If You Want the NEWS---
Subscribe for THE CITIZEN.

ALL FIVE, ONE YEAR, \$1.18.

We Have Whittled This Combination
Down to the Last Odd Cent

You may not realize what we
are talking about, but you will
soon understand it. We are
speaking of the big bargains in
magazines and farm papers we
have obtained for readers of the
Citizen. Here is a list of these
publications, with the publisher's
regular price for each:

Citizen, 1 year.....	\$1.00
Woman's World, 1 year.....	.35
Home Life, 1 year.....	.25
Farm Life, 1 year.....	.25
Green's Fruit Grower, 1 year.....	.50

Total at regular rates...\$2.35
Our bargain price for all
five papers, 1 year, only \$1.18.
In other words, you get, by
subscribing through us, these
four standard, high-class maga-
zines by paying only 38 cents
above the regular, invariable
price of the Citizen alone.

Now we want every subscriber
of the Citizen to get the benefit
of this offer. It is not a privilege
we reserve for a favored few.
Everybody can have it—old sub-
scribers and all. We are perfect-
ly willing and anxious to give it
to every family in Kimble and
in the entire country. The only
condition is that you be a paid
subscriber to this paper.

You know what the Citizen is
—how it has stood courageously
for this town and country and
this great section of the state for
the past twenty-one years. It
earned and is receiving the con-
fidence of the people of this com-
munity. It is known as a pro-
gressive democratic paper, true
to its principles, but numbers its
readers among the adherents of
other political parties as well
because it is the best news-
paper published in this part of the
country.

Woman's World, as many of
you know, is the most popular
magazine in the world. It has
more than two million paid sub-
scribers. It is edited by
Charles Dwyer, Herbert Kauf-
man, Dr. Frank Crane and
Maud Radford Warren are
among its regular contributing
editors.

Home Life is the best and
clearest 25 cent magazine pub-
lished in the world. The
November number begins a new
novel, "Lord Loveland Discovers
America," by C. N. and A. M.
Wilkinson, the joint authors of
"The Lightning Conductor" and
other famous novels. It will be
worth more to you to read this
one serial than the price of the
entire combination.

Farm Life is a national farm
paper which numbers its readers
by hundreds of thousands. It is
scientific, practical, and interest-
ing, and the farmer who does not
take it is losing a chance to make
money from its common sense
suggestions.

Green's Fruit Grower is the
oldest and most authoritative fruit
journal in America. It is full of
practical hints for the orchardist
and is worth its full price to
everybody who raises a few trees

The Right Store

for your wants, in fact we want this store to be your store. The
where you can do your trading for everything in highgrade mer-
chandise, including

Dry Goods, Clothing,
Shoes and Hats.

We know our prices are right and verify this by cheerfully re-
funding your purchase money if you find it otherwise.

Beautiful line of Dress Goods and Trimmings
now here for your inspection. Come see them.

New York Bargain Store. Junction. Texas.

NEW YORK BARGAIN STORE,
MENARD, TEXAS.

Sam Melinger.

THE RACKET STORE,
MENARD, TEXAS.

or berry bushes.

We have sample copies of
all these magazines in our office.
We want you to come in and
see them. You will honestly be
surprised to see how good they
are. Every one illustrated, and
as soon as you see them you will
want us to send in your subscrip-
tions and get them all for a year.
With your home paper, these
magazines will keep the family
supplied with periodical reading
matter, and at a price that we
are sure never before has been
approached.

We guarantee that this is the
biggest and best club ever offered
by any weekly newspaper at
anything approaching this price.
All you have to do to take advan-
tage of it is to pay us \$1.18,
which covers your full year's
subscription to the Citizen and
to these four first-class maga-
zines besides.

If there are any of these maga-
zines you are already taking
your subscription will be ex-
tended.

If your subscription has not
yet expired to the Citizen, now
is a good time to renew, while
you can get this magazine bar-
gain.

If you want part of the maga-
zines sent to a different address,
we can arrange that for you.

Why I Shall not Observe Clean up
Day.

The two Editors of our two
good newspapers have plainly
told us of our town clean-up day,
planned by Junction's generous
business men. They also com-
municated to us the various un-
exaggerated reasons for this
movement.

I think that I thoroughly
understand this clean up move-
ment. I am a citizen of your town
and I know that I have the wel-
fare of Junction at my heart,
therefore I tell you why I shall
not readily observe the 30th of
April as clean-up-day.

If on the 30th of April there is
a spoonful of trash on my
premises and if I do not care to
set a good example by making
my premises a spoonful cleaner,
I shall not remove that trash.

If I do not appreciate the
magnanimous offer of the busi-
ness men's club I shall not make
more tidy my home.

If I am not my brother's
keeper, I shall not observe clean-
up-day.

If I am too lazy I shall not ob-
serve clean up day.

If I am too filthy I shall not ob-
serve clean up day.

If I am not living, I shall not
fulfill clean up day.

If it is pouring down rain
every minute of April the 30th
I shall not observe clean up day.

If the world is not standing on
April the 30th I shall not observe
clean up day.

R. T. Deel.

Clean Up Day

For the good of Junction the Business Men's
Club has set

Thursday, April 30th,

Clean Up Day.

We kindly ask one and all to clean their yards
and back alleys, burn up all trash, gather all
old tin cans and rubbish and place same in
boxes or piles where wagon can get it. Wagon
will call at your residence Friday and Saturday.
In event wagon fails to call ring up the secretary
of the Business Men's Club.

Let's have a clean, healthful town. Every-
body GET BUSY--and SAVE DOCTOR BILLS.

Yours faithfully,

The Chamber of Commerce
and Business Men's Club.

OFFICIAL PROGRAM of FIESTA SAN JACINTO APRIL 20 to 25, Inclusive

April 20-25, inclusive, Adopted April 1, 1914.

