U. S. Military Leaders Slate Far East Trip

By GEORGE DURNO
INS Staff Correspondent

WASHINGTON, Dec. 30 — The joint chiefs of staff said today they will go to the Far East early in February and will receive Gen. Douglas MacArthur's personal report on Communist-threatened Formosa.

Gen. Omar N. Bradley, as chairman of the joint chiefs, is to head the top-level mission on what is announced as an inspection trip.

The Defense department said that the military leaders will not visit Formosa, Korea or the Philippines, but will receive a full report on those areas from MacArthur in Tokyo.

Policy Switch Seen

However, announcement of the trip added emphasis to reports that in a policy switch the United States is considering giving definite aid to the Chinese Nationalists in their struggle to hold Formosa.

State department spokesman Michael J. McDermott said that "a number of informal approaches through different channels" have been made for U.S. military guidance of Formosa's defenders.

Besides Bradley, the joint chiefs include Gen. J. Lawton Collins, Army; Admiral Forrest P. Sherman, Navy, and Gen. Hoyt S. Vandenberg, Air Force.

To Inspect Commands

The official announcement said that the nation's military leaders will inspect the joint commands established in Hawaii and Japan and surrounding areas.

The joint chiefs previously have made similar inspections of European and Alaskan commands.

The announcement said tersely that the Far East trip has been "contemplated for several months but this is the first time in which all four officers could get away at the same time."

Mission Considered

Top American officials are known to be considering dispatch of an American economic-military mission to Formosa, and it is believed that a final decision depends on recommendations of the joint chiefs.

Senate Foreign Relations Chairman Connally (D-Tex) called for an American military group to be sent to the island to survey the

Reds May Attack U. S. China Policy

LAKE SUCCESS, N. Y., Dec. 30 (INS) — Sources close to the Soviet UN delegation said today that Russia may soon raise charges of armed interference by the United States in "territorial rights" of the Chinese Communist republic.

These spokesmen said the Russian diplomats at the UN, in Washington and in the Far East have been instructed to watch all developments in Formosa with special care and to report every move undertaken by the U. S. toward bolstering the Nationalist position.

Part Of Plan

The sources disclosed that yesterday's Soviet denunciation in the Security Council of Tingfu F. Tsiang as no longer representing China was part of a calculated plan to counteract American moves in the Far East by striking hard at Nationalist prestige.

Any hard and fast decision by the United States to help the Nationalists hold Formosa against Chinese Communist leader Mao Tze-Tung is regarded at Lake Success as tantamount to an open move to contain Soviet expansion in Asia. In such a case, it is a foregone conclusion among the dele-

Okay Of Proposed Annexation By Houston Voters Indicated

HOUSTON, Dec. 30. (AP) — An annexation proposal that would double Houston's area and boost its population to an ertimated 619,000 people appeared to have been a certain winner in today's special election.

E. T. Morgan, one of the leaders of the opposition, conceded defeat an hour before the polls closed officially.

He said an unofficial tabulation of ballots in his North Side Houston area gave 4,328 votes for annexation and 2,913 against.

Unofficial totals at the city hall at 6 p. m. favored the proposal, 2,343 to 658.

An estimated 10,000 to 12,000 participated in the election.

"IT'S BEEN A GREAT YEAR . . ."

HST To Push Welfare Plan

By FELIX GOTTEN
INS Staff Correspondent

WASHINGTON, Dec. 30 — The White House disclosed today that President Truman will ask Congress to drive forward with his entire domestic welfare and foreign cold war programs in his "state of the union" message next Wednesday.

Presidential Press Secretary Charles G. Ross told newsmen that "by and large" Mr. Truman will call for enactment of the board plan he has spelled out in many previous messages.

Ross said he did not think there would be any "surprises" in the 5,000-word message, which will be delivered in person before a joint session of the House and Senate next Wednesday at 12 noon CST.

Tax Request Expected

Past utterances indicate that the President will ask Congress for tax increases to wipe out the government deficit, estimated at $5.5 billion in the current fiscal year. He recommended last year a $4 billion boost in corporation and higher bracket individual income levies. Congress took no action.

This year he may couple a proposal for increases in these taxes with a request that excise taxes be reduced on transportation, communications, and possibly some other things.

Treasury Secretary Snyder refused, however, to say anything about the tax recommendations after the President had read the "state of the union" message to his cabinet in a lengthy two hour and 20 minute discussion.

Snyder said:

"The President will announce his own tax program — I haven't seen the tax program yet."

Asked About Program

Asked whether that meant there would be a tax program, Snyder shot back:

"I haven't said a thing. The President will tell you about any

Lubbock Joins Nation In Observance

City, Area To Say Hello To New Year

LUBBOCK will join with the rest of the South Plains and the nation in welcoming in the New Year tonight, with those who wish having the choice of various dances, moving picture previews or private parties for their night's entertainment.

For a few short hours, at least, most Lubbockites will forget the troubles of the world, and even the growth of Rita Hayworth's baby, as they join in the merry-making.

Even the weatherman seemed to be co-operating, as the U. S. weather bureau here forecast that clouds hanging over most of the area Friday would break up some time today, promising blue skies for the holiday weekend. A cold front moving toward the plains is expected to reach Lubbock some time tonight to hover over the region through Monday and force the wearing of extra clothing for the entire period.

Parties Scheduled

Numerous private parties have been scheduled over the town for tonight and amusement places are "going all out" to provide some of the best entertainment of the year as they vie for the patronage of the thronging celebrants.

At least two Lubbock movie houses are planning midnight previews, the Lindsey offering "On The Town", starring Frank Sinatra, and the Clifton featuring "The Great Lover", with Bob Hope. Box office time has been set for 11 p.m.

Dance music into the "wee small hours" of the morning will be offered by most of the clubs in the city, while a number of private dances and parties will provide more spaces for the tradi-

Coal Operators Combine Forces

WASHINGTON, Dec. 30. (AP)— Northern and Midwestern soft coal operators, whose mines account for more than 111 million tons annually, today joined southern operators in charging John L. Lewis with unfair labor practices.

They joined the Southern Coal Producers association in asking the National Labor Relations Board for an injunction against the three-day week ordered by Lewis for his United Mine Workers.

Both operator groups complained that Lewis and the mine workers are guilty of an unfair labor practice under the Taft-Hartley act.

Coercion Charged

Their chief arguments were that Lewis has refused to bargain and that the UMW president and the miners are seeking to coerce employers into making an illegal contract.

The illegality refers to the union shop arrangement contained in the 1947-48-49 contracts. The Taft-Hartley act requires elections among employes before a union shop agreement can be made. There has been no such election among the 400,000 soft coal miners.

The three-day work week was first imposed by Lewis last summer and again in December during negotiations for a new contract.

The northern operators com-

Stock Market Hits New High For Year

NEW YORK, Dec. 30 (AP) — A last-minute burst of buying carried the stock market to a new 1949 high today and just short of the highest level since August, 1946.

Trading volume was the second largest for the year, with 2,090,000 shares changing hands.

Leading issues raced up a few cents to around $2 a share, many to new highs for the year.

Automobile stocks were in heavy demand most of the day. The rest of the market, though, fumbled around until the final hour when buying orders streamed into the exchange for all types of stock.

During the week, despite a setback on one day and considerable confusion on another, the market value of all stocks listed on the exchange increased by around $1 billion.

The Associated Press average of 60 stocks advanced today 50 cents to $72.20, only a trifle under the 1948 peak of $72.40 which in turn was tops since August 1946.

Today's rise, latest in a move which started in mid-June, was maneuvered against a background of highly optimistic predictions for business prospects in the first half of 1950.

'STORMY WEATHER' TO FOLLOW

Cash Registers In Nation's Bars To Keep Tune To 'Auld Lang Syne'

By JOHN DE LORENZI
INS Staff Correspondent

NEW YORK, Dec. 30. — New Years celebrants who plan to greet 1950 in a night club will find that there's a down payment to start the evening to fit every purse but that the upkeep will be terrific.

A nationwide survey by International News Service shows that New Year's-minded celebrants can spend it anywhere from the neighborhood bar — without a cov eror minimum — to the plushy Billy Rose's Diamond Horseshoe where things start at $20.

Prices are down from last year —but that means only the price of the cover charge, not the liquor. And most places have done a land-office reservation business and have been forced to hang up the S. R. O sign.

New York—which will have the biggest celebration and the biggest hangover—will be jammed with crowds hoping to give a rousing farewell to the first half-century. The wary police have assigned 1,000 detectives and policemen to Times Square duty alone.

But most of the celebrators will

Local Union Members To Meet Tonight

By CLIFF BLACKBURN
Avalanche Staff Writer

MEMBERS of the three local unions of the Communications Workers of America in Lubbock were notified Friday night by the union's St. Louis headquarters to "stand by" for a walkout on the Southwestern Bell Telephone company after midnight tonight. About 245 phone employes would be called off the job.

Instructions were telegraphed to Jack Lovelace, strike director of the local union of the telephone company here, as negotiations and conferences between the union, phone company officials and federal conciliators bogged down in St. Louis late Friday. More than 50,000 telephone company workers in six states stand poised to strike if the union's present plans remain unchanged.

Members Are Notified

All members of the three locals in Lubbock that could be contacted were alerted Friday night, Leo Saffell, head of the plant union local, stated. Other union members will be contacted today, he said.

The heads of the other two locals in Lubbock are Harley Mansker of the commercial local and Mrs. Blanche McCallum of the traffic local.

The members of the three unions will meet at 7:30 p. m. today on the second floor of the courthouse in the 72nd district courtroom.

Purpose of tonight's called meeting is to make final plans for the walkout here if it is called from St. Louis headquarters as it now appears it will be. Plans for picket lines, strike headquarters and other details were made at a meeting several days ago, it was revealed.

The union is seeking a 15-cent an hour wage increase, job reclassifications in some cities and shorter hours for night shift workers.

Dial Service Not Affected

Local telephone calls will not feel the pinch of a strike as the Southwestern Bell Telephone company in Lubbock operates on a dial system. Long distance phone calls alone will suffer under the possible strike walkout.

Approximately 4,000 long distance calls are received in Lubbock in a 24-hour period and a little less than that number are sent out.

Saffell said that in case of a walkout tonight or in the future, the local will set up emergency crews to handle any service needed in event of a major emergency in Lubbock or the area. "We will notify the mayor, city officials and heads of various public institutions that we will be available at all times to handle any emergency which might arise," he

DEAD 'PILOTS' CLAIMED FOUND

Strange Tale Of 'Flying Saucers' Bolstered By Denver Businessmen

(By The Associated Press)

AMARILLO, Dec. 30. — A story of flying saucers piloted from another planet by tiny, man-like creatures is told by Wes Izzard, editor of the Amarillo Daily News, in his column for tomorrow morning's paper.

Izzard says he got a tip from a Kansas City man that two Denver businessmen could give him the story. He telephoned them and they did, he says in his column, "From A to Izzard," which appears daily in The Morning Amarillo Daily News.

His informants told him they had pieced the story together over a period of eight months from observation and from talks with a group of scientists who visit Denver frequently.

Izzard, admitting the yarn is second hand, says it could be a hoax. But he says both Denver men have reputations as sober, sound, responsible citizens. Both, he says, seem sincere and baffled.

He identifies them only as

WET ROADS ARE BLAMED

Five Persons Are Injured In 13 Accidents In Area

THREE traffic mishaps within 10 minutes on a rain and mud-slick highway seven miles southeast of Southland Friday afternoon left four vehicles damaged and four persons injured, none seriously enough to require hospitalization.

In addition, Lubbock police reported nine mishaps in the city and one on East Broadway up to 11 p.m. The only injury recorded here occurred in the East Broadway accident, bringing the area total to five persons hurt in 13 traffic accidents Friday afternoon.

The chain reaction began at 1:20 p.m. on a muddy stretch of the Lubbock-Post highway when a 1949 Lincoln sedan driven by W. O. Bearden, 43, of 3302 Twenty-seventh street, skidded off the highway and overturned at least twice.

Bearden was treated at a Post hospital for a back injury and was returned to his home in Lubbock. His wife, 31, and daughter, Vicki Lynn, 3, received bruises and minor cuts.

Owns Theater

Bearden is owner of the Arcadia and Chief theaters in Lubbock, and also owns theaters at Amarillo and Clovis.

Texas Highway patrolmen said the Bearden car was "worthless" after the mishap. They reported the accident came as Bearden, driving south, was overtaking another car to pass. He apparently applied his brakes and the rear end of the car whipped around on the slick roadway.

Second mishap in the chain came five minutes later when L. G. Hackney, 24, of Abilene, driving a 1948 Dodge panel truck, saw the wrecked Bearden car and attempted to stop on the highway.

Truck Overturns

The truck skidded and overturned, but neither Hackney nor his young son riding with him were injured. Hackney was driving south, and his truck overturned about 100 feet north of the first mishap.

Two cars tangled at 1:30 p.m. to complete the triple play, send-

See FIVE PERSONS Page 3

Cooler Weather Is Forecast For Area Tonight, Sunday

A damp and gloomy overcast which has darkened Lubbock and the surrounding vicinity since Thursday was expected to be dispelled sometime this morning by gentle breezes blowing from the southwest.

But the threat of rain early this morning still remained strong with the possibility that the low-hanging clouds would add to the slightly more than .25 inch of rain recorded at the Weather Bureau station here Thursday night and all day Friday.

Cold Weather Seen

Temperatures during the day today are expected to remain about the same, but more freezing weather is expected to hit Sunday morning and Sunday night with the disappearance of the clouds which have been more

50,000 Set To Quit Posts In Six States

(By The Associated Press)

ST. LOUIS, Dec. 30. — Present plans call for a strike by 50,000 telephone company workers in six states anytime after midnight tomorrow, a union official said late today.

He made the announcement shortly after a fruitless conference between the union, Southwestern Bell Telephone company officials and federal conciliators broke up.

At the same time Gov. Forrest Smith of Missouri told reporters at Jefferson City he still had hopes of averting a strike.

Smith warned that if the strike is called, the state of Missouri, armed with a law barring strikes against public utilities, will "throw the book at them."

Earlier today Everett E. Cotter, attorney for Southwestern Division 20, CIO Communications Workers, stated flatly: "As things now stand, the strike will start at midnight Dec. 31."

This was modified late today by Frank P. Lonergan, vice president of the union.

"As of this moment, we have not changed our plans for a strike anytime after midnight Dec. 31, Lonergan said.

Reminded of Cotter's earlier statement, Lonergan continued:

"I cannot say we will not strike tomorrow midnight nor can I say that we will. I will know more about that tomorrow afternoon.

"As of now we will not give a definite time."

Another Meeting Set

Today's meeting between company and union officials was called by Federal Conciliator A. E. Johnson. It was recessed until 10 a.m. CST Tuesday and Johnson said both sides had agreed to meet at that time.

"I can't report any prograss," he said.

Asked whether he thought the strike would begin Sunday, he said: "I do not know, but we could negotiate even if there were one."

A peace plan was advanced last night at a conference of governors or their representatives from the six states affected — Missouri, Kansas, Oklahoma, Arkansas, Texas and Illinois.

It called for a 15-day period of negotiations and, in the event no settlement was worked out in that

Vet Refunds To Begin On Jan. 16

WASHINGTON, Dec. 30. (AP)— The government will begin pouring the huge $2,800,000,000 GI insurance refund into the hands of 16 million veterans on Jan. 16.

Announcing this today, the Veterans Administration said it hopes to get most of the checks to policyholders by June 30.

The checks will range from 90 cents to $528, with an average of about $175.

Government economists expect a stimulating effect on business. It is the No. 1 factor experts have cited in predicting good conditions throughout the first half of 1950.

Some Effect Felt

Some effect of the insurance refund already has been felt in spending by way of credit.

George N. Craig, national commander of the American Legion, said Legion surveys indicated the recipients would do about what World War I veterans did when they got a bonus.

"First of all, they probably will pay off their old debts," Craig said.

"Much of the rest is likely to go into homes, real estate, cars, in that order."

The Veterans Administration said its goal will be the mailing of 200,000 checks daily or one million a week.

It said it has received 14,225,000 applications.

Miss Henson Is Married

On Friday, Dec. 23, at 7 p.m., Miss Teresa Jane Henson, daughter of Mr. and Mrs. W. A. Henson, Route 5, Lubbock, became the bride of Weldon D. Revel, son of Mr. and Mrs. W. C. Revel, Gouldbusk. Rev. C. J. McCarty, pastor of Calvary Baptist Church, read the double ring service in the home of the bride's parents before a mantel banked with white spruce and blue Christmas decorations.

The bride was attended by Miss Wanda Clark, Lubbock, and former classmate of the bride. Best man was Don King, Jacksboro. Candlelighters for the ceremony were Helen Andria Henson, niece, and Harold Wayne Henson, nephew of the bride.

For her wedding, the bride chose a white silk faille dress, ballerina length, with a pearl bead trimmed silk lace and nylon net tiara and matching lace mitts. She carried an arm bouquet of white carnations and lily-of-the-valley tied with white satin ribbon streamers and placed atop a white Bible. The maid of honor wore a green silk faille dress made identical to the bride's and carried an arm bouquet of pale pink carnations.

Reception Given

Following the ceremony, a reception was held in the home of the bride's parents. After the bride and bridegroom had cut the first piece of the two-tiered wedding cake, on which stood a miniature bride and bridegroom, cake was served by Mrs. LeRoy Gaines, sister of the bride, and punch was served by Mrs. Henry Henson, sister-in-law of the bride.

For traveling, the bride chose a brown sharkskin tailored suit with brown accessories and a corsage from her bridal bouquet.

Both the bride and bridegroom attended Texas Technological college where he received a B. S. degree in vocational agriculture last August. The bride is a vocational home economics major and a junior.

After a trip to points in South Texas, the couple will be at home in Seagraves. The bridegroom is teaching vocational agriculture at Loop.

Those present for the wedding besides the bride's parents were: Mrs. Don King, Jacksboro, Mrs. Mattie Edwards, Amarillo, aunt of the bride, Mr. and Mrs. Ben Henson and sons, Meadow, brother of the bride, Mrs. Henry Henson and daughters, Vernon, sister-in-law of the bride, Mr. and Mrs. Glen Martin, Lubbock, Mr. and Mrs. LeRoy Gaines, Childress, sisters of the bride, and Mrs. Lawrence Magee, Lubbock, a former teacher of the bride.

Idalou Club Holds Program On Bible

"The Bible is a window in this prison world through which we may look into Eternity" was the theme of the program presented before Idalou Junior Civic and Culture club Wednesday afternoon with Mesdames H. G. Denison and Leo Bullock as hostesses.

Mrs. H. E. Searsy gave a prayer; Mrs. Sid Capshaw gave "Facts Concerning the Bible" and Mrs. Weldon Boyd, a guest, told a Bible story.

Mrs. Donald Thorp was voted a member and Miss Sue Robinson was a guest.

Mrs. Corky Bozeman was leader and roll call was answered with quoting a favorite scripture.

Davis Family Will Attend Carnival Of Cotton In Memphis

Mr. and Mrs. Roy B. Davis and two sons, Dan and Bennett, 1901 Twenty-ninth, are leaving this morning for Memphis, Tenn., where they will attend the annual Cotton Carnival staged by the cotton interests of the country.

Mr. Davis has been selected as one of the seven judges for the Maid of Cotton contest, one of the features of the carnival, which will be staged Jan. 1, 2 and 3. Davis, manager of the Plains Cooperative Oil Mill, was named as a representative of the cotton industry of the Southwest to the judges committee.

Chairman of the judges committee is Virginia Pope, fashion editor of the New York times.

The Maid of Cotton will make numerous appearances throughout the U. S. and Europe during her year's reign.

Personals

Mr. and Mrs. Robert Pardue of Houston are guests of his parents, Mr. and Mrs. G. V. Pardue of 1917 Thirteenth. From here, the Pardues wil go to Dallas where they will attend the Cotton Bowl game.

Mrs. A. G. Odom of 2402 Fifteenth spent the first part of the holidays with her daughter, Mrs. W. K. Davis, and family in Houston. After her return to Lubbock she had as guests another daughter, Mrs. Robert L. Gray, and children of Midland.

Mr. and Mrs. Harry Hall of 1410 Ave. X have returned home after a visit with friends at Colorado City, Robert Lee, Midland and Stanton.

holiday trip to Graham was made by Mr. and Mrs. Billy Chambers of 2402 Fifteenth. They were guests of his parents there.

Guests of Mrs. A. L. Robertson of near Slaton are her daughter and son-in-law, Mr. and Mrs. Kenneth Kimbro of Austin. The Kimbros, former Lubbockites, will be accompanied by Mrs. Robert son to the Cotton Bowl game.

Mrs. C. M. Kaigler, 1402 Ave. T, has recovered from flu and will resume her classwork Tuesday.

