

Lower Electric Rates Announced Here

Adjournment Delayed by Congressmen

Solons Fret, Fume To Quit Capital And Return Home

WASHINGTON, June 16, (P).—Members of the first \$10,000,000 peacetime congress fretted and fumed today over a \$10,000,000 barrier that stopped the pell-mell rush to adjourn.

The work consisted of a hand full of last minute appropriations written into the third deficiency bill. The measure, as passed by the house, carried allotments totaling \$279,000,000. The senate added \$10,000,000 to it.

When the two branches agree, the weary congressmen can go home.

Late yesterday the house rebelled against President Roosevelt's leadership on a farm question. It voted 244 to 87, to over-ride his veto of a measure continuing low interest rates on certain loans made on farm land by the federal land banks, and on farm products by land bank commissioners.

Senator Barkley of Kentucky, the major leader, predicted the senate also would over-ride the veto.

A senate-house conference committee settled the touchy question of distributing \$212,000,000 in benefit payments among farmers, principally growers of cotton, corn and wheat. Each chamber had wanted to divide the money differently, but conferees chose the house proposals which provide that \$86,400,000 shall go to cotton, \$68,800,000 to corn and \$57,200,000 to wheat. The money is included in the administration's big spending-lending bill, which totals \$3,753,000,000.

Flood and Cholera Mount, Thousands Of Chinese Dead

SHANGHAI, June 16, (P).—Flood and cholera dangers mounted today in China, where peasant millions already were suffering from 11 months of warfare.

Rising floodwaters of the Yellow River surged 50 miles south of disastrous breaks in dikes near Chengchow, Central China's rail and military crossroads.

Far from the war and flood fronts, the Shanghai municipal council officially declared cholera to be epidemic in Shanghai. In the city's hospitals there were 123 cases.

On the northern Shantung province coast the British steamer Shuntien was quarantined after one cholera death aboard. Eight Chinese died of cholera in Japanese occupied Soochow.

To block spread of the disease to Japan the Japanese consulate-general issued orders to health officials to vessels proceeding from Shanghai to Japanese ports.

(Dispatches from Lucknow, India, in the area which in years past has been a starting point of epidemics, said cholera had taken 12,000 lives in the past seven weeks in the provinces.)

In flood-menaced areas Japanese engineers directing attempts to stem the inundation said their previous statements that 150,000 Chinese had been drowned should be revised downward considerably.

Casualty and damage estimates were impossible to obtain because of disrupted communications.

2 Trainmen Missing After Train Falls Into River Today

CHILDRESS, June 16 (P).—Two trainmen were missing and a third was injured early today when a Fort Worth and Denver train ploughed through a washed out bridge into the flooded Salt Fork of Red River near Wellington.

The third trainman, first reported missing, swam five miles downstream despite an injured chest. The missing men were M. V. Griggs, engineer, and C. E. Burton, fireman, both of Childress.

Board Recesses on Equalization Work

County commissioners, sitting as a board of equalization completed their checking of figures yesterday after three days of work, recessing until June 27. At that time, property tax payers who have received notices will appear to adjust valuations. Only a few changes were found necessary, commissioners said.

HOLDS HER OWN

Mrs. N. C. Vest, who has been in ill health for a number of months, is reported to be "holding her own." She is able to sit up for a couple of hours daily, relatives reported, when assisted to a chair.

Death Sentence for Kidnaper

Franklin Pierce McCall (See Story at Left)

Sentence of Death Given To Kidnaper

No Emotion Shown By McCall as Judge Delivers Verdict

MIAMI, June 16, (P).—Franklin Pierce McCall, 21, was sentenced to die in the electric chair for kidnapping Jimmy Cash, Jr.

Cautioning the crowded courtroom to keep quiet, circuit Judge H. E. Atkinson called the minister's son to the bench and demanded "what have you got to say for yourself?" McCall shook his head negatively.

The judge then sentenced him to the state prison at Raiford until his death sentence is carried out.

The governor will set his execution date later.

McCall heard his doom pronounced without flinching, his face impassive, he looked straight ahead.

A defense attorney said no appeal was planned.

McCall has also been indicted for murder in connection with the boy's death but state's attorney said they would not demand he face trial.

Woman, Sweetheart Charged After Her Husband Drowned

BARTLESVILLE, Okla., June 16, (P).—Murder charges alleging a farm woman directed her lover to drown her husband so they could be free to move to a city together were filed against the pair Wednesday.

County Attorney R. K. Harris said the charges followed a declaration by Mrs. Essie Mathews, 37, that she shouted to the lover, Leonard Overcast, 37, to drown her husband while her two children looked on.

Harris said the two were charged jointly with the death of Mrs. Mathews' 52-year-old husband.

She said the widow told him she wanted to be free to go live with Overcast at Oklahoma City. The couple had planned to leave soon after the funeral yesterday.

When arrested, Overcast was wearing the only suit of clothes Mathews had owned, Harris said. He said authorities took the clothing from him so the dead man could be buried properly.

Mrs. Mathews told Harris she found her two children, Gene, 9, and Rose Lee, 5, had been witness to the drowning, the county attorney said. She threatened to whip the boy if he told anyone about what he saw.

Harris said suspicion turned to the couple when they came here to sell Mathews' goats.

Undersheriff J. D. Engle said Art Thomson, Wichita, Kan., nephew of the dead man, also became suspicious when he arrived for the funeral because Mrs. Mathews evaded his questions and Overcast ran from the house when he approached.

Bishop Boaz Will Preach on 3-Fold Records of Life

Continuing the revival now in progress at the Methodist church, Bishop H. A. Boaz will preach tonight on "Opening the Books."

"We are all writing records," he explained in discussing his subject for the night service which opens at 8 o'clock. "These records are three-fold; they are in your own mind, in the mind of other people, and in the mind of God. They influence your personal lives and the lives of others. And they are indelible."

The regular services will be held Friday morning at 10 o'clock but Friday evening's worship hour will be devoted to a special young people's meeting.

Bishop Boaz and other church officials emphasized this meeting and it is urged that all young men and young women be present at 8 o'clock tomorrow night for the service.

At that time Bishop Boaz will preach on "The Making of a Man." "I have been over the road and I know what it takes to make a real man," he said, adding that he would tell during his sermon what those requirements are. He especially urged young people to attend and hear his address.

Rev. W. M. Culwell, pastor of Cedar Hill, Dallas, is in charge of music for the revival. A 30-minute song service is held each night before the sermon.

