Q. Why are the Mitchell County Commissioners going to hire an "Insurance Consultant" at a cost of over \$5,000 to review the county's insurance policies on the buildings and vehicles when the local insurance agents could possibly do the same thing for free?

A. County Judge S.L. (Mac) Morris said it was the feeling of the commissioners' court that an outside consultant, who has no connections with an insurance company, will review the county's policies from an entirely different light and with an unbiased view of the county's needs. He also said an outside consultant might be more familiar with laws and regulations regarding governmental bodies. He said the even though the county draws up specifications for insurance bids, a consultant will be better qualified to determine if the bids actually meet specifications.

Morris added, however, that local insurance agents' bids will be given every opportunity and consideration when bids are opened.

PARK DONATION - Members of the Colorado City Kiwanis and Kiwanianes clubs were on hand Tuesday as Elmer Martin and Jan Lemons, club presidents, present checks totaling \$5,000 to

LULAC meeting draws officials

Andrew Hernandez, president of the Southwest Voter Registration Drive, will be keynote speaker at the district convention of the League of Latin American Citizens (LULAC) here Saturday, April 22, at the Civic Center.

The convention, which is expected to draw some 150-200 persons from a 20-county West Texas area, will be from 9 a.m.-5 p.m. A dance will be held from 8 p.m.-midnight.

Other special guests during the convention, hosted by the local LULAC chapter, will include Gilbert Herrera of the U.S. Department of Education; Richard Sambrano of the U.S. Department

of Justice; and Eliseo Solis, county commissioner from Lubbock.

During the convention, a committee will meet to review applications for two scholarships to be awarded by LULAC and Southwestern Bell Telephone which are sponsoring one senior high school and one junior college scholarship for each district. The high school scholarship is \$500 and the junior college one is \$1,000.

In addition to the those scholarships, the local LULAC chapter is offering two scholarships to graduating seniors this year. One scholarship is for \$1,000 and one is for \$500.

To better acquaint citizens with the organization, the local chapter has provided the following information:

"LULAC is a true 'grass roots' organization. While policy is set at the national level, local councils are where the work gets done. One city may stress scholarship aid, another job training, and all LULAC programs are specifically tailored to meet local needs. We help our neighbors in the communities where we live."

"However, LULAC's local councils can't do the job alone. We have established a National

Post Office readies for late filers

Got the filing deadline blues? Have you waited until the last minute to file your income tax return?

As a service to those last-minute filers, the Colorado City Post Office will have a special slot inside the lobby until midnight Monday, the last day to file. All federal income tax returns mailed in the special slot through midnight Monday will have the Monday, April 17 postmark.

Circus coming to town Wednesday

Carson & Barnes 5-Ring Circus will be in Colorado City on Wednesday for shows at 4:30 and 8 p.m.

The circus is sponsored by the Colorado City Noon Lions Club and will be located at Highway 208 and 10th Street.

Like the good old days, Carson & Barnes Circus still gets around in caravan style. The first of some 80 trucks and other vehicles will arrive soon after dawn and they will continue to file in through much of the morning as the circus city sets up.

Elephants still help hoist the big top. More than 100 metal poles of varying length support the massive rain and flameproof polyvinyl tent and each pole is pulled into place by one of the lumbering elephants.

Other trucks carrying the more than 200 wild, exotic and domestic animals will arrive and empty their cargo. Everyone is invited to see the beasts watered and fed circus morning. Carson & Barnes has more species on exhibit than any circus in the United States and the circus zoo includes a

giraffe, rare white rhino, hippo. "We get a big thrill from having the public watch us set up," says D.R. Miller, circus owner. "I don't remember much about the first circus performance I ever saw, but still vivid in my memory are the sights and sounds of them erecting the big tent and unloading the animals."

All this is preliminary to the big show. Carson & Barnes says this is the biggest and most spectacular show in 50 years. While maintaining its international reputation for top-notch animal

acts, it has added world-class human acts for the 5-ring production.

Ticket prices are \$6 for adult and \$4 for children 2-11 before showday and at the gate, \$7 for adults and \$5 for children 2-11. There are a limited number of preferred seats, \$1 additional, sold only in the big top on showday.