Mr. and Mrs. E. E. Rodgers, jr., are spending several days in Tulsa as guests of Mrs. Rodgers' sister, Mrs. W. A. Lewis, jr., and Mr. Lewis. They will return to Lubbock during the weekend.

Mr. and Mrs. W. J. (Bill) McCrary and children, Joe Pat and Layna Carol, of Cushing, Okla., are guests of his parents, Mr. and Mrs. W. O. McCrary of 2101 Eighth. They will remain until Jan. 8.

California Guests Are Returning Home

Mr. and Mrs. Leonard L. Stephens and children, Leonard Wesley and Diana May, are returning to their home in Long Beach, after spending the Christmas holidays here as guests of her parents, Mr. and Mrs. Wesley P. Red, 2401 Twenty-fifth.

Mrs. Stephens is the former Miss Virginia Elixzine Red. Her husband formerly lived in Amarillo.

Mrs. C. M. Kaigler, 1402 Ave. T, has recovered from flu and will resume her classwork Tuesday.

RING OUT THE OLD, RING IN THE NEW . . . Little Mr. 1950 is ready to start a new year and a new half century, properly dressed for the momentous occasion in an exquisite hand-made and hand-embroidered christening robe of organdie, designed by Alfred Leon.

Open Houses, Dances Are Planned Today

Diversions for today, the last of the year, will be traditional open houses and New Year's Eve cances.

A dinner-dance is planned by Assembly Dance club for tonight from 8:30 until 12 o'clock at Hilton hotel. Music is to be played by Bailey Ireland's orchestra. Host chairmen are Dr. and Mrs. Walter J. Howard.

Members of Lubbock Country club are invited to attend a New Year's Eve dance at the club from 9:30 p. m. to 1:30 a. m. Music will be by Conley Colburn's orchestra.

Hotel Lubbock will be the scene of Century club's New Year's Eve masked ball. Dave Fawcett's orchestra will play for dancing from 10 to 2 o'clock.

An informal tea dance is planned for this afternoon from 4 until 7 o'clock at Lubbock Country club. Hostesses are to be Misses Jean Eisenberg and Anne Tucker. The list includes 115 guests.

Abernathy Couple To Marry Monday

Miss Betty Reagan, daughter of Mrs. G. A. Reagan of Abernathy, and Bill Riley, son of Mr. and Mrs. Wayne Riley of Abernathy, are to be married Monday morning in Lubbock.

The wedding will take place at 10 o'clock at Broadway Church of Christ.

Today's Calendar

Assembly Dance club, 8:30 p. m., Hilton hotel, New Year's Eve dance.

Century Dance club, 10 p. m. to 2 a. m., Hotel Lubbock, masked ball.

New Year's Eve dance at Lubbock Country club, 9:30 p. m. to 1:30 a. m.

ACTRESS TO WED

HOLLYWOOD, Dec. 30. (AP)—It will be wedding bells on New Year's Day for ash-blonde Marilyn Maxwell of the films and Andy McIntyre, local restaurant owner. In obtaining the marriage license today, Miss Maxwell said the ceremony will take place at the Biltmore hotel in Santa Barbara, Calif.

As an anti-speculation measure, Paraguary prohibited gasoline service stations from selling gasoline, now scarce, in containers.

Lam-Tucker Vows Read

Miss Virginia Tucker, daughter of Mr. and Mrs. M. H. Tucker of 2501 Thirtieth, and Billy Gene Lam, son of Mr. and Mrs. E. S. Lam, 2810 Sixth, were married in the home of the officiating minister, Rev. Cecil A. Ray, Saturday, Dec. 24. A double ring service was performed.

The bride wore a light tan dressmaker suit with aqua and brown accessories and a corsage of white carnations.

Miss Frances Tucker, sister of the bride and maid of honor, was dressed in a gold wool jersey dress with brown accessories and a white carnation corsage. Bill Dane, brother-in-law of the bridegroom, served as best man.

Guests attended a wedding reception at the home of Mr. and Mrs. Calvin Tucker, 2702 Second, after the ceremony. Miss Frances Tucker and Mrs. J. L. Crosno served guests.

Mr. and Mrs. Law will make their home in Lubbock. The bride attended Lubbock High school and the bridegroom went to school at New Deal.

DALLAS MAN CLAIMED

DALLAS, Dec. 30. (AP)—L. E. Orcutt, 92, a second cousin of Civil War President Abraham Lincoln, died today at the home of a daughter here. Orcutt was born Nov. 17, 1857, at Springfield, Ill., Lincoln's old home town. He was a young boy when Lincoln was assassinated and rembered meeting the President, his father's first cousin.

MRS. CLARENCE E. OSWALT

Program Directed For Liberty Club

Mrs. J. A. Crawford was hostess to the Liberty Study club Wednesday for a program directed by Mrs. J. A. Onstott. Christmas superstitions were discussed by Mrs. Gayle Wallace; Carol Sue Crawford played musical selections and carols were sung. Gifts were exchanged by Mesdames O. A. Cocks, J. W. Hairston, Franz Hettler, J. W. Clark, C. E. Newton, Paul Roberson, Fred Motley, L. M. Hales and Clarence Martin.

Birth Announcement Is Received Here

Mr. and Mrs. J. E. Heinemann of Daytona Beach, Fla., are parents of a daughter born Thursday night at midnight. The mother is formerly Joyce Sawyer, granddaughter of Mr. and Mrs. J. E. Garrison, 1402 Main.

Wedding Is Read

In a ceremony read here recently Miss Betty Florence Conway, daughter of Mr. and Mrs. Harrison E. Conway of Wolfforth, became the bride of Clarence E. Oswalt, son of Mr. and Mrs. Clyde Oswalt of Wolfforth.

The bride wore a blue gabardine suit with a white lace blouse and gray accessories. Her corsage was of pink carnations tied with blue and silver ribbon. The tradition of something old, something new, something borrowed and something blue was carried out.

Mrs. Bob Conway, matron of honor, wore a navy blue crepe dress with a corsage of white carnations.

The bride's brother, Bob Conway, attended the bridegroom as best man.

Following the ceremony, a reception was held in the home of Mr. and Mrs. Bill Conway, brother and sister-in-law of the bride. The table was laid with a gold colored cloth and centered with a two-tiered wedding cake topped with a miniature bride and bridegroom.

After a wedding trip to Temple and San Antonio, the couple is at home on Route 5, where Mr. Oswalt is a farmer.

The bride is a graduate of Samnorwood High school and attended Texas Tech college. The bridegroom is a graduate of Wolfforth High school, where he was active in FFA work. He also attended Texas Tech.

SENATE RECORDS STILL CLOSED

House Members With Relatives On Public Payrolls Revealed

WASHINGTON, Dec. 30. (U.P.)—At least 90 of the 435 members of the House of Representatives have relatives on the congressional payroll.

Nine congressmen had two relatives each on their November payroll, the latest available for inspection, which was examined by United Press reporters. One congressman — Rep. Norris Poulson, (R-Calif)—had three daughters on the list.

Senate payroll records are not now open for public inspection, but Senate Secretary Leslie L. Biffle has announced that they soon will be.

Practice Is Legal

Employment of relatives by members of Congress is perfectly legal. Wives or other members of the family in many notable instances have been key figures in running important congressional offices.

President Truman had his wife working for him when he was a member of the Senate. John Nance Garner was notably assisted by Mrs. Garner when he was vice-president and former speaker of the House. So was the late Henry T. Rainey when he was the speaker.

Members of Congress now get an annual salary of $12,500, plus a tax-free expense account of $2,500 an dallowances for telephone, telegraph and stationery expenses.

Each congressman is allowed a maximum of roughly $20,000 a year to pay office help. No one employe can be paid more than $7,700.

Congressional records do not show — and are not required to show — when and how the members' employes put in their time. A check showed that most of the relatives who draw pay have jobs to do. Many put in long hours and take much of the load off the shoulders of their bosses.

Some work a few hours a day or a few hours a week; others rarely put in an appearance in the office. Some do typing, speech-writing, research, etc., at home.

Regardless of the amount of work done, a congressman can put any relative he desires on the payroll without in any way doing anything illegal.

It is a violation of law, however, for a congressman to take a kickback from one of his employes. That's what Rep. J. Parnell Thomas, (R-NJ) went to jail for.

Thomas' wife, Amelia, and his sister-in-law, Lillian M. Thomas, are on his payroll now and presumably will remain there until his resignation becomes effective Jan. 2. Thomas' conviction, however, was based on his taking kickbacks from other employes and not from his relatives.

Thomas' wife was on the November payroll for a monthly salary of $452.41. His sister-in-law was paid 101.06 for that month.

Rep. Usher L. Burdick, (R-ND), has called for an investigation of reports of other alleged cases of kickbacks. He proposed that a special House-Senate committee be established to make the investigation.

Members of Congress are reluctant, however, to investigate themselves or their members. Unless Burdick gets more support than has so far been indicated, the chances are that there will be no investigation.

It is understood that in some instances congressmen have put on their office payroll persons who are not relatives and who don't actually work there.

For example, one secretary failed to recognize the name of a person supposedly employed in the same office. In another case, a congressman still has on his payroll a person who, it is understood, not only doesn't work there any more but now makes his home in Florida. The congressman in this case is not from Florida.

One secretary, asked about the record showing the wife of her employer on his payroll, curtly told a reporter: "She won't be on the payroll any longer."

Another secretary said her employer's wife never comes to the office, although she is on his payroll. The secretary explained: "Mrs.———helps the congressman with his work at home."

NAMES OF RELATIVES ON PAYROLL GIVEN

WASHINGTON, Dec. 30 (U.P.)—Members of the House of Representatives who had relatives on their November payroll, the identities of the relatives, and their salaries included:

Allen (D-La), L. M. Allen, wife, $643.33
Carnahan (R-Mo), Mary K. Carnahan, wife, $585.18
Fernandez (D-NM), Dolores Cole, daughter, $343.78
Gathings (D-Ark), Tolise K. Gathings, wife, $222.23
Gross (R-Ia), Hazel E. Gross, wife, $404.13
Harris (D-Ark), Willie Harris, brother, $643.33
Hebert (D-La), Gladys Hebert, wife, $464.48
Karst (D-Mo), Erma M. Karst, wife, $259.29.
Larcade (D-La), Virginia B. Larcade, wife, $643.75
Morrell (D-Ark), Catherine D. Morrell, wife, $322.66
Rayburn (D-Tex), Robert T. Bartley, nephew, $903.83.
Steed (D-Okla), Richard N. Steed, son, $343.78
Sullivan (D-Mo), Leonor A. Sullivan, wife, $624.83
Trimble (D-Ark), Ruth M. Trimble, wife, $349.82.

Convict's Refusal To Join In Escape Effort Leads To Death

SUGAR LAND, Dec. 30. (AP)—The Harlem Prison farm warden said today a 37-year-old convict was stabbed to death today because he refused to escape with 10 other prisoners two years ago.

Warden Joe Hines said Augustine Casanova, under a life sentence for murder from Cameron county, was stabbed fatally with a knife in the farm dining room.

Hines said Avila Eulalio Luna, 24, serving a 10-year sentence from Harris county for rrobbery, admitted the stabbing.

The warden quoted Luna as saying he and Casanova have not been speaking to one another since Casanova refused to escape.

Luna and nine other convicts did make the 1947 escape but were recaptured within several days.

Expensive Tune Seen

(Continued From Page One)

be packed into hundreds of bars and nightclubs drowning the old year in toasts. Many of the more modest places will merely charge a minimum ranging from $2 to $5. Alert waiters, however, will see that most customers exceed the minimum.

The more sophisticated and lush spots, such as the Waldorf-Astoria's Wedgewood room, will start off with an $18 per person cover charge and work on up from there. For this the wide-eyed customer can hear two orchestras but must pay additional for all drinks he orders.

Chicago Matches Prices

The nation's second largest city—Chicago—can match New York price for price. You can ring in the new with a cold bottle of beer for 25 cents or spend $18.50 at the Northside's swanky Cameo club—which does not include the price of drinks. The intimate Pump room (capacity 180 persons) is charging $12.50 per person.

Most spots will give their guests noisemakers, paper hats and confetti to make merry in the traditional manner. Though most places report brisk business, some of the more raucous bistros with visiting firemen floor shows are offering taxi drivers who deliver patrons $1 for one with a top rate of $3 for a full load.

In cosmopolitan San Francisco all of the major hotels are offering package deals of floor shows, dinner and favors with the scales ranging from $8.25 to $15. Drinks, of course, will send the bills to more astronomical heights.

The smaller night clubs which feature more atmosphere than floor shows are counting on business on a first come, first served basis rather than depending on reservations.

Miami's glittering and opulent Gold Coast is set for another banner year with the city swelled by wintering tourists and the thousands who have arrived for the Orange Bowl game.

Swank Copa City, which sold ringside spots at $25 per person last year dropped the tag to a $20 cover, but most agree that dinner and enough drinks for the proper attitude will run the bill to $60 per person.

The nation's capital expects capacity crowds but Washington night club operators moan the curfew law which restricts drinking after midnight. Many planned to celebrate in Washington and then move on to more tolerant Baltimore where they can drink to 2 a.m.

In the heart of the Southland, Atlanta night clubs are offering a package arrangement for $5 which at several spots includes breakfast, noisemakers and favors.

Dallas, with one of the biggest Cotton Bowl game crowds in its history, offers night club entertainment at a $5 cover charge. The price goes up to $12 at hotels that also supply dinner. Liquor—due to state law—must be brought in by the customers.

Denver—Queen city of the dining and dancing at $10 a head at the swank Cosmopolitan hotel's Pioneer room. For the bleary-eyed ones who last until dawn they can get a special breakfast at $5 per person.

Because New Year's Day falls on Sunday celebrating will be cut off in many places at its peak by inflexible curfew laws. But this does not guarantee that there will be less hangovers than last year—drugstores are still counting on a rushing aspirin trade Sunday.

Local Union

(Continued From Page One)

stated.

To Set Up Picket Lines

In the event of a strike, picket lines will be set up by the union as they were during the 44-day walkout here in 1947.

At a meeting held here several weeks ago, members of the local union voted to support the strike at a ratio of much more than the 4 to 1 reported in the other strike-threatened areas, a union official disclosed Friday night.

About 31 non-union employes of the telephone company, not counting the supervisors and supervisory force in the office itself, will not be affected in the event of a walkout. Quite a few construction workers in the area, having their locals in Fort Worth, will strike with the rest of the union.

H. C. Cale, manager of the telephone company here, said: "We will welcome anyone now on our payroll, whether a union member or not, who wishes to remain on the job in the event of a strike." No new employes will be hired in case the union decides on its walkout tonight, however, Cale said.

The strike might hamper those living in Lubbock and the surrounding areas in the installation of new phones, Cale stated, but added that a maximum of 50 telephones on the installation list are all that will be held up.

Funeral Services For Terry County Man Still Pending

BROWNFIELD, Dec. 30. (Special)—Funeral services for Jimmy Metzger, 21, of Brownfield, who died Thursday from a head injury police said he received in a fist fight, still are pending.

Brownfield Funeral home attendants said arrangements probably would be completed Saturday, upon the arrival of the dead man's father.

Louis Loe, 20, of near Brownfield, charged with murder in the death of Metzger, is free on bail awaiting grand jury action Monday. Police said witnesses told them a brief fight had started between Loe and Metzger about five hours before Metzger was rushed unconscious to the hospital here. He died shortly afterward.

GABLE AND BRIDE IN HAWAII—Screen Actor Clark Gable and his bride, laden with leis, smile a response to an acclaiming crowd on the pier at Honolulu as they arrived aboard the liner Lurline to spend their honeymoon in Hawaii. (AP Wirephoto Via Radio From Honolulu.)

HST To Push Plans

(Continued From Page One)

program he has."

Mr. Truman will submit specific fiscal and economic proposals to Congress in his annual economic report and budget message. There is an outside possibility, however, that he will send up a special message on taxes.

The economic report is expected to go to Congress next Friday and the budget message the following Monday.

In the domestic sphere, the President will repeat previous requests for repeal of the Taft-Hartley labor act and enactment of civil rights measures and a greatly expanded social security program, including a national health insurance plan.

In the foreign field, he will press for continuation of arms aid, foreign economic aid, the "point four" plan for undeveloped areas, and more liberal displaced persons legislation.

The message will contain a strong statement of U. S. opposition to aggression against any country, although no specific reference will be made to Yugoslavia.

Ross said the message will outline the President's domestic and foreign programs "in a general manner." He added:

"It is a board program of action."

RENT CONTROL EXTENSION PREDICTED BY SOLON

WASHINGTON, Dec. 30. (INS). Senate Majority Leader Lucas (D.-Ill.), tonight predicted Congress will extend rent controls another year and increase corporation taxes if it repeals wartime excise levies.

Lucas told a news conference that the House and Senate will continue rent curbs in an effort to forestall further demands for higher wages. He explained higher corporation taxes would be necessary to offset any repeal of luxury levies.

The majority leader also said any further action on either Taft-Hartley repeal or passage of an administration health insurance bill in 1950 is unlikely.

Colder Weather Seen

(Continued From Page One)

or less an equalizing factor during the damp spell.

Because of a constant humidity, wavering near 100 percent throughout the day, and the overcast, temperatures Friday remained between 49 and 51 during the entire day, with early morning and late evening temperatures resting at 49, and afternoon temperatures rising to 50, and at one time, 51.

Wind from the southwest is expected to be fairly moderate most of the day, probably at speeds not to exceed 15 miles per hour.

The weather picture in Lubbock was comparable to that found in most other sections of the South Plains Friday, with the exception of Morton, which reported clearing skies late last night.

Lamesa reported overcast skies and a light precipitation during the day, while Crosby observers noted a continuous precipitation throughout the day similar to that in Lubbock.

Plainview experienced cloudy skies but no rain.

The slow drizzle raised the year's rainfall total here to 30.36 inches, far above the average of 19.15 inches, but with a .43 inch total, still below the monthly average of .79 inch.

Friday's fog and low clouds curtailed airline operations over the entire western half of the state. Braniff, Pioneer, and Continental airlines bypassed Lubbock, although several remained overhead for short periods with the hope that the ceiling might rise.

A state forecast for today called for occasional showers east of the Pecos valley moving to the northeast portion and upper coast regions Sunday.

Scattered showers fell over the state Friday and more of the same was forecast for today, the Associated Press said.

Rainfall was heaviest from Junction to Del Rio. Junction reported 1.02 inches in the 24-hour period ending at 6:30 p.m. Friday; San Angelo, 1.05, Del Rio, 1.29 and Ozona .97.

Other rainfall included .69 at Abilene, .09 at Amarillo, .36 at Big Spring, .30 at Presido, .10 at Mineral Wells and .15 at Marfa.

NEWS BRIEFS

Funeral services for R. L. Gray, 75, pioneer Borden county rancher who died Thursday, have been set for 3:30 p.m., today, in the First Methodist church at Snyder. Gray, who had been in ill health for two years, died of a heart attack.

Carmen Albarez, three-year-old daughter of Mr. and Mrs. Aniceto Albarez, a victim of carbon monoxide poisoning in the family car Thursday night, has been released from Lubbock Memorial hospital. Her 18-months-old sister Mary Lou, is still recuperating, her condition being described by attendants as "good."

William Lee Graham of Amarillo has visited the past week with his grandparents, Mr. and Mrs. A. L. Graham of 906 E. Fourteenth.

The regular Gideon breakfast and spiritual feast will be held Sunday at 7:30 a. m. in the Hilton hotel.

Five Persons Injured

(Continued From Page One)

ing Mrs. Dorothy Perez, 29, of Post route 1, to Mercy hospital in Slaton, where she was treated for shock and released.

She was a passenger in a 1941 Chevrolet sedan driven by her brother-in-law, Frank Perez, Jr., 32, of the same address.

Highway patrolmen said Perez driving north, apparently attempted to stop on the highway when a 1949 Buick sedan driven by B. H. Kube, 48, of Farwell, collided with the rear of the Chevrolet. Kube and his family riding with him were not injured.

Lorenzo Man Hurt

A Lorenzo man was treated for facial abrasions and lacerations Friday afternoon in West Texas hospital after being injured in a collision on East Broadway shortly before 4 p.m.

Police said the man, Ernest B. Quiett, 44, was passenger in a pickup truck driven by Billy B. Jones, 1, also of Lorenzo, when it struck the rear of a bobtail truck, driven by Willie H. Stevens, 33, a negro, of Lubbock, while Stevens was stopped for a light.

Quiett was taken to the hospital by a McDonald ambulance, and was released after treatment. Jones was issued a summons for negligent collision by investigating Patrolman Glenn Fletcher.