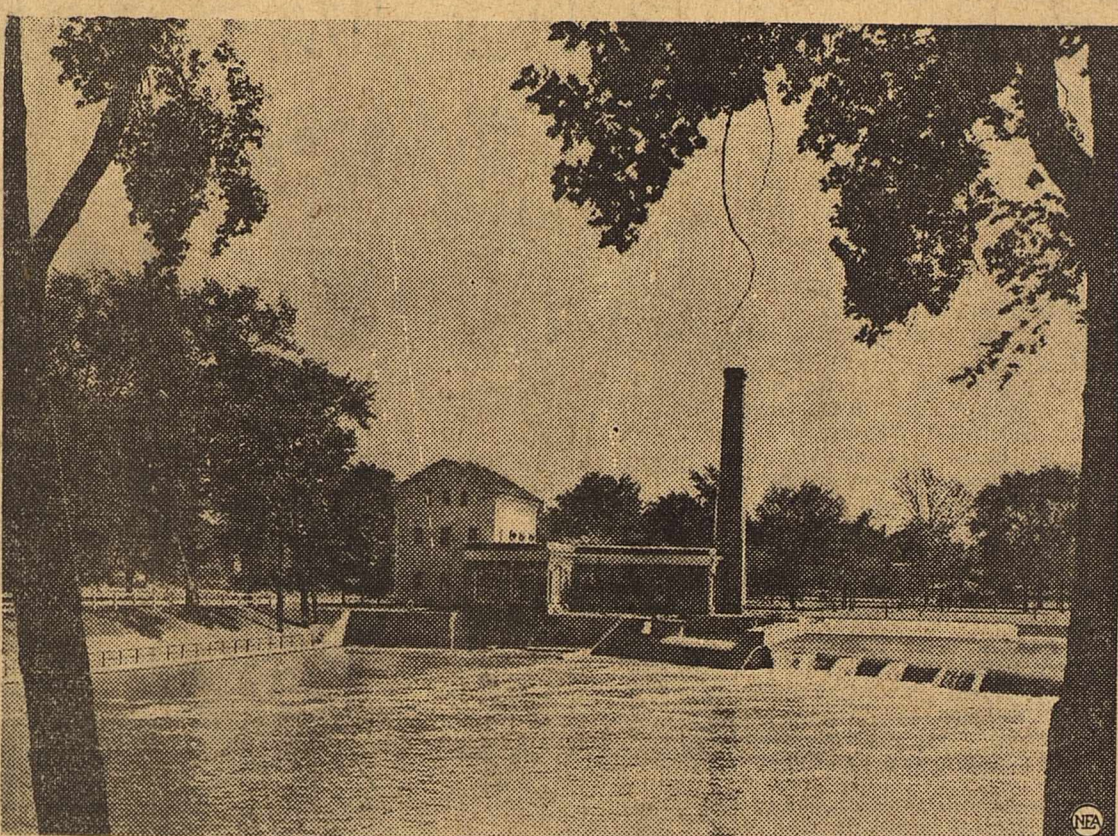

A 7:15 o'clock each evening a service is held under the direction of Mr. Culwell for all young people thirteen years of age and over.

A goal of 100 has been set for attendance at these meetings with the director expressing confidence that the mark may be reached.

At 4 o'clock each afternoon, Mr. Culwell conducts services for the Boosters club composed of boys and girls 12 years old and younger. He has set an attendance goal of 125.

(BISHOP BOAZ PAGE 8)

Flood Claims a Train—And an Engineer's Life

Spic and span on the banks of the River Raisin, this formerly-dilapidated grist mill is now the center-point of the latest of Henry Ford's "village industries." The new industry in the old mill enabled the sleepy town of Dundee, Mich., to stage a remarkable comeback.

Benefits of Church Proclaimed in Talk By Bishop H. A. Boaz

The church of Jesus Christ, including all denominations, Protestant and Catholic, has done more for the world than all other organizations, said Bishop H. A. Boaz at the Rotary club today.

Holding a two weeks revival meeting at the First Methodist church, Bishop Boaz was guest speaker at the luncheon. He was introduced by Mayor M. C. Ulmer, boyhood pupil of Bishop Boaz and a member of his church in his youth. W. I. Pratt was in charge of the program and prefaced the speeches by praising local efforts toward keeping the church activities up with those of civic projects.

"The simple record of Jesus Christ, as told in the New Testament, has done more to soften the hardships of life than all other writings and teachings," Dr. Boaz declared.

He said the church is the only organization which will reach its helpful hand into the gutters and slums, bringing up men and women from the depths of despair or worthlessness and making of them real men and women.

"Every good citizen ought to be a member of some church," he said, declaring that one can't be as good a citizen outside as inside such an organization. He added that all members of churches ought to be of some account to those organizations.

Much humor and homely philosophy was interspersed in the talk by the Bishop. He extended an invitation to the public to attend the services at the Methodist church at 10 a. m. or 8 p. m. each day through next week. The Rev. Hinds also addressed his invitation. The Rev. Culwell sang two numbers at opening of the program. He is pastor of the Cedar Hill Methodist church.

Besides those guests, present at the luncheon were Rotarian J. N. Kaderli of Pleasanton and Paul Moss of Odessa; also Cecil C. Collins of Big Spring, Bill Collins, Hilton Kaderli and Claude Crane of Midland.

Six Bombing Planes Are Shot Down Over Canton Early Today

CANTON, June 16 (P).—An official proclamation that six Japanese bombing planes attempting to bomb the Canton area had been shot down today started joyous celebrations here.

The city, suffering from three weeks of air raids, received the news ecstatically.

Hitherto, Japanese raiders have met no real resistance over Canton.

Light Rain Falls Late Wednesday

Rainfall of .18 fell at Midland late Wednesday, the fall being heavier along the highway west toward Odessa and Penwell, also to the east at Stanton and Big Spring. It was reported. No rain fell to the southwest toward Crane. Cloudy skies today followed the light shower.

HAS APPENDECTOMY.

E. B. Estes underwent an operation for appendicitis at a Midland hospital Wednesday night.

Approval by City Council Voted Today

Reductions of 4 To 20 Per Cent Are Effected

Mayor Ulmer and members of the city council today announced further reduction in residential and commercial lighting rates in Midland, following the reduction in commercial lighting and power rates put into effect last fall.

The new rate schedule provides for a monthly minimum of One Dollar, which includes the use of 8 KWH, the next 50 KWH at 5¢, the next 50 KWH at 4¢, the next 50 KWH at 3¢, and all additional KWH at 2¢.

Under the foregoing schedule each residential customer will receive at least 20 additional KWH for the minimum of \$1.00, and the reduction will vary from four per cent to twenty per cent, depending on the size of the residence involved under the old room count schedule, however, the total average reduction to residential service will be approximately eight per cent.

