State's top-ranked teams to clash Friday at Morton

Well, here we go again.

THE TWO boys' basketball teams that are ranked No. 1 and No. 2 in Texas Class AA will square off Friday night at Morton to see which one can grab the first-half title in the district race and an inside track toward the 3-AA championship.

Coach Ken Cleveland's Dimmitt Bobcats (23-1) and Coach Dan Smith's Morton Indians (24-3) will play before a capacity crowd of 1,000 in Morton High School's gym, tipping off at 8 p.m. Friday. It will be the final game of the district's first-half round-robin.

Dimmitt's Bobbies—who have already salted away the first-half title in the girls' district race—will try to earn a second victory over Morton's Squaws in the girls' varsity game at 6:30. Prelim bouts are scheduled between the junior varsity girls' teams at 4 and the JV boys at 5.

"OUR GYM has a capacity of 1,000 packed, so there'll be a lot of people who won't get to see the game," Coach Smith said. "Anyone who wants to watch will just have to get there early and hang onto his seat."

Last year, crowds totaling more than 5,000 saw the Bobcats and Indians play their two district showdowns in South Plains College's Texan Dome. But this year both games are being played home-and-home, at Dimmitt's insistence.

Dimmitt's and Morton's perennial power has been such that the two 3-AA foes have represented North Texas in the state tournament eight of the last 10 years. This season, the Bobcats and Indians have victimized a host of Class AAAA and Class AAA teams, and no Class AA quintet has gotten within a long shot of either of them.

MORTON'S victims have included Odessa Ector, Estacado, Dunbar, El Paso Andress, Big Spring and Roswell, and they've split two games against Abilene Cooper. The Indians' only losses have been to Lubbock Monterey twice and Abilene Cooper once.

Morton won the championships of the Reese AFB Holiday Tournament and the Denver City Invitational, and finished third in the Hereford Invitational after losing to Monterey in the semifinals.

The Bobcats have captured the championship trophies in all three of their tournaments this year—Plainview, Tulia and Lubbock Caprock Holiday. Their victims have included Lubbock High and Perryton.

DIMMITT'S only loss this year was to Canyon in the second game of the season on a night that was frigid in more ways than one, "and I'd sure like to get another shot at them," Coach Cleveland lamented.

Last year's Bobcats ran up a near-perfect 31-2 season record—but both losses were to Morton, and Dimmitt had to settle for second place in the district. Morton went on to finish second in the state.

This year, Morton is winning the polls so far. Texas' Class AA coaches have ranked the Indians No. 1 in the state and the Bobcats No. 2, and in the Lubbock Avalanche-Journal Poll, area coaches rank the Indians and Bobcats 1-2 in the region.

THOSE RATINGS don't matter to Morton's new coach, who

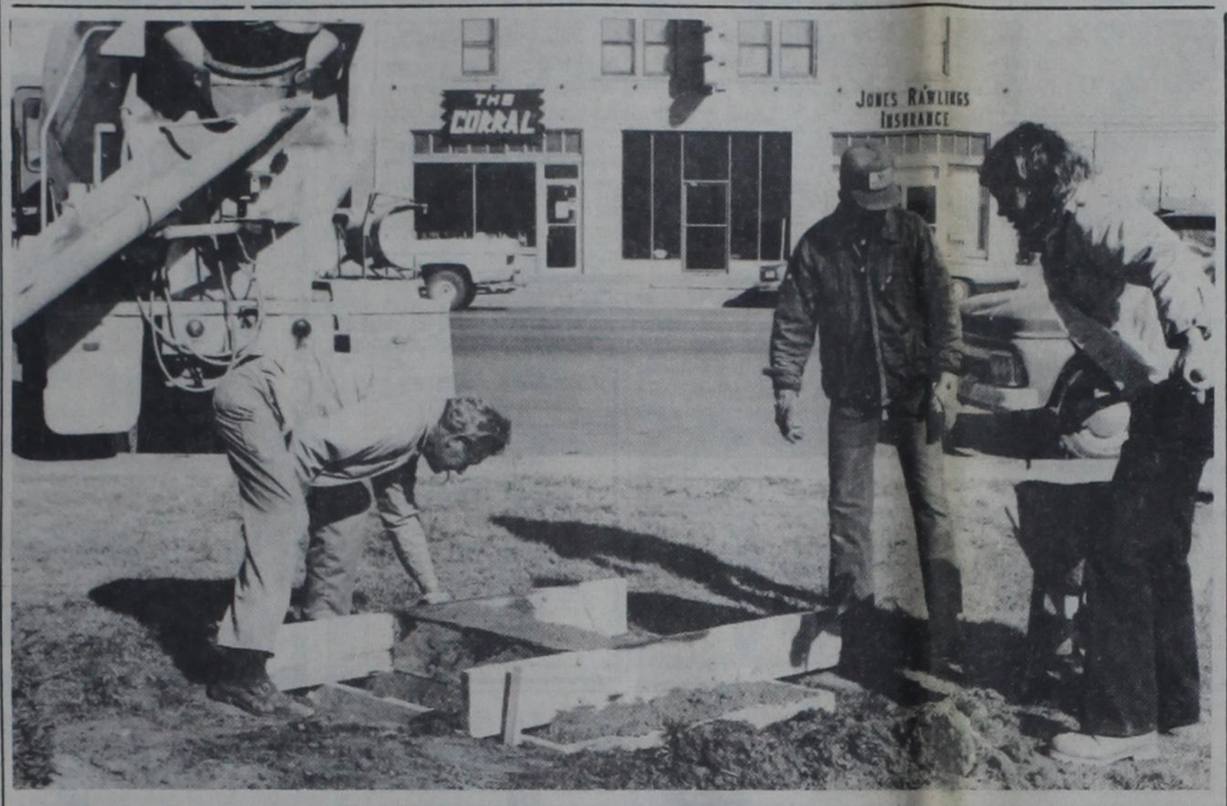
Chamber to name 'Citizen of Year'

Clayton to address banquet



HERE LIES THE TIME CAPSULE—Employees of Dimmitt Ready Mix prepare the cement to place a bronze plaque, permanently marking the spot where the time capsule was buried July 3 as a Bicentennial project. From left are Herman Acker, Larry Vaught and Tommy Portwood.

Speaker of the House Bill Clayton, one of the three most powerful men in the state government, will give the main address when the Dimmitt Chamber of Commerce holds its annual banquet Saturday night.

THE BANQUET will begin at 7:30 p.m. in the County Exposition Building, and will also include the announcement of Dimmitt's "Citizen of the Year."

Master of ceremonies will be Jack Flynt, who will also introduce Clayton and pay tribute to past Citizen of the Year winners.

Chamber President Jack Edwards will turn over the gavel to new President Walt Hansen, and will also introduce Jerry Marvin as vice-president, Maxine Childers as secretary-treasurer and George Bagley as a new director of the CofC for the coming year. Mrs. Childers and Bagley succeed Robert McLean and Dale Fowler, whose terms on the chamber board have expired.

Don Nelson will make the Citizen of the Year presentation.