Ambulance, Car Collide

A Rix ambulance on an emergency run about 12:50 p.m., Friday, was in collision with a car at the intersection of Eighth and Ave. H, police reported, but no one was injured.

The ambulance, driven by P. C. Turpen, 22, of 1601 Thirteenth, was enroute to pick up a telephone lineman, Bill Gryder, who was injured by a falling A-frame at the company's power plant at Tenth and Ave. C.

Gryder, about 27, of 307 Temple ave., was not seriously injured, and was released after examination at West Texas hospital.

F. D. Wilson, 71, of 611 Ave. N, driver of the car, told H. W. Burdett and Hugh Hayes, investigating officers, that he didn't hear the siren in time to avoid a crash because his windows were rolled up.

Accidents reported in Lubbock were:

Nineteenth and Ave. L, 12:18; Eighth and Ave. H, 12:50 a.m.; Eighth and Ave. J., 9:45 a.m.; Main and Ave. Q, 10:55 a.m.; 1300-block Main, 1 p.m.; Eighth and Ave. Q, 1:50 p.m.; Broadway and Ave. T, 6:40 p.m.; Nineteenth and Ave. M, 7:02 p.m.; and Thirteenth and Ave. H, 7:18 p.m.

Houston Adds 110,000 Persons To Population With Annexations

HOUSTON, Dec. 30 (AP)—Houston today annexed 79 square miles with an estimated 110,000 residents.

A special election vote approved the annexation ordinance, 7,865 to 2,619.

City Attorney Will Sears ruled the new territory automatically became a part of the city at 7 p.m., official closing time of the polls.

The city council already had approved the ordinance on two readings.

Thus, in a single day, Houston more than doubled in size—from this morning's 74 square miles to 153 square miles tonight.

Chamber of Commerce officials estimated the city already had 508,000 residents and predicted the annexation movement boosted the population to 618,000.

Far East Trip Set

(Continued From Page One)

entire situation there before any major policy decision is reached.

Connally said:

"The job could be done in a couple of months. Congress and the administration then would have access to up-to-date information on just what the problems and possibilities are."

Other developments in the China situation included:

Aid Is Urged

1. Sen. Knowland (R-Calif), who recently visited Formosa, called for aid to the Nationalists and advocated appointment of Lt. Gen. Albert C. Wedemeyer as an adviser to the Formosa defenses.

2. Rep. Eaton, N. J., a leading GOP spokesman and ranking minority member of the House Foreign Affairs committee, asked that President Truman set up a conference of key American leaders to draw up a "national foreign policy" on the Far East.

3. India became the first major non-Communist nation to recognize the Chinese Reds and this action is expected to hurry similar moves by Britain and the rest of the Commonwealth.

It was pointed out, meanwhile that if the National Security council so decides, not only a military mission but limited economic aid could be sent to the Nationalist's last stronghold on Formosa.

Funds Available

The last session of Congress voted $75,000,000 for President Truman to use at his discretion in further Chinese Nationalist aid. Also, the Economic Cooperation administration has some $100,000,000 originally earmarked for the Nationalists it was forced to withhold as the Communists progressively overran the Chinese mainland.

A smaller-scale operation involving military advice and some economic aid may be the compromise solution. It would be patterned after the experiment in Greece but would not spend too much of the available $15,000,000.

Knowland advocated the use of the money for China, and said this would hold the islands.

The senator also proposed the ECA funds be made available to the Nationalists.

In a speech before the overseas writers, Knowland argued that if, in war, it should be necessary for the U. S. to attack the Asiatic mainland, the loss of Formosa would be a serious handicap.

Knowland said he saw no indications there might be an insurrection against the Nationalists on Formosa.

He described the morale of Nationalist troops on Formosa as high and expressed belief that "if they are given even mild help they can hold out against any amphibious assault."

HONG KONG PREPARES FOR ATTACKS OR DISORDERS

HONG KONG, Dec. 30 (AP)—This uneasy British colony on the fringe of Communist China gave its governor warlike emergency powers today to meet attack or internal disorder.

The regulations came while Hong Kong is plagued by labor difficulties that may develop into a general strike. The situation has explosive possibilities, as all unions are under strong Communist influence.

The Communists were reported making minor infiltrations and feeler thrusts against Formosa, Hainan and lesser island positions of the Chinese Nationalists.

Reds Claimed Repulsed

The Nationalist Central News agency reported several thousand Red troops stormed ashore Christmas night on Matsu, off Fukien 100 miles northwest of Formosa but were repulsed with heavy casualties. It said a new assault was expected.

The Nationalist agency also reported Nationalist planes for the second successive day had helped break up Communist preparations for a heavy amphibious assault against Hainan island, 10 miles off China's south coast. Hainan coast artillery was credited with halting small-scale Red feelers by boat.

An attempt by pro-Red guerrillas to seize a north Hainan beach for the Communists was reported smashed with heavy casualties for the irregulars.

Reds May Attack

(Continued From Page One)

gates that Russia will throw all its pressure and propaganda into a counter-offensive against the United States.

Attacks Expected

The first shots are expected to be fired by Russia at the UN early in the year, probably in the Security Council, in the course of attacks on Tsiang.

Majority opinion at UN is that the possibility of U. S. recognition of the Mao Tze-Tung regime will decline as American policy to hold on to Formosa crystalizes.

Western delegates predict that once the cards are down and a deadline in Asia has been drawn over which Communism must not cross, the assaults by the Soviet Union and her four satelites on the United States in the UN will make the past three years of vituperation in the Greek dispute seem mild.

Aggression Charge Hinted

A formal Russian charge in the Security Council that the U. S. is guilty of armed aggression may climax the fight on the Asiatic issue.

India's recognition of the Chinese Communist regime considerably encouraged the Soviet Union at UN in its plan to achieve the early ousting of Tsiang and his team. The reason is that next week India becomes a member for a two-year term of the 11-nation Security Council. Tsiang ironically is its January chairman.

Soviet delegate Jacob Malik plans to press his campaign against Tsiang in the hope of shortly winning a majority of delegates in the Security Council whose governments no longer recognize the Nationalist regime.

When the Pacific Horned Lizard is frightened, it squirts blood out of its eyes.

'Honest John' Wins Top Liar's Crown With Fish Story

(By International News Service)

BURLINGTON, Wis., Dec. 30. — "Honest John" Goerlich, of Toledo, O., was named "world's champion liar" today for a wonderous fish story that flabbergasted even the most hardened prevaricators.

After weighing entries from all over the country, the Burlington Liar's club awarded its top honor to "Honest John," whose entry read:

"Years ago in Colorado on my first fishing trip, the guide looked amazed when I showed up weighted down with all the fishing tackle ever invented, carrying a long, limber pole and wearing a huge sheath knife on my belt.

First Fish Strikes

"'What do I do now?' I shouted, when my first fish struck the fly.

"'Reel him in,' snorted the guide, apparently disgusted by my ignorance. I did. Forgetting about landing nets, gaff hooks and other landing equipment with which I was festooned, I reeled that trout right up to the tip of the pole and heaved the pole out of the water into an upright position.

"There I was, alone. The guide, wanting no more of me, had wandered off into the woods. The pole was so long that I couldn't come near reaching the fish. I didn't dare put the pole back in the water for fear he would get away. I couldn't ask the guide what to do — he was gone. How was I to get that fish?

Major Problem Solved

"Well, I solved the problem. I stuck the butt of that long, limber cane pole into the ground, drew my trusty hunting knife, climbed the pole and stabbed that fish to death."

Runner-up honors went to George Johnson of Delavan, Wis., who claimed:

"My feet are so tough from going barefoot all summer that I have to put ground glass and steel shavings in my stockings all winter to wear off some of the callouses and get some feeling back into my feet by spring."

Laredo Man Included

Then there was the one told by H. M. Camp, of Laredo, Tex., who got honorable mention. Camp declared:

"My brothers and I used to hunt rabbits at night in the winter by placing an old kerosene lantern on the ice in the middle of a pond.

"The rabbits would come to investigate and stare at the light until their eyes began to water. This water, forming icicles, would finally anchor them to the ice. When enough of them were anchored, we would step in and club them on the head."

New Year Welcome

(Continued From Page One)

tional shouts and kisses at the stroke of midnight.

Games To Be Aired

For those lucky enough not to work this afternoon there is the choice of three football bowl games on the air, including the Raisin bowl encounter at Fresno, Calif., between Texas Tech and San Jose State. Radio accounts of that game as well as the East-West tussle in San Francisco and and the North-South battle at Montgomery, Ala., will be carried on local stations.

Most Lubbock churches, meanwhile, reported that no special New Year's Eve services are planned tonight, with only regular services slated for tomorrow. Many pastors will have a new year theme in their Sunday messages, nonetheless.

For many South Plainsmen, notably those lucky enough to hold tickets, the New Year will see them journeying to Dallas for the Cotton Bowl game Monday between Rice and North Carolina. Others will just be traveling to visit relatives they were unable to see during Christmastime.

Precautions Urged

The State Highway Patrol office in Lubbock, itself taking a grim outlook on the New Year celebrations, was not expecting as heavy traffic this weekend as last on the area's highways, although officials were taking precautions to try to keep down the accident toll.

Transportation companies, bus, train, and airplane, were not expecting as much passenger increase this weekend as last, but were making plans for probable rushes Sunday and Monday, nonethe-less as college students begin returning to resume classwork.

But for many persons who neither plan to take in movies, dances, or travel, the New Year holidays will be characterized largely by a livingroom fire and the Sunday funnies as they relax from everyday cares and take stock of themselves before lunging into what likely will be another jam-packed and eventful year.

William W. Bingham, Crosby County, To Be Buried Today

LAMESA, Dec. 30. (Spl.)—Services for William W. Bingham, 51, former Dawson county resident who died Thursday, will be held here at 2 p.m., Saturday, at the Bryan Street Baptist church.

The Rev. E. L. Jones, pastor, will officiate, with burial to be in Lamesa cemetery under the direction of the Higgenbotham Funeral home.

Bigham died enroute to the Crosbyton hospital from the L-7 Ranch in Crosby county where he had been employed for six years. He was a native of Texas.

Survivors are a step-father, C. M. Curry of Patricia; his mother, Mrs. C. M. Curry of Patricia; a brother, W. S. Bingham of Patricia; three sisters, Mrs. Robert Hill of San Antonio, Mrs. Hollis Smith of Sweeny, and Mrs. C. E. Latson of San Angelo. Bingham was not married.

Men Bolster Tale

(Continued From Page One)

Mr. X and Mr. Y because they told him:

"We're in business here, and we don't go around talking about this thing because people would think we're crazy."

Izzard says this is their story:

The flying saucers are made of a metal that defies analysis. Government investigators have several saucers and have been studying them for nearly three years. They plan to let the information leak out gradually to prevent public hysteria.

The creatures in the saucers were described as three feet tall, human in appearance and clad in fireproof clothing. They were dead, according to Mr. Y's information, apparently from exposure to atmospheric pressure.

Mr. Y referred to his scientist friends as "the boys."

"They have stayed at my home," he told Izzard.

"They have slept there and eaten there. And they have talked to me and to eacn other about this thing. I am a hard-boiled business executive, and I think I can tell when a man is lying. It's hard to believe the boys are lying when they talk about this project they're working on."

Mr. Y told Izzard he took a piece of metal supposedly from a saucer to a metallurgist. The metal could not be melted and defied analysis.

He said a small instrument taken from a saucer resembled a radio and brought in strange sounds.

Mr. Y said he was told water twice as heavy as "earth water" had been found in one of the discs.

In some respects, the story resembles the claims of Donald Keyhoe in a recent True magazine article. The Air Force denied those claims.

Izzard says he got the Kansas City tip before the True article was published.

As for the Air Force denial, Izzard quotes Mr. Y as saying he believes it is a blind. Mr. Y believes another division of the Department of defense has been secretly investigating the saucers.

Izzard says the puzzled Mr. Y told him: "I have lain awake nights thinking of questions to ask the boys."

Christmas Sales May Break Record 12th Straight Year

WASHINGTON, Dec. 30 (AP)—December sales may hang up a record for the 12th year in a row—depending on the response to this week's offerings of "after-Christmas bargains."

A roaring climax to Christmas shopping in its final week sent department store sales soaring 14 per cent above the same week of record-setting 1948, Federal Reserve board records showed today.

This upsurge, in turn, pushed dollar-volume figures for the four weeks ending December 24 even with the comparable period of 1948—and still higher in volume of goods, since prices have gone down some.

The Reserve board said it reflected in part an extra day of Christmas shopping this year. This Christmas fell on Sunday; last year it came on Saturday.

The single week's splurge lifted department store sales for 1949 to date within five per cent of the comparable period of last year.

The boom in department store turnover was sure to be reflected in overall retail sales data.

Retail sales in general have bettered the department store record by far this year, holding within 1½ per cent of last year's record level through the period up to December.

Japanese Plan To Drop Bacteria Bombs On Soviet Cities Claimed

MOSCOW, Dec. 30. (AP) — The Communist party newspaper, Pravda, reported today from the germ warfare trial in Siberia that the Japanese plotted during the war to drop bacteria-filled bombs on all major Soviet cities in the Far East.

Grops for the germ campaign were trained and ready, said the Communist party organ in a dispatch from the war crimes trial of 12 Japanese charged with preparing bacteriological warfare.

According to the dispatch, Gen. Otozoo Yamada, former commander in chief of Japan's Kwangtung army and one of the defendants, also testified his men in training exercises used bayonets on live Chinese prisoners tied to posts.

Most Sacred Spot In Mexico To Undergo Vast Alterations

MEXICO CITY, Jan. 5. (INS)—Turists visiting the Basilica of the Virgin of Guadelupe, the most sacred spot in Mexico, will find vast changes in 1950 over the past.

Extensive plans are afoot to demolish the old market and the other dirty and dilapidated buildings surrounding the church in an attempt to restore the ancient colonial plaza to its original state.

For more than half a century the church, where the Virgin made a miraculous appearance to the Indian, Juan Diego, has been surrounded by booths, ramshackle huts and every sort of filth associated with a Mexican marketplace. All this will be cleared away, in accordance with plans of the Federal District commission, and the huge plaza with its statuary and lamps will be restored.

Work is slated to begin in January.

LOAN IS OKAYED

WASHINGTON, Dec. 30 (AP) — Approval of a $1,275,000 loan to Farmers' Electric Cooperative, Inc., Clovis, N. M., was announced today by the Rural Electrification administration.

Congratulations to:

Mr. and Mrs. R. E. Hughes of Abernathy on birth of a son weighing 7 pounds 9 ounces at 1:42 p. m. Friday in Lubbock Memorial hospital. The father is employed by the White Auto company.

Mr. and Mrs. Leonard E. Watson of 2114 Fifteenth on birth of a son weighing 7 pounds 13½ ounces at 5:13 p. m. Friday in Lubbock Memorial hospital. The father is employed in the hospital's bookkeeping department.

Mr. and Mrs. Garland Fitzgerald of 3114 Ruby on birth of a daughter weighing 7 pounds 12 ounces at 10:55 a. m. Friday in St. Mary's hospital. The father is a carpenter.

Mr. and Mrs. Floyd L. Williams of 1626 Seventeenth on birth of a daughter weighing 6 pounds 9 ounces at 8:58 p. m. Friday in St. Mary's hospital. The father is an associate professor at Texas Tech.

Mr. and Mrs. Billy Pittman of Plainview on birth of a daughter weighing 8 pounds at 4:08 a. m. Friday at Lubbock Memorial hospital.

Mr. and Mrs. L. A. McEntire of 2108 Indiana on birth of a son weighing seven pounds, 7½ ounces at 5:48 p. m. Thursday at West Texas hospital. The father is a barber.

Mr. and Mrs. Homer Thompson of 1324 Twenty-sixth on birth of a daughter weighing six pounds at 12:40 a. m. at West Texas hospital.

Mr. and Mrs. Samuel D. Oldham of 1828 Ave. E on birth of a son weighing 8 pounds at 5:10 a. m. Friday at the residence, reported by Porter clinic-hospital. Oldham is employed by a spring and axle shop.

Mr. and Mrs. Joe Rushing of 1613 Sixth on birth of a son weighing 7 pounds 7 ounces at 4:32 p. m. Friday in West Texas hospital.

Mr. and Mrs. R. E. Golightly of 2607 Fortieth on birth of a son weighing 7 pounds 12 ounces at 1 p. m. Friday at West Texas hospital. The father is a metal lather.

Mr. and Mrs. Lonnie Caughey of New Deal on birth of a son weighing 6 pounds 13 ounces at 4:16 p. m. Friday at West Texas hospital. The father operates a body shop.

Mr. and Mrs. R. L. Dickey of 807 Thirty-fifth on birth of a daughter weighing 8 pounds 7 ounces at 10:25 a. m. Friday at West Texas hospital. The father is a truck driver.

Mr. and Mrs. Casey Charness of 2616 Thirty-first on birth of a son weighing 8 pounds 13 ounces at 6:10 p. m. Friday at West Texas hospital. The father is a lawyer.

Union Sets Deadline

(Continued From Page One)

time, arbitration of the contract dispute.

The union agreed to accept the plan, if the company also would accept. A spokesman for Southwestern Bell said the company was willing to negotiate, but added "we cannot at this time commit ourselves on arbitration."

Gov. Smith, who arranged yesterday's conference of governors, said today he is "thoroughly convinced that neither side is hell bent on a strike."

Missouri's King-Thompson act provides penalties of up to $10,000 for any union calling a strike against a public utility. Workers joining in such a strike could be stripped of seniority rights under the law.

The law would not apply to the other five states, of course. But it could prove a severe drain on finances of the union's Division 20, which has headquarters here.

Coal Operators

(Continued From Page One)

plaint accompanied by an oral request for an injunction, was made to NLRB General Counsel Robert N. Denham by Attorney John Corcoran of Washington.

Denham said he would refer the northern-midwestern plea to the Baltimore regional director, John A. Panello. The southern group's complaint, made two days ago, already is in Panello's hands.

The decision whether to ask for a court injunction against Lewis and the United Mine Workers rests with Denham. A board spokesman said Panello would have to decide first whether a complaint should be issued by the NLRB.

Brannan Announces Production Control Plan For Rice Farmers

WASHINGTON, Dec. 30. (AP) — Secretary of Agriculture Brannan announced today a production program calling upon farmers to plant 13.7 per cent less land to rice next year than in 1949.

The program sets up acreage planting allotments, but not rigid marketing quotas. Brannan said that the current rice supply, while large, was not big enough to require quotas.

The cut in production was urged because of a decline in war-expanded overseas markets.

Brannan set a 1949 national planting allotment of 1,593,112 acres. This compares with 1,845,000 planted this year and with the 10-year (1938-47) average of 1,378,000 acres.

The national allotment will be divided among rice-growing states with each state's share apportioned among individual farms on the basis of a formula set up in crop control law.

The major rice states are Louisiana, Texas, Arkansas, and California.

Mexico To Cut Down On Silver Content Of New Coins In 1950

MEXICO CITY, Dec. 30. (U.P.)—New Mexican silver coins will contain less silver than ever before in history, the treasury ministry announced today.

The new coins — one peso, fifty and 25 centavo pieces will have only 30 per cent silver. Mexico traditionally has minted coins with a high percentage of the precious meal. Some with as much as 90 per cent silver. All of those coins dropped out of circulation as they became worth more for their silver content than as a medium of exchange.

The new peso coin will contain only four grams, about 9 cents (U. S.) worth of silver. Nickel, zinc and copper will be used in the rest of the coin. The peso is worth about 11.6 cents.

The fifty centavo coins will contain two grams of silver and the 25 centavo coins only one gram.

In addition, the treasury announced new copper one, two, five and 10 centavo pieces will be coined and put into circulation in 1950.

San Jose Slight Favorite Over Tech In Raisin Bowl Today

Sunshine, Capacity Crowd Forecast For Fresno Game

Spartans Enjoy Decided Weight Edge; Opening Kickoff Set For 4 P.M. (CST)

By JOE KELLY
Avalanche Sports Editor

FRESNO, Calif., Dec. 30 — Texas Tech's Red Raiders go after their first bowl victory in five starts in the fifth annual Raisin Bowl game here tomorrow afternoon at 4 o'clock, meeting a San Jose State squad that stands a slight three-point favorite.

A capacity crowd of 15,000 holiday-celebrating fans are expected to jam into the small bowl to watch two T-formation elevens that are direct opposites in the methods of attack. The Golden Raiders of San Jose use the wide open T; Tech, the defensive T.

★ ★ ★

After squinting through chill air and fog-heavy clouds this afternoon, the local weather forecaster came up with a prediction of sunshine and mild weather for Saturday's game.

Tech's 36-man squad has been relatively quiet since arriving in the city Thursday afternoon. Coach Dell Morgan sent the players through a long exercise and conditioning drill that afternoon and followed it with a long chalk talk this morning. A light signal drill and calisthenics workout closed out Raider preparation for Saturday's game.

