l men want to succeed, but e want to so much that they illing to work for it.

Corner Drug In New Home

George McClarty has moved his Corner Drug Store to its new home on East 3rd Street, next door to Alexander Service Station.

The task of moving began last week. Articles were taken from the shelves of the old store, boxed and moved to the new store, where they were put in new display cases and shelves. With lots of expert help, the job went off without a hitch.

The new store is the very latest in design and appointments. Following the trend of most new drug stores, the prescription department has been moved to the front of the building. The fountain is located at the rear of the structure.

When the new building was planned, parking space was provided at the rear just off the alley. A large, sheltered walkway between the buildings leads to the front entrance.

Burk School Gets Federal Aid Funds

The Office of Education announced Wednesday federal allocations totaling $3,312,593 to help build or expand schools in 33 communities in 15 states.

Increased enrollments in the affected areas have resulted chiefly from an influx of families connected with federal projects and installations.

Allocations include these Texas projects:

The Burkburnett Independent School District, $70,000; Smithfield Independent School District, $16,000; North East Independent School District, San Antonio, $188,145.

Burk Team Wins Holliday Tourney

Alexander Insurance Agency of Burkburnett beat Sheppard AFB's 3757th Squadron, 62-54, for the championship of the Holliday independent basketball tournament Saturday night.

Earlier, the Alexander team downed Holliday 62-53, and Sheppard edged Electra 64-59.

In consolation finals, First National Bank of Wichita Falls beat Seymour, 62-43.

Area Boy Scouts Reported to Gov. Daniel In Austin

On Saturday morning, February 9th, Boy Scouts from all over the state of Texas made their annual report to the Governor. Six boys from the Northwest Texas Council participated in the ceremonies, including Truett Fillman of Electra, who represented the Comanche District, of which Burkburnett is a part.

The boys were taken to Austin for these ceremonies by Hal Mabry, Jr., former Burkburnett boy who is now a District Scout Executive for the Northwest Texas Council and lives at Seymour.

Mr .and Mrs. John Rigby spent Saturday and Sunday visiting in Grandview, with Mrs. Rigby's mother, Mrs. W. T. Williams and sister, Mr. and Mrs. W. A. Schreiber and in Dallas with their son, Mr. and Mrs. John H Rigby, Jr. and children.

Contractor Guarantees Completion of Water Improvement Project By June 1st This Year

Bids on the Water Department improvement program for the City were opened last week. The major contract, in the amount of $229,984.00 was awarded to the Enix Construction Company of Amarillo, Tex.

An order for materials was placed immediately and actual work has already begun. The company has a completion date of June 1, 1957. They guarantee they will be finished on or before the completion date, with plenty of water in the mains.

This project calls for a sixteen inch line from the pumping station to the large water tower. Twelve inch gathering line from wells to the filtering and pumping plant. New pumps and motors and control panels.

Additional land and water rights have been purchased east of the Prescott farm, near the Boy Scout Reservation. Three wells, better than any already in production, have been drilled. Many others will be ready to furnish water for use this summer.

Slight Increase in Water Rates

City Commissioners have inaugurated a new water rate schedule. It will increase the monthly bill of those using 5,000 to 6,000 gallons per mo. The new schedule follows:

1st 1000 gallons $2.00, which is the minimum charge.

Next 1000 gals. $1.00; next 3000 gals. 75c; next 5000 gals. 40c; and all excess at 30c per 1000 gallons.

Comanche District Scout Leaders Meet Here February 20th

Boy Scout leaders, committeemen, and District committee members of the Comanche District will conduct their monthly Roundtable meeting on Wednesday night, February 20th, at 7:30 in the Burkburnett American Legion Hall.

All Scouters and interested persons are urged to attend. Spring Camporee, Scout-O-Rama, Explorer Conclave and other activities will be discussed.

LIONS CLUB

Meets at Town Hall, 7:30 p. m. Each Tuesday

D. C. Dodson had charge of the program. He introduced Vance Harber of the Bluebonnet Toastmasters Club of Wichita Falls. Vance introduced two speakers of the club, who gave short talks. First was Bob Travis, who gave a humorous dissertation on Cats, Kittens and Pups. Next was Larry Lambert, a lawyer, who spoke on Guilty Conscience. Both talks were thoroughly enjoyed and appreciated by the Lions and their guests.

Harry Dodson will bring the program next week.

Scout Troops to Hold Inter-Troop Contests On First Aid Here

Boy Scouts of Troops 153, 154 and 155, Burkburnett, will hold an inter-Troop First Aid Contest at the American Legion Hall Monday night, February 18th. The activities begin at 7:00 o'clock.

Many of the boys will be out to earn their Safety and First Aid Merit Badges.

The public is cordially invited to attend this contest.

The graduated tax provisions of the income tax laws are a direct application of that clause in the Communist Manifesto which aims at the confiscation of all property through the use of just such a tax.

Fire Department Fund for Truck

Home Talent Show Scheduled Mar. 1

Plans for Burkburnett's Annual Talent Show are getting under way this week. Talent scouts have been selected to secure the best talent from Burkburnett and the surrounding area to make up the best show ever this year. Scouts are Mesdames Jim Maag, Harry Elliott, A. B. Frields and John Musick.

This show is sponsored by the Contemporary Study Club and the proceeds will go to the Youth Center, the club's project for this year. The show will be presented to the public March 1st at the High School auditorium.

Everyone is invited to attend and bring some friends.

Nazarene Revival Continues Here

The Church of the Nazarene will continue its revival services through Sunday, February 17th. Services begin at 7:30 P. M. each evening.

Rev. J. C. Holman of Lubbock is the evangelist. His sermons are soul searching and inspiring. Rev. Holman also sings at each service.

You are invited to attend each service.

Rev. Fred Ferraez, Pastor

Notice To All Citizens Of Burk

With the present increase in our school enrollment, action must be taken now in order to provide adequate school rooms for our children in the next five years.

In the Burkburnett School District, we need seven additional rooms at the present time in order to be able to accomodate this increase.

With your support of a school bond election this accomodation can be realized.

By the good managing, good planning and cooperation of the Board of Education in the Burkburnett School District, we have been able to build a new Cafeteria, and a First Grade building without a School Bond. The present tax rate is not adequate for the nine additional rooms needed, therefore, A school bond election is necessary.

To develop leaders of tomorrow, we must provide for the children of today.

Your support on this matter will be greatly appreciated.

Thank You
Mrs. R. C. Moser
President of PTA

'A FINE EXAMPLE'—Maj. General Edward White, SAFB commander, handed charity checks to two area mayors at ceremonies last Friday. Recipients were mayors H. D. Smith of Burkburnett, and Robert E. Van Horn of Iowa Park. Above, Mayor Smith is shown accepting the Burkburnett check. Watching with approval is City Councilman John W. Brookman. The Burkburnett check will be used in support of the Youth Center. When Wichita Falls makes its united fund drive, SAFB co-operates in the move. Civilian or Military personnel may designate the city which they wish their contributions to go to. Many at SAFB call Burkburnett "home".

Burkburnett, Iowa Park Receives Donations From Sheppard Field

Mayors of Burkburnett and Iowa Park received checks for these two Wichita County communities welfare operations from Maj. Gen. Edward H. White, commander of Sheppard Air Force Base, in a special ceremony in the general's office Friday at 2:30 P. M.

These checks represent Sheppard employes' contributions during the United Fund Drive on the base last fall.

Receiving the checks from General White Friday were Mayor H. D. Smith of Burkburnett and Mayor R. E. Van Horn of Iowa Park. Mayor Smith has designated the $343.50 contribution his city received for use by the Youth Center and Mayor Van Horn has designated the $126 his city received to the United Fund of Iowa Park.

During the campaign, under leadership of W/O F. J. Kilbride of the personnel services office on the base, employees were given the opportunity to designate their home town, if in the vicinity of Sheppard, to receive the United Fund contributions. The towns, in turn, were to designate which welfare group was to receive the funds.

Burkburnett and Iowa Park received the largest amount of contributions among the area towns, and thus the special ceremony with their mayors Friday afternoon.

In various instances, in other communities, the contributions were earmarked for the Red Cross, for the Hungarian relief, for the Heart Fund, for Community Chest, cemetery associations and various other welfare groups.

Notice of Election

Be it ordered by the Board of Commissioners of the City of Burkburnett, Texas, that the regular election provided for by statue and by the City charter of the City of Burkburnett, Texas, on the first Tuesday in April, the same being the 2nd day of April, 1957 A. D. for the purpose of electing the following officers; two commissioners to be elected for the City at large to serve for a period of Two years. The said election shall be held in the City Hall of the City of Burkburnett, Texas. The following election officials are hereby appointed, Mr. Francis Felty, Judge; Mrs. Evelyn Felty, Clerk and Mrs. Jess Hageman, Clerk. Said election shall be held in accordance with the General Election Laws of the State of Texas.

The deadline for filing will be March 2, 1957.

31-2tc.

Flattery is like perfume — you are supposed to smell it, not swallow it.

Youth Center

The idea of a recreation center for the boys and girls of Burkburnett and the surrounding communities began with the members of the Burkburnett Study club. The Junior Chamber of commerce took it as a project in 1951-52. The greater part of the $12,000 was raised by donations. The 60'x43' concrete block structure was erected on land leased from the City at the City Park and was formally opened on May 25, 1953. A board of Directors was elected by the Junior Chamber of Commerce consisting of eight adults and each section of the Junior High School and each grade of the Senior High School has a member on the board. This Board of Directors set up the constitition and By-laws and House rules. Membership dues were set at 25c per month and boys and girls from the 4th grade of school through High School ages are eligible for for membership. No adults use the Center for any purpose. It is for the use of any youth organization, such a Cubs, Camp Fire, etc., at no charge. A paid director is on hand for all uses of the Center and members of the Civic organizations volunteer leadership for all occasions.

The Center has kitchen facilities and snack bar, two rest rooms, storage rooms and cloak room. Game equipment includes two billiard tables, four ping pong tables, suffleboard, chairs and tables for table games, magazine racks, divans, benches, piano and juke box.