A CHARBROILED steak dinner will be catered by K-Bob's Steak House, and Dwight Joiner will provide dinner music at the organ. The banquet hall will be decorated by the Castro County CowBelles.

Tickets to the banquet, at $6 each, may be purchased at the chamber office through Friday, and also will be available at the door Saturday night.

FIRST ELECTED to the House of Representatives in 1962, Clayton established himself as a legislative leader by serving on all the House's major committees and chairing many of them. He has played a

DIMMITT'S NEW DOCTORS—HUSBAND AND WIFE TEAM . . . Young He Moon [Mok] and Chung Zin Mok

Two new doctors move to Dimmitt

Dimmitt now has two new doctors in residence—Dr. Mok and Dr. Mok.

THE TWO doctors are from Korea—Chung Zin Mok and his wife, Young He. To avoid confusion, she is called Dr. Moon, which is her maiden name. They are working with Dr. B. D. Murphy in the Dimmitt Medical and Surgical Clinic, P.A., having arrived in town Saturday.

The husband and wife team were both born in Busan, Korea's second largest city. They both took their training at the Busan National University Medical School, after completing two years of required premed liberal arts and science at the same university.

Dr. Mok graduated in 1971, served three years as a medical officer in the Republic of Korea Army, then served more than a year's internship at the Busan City Hospital.

In June 1975, he came to the United States and set up his medical practice in Claude.

DR. MOON graduated from medical school in 1974. She served a one-year internship and a one-year residency at the Busan il Sin Women's Hospital in obstetrics and gynecology.

She came to the US in April, 1976, and began working with her husband in July.

Dr. Mok passed the Texas State Medical Board examination in June and has a permanent license. Dr. Moon has taken the exams, but has not yet received her scores. She has a temporary license.

BOTH OF the physicians have declared their intent to become US citizens.

"We want to stay in this country," Dr. Mok said. "We wanted to move to Dimmitt because it is a larger town than Claude and there are more people whom we may serve."

He added that Dimmitt seems to be a growing town, with promise.

"THE CLIMATE here is much similar to Korea, except here it is much drier," Dr. Moon said. "The way of life, though, is much different. It is hard to explain, but you would know it plainly if you went to Korea."

The Moks attended the Baptist church while living in Claude. According to Dr. Mok, many people in Korea have no religion at all. Others are Buddhist, as well as Catholic and other Christian faiths.

The Moks have a 14-month-old son, Frank C. They are presently living in an apartment on West Jones Street.

Inauguration 'impressive'

By SUE COLEMAN

Crowds were so thick in Washington, D.C., during inauguration festivities last week that "cops were literally directing traffic in the hotel lobbies—foot traffic, that is," Carl King of Dimmitt said in describing his part in the Democrats' victory celebration.

WITH EDWIN "Goose" Ramey and Tom Draper, he represented Castro County on the victory trip sponsored by the Democratic Party of Texas. They flew from Lubbock with West Texans from as far away as El Paso, most of whom stayed together in a motel at Alexandria, Va.

In spite of the throng of visitors who went from all over the US to see Jimmy Carter take the presidential oath of office and attend events marking the change of administration, the Dimmitt men ran into people they knew from this area and other states.

They all found the actual swearing-in ceremony most impressive but also enjoyed watching the parade, going to receptions and seeing the Carters walk to the White House after he took the oath of office.

"WE HAD reserved seats for the parade, but couldn't get to them so went to a friend's room in a hotel on the route," King said. That was where they found foot traffic directed by police.

"Carl and Tom are wonderful men to be out with," 87-year-old Ramey added. "I learned a lot and saw a lot. In fact I saw it all; didn't miss a thing that happened in the daytime, but didn't look for any of the night life."

This was the Dimmitt pioneer's fifth visit to Washington, but his first in the winter, and his first presidential inauguration. He said he likes the looks of the new President, and expects him to be a good leader for the nation.

"THIS WASN'T the largest inauguration ever. Lyndon Johnson's still holds the record," Ramey said, "but the crowds were thick enough and the fine clear weather helped bring them out."

"Really a people's inauguration," it was described by King, former Democratic Committee chairman for Castro County. "In some ceremonies of the past, formal invitations were necessary to get into many of the events, but that wasn't true this year—they were all open."

King said he "mixed a little business" with the celebration, visiting with Carter's appointees to the Department of Agriculture and discussing appointments still to be made to advisory committees on farm matters.

THE DIMMITT men attended several receptions, including that of the Texas Society of the House of Representatives, where Ray Marshall of Austin—whom President Carter has nominated as Secretary of Labor—was a guest; a brunch hosted by Sen. Lloyd Bentsen of Texas; and the Washington Press Club reception.

The latter was called by King "the most important. Everybody who is anybody in the USDA, from Secretary Bergland on down, was there," he said.

Ramey said he met people he hadn't expected to see—friends from other parts of Texas, Ohio and other states—but King had perhaps the most unusual experience in meeting friends he didn't know he had in New York.

County sets salaries, okays medical clinic

In a brief session that ended before noon Monday, Castro County Commissioners Court voted to ask for bids on two cars for the sheriff's office and to sell an old model truck on the Precinct 3 lot to Jack Cartwright for $25.

THE SHORT meeting Monday followed a busy one earlier in the month when the commissioners set salaries of county officials for 1977, decided that all should be compensated on a straight salary basis and created a salary grievance committee as required by Texas law.

They also passed a motion that the county "sanction the development of a medical clinic to provide health services for those individuals who are unable to pay the rising costs of medical care due to low income."

That motion added, "We understand that the South Plains Health Provider Agency will provide this medical care at no cost to the taxpayers of Castro County."

ALSO APPROVED was a request by Senior Citizens for all residents over age 65 to be exempt from county taxes on homesteads.

The commission agreed to move Election Box No. 6 from the Hart City Hall to the Farmers State Bank in Hart.

Named to the salary grievance committee were County Judge Weldon Bradley, Sheriff Granville Martin, Tax Assessor Kent Birdwell, County Clerk Zonell Maples, County Attorney Robert Buntyn, County Treasurer Florene Leinen, Salvatore DiCuffa, Dick Reinhardt, Oneta Hutto and John Allen.

In setting the salary schedule for the new year, an increase of $100 a month was given the justice of the peace, $50 a month to the county attorney and $40 a month to the county-district clerk, the only raises for elected officials.

Museum group slates meeting

Castro County Historical Museum members will meet at 7 p.m. today (Thursday) in the museum building on West Halsell St.

WORK WHICH has been in progress on the main building and the remodeled barracks building at the rear of the lot will be reviewed, according to B. M. Nelson, president of the group, and future work will be mapped.

A work day has been scheduled for Saturday, beginning at 10 a.m. All members and any residents interested in getting the museum ready for opening to the public are invited to be there to help.

Reception slated for retired chief

Open house to honor W. W. Jones, who retired a few weeks ago as Dimmitt Chief of Police after serving in that position 21 years, will be held in the community room of the Dimmitt City Hall from 3 to 5 p.m. Friday.

FRIENDS OF the veteran law officer, who left his job because of ill health, are all invited to drop in for a visit Friday afternoon, when city officials and employees will act as hosts.