KFYO TO AIR GAME

Today's Raisin Bowl game between Texas Tech and San Jose State will be broadcast direct from Fresno's Ratcliffe stadium by Radio Station KFYO of Lubbock, starting at 3:45 p. m. (Lubbock time). Gilbert McAlister will do the play-by-play description.

Texas Tech will be at full strength for the tilt. Tackle Jerrell Price is recovering from a sprained ankle and will be ready for full time operation. Others with minor bruises are ready to see heavy duty against a team that holds a decided weight advantage, both on offense and defense.

Records Reviewed

Although there are no comparative games available for scanning, San Jose looms as the favorite because of its defeat by only 14-13 at the hands of powerful Santa Clara. Tech and the Spartans each have four defeats, all by more powerful teams, but San Jose's record in defeat is more impressive, as its offensive record in victory.

The Californians walloped Mexico university, 103-0; Brigham Young, 40-21; Santa Barbara, 55-14; California Poly, 47-0; San Diego State, 40-0; St. Mary's, 40-13; and Fresno State, 43-7.

On the loss ledger are defeats by Stanford, 49-0; Santa Clara, 14-13; San Francisco, 27-20; and College of the Pacific, 45-7.

The Red Raiders hold victories over Abilene Christian, 20-0; West Texas State, 35-19; Tulsa, 15-0; Arizona, 27-7; Texas Western, 13-0; New Mexico, 27-0; and Hardin-Simmons, 23-13.

Tech's losses were to Texas, 43-0; Texas A&M, 26-7; Baylor, 28-7; and Rice, 28-0.

Menges Sparks Attack

The Spartans enter the game with an impressive array of talent to throw at the Raiders. San Jose has won two consecutive California Collegiate conference football titles and five in the last eight years.

Sparking the explosive T-formation attack will be Quarterback Gene Menges. Menges is small at 165 pounds and five feet nine, but possesses a fine throwing arm and a sharp quarterback's mind.

Menges will have several receivers for his aerials, no less than 21 men having caught his passes this season. Junior Morgan and Billy Wilson, lanky ends, have been his chief targets.

Fullback Jack Donaldson, in his third year, is a hard crashing fullback with 10 touchdowns this season and a 7.7 yard average on his carries. He dominates the plunging ground game which also features the speed of Halfbacks Harry Russell, Marv Johnson and Buddy Traina. Russell has scored most of his touchdowns on runs of 40 yards or more, while Traina is the most explosive broken field runner the Spartans boast.

Morgan Not Optimistic

Coach Morgan was not optimistic about Saturday's game. After viewing pictures of San Jose games, he was filled with respect for the home team.

"They have a rough, tough team," he declared. "They operate the T well, with power and precision. We'll do well to stop them. We'll have to outscore them to win. Mental condition? Well, if we aren't ready to play a football game, we never will be. Win or lose, San Jose will know that it has had a ball game on its hands."

Tech again will rely primarily on its ground game, which rolled up most of the yardage in the Raiders' seven victories. Fullbacks Bud Conley, Earl Jackson and J. W. Thompson will bear the brunt of line smashing tactics, while Halfbacks Cal Steveson and Ike Stuver will help ease their burden.

For speed and breakaway running, Tech will depend on Halfbacks Herman Bailey, Tim Hatch, Bobby Close and Eural Ramsey. Ernest Hawkins, Milton Rathbone and Albert Salem will alternate on the signal-calling.

A quiet night, with a light skull session after dinner, was observed by the Raiders tonight.

The squad will leave here Saturday midnight for Los Angeles, Hollywood and the Rose Bowl game on Monday.

Game At A Glance

WHO: Texas Tech vs. San Jose State.
WHERE: Ratcliffe stadium, Fresno, Calif.
WHAT: Fifth annual Raisin Bowl.
WHEN: 4 P. M. (CST) today.

TEXAS TECH	POS.	SAN JOSE

Hawkins 175	Q	Emenges 165
Steveson 190	LHR	Russell 182
Hatch 175	RHL	Johnson 172
Conley 190	F	Donaldson 192

Officials—Referee, C. Martin Welch (North Dakota State); umpire, Prentice Walker (North Texas State); field judge, Warren Connelly (Texas Christian); head linesman, H. W. Saunders (Army).

Meyer-To-Tech Report Denied

Dr. D. M. Wiggins, president of Texas Tech, Friday emphatically denied a Big Spring newspaper columnist's report that Tech had been "in the process of offering Dutch Meyer (TCU coach) a ten-year coaching contract."

Questioned as to the authenticity of the Big Spring report, Dr. Wiggins was quoted by his assistant, Frank Junell, as saying "We haven't carried on any negotiations whatsoever with Dutch Meyer. We think he's a fine coach, all right, but we have made no effort — formal or informal — to hire him, nor have we even discussed such an idea."

Columnist Prints Story

Tommy Hart, sports columnist for the Big Spring Herald, had stated in Wednesday's Herald that "according to a story brought down from the North, . . . Texas Tech was in the process of offering Meyer a ten year coaching contract, at an increase in pay. Considering the fact that the Dutchman is already making in excess of $15,000 at TCU, the stipend would have to be very good.

"From all indications," Hart's column continued, "Tech hasn't yet given up on getting Meyer. Rumor has it that Tech scouts have been ordered to beat the bushes for the best athletes in this area, hoping that, with an improved varsity team and even better prospects for future elevens, Meyer could be influenced in making a change.

"Tech alumni have always resented the fact that the Red Raiders haven't played a big league schedule," the columnist stated. "The school itself is growing, they point out, and there is no reason why the team shouldn't grow with it. They'd desperately like to gain entry into the Southwest conference, as everybody knows, (and) perhaps figure that improved teams and the hiring of Meyer would enhance their chances for admittance."

In releasing Dr. Wiggins' denial of the report, Junell laughed, "That 'story brought down from the North' must have been from the far North — maybe somewhere in Alaska."

Meyer, who earlier in the season had been reported ready to resign as TCU grid mentor, recently signed another three-year contract with the Fort Worth university at an undisclosed salary.

HOGAN SHOOTS 69

LOS ANGELES, Dec. 30. (AP)—Ben Hogan, playing his fourth round of golf since his near-fatal auto crash 10 months ago, carded a 33-36—69 today over the difficult Riviera Country club. It was two under par for the course where Hogan won the Los Angeles Open in 1942, '47 and '48.

Kentucky Drops Bradley, 71-66, To Win Sugar Bowl Cage Meet

NEW ORLEANS, Dec. 30 (AP)—Kentucky won its third Sugar Bowl basketball championship tonight 71-66 over Bradley with a brilliant second half charge which threatened to smother the Peoria, Ill., team.

Bradley managed a short revival in the final three minutes but could not overtake Kentucky.

Tulane defeated Villanova 58 to 55 in the consolation first game.

Strong Finish Gives Tech 54-33 Win Over Wayland

Pinnell, Turner Lead Scoring

By CHARLES FITCH
Avalanche Sports Writer

After a close first half Texas Tech's Red Raider quintet opened up behind the long shots of Verdell Turner and Charlie Pinnell to hang a 54 to 33 cage defeat on the Wayland college Pioneers before a small crowd last night at Tech gym.

A see-saw battle raged up and down the court during most of the first half with the lead changing hands ten times. It was tied five times.

The Pioneers almost matched the Tech attack behind the shooting of Center Leon Burch, who paced the Plainview team with 14 points, 13 coming in the first half.

Pinnell Gets 18

High scorer of the evening was Pinnell of Tech with 18 points on nine field goals. He was followed in the scoring parade by Forward Eugene Gibson with 13 points and Turner with 14.

Midway of the first half the score stood at 12 to 12, when Gibson raced down the floor to sink a long shot and put Tech in the lead. Burch came right back the next time Wayland had the ball and sank a field goal. Pinnell then threw from near the foul line and again put the Techsans in the lead.

With six minutes left in the first half, Gibson stole the ball and raced down the court to score and make it 17 to 15. Pinnell made another goal almost immediately. The shooting became fast and furious then with Turner, Gibson and Eddins each making field goals to put Tech ahead, 26-17, at halftime.

Pioneers Slump

Near the end of the first half and running into the early part of the second half, the Pioneers had a scoring slump, hitting but one field goal in ten minutes.

Following the jump in the second half Turner racked up another two points. From then on it was Turner, Pinnell and Gibson taking turns stealing the ball and scoring to extend the lead.

The score stood at 44 to 27 midway of the second half.

Burch, Bill Knighton and Don Dally kept the last half interesting by breaking through the Tech defense men, but from 2:30 until the final minute the Pioneers could gain only one free throw. Pinnell sank his last shot of the game with approximately one minute to go, then Wayland's Knighton made his free throw count as the game ended.

Both Teams Erratic

The game was characterized by both teams missing good scoring opportunities and fumbling passes.

Tech now has a record of six victories and four defeats. Tonight's win was the second over Wayland, the first victory coming by a score of 58 to 50 earlier this month.

The Techsans take on the Miners of Texas Western January 5 in the first of a three-game road trip.

★ ★ ★

Box Score

TECH (54)	FG	FT	PF	TP
Gibson, f	4	5	5	13
Pinnell, f	9	0	3	18
Turner, c	6	2	3	14
Alderson, g	1	1	0	3
Jackson, g	1	0	1	2
Eddins	2	0	2	4
O'Neill	0	0	0	0
Totals	23	8	14	54

WAYLAND (33)	FG	FT	PF	TP
Billings, f	0	1	2	1
Daily, f	2	1	2	5

Halftime score: Texas Tech 26, Wayland 17.
Free throws missed: Texas Tech 3, Wayland 9.
Officials: Haley and Wilkerson.

Mulloy Defeats Flam To Capture Sugar Bowl Tennis Championship

NEW ORLEANS, Dec. 30. (INS). Gardnar Mulloy of Miami won the Sugar Bowl tennis championship today by defeating Herb Flam of Los Angeles, 9-7, 0-6, 6-1, 7-5.

Mulloy was seeded first in the 12th annual tournament and replaced Ted Schroeder as the new titleholder. Schroeder did not defend his 1948 honors.

Six Teams Open New Year's Bowl Program

NEW YORK, Dec. 30 (AP)—Six teams kick the lid off the annual New Year's holiday football bowl stew tomorrow, but the main blow-off won't come until Monday.

The three Saturday games are the East-West Shrine game at San Francisco, the Blue-Gray tilt at Montgomery, Ala., and the Raisin Bowl fracas at Fresno, Calif.

Only the Rose Bowl is older than the Shrine game, which will pack a sellout crowd of 60,000 into San Francisco's Kezar Stadium to watch college seniors from the East and West in action.

The East, probably because of the presence of Leon Hart, Notre Dame's great All-America end, and Army's All-America quarterback, Arnold Galiffa, rules the 7½ point favorite. The East has won the game for the last two years.

A sellout of 22,500 is expected for the Blue and Gray affair between picked squads of college seniors from the North and South.

In Fresno's Raisin Bowl, where 15,000 are expected, San Jose, Calif., college meets Texas Tech. San Jose won eight and lost four and Texas Tech has a 6-4 mark.

Rose Bowl Heads Card

The Rose Bowl, which started the New Year's football fuss in 1902, heads the Monday card. A record Rose Bowl crowd of 103,000 is expected in the Pasadena classic, where the unbeaten California Golden Bears meet Ohio State.

California is a one touchdown favorite to beat Ohio State, and atone in a measure, for the beating handed Pacific Coast football by Big Ten teams in the last three Rose Bowl tilts. Last year, Northwestern beat California, 20-13.

The second largest crowd, around 83,000, is to sit in on the Sugar Bowl Monday and see if Oklahoma can make it two in a row in the New Orleans event. Oklahoma, favored by a touchdown over Louisiana State, defeated North Carolina in the Sugar Bowl last Jan. 1.

Thrice-beaten North Carolina is a one-touchdown underdog to Rice, Southwestern Conference champions, in the Cotton Bowl at Dallas. A record sellout crowd of 75,500 is forecast.

Kentucky Favored

At Miami, Kentucky is a three-point favorite over Santa Clara in the Orange Bowl. A crowd of 65,000 is expected.

The Gator at Jacksonville, Fla., will pit Maryland against Missouri. The teams are about on a par, and 36,000 fans should see a thriller to match the last two Gator bowl contests. Maryland tied Georgia in the 1948 game, and Clemson beat Missouri last New Year's Day, 24-23.

Other Bowl games Monday:

Sun Bowl, El Paso, Texas, Georgetown versus Texas Western; Pineapple Bowl, Honolulu, Stanford versus Hawaii; Cigar Bowl, Tampa, Fla., Wofford versus Florida State; Tangerine Bowl, Orlando, Fla.; Emory and Henry versus St. Vincent, Pa.; Salad Bowl, Phoenix, Ariz., Arizona State of Tempe versus Xavier (Ohio); Oleander Bowl, Galveston, Texas, McMurray (Texas) versus Missouri Valley; and Prairie Bowl, Houston, Texas, Fisk versus Prairie View.

Barber College In Anton Finals

ANTON, Dec. 30. (Special) — Lubbock's Barber college took the easy step into the finals of the independent basketball tournament being staged here by the American Legion endging Levelland's Mason Ramblers, 49-46, in a very close game.

The Barbers kept their undefeated record in tourney play and gave the Ramblers their first loss. Previously the Barbers had defeated Reese Air Force Base and Spade while the Ramblers were downing Thomas Tinkers and Morton. Both teams played hard, fast ball in the contest, but the Barbers led most of the way, grabbing a 26-25 halftime lead.

Leading the winners was Darrell Murphy with 14 points, and Fred Owens had nine for the losers.

In other games Reese Airmen dropped Anton, 53-46, and Thomas Tinkers dropped Morton, 41-32.

Anton and Morton were eliminated from the tourney by the losses, their second in tourney play, and the victories kept the winners' hopes alive.

Dave Parker scored 18 points for individual scoring honors of the night for Reese AFB, and Bill Wood had 14 for Anton. High for the Tinkers was Jake Broyles with 13 points, and Jim Willis had nine for Morton.

Tonight's schedule matches Reese AFB against Thomas Tinkers at 7 o'clock, and the winner must play Levelland at 8 o'clock for the right to meet Lubbock Barber college in the championship game at 9 o'clock.

Wichita Falls Class AA Champs Will Attend Cotton Bowl Game

WICHITA FALLS, Dec. 30. (AP). Members of the Wichita Falls High school football team — Class AA champions of 1949 — will attend the Cotton Bowl game in Dallas Jan. 2.

The high school athletic department made travel and ticket arrangements and the trip is under the department's sponsorship.

The entire 35-boy squad will make the trip, along with three team managers and the coaching staff.

STADIUM LABOR TROUBLE

HOUSTON, Dec. 30. (INS)— A labor snag developed today in the construction of the new 50,000-seat Rice stadium here, with the stadium contractors and the Houston Building Trades Council going separate ways. The Council openly charged that Brown & Root, Inc., had hired non-union carpenters and engineers, all from outside the city, to work on the big athletic plant.

Navy, St. Louis Win In Cotton Bowl Tourney

DALLAS, Dec. 30 (AP) — The St. Louis Billikens beat Baylor, 58-50 tonight to advance to the finals of the Cotton Bowl basketball tournament against Navy.

Navy kept its record unmarred with a 53-50 decision over Southern Methodist in the opening game.

St. Louis and Navy meet tomorrow night for the championship. Baylor and Southern Methodist clash for third place.

Both games tonight were close and were featured by heckling of the officials by the coaches. In the second game Bill Henderson, Baylor coach, got too caustic toward Johnny Morrow, the referee, and the latter took time out to yell:

"I don't give a damn whether you like it or not."

After the game Henderson shook hands with Morrow.

Ossola was high point man with 16 points. Odell Preston threw in 15 to top Baylor's scoring.

Navy cashed in on its free throws and Southern Methodist didn't as the Tars took the opener.

It was a rough and tumble game but most of the roughness was on the part of Navy. Billy Wilson, Navy center, was put out of the game for putting a block on Fred Freeman, Southern Methodist forward. Freeman fell heavily, striking his head on the floor, and was unconscious for a moment. Twenty-five fouls were called on Navy.

Kemp Wicker To Be Manager Of Houston Buffs In 1950

HOUSTON, Dec. 30. (AP).—Houston's Buffs came up with a New Year's present for Houston's baseball fans a couple of days early — a brand new manager.

He's Kemp Wicker, six-foot, graying, personable veteran of 22 years of baseball.

He has been in the Cardinal organization since 1942, the last four years as manager of the Columbus, Ga., Cardinals of the Class A Sally League.

While he has been in the major leagues the new pilot spent most of his career in the minors.

Wicker will succeed Del Wilber, catcher who managed the Buffs last season. Wilber now is with Rochester as a player.

Arkansas Asks New Hearing On Censure By SWC Leaders

By HAROLD V. RATLIFF
Associated Press Sports Writer

DALLAS, Dec. 30. — The University of Arkansas has asked a new hearing on its censure by the Southwest Conference for rough football and at the same time has urged an investigation of all Southwest Conference football for the past two years.

Declaring that "We have no desire to defend or cover up a wrong which has been conclusively proved, no do we wish to be the 'whipped boy' because of what we consider a faulty mechanism, an incomplete procedure, within the Conference machinery," the board of trustees of Arkansas filed the request with the faculty committee, governing body of the conference.

Faculty Upholds Protest

It was sent out Dec. 21 but was not revealed until today by James H. Stewart, executive secretary of the Conference.

The faculty committee upheld the protest of Dutch Meyer, coach of Texas Christian university, who claimed Arkansas used illegal and crippling tactics in its game with T.C.U. last fall.

The faculty committee, in censuring Arkansas, said provocation claimed by Coach John Barnhill did not justify action of the players. "Coaches must assume responsibility for preventing dirty play by members of their teams," the committee said.

Leflar Resigns

Stewart also announced that Dean Robert A. Leflar of the Arkansas university law school had resigned as president of the Southwest Conference because he had become an associate justice of the Arkansas Supreme court.

Thus, D. W. Williams, vice-chancellor of Texas A. & M. college and vice-president of the Conference, becomes acting president.

The letter from the Arkansas board of trustees said "we have had, and do now have, full confidence in the man who served as our coach during the 1949 season, in his assistants, in the boys who played the games for our institution, and in the four officials who handled the game in question."

Procedure in the action of the Conference was questioned and the board said it felt the action was in undue haste and without proper consideration of all implications.

The letter pointed out that the faculty committee as a whole made no effort to question the coaches concerned, did not read reports of the game officials, gave no weight to the fact that no roughness penalties were called, did not request disinterested experts other than the conference secretary to view pictures of the game, that the committee did not view pictures of the game and that virtually the entire responsibility of investigation was thrust upon the shoulders of Stewart.

It was requested that Stewart appoint three nationally recognized coaches from other sections to make a report on Southwest Conference football and upon the Arkansas-TCU game in particular, that these coaches view the pictures of all Conference games played during the past two years "in order that they may obtain an over-all picture of the play of each team and the style of each coach, since the sportsmanship of any team cannot be judged solely on the basis of one game alone."

Stewart, at a press conference today when he announced receipt of the letter, said he had turned it over to the faculty committee for action.

CAPACITY BOOSTED

HOUSTON, Dec. 30 (AP)—Seating capacity of Rice Institute's new football stadium, actual construction of which began yesterday, was boosted tonight from 50,000 to 70,000. The institute's board of trustees voted to lend its athletic department $400,000 with which to finance the 20,000 additional seats.

Sauer Resigns As Navy Coach

ANNAPOLIS, Md., Dec. 30 (AP) —George Sauer stalked out as head football coach of Navy today because the academy fired two of his assistants.

Sauer quit with two seasons to go on his four-year contract when the academy athletic association informed him it was not rehiring Line Coach Bob Ingalls and Backfield Coach Vic Bradford. Sauer brought the two assistants with him when he came to the Navy in 1948 from Kansas.

Capt. Howard Caldwell, director of athletics, announced Sauer's resignation and the reason. He would not elaborate on why the assistants were being dropped, saying "the statement speaks for itself."

Bradford and Ingalls were employed on a yearly basis.

Sun Bowl Foes Both Hit By Injury Jinx

EL PASO, Dec. 30 (AP) — Georgetown university's Sun Bowl hopes dipped today.

End Gus Fornaciari of Framingham, Mass., became ill at practice and was helped from the field. Doctors said it was a cold and fatigue. Coach Bob Margarita ordered the 185-pound end to the bench until game time except for light exercise.

Texas Western, which meets the Washington, D. C. Hoyas, in the Sun Bowl Monday, also had its share of woe.