The Center is open each Thurs day, Friday and Saturday nights and Sunday afternoon. Monday and Tuesday nights are used for each grade individually in rotation. There are Game nights fun nights, Dance nights, Ping Pong tournaments, story hour for small children in the summer, Basketball. We have have had hobby shows and pet shows with great success. The building is used all the year with the exception of approximately six weeks from the middle of July to September First.

The building is now clear of debt but the Center is not self supporting. We must depend on donations of interested citizens and civic organizations in order to keep the dues low enough that no child in this area be barred from participating in Center activities.

The board of Directors meet regularly on the first Tuesday of each month, and with the board members already mentioned, each civic organization has a representative sitting in on the meeting. The Center is open for visitation and inspection by any one at any time of the regular activity times.

Mrs. Fred Hunt, Chairman of the Board of Directors,, Mrs. Avon Frields, sec.-treas., Mr. I. C. Evans, and Mesdames A. R. Hill, C. W. Boyd, Harry Elliott, Jack Mathis, Jack Northcott,

Plans Complete For Lions Club Pancake Sale

All plans are complete for the Lions Club all day pancake and sausage sale, to be held Saturday, February 23rd.

Lion Gordon Walden has done a wonderful job securing provisions for the occasion. He contacted all wholesalers supplying this area and asked for donated products to be used by the Lions.

Aunt Jemima pancakes will be used exclusively. The Aunt Jemima Company representative said they would gladly furnish all the pancake flour needed. They are also furnishing souvenir suckers for the kiddies, place napkins and caps for the cooks. This company also furnished all the pancake mix for last year's undertaking by the Lions.

All of the sausage used that day will be furnished by the H. and R. Meat Co. of Vernon, manufacturers of Henry's Whole Hog Sausage. Seventy-five lbs. of sausage is being donated. The balance will be purchased by the Lions at cost from Henry.

All of the coffee, Maryland Club, is being contributed by Duncan Coffee Company.

All of the butter and cream is being donated by Fairmont, Carnation and Dairyland.

Milk, and it takes several gallons, is given, compliments of Preston Dairy Products of Burkburnett.

Three companies are contributing the syrup, Kimbell's, Ozman and Bestmaid.

With practically everything being furnished, and the Lions doing the work, they expect to add some four or five hundred dollars to their projects fund.

C. R. Chambers is in charge of the workers committee. Already, three Rotarians have stepped forward and offered their services for the day. They are H. D. Smith, Bill Milam and Clark Gresham! That's co-operation.

Most any Lion will supply you with tickets at 75c for all you can eat. Tickets will also be on sale at the door, Town Hall.

Notice to Parents

With Children Who Will Be Old Enough To Attend School September 1,st, For the 1957-58 School Term.

If the census enumerator failed to contact you and enumerate your child on the census roll please call 157 and we will be glad to come and enumerate your child. It is very important that those who will be 6 on or before September 1, 1957, be listed on the school census roll, so please call if you have not turned in your child.

REMINDER TO YOUTH

We remain stoutly and inflexibly of the opinion that there is no other way for a young man to begin an outstanding successful career that compares with being a newsboy. But, despite what some think, we do not hold that he should begin barefooted. Rather, we say his feet should be well protected as they are probably his most valuable assets at this point.

Thomas Alva Edison, whose birthday we celebrate the week of February 11th, began with his shoes on. He began selling newspapers at the age of 12 on a Grand Trunk railroad train running between Detroit and Port Huron, Mich., on which bare feet might have been burned by hot cinders, and would certainly have been bruised up and down the aisles of the swaying cars and stepped on by hurrying passengers.

Another electrical tycoon, who came to fame a little later, is Max McGraw. He peddled his papers on horseback in and around Sioux City, Iowa. In covering more ground than he possibly could have barefooted, Max not only met the oats bill but saved the $500 parlayed into a major force in American industry.

Most significantly, at this time, Max McGraw, who initiated discussions with Thomas Edison in 1928, has become the posthumous partner of the inventor of the electric light. Consumption of the marger of Thomas A. Edison, Inc. and the McGraw Electric Co., delayed up to the time of Edison's death because of the inventor's absorption in his synthetic rubber experiments. was worked out by his son, former Governor of New Jersey and Secretary of the Navy Charles Edison, and the former mounted newsboy of Sioux City and father of the pop-up toaster.

It is encouraging to note that Thomas A. Edison's emphasis on organized research will be reflected in the new company, for research is the foundation stone of tomorrow's wonders. Plans are reported underway to expand fivefold the laboratory begun by Thomas A. Edison himself, in which two million dollars has been invested by the Edison corporation in the past three years alone to support scientific work in electricity, electronics and chemistry

It should therefore be crystal clear to any youth who is determined to make some thing out of the ordinary of himself that he should get himself a pair of stout shoes and an armful of newspapers. Except in special circumstances, we do not recommend the hay-burner in this day of mile a minute traffic.

Monroe Doctrine Goes Upstairs

Dedication this month of the US Air Force tracking station at Sabana de la Mar, in the Dominican Republic, brings to completion a 2,000 mile Caribbean guided missile testing range. It also marks one of the first solid achievements in inter-American cooperation for western hemisphere defense.

Attending the ceremony, along with high ranking officials of both countries, was Generalissimo Rafael L. Trujillo-Molina, regarded by his countrymen as the George Washington of the Dominican Republic, and whose cooperation made possible this final link in the chain of Radar-Radio stations stretching from Cape Canavaral, Florida to the farthest tip of Puerto Rico.

It is now possible for the Air Force to launch a missile from either of two Florida bases, track its course by radar and receive transmissions from its built-in radio at four stations in the Bahamas, the Sabana de la Mar station and the terminal station at Puerto Rico.

This means of actual flight testing over a 2,000 mile course should give fresh impetus to the development and perfection of missiles of far greater range; and should, accordingly, be a comfort to our friends in Central and South America. Further, the cooperation of Generalissimo Trujillo should provide a constructive example to the leaders of all latin America.

A Simple Proposition

The bosses of communist Russia used to forecast that the economy of the United States—call it capitalism, call it free enterprise, or call it anything—was due for a collapse. Then communism, having proven its superiority, would inherit the earth.

Now according to Edwin A. Lahey of the Chicago Daily News Service, an abrupt reversal has taken place in the Kremlin. He reports the present man, Khrushchev, in a recent private talk with Harold Stassen, admitted that Soviet economists' analyses of the United States were wrong.

In making this admission, Mr. Khrushchev simply acknowledged facts. Economic progress in this country—especially as it has affected families of modest means—has been unprecedented in history. Between 1910 and 1953, according to the Industrial Conference Board, the proportion of families in the $5,000-$7,500 bracket increased from 4 percent to 25 percent more than four times. After making adjustments for price changes and taxes the factory worker with a wife and two children took home 2 1-4 times as much pay in 1955 as he did in 1916. The board also points out that most American families have automobiles, while at the beginning of this year 97 percent owned radios, 90 percent electric refrigerators, 80 percent electric washers, and 72 percent TV sets. All of these appliances are regarded as luxuries, which only the few possess, in other countries, most notably the communist countries.

Free people produce more than oppressed and driven people. It's as simple as that.

Junior High News

Junior High School received three entries and three withdrawals during the first week of February. Eddie Richardson, 7th grader comes to us from Alabama. Raymond Brammer 6th grader moved from California, and Lloyd Gray, 8th grader transferred from Byers, Texas.

Edith South, 8th grader moved to Gulfport, Miss., Peggy Yost and Venita Yost, 8th and 7th grade students, moved to Junction City, Kans.

Students and teachers are cooperating to improve the traffic in the halls of Junior High School between classes and in leaving the building at noon and after the final bell.

The theme "keep to the right' is being carried out. This eliminates running into one another when going from class to class.

In battle on the Burkburnett court, the Randlett Junior High defeated Burkburnett Jr. High School 44 to 23, Feb. 5th.

Burk's high scorer was Rondal Patterson with 10 points. Richard Nixon and Lorell Riley tied for second place with 6 points each. Randlett's high point man was Martin with 11 points.

It was Randlett's game all the way, leading Burkburnett at the end of every quarter.

Richard Nixon's 10 points helped but Holiday still bounced over the Burk Junior High five by a score of 27-17 on the Holiday court, Feb. 7th.

Rondal Patterson contributed 5 points, but the home team was unable to catch the Holiday scoring of Willis with 12 points and Wright with 9 points.

Coach Bill O'Brien of the Burk team expressed the opinion that he felt his team made an excellent showing.

Usually the first screw that gets loose in a person's head is the one that controls the tongue.

ude Oil In Texas plained By p. Frank Ikard

p. Frank Ikard, (D. Tex.) to hit back at critics of the Tex Railroad commission who been laying the blame for tages in the oil for Europe ram on the Texas regula- body.

e Texas congressman charg- n the floor of the House "it he administration's respon- ity and the administration delegated that responsibil- to 15 major American Oil panies.

ard pointed out that the e major producing states in southwest, Texas, Oklahoma Louisiana, have increased roduction for the month of ruary."

ard told the House that the oad commission is primar- a conservation body and "is a free-wheeling, irrespon- e organization accountable unto itself." He said it was up by and responsible to as statutes.

pointing out that no matter t administration officials say in an attempt to shift blame for any failure of their onsibility in the present ation, Ikard said Texas sta- forbid the waste of crude nd define that waste as pro- tion in excess of market de- nd and transportation facili-

Thus under present condi- s, the Railroad commission ld not, without violating Tex- law, have increased Texas al- able any more than has been e," Ikard said. He brought the fact that in February, ulatory officials in both Tex- and Louisiana have ordered litional increases, resulting in total U. S. production this month of almost 600,000 barrels daily more crude oil than in October 1956.

The congressman also said that Texas law requires the com mission to allocate the demand for Texas crude fairly among the various fields and wells of the state and that all purchases must take equitably from the fields wherever they buy or produce petroleum.

In pointing up the conservation aspects of the commission, Ikard cited the East Texas field, which, when discovered in 1930 had an estimated 1.5 billion barrels of recoverable oil. "The fact is by carefully preserving and conserving the reservoir energy 3.2 billion barrels of oil had been produced from the field through 1956 and it is now estimated that, providing the same care is taken in conserving the pressure, there are nearly 2 billion barrels more of crude oil recoverable in the field."

