VOL. 3 No. 115 — SNYDER, TEXAS, THURSDAY, SEPTEMBER 11, 1952 — FOURTEEN PAGES—PRICE 5c

Final Wildcat In Howard For 243 Barrels

Standard Oil Co. of Texas has completed a flowing discovery from the San Andres - Permian lime in Northeast Howard County. It is the No. 1-1 Chester L. Jones.

The well reported a calculated 24-hour potential of 243 barrels oil and no water. Size of choke through which the well flowed was not reported.

The 4-hour potential figure was based on actual flow of 76 barrels of new oil in seven and one-half hours.

Production came from open hole between the bottom of seven-inch casing, which was cemented at 2,704 feet and the plugback total depth of 2,911 feet.

That section had been treated with 210, 290 and 2,000 gallons of acid prior to taking of the completion test.

The wildcat had drilled to the bottom of 2,936 in lime and shale. Testing to that total depth had shown some oil and some water. The project plugged back to 2,911 feet, and that eliminated the water.

Location is 330 feet from south and 1,650 feet from west lines of section 59 - 20 - Lavaca Navigation Survey. It is two miles east of Vincent and one mile north and slightly east of Coronet Oil Co. No. 1 Brockhage, recently completed flowing discovery from the upper Permian lime called the San Angelo.

Some operators have called the zone from which the No. 1-1 Jones has been completed the San Angelo. Operators' representatives, however, think it is of San Andres.

The No. 1 Brockhage was completed from pay between 2,893 feet and plugback total depth of 2,908 feet.

NO SHOWS

Texaco No. 1 M. A. Fuller in Scurry County has cored to 7,690-7,714, recovering 22.4 feet of lime, shale, and chert, with no shows oil, gas, or water. It is now taking electric log surveys.

Hunt No. 1 Gatlin in Scurry is drilling at 5,480 in lime.

American Trading No. 2-a Howell is at 3,330 in lime and shale.

BORDEN COUNTY

A location has been staked on the south side of the Hobo Field in Borden County. It is the Amarada Petroleum Corp. No. 1 Binle White, 1,980 feet from west and 467 feet from north sides of section 34-25-H&TC, five miles northwest of Vincent. It is to drill to 7,500 feet or a test of Pennsylvanian Reef lime at a lesser depth.

Stephens No. 1 Bacon in Borden County is at a total depth of 7,216 feet in Pennsylvanian lime, circulating while waiting on orders.

Superior & Intex No. 13-536 Lanham in Borden is at total depth of 8,218 feet in Mississippian chert, preparing to take a potential test and complete.

Superior & Intex No. 14-598 Jordan in Borden is drilling at 6,035 feet in lime and shale.

Ohio No. 1 Caskill in Kent County is drilling at 4,893 feet in lime. Newman & Crane No. 1 Wyatt in Kent is at 7,196 feet in lime and chert.

Helicopters For Korea Still In Production

FORT WORTH, Sept. 11 (AP)—Helicopter production for the Korean Theater will not be slowed, as was believed last week, by the Sept. 3 fire and explosion in a Bell Aircraft Corporation warehouse here, it was revealed today.

"It now appears that the combined efforts of the company and its suppliers to replace unsalvageable items should make it possible to mainatin present schedules," Harvey Gaylord, vice president and general manager of Bell's helicopter division, said.

CAUSE OF TELEPHONE TROUBLE YESTERDAY

Here is a 10-inch section of telephone cable housing and a part of an arrow that pierced it in the 2800 block of Avenue Y. The hole made in the cable by the arrow allowed yesterday's rain to seep in, and it was responsible for most of the 550 phones out of service in Snyder, according to Truman Black, manager of the telephone office here. He added that the arrow was found in a tree under the cable. Black said all phones would be back in service today.

President States Ike Favors 'Isolationist' GOP Congress

WASHINGTON, Sept. 11 (AP)—President Truman said today Gen. Dwight D. Eisenhower proposes an "isolationist Congress" and that won't bring peace.

In a news conference, Truman ripped into the Republican presidential nominee's call for election of a Republican Congress while saying that peace is the big issue of the times.

If we elect a Republican Congress, it will be isolationist, Truman declared.

By way of emphasis, he gave permission for direct quotes around the words "isolationist Congress."

Press conference rules ordinarily forbid direct quotation of the president.

Truman opened his meeting with reporters by reading a prepared statement in which he attacked what he called the "one party press" for its predominate support of the Republican ticket.

But, he declared, he did not think it mattered too much "what they do" when viewed on past performances of the press.

He said the metropolitan press in this country, as well as the big magazines, have become "big business" which has traditionally been Republican.

Truman said that only 10.3 per cent of the 1,769 daily newspapers in the United States supported the Democratic ticket in 1948 and that almost all the big circulation magazines preferred the Republican party that year. the situation, "hasn't changed much," he added.

In taking this tack, Truman was echoing statements made recently by Gov. Adlai E. Stevenson, the Democratic presidential nominee.

Stevenson spoke similarly at a meeting of editors last week.

Stevenson said he considered, however, that he had been given good treatment in the news columns although the editorials were predominantly opposed to his candidacy.

In a similar distinction, Truman said he did not give a hoot what the newspapers said editorially if they gave the Democrats a break in the news columns.

Truman was asked for comment on the victory by Sen. Joseph R. McCarthy in the Wisconsin Republican primary. He said he did not care to make any.

He also refused comment on the decision by Gov. Allan Shivers and some other Texas Democrats that they will support Eisenhower.

Truman's assertions that a Republican Congress would be "isolationist" were touched off by a request for comment on statements Eisenhower made during a brief visit here yesterday.

A reporter told the president that Eisenhower said he knew the temper of the people and that they were more interested in a change "than in peace." (This was the reporter's language. Eisenhower said peace was the big issue of the times but that in speaking of the crowds which have turned out to see him said: "There is one thing that seems to me to underlie all of this extraordinary enthusiasm — the desire for a change.")

Truman said there was nothing in which the people were more interested than in peace. And, he said bluntly, they won't necessarily get it by the change the Republicans are talking about.

Scurry County Delegates Split On Convention Resolution Vote

Governor Allan Shivers retained firm control over the Democratic party in Texas at the state convention this week, C. T. McLaughlin, one of three delegates from Scurry County attending the convention, said.

The convention elected an almost entirely new "hand picked" executive committee and followed the governor's wishes on the resolution to put Gen. Eisenhower's name on the ballot under a Democratic party.

Only five members of the old executive committee were re-elected, McLaughlin said. He was one of the five.

The resolution that the governor wanted defeated was offered as an amendment to a report from one of the convention committees. It proposed the addition of the Democratic party "of Texas" to the ballot with its electors pledged to the Republican national nominees. That would have resulted in two sets of electors pledged to Eisenhower and one pledged to Stevenson on the ballot.

McLaughlin explained that the governor opposed the resolution for two reasons. First, it would have afforded the so-called "Loyalist" or Truman Democrats a fertile ground for seeking an injunction to tie up the ballots. A long court fight would follow and would possibly result in the disenfranchisement of all Texas voters in the general election. Second, it was very apparent that a vast majority of the 1,100 delegates present were going to vote for Eisenhower whether his name appeared under the Democratic or Republican column.

The Scurry County delegation split on the resolution, McLaughlin said. In the roll call he and Ray Lunsford opposed the resolution and Guy Glenn, the third delegate, voted in favor of it.

The roll call stopped in the Ts after Taylor County, and the group that had proposed the resolution conceded that it would not pass.

McLaughlin described the meeting as the most exciting he has ever attended. He said that he could not help believe that history had been made there.

One of the unprecedented actions was a resolution urging Governor Shivers to work toward the election of the Republican national nominees. Also the national Democratic platform was repudiated by the group.

Politics Is Thought Behind Shooting Of Valley Youth

ALICE, Sept. 1 (AP)—Out of a bewildering maze of mystery and intrigue surrounding the murder of Jake (Buddy) Floyd Jr., son of a South Texas political leader, stood these startling facts:

1. Nago Alaniz, Alice attorney, charged with murder with malice in the shooting, was revealed as the informer who Monday night—minutes before young Floyd was shot—told Jake Floyd Sr. he was marked for death.

Mario Sapit, 45, San Antonio bar owner, charged with assault with intent to murder young Floyd carried a deputy sheriff's card from Duval County Sheriff George Parr when he was arrested.

3. District Attorney Homer Dean said "we are looking for other men" in the shooting.

"NO COMMENT"

Dean said, "no comment" when asked if he believed the actual "trigger men" in the shooting were still at large.

Halsey Wright, Jim Wells County sheriff, last night confirmed it was Alaniz who telephoned Floyd Sr. to "take a taxi cab" and not use "your car" to keep the rendezvous they had.

Young Floyd, 22-year-old University of Texas student, was shot when he went to the garage about 9:30 p.m. to work on the family automobile. He died early Tuesday afternoon.

Alaniz, 30, law partner of District Attorney-elect Raeburn Norris, was arrested yesterday and charged with murder with malice.

Sapit, known as "El Turko", surrendered to police at San Antonio because, he said, he had heard he was wanted for questioning in the case.

SAPIT PARR DEPUTY

Texas Rangers told James Rowe of the Corpus Christi Caller that Sapit carried a deputy sheriff's card from Parr, long-time South Texas political power.

Rowe said Sapit had been a deputy for Parr since Aug. 18.

District Judge Sam G. Reams, who said Floyd Sr. told him an informer had told him that Reams was also marked for death, said he "definitely believed" young Floyd was killed by mistake—that it was Floyd Sr. the assassin intended to shoot.

The youth was hit twice by bullets from a .38 caliber pistol. A pistol was found near the scene of the shooting and Dean said a report on fingerprints had been received.

"I wouldn't want to comment" he said to a question whether the fingerprints on the gun matched those of either of the two arrested men.

He also refused to comment whether he believed it was a case of mistaken identity and whether politics was behind the shooting.

"POLITICS BEHIND SHOOTING"

But Reams said: "The consensus here is that politics was behind the shooting."

Floyd Sr. was an advisor of Reams, political foe of Parr.

The shooting was the prime topic of conversation around this area and, man-in-the-street opinion was that neither Sapit nor Alaniz was the "trigger man."

Dean again refused comment when asked about this a second time. A question about a report in the Corpus Christi Caller that one, and possibly two, professional killers were imported from Mexico to do the shooting brought the same reply.

Dean said the assault with intent to murder charge against Sapit "probably" would be changed to murder. When he wouldn't say. "Maybe the day of the examining trial," he said.

Justice of the Peace Brown Fuller set Sept. 17 examining trials for both Sapit and Alaniz. The two men are being held here without bond.

"NAH, NOT NAGO"

The arrest of Alaniz, a short, suave attorney, who lives in San Diego, county seat of Duval County, struck this sun-baked section like a seven-inch rain.

"Nah, not Nago," said a Latin-American fellow bus passenger between Agua Dulce and Alice. "He's too smart to do that."

Wright and Texas Ranger Capt. Alfred E. Allee headed the investigation that kept peace officers swinging through the courthouse doors all night. Once last night Allee and Wright disappeared for a four-hour span. Where they went or what they did was secret.

Three other Rangers were assisting in the investigation.

FUNERAL HELD

Young Floyd was buried yesterday. Services were held in the First Baptist Church, just a short distance from where he was shot. Rev. E. J. Gregory of San Antonino, a former Alice pastor, told a silent, respectful crowd that overflowed into the street that the shooting besmirched the state as well as the city. He asked that young Floyd's death should not go in vain.

Reams, who was defeated for re-election by a candidate supported by Parr, said he "was watching his step" but otherwise was not taking any precautions to protect himself.

Sapit was very well known in Alice. He served as a special deputy under former Sheriff Hubert Salin in the 1950 elections.

Efforts to reach Mrs. Nago Alaniz in San Diego were fruitless. Luz Alaniz, a brother of Nago, said to all questions: "I can't tell you nothing"—and he didn't either.

Southern Coal Operators To Go With Lewis

WASHINGTON (AP) — Southern coal operators appeared today to be toying with the idea of going along with John L. Lewis' share-the-work plan.

They didn't say yes, and they didn't say no after discussing the plan at a meeting of the Southern Coal Operators Association's directors yesterday.

They instructed their chief negotiator, Joseph E. Moody, to go ahead with bargaining in an effort to reach an agreement with Lewis' United Mine Workers before their contract expires on Sept. 30.

