

Mitchell County Briefs

Band Garage Sale

The Loraine Band Boosters Club is holding a Garage Sale on Saturday, April 30 from 9 a.m. to 5 p.m. in the Lions Club building in Loraine. The sale is being held to raise money for new uniforms because the band is so large. Any donations will be appreciated.

B&PW Garage Sale

The Business and Professional Women's Club is holding a Garage Sale and Book Fair at the Wallace Center gym from 8 a.m. to 5 p.m. Saturday, April 30. The members have contributed a tremendous selection of items for the sale and everyone is encouraged to go out and browse.

Flag raising

In observance of Loyalty Day on May 1, Wilson Wyatt VFW Post 9178 and its Ladies' Auxiliary is sponsoring a flag raising ceremony, breakfast and open house beginning at 8 a.m. Sunday. They invite all Mitchell County residents to take part in the activities.

VFW meetings

The Wilson Wyatt VFW Post 9178 and its Ladies' Auxiliary will meet Thursday, April 28 at 7 p.m. to elect 1983-84 officers for both groups. All members are urged to attend these meetings.

Little League tryouts

Little League tryouts and registration will be held Saturday, April 30 from 1 p.m. to 4 p.m. at the Little League field in Ruddick Park. All interested persons are encouraged to attend.

Central Baptist revival

Central Baptist Church's revival will begin at 10 a.m. Sunday, May 1 with a gospel magic show presented by evangelist-magician Bobby McGil-lard. Regular Sunday morning services will be at 11 a.m. and evening services Sunday through Friday will be at 7 p.m. Anyone who would like to attend any of these services but does not have a ride is invited to call 728-3979 or 728-2315 for free transportation.

Church barbeque

The St. James Baptist Church, located at 5th & Austin, will be sponsoring a Bar-B-Que this Saturday April 30 starting at 11 a.m. Chicken or beef plates will be served. This includes your choice of meat, potato salad, beans, peach cobbler and tea will be served. Beef plates are \$3.50 and chicken is \$2.50. For call in orders, phone 728-3760.

Marker unveiling

An unveiling ceremony for a Texas Historical Marker for the discovery well in the Coleman Ranch Oil Field will be held Saturday, April 30 at 4 p.m. at the entrance to the P. C. Coleman Ranch located 1½ miles north of Cuthbert on FM 1229. The public is invited to attend this ceremony and refreshments will be served by the Historical Commission following the unveiling.

Social Security program

The Looney TEHA Club is sponsoring a social security program at 2:30 p.m. Wednesday, April 27 in the Lone Wolf Medallion Room. A social security representative from Big Spring will be the speaker. All Mitchell County Extension Homemaker Club members, as well as all other interested persons, are invited to attend.

Answerline

Answerline is a regular feature of the Colorado City RECORD. Readers with questions on any subject may write or telephone the RECORD with questions they would like to have answered. Letters must bear the reader's name, address and phone number for verification, although names will not be published. Mail inquiries to: Answerline, P.O. Box 92, Colorado City, Texas 79512.

(Q) Can you publish in the paper the procedure in which the city will sound the siren for bad weather?

(A) The whistle will be set off when threatening weather, including hail, is sighted within 10 miles of the city limits and headed in the direction of Colorado City. The sound will be an alternating whistle (high pitch to a low pitch) for a long extended time. The all-clear signal will be three short blasts from the whistle.

Emergency room pay discussed

The emergency room was again the topic of the Root Memorial Hospital District Board of Directors meeting when they convened Tuesday night, April 26.

The minutes of a meeting of a board commit-

tee composed of Bob Reilly, Herbert Mearse and Bobby Lemons and two of the doctors, Pat Thomas and George Lindsey, along with Administrator Ray Dillard, Assistant Administrator Ray Mason and

Richard Murphy, hospital controller were presented for the group's consideration.