Jones requested retirement, which was granted by the Dimmitt City Commission Sept. 20, after he had been on sick leave about a month. He was succeeded early in October by David Slaughter.

Tribute was paid to him and his career as a law enforcement officer in a "roast" at the Dimmitt Chamber of Commerce fun breakfast Nov. 11.

Housing project starts 10th year

Nine years of operation for the Castro County Migrant Housing Project will be marked on Feb. 1, and up to 45,000 people have lived in its 192 apartments during the nine-year span, J. T. Robertson, manager since it opened, said.

"SOME PEOPLE felt the project wouldn't last more than a year or two, but it's still going and in good shape. People are already booking apartments for this year," Robertson said.

Since its tenants are migrant workers, the turnover is rapid so as many as 5,000 persons a year have lived in the housing, according to the manager.

"The project has served its purpose, to provide workers a place to live and to save the vegetable crops in this county. We haven't lost a crop since I've been here," he added.

Robertson has not had a vacation since he became manager on Feb. 1, 1968, and he explains, "I haven't asked for one."

Correction

In a news story two weeks ago about the death of Federico Rodriquez, City Sanitation Dept. employee whose frozen body was discovered Jan. 10 on the courthouse lawn, the News reported that Mr. Rodriquez "was a bachelor and lived alone."

However, Mr. Rodriquez did not live alone, according to his family. He lived with his sister and brother-in-law, Mr. and Mrs. Pedro Aranda.

Mr. Rodriquez's death was attributed to a heart attack. Funeral mass was conducted Jan. 14 in San Benito.

Miss Wakefield wins trip to Washington

Who really controls a government "of . . . by . . . and for the people?" Cindy Wakefield, a junior at Dimmitt High School, will soon have an opportunity to find out by participating in Class Three of A Presidential Classroom for Young Americans. She and other selected high school students from throughout the country will meet in Washington, D.C. Feb. 12-19 for a nontraditional, nonpartisan look at the nation's political structure.

MISS WAKEFIELD, the daughter of Mrs. Yvonne M. Wakefield, was elected to this honor by the school faculty. Selection is based on proven qualities of leadership, scholarship and character.

The program is sponsored locally by the United Way, the Lions Club and the Kiwanis Club. One student is sponsored each year at a cost of about $500.

Cindy Wakefield

During a rigorous seven days of seminars and on-site briefings, Miss Wakefield will study the major components of the Federal government—the Executive, Legislative and Judicial Branches—plus other institutions which have significant relationships with government, among them the military, the news media, corporate management and organized labor. The curriculum will include both the structure of institutions and the decision-making process that, combined with political power, is responsible for the formation of public policy.

"I'm really excited," Miss Wakefield said.

HIGH SCHOOL Principal D. W. Harkins, head of the local organization, said, "She's ready to go. She's even bought her plane ticket already." He added that after her return she will be available to speak to civic clubs and various organizations about her experiences.

Chartered in 1968 as a nonprofit, educational program, Presidential Classroom has provided more than 13,000 young people with firsthand exposure to prominent leaders and observers of the Federal government.

Presidential Classroom is a private organization whose educational activities are strictly nonpartisan; its programs cannot be used to influence government legislation or policies, or to organize opinion on behalf of any governmental or private objective.

Hail-suppression foes organize

Citizens for Natural Weather, an organization to oppose license renewals for two weather modification firms, was formed at a Monday night meeting in the Swisher County Courthouse at Tulia.

NOLAN HENSON, farmer at Hart and co-president of the group, said it includes more than 2,000 residents from 13 counties in this area.

It was organized to oppose the license renewal applications at hearings set for Feb. 16 in the 99th District Courtroom at Lubbock, by the Texas Water Development Board.

Applications are from Plains Weather Improvement Association Inc. of Plainview and Atmospherics Inc. of Littlefield. Operations of both firms would be continuing if the permit applications are granted.

WEATHER modification and control to increase precipitation and decrease hailfall is the aim of cloud seeding operations by both firms. Each operates in a part of Castro County as their aircraft fly over two adjacent target areas.

Hearings on such applications are provided by legislative act if 25 or more persons in an area request a local hearing.

The Feb. 16 hearing was originally set for Dec. 6 at Morton, but postponed to give the Texas Legislature an opportunity to consider laws providing for a public vote on weather modification activities.

Bruce Bigelow, general counsel of the TWDB, will preside for the hearings.

AT THE organization meeting of Citizens for Natural Weather, the more than 250 members present were urged to sign petitions to be sent to the board and to the legislature asking a "right-to-vote" law that would give individual counties the right to decide by ballot whether residents want the weather modification activities, Henson said.

Members say the companies' cloud seeding efforts have caused a sharp reduction in rainfall and little decrease in damaging hailfall. These charges are denied by company officials, who have won their case in earlier renewal hearings.

Main support of the companies' activities comes from irrigation farmers who do not rely on natural rainfall for crop production, CNW members say.

Trip of the week takes Reinhardts to Puerto Rico

By MYRTLE SHEFFY

Dick and Edna Reinhardt are home from a trip to Puerto Rico to attend a board meeting of the P.G.C. and besides the business they had nice side trips to the rain forest. Edna says the most beautiful tropical trees and flowers, double poinsettias and other flowers she didn't know grew there. Lovely fruit trees here and there. They had banquets and visited tourist shops. I hear another trip is coming up soon.

THE BAND concert of 1977 was one of the best (and I have been going for years). The junior band, directed by Fred Allen, was very well done. Their first number was selections from "The Music Man", and the sixth grade played "Grandfather's Clock" and "The Mexican Hat Dance" like professionals (so I say). Fred says the kids showed up well at the District meet at Littlefield playing against much bigger towns. (Their kids aren't as smart as ours.) Ralph Smith showed slides of the Senior Band marching, very good, then the Senior Band gave several good arrangements and then Ralph said, "This last one is from the '30s and we will dedicate 'Deep Purple' to James Bradford." The rest of us liked it too. He says 21 of his pupils got first place at the district meet.

JOHN AND Nell Martin from the Big Square community had a good trip to Zapata Lake near Falcon. They met some nice people while there, several from around Dimmitt. Didn't get names except I hear James and Mildred Burnham are down there. Well, Nell says they were with some White Deer and Hereford folks. They had good times visiting, playing games, too cold for the fish to bite, but had good food. They did see the pretty citrus orchards, oranges, grapefruit and lemons growing on trees.

Frank and Louise Mears went to Gruver to see their daughter Charlotte and Zay Gilbreath and boys Gary, Allen and Mark. They are fine.

We saw Gene and Mary Nell King at the Band Concert. They and children Sue Rita, a sophomore, and Phil, seventh, and John David, a sixth grader, have moved back to Dimmitt from Hale Center. They are with the school system and are living out at Jerry Cluck's farm until a house can be found.

Delbert and Jackie Smotherman went to Littlefield Sunday afternoon to visit his sister and bring back the sons who have been visiting there a few days.

R. C. and Mildred Bailey, who lived here and in Hart a few years ago and now at Dalhart, are building a house at Lake Meredith near Fritch. He plans to play golf, not fish.