The Fiesta San Jacinto and Battle of Flowers, the great patriotic celebration of Texas' Independence, will take place in San Antonio April 20-25, 1914. New and interesting features have been added this year, and there will be amusement features for all kinds of people every hour in the day and up to 11 o'clock at night. Kline's famous carnival shows will show night and day on the plazas. These shows have been the features at Dallas State Fair, the Illinois State Fair and other big attractions throughout the country, and are the best of the kind to be had. Thrilling free acts will be shown afternoon and evening on Alamo and Main Plaza. "Daredevil" Schreyer will make a death-defying dash from a height of eighty feet on a bicycle and dive into a tank of water. The Mexican Village will be open every day and evening on Haymarket Plaza and will be an interesting exhibition of Mexican customs. Band concerts and other attractions will make up a week of continuous performance throughout the week.

Railroad Rates.

Most attractive railroad rates have been granted by the terminal lines entering San Antonio for the 1914 Fiesta and they are probably more liberal than in many past years.

The usual convention rate of a fare and a third from points 99 miles or less from San Antonio, and a fare and a fifth from points beyond 99 miles, will be on sale for the entire week, beginning April 19 and running to April 25, with return limit to April 26.

Two "Three-Days Popular Excursion" rates have also been arranged, the rates being less than one fare for the round trip.
Tickets for the first of these will be on sale for night trains of April 20 and morning trains of April 21, limited to return on night trains of April 22.

Tickets for the second will be on sale for night trains of April 23 and morning trains of April 24, limited to return on night trains of April 26.

Rates for these excursions are figured on a basis of 70 per cent of one-way fares from points within 150 miles of San Antonio, and 66 2-3 per cent of one-way fares from all points beyond the 150-mile radius.

Monday, April 20.

Triumphal entry of the King of the Fiesta will take place at 7:30 p. m. His Majesty and suite will arrive at the I. & G. N. depot, where they will be met by a squadron of the cadets of the West Texas Military Academy and Peacock Military School, directors of the Fiesta Association, members of the San Antonio Automobile Club, and other automobile owners of the city. The triumphal procession will pass through the principal streets and mass on Alamo Plaza, where on a specially erected grandstand the mayor and city council will turn over to His Majesty the keys to the city, making him the ruler of Carnival Week. Afterward His Majesty will hold court at the Grand Opera House, where a Fiesta Fete, with three hundred performers, has been arranged in his honor.

Tuesday, April 21.

On Tuesday morning the visiting bands from many Texas towns and cities will arrive and parade through the streets.
At 2 p. m. the Ben Hur Patrol, Nobles of the Mystic Shrine of San Antonio, will give an interesting parade.

At 4:30 p. m. the music parade will take place, showing the history and progress of music. Beautiful synthetic floats will be in the parade. Many bands will participate.

At 5 p. m. on Alamo Plaza, the visiting bands will contest for prizes. One feature of the contest will be the playing of the contesting bands en masse the prize song of the Fiesta, "The San Antonio Swing," written by J. W. Buford.

At 8:20 p. m., at the Grand Opera House, the Fiesta Fete will be repeated.

Wednesday, April 22.

The first annual dog show of the San Antonio Kennel Club will open at 117 Main avenue. One hundred prizes, including twenty-eight silver

DARE DEVIL SCHREYER IS AN ALL-ROUND ATHLETE

At 10:30 a. m. there will be a street parade of dogs, valued at \$50,000, which are entered in the bench show.

At 2:30 p. m. the Horse Show, for the benefit of the Army Widows' and Orphans' Fund, will be given at Fort Sam Houston.

At 8 p. m. the Parade of Famous Plays will take place, this being one of the most spectacular features of the Fiesta. The parts of different characters will be taken by people well known in the social life of San Antonio and Texas.

Thursday, April 23—Homesteaders' Day.

At 4:30 p. m. the Civic and Trades Display Parade will take place. This parade will have over one hundred entries of specially built floats that will illustrate the trades and industries of San Antonio.

At 8 p. m. at the Majestic Theater, the Queen of the Year will hold her court, attended by her Maid of Honor, the Princess of the Seasons, and by the twelve Duchesses of the month. To this court will come, as visitors, the Duchesses and Maids of Honor, attended by a Knight and escorted from twenty Texas towns and cities. Celebrated court dancers will appear before Her Majesty, and a spectacular and beautiful event will be shown to the delight of the visitors. Seats on sale.

Friday, April 24.

At 4:25 p. m. the Battle of Flowers, justly the most celebrated event of the year in Texas, will be staged. Participating in this patriotic celebration will be the Governor of Texas, Her Majesty the Queen of the Year, His Majesty the King of the Fiesta, the Princesses of the Seasons, the Duchesses and their Maids of Honor, and the patriotic ladies of San Antonio in gorgeously decorated floats.

Saturday, April 25.

Traveling Men's Day will be the feature of the closing event of the Fiesta. Traveling men from all over Texas and their friends, the retail merchants, will take part in the parade at night. Fun, frolic and merry-making will mark the closing hours of the Fiesta and the week's entertainment will end in "A Night of Frolics."

GOVERNORS THINK IRRIGATION MOST IMPORTANT TOPIC

Chief Executives in Denver Confer-
ence Believe Closer Relations
Necessary.

The conference of western gov-
ernors, which will be in progress
Tuesday and Wednesday, will prob-
ably be confined to only three sub-
jects—irrigation, closer co-operation
of the western states and good
roads.

Matters pertaining to irrigation
will occupy the greater part of the
conference, for it will be the inten-
tion of Governor Ammons and the
visiting executives to formulate a
plan of definite action to be car-
ried out during the irrigation con-
ference, which will follow and which
has been called by Secretary of the
Interior Franklin K. Lane.

Governor Ammons received word
yesterday that Elwood Mead, ir-
rigation expert for the Australian gov-
ernment, was coming to attend the
irrigation conference. Mr. Mead was
formerly associated with the United
States Reclamation service and is
one of the best known irrigation ex-
perts in the world.

The banquet to the visiting gov-
ernors and government officials will
be held in the Brown hotel Wed-
nesday evening and will be the chief
social event of the conference. Those
who will speak at the dinner will
be Governor Joseph M. Carey of
Wyoming, Governor Samuel V. Ste-
wart of Montana, Governor William
Spry of Utah, A. A. Jones, first as-
sistant secretary of the interior, and
Clay Tallman of Nevada, commis-
sioner of the general land office.

