

On The BEAM

J. W. KING, SR.

Just one more week until the Loraine Community Fair. Do you have your exhibits planned for the various departments and do you have your entry for the parade? If you have not, time is drawing to a close. Let's all cooperate and help to make the Loraine Community Fair one of the best we have ever had.

This community, along with hundreds of others in Texas, needs to show more community spirit and cooperation or else we will let a few in the capitol at Austin dictate to us whether we maintain a school in our town or are forced to abandon our school property and send our children elsewhere to school.

May I suggest that the people of this community get together and make plans of our own for our schools and let the educational agency in Austin know how we stand.

Since the Republican administration of Herbert Hoover, the Democratic party has been in power 28 of the years that have intervened. During the Hoover administration the gross national product of the United States amounted to 32 billion dollars a year. Now, in 1968, the gross national product is more than 581 billion dollars per year. Why abandon the party at the coming election that has made prosperity so great? You may think you are voting for the man and not the party but when you vote for the man you get the party he represents. Stay with the party you voted for last spring.

Homecoming Date Set For Nov. 9th

A spokesman for the Loraine High School Homecoming stated that the date has been set for November 9th.

As in previous years, hundreds of invitations will be mailed to Loraine High Exes. In order to do this, more efficient, up-to-date addresses must be kept of ex-students. If you have one in your family whose address has changed during the past year, or if there is someone whose name has never been on our files, please notify Weldon McCollum, Mrs. James Watkins or Mrs. Ray Preston.

Further announcements will be made regarding Homecoming plans, etc., as the date approaches.

Junior High Meets Forsan Here Sept. 19

The Junior High football team will play Forsan here at 7 p.m. Thursday, Sept. 19.

Come out and help boost this team.

Loraine Band Boosters Club Elects Officers for 1968-69

In a meeting of Loraine Band Booster Monday night, new officers were elected for the new year. Elected President of the Club was Mrs. A. Baumann, who took over the meeting and presided for election of the following officers: Vice President, Archie Scarbrough; Secretary, Mrs. J. W. Boyd; Treasurer, Mrs. Herbert Mearse.

Discussions at the meeting included fee's on horns owned by the school. Beginning next semester, a fee of \$5.00 per semester will be due on the horns the children use, owned by the school.

It was also decided that contracts will have to be signed on both uniforms and horns, this also was mentioned, and passed on. The uniforms carry a \$5.00 fee for those using them, and this fee was set at \$5.00 per family instead of per child as some seem to think. This is the reason for the contracts so that all will know just what the responsibilities of caring for and handling the uniforms and the school-owned horns.

The next meeting will be in January, before the band goes into the concert season. The Band Boosters, as most of you know, have the concession stand on the West side of the football field. You are encouraged to make it a point to patronize this concession stand, and also the concession run by

the Junior Class on the East side of the field. Each could use your support.

REV. CLARENCE MINTON

Minton Family Moves to Loraine

Rev. and Mrs. Clarence Minton, with 13 year old son David and Cathy, 10, moved into the First Baptist Church parsonage last Tuesday, after Rev. Minton had accepted a call as pastor of First Baptist Church here.

The Mintons came to Loraine from Blackwell, where he had served as pastor of the First Baptist Church for almost two years.

Rev. Minton graduated from Snyder High School and attended Howard County College and Moody Bible Institute.

Mrs. Minton, the former Doris Lovall, is a native of Missouri.

Rev. Minton is the son of Alvis Minton of Snyder and the late Mrs. Minton.

He preached his first sermon as pastor here Sunday, and after services Sunday night, the family was honored at a reception in the church fellowship hall, and presented an "old fashioned pounding."

Mrs. Hubert Thomas read an appropriate poem about "leaving old friends and making new ones." and Mrs. Melvin Baumann accompanied at the piano as Mrs. J. C. Hall Jr. and Ray Preston led in a sing-song.

Refreshments of frosted punch and cookies were served from a lace laid table, centered with an arrangement of yellow daffodils.

The program will be continued at the site of the marker, located in a rest area between Westbrook and Itaen.