RENEA BUTLER is doing fine from her recent appendectomy at Plains Memorial Hospital. Renea is the daughter of Mr. and Mrs. Dean Butler.

We saw Jerry Schinkus and Danny Vermillion having dinner at a drive in. Danny has returned from a two-day trip to Dallas, where he attended the dealer shows for the coming summer merchandise of new furniture and tire lines, new refrigerator lines and washers. And get ready for spring garden needs. When it is this cold a winter, can spring be far behind?

The teen crowd of Explorer Scouts, Post 290, had its first after game dance Friday evening at the Expo Building. John Brooks from KDHN played recorded music for them. David Montiel, past president, plans more of these fun parties and dances in the future.

I met Jerrold Wellborn out at Plains Memorial Hospital. He is the lung technician. He told me about the party. Also saw Mrs. George Bradford at the hospital. She had congestion in her chest. And Erma Limsay is in the hospital with a burned leg. Erma has helped many women with their house work.

Mrs. Cecil Ginn is in Methodist Hospital in Lubbock. She had surgery this week. Cecil is staying in that town at a motel till she is better.

Mrs. Jim Givens and daughter Mary of Dallas are here on farm business, and they tell Editor Nelson some things about and for the county museum. The Givens stay with Birdie Neill while here.

Harold and Jo Nan Miller of Dumas have been here to see the parents Mr. and Mrs. C. R. Mills. Mrs. Mills has not been well for the past year but is much improved now.

George and Marie Bowen were the host and hostess at a house warming Sunday afternoon. They have bought the house at 706 W. Pine Street. A money tree was given to the Bowen house. Hostesses were Doris Lust, Edna Reinhardt, Melba Aldridge, Lurline Pope, Jo Hogue and Ollene Williams. Many friends called.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

A NEW EXPERIENCE

A little hesitatingly, a little unsure of that first kiss. This is something new and all kinds of thoughts enter the mind. Now . . . it's over and . . . well, what was there to be afraid of? Perhaps this is your first invitation to church, and you would like to go. Then comes the hesitation . . . "I don't know what to do . . . what if I made a mistake?" These fears will vanish with the first hearty handshake and friendly welcome that all churches extend, and you, too, may receive the joy of worshiping in God's house.

EVERYONE IN THE CHURCH . . . THE CHURCH IN EVERYONE . . .

JERRY SCHAEFFER climaxes a steal-and-drive with a two-point jumper to put the Bobcats ahead of Friona, 13-3, in the first quarter of Friday night's district game here. Schaeffer finished with 14 points as the Bobcats won handily, 76-43.

View from the Library

By BRICK AUTRY
Librarian

Several patrons have responded to the suggestion box now in the foyer. Their comments this week reflect some gaps in the collection (as always).

1. Please get more Dell Shannon, Leslie Ford and Rosamond Du Jardin.

These are authors of popular fiction. Dell Shannon and Leslie Ford are mystery writers and Rosamond Du Jardin writes romances. Mr. Shannon has nine books in print this year; we have five of his. We have two of Miss Ford's books, which, alas, are all out of print. It might be difficult to track down more copies, but we'll see. Miss Du Jardin has 16 items in print. We have eight of her works in the young adult section.

2. You should get some books on rock singers like Peter Frampton.

The library has a large volume on pop singers by Andy Gray, a magazine on the years of Elvis Presley, and a book for all you bewildered parents who want to know what happened to music today and why it sounds as bad as it does, called "American Popular Song." I have been reading about some good books about current rock stars, and next month I shall order some. But, you will not find those cult magazines in the library because we don't have funds for them, they don't last, and it's just as easy to read them at the drugstore when the clerks aren't looking.

3. Get more books about WW II airplanes.

I clearly left myself open for this one when I put up those pictures of Air Force fighting planes on the bulletin board. This is a very popular subject. However we have neglected to seek out current material on the fighting planes. We shall take this into consideration next month.

MANY THANKS to Seales Flowers for their help and advice. Do you know what he said? He said that our scheffaleras were suffering from malnutrition.

The water we have at the library obviously doesn't provide for a balanced meal. Before they starved to death, I bet they would have turned into carnivorous plants and eaten the trim around the windows and then attacked the table legs, then the refrigerator, etc. The moral to this is never under-feed your plants.

Students on honor lists from WTSU

Students from Dimmitt and Nazareth have been named on honors lists from West Texas State University, for grade point averages for the fall semester.

ROCHELLE L. Oldham earned a place on the president's list, for students with an average of 3.85 or higher. She is the wife of Kenneth Oldham of 303 S.W. 3rd, and is an elementary education major.

Dimmitt students on the dean's honor roll. whose averages were above 3.25, are Jane Steffens, nursing major and daughter of Regina Steffens; Juan Sauseda, pre-law major, and Stanley Schaeffer Jr., accounting major.

From Nazareth, those on the dean's list are Noreen Kleman, daughter of Walter Kleman, major in music education, and Wanda Schacher, nursing major whose parents are the Edwin Schachers.

A GOOD hope is better than a bad possession. —Fuller

At last some real evidence of an interest in developing solar energy to generate electricity has appeared. Two California utilities think the theory is sound enough to spend $20 million of their own money (on top of $80 million coming from the federal government). It will be a full scale solar power plant.

THE PLANT will be built at Barstow, Calif., 125 miles east of Los Angeles. As many as 3,000 arrangements of mirrors will focus the rays of the Mojave Desert sun on a boiler sitting on top of a 400 ft. tower. Steam from the boiler will be pumped to a turbine on the ground. The plant will generate enough electricity for a city of 10,000. Construction of the plant begins in about a year with completion scheduled for 1980-81.

The economics of a solar plant aren't too promising at this time. Even though the "fuel" at the Barstow plant is free (the sun), the power produced will be 12 to 15 times more expensive than that produced by a new coal-fired plant or a nuclear powered plant. This is partly due to the fact that the plant can operate only 10 to 12 hours a day, even though there is a "thermal storage" tank in which heat can be stored for use after sunset.

What's finally causing the push to solar power? Environmental roadblocks to almost any other type of utility plant. Southern California Edison executives are even worried about environmentalist groups opposing the Barstow plant on the grounds that it uses too much land (130 acres).

OTHER groups may object to the Barstow plant because they feel its development will cause the Energy Research & Development Administration to ignore a potentially more efficient but longer term source of power—photovoltaic solar cells.

The participating utilities in the Barstow project expect a slow payoff. Under the most optimistic projections, they figure that solar power oculd supply only 2% to 3% of their needs by the year 2000. Still, it's a start.

VETERAN'S SERVICES

By BEDFORD W. SMITH
County Service Officer

Important to VA Pensioners: If you do not receive your January check near Feb. 1, it may be that you did not send in your AIQ (Annual Questionnaire Card) report.

MANY veterans and widows who are drawing pension from the Veterans Administration no longer receive an annual income report. VA pensioners are not required to complete the annual income questionnaire if they are 72 years of age or older, have been in receipt of benefits for two years or longer, and there has been no substantial change in their income.

All other persons receiving VA pension are required to report their annual income to the VA, and failure to complete and return the income report will result in payments being terminated.

