the pleasant, easy way to get rid of corns—a joyous refreshing, invigorating foot bath for 3 or 4 nights and then lift out the corn—roots and all.

They call this miracle worker Radox Bath Salts and since it has been working wonders with the bad feet of the tight little Isles—plasters and acids, cutting and skin destroying liquid belong to the dark ages.

It's the modern way—the sensible way to take out corns—to abolish callouses—to dissolve the hard skin from heels and toes and to put your feet in good, vigorous condition so that you can walk and run and jump and dance with ease and pleasure.

Just ask for a box of Radox Bath Salts at Mark Halsey Drug or any modern drug store—you'll be delighted.—Adv.

Around the RADIO Clock

BY C. E. BUTTERFIELD

(Time is Central Standard)

NEW YORK, Aug. 25 (AP)—President Hoover is to be heard on the air tomorrow morning.

His speech opening the national conference of business and industrial committees of the 12 federal reserve districts at 9 o'clock is to be broadcast by WEAF-NBC, together with talks by cabinet members and others.

Voices to portray President Hoover and Gov. Franklin D. Roosevelt in the news drama series to start soon on WABC-CBS have been selected. Hoover is to be played by Ted Di Corsica, veteran radio actor, while the Roosevelt part will be taken by William Adams, son of the late Terry Adams, Ohio Democratic leader.—Radio is mourning Brad Sutton, pioneer radio actor, who played numerous continuing roles on WABC-CBS. He died at the age of 69.

Tune in tonight for.

WEAF-NBC 5—Clyde Doerr's saxophones; 6—Rudy Vallee hour; 8:30—Harris concert orchestra; 10—Don Bestor's orchestra.

WBAC-CBS 5:45 Georgie Price; 6:30—New comic sketch; 8:30—Isham Jones' orchestra; 9:30—Little Jack Little.

WJZ-NBS 5:45—Red and Ramona; 6:15—The Song Sleuth; 8:30—Three Keys, 10—Hollywood on the air.

What to expect Friday

WEAF-NBC 9 a. m.—U. S. Army band; 2 p. m.—Hill Billies; 8—Paul Whiteman's band.

WABC-CBS 12—Do RE MI trio; 2—Salon orchestra; 8—Nick Lucas, tenor and guitarist.

WJZ-NBC 12:30—Opening of Canadian National exposition; 2:15—drama, "Kathleen Mavoureen;" 6:30—Song Fellows quartet.

DISMISS CHARGE AGAINST PROPHET

Dismissal of the charge of embezzlement filed in justice court against R. D. Prophet was asked by Durwood Bradley, district attorney, at the close of an examining trial yesterday afternoon.

The trial lasted nearly all of the afternoon in the court of J. S. Connell, justice of the peace. Evidence the district attorney said, failed to show sufficient proof and the charge was dismissed. Most of the time was spent in hearing Prophet, I. A. Stephens and W. E. Latham, his partners.

Prophet testified that the money he was alleged to have withdrawn from the bank was taken to purchase goods and was still unspent.

Meantime a civil case has been filed in the 72nd district court and this matter is to be heard next week.

The money was placed in escrow with George Berry, attorney for Prophet, and its ownership will be decided by the district court. The case grew out of the taking over of the Caprock Uniform and Embroidery company after it has been closed.

After reading a few campaign speeches we are firmly convinced that the fellow who said a gift in the hand is worth two promises was entirely too conservative.

Europe is perfectly willing to admit that the United States is the chief creditor nation of the world. As a matter of fact, there seems to be a move on foot over there to award us that honor permanently.

One Skinny Girl Gained 14 Lbs. In 3 Weeks!

Scrawny Men Can Do The Same

You just can't help putting on firm, healthy flesh when you take mentha pepsin with your meals—a tablespoonful.

A man in Oklahoma—he's cashier in a bank—gained 19 pounds by doing it and won a salary raise. Got "renewed vigor," he says.

Mentha pepsin acts like gastric juice to draw out all the good of what you eat, so you don't have to stuff on heavy, greasy foods. Simply eat what you like, and let mentha pepsin do the rest.

Be sure to get genuine mentha pepsin by asking for Dare's. Mark Halsey Drug Store and other first-class druggists always sell it with a guarantee of money back if even one bottle doesn't help.—Adv.

Former Printer Of Lubbock Is Buried

Funeral services for Carl William Cunningham, 39, a former Lubbock printer who died Monday night in Amarillo, were conducted Wednesday afternoon at Amarillo.

Mr. Cunningham was employed in Lubbock newspaper offices nine or ten years ago. He was well known among members of the I. T. U. in this part of the state, having worked in Dalhart, Amarillo, Lubbock and other towns.

This was the third death in less than ten days among the employes of the Amarillo Globe-News. The first was Henry Ansley, August 13, and the second Tom Kidd, Sunday night.

Back in Queen Elizabeth's time, old soldiers were given permission to beg in the streets. Since then, we have been making constant progress, and now that privilege has been withdrawn.

LEGAL VOTE FACES PROBE

AND JURY CHARGED TO STUDY ALLEGED POLL CORRUPTION

ULPHUR SPRINGS, Aug. 25.—cial notice of illegal voting in kins county was taken Wed- lay by Judge R. J. Wilkerson iding in district court here in absence or Judge L. L. Bau- in, who was prevented from serv- on the bench because of illness. dge Wilkerson in charging the d jury empanelled for this of court called its attention illegal voting and took occasion issue a warning that election ials who permit illegal voting are ject to criminal prosecution.

Illegality Cited

My attention has been called to fact that there has been some al voting in this county," the t charged, "and it is with pro- nd regret that I learn of this. of prime importance that our tion laws be kept pure, and that rights of the honest voter be lected.

or that purpose and with that in view laws have been enacted uarantee the purity of the ballot

The law plainly defines who is a ified voter and who is not a ified voter. It is a very easy tter for election managers to rtain whether a person has paid poll tax or not or whether he ualified to vote. The collector axes is required to furnish a tax list and his refusal or fail- to do so is a punishable offense. statute likewise provides for ishment against election officials fail to perform their duty and ll this to your attention.