Mrs. Witt Hines, Chairman of the Mitchell Co. Committee, extends a cordial invitation to everyone. "If it is not possible to attend the dinner, come for the program," said Mrs. Hines.

Joe Albright, of Andrews, visited his mother, Mrs. Pearl Albright, Mrs. Emma Land and Miss Ollie Mae Martin in Johnson Hospital Saturday afternoon.

Bulldogs Lose Opening Game To Hermleigh, 28-23, Friday

The opening of the 1968-69 football season began with a nightmare before the final whistle sounded last Friday night at Johnson Field, as the Hermleigh Cardinals and Bulldogs met in the opening game.

The Loraine team doubled Hermleigh in first downs, yard-gains, and repeated touchdown runs called back. After it was all over, the Bulldogs lacked five points of evening the score on the big board.

Putting on a very pleasing display of football talent, the

Bulldogs compiled 23 first downs to 13 for Hermleigh, had an impressive 407 yards rushing to 213. Tim Hamilton carried for 56 yards and did a fine job of blocking for his teammates as he quarterbacked the club for the opener. Stanley Hackfeld following fine blocking of the Bulldogs, totaled 237 yards, to lead in this department. Terry Brewer, besides turning in a fine game, proved that he could also carry the football, as he compiled 114 yards. Terry scored 6 points. Stanley, 14 and Tim scored 1 point. The team scored one safety to total the 23 points.

Hermleigh, operating from the 1 formation most of the time, scored with Burton going over from the 4 yard line. Chorn added 2 points on the PAT. Chorn proved to be the work-horse for Hermleigh, as he scored 16 points. Sandefer scored 8 points to give the team a total of 23 points.

The Bulldogs never did give up and were knocking on the door as the final whistle ended the game. The Bulldogs will go to Sands (Ackerly) to play Saturday night, instead of Friday as was announced. This is Homecoming for the Sands Mustangs and the Bulldogs hope to change the story of last Friday night. Let's back the Bulldogs this year. All The Way, Team.

Statistics
First downs - 23 - 13
Yards Rushing - 407 - 213
Passing - 1 for 4 - 3 for 14
Punts - 35 yds. - 3 for 95
Penalties - 7 for 95 - 5 for 45
Fumbles lost - 2 and Hermleigh 1.

Some Special Rules Concerning Community Fair Exhibits

In order to have a good fair, everyone must abide by the rules. Otherwise confusion will arise. Below are some of the special rules for the fair:

1. All entries in the departments must be the products of 1968 (except when specified otherwise in the rules) and must be grown or raised by the exhibitor.

2. All departments except flowers will be open to receive entries on Thursday, from 2 to 6 p. m., and on Friday from 8 to 9 a. m. Flowers should be brought in Friday and entries will be received until 11 a. m.

3. After the entry of the exhibits, same shall be under control of the Superintendent.

4. Judges shall, without bias, consider merit only in making awards.

5. Exhibitors who desire to claim their exhibits at the end of the Fair, may do so after 6 p. m. Saturday, September 28, and no earlier.

Every exhibitor should abide by this last rule. This rule applies to every department. If exhibits are permitted to be taken out earlier, those who come to see them will be deprived of the privilege.

To make an exhibit of grain sorghum and corn, 5 (five) heads or ears are required. Seeds, including grasses, grain and legumes, the exhibit is one (1) gallon. Bundles of forage should be 5 inches at the base. Cotton stalks, 1 of each variety (with all foliage stripped), open bolls 20, lint 1 pound direct from gin, cottonseed 1 gallon.

If you are not sure about the number of each vegetable to bring for an exhibit, bring a good supply so that the proper

number may be selected. Those who take the entries will have sets of the rules and will help you arrange your exhibit.

Other departments include fruits, both fresh and canned, also canned pickles, preserves and jellies, antiques, needlework, and of course, the flowers and art.

Chamness Saves Drowning Child

MICKEY CHAMNESS

The following story is taken from the Kodiak Bear, U. S. Naval Station in Kodiak, Alaska, telling of the rescue of a child there by a Lorraine boy, Mickey Chamness, son of Mr. and Mrs. Wesley Chamness. Mickey is stationed in Alaska with the U. S. Navy.