In addition, Ikard charged that if the administration is seriously concerned about the lack of oil going to Europe it should use Section 7 of the Trade agreements Extension Act to shut off the flow of Venezuelan imports to this country. "Then those imports would have to go to Europe There would be no other place for them to go.

Ikard cited that 502,100 barrels daily of Venezuelan crude being imported into this country as beeing available for oil-thirsty Europe.

The Texan said there were two things the Middle East emergency committee could do to alleviate any shortage to Europe. It could, he said, see to it that as many unconnected wells as could be economically connected to pipelines were so connected and the companies on the committee could immediately reduce their gasoline output and thereby make large volumes of unneeded crude oil available to Western Europe since the companies on the comjor portion of the pipelines and mittee also control both a marefining capacity in this country

Rep. Ikard also called the recent crude oil price increase "necessitated and justified by spiraling costs."

He claimed the oil producing industry 'has contributed nothing to the inflationary pressures of the past 3 1-2 years" and that the industry's critics 'seem to think the oil business operates in an economic vacuum, compleetely immune from the influences of our general economy."

Ikard cited Bureau of Labor statistics which showed that since 1947 average hourly wages paid in the producing industry had increased 61.3 percent. Other increases directly affecting the crude oil producer, the Texas congressman said were, oil field machinery prices, up 55.6% since 1947; oil well carbon casing up 77.8%; oil well alloy casing, up 87.5%; carbon line pipe up 117.8%; finished steel products, up 80.7% and automobiles up 45.9%.

Since the last previous crude oil price adjustment in June, 1953, he said, "the oil producing industry has absorbed five rounds of increases in basic steel prices and four rounds of wage increases," and the industry has been slow in passing these increased costs along to the American consumer.

"If anything," Ikard said, the industry deserves the applause and appreciation of government for an obviously burdensome job of resisting the onslaught of inflation.

Ikard charged the statements that the domestic industry was taking advantage of our allies as ridiculous.

He cited two previous increases in the price of Middle East crude in 1956, for a total of 33 cents a barrel, and numerous increases of Venezuelan crude oil prices that year that were put into effect without any howls of protest.

Ikard charged that any House investigation which singles out the petroleum industry will serve no useful purpose unless it also delves into the underlying causes and effects of the inflationary pressures to which the oil industry has fallen victim.

We cannot hold back the flood by slapping at the waves. We must build the dam from the bottom he said.

Card Of Thanks

I wish to thank everyone who participated in my behalf during my recent illness resulting from an auto accident.

The telephone calls, cards, letters and the flowers were so encouraging, especially while I was in the hospital. I would like to express my feeling of gratitude to my friends and neighbors who came to see me after my return home, some of them bringing the nicest meals already prepared and doing so many things for me which I couldn't do for myself. It just goes to show that Burkburnett is a nice little metropolis in which to live. Sincerely,

MRS. VIVIAN LILLEY

Card of Thanks

I am sincerely grateful to friends and neighbors for the many kindnesses shown me during my stay in the hospital and since my return home. The cards, flowers and phone calls were especially appreciated.

MRS. DOROTHY HENDON

Rebekah - IOOF Meet Hosted By Golden Rule

Members of the Golden Rule Rebekah Lodge 164 were hostesses to the Wichita County Association of Odd Fellows and Rebekahs Thursday evening in the IOOF hall.

The association officers conducting the meeting were Mesdames Allie Whitlow, president; Nellie B. Richards, second vice-president; Jessie Eaves, secretary; Ruby Jones, Marshal; Ada Pfeifer, chaplain, and Cora Lee Harmon, musician.

The flags were presented by the Wichita Theta Rho Club 49. The welcome address was given by Mrs. Alice Pritz of Golden Rule Lodge, and Mrs. Alice Wingard of Wichita Rebekah Lodge 236 gave the response.

A flag drill was presented by Wichita Lodge. An all-girl barber shop quartet from Burkburnett presented several musical selections. Members of the quartet were Misses Patsy McNeill, Carol Benton, Margie Inman and Billie Sanders. They were accompanied by Mrs. J. L. Reagan. Donald McCullough of Burkburnett rendered several selections on the piano.

Reports were given by Burkburnett Rebekah Lodge 67, Mamie Adale Rebekah Lodge 179, Wichita Rebekah Lodge 236, Panhandle Lodge 341, Ladies Auxiliary Patriarch Militant 16, Wichita Encampment 6 and Wichita Canton 16.

Special guests introduced were J. R. Ogle, past grand master of Texas; Mrs. Ruby McNeeley, unwritten work committee, Mrs. Pat Wales, noble grand of Wichita Falls Rebekah Lodge, and Nellie B. Richards, Burkburnett Rebekah Lodge No. 67. Past presidents of Wichita County association of Odd Fellows and Rebekahs introduced were J. R. Ogle, Charlie Whillon, Pauline Huff, Katie Smith, Ethel Wofford and Marvin Dees.

Approximately 60 members and seven visitors were dismissed by the chaplain.

Refreshments were served by Mrs. Jones, noble grand of Golden Rule Lodge, and her committee from a table covered with a white satin cloth centered with an arrangement of silver foliage and blue carnations.

The next meeting will be held in Burkburnett in April.

Cub Scouts

DEN TWO—CUB SCOUTS

Den Two of the Cub Scouts held their regular weekly meeting February 12th in the home of Mrs. Lawson. The boys made valentines.

Refreshments were served to the following: Stewart Carter, Bill Russell, Gary Koenig, Joe Story, Larry Carter, Lonny Jones, Phil Seay and Charles Fletcher.

Phil Seay,
Keeper of the Buckskin

Wesleyan Guild Met Feb. 11 Home Mrs. H. R. Hayes

The Wesleyan Service Guild of the First Methodist Church met in the home of Mrs. H. R. Hayes Monday, Feb. 11th.

Mrs. Joy Pirtle presided over the business meeting. The opening prayer was given by Mrs. Leon Turner. Treasure chests were distributed to members as a method to aid in sharing in a widening fellowship in the twenty-eight countries where the women's division maintains work. A goal of $500,000 increase has been set by the women's division of Christian Service for each year of the quadrennium on the basis of unmet and emerging needs.

Mrs. Lucille Duval gave the devotional, Whom Shall I Send. Mrs. Gilbert and Mrs. Turner gave an interesting dialogue on Those Who Serve. Mrs. Phil Slater of the Wichita Falls Guild told of the advantages to be gained by attending the Guild Conference to be held in Dallas in March.

Refreshments in the Valentine motif were served to guests Mrs. Leon Turner of Burkburnett and Mrs. June Whitaker and Mrs. Phil Slater of Wichita Falls and the following members: Mesdames Jim Pirtle, Lucille Duval, Joe Nichols, Homer Gilbert, Winford Henry, J. C. Parks, Leslie Tuel, Earl D. Martin and the hostess, Mrs. Hayes.

Leslie Kauer Honored at NTSC

Leslie Kauer, Burkburnett, has been named vice-president of Sigma Phi Epsilon, social fraternity, at North Texas State College.

Kauer, son of Mrs. Francis C. Kauer of Burkburnett, is a junior industrial arts major.

DISTRICT BANQUET

turday, Feb. 2nd the first second 2A-9 All District ns were honored with a ban t at Burkburnett. From Burk District representatives were y Gee, Doyce Walker, Nor- Morgan and Donald McKin- Placed on the second team n Burk were Otis Waddell Donald Elliott.

he guest speaker at the ban- t, which 80 persons attend- was Baylor Line coach, Char- Driver. A film of the Sugar l game between Baylor and nessee was shown after din-

he trophy was presented to dog Captains, Jerry Gee Otis Waddell. This trophy a symbol for the District title. Certificates were pre- ed to the first and second district squads.

t a recent faculty meeting teachers of Burkburnett h School selected Miss Pat Cabe, an outstanding senior, this year's "Good Citizen".

iss McCabe was chosen for honor on the basis of her record in high school. She dependable, shows qualities leadership, patriotism and always been an honor stu- t.

he students have recognized popularity by selecting her l school favorite" this year also Miss Music. She has ved as a class officer for ee years.

at was elected by the teach- to the Hall of Fame.

uring the past four years has been an outstanding d student. For the last two rs she has served as drum jor and student director of band. Previously she was a jorette for two years. In 5 she was the Band Sweet- rt.

Miss McCabe was selected A Sweetheart for 1954-55 for the local FFA chapter. And is presently FFA Sweetheart Attendant. Also in 1954-55 she represented Burkburnett as Rodeo Queen at the Fat Stock show in Ft. Worth. In the summer of 1955 she was Rodeo Queen of Burkburnett for the Boom Town Rodeo.

Evidence of her ability to cooperate with others is shown through her ability to play well on the basketball team for four years. She is acting as co-captain for the team this year.

Pat is the daughter of Mr. and Mrs. Eugene McCabe of Burkburnett.

Grade School News

We are very thrilled this week over the fact that Valentine is only a few days away. Many Red hearts are beginning to appear in the rooms and several of the children have been cutting out hearts and drawing arrows across the middle of the heart. It is very much fun to read about the stories about valentine and to hear what the boys and girls did a long time ago on the fourteenth day of February.

We have several boys and girls out of school due to sickness. We are hoping to see them back in school in a very few days. We are very sure that they will be back in time to have the fun of being in school on Valentine Day.