The right to vote should be rished by every citizen and it is duty of every good citizen to unce violation of this law and report any case of illegal voting he may know of. It is the only to keep the ballot box pure ane and honest electorate work- with honest officers is the only safety of our national life. he jury box, the ballot box and officials of this state are in majority corrupt, then our gov- nment is destroyed. If our gov- ment is destroyed it is my opinion it will be by enemies within.

Flays Corruption

I consider a corrupt official has taken the oath of office discharge a certain duty and who ses to do so far more danger- than a foreign foe. Any candi- for public office who will ate the election laws of his ntry to gain office is altogether it to hold office.

The law makes it a penitenti- offense for any candidate to the poll tax of another. It al- makes it a felony for any person to do so without complying with the law in respect thereto.

"No man who is dishonest in any particular is qualified for office when a man who is disqualified to vote wilfully and knowingly imposes himself upon society and votes knowing he is disqualified to do so. He is the fellow who is the subject of sale and bribery. He can be bought and sold like a chattel and is dishonest. His illegal vote will be bought by dishonest men and only dishonest candidates will buy it. If the balance of power is placed in the hands of the illegal voter and the dishonest office seeker, then everyone knows the consequences. A partenership formed by these two elements will disrupt any government and to protect the honest voter and the honest citizen election laws were passed. If they are not enforced they become a joke.

I am putting it up to you who have been selected by a commission of honorable citizens of this county as being worthy of performing the duties of grand jurors. You have the power to investigate this business and it is your duty to do so. I pledge you my services if I have to keep this court open until my term of office expires. The discovery and conviction of one man or two men or more who corruptly violates the election laws of the country in my opinion will be worth more to the purity of good government in this county than wholesale convictions for other offenses.

Murray's Military Control Is Upheld

OKLAHOMA CITY, Aug. 25 (AP)—Governor William H. (Alfalfa Bill) Murray's military control of oil proration in the Oklahoma City field was upheld Wednesday by a three judge state district court.

The court refused to grant the Russell Petroleum company an injunction to prevent continued military occupaton of two wells which were seized by troops two weeks ago because of alleged overproduction.

The decision averted possibility of a clash between the court and Governor Murray, who repeatedly has defied lower courts to interfere with the military arm of the state's government.

STALE GAS HANDCUFFS YOUR MOTOR

ONLY *fresh* GAS UNLEASHES FULL POWER

STALENESS steals the power of gasoline. Little by little the lighter parts—important "easy starting" elements—evaporate! Also a chemical change takes place—so that, as *staleness increases, power decreases!*

And the staler the gas, the more it knocks—and the *stickier* it is—more apt to foul a motor. The whole petroleum industry has long sought a way to stop gasoline deterioration. Now Gulf announces a system that assures every motorist of getting FRESH-MADE gasoline! How?

By making the best possible gasoline and *refining out* certain complex elements that have been found to cause fast deterioration. And by rushing this FRESH gas to you like some perishable food!

SPEED! The whole Gulf organization is geared to it. Huge Gulf refineries in many sections of the country put every Gulf filling station close to a source of FRESH gasoline. A vast fleet of tank trucks speeds FRESH gas to Gulf pumps every day.

Get FULL power for your gasoline dollar. Get FRESH-MADE gas—delivered FRESH. Get Gulf exclusively—and you'll have a motor that's faster. A motor that's cleaner. And quieter. Get a tank-full today!

get THAT GOOD GULF GASOLINE—*it's fresh*

LEHMAN FAVORED AS WESTERN AMATEUR GOLF FIELD DWINDLES

SPYING ON SPORTS

BY COLLIER PARRIS

You fans are growing rather weary of reading about baseball as has been played here during the last few seasons, and you're getting downright tired of reading about the "great possibilities for a crack team in an organized league" here. Well, you fans have nothing on us. But here's some more, from a new source and a different angle. Maybe it's worthy of some consideration.

* * *

Last week we received a big envelope full of baseball literature. Included were the following articles: one letter from one Marty **Fiedler** to A. B. Davis, secretary **of the Lubbock Chamber of Commerce;** one letter from Mr. Davis **to Mr. Fiedler,** one letter from **Mr. Davis** to this correspondent, **and three clippings** from various **newspapers.** By way of explanation, Mr. Fiedler is president of the **Albuquerque Baseball** club, and **somewhat** of a somewhat in minor **league** baseball. A part of his original letter to Mr. Davis is as follows:

* * *

". . . . A movement is now under way to organize a Class D Baseball league, to take in El Paso, Amarillo, Albuquerque, Lubbock, Big Spring, Plainview and several other cities in Texas.

"With a farm agreement, which I will endeavor to secure for you, I feel more than confident that Lubbock will make a splendid baseball city; furthermore, I will be very happy to assist you in every possible way.

"I trust that you will give this your serious consideration, so that when I go to the minor league meeting in Columbus, Ohio, in December, that I may arrange for a farm connection for you, possibly arrange it before that time . . . ."

Mr. Davis forwarded the letter to us, along with a copy of his reply to Mr. Fiedler in which he **said** the chamber of commerce is **not** the official organ for organ**izing** or running baseball here and **advised** that the writer get in touch **with** the sports department of the **Avalanche**-Journal. Smart man, Mr. Davis. So Mr. Fiedler writes us as follows:

"Before going into the matter any further, I would appreciate hearing from you and your frank opinion, with regard to Lubbock coming into Class D league, taking in El Paso, Amarillo, etc. . . ."

* * *

This department's answer to Mr. Fiedler runs thusly:

My Dear Mr. Fiedler:

Your letter, etc., etc., ad finitum . . . and contents noted.

For your information, this is a **happy,** growing little city of about **21,000** inhabitants and seventeen **baseball** fans counting the ten who **catch** foul balls to get inside the **park,** and prospects for an increase **in the** number of fans so long as **present** conditions are allowed to **rule,** are fully as bright as One-Eye **Connolly's** chances in the next **presidential** election.

However, there is plenty of room **for improvement** of the present **conditions.** Several men have tried **it but** the bubble went "poof!" in **time** to fool everybody. As a mat**ter of fact,** I've been approached, **propositioned,** cussed, browbeaten, **blackballed,** bean-balled and whim**whammed** by prepossessing pro**moters** until I'm black and blue. **Yet** the condition remains the **same.** Maybe it's the depression. **Anyway,** I'm hesitant about promis**ing** sensational publicity to any**body** save Kenesaw M. Landis.