Mayor Ulmer stated that the new commercial schedule will provide a reduction in bills of small commercial users averaging fifteen to eighteen per cent where correct connected load billing basis has been applied under the old type rate. As in the case of residential schedule the new rate for small commercial users does away with the demand charge and provides for a monthly minimum bill of \$1.00, which includes the use of 8 KWH, the next 160 KWH at 5¢, the next 340 KWH at 4¢, the next 2500 WH at 2 1/2¢, and the excess 1 1/2¢ per KWH.

This is the fourth general rate reduction made by the Texas Electric Light & Power company in Midland in the past ten years, and typifies the policy of the local electric company in passing on to its customers in the form of rate reductions the saving in the cost of rendering service made possible by their increased use of electric service.

New Equipment for Range Program Now In Use by County

Purchased principally for use in range conservation work, a new RD-6 Caterpillar tractor equipped with angle-digger was received and put in operation yesterday by Midland county. The machine was used first building tanks near the new right-of-way for the Midland to Garden City highway which late today will reach the county line.

Immediately afterward, the new equipment will be put to work on Midland county farms and ranches, doing mesquite eradication, tank building, building fire guards and pasture ridging in the government program of soil conservation.

Ranchmen may secure use of the tractor at the actual cost to be stood by the government, with no payment necessary to reimburse the county until checks are received from the AAA. No additional cost will be made against the land owner.

County Agricultural Agent S. A. Debnam said today that applications are coming in steadily and that he believed every ranch in Midland would make use of the free mesquite eradication.

Four tanks were dug in a day and a half on ranches where new watering places had to be constructed by reason of the new fences along the Midland to Garden City highway.

Friday morning, the first range program work will be started at the Floyd ranch, southeast of Midland, where pasture ridging, mesquite eradication, tank building and fire guard building all will be undertaken with the new equipment. Other ranches will be visited in line with the applications for each part of the county.

Family Believed Drowned in Flood

CLARENDON, June 16 (P).—Bert Freeman, Wichita Falls, his wife and three-year-old son were feared drowned today in a flood caused by a downpour in the vicinity of Clarendon.

Nearly three inches of rain fell here, washing out railroad tracks and causing other damage.

Record Field Assured for Country Club Tournament

With 16 golfers having already qualified, officials today were confident the annual invitation tournament of the Country Club Saturday and Sunday would set new records in attendance and entries.

Qualifying scores are being accepted all week but only those who qualify Friday will be eligible to compete for medalist prize, a cocktail set.

The attractive prize list this year is credited with attracting golfers from all over West Texas, many of whom will arrive today and tomorrow. Tournament officials this year are offering the same prizes for the winners of all flights, the runners-up and the consolation winners.

Five flights are scheduled and the low 40 qualifiers will start play Saturday morning. A big barbecue supper and Calcutta Pool sale will be held at the Country Club tomorrow night at eight o'clock. Pairings for the first day's play will be announced following the auction.

Winners of each flight will be given a set of matched Turf Rider woods, five leather golf bags will be given the runners-up in each flight and other prizes will be given consolationists.

Don Sivals and Bill Holmes, members of the prize committee, today expressed thanks to all concerns and individuals who have given support and cooperation in staging the tournament, and said through the help of them the success of the affair had been assured.

Firms and individuals furnishing prizes and money for the tournament include: First National bank, Addison Wadley, Petroleum Pharmacy, Scharbauer, Coffee Shop, W. T. Wain, Joe Group, A. N. Hendrickson, Heidelberg Inn, C. T. McLaughlin, W. A. eager, Walsh and Sloan, Elliott Cowden, L. B. Hoss, Hotel Pharmacy, Charlie McClinton, Midland National bank, Hughes Tool company, A. & L. Housing company, Olsen Drilling company, W. E. Wallace, Mackey Motor company, Hotel Scharbauer, Reed Roly, Bilt company, Rowan Drilling company, A. W. Cherry, Gibbins and Heasley, J. Phillips, Ralph Lowe, George T. Abell, W. B. Harkrider, Rodman Supply company, Dr. A. P. Shirey, West Texas Reproduction company, Federal Tank company, Harry Watson.

Vacuum East Extension Assured As Phillips 6 Santa Fe Heads

BY FRANK GARDNER.

Swabbing and flowing 24 barrels of oil an hour for six hours, Phillips Petroleum Company No. 6 Santa Fe today appeared to assure definitely a two-mile northeast extension of production at the southeast end of the Vacuum field in Lea county, N. M. Bottomed at 4,578 feet, still in the upper pay horizon of the pool, it has been acidized with 1,600, then 5,000 gallons. Location of the extension is in the center of the southwest of the southeast of section 21-17-35e.

Repollo No. 1 State, Lease No. 197, a well four miles northwest of the Vacuum pool, was acidized with 1,000 gallons, under a 50-barrel oil load and a 15-barrel oil flush. Acid was allowed to set for two hours. Well was then swabbed three times, putting 30 barrels into tanks, when swab was lost, necessitating pulling tubing to recover it. The last 12 hours, the well has headed 40 barrels of oil thru casing into tanks, giving it a net production of five barrels over and above the oil load. Total depth is 4,685, plugged back from 5,016 to shut off water. Shows of oil had been encountered between 4,644 and 4,690, and 20 barrels a day had been swabbed. Location is the southeast corner of section 6-17-35e.

Ted Weiner et al No. 1 Parcell, southeast Lea wildcat, section 5-23s-38e, is shut down for orders to plug at 4,500 feet in time, contract depth. It will be measured up today. No shows of any consequence were found, although the well ran high structurally. It is four miles east of the Skelly sand pool.

Andrews Failure Looms. Failure was indicated today by a wildcat in southwest Andrews, Atlantic Refining Company No. 1 Texaco-University, when it showed 1-100 feet of sulphur water, with 50 feet of drilling mud, on a 50-minute drillstem test from 4,600-66. It is now shut down for orders, bottomed at 4,666. No shows of oil had been encountered to that depth. Location is 664 feet from the north, 673 from the east line of section 26, block 11, University survey.

Olson Drilling Company, No. 1 Lockhart & Brown, in south central Andrews, was still on swabbing test this morning, having swabbed a barrel and a quarter of oil, cut four per cent with basic sediment and 32 per cent with water, the last hour. Total depth is 4,584 feet in lime.

J. T. Perryman, Jr. No. 1 C. H. Doak estate, in northeast Gaines west of Cedar Lake, topped anhydrite at 2,140 feet, a datum of plus 1,025. This is 82 feet higher than a dry hole drilled some years back by Pure Oil Company six miles to the west. The Pure well topped anhydrite at 2,265, datum of plus 943. The No. 1 Doak is drilling ahead below 2,150 feet in anhydrite. It is 600 feet from the north, 1,980 from the east line of section 43, block n. D. & W. survey.