Albright, J. C. Rader, J. A. Chisom, J. A. Sloan, Vera E. Bryant, S. A. Wyrick, W. H. Lasiter and S. H. Caldwell, Defendants, Greeting:

YOU ARE HEREBY COMMANDED to appear before the Honorable 78th District Court of Wichita County, at the Courthouse thereof in Wichita Falls, Texas, by filing a written answer at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 18th day of March A. D. 1957, to Plaintiff's Petition filed in said court, on the 29th day of Jan., A. D. 1957, in this cause numbered 58,988-B on the docket of said court and styled SAM H. RICHARDSON, Plaintiff vs. All those first named in this citation and to whom the same is directed, Defendants,

A brief statement of the nature of this suit is as follows, to-wit: This is a trespass to try title suit wherein plaintiffs allege that on or about the 4th day of December A. D. 1943 he was and still is the owner in fee simple of the following described lands situated in Wichita County, Texas to-wit:

Being 1.51 acres of land, more or less, out of Block 223, Wagoner Colony Lands Subdivision, in Wichita County, Texas, described by metes and bounds as follows: BEGINNING AT the northeast corner of said block 223; THENCE S. 89 deg. 35 min. E. with North line said Block a distance of 944.4 feet; THENCE South 6 deg. 20 min. East 308 feet to the BEGINNING POINT of this tract; THENCE S. 26 deg. 39 min. E. 308.5 feet to the SW corner this tract; THENCE S. 87 deg. 33 min. E. 198.6 feet to SE corner this tract; THENCE N. 2 deg. 31 min. W. 326 feet to the NE corner this tract; THENCE WEST 218.9 feet to the place of beginning.

That on the day and year last aforesaid defendants unlawfully entered upon the said premises and ejected plaintiff therefrom, and unlawfully withholds from him the possession thereof.

That the plaintiff is the fee simple owner of the above described premises, having had peaceable and adverse possession thereof, cultivating, using and enjoying the same for more than 25 years during which time lands and tenements have been actually enclosed by fence, and plaintiff and his predessessors in title having claimed same openly, adversely and notoriously and peacefully as owners during such 25 year period and have paid ad valorem taxes on said land for a period of more than ten years next preceding the filing of this petition. Wherefore, plaintiff prays that the defendants be cited to answer this petition and that plaintiff have judgement for the title and possession of the above described premises and for such other and further relief, general and special, in law and in equity, to which he may show himself entitled as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of issuance, it shall be returned unserved.

The Officer executing this process shall promptly execute the same according to law and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Wichita Falls, Texas, this the 30th day of January A. D. 1957.

Defendants, Greeting:

YOU ARE HEREBY COMMANDED to appear before the Honorable 78th District Court of Wichita County, at the Courthouse thereof, in Wichita Falls, Texas, by filing a written answer at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 18th day of March A. D. 1957 to Plaintiff's Petition filed in said court, on the 29th day of January A. D., 1957 in this cause, numbered 58,993-B on the docket of said court and styled E. E. Patton, Howard E. Patton, E. L. Patton, Beulah Pierce, joined by her husband O. M. Pierce and Orpha Eggenberg, joined by her husband, V. W. Eggenberg, Plaintiffs vs All those first named in this citation and to whom the same is directed, Defendants,

A brief statement of the nature of this suit is as follows, to-wit: This is a tresspass to try suit wherein plaintiffs allege that on or about the 24th day of May, A. D. 1939, they were and still are the owners in fee simple of the following described lands situated in Wichita County, Texas to-wit:

Being 1.75 acres of land, more or less, out of Block 223, Waggoner colony lands Subdivision, described as follows: BEGINNING at the Northwest corner of Block 223; THENCE S. 89 deg. 35 min. E. 897.4 feet; THENCE S. 6 deg. 20 min. E. 286 ft. to the beginning point of this tract, being the N. E. corner thereof;

THENCE S. 6 deg. 20 min. E. with the West side of street 360.1 feet to the S. E. corner this tract:
THENCE West 2 deg. 7 min. N. 233.3 ft. to SW corner this tract; THENCE N. 1 deg. 1 min. W. 342.7 feet to NW corner this tract; THENCE S. 88 deg. 1 min. E. 292.2 feet to the place of beginning, and containing 1.75 acres, more or less.

That on the day and year last aforesaid defendants unlawfully entered upon the said premises and ejected plaintiff therefrom, and unlawfully withholds from them the possession thereof.

That the plaintiffs are the fee simple owners of the above described premises, having had peaceable and adverse possession thereof, cultivating, using and enjoying the same for more than 25 years during which time lands and tenaments have been actually enclosed by fence and plaintiff and their predessors in title have claimed same openly, adversely and notoriously and peacefully as owners during such 25 year period and have paid ad valorem taxes on said land for a period of more than ten years next preceding the filing of this petition. Wherefore, plaintiffs pray that the defendants be cited to answer this petition and that plaintiffs have judgement for the title and possession of the above described premises and for such other and further relief, general and special, in law and in equity, to which they may show themselves entitled. as is shown more fully by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the issuance, it shall be returned unserved.

The Officer executing this process shall promptly execute according to law and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Wichita Falls, Texas, this the 30th day of January A. D., 1957.

TELEPHONE TALK
by C. A. Deuschle, Manager

A LOOK AHEAD

This is the first opportunity I've had to talk h you this way this year, so I'd like to take e to look at 1957.

We at the telephone company are planning to ke it a good year—even better than last year, en it comes to the speed, dependability, and ue of your telephone service.

Work on Burkburnett's new dial building will ed up now. You are invited to come by and tch it grow. Foundation work and work on the le vault is now in progress. Completion of the v building is scheduled for late spring, and cutr of the new dial system by late summer.

Three for Two's A Bargain

Burkburnett people made more out-of-town ls last year than in any previous year—a fact ich speaks well of the value of our Long Dise service. A total of 70,298 Long Distance calls re completed for Burkburnett customers during 6.

Many of you who made these calls realized big ings too, by placing your calls station-to-station. at way, you saved up to one-third, because you make three station-to-station calls for about price of two person-to-person calls.

Here's an example of what I mean. You can ke three station-to-station calls from here to Ft. rth for only $1.95. Two person-to-person calls the same city will cost $2.20. That's using the gain rates available every evening after six and day Sunday.

This year, why not call station-to-station when call Long Distance? You'll save money. And 'll save time, too, if you'll always call by mber.

Kitchen Helpers

There's a lot of truth in saying, 'The kitchen the heart of the home". It's certainly true that omemaker spends about as much time in the chen as in any other room in the house.

I guess that accounts for the popularity of ne of the wonderful new "kitchen helpers", like nwashers, waste disposals, and freezers. No nder they're popular! Think of how much dgery these conveniences save the homemaker.

There's another "kitchen helper" I'd like to ntion that's growing in popularity, too. That's additional telephone. Kitchen phones save time steps for busy housewives, and make it easier keep in touch with friends.

Additional telephones for any room in the se are low in cost—just $1.00 a month, plus tax a small one-time installation charge. Just call telephone business office.

Call by number. It's twice as fast.
SOUTHWESTERN BELL TELEPHONE COMPANY

Devol News

Mrs. C. O. WOODLEY

Miss Linda McClurkan, daughter of Mr. and Mrs. Buck McClurkan, and Mr. Leon Head of Randlett, were united in marriage Feb. 5th in Burkburnett, Texas. Attendants were Mr. and Mrs. Holder of Temple. The young couple will make their home in Wichita Falls where Mr. Head is employed.

Bob McCullough was returned home Saturday from a Lawton hospital where he was a patient several days last week, but he will continue to be under a doctor's care for a while yet.

W. M. Harrison was admitted to a Lawton hospital Monday for observation and treatment of a heart ailment.

Mr. and Mrs. Lawrence Baumhardt and son David and daughter Janice of Fort Worth visited his mother, Mrs. Callie Baumhardt, and sister, Mrs. F. J. McClendon and family over the week end.

Mr. and Mrs. Garland Patterson of Littlefield spent the week end here with his parents, Mr. and Mrs. A. S. Patterson, and visited in Archer City Sunday.

Mr. and Mrs. Geo. Douthitt and Mr. and Mrs. Cliff Barnett of Electra were recent guests of Mr. and Mrs. V. E. Lagrone.

Mr. and Mrs. C. O. Woodley were called to Denison, Texas, Monday by the death of his brother, J. M. Woodley. They were accompanied by Mr. and Mrs. G. A. Woodley of Wichita Falls. They returned home Tuesday evening after the funeral service.

Grady Odom of Midland, Texas, visited in the home of Mr. and Mrs. J. B. Stevens over the week end.

Mrs. Bobby Gaston of Dallas spent the week end here with her mother, Mrs. Dollie Hardin, who accompanied her daughter home for a few days visit this week.

Francyne McClendon spent the week end with relatives in Electra, Texas.

Mrs. Callie Baumhardt was a patient in the Bethania Hospital in Wichita Falls several days last week. She was returned home Friday.

E. Watson of Devol, Joe Hainline of Wichita Falls, Grady Duke of Randlett, Mr. Mitchell of Davidson, are attending Masonic Grand Lodge at McAlister this week.

Mr. and Mrs. W. C. Charboneau, Mr. and Mrs. J. B. Stevens and Mrs. Gertrude Farmer attended a workers conference at Manitou Monday.

Mrs. Myrtle Weaver and nephew Mervin Lee Simpson of Wichita Falls and Mary Burk of Frederick were visitors in the W. C. Charboneau home over the week end.

School Bond Issue of $120,000 To Be Voted On Here Saturday, February 16, At The Town Hall

Those wishing to vote absentee ballot may do so by February 11th. Absentee ballots may be secured at the Tax Office in the High School Building.

In voting on the bond issue there will be three propositions to be voted on:

PROPOSITION No. 1—Voters will vote for or against the adoption of Senate Bill 116. Senate Bill 116 will give the local school board authority to tax the property in the school district above the $1.50 present rate to retire bonds, interest and principal. If the $120,000.00 bond issue carries, taxes WILL NOT be increased more than **10**%. For example, anyone owning a $2,000.00 home (value on school tax roll) is now paying $1.50 rate or $30.00 total school taxes. Next year, if the bond issue carries, the home will be valued at the same value of $2,000.00 and a tax rate of $1.60. The owner would pay $32.00 total taxes to the school, which would be an increase of $2.00. We can assure the voters that the rate for next year will not be more than **10**%, and probably less.

Under Proposition No. 1, any voter living in the school district who has qualified himself or herself to vote by paying their poll tax or being exempt by age, will be qualified to vote.