I'm taking your word and the **clippings** to mean that you are an **honest** man and a successful or**ganizer** of baseball. I've read about **you** before this. Maybe you have **an** idea that will bring baseball **back** to a high point around here, **but** certain, definite things must **be** understood before I go an inch **toward** building up a ballyhoo **campaign.**

A new baseball park and grandstand must be built, in the first place. Second, a flourishing league or team guarantee to use this point as a farm and to finance it until it is able to finance itself. Third, a rip-snorting, lambasting, wide-awake, authoritative skipper must be located here, with fire in his eyes and a lash on his tongue. Fourth, local talent must be augmented by able players who will be assured of getting their pay and taking their cut, and fifth, I should be made official statistician and ballyhoo expert with a salary attached.

Give us that, or those, Mr. **Fiedler,** and we'll give you a flock **of fans.** Of course, there must be **capable opposition** in the field so **we'll have** a ball game to look at **when other league** teams come to **town.** Under no other conditions **would I offer** a word of encourage**ment.**

That's a stiff assignment, and one not likely to be carried out unless you have backing equal to that which I doubt exists in the baseball world today.

I'd be glad to hear further from you if you think the situation as I have painted it warrants further consideration. I'll cooperate to the best of my space and ability if the project comes through.

Respectfully yours,

GUS MORELAND FACES DICK MARTIN IN MATCH TODAY

BY PAUL MICKELSON

ROCKFORD, Ill., Aug. 25 (AP)—The battle for the Western Amateur golf championship roared on today with the defending titleholder out of the picture and stars from Illinois, Iowa, California, Wisconsin and Texas still in the drive.

Only one thing was sure, that Illinois would have a finalist. The lower bracket was jammed exclusively by Illinois entries, three from Chicago and Don Armstrong of Aurora, a city within one hour's ride of there.

Evans Eliminated

Arthur Bartlett of Ottumwa, Iowa's Bobby Jones of the minor tournament world, was probably the most discussed entry in the surviving field. The 42-year-old Iowa veteran, who has won 35 minor golf championships in his quarter of century of play, defeated Charles "Chick" Evans, jr., of Chicago yesterday, two-up after the Chicago veteran had eliminated the defending titleholder, Don Moe of Portland, Oregon.

His opponent today over the 36-hole route was Charlie Seaver of Los Angeles, Walker Cup player.

Johnny Lehman of Chicago, tournament medalist with a new record of 137 shots, was still the big favorite. Lehman faced Armstrong, a steady deliberate golfer.

Dick Ashley, from Kenosha, Wis., a dark horse after his stunning upset of Dick Martin, Chicago district titleholder, had a stubborn foe in young Gus Moreland of Dallas, Tex., Trans-Mississippi king. Both have been shooting fine golf.

The final match of the lower bracket paired Ira Couch, runner-up in the 1930 western, and Johnny Banks, western junior champion, both Chicagoans.

DALLAS DOWNS SAN ANTONIO

STEERS SCORE TOTAL OF 23 RUNS TO COP DOUBLE HEADER

BY BILL PARKER
Associated Press Sports Writer

Dallas had to score twenty-three runs last night to win a double-header from San Antonio, 10 to 2 and 13 to 12. Manager Happ Morse had to send seven pitchers to the mound to stop the Indians. The Steers collected thirty-four hits off seven San Antonio pitchers and at the end of a wild night of baseball that terminated at 12:40 a. m. the Steers were one and one-half games in front of Beaumont for the second half pennant.

In the first game Jimmy Minogue hurled eight-hit ball to beat the Indians with ease. Dick McCabe started for Dallas in the second but couldn't get a man out. Lou Garland, John Whitehead, George Murray, Minogue and Oscar Fuhr pitched for Dallas in succession and it was Fuhr who received credit for the victory—his nineteenth this season. San Antonio opened the nightcap game with six runs in the first inning. Dallas scored seven runs in the first and from there on out it was as free hitting and running contest as any pop-eyed fan could crave.

Beaumont Wins

Beaumont kept faith with second half pennant hopes by beating Longview, 5 to 2. Art Herring, former Detroit hurler who is pitching to a comeback in the Texas league, held Longview to six hits. He struck out ten and had no trouble besting White and Griffin on the Longview mound.

Tyler's winning streak of four straight was stopped by Galveston 3 to 2. Darrow out-pitched Biggs for the win. Both allowed six hits but Darrow got better support.

Lefty Johns tamed Houston, 5 to 3. Fort Worth styled last night "Johns Night" and Lefty made the most of it. Dallas Warren's home run in the seventh was the blow that started Fort Worth to victory.