The story goes:
"Six year old Steven Ashford is alive today, and Naval Sta-

tion sailor SN M. D. Chamness is the reason why.

"Last Saturday Chamness pulled Steven off the bottom of the lower Kodiak reservoir. The boy was blue and unable to breathe, said Chamness, who is guard mail driver for the Naval Station.

"The rapid succession of events, which included locating the boy, towing him out of the reservoir and administering mouth-to-mouth resuscitation, occurred about 4 p. m. Saturday.

"Chamness and his wife were visiting in the Ashford home when an older brother of the victim ran into the house and said his brother had fallen into the reservoir nearby.

"In quoting Mickey about the rest of the story, he says: 'We ran to the reservoir, but Steven wasn't in sight. The older brother said he fell in about 25 feet out on the dam, I kicked off my shoes and dived in. The third time I went under. I found him on the bottom, and pulled him up and began the mouth-to-mouth resuscitation. In the meantime my wife had called the police. The boy's father arrived and he continued the resuscitation until they reached the hospital. Mickey said the boy had begun to regain his breathing after he administered the life saving technique for a few minutes.

"I blew into his mouth, forcing water out of his nose. After his mouth and throat were clear, I sealed off his nose and began pumping air into the boy's lungs.

"After treatment at the hospital, Steven was at home and the only apparent after effect was a sore throat."

Mike Walker Heads FFA Chapter

The FFA met last week to organize and elect officers for the new year. Mike Walker was elected President; Robert Dale Finley, Vice President; James Lee, Secretary; Tim Hamilton, Treasurer; Frankie Stewart, Reporter and Ricky Walker, Sentinel.

In a meeting Monday night, ten members received the Green Hand degrees.

A District FFA meeting was held at Ira, Wednesday, Sept. 18. Mike Walker is District Reporter and Ricky Walker, District Sentinel.

CATTLEMEN'S ROUND-UP SALE TO BE HELD SEPT. 30

With the eighth annual Cattlemen's Round-Up for Crippled Children coming up Sept. 30, District Judge Raleigh Brown, president of the benefitting West Texas Rehabilitation Center's board of directors, admits to being asked one question more often than any other.

The question is, "What ever happened to all that money?" The money in question being the \$170,000 which supporters donated in a three-week period last January when it was announced that the WTRC was having financial problems.

Payments made from the \$170,000 included: \$66,000 to pay off loans from three Taylor County banks, \$28,000 to provide matching funds for a federal grant to construct a new wing, and \$30,000 to pay debts left over from the 1967 budget and

the January payroll. The remainder of the donated money proved to be inadequate to carry the WTRC through the following eight-month period.

"Since the Round-Up was founded in 1960, it has annually provided about one-third of the non-profit Center's operational budget, with the rest coming from memorial gifts and various United Funds," Judge Brown explained. "Therefore we need a bigger and better Round-Up than ever to keep us in the black."

"Anyone wishing to donate to the Round-Up is encouraged to contact his area chairmen or the West Texas Rehabilitation Center, 460 Hartford, Abilene, or telephone area code 95-692-1633," Judge Brown said. The donated cattle will be picked up by volunteers and transported

free of charge to the Ranchers and Farmers Livestock Commission, site of the Sept. 30 cattle auction.

Steve Marth, of McMurry College, spent the weekend with his grandparents, Mr. and Mrs. H. G. Hallmark. Others visiting Friday night and Saturday were Mr. and Mrs. Aubrey Phillips and children of Odessa.

Mrs. H. G. Denson spent last week in Junction with a son and family, Mr. and Mrs. Larry Denson.

Mr. and Mrs. Lloyd Wiggins spent the weekend in Hamilton visiting her father, J. E. Redden.

Mr. and Mrs. Bill D. Madden, Mike, Gary and Brad of Odessa spent the weekend with her parents, Mr. and Mrs. A. G. Mercer.

Mr. and Mrs. R. H. McDaniel spent the weekend in Cross Plains visiting relatives.
