NUMBER ELEVEN

MACKENZIE DIRECTOR NAMED

City Budget Is Approved; Hiring Engineer Considered

Couple Compacts Collide

A smashup of two compact cars occurred last Friday afternoon at the corner of Houston and Main left several hundred dollars worth of damage to the cars and minor injuries to the drivers of the cars.

The drivers were Ronnie Lynn Tucker, who was driving a Ford Falcon, and Mitchell Earl Smith, who was driving a Chevrolet Corvair.

According to Bill Taylor, investigating officer, Tucker was traveling east on Houston and attempted to make a left turn onto Main Street. Smith was traveling west on Houston when the left front fender of the Ford caught the left front fender of the Chevrolet.

Both the drivers, the only occupants of the cars, were taken to Peoples Hospital. Tucker was reported to have an injured elbow, but was released after emergency treatment.

One Third Of ROW Easements Now Complete

The right-of-way easements for the new four-lane highway east of Floydada on the Mator highway are about 1/3 complete, according to Bill McNeill, commissioner of precinct 4.

The four-lane highway is to go approximately four miles east of Floydada to the Lakeview highway that leads south from U. S. 70.

McNeill will start getting signatures on the state's approval of the 1/3 new submitted. Approximately 12 tracts of land are involved in the right-of-way purchase.

The county pays 1/2 and the state will pay 1/2 of the right-of-way purchases. A bond election several years ago covered the county's cost of the project, so no new bond issue will be needed.

Work should begin almost immediately after the right-of-way purchases have been completed.

LATEST ADDITIONS TO COUNTY - Gerald Howard, left, and Fred Lenz, members of the Department of Public Safety assigned to Floyd County are the latest additions to the county staff.

Howard just recently completed the DPS Law Enforcement Academy and Lenz is a seven year veteran of the Department. (Staff Photo)

Dallas Ramsey Buys Interest In Bishop Pharmacy Recently

Dallas Ramsey, who for the past year and a half has served as a pharmacist at Bishop's Pharmacy, has purchased an interest in the business.

The announcement was made this week by Baird Bishop, who has been in the pharmacy business here since 1934. He has been in this type business for the past 40 years.

Ramsey told a Hesperian reporter that he and his wife were very happy in Floydada, that they found the people here friendly and he looked forward to a good future here for his family and business. He also said that they were going to build a new home here.

Allredge To Show Film On Alcohol

Bob Allredge, who recently returned from a TANE Seminar at Baylor will present a talk and film to the students of Junior High and the High School next week. The general public is also invited to attend.

The film is entitled "Verdict at 1.32". It is a documentary film sponsored by the Texas Alcohol & Narcotics Extension.

The film will be shown at 10:15 at Junior High next Tuesday and at 1:30 p.m. on Wednesday at the High School.

Rainfall Totals .63 This Year

Although the slight rainfall fell across the County last week and through the weekend it did little more than bring hope to the local farmers and cool off the atmosphere for a short time. The county has received around .63 of an inch of moisture this year.

From .2 to .3 of an inch of rain was recorded across the county and it was just enough to keep wheat crops and hopes alive for a few more weeks.

Lockney Concedes Heart Fund Race

A few weeks ago when the Heart Fund Drive was just beginning in Floyd County, Mrs. Mickey of Lockney put forth a challenge to the Floydada people stating that Lockney would get more money for the Heart Fund than would Floydada and it was accepted by Floydada.

However, when the tally was taken last week, which is incomplete, the Lockney group (See HEART FUND on Page 10)

During the regular session of the city Council last week, the Aldermen voted to approve the budget and considered the feasibility of hiring a full-time engineer for the City. Also, Billy Brown was appointed to replace Olen Petty as one of Floydada's representatives to the Mackenzie Municipal Reservoir Authority.

The public hearing of the budget was set for last Thursday night's session, and since no taxpayers appeared to hear an explanation of the budget, the group voted to accept it as it was presented to the council last month.

The group seriously considered hiring a full-time engineer after seeing the city's cost for such services to Parkhill, Smith and Cooper for the past eighteen months has totaled over \$9,000. Bill Feuerbacher told the council that the group had charged as little as 7% of the cost of a job for merely giving approval or advice and as much as 19% on other jobs.

It is believed that if the city hired an engineer, the amount saved, that is normally being spent on the Lubbock firm, would pay his salary as well as the fact that the person could be used as a building inspector and electrical engineer for the city. The council advised Feuerbacher to check (See COUNCIL on Page 10)

Second DPS Patrolman In Floydada

The second Department of Public Safety Patrolman arrived in Floydada and assumed his duties here last week.

He is Gerald Howard, who just completed the Law Enforcement Academy at Austin only recently.

The first patrolman to arrive was Fred Lenz who started to work in Floydada around the first of March.

Howard, and his wife, Gena, are natives of Crowell. Their religious preference is Baptist.

In interviewing the two men this week, Lenz was very complimentary of the reception of the men in Floydada. "The county officials, the businessmen, and everyone, that is almost everyone else we have come into contact with has welcomed us very warmly."

The office of the two men is in the court house.

Judi Shurbet Princess Jan Stansell In Top Ten At Lubbock Show

Judi Shurbet was selected as one of the Princesses for the Lubbock Junior Fat Stock Show last Saturday, and Jan Stansell was one of the candidates finishing in the top ten from which the two princesses were named. Ahnise Varnell of Dickens was chosen 4-H Club Princess.

Judi represents the Peters-

burg FFA Chapter, and Jan is the Sweetheart of the Floydada FFA Chapter.

There were 52 entries in the contest held last Saturday morning.

The two winners received Western wear and a three-day stay at the In Town Inn presented by the Lubbock Chamber of Commerce.

Letter To The Editor

Since I have resided in Floydada for about 15 years, is a tax paying citizen, have supported, and visited many of the school activities I felt it was time to express myself concerning several published articles.

It seems as if it all started when a certain minister and friend attended a certain meeting of which integration was the main topic. It was readily noted about two persons came to the meeting with determination to cause a disturbance or confusion. For seemingly the minister and friend forgot "Blessed are the peacemakers; for they shall be called the children of God." (Matthew 5:9) The minister shouted and pounded tables that none of the teachers at Della Plains was qualified, along with other unpleasant things. After receiving such small support the minister left hurriedly but failed to show no paper, no transcripts, no certificate or anything to support his ideas. Having lived in Floydada for a long period of time, with children finishing school here, it was doubtful how a person with this about a three weeks stay could form such quick judgment. I wondered what schools had the minister attended to learn so much about teacher qualification. It was clearly stated each parent would make his own decision. Patrons, we deserve to be called ignorant because we are proud of our school and its faculty?

I wondered then if it was fear that the minister had that people would find out that he was not an ordained minister, or the minister's arranged ordination was not proper, or that vital questions from the Bible were unanswered but I kept

BILL CREATING AUTHORITY BEING DELAYED

New Officers Named By Mackenzie Board

At a meeting of the Mackenzie Reservoir Board held in Floydada last Monday, the group elected officers to serve another year, or until the permanent Water Authority is established.

Lon Davis, Jr., of Floydada, was a unanimous choice for re-election as president. He has served in that capacity for the Board during the past year. Tom Moore of Lockney was elected to serve as vice-president, and Jim Nichols of Tulla was selected as the secretary-treasurer.

Most of the time of the meeting was spent on the discussion of the bill that creates the permanent authority that is presently in a house committee in Austin.

The bill was introduced into the house last month by Representative Ralph Wayne of Plainview (as HB 622), and is

to be introduced in the Senate by Senator Andy Rogers.