Over $2,550 Paid By Slaton Station

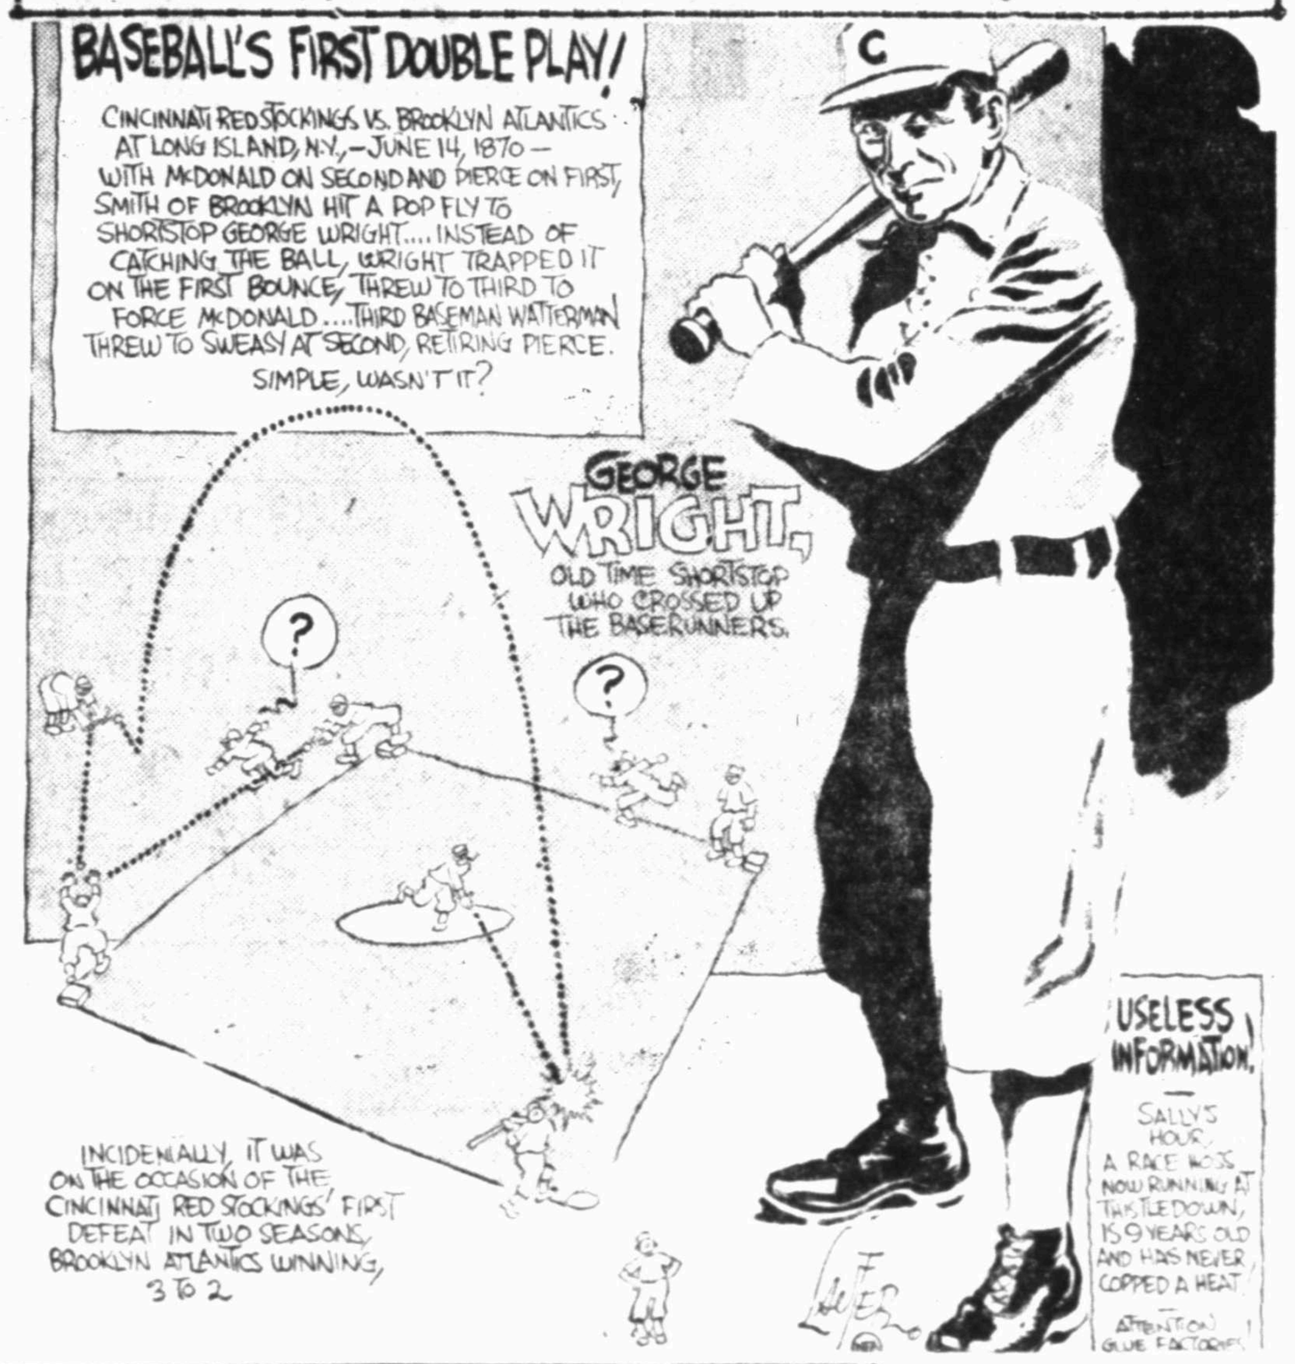

SLATON, Aug. 25.—(Special)—More than $2,550 was paid for poultry, cream, and eggs by the Merchants and Farmers Cream and Produce station, sponsored by the Slaton Chamber of Commerce, in the several months the station was operated. K. L. Scudder, chairman of a committee of the chamber, acted as manager.

On account of the demands of his personal affairs Mr. Scudder was forced to give up the work. Mr. Hicks was named manager and the committee of which Mr. Scudder is still chairman, will supervise the work.

Farmers wee saved $500 by operation of the creamery, the committee stated.

Almost twice as many jobs have been procured for University of Iowa students in the first tow months of school than during the same period last fall.

CUBS WALLOP DODGERS TO HIKE LEAD

CHICAGO'S HOPES FOR WORLD SERIES ARE STRENGTHENED

BY GAYLE TALBOT
Associated Press Sports Writer

Victorious 7-4 in their first engagement with Brooklyn's storm troops, the Chicago Cubs dug in behind a four and one-half game lead today and prepared to deal another blow for the cause—a bigger and better world series on the shores of Lake Michigan. Three Brooklyn pitchers, including the brilliant Van Mungo, were pounded for 10 hits and Dodger fielding was spotty. The Cubs, led by Billy Herman with three hits, made six hits good for extra bases and sewed up the game with a four-run drive in the fourth inning.

Pittsburgh failed to take advantage of Brooklyn's reverse, losing to the Phillies 9 to 6 and remaining in third place.

Dizzy Dean, the Card's eccentric star, yielded only five hits and drove in four runs with a homerun and a single in beating the giants 6-2. Pepper Martin was his little helper, hitting two doubles and a single and stealing a base.

Boston and Cincinnati split two, the Braves winning the first, 5 to 2, and the Reds the second 3 to 1.