PROPOSITION No. 2 will authorize the board of trustees to issue bonds in the amount of $120,000.00 to be paid as follows:

$ 9,000.00	plus interest	1958
14,000.00	plus interest	1959
16,000.00	plus interest	1960
17,000.00	plus interest	1961
13,000.00	plus interest	1962
11,000.00	plus interest	1963
10,000.00	plus interest	1964 to 1967 both inclu.

This series of bonds will be for 10 years.

All legally qualified voters of the school district (who have paid their poll taxes or exempt by age) and who own taxable property in the school district and who have duly rendered the same for taxation on the rolls in the district for the tax year 1956 shall be qualified to vote on this proposition.

PROPOSITION No. 3 authorizes the Burkburnett School board to levy and collect an annual ad valorem tax not to exceed $1.50 on a $100.00 valuation of taxable property in the school district for the further maintenance of public free schools.

Voters to qualify to vote on proposition No. 3 must have paid their poll tax and who own taxable property in the school district and who have duly rendered the same for taxation on the tax roll of the school district for 1956 shall be entitled to vote on this proposition.

In order for the bond issue to carry, all three propositions must carry by the voters. In other words, if proposition 2 and 3 carry and proposition No. 1 fails, it will void all three issues in the election. We solicit your support for all three propositions, voting $120,000.00 in bonds to be paid off in 10 years for the construction of nine classrooms, tax office, and other auxiliary rooms; voting for the $1.50 tax and voting for Senate Bill 116.

This bond issue is NOT for constructing a high school building, or remodeling the present structure. The construction would be an addition to the present Primary Building, located on Avenue F.

The judges and clerks who will hold the election are: Emil Schroeder, Roy T. Magers, Mrs. F. T. Felty, and Mrs. A. H. Lohoefener.

Mrs. Rinefeldt Hostess to Grace Lutheran Society

The Women's Missionary Society of Grace Lutheran Church met Tuesday, Feb. 5th, in the parish hall for the regular monthly business and social meeting. Mrs. Daisy Rinefeldt was the hostess.

Mrs. Clarence Schroeder, the president, called the meeting to order. The group stood and sang that beautiful hymn, "Love Divine, All Love Excelling". Mrs. Clarence Koenig brought the prayer for the day.

After a short business session in which a speaker for rallies was discussed, the president introduced Miss Clara Schultz, the chairman of the program committee, who in turn introduced her speakers for the program.

Mrs. J. H. Kollmeyer gave a very enlightening study topic, Review of Our Bible. Mrs. Clarence Koenig presented a short and well prepared parliamentary drill. The program was well enjoyed by all those present.

Since Mrs. Rinefeldt was unable to attend, Mrs. Kollmeyer served the refreshments for her. Those present were Mesdames John Enderli, H. A. Mills, Clarence Koenig, Bud Lasley, Howell, Clarence Schroeder, J. H. Kollmeyer, Miss Clara Schultz, and the pastor, Rev. J. H. Kollmeyer.

The next meeting will be March the 5th in the parish hall with Mrs. Clarence Schroeder as hostess. All members are encouraged to attend.

New District Manager Announced for Southwestern Bell Telephone Company

RALPH L. TEMPLIN

WAYNE PALMER

Ralph L. Templin of Dodge City, Kansas, has been named district manager in this area for Southwestern Bell Telephone Company.

He succeeds Wayne Palmer who is transferring to San Antonio where he will be district manager for the company.

The change was announced by Division Manager J. H. Chowning of Fort Worth.

Templin will direct the company's commercial department operations in 10 cities in this area: Burkburnett, Bowie, Childress, Henrietta, Jacksboro, Iowa Park, Quanah, Graham and Wichita Falls.

The new district manager began his career with Southwestern Bell at Chillicothe, Mo., in 1946. He worked for the company in several Kansas cities and was district manager at Dodge City at the time of his transfer to this area.

He attended St. Joseph's Junior College, St. Joseph, Mo., and Missouri University at Columbia. He spent over three years in the Army during World War II.

Templin is married and has two children, a son, Tommy, and a daughter, Sandra. The family is active in the First Baptist Church.

In Dodge City, Templin belonged to the Rotary Club and Chamber of Commerce and served on Red Cross and Community Chest campaign committees. He was also a troop committee chairman in the Boy Scout organization.

Palmer has been district manager in this area for Southwestern Bell since 1955. He was born at Newcastle and was graduated from high school there. Palmer attended Southern Methodist University, at Dallas, and the University of North Carolina, where he was active in athletics.

He joined Southwestern Bell in Fort Worth in 1947 and he worked in various jobs in that city before being named district manager in Wichita Falls.

Mr. and Mrs. Palmer and their two children have been making their home in Wichita Falls. The family belongs to the First Methodist Church there.

You are as young as your faith, as old as your doubt; as young as your self-confidence, as old as your fear; as young as your hope, as old as your despair.

Conference At Midwestern Uni. For Area Oil Men

The results of years of experience in the Strawn of North Texas will be discussed in Wichita Falls on March 6, 1957. The North Texas section of AIME and the North Texas Geological Society are joint sponsors of a conference to be held on that date at Midwestern University Auditorium.

Topics of discussion will include stratigraphy, statistics, reservoir engineering, drilling and completion and general char acteristics of the Strawn. The papers are being prepared by people with broad experience in the field. This is the first time that such an extensive disucussion of North Texas Strawn has been held.

The conference will be of interest to all those engaged in producing or drilling for oil in the North Texas area. It should be especially helpful in the orientation of engineers and geologists who are new to the area.

Co-chairmen for the event are Richard R. Darner, Rex Ryan and Preston Underwood.

—o—

Mrs. Edith Goodlet and Mr. and Mrs. Lefty Knowles and children of Dallas and Mrs. Nita Pettijohn of Wichita Falls visited Mrs. W. T. Vance over the week end.

This Needs Your Attention

Now is the time for all good parents to come to the aid of their teachers. Complex and busy as people are today we sometimes omit important issues that need immediate attention. This article consists of an important issue, after reading it the Hardin Parent-teacher Association would appreciate action on your part in writing to your Senator, Mr. George Moffett, and your Representative Hon. J. B. Walling informing them as to your approval or disapproval of the Bills Senate Bill 80, and House Bill 8. After sutdying the Bills The Texas Congress of Parent and Teachers are 100 percent behind this program. The two bills are for the increase in teachers pay in the State of Texas.

Perhaps you are not aware of thee fact but Texas ranks 26th in the average Salaries paid teachers. National average is $4,220.00 per year, Texas average is $3,925. Other reasons for increase in Teacher's salary are: Texas Scholastic Population in 1949-50, 1,554,671, 1956-57, 1,-924,400 and even greater from 1960-61. Statistics reveals that an average of 800 children were born each day during the past two years. This means 27 additional classrooms, 27 more teachers needed each day for Texas children. Other alarming factors are California pays teach ers average salaries $5,150.00; New Mexico, $4,650.00; Oklahoma, $4,100.00 and Louisiana, $4,600.00, Texas $3,925.00 You realize what this is doing, our neighboring states are obtaining our good teachers by paying a larger salary. From 600 graduates in the State of Texas last year 3,000 qualified to teach, chose other vocations, 1500 went to neighboring states to teach, 1500 stayed in Texas. The average total income for US families has increased one--third since 1949. It is now $5,500. This is very discouraging to a person that attends college, spends money and devote their lives to teach our children yet their salary is below the average common labor. Teachers are professional people, let us treat them like they are. Ask support on S. Bill 80 and House Bill 8.

Thank You,
Mrs. R. C. Moser,
President PTA

From the Office of Lyndon Johnson

Small business concerns are hit harder by the "tight money' policy than big companies, Sen ator Lyndon Johnson declared last week.

Johnson, in a Senate speech also pointed out that high interest rates add greatly to the charge of servicing the national debt and place a heavy burden on municipal governments.

The continual trend towards mergers of big companies leaves a smaller share of the market for the average businessman," the Texas Senator told his colleagues. "Rising costs all along the line add to the difficul ties of a small firm in meeting expenses. Of those increasing costs, one of the most important is the increasing cost of money.

This is something that is felt all along the line, by business, by government and by the average citizen."

Johnson said if 1952 interest rates had been applicable to the national debt last year, American taxpayers would have been saved approximately $717,000,-000. He added that high interest rates also cause municipalities to assume excessively heavy obligations in order to sell their bonds.

"This is a situation that can change our whole economy," he declared. "The rising cost of money and other necessities represents a constant squeeze on small business, and the squeeze will eliminate many as time goes on."

'QUEEN OF HEARTS' IN THE HEART OF — Dinah Shore, chosen "Queen of Hearts" by the nation's disc jockeys for the 1957 Heart Fund now in progress across the country, is shown being welcomed to Texas and to Dallas by Mayor R. L. Thornton, Sr., of Dallas. Miss Shore made her only Texas stop in Dallas on a 10-city tour, appearing in behalf of the 1957 Heart Fund of the American and Texas Heart Associations. In urging generous support of the annual drive for funds with which to fight the nation's Number One killer-disease, the songstress pointed out that "heart disease has touched every one of us in some way". Miss Shore's mother died of coronary thrombosis, one of the forms of heart disease for which medical science still seeks a cure. Funds contributed to the annual Texas and American Heart Funds are used to further research into the causes and cures of heart disease, for medical and lay educational work and for community heart service programs.

11 Texas Tech ROTC Seniors Commissioned

Eleven Texas Tech ROTC seniors have been commissioned second lieutenants in the United States Army.

They include Hugh Fewin, Burkburnett; Robert J. Phillips, Dallas; James R. McKenzie, Robert E. Killian, and William A. Whitfill, all of Ft. Worth; Willie T. LaRoe, Happy; Ray A Weed, Bill D. Echols and Charles G. Wright all of Lubbock; Fred H. Meissner, Midland; and Walter L. Wylie, Wichita Falls.

Phillips, Fewin and Echols have been named Distinguished Military graduates.

Mr. and Mrs. Weldon Nix and children spent the week end in Amarillo, Texas, visiting Sgt. and Mrs. John W. Sweat and boys.

Alden Smith Winner State Essay Contest

Alden Smith, 4-H club boy from Burkburnett, was announc ed as state winner in the essay contest sponsored by the Extension Service of A&M college B. T. Haws, county agent has reported.