Even though they are not required to report their annual income, most veterans and widows should inform the VA of the amount of their family medical expenses during 1976. In many instances, these medical expenses may be large enough to cause the VA to recompute pension entitlement.

If this results in a higher payment than that which was actually paid, the pensioner would be entitled to a retroactive adjustment for the full year of 1976, or that portion of the year they were on the VA rolls.

Under present laws, any amount of family medical expenses in excess of 5% of the reported income may be used to reduce the countable income of the pensioner.

Since the monthly amount of pension is determined by the countable annual income, sizeable medical expenses may be sufficient to entitle a person to a higher pension payment than was actually paid. In such event, the VA will recompute a person's entitlement and issue an adjustment payment representing the difference for the entire year.

VA pensioners who wish to discuss the matter of reporting their family medical expenses to the VA should contact their local Veterans Service Officer as soon as possible.

Beginning Jan. 1 VA pensions on accountable income were increased by 8% with a 25% increase for veterans who are 78 years or older.

Accountable income limitations also were raised to $3540 for veterans and widows (or widowers of female veterans); and $4760 per year for a widow with child. Children's new limitations (for their unearned income) are now $2890, including those age 18 to 23 if in school and not married.

Amstar reports net results of sugar market's ups-downs

Amstar Corporation's net income for its second fiscal quarter ending Dec. 31 was $10,275,000, or $1.13 per common share after dividends on preferred stocks.

FOR THE same period last year, the comparable figures were $12,198,000, or $1.45 per common share ($1.32 per fully diluted share). Net sales and operating revenues were $224,893,000 for the quarter just ended, compared with $243,788,000 for the comparable period a year ago.

For the first six months of fiscal 1977, sales and operating revenues were $496,888,000, and net income was $20,242,000, or $2.23 per common share after preferred stock dividends. Comparable figures for the six months ending Dec. 31, 1975, were $600,932,000 for sales and operating revenues, and $25,250,000 for net income, or $3.02 per common share ($2.74 per fully diluted share).

All per-share data reflect the two-for-one split of Amstar's common stock Oct. 22, 1976.

"OUR SWEETENER divisions' operations for the quarter ended Dec. 31 were highlighted by a strong performance from Amstar's American Sugar Division which is responsible for our refined cane sugar activities," President Robert T. Quittmeyer reported. "Our Spreckels beet sugar operations continued to be adversely affected during the quarter by low sugar prices that did not provide an adequate return for either the sugar beet grower or the processor. Under the terms of its contracts with farmers for the purchase of sugar beets, Spreckels participates with the farmers in the proceeds from the sale of its refined beet sugar products."

Quittmeyer added, "The results for the quarter and the six-month period ended Dec. 31, 1976, further demonstrate the validity of Amstar's diversification in the nutritive sweetener industry. With important bases in the industry's three segments (cane, beet, corn) there is reason to believe that the corporation has greater stability and strengths than if it were in only one segment."

"In view of the unfavorable effect of low sugar prices on some of Amstar's sweetener operations, it is particularly encouraging to report improved earnings by most of our other business units during the quarter just ended," Quittmeyer said. "As these operations continue to grow, they become an increasingly important part of Amstar's corporate earnings. In the six months ended Dec. 31, 1976, these other businesses accounted for 18.5% of total revenues and 24.8% of operating income before taxes. For the same period a year ago, comparable figures were 11.8% of revenues and 11.2% of operating profits.

The Milwaukee Electric Tool Corporation was acquired in January 1976, and its operations are not included in the fiscal 1976 results prior to that time.

AMSTAR is the nation's largest manufacturer of nutritive sweeteners. Its sugar products are sold under the Domino® and Spreckels® labels, and its high fructose corn sweetener, produced in Dimmitt, is marketed under the Amerose® name. The corporation also, through its Duff-Norton and Milwaukee Electric Tool operations, is an important supplier of industrial tools and equipment. Through its Hoffmaster subsidiary and Food Service Division, Amstar supplies paper products and individual service packages of sugar and table condiments to the restaurant and institutional markets. It also produces starch and other corn-derived products.

Quick recipes welcome

By IRENE KEATING

It's good to be back home and at work after a two weeks course at Texas A&M. It was cloudy and cool there the entire time. We sure could use some rain or other moisture now.

MOST OF us are always looking for a new quick way to prepare foods that are a bit different or unusual. One good quick recipe is for a sauce that is excellent with sausages, weiners, or for a sauce with leftover meats. This recipe is one that Estella Hottel uses and my family enjoys it. All you do is combine one jar of cocktail sauce and a small jar of grape jelly and heat. It's quick and delicious.

Another good recipe is this butternut pound cake. The Town and Country Home Demonstration Club sells the flavoring and you may get it at the Extension office.

BUTTERNUT POUND CAKE
2 sticks oleo
½ cup shortening
1 t. salt
3 cups sugar
3¼ cups flour, unsifted
6 eggs
1 T Butternut flavor
1 cup evaporated milk

Have all ingredients at room temperature. Cream oleo, shortening, sugar and salt. Add eggs and flavor. Alternately add flour and milk, ending up with flour. Pour in two greased and floured loaf pans or bundt pan. Place in cold oven set for 300° and bake one hour and 45 minutes.

MRS. JEFFREY LEE ROBERTSON
. . . The former Karen Yvette Boykin

Boykin-Robertson vows are recited

Marriage vows were spoken by Karen Yvette Boykin of Amarillo and Jeffrey Lee Robertson of Dimmitt at twilight Saturday in the sanctuary of St. Stephen United Methodist Church at Amarillo.

PARENTS of the couple are Mr. and Mrs. Maynard Boykin of Amarillo and Mr. and Mrs. Ray Robertson of Dimmitt.

Dr. Hubert Thomson read the double ring ceremony in a setting of rainbow-hued ribbons and glowing candles.

The bride's twin sister, Sharon Lynette Boykin, was her maid of honor and Robertson was attended by his brother, Terry Mack, as best man. Miss Boykin also sang the wedding solos, "Memories," "We've Only Just Begun" and "Wedding Song."

Bridesmaids were Nancy Lanette Robertson, sister of the groom, Wanda Gayle Ewton and Kenda Jo Gaines of Amarillo. Tommy Lin Kenworthy of Dimmitt, Billy Dean Hill of Hart and Larry Bell of Claude were groomsmen.

Tammy McKinney was the flower girl and the bride's nephew, Tim Blair of Shallowater, carried the rings.

ROGER ALLISON and Charlie Lane of Dimmitt ushered guests to the pews. Altar candles were lighted by Vanesa Holland of Dimmitt and Jelie Ewton of Amarillo.

The bride's gown of fluid jersey was styled with fitted waist, slender sleeves and softly flared skirt, with a yoke of Venice lace edged with a frill for a bertha collar effect.

Lace was also frilled at the wrist, and lace flowerets bordered the hemline, circular train and the lower tier of the bouffant illusion veil which floated from a lace caplet.

She carried a bouquet of carnations, roses, daisy poms and babybreath in rainbow colors.

BRIDESMAIDS' dresses were of rainbow shades matched to the groomsmen's shirts, in lime green, forget-me-not blue, buttercup yellow and peach coral, with lace trim on front panels. Their bouquets were of mixed blossoms.