Jim Levey of the St. Louis Browns pounded a homerun with one on in the eleventh inning to defeat the Athletics, 5 to 3. Homeruns by McNair, Dykes and Foxx accounted for the A's runs.

Monte Weaver's pitching and Johnny Kerr's timely hitting gave Washington a 2 to 1 verdict over Detroit. Weaver scored his 19th victory.

Lyons Beats Boston

Pitcher Ted Lyons scored a personal triumph over the Boston Red Sox, 7 to 3. In addition to keeping nine hits well spaced, the White Sox star drove in three runs with a double and two singles and scored once.

A similar achievement was credited to Charley Ruffing of the Yankees, who racked up his 15th victory at the expense of the Cleveland Indians, 9 to 3. Hhe pitched eight-hit ball and starred at bat with a brace of doubles and a single.

PRELIMINARY FIRING BEGINS TODAY IN GRAND AMERICAN TRAPSHOOTING

VANDALIA, O., Aug. 25. (AP)—Preliminary firing was begun today for the annual Grand American trapshooting championship. The event proper will be held tomorrow but today's preliminary, with a guaranteed purse of $4,000, was of nearly equal importance.

It was expected close to 500 of the country's leading marksmen would participate in the warm-up event, won last year by Harry Schomerus of Hillsdale, Ill.

Crothers Wins

Yesterday, Steve Crothers of Chestnut Hills, Pa., won the champion of champions event for the second consecutive year, after he outlasted Charley Bogert, of Sandusky, O., Buckeye state champion. Both were tied at the end of the regulation event with 199 targets. It was the first championship decided by less than a perfect score.

F. D. Kelsey, 77, Aurora, Ill., won the veterans' title for the third straight year when he bested 13 other marksmen over 70 by breaking 190 out of 200.

The professional clay target championship of North America went to W. B. Sale of Denver, Colo., who broke 199 targets.

The first all-American team in the history of trapshooting was selected yesterday on the basis of their showing in the day's events. The team is composed of [illegible] Harlow, Newark, O.; W. S. Be[illegible], Berwyn, Pa.; Mark Arie, Champaign, Ill.; C. A. Bogert, Sandusky, O.; H. E. Woodward, Houston, Tex.; E. P. Woodward, Houston, Tex.; [illegible] A. King, Wichita Falls, Tex.; [illegible] M. Crothers, Chestnut Hill, Pa.; [illegible] Heistand, Hillsboro, O., and E[illegible] Chamberlin, Martville, N. Y.

John W. Eshelman, jr., of Lancaster, Pa., was elected president of the Amateur Trapshooting association at the annual meeting of state directors last night.

R. A. King of Wichita Falls was elected vice president to represent the southern zone.

The directors voted to keep the 1933 Grand American handicap shooting tournament at the permanent home of the association at Vandalia.

Olton Teachers To Hold An Institute

OLTON, Aug. 25.—(Special)—[illegible] annual teachers institute will be conducted here Friday and Saturday, October 28 and 29, and Olton schools will open October [illegible] as scheduled by the board of trustees, H. P. Webb, superintendent, has announced.

Late start is due to a desire of trustees to avoid closing for cotton picking. A full nine months term is planned. Last year school was closed for a month for harvest of cotton and the trustees felt that the children suffered thereby, Webb said.

M. K. "King" Cole's Lubbock Rainbow baseball club, local amateur nine, has contracted to meet the Lubbock Black Hubbers, crack negro team of West Texas, in a diamond feature at Merrill Park Sunday afternoon.

With the imposing record of 32 victories against 4 defeats for the season against the best negro and Mexican teams of West Texas, the Black Hubbers are due to attract quite a crowd on their own behalf Sunday.

Included on the Black Hubber list is Johnny Carter, a first baseman recently drafted from Abilene's fast ball club. Carter is said to be somewhat of a sensation at first base. James Roy Lewis is a short stop from Austin, a respected infielder in Central Texas circles.

Walter Bronson, third baseman for Lubbock, has had professional experience and a lot of it with the Kansas City Monarchs, roving team which introduced night baseball to the south a few seasons ago.

The Rainbow club has augmented its lineup with the addition of Winfield Breedlove of Levelland, former Lubbock Hubber second baseman and Blackie Hilliard, a shortstop of no mean ability. Blackie Hoyle, [illegible] from Wolfforth, Bob Rich, Wolfforth catcher, and Bull Thompson, Levelland pitcher, were announced by Manager Cole as having agreed to play Sunday.

Doubles Tourney In Semi-Final Rounds

BROOKLINE, Mass., Aug. 25. (AP)—The semi-final round of the National Doubles tennis tournament at Longwood today brought together the top seeded combination of Wilmer Allison and John Van Ryn and the fourth seeded team of George Lott and Frank Shields.

Probably the finest match seen at Longwood in a long time was put on during the quarter finals when Henri Cochet and Marcel Bernard eliminated Berkeley Bell and Gregory Mangin yesterday.

The Frenchmen meet Ellsworth Vines and Keith Gledhill tomorrow.

STATE TO LET CONTRACTS

TEN MILLION DOLLARS WORTH OF PROJECTS TO BE AWARDED

AUSTIN, Aug. 25 (AP)—The Texas highway department yesterday released a tentative list of road and bridge construction projects estimated to cost $10,000,000 on which it planned to take bids at meetings of the commission in September and October.

Next month's meeting will be September 18, and 19. No date has been set for the October session.

To Add Others

The notice stated other projects would be added to the list as plans were completed.

Gibb Gilchrist, state highway engineer, said approximately $4,000,000 of the contracts would be awarded as part of plan to utilize the advance of funds made available recently to the states by the federal government. Gilchrist said there was nothing unusual about the large total of the proposed projects, stating that no contracts were awarded in August and that the list announced yesterday in reality covered, or would cover, three months of normal lettings.

He said it was imperative that work on projects to which the advance could be applied must be completed before next July.

The program so far announced called for 1,207 miles, 505 miles would be grading and drainage structures construction and 702 miles of paving. Several of the paving projects included reconstruction of grading and drainage structures.