Leaving the matter open for further discussion, as they did, indicated the Southern owners may be attracted to the Lewis plan, particularly if it is coupled with only a modest pay boost for the miners.

Lewis wants employment more evenly distributed among his 320,000 union members in the soft coal industry.

Some now work as few as two days a week, others as many as five. Lewis has suggested penalty pay of time-and-one-half for a fourth day's work, double time for a fifth day's work.

Marshal Tito Not Worrying About Attack

SPLIT, Yugoslavia (AP)—Premier Marshal Tito said he is convinced the Soviets are not planinng an attack on Yugoslavia in the near future. If it does come, he warns, it will spark World War III.

In the interview with a group of visiting Norwegian newspapermen, released last night, the Yugoslav leader emphasized his nation would resist any attack.

"We are ready," he said. "Our people cannot be bluffed."

Tito described the chances of such a Soviet move as a "constant and latent' but not "imminent" danger.

He reasoned that Soviet aggression would bring on a third world war because, he said, the West was aware that Russian conquest of his country would mean Russian domination of the Mediterranean lifeline to the East.

In his answers, Tito showed confidence in the strength of his regime despite the hostility of his Cominform neighbors and economic troubles stemming from one drought in 1950 and another this year. He also made clear his reasons for believing the West would continue to send him military equipment.

Red Artillery Trying To Blow UN Troops Off Capitol Hill

SEOUL, Korea (AP)—The Communists blanketed Capitol Hill with mortar and artillery fire today after failing in a night of bloody grenade and bayonet fighting to capture the Central Front outpost from South Korean troops.

The U. S. Eighth Army said Red big guns poured 30 rounds a minute throughout the day at the tough ROK (Republic of Korea) infantrymen who chased screaming Chinese troops from Capitol Hill at dawn.

Two hundred dead Chinese were counted on the mud-caked slopes after the swirling, night-long battle, the Eighth Army said. Another 300 were estimated killed. This raised Communist casualties in the Capitol Hill fighting, which flared Saturday, to at least 2,800.

The Eighth Army said South Koreans on Capitol Hill killed, or wounded 12 Chinese of a Red platoon which got caught in the open around noon today.

U. N. B26s, using radar-aiming techniques, flew through overcast skies to bomb Red Western and Central Front positions.

At one point in the fight for Capitol Hill, ROK soldiers leaped from their foxholes and cracked a Red encirclement.

Some 2,500 yards to the west, the South Koreans held firmly to positions on the south slope of Finger Ridge, where they withdrew Wednesday night after seizing and briefly holding the crest.

The Communists grabbed Capitol Hill late Saturday and held it until late Tuesday.

Wednesday, U. N. artillery forced back a series of Red probes on the hill. At 7:22 p.m., the Eighth Army said, a wild, confusing battle erupted.

Allied big guns cut down an initial Communist attack.

Two hours later the Chinese hurled two companies against the ROKs with heavy mortar and artillery support.

Finally a Red battalion — about 700 men — forged up the north slope.

A U. N. flare plane illuminated the battle as South Koreans poured from the bunkers and foxholes to force back the attackers with grenades and bayonets.

Again the shouting Reds advanced — this time from north west and east. ROK soldiers charged down the slope and engaged them in bitter hand-to-hand fighting.

A rainstorm broke at 2:15 a.m. and the Communists surrounded the hill in the wet and darkness.

Shortly before dawn, determined ROKs cut through the Communists on the north slope and were joined by reinforcements.

Truman Doesn't Know Of Any — Pressure Put On Lamar Caudle

WASHINGTON, Sept. 11 (AP) — President Truman said today he does not know of any pressure from the White House that was ever put on T. Lamar Caudle when Caudle was the Justice Department's top tax prosecutor.

Truman was told at his news conference that there were reports Caudle has spoken of pressure he was under while assistant attorney general in charge of tax fraud prosecutions.

A reporter asked whether the President knew of any pressure from the White House on Caudle.

Truman said tersely he did not.

Caudle has been testifying intermittently for the past 10 days before a House committee investigating the Justice Department.

The hearings have been held behind closed doors and there has been some conflict in reports as to what he has said.

Members of the House committee agreed, when talking with reporters on Monday, that Caudle had testified that government officials had tried on occasion to influence his decisions in tax matters. He was quoted as saying "'more than normal" pressure was put on him.

Rep. Keating (R-NY) told reporters: "There is evidence of pressure having been brought by those in the White House on Caudle."

But Rep. Chelf (D-KY), chairman of the judiciary subcommittee, disagreed. He said he had not interpreted Caudle's testimony as implicating any member of the White House staff.

Both Keating and Chelf agreed that Caudle had testified that Truman never called him about a case directly.

Truman fired Caudle from the Justice Department last November on grounds that his outside activities were incompatible with his official duties.

At that time, another House investigating committee had developed that Caudle had received $5,000 commission on the sale of an airplane in a transaction involving a man who was in tax difficulties.

Caudle is now practicing law in Wadesboro, N. C.

Four Dead As Damage From Floods Increases Through Central Texas

Highway patrol and military units desperately attempted to reach cut-off hill country towns of Central Texas Thursday as downpours sent a record flood down one river and brought other rivers and creeks surging out of their banks.

At least four deaths were blamed on the floods. A number of families evacuated in the Central Texas area and in another section near the Gulf Coast approached the 100 mark.

Bridges were washed out. A train stalled. Power lines were down and flood waters poured into some city water systems. Schools closed. Some business sections suffered water damage and more was expected.

Local Texas national guard units were called out in some places.

The San Saba river at San Saba, was on a 38-40 foot rise and was expected to go higher.

All highways to San Saba were out and communications difficult.

National guard amphibious vehicles got through by fording six feet of water.

Highway patrol units were attempting to reach the San Saba area by back roads. The San Saba water plant was out but pumped flood waters into the water system before it broke down. Residents were advised to boil drinking water.

San Saba Mayor Will Jamison said the flood area evacuation was complete.

Texas Disaster Relief headquarters said 50 homes were inundated at Marble Falls but all residents were evucated without mishap. At New Braunfels, 30 families forced from their homes by high water were housed in the Comal County jail Thursday. Some areas around Beeville in Bee County near the Texas coast were being evacuated Thursday.

A record flood struck the Pedernales River in the hill country. Lower Colorado River Authority officials said the Blanco River at Johnson City reached 50 feet — highest previous crest was 33 feet in 1869.

Lake Travis, 16 miles up the Colorado River from Austin, rose 35 feet in seven hours Thursday.

The Llano River at Llano rose to 37 feet at last midnight but had dropped to 14 feet at 9 a.m.

At Boerne, residents braced for an eight-foot flash crest on the Cibolo River after a dam on the Buddy Gilliat farm broke Thursday morning. The river Wednesday night rose 18 feet over the bridge on Highway 87 at Boerne, then fell below the bridge, but the expected flash crest was expected to put it under water again.

Rainfall reached staggering levels.

Reports from Blanco told of 23 inches of rain since the downpours began over the area Tuesday morning. A rain gauge operated by Deputy Sheriff Jimmy Tuttle north of Boerne registered 20 inches.

Price Changes Irregular In Retail Food

(By The Associated Press)

Pork, butter and a handful of fresh vegetables cost a little less in most markets this week. Large eggs turned higher.

Otherwise, changes in retail food prices were irregular and shopping specials offered for the coming week-end varied considerable from store to store.

Seasonally increasing shipments of pork pushed prices of chops, roasts and fresh hams down one to as much as 10 cents a pound in many places.

Other meats averaged about unchanged.

Butter eased about 2 cents a pound, largely as a result of the support because of prospects that consumption will continue to decline, market reporters said.

Large eggs advanced slightly, and medium eggs were about unchanged—and a better buy than the large eggs in most places, pound for pound, according to dealers.

Lots of golden sweet potatoes, cabbage, corn, spinach, peppers, snap beans and lima beans were available in most sections, and at lower prices.

Not all fresh vegetables were lower this week, however. In general, carrots, cauliflower, western celery, lettuce, mushrooms and tomatoes averaged a little higher.

In the fruit department, shipments of plums and prunes from the Idaho and elsewhere in the Far West were heavy but demand was keeping pace and prices held steady.

Reserved Seat Tickets For Game Selling Fast

About one-fourth of the available reserved seat tickets had been sold this morning for tomorrow night's game between the Tigers and Thomas Jefferson of El Paso.

The tickets are being sold at the office of F. W. Beavers, county superintendent, in the courthouse. They are $1.20 each.

Former swimming queen Eleanor Holm, estrangled wife of showman Billy Rose, smiles as she leaves court in New York. A sensational court trial was averted when she and Rose agreed on an alimony-supported separation instead of divorce and Rose withdrew his suit.

Six More Cars Hay Ordered

Since yesterday morning Scurry County farmers and ranchers have ordered 115 tons of hay, bringing the total to 385 according to Irelan Finley of the Production and Marketing Administration office.

Six more carloads were ordered yesterday by the PMA office from the Kansas and Nebraska fields.

"Due to more abundance of the mixed hay it is expected that quicker delivery can be made on orders in that class," Finley said. The cars are expected to start arriving this week-end or the first of next week, he said.

Scurry County farmers have ordered a total of 19 carloads of hay consisting of 12 cars of legume, two cars of mixed and two cars of grass. The County Committee says they will not expect a farmer to accept any hay that may be spoiled.

The maximum price that can be paid for the hay purchased by committeemen in Kansas and Nebraska is $24 per ton for legume, $22 for mixed and $18 for grass. Minimum requirements for classing the hay is that the legume must be at least 2-3 legume, the mixed ¾ legume and the grass must consist of the usual varities harvested for hay, Finley says.

10.26 Inches Of Rain So Far This Year

Rainfall since night before last totaled .34 of an inch at 7:30 o'clock this morning, according to Mrs. D. P. Strayhorn, Snyder official weather observer.

Yesterday's high temperature was 74 degrees. The comparatively cool low for last night was 60 degrees with the reading this morning being 65 degrees.

The added rainfall brings the tally up to 10.26 inches for the year.

WEATHER

EAST TEXAS: Partly cloudy Thursday, Thursday night and Friday with scattered thundershowers near the coast. Not much change in temperatures. Fresh easterly winds on the coast.

SOUTH CENTRAL TEXAS: Considerable cloudiness Thursday. Thursday night and Friday with thundershowers mostly in north and east portion. Not much change in temperature. Moderate to fresh easterly winds on the coast.

NORTH CENTRAL TEXAS: Considerable cloudiness Thursday. Thursday night and Friday with scattered thundershowers, mostly in West portion. Not much change in temperatures.

WEST TEXAS: Partly cloudy to cloudy Thursday, Thursday night and Friday with scattered thundershowers in Panhandle and South Plains and from the Pecos Valley westward. No important change in temperature.

GIRL WITH SWING

Curly-haired Lauries Roel, 2, takes a wicked hold on a driver but seems awed by her inability to connect with the ball (lower left). The little golfer staged an impromptu, demonstrating during a local tournament at Fargo City, N. D. Laurie's mother, Mrs. Paul Roel, is the North Dakota women's amatuer golf champion.

County and Others Settle With Deffebach In Land Suit Here

A judgment was filed with the district clerk yesterday showing a compromise settlement in the district court suit of Lyle Deffebach vs. H. G. Schiff and others, a suit over possession and title of six-tenths of an acre which now has an oil well.

The tract is located just east of the railroad near the underpass on the Lubbock highway five miles north of here.

Settlement amounted to an ultimate sum of about $53,000 in Deffebach's favor, he said, plus payment of $50 a year for an easement he granted the company drilling the well. Deffebach has been paid $3,000 and is to receive 1-48 of 7-8 royalty from the well not to exceed a total of $25,000 and an equal share in the production of a future well to be drilled nearby within a year. If the future well is not drilled within a year, Deffebach's portion from the existing well is to be doubled, with the total to be received not to exceed $50,000.

Also included in the settlement was Deffebach's granting of a quit-claim deed on the property of the firm of Bright, Schiff & Kennedy, of Dallas, drillers of the well. He also quit-claimed another small tract nearby to the firm which is to drill a well on it. Scurry County, as a political body, was also joined with the Dallas firm as a defendant in the case and was given title to one-eighth royalty from the existing well. The well was drilled for the county when county officials believed the land belonged to the county.