A reception followed the wedding in the church hall. Rainbow ribbons decorated the table where the wedding cake was bordered with pastel tinted flowers.

Mr. and Mrs. Robertson left on a honeymoon trip to ski areas of New Mexico and Colorado, and will return next month to a home at 615 N.W. 7th St.

She has been employed by Southwestern Bell Telephone Co. at Amarillo since graduation from Amarillo High School. Robertson, now engaged in farming, is a Dimmitt High graduate who has attended South Plains College at Levelland and West Texas State University.

Tour scenes shown club

Views of German and Swiss scenes were shown on slides by Reta Welch as she described her tour of those countries to Bethel Home Demonstration Club members last Wednesday.

SHE PRESENTED the program at a meeting which began with business conducted by Nell Ingram, president. Mrs. Welch and Darlene Stanton were hostesses who served refreshments to 17 members.

Small Talk

By SUE COLEMAN

Dr. Bill Bennett, formerly an engineer with Goodpasture here and now assistant dean of agriculture at Texas Tech, said something real sensible, in my book, when he spoke to the Dimmitt Lions Club recently.

TALKING of the objectives of Tech's college of agricultural sciences, he said, "We don't attempt to teach a young man how to farm or ranch; the mechanics of farming or ranching is something he can learn from his Dad."

The aim, he went on, is to teach information that will be beneficial to a farmer or rancher, in production, science, agribusiness, education and natural resources use.

*

CASTRO County has 24 students in the ag sciences school, and it may sound surprising that there is heavy enrollment from Dallas, Houston, Fort Worth, El Paso and San Antonio. City boys!

Dr. Bennett said the main criticism they hear from employers of their grads "is lack of communicative skills," and he thinks high schools are falling down there.

I assume he means the grads can't speak or write plain English, which is a sad failing of college grads in all departments, seems to me.

*

OUR changeable weather this month has caused a lot of sneezes and sniffles, and many people feel like Floy Driver did when he was standing on a downtown curb the other day, facing the sun and looking comfortable.

"I'm enjoying breathing," he explained, "after nearly a week with a head cold when I couldn't. That air sure smells good!"

The most elegant way to say Chevrolet.

Caprice Classic has stood regally at the top of our line for 12 years and has always been a most special, most sumptuous, most distinguished Chevrolet.

It still is. But now, even more.

The clean and classic lines of this year's new design give the 1977 Caprice a look of worldly sophistication.

What sets Caprice apart from all other Chevys and most other cars is a wonderful combination of subtle touches on the outside and in. Caprice has its own rich-looking textured grille and an impressive new crest which stands proudly on the hood, its own handsome wheel covers. Inside, you'll find distinctive decor for seats and doors, a fold-down center armrest in the Sedan, door pull straps, courtesy lights, extra soundproofing, an electric clock, and more.

Caprice Classic is offered as an elegant 4-door Sedan, a handsome 2-door Coupe, and a versatile 2-seat or 3-seat Station Wagon.

Freshman girls win, boys take consolation

Girls of Dimmitt High School were champs of the Freshman tournament held here last weekend, while the DHS boys won consolation finals.

IN THE girls championship game Dimmitt defeated the Muleshoe freshmen 49-36, after dropping Kress 62-24 in the opening round and then disposing of Farwell 58-29. Their record for the season stood at 16-1 after the tourney.

Tina Roland led Dimmitt scoring with 18 points in the first game; Vicki Cleveland was tops with 23 points against Farwell and 30 points in the final contest.

Janice Johnson and Cleveland were outstanding forwards in the championship game, Lynna McGuire and Olivia Glover at guard.

DIMMITT'S boys "got beat in the first game because they couldn't make their free shots," Coach James Gibson said of the initial 49-44 loss to Kress. "They hit only eight of 25 shots." Norris Cole scored 11 points to lead the Dimmitt frosh.

Coming back in the Consolation bracket, Dimmitt outplayed Tulia 52-41 with Cole again setting the pace. He racked up 22 points and Vicente Salinas added 14.

Dimmitt defeated Friona 54-39 in consolation finals and Cole had his best game of the season as he put 31 points on the scoreboard.

Bobcats hit Chiefs at 76-43 clip

Before a Dimmitt High School gym-full of spectators, the Bobcats left the Friona Chiefs on the short end of a 76-43 score Friday night.

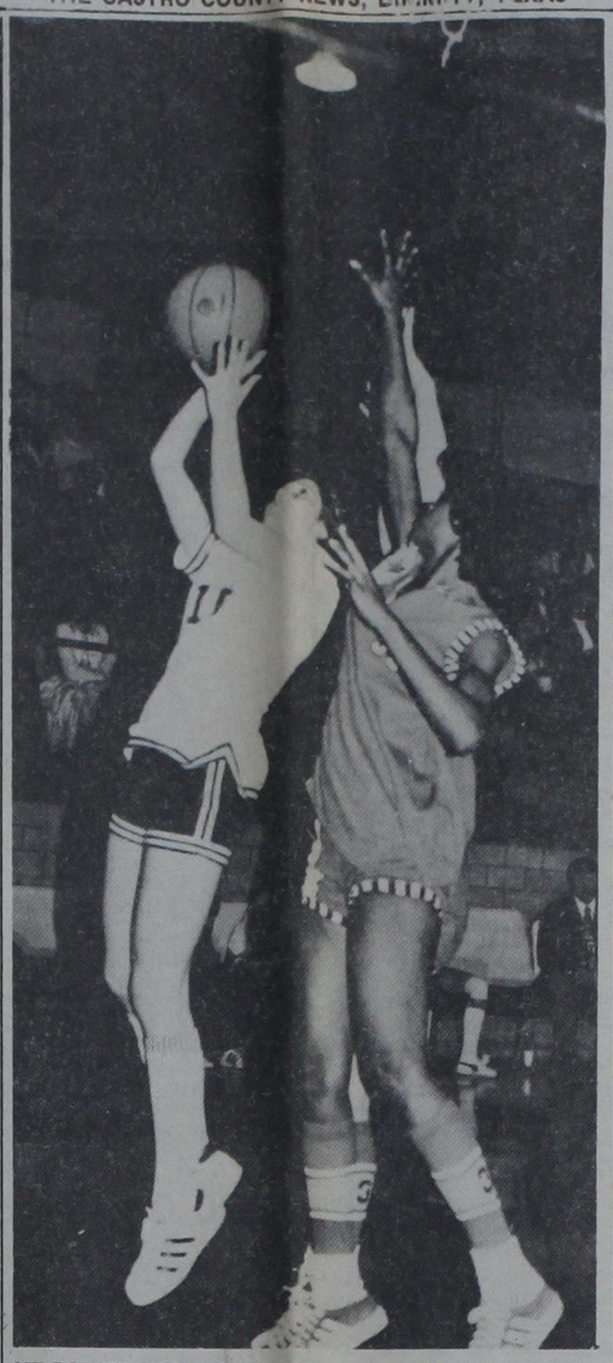
LEADING in rebounds with seven, Keith Crum paced scoring with 23 points. Brad Glenn topped the team in assists, getting 22. Jerry Schaeffer with 14 and Thompson Mayberry with 10 also scored in double figures.