Advance tickets are available at Prudential, First National Bank, City National Bank, Fuller Foods, Colorado High School and Colorado Middle School.

NEW POSTMASTER SWORN IN - Sue Northcutt, second from right, takes the oath of office as new postmaster for the Westbrook Post Office during ceremonies Wednesday morning. The oath was administered by field operations supervisor Paula Boswell of Waco. On hand for the occasion were Mrs. Northcutt's husband, Ken, and his parents, Mr. and Mrs. Shorty Northcutt.

Cotton facts day set

The annual Cotton Information Day will be held Thursday beginning at 10 a.m. at the Inadale Community Center.

"This is the second year that Mitchell and Nolan counties have coordinated efforts to put on this extension educational activity," said Mitchell County Extension Agent Mike Mauldin. "Assisting with the planning for the event were the Mitchell County Pest Management Steering Committee and Field Crops Committee and similar groups in Nolan County."

"We think we have an excellent line-up of speakers for the day and we've asked each of them to address the subject of fiber quality and development in their presentations," said Mauldin.

The program will begin with John Gannaway, cotton breeder with Texas Agricultural Extension Service who will discuss "Cotton for the Future." He will be followed by Jim Park from the Textile Research Center at Lubbock who will discuss "Spinning Performance of Texas Cotton." Don Anderson with Texas Cotton Marketing Corporation will address the subject of market needs, contracts, etc. He will be followed by Steve Verett, president of Plains Cotton Growers, whose talk deals with possible changes in government loan cards and how these changes might come about.

Harvest considerations affecting fiber quality will be discussed by Dr. James Supak, extension agronomist from Lubbock. He will be followed by Dr. Tom Fuchs, extension entomologist from San Angelo, who will discuss the cotton insect outlook for this year and insect damage relative to fiber development and quality.

Ending the day's program will be Charles Stichler, extension agronomist from Fort Stockton, who will discuss weed control, fertility and plant spacing and how fiber quality is affected by each.

A catered barbecue lunch will be served at noon. The meal will be sponsored by the following gins - Colorado Gin Company, Colorado City; Co-Op Gin Association, Loraine; Mitchell County Gin, Loraine; Producers Co-Op Gin, Colorado City; Westbrook Gin, Westbrook; Roscoe Co-Op Gin, Roscoe; and Harbest Gin, Roscoe.

Middle school band to present concert

The Colorado Middle School Wolf Pride Band will be presented in concert on Thursday, April 20, 7 p.m., in the high school auditorium.

The band will be performing its University Interscholastic League contest program for the public.

Band director Joey Ashbrook said "it is very important for the parents and community to see exactly what their youngsters are doing in band" and this concert is planned to give insight to the band program, band contest and contest procedures.

"Many times the parents are unaware of the very demanding circumstances associated with band competition," he said. "I feel that this concert is an excellent opportunity to show the parents and community what we do, and at the same time for the community to show its support for the youngsters here in Colorado City. My goal is to see the band continue to grow in size, strive for excellence and become one of the best programs in the state. However, these things will never occur without parent support and a sense of community spirit."

The concert is free of charge and the public is cordially invited and encouraged to attend.

Movement hoping for comp reform

A "grass roots" movement for worker's compensation reform will rally in Austin on Monday for strategy meeting before confronting the Legislature Tuesday.

The Monday meeting will at 7 p.m. at the Austin City Auditorium (on south side of Town Lake) where business owners will be given an update on the legislative issues including House Bill 1 concerning "trial de novo".

Johnnie B. Rogers, statewide organizer, said that "It won't do you any good to have all the knowledge available about workers' compensation reform if you don't show up personally in

Austin to visit your state senator. I can promise you the enemy is hoping you'll just write a letter and not come."

"If you don't show up in Austin and contribute that day to the survival of your business, then there is no chance to get worthwhile workers' compensation reform in this session of the Legislature," said Rogers. "The trial lawyers are supremely confident they can strangle trial de novo reform in the Senate. I say they never before have had to encounter the political power of the people in eyeball-to-eyeball confrontation with the legislature."