Several weeks ago Davis sent letters to each Wayne, Rogers,

School Board Approves Plan To Buy Band Instruments

In a special called meeting Saturday morning the Floydada school board approved the expenditure of \$14,000 to be spent over the next three years in buying new and repairing old band instruments for the Whirlwind band.

Band director Jim Boyd submitted the three year plan which he said would bring the band up to par as far as instruments are concerned. Enough instruments will be purchased and repaired to give both the Junior High and High school bands instruments. Heretofore instruments have been trans-

ported back and forth from school to school for practice.

The three year plan calls for \$4,000 the first year, \$6,000 the next, and \$4,000 the third.

The board instructed Boyd to investigate the possibilities of renting band instruments to students and also asked for a report on the band uniforms.

High School principal Charles Tyler reported that approximately \$2500 is in two funds at present for the purchase of new uniforms. The present uniforms were purchased in 1958.

All board members were present except Howard Gregory, who was out of town.

and Mr. Parkhurst, a member of the bonding firm in Dallas that wrote the bill, and requested that if any of them had any objections to the bill as written please let him know immediately.

A few weeks later Don Bookhouse, the Authority's attorney from Tulla, was in Austin on other business and found time to go by Sen. Rogers' office. He found at that time that the Senator did not approve of about five points of the bill but he had failed to let the Mackenzie Board know of his objections.

The substitute bill, that should eventually be passed is being held up by Otha F. Dent of the Texas Water Commission. Dent is trying to establish a legal meaning of the word "correlative" in reference to underground water con-

basic training at the Naval Training Center, San Diego, Calif.

The nine-week training includes naval orientation, Navy history and organization, seamanship, ordnance and gunnery, military drill, first aid and survival.

During the training recruits receive tests and interviews which determine their future assignments in the Navy. Upon completing the program they are assigned to service schools for technical training or to ships and stations for on-the-job training in a Navy rating specialty.

Naval training produces the power in seapower by supplying qualified personnel to man the ships, aircraft and shore stations of today's modern Navy.

GRAND CHAMPION AT HOUSTON - Steve Belt, 17-year-old Lockney 4-H Club member, is shown at the halter of his grand champion Angus junior beef heifer of the 33rd annual Houston Livestock Show. With Steve are (left to right) George Davis, E. C. (Dick) Weekley, general manager of the Houston Livestock Show, and William Clark, president of the Texas Angus Association. The heifer was judged

grand champion at the Fort Worth and El Paso Livestock Expositions earlier this year. Steve, now in his eighth year of 4-H Club work, also exhibited the grand champion Angus heifer at the State Fair of Texas in Dallas last fall and the reserve champion at Abilene last year. Steve, son of Mr. and Mrs. J. R. Belt, Jr. of Route 2, Lockney, is active in many other Floyd County 4-H affairs.

Belt Has Champ At Houston Show

Steve Belt added another honor to his stock show winnings last week when his Angus heifer was named the Grand Champion at Houston.

Steve had an animal that placed 1st in one class and another heifer that placed second in its class. The 1st place winner was owned and exhibited by Dickey Jones of Kress that was showing an animal from the Belt herd.

Dickey went on to win the Reserve Champion award with his animal.

Sam Henry Former Floydada Resident Passes Saturday

Sam A. Henry Sr., 78, veteran life insurance agent and Lubbock resident since 1924, died at 11:40 a.m. Saturday at St. Mary of the Plains Hospital after a two-year illness.

"Mr. Sam," as he was known to many South Plains residents, was an agent for Southwestern Life Insurance Co. for 54 years, having the longest service of the company. He also served as loan correspondent, securing many loans for development of the area.

Early Scoutmaster

Henry belonged to his company's honor organization and was recognized in May, 1962 for 50 years of service with Southwestern Life. He also helped organize the South Plains Life Underwriters Assn.

One of the first Boy Scoutmasters in Lubbock, Henry was a member of the South Plains Council of the Boy Scouts of America for 40 years. He was a member of the Kiwanis and the Lubbock Knife and Fork Club.

As a deacon of the First Baptist Church, he helped establish the Sanders Mission and served

as superintendent during the 1930s.

Henry was born March 30, 1886 at Cane Hill, Ark. He came to Floyd County in 1900 where his father, Judge F. P. Henry, settled in 1898. He began his insurance career in 1912 at Lockney.

He married Ann Fry, another member of a Floyd County pioneer family, in 1908. Their home is at 1901 13th St.

Surviving beside the wife are one daughter, Mrs. Elaine Foster, Inglewood, Calif.; a brother, Jack Henry, Floydada; one sister, Mrs. T. M. Bartley, Waco; five grandchildren and four great-grandchildren.

Henry's son, Sam A. Henry Jr., died July 28, 1961.

Services were conducted Monday in the First Baptist Church in Lubbock. Burial was in Lubbock Cemetery.

Pallbearers were all business associates of the deceased and honorary pallbearers were members of the Downtown Bible Class and deacons of the church, of which Henry had been a member for 40 years.

NOTICE OF DIRECTOR'S ELECTION

THE STATE OF TEXAS
COUNTY OF FLOYD
TO THE RESIDENT QUALIFIED ELECTORS OF CAPROCK HOSPITAL DISTRICT:

NOTICE IS HEREBY GIVEN that an election will be held within the CAPROCK HOSPITAL DISTRICT on the 3rd day of April, 1965, in accordance with the resolution calling said election which was adopted by the Board of Directors of said Hospital District on the 12 day of March, 1965, the same being attached hereto and made a part of this notice for all purposes.

THIS NOTICE of election is issued and given by the undersigned, pursuant to authority conferred by virtue of the attached resolution of the Board of Directors of Caprock Hospital District and under authority of law.

WITNESS MY HAND AND THE SEAL OF SAID DISTRICT, this 12 day of March, 1965.

(Signed) M. S. Robertson
Secretary, Board of Directors, Caprock Hospital District

"A RESOLUTION CALLING AN ELECTION FOR THE PURPOSE OF ELECTING TWO DIRECTORS FOR THE CAPROCK HOSPITAL DISTRICT; PROVIDING THE TIME AND PLACE THEREFOR; AND ENACTING PROVISIONS INCIDENT THERE-TO"

WHEREAS, it is provided in the law authorizing the creation and establishment of the Caprock Hospital District that an election shall be held on the first Saturday in April of each year for the election of directors to serve for a period of two years;

NOW THEREFORE BE IT RESOLVED BY THE BOARD OF DIRECTORS OF THE CAPROCK HOSPITAL DISTRICT:

SECTION 1: That an election be held on the 3rd day of April, 1965, within the Caprock Hospital District for the purpose of electing two directors for said District to serve for a period of two years, and said election shall be held under the General Laws of the State of Texas regulating general elections, except as the same are modified by Chapter 238, Acts of the 58th Legislature, Regular Session, and only resident qualified electors shall be entitled to vote.

SECTION 2: That the ballots for said election shall be prepared in sufficient number and in conformity with Chapter 6, V.A.T.C.S., and written or printed thereon shall be the names of the candidates who comply with the provisions of Chapter 238, Acts of the 58th Legislature Regular Session.

SECTION 3: No person shall be eligible for the office of Director unless he is a resident of the district, owns land subject to taxation therein and unless at the time of such election he shall be more than 21 years of age.

SECTION 4: The entire district shall comprise one election precinct and the polling place shall be at the County Judge's Office, Courthouse, Floydada, Texas, within the boundaries of the Caprock Hospital District. The Presiding Judge at said election shall be Billy Brown who shall appoint such assistants and clerks as shall be required.