According to the minutes of that meeting, Dr. Thomas "stated that he sensed some animosity from the general public

in reference to the doctors receiving pay from the tax payers. He stated that he was a tax payer, but he felt that the tax payers in whole, should bear the burden of the indigent patient care rather than he or

the other doctors bear the burden directly."

On the other hand, the minutes read that Lemons "stated up until the past two years, the hospital was not economically able to support a paid emergency room operation and perhaps not even now economically able to support this type of full-blown operation. He felt that if the tax payers begin paying directly for indigent care for hospital services as well as for physician services that it could mushroom into an unbearable situation."

During the Tuesday night meeting, Thomas told the group that he did not object to treating actual emergency cases, that his object rose from cases that were not life-threatening and particularly walk-in obstetric cases.

In answer to a question from one of the board members, Thomas said that when he was called in on an O.B. case at the emergency room, the delivery could take up to 24 hours, though 12 hours is more of an average, he noted.

Also, under those conditions, quite often there was no pre-natal care, which often led to complications, he stated.

"It's not just coming up here and catching a baby," he added.

Thus, the doctors' request that the hospital pay the doctors \$300 for each walk-in obstetric case, although the usual fee is \$775.

Thomas stated further that "as long as diligent effort is made" to collect fees for emergency room use, the doctors would not press the matter of \$35 per patient for emergency room use.

The board requested that Dillard and Thomas work together to figure out approximately how many obstetric cases went through the emergency room that did not pay.

Another matter discussed by the board during the meeting was vacations. After much discussion, hospital policy was amended to allow employees who had worked at the hospital one to 10 years to

See ROOM, Page 2

The drivers of these cars escaped severe injuries Sunday when their two cars collided. The accident took place around noon two miles southwest of Colorado City on State Highway 163. The driver of the 1977 Mercury Cougar, Miik Wallor, age 19, of Colorado City, was traveling northbound when he proceeded to pass and collided with a late model Chevrolet Corvette, driven by Mark Culifer, a 23-year-old Snyder man. Extensive damage was done to both vehicles. Both drivers were treated for cuts and bruises and released at Root Memorial Hospital.

Clean Up Week proposals approved

Glenna Garrett, editor of the Colorado City RECORD, was appointed as head of the annual May 30-June 4 Clean Up campaign, by Mayor Elmer Martin, at the last meeting of the council. The council, Tuesday night, voted to give her \$462 to spend for advertising and contest prizes. She plans to spend \$193.50 on newspaper ads, \$193.50 for radio spots and \$75 as contest prizes.

She plans to sponsor poster contests at Kelley and Hutchinson schools and will have a slogan contest. There will be a most improved house contest.

Some of the projects to be sponsored are cleaning up the entrances to the city, cleaning up Ruddick Park, both cemeteries, the rodeo grounds, and the downtown area.

Ms. Garrett also hopes to have the cooperation of residents in cleaning up homes and yards.

Board to discuss CDBG park

The Parks and Recreation Board will be meeting Thursday, April 28 at 7 p.m. in Colorado City Hall to discuss the Community Development Block Grant park.

The board will also hear a request from Charles Watlington concerning the lighting at the baseball field and a report on upcoming tournaments.

Chairman of the Parks and Recreation Board is Woody Anderson.

eaning up homes and yards.

The City Council also authorized an increase in Board fees for City prisoners in the Mitchell County jail from \$3 to \$9. The council will request an increase in court costs to help the county pay for the costs of keeping a prisoner and will discuss with commissioners the possibility of changes in the way that prisoner days are figured. For example, when a city prisoner is placed in the jail at 11:30 p.m., he is in jail for 30 minutes on that day, but the city pays the same fee as if he were in jail for 24 hours.

The Council also—Authorized a check in the amount of \$816.46 to be given to the Volunteer Fire Department for use in buying boots and jackets.

—Authorized the signing of a contract with Gary Smith of Abilene to administer the block grant of \$800,000 given by the federal government to be used in the Sands area. The contract will pay Smith \$63,000, which Smith estimates will take about a year and a half.