Ranger, Casteel et al (formerly stogner) No. 1 P. G. Hendrick, sole wildcat now drilling in Ector, logged another showing of oil at 3,992-94 and is drilling ahead after completing repairs.

Terry Test In Water. Larry E. Hulst No. 1 Gulf-P. J. Ross, northwest Terry wildcat, encountered five ballers of sulphur water in six hours from 5,121-25. Last reported drilling at 5,126. It was scheduled to continue until midnight tonight, then quit. At 5:107, hole had been bailed dry, then tested two gallons of dead oil.

Behind the Scenes in Washington

WASHINGTON—Likelihood that the government will buy surplus supplies of clothing for distribution to people who can't afford to pay for any, as proposed by Sidney Hillman, reflects growing determination in Washington to provide "over-produced" necessities of life for those who lack them.

The plan considered by WPA officials for men's clothing would operate similarly to the Federal Surplus Commodities Corporation, which will be rapidly expanded. The FSCC program, under which surplus food is bought for distribution to relief families, has cost \$100,000,000 in five years.

Latest FSCC plan, as yet unannounced, calls for purchases of cotton to be made into quilts and bed ticking for needy families.

Greatly increased distribution of milk for babies who now go without is also being considered. Secretary Wallace, who believes families of unemployed workers should be assured adequate nourishment and clothing, stresses the importance of fruits, vegetables, poultry and dairy products for such families.

All this is the exact opposite of the massacre of the "little pigs."

The aim in all programs and proposals for free distribution is to avoid displacement of any sales which might otherwise be made by retail stores. Clothing manufacturers, operating less than 40 percent normal and suffering from price cuts, are as enthusiastic over the Hillman plan as farmers have been over FSCC operations.

Francis Biddle, the slender, quick-witted and industrious Philadelphia lawyer selected as counsel for the TVA investigating committee, was chosen almost unanimously after the committee had questioned him at length. The vote was eight to one. All Democratic members and two Republicans favored Biddle. Senator Jim Davis of Pennsylvania, who had telephoned Biddle and asked him to come to Washington, didn't vote on the ground that "we're from the same state." Congressman Tom Jenkins of Ohio, TVA critic, cast the only vote against Biddle.

and Chicago, Ohio State University, Cleveland public school broadcasting, United States Office of Education, and the several broadcasting companies with national hook-ups in New York City.

Dean Shelby will sail from New York on July 20 for a month of study with the British Broadcasting Company in London. In addition to this traveling scholarship awarded to Dean Shelby, two study scholarships have been awarded to the University, one to J. Howard Lumpkin, of the Division of Extension, for five months beginning September 15, 1938, and one to A. L. Chapman, who is a graduate student in educational administration in the University. Prof. Hugh Masters of the North Texas State Teachers College at Denton and Professor Heger of the Texas State College for Women at Denton have study scholarships for the next academic year from the same source.

Lumpkin, who is director of forensic activities for the University Bureau of Public School Extra-curricular Activities, will spend five months, chiefly in New York in the various broadcasting studios, learning the technical methods of program production. He will study in the American School of the Air, as well as in several commercial studios which present educational programs.

Chapman, now nearing the completion of work on the doctoral degree, will spend ten months at universities and colleges of the North and East, principally at Ohio State University and the University of Wisconsin, both pioneers in the field of radio education. He will make an intensive investigation of the method of planning and pro-

ducing programs suitable for educational purposes. On their return next year, both men will devote their energies to the development of radio education work in Texas.

The University of Texas has in recent years turned to radio education as a natural step in the expansion of its facilities in training teachers. Dr. B. F. Pittenger, dean of the School of Education, said. Summer school courses in planning and presenting radio programs for secondary schools have been offered under experts. This year L. W. Parker of the University of Wisconsin is teaching these courses. It is planned to prepare radio programs of educational nature, place them on records and make them available to independent radio stations, and to

expand the summer courses now given, Dean Pittenger said.

The Town Quack

Midland, might confuse it with a relief office or similar agency. However, a report elsewhere in this paper shows that the office has made 762 placements in the first five months of the year, of which 647 were made with private employers, the remainder being on public works jobs. This is a commendable service and is a credit to Mr. Ira Pratt and his staff.

A Midland ranchman wants this police protection, which will be given to Cloverdale park to prevent beer busts, petting parties and wild behavior, extended to the south pasture of his ranch. Although the pasture comprises 48 sections, he says he can't drive about the range in the regular conduct of his business without embarrassment to himself or to others. He said he advised one couple that he didn't like his pasture used for partying, so the visitors said it was okay, they would hunt up another pasture.

Someone may take offense at the above paragraph, but it's the living truth. The best way to relieve this territory of indecent behavior is to bring such activity to the attention of the public, and then maybe the violators will at least keep out of sight in the daytime.

One not familiar with the operations of the state employment service, which maintains an office at

Neighbor Shuffler, of the Odessa News-Times, is back from a vacation on the gulf coast. He says as soon as he counts his money and catches up on his work, he will tell the readers about his trip. He always hints at financial straits when he returns from a trip, but I notice he always seems in shape to make the trips. Not being much of a vacationer myself, I don't know how it feels to come home and start covering my overdraft. I can't keep mine covered long enough to leave town in the first place.

Alligators Reported In Brownsville Area

BROWNSVILLE (AP).—Reports of alligators being seen in a wild state in this area for the first time in more than 50 years have been received from Lake Olmito, between Brownsville and San Benito. Specimens have been found in Resacas in Brownsville, but they had escap-

ed from animal dealers. The Rio Grande in this section has harbored no alligators within the memory of living residents, but legends say the reptiles frequented the river in early days. Cattlemen had them killed. Effort is being made to capture one of the alligators reported at Lake Olmito.

Transparent Aprons

Manufacturers have done something smart about aprons. Petite, bibbed affairs or larger cover-all aprons now come in a new transparent, water-proof material which is said to be fire-proof, too. They are easy to wash off, and you needn't feel "aproned" when you are serving guests.

SOCIETY NEWS SECTION

Trio of Hosts Entertains for School Group

A trio of hosts, Robert Filson, Burton Estes, and Darrel Johnson, entertained for a circle of their high school friends with a swimming party and picnic at Pagoda Pool Wednesday evening at 7 o'clock.

The group gathered first for a swim, which was followed by a picnic supper served by Mrs. Alvin Johnson and Mrs. J. A. Tuttle.