Paving projects were announced for the following counties: Archer, Bowie, Brazoria, Brazos, Madison, Caldwell, Cass, Cherokee, Childress, Coleman, Colorado, Fayette, Concho, Dewitt, Ellis, Johnson, El Paso, Fisher, Gray, Guadalupe, Hall, Hanford Harris, Haskell, Henderson, Hidalgo, Hunt, Kaufman, Kendall, Kerr, King, Kinney, Knox, Live Oak, Madison, McClennan, Motley, Ochiltree, Pecos, Reagan, Reeves, Refugio, San Jacinto, Tarrant, Travis, Bastrop, Tyler, Van Zandt, Wharton, Wilbarger, Young and Trockmorton.

Lubbock Included

Grading and drainage structure projects were listed for the following: Bastrop, Baylor, Bell, Brazos, Brewster, Presidio, Burleson, Cherokee, Coke, Concho, Cooke, Crockett, Crosby, Dallas, Dimmit, Ellis, Kaufman, Fisher, Garza, Hemphill, Lipscomb, Hopkins, Irion, Jasper, Sabine, Lubbock, Lynn, Moore, Navarro, Nueces, Panola, Harrison, Rusk, Travis, Uvalde, Val Verde and Terrell.

Bridge projects listed were in Bexar, Caldwell, Cherokee, Houston, Comal, McLennan, Montgomery, Upshur, Wilbarger and Wilson counties.

FLIERS

(Continued from Page One)

Standard time, today for Oslo, Norway.

Their plane, "The Green Mountain Boy," rose into a cloudless sky. Weather reports gave them a tail wind across the Atlantic and predicted clear weather on the other side except for some rain 600 miles out.

Head Over Ireland

The fliers expected to make the 3,150 miles to Oslo in 30 hours but they carried enough gasoline to stay aloft seven hours beyond that time. Their route lay via Dublin, Ireland, Boston, England, and Cuxhaven, Germany.

The cabin doors of the Green Mountain Boy were sealed to make room for emergency gasoline tanks and a hole was cut through the roof as a means of entrance and exit. Lee hoped empty gas tanks would keep the ship afloat at least until the motor could be cut loose with a hack saw in the event they were forced down.

Provisions included sandwiches, 2 1-2 gallons of water, a quart of milk and a pint of coffee. Concentrated food tablets were taken in the event of an emergency.

Lee acted as pilot-commander and Bochkon as co-pilot.

Lee, only 24, has done no ocean flying but has had about nine years experience in the air.

Bochkon, four years his senior, began his flying career in the Norwegian air forces.

"You have the natural resources, the natural ability and the acquired ability. You can't change the natural ability but the one great factor on which we operate today is to change the acquired ability and skill of the people; that's education."

Dr. Knapp was introduced by O. V. Adams, acting dean of the Tech school of engineering.

Ben Graham of Farwell, Dr. and Mrs. R. H. Byler of Denver and L. B. Slonaker of Amarillo were out-of-town guests at the luncheon.

Aniline dyes, those made of coal tar, are now made in more than 2000 different colors.

Beauty Crop

There should be a beautiful harvest in the region of Wango, Md., with smiling Margaret Laws (above) chosen as "Goddess of Agriculture." She'll reign over the city's forthcoming bicentennial celebration.

PRIMARY VOTE

(Continued from Page One)

erick, one of the leaders of the Citizens league, told the governor there was a "noticeable change" in sentiment on the part of voters in that district.

Ferguson asserted again in his speech last night that a vote for Sterling was a vote for Hoover, declaring that Sterling and his supporters had refused to say if they would support Mrs. Ferguson in the general election if she were declared the nominee and were planning to bolt the ticket in November.

"If the people want another carpetbag government they can vote for Sterling," Ferguson stated. "If they want an honest Democratic administration, they can vote for my wife."

Ferguson stated the "very stability of government and permanence of the Democratic party was involved in this contest."

Sterling attacked Mrs. Ferguson's plan to split the funds of the state highway department three ways, asserting it would not grant the relief needed by taxpayers.

Ferguson assaulted Sterling's plan whereby the state highway fund would assume payment of the principal and interest on county and district bonds issued to aid state road construction. Ferguson accused Sterling of preparing to submit a bill to the coming special session of the legislature that would take away from the counties their share of the motor vehicle registration receipts.

The heavy absentee voting gave rise to the prediction that Saturday's balloting would exceed the total cast July 23 when 962,000 were tabulated. Several counties reported more absentee ballots had been cast than ever before.

The large vote polled in the first primary led to charges of illegal voting in several counties. Indictments have been returned in a few instances. Some estimates of the total of the illegal votes cast were as high as 100,000. Other estimates, however, indicated there was no more than the normal amount of illegally cast ballots.

Mrs. Jane Y. McCallum, secretary of state, yesterday mailed a circular letter setting out the requirements of the election law for selection of supervisors. The circular was mailed, it stated, "in an effort to forestall the repetition of the disgraceful wholesale violation of the ballot in the coming primary."

nam to smile.

"I don't feel much like smiling," she told them. "I'm so tired."

But a moment later a broad smile was wreathing her features and she was asking the photographers, "how's this?"

Her first request was for "water, please?" She had carried a thermos bottle of water with her on the flight, she explained, but it became so hot that she could not drink it.

After a drink of water, Mrs. Putnam talked of her flight.

"It was a beautiful trip," she said. "If I had the weather I had on my first attempt (referring to the transcontinental flight in which she was forced down at Columbus by a faulty oil line), I would have broken the record."

En route to Newark, Mrs. Putnam's food consisted of what she called "good old tomato juice." The sandwich and the theroms bottle of cocoa, which she carried at her husband's insistence, were not touched, she revealed.

"At Amarillo, they had the airport light on for me," the flier said, "and I am going to thank them for it."

LEADERS PLAN FOR PARLEY

BUSINESS HEADS ARE TO GATHER WITH HOOVER FRIDAY

WASHINGTON, Aug. 25 (AP)—Summoned by President Hoover, representatives of national business groups met with the government's financial leaders today to perfect plans for the administration's business conference here Friday.

Gathered at the office of Secretary Mills were chairmen of the business and industrial committees of the twelve federal reserve districts. They worked over the program for the conference tomorrow when President Hoover will address more than 100 members of the committees.