—Okayed a lease with the Chamber of Commerce for an office in the Civic Center at the rate of \$100 per month in cash. The Chamber of Commerce is also supposed to contribute \$400 a month to Colorado City in advertising and other forms of assistance.

—Approved a contract with Michael Mayhen to use the landfill at the approximate rate of \$1 per yard.

—Heard an appointment—See WEEK, Page 2

Benefit roping scheduled

The First Annual Bill Hudson Memorial Roping, Art Exhibit and Barbecue will be held on May 20 and 21 to benefit the West Texas Boys Ranch in San Angelo, announced Boys Ranch Wagon Bosses the Rev. Monte and Virginia Jones.

The art exhibit, featuring eleven western artists, will be on display at the Civic Center in Colorado City from May 16 to noon on May 21, though no paintings will be sold until after the "Meet the Artists Preview Party" that is scheduled to begin at 7:30 p.m. Friday, May 20. Admission to the preview party will be by reservation only.

Reservations can be made at the Chamber of Commerce office and a \$10 donation for each reservation will be accepted at the door.

The art exhibit was co-ordinated by local artist Dick Powell, who said he was very pleased with the response of the artists whose works will be featured, as they had such short notice to make their arrangements.

The team roping will begin at 4 p.m. Saturday, May 21 at Joe Anderson's Roping Arena on the Snyder Highway. The winner of the team roping will receive a beautiful Chief Yellow Hair silver, turquoise and coral belt buckle.

A Match Roping featuring Randy Bomer of Midland and Bill Stockton of Big Spring is also scheduled. Admission to the roping is by donation. For more information on the roping, contact Joe Anderson.

The barbecue will begin at 7 p.m. at the arena and tickets for that will be \$6 for adults, \$3 for children and children under age two can eat free.

Rev. Jones points out that since all proceeds will go to the boys ranch, the price of the tickets is tax deductible.

Tickets for the barbecue are available at Bowers Z Bar B, Woods Boots, Higginbotham-Bartlett, Landau's, the Occasion, Colorado Feed and Seed and the Chamber of Commerce. Only a limited number of tickets will be available at the door.

Rev. Jones stated that they hoped to make the Bill Hudson Memorial Roping, Art Exhibit and Barbecue an annual event, as it not only benefits the Boys Ranch, but also will bring many people to Colorado City.

The event was named in honor of Hudson, Rev. Jones noted, because he was a former Wagon Boss for West Texas Boys Ranch and had a great interest in roping.

Airport Zoning Board to meet

There will be a meeting of the Airport Zoning Board at 6 p.m. Friday, April 29 at Colorado City Hall.

The purpose of the board is to make policy recommendations concerning the airport to the Colorado City Council and to assist in the planning and enforcement of airport zoning ordinances.

Members of the Airport Zoning Board are Kenneth Rogers, Jack Perkins, Bobby Lemons, Marcus Vest and Buddy Hertenberger.

Self Culture Club has many activities

According to the constitution of the Self Culture Club, the purpose of the organization is "...to bring about a better relationship between the home and the schools; to co-operate with the teachers in the moral, mental and physical development of the children of Colorado City; and to awaken in its members an interest in literature, in topics of general information so-

cial concord and the work of the public library."

To the members of the club, this stated purpose is not a bunch of empty words; some of their regular activities include sending contributions to Girls Town, maintaining a beauty spot near the Round Top on Old Highway 80, taking punch and cookies to local rest homes on special occasions and clothing a

child at Christmas.

In past projects, these ladies, many of whom are great-grandmothers, helped establish what is now the Mitchell County Library, sponsored a rural school by keeping it in magazines and other supplies and provided a scholarship for local youth.

The club still donates to a district scholarship fund, donates to the library and has given donations to the Playhouse.

Not all of the club's activities are for other people, though. A part of each club meeting is spent in presentations and discussions of current affairs.