A Painless Headache.

Is there such a thing as painless head-
ache, painless neuralgia, or painless rheu-
matism? Hunt's Lightning Oil will make
the pain go away and the suffering cease.
That's why Hunt's Lightning Oil is so
popular and praised so much. Ask your
druggist.

TOBACCO HABIT

Conquered
Dr. J. C. McEvoy's health,
service work, heart trouble, cold, influenza, etc.
Gala leaving vigor, fine nerves, better sleep.
Chloroform, superior medical remedy. Banned

opium, no morphine. If you have any of these
illnesses, please, get our "Hunt's Lightning Oil".
It has been found to be the most powerful
remedy for all these ailments. It is a
perfectly safe, and most effective, and
should be kept in every home. EDW. J. WOODS,
234 8th Avenue, 1233 A. New York, N. Y.

HEAT-PRODUCING FOODS NOT NEEDED

Need to Quicken Liver—Fruits
and Vegetables Should be Used Plenti-
fully—Woman Specially Recommends Spinach.

"Once again the season of the
year has come when we need to
make a radical change in our diet,"
a woman writes. "It has occurred
to me that the wise fathers of the
church had as much thought for the
physical welfare of their people as
for their spiritual well being when
they appointed a time of the year
for the observance of a fast, which is
really a change of food.

"It is to be hoped that during
Lent we are all refraining from eat-
ing the heavy, heat-producing foods
and that we have turned to those
which contain less fat, and, in fact,
eat less of all kinds of food. Those
foods which were perfectly legiti-
mate to eat when we needed to
fortify ourselves against the cold
and to supply energy for resisting
the cold, we are much better off
without until the winter season
comes again.

"If, instead of trying to spur the
lagging appetite with tonics and
spring bitters, we need the warm-
ing and consumed less food, we
would be much wiser.

"The liver, after a winter's work,
needs quickening, so it is best to
use plentifully the fruits and vege-
tables that spur the sluggish liver
into action. The resulting clear
complexion and energetic feeling
from the eating of these foods repay
one for cultivating a fondness for
them, if this has to be done.

"Spinach is one of the best vege-
tables for this purpose. To prepare
it for cooking, first cut off the roots
and remove any wilted or discolored
leaves, then wash thoroughly in
plenty of lukewarm water and rinse
in fresh water until there is not a
trace of sand left in the water.

"When the spinach is young and
tender there is no need of adding
water to cook it in. It has a fine
flavor when cooked in its own
juices and less of the mineral salts
is lost, which makes spinach so val-
uable as a food. When cooked with-
out water, let it heat gradually, and
when it begins to boil add a tea-
spoonful of salt and let it boil for
ten minutes. Turn it into a colander
to drain, pour cold water over it and

spoonful of salt and let it boil for
ten minutes. Turn it into a colander
to drain, pour cold water over it
and let it drain again; rinsing
it with cold water gives it a bet-
ter color. Mince it and return to
the kettle; add a generous piece of
butter, or, if the flavor is liked
use bacon fat.

"If spinach is old it should be
cooked in water, using one quart to
half a peck of spinach. The large-
leaved, curly variety is also better
cooked in water. It also needs long-
er cooking than the small-leaved
variety and should cook twenty min-
utes to a half hour. The essential
point in cooking spinach is not to
overcook it, thereby making it an
unattractive mass, which neither ap-
peals to the sense of sight nor taste.
Spinach left over from a meal can
be pressed into small cups or indi-
vidual molds, and, when cold, served
as a salad. Placed on a lettuce leaf
and garnished with a slice of hard-
boiled egg, it is very attractive in
its combination of greens and the
yellow and white of an egg.

"Spinach is also delightful made
into a puree according to the follow-
ing recipe: Cook one-half peck of
spinach in one quart of water for
half an hour. Drain the water into
another kettle; chop the spinach fine
and rub through a strainer; add to
the water and bring to a boil. Melt
two tablespoonfuls of butter, blend
it with two tablespoonfuls of flour
and add to the boiling spinach; stir
until it thickens; cook five minutes.
Add one pint of hot milk and serve."

\$250,000 IS ASKED IN SUIT OF WIFE AGAINST AFFINITY

Amount Equals Stock Given Women
by Husband Who Was Denied
Divorce.

BOISE, IDAHO, April 14.—Helen
Clegg Winters, of Dayton, Ohio, has
started suit against Mrs. Susan H.
Darst, also of that city, for \$250,000
for the alienation of her husband's
affections and the outgrowth of a
sensational divorce suit instituted by
Valentine Winters, a leading trac-
tion magnate of Dayton, several
years ago.

In this suit Mrs. Winters was suc-
cessful. She opposed her husband's
application for separation for reli-
gious reasons, and Judge Fremont
Wood, then on the district court
bench, denied the suit and scored

WEATHER RECORDS ARE BROKEN IN SOUTH

for official thermometers.

In New Orleans straw hats and
spring finery were replaced with
winter overcoats. Throughout the
South Atlantic and Gulf States heavy
damage to fruits and early crops
was feared. A 30-degree drop in a
few hours was recorded as far south
as Greenville, S. C., breaking the
April records of several years. Fruit
trees in blossom were caught in the
sapping frosts. April snow in Rich-
mond was recorded for the first
time since the Spanish war.

The weather bureau predicted
heavy frosts as far as Northern Flor-
ida tonight and cold weather nearly
everywhere east of the Rocky moun-
tains.

Partial recovery by Friday except
on the Atlantic Coast was predicted.

Winters for his actions.

Mrs. Darst figured prominently in
the hearing on Winters' application.
She now declares that Mrs. Winters
is bringing suit against her for ex-
actly the same amount of stocks given
her by Winters. Of Mrs. Darst,
Winters said:

"If I cannot marry the woman I
love, life has no happiness and death
will be welcome."