If you didn't notice the dot on this page, it's likely you won't notice a tumor this size in your breast. A mammogram can.

According to the American Cancer Society, one out of ten women in the United States will develop breast cancer sometime in her lifetime. It is currently estimated that over 37,000 women die each year as the result of breast cancer.

Ninety percent of breast cancers are diagnosed by women or their physicians finding a lump in the breast. Women who are diagnosed with a lump large enough to feel have a 50 percent five-year survival rate. A woman who is diagnosed as having breast cancer by mammography, before a lump can be felt, has a 97 percent five-year survival rate and a 90 percent 10-year survival rate.

A mammogram can detect a cancer this small, even before it can be felt.

Appointments may be made by calling 728-3431 Ext. 222.

The Mobile Breast Cancer Detection Unit will be in Colorado City on Thursday, April 20, 1989.

The American Cancer Society has established guidelines for mammography in asymptomatic women. (Women who have no symptoms of disease).

A screening mammogram is an x-ray of the breast using extremely low dosages of radiation (usually comparable to a dental x-ray) and is designed to find very early cancers.

A female technologist who is highly trained in mammography will perform the examination.

The charge for the screening mammogram is \$50.00. The Unit accepts cash, check, Visa, Mastercard, and American Express.

For more information or to make an appointment Call 728-3431 Ext. 222.

DON'T MISS IT! DON'T MISS IT! DON'T MISS IT!
BIGGEST CIRCUS IN 52 YEARS COMING WEDNESDAY, APRIL 19.

Patricia White's Lions and Tigers Are Among Features of Big Circus.

Wednesday, April 19 is circus day, sponsored by Noon Lions Club.

The largest herd of performing elephants, horses, camels, llamas, lions, tigers, and a host of performers take possession of the lot at Hwy. 208 & 10th Street when the gigantic Carson & Barnes 5-Ring Circus under the "Biggest Big Top on Earth" spreads its magic city of tents for ONE DAY ONLY, shows at 4:30 p.m. & 8:00 p.m.

The 5-cent beer and the dollar steak may be things of the past, but if you remember them you'll be glad to know that elephants still help erect the Big Top and that Carson & Barnes Circus is a show for all ages.

Be at the showgrounds early to delight in seeing more than 200 wild, exotic and domestic animals unloaded, fed and watered. Then see the elephants push and pull the big Top into the air. It's all part of the "Grandest Day of the Year", Circus Day, when everyone is a child and proud to admit it.

Revel in the spectacular performance of the nation's last big traditional circus—the largest tent show to visit here in more than fifty years. Long noted for outstanding elephant, wild animal and horse displays, Carson & Barnes is famed for its large cast of top-flight human performers from many nations.

See America's last big travelling zoo at no additional charge—with a giraffe, massive white rhino, hippo, 20 African and Asian elephants, Patricia White's Nubian lions and Siberian tigers and many more—25 species in all.

Inflation and the high cost of maintaining a quality show raise questions of how much longer a huge 5-ring circus under a big top can continue to operate.

Hurry! Hurry! Hurry! Only a few days left to buy advance tickets-only \$6.00 adults & \$4.00 a child. Tickets \$1.00 Higher on Circus Day. Visa & M/C Accepted at Circus Box Office Only. Advance tickets on sale now at: Prudential, First National Bank, City National Bank, Chamber of Commerce, Fuller Foods, Colorado High School, Colorado Middle School.

Richard Gomez sets record at track and field meet

Record-setting seventh grader Richard Gomez set a new Colorado Middle School standard for the third time Friday to lead CMS track teams at the district 7-AAA track and field meet held at Kermit Friday.

Gomez was one of nine district champions for the Wolves. Gomez won the seventh grade shotput with a heave of 42'8" that broke his own school record. Prior to the start of the season the record was held by Beau Rees with a put of 38'4" set in 1984. Gomez erased that record with an effort of 38'10" at a Stanton track meet. The next week Gomez uncorked a 40' put at Breckenridge. Gomez again broke the record at Kermit last Friday with his 42'8" heave.