Fullback Gerry Campbell went back to the hospital with a high temperature. Physicians said he suffered a relapse after a cold. Gerry was the El Paso college's star safety man this season. In his place will go his understudy, 210-pound Cordell McCraw.

But that wasn't all of Western's trouble. Coach Jack Curtice reported Harvey (Pug) Gabrel, eighth in the nation in rushing this year, suffered an elbow injury but he'll probably be able to play most of the game.

Coach Margarita sent the Hovar through a tough scrimmage this afternoon.

Western's two workouts today were light.

The teams polish off with single warmups tomorrow and Sunday.

POULTRY, MEAT FEELS DECLINE

Slight Drop In Farm Prices Pulls General Level Below Parity Goal

WASHINGTON, Dec. 30. (AP)—The Agriculture Department reported today that farm prices fell about 1.25 percent between mid-November and mid-December.

This pulled the general level of farm products below the parity price goal for the first time since November 1941.

The prices in mid-December averaged 98 percent of parity. Parity is a legal standard for measuring farm prices which is designed to be equally fair to farmers and those who buy his products.

Record Level Cited

By comparison, farm prices reached a record of 133 percent of parity in October, 1946.

Principal products which dropped during the month included poultry and eggs, meat animals, cotton, and truck crops. Somewhat higher prices were received for grains and hay.

The general level of farm prices in mid-December was 236 percent of the 1909-14 average compared with 239 in mid-November, 268 in December last year and a record of 307 in January, 1948.

Prices paid by farmers for goods used in production and family living increased slightly between mid-November and mid-December.

The index of prices paid in mid-December was 240 percent of the 1909-10 average compared with 239 percent in mid-November, 246 in December last year and a record of 249 percent in September, 1948.

Average prices received by farmers and parity prices, respectively, for major commodities on Dec. 15 included:

Wheat $1.93 and $2.12 a bushel; rye $1.26 and $1.73; rice (rough) $1.94 and $1.95; corn $1.13 and $1.54; oats 66.9 and 95.8 cents; barley $1.09 and $1.49; grain sorghum $1.79 and $2.90 for 100 pounds.

Cotton Price Included

Cotton 21.90 and 29.76 cents a pound; cotton seed $43.30 and $54.10 a ton; soybeans $2.09 and $2.30 a bushel; peanuts 10.4 and 11.5 cents a pounr; flaxseed $3.53 and $4.06 a bushel; potatoes $1.31 and $1.77; sweet potatoes $2.02 and $2.11.

Grapefruit $1.69 and $1.98 a box; organes $1.23 and $3.62; lemons $7.16 and $3.19.

Hogs $14.80 and $17.40 for 100 pound; beef cattle $19 and $13; veal calves $22.40 and $16.20; lambs $21 and $14.10.

Butter fat 63.3 and 63.1 cents a pound; milk, wholesale, $4.23 and $3.84 for 100 pounds; chickens, live, 22.3 and 27.4 cents a pound; turkeys, live, 35.3 and 34.6 cents; eggs 40.5 and 51.6 cents a dozen; and wool 46.7 and 43.9 cents a pound.

Although laboratory tests are still incomplete, doctors said evidence points to cancer of the ear duct.

Texas Good Earth Produces All-Time Record Farm Crops

AUSTIN, Dec. 30. (AP)— The good earth of Texas produced farm crops worth $1,522,043,000 this year—an all-time record.

A larger overall quantity production of crops was almost entirely responsible for the 5 per cent increase in the value over the former record of $1,452,300,000 in 1947, the U. S Department of Agriculture reported today.

The billion-dollar mark was passed for the third consecutive year.

Unit Prices Lower

Unit prices of most crops were lower than those of 1948, but increased production sent the 1949 total value 32 per cent above the 1948 value of $1,148,845,000.

King cotton, which set a new production record, accounted for the major part of the increase in value over last year even though it brought a slightly smaller unit price. Larger crops of wheat, oats, peanuts and sweet potatoes also led to increased values despite lower unit prices.

Smaller production and lower prices than last year reduced the value of hay and forage crops and all feed crops except oats.

Cotton Provides Increase

Cotton and cottonseed were valued at $917 million, and accounted for $356 million of the total $373 million increase, in value over 1948, said the USDA.

This year's large wheat crop was worth $66 million more than last year's. Oats, peanuts and sweet potatoes brought some $15 million more than last year.

Greatest reductions were in sorghum grain and forage crops, valued about $27 million below last year; rice, down $10 1/2 million; and all hay, down seven million.

Citrus fruit and pecan production was far below last year.

Of 43 crops listed, only seven scored higher unit prices than in 1948, oranges, grapefruit, pecans, beets, cucumbers, green peas, and spinach.

Lubbock Visitor Learns Some Christmas Gifts Play Rough

Minor cuts and bruises on the ring finger of her left hand serve as reminder to 13-year-old Virgie Bell Pickrell that some Christmas gifts are not built to be played with.

The girl was taken to a welding shop Thursday afternoon with the finger lodged in a hole for a pipe in an electric smoking stand. A piece was cut from the metal top of the smoking stand to release her finger.

The girl is the daughter of Mr. and Mrs. L. H. Pickrell of Fieldton and the grand-daughter of Mr. and Mrs. M. V. McCurry of 2416 Thirty-first.

She was visiting her aunt, Mrs. Lewis Suttle of 2609 Edna, and began sticking a finger into holes in the smoking stand. When the ring finger lodged and she began pulling, the finger swelled.

Crosby Deposed As King Of Movies By Companion Hope

HOLLYWOOD, Dec. 30. (AP) — Bing's no longer king.

Crosby, after an unprecedented five years as movie box-office ruler, has been deposed by the heir apparent, his companion over many a gag-strewn movie road and divot-pocked golf course — Bob Hope.

Hope went to the top of the heap in the 1949 Motion Picture Herald survey of the nation's theater owners. It marks the comedian's first trip to the throne room.

This is Hope's ninth appearance in the first 10 of the annual trade paper audit. He was second in 1943 and fifth last year.

Crosby wound up second.

Two other gents just as close—Abbot and Costello — finished third.

Biggest leap was credited to John Wayne, who came from nowhere to fourth place on the strength of several strong roles. Behind him, in order, the top 10 included: 5-Gary Cooper, 6-Cary Grant, 7-Betty Grable, 8-Esther Williams, 9-Humphrey Bogart, and 10-Clark Gable.

Special Jury Urged To Study Bail Bond Practices In Dallas

DALLAS, Dec. 30 (AP)—The Dallas county grand jury, winding up its term, today recommended a special jury be called at an early date to study bail bond and writ of habeas corpus practices in Dallas.

Its recommendation was handed to criminal District Judge Henry King, who said he did not know immediately whether he would summon the special panel.

The grand jury said it was "concerned" over the bail bond and writ practices, upon which it did not elaborate.

But it said organized crime "as is now flourishing in Dallas county is aided and abetted by the fact that law enforcement agencies are not able to confine criminals until even a summary investigation of crimes can be conducted."

In New South Wales, Australia, where Canberra recently had 20 inches of snow, the heaviest fall for 20 years, more and heavier snowfalls have been predicted.

Prisoner Killed, Five Hurt By Live Steam Pouring Into Cells

PHILADELPHIA, Dec. 30. (AP)—State and city investigations were in full swing today at the Philadelphia House of correction where one man was killed and five others were sickened by live steam pouring into their cells from air ducts.

A guard accused of refusing the pleas of prisoners for relief from the scalding vapors was fired, and the acting superintendent of the prison was removed from office for allegedly suppressing news of the death for 36 hours.

Robert D. Wilson, the discharged guard, was quoted by one of the revived men as saying "that's what you're here for—to sweat it out" when the prisoners pleaded for hours for the heat to be turned off.

Vincent D. Brown, the acting superintendent, was removed from office by Mayor Bernard Samuel. Wilson was discharged by Public Welfare Department Director Mrs. Sara S. McNeil.

Irving Miller, 39, a homeless alcoholic, died several hours after a heating system valve broke and poured live steam into the cell block air ducts Tuesday night.

TO OPEN TWO HOURS

NEW YORK, Dec. 30. (AP) — The New York Stock and curb exchanges and all other domestic securities markets will be open for business two hours on Saturday, Dec. 31, but will be closed Monday Jan. 2. All domestic commodity markets will be closed both Saturday Dec. 31 and Monday Jan. 2. Livestock reports will be issued by the Dept. of Agriculture on Saturday Dec. 31, but none on Monday Jan. 2.

FORGET RUSSIA!

Take It Easy In '50

ALTHOUGH January 1, 1950, sounds like the half-way mark in the 20th century, it isn't quite. The calendar is a bit tricky. The mid-century milestone comes next New Year's Day.

Americans who have lived through all or part of the 50 years now drawing to an end have witnessed the most dramatic cavalcade of events in this country's history. Two world wars, a great depression and two fabulous booms have combined to keep us almost continually in a mood of excitement.

Probably a lot of people would settle for a little less drama and a little more transquility and peace of mind. But there is no sign that the year 1950 or the decades looming ahead will see much change in our by now steady diet of crises, emergency, confusion and uncertainty. We're in for it, that's all.

Well, what if we are? That fact needn't consign us to a life of unbearable tension and maddening insecurity.

• • •

AS we face a new year, let us resolve to meet the trials of a troubled world with greater calm than we have been showing lately. A good deal of our fear is foolish fear.

For one thing, let's stop letting the Russians run our lives. Of course they're dangerous and of course we have to take account of what they do. But they're probably just as much afraid of us as we seem to be of them.

We have a wonderful country, albeit not perfect. It is blessed with rich resources, a fine mixture of peoples and a government founded on the magnificent idea that men ought above all to be free.

There is much to do here to conserve and use wisely our wealth, bring out the best in our people and carry our noble experiment in freedom to its highest plane. Let's pour our energies into these tasks with redoubled vigor.

What the Russians almost certainly fear most is the success of American life. The example to the world of a free people handsomely endowed with the substance and spirit of full living is a powerful fact they cannot controvert. It upsets all their pat theories of history and rigid economic dogma.

• • •

SO let's get off the defensive. We ought to cease measuring virtually everything we do in terms of its effect on the Soviet Union.

Let the Soviet Union go hang. If we work hard at our individual jobs, deal fairly with our fellow citizens, boldly tackle the risks we encounter and accept our responsibilities as inevitable participants in the making of a better world, then we need not tremble over Russia. The Russians will be doing the trembling.

The year 1950 will be a happy one if we can make a good start toward a new attitude of calm confidence in the future of a land so fortunately favored as ours.

Worth Emulating

KANSAS has adopted a tax plan which might be worth the study of Texas legislators when they are convened in an expected special session within the next few weeks. In the Sunflower state, natural gas is taxed 8 cents per 1,000 cubic feet at the well.

Texas is by far the largest producer of such gas. Billions of feet flow through "big inch" pipelines to many other states. When this great natural resource leaves Texas, it is gone forever. Yet the state of Texas collects practically nothing from this resource.

The constitutionality of the Kansas tax has been upheld. Texans who use any Kansas gas—and some areas do—pay the State of Kansas 8 cents for every 1,000 feet which flows through their meters.

Why not make the out-of-state users of Texas gas pay a similar tax? Why not require them to pay Texas something for the Texas resource they enjoy? It would be a fair levy and, according to those who have studied the matter, would provide more than enough for immediate needs, with large sums left over which could be used to reduce present taxes upon Texans.

"Thinking is Sending Many to Hospitals," says a medico. And not thinking is sending quite a number, too.

One Minute Sermon

The highway of the upright is to depart from evil: he that keepeth his way preserveth his soul. Proverbs 18:17.

Escape At Midnight

I Love My Doctor

By EVELYN BARKINS
Distributed By NEA, Inc.

(THE STORY: John and I, after our elopement, had a great deal of trouble finding a suitable four-room apartment to serve both as home and office, but we found one and Freda Lang, the superintendent's wife, is now showing it to us. However, in my enthusiasm for the place I forget my mother's warning not to seem over-anxious or we'd have to take the highest rent.)

• • •

V

AFTER consideration, we reapproached Freda who was tactfully waiting in the kitchen, and by mutual consent laid all our cards on the table.

She appreciated our dilemma. "I'll tell you," she said, "let's forget this is a strictly business deal. I like you, and I'm only hired help. The landlord gave me a top and bottom price, so I'll give you the bottom right off the bat because," she laughed aloud, "you were about to leave and I couldn't let a good prospect go." The figure she named was fair, and just within our means.

"And say," she added as an afterthought, after we thanked her, "that wooden partition in the office separates that big room into a consultation room and a treatment room, as if it were two rooms. Dr. Trent installed it himself, and told me to try to collect something from the next tennant and keep it for myself. I'll tell my old man you were tough customers and I had to let you have it free. You can count it as a wedding present from me."

"Oh, Mrs. Lang," I sighed, "you're wonderful. Just wait until I tell my mother how we made out."

"Why not call her from the pay station in the cellar?" she asked.

So I went in back and eagerly phoned my mother.

"What's the rent?" she asked after congratulating us on finding a place.

I told her proudly. "And that's five dollars less than the top price," I couldn't help boasting.

"Really?" said my mother. "What did you do?"

"Chewed her down," I crowed with mental apologies to Freda. But my mother remained unimpressed and simply implied that Heaven was known to look after fools.

• • •

THE instinct to play house is as inherent as the Darwinian law of self-presenvation, and as basic as holding hands in the movies. It begins with the first new doll and the little next-door neighbor boy, and it never ends.

Given a house and a "he," any female can go on from there. But, just as the neighbor boy is an unwilling participant in the "Now I'll be Mama, you be Papa, and this is our home" routine, so, too, the adult male is a reluctant accessory to the game.

"But what on earth is wrong with the place?" asked John in bewilderment after I outlined my plans for its rejuvenation. "I thought you liked it. We had it all arranged with the foyer as a waiting room and the large room with the subdivision for a consultation and treatment room. Don't you like it any more?"

"It's nice," I tried to explain, "but on the dark side. If we paint it bright white instead of this dull cream color, it'll look grand. And," I went on pulling him through the other rooms as I continued "take this foyer. If it's too be a waiting room, we should paper it and make the most of it, shouldn't we? And the bedroom—why John, anyone can see how pretty it would look in pale blue!"

Anyone but John, that is. "Pale blue," he repeated sadly, and sighed.

By mutual consent we sank down on the bare floor.

"And the living room," I said next, waving in its general direction, "needs bookshelves for my library, and you can make those."

"Me?" he nearly shrieked, jumping up. "Me make book shelves? I'm a doctor not a carpenter."

"Don't get technical," I answered standing up too. "You yourself told me that you built those shelves in your bedroom at home, didn't you?"

He winced audibly at the recollection. "I talk too much."

"Do you mean to say," I demanded, "that you won't make shelves for us or paint or anything?"

"I didn't say that at all as yet," John answered. "I just don't see why we have to," he continued, as if logic had ever been intended as a necessary part of husband and wife conversations.

• • •

I WAS stumped. I knew I could never manage the whole job all by myself. Suddenly, I seemed to remember a scene from home:

"Will you hang the curtains, dear?" my mother would say pleasantly to my father who would be contentedly absorbed in the evening paper.

"Tomorrow, dear, tomorrow."

"But that's what you've been saying since last week," my mother would protest.

"But this tomorrow I will," he

See I LOVE MY DOCTOR, Page 8

Looking At Life -- By Erich Brandeis

NOW I have seen everything—I hope.

Whenever I write something in favor of smoking or dancing or going to the movies I expect and receive many letters telling me that my heresy is leading my readers straight into Hell.

BRANDEIS

They try to prove their contentions by Chapter and verse and want to make me believe that certain portions of the Bible were written specifically about tobacco, dancing and the movies, thereby twisting the Good Book into a corkscrew of their own imagination.

But today I received something that really is the limit.

I had mentioned playing Canasta with some friends.

So, in the mail today, arrives a scorching letter about the sin of playing cards.

To support the writer's condemnation of card-playing in general and me in particular, a little four-page folder is enclosed.

It is entitled "Facts about Cards and Card-playing." Mind you, it says "FACTS". A fact is something that is proved true.

So this folder states as a FACT that "cards were invented to amuse an idiotic king." As a matter of "fact" the origin of cards is unknown. It is believed that the Arabs or Saracens learned the use of cards from the Gypsies and spread them in Europe.

The only mention of their invention for the amusement of a king is in a Chinese dictionary, published in 1678, which said that cards were invented "for the amusement of King Seun-ho and his concubines." But there certainly is no "fact" about that.

• • •

Then the folder comes down to what it calls real "facts".

The "ten spot," it says, is in opposition to the ten commandments.

"Clubs" represent a weapon of murder.

"Spades", a tool to dig graves, suggests death.

"Hearts" holds up the broken heart of Christ in derision instead of devotion.

"Jack" represents a libertine who lives off the gains of fallen women.

"King" represents the devil, the king of darkness, who entices men away from God and heaven, downward to Hell.

"Queen" represents Mary, but in a slanderous way, a slander on the name of the virgin mother of God.

"Joker"—I am sorry, but what it says about the joker is not printable here.

• • •

THEN, after stating that playing-cards were invented to amuse an idiotic king, the author of this folder gives the name of the inventor — Satan.

I want you to know why I am telling you all this. Folders such as this one are dangerous. They poison the decent minds of thousands of people. They breed intolerance, hatred and fanaticism.

[illegible] cards are evil. Millions of fine people play cards. I [illegible] going to the movies is evil. I deny that dancing is evil.

I admit that gambling is evil. I admit that ANYTHING done to excess is evil—even the drinking of too much water.

But, to me at least, it is just as evil to use the beauties of the Bible, the majesty of Religion, the divinity of Faith for the injection of the poison of Fear, Falsehoods and Fanaticism into the hearts of men and women.

Funny Business

"It's a message from the lost guest — he wants ginger ale!"

BY SWING TO RIGHT

Demos Are Worried

By RAY TUCKER
Special Correspondent

WASHINGTON — Anglo-American politicians still profess to doubt that the recent results in the Australian and New Zealand elections portend a shift to the right that will be reflected in voting in Britain and the United States next year. They emphasize the differences rather than the resemblances in the issues involved and in the popular reaction to them.

TUCKER

But it is no secret that the overthrow of labor governments supporting policies so similar to the Truman program has upset every Democratic politician at Washington, from the President down to minor employes at Democratic national headquarters. The latter have been ordered to make as careful an analysis of the returns down under as they do of votes in key American states.

• • •

PARALLEL: The analysts have already come up with one disturbing discovery. They note that the elections in Australia, New Zealand and England have shown a close parallel for the last tweny-five years.

When the islands went conservative, Britain did. When the dominions turned to Socialist or Labor regimes, so did the parent country. And when they threw out the liberals, the British did likewise.

• • •

BLOW: President Truman and his advisers feel that it will hurt them in next year's Congressional contests if England should oust the Attlee-Bevin regime early in 1950.

In view of Britain's adoption of nationalization and such radical reforms as national health insurance, which have also become controversial issues over here, the White House believes that it would be bad political advertising for the Democrats.

Even though persistence of the trend in the United States might not enable the GOP to win both House and Senate, as well as key gubernatorial seats, a conservative shift of any great extent would be a blow at the party in power. Unless checked, it might mean an upset in 1952.

• • •

HOSTAGES: It is too late, of course, for President Truman to join this parade to the right, if there should be a parade. He has given too many promises and hostages to the leftist forces of American politics.

But there are indisputable signs that the politically canny man in the White House is preparing to move in any direction in which the politico-economic winds may be blowing a year or three years from now. In recent weeks he has modified several major policies so as to slough off the charge that he is a "radical" and an "enemy of private enterprise."

• • •

TAXES: It took him a long time to change, but he now favors repeal of numerous excise and luxury taxes, although he insists that other levies must be imposed to make up for the lost revenue. He has found that consumers and the small business men are strong for this repeal.

He has instructed Attorney General McGrath and Secretary Sawyer to devise a program for less punitive administration of the anti-trust laws. Although there seems to be considerable hedging on just what the White House wants, the basic scheme is to give a better break to business and industry.

• • •

LISTENING: Most significantly, Mr. Truman has astonished his aides by insisting on budget cuts far more severe than he has permitted in the past. He will even slash appropriation requests for national defense and foreign spending, against the advice of several members of his Cabinet.

He is listening to the more conservative men around him instead of to the Clark Cliffords, the Leon Keyserlings and the Frankfurter proteges, who were the framers of most of the "welfare state" legislation.

• • •

WANTS: Here is the pitch for 1950: President Truman will still pose as the apostle of racial social and economic reforms. But he will be quite content if Congress rejects most of his demands.

All he wants—and all he expects—from the next session is (1) expansion of the Social Security program to increase benefits and expand coverage, (2) enactment of a bill for federal aid to education and (3) passage of the Sparkman mesure for the government assistance to home-building for middle-income families.