During the hearing testimony was
given to show that he loved her bet-
ter than father, mother, children

That Road Bond Issue.

May 30th a \$25,000 road bond issue is to be voted upon by the citizens of this precinct. Is it advisable to vote for this measure? Can Precinct No. 1 comfortably pay the additional taxation incurred by such bond issue? For what purpose is this issue brought forward? Our answers to all queries is in asking another: Can Precinct No. 1 afford not to carry this measure?

We have ever taken the stand that good roads make good citizens—that they make communities prosperous, happy and contented, that they reduce the cost of hauling a very great percent. One authority on road improvement for the U. S. holds that improvement on roads adds \$10,000 per mile to contiguous property. This we know for ourselves, however, that the value increase is indeed very great. Poor highways lessen the profit of labor; increase the cost of living; burden the enterprise of the people; dull the morality of our citizenship and held down the educational advancement of our country. Economists preach conservation of our resources, social activities in our rural districts, scientific farming and better marketing facilities, but none of these can be fully realized until there is a very material improvement upon our public highways.

The Commercial club, the local paper and the enthusiastic boosters of town and country may wax eloquent and exhaust the dictionary's store of epithets about "Grand old Kimble Climes" and Junction "the beautiful little metropolis of the Llanos," and invite prospectors and visitors to come here and investigate; but when the prospector and visitors run their cars or vehicles into our town over roads that are bad and river crossings that are worse they are not in gay humor or position to view even with fairness the advantages we have to offer. We are wasting time inviting such movements as the Colorado-to-Gulf Highway, with roads and crossings in such discreditable condition. When prospectors, summer tourists and traveler's come here and find some stretches of roads as well as river crossings almost impassible, and away they go to "spread the news" wherever they go, which reports are too often exaggerated, where's the profit to us?

With roads and river crossings in such a condition, which often prevents the farmer and ranchman bringing their produce here and buying our goods where's the profit in refusing to vote bonds which will eliminate such conditions?

It is the essence of false economy to continue to allow such conditions to prevail when the remedy is so ready by the use of which we may increase our trade, build up our town, reduce the high cost of living and render traveling a pride and a joy. Road improvement is a monument to the enterprise of any community.

The man who trods his beaten path continually will eventually make a rut for himself, the community that permits her people to mire in the mud, will drop behind educationally, morally and commercially. Improved highways mean improved people, from every standpoint.

The bond issue opponent will meet us with the argument that we cannot afford it. That which we cannot afford is unnecessary expense; road improvement is not an expense, it is an investment. The road improvement dollar is like the advertising dollar, it is an investment, a first-class investment which produces results just as surely as the light of morning follows the night. Let us see. The man with \$10,000 would be required by this issue to pay an increase of tax of about \$20 per year. How many \$10,000 men have we in Precinct No. 1? To how many

It's At Joseph's Store.

That Goods You Want—? What?—That Goods You Want

New goods are arriving every day. And you can get more of them for your money than any other place you ever saw. Our stock will stand the test. Come in and see for yourself. Boy's Suits. Men's Summer Suits. Children's Dresses. Quite a number of lovely summer parasols for ladies. Men's Straw Hats. Mexican Straw Hats. Full line Children's Straw Hats. More hat for less money than you ever saw before.

Improve the appearance of the interior of that home of yours with our pretty Linoleums. New Idea Patterns are nicer patterns. Change every month. Latest styles. Price only 10c. Mary Jane Shoes. Tango Pumps.

Going To Take a Trip This Summer?

If so you will perhaps need a new trunk or suitcase. We have an excellent line of the very kind you want and the prices are real low.

Our doors always stand with a big wide open welcome. We're always glad to see you whether you want anything or not. Visit us when you come to town.

Sometime when you need something and can't come in for it phone us at our expense. We'll get it to you as quickly as possible.

THE "GRAND LEADER", PHILIP JOSEPH, Proprietor.

"Prices Talk."

of these would not the resultant improvement be worth more than \$20 per year? The man worth \$5000 would have a tax increase of about \$10 per year. How many \$5000 men have we in Precinct No. 1? To how many of these would not the resultant improvement be worth more than \$10 per year? Other values in proportion. Bad roads are taxes upon all and they place appalling limitation upon business and social life. One reliable authority says, "the mud tax on every man, woman and child in the United States is about \$12, but it is indirect and they don't see it in figures on a tax receipt."

This indirect tax is more drastic than an internal revenue or tariff tax that was ever imposed.

If this bond issue carries, the work will be placed under the management of an expert who will make every dollar count and give us value received on the expenditure. Good crossings will be made on the rivers near town and road improvement will be made in the right way.

In our judgment the bond issue is the most adequate, the most effective, the most inexpensive, the most permanent method of securing these improvements.

Vote for the bond issue.
Boost for the bond issue.

Graduating Class Does Good Work.

Eight months work in the Junction Public School has just been completed and it is said that our school has done some excellent work this year under the proficient management of Prof. C. O. Britt and his capable assistants. The graduating class has worked faithfully and well and show some very commendable grades. Some of the members of this class have from first to last warmly contested with each other for the class honors. Two in particular whose grades have been so near the same that it was with some difficulty the careful principal could determine just how the class honors should be awarded. These young ladies are Miss Agnes Jarvis and Miss Georgia Jarvis, two cousins, whose grades have throughout the entire eight months never varied but very few points, and more often the difference was expressed in some small fraction. A general average for the term to date shows the following grades: Miss Agnes Jarvis, 92 and the fraction one hundred forty-nine one hundred sixty-eight; Miss Georgia Jarvis, 92 and the fraction nineteen twenty-fourths; a difference of only two twenty firsts. Miss Agnes will have the valedictory honor and Miss Georgia the salutatory. Miss Lillian Randolph comes next, with a grade of 90 and the fraction sixteen twenty-fifths. The Junction School closes May 15.

Let Thursday, April 30th be clean-up day on YOUR premises.

Miss Linnie Cox who has been teaching at the J. W. Smith ranch passed through town Friday enroute to her home at Junction. She was accompanied by Miss Ida Smith and Mr. Johnie Smith.—Rock Springs Rustler Standard.