Each 4-H club boy and girl who attends the National 4-H club congress in Chicago enters the contest with an essay entitled "My Trip to the National 4-H Club Congress." The best essay from the boys and the best one from the girls are selected from each state. Alden's essay has been sent to Chicago to be judged on a National basis for further awards. This is the first time a 4-H boy from Wichita County has been so honored.

Alden, the grandson of Mrs. Mary Blaner of Burkburnett, was State and National winner last fall in the Community Relations contest. He is now a freshman at A and M College where he is a member of the college 4-H club and is continuing his 4-H club program, Alden was also an outstanding FFA member while a student in Burk burnett High School.

Mrs. Jack Duke and Mrs. Frank Parker and children left Tuesday for a few days visit with relatives in Lubbock.

More Cotton Ginned From 1956 Crop

J. C. Porter of Wichita Falls chairman of the agriculture committee of the West Texas Chamber of Commerce, reported today that preliminary figures of the U. S. Department of Commerce indicate that the total amount of West Texas Cotton ginned from the 1956 cotton crop tops the cotton ginned in 1955

Porter said that approximately 2.24 million bales of cotton were ginned in the 132 county region served by theWTCC. He said that the total number of bales for 1956 was about 11,000 above the total in 1955

Porter estimated the total val ue of the cotton crop, including both the value of the cotton and cotton seed, would be nearly 400 million. He pointed out that the value of the 1955 crop was below the value of the 1956 crop

Only 38 counties in the WTCC region ginned less cotton in 1956 than was ginned in 1955, Porter said. He added that the total value of the crop was about $392,443,800.

News From Your H. D. And County Agent

Pocket gophers are problems on lots of farms in Wichita county. They do lots of damage to crops, lawns and fruit trees. Poisoned grain is recommended for their control. Poisoned grain may be secured at the county agent's office.

The Wichita Valley DHIA association ranked first in the state in average pounds of milk, which was 850 pounds. They also ranked first in the state in average pounds of fat, which was 33 pounds. This is a good record for dairy farmers in this area.

The date of the 1957 Tri-County Dairy Show has been set for Tuesday April 23rd. I hope dairy farmers will make plans now to enter animals in the show. The show will be held in the 4-H barn, Wichita Falls.

More farmers than normal are planning on planting spring oats this year due to the good moisture conditions. The small grain in the county is looking very good at present time. Winter legume prospects are very good.

"How Does Your Soil Rate?" is the title of a new Extension Service publication which is aimed at giving readers a better understanding of the limitations and capabilities of their most valuable basic resource — soil. Copies may be obtained from local county agents.

A systemic insecticide, thimet, was used last year by a number of Texas farmers to treat cotton planting seed for early season insect control. B. T. Haws, county agent, said research results showed that protection against aphids, thrips, spider mites and leaf miners was obtained for periods of 4 to 6 weeks and that the seed treatment will replace the first two early season spray application. It was not effective against overwintered bollweevil.

A dead mesquite is worth more in economic value than a live one. A live one, 10 inches in diameter, uses about a ton of water to produce a pound of beans. That same ton of water could be used to produce four pounds of good grass. For five cents it could be killed and if it isn't, it represents a yearly loss of about $9.00.

Hog Prices in 1957 will be well above the early 1956 lows, and except for seasonal fluctuations, should continue higher than last year's prices, says B. T. Haws, county agent. Little hope, however is held for any major uptrend in either cattle or sheep prices during the year.

Failure to observe manufacturer's directions when handling highly toxic insecticides and miticides is risky business, warns the county agent. Insecticides injury to man is most common through oral and respiratory intake or by skin absorption. The county agent urges the use of special care when working with phosphorous compounds.

F. Z. Bleanblossom, Poultry Marketing Specialist from A & M College will be the principal speaker at a poultry meeting this week, Jan. 22nd at the Valley Farms Community House, announced B. T. Haws, County agent. The meeting will start at 7:30 p. m.

The specialist will discuss the new egg Law, Poultry Outlook and Cage Laying Operations.

According the US Dept. of Agriculture, egg production in 1957 is likely to exceed slightly the record output of 169 million cases in 1956. In the first half of 1957 output will be from about the same number of layers as a year earlier but with a higher per bird rate of lay.

Beanblossom will discuss in detail the outlook picture for egg production, turkeys and broilers. All interested in poultry production are invited to attend the meeting.

Wichita County 4-H Club boys and girls will enter 12 head of beef animals in the Ft. Worth Fat Stock Show this week, announced B. T. Haws, county agent.

The following boys will show steers in the show: Frank Morton, 1 Angus steer; William Mortin, 2 Angus steers; 1 Hereford steer; Jim Barbour, 2 Hereford steers, 1 Angus steer.

The following boys and girls will enter heifers in the show: Mary Ann Stewart, Angus heifer; Roland Stewart, Angus heifer; Frank Morton, Angus heifer; Flynn Stewart II, 1 Angus heifer James Stewart, 1 Angus heifer; Dexter Kinnett, 1 Angus heifer.

The steers will be weighed in Thursday, Jan. 24th, sifted Friday, Jan. 25th and judged Saturday morning, Jan. 26th. Steers will be sold on Friday, Feb. 1st.

The heifers will be judged on Jan. 27th.

Generally, the value of using a nitrogen fertilizer for increasing yields of cotton and corn is well known, but according to B. T. Haws, county agent, small grain producers who fail to give their crop an application of this same plant food are passing up an opportunity to increase yields.

From now until mid-February farmers in the area south of Waco should apply the nitrogen sidedressing. Those to the north of the area should make the application by March 1 or not later than March 15th.

The county agent emphasizes that demonstrations conducted for the past several years have shown that small grain yields can be increased from 25 to 30 percent through the use of nitrogen fertilizers.

Generally, Haws says, an application of 150 pounds of ammonium sulphate or 100 pounds of ammonium nitrate an acre is sufficient if applied within the suggested dates. The increased yields will more than pay for the plant food and labor required to put it on the crop. Too, he adds, increased yields are needed now to replinish the short stocks of farm held small grains in Texas. Of course, he says, cooperation from Mother Nature in the form of badly needed moisture will materially aid the cause of production.

For more detailed information on the use of all types of fertilizers, Haws suggests a visit with the local county agent.

In the last two years the production of milk has increased to new record highs. However, with the increase in population and expanding incomes, consumption has also increased. However supplies of dairy products are likely to exceed commercial outlets in 1957, since production promises to be between 129 and 130 million lbs compared to about 127 million pounds in 1956.

Heat marks or alcohol stains on wooden furniture are not easily removed. Often furniture so damaged can be restored only by refinishing. Here are a few suggestions offered by Thelma Wirges, county Home Demonstration Agent for home treatment of such damage on woods:

When you spill any beverage, perfumes or medicines containing alcohol on furniture, wipe up the liquid immediately before it has time to penetrate into the finish. If the liquid goes completely through the finish there is only one remedy—a spot refinishing job temporarily and a complete refinishing job later. For temporary protection, polish with wax, using a colored wax for dark woods. If this is not effective, mix powdered pumice and oil into a creamy paste apply it to the stain, rubbing with the grain of the wood, then polish with a clean soft cloth.

Treat burns the same way first try wax then the prumice and oil mixture.

When penetration is not too deep, heat marks may be eliminated by light stroking with a cloth moistened in camphorated oil followed by buffing with a clean cloth. Water rings may respond to waxing or to treatment with camphorated oil.

Wichita County Home Demonstrators are making plans for a year's work. The family economics demonstrators have completed their plans and have started to work. Their work includes: 1. Keeping income-expense records. 2. Making a plan for spending. 3. Getting birth certificate for family members. 4. Making a family file. 5. Organizing a business center. 6. Study the family insurance program. 7. Take a household inventory or 8. Make a will. Their purpose is to work on various procedures to improve the business procedures of their home.

If you would like help or information on these you might contact Thelma Wirges, County Home Demonstration Agent, or one of the demonstrators. The demonstrators are Mesdames Jack Marshall, J. C. Leonard, L. L. McHugh, Bee Bryant, Carl Greene, Emil Flusche, Cleo Askins, J. G. Cheney Robert Luthy G. R. Belue, Alton Holbrook, E. A. Moore, V. F. Meyer, Jr., Ross Allen G. O. Baley, Eugene Varner, Virgil Woodfin, Sidney Smith, Ralph Swinford, J. W. Nicholson, Reb Huggins, R. A. Gilbert and R. C. Huggins.

Farmers interested in Thimet as an early season control for cotton insects will have to carry their 1957 planting seed to one of four treating plants in the state, according to B. T. Haws, county agent. Hazards involved with this highly toxic insecticide make it impractical for individual farmers to purchase and use it, he says.

Thimet has definite advantages for early cotton insect control, Haws says. The cost of planting 25 pounds of treated seed an acre will be about $3.00. Using treated seed will provide protection against thrips, aphids spider mites and leaf miners from 4 to 6 weeks after planting and its effectiveness is not harmed by adverse weather conditions. In addition, thimet-treated cottonseed will effectively replace the first two early season spray applications for all insects except the overwintered boll weevil, he adds.

Haws says some farmers have noticed a loss of stand due to planting treated seed to early and under adverse weather conditions. Since early season insects may not occur at all, it is largely a question of judgement concerning the value of this relatively high priced and time consuming seed treatment, Haws says.

It is suggested that farmers plant only a portion of his total cotton acreage with Thimet-treated seed and compare the results with other insecticides recommended for early season insect control. Ask your county agent about the nearest Thimet seed treating plant.

A dead mesquite tree is worth more in economic value than a live one, declares B. T. Haws, county agent. A live one, 10 inches in diameter, will use a ton of water to produce a pound of beans. That same ton of water could produce four pounds of good grass. For five cents the tree can be killed and if it isn't says Haws, it could represent a yearly loss approximating $9.0

The not so busy, not so hot winter months are ideal for getting rid of brush and undesirable trees in pastures. Percentage of kill from the 2-4-5-T and diesel oil chemicals is better in the winter and too no chops which are harmed by them are growing then says Haws. It's also a lot easier to get close to the brush and give it a better treatment during this time of year, he adds.