• • •

REGULAR: Franklin D. Roosevelt, jr., is having difficulty in aligning himself with any political party on the official rolls of the House of Representatives.

When he was reelected as the nominee of the Liberal and Four Freedoms Parties, he was listed by House attaches as a "Republican." That was an obvious blunder which he quickly adjusted. Then, for honesty's sake, the men who make up the rolls put him down as a member of the Liberal Party.

He would then have been the single member of one of the two minority groups in the House. The other was Vito Marcantonio, who is the sole representative of the American Labor party.

But before the recent session recessed, Mr. Roosevelt had himself officially enrolled as "Democrat-Liberal." He even made a special trip to the House Press Gallery to notify reporters that he now belonged to a regular political party.

Methuselah lived 967 years, and never bothered about vitamins and old age security.

When the meek inherit the earth we wonder how they will handle the pension problem?

In the old days, Old Dobbin wasn't used a great deal in connection with murders. The buggy didn't have a trunk in which to ram the victim's body.

Down Memory Lane

(Taken from the files of The Lubbock Morning Avalanche, Dec. 31, 1929.)

Unanimous election of Mrs. A. T. Biggers as president and Mrs. Carl Slaton as secretary featured a meeting of the Federated Church Women's Auxiliary Monday afternoon in the chapel of First Methodist church. Mrs. Biggers is a member of the Women's Missionary society of First Christian church and Mrs. Slaton is a member of the Mary Helm auxiliary of the First Methodist church.

• • •

At the second annual banquet of the Slaton High school Alumni association, held here Thursday night, officers for the ensuing year were elected as follows:

Roy Wilmesmeier, president; "Speedy" Cannon, first vice president; T. A. Worley, jr., second vice president; and Miss Exie Smith, secretary-treasurer.

All the officers live at Slaton. The association now has over 125 members.

Believe It Or Not -

AS STATEMENT OF PRINCIPLES

Old GOP Platform Could Serve

By THOMAS L. STOKES
Special Correspondent

WASHINGTON—Saving the Republican party or, more properly, saving it from itself has been a parlor game hereabouts for a long time. Next to the Russian problem it probably has consumed more conversation than any other of the many topics about which people here talk.

Interest in the subject is revived again now by National Republican Chairman Guy Gabrielson's move to draft a statement of party principles for next year's congressional elections, for which he has appointed 15 members of his national committee to cooperate with Republican members of Congress, governors, state chairmen, and others. This was thrown into the lull between holidays before Congress comes back to work, and all sorts of suggestions have been offered.

STOKES

• • •

Proposed Statement Given

Herewith is another consisting of proposed declarations for a Republican statement of principles:

"The Republican party accepts the purposes of the national labor relations act, the wage and hour act, the social security act and all other federal statutes designed to promote and protect the welfare of American working men and women, and we promise a fair and just administration of those laws."

And it could advocate further:

"Extension of the existing old-age insurance and unemployment insurance systems to all employes not already covered."

• • •

IT could also come out for:

"Other programs relating to health and the stimulation by federal aid of state plans to make medical and hospital service available to those in need without disturbing doctor-patient relationships or socialized medicine."

On civil rights it could say:

"We unreservedly condemn the injection into American life of appeals to racial or religious prejudice.

"We pledge an immediate congressional inquiry to ascertain the extent to which mistreatment, segregation and discrimination against negroes who are in our armed forces are impairing morale, efficiency, and the adoption of corrective legislation.

"We pledge the establishment by federal legislation of a permanent fair employment practice commission. The payment of any poll tax should not be a condition of voting in federal elections, and we favor immediate submission of a constitutional amendment for its abolition. We favor legislation against lynching and pledge our sincere efforts in behalf of its early enactment."

It could say all the above things now because it said all of them, as quoted, back in 1944 in its party platform adopted that year by its representatives at the Republican National convention though some Republicans might stick at use of the word "welfare" now because of the new connotation given to it.

• • •

GOP Platform Ignored

That was still the party's platform when it captured control of Congress in the 1946 elections. The trouble was that it didn't go through with it in the 80th Congress. The 1948 platform was about the same, but it was too late then.

Democrats got another chance, and they did get through some of these things, not many, but with Republican help. For Republicans in both branches voted for housing legislation—advocated in both previous party platforms—for minimum wage increase, and nearly all Republicans in the House voted for social security expansion, which is to come up in the Senate in the forthcoming session.

• • •

A NEW statement of principles would seem to be largely a waste of time. Those of 1944 and 1948 are good enough still, nor are they exactly "me-too-ism" which is another current bugaboo of Republicans along with "welfare state." Republicans have got themselves confused with such words and tags.

The simplest solution for them, if they must have a statement of principles, would seem to be for all Republicans in Congress to get together at the beginning of the new session, re-adopt their 1944 and 1948 platforms—it would take only a few minutes—and go to work to put them into effect, and just leave the national committee out of it. Mr. Gabrielson and his committee could devote their time to organization and raising campaign funds, which is the committee's function.

QUIRINO TAKES OFFICE

MANILA, Dec. 30. (AP)—President Elpidio Quirino was sworn in for a full four-year term as President of the Philippines at noon today.

"I wish I could stay here and see the old year out quietly with you — all those people downstairs are acting childish!"

Business, Professional Industrial Review

Presenting Each Week News About Live, Progressive Firms and Individuals of Lubbock

SOUTH PLAINS INSTITUTION—Here is the plant of Keeton Packing Company located east of Lubbock and north of the Idalou highway. Twin smokestacks make it a distinctive landmark in the industrial picture of the area. The present plant shown here, was built in 1946 after fire destroyed the original plant. In re-building, the company tripled its size, and other additions have been made since that time. Meat products from this plant are sold throughout the South Plains and the North Plains. The Keeton area including Matador, Dickens, Spur, Lamesa, Andrews, Morton, Muleshoe, Plains, Pampa, Borger and Amarillo.

SALES TERRITORY IS LARGE

Keeton Packing Co. Has Major Role In South Plains Business

What makes the South Plains continue to gain in population and business? And what makes Lubbock the center of this amazing development?

There are a lot of answers to these questions, but one thing is certain—firms like Keeton Packing Company are playing a large part in making the South Plains grow with Lubbock as the center.

Meat products from the Keeton Packing Company are sold throughout the South Plains, and on into the North Plains country of Pampa, Borger and Amarillo.

To the west, the Keeton territory extends to Muleshoe, Morton and Plains. The Keeton area goes east to include Matador, Dickens and Spur, while to the south, it's Lamesa and Andrews.

And, of course, Lubbock and all the area between those points is serviced by Keeton Packing Company.

The plant, located east of Lubbock, was completely re-built after the fire burned it out in 1946.

What might have bten the finish of some businesses was actually a blessing of a sort for the packing company, for in re-building, the corporation partners constructed an even larger plant and expanded its operations.

The firm began business on April 4, 1937, and since then has grown into a South Plains institution with te highest reputation for quality meat products at reasonable prices.

Owners of the Keeton Packing Company corporation are Claud Keeton, Ralph Keeton, Sidney Keeton and Rogstad Zachary.

Principal products sold are beef, pork, sausage, lunch meats—a complete packing house line. In addition, the company sells such by-products as hides, tallow and tankage.

A year ago, the company added Plainsman sliced bacon to their line, and already this product has firmly established itself in the buying habits of West Texas housewives.

After the 1946 fire, the plant size was tripled in the rebuilding program. In 1948, a garage was built. The general maintenance shop, with a portion of it used for dry storage, has 11,000 square feet of floor space.

And the building plans still continue. A compound and lard processing plant with the most modern machinery available should be ready for operation on a limited basis by February, 1950. Plans for this plant call for a floor space of 2,500 square feet.

The plant and office buildings occupy an area of 11½ acres inside the Keeton Packing Company property of 36½ acres. The company also owns 10 acres of feed lots a mile south of the plant for holding animals prior to slaughtering.

Keeton Packing Company has a Texas-size fleet of trucks to distriute its products and to carry on its operations. Thc.e are 45 trucks in this fleet .

While the 1946 fire may have brought the big expansion that might have taken years without the fire, Keeton Packing Company isn't asking for another fire.

The company has underground storage tanks for 250,000 gallons of water north of the plant, for fire protection and for plant use. Two new wells have been drilled recently. While necessary for fire protection, water is used in tremendous quantities in the operation of te plant. When in full operation ,the plant uses from 75,000 to 100,000 gallons of water a day.

Keeton Packing Company regards its plant as the most modern in te area, and its machinery on the bacon-slicing line is the only such unit in Texas west of Forth Worth. This machine, as large as they come, can process 1,200 pounds of bacon in an hour.

All beef sold by the plant is a Western brand, and all of it comes from this area.

Students from the animal husbandry department of Texas Technological college hold class tours through the plant to study meat packing operations. In addition, high school students frequently make tours through the plant. Any group can arrange for tours by giving notice in order that a suitable time might be set when the plant will be in operation. Heaviest activities are usually in the morning hours.

FIRM HERE FOR 10 YEARS

Machinery For All Farm Needs At C. H. Scales Implement Co.

Farming is big business on the South Plains—the biggest business of all—and the size of their yields is dependent to a great extent upon the type of machinery they use.

One of the most reliable dealers on the South Plains is the C. H. Scales Implement Company at 2214-16 Ave. G, which has the reputation for machinery that does the job at a price that is right.

The firm began business in December of 1939, and during those 10 years has built up a reputation for fair dealing with South Plains farmers.

Principal products sold are J. I. Case farm machinery, irrigation supplies, milking machines, Mayrath grain loaders, Shafer one-row plows and Jeffroy chisel plows.

In addition, the firm has a complete stock of parts and offers shop service on those makes of merchandise sold by the dealership.

Growing with the South Plains, the company added 6,000 square feet of floor space in December of 1944.

C. H. Scales, owner, invites all farmers in the area to visit the implement company while in Lubbock to see the time-saving and money-saving machinery sold by the firm .

The company handles tractors, combines, plows, feed mills, manure spreaders, planters, cultivators, harrows, grain elevators, hay bailers, hay rakes, power mowers, moldboard plows, disc plows, disc harrows, spike tooth harrows and irrigation engines.

Farm hardware also is available at the C. H. Scales Implement Company, along with such items as Titelock syphon tubes, Rainbow plastic syphons, bailing wire, Exide batteries, Firestone tires and P. & C. wrenches.

The company handles Ideal milking machines, a product known for dependability.

C. H. Scales Implement Company has complete shop facilities with well-trained personnel. Its extra-large parts department gives complete coverage of genuine parts, which means the farmer doesn't have to run all over town to find the part he needs.

Cotton controls in 1950 will mean that many farmers will be growing new crops, or expanding operations in crops other than cotton. This change will call for new machinery, and the C. H. Scales Implement company has the equipment for every farming purpose.

Cleaning Most Important Step In Care Of Fine Rugs, Carpets

Proper care of rugs and carpeting gives them a longer life—and periodic cleaning is the most important part of proper care.

While cleaning is important, it must be done right, and the Frenchway Rug Cleaners at 1905 Ave. O knows how to do that.

Sand and dirt, if allowed to remain in rugs, cuts through fibers and takes many months off the wear. Further, soiled rugs fast lost their original colors through chemical action by the foreign substances.

Even when the surface of rugs may not look soiled, they may need the expert attention of Frenchway Rug Cleaners.

In addition to rugs and carpets, this firm also specializes in the cleaning of furniture. Other quality services offered are rug binding and mothproofing.

Put new life in your rugs and carpets by sending them to Frenchway Rug Cleaners at 1905 Ave. O, where the finest methods of cleaning are used. As soon as the holiday season ends, dial 2-1628.

Henry Electric Company Has Contract On Housing Project

Electrical contracting on a large scale is one of the many things that the Henry Electric Company does well.

Henry Electric, now in its new business home at 1941 Nineteenth street, holds the contract on the Highland Place Development on Thirty-fourth street.

This job calls for the electrical wiring of 246 apartments in the housing development.

While Henry Electric is equipped to handle such large projects, it also will take the smaller jobs —even it is only the repair or installation of one switch.

SANDERS FOR RENT

Working over your hardwood floors? Home Lumber and Supply Company at 1220 Nineteenth street has electric floor sanders and waxers for rent. Dial 2-2142 a day ahead to be sure the machine you want is available. Rental rates are reasonable.

Western Brick and Supply Co., Inc., at 2301 Ave. G lets this slogan guide its business practices: "Prompt service, time-tested products and reasonable prices."

U. S. Traffic Toll May Reach 31,500

CHICAGO, Dec. 30 (U.P.) — Americans are dying in traffic accidents this month at a rate of about 100 per day in a race that will boost the nation's traffic toll to an estimated 31,500, it was reported today.

That toll, 500 less than the 32,000 traffic deaths of 1948, may have to be revised upward if drivers aren't fully aware of extra accident hazards during the New Year's holiday weekend, the National Safety council said.

December Total Estimated

Traffic deaths during November totals 3,020, boosting the 11-month total to 28,350. The council estimated that the December total will be 3,150, or a rate of about one death every 15 minutes.

There was in increase in traffic fatalities during November in small towns and rural areas, the council reported, to offset a 19 percent decrease in cities of more than 10,000 population. The totals for the month showed an over-all two percent increase in traffic deaths.

During the first 11 months of the year, the cities showed a 12 percent decrease but the national average was held to a two percent decrease by the higher number of deaths in non-urban sections.

Leading Cities Named

Only 73 cities reported no traffic fatalities during the first 11 months of 1949, the council said. The three largest were Passaic, N. J., Great Falls, Mont., and Ann Arbor, Mich.

The following cities showed these percentage decreases in traffic deaths in the January-November period, compared to the same 11 months in 1948:

Portland, Ore., 49; Kansas City, Mo., 46; Cincinnati, O., 40; San Francisco, 37; New Orleans, 37; Minneapolis, Minn., 35; St. Paul, Minn., 33; Miami, Fla., 32; Houston, Tex., 30; Indianapolic, Ind., 29; Dallas, Tex., 29; Akron, O., 28; Oklahoma City, 28.

San Antonio Rates Decline

San Antonio, Tex., 27; Birmingham, Ala., 25; Toledo, O., 24; Newark, N. J., 24; Omaha, Neb., 22; Pittsburgh, Pa., 22; Providence, R.I., 21; St. Louis, 21; Columbus, O., 20; Chicago, 18; Long Beach, Calif., 18; Rochester, N. Y., 16; Boston, 14; Detroit, 10; Jacksonville, Fla., 9; Dayton, O., 9; Philadelphia, 8; Syracuse, N. Y., 8; Worchester, Mass., 8; Buffalo, N. Y., 7; Cleveland, O., 5; and Denver, Colo., 5.

The council also said that 29 states improved their death records during the first 11 months of the year compared with a year ago. The states and the percentage of decrease:

Idaho, 26; Oregon, 20; Nevada, 20; New Hampshire, 18; Connecticut, 17; Maine, 14; Washington, 13; Utah, 12; Alabama, 11; Wisconsin, 10; Illinois, 9; Colorado, 8; Pennsylvania, 7; Texas, 7; Florida, 7; Georgia, 7; South Dakota, 7; Mississippi, 6; Arkansas, 6; Minnesota, 5; Wyoming, 5; New Jersey, 4; Tennessee, 3; Nebraska, 3; Montana, 3; Iowa, 2, and Michigan, 1.

False Caps On Teeth Fail To Aid Negro

Arrest of a 25-year-old Hobbs, N. M., negro who had managed to evade detention about seven months disclosed that he had hidden behind more than an alias.

He operated behind a "false front, sheriff's deputies said.

Marion A. Rhodes has been returned to Lubbock and placed in county jail on a forgery warrant charging he passed a $54.44 check Aug. 13 to D. P. Trammel.

Officers charge he rigged false diamond-mounted caps to fit over his teeth; that he'd wear them into a store and grin broadly when cashing a check so that clerks would notice the flashing "dental work."

Once outside the store, officers further charged, he would remove the caps and be transformed instantly into "another person."

But that's an old one to peace officers. County officials filed a charge and began writing letters to places where they suspected Rhodes would show up. One of those places was Vernon. Rhodes did show up there, and was arrested. Ranger Capt. Bob Crowder returned him here for grand jury investigation, teeth caps and all.

The instrument given to Trammel was made out on a blank check stolen earlier from Anton Grain company, officials said.

ASKS CHANGE IN FREQUENCY

WASHINGTON, Dec. 30. (AP)—The Communications commission announced today West Texas Broadcasters, Inc., Plainview, Tex., has asked to change the frequency of Station KPKW from 1570 to 900 kilocycles.

I Love My Doctor

(Continued From Editorial Page)

would repeat.

"Very well, I'll hang them myself," my mother would say, turning to send me for the ladder.

And that always did it: down went the paper, up went the drapes, and knighthood flowered.

Warily, I considered my present situation. Anything was worth a try. "Very well, darling," I said, feeling like an amateur in a Shakespearan Village Barn production about to muff her lines, "I'll paint and paper and do all the work myself." I started offstage as if to tackle the job immediately with the martyrdom befitting a Joan of Arc.

John fortunately, although a little slow on the uptake, caught on.

"Oh, darling," he said picking up the proper cue, "of course I'll help you do everything. I wouldn't think of letting you work by yourself."

Well, what do you know, I not dead!

thought exultantly. Chivalry is

Baptist Minister, Wife Admit Prostitution To Boost Income

BOISE, Idaho, Dec. 30 (INS) — A Baptist minister and his wife told Boise police today they had to turn to prostitution because they could not support their three children on his limited church pay.

Police arrested Rev. Roy C. Butler, 38, and his 35-year-old wife, Rachel, on vagrancy charges after one of the men Mrs. Butler had approached reported their activities to police.

In voluntary signed statements to police, the Butlers admitted having carried on prostitution activities in Boise, Caldwell and Nampa for several months.

Both were given 30-day suspended jail sentences in municipal court, when they pleaded guilty to vagrancy charges.

Butler explained in his statement that they had been pressed financially and could not support themselves on the $210 received from their church each month.

He said his wife had assumed the role of prostitute about twice a month.

Mrs. Butler told police in her statement that she usually tried to "pick up" well dressed men. When successful, she said, she would lead them to the back seat of the Butler car. Her husband would then drive to a deserted street and keep watch.

Unique Club To Stage Annual New Year Party On Pikes Peak

COLORADO SPRINGS, Colo., Dec. 30. (INS).— A score of hikers and two army mules trugged out of Colorado Springs today on their way to a cold and rugged holiday weekend.

Leading the group was Don Lawrie of Colorado Springs, president of the famed and exclusive Adaman club.

The unique organization spends the last day of the year, regardless of weather, on the 14,000-foot top of Pikes Peak.

At midnight, they herald the new year with a fireworks display which can be seen in a 75-mile radius if the weather is clear.

State Okays 10 Road Building Projects

Two Slated For Lubbock County

The State Highway commission in Austin has announced authorization for 10 road projects including two in Lubbock county according to an Associated Press dispatch received here.

The Lubbock county projects are from the end of Farm Road 40 at Acuff east to the Crosby county line a distance of three and a half miles and from the intersection of Farm Road 1316 with U. S. Highway 62 two miles south of Wolfforth east to the Slide road a total of five miles.

County State Cooperate

The two roads to be of a dustless two-lane surface design will be constructed at an estimated cost of $72,000, with 75 per cent of the funds provided by the county and 25 per cent by the state, under the county and state co-operative plan.

Cochran county will have four miles of farm-to-market road constructed from Farm Road 769 six and a half miles west of Lehman, north to another road intersection. This road, to be of the dustless two-lane surface type, also will be constructed under the 75-25 county and state co-operative plan at an estmated cost of $32,000.

Other Projects Listed

Other projects announced include 12 miles of farm-to-market road in Howard county from U. S. Highway 87 at Fairview north to Vealmoor on the Borden county line. Estimated cost will be $100-000 with Howard county providing $83,250 as its share of the cost.

Total cost of the 10 projects is expected to be $938,500.

County Judge Walter Davies and County Commissioner R. O. Short have returned from a hearing in Austin, where they informed state officials that rights-of-way for the Lubbock county roads had been secured, and that the county was prepared to pay its share of the cost of construction.

Under the co-operative plan, the state pays 25 per cent of construction costs, as well as providing engineering, construction, and maintenance services.

Braniff Airways Shows Profit Of $215,887 For Nine Months

DALLAS, Dec. 30 (U.P.)—Braniff International airways showed a profit of $234,678 for the third quarter, up some $24,000 from the second quarter. But a first quarter loss cut into the net for the second and third quarters, leaving the airline with a nine-month net smaller than that for its best three-month period of the year.

Lubbock, Texas, Saturday, December 31, 1949

New Test Is Slated In Garza County Field

Small Well In Gaines Completed

A small pumping oil well has been completed at Mid-Continent Petroleum corporation No. 1 Nichols, discovery from the Clear Fork lime of the Permian in Central-West Gaines county, 23 miles west of Seminole, and about six miles east of Hobbs, N. M.