LOST.

Lost in Junction Saturday April 15th, a purse containing some money. Can give description and reasonable reward to one returning purse to
Oren C. Reid.

It's fly breeding time; you know where they breed. Clean-up, remove the cause of the fly-pest; use plenty of lime, it's cheap. One clean-up-swat now is worth a dozen fly-swats after awhile. Thursday April 30th is Clean-Day.

Ah, Cheer Up!

That New Era editor at Sonora needs a spring tonic—unless—no, we can't believe the blame is on the Sonora atmosphere. But, honest, the man's pessimistic view makes us weep. Some weeks ago we remarked in this column about how good it makes us feel to live in Kimble Climes when we read about the chilling blizzards of the north. After losing several nights sleep over what we said the New Era man "takes his pen in hand" to dash off a brilliant (?) editorial reply, and he proceeds to call the attention of the people to the fact that cold rains sometimes come and kill fresh-sheared goats in this section, and bids the public never forget that fact. Having once had the experience of losing a few hundred goats in just that way ourselves we rise to remark that we are all well aware that cold sometimes does damage in the sunny southwest—yes even in Kimble Climes. But such weather seldom comes. And if we had a freeze here every day and we couldn't find anything better in our country to boast about we'd dole on the quality of the ice or of the advantages of a "cool, exhilarant" climate over that of the "suffocating" torrid zone. Should we by some awful mistake on the part of St. Peter be sent down to spend our hereafter in the burning below we won't be there twenty minutes till we'll get a bunch of the most enthusiastic little devils to help us get out a booster edition of the Hades Herald challenging anyone, anywhere, to show us a hotter place than that. Who wants to dwell on the unpleasant points of their country? Besides, such pessimistic porridge doesn't look good to the outside prospector. Grim and boost, blame you, grin and boost!

It costs \$800,000 to haul the Texas cotton crop one mile.

Junction Ice and Electric Co.

Please consider well our two claims for the Electric System of lighting.

First: That we can furnish you with the very best light known for any home.

Second: That on account of some wonderful improvements we can install them complete and give you the service for about one-third the present cost of other available lighting systems.

DIGNITY OF SENATE SMASHED AS RULE OF SECRECY ENDS

Ten Senators Declare They Will Tell
Proceedings of the Closed
Sessions.

Resolution Submitted—Open Meet-
ings Are Called For; No Attempt
to Punish "Rebels" To Be Made.

WASHINGTON, April 14.—Open
war was declared in the United
States Senate today against the time-
honored rule of secrecy relating to
proceedings in executive sessions.

Following the defiance expressed
by several senators in closed ses-
sion on Friday, against suppressing
debate on the confirmation of Win-
throp W. Daniels of New Jersey as a
member of the interstate commerce
commission, actual hostilities began
when Senator Kenyon of Iowa intro-
duced a resolution to provide for
open sessions on all matters except
treaties, unless otherwise directed
by the unanimous consent of the
senate.

It was submitted with the back-
ing of Senators LaFollette, Cummins,
Gronna, Borah, Clapp, Jones, Bris-
tow, Norris and Poinsett, who
propose, as they gave notice on Fri-
day, to discuss freely executive ses-
sion debates on the qualifications
of nominees for public office when-
ever they feel that the public should
be informed regarding them.

These senators were united today
in the anti-secrecy campaign and all
assert themselves without fear of
any attempt being made to unsettle
them on the ground that they are
violating the oath of office.

Even senators who adhere to the
most strict interpretation of the sen-
ate rules admitted that the senate
could not punish members who dis-
close information relating to presi-
dential nominations, agreeing that
observance of secrecy was a matter
of appealing to the individual con-
science.

Administration leaders and Repub-
lican senators who have long cher-
ished the dignity of senate procedure,
expressed the view today that no ac-
tion would be taken at this session
of congress at least.

Confirmation of Daniels as a mem-
ber of the interstate commerce com-
mission, after a notifiable three days'
senate fight, was followed today by
the revelation that Daniels asked
President Wilson to withdraw his
name and thus stop the contest,
which he believed to be embarrass-
ing the president, and that Wilson
refused.

Risked His Life in Leap for

PRESIDENT INVITED TO COME TO DALLAS

ASKED TO MAKE PRESENTATION
SPEECH BY UNIVERSITY.

Other Citizens Also Send Telegram
Urging Acceptance of
Invitation.

DALLAS, Tex., April 14.—Presi-
dent Woodrow Wilson may be a Dal-
las visitor during the latter part of
June, an invitation having been ex-
tended to the Chief Executive of the
Nation to deliver the presentation
address of Dallas hall to the South-
ern Methodist University while he is
in Texas the week of June 21-26,
to attend the National convention of
the Rotarians.

Yesterday morning this telegram
was sent to President Wilson by
President S. Hyer of the university
and the trustees:

"Dallas is ready to present the
Southern Methodist University a
building costing \$200,000, the most
beautiful building this side of
Washington. The Mayor, the Chamber
of Commerce and the board of
trustees invite you to make the pre-
sentation address during your Texas
visit. There are 300,000 Methodists
in Texas, and each congregation will
have a delegated representative
present."

Later in the day the following
telegram was sent by a number of
prominent Dallas citizens:

"Knowing your interest in all mat-
ters pertaining to the advancement
of education and learning, your in-
tention to visit Houston some time
next June, we, the undersigned, in
connection with the president and
trustees of the new Methodist Uni-
versity, which will be ready by this
time—and it is one of the finest
buildings outside of Washington,
costing \$300,000—desire you to be
present on that occasion and to
make the presentation address. We
implore you to grant this request
and we know you will have no re-
gret, as you will know the hospi-
tality of 'Grand Old Texas' and Dal-
las city especially."

This telegram was signed by Hon.
Cullen F. Thomas, Pat O'Keefe, Gen.
M. M. Crane, Hon. Thomas B. Love,
former Mayor S. J. Hay, J. Howard
Ardrey, John C. Robinson and others.