At its beginning in 1925, the Self Culture Club was a mothers' study club, explained club historian and life member Elizabeth Elliott.

"We needed an outlet from being at home with just children all the time. We felt like we were getting behind in our studies and keeping up with things and so forth," said Mrs. Elliott.

The Self Culture Club became a member of the Texas Federation of Women's Club in 1927.

Although other local clubs were members of the Federation at that time, such as the Hesperian Club, the 1921 Study Club, the Hesperian Daughters, the Zetagathian, the Junior Self Culture Club, the Athenium Club at Loraine and the Zeta Delta Club, the Self Culture Club is the only one still a member of the Federation.

The members are very proud of their affiliation with the Federation, because the statewide organization was responsible for many worthwhile programs such as saving the Big Thicket, getting Drivers Education as part of the schools' curriculum and helping with organizing and building the M.D. Anderson Hospital in Houston.

Through their membership in the Federation, the Self Culture Club gets suggestions for their twice-monthly programs which are planned a year in advance and the years programs always include one on Americanism and one on Texas. Often, there are programs on drug abuse, health, home life and religion.

In the words of one of

the members, Joy Culwell, "It is impossible to list everything these ladies have done," but it is possible to marvel at their many accomplishments over the years and their wide range of

interests.

Presently, there are three life members of the Self Culture Club: Mrs. Elliott, Mrs. C. P. Gary and Mrs. John Brown. To be a life

member, these ladies had to be a member of the Self Culture Club for at least 50 years.

Officers this year are: Eddie Barclay, president; Ida Keith, 1st vice

president; Jewell Tiller, 2nd vice president; Mrs. Elliott, recording secre-

tary; Dona Reed, corresponding secretary; Pearl Watson, treasurer.

SEVERAL MEMBERS of the Self Culture Club are pictured here. They are (back row, left to right) Betty Oyler, Ida Keith, Jewell Tiller, Pearl Watson, Linnie Williams, Joy Culwell, Fannie Beeman, (front row, left to right) Dona Reed, Elizabeth Elliott, Mrs. C. P. Gary and Eddie Barclay.

Room. From Page 1 have two weeks of vacation, those who worked

10 years to 20 years would have three weeks vacation and those who had worked there more than 20 years would get four weeks vacation.

Vacation time is figured on a 40-hour work week basis.

New officers were also elected during this meeting. New officers are: Bobby Lemons, president; Glenn Hemphill, vice president; Bob Reilly, secretary.

Week

From Page 1 ment by Mayor Martin of two members of the Parks Board. They are Brenda Tarter and Mrs. Earl Plagens.

All councilmen were present with the exception of Ray Mason.

Why do we have Mothers Day?

We asked these fourth grade students at Hutchinson Elementary why do we have Mother's Day. Here is what they said.

Barry Holman

Barry Holman-"We have Mother's Day to honor our mothers for all the things she has done for us. We just want to be nice to her. On Mother's Day I might clean up my room, take out the trash and give my mom a big hug and kiss."

Dollie Rich

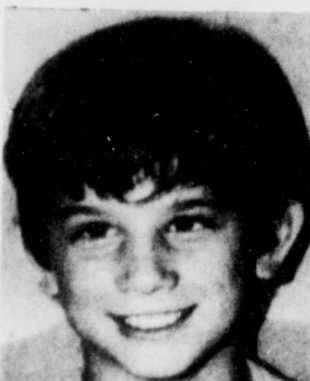

Dollie Rich-"We have Mother's Day because it's good for your mother and your mother is very happy when you give her all sorts of gifts. There are all sorts of things on Mother's Day to do. We like to go out to our grandmother's, we play a little, then we sit down and eat. Then we give our mothers their gifts, then we go back home and play."

Christi Trammell

Christi Trammell-"We have Mother's Day so our mothers can rest

and do what they want to. I am going to buy my mom a present, and help her wash the dishes."