This new field opener is located 660 feet from north and west lines of section 7, block A-10, psl survey.

It made 97 barrels of 34-gravity oil, plus 10.2 per cent water, in 24 hours of pumping from pay at 6,390-6,448 feet. The oil is coming through perforations in the casing between those points. The 7 inch pipe had been cemented at 6,570 feet. The perforated interval had been treated with 2,500 gallons of acid.

The well showed a gas-oil ratio of 450-1, but the gas was not steady and regular, therefore a pump had to be installed to produce the oil.

This wildcat drilled to a bottom of 7,510 feet. The section from 6,448 feet to the total depth did not offer any possibilities of production, and the prospector was plugged back for the completion.

OUTPOST IS STAKED NEAR GARZA COUNTY WELL

George R. Brown of Houston has staked an outpost 3,150 feet east of his discovery well in the Buenos field of northwest Garza county.

The new location will be 1,030 feet from east and 565 feet from the north lines of section 726. Abstract 893, D&SERR survey, 10½ miles northwest of Post.

Rotary tools will be used, and contracted depth is 4,000 feet.

The field-opener, Herman R. and George R. Brown No. 1 G. W. Bassinger, was completed on the pump early in October. Producing from perforations between 3,526-36 feet, it pumped on initial tests 86 barrels of oil, plus 40 per cent water, in 24 hours. Total depth of the opener was 3,800 feet.

The new exploration hopes to tap the same Permian lime pay as the No. 1 Bassinger.

TEST TO BE MADE ON NEW SCURRY WILDCAT

Ted Weiner and associates No. 1 Moore Creek Baptist church central-west Scurry county wildcat, eight miles west of Snyder, and seven-eighths of a mile northwest of the nearest producer from the Canyon reef lime, was bottomed at 6,910 feet and had set a string of 5½-inch casing at 6,842 feet with 100 sacks of cement.

Operators will drill the plug at the end of the week and test the open hole.

That section developed a little oil and gas cut drilling mud—but no free oil in a drillstem test.

Top of the Canyon reef was at 6,830 feet, which was 4,388 feet below sea level.

Location is 208.35 feet from north and west lines of section 248, block 97, H&TC survey.

FOUR NEW SITES ARE STAKED IN SCURRY

Four new drillsites have been staked in the partially developed fields of Scurry county. The North Snyder field has three of the new projects, and the Diamond M field has one.

Standard Oil company of Texas No. 13-1 Mrs. Jessie W. Brown is to be located 710 feet from the south and east lines of the southeast quarter of section 495, block 97, H&TC survey. It is to be a rotary operation with a contracted depth of 7,000 feet.

Magnolia Petroleum company No. 2 Lily Van Winkle, also in the North Snyder, will be 467 feet from south and east lines of section 338, block 97, H&TC survey, four miles northwest of Snyder. Contracted depth is 6,900 feet.

Magnolia No. 3 Lily Van Winkle will be 1,667 feet from south and 467 feet from east lines of section 338, block 97, H&TC survey. Contracted depth is 6,900 feet.

Sun Oil company No. 3 G. D. Boyles is planned for the Diamond M. field. It is to be 660 feet from north and east lines of section 201, block 97, H&TC survey. That places it nine miles west of Snyder. Contracted depth is 6,900 feet.

TECH RESEARCHERS AID MARKET

Shortages Bolster Position Of South Plains Irrigated Cotton

South Plains irrigated cotton was in a much more favorable position this year than usual because of a shortage of strong cottons in some parts of the nation, Dr. Lyle E. Hessler, research associate at Texas Tech, said Friday.

Research currently underway at Tech is aiding that advantage by delving into the ways in which irrigated cotton can be best utilized in spinning mills, Dr. Hessler said, and information already gained is being passed on to the marketing and textile trade.

Technical Advice Given

Such information includes technical advice as to how spinning looms, drawing frames and other machines used in the manufacture of cotton goods should be adjusted to produce the best results from irrigated cotton.

With a comparative shortage of the stronger and longer staple cotton grown in other regions, such information puts South Plains cotton in a better bargaining position than ever with industrial manufacturers. Since there is an ample supply of irrigated cotton, many mills may take advantage of the new spinning information and turn out top-grade material with cotton such as that grown in this area, Dr. Hessler indicated.

Difficulties experienced by some mills in processing and spinning irrigated cotton is usually due to lack of knowledge on how to handle fiber with the physical characteristics possessed by it, the research associate asserted.

"Irrigated cotton is generally long, soft, pliable and thin walled, factors not allowing excessive working in the spinning process," he said. "Therefore, in order to avoid neppiness, tangling and buckling in processing machinery, tolerance in settings must be close and speed of operation slowed down."

He said close settings are especially needed in the carding operating so that the results of overworking in previous operations may be removed. Yarns of higher grades are readily made from irrigated cotton if the processing is properly handled, he stressed.

Mills which are reluctant to use this type of cotton because of an adverse previous experience are losing out on a chance to make yarns which will meet top specifications for strength, he added.

All cotton research at Tech is aimed at a thorough understanding of cotton fiber properties which in turn facilitates textile and high grade yarn production, the research expert explained.

Teaching Of Soil Courses Urged

The idea of soil and natural resource conservation should be first taught to children in the elementary school grades, two Texas Tech professors agree.

Declaring that all prospective elementary teachers should be required to take soil courses in college, Dr. Doyle D. Jackson, acting head of the education department, joined Dr. A. W. Young of the plant industry department in making the statement.

Growing Idea Expressed

Although the statements carry with them no anticipated change in the curriculum for obtaining a teachers' certificate with a Tech degree, the two professors expressed an idea which is growing throughout the nation that youth must be taught at an early age the importance of conservation.

"At present, children are not exposed to the idea of conservation until they get into high school and then only the few who take a course from a vocational agriculture teacher hear of the need for saving the soil," Dr. Young asserted. He quoted statistics which bear out the contention that our soil fertility is being rapidly depleted.

Long Training Favored

In expressing his view that all teachers should take some agriculture courses, Dr. Jackson declared that "soil conservation undoubtedly should be taught from the fourth grade through college." Dr. Young added that "teachers living in an agriculture community need a background which will permit soil conservation training for every student in their classes."

Dr. Young himself has long been an advocate of soil conservation practices and has delivered numerous addresses stressing the importance of controling erosion and soil depletion by correct farming methods and education to the dangers of allowing farms to degeneration into wastelands.

New Mexico Solon To Enter Race For Top State Office

SANTA FE, Dec. 30 (INS) — Rep. John E. Miles, who announced his candidacy for governor today, and former Governor John J. Dempsey who will seek a seat in Congress, each declared he would "run my own race" today.

Dempsey declared "in the primary it is customary to confine oneself to his own race and let the others run theirs."

"I'm not going to oppose anybody" in the primary, Miles said.

Nearly 600,000,000 acres of western lands in the United States are classed as semi-arid and arid.

TO PERFORM AT SUN CARNIVAL—The Seminole High School Indian band shown in the top photo above, will take part in the annual Sun Carnival parade in El Paso Monday and then attend the annual Sun Bowl game. Seventy band members will make the trip to the border city under the direction of George A. Walker. The students will be housed at Fort Bliss. In the bottom photo are shown the drum majorettes of the band, Drum Major Nelda Luttrell, center, and her six drum majorettes will lead the band in the parade. From left to right, the majorettes are Marilyn Johnson, Elaine Jordan, Fredda Marcus, Miss Luttrell, Ruby Joe Britton, LaGaytha Wood and Carolyn Van Meter.

Bidault Wins French Vote Of Confidence

PARIS, Dec. 30 (AP) — Premier Georges Bidault won two votes of confidence from the National assembly tonight and put France on the road to a balanced budget.

The first score was 305 to 287 on a proposal to raise 45 billion francs ($128 million) by increasing the tax on manufactured goods from 12.5 to 13.5 percent.

The second was 306 to 288 on another to bring in 17 billion francs ($48 million) by putting a new tax of 10 percent on corporation profits that are not distributed to stockholders.

Bidault's middle-of-the-road coalition cabinet is not entirely out of the woods, however. It will have to face the attacks of both Communists and conservatives again when it tries to raise still another 35 billion francs ($100 million) cut from taxes by Parliament during the budget debate.

In Next Fifty Years For U.S.

Old People See More Attendance At Church, Young People Less

By GEORGE GALLOP, Director American Institute of Public Opinion

PRINCETON, N. J., Dec. 24—More public interest in religion, not less, is envisioned in the next 50 years by Americans questioned in a mid-century survey by the American Institute of Public Opinion.

The weight of opinion is that people will go to church more often than they do now. Middle-aged and elderly persons questioned are more positive in their views about this, however, than the younger people are.

Those under 30 years of age think there will be less church-going.

As one of a series of questions about the next 50 years, the Institute asked a properly balanced cross-section of adults this question:

"Do you, yourself, think any of the following things are likely to happen in the next 50 years? Do you think people in this country will go to church more often or less often than they do now?"

The vote:

More often	39%
Less often	32
No change	21
No opinion	8

Other questions in the series dealt with the future in science, politics, economics and other matters.

Interest in religion generally tends to increase with age. Perhaps that is the reason for the difference in attitude between those under 30 and those over 30 questioned in today's survey.

	Age 21-29	30-49	50 & over
More often	34%	41%	41%
Less often	40	30	38
No change	19	23	20
No opinion	7	6	11

New editions of the Spring Story!

You saw it in *Mademoiselle*

We help you chase chills and catch compliments with our newest Town & Country Club classic for now-thru-spring. Of rich rayon checked plaid, color-contrasted with subtle over-shadow squares. Wear it now peeping through your coat in smart good taste . . . comes Spring, it's cozy and warm enough to go its own colorful way. Sizes 12 to 20.

10.95

You . . . all a-glitter with gold embroidery and rhinestones on the scalloped front of your bolero and 'round the neck of your cap sleeved dress. Of 100% wool in white. For now and all through sping. Sizes 10 to 18.

35.00

Your headliner . . . print with a Parisian flavor. The skirt and bolero of rayon crepe printed with fascinating fashion figures . . . the waist of contrasting tissue faille, in black and white or red and white with a red leather belt. Sizes 10 to 20.

29.95

as seen in HARPER'S BAZAAR

READY-TO-WEAR . . . . STREET FLOOR

dreams come true

in this . . . .

KICKERNICK NYLON GOWN

COMPLETELY FEMININE . . .

Wide shirring over the shoulders, demurely tied at the throat . . . this graceful Kickernick gown has a young, completely feminine look and is utterly flattering with its high, molded waistline . . . long sweeping skirt.

Nylon tricot—pink, blue, and white. 32-40.

LAND OF OPPORTUNITY

Some of the finest land to be had is located here in the Heart O' The Plains of Texas.
Land of deep, rich soil that is underlayed with an abundance of pure water. Land that is ideal for stock farming, dairying, and raising poultry, for growing wheat, corn, cotton, alfalfa, grain sorghum and potatoes, vegetables, and many other crops.
Buy land now while you can get possession of it. Let this year's crop help pay for it.
We have many fine listings of farms and ranches. Large and small, irrigated and dry land, wheat farms and stock farms. We should be able to help you in selecting a farm. Write us for descriptive list.

Burglaries Are Reported Here

Two burglaries and three thefts were added Friday to cases already under investigation by city police.

Detectives Lee Rice, jr., and Pete Hubbard said approximately $10 in currency and silver was taken from the cash register of Newman Service station, at Nineteenth, and Ave. V. They said $4 in "change" was taken from Kerr and Middleton, contractors, office at 2206 North Third.

Windows Are Broken

Glass was broken in windows to make entrances, a pattern noticed in several recent burglaries here.

Theft of $8 from James Jimerson, of a hotel in the negro section of Lubbock, was reported to police today, as well as theft of a tire and wheel valued at $36 from Leon Rhineheart of 3112 Twenty-sixth.

Purses Are Lost

Two women reported loss of purses from stores here Friday.

Margaret Atkins of 1602 Ave. F, said her black wool purse was taken from behind a counter at 1106 Ave. K. It contained about $7 and a red leather billfold, she said. The other purse, property of Mrs. Vernon Newton of Slaton was lost in a downtown department store. Mrs. Newton said her purse contained a diamond ring, two sets of keys to her car and her driver's license. She asked anyone finding the purse to return the ring, keys and drivers license.

Will Lacy of 2203 Ave. D said a leather jacket valued at $25 had been stolen from the First National bank building at Main and Texas Ave. The garment was trimmed with fur.

Doctor, Accused Of Mercy Killing, Wins Freedom Under Bond

GOFFSTOWN, N.H., Dec. 30. (AP). A young New Hampshire doctor accused of murder in an admitted so-called "mercy killing" of a suffering cancer-ridden patient today won his freedom — at least temporarily — under $25,000 bonds.

Calm and smiling, Dr. Hermann N Sander emerged from the Hillsboro county courthouse to tell newsmen he hoped to get back to his work as a general practitioner right away.

Meanwhile, county prosecutors prepared to present the case to the January session of the grand jury opening next Tuesday.

Murder Charge Cited

The 40-year-old doctor — a former Dartmouth ski champion — was charged specifically with killing Mrs. Abbie Borroto, 59, of Manchester, by injecting 10 cubic centimeters of air into her veins with a syringe last Dec. 4.

Friends rallied to the doctor's support and the dead woman's husband — Reginal F. Borroto, an oil salesman — handed reporters at the family home a typewritten statement:

"I think Dr. Sander is a wonderful man. I cannot believe that he is in any way to be blamed for my wife's passing. He has my complete confidence."

Signed Report Revealed

Investigation of the death began yesterday — 25 days later — when a periodic check of records at Hillsboro county hospital brought to light Dr. Sander's signed report on the injection.

Confronted by investigators, he was quoted as replying:

"It was an act of mercy. There was never any malice in my heart."

Dr. Sander was accused in the warrant specifically with killing Mrs. Borroto "feloniously, wilfully and of malice aforethought."

MEDICAL SPOKESMEN CONDEMN MERCY KILLING

CHICAGO, Dec. 30. (INS).— A cross section of leading medical spokesmen condemned today the action of Dr. Hermann N. Sander, 40, Manchester, N.H., physician, who admitted putting a hopeless cancer sufferer to death by injecting air into her veins.

One, Dr. George F. Lull, general manager and secretary of the American Medical association, said euthanasia is a violation of medical ethics as set forth in the oath of Hippocrates.

Oath Written Early

The oath, written in 400 B.C., is still the basic outline of what a doctor should and should not do. Dr. Lull quoted this relevant passage from the oath:

"To please no one will I prescribe a deadly drug or give advice which may cause his death."

Speaking for the AMA, which represents 144,000 doctors, Dr. Lull added:

"We have no sympathy with that (euthanasia) movement. The average doctor believes it is amoral. There are times when death seems inevitable, but we, as doctors, can only hope for a quiet, painless death. We cannot hasten it. That right is given only to God.

"The majority of doctors do not belong to the euthanasia movement. Only a small group is sponsoring it."

county negro who was returned here this week on a warrant charging assault with intent to murder, pleaded guilty of aggravated assault and was fined $25 and costs, including mileage charge of $61.56. The felony charge will be dismissed, officials said.

J. V. Schug was fined $25 and costs for aggravated assault.

Frank Kubala, jr., 37, of Robstown, was fined $150 and costs for drunk driving; R. T. Barker $1 and costs for check law violation, officials said.

Bonds had been posted for later appearance by Chester West, 29, charged with theft; A. B. Mitchell, 40, liquor law violation; and Hugh Whitlock, 24, aggravated assault.

Loveda Henderson posted bonds totaling $200 in an appeal to county court from corporation court convictions of abusive language and drunkenness charges. City court fine of $25 was assessed in each case.

Snyder Paper Is Sold To Group

SNYDER, Dec. 30. (Spl.).— Willard Jones today signed a contract selling his newspaper to four new owners who expect to begin publication of a daily newspaper, The Snyder Daily News, about Jan. 29.

The paper, which has been a weekly publication, formerly was known as The Scurry County Times.

The purchasers are Louis F. Leurig of Pekin, Ill., Edward H. Harte and Houston H. Harte, jr., of San Angelo and Andrew B. Shelton, executive vice-president of the Abilene Reporter News.

Wth the exception of Shelton all new owners expect to move to Snyder. Leurig, formerly co-publisher of the Fort Stockton Pioneer and publisher of the Del Rio News Herald and Weekly Herald, left here today for Pekin, Ill. to make arrangements to move his family to this city.

Edward H. Harte, a reporter on the Kansas City Star, will come to Snyder within a few weeks. Houston H. Harte, jr., will move to Snyder in early June. He is a senior in Washington and Lee university in Lexington, Va.

The new owners will take possession of the paper, which includes a office supply and printing business, on Monday, Jan. 2.

A staff to supplement the present Scurry County Times staff is being recruited from Harte-Hanks and Company newspapers in this part of the state.

Arrangements have been made t tie the new Snyder Daily News onto the West Texas teletype circuit with the complete news service of the Associated Press.

Willard Jones, editor and publisher of the Times for the past 20 years, came to Snyder in 1929, when he and Jake Smyth purchased the Snyder News. In January 1931 the News merged with the Times Signal. Jones was sole owner of the Times when he sold.

He will remain with the concern for some time, new owners have announced. His family will continue to make Snyder their home.

One of the new owners, Houston Harte, jr., who now is in his senior year at Washington and Lee university, was a staff member of the Avalanche-Journal this last summer. As a member of the editorial department of the paper, he worked on general news, feature, and picture assignments before returning to school last fall.

Accidents Lead As Cause Of Death Toll Among Children

AUSTIN, Jan. 5. (INS).— All deaths among children in Texas from one to four years old caused by the so-called childhood diseases are equal in number to more than half of child deaths caused by accidents.

Figures released by the Bureau of Vital Statistics, Texas State Department of Health, show accidental deaths in 1948 caused 593 child deaths under four years of age, 218 of them under one year; but the combined deaths from diseases of childhood killed only 324 children in the same age group.

The "Childhood diseases" usually include scarlet fever, whooping cough, diptheria, measles, polio, and epidemic meningitis.

The report shows that one of every three deaths in the five-to-nine age group is accidental; four of 10 deaths in the 10-to-19 age group is accidental; and very little decline is noted in that rate through the other age groups under 30.

Only three out of every such deaths involve firearms.

Young Girl Who Lost Right Hand Has Important Letter To Write

MEMPHIS, Dec. 30. (AP)—Betty Lou Marbury, who's received over 10,000 letters in the past few weeks, has an important letter of her own to write when she gets out of the hospital.

The little Brownsville, Tenn., farm girl—recovering from an operation which took her diseased right hand — wants to write a letter of thanks to the New Yorker who financed her trip to see Boston specialists.

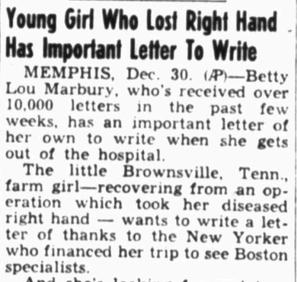

And she's looking forward to a visit from a little Ohio girl who lost her right hand more than two years ago because of a malignant bone tissue.

Twelve-year-old Phyllis Detwiler of Willoughby, O., plans to fly down next Thursday to assure Betty that everything will work out all right.

Betty got a letter from the New Yorker when the decision to amputate was announced. And she got a picture.

Reporters recognized the man as Phillips H. Lord, well-known radio executive who created and owns "We The People," "Gangbusters," and other shows.

MARKET GIVEN GOOD BOOST

NEW YORK, Dec. 30. (AP)—Stock buyers went to town in the last hour of trading today and sent prices racing ahead for gains of fractions to around 2 points.

In the second fastest session of the year, the volume of business crossed the 2,000,000-share mark for the fifth time in 1949.

Industrial stocks, as measured by the Associated Press average, sold at a peak since August, 1948. The price level for the market generally rang up a new top for this year and fell short, by a mere whisper, of the highest level in more than three years.

Automobile stocks advanced early and expanded their gains throughout the day. The balance of the market fiddled around until the final hour when buyers started to reach out for almost anything in sight.

Business in the last hour alone totaled 820,000 shares, a high for that hour since May 17, 1948. Turnover for the full day amounted to 2,090,000 shares.

With only tomorrow's two-hour session ahead of it, the market thus far is up around $1,000,000,000 on the week.

The rise today had more to go on than tradition. Practically no one has had a bad word to say about business prospects for the first half of 1950.

The Associated Press average of 60 stocks advanced .5 of one point to 72.2. This was the best mark thus far in 1949 and compared with the 1948 peak of 72.4. The 1948 high, in turn, was the best since August, 1949.