The invitation list included: Jesse Lynn Tuttle, Virginia Ann Hilliard, Helen Kirk, Velma Johnson, Mary Sue Cowden, Jeanne Davis, Barbara Jean Harper, Freddie Fae Turner, Marjorie Ann Monaghan, Joe Norman, Jack Nobles, John Dublin Jr., E. B. Rountree, Claude Jarrett, Frank Nixon, Billy Noble, David Holster, Jack Walton, Herbert Williams, James Frank Johnson, W. E. Lynch, Bill Harris, Leo Roselles, Jim Hegan, Marvin Park, John Turner, Buddy Hewett, Bobby Walker, Billy Simpson.

Mrs. Reagan Entertains for Sewing Club

Mrs. R. M. Reagan of 211 E Kentucky street was hostess to the Wednesday Afternoon sewing club yesterday.

Ten towels were embroidered with negro figures in weekday motifs.

Mrs. C. L. Reagan was a visitor. Refreshments were served to the visitors and the following members: Mmes. J. W. Crowley, Fred Klatt, Lewis Patterson, T. N. Hopkins, A. E. Dixon, W. C. Moore, Bill Wright, and the hostess.

The club will meet with Mrs. T. N. Hopkins, 615 N. Lorraine, on Wednesday of next week.

HAPPY RELIEF FROM PAINFUL BACKACHE

Caused by Tired Kidneys

Many of those gnawing, nagging, painful backaches people blame on colds or strains are often caused by tired kidneys—and may be relieved when treated in the right way.

The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. Most people pass about 3 pints a day or about 9 pounds of waste.

If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, loss of pep, and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

G. A.'s Elect New Officers; Three Pass Tests

As a part of the G. A.'s work toward higher standing, three members passed the test as 'Handmaidens to the King' at the meeting of the group at the Baptist church Wednesday afternoon at 4 o'clock. The three were Vernelle Howell, Dorothy Shelburne, and Lena Fay Shelburne.

Election of officers for the last half of the year was a feature of the meeting, the following being chosen: President, Anita Tindle; vice president, Irma Tunnell; secretary, Lena Fay Shelburne; treasurer, Annie Lee White; program chairman, Vernelle Howell; social chairman, Dorothy Shelburne; song leader, Wanda Lee Tindle.

Present were: Irma Tunnell, Anita Tindle, Wanda Lee Tindle, Lena Fay Shelburne, Dorothy Shelburne, Annie Lee White, Vernelle Howell, and the sponsor, Mrs. Charles Skinner.

The group will meet next Wednesday at 4 o'clock in the church basement.

Scout Cubs Meet At Aldrich Home Wednesday Morning

A group of Scout Cubs met at the home of Mrs. Frank Aldrich, 724 W Louisiana, Wednesday morning at 10 o'clock for their weekly recreational session.

Tennis, croquet, wading, and playing on acting bar and trapeze occupied the morning.

Mrs. Aldrich, who was in charge, was assisted by Mrs. J. C. Velvin who, though unable to be present, sent refreshments for the group.

Present were: Cubs, Frank Aldrich, Jr., LeGrant Daugherty, Jack Cox, Jimmie Velvin, Carlton Galbraith, Calvin Clark, Stanley Blackman, Dale Mickey, Burvin Hines, and two guests.

Feminine Fancies

One never knows which way the winds of fashion will blow. Once the stylish young woman would have turned up her nose at the plaid-checked woolen shirt worn by lumberjacks but those days have gone. A copy of this shirt in colored plaids is the very newest thing for wear in a trailer, on a dude ranch, or camping.

Its informality is stressed by the fact that it is worn as a jacket with

Starring Stripes

THIS flattering frock in soft knit wool uses the striped design of its navy and white fabric in clever self-decoration. The zig-zag lines of the bias skirt contrast nicely with the horizontal treatment of the bodice. Shoulder tucks, a crocheted wool flower and a narrow leather belt in navy with a white buckle, are interesting details.

the shirt tail out, though it may be tucked in if desired.

We can imagine the consternation of the fashion readers of the staid Victorian age if confronted by the apparition of one of their granddaughters of this year 1938 clad in what appears to be the hired man's workshirt—with shirt tails flying in the breeze.

Perhaps it is a blessing, and for the peace of mind of all concerned that, as the poet says we may "Thank whatever Gods there be, That no life lives forever. That dead men rise up never."

Pretty soon, if the present trend continues, we expect to see an entire wardrobe from bathing suit to evening gown incorporated in one costume.

The two-piece dress or suit was followed by the three-piece ensemble and now there is the four-piece costume to provide the canny purchaser with a change of wardrobe.

An example of this quartet influence is shown in a sports outfit of lightweight wool flannel which includes: One pair slacks, one skirt, one jacket, one shirt.

Forming two complete costumes, this should be the very thing to buy for twins, so they could both wear the same dress at the same time. Or to be recommended for one's roommate (with an eye to future borrowings).

If your individual ash-trays are always getting misplaced, get one of the handsome new chromium sets of four which suck one upon the other on a central cylinder. In natural chromium finish with touches of clear red, these are pretty as well as practical and take up little space on a table or on closet shelves when not in use.

For midsummer wear with street or casual clothes, our vote goes to a widebrimmed hat of navy blue fabric with stitched brim. Two white

Bridge-Luncheon Is Courtesy for Two Oklahoma Visitors

Honoring Mrs. C. J. Becker of Shawnee, Oklahoma, and Mrs. C. D. Littrell of Oklahoma City, who are houseguests of Mrs. John Cornwall, Mrs. R. W. Carson entertained with a morning bridge followed by luncheon at the Log Cabin Wednesday.

Three tables were appointed for the games in which high score prize went to Mrs. Cornwall, second high to Mrs. A. E. Cather, and cut to Mrs. Lloyd Edwards.

The hostess also presented guest prizes to Mrs. Littrell and Mrs. Becker.

At the luncheon hour, yellow and white daisies centered the three small tables laid with pottery for the two-course service.

Present were: The honoree, Mmes. Cornwall, David S. Googins, J. E. Simmons, Paul Osborne, Cather, Robert Tucker, Cary P. Butcher, Edwards, W. R. Jarrett, and the hostess.

Mrs. Bob Clarke Compliments Group At Bridge Wednesday

Entertaining at the home of Mrs. W. L. Miller, 1004 W Kentucky, Mrs. Bob Clarke was hostess to two tables of bridge Wednesday afternoon at 1:45 o'clock.

Daisies and other cut flowers were used in the party rooms.

In the afternoon's games, high score was held by Mrs. John W. Skinner who was presented with a pair of companion portraits done in water colors by the hostess. Cut prize, awarded to Mrs. Ralph Cooley, was a water color scene taken from a picture done in Old Mexico.

A dessert course was served at tea time.

Present were: Mmes. Skinner, Bill Collins, Miller, Sam Giesey, Cecil King, John Richards, Cooley, and the hostess.