Miss Margaret Collier is hereby appointed as Clerk for Absentee Voting at the election herein ordered and Absentee Voting shall be conducted at the County Clerk's Office, Courthouse, Floydada, Texas, and said Clerk shall keep the office open between the hours of 8:00 A.M. and 5:00 P.M. each day that is not a Saturday, a Sunday, or an official State Holiday, all in accordance with the provisions of Chapter 424, Acts of the 58th Legislature, Regular Session, 1963.

SECTION 5: Notice of the election shall be given by publishing a substantial copy of this resolution one time in a newspaper of general circulation in the district, the said publication to be at least ten (10) full days prior to the election.

PASSED AND APPROVED, this 12 day of March, 1965.

Philosopher Invents New Pen To Help LBJ Save Time Signing New Laws

Editor's note: The Philosopher on his Johnson grass farm is in an inventive frame of mind this week, his letter indicates.

Dear editor:

A lot of people think nearly everything's been invented that's inventable, and while there are more things invented than I have a use for, still there are some things yet to be invented that might come in handy.

Not though that all the time-saving inventions save time, except maybe for the rocking chair, I have saved more time than anybody I know just sitting in one, part of the time listening to people complain about how their time-saving automatic washing machines or other gadgets are out of commission.

But what I started out to talk about was a genuine time-saving invention which I thought up the other day while watching President Johnson on television using 136 fountain pens to sign his name to just one bill Congress had just passed.

As I understand it, he uses all these pens so he can give them to various important people who helped out with the bill so they can go home and tell their children, and then they their children and so forth down the line, that the family owns a fountain pen used by the President of the United States in signing such and such a bill.

Well now I have no quarrel with this, it's perfectly harmless and could become valuable what do you suppose you could get for a ball point pen used

by George Washington - but I don't think it's fair to the President. What I mean is, when he wakes up in the morning he's supposed to start thinking about Viet Nam, Alabama, DeGaulle, tax cuts, labor disputes, newspaper reporters, his two daughters, Republicans, government waste, the farm problem, outer space, new legislation, etc. and keep it up till bed time.

But if he's got to use 136 fountain pens to write "Lyndon B. Johnson," which is nine pens per letter with one left over for the dot after the B. every time Congress passes a bill, you can see some problem is going to suffer, either Viet Nam, Alabama, the daughters, or something. It's bad budgeting of his time.

Therefore I have a special President pen which comes in a box of 136 pens. He can sign with one quick stroke back to Viet Nam, immediately and without a break in the pieces around.

This will also be bickering in the morning you ever stopped going to happen now when 136 pens all claiming to have signed a bill in signing a bill in J. A.

Letter To The Editor

Floydada, Texas March 12, 1965

Dear Mr. Tooley,

May I add just a bit to Mr. L. A. Marshall's letter of last week? Vegetables are fine, no doubt about it, but not enough farmers can stand the financial risk of growing very many acres of vegetables, and I've yet to see a very large group of farmers in our area that could "organize" it. The awful squeeze on the small farmer is terrific, I know!

Every housewife can rise up and help the cotton situation if they will. "Watch the tag on every piece of material or garment they buy." Accept nothing but 100% cotton. Every woman knows these synthetics are not bleachable, they are cold in winter, hot in summer, I refer mostly to Dacron. It is not even comfortable to wear no matter the season. I know it isn't easy to have a certain color and shade of fabric or dress in mind that you want and then when you find it it's a "Beep Beep" product, and then turn away and not buy it after all. I've done it many times, but I've learned to look at the tag first and if it does not say 100% cotton I just don't look any further in that row. I do an awful lot of sewing, I make shirts for my husband and my 3 sons and it isn't easy to find what they want in 100% cotton, but I keep looking. To borrow a phrase from Mrs. McDowell's speech recently, "We have the biggest, fluffiest, whitest mountain to move, won't you be willing to help move it?"

Take nothing but 100% cotton, it will help.

Sincerely yours,

Mrs. Bill Norris

P.S. The price cut on cotton per bale last year was \$12.50 and we take another \$5 cut this year - \$17.50 in 2 years is a little hard to take.

What better time could we ever find to put on the kettle for a good boiled dinner than when the March winds are howling!

With the makings of a good boiled dinner in plentiful supply at the markets it is a money stretcher as well as an appetite-appeaser for cold winter days. I have questions from time to time about corned beef. Corned beef may be bought in the market or it may be made

A worried Dan O'Herlihy bids goodbye to his wife, Hildy Parks, prior to quitting New York for a meeting in the Pentagon War Room. It's a scene from the Max E. at home. I have not made it myself but here is a recipe recommended by Julia Klene who is said to have made cooking both her profession and her hobby. She was Director of the Westinghouse Home Economics Institute until her retirement a few years ago.

CORNED BEEF

10 pounds brisket of beef
1 cup brown sugar
1 cup smoked salt
4 cloves garlic, cut in pieces
1 teaspoon paprika
1/2 teaspoon ground mustard
1/2 teaspoon salt
1/2 cup water
1 medium-sized onion, chopped
2 bay leaves
1/4 cup vinegar
1 large carrot, sliced
1/3 cup brown sugar
1 tablespoon salt

Have the butcher remove the bones and surplus fat from the brisket. Wash the beef well, dry with a cloth, and place in a stone jar with brown sugar, smoked salt, garlic, paprika, ground mustard and saltpepper dissolved in 1/2 cup water. Cover the jar with a plate weighted down. Let stand 12 hours and then add enough cold water to cover the beef. Leave the jar in a cool place for 10 days. Then take the beef from the brine, but do not wash it. Place the beef in a kettle with onion, bay leaves, vinegar, carrots, brown sugar, and salt. Cover with cold water and boil until tender. Let the beef cool in the liquid. This meat is delicious almost any way you want to use it.

If you prefer to buy your corned beef at the market it is often sold in a transparent film pack, ranging from 2 to 5 pounds. Sometimes you may be able to find it in the bulk, which will enable you to buy it in larger pieces.

Beef plate, rump, and round, as well as brisket may be used for corned. The pieces to be corned are trimmed and placed in a salt-solution for 10 to 14 days. The term "corned" we are told, comes from "corns of salt", the coarse grains of salt used long ago, when old English "corn" meant about the same as "grains".

Corned beef is good in sandwiches, hash and other dishes.

JACK MCINTOSH
Airport Committee

"Everyone is interested in having a good airport whether they fly or not", says Jack McIntosh chairman of the Chamber of Commerce Airport Committee.

He said the ultimate purpose of the committee is to seek a municipal airport with a paved runway. "However, a dirt runway would suffice for a while."

The committee is trying to get help, in building what would be around a \$60,000 installation from the state and from the FAA. If both these would participate the local people would only have to pay around \$15,000 for an airport.

McIntosh mentioned Dr. Kenneth McFarland who spoke at the Lockney Chamber of Commerce banquet last week and he particularly noted the following statements:

McFarland said, "Topeka, Kansas was having a hard time getting an airport once and one of those in favor of it told an opponent, 'you are not only selfish, you are ignorantly selfish.'"

you may want to buy or make enough for more than one meal. The long slow cooking requirement, calling for limited attention, makes it an excellent busy day meal. However the term "boiled dinner" is somewhat of a misnomer for the method of cooking - since we should simmer, not boil, the meat.

For a NEW ENGLAND BOILED DINNER

place 3 to 4 pounds of corned beef in a large kettle and simmer in water to cover until fork-tender - allow 50 minutes per pound, or more. About 1 hour before serving time add 6 to 8 medium peeled onions. Thirty minutes before serving time, add 6 carrots cut in half, and 6 medium potatoes, pared and quartered. Cut cabbage into wedges and add for the last 15 minutes of cooking.