Trees over 4 inches in diameter should be frilled or cut off and treatment applied to the cut surface. After making a frill, spray solution in the ax cut surface until it bubbles out of the frill. When spraying freshly cut stumps, let some of the solution run down the bark channels to the ground line, advises Haws.

Haws says kerosene or coal oil is another good oil to use in brush control. For mesquite eradication, mix one gallon of 2-3-5-T to 40 gallons of oil and for oaks use one gallon 2-4-5-T to 24 gallons of oil. Rate of application per acre will depend on the tree size. Cost of application for a 4 inch diameter mesquite is 1 1-2 cents, and 3 cents for an oak. All you need to work with is an ax, a knapsack sprayer, and chemical solution.

SCS WaterShed Protection Grows

Water short Texas towns are waking up to the opportunity of adding to their water supplies through the Department of Agriculture watershed protection and flood prevention programs in the Trinity and Colorado River watersheds and in local projects assisted under Public Law 566.

State Conservationist H. N. Smith of the U. S. Soil Conservation Service reports growing interest on the part of municipalities eager to pay added costs to provide needed water storage behind floodwater retarding dams. Smith explained that the dams are designed as detention structures primarily. Their purpose is to slow down floodwaters and release them automatically at a rate stream channels can hold. Each dam must first be justified on the basis of its usefulness in flood prevention. Water storage for any purpose other than flood prevention must be secondary and in keeping with state law.

Applications for SCS help under comparatively new Watershed protection and Flood prevention Act (Public Law 566) now total 113, Smith reported. Modification of the Act has made it easier for municipalities and special purpose districts to make use of the program in meeting local water needs.

In the new watershed protection program, municipalities or other authorized organizations can build water storage into a floodwater retarding structure by paying the difference in cost Smith explained. The city of Kaufman, in the Kaufman-Van Zandt Soil Conservation District was the first Texas city to take advantage of the water-storage opportunity.

Added capacity of 1834 acre feet was built into a floodwater ratarding structure on Big Cotton Wood Creek, a small watershed in the big upper Trinity flood prevention program.

The 1834 acre feet of storage nearly 600 million gallons, was provided at a cost of $18,114.

Smith said construction has started on a similar project near Coolidge, Texas, to provide 355 acre feet of storage for that city in the Pin Oak Creek water shed program.

In the new watershed protection program the government can lend up to $5 million for periods of as long as 50 years at a rate of about 2 1-2 percent. The loan is retired on an annual basis. There is no such loan provision in the older upper Trinity and Middle Colorado flood prevention program.

SCS is authorized by the new law to cooperate with local subdivisions of government in building structures up to 5,000 acre feet of floodwater dentention capacity. Additional storage up to 25,000 acre feet in total capacity can be provided for municipal water supplies.

A city or water district must use its own engineer or employ one to determine water needs, suitability of the watershed and the proposed structure for a municipal supply. The local engineer may redesign the dam to include the additional storage, or the city or water district may use SCS engineering help and reimburse the agency.

Smith explained that the objective of the locally sponsored watershed program is to give protection to land, crops and property against flood damage. Soil conservation treatment of land in the watershed is fundamental. It insures a long period of usefulness for the floodwater retarding structures by reducing sediment carried by run off into streams and reservoirs. It also benefits the farmer and rancher through more efficient use of land and available moisture.

Grazing native ranges at intensities which will leave adequate residues for soil and plant protection is a must for range improvement, according to Elvy Sargent, Soil Conservation Service technician of Iowa Park.

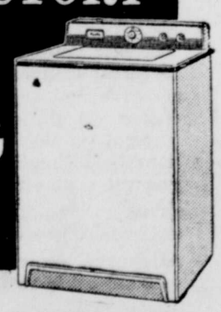

Proper use of range increase plant vigor and quently increase productio gent stated. About 50 pe of the desirable plants c grazed and still maintain vigor, while building up on the ground. Roots stop ing when top growth is grazed, thus reducing the ing system for water and food, he further pointed

SCS technicians at Iowa field observations of m penetrated 36 inches on condition range but only ches on range in poor tion. This will vary with range site but penetration ways in relation to cover site.

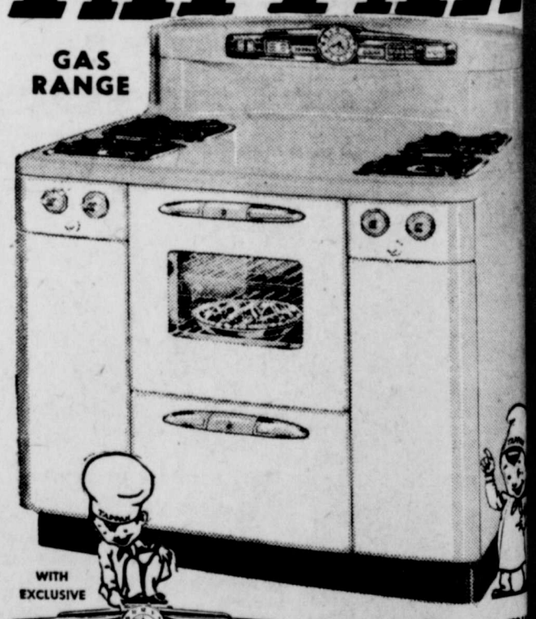

The Wilbarger - Wichita Conservation District and implement dealers will field days on pasture chiseling and pitting to mechanical means of aid range recovery where co inadequate. oy Sessums ss Feb. 6th rsity Club

versity Study club met ay afternoon, Feb. 6th me of Mrs. Joy Sessums rwell was in the chair ded over the business Concluding plans were game night in town onday night, Feb. 11th, ur guest tea to be held 20th.

evis, chairman of the committee, presented am on Youth Day. Mrs ocker brought an ex- aper on Guiding Chil- Current Events. Her in- was taken from an ar- ohn Cameron Swazzee, news analyst, and was esting and informative roup. The high points ut her discussion were interest our young as well as our teenag- aking in the world we those every day hap- we call world events. cker emphasized again n the point that it is far easier for the parent to excite this interest than ever before. Through televisions round up of the news, the child is given a live focus of the world events right in his own home and they can be informed of important daily happenings as early as possible instead of letting them have just the funny sections of the paper as has been the habit of American parents in the past decades. She concluded her talk by saying we must not let our children grow mentally sluggish. After all a well informed thinking people from Junior to adult is one of the corner stones of democracy.

Mrs. A. W. Newman was the next speaker and she too had a very good paper on one of the most important subjects facing the people today. Special School for Exceptional children who need Special Classes to help the child to learn to live with their handicaps. She brought us a very interesting story on the Mr. and Mrs. Bert P. Browns home for exceptional children. They started with a dozen children but this small beginning has developed into the Brown Schools with seven units in Central Texas near Austin and San Marcos.

This school now ranks among the ten top such schools in the country. They enroll about 300 children each year ranging in age from infancy to maturity. She told us about the mission road school founded by Mr. and Mrs. Cliff Bledsoe and the amazing things they had been able to accomplish since 1949. She reminded us that these two schools were by no means all the schools in Texas for exceptional children but these were two of the better known ones in our state. Mrs. Newman read a report that Raymond Bowell of Austin gave in Wichita Falls a few months ago. He is the supt. of Austin State School for the mentally reetarded children. Quoting Mr. Bowell, "There are 5 to 600 mentally retarded persons on the waiting list to enter the state school but facilities now under construction will be completed early in 1957 and will absorb all of the waiting list.

Mrs. Rigby and Mrs. Holt, our flower and gift committee were authorized to send flowers to one of our members who is ill in the General Hospital, Mrs. W. Mathis.

A delicious refreshment course was served to 16 members: Mesdames Brocker, Bunstine, Cauthorn, Crosley, Harwell, Holt, Melton, Newman, Pogue, Reagan, Reger, Rigby, Tevis and Laura Louise, Young, Waldrop and the hostess, Mrs. Sessums.

Sports Car Charmer Tours Auto Shows

Big hit of major auto shows this winter is the Chevrolet Super Corvette, a high performer with fuel injection replacing conventional carburetion. Other features: twin wind screens, distinctive side panel trim, special cockpit, a broad blue stripe running over body.

Calvary Baptist Church

10:00 a. m.—Sunday School. We use the Bible as our only literature.

11:00 a. m. —Song, preaching service.

7:00 p. m. — Young People services

7:30 P. M.— Night preaching service.

Calvary Baptist is an independent Baptist church, free from organizational control and teaching the truth in love. You have a friendly welcome to all services.

Ray C. Morrow, Pastor

Miss Patsy Harper Honored At Party

Pat Kay Inlow was hostess to a party in the basement of the Methodist church recently honoring Miss Patsy Harper and her two brothers, W. L. and Gene. The children will be leaving soon to join their father in Okinawa.

Records were played and ping pong and other table games were enjoyed. Bro. and Mrs. Turner were present and directed some games for the group.

The boys and girls presented Patsy a lovely cosmetic overnight bag. The church presented the boys with gifts.

Mrs. Melton assisted by Mrs. Turner served the 25 guests Cokes and cake.

Home Builders Class Met Feb. 6th With Mrs. J. B. Grace

The Home Builders class of the First Methodist church met for their regular monthly meeting in the home of Mrs. J. B. Grace Wednesday, Feb. 6th. The meeting opened with the song, Count Your Blessings. Prayer by Mrs. R. L. Gragg. Devotional was read by Mrs. J. M. Patterson. Theme was The Risen Christ taken from the book of Acts. Dues and penny collection were taken.

Refreshments were served to the following: Mesdames Moreman, Patterson Hugh Jones, Hoffman, Revier, Patton, Gilbert Gage Lowery, Bradford, Lawler, two visitors, Mrs. Gallop and Mrs. Reece and the hostess Mrs. Grace.

The next meeting will be with Mrs. J. P. Lawler.

ers for baby or blue jeans for the older children—can dry them electrically as fast as you need them!