Dispute over the land began when the county had drilling of the well started. County officials were of the opinion that the small tract belonged to the county since it was once quit-claimed to the county. Deffebach, however, held a warranty deed to the tract. The strip, measuring 50 by 538 feet, was acquired from the Grimes Ranch in 1911 by the railroad company which was building a line next to it. Railroad right of way was adjacent to the tract which it acquired to obtain dirt to fill the right of way.

In 1920, the railroad having no further use for the tract, the county acquired it by quit-claim deed along with 17 other similar tracts The quit-claim deed provided that the land be used for highway purposes, and it was so used for a number of years. The highway was the old Post road, a state highway. When the present highway was constructed, the state highway department ceased to use the land, and later the department quit-claimed it to the county. But before it was quit-claimed this time, it had actually reverted to the last previous owner, Deffebach said, because the deed by which it was acquired for road purposes provided that it revert when no longer used for such.

Deffebach contended that if the tract was no longer a roadway, it was no longer the county's and that if it were a roadbed, drilling a well on it would be illegal. He further contended that the tract was included in his triangular property of 77 acres as was also an adjacent strip 50 by 636 feet of the old road just south of it. This latter strip is the one Deffebach required the oil company to pay $50 a year on for an easement lease to get to the well.

Deffebach said the property was not only his by warranty deed but that it would have been his anyway by limitation since he had held it, used it, and paid taxes on it for a long number of years. "The county, by its acceptance of my payment of taxes on the property, admitted it was mine but still claimed it," he said.

The plaintiff said the drilling of a well on the property for someone else would have damaged him ultimately in the amount of about $60,000 since it would have drained about 20 acres of his land.

When drillers first began rig work on the tract, Deffebach placed a small wooden board across a private road on his property with a sign forbidding its use. This road was not on any of the property over which the dispute came. He then parked his automobile sideways in the old roadbed just south of the disputed tract. All was done in an effort to prevent access to the tract, but an attorney for Bright, Schiff & Kennedy, Manson Harris, signed a complaint against Deffebach alleging he was obstructing a public road. Deffebach was arrested when a charge was filed against him.

Later, Deffebach said he might sue the attorney for false arrest, but no suit was filed. A short time after the charge was filed against Deffebach, it was dismissed in justice court because of insufficient evidence.

In the settlement of the district court suit, the defendant company paid Deffebach $2,000 cash for personal damages in connection with the arrest. Another $1,000 was paid him for surface damages to his property in the drilling operation.

Concerning the royalty Deffebach will get from the existing well and the future well, he said it would amount to a total of about $126 a month as it is now or about $150 a month if unitization goes into effect. This is to continue as long as the wells produce until a total of $50,000 is paid him. The county will receive one-eighth royalty as long as existing well produces.

All costs of the suit were taxed to Deffebach. He was represented by Ross Hemphill of the law firm of Park & Hemphill, and the defendant company was represented by Harris.

The county commissioners court passed an order Monday agreeing on the settlement.

Congressmen Tour Korea

TOKYO, Sept. 11 (AP)—Ten U. S. Congressmen are scheduled to leave for home tomorrow after a three weeks' survey tour of U. S. Far Eastern military bases.

At a meeting with newsmen, Rep. O. Clark Fisher (D-Tex), acting spokesman, said the group had nothing to add to its statement yesterday in which it said it had found no basis for rumors of critical ammunition shortages in Korea.

Asked about a report that one committee member had said he "wouldn't be surprised" if Communist forces attacked Formosa and Okinawa, Fisher said the matter had never been discussed by the committee.

"But I do know that we have very strong defenses on Okinawa," Fisher said, "and they are getting stronger."

He said the committee would not announce its findings until it returns to Washington.

Fisher said the committee was leaving Japan "with a very fine impression of the Japanese people" and of their apparent determination to support "the freedom all of the Free World believes in."

Fisher said talk of ending the Korean War at an early date was a "political question" and not one with which the committee was concerned.

Earlier, Subcommittee Chairman Overton Brooks (D-La) said the group had come to the Far East with the hope of being able perhaps to speed conclusion of the Korean War.

Ira Resident Dies Today

Mrs. Mintie Giddens, 64, died this morning in the Hogan-Malone Hospital at Big Spring.

The Ira resident had lived in Scurry County for 60 years.

Funeral services are set for 3 o'clock Sunday afternoon in the Ira Baptist Church where Mrs. Giddens was a member 35 years. The Rev. C. J. Smith, Ira, and the Rev. C. D. McIntire, Sterling City will officiate at the service. Burial will follow in the Ira Cemetery under the direction of Bell Funeral Home.

Survivors include three daughters, Mayne Giddens, Ira; Mrs. Ruby Brooks, Ira; Mrs. Irma Deen Haddox, Edwood, Md.; one son, Thomas W. Giddens, Terrell; one brother, J. M. Barnett, Snyder, and five grandchildren.

Marine Plane Downed After Slow Corsairs Bag Red MIG

TOKYO, Sept. 11 (AP)—A Marine Carrier pilot who yesterday helped shoot down the first Russian-built MIG-15 jet ever bagged by propeller-driven Corsairs, was himself shot down in the Yellow Sea off North Korea a few minutes later.

A Navy and Air Force announcement said Capt. Jesse G. Folmar was rescued within 15 minutes and suffered only a shoulder bruise.

The Navy split credit for the MIG kill between Folmar of Santa Ana, Calif., and Lt. W. L. Daniels, Atlanta, Tex.

Both are based aboard the small carrier U.S.S. Sicily.

It was Folmar's second MIG fight.

Four MIGs attacked Folmar and Daniels as they were en route to a [illegible] in North Korea.

"They attacked in pairs," Navy headquarters quoted Folmar, "and the section had just passed and was in a climbing left turn. I turned inside them and gave the nearest one a five-second burst of 20-millimeter. The MIG belched smoke and the pilot flew into the air from his ejection seat. His chute was opened, but it was already on fire."

Daniels said: "The jets were on us before we had a chance to dump our four 500-pounders, but both Captain Folmar and I managed to turn into the jets and get a good burst of machinegun fire into them as they attacked from above and behind. We set a tight defense, but that didn't discourage the MIGs. We weaved and bobbed, firing as the jets swept past. I turned once to see if they were still on my tail and saw one jet burst into flames and crash."

Moments later one of the hurling MIGs scored a hit on Folmar's old gull-winged plane and forced him to bail out over the water as the Corsair crashed. An air-sea rescue team of the Air Force picked him up in less than 15 minutes with an Albatross rescue plane.

McGranery Has Acomplished Little In Justice Department

By JAMES MARLOW

WASHINGTON (AP)—In the slightly more than three months he has been attorney general, James P. McGranery has achieved no sensations. In fairness to him, he promised none.

When he gave up a lifetime federal judgeship last April to succeed Atty. Gen. J. Howard McGrath, at the request of President Truman, McGranery made this promise:

"My job will be to restore the faith of the American people in the government of the U. S. and it will be done completely by the Department of Justice."

The Truman administration had been scored by scandals which Gen. Eisenhower now calls the No. 1 issue in the presidential race. Because of Senate delay in confirming his appointment, McGranery didn't take office until May 27.

Since then he has begun some investigations and fired a U. S. district attorney and a U. S. marshal in the field. In the Justice Department he has made some changes but no one has been officially fired there although several top men have resigned and one suspended lawyer quit.

McGranery has four months to go, since the Truman administration ends in January and will be succeeded by the new administration of either Gov. Stevenson or Eisenhower, who could keep him on or let him go.

Although he won't mention them publicly, it is known McGranery has spoken of plans for various kinds of investigations. He has therefore the limited time of four months to carry out those plans.

It cannot be said, in fairness to all concerned, that what has happened in the Justice Department is a "cleanup," which has the connotation of getting rid of wrongdoing.

It must be assumed that the attorney general would not permit a person suspected of wrongdoing to resign but would fire him and attempt to prosecute him. In the department there have been only resignations and reshuffling.

McGranery fired one, U. S. district attorney, in Topeka, Kan., and had the President fire a U. S. marshall in Springfield, Ill. In addition he suspended a department lawyer, James Mullally, for outside activities. Mullally resigned the next day, denying any wrongdoing.

Demo Heads To Meet

NEW YORK (AP)—Democratic National Chairman Stephen A. Mitchell meets here today with party leaders from 11 Eastern states and the District of Columbia to co-ordinate activities for the Stevenson Sparkman campaign.

The states are Maine, Massachusetts, New York, New Hampshire, Vermont, Rhode Island, Pennsylvania, New Jersey, Connecticut, Delaware and Maryland.

False Alarm Fire.

A false alarm about 9:30 o'clock this morning caused fire fighting equipment to make a run to 512 Fifteenth Street to the residence of Lloyd H. Merritt.

Passers by saw flames from a trash pile being intentionally burned, by Merritt and called the fire department, Ivan Gatlin, fire marshall, said.

Merritt was burning scrap lumber gathered from a remodeling of the house, he said.

Husbands! Wives! Want new Pep and Vim?

Thousands of couples are weak, worn-out, exhausted solely because body lacks iron. For new vim, vitality, try Ostrex Tonic Tablets. Supplies iron you, too, may need for pep; supplementary dieses vitamin B1. Trial size costs little. Or SAVE MONEY—get regular $1.10 size only 98c. Spaak To Head SchumanGroup

STRASBOURG, France (AP)—Paul Henri Spaak of Belgium, veteran president officer of many international gatherings, was elected first president of the Schuman Plan's General Assembly today.

Spaak, leader of Belgium's Socialist party, won a 28-30 first ballot victory over Henrich von Brenano of West Germany in the contest to pick an assembly chief for the West European coal steel merger.

The Assembly began its inaugural session yesterday in Strasbourg's Maison de l'Europe (House of Europe).

Mr. and Mrs. C. E. McNitt, formerly of Knox City, Tex., now of Aztec, N.M., spent 10 days with her mother, Mrs. E. J. Hardin, 3018 Hill Avenue

PMA Works On Plans For Conservation

A Production and Marketing Administration sub-district meeting was held yesterday at Big Spring for the purpose of discussing the operation of the 1953 Agriculture Conservation program.

According to Irelan Finley, Snyder PMA officer, the group set up plans for getting the soil conservation program underway. The community committeemen will contact each farmer before Dec. 1 and point out the most needed conservation on his farm. If the farmer carries out conservation practices approved by the county committeemen he will receive funds that have been allotted by conservation from the state program, Finley said.

A meeting will be held Wednesday for selecting practices of soil conservation from the state program, he states. Plans will also be set up in the meeting for schooling the county committeemen. Those attending the meeting will be the governing body of the SCS, Finley, SCS technician and the county agent.

Happy Is The Day When Backache Goes Away . . . .

Nagging backache, loss of pep and energy, headaches and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

NEWS FROM UNION

By Mrs. J. B. ADAMS

Mr. and Mrs. Johnnie Langford visited relatives at Aspermont over the week end.

Mr. and Mrs. Bart Branson visited Sunday with Mr. and Mrs. Ollie Branson of Roscoe.

Mr. and Mrs. R. G. Wilson of Lubbock visited Sunday afternoon with Mr. and Mrs. Virgil Jones.

Mrs. Thane Mebane has her grandmother, Mrs. C. C. Carter, of Pleasant Hill community with her this week.

Mrs. Elmer Bentley visited last week with her daughter, Mrs. Banar Smith and family of Brownfield.

Mr. and Mrs. Newel Mebane and children are home after visiting relatives in Los Angeles, Calif.

A shower fell Tuesday night in this community.

The Junior girls of the Baptist Sunday School enjoyed a picnic supper and swim Thursday evening in the Eastman tank. They were sponsored by Mrs. Ab Williamson and Mrs. Johnnie Langford.

The Stamps Ozark quartet sang to an overflowing house Tuesday night at the Union Chapel Methodist Church.

NEWS FROM FLUVANNA

By MRS. W. F. MATHIS

Guests of the Wills families over the week end were Mr. and Mrs. Dud Arnett and son of Vincent and Mr. and Mrs. Earl Berry and son of Ozona.

Mrs. Bob Kitson, who has been visiting relatives and friends here the past few days, has returned to her home in Albuquerque, N.M.

Mr. and Mrs. J. C. Ross of Lubbock were Sunday visitors of her mother, Mrs. J. I. Boren.

Mrs. Ruby Benson and Mr. and Mrs. J. F. Dowdy were in Lubbock Monday.

Visitors of Mr. and Mrs. R. B. Wills over the week end were Mr. and Mrs. R. B. Wills, Jr., and Mrs. Ben Norman and children, all of Lubbock, and Mr. and Mrs. George Miller and children of Snyder.