William McBroom

Marlene Tucker-"We have Mother's Day to remember our mothers. I usually buy her some candy and flowers. On Mother's Day me and my sister do all the work around the house. Sometimes we cook or some-

times we take her out. Last year me and my sister baked a chicken with some sauce on it."

Marlene Tucker

Jeremy Lelek

Jeremy Lelek-"I think we have Mother's Day to give mothers presents for being special to the kids. It is a holiday for mothers. My sister, dad and I will probably have a party for her. Last year we made her some key chains."

'Quick fix' no solution to gas prices

Any contemplated "quick fix" to bring down the price of natural gas could lead to serious gas shortages in the future, Lone Star Gas Company Senior Vice President Douglas W. Williams warned.

Testifying before the House Subcommittee on Fossil and Synthetic Fuels in Washington, Williams urged the federal government not to cancel key provisions of contracts between natural gas producers and the pipeline companies that buy their gas.

"We believe that responsible parties should abstain from 'quick fix,' short-term solutions and continue with the transition to free markets for new gas contemplated by the Natural Gas Policy Act of 1978, and thereby assure continu-

ed adequate supplies at reasonable prices," Williams said.

Several energy-related bills have been submitted to the 98th Congress, many of which would override existing contract provisions between producers and buyers of natural gas. Williams warned that legislation which might infringe on the sanctity of contract obligations could cause severe disruption within the natural gas industry, with both utilities and their customers being penalized.

Lone Star Gas Company is aggressively and successfully negotiating with producers to control gas purchase costs, Williams said. Many of the company's contracts provide for price renegotiation between buyer and seller.

In addition, Lone Star is continuing to secure voluntary price concessions. To date, prices have been lowered in 130 contracts, a reduction of about \$85 million by December 1983 in gas cost to the company and for the benefit of consumers. "The marketplace is slowly but assuredly correcting itself," Williams said.

"The negative gas supply implications which will result from impairment of both existing and future gas purchase contract obligations cannot be overemphasized," Williams told the subcommittee. "We must not be lulled into a state of complacency by the current gas surplus situation."

He explained that the number of rigs exploring for domestic natural gas reserves recently has fallen nearly 20 percent, and the prospect of less funding for the increasingly expensive search for natural gas will cut the number even more.

Indefinite price escalator clauses, which allow periodic adjustments in the cost of gas, assure producers of recouping current and future costs of producing gas, and many of these clauses permit downward price moves as well as upward. Abolishment of the escalator clause would, Williams added, result in short, probably year-to-year, contracts with little en-