Simultaneously, telegrams were
dispatched to Dallas people now in
Washington, Senator Sheppard and
Congressman Sumner, asking them
to urge the President to attend the
ceremonies and make the address.

UNITED STATES TO PAY COLOMBIA \$25,000,000

This Is Indemnity Fixed by Treaty
Just Signed at Bogota.

WASHINGTON, April 14.—Undis-
guised gratification was felt by ad-
ministration officials here today at
the prospect of finally healing the
breach between the United States
and Colombia through the treaty
signed at Bogota yesterday. If this
convention is ratified by the two
countries, as officials are confident
it will be, it will close amicably a
bitter controversy, brought on by
the secession of Panama in 1903 and
the granting to the United States
the Canal Zone and which the
Washington government has felt
handicapped it in its relations with
all Latin-America. Substantial de-
tails of the treaty became known
here today.

The principal article provides for
the payment to Colombia of \$25,-
000,000 six months after ratifica-
tions have been exchanged between
the two countries, as indemnity for
the losses she has sustained. This
is granted in a lump sum, and the
treaty does not attempt to specify
how much of this amount is in re-
paration for the loss of Panama or
how much for the loss of the Pan-
ama railway rights.

Colombia is granted the right to
ship coal, salt and petroleum from
her Atlantic to her Pacific ports
either through the canal or across
the Panama railway without any
charge other than the cost of
freight, no duty being assessed.
These articles are not produced
along the Pacific side of the coun-
try and mountains prevent easy
communication overland through Co-
lombia.

A third article fixes the bound-
ary line between Colombia and Panama
and restores to the latter a strip of
territory which has been claimed by
Panama. This line is the same as
that which was provided in the Cor-
tez-Arosemena treaty between Co-
lombia and Panama, one of the tri-
partite treaties never ratified by Co-
lombia, except that it fixes definitely
the point on the Pacific coast be-
tween where the boundary termi-
nates, which is to be midway between
Points Cocallita and Arditia. The
former treaty left this point to be
settled by a tribunal of arbitration
to be appointed. A treaty, however,
between Colombia and Panama will
be necessary before the boundary
settlement is final. The United
States agrees to use its office with
Panama in the matter.

Another article expresses the hope
that friendly relations between the
United States and Colombia may
continue from this time forward.

OBSERVANCE OF PEACE DAY URGED BY BROOKS

TEXAS VICE PRESIDENT OF SO-
CIETY ISSUES STATEMENT.

May 18 Is the Date Set by Organi-
zation for International Celebra-
tion of Movement.

WACO, Tex., April 14.—Dr. S. P.
Brooks, president of Baylor Uni-
versity and vice president for Texas of
the American Peace Society, has
issued the following plea for the
observance of International Peace
Day, May 18:

"May 18 of each year is the day
set apart the world over for the pro-
motion of good fellowship among all
men. More and more it is being
recognized.

"In behalf of this movement, with-
out committing anybody to any given
line of approach, it is suggested
that all preachers of all denomina-
tions preach on this theme the Sun-
day of May 17. It is certainly in
harmony with the spirit of him who
sought to change implements of war
fare into the tools of peaceful avoca-
tion.

"If any preacher doubts his ability
to originate fresh material for a
sermon, he may write Rev. Charles
S. MacFarland, secretary of the Fed-
eral Council of the Church in Ameri-
ca, 105 East Twenty-second street,
New York. Free literature on the
subject will be sent to him.

"It is also urged that every su-
perintendent and principal of a
school, public or private, in Texas
should set forth on Monday, May
18, some sort of patriotic service
looking to the spread of the gospel
of peace. If some one thinks that
there is no patriotism without
blood, let him think of the heroism
of the woman that stays behind, of
the farmer that grows food, of the
factory hand that transforms the
raw material. Can the teachers not
see the moral equivalent of the arts
of peace to that of the heroics of
war? Is the step of the militiaman
any more symmetrical than that of
the plowman in the field?

"If teachers doubt their ability
to prepare programs on this subject,
they may write to Mrs. Fannie Fern
Andrews, secretary of the American
School of Peace League, Boston,
Mass. She will send them free lit-
erature.

"It is presumed that everybody
wants peace, though we may differ
as to how to get it. However, let
us freely discuss the subject before
the churches and schools to the end
that young people may learn that
war is not alone the path to glory
and renown.

"Appreciation is here expressed
for any part the newspapers may
take in this matter."

SAYS HE HAS REMEDY FOR TUBERCULOSIS

**CHEMIST DECLARES SULPHUR-
OUS FUMES IS AN EFFECT-
IVE TREATMENT.**

CINCINNATI, Ohio, April 14.—Noted chemists from all parts of the United States sat spell bound this afternoon during an address delivered by Dr. Edward Gudeman, a Chicago chemist, during which he made a preliminary announcement of what he declares to be effective treatment of tuberculosis in its earlier stages. The announcement was made before the gathering of the American Chemical Society, which is meeting here in annual session.

He declared that the remedy was inhaling of sulphurous acid. Sulphurous acid consists of the fumes of burning sulphur. A dime's worth of sulphur, he said, is all that is necessary for a treatment. Dr. Gudeman intimated that there would be a later announcement in which the actual results would be reported.

In making his announcement, Dr. Gudeman said:

"I predict tuberculosis, if not advanced beyond the first three stages, may be cured by direct chemical treatment within a reasonable time. I am making this as a preliminary announcement."

Later, in a public discussion of Gudeman's paper, he was asked by one of the convention delegates to give further details and he said:

No Substance Will Cure.
"The government health bureau recently issued a paper in which it is declared that there isn't a product now on sale as cure for tuberculosis that is such a cure. That is true, but there is a substance, which if used correctly, will, according to the evidence of vital statistics, prove very effective. This substance is sulphurous acid gas. The treatment can be given through inhalation."

"There are several cases to my knowledge where it has been a cure. It is the only gas that has the property of penetrating intercellular tissues. It is a well known fact that there is very little tuberculosis in the vicinity of sulphuric acid factories."