Plans Advanced

Tentative plans for making money easier and spreading jobs were brought to the meeting.

Henry M. Robinson of Los Angeles, intimate of Mr. Hoover was in charge of today's session of the executive committee.

Some Democratic political leaders looked warily at the conference. Senator Robinson of Arkansas, the Democratic floor chief, issued a statement last night through the Democratic national committee expressing hope in results of the conference but asserting "the association of business and intellectual leaders of the country with these schemes has been unavailing because they have been used merely as a sounding board for the Republican party."

Robinson said similar meetings in the past had proved unavailing because of President Hoover's "inept and uncertain leadership" and he cited some conferences as "an impressive and astonishing indication of the way in which the president has 'passed the buck' of executive duties."

Democrats To Attend

However, Democrats as well as Republicans comprise the group of business leaders who hope to keep funds flowing to make the way for a real revival and more jobs.

In addition to Secretary Mills, Secretary Chapin, Eugene Meyer, governor of the federal reserve board; Atlee Pomerene, chairman of the Reconstruction Finance corporation, and R. P. Lamont, former secretary of commerce, were invited into today's meeting.

Others included L. Harrison, governor of the New York Federal Reserve bank; A. W. Robertson of Pittsburgh and Jackson E. Reynolds of the First National bank of New York.

The chairmen of the business and industrial committees are:

Owen D. Young, New York; Carl P. Dennett, Boston; L. B. Williams, Cleveland; Edwin C. Graham, Richmond; George S. Harris, St. Louis; George D. Dayton, Minneapolis; Joseph F. Porter, Kansas City; Frank Kell, Dallas, and K. R. Kingsbury, San Francisco.

RESERVE BOARD INFLUENCE IS BEING AFFECTED BY NEW CREDIT EXPANSION

WASHINGTON, Aug. 25 (AP)—Full use by national banks of the recently enacted billion-dollar currency expansion provision is regarded by the federal reserve board as affecting its system's influence on the general credit situation.

This warning, contained in the reserve board's monthly bulletin was coupled with the assertion that national banks in New York, Chicago and other federal reserve cities have the power to issue more than two-thirds of the currency increase allowed by the Glass-Borah provision of the home loan law.

It said these instructions had an unused power to issue $663,000,000 of the new currency, while the maximum permitted was $916,000,000. The unused issuing privilege of country banks was placed at $253,000,000.

Much use of the issuing privilege at this time was deemed unlikely by the board. Since the provision took effect, national banks have increased their circulation of currency by $31,000,000. The board said such national bank notes would not now increase money circulation but only replace a like amount of federal reserve currency.

Of a possible full use of the expansion privilege upon the improvement of business, the board added:

"The ability of the national banks to obtain currency without restoring to the reserve banks will have an effect not only on the volume of federal reserve currency but also and more importantly on the position of the federal reserve banks and the influence of the federal reserve system on the general credit situation.

"It is these other and remoter consequences that may in time be expected to be the most important consequences of the recent legislation enlarging the note-issuing privilege of national banks."

The currency enlargement was accomplished by making government bonds bearing not more than 3 3-8 per cent interest eligible note security to the amount of a bank's total capital stock.

DAILY MARKETS

Cotton Market

NEW ORLEANS REPORT

NEW ORLEANS, Aug. 14 (AP)—Cotton had a feverishly active opening today and prices quickly made new highs for the upward movement and the season. October advanced to 8.45, or 27 points above yesterday's close and 16 points above the highest levels reached on yesterday's vigorous advance.

This morning's high for October was 332 points or $16.52 a bale above the lows of the year reached on June 10.

Liverpool came in much higher than due and first trades here showed gains of 4 to 6 points. Heavy trade buying as well as investment buying promptly developed, more than absorbing the fair amount of liquidation in the market. October rose to 8.45, December to 8.64 and January to 8.69, or 24 to 27 points over yesterday's close.

Later in the first hour the market eased six points from the top on profit-taking.

The market ruled extremely active all morning with heavy trade and speculative buying which more than offset profit-taking and hedgselling. October contracts advanced to 8.50 and December to 8.65, new highs for the season and 27 to 32 points above yesterday's close.

Near mid-session the market reacted under rather liberal profit-taking and October dropped to 8.35 and December to 8.53 or 12 to 15 points down from the highs.

NEW ORLEANS SPOT

NEW ORLEANS, Aug. 25 (AP)—Spot cotton closed steady 19 points up. Sales 1,868; low middling 7.82; middling 8.27; good middling 8.62; receipts 3,205; stock 883,638.

NEW YORK REPORT

NEW YORK, Aug. 25 (AP)—Cotton futures opened steady, 7-12 higher on continuation of yesterday's buying movement and on firm Liverpool cables and the higher textile market. Oct. 8.32; Dec. 8.50; Jan. 8.58; March 8.72; May 8.85; July 8.95.

Rather heavy realizing and some southern selling was readily absorbed at the initial prices, and the advance soon extended to 8.69 for December and 8.91 for March with the general list showing net gains of 28 to 33 points on heavy general buying. This was encouraged, apparently, by the early action of the stock market and increasing confidence in the general business outlook combined with the expectation of a reduction in crop estimates, but the higher level of prices attracted increased offerings. This was attributed largely to realizing, but some reactionary sentiment was also in evidence following the advance of about $6.20 per bale from the low price touched on the reaction of last week and prices at the end of the first half hour were 8 or 10 points off from the best.

Liverpool cables reported heavy general buying and covering in that market but said business in cotton cloths was slow in developing.

The opening advance attracted a good deal of realizing, while there was selling here by both New Orleans and Liverpool on the differences and probably some selling for a reaction following the recent rapid advance. Prices eased off some 15 or 20 points under the pressure, but offerings were absorbed by further trade and commission house buying and the market stiffened up again later in the morning.

At midday December which had sold off from 8.69 to 8.52, was ruling around 8.63 with the general market showing net advances of 22 to 24 points.

Stock Market

WALL STREET REPORT

NEW YOR, Aug. 25 (AP)—The bull movement in stocks received a boost from the wheat market today.

Stocks surged ahead in heavy buying at the start, turned somewhat hesitant, but bulged up again after wheat had rushed up some 2 cents a bushel. Some of the leaders, however, were held in check by rather persistent selling whenever they turned upward. This was particularly true of American Telephone.