Mrs. E. P. Ainsworth is visiting in Vinita, Okla.

Johnnie Sam McDonald of Kingsville Naval Station is spending a two-week furlough with his parents, Mr. and Mrs. Panch McDonald.

Mrs. Clyde Smith and children of Big Lake spent the week end with her parents, Mr. and Mrs. H. C. Carmichael. Vernie Smith, who has been working at Big Lake, came with them to enter school here.

Mr. and Mrs. N. J. Sealy of Snyder visited Mr. and Mrs. W. W. Thorne Sunday.

Mr. and Mrs. John Stavely visited her parents, Mr. and Mrs. Craft, of Sweetwater Sunday.

Rong Merle Bley returned to Abilene this week where she will attend McMurry College. Gloria Toombs will attend Abilene Christian College.

Mrs. Jessie Sims has returned from Washington, D. C., where she has spent the past three weeks visiting her son, Bill Sims and family. Mrs. Sims visited her niece, Dot Boren, of Greenville while enroute.

NEWS FROM HERMLEIGH

By MRS. W. C. FARGASON

A half-inch rain was received here Tuesday night and early Wednesday morning.

Mr. and Mrs. W. H. Huddleston visited Mrs. Huddleston's brother, H. E. Smith, last week end at Colgory. They also visited Mr. Huddleston's brother, Homer Huddleston, and Mrs. Huddleston, north of Post. They report beautiful cotton fields in that vicinity and say cotton pickers are in demand.

Mr. and Mrs. Virgil Challis, who moved from here to Oklahoma in February, stopped last week end to visit friends as they were en route hame after visiting a daughter in El Paso.

Mrs. J. O. Hale returned home Wednesday after spending several days in the Loraine hospital where she received medical treatment.

Mrs. Milton Winter, who underwent major surgery at the Battenfield Hospital last Saturday, is reported to be recuperating satisfactorily.

D. P. Timmons left Sunday to enroll for the fall semester at McMurry College.

TALK OF THE TOWN

By SUE HOLMES

There's quite a bit of talk in the air about the club institute planned for Saturday morning. Judging from the weather this week, the meeting will be a real fall event, setting the pace for federated club sessions to follow. About 175 women are expected to attend the combined meeting of the seven organized study clubs. And the two or three study clubs in the process of organziing have been invited. The Saturday gathering will represent Snyder's equivalent of a women's "forum" and incidentally the women are scheduled to see a movie of the state federation club house in Austin. Each club will have a part on the program, with Mrs. R. E. Gray, president of Twentieth Century, presiding. Perhaps more will be heard about a club house for Snyder.

Another weekend event is the lawn movie party to be given tomorrow night for members and women eligible for American Association of University Women. Hosts are Mr. and Mrs. NOLAN VON ROEDER. The party will be a couples affair and Mr. Van Roeder, who has taken colored movies all over the North American continent, from Mexico to far Alaska, will show a series of reels.

Young DONNA BAKER is also on the program and is to sing the "Chicken Song". Talented and not at all shy, the young miss will be accompanied by her mother, Mrs. E. N. BAKER.

* * *

A handout from a home economist of a kitchen appliance company has revealed some energy facts. We don't all use their stoves and refrigerators, but we do use energy, so here's what they say: Fast walking takes one and a half times more energy than slow walking. Walking downstairs, twice the energy and walking upstairs seven times more energy than walking on ground level. Therefore, if you would save energy you would adopt a moderate pace and stay on one floor level as much a spossible.

EVENTS OF THE WEEK

THURSDAY

American Association of University Women, 3:45 p.m., Fellowship Hall.

Tally Bridge Club, 1:30 p.m., with Mrs. Lester Sweet, the Village

Scurry Masonic Lodge called meeting for work in M. M. and F. C. degrees, 7 p.m., Masonic Hall.

East Elementary reception for parents and teachers, 7:30 p.m.

Mrs. Sparks President Of B&PW Club

Miss Zaida Brown, who resigned as president of the Business and Professional Women's Club following her acceptance of a Ford Foundation scholarship, was awarded a past president's pin in facsimile Tuesday at the club's meeting.

Mrs. W. I. Sparks is president of the club, with Mrs. Ethel Eiland replacing her as first vice president. Mrs. Ben F. Pinnell was elected second vice president.

New members are Mrs. E. W. Babb, Mrs. D. P. Caruthers, and Miss Martha Donald. At an earlier meeting, Mrs. Gaither Bell, Mrs. Seaton A. Barnes, Jr., Mrs. S. R. Bell and Mrs. Garland Smith were added to the club.

Three Offices Filled At AAUW Board Meet

Three vacancies in the American Association of University Women were filled at a meeting of the board of directors this week.

Mrs. Carolyn Reon, Mrs. Silas Devenport and Mrs. Ben Thorpe have filled the offices of treasurer, historian and recording secretary, respectively.

Meeting time for the general meeting was set for the third Thursday of each month in Fellowship Hall.

Mr. and Mrs. Myrle Greathouse, 3011 Thirty - ninth Street, visited friends in Odessa and Midland over the week end.

Mr. and Mrs. Joe Nachlinger

Nachlingers To Observe Anniversary

Mr. and Mrs. Joe Nachlinger will mark their fiftieth wedding aniversary with an open house from 3 - 5 o'clock Tuesday afternoon at their home in Hermleigh.

The couple has asked friends to call, requesting that no gifts be sent.

Mr. and Mrs. Nachlinger were married Sept. 15, 1902, in Moulton, Lavaca County, Tex. They have lived in Scurry County since 1906. Eight sons and daughters are as follows: Leo Nachlinger, Frank Nachlinger and Mrs. Homer Gannaway, Hermleigh; Pete Nachlinger, Mrs. Howard Gracey, and Mrs. A. B. Casstevens, Snyder; Mrs. J. L. Wadleigh, Amarillo, and Willie Joe Nachlinger, San Jose, Calif. The couple has 18 grandchildren.

Two British Men Released By Reds

BERLIN (AP)—Two British Army officers arrested in the Russian sector of Berlin were released today by Soviet authorities but there still was no word of three other Britons missing on an automobile trip to West Germany.

A British Army spokesman said the two officers, who had been arrested yesterday apparently while sightseeing in Soviet Berlin, were turned over to a British liaison team at Soviet headquarters in Karlshorst.

There apparently was no connection between their case and the other three missing Britons, who started from the Western sectors of the Red encircled city to drive along the autobahn to West Germany.

Late last night the three all enlisted men, still had not reached the Soviet British checkpoint at Helmstedt, about 100 miles west of Berlin. The British commandant here disclosed he had written to Russian authoritives regarding the whereabouts of the soldiers.

Meanwhile, the Russians again lifted their ban, at least temporarily, on U. S. military police patrols using a stretch of the autobahn to drive from West Berlin to an American sector checkpoint.

Shakespeare Portrait Found In South Africa

CAPETOWN, South Africa (AP)—Prof. G. Wilson Knight of Leeds University, England, says he has found in a private collection here a contemporary portrait of William Shakespeare. The Shakespearean lecturer claims it is the first to be turned up since the bard's death 336 years ago.

Legless Man Robbed

ODENTON, Md. (AP) — Three thieves entered a tavern in an isolated spot near here yesterday and robbed the owner, 61-year-old Bill Dodd, of $256.

There was no one around to help and Dodd couldn't do much about it. He's legless and can see out of only one eye.

The ridges around the craters of the moon may be as much as 20,000 feet in height.

Rain Still Falling in Central Texas Cities

(By The Associated Press)

Thunderstorms and heavy rains hit wide areas in the South and West today, causing heavy damage in parts of Texas

Rushing flood waters isolated five towns in South Central Texas. Cloudburst rains hit the hill country of Southwest Texas yesterday, ending the long drought. Three deaths were indirectly attributed to the storm.

Rain continued today in Central Texas and from Northern Florida northward along the Carolina Coast. The Weather Bureau said the rain is the forerunner of a tropical storm located about 250 miles east southeast of Jacksonville Fla.

Thunderstorms and showers were reported over the Northern and Central Rockies. Snow fell over the higher elevations. Cool weather continued over the Western third of the country.

But more hot weather was the outlook for the Eastern two-thirds of the nation. Temperatures in the 80s and 90s were predicted again today.

Helps For Homemakers

Send your questions to "Helps for Homemakers", Snyder Daily News, or call 3-5486.

Is it true that eggs should not be boiled? I have read that to make them more palatable one should cook them slowly. Mrs. R.

Yes, it is true that for best results, eggs should not actually be boiled. Even hard boiled eggs are best when put in boiling water and then simmered. No protein—eggs, cheese or meat—should be cooked on a high fire. It will only toughen the food.

* * *

I have been hunting a recipe for canned salmon. Could you furnish me with a way to use the salmon besides for salad? M.

Salmon Squares could be a recipe you'd like. Here's what you need:

2 cups sifted enriched flour
3 teaspoons baking powder
½ teaspoon salt
¼ cup shortening
two thirds to ¾ cup milk
1 cup flaked salmon (8 ounce can)
½ cup cooked peas
¼ cup chopped celery
Salt and pepper

Sift together flour, baking powder and salt. Cut or rub in shortening until mixture is crumbly. Add milk to make a soft dough. Turn out on lightly floured board or pastry cloth and knead gently 30 seconds. Roll out to rectangular sheet ⅛ inch thick. Cut with very sharp knife or pastry cutter into eight 4-inch squares. Combine salmon, peas and celery. Season with salt and pepper. Place about 3 tablespoon salmon mixture in center of each square. Bring corners together and seal. Bake on greased baking sheet in hot 425 (degrees) about 15 minutes. Serve with creamed eggs. Makes 4 servings, with 2 salmon squares per serving.

PERSONALS

Mr. and Mrs. Jack Winningham and Mr. and Mrs. Buck Winningham, all of Little Rock, Ark., have been visiting in the home of Mr. and Mrs. Glendon Bynum, Mr. and Mrs. A. A. Behringer, 1401 Avenue M, and with other relatives.

Mr. and Mrs. Gene Graham and daughter have moved to Lamesa where Mr. Graham is employed with an oil field company.

Mr. and Mrs. Joe Jackson, 1911 Fifteenth Street, are visiting relatives in Oklahoma.

Harold Sweet, son of Mr. and Mrs. Lester Sweet, 802 Twenty-seventh Street, returned Sunday to Notre Dame, Ind., where he will enter his senior year at the University of Notre Dame.

Jim Caley, son of Mr. and Mrs. William T. Caley, 3709 Highland Drive, will return to Texas Tech this week to begin his sophomore year.

Mrs. Curley Hays of Abilene visited Tuesday night in the home of Mr. and Mrs. Truman Black, 3109 Fortieth Street.

Guests Tuesday in the home of Mr. and Mrs. S. A. Boone, 3742 Highland Drive, were her brother, Sgt. John Paul Woodson, and Mrs. Woodson of California. Sergeant Woodson was on leave awaiting assignment in the Eastern theater.

Mr. and Mrs. F. A. Wise, 309 Twenty-fourth Street, had as weekend guests her brother, John W. Bays, and Mrs. Bays of Corpus Christi. Mr. and Mrs. Wise recently returned from Corsicana where they visited her mother, Mrs. J. W. Bays, and a sister, Mrs. W. B. Tatum.

Mrs. Ila Bledsoe of Austin was expected to arrive today to visit her daughter and family, Mr. and Mrs. W. S. Hatchett, 400 Thirty-third Street.

Mrs. J. H. Flowers, 2006 Avenue N, returned yesterday from Eunice, N.M., where she visited her daughter, Mrs. Earline Webb. She also visited a sister, Mrs. Daisy Ingram, in Odessa.

"consistently rich, robust flavor!"

SAYS: Herbert G. Morrison, President of Corpus Christi's popular Robert Driscoll Hotel, about Maryland Club coffee. For many years, guests of the Robert Driscoll have enjoyed Maryland Club, a part of the fine cuisine for which the hotel is famous.

THE CHOICE OF CELEBRATED HOSTESSES

"I think Maryland Club's flavor is wonderful," says Mrs. W. H. Benton, prominent Houston clubwoman.

"The most delicious coffee I have ever served," says Mrs. Franklin E. Loy, popular Little Rock hostess.

Richest of all coffees...