"At first, the treatment is very disagreeable. It makes you cough and sneeze."

Dr. Gudeman said this treatment can be applied by any one in his own home at a very little expense, the frequency of the treatment depending on the needs of a patient. The speaker declared that, while the sulphurous acid treatment was going on, the patient should keep up fresh air and pure food treatment.

Dr. Edward C. Baskerville, professor of chemistry at John Hopkins University, said he was familiar with the sulphurous acid gas treatment for tuberculosis which was discussed at the morning session by Prof. Gudeman. The cases of two men who were in the last stages of tuberculosis, and were placed in a factory in the south many years ago, were told of. The factory was notable for the sulphurous fumes that filled it and the two men were experimented upon remained there until they showed signs of improvement. They are alive and healthy today.

STARS ATTORNEY
WHO PROSECUTES HIM

SAN DIEGO, Cal., April 14.—Riotous scenes attending the closing of the murder trial of Paul Aubain, aged 40, in the Superior court here this afternoon, when the prisoner, immediately after being pronounced guilty by the jury, leaped over a railing and stabbed Assistant District Attorney Dempster McKee with an improvised weapon fashioned from a spoon. The weapon struck a glancing blow on the shoulder blade, sinking an inch in the flesh. Spectators overpowered Aubain. More than fifty Italians, friends of the alleged murder victim, rushed for the assailant, and it required the combined efforts of court attendants and attorneys to protect the prisoner.

A squad of policemen succeeded in getting Aubain out of the court room. At the door the rioters, reinforced by a dozen or more Italian women, made another rush for him, the women fighting madly to get at the prisoner. One woman, wife of an Italian for whose murder Aubain was tried, fought and scratched her way within a few feet of the frightened man, screaming that she would scratch his eyes out. Two policemen caught her.

LOVE IGNORES BIRTH- PLACES SAYS HILLIARD

Star of "The Argyle Case" Declares Antecedents Have No Bearing on Happiness.

"Would you marry the daughter of a woman disgraced?" asks Mrs. Martin, the queen of the counterfeits, in "The Argyle Case." "I would marry your daughter if she'd come to me," vigorously replies Asche Kayton, the detective who had caused the mother's arrest after she refused to make her "get-away."

The speech causes one of the numerous thrills in the detective play. Some good people are a little shocked, but that Harriet Ford, the dramatist, understands human nature, is affirmed by the Rev. George J. Fisher, a member of the international committee of the Y. M. C. A. In a recent talk on eugenics.

"The typical American man, with the square shoulders and the firm chin is just that way," declared the speaker. "He is the sort who says: 'When I meet the right woman, I don't care if her father was a second-story man and her mother a pickpocket. I'll ask her the big question.'"

"As a matter of fact, says Robert Hilliard, who plays Kayton in "The Argyle Case," "love doesn't waste time in raking up the ashes of a dead past. Nor does heredity cut much figure in many a happy marriage. There is a lot of nonsense about the sins of the father and the inheritance of moral obliquity."

"The clergyman's son may turn out to be the town drunkard; the town drunkard's son may grow up to be a doctor of divinity. The president of a theological seminary in the middle west is the son of a village well digger, unable to read or write, who was buried alive through his own drunken negligence."

"Many a good wife and mother was born in the slums with the worst possible antecedents. There is nothing inconsistent in Asche Kayton's attitude. He is a detective who read character at a glance. He knows a pure, good girl when he sees one. In clearing Mary from unjust suspicion of the Argyle murder he falls in love with her. He is the positive, independent sort of man who doesn't care a continental how many counterfeiting schemes her mother was mixed up in."

\$50,000 TO WORKMAN
WHO LOST BOTH EYES

NEW YORK, April 4.—A verdict awarding \$50,000 to Matt Kurkulis for the loss of both his eyes was returned today in the United States district court in Brooklyn against the Delaware, Lackawanna and Western railroad.

This is said to be the largest verdict ever rendered in this state for an injured workman.
Kurkulis was working in the railroad company's Pettibone coal mine at Luzerne, Pa., when he was injured by the explosion of a ship of a fuse in a powder hole.

FLAG IS SIGNAL—NICE IS
MET—25 YEARS APART

DENVER, Colo., April 14.—With a British flag flying from the lapel of her coat, Miss B. Langenberg, bound for Denver from Adelaide, Australia, dropped anchor in the union station last night. Her colors were described, and she was hailed by her uncle, John Langenberg, of 1441 Blake street, who likewise had hoisted the Union Jack.

The two had never met. The uncle had left Australia twenty-five years ago. But the flags saved them. The two "drifting ships" were brought together and fell into one another's arms. Each waved a Union Jack as the signal for "who I am."

THREE CREIGHTON GIRLS
Merry Maids of Melody

AT THE MAJESTIC
San Antonio
Week of April 19th

Manager Raymond makes the following announcement for the week's program at the Majestic Theatre.

Musical, pantomime, comedy, songs and dances will all be featured on this week's bill at the Majestic. A well balanced program of feature acts is promised.

From Central America come the Chalahoo Guatemalans, six musical southerners with their wonderful marimba, a musical instrument nine feet long. Strikingly marked in their native costumes introducing the dances peculiar to their country, and drawing from their unusual instrument the sweet strains of music peculiar to the tropics, the act is expected to prove pleasing.

Marshall Montgomery, a ventriloquist, is said to have projected his voice to unlooked for and surprising places. He is said to be witty and to have a charming personality. His stuff is said to be new and to have the added attraction of being absolutely original and novel.

The Lawn Party.
With ten people in the cast, "The Lawn Party," a breezy little comedy presented by H. Bart McHugh's little players, will be offered for approval of Majestic patrons. Coming direct from the Keith theater in Boston, where their characterizations of David Warfield, Lillian Russell, Enrico Caruso, George Cohan and other stage celebrities won for them praise from the press and the public, much is to be expected in the entertainment line from them here.

William J. Dooley, principal comedian, is well known to the American stage. He is cast for a fun-making part in this miniature musical comedy.