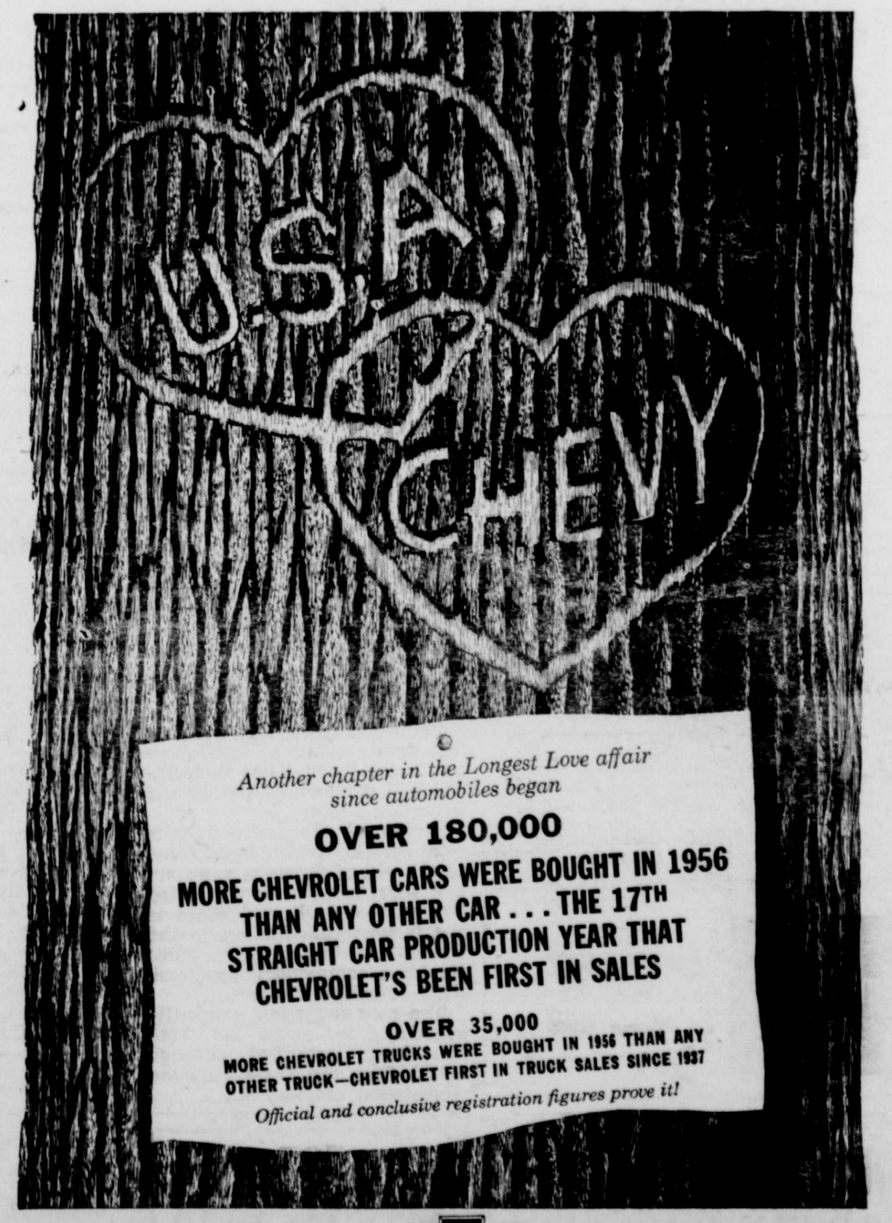

In good weather or bad, the family wash is always dried on schedule — with an automatic Electric Dryer

Keeping the family supplied with clean clothes is no problem when you have an Electric Dryer. You don't wait on the weather or for daylight hours of clothesline drying. When the baby needs diapers or big brother needs clean blue jeans, you can dry them anytime, even at night, with an Electric Dryer. You'll need to buy fewer clothes, too, because you can launder them faster — they're ready quicker and worn oftener. And you don't need a surplus of bed linens, towels and clothing to tide you over a period of bad weather

Dr. G. H. Brister Doing Intern Work At Detroit Hospital

Word was received this week by Mr. and Mrs. R. H. Brister of Burkburnett, that their son Dr. G. H. Brister who received his degree in medicine in June last year and is now serving his internship in Detroit Receiving Hospital, was one of the three volunteers from that hospital for emergency medical service in the flood stricken area near Pikeville, Ky.

He will be stationed in the flood area for several weeks or until the emergency period is over.

Dr. Brister will finish his internship in June and will shortly thereafter be commissioned a Captain in the U. S. Air Force, he is at present in the Air Force Reserve.

He is a former resident of this area, having finished High School in Randlett, Oklahoma, and took pre-med work in Midwestern University.

Railroads Aid Drouth Farmers

Drought ridden Texas farmers, dairymen and ranchers will reap additional large benefits as a result of the railroads extending their 50 percent freight reduction on shipments of hay.

Since Oct. 13th, when the rate slash went into effect thru mid January, Texas agriculturists were aided by the railroads to the extent of $1,669,289. During that time the railroads shipped 134,993 tons of hay into Texas at the 50 percent rate.

The rate cut tendered by the railroads covered eight states. The total saving to agriculturists in the 8 states has been $2,371,882, of which $1,669,389 has benefited Texans.

Action of the railroads, the only carriers which have come to the aid of farmers, ranchers and dairymen, has been hailed by Texas agriculture leaders as the biggest contribution to the drought stricken area. The move was also commended by President Eisenhower.

The rate reduction, originally scheduled to expire Jan. 15th has been extended through March 31st, the Texas Railroad Association announced.

Alex Dreier To Feature Texas Sun. Feb. 17th

ALEX DREIER
"Man on the Go for the Van on the Go."

The State of Texas will be featured by Alex Dreier, noted radio commentator, during a new nationwide program this Sunday, Feb. 17th over NBC-Monitor, it was announced yesterday by George Seagert, manager of the Publicity Department of the Austin Chamber of Commerce.

Radio stations WFAA, Dallas; WBAP, Ft. Worth; KPRC, Houston; WOAI San Antonio; KGNC, Amarillo; KRIS, Corpus Christi; KTSM El Paso; KOBD, Lubbock; and KRGV, Weslaco, will carry the salute to Texas at 5:05 p. m. Central Standard Time, along with nearly 200 other NBC Network stations.

The new program, called "Man on the Go—for the Van on the Go," salutes one state each week with appropriate music, a greeting from the governor and a ten minute talk by Mr Dreier consisting of colorful dramatic facts about the state's history, famous sons, recreational attractions, scenery and industrial progress. It is sponsored by North American Van Lines, Inc., world-wide moving organization.

Governor Price Daniel will open the Texas salute with a brief transcribed greeting.

Miss Ady Feted At Burkburnett Party

Miss Donna Ady, bride-elect of Eugene Sloan, was recently honored with a bridal shower in the First Baptist Church parlor.

Guests were greeted by Mrs. Ray Mills. Mrs. Danny Kinnett presided at the bride's book. Miss Karon Burton, Miss Blanche Butler and Mrs. Leroy Meyer presented musical numbers.

The serving table was decorated in the bride's chosen colors of blue and white. Misses Wanda Redman and Etta Lee Brandon served refreshments to approximately 60 guests.

Miss Ady and Sloan will be married February 16th in the Burkburnett First Baptist Church.

SINGING CONVENTION SUNDAY, FEBRUARY 17th AT FREDERICK, OKLA.

The Tillman County Singing Convention meets on the third Sunday of each month at 2:00 P. M.

The next meeting will be at the Pentecostal Holiness Church 409 North 3rd, in Frederick, Oklahoma, on Sunday, February 17th.

All singers are urged to attend and the public is invited.

W. B. Johnston, President

James R. McDonald who has been living at Rock Springs, Wyoming, for the past three years, has been transferred to Farmington, New Mexico, where he will be district sales manager for Basin Mud, Inc. Mr. and Mrs. McDonald have established a home at 806 East 25th Street in Farmington.

Governor Price Daniel has designated the week of Feb. 16-23 as National Future Farmers of America Week in Texas. Governor Daniel is shown presenting the proclamation to Kenton Harvey, State FFA President and E. C. Weekley, Executive Secretary of the Texas Association of Future Farmers of America.

Bulldogs Humble Olney 58 to 22

By Kenneth Estes

Burkburnett avenged an earlier loss to Olney with a smashing 58-22 victory Tuesday nite. This win gave Burk the third place slot in the District 2A-9 title chase. It was their seventh district win and sixteenth win of the season.

Doyce Walker and Dan Fowler paced the Bulldogs with 17 and 13 points respectively.

The girls dropped a 54-38 decision to Olney's girls in the preliminary tilt. Vyvyan Morris scored 14 points in the loss. Little Doris Sites scored 8 points and turned in a fine performance.

BURK B TEAM FINISHED SECOND IN DISTRICT 2A-9

Bowie edged Burk 51-39 to win the 2A-9 District Tournament for B teams. Kenneth Estes and Mike Lacy paced the B team, which was sprinkled with A team reserves, with 16 and 9 points respectively.

Burk advanced to the finals by smashing Decatur 58-35. Ken Estes and Jerry Shaw paced the Dogs with 18 and 11 points.

In the semi-finals Burk whipped Olney 37-30 as Estes scored 18 points.

The B team girls lost in the first round, 27-26, to Decatur.

Burk Riding Club Visited In Ft. Worth Saturday, Feb. 2nd

Twenty-eight members of the Burkburnett Riding Club and their families visited the Fort Worth Livestock Show and participated in the Grand Entry of the rodeo, February 2nd, which was officially announced as Burkburnett Day.

The club members rode in the matinee 2:00 o'clock and also in the 8:00 o'clock performances.

Juddie Smith, rodeo queen from Burkburnett, is a superb rider and was very beautiful as she rode out dressed in an all white suit glittering with sequins.

This year, in addition to their white and black costumes, the members have dressed their horses in white breast harness with Burkburnett printed in bold black letters across the front.

The club wishes to thank the local Chamber of Commerce for their assistance in the transportation of their horses.

Hear about the lighthouse keeper who lost his job? Couldn't break himself of dousing the lights before going to bed.

Don't worry, Mr. Glotskin. Old bureaucrats never die — they just tax away.