Uncover and continue cooking until all vegetables are tender. Mr. and Mrs. Shorty Noff and Aubrey were Lubbock visitors on Friday night.

Annual Meeting Planning Committee met for their second meeting on Tuesday, March 9th. Be watching for annual meeting plans that will be announced, and make your plans now to attend. Remember, as a member of Lighthouse Electric Cooperative, Inc., it is your duty to attend your annual meeting and it is a real privilege to do so.

The Wake Club met on Wednesday, March 3, for their regular monthly meeting with all members present but three, in the home of Mrs. Lawrence McDowell. The program was on "SAFETY IN THE HOME". Mrs. McDowell served delicious refreshments to members and guests.

Church of Christ Plans Revival

Cline Paden, renowned missionary of Lubbock, Texas will be presented in a series of special preaching services beginning Monday, March 22 at the Church of Christ - 5th at W. Tenn.

Mr. Paden is founder and present director of the West Texas School of Preaching in Lubbock - a specialty Church School for training young men to preach.

Following World War II, the Texas Evangelist returned to Italy where he had served in the war, and replanted the church of Christ in that country for the first time since the days of the Apostles. Two times this first congregation made international news when the name plate "Chiesa Crista" was chiseled off the meeting place in Rome where Mr. Paden was minister.

Frascati Orphanage for homeless boys was founded and directed by Mr. Paden, during his seven years in Italy.

The Floydada group also visited with Mr. and Mrs. C. M. Norris, Connie and Katrina while enroute between Melrose and Quemado returning home Wednesday.

MECHANICAL AND CHEMICAL MEANS EFFECTIVE

50,000 Floyd County Rangeland Acres Need Some Brush Control

Brush control work may not be considered a major conservation practice to many people of Floyd County because most of the area needing it is located along the edge of the "Caprock" in northeastern Floyd County. Actually this county has approximately 50,000 acres of rangeland on which control of brush is needed.

Brush can never be eradicated on rangelands, so economical control is all that can be expected when any chemical or mechanical methods or a combination of them are used. Controlling brush eliminates

competition of woody plants and allows the re-establishment of desirable grasses for soil protection and forage production. The type and density of the brush usually determines the methods of control used. The most common types of brush that we have in Floyd County is redberry cedar and mesquite.

Control of mesquite is very effective with either mechanical or chemical methods. Where it is mixed with cedar it is usually easier to use mechanical

cal means to remove both types of brush at once. Control of cedar is best accomplished in this area by tree dozing, grubbing, and rootplowing.

Mechanical methods for brush control should be practiced during the season when existing turf can make the fastest recovery and obtain the highest degree of brush kill. Reseeding with adapted native grasses at the time of operation is necessary for and permanent range recovery. Generally a heavy weed growth occurs following the operation. Weeds should be controlled by chemicals or other methods to reduce competition with native grass seedlings.

There is no disturbance of the soil with the use of chemicals for brush control. It is restricted to a short period of time approximately 50-80 days after the leaves first appear in the spring. Best kills are obtained with good soil moisture and lush growth of mesquite. Mesquite should be treated

when the soil is dry, preferably during the summer because water in the soil restricts the downward movement of the oil.

Livestock prefer the controlled and aerially sprayed area. An entire pasture should be controlled at the time or the livestock removed from the pasture that has only a portion controlled to prevent overgrazing of that area. The controlled area can be grazed moderately during the first winter, but the livestock should be removed

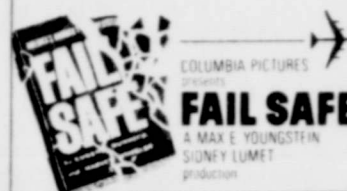

(see Brush page 7)

BRUSH CONTROL RESULTS--The two pictures above show the results of one method of brush control that has been effective on Floyd County land. The top photo shows what the range was like before any measure was taken and the bottom photo shows the results of a mechanical means of control--dozing. The removal of the brush will give the native grasses a chance to grow and cover the ground.

TREVOR HOWARD

Why I Go To Church

I go to church because the Bible directs me to do so. Those who absent themselves from church services reject a command of the Holy Spirit. Paul says we should "not forsake the assembling of ourselves together, as the custom of some is; but exhorting one another." To neglect attendance at church services is to "sin willfully" (Heb. 10:26).

I go to church because Christ is there. If the President of the United States was announced to be present, I would want to see him. Jesus said, "Where two or three are gathered together in my name, there am I in the midst of them." (Matt. 18:20.)

The Bible teaches that if I observe His commands and respect His wishes then He will meet with me in worship.

I go to church because the best people are there. Those who "seek" services for pleasure and entertainment are not the backbone of society, nor the leaders of moral excellence. True, there are those who attend who are hypocrites, but they are lost the crowd of people who are good, and who want to be better.

I go to church because I want to set a good example for my children and friends. Children think that whatever their parents do is safe for them to imitate. I would not want my child to say, "I'm going to be like my Dad - he don't go to no church." People always admire and respect a person who puts his religion above business and social life.

I go to church because the church needs me. We all have a place to occupy in life that no one else can fill. If everyone stayed home, or went for a picnic, what would the church do? Its doors would close, and our society and nation would decay into immorality. To someone, I am the church.

I go to church because I need the church. Only the righteous in the Lord's church and have their name in the "book of life", and the church is made up of all the saved, (Acts 2:47). I cannot reach Heaven outside the church (Eph. 5:26-7) otherwise I would Christ have needed to "die for it" (Acts 20:28). I need the strength, guidance and spiritual blessings found only in the church.

However, we must recognize the difference between the church and the church building. We are taught to assemble with the church for the purpose of worship. We invite you to meet with, and worship God as His word directs, knowing you will be blessed in countless ways.

about newspaper advertising . . .

NEWSPAPERS BRING RESULTS....a Nebraska merchant realized the power of the press recently when he ordered a half page ad in the local newspaper to be followed by circulars in the mail.

He was startled by the 800 customers who visited his store and was convinced he had found the combination of advertising he was looking for.... newspaper and direct mail ads. BUT the Post Office informed him the circulars had been held up to make way for first class mail and were not delivered until later. This merchant now spends money on newspaper ads ONLY.

Harmony Community Meeting Set

The Harmony community will meet tonight, Thursday, March 18, at 7:30 p. m. in the community center for their regular monthly meeting.

The program "Home On The Range" will be given by Mrs. David Eaton, art teacher in the Floydada Public School system. She will talk and illustrate with sketches, the early day homes in this area beginning with a dugout built in 1845 on to the modern home of today. Her drawings will be shown on screen by projector.

This should be an interesting program for everyone. All members of the community club are urged to come and enjoy this special program. Visitors are always welcome at Harmony.

Host couples for this meeting are: Roy and Ruth Hale, Riley and Estelline Holmes, and Monroe and Arvie Schulz.

The Johnson administration has launched an all-out drive in the Senate to reverse the ban on the sale of surplus food to the United Arab Republic which was recently voted by the House. The administration contends that the ban would limit President Johnson's flexibility in dealing with UAR President Gamal Abdel Nasser.

Miss Dianne Davis, Silverton with her mother, Mrs. James Davis; and Miss Daylia Vaughn of Plainview High School, with her mother, Mrs. Claude Aylesworth. Miss Sharon Lynn Dean of Friona, daughter of Mrs. Lester Dean, was unable to attend.

The girls were selected for this honor by their classmates and teachers for the qualities of leadership, dependability, service, patriotism, scholastic achievement and extra-curricular activities. Each honoree received a corsage and was introduced by Mrs. Dave Thompson.