Announcements

FRIDAY.

Tapestry Sewing club will meet with Inez Whiteaker, 502 S. Terrell, Friday afternoon at 2:30 o'clock.

Belmont Bible class will meet with Mrs. A. B. Stickney, S. Carrizo street, Friday afternoon at 4 o'clock.

Stitch and Chatter club will meet with Mrs. Forest Reven, 809 N. Weatherford, Friday afternoon at 2 o'clock.

SATURDAY.

Story Hour will be held at the courthouse Saturday morning at 10 o'clock.

CARDS, PIONEERS MEET TONIGHT; WINNER TO LEAVE CELLAR

SECOND PLACE IN SIGHT FOR TEAM WINNING BATTLE

They may have to play all night, but when the game is over tonight between Clovis and Midland one of them will be out of the cellar. The two clubs meet tonight at City Park at 8:30 and the winner may move into second place.

Both clubs were rained out in the scheduled games last night—Midland with Wink and Clovis with Hobbs—and thereby lost a chance to advance. But while they were being held in the cellar, the Big Spring Barons dropped in with them. The Barons dropped a 6-8 decision to Lubbock and threw the standings into what could well be termed a mess.

Midland, Clovis and Big Spring are in the cellar, Hobbs is two points ahead of them, in third place, and Wink is a half game ahead of the four clubs to have a very insecure hold on second place. If Hobbs should beat Big Spring today the Boosters would remain ahead of the Midland-Clovis winner but if the Barons win they will move up with the winner of the game here.

The Wink Spudders meet the Lubbock Hubbers, now leading the field by eight and a half games, and if the Spudders lost they will be no higher than fourth in the standings.

"Chief" Benny Franklin was the announced hurler for last night's game and will in all probabilities get the nod tonight. Likely to get the starting assignment for Clovis is a young right hander named Jones, called the hard luck hurler of the league because of losing three games by one run each.

Fans at the game tonight will get to see a local boy in action as James White will be patrolling center field for the Cardinals. "Jim" has had a lot of semi-pro and collegiate experience but this will be his debut in organized baseball.

Record Parade Is Being Planned for Big Spring Rodeo

BIG SPRING, June 16.—A campaign to organize the longest and most colorful parade ever staged in Big Spring is underway here in anticipation of the opening of the fifth annual Big Spring Cowboy Reunion and Rodeo July 2.

Burke T. Summers is heading up a committee of 20 workers to enlist business firms, civic and service clubs, orders and fraternities, institutions, and individuals for decorated floats in the parade. Bands from a wide area of West Texas will be invited to enter the procession.

Close-out on good used electric refrigerators; \$35.00 to \$200.00. Midland Hardware Co. (Adv.)

Second of five articles on the second edition between Joe Louis and Max Schmeling.

BY HARRY GRAYSON
Sports Editor, NEA Service

SPECULATOR, N. Y.—They say that Max Schmeling is a one-handed heavyweight—that all he has is a smashing right fist.

Yet the German has shown time and again that this is worse than fiction.

While Schmeling is maddeningly methodical in workouts and has frequently carried his one-track plan into the ring, he also has made fights in which this style was an anachronism.

He is a cagey veteran capable of shifting his style.

This he did to confuse and knock out Joe Louis two years ago.

Schmeling is supremely confident that he'll repeat the feat at Yankee Stadium, June 22.

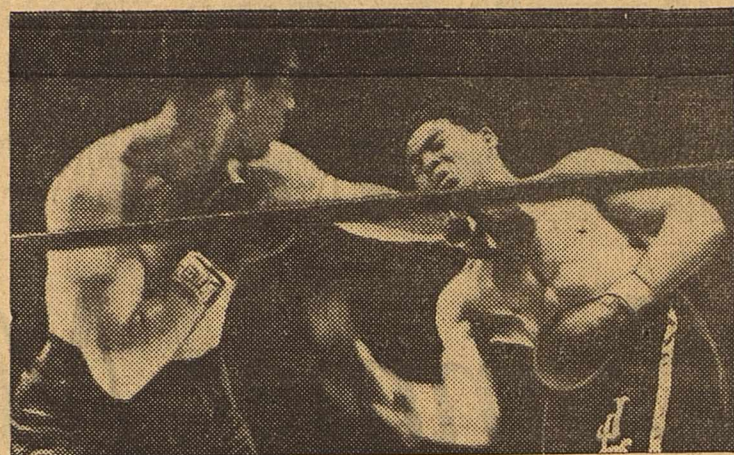

Schmeling is the only fighter that I ever saw who everlastingly comes in without leading. His style forces his opponent to lead. This ought to be a duck soup for a hitter like Louis, but it wasn't the last time out.

Schmeling has the patience of the sphynx, yet has started with the early foot of Menow at times—against Mickey Walker for example.

While it has been sadly neglected by his critics, Schmeling jabs and hooks with his left with piddling force. He demonstrated this when his left paved the way for the late Young Stribling's crash to the canvas.

SCHMELING STAYED UP; THAT WAS NEW GAME

Schmeling was in trouble himself a time or two in the first Louis battle, but it generally was Louis who got the worst of it no matter what the negro tried. Schmeling

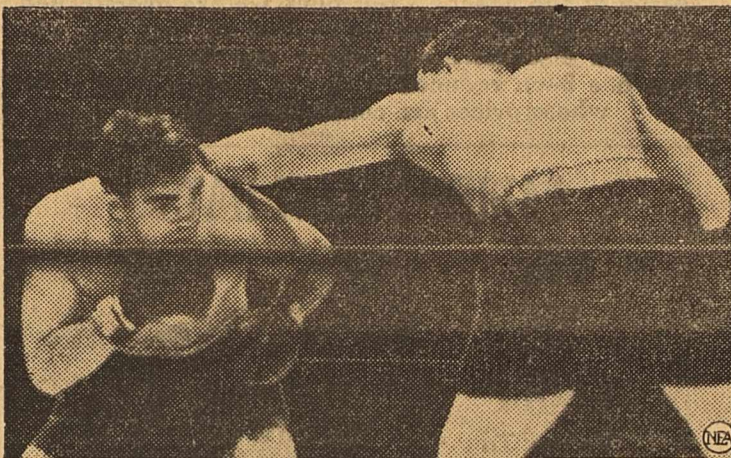

So, Max Schmeling has only a good right hand, eh? Well, it is plain that Joe Louis doesn't like this stiff left.

outboxed and outthit his youthful rival.

Pictures don't lie, and the expression on the septa Dempsey's face, as Schmeling caught him with jarring left, was proof that Schmeling had two good hands.