Eastman shot up 7 points, apparently in a demonstration against shorts, then lost some of its rise. Case rose more than 5, and International Business Machines nearly as much. Issues up around 2 to 3 points included U. S. Steel preferred, National Steel, Allied Chemical, Johns Manville, Lambert, Safeway Stores, Associated Dry Goods, International Harvester, American Can, Union Pacific, Norfolk and Western, and others. Gains of a point or more appeared throughout the list. There was some recession in a moderate wave of selling in the early afternoon.

Grain Market

CHICAGO REPORT

CHICAGO, Aug. 25 (AP)—Wheat made a snappy response to advances in stocks and cotton today and opening prices were sharply higher. Scattered buying disclosed absence of pressure to sell. Canadian advices estimating the wheat crop there as probably above expectations were ignored. Wheat started 5-8-1 1-4 cents higher and later trading was at higher levels before the advance was checked by selling against offers. Corn opened unchanged to 1-4 higher and followed wheat.

DISTRICTS OF BANKS NAMED

HEADQUARTERS TO BE SELECTED AS NEXT MOVE IN PROGRAM

WASHINGTON, Aug. 25 (AP)—Headquarters for twelve banks to serve home-financing institutions in each of the dozen districts it has created were sought today by the federal home loan board.

This was the next move forward after yesterday's action dividing the country into twelve districts. Speedy action was promised by the board.

The board said the districts were arranged so that states in each would have mortgages sufficient to supply business for the district home loan bank.

Capital Determined

This rule determined also the amount of capital for each district. The New York area, topping all others on the basis of $9,500,000,000 in available mortgages was assigned $20,000,000 capital.

The districts available mortgages, and assigned capital for each bank are:

No. 1 — Main, Vermont, New Hampshire, Massachusetts, Rhode Island and Connecticut, mortgages, $3,600,000,000; capital $12,500,000.

No. 2—New York, New Jersey, Puerto Rico and Virgin Islands mortgages $9,500,000,000; capital $20,000,000.

No. 3—Delaware, Pennsylvania and West Virginia, mortgages $1,600,000,000; capital $12,500,000.

No. 4—Maryland, Virginia, North and South Carolina, Georgia, Florida, Alabama and the District of Columbia, mortgages $520,000,000 capital $10,000,000.

No. 5—Ohio, Kentucky and Tennessee, mortgages $1,250,000,000 Capital $15,000,000.

No. 6—Michigan and Indiana mortgages $575,000,000, capital $8,000,000.

No. 7—Wisconsin and Illinois mortgages $575,000,000, capital $8,000,000.

No. 8—North and South Dakota, Minnesota, Iowa, and Missouri, mortgages $350,000,000, capital $7,500,000.

No. 9—Arkansas, Mississippi, New Mexico, Louisiana and Texas, mortgages $340,000,000, capital $10,000,000.

No. 10—Nebraska, Kansas, Oklahoma and Colorado, mortgages $400,000,000; capital $7,500,000.

No. 11—Montana, Washington, Idaho, Utah, Wyoming and Alaska, mortgages $200,000,000; capital $6,000,000.

No. 12—California, Nevada and Arizona, mortages $650,000,000; capital $10,000,000.

ALIBIS OF THREE MEN ESTABLISHED

OMAHA, Neb., Aug. 25 (AP)—Coroner F. A. Raynor of Mills county, Iowa, said a check of the alibis offered by three Texans held in connection with the slaying of Angelo Sivigliano indicated the alibis were iron-clad.

Raynor said an investigation conducted by his office showed the Texans could not have been in this vicinity August 13, the night Sivigliano's body was found on the roadside near Glenwood, Iowa. The investigation would be continued, however, Raynor indicated.

An Omaha ballistics expert declared bullets fired from the gun of Archie M. Jenkins of Houston, Tex., corresponded with the nine which killed Sivigliano, former Kansas City racketeer.

Jenkins and two companions, C. J. Hestor of Houston and Ralph Arnold of Waco, were arrested here in a general roundup police hoped would clear up the slaying August 14 of Grover H. Petty, Omaha gambler.

Lubbock Residents Know Black Shirley

Black Shirley, 114-year-old resident of Springtown, whose picture appeared on the front page of the Journal Wednesday, is known by Mr. and Mrs. W. N. Green, pioneer Lubbock residents. Mrs. Green said Wednesday Mr. Shirley's youngest brother married Mrs. Green's only sister. There was a large family of the Shirleys but Black Shirley, the oldest in the family, is the only one living now, Mrs. Green believes.

Spare Tire Theft Is Reported Here

Theft of a spare tire and wheel from his automobile, which was parked in front of his residence at 2304-B Fourteenth street, was reported to police Wednesday by J. E. Cales.

A 1929 Chevrolet coupe, four horses, a set of harness and four tires from a Chevrolet coach were stolen at Plainview late Wednesday. Lubbock police were informed. The horses were loaded into a truck near Plainview, officers there reported.

Marcella Casper of Talmage, Neb., graduated from high school with a record of 11 years without absence or tardiness.

MOON'S OLD BED

It has been suggested that the bed of the Pacific Ocean represents the old scar now largely filled up where the moon was separated from the earth millions of years ago.

MY PLATFORM:

Running hot water in every home!

Friends and Fellow Citizens! I ask you to join me in supporting that great movement which is so in keeping with our American ideals. I ask you to get behind my platform in the interests of common cleanliness. My friends, the story of hot water failures in American Homes is a wholesale tragedy! Millions of men shaving with ice cold water — butchering their faces. Millions of women down on their knees—trying to scrub with cold water. Millions of children shivering in chilly bath water.

And why? I ask you—why? Because all over this great land of ours families are depending on makeshift water systems—tea kettles and furnace coils and auxiliary heaters. Friends, we must turn the tide! My record is well known to all of you. The Self-Action Gas Water Heater has never failed to supply hot water at the turn of a faucet! For years I have been faithful in the public service. I promise to supply all the hot water you'll ever need for just a few pennies per day per person. A vote for the Gas Water Heater is a vote for convenience—comfort——cleanliness in every home.