As a team, the Bobcats shot well, Coach Ken Cleveland said, hitting 31 of 53 field goals for 60 percent.

"We got a good effort out of the second five as well as the starting five," the coach said, "and so played a good game all the way."

● On the go

Mrs. Dave Shepard of Amarillo, former pioneer resident of Dimmitt, has undergone hip surgery and is quite ill in the Osteopathic Hospital. Her address is in care of the hospital, Room 223, Amarillo 79110. Beral Hance visited her Saturday.



SIX POINTS, COMING UP!—With Dimmitt leading 34-18, the Bobbies' Beth Cleveland is fouled as she sinks a layup in the second quarter of Friday night's district game against Friona here. Cleveland swished the free throw to make it a three-point play. Then Linda Wise stole Friona's inbound throw and fed the ball to Cleveland—who was fouled again while sinking a shot and converted it to another three-point play. Cleveland's outburst netted six points in six seconds of clock time and gave the Bobbies a 40-18 lead. Dimmitt won in a runaway, 86-35, as Cleveland scored 32 points.

District lead at half held by Dimmitt girls

The Dimmitt High School Bobbies' 86-35 victory over Friona here last Friday gave them the first half district championship with a 5-0 record and a season record of 19-7.

"THIS WAS a total team victory as everyone played good basketball," Coach Sam Nichols said. "It is hard to single out any individual who might be credited with the win."

Nichols pulled Nita Parker, Mel Nelson and Brenda Underwood, his three starting guards, as well as forward Beth Cleveland with two minutes left in the second quarter and Dimmitt leading 44-20.

Every girl on the squad saw lots of action as the coach rotated players the rest of the game.

CLEVELAND tallied 32 points, Joyce Wooten 24, Sandra Tischler 21. As a team they had 52 steals, shot 67 percent from the floor and 75 percent from the free throw line.

Underwood had five rebounds and six steals, Nelson as many steals and four rebounds.

One big factor in the game was the enthusiasm of the crowd and the cheerleaders, Nichols said.

MEN'S ties will offer greater color choice beginning this spring. In addition to the traditional colors, lemon yellow, kelly green, electric blue and hot pink will be combined with ecru, gray and wine. Widths will range from three and a half to just over four inches.

Homemakers study bronze artwork

By MRS. OWEN ANDREWS

Going from Frio to Fort Worth for the Baptist State Evangelism Conference the first of the week were Rev. and Mrs. Johnny Tims, Mrs. Clark Andrews and Mrs. Earl Harkins.

*

FRIO Homemakers Club met recently in the home of Mrs. Henry Andrews. The program was presented by Mrs. Cliff Trotter, who discussed and exhibited some of her bronze art work. She also answered questions concerning her work. She is a member of Women Artists of the American West, an association of top artists. Attending the meeting were Mmes. D. F. Yandell, Harlan Barber, Olin Parris, Eldon Fortenberry, J. E. Warrick, Joe Andrews, Annie Springer and Owen Andrews.

Mr. and Mrs. Floyd Vinson have moved into the community to the farms owned by T.S.L. Land Co. Alvis Jolly has been farming these farms. Vinson's brother Edgar will also be involved in the farming operation and the Edgar Vinsons plan to move within a few weeks to the home just vacated by the Jollys. The Vinson brothers have farmed for several years northwest of Hereford in the old La Plata area. The Vinsons have been busy redocrating the house for the Floyd Vinsons, one where the Banks family lived at one time, and the families are moving machinery and getting ready for farming operations to begin.

*

THE PASSING of Austin Mobley came as a shock to family and friends in this community and area. He lived with his mother Mrs. H. M. Mobley and farmed the place since the passing of his father in 1940. Mrs. Mobley found him dead in bed. He had apparently not been ill and the two of them had visited Mrs. Mobley's sister Mrs. Jewel Price of Floydada on Sunday.

The Mobleys came to this community when Austin was a baby and lived in the community until the mid-30s, when they moved to Dimmitt. They moved out to the farm eight miles north of Dimmitt about 1939. Austin was a member of the Frio Baptist Church. Rev. Johnny Tims, pastor, and Rev. M. A. Pennington of Dimmitt conducted the service. Pallbearers included Jim Elder, Dale Carmichael, Clyde Renfro, Oscar Wylie, Dick Shackelford and Herb Bippus.

The funeral was last Wednesday afternoon at 2:30 in the First Baptist Church of Hereford and burial in the family plot in West Park Cemetery.

Junior tourney slated at Hart this weekend

Hart School will host a Junior High tournament for boys and girls this weekend, with games scheduled Thursday and Saturday in the school gym.

THE HOST boys will meet an eighth grade team from Dimmitt Middle School at 7:45 Thursday in first-round play, after Hart and Lazbuddie girls have tangled at 6:30, Happy and Cotton Center girls at 4 p.m. and the boys from the latter two schools at 5:15.

In the losers bracket, the girls will meet at 4 p.m. and the boys at 5:15 Saturday to decide consolation honors.

Championship games will begin at 6:30 Saturday for the girls, followed by the boys' final.

Half of our infant deaths are attributed to low birthweight, and is a much more frequent cause of infant mortality than any other condition.

Bobcat win costs hurt to Crum

A Bobcat victory over Olton boys Tuesday night brought the Dimmitt High School boys to a 4-0 record in District 3-AA, but may have been costly because top scorer Keith Crum sustained a hand injury.

CRUM WAS second to Jerry Schaeffer in scoring in the 63-30 drubbing of Olton, as they tallied 15 and 14 points. Brad Glenn accounted for 12 points and got 27 credits, just behind Rocky Rawls' 28.

"His thumb was pretty badly jammed," Coach Kenneth Cleveland said in describing Crum's injury Wednesday morning. X-rays were being made to reveal the full damage and the coach was hoping they would not show a fractured thumb, with the crucial game against Morton looming this weekend.

replaced Ted Whillock at the helm of the Indian dynasty this year.

"I don't look at the rankings—I try to steer away from them," he said. "They don't mean a thing unless you win."

Smith, who coached Class AAAA Brownsville to a 29-6 season last year before accepting the Morton post, is more concerned with what he saw at the Caprock Tournament, where he watched the Bobcats play three games.

"DIMMITT has a real well-balanced squad," he said. "They're well-disciplined, and all five can score from anywhere on the floor. They're a real sound team fundamentally, and they're not going to beat themselves."

Cleveland is equally worried about the Indians, whom he saw defeat El Paso Andress in the Reese AFB Tourney.

"They have a good team—there's no doubt about it," Cleveland said. "They came from 11 points behind with three minutes to go and won the game. Their biggest asset is their quickness—they're awfully quick. You're never safe against them."

MORTON has two starters back from the team that finished as the state runner-up last year. They are 6-1 senior Troy Patton and 6-0 senior Loyd Joyce. All but two of this year's Indians squadsmen made the state tourney trip last year.