Mother And Daughter Fete Success

The New Homemakers of America at Della Plains High School entertained their parents royally at a banquet held Friday night in the high school gymnasium.

Over one hundred persons attending this affair excluding the special guests. Among special guests were chapter parents.

Mrs. A. M. Taylor, chapter mother, presented a speech entitled "The Educational Triangle." Mrs. Taylor stressed the triangle as being the head, the hand and the heart. Parents were told that the lack of responsibility and no discipline of children would train them as juvenile delinquents.

At this affair the president of the organization, Ella Brown gave Mrs. Taylor a gift for outstanding services to this national club. Faris Wilson presented a pin for distinguished service and read the congratulatory remarks sent from President Charles Brown of the West Texas District Teachers Association.

There was splendid entertainment by a singing group known as the "Pommaces." At this dinner the presentation of the Senior Class was made by Georgia McGee, Linda Lewis kept everyone laughing with her jokes.

The Freshmen girls received very favorable compliments for their expert skills in serving. After the delicious meal, everyone joined hands as a token of friendship and sang the Emblem Benediction.

Three new chapter members from Lockney were introduced at the luncheon: Mmes. Joe Taylor and Don Rybee.

Floyd Has Four Rural Accidents During February

There were four rural traffic accidents in Floyd county during the month of February, according to Sergeant Lawson, Highway Patrol Supervisor of this area.

These crashes resulted in two persons injured, and an estimated property damage of \$2,325.

The rural traffic accident summary for this county for the first two months of 1965 shows a total of nine accidents resulting in no persons killed three persons injured, and an estimated property damage of \$4,690.

Yes, the old adage is true, "the best defense is a good offense." However, there is one exception where a good defense comes before a good offense. The exception is driving a motor vehicle. Defensive driving is the technique of driving to avoid accidents by anticipating all hazardous situations created by unsafe acts of other drivers, adverse weather, or road conditions. The defensive driver is always ready for the other driver or pedestrian to do the wrong thing. He never takes anything for granted.

Another good defense is to see that you have a safe-operating vehicle by having it safety inspected. The Sergeant reminds all motorists that April 15 is the deadline for obtaining the 1965 inspection sticker. Anyone operating a motor vehicle requiring a 1965 Texas inspection sticker without same after this date will be in violation of the law.

Ten Attend Crop Meeting

Ten Floyd County men attended a recent CROP meeting held in Plainview. In the group were Tom Sneed, L. B. Brandes, Malvin Jarboe, James Carter, Joe Wilson, Darrel Faires, Wendell Tooley, Charles Lutrick, Jack McIntosh and Walter Hildebrand.

Floyd County residents contributed the equivalent of six bales of cotton to the Christian Rural Overseas Program in the recent South Plains appeal for cotton for CROP.

The figure was reported as part of the total of 60 bales, in cotton and cash in lieu of cotton, representing about \$7,000, which was donated to the program. The figures were reported at last Thursday's (March 4) CROP dedication (for cotton) meeting in Plainview, when workers from 10 of the South Plains counties were present.

The Cotton Appeal was part of the overall CROP program, which includes a Halloween Appeal and United Clothing Appeal. All donations are used to help suffering men, women and children overseas who have few, if any, other sources of aid.

Chairman of the Floyd County Cotton Appeal for 1964 was Jack McIntosh of Floydada. The new chairman for 1965 is L. B. Brandes of Lockney.

Commendation Medal Given Sgt. Shultz

FAIRFIELD, Calif. -- Technical Sergeant Charles H. Shultz, son of Mr. and Mrs. B. H. Shultz of Floydada, Tex., has been decorated with the U. S. Air Force Commendation Medal at Travis AFB, Calif.

Sergeant Shultz, a jet engine maintenance technician, was awarded the medal for meritorious service while assigned to Guam.

The sergeant is now assigned to the 1501st Field Maintenance Squadron at Travis. His unit supports the Strategic Air Command mission of keeping the nation's intercontinental missiles and jet bombers on constant alert.

Sergeant Shultz, whose wife, Mary, is the daughter of Garland O. Brown of Rt. 1, Cherryville, N. C., graduated from Floydada High School.

Larry Edwards Becomes PFC

VII CORPS, GERMANY (AHTNC) - Larry D. Edwards, 21, son of Mr. and Mrs. Henry E. Edwards, 528 W. Jackson St., Floydada, Tex., was promoted to private first class Feb. 23 in Germany where he is serving with the 2d Armored Cavalry Regiment's 2d Reconnaissance Squadron.

Edwards, a mortar specialist in the squadron's Troop E, entered the Army in June 1964 and completed basic training at Fort Polk, La. He arrived overseas last November.

Edwards attended Floydada High School.

BIBLE BAPTIST REVIVAL IS SUCCESS

The Bible Baptist Church reports they had the best Revival meeting they have ever had. The Evangelist was the Rev. Herb Smith, who was a night club entertainer and singer before his conversion several years ago.

He was not able to sing each night as was planned because of a sore throat, but Bro. Rhine said his preaching was certainly wonderful and all the church was well pleased with the visible results of the Revival meeting.

They had two hundred and ninety seven (297) visitors present throughout the week's meeting. They also reported having twenty one (21) conversions, and a total of twenty-six (26) additions to their church. There were two men that surrendered to the gospel ministry and eight (8) fathers and mothers that dedicated their lives and their children to the Lord's service.

Bro. Rhine said that he baptised 17 last Sunday night and the others will be baptised this Sunday night. They also reported that they have had an average of one addition a week to the church since the first of the year before the start of the Revival.

PAUL SMITH

Spring Revival Set By South Plains Church

The annual Spring Revival of the South Plains Baptist Church begins next Sunday, March 21, and continues through Sunday, March 28th.

Evangelist for the week long Revival is Rev. Paul Smith, pastor for the past nine years of Concho Baptist Church in Coleman. Rev. Smith is widely known as a radio speaker, having conducted daily programs over stations in Brownwood and Coleman for several years.

Services will be conducted twice daily, at 10:30 A.M. and 8:00 P.M., preceded by special Prayer Meetings at 7:30 each night.

Everyone is invited to join in the Evangelistic song services and Christ centered messages each day, March 21-28 at the South Plains Baptist Church.

Orville W. Love, 58 year old son of Mrs. T. F. Love, Cedar Hill resident, was found dead from natural causes about 8:30 Sunday morning in his Lubbock home. Love had been a heart patient for some time.

Letter To The Editor

Fate smiled on me last Friday morning as I was crossing the caliche dump two miles northwest of town between the Dick Nichols and Jack Johnson place. This caliche is very treacherous when wet.

When the pickup began slipping I threw on the brakes and in a heart beat my vehicle plunged into the deep bar ditch, turned over and landed with the wheels in the air. I could hear the gasoline trickling down. I knew I must get out and quick. I cut the ignition off and tried to get out the north window but found it stuck. I finally opened the south window and squeezed through.

Not a glass was broken on the pickup and neither did I receive a bruise or scratch for which I am deeply grateful.

STIRING AFTER 31 years of continuous service with Floyd County is Jim Morrison of Dougherty. Morrison has been with the same precinct during his entire employment with the county. (Staff photo)

Jim Morrison Retires From County Work

Jim Morrison of Dougherty has parked his county main-tainer and retired after 31 years of continuous service with precinct 4 starting back with the old type grader during the depression days and ending with the most modern road machinery.

Morrison has had many experiences to occur during his tenure with the county from digging out cars caught in snow storms to digging graves for saddle horses found dead along his route.

The retired county employee recalls that when he started work it was by the hour, 50 cents. When the depression hit his wages were cut to 35 cents and they had very little machinery to work with.