Consistently rich and full-bodied in flavor . . . Consistently more economical to use . . . that's Maryland Club, the world's richest coffee! No other coffee can duplicate it . . . because no other brand possesses exactly the same rare coffees, matchlessly blended. Try Maryland Club and discover how really good coffee can be . . . and how truly economical, too! Remember, MARYLAND CLUB gives you 10 to 15 more cups per pound.* So get a pound today. Serve your family and friends the coffee served by celebrated hostesses and famous restaurateurs throughout the southwest.

* as certified by Southwestern Laboratories

Teachers Refuse To Say If They Had Been Communists

NEW YORK (AP) — Seven New York City public school teachers refused yesterday to tell Senate probers whether they ever had been members of the Communist party.

Each of the seven invoked the Fifth Amendment to the Federal Constitution, which protects an individual from being forced to testify against himself.

Sen. Homer Ferguson (R-Mich), head of a Senate internal security subcommittee investigating communism in the nation's schools, said:

"On that ground, I will recognize your right not to answer that question."

Ferguson recessed the two-day public hearings here without setting a future date, but added:

"This does not mean that we have closed this matter. We have received evidence that the board of education is taking certain steps. We can recess and allow it to make its investigations."

The seven teachers, of 10 subpoenaed to appear yesterday, were:

Henry F. Mins Jr., an English instructor at New Utrecht High School, Brooklyn; Leonard Koegel, a substitute teacher residing in Queens; Lou Spindell, health education instructor at Straubenmuller Textile High School, Manhattan; Mrs. Mary Gold Daniman, teacher at Public School 107 in the Bronx; and Louis Cohen, English instructor at William Howard Taft High School in the Bronx.

The three others, who failed to answer their subpoenas — apparently with legitimate excuses — were: Harold Collins, who formerly taught at Ft. Hamilton High School; Florence Waks of Manhattan, and Mrs. Helen Mins Robbins, English instructor at Morris High School in the Bronx.

The three will be subpoenaed for examination when the committee resumes hearings here.

Case, one of the teachers to testify, told the committee:

"Right now, if you went into the whole school system, you would find the teachers of New York are scared stiff today, watching this committee, and because of that are afraid to go back and exercise their rights in the typical American manner.

"Because of inquisitions such as this, the teachers are scared and are not doing their jobs. I would like you to come into our school system and see what's going on. The kids no longer are encouraged to use their own minds. They keep quiet on subjects such as Korea, the atomic bomb and the Soviet Union."

Case was asked, "In your opinion did the North Koreans attack the South Koreans?"

Case replied, "I wasn't there."

The witness said awar between Soviet Russia and the U. S. would "mark the end of civilization.' But he said he would defend America if any one attacked it.

The city board of education said it will start disciplinary action against the Senate committee's witnesses and an unspecified number of other teachers.

Bookkeeper In Boys Club Is Held In Jail

WASHINGTON (AP) — The mild-mannered former bookkeeper-business manager of the Boys Club of Washington was in jail today unable to make a $10,000 bond.

James H. Kinsey, 52, sought since mid-August in connection with the disappearance of $36,500 in Boys Club funds, had less than a dollar in change in his pockets when FBI agents captured him near his home here early yesterday.

An FBI spokesman quoted him as saying he lost the money "playing the horses," and once was robbed of $1,800 by a taxi driver at a race track.

At his arraignment yesterday, Kinsey remarked to U. S. Commissioner Cyril S. Lawrence that he "never took more than $300 or $400 at a time." He had worked for the club, supported by the Community Chest, from 1948 until his disappearance Aug. 18 in a rented automobile.

He was driving the same car when FBI agents spotted him yesterday. He surrendered quietly. An FBI man said Kinsey told his captors he had been sleeping in the car at a tourist camp.

Termed by his employer a "funny little miquetoast," Kinsey had no attorney at his arraignment.

When Assistant U. S. Atty. John D. Lane asked for a continuance because the Boys Club books are being audited, Kinsey commented:

"Those books won't show any deficit. The books were always kept in good shape. There just weren't any deposits made."

Commissioner Lawrence fixed a $10,000 bond and set a preliminary hearing for Oct. 1. He is charged with transporting stolen property across state lines.

Fear Sabotage To Navy Ship

BOSTON (AP)—First Naval District headquarters disclosed early today that metal chips found in the reduction gears caused $300,000 damage to the destroyer Pritchard in what may have been sabotage.

Rear Adm. John L. McCrea, commandant of the district, said a naval intelligence investigation to determine if it was sabotage has not been completed.

"As in all these cases," he said, "naval intelligence has conducted the investigation and is still doing so.

"The foreign substance which caused the damage was metal chips. How they got into the reduction gears has not yet been determined."

He said the damage was discovered about a month ago just before the Pritchard was to leave the Boston Naval Shipyard for a training cruise.

The investigation was kept a secret until last night when word leaked out. The Navy confirmed the report early today.

Navy sources said repairs will require several weeks.

The reduction gears are that portion of the vessel's machinery which reduces the engine's revolutions for the propeller shaft.

Bigamist Gets Suspended Rap

NEW YORK (AP)—Lawrence Jones whose second "wedding" reception was interrupted by his real wife, received a suspended sentence yesterday on a bigamy charge—provided he returns to and supports his legal spouse and their children.

Last April, Jones, 24, and Audrey Hauck, 23, were married. The real Mrs. Jones, the former Doris Kibbe of Dunkirk, N. Y., showed up at the reception after tracking Jones through a bank loan application.

Miss Hauck's father complained to the district attorney's office here, but neither woman would sign a complaint against Jones. Each said she was certain he loved only her.

But in Queens County Court yesterday, Judge William G. Groat said Audrey Hauck "has washed this man out of her hair."

"She does not want support of any kind for the product of this bigamous marriage," he added.

Jones second "bride" has become the mother of a daughter. His real wife, now living near Los Angeles, Calif., is expecting another child, their third.

Gambler May Be Moved To Texas

WASHINGTON, Sept. 11 (AP)—After a talk with high government officials Dallas Dist. Atty. Henry Wade says he is "optimistic" over getting Gambler Benny Binion returned from Nevada to face Texas gambling charges.

Wade had a 90-minute conference yesterday with Atty. Genl. James P. McGranery and other top Justice Department officials.

Neither Wade nor McGranery would say specifically what course of action is in prospect, but it was indicated that evidence concerning Binion's 1948 U. S. tax returns may be presented to a federal grand jury in Dallas Monday.

Should Binion be indicted, he might be returned to Texas by federal authorities for trial and then later turned over to Texas officials.

On Sept. 4, said Wade, Binion paid a $15,000 fine and an equal amount in penalties after pleading no contest to 1949 federal income tax evasion charges. By agreement of U. S. attorneys, he was arraigned before a federal judge in Carson City, Nev., although he had been indicted in Dallas.

Binion faces charges in Dallas for operation of 12 policy wheels as a result of raids on his headquarters in 1947 and 1949.

Weekly Pay of Factory Worker Up In July

DALLAS, Sept. 11 (AP)—The average pay of factory production workers in Texas reached $64.83 a week during July—up $1.11 from June, the Texas Employment Commission reported yesterday.

Individual plant wage increases, plus overtime pay, accounted for the increase, said TEC.

Average hourly earnings jumped 3 cents in the transportion equipment industry to reach $1.85, the state's largest increase. It was based on a 14 cent hourly boost at one time of the state's huge aircraft plants, plus considerable overtime pay at a large shipyard.

Chemical workers' and public utilities workers' average hourly earnings increased 5 cents each, while those in the paper and allied products industry dropped 5 cents. Workers producing crude petroleum products continued to receive the highest average weekly pay—$94—among factory employees. They were working an average of 47 hours a week.

The TEC report said that among factory employes apparell and fabric products workers received the smallest average weekly pay—

Hurricane Danger Off Florida Coast Again

MIAMI, Fla. (AP)—Weather Bureau forecasters kept a sharp eye today on a suspicious low pressure area reported developing in the Atlantic Ocean 260 miles east of Daytona Beach.

"We are keeping an eye on it although it doesn't look like much," said meteorologist Allen Marshall. "There are plenty of coastwise ships in the area giving us reports."

Marshall said it was unusual for a hurricane to form in that area, but it has happened.

Group Jailed In India For Beating Up Reds

BOMBAY, India (AP)—The Hyderabad government has announced the arrest of 19 students and a member of the ruling Congress party on charges of beating up two Red leaders during an election campaign in the Telengana area last week. The 20, out on bail, filed cross charges against the Communists.

HEARING AUTHORITY HERE FOR CLINIC

Mr. F. A. Fischer, a recognized amazing TINY NEW BELTONE at mazing TINY NEW BELTONE at the Pal-O-Mar Cortel on Fri., Sept. 12 from 1 to 3 P.M.

CROWD MISSES BIG SHOW

Broadway showman Billy Rose draws one of his better audiences outside New York's Supreme Court building after he lowered the curtain on his epic, Battle with Eleanor, which had run for about a year. Rose, center of attraction, withdrew his divorce action from Eleanor Holm and left it up to the judge to set the alimony ending what had promised to be sensational series of charges and counter-charges in open court.

Four Youths Admit Burglaries in 5 States

ENTERPRISE, Ala. (AP)—A five-state burglary spree in which several stores were burglarized was charged today against two girls and two youths arrested in a car here.

Police Chief Huston Akridge said the young foursome signed a statement admitting thefts that netted about $500 from establishments in Ohio, Kentucky, Tennessee, Alabama and Florida.

He identified them as Roger Lee Michael, 16; Marita June Stone, 17, and Mrs. Carolyn Hylman, 17, all of Terre Haute, Ind., and David E. Hitchens, 20, of Akron.

In the early days of the automobile, closed cars were rare because they were expensive and hard to build.

Car Inspectors Say State Law Good, Say Lives Will Be Saved

Eight Snyder mechanics, who together have inspected about 8,100 Scurry County vehicles, agreed this week that the state's motor vehicle inspection law is a pretty good thing.

The inspectors, speaking from their experience of checking autos here, say they have found numerous defects in cars capable of causing accidents if not corrected.

"Many persons who have been complaining about the inspection law say reckless drivers in new model cars are the major cause of the accidents in Texas," one inspector said, adding "That may be true, but if this inspection results in the saving of one life, it's worth it."

The principle defect on most cars inspected here was in lights, most inspectors reported. Many tail lights were out, and, as one mechanic said, "If a car doesn't have a tail light, another driver could pile right up on the fellow's car without ever seeing him." Many lights were found out, too dim, or far out of focus.

Rated as second in defective parts was mufflers and pipes. Most inspectors agreed that motorists are careless about mufflers when they have holes in them and neglect to replace them.

Another major defect was in brakes. Even one car was found with no brake linings at all. Discussing defective brakes, one inspector pointed out the one part of the inspection law he did not like. "We could check brakes or lights and find them alright then the car's lights or brakes could go out within five minutes after the inspection."

Many inspectors said they found loose tie rod ends and other parts affecting steering of a car. They reported they had found many tie rod ends almost loose enough to fall.

One inspector summed it all up this way. "The average motorist does not realize that some of the safety devices on his auto are faulty until he's forced to have his car inspected, and he is usually surprised when we find things wrong. Most of them neglect repairing safety features, only having repairs made if a car will not move down the road."

Half the inspectors said they found as many defects in newer model cars as they do in the older ones. One reported that he inspected a 1952 model car and found that it needed two new tie rod ends.

Fire Chief Turns In False Alarm Himself

RICHMOND, Va. (AP) — The fire-alarm went off and five pieces of apparatus and a battalion chief sped to the scene yesterday.

They were met by Fire Chief John Finnegan, who turned them back.

A false alarm, Finnegan admitted sheepishly. The alarm accidentally went off when Finnegan spied an alarm box door open and tried to close it.

OPEN SEASON

By DALE WALTON

Hermleigh gridders are preparing this week for their first game of the season, in which they will meet Seagraves, a team they know little about.

Coach Charlie White said this week that just about all he knows about the Seagraves squad is that it will run a winged-T offense, while Hermleigh will employ a straight and split-T.

White will go into the game with fast backfield, a good offensive team, and a better defense.

The Hermleigh scoring plays, if they run true to last year's pattern may involve many pass plays between Quarterback Floyd Hacker, 170 pounds, and End Jimmy Cooper, 180, the squad's left end, main scorer, and an all-district player from last year.

Also a holdover from the all-district list and a chief scorer is Dickie Wall, 180-pound fullback who was instrumental in the team's winning the district championship last year.