Max Weily and Melissa Ten Eyck will appear in "The Gambol of the Gods," a dancing act, said to be beautifully staged and presenting four great dance numbers. One of these, founded upon a legend, and about which critics have been liberal indeed with praise, interprets the story that Pygmalion, the sculptor, dreams that his masterpiece, a statue of Galatea, comes to life. He dances with her through the mazes of a beautiful measure, becomes her ardent suitor, but is commanded to return to his work, and she becomes again the marble from which the ardent sculptor receives inspiration. Other dances are also interpreted.

Capital City Four.
Some real harmony and a few hearty laughs are promised by the Capital City Four, a quartette of vocalists who render popular and old-time song numbers.

LaToy Brothers.
The LaToy Brothers present an acrobatic novelty act entitled "Essence of Old Virginia."

The Three Creighton Girls are billed as Merry Maids of Melody. It is said that they made a recent hit at the Majestic Theater in Chicago and made successful appearances in many of the largest theaters in the country.

Petition of T. S. Batland and 62 other qualified tax payers of Precinct No. 1, Kimble Co., for an election to determine whether or not road bonds shall be issued to amount of \$25,000 in Precinct No. 1. Petition granted and election ordered to be held May 26, 1914.

Are you getting ready for that 100,000 vote offer?

Alex. J. Hamer Co.

The financing of road maintenance is as important as the financing of its construction.

One thing is to secure good roads; another, to keep them.

Easter School Picnic.

Saturday April 11, 1914, most of the people of the Coperas community laid aside dull care and donned their "glad-rags" and with a joyous holiday feeling they came:

Down the road with laughter and shout—glad in the freedom "school let out."

For those present who were not school children on that particular day, had been such in days gone by and knew how to make the most of a holiday.

This picnic was no exception to the rule, "eat, drink and be merry."

The feast was spread on the Limpid Llano in a beautiful sunshiny spot. All the girls who failed to use "tan no more" can vouch for the veracity of the foregoing statement.

The picnic hampers were well filled when brought to the table. Need it not be stated that they were well emptied when taken from the table? Yes, we had good things to eat; for drink we had the cool, pure, refreshing and thirst quenching Llano water. Nothing could be better. For is not water the elixir of life?

After the remains of the feast were cleared away quite an interesting program was rendered by the several school children and Misses Nell Simon and Vera Walker and Mr. Dunk. F. H. Dunk (school boy in days long past) closed the exercises by saying the "old timey" and still true "speech." "Hickory tea and mulberry leaves, all school teachers are hard to please."

The next thing to do was to hunt the "rabbit eggs." The "old children" expressed the wish:

"Backward turn backward out time on our way."

And make me a child just for to-day."

In this case as in many others "actions speak louder than words," and all joined in the "egg hunt."

One of the "Older Children."

Callentine--Bode.

A simple but beautiful home wedding was solemnized at the home of Mr. Fritz Bode April 9th at 7:30 P. M. when his daughter Miss Nellie was given in marriage to Mr. C. H. Callentine of Rock Springs, Texas.

While Mr. Ray Bierschwaile played the march the bride leaning on the arm of the groom came in and took their stand before the officiating minister, Rev. Gamenthaler who spoke the beautiful words that made them man and wife.

The bride is one of Kimble County's most beloved characters and she leaves a host of friends who wish her a long and happy life. The groom is a ranchman in Edwards Co.

Mr. and Mrs. Callentine left this morning April 10th, for Hackberry, in Edwards Co., where they will make their future home.—Harper Herald.

Prohibition in U. S. Navy.

Old Colonel Booz is given another black eye. Absolute prohibition will prevail in the U. S. Navy after July 1st next. A sweeping order has just been made public by Secretary Daniels which will not only abolish the traditional "wine mess" of the officers, but will bar all alcoholic liquors from every ship and shore station of the nation. In commenting on the situation Secretary Daniels said:

"Officers now are commissioned at the early age of 22 years. Has the government a right to permit this temptation, which so often destroys the highest usefulness of young officers? I think not. If there is one profession more than any other that calls for a clear head and a steady hand, it is the naval profession. Experience has shown the wisdom of having no intoxicants on our ships for the young men who enlist. I believe experience has demonstrated that a uniform rule should prevail in the navy for all who enlist in the service, from the highest rank to the youngest enlisted man or officer who comes into the service, and that abolition of the wine mess will be justified."

Keep Good roads good with a good road drug.

Good roads and good streets are the beacon lights that attract attention for the country and the town.

Strengthens Weak and Tired Women.

"I was under a great strain nursing a relative through three months' sickness," writes Mrs. J. C. Van De Sande, of Kirkland, Ill., and "Electric Bitters kept me from breaking down. I will never be without it." Do you feel tired and worn out? No appetite and food won't digest? It isn't the spring weather. You need Electric Bitters. Start a month's treatment today; nothing better for stomach, liver and kidneys. The great spring tonic. Relief or money back. 50c. and \$1.00, at your Druggist.

DON'T LET CONSTIPATION RUIN YOUR HEALTH.

It Deadens the Brain and Weakens the Body. Nature Needs Real and Harmless Aid to Overcome it.

Nature does its best to fight constipation and its evil effects. She fights to the last atom of her strength, but usually she has to have assistance.

To avoid the sluggish brain and weakened body, the sick headache, coated tongue and biliousness, it is unwise to use unpleasant cathartics, a medicine so strong that it leaves most people "all knocked out." Don't take chances with your health.

A great number of people have learned that Dodson's Liver Tonic (50c) makes one brighter, healthier and happier in a perfectly easy and natural way, with no pain nor gripe and no bad after effects. J. A. Heyman sells it, and he guarantees it without condition and will refund purchase price if you are not entirely satisfied. Dodson's Liver Tonic is an absolutely safe, pleasant taking vegetable liquid and a wonderful liver stimulant which takes the place of calomel, but be sure you get Dodson's.

20 lbs of Fine Granulated Sugar for \$1.00. 1000 votes with every dollars worth Monday Tuesday and Wednesday.