Another individual district champ for the seventh grade boys was Marcus Aguilar who ran a 41.01 to win the 300 meter dash. Gomez, Aguilar, Scott Payne and Joseph Luera teamed up to win the 400 meter relay in 52.06.

District champion for the seventh grade girls was Laura

Green who ran a 10.56 to win the 55 meter low hurdles.

Taking district titles for the eighth grade girls were Stephanie Austin, Elaine McKnight, Sueann Lentz and Crescent Ross. The foursome won the 400 meter in 54.39 and added the 800 meter relay title with a 1:56.32. Ross also won the 100 meter dash with a 15.14 clocking.

The top finish for the eighth grade boys was Cody Parker's second place discus throw of 120'8".

"TAXES DON'T HAVE TO BE TAXING"

It is tax season again and one doesn't have to listen very closely to hear grumbling and aching across the land. Most of us loathe preparing our taxes and especially loathe (that means hate beyond normal rage) PAYING TAXES! "Uck" most of us say if not something worse. Indeed the tax man cometh and he will reap his agony and despair. We wonder whether we will have enough left over to get by the rest of the year.

The Bible tells us to beware of the even bigger tax man--the devil and the evil within ourselves. That's who we should really fear--he who is able to rob both body and soul in hell (Mathew 10:28). We rob ourselves of Spirit-filled living when we complain and grumble and doubt. That isn't faith-filled responding to life's situations! Our incomes are not our source of happiness--God is!! His riches are more glorious!

If our nation is to be "one nation under God" as our Pledge states--then heed your tax monies over to God. Tell him to bless our nation with your tax money and to use it His glory. Your Heavenly Father knows your needs and is only asking for you to be faithful and make Jesus the Lord of your life. "For all these things the nations of the world eagerly seek; but your Father knows that you need these things shall be added to you. (Luke 12:30, 31)

THE TAX MAN COMETH, BUT ONE COMETH AFTER WHO IS MIGHTIER--JESUS CHRIST THE RIGHTEOUS AND EVER-LOVING!!!

Summer recreational program set

The Summer Recreational and Educational Program for children in Kindergarten through Fifth Grade is set to begin on June 5, 1989, at the Wallace Center.

We are planning to run sessions for two months with Susan Farrar as director.

The Summer Program each year depends entirely upon donations from our local clubs and organizations. This year we are also asking for donations from individuals in the community to have a part in this worthwhile project for our children.

Our budget this year is \$2,685 and covers: director's salary, refreshments, swimming, field trips, transportation and materials for instruction. The Colorado ISD provides all other supplies and equipment.

We are asking \$1,435 from the community and the balance will be paid by fees from participants.

The Center accepts donations for memorials and other contributions.

The Center wishes to thank those who have already contributed: Sundown Lions Club, Kiwanians, Looney E.H. Club, Buford TEHA Club, and the C-City Lake Extension Club.

Letters to the Editor

Goal superseded

TO THE EDITOR: Once again, the support from the Colorado City area for the Girl Scout program has been overwhelming! We have just finished our 1989 cookie sale, and once again the community has helped us supersede our goal. Now, even more opportunities will be offered to girls!

Girl Scouting is the largest organization in this country for women. It represents a world of opportunity and a vast array of choices. It's girls growing up - learning to be leaders as they enter the 21st century. It's little girls learning the importance of developing values and a sense of self-worth as they interact with their peers. Cookies help make these opportunities happen.

All proceeds from the Girl Scout cookies sold in our area stay in our area. Our Council uses the money to purchase equip-

ment, maintain camp, and provide camperships and special program opportunities for our girls.

Individual Girl Scout troops keep a certain portion of the proceeds and decide themselves how to spend the money they have earned. The money will be spent on activities ranging from community service projects to visiting the Ramses exhibit in Dallas.

For Girl Scouts, the cookie sale is a very special learning experience. Participating in the sale teaches girls about business and how to meet the public. It builds their self-confidence. On behalf of the West Texas Girl Scout Council, I thank you - the community, who continually supports the Girl Scout program and makes it successful. You make Girl Scouting what it is today!

Sincerely,
Nancy Henderson
Executive Director