Among some of his memories was back in January of 1940 when Floyd County was hit with howling blizzard. All roads were blocked for days and Morrison's main-tainer was parked at Pleasant Hill. By air was the only possible way

to get to the machine. Dot Hammonds taxied his plane to the south side of barns where very little snow had fallen and took off flying Morrison to his equipment. Morrison said he reached the main highway with the main-tainer and pushed enough snow off that cars stranded could be driven on into Floydada.

He recalls that one year during his employment he dug a grave for a saddle horse belonging to W. S. Poole. He has worked under five commissioners, Henry Bloodworth, H. J. Nelson, E. B. Calhoun, Fay Hart and Bill McNeill.

Morrison came to Dougherty in 1927 and has lived there since. He and his wife have two sons, Billy of Midland and J. D. of Fort Worth and two daughters, Mrs. Virginia Cage north of Dougherty and Mrs. Bessie Mae Cohen of Killeen.

His future plans call for extended visits with numerous relatives and plenty of time for fishing.

Essay Dedicated To Son's Father

(Editors Note) The following essay was written for English work at Floydada Junior High and was on display during School Week. It was written by Jimmie Owens in memory of his late father, Ed Owens.

MY FATHER
The most important person to me was my father. I never realized that until it was too late. He would go to work day after day even on Sunday. If he had nothing to do he would find some sort of work.

He was the biggest man to me. I guess that was because I was looking up to him all of the time. He had large hands, strong as a hunk of steel, or he could be as gentle as a lamb.

When he would come home every afternoon with a big smile on his face he greeted everybody. He was always talking about the future and what he was going to do when he had enough money. He never talked about the past. It wasn't very pleasant because he had to kill during World War II.

Everything he touched I treasure as much as gold. He had many friends that liked him very much. Everyone that knew him must think as I do. I loved him and so did many others.

Following the meeting the club held a party. Billy Finley, Pete Price and Sheri Roberts led games.

Club is proud of Teresa Colston for showing the Grand Champion steer. Our congratulations.

Cheating is widespread, says former cadet.

Meeting Tonight Of Homemakers

NOTICE OF CANDIDATE ENDORSEMENT

We the members of the Interested Citizens Organization, endorse and fully support the candidacy of Dennis Dempsey, Shirley Irwin and Tom Porter for the election to the school's Board of Trustees. We also should like to commend Rev. L. Farrell on becoming the first negro of this community to file for election to the school's Board of Trustees, but we must regretfully and publicly oppose the Rev. L. Farrell candidacy because of his lack of qualifications to meet the responsible responsibilities that the position sought demands.

We also endorse and fully support Louis Anderson for City Councilman and L. Matsler for Mayor in each man's bid for election.

Alfred H. Nash Funeral Held

Funeral rites for Alfred H. Nash, 72 year old former resident of the Cedar Hill Community in Floyd County, were conducted Sunday afternoon in the First Baptist Church in Floydada. Nash died Friday night in Methodist Hospital, Lubbock.

Nash had lived in Lubbock for the past ten years and moved there from Cedar Hill. He was a retired farmer, and was married to the former Tressie Galahan on Sept. 3, 1915 in Alabama. She is among survivors. Others include three daughters, Mrs. Altha Ginn, Floydada, Mrs. Dorothy Slaton, Muleshoe and Mrs. Rose Kenley, Denver City, one son, Edgar of Meadow and eight grandchildren.

Rev. J. B. Fowler of Lubbock and the Rev. Floyd C. Bradley, pastor of the local church, officiated at rites. Interment was in Floydada Cemetery under the direction of Moore Funeral Home.

Palbearers were grandsons and nephews.

Autopsy Shows Infant Died Of Ruptured Liver

Funeral rites were still pending yesterday at Moore Funeral Home for Stanley Alexander, one and a half year old son of Sophia Alexander, who was pronounced dead on arrival about midnight Saturday at Peoples Hospital.

An autopsy performed showed the infant died of a ruptured liver.

Law officials said they were told by the common law husband of his wife as he attempted to climb in, Williams said he picked the baby up, rocked it to sleep then retired himself.

The mother discovered the baby dead in its crib when she arrived home Saturday night. Williams and the baby's mother live on the Marvin Shurbet farm near Petersburg, according to reports from Moore Funeral Home. They are negroes.

Investigation of the death is continuing by local law officials and the district attorney.

Local Firemen Help Fight Plainview Fire

The local Fire Department joined hands with Olton, Hale Center, Abernathy and Plainview units to try to keep a blaze under control in Plainview that was detected early Tuesday morning. It was first noticed by one of the City Patrolmen as he was making his rounds.

By the time the fire was noticed the roof on one of the buildings had collapsed and another building was burning.

A hardware store and a bakery shop were lost in the blaze.

The fire was located about 1/2 block east of the northeast corner of the square in downtown Plainview. The Central Fire Station is located next door to the buildings that burned.

According to reports damage estimates run in the neighborhood of \$100,000.

Winds Place Second At Abernathy Meet

The Floydada Whirlwinds made a comeback last weekend when comparing their efforts in the Abernathy Track Meet and the efforts the week before at the Idalou Meet.

In the first meet of the season the locals placed eighth in the AA Division but this past weekend they brought the point totals up from 24-1/2 to 89 to place second behind the host team Abernathy.

In winning second, the Winds outdistanced Olton, the team that placed first and accumulated 122 points in the meet at Idalou. Olton placed third with 79-1/2 points.

Bill Potts was one of the two double winners of the day as he placed first in the shot put and the discus.

Other first place winners included Sam Watts in the High Hurdles, Derrell Monday in the 440-yard Dash, and Bob Murray in the Pole Vault.

Other local winners were: 440-yard Relay team, 4th; 440-yard Dash, Keith Teague, 4th; Low Hurdles, Watts, 4th; Mile Run, Zeke Robertson, 3rd; Shot Put, Murray, 4th; High Jump, Kerry Bearden, 4th.

Announcements and Meetings

I take this means of thank-
ing everyone who was so
kind and thoughtful during
Langley, day illness and death of my
r. and Mrs. Langley. Words cannot ade-
quately express my deep ap-
preciation for all the lovely
in 13, 1965, and flowers and visits
from friends. Your thought-
fulness will always be re-
membered.

CEDAR HILL NEWS by Joe Fortenberry

CEDAR HILL, March 15 - We measured .3 inch of moisture this past week, which was very beneficial to the wheat crop. It is wonderful to have the atmosphere clear of dust once more.

Rev. Hollis Shewmake of Plainview preached for both services at the Cedar Hill Baptist Church Sunday. Mr. and Mrs. D. M. Cogdell and family were Sunday morning visitors and we welcome them back again.

Mr. and Mrs. C. W. Vittow of Plainview were Sunday dinner guests in the home of their daughter, Mr. and Mrs. Eldon Fortenberry and family. Stevie returned home with them Sunday afternoon to spend the night.

Mrs. Bell Lemons, Mrs. J. A. Welch and Connie visited while Sunday morning with Mr. and Mrs. J. R. Kelley.

Mrs. Eddie Whatley and Karl of Plainview visited Tuesday afternoon in the home of her parents, Mr. and Mrs. C. F. Lemons.

The W. M. U. observed the annual week of prayer for Home Missions work, March 8 through 14.

Mrs. Lafayette Boone and girls of Childress visited in the home of Mr. and Mrs. Tom Fortenberry Thursday through Sunday afternoon. When Mrs. Boone and Paula returned home, Pam and Anita remained for a few days with their grandparents.