Louis tagged Schmeling just as he tagged Carnie and Baer. The difference was that Schmeling stood up. That was a new game for the negro. The element of surprise was on the German's side. As Billy Petrolle once remarked, "It's awfully annoying when you take your best shot and nothing happens."

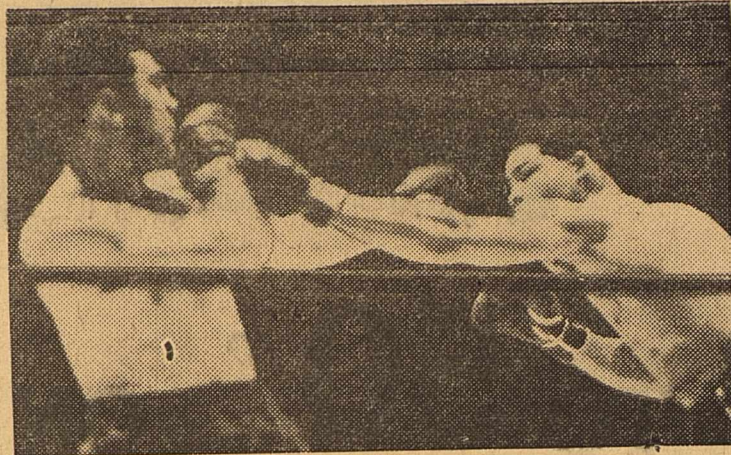

Louis found that the concerted fire that had mowed down everyone in his path wouldn't work against the ex-champion. Smoky Joe couldn't belt Herr Moxie solidly twice in the same place. The Perseus, Frankfurter blocked cleverly and got under Joe's leads by bending to the right and keeping his head down. Meanwhile the negro was suffering from heavy retaliatory fire.

The ex-champion bent to his right and kept his head down last trip... got under many of Smoky Joe's leads.

GERMAN CLOSES RAPIDLY; HIS LEGS IN GOOD SHAPE

In the dressing room immediately

The German blocks well, too. This picture is proof that he wasn't always in a crouch when he gave the Negro that sound thumping.

following his knockout of Louis, Schmeling expressed regrets that the scrap had ended in the 12th round.

"I was just starting," he remarked. "You know—my best rounds are the 13th, 14th, and 15th."

And while he is crowding 33, I expect that Schmeling's best rounds this time will be the closing ones—if the engagement goes that far.

Schmeling always has led a wholesome life. He is vastly younger at 32 than most fighters are in the late 20's. His legs appear in tip-top condition. He knows all there is to know about fighting.

Schmeling's sparring partners give training camps a new low, but he insists that he needs little work. This is his fifth training camp in a year.

There is no doubt that Schmeling still has the urge. He never before wanted to win quite as badly.

The Black Uhlan is not too old. He packs the equipment. He has the knack of making the other fellow fight his kind of fight.

That perhaps is Max Schmeling's most valuable asset in his second edition with Joe Louis.

NEXT: Joe Louis must realize that attack is his best defense.

What Shall It Profit A Man to have gained the whole world and lost his own eyesight? There is nothing more precious than unclouded vision. Have your eyes examined.

Ursuline Academy Observes Birthday

LAREDO (AP)—The Ursuline Academy of Laredo, which recently passed its 70th year of operation, had a small beginning. In 1868, Mother St. Joseph Aubert came to Laredo from France, and with Sister St. Teresa from Galveston, bought an incomplete brick building and founded the school.

Three years later six additional Sisters arrived, and in 1873, Mother Mary of the Sacred Heart, then 20, completed the staff. She is the only survivor of the original community.

In her 65 years experience here she recalls political riots, 7 epidemics and floods when the Rio Grande waters lapped the floor of the south porch of the building. She saw from windows of the school revolutionary battles at Nuevo Laredo across the river that sent many refugees to her door for shelter.

The original building was enlarged in 1896 to accommodate the increasing enrollment of pupils. Because of its proximity to the international bridge, the convent and school property soon will be bought by the United States Treasury Department as the site for a new federal building. Plans are being drawn for academy buildings at a new location.

Refrigeration Do's and Don'ts

Keep food in covered containers. Remove paper bags or paper wrappings from food before storing in refrigerator. Clean vegetables and store in hydrator or some of the clever new transparent vegetable bags; wash the inside of the refrigerator thoroughly with a mild washing soda solution at least once a week; defrost automatic refrigerators regularly or when the unit is frosted no more than a quarter inch. Do not overcrowd. Refrigerators give best service when there is a free circulation of air throughout.

The Japanese viviparous snail brings forth its young alive and already bearing shells.

Close-out on good used electric refrigerators; \$35.00 to \$200.00. Midland Hardware Co. (Adv.)

Record Parade Is Being Planned for Big Spring Rodeo

BIG SPRING, June 16.—A campaign to organize the longest and most colorful parade ever staged in Big Spring is underway here in anticipation of the opening of the fifth annual Big Spring Cowboy Reunion and Rodeo July 2.

Burke T. Summers is heading up a committee of 20 workers to enlist business firms, civic and service clubs, orders and fraternities, institutions, and individuals for decorated floats in the parade. Bands from a wide area of West Texas will be invited to enter the procession.

Close-out on good used electric refrigerators; \$35.00 to \$200.00. Midland Hardware Co. (Adv.)

JUST LOOKS BAD!

No question about it, a bashed Fender does reflect unfavorably on both car and owner. But, fortunately, a bashed-up Fender always looks much worse than it really is. The results we achieve in smooth, long-out crumpled sheet metal are almost magical. And our charges are happily modest.

Old-Time Cowhands Will Hold Reunion At Stamford Rodeo

Midland members of the Texas Cowboy Reunion Association composed of oldtime cowhands, which will hold its annual meeting during the Reunion in Stamford July 4, 5 and 6, include: Mrs. Eva Cowden, E. P. Cowden, W. M. Allen, B. N. Aycock, Hilary G. Bedford, J. Pate, C. Cochran, W. C. Cochran, J. Pate, Collins, J. S. Coop, E. W. Cowden, J. D. Cowden, L. Daugherty, E. B. Dickerson, T. N. Dolan, A. Faskin, A. C. Francis, Bill Gates, J. Graham, Bill Graves, Frank Ingram, Spencer Jewell, Sam Kelton, B. W. Lee, Geo. L. Lee, H. E. Lewellyn, T. O. Midkiff, A. J. Norwood, Geo. F. Ratliff, W. F. Scarborough.

H. G. Bedford is member of the Board of Directors. Members of the association receive the highly prized oldtime cowboys' metal badge upon payment of their annual dues of \$1. The badge admits the member to all rodeo performances with grandstand privileges, to the cowboy dances at the bunkhouse each night and is the meal ticket for a chuckwagon dinner each day at noon.