Other standouts on the squad are Julius Roemish, 180, good on offensive and defensive at guard, and linebacker.

Probable starters, along with Bill Houston, center and defensive those already named, will be Wallace Rinehart, 175, tackle; Gerald Jordan, 180, guard; Denzil Kight, 190, tackle; Delbert Hess, 125, end; Charles Rinehart, 155, halfback; and Douglas Chitsey, 140 halfback.

Defensive players who will spend plenty of time in the game are Kenneth Simmons, 220; Leon Hale, 200; and Alvin Wimmer, 155, all linemen.

While Hermleigh meets the Seagraves squad, four other games will be played by teams in its district. Games are Hobbs vs. Leuders at Hobbs, Divide vs. Loraine at Divide; Coahoma vs. Grand Falls at Grand Falls, and Robert Lee vs. Bronte at Bronte.

* * *

High schoolers will work themselves into a lather to get in spirit for the Tiger griddess' Friday night game with Thomas Jefferson of El Paso when they hold their first pep rally of the year Friday morning.

At 10:35 o'clock that morning, they will all turn out at the high school auditorium for speeches by players, coaches, and others, playing of loud music by the band, and, general noise - making.

Members of the Quarterback Club are planning to round up merchants from town to participate with the students in the rally.

Young Man Will Hang For Shooting Uncle

ANNAPOLIS, Md. (AP)—John W. Chisleey, 23 - year - old racktrack cleanup boy, was sentenced yesterday to hang for killing his uncle in an argument over a pack of cigarettes.

He was convicted of shooting Richard H. Contee, 41, in the stomach and again in the head last May in an argument over who owned a pack of cigarettes dropped on the street.

Irvin Making Difference In Giant Dugout

NEW YORK (AP)—If the New York Giants pull another "miracle" this fall, a fellow named Monte Irvin will deserve much of the credit.

Just as Giant hopes crumpled with Irvin's broken ankle in spring training, so they have risen with his return to regular action.

The strong slugger from Orange, N. J., stretched his consecutive game hitting streak to 11 yesterday with a single and triple in the 3-2 win over Pittsburgh in 13 innings.

This was a miserable summer for big Monte, sitting home while the Giants fumbled and fumed in their uphill chase of Brooklyn. He was anxious to return to action but he just couldn't afford to take chances until the doctor gave his okay.

A little walking exercise in his back yard. Then some batting practice. More hiting and light exercise while he made a Western swing with the Giants. Then a return to the active list for pinch-hitting duties.

Finally he got back in there on an every day basis when the race, some 10½ games behind he Dodgers.

"Irvin is the difference," you hear on all sides in the Giant clubhouse and dugout. "Since he came back we started to go."

Batting .325 and lashing vicious line drives as the cleanup hitter, Monte is doing his best to lift the Giants toward another flag.

"I figure I can run about 75 per cent as good as normal," he said. "I can run straight ahead all right but it's tough to stop and go back."

Pros Ready For Meet In Dallas

DALLAS, Sept. 11 (AP)—The Detroit Lions and Dallas Texans have come to town for their exhibition football game at the Cotton Bowl tomorrow night.

Detroit, winner of all its exhibition games thus far, and one of the championship favorites in the National Football league, arrived yesterday. The Texans, winners of three of their four exhibitions and coming here to make their first Dallas appearance, arrived this morning from Kerrville where they have been training.

Both clubs will be guests at a luncheon. This afternoon the Lions work out at Southern Methodist University while the Texans will drill in the Cotton Bowl tonight.

Coach Buddy Parker of the Lions said he had only one player on the injury list—Jim Doran, an end, who is out of action with a leg hurt. The Texans will be without Mike McCormmack, regular offensive tackle, who was taken into the Army this week.

"The Texans are going to be a good football team," said Parker. "And I think this will be a good football game."

FALA'S REPLACEMENT—"Duffy," a male Scottie pup was presented by Susanne and Bernard Solomon, Toledo, O., youngsters, to Mrs. Eleanor Roosevelt to replace FDR's "Fala."

A WEE BIT O' BATWORK—Kilt-clad Alistair (Butch) Forbes, Scottish fan of Brooklyn Dodgers whose guest he was in America, gets batting lesson from Tommy Holmes.

Top Southern Conference 11s Blacklisted For Bowl Games

RICHMOND, Va. (AP)—The Southern Conference finds itself making football history this season before a single game has been played.

For two of its members — Maryland and Clemson — are expected to have teams which will rank among the best in the nation. Yet, neither can win the conference championship.

Both Maryland and Clemson are on the conference blacklist. They placed there for playing in New Year's Day bowl games and were given one-year football suspensions.

Virginia, another top-flight area outfit, can't win, either, for the Cavaliers aren't conference members.

Maryland has its eyes set on becoming the nation's No. 1 team. And the Terps have every reason to believe that's where they'll wind up.

They thrashed Tennessee, last year's top-ranked team, in the Sugar Bowl Jan. 1. And Coach Jim Tatum flatly admits the Terps will have their greatest running attack in Maryland history and a defensive unit which will compare favorably to the 1951 defense which limited its foes to an average of 75.5 yards per game.

Tatum has Jack Scarbath, a great quarterback, around to direct his tricky split-T version. He has an abundance of other speedy backs in Chester Hanulak, Ralph Felton, Ronnie Waller, Frey Layman, Joe Horning, Dick Nolan, Ed Fullerton, Ed Barritt, Bernie Faloney, Charley Boxold and Lynn Beightol.

Leading the Maryland line is Dick (Little Mo) Modzelewski, who along with Scarbath is being boomed for all-America honors. Fifteen other lettermen are sprinkled among the line candidates.

Clemson has a terrific triple-threat back in Billy Hair. Hair was sixth in the nation last year in total yards gained with a total of 1,579.

Virginia has a small squad of 43, but all of them have a lot of football savvy and were on last year's squad.

Duke's Blue Devils have become odds-on favorites to cop the conference crown with Maryland and Clemson safely out of the way for a year.

Virtually all of Duke's 1951 team is back. Their big problem is to develop a defensive backfield.

Wake Forest, William and Mary, North Carolina and possibly South Carolina could cause the Dukes trouble. Wake Forest, particularly, should come up with a hard-to-beat team since many experienced hands are back.

North Carolina has turned to the T-formation. How well the Tar Heels do will depend on how quickly Coach Carl Snavely can bring them around to their new formation.

Highland Park Whips Adamson In 4-A Opener

(By The Associated Press)

Highland Park (Dallas) flung a warning to the other teams in Class AAAA of Texas schoolboy football Wednesday night when the Scots whipped Adamson of Dallas, 5-0.

It opened the first big week of schoolboy football in which there were more than 50 games in the four divisions that play to state championships.

Adamson had been rated one of the favorites in the Dallas district ot Class AAAA. Highland Park hadn't been considered a top contender in its own district.

There's a scattering of games tonight in the four classes but the big schedule comes Friday night with a battle between Odessa and Port Arthur at Port Arthur the major feature. It matches two of the powerhouses of AAAA.

Another top game is Denison at Temple in Class AAA while Texarkana of AAA tests might Baytown of AAAA at Baytown.

Games scheduled tonight are:

AAAA—El Paso High vs. Cathedral (El Paso), Forest (Dallas) vs. Jesuit (Dallas), Lamar (Houston) vs. St. Thomas (Houston.

AAA—Lufkin at Port Neches.

AA—East Mountain at Pittsburg, Texarkana B at Hooks, Temple B at Gatesville.

A—Freeport B at Sweeny, Cameron B at Thorndale.

Luke Easter Hero In Keeping Indians Right On Yanks Necks

(By The Associated Press)

Luke Easter, former target for Cleveland's "boo birds," is top man on the hit parade of Indian fans today.

Big Luke's blazing bat is spearheading the Indians' bid for the American League pennant, a drive that finds them only one game behind the New York Yankees. Both combatants have 14 games to play including a face-to-face meeting in Cleveland on Sunday.

Easter drove home two runs last night on a single and his 29th homer to lead the Indians to a 5-3 victory over the Philadelphia Athletics. But the Yanks protected their slim lead as Allie Reynolds pitched the Bombers to a 6-1 victory over the St. Louis Browns.

Meanwhile, the Brooklyn Dodgers moved 4½ games ahead of the New York Giants in the National League race. The Dodgers swept a twi-night twin bill from Chicago, 4-1 and 6-2, after the Giants had won a 13-inning battle from Pittsburgh, 3-2, on Don Mueller's home run.

Easter, who failed to hit his weight during the first half of the campaign, has been making up for lost time since he got back into the lineup on July 15, following a sojourn with Indianapolis of the American Association.

The 240-pound first baseman departed unmourned with a .208 average. Since his recall he has been banging away at a .340 clip and has driven in 55 runs in 52 games.

The Indians were playing .568 ball and trailed the Yanks by 3½ games when Easter left. Since his return they have won 36 and lost 23, a .610 pace.

Easter, who has hit safely in 13 straight games, singled home the Indians' first run in the opening inning. Bob Lemon blanked the Athletics on three hits until the ninth, when he suddenly wilted. The A's loaded the bases with one out and Lemon issued two walks to force home two runs. Ted Wilks, the old National League fireman, came on and saved Lemon's 19th victory.

Reynolds was in top form against the Browns. The righthander allowed only five hits and fanned 13 in racking up his 18th conquest. The Yanks collected 15 hits against Duane Pillette and two relief pitchers.

Johnny Rutherford, with assistance from Joe Black and Carl Erskine, turned back the Cubs at Ebbets Field. Rutherford bowed out for a pinch-hitter during a game-winning, four-run rally in the seventh of the opener. Black retired the Cubs in order the rest of the way.

Erskine coasted to his 12th victory in the second game.

Mueller's homer for the Giants sent game Murry Dickson down to his 20th defeat. Dickson, who won 20 games in 1951, is the first Pirate pitcher in modern history to be tagged with a score of defeats.

The Giants engaged three pitchers to stem the Pirates with Hoyt Wilhelm gaining credit for his 13th victory.

In other games, the Philadelphia Phils defeated St. Louis, 6-3, and Cincinnati nosed out Boston, 6-5, in 10 innings in the National League, and Chicago turned back Washington, 6-3, and Detroit upset Boston, 6-2, in the American.

Multiple Charges On Driver Of Bulldozer

DENVER (AP)—A Denver bulldozer operator tangled with a bridge guard rail Wednesday and ended up charged with a hit-run accident, reckless and careless driving, destruction of city property and failure to report an accident.

According to police, Glen W. Bennett, 36, was slanking the machine down a street at about 15 miles and hour, attempted to make a turn onto the bridge and ripped out 15 feet of railing.

Police Capt. Roy Floyd happened to witness the crash. He said Bennett backed the machine off the bridge and left. Floyd followed and issued the multiple summons. Bennett said he was not fleeing the scene but was going for his supervisor to report the accident.

Employer Accused Of Paying Workers As Little as 5c Per Hour

PHILADELPHIA (AP)—A Philadelphia manufacturer, accused by the government of paying employes as little as 5 cents an hour, has been restrained by court order from further violation of the Fair Labor Standards Act.

Ernest N. Votaw, regional attorney for the Wage and Hour Division of the Department of Labor told Federal Judge George A. Welsh yesterday that Jacob Greenwald, manufacturer of baby clothes paid "as little as 5 cents an hour to employes since Jan. 30, 1950."

Federal law requires a minimum of 75 cents an hour for work produced for interstate commerce.

Greenwald sometimes parceled out knitting and sewing to women to do in their homes, Votaw said, and made the workers pay the parcel post charges in returning the finished materials.

Eat 'American First' Is Big Wonderful Subject In Nation

Whole families holiday in Europe and newlyweds honeymoon in Hawaii or South America and spend less time traveling than was required, not so long ago, for a tour to the Grand Canyon, Salt Lake City, and Yellowstone Park.

All this international visiting has brought a great interest in international eating, with the result that almost any foreign recipe will have a dozen or more housewives experimenting with new food combinations and trying their hand at spice and condiment magic.

Then comes a Thursday Times Food Page reader with a request for more typically American recipes. This was her opening question: "Do you remember when the vacation was 'See America First'?"

And she continued "Why desn't someone start saying 'Eat America First'?"