Dimmitt has three returning starters—6-3 senior Keith Crum, 6-2 senior Jerry Schaeffer and 5-11 senior Johnny Hampton. Rounding out this year's starting lineup are 5-9 senior Brad Glenn and 5-8 junior Rocky Rawls.

Cleveland feels his Bobcats are ready to carry the fight to the Indians.

"I REALLY feel that in the last two weeks I've seen a lot of team improvement and individual improvement," he said. "Our kids have played well all year, but now they're looking much, much better every game. They beat a good Friona team Friday night by 33 points. Friona has a better team than that score would show."

"She was a nice looking woman, real well dressed," King said. When the couple identified him as Carl King, the Texas Corn Growers president, the lady greeted him enthusiastically but he still was sure he didn't know her.

"She seemed to know a good deal about me so I just went along," King grinned. "Finally I found that she was a secretary in the New York office of Carter's transition team and had handled my correspondence and phone calls to them. We decided we did know each other, sure enough."

Kiwanis hears police chief

"We're trying to get a program started that you might call a sort of 'merchant alert', where the merchants in town would have a system for alerting one another about suspected shoplifters, forgers, or what have you," Police Chief David Slaughter told the Dimmitt Kiwanis Club at their regular meeting Monday.

SIXTEEN members, eight visitors and the club sweetheart heard Slaughter present a program on the Dimmitt City Police Dept.

He revealed that there were 346 traffic violations, 155 criminal offenses, plus 61 additional criminal cases that were passed on to the county, and 378 animal calls in 1976.

"Our goal is to be the best police department in Texas," Slaughter said. "Already we are developing one of the best records systems."

During the business part of the meeting members were reminded of the directors meeting which will be Monday at 6:30 a.m. at the Colonial Inn Restaurant.

The basketball team drew a bye in the "Service Club Olympics" and will not play until Wednesday. The team has had one practice session so far, according to team member Mark Cleavinger.

THE JAYCEES and firemen will canvass the homes in Hart beginning at 2:30 p.m. Sunday in the Red Ball Project, which is aimed at guiding firemen to any family members who may need special help in a home blaze.

Red Ball stickers will be placed on bedroom windows of small children, elderly or disabled persons who might not be able to get out of a burning house. The purpose is to aid firemen by showing them where help may be especially needed in case of fire.

Swiftettes down Valley

Paced by Cheryl Hartman with 19, the Nazareth Swiftettes downed Valley 49-40 in a Tuesday night game to bring their season's record to 3-0.

Bobbies hit 6-0 mark in 3-AA race

Their perfect record in district play was maintained by the Dimmitt High Bobbies by a 65-51 defeat of Olton here Tuesday night, the sixth win with no losses. The Bobbies' standing for the entire season is now at 20-7.

REACHING a 17-8 lead in the first quarter, Dimmitt stayed ahead through the game with a good sharpshooting display. They shot 58 percent from the floor and 82 percent from the free throw line.

Beth Cleveland's 31 points paced the Bobbies and Joyce Wooten got 23 tallies, hitting seven of seven free throw attempts.

Dimmitt's ball handling was not up to par, Coach Sam Nichols said, with "too many turnovers, five in the first half and 13 in the second."

JV's defeat Olton teams

Leading all the way, Dimmitt's Junior Varsity boys swamped the Olton JV here Tuesday night, with a final 63-29 tally.

COACH JIM Birdwell called it a "good team game, where no players could be singled out for special mention." Mark Summers led the scoring with 15 points for Dimmitt, and the score was increased by Randy Roberts, Carl Langford and David Patterson.

JV girls from Dimmitt also defeated the visiting girls from Oltón, 27-23, bringing their record for the season to 10-6.

Sue Rita King was the leader in scoring, shooting 11 for Coach Dennis Miller's girls. Guards Lisa Wales, Dorothy Rivers and Debra McLaughlin contributed to the win by holding down the Olton scoring.

Hart teams lose to Vega

Hart High School's boys and girls fell before the District 3-A leaders, Vega teams, in games at Hart Tuesday night. Vega boasts the only undefeated teams in district play.

The Hart girls, also with a 3-4 record, bowed to Vega by 41-28. High scorer for Hart was Melanie Upshaw with 12.

Middle School teams split wins with Friona

In a seesaw of wins and losses, Dimmitt Middle School boys and girls split victories with Friona Monday night. Eighth grade girls kept their perfect record for the season while eighth grade boys lost, but the seventh grade boys were winners and the girls losers.

A RECORD of 12 straight wins and no defeats is boasted by the eighth grade girls who left Friona behind 23-15, led by Christina Salinas' 11 points. Guards Era Rivers, Deannea Merritt, Janice McLaughlin and Paula Porter all had a good night.

The score in the boys game was 22-15 with Friona ahead, and the season record now stands at 4-9. Terry Mixson, Mike Odom and Danny Underwood were the outstanding Dimmitt players.

Seventh grade boys upped their record to 12-4 with an 18-10 win, sparked by Kyle Weatherford and Phil King. The girls dropped a low-score contest, 8-6, and left their season record at 8-4.

Eighth grade teams will go to tourneys this weekend, the girls and A team to Olton where both will meet Friona this afternoon (Thursday) and the boys B team to Hart. Seventh grade girls will play in a tourney at Canyon.

Need for Day Care Center is surveyed

Need for a Day Care Center in Dimmitt, for small children of employed mothers, is being surveyed in questionnaires circulated by Jodi Lincoln, local resident who plans to open such a facility if the demand is great enough.

Of approximately 100 survey sheets sent to working mothers and employers of women, 50 have been returned and Mrs. Lincoln says the response is running largely to favoring the center.

IT WOULD be operated entirely as a private enterprise, without any government funding or organized backing, Mrs. Lincoln explained, but would be licensed as a Day Care Center by the state. The plan has no connection with the MET program for children of migrant families, she added.

The survey is intended to determine only the need for a center, and the size and type needed here. It would care for children from infants through pre-school age, and possibly a few to the age of 10.

Mrs. Lincoln says she will soon call a meeting of interested mothers to discuss hours of operation, cost and the state requirements for medical examination and inoculation of children who attend. Information may be obtained from her at the Charles Lincoln residence.

DOWN 13-0 in the first quarter before they ever hit the basket, the Dimmitt frosh managed to pull up for the win as Norris Cole led their scoring with 14 points. Vicente Salinas' eight points came next.

"We just weren't hitting well," Coach James Gibson said, "but the boys did a good job of coming from behind."

The freshmen will see action again at Farwell tonight (Thursday).

Recipe author to be honored

An autograph party for the Plainview author of an unusual cookbook, where samples of dishes made from its recipes will be served, is scheduled from 2:30 to 4:30 p.m. Feb. 6 in the Centennial Room of Hale County State Bank at Plainview.

CASTRO COUNTY residents are invited to meet Elsie Maye Peckham. R.N., of Plainview and look over her new book, "Sugarless Cookery for the Courmet."

Designed to aid people who are on restricted diets that limit or forbid the use of sugar, the book presents recipes for tasty desserts and drinks. Some of them will be served at the party.

Hostesses will be Katherine Wheeler, Avis Allen, Ruth Ann Nelson and Juanita Ellsworth.