Mr. and Mrs. Weldon McCormick were supper guests of their daughter, Mr. and Mrs. Floyd Lyles and girls Saturday night.

Mr. and Mrs. Walter Brannon of Floydada spent the weekend in the home of their daughter, Mr. and Mrs. Irwin Seymour and Monty in Amarillo.

Mr. Jack Platt of Wellington spent this week end in the home of his sister, Mr. and Mrs. Eslev Yearv.

A. S. Mize was admitted to the Peoples Hospital in Floydada Friday night, suffering from a virus. His condition was improved Sunday afternoon.

We were sorry to hear of the death of Alford H. Nash who passed away in the Methodist Hospital in Lubbock Friday night. Mr. Nash was a former resident of our community. We offer our sympathy in this hour of sorrow, and may God comfort and give strength at this time is our prayer.

Andrew Jetton and sister, Mrs. Mamie Yearv, spent Sunday in the home of their sister, Mr. and Mrs. T. E. Duke and family in Tulsa. In the afternoon Andrew and Mr. Duke visited Oscar Hewitt near Tulsa.

The Cedar Hill Sewing Club met Wednesday in the home of Mrs. W. O. Swain in Silverton. All members were present. Present for the occasion were Mmes. Sylvia Yearv, Clara Mize, Marie McGowan, Leona Pearson, Mamie Yearv, Mrs. George Weast, who was a visitor.

Mrs. Rene Yearv and Mrs. C. F. Lemons visited Tuesday afternoon with Mrs. J. R. Kelley.

Mr. and Mrs. Joe Phillips of Lockney visited Sunday afternoon in the home of Mr. and Mrs. Rene Yearv. Mr. and Mrs. Lenton Lanham of near Silverton also visited Sunday afternoon in the Rene Yearv home.

Shelia Taylor spent the week end home with the measles. Sue Whitehead was also a measles patient in her home Monday.

Our community was shocked Sunday when the news came of the passing of Orville Love, who was found dead in his bed Sunday morning about 8:30 at his home in Lubbock. He lived alone, and was found by his neighbor. Death was attributed to natural causes. Funeral services will be conducted at 10:30 a. m. in Rix Funeral Parlor in Lubbock Tuesday. Interment will be in the Lockney Cemetery. Orville lived his boyhood days in the Cedar Hill community, and the family has our deepest sympathy.

Mr. and Mrs. J. D. Van Hoose, Mr. and Mrs. Alfred Van Hoose and Richard of Floydada were visitors in the Joe Fortenberry home Sunday afternoon. Mrs. J. D. VanHoose spent Tuesday and Wednesday nights in the home of her parents, Mr. and Mrs. Joe Fortenberry.

Mr. and Mrs. Robin Fortenberry enjoyed a barbecue supper in the home of their son, Mr. and Mrs. Durrell Fortenberry and boys, Friday night.

Mr. and Mrs. Bill Whitehead and family of Midland spent Saturday night in the home of his parents, Mr. and Mrs. W. O. Whitehead.

Rev. and Mrs. L. B. Edwards and family of Flomot, Sherry Brannon and Frances Barnett of Brownfield, Mr. and Mrs. A. S. Floyd and family of Snyder, Mr. and Mrs. Wilbur Floyd and family of Floydada, Mrs. Lindsey Lackey and Kim, were all visitors in the home of Mr. and Mrs. Frank Floyd Sunday.

Bride - Men are brutes. My husband promised me a surprise if I learned to cook, so I took lessons.

Friend - You did! And what was the surprise?

Bride - He dismissed our cook.

Let's Be Positively FOR

The Floydada Community

Floydada's slogan of "Fertile Farms and Friendly Folk" is a positive approach to what living in Floydada is like to the traveler and the newcomer to our city.

We have always believed in a philosophy of positiveness rather than negativism. We believe in spending our time in telling what we can do, rather than telling what our competitor can't do. We believe in the saying, "if you can't say something good about somebody, just don't say it."

Today, our community needs more people who will speak with pride on the many good things our community has to offer. We need a spirit of loyalty about all phases of our community. We have a 110% loyalty when it comes to backing our football team. . . and this is wonderful. Now, let's generate some pride and loyalty to the other assets of our community.

Occasionally, (and we're glad it's only occasionally) we hear someone declare that the school board, city council, hospital board, commissioner's court, mayor. . . and the newspaper aren't doing anything right. Constructive criticism will do all of the above mentioned groups some good, yet a blanket condemnation is not fair. . . not logical. . . and displays little thought by the individuals who so declare themselves.

Farmers may say, "I wish those city people would quit voting these bonds on us to pay." It is a known economic fact that the value of farm land increases when it is located near a town that has plenty of water, good schools, good hospitals, and other public advantages. So, the farmer should be proud of his town. . . as the town progresses, so does the community in general.

As the town grows, more firms are created to be of service to the residents of the community. This means that our people who are shopping out of town now for items that they can't find here, will begin to shop at home more. At this point they begin to help Floydada grow instead of helping area larger towns become larger.

What do you want for yourself, for your family, for this community? Very soon you will have the opportunity at a series of "Town Hall" meetings to express your desires.

In the meantime, we would all do well as individuals. . . and as a community to apply daily the following Optimist's Creed: PROMISE YOURSELF

"To be so strong that nothing can disturb your peace of mind. To talk, health, happiness and prosperity to every person you meet.

To make all your friends feel that there is something noble in them. To look at the sunny side of everything and make your optimism come true.

To think only the best, to work only for the best and expect only the best. To be just as enthusiastic about the success of others as you are about your own.

To forget the mistakes of the past and press on to greater achievements of the future.

To wear a cheerful countenance at all times and give every living creature you meet a smile.

To give so much time to the improvement of yourself that you have no time to criticize others.

To be too large for worry, too noble for anger, too strong for fear, too happy to permit the presence of trouble.

To be a soul of love, to think the thought of love, to speak the word of love, live the life of love, and so be well and happy."

Is It Really Necessary

In a recent newsletter from Senator John Tower he was speaking of the Administration's proposals to cut back the amount of money going into technical assistance for conservation practices on our farms and ranches. He mentioned there can be no doubt that this cutback would seriously impair our Soil Conservation program.

"And. . . while the Administration proposes cuts in our own domestic Soil Conservation Service, it proposes, through the Department of Health, Education and Welfare, (which is the third highest spending agency in the government), to spend \$22,185 to study familial patterns of schizophrenia in Iceland; \$6,240 for a study of the Mexican free-tailed bat's physiological adaptation; \$24,336 for research into the nature and roles of female delinquent gangs; \$44,115 to study the "role of the brain in male reproduction;" \$38,938 for studying aging in the house fly; \$9,720 for the study of garden spiders in New Zealand. You are also contributing, as a taxpayer, to a little \$8,052 study on the "nature and effects of marriage customs." And then, too, there is an item of \$27,595 for "studying chigger mites in western North America."

Is this type study really necessary? And if it is, is it more important than the conservation of our soil, one of our most valuable resources?

Letter To The Editor

"Roaches Paradise"

Dear Editor:

A few months ago this writer had the opportunity to live in a fair city that was infested with a multitude of majestic creatures, called the roach family. There were two major factors that really disturbed my restful mind, the fact that I was to live in this city for an indefinite period of time, and the fact that these lovely creatures made me feel severely uncomfortable, sublimely filthy and hopelessly surrounded. The natives of this fair city, majority wise, seem to have accepted these visitors as permanent guest. The saddest part of the whole story is that, no one majority seem to have been conducting any type of a sustained war upon these productive creatures.