There is cookbook after cook book on this subject, and many home food files bulge with treasured recipes. Test kitchens constantly add to supply. Yet no research was necessary, for along came a new release from the Memphis, Tenn., offices of the National Cotton Council. The subject was typical American foods and six favorite regional dishes were spotlighted. Included, too, was a collection of food fancies and facts that can only be presented under the title: "Cookery Americana."

So, for the West Texans who want to follow the suggestion of at least one other reader, here is information on "Eating American First."

Up East, Down South

Plain old American food is just the best in the world, and it's as varied as ever a food could be avers the National Cotton Council. The report continues:

We've got clam chowder from up East, Minnesota wild rice, New Orleans gumbo, Southern fried chicken, Spanish rice from somewhere in Texas (probably South Texas) steak from the West and citrus delights from the coast.

American history yields some wonderful stories of the heritage of some of the fine regional dishes. There is the Thanksgiving feast as the America I tradition.

Beans and Beans

The American Indian is to be thanked for many varieties of the plain old bean. Americans eat limas, string beans, soy beans, pole beans, pinto beans, and many others. In Europe, most peoples know only the broad bean. The Orient depends upon the soy.

A temperamental chef at Boston's famed Parker House clenched a handful of dough and threw it in the oven when he learned his sweetheart had been accused of thievery. The browned folded rolls were served, so the story goes, to the evening's guests for lack of other rolls. We've been calling them Parker House rolls ever since.

Another famous chef, Oscar, of the old Waldorf, whipped up a very special salad for a dinner to be attended by the 400. So, Waldorf salad came into being.

Pot Luck Supper

One-dish meals originated back in the days of the pioneers. It was common practice for the meat and vegetables to be cooked together in one pot hanging in the fireplace. In various parts of the country, today, families still enjoy "pot luck supper."

In the Middlewest, folks have their "fish boils" much as Southerns have their fish frys, the Easterners their clam bakes, the Texans their barbecues.

Out West, it's spuds and steak. In New Orleans, one eats gumbo and jambalaya, and many other Creole dishes handed down from the days of the Spanish and the French rule.

Morman Pancakes

Utah Mormons eat salt pork pancakes. A Nebraskan never boils corn in salted water for fear it might toughen the kernels.

An up "East" gathering is the "sugaring off party." Families gather up snow, spread freshly tapped maple syrup over it, and eat with doughnuts and dill pickles.

Virginia cooks soak chicken in rich buttermilk a half hour before frying it in shallow fat. Marylanders stuff country cured hams with kale and mint leaves. Cleveland cooks add a drop of tarragon vinegar to maple sauces or dishes.

A thrifty New Yorker tired of seeing left over chicken and ham being thrown away, so he creamed it, a la King.

The Gulf Coast broils flounder. In San Francisco, home of abalone steaks, they serve flounder just as lusciously broiled, but the fish is a sand dab.

New Orleans steams its crabs. On Fisherman's Wharf in San Francisco, crabs are cooked in giant pots of boiling water.

Mexican Influence

Mexican Cookery:

Some of the best dishes in the Southwest borrow heavily from the finest Spanish and Mexican cooking. A gastronomic tour of this fascinating "young" part of the United States would surely include tamale pie. (This is a direct quote from the Cotton Council.)

Ground beef, richly browned and highly seasoned, is baked in a "crust" of cooked cornmeal. The flavor combination is delightful. The blandness of the cornmeal is a good foil for the spicy filling.

Tamale pie can be baked in any casserole or baking dish, but a Mexican dish provides the perfect setting for this handsome, flavorful main dish. Serve ripe olives and little pickled onions as a relish.

..TAMALE PIE
..(Makes 8 servings)

2 cups boiling water
two thirds cup yellow cornmeal
½ teaspoon salt
½ pound ground beef
1 small onion, chopped
2 tablespoons margarine
1 small can tomato paste
¼ cup sliced stuffed olives
½ cup sliced ripe olives
¼ cup chopped green pepper
1 teaspoon chili powder
½ cup beef bouillon or consomme
½ No. 2 can whole kernel corn
Dash of cayenne pepper
1 teaspoon salt
½ cup shredded cheese
Paprika

Stir cornmeal into rapidly boiling water. Cook and stir until thick. Remove from heat. In a heavy skillet melt margarine and brown onion in it. Add ground beef. Stir and cook until meat is no longer red. Add tomato paste, olives, green pepper, chili powder, bouillon, corn, cayenne and salt. Stir well. Taste to be sure this is enough salt. Line a shallow baking dish with part of the cornmeal mush. Pour meat and vegetable mixture into lined dish. Drop remaining cornmeal mush in spoonfuls on top of meat, and sprinkle shredded cheese over top. Dash paprika liberally over surface. Bake in moderage oven (350 degrees F.) 1 hour.

Steak and Spuds:

In the West and Middle West, everybody likes steak. They raise and know good beef, but they also know that a steer produces only a limited number of Porterhouse cuts. So the beef round and sirlion tips are transformed into wonderfully good eating and it's called "Country-Fried Steak". Potatoes most often are served with this steak; but in the corn states, corn on the cob rates high.

..COUNTRY-FRIED STEAK

½-inch slices of beef, round steak or tip of sirlion
Flour
Salt
Pepper
frying fat

Have butcher cut beef round or tip of sirloin in slices ½-inch thick. Cut into serving-size pieces, allowing ¼ pound per serving. Mix salt, pepper and flour (1 teaspoon salt ¼ teaspoon pepper to 1 cup flour) Sprinkle over steaks and pound with steak pounder or edge of heavy saucer. Pound steaks on each side until they have absorbed a generous amount of flour. Melt 4 tablespoons fat in large heavy fry pan. Brown steaks on both sides, over moderate heat. Add more fat as needed. Turn heat low and continue cooking until steaks are fork tender.

Chicken of the South

Good Southern fried chicken, accompanied by flaky hot biscuits and creamy gravy, is fine fare, wherever one finds it.

Plump, fresh frying chickens weighing 2½ to 3 pounds are preferred, and each piece of chicken is salted and peppered, rolled in flour. Some cooks pour sweet cream over the chicken and add a dash of paprika with the salt and pepper, before the flouring. Or in Virginia, they soak the chicken in buttermilk. Lard or shortening, sometimes mixed with bacon drippings, was once used for the frying but many modern cooks now use margarine for frying chicken.

..SOUTHERN FRIED CHICKEN

1 3-pound frying chicken, cut up
1 cup sifted flour
1 teaspoon salt
¼ teaspoon pepper
1 cup fat for frying

Mix flour, salt and pepper. Roll pieces of chicken in flour. Melt fat in a large heavy skillet. When it is hot (be careful not to let scorch;) brown the pieces of chicken carefully on all sides, turning often. When chicken is golden brown, turn heat low and continue cooking until chicken is easily pierced with fork, but not until meat falls from bones. Some cooks like to cover the chicken after browning letting it cook slowly for 30 to 45 minutes.

When chicken is done, remove from skillet. keep hot while making gravy. For each tablespoons of fat in the skillet, add 2 tablespoons of flour, stirring smooth. Gradually add 1 cup milk, stirring constantly until thickened. This amount makes 1 cup of gravy. If more gravy is desired, use more fat, flour and milk in the same proportion.

West Coast Prawns

The West Coast is famous for its fine seafoods and its delightful ways of serving them. Large shrimp, or prawns, are not "native" to the West Coast, but they are so popular that visitors to California find many of their happiest food experiences revolving around fried shrimp. Californians prepare big crab legs the same way.

Cleaned shrimp are rolled in flour, dipped into beaten egg, then rolled in fine bread crumbs. The final step is frying to a crisp, golden brown. Serve the shrimp piping hot, with a sauce made by mixing ½ cup catsup, 1 teaspoon soy sauce, 1 tablespoon hot mustard. Or serve the catsup-soy sauce and the hot mustard separately. French bread, spread with margarine and lightly toasted in the oven makes an excellent accompaniment, along with a salad of tossed greens.

..FRIED SHRIMP

Was raw jumbo shrimp and peel off shells, leaving tails on. Remove dark veins. Rinse in cold water. Drain well. Sprinkle lightly with salt. Roll in flour. Dip in well-beaten egg and then roll in fine bread crumbs. Brown on both sides in skillet of fat. Cooked or canned shrimp may be prepared the same way, as may big crab legs.

Salmon in Northwest

Colorful fresh salmon is one of the specialities of the Northwest. Baked salmon, fried salmon, planked salmon are all popular. Easiest to prepare, and as delicious as can be, are broiled salmon steaks.

Crisp bread or rolls and piping hot French-fried potatoes, with a green salad make the broiled salmon meal perfect.

..BROILED SALMON STEAKS
(Makes 3 servings)

3 salmon steaks, 1 inch thick
¼ cup melted margarine
2 teaspoons lemon juic
2 teaspoons Worchestershire sauce

Turn oven regulator to broil, or highest heat. Heat with broiler pan in place. Arrange salmor steaks on greased shallow baking pan, or lay on sheet of aluminum foil on baking pan. Sprinkle lightly with salt. Mix melted margarine, lemon juice and Worchestershire sauce. Pour over salmon. Place broiler pan so fish is about 2 inches from heat. Reduce heat to medium (350 degrees F.). Broil under medium heat until fish flakes easily with fork and is moist (about 8 minutes on each side.) Brush 3 or 4 times with melted margarine while broiling. Remove fish to hot platter or plates. Garnish with lemon wedges and serve at once.

Cape Cod Turkey

New Englanders often call codfish balls "Cape Cod Turkey." On the northeast coast, cod is served in many delicious ways, but none is more traditional than codfish-balls. Soft and creamy inside, they have delightful thin crisp crusts. The cracker meal in which the balls are rolled browns beautifully when fried in deep fat.

Cod fish balls are traditionally made with salt cod, now available in small neat boxes at most fish dealers. But nowadays many cooks make them with canned or frozen fish. When these are used, add the flaked fish directly to the hot, drained potatoes and mash them together, with seasonings and margarine.

One of the conveniences in making this fine old economy dish is that the balls may be made ahead of time, even to crumbing. Store them in the refrigerator or in the freezer and fry as needed.

..CODFISH BALLS
(Makes 6 servings)

1½ cups salt cod
3 cups potatoes, diced.
2 tablespoons margarine
Pepper
1 egg
½ teaspoon minced onion, if desired
Cracker crumbs

Soak codfish in cold water ½ hour. Drain and flake. Boil fish and potatoes together until potatoes are tender. Drain and shake over heat to dr... making sure there are no lumps. Add margarine or butter and pepper and beat until mixture is fluffy. Add egg and continue beating .Shape in balls with tablespoon. Roll in cracker crumbs and fry in hot deep fat (375 degrees F.) until golden brown. Fry only 4 or 5 balls at a time. Drain on paper towel or other absorbent paper.

Serve with Gherkins or sliced green tomato pickles.

ABOVE THEIR USUAL LEVEL — Motorcyclists of the "Traber Group" offer a daredevil tight rope act with equipment some 200 feet above the Isar River at Munich, Germany.

State Trying To Stop Use Of Untaxed Cigarettes In Area

Cigarettes for $1.70 were reportedly being sold in Texas, and investigators are out to put a stop to it.

Ralph D. Sanderson, tax supervisor and investigator for the state office of the comptroller of public accounts was in Snyder yesterday seeking information as to whether any literature advertising cigarettes at the low price had reached residents here.

Sanderson said an out-of-state corporation has flooded Texas with literature advertising the cigarettes, and he added that the price quoted does not include the state tax stamps of 40 cents a carton. He added that unless each package has the state stamp, the user is subject to heavy penalties.

H. D. Moreland, postmaster, said no residents have reported any such literature being mailed to them.

The investigator said mere possession of cigarettes not bearing the state tax stamp is punishable by $25 to $200 fine, and failure to report the purchase of unstamped cigarettes is punishable by a maximum fine of $5,000 or two years in prison or both.

State cigarette taxes go into the state available school fund, old age pension fund, and fund for state hospitals and special schools.

Federal law requires any company shipping cigarettes to report where and to whom they were shipped, and state law requires reports on all out-of-state purchases.

Sanderson urged any resident here receiving literature concerning low-priced cigarettes to report it to him at Colorado City or to the state comptroller of public accounts.

'The Miracle' Can Be Shown In Maryland

BALTIMORE (AP)—It's all right for theaters in Maryland to show the Italian film "The Miracle."

The State Board of Censors reluctantly cleared the film on the basis of a recent Supreme Court decision which held sacrilege was no basis for state censorship of films.