Entertainment of the oldtime cowhands, whose ranks are fast thinning, is one of the main purposes of the Texas Cowboy Reunion.

posers of the Texas Cowboy Reunion. Their gathering is an occasion for reviving memories of frontier life on Texas cattle ranches and preserving customs and traditions of the old west.

Walt Cousins of Dallas, former West Texas cowhand who is serving his second term as president of the association, will preside at the meeting of the oldtimers. Officers for the coming year will be elected. The meetings will be held in the enlarged cowboy bunkhouse, permanent home of the association, which is being completed along the lines it was originally designed at a cost of \$6,300.

Bishop Boaz

CONTINUED FROM PAGE ONE

for the Booster meetings. Describing Bishop Boaz, whom he has assisted in previous revivals, as one of the leading preachers of Methodism, a world traveler and educator, Mr. Culwell re-iterated the invitation to the general public to attend all services possible, saying that a "real treat" would be missed if his sermons were not heard.

Close-out on good used electric refrigerators; \$35.00 to \$200.00. Midland Hardware Co. (Adv.)

Re-Elect Parrot as Head of Carpenters

Members of the Carpenters Local Union No. 1428 met Tuesday night at Labor Temple and elected officers for the ensuing year.

Pearl Parrott was reelected president. C. W. Dodson was reelected vice president. W. E. Johnson was reelected secretary and business agent. W. B. Wilson was elected treasurer. C. E. Race was elected trustee. Geo. T. Romans was reelected conductor. F. D. Reven was elected warden.

The local union now has about 100 members, and about 95 per cent of the work in Midland is being done by union carpenters.

Prospects for a continued building program in Midland were declared good by officers.

House in Mexican Town Burned Down

A small house in Mexican town was destroyed by flames shortly after midnight today. The house was practically destroyed before firemen were notified and they were unable to extinguish the blaze before the house was completely ruined.

City Directory Library Placed In C of C Office

Opening of a city directory library in the chamber of commerce office in Hotel Scharbauer has been announced by chamber of commerce officials, the following recent directories having been received in the initial shipment from the Hudspheth Directory Co. of El Paso: Amarillo, El Paso, Lubbock, Big Spring, Albuquerque, Roswell, Pampa, Vernon, Boston, Dallas, Denver, Fort Worth, Henderson, Houston, Kansas City, Los Angeles, Oakland, Oklahoma City, Port Arthur, San Angelo, San Francisco, Shreveport, Tulsa, Tyler, Washington, D. C., Wichita Falls, and Wichita, Kan.

Efforts are being made to have an Associated Directory Library established here, information received from the Hudspheth Directory Co., publishers of the Midland directory, indicating that such a library may be authorized by the Association of North American Directory Publishers early next year. The Association library would contain practically all Texas, Oklahoma and New Mexico city directories.

Employment Office In New Quarters

The local office of the Texas State Employment Service will be moved Thursday, June 16, from its present location at 102 1-2 South Main street, to its new location at 200 East Wall street. Due to an increase in the office's activity, more spacious and commodious quarters are required. At 200 East Wall street, the office will be located in convenient down-stairs quarters. At this time, there 620 registrants seeking work through the facilities of the service. For the first five months of this year, the office received 460 applications, and has made 762 placements. A total of 647 of the placements were made with private employers, while the remaining were made on Public Works jobs.

Staff members suggested that individuals seeking work opportunities register with the local office, and that employers needing additional workers of any kind, let the office know of their needs. The Texas State Employment Service is affiliated with the United States Employment Service, and its services are without charge to either workers or employers.

Jamboree Films to Be Shown Tonight

All Boy Scouts, Cubs, Scouters, parents and others interested in Boy Scout work are cordially invited and urged to attend the showing of motion pictures of the National Boy Scout Jamboree, held in Washington, D. C., last summer, at Boy Scout headquarters here this evening at eight o'clock, arrangements having been made to seat a large crowd. The Jamboree films will be brought here this afternoon from Sweetwater by Al J. Stiles, executive of the Buffalo Trail Council, Boy Scouts of America.

Camps, parades, Jamboree activities, air views, interesting scenes, camp fires and various scout stunts are included in the pictures. The performance will last approximately one hour.

Some excellent shots of the Texas delegation are included in the film. More than a dozen Midland boys were in the Texas delegation at the Jamboree.

Philco Automatic Tuning gets them with a single motion! And Philco's famous Foreign Tuning System doubles overseas reception. Never before such a radio... never before such performance, such regal cabinets! And you can own one for as little as

Unemployed Riot in Cleveland Offices

CLEVELAND, June 16. (AP)—A quickly-subdued disturbance in a city relief office Wednesday brought a warning from Fred W. Ramsey, city welfare director, that "trouble-makers" would be deprived of all aid.

A milling group of 75 persons shouted "we want food orders" and threatened to break into administrative quarters. Policemen restored order.

Joseph Mullarkey, police sergeant, was bitten on the hand as he arrested Mrs. Celia Maryn, 37, on a charge of scratching a woman relief investigator's face. Another woman

will return a week before school opens in September to check the projects carried out by the girls.

Dr. and Mrs. Smith Return from North

Dr. and Mrs. W. M. Smith returned Wednesday evening from a month's trip to Northern States. Most of the time was spent at Rochester, Minn., where Dr. Smith studied in the Mayo clinic, but stops were also made at Champaign, Ill., Kansas City, and other cities.

Their children, who accompanied the couple North remained at Oskosh, Wisconsin, where they will visit for two months. Dr. Smith will be in his office Monday, his office attendant announced.

Softball Today at Mustang "Pasture"

Mustang soft ball players will have a game at 6 o'clock this evening with Troop 32, Boy Scouts. It was announced this morning. The second game with the Mexican team, recently engaged in by the Mustangs will be played Saturday at 6 p. m.

Games are at the old north ward

At 9:30 Saturday evening, an exhibition invitational boxing card will be on the regular week end entertainment program, in which negro boys will be invited to put on two or more bouts. Mustangs also will stage boxing exhibitions. Harmonica numbers will be on the program.

Many of the Mustang boys are equipping their bicycles with first aid kits, to pass safety requirements as outlined during bicycle safety week just closed. Brakes are being put in good condition, being required to stop in twelve feet while traveling at good speed.

OLD MAGAZINES NEEDED

Officials of the Midland county library today announced they were in need of magazines, any issue, and requested persons having any they did not desire to keep to notify the library.

UNDERGOES SURGERY

Mrs. Georgia Bumpers of J. C. Smith company was to undergo a major operation in a Temple hospital early this week according to information received by friends here. Word of her condition following the surgery has not yet been received. Her address is 720 South Fifth street, Temple.