All three components of the average reached high for one to more than three years. Failure of the railroad group to keep pace with the balance of the market during the current move has been the main drag on the general price level.

The market was exceptionally broad, as it has been all week. A total of 1,169 individual issues changed hands, of which 591 advanced and 292 declined.

New tops for 1949 were established by 74 stocks and a 1949 low by just one—Northwest Telegraph.

Automobile stocks ranked high among the most active issues although the two top places were taken by United Corp. New and old stocks, each up ¼ point.

Shivers Designates Jan. 1 As Special 'Black-Eyed Peas Day'

AUSTIN, Dec. 30. (U.P.) — Gov. Allan Shivers today designated Jan. 1 as "black-eyed peas day" in Texas, lending official recognition to a Southern tradition that eating black-eyed peas on New Year's Day brings good luck throughout the year.

"While opinion may vary," the governor said, "as to the efficacy of this practice, there can be no reasonable doubt that the Texan who sits down to a meal of properly prepared black-eyed peas, boiled bacon and corn pone is a fortunate person, any day in the year.

Shivers urged all Texans everywhere to give "this worthy vegetable its rightful place on the New Year's Day table."

"Thus, Texans who eat black-eyed peas on New Year's Day not only will enjoy a delicious, wholesome repast and, presumably, store up good fortune for themselves throughout 1950, but they also will be contributing to Texas economy by increasing the consumption of an important agricultural product."

ALL-METAL ENCLOSED HEAD by ROLLA-HEAD VENETIAN BLINDS

brings the luxury and comfort of flexible metal ventian blinds to your home. The enclosed metal head blends with every room scheme. New, all-metal construction means years more of carefree use. Plastic baked-on finish makes them dust-resistant.

See the new ROLLA-HEAD venetians today, at the lowest prices ever . . . and you'll want to own them!

HOGS: Steady to 75 cents lower; to $16.25.

CATTLE: Steady to 25 cents higher; choice absent.

Suit Filed Against Bolivian Air Official

WASHINGTON, Dec. 30. (INS)— Eastern Airlines, Inc., today filed a $500,000 damage suit against Eric Rios Bridoux, charging that the Bolivian pilot was responsible for the crash of his P-38 fighter into an Eastern airliner Nov. 1 killing 55 persons.

The suit, filed in federal court in Washington, asked damages only for the loss of the "machinery, equipment and appurtenances" of its DC-4 airliner. The transport plunged into the Potomac river after the mid-air collision in the worst disaster in commercial aviation history.

Eastern declared the airliner pilot, who was killed in the crash, was not to blame and declared that Bridoux operated his P-38 "carelessly, recklessly, and negligently."

Eastern Attorney Roy Leiffler, bringing the suit, asked for a jury in the case.

Bridoux, sole survivor of the crash, is director of Bolivian civil aeronautics. The suit brings up the question of Bridoux's diplomatic status.

Bolivian embassy officials said they considered him an emissary of the government and not a private citizen. The P-38 involved in the crash was being purchased by the Bolivian government from a private American source.

Old People

(Continued From Page One)

brought out thus far in the Institute's mid-century survey are:

1) The majority believe that trains and airplanes will be run by atomic power by the year 2000.

2) An overwhelming majority think that medical science will discover an absolute cure for cancer in the next 50 years.

3) Very few persons—only one-seventh of those questioned — think that rockets will be sufficiently developed in the next half-century to carry men to Mars or the moon.

Escaped Texas Convicts Accused Of Kidnapping By Retired Banker

FORT SCOTT, Kans., Dec. 30. (INS)—A 60-year-old retired banker found in a field 10 miles from Fort Scott today told police two men kidnapped him yesterday in Shreveport, La., and forced him to accompany them.

R. B. McPherson told authorities the two men identified themselves as escaped Texas convicts. Three of seven prisoners who tunneled out of the Huntsville, Tex., prison Monday are still at large.

McPherson said the men accosted him when he returned to his parked automobile in downtown Shreveport. He said one of his abductors told him:

"We saw you park. We waited over an hour for you to return."

McPherson said he was taken in the car to the field and then left there. He was unharmed.

Cotton

NEW YORK REPORT

NEW YORK, Dec. 30. (AP)—Cotton futures were steady today on persistent trade buying and short covering, prior to the year-end. The market established new highs for the season, although the best levels were pared by commission house profit taking.

Cotton closed steady:

	Open	High	Low	Close
March	30.75	30.81	30.75	30.78-79
May	30.55	30.67	30.55	30.61-62
July	29.97	30.08	29.96	30.00-02
October	28.48	28.55	28.38	28.39
December	28.37	28.41	28.26	28.28

Spots closed nominal, at 31.56, up 9.

NEW ORLEANS REPORT

NEW ORLEANS, Dec. 30. (AP)—The last session of 1949 in cotton futures here today brought new highs for the season for all months. In the last few minutes of trading, however, the market became highly irregular. Closing prices were steady, 45 cents a bale lower to 25 cents higher.

	Open	High	Low	Close
March	30.70	30.75	30.66	30.71-73
May	30.51	30.59	30.49	30.53
July	29.91	30.00	29.89	29.91-92
October	28.40	28.45	28.30	28.30-32
December	28.28	28.32	28.20	28.18B

B—Bid.

AVERAGE PRICE

NEW ORLEANS, Dec. 30. (AP)—The average price of middling 15/16ths-inch cotton today at 10 designated southern spot markets was 35 cents a bale higher at 30.75 cents a pound average for the past 30 market days 30.03; middling 15/16ths-inch average 29.27.

Grain

FORT WORTH REPORT

FORT WORTH, Dec. 30. (AP)—Wheat No 1 hard 2.39-44.

Oats No. 2 white 94¾-96½.

Corn No. 2 white 1.62-64.

Sorghums No. 2 yellow milo, per 100 lbs 2.45-50

(Holiday Saturday and Monday.)

CHICAGO REPORT

CHICAGO, Dec. 30. (AP)—Grain futures prices moved upward near the finish today after fiddling around most of the session.

There was some evening up operations for the long holiday week-end. There will be no trading after today until next Tuesday.

Wheat closed unchanged to ⅜ higher than the previous finish, March $2.18-$2.18⅛, corn was up ⅛ to ½, March $1.31⅜, oats were unchanged to 1 cent higher, March 73½, rye was ½ higher to ⅜ lower, May $1.41⅜-1¼, soybeans were ¼ higher to ¼ lower, March $2.29½-¾, and lard was 13 cents a hundred pounds higher to 2 cents lower, January $10.62.

Livestock

KANSAS CITY REPORT

KANSAS CITY, Dec. 30. (AP)—Cattle 200, calves 100; scattered sales about steady; few canner and cutter cows 11.50-14.50; few beef cows 14.50-15.50.

Hogs 1,200; active, generally steady; good and choice 180-220 lbs. 15.50-16.00; mostly 15.75 down; top 16.00, sparingly; good and choice 230-270 lbs 15.00-65; sows 12.00-13.50.

Sheep 2,000; moderately active, killing classes steady; good and choice trucked in native lambs 22.50; good and choice clipped lambs with No. 3 skins averaging 95 lbs. 21.25; other 85-90 lb averages 21.00; odd lots good and choice ewes 11.50.

FORT WORTH REPORT

FORT WORTH, Dec. 30. (AP)—Cattle 250; calves 150; cattle steady, calves steady to weak; supplies scant; good 1,057 lb fed steers 27.00; common and medium grade cows 14.50-15.50; canners and cutters 10.00-14.00; bulls 17.50 down, cull common and medium slaughter calves 13.50-21.00.

Hogs 350; steady; good and choice 200-270 lb hogs 16.25-50; lighter and heavier butchers 15.00-16.25; sows 13.00-14.00; feeder pigs scarce.

Sheep 25, nominally steady.

Produce

CHICAGO, Dec. 30. (U.P.)—Produce:

Live poultry: 24 trucks. The market weak.

Hens: colored (over 5 lbs) 24, (5 lbs and under) 24, leghorn 18, hybrid 18, bareback 20.

Fryers: bareback 21.

Ducks heavy 26, small 18, ducklings 26, muscoveys 17.

Geese young 27, swan 20.

Cottontail rabbits $2.50.

Butter: 707,814 pounds. The market firm 93 score 61½ cents a pound; 92 score 61¼; 90 score 60½; 89 score 59½. Carlots 90 score 61; 89 score 60.

Eggs (browns and whites): 17,369 cases. The market easy. Extras 60 to 69.9 per cent A 36 cents a dozen, standards 30-33; current receipts 29, dirties 27, checks 26½.

Ship Crew Unwilling To Enter Blockaded Ports Of Red China

HONG KONG, Dec. 30. (U.P.) — Crew members aboard the Isbrandtsen ship Flying Arrow said today they were unwilling to sail into blockaded Chinese Communist waters but that they had no other choice.

Hong Kong agents of the Isbrandtsen company, of New York City, said the line would send three ships through the Chinese Nationalist blockade into Communist-held Shanghai within the next month.

Line Ignores Warning

The agents said the ships will sail despite a State department warning to American shippers to stay clear of all Communist ports. The Nationalists are maintaining a blockade of the China coast. The Nationalist government recently announced it was sowing mines to reinforce the blockade.

Martin Kearney, New York City, engine room union delegate aboard the Isbrandtsen ship Flying Arrow, said the majority of the 43 men aboard were unwilling to sail into mined waters.

However, he said, they were powerless to leave the ship because regulations require that they must have sufficient funds to pay their passage home.

Captain David Jones of the Flying Arrow said the complaints were "the usual gripes you find among seamen anywhere."

"I don't want to get blown up either, but orders are orders," Jones said.

"My pay checks are still signed by Isbrandtsen, which has told me to sail into Shanghai," Jones said. "When the secretary of state signs the checks I'll listen to him."

LEE RENAMED TO BOARD

WASHINGTON, Dec. 30 (AP) — Josh Lee, former Democratic senator from Oklahoma, was reappointed today for a new six year term as a member of the Civil Aeronautics board. President Truman's recess appointment is subject to Senate confirmation.

Alexander, now 62, was named to baseball's Hall of Fame in 1938. From 1911 to 1930 he chalked up 373 triumphs, for an average of 18.6 victories per season.

Minister Expresses Hope For Peaceful Future At ABC Meet

Dr. Travis White, pastor of First Christian church, Friday expressed hopes that the second half of the Twentieth century will be less troubled than was the first half at a luncheon meeting of the American Business club in the Hilton hotel.

The clergyman then went on to say that two world wars and the worst depression in history "do not speak well for the first half of the century."

He recommended that citizens of the United States follow the pattern set by the Jews "who built a wall with use of one hand while guarding their rights with a weapon in their other hand."

Dr. White warned against the peril of Communism and asked for the strengthening of "our Christian way of life to produce men of moral backbones — not wishbones."

E. O. "Doc" Stewart introduced the minister. George Dale presided and John Austin gave the invocation.

A highlight of the meeting was the exchanging of ties between members.

Four-County Singing Meet Opens Tonight In Snyder

SNYDER, Dec. 30 (Special)— The fifth annual meeting of the Four County Singing convention will be held at the North Side Baptist church in Snyder beginning at 7:30 p.m. Saturday.

The group is composed of singers from Scurry, Howard, Martin and Midland counties. The convention is scheduled to sing all night, serving lunch at midnight, according to Lawrence Deavers, president.

Among the singers expected from various parts of West Texas are the Tankersley brothers quartet from O'Brien, the Kendricks quartet from Cisco, Campbell quartet of Levelland and the Truett, Bailey and Midland quartets.

LEGAL IMPORTANCE STRESSED

Kinsey Report On Sex Praised For Contributions To Science

By ALTON L. BLAKESLEE
Associated Press Staff Writer

NEW YORK, Dec. 30 — Scientists took a look at the Kinsey report on sex tonight, and one of them, Dr. Ralph Linton, declared:

The person trying to live up to the social ideal on sex or anything else is "foredoomed to failure."

The reason, he said, is that people talk about the ideal code, but "model their actual behavior on what they find that other members of their society really do."

Symposium Of Experts

Dr. Linton, of Yale university, is a professor of anthropology, the science of man and his customs. He joined with a psychiatrist, a lawyer, and an expert on public opinion in a symposium on Dr. Alfred Kinsey's "Sexual Behavior in the Human Male," held by the American Association for the Advancement of Science.

Dr. Linton said anthropologists were neither "shocked nor pained" by Kinsey's findings. All Kinsey's findings in our society are regarded as normal in one or another so-called primitive societies. The sex actions reported, he added, "fall far short of the actual range of sex behavior" in humans, and "by no means cover the possibilities."

Lawyer Praises Book

Morris Ernst, prominent lawyer, declared the report "is the single greatest contribution of science to the rule-making part of law during my lifetime. It will make clear the social lags between reality and the myths of our legal principles."

Under divorce laws, "the marriage institution is taking a beating. The Kinsey figures on admitted adultery may well be the first scientific guide toward revision," Ernst said.

Dr. Linton objected that Dr. Kinsey seemed to feel there was some such thing as normal sex behavior, and declared there is no such thing, aside from the standards of normalcy set up by the individual's society.

"Man Obeys Instincts"

"Man is an anthropoid ape trying to live like a termite," which obeys its instincts, he said.

The insistence that males be virgins before marriage "will inevitably be honored more in the breach than the observance," he declared.

"Absolute faithfulness after marriage is also difficult to enforce as long as human beings are gifted with imagination . . . On the other hand, practically all societies regard lasting unions and those in which the partners are faithful to each other as the most desirable unions."

Dr. M. S. Guttmacher, Baltimore psychiatrist, termed the book "one of the most important and provocative works on human behavior that has ever appeared."

Facts on sex behavior are needed to fight "blind emotional biases" and hysteria that led to various proposals, such as strict laws to punish sex offenders, he said.

Hugh Jones Parry, an expert in opinion research, also praised Kinsey's book and project for more studies.

Fatal Dallas Crash Possibly Caused By Feathering Of Engine

WASHINGTON, Dec. 30 (AP)—The crash of an American Airlines plane at Dallas Nov. 29 may have resulted when the co-pilot changed a propellor adjustment without the pilot's knowledge, the Civil Aeronautics board said today.

The DC-6 airliner rammed into buildings at the edge of Love field, killing 28 of the 46 persons aboard. Among the survivors were the pilot, co-pilot and flight engineer.

In a preliminary statement of facts, the CAB said the co-pilot had "feathered" the propellor on one of three functioning engines a few moments before the four-engine plane crashed.

Blades Turned Edgewise

"Feathering" a propellor means turning the blades edgewise into the wind—much like putting a car into neutral gear—and thus neutralizing the engine power transmitted to the propellor for forward thrust.

Normally, this is done only when an engine fails. The "feathering" in such instances eliminates the drag caused by the propellor in normal flying position—flatside to the direction of the plane.

The board's statement said that number one engine had been "feathered" earlier because of intermittent backfiring while the plane was near Nashville, Tenn., on its flight from Washington to Dallas.

Three Engines Used

The flight continued with three engines and was making an approach to the north-south runway at Dallas when the pilot made an "S" turn to correct his alignment with the landing strip.

As he did so, the board reported, the plane began to drift to the left and settle. Power was applied to engines 2, 3 and 4. The flight engineer reported that number four engine showed a loss of fuel pressure and was ordered by the pilot to apply an emergency fuel boost.

A power surge resulted, the board said, and the left wing dropped sharply to veer the plane about 40 degrees to the left.

"At this time," the board said, "the first officer, unbeknown to the captain, feathered number four engine. The aircraft continued in this direction in an increasingly stalled attitude until it struck a hangar and other buildings on the northwest side of the airport."

Turkey has begun buying Russian chemicals—its first Soviet products in many years.

THIS WAS IN 1904

NORTHAMPTON, Mass. (U.P.) — A 1904 Smith College regulation read: "No one young woman may go driving with one young man, unless they are engaged. However, the two young women may go driving with one young man, or with two young men in the same vehicle."

Wage-Hour Rules Eased Temporarily

Wage-hour regulations applicable to employment of apprentices at sub-minimum wage rates have been relaxed temporarily in order to assure continued employment of the apprentices after Jan. 25, 1950, according to information received here from the U. S. Department of Labor, wage and hour and public contracts division, in Washington.

Jan. 25 will be the effective date of the 75-cent minimum wage and other amendments to the Fair Labor Standards act.

Amendment Cited

William R. McComb, administrator of the wage and hour and public contracts divisions, has signed an order under which apprentice regulations are amended "so that the requirement that approved agreements be sent to the divisions with requests for special certificates need not be met in the case of those agreements which have been properly approved and registered prior to the effective date of the new amendments to the act," according to the announcement, which was received in Lubbock by V. J. Southwick, field representative of the apprentice bureau.

"The approved certificates themselves will be considered by the administrator as special certificates authorizing the wage rates specified in them unless and until they are revoked, rescinded or modified," the announcement continued.

Regulations require that apprenticeship agreements entered into after Jan. 25 be submitted to the wage and hour division for issuance of special certificates.

The administrator said many apprenticeship agreements are in effect that provide for wages about the current 40-cent minimum but below the 75-cent minimum established by amendments to the act. He cautioned that nothing contained in his order shall relieve an employer from complying with requirements of the present act, which remain in effect until Jan. 25.

Grand Saline Sun Is Sold To Former Port Neches Man

GRAND SALINE, Dec. 30 (AP)—Byron B. Buzbee, editor and owner of The Grand Saline Sun, announced the sale today of that weekly newspaper to S. Neil Harle, former news editor and advertising manager of The Port Neches Chronicle.

Buzbee purchased a half interest in the newspaper in 1945 with Alf Roberson and a year later bought Roberson's interest. Buzbee has not disclosed any immediate plans for the future, but says he plans to remain in the newspaper publishing business and has under consideration several proposed new interests.

Harle graduated from the University of Missouri school of journalism in 1948 and since that time has been associated with The Port Neches Chronicle. He has stated that he plans no change in the present personnel or policy of The Sun.

A native of Port Arthur, Harle is a veteran of 35 months in the United States Marine Corps during World War II, and is 25 years old. His wife and 10 months old son plan to move to Grand Saline in March.

Mr. and Mrs. Buzbee and their 12 year old daughter, Tippi, came to Grand Saline from Corpus Christi where Mr. Buzbee was farm and ranch editor of The Caller-Times.

Purchase price of the newspaper was not disclosed.

Fort Worth Oilman Gets Control Of Top U.S. Uranium Producer

FORT WORTH, Dec. 30 (U.P.)—A Fort Worth oilman and builder today owned a controlling share of a uranium mine that currently produces 60 per cent of the rare metal in the United States.

R. O. Dulaney said a recent transaction with the first owner—F. A. Sitton of Dove Creek, Colo.—gives him 75 percent of a productive property on the Colorado plateau in the southwest corner of Colorado.

Dulaney bought half of the uranium property last May 1, and recently obtained an additional 25 percent in a purchase from Sitton. A group of his friends acquired the remaining 25 percent.

The entire mine cost $400,000, the oil man said. The group has about 4,000 acres in deeded lands and claims, he said.

"If uranium and atomic energy ever take the place of oil in industry, I'll be ready," Dulaney explained. "I have a mine that has what is needed."

Dulaney has been in the oil business 36 years, and has wildcatted in Oklahoma and Texas. At present, he has two strings of rotary tools operating in the Laredo area.

Pecos River Commission To Get New Secretary Jan. 19

SANTA FE, Dec. 30 (AP) — A secretary will be named for the Pecos River Compact commission Jan. 19 at Midland, Tex.

The commission, formed to regulate use of Pecos river water and promote development along the river in New Mexico and Texas, also will decide when to open its Carlsbad, N. M., office.

State Engineer John Bliss, New Mexico's representative on the compact group, said the first annual report also will be issued at the session.

Cobb's

CURLEE SUITS
Feature Smart Styling

Choose your style and pattern from Cobb's large collection of new CURLEE suits. Modern in styling without being extreme, CURLEE suits are expertly tailored from materials of highest quality. They assure you of comfortable fit and lasting good looks. You'll like the drape of the new CURLEE suit coat, the perfect fit of the trousers. 100% all wool fabrics in tweeds, coverts, worsteds, gabardines and sharkskins. Single and double breasted models. Sizes 34 to 50 in regulars, shorts, longs, short stout, long stout, half stout, full stout and portly.

49.50 and 60.00

CURLEE TOPCOATS

The new Curlee topcoat is ideal . . . light in weight, yet extra warm. For the air cells woven into the new Curlee topcoat fabrics make them comfortable. Slip into one of these topcoats, you'll like the smartness of style, the freedom of movement through the shoulders that a Curlee topcoat permits. You'll like the luxurious 100% wool fabrics, the smart new shades, the new styling and the budget price. Coverts, fleeces, gabardines. 33 to 50 in regulars, shorts and longs.