However, the board called "The Miracle" an "obvious indignity to religions personages and beliefs." The film depicts the seduction of a feeble-minded girl by a stranger whom she confuses with a saint. It previously was banned in the state.

Death Takes Navy Admiral

SAN DIEGO, Calif. (AP)—Retired Adm. Jonas Howard Ingram, commander of Allied forces in the South Atlantic during most of World War II, died last night at the age of 65.

The admiral suffered a heart attack last month while serving as superintendent of summer schools at Culver Military Academy, Culver, Ind. He suffered a second attack Tuesday night.

Adm. Ingram, Medal of Honor winner for service at Vera Cruz in 1914, also had a distinguished career in athletics. He played football at Annapolis and became head football coach at the Naval Academy in 1914 and held that job three years.

He retired from the Navy in 1947 after 44 years' service.

Survivors are his widow, Mrs. Jean Ingram; a son, William of Los Angeles, and a daughter, Mrs. Mary B. Hays, Quantico, Va.

Tax Bureau Head Says He Is All Cleaned Up

DETROIT (AP)—"We now are as clean as a whistle, and we intend to stay that way," says the commissioner of the U. S. Bureau of Internal Revenue."

Commissioner John B. Dunlap made the statement yesterday in a speech to the National Federation of Federal Employes in convention here. He said he made it on the basis of examinations made under the bureau's reorganization program.

Government Is Not Revealing Every Tax Compromise Case

WASHINGTON, Sept. 11 (AP)—How wide has the government opened its secrets with a new policy—making tax compromise settlements public?

And how is it that some people do not have to pay all their tax debt?

For two weeks the Bureau of Internal Revenue has been making current compromises public. Past cases may now be examined if a reporter or some other responsible person asks for them, giving the taxpayer's name and address. Cases so far made public indicate:

1. The new policy does not open all cases where the government accepts less than its original tax bill.

2. In most compromises, the taxpayer gets off for less than the government says he owes.

3. But compromises also include cases in which the government gets every penny assessed, or even more.

4. Most compromises are with little taxpayers but there are some pretty big settlements.

5. The most successful way to avoid paying taxes appears to be the underworld method—don't keep records, don't talk and don't let anyone talk who knows about your affairs.

What cases are now open to inspection?

On Aug. 20, President Truman ordered the Revenue Bureau to make available for inspection, subject to treasury regulations, "any accepted offer in compromise" dealing with income, excess profits, estate, gift and capital gain taxes. The order opened accepted compromise settlements on those taxes and those only.

What compromises are still secret?

1. The law gives the government authority to compromise with taxpayers on any kind of tax. The President's order named only taxes in the income field. Compromises in the other big fields were not affected. They still are secret.

2. The Internal Revenue Bureau can lighten a tax debt if it so desires. A taxpayer who thinks he is being over charged can take it up with a revenue agent. The bureau's appeals staff can consider the case in conference with the taxpayer and the agent. If the bureau decides the taxpayer was over charged, it can cut the tax claim.

This is called by the bureau a "settlement", instead of a compromise.

"Settlement" cases are still on the secret list.

Who decides whether a case is to be closed as a compromise?

Any taxpayer may ask to settle his taxes for less than he is charged. The bureau decides whether to accept the offer. The collector of internal revenue in the taxpayer's district the commissioner of internal revenue and the secretary of the treasury all must approve.

Generally the government comes out loser in a compromise settlement, and the bureau often settles for less than its assessment in the cases of businessmen in financial straits. The reason usually assigned is that the compromise allows the business to stay afoot, continue to provide employment and continue to pay taxes. A number of these settlements included payment in full, or more, over the years.

British Unions Vote To Take Drastic Action

LONDON (AP) — Leaders of Britain's three million shipbuilding and engineering workers voted last night to call for a ban on all overtime and piece work in the two vital industries in protest against employers' refusals to consider wage demands.

If actually put into effect, the ban could cripple the nation's vital rearmament and export drives. In view of the threat to Britain's shaky economy, however, the government was expected to intervene with arbitration proposals. The question may be discussed at a meeting of the Cabinet today.

The proposed ban was approved by the Executive Council of the Confederation of Shipbuilding and Engineering Unions, a group of 38 unions involved in the manufacture of ships, airplanes, automobiles, machine tools and other engineering products.

The council described the ban as a protest against the flat rejection by employers of union demands for a general weekly wage increase of two pounds ($5.60). This would have been an increase of about 20 per cent for the lowest scale workers.

The council, however, can act only in an advisory capacity. Member unions now must poll their membership on whether the proposed ban should be put into effect. The council meets again today to set a starting date for the ban, if it is approved.

If carried out, the ban could result in a slash of up to one-third in the output of the nation's flourishing engineering and shipbuilding industries. The resulting drop in exports could drive millions of other Britons out of work.

Red Cross Casualty

TOKYO (AP)—The American Red Cross today announced its first death in action of the Korean War.

William H. Baker, 36, of Hyannis, Mass., assistant field director with the U. S. 15th Regiment, was killed Sept. 2 by a shell while interviewing a soldier in a front-line position.

Return Of Chivalry Promoted In South By New Organization

ATLANTA (AP)—An aroused group of Southern gentlemen believes the South should rise again—on trolleys, that is, when the ladies are standing.

The Order of Southern Gentlemen, Inc., has been granted a charter in Fulton Superior Court here to promote "appreciation of the characteristics of southern chivalry."

"There just isn't enough chivalry left in the South," observes one member. "You get on a trolley and all the men are sitting while the ladies are standing. It used to be the other way around."

UN Employes Accused Of Bootlegging Booze

UNITED NATIONS, N. Y. (AP)—Secretary-General Trygve Lie does not think U. N. employees have been reselling tax-free liquor, but warns that if they have they will be "severely dealt with."

He said yesterday that his only evidence of such resales have been the general charges made this week by the National Retail Liquor Package Stores Association.

Lie said only 45 of the U. N.'s 3,000 employes are entitled to buy tax-free wine and liquor for entertainment purposes. However, he added, diplomats who are members of the various national delegations here also are exempt from liquor taxes.

LEGAL NOTICE

ORDER AND NOTICE OF SPECIAL ELECTION
THE STATE OF TEXAS
COUNTY OF SCURRY
CITY OF SNYDER.
ELECTION ORDER

I, F. G. Sears Mayor of of the City of Snyder, Texas, by virture of the power vested in me by law, do hereby order that a Special Election be held in the City of Snyder, Texas, on the 21st. day of October, 1952, being the third Tuesday of October thereof for the purpose of submitting to the qualified voters of said City a proposed city charter, in its entirety, prepared and submitted to the City Council on the 30th. day of August, 1952 by the duly elected and appointed Charter Commission of the City of Snyder, Texas. That the ballot shall contain the following proposition:

"SHALL THE CHARTER FRAMED BY THE CHARTER COMMISSION BE ADOPTED:

THE said election shall be held under the provisions of the constitution of the State of Texas and the laws of same, governing general elections, and all persons qualified to vote in said city under the laws of this state regulating general elections shall be allowed to vote.

The manner of holding said election shall be governed by the laws of the State of Texas, governing general elections.

That said election shall be held at the City Hall in said City, and that the following persons are hereby appointed to Manage thereof to-wit:

C. B. Calls Judge
Mrs. Harry S. Lee, Clerk
Mrs. D. P. Strayhorn Clerk
Mrs. L. P. Houston Clerk
Mrs. W. W. Gross Clerk
Mrs. J. P. Avary Clerk
W. P. Davis Clerk

The Chief of Police is hereby directed and instructed to post a properly executed copy of this order and notice of election at the City Hall, the place where this election will be held. Said Notice to be posted thirty days before the date of said election.

Signed and executed this the 10th day of September, 1952.

F. G. Sears Mayor
Clara Jones
City Secretary

LEGAL NOTICE

CONTRACTORS' NOTICE
OF TEXAS HIGHWAY CONSTRUCTION

Sealed proposals for constructing 9.315 miles of Grading Structures, Base and Surfacing from US 101 to US 84 on Highway FM 1606, covered by V 1526-3-1, in Scurry County, will be received at the Highway Department, Austin, until 9:00 A. M., Sept. 17, 1952, and then publicly opened and read.

This is a "Public Works" Project, as defined in House Bill No. 54 of the 43rd Legislature of the State of Texas and House Bill No. 115 of the 44th Legislature of the State of Texas, and as such is subject to the provisions of said House Bills. No provisions herein are intended to be in conflict with the provisions of said Acts.

In accordance with the provisions of said House Bills, the State Highway Commission has ascertained and set forth in the proposal the wage rates, for each craft or type of workman or mechanic needed to execute the work on above named project, now prevailing in the locality in which the work is to be performed, and the Contractor shall pay not less than these wage rates as shown in the proposal for each craft or type of laborer, workman or mechanic employed on this project.

Legal holiday work shall be paid for at the regular governing rates.

Plans and specifications available at the office of Homer Ray, Resident Engineer Snyder, Texas, and Texas Highway Department, Austin. Usual rights reserved.

RADIO-CONTROLLED BLIMP—Believed to be first of its kind in world, a radio-controlled model blimp flies in Detroit. It is 17 feet long and weighs but 7½ pounds.

Manager Cities Save Cash By Halting Waste

By RICHARD S. CHILDS
Chairman of the Council, National Municipal League

A common question is, "Does the manager plan reduce the tax rate?" A study made a few years ago showed that of the cities of more than 30,000 population with the lowest rates, half were council-manager cities—although only one-fourth of all the cities in the list had adopted the plan.

The tax rate, however, is not necessarily the best index of good government. Tax rates can be lowered by trickery, such as by increasing property valuations, by curtailing services, and by borrowing instead of using current revenues to pay for services or improvements. A city that keeps taxes down by refusing to provide playgrounds, or by allotting the library system only 26 cents per capita instead of $2.50 or $3, isn't an example of good government.

The best measure of administrative efficiency is unit cost of operation. If it cost $5 to pave a square yard of street one year and only $2 the next year, the taxpayer is at last getting a break. City managers are constantly looking for ways to cut unit costs. They maintain in their professional association an elaborate central service to collect the best experience from other managers.

Hundreds of Millions Saved

Any estimate of the total sum saved for American taxpayers by the manager plan would be only a guess. Certainly the figure runs into the hundreds of millions. Cincinnati saved almost $2,000,000 in its first two years. Dallas cut operating expenses about $750,000 a year within a few months.

Slipshod methods of handling money cost the taxpayers countless millions in badly governed cities. Unwise borrowing, unsound methods in tax collection and wasteful purchasing procedures make an enormous difference. Managers usually plug these leaks. They install budget control and weekly or daily checks on the earmarking and spending of funds. They use centralized purchasing to reduce unit costs.

Although only 25 per cent of all our cities have managers, a private credit rating agency found some years ago that of the 24 cities of more than 50,000 population with the lowest tax delinquency, 42 per cent had the manager plan. Tax delinquency records are a good gauge of fiscal management.

Tested in Depression Years

During the depression of the 1930s most cities cut payrolls and curtailed or canceled many services. Hundreds of cities defaulted on their debts. A survey of manager cities after five years of depression showed that although they were paying less for local government than other cities, they nevertheless—

1. Cut health funds 7.5 per cent less than the average, began restoring services earlier and provided health service at less per capita cost.
2. Spent more on recreation than other cities did.
3. Cut library budgets 8.6 per cent less than non-manager cities and at the end of the depression were spending more for libraries than the other cities were spending before the depression.

Next: City management is a new profession. For full information about the Council Manager plan, write the National Municipal League, 299 Broadway, New York 7, N. Y.

Iran Begging World Bank To Lend Money On Iran's Own Terms

MEXICO CITY, (AP) — Iran wants the World Bank to reconsider a previous adverse decision and lend the hard-pressed Middle Eastern government between 19 and 21 million dollars.

Iranian U. N. Delegate Djalal Abdoh requested the loan yesterday at a meeting here of the International Bank for Reconstruction and Development.

There was no immediate response from the bank, which earlier this year failed to get the Iranian government to agree to its plan for putting the country's nonproductive oil industry back to work.

Abdoh told bank officials yesterday that the plan had called for the use of British technicians to run the industry and this was unacceptable.

Pureto Rico Shooting

SAN JUAN, Puerto Rico (AP)—Police said members of the rival Popular and Statehood parties swapped shots last night in the village of Coamo. One person was slightly wounded. Several were arrested, including the Statehood party nominee for mayor of Coamo.