My encounter with these lovely creatures was a constant, severe, and trying endeavor. I soon discovered several interesting features about this majestic family. A few roaches always appeared during the day light hours, in the presence of human activities, or at night if the house lights were on, under these same conditions. If one happens to kill the roaches one spots under these conditions, one should not pat one's self on the back, because one might discover distasteful surprises. Darkness alone, is just one-half of a roaches paradise. You have probably guessed it, the other half of a roaches paradise is

rubbish, or simply put, a filthy habitation. One can kill multitudes of roaches by simply turning out the house lights for a while, at night, and spray immediately after turning the lights on again, roaches will be running in a multitude of directions.

Incidentally, this fair city's sanitation department is doing about as good of a job as possible in every respect, but they can't do the job alone. Natives of this fair city seem to feel that a scattered few care, and the majority of the people really don't give a care. It is kind of like getting used to flies swarming around and letting them crawl over you every once in a while.

This incidental experience should serve as a friendly reminder to those of us who love a free society, that the dark hiding places and the filthy habitations found in our society breeds corruption that has already gotten out of hand. A few individuals are brave enough to wage an all out war on these nasty, cancerous elements, but the neighbors don't seem to be disturbed. The assorted parasites that breed human roaches could be decreased to a great degree, by removing the fear of reprisals of those who foster such habitations, and by spraying intense interest, along with effective cures, upon these breeding places everyday. Law enforcement agencies and other curative agencies can not do the job by themselves.

There are a couple of such parasites that face most city communities that seem to be permanent guest, just to name a few of many. Poverty and idleness almost work together and both of these elements nearly always produce these marginal elements, aggressive or depressive anxieties. The first anxiety many times, leads to crimes that engulf the whole of a community, the other anxiety leaves the doors open for human roaches to prey upon those who are defenseless, suppressed, and unprotected. Who cares is these dark castles breed malice, murder, envy, and profound hate against a clean society? Who listens to the pleas of abuse, maltreatment, high pressure, or injustice by those who are found wanting? Who Me? No sire, my house is builded, my security is stable, and besides, it's not my problem.

A few nights ago, I witnessed an audio-visual maneuver that did not really surprise me, but the presence of this device has always been disturbing. The principal of Del Plains high school of Floydada, Texas, attempted to use the tools of position and authority on a gathering of supposedly ignorant Negro parents. This young, educated man tried to present facts to prove beyond doubt, that the negro child was generally a misfit in an integrated school system.

This leader told this group of parents that, because of the negro's economic, social, and cultural background, the negro child could not compete with his caucasian counter-part, therefore the negro child could make better and do better in a negro school. This man made this statement along with many of

Letter To The Editor

Editor, Floyd County Hesperian
Floydada, Texas

Dear Sir:

I have just read your editorial on "death by Lung Cancer", and want to congratulate you on your good effort. According to the Surgeon General's report on "Smoking and Health" last year, a committee made up of 10 non-biased scientific experts were in unanimous agreement, after spending over a year studying all of the facts and figures, that smoking is a health hazard. Still some people appear unconvinced. I think the truth of the matter is that they don't want to be convinced, for they are addicts. In all of medical history there have been few facts with more convincing proof than the association of cigarette smoking and lung cancer.

Keep up your good work. I doubt, however, that our government will do much to interfere with a business in which the public spent \$8.1 billion last year. If there were a "drug" on the market that was implicated in causing over 50,000 lung cancer deaths this year there is little doubt that controls would be started immediately. And lung cancer is only one of several health hazards of smoking.

Yours truly,
Warren B. Poole M.D.

Letter To The Editor

This letter is written to the people of Floydada to express the unexpressed feelings of many. Floydada is an extremely fortunate town in many ways but more especially in one particular way.

There are two Floydada business men who have served the town tremendously by building better boys and better men for the community. These two men are Jim Word and Jewel Elza who have kept the fire going in the Floydada scouting program for about fifteen years. This is not to say that these two men are the only men who have contributed considerably to scouting in Floydada because this is not the case, but this letter will not attempt to name any more for fear of leaving someone out.

Scouting can do much for a boy. It is designed to teach him responsibility to himself, his community, his country and to his God. It gives him an opportunity to learn by doing. Scouting provides an opportunity for a boy to learn to live in the outdoors, which is necessary and beneficial to the "growing up" process of a boy. A boy boosts his common sense as well as his book knowledge in scouting with little effort. Very little effort and he can build on his knowledge tremendously. Learning to get along

like interest. This able man not only seem to agree with segregation, but he has been able to smother others of his hidden qualities, by keeping his fingers in somebodies eyes. The joke of the evening was really, really funny. The principal said, that the senior class of 1964-65, through achievement test, had matched the national norm for seniors. This group of Del Plains seniors outsmarted the facilities, economic, social and cultural game. They also outsmarted the norms, percentage wise, of this particular school in the past twenty or thirty years or so. Listening to the principals defense of his position, made me feel like there were roaches around.

This is a peep into a picture that points out the victims and the victimized, caught in the paradise of fear and helplessness. The Supt. of School and the trustee board can't do the job alone. The children involved, watch with wonder, their future lay in the middle of this particular paradise. The rubbish of helplessness produces hopelessness.

More than half of this nations population sprayed these roaches paradises in particular with integration and most of the nation's member components are removing this kind of rubbish with compliance.

(Signed)
Rev. W. D. Cleveland Jr.

with others is another goal of scouting. A sense of service to God, fellowman, community and country is most importantly learned by one who applies himself at all in scouting.

Jewel and Jim have spent many hours striving to put these goals and values into the minds and hearts of boys in Floydada. How much appreciation and recognition have they received from their efforts? Practically none except for their own felt pride for being able to serve. These men want no recognition but everyone wants to be appreciated for their service. We as citizens of Floydada have not done our part to show them this appreciation. Many do appreciate their service but most do not express it. Some parents even gripe at the least thing that they think these men do wrong in leading their sons. Some gripe at everything. We have to remember that there is only one perfect person that ever lived on this earth.

From all of those who have benefited both directly and indirectly from the Floydada scouting program we say a great big THANKS to Jim and Jewel and to all others who have helped.

Let's all get behind the scouting movement, not only will we benefit ourselves, our community, our country but we will also please our Guide. Name withheld by request

Dr. Harold D. Loden, General Manager of Paymaster Seed Farms, Plainview, Texas has been appointed by Secretary of Agriculture Orville Freeman to serve as a member of the Cotton Research Advisory Committee. The committee is made up of ten outstanding businessmen who are actively engaged in either production, processing, merchandising, or utilization of cotton.

The purpose of the Cotton Research Advisory Committee is to review the current research programs of the United States Department of Agriculture and make recommendations regarding USDA research in cotton production, utilization and marketing. The Cotton Research Advisory Committee is one of thirteen such committees appointed by the Secretary of Agriculture to make recommendations on the various research programs of the Department of Agriculture.

Dr. Loden is in Washington, D. C. this week, attending the first meeting of the committee.

Deadline For Inspection April 15

There will be no extension of the Motor Vehicle Safety In-
 spection deadline of April 15,
 1965, announced Captain Alan
 Johnson of the Motor Vehicle
 Inspection Service, Texas De-
 partment of Public Safety, for
 this area.

"Only two million of the five
 and a quarter million regis-
 tered vehicles in Texas have been
 inspected. This leaves over
 three million vehicles to be in-
 spected in about five weeks,"
 said Captain Johnson. Many
 thousands of vehicle owners can
 expect to wait in long lines in
 order to get their vehicles in-
 spected by the April 15 deadline.

It is almost apparent now that
 many vehicle owners have wait-
 ed too long for the inspection
 stations to safety inspect their
 vehicles by April 15. "Any