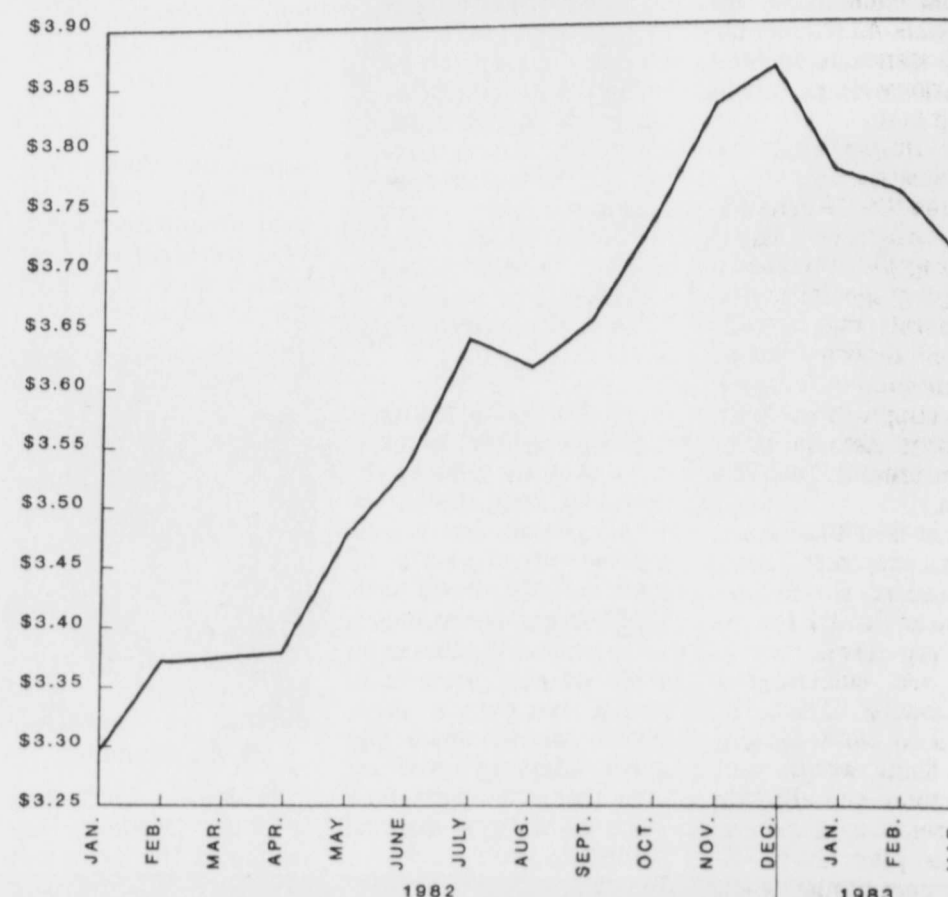

couragement for exploration and development of new natural gas supplies.

If new legislation is enacted stipulating what provisions gas purchase contracts may contain, economic uncertainty would result in an almost certain shortage, he explained, because producers would not be able to finance new capital investments.

The NGPA continues to be the best compromise to insure future gas supplies at competitive prices, Williams said. The gas industry is resolving current problems through voluntary renegotiation and exercise of existing contract provisions.

Self Culture Club donates to Playhouse

During the business session of the Self Culture Club at the home of Mrs. L. A. Keith on Friday, April 15, the group voted to give \$50 to the Colorado City Playhouse in honor of the club's shut-ins, Mrs. Thelma Gressett, Rosa Herrington, Bertie Strain and Flora Brown. Co-hostess with Mrs. Keith was Elizabeth Gary.

Jewell Tiller reported on an article written by a psychologist entitled "America Needs Heroes." She stated, "America lacks heroes on a national scale. This reflects the fragmentation and pluralism of the society which now lacks universal values and beliefs. We need heroes—persons who exhibit sufficient leadership qualities

so that we can pull various segments of the country together." "Looking Backward on America" was brought by Dona Reed.

Those attending were Eddie Barclay, Fannie Beeman, Lil Brown, Elizabeth Elliott, Della Fox, Mrs. Gary, Ida Keith, Mrs. Reed, Mrs. Tiller and Pearl Watson.

Lawn improvement program launched

The Texas Agricultural Extension Service of the Texas A&M University System has launched a statewide program to help homeowners and cities improve lawns and save money.

Called the "Waste Saver Lawn Care Plan," the program emphasizes paying special attention to watering, fertilizing and mowing lawns to eliminate bagged grass clippings while at the same time promoting community beautification.

"This is a total community program," says Dr. James I. Mallett, Extension leader for community development. "We are encouraging our county Extension agents to work closely with homeowners and local municipal officials in developing a conscientious plan that will foster community pride and also keep personal and public expenses in check."

Various demonstra-

tions have been conducted to show that proper lawn and grounds maintenance can reduce watering and trash collection costs, says Mallett.

Dr. Bill Knoop, Extension turfgrass specialist at Dallas, found that the city of Plano saved more than \$100,000 in the past two years by following the Extension Service's Waste Saver Lawn Care Plan. Before initiating this program, some 700 tons of grass clippings were hauled to the city dump every week during the spring and summer in this town of 22,000 homeowners.

"Heavy fertilization and watering and improper mowing can result in huge quantities of grass clippings, which when bagged, can add tremendously to trash collection costs," says Knoop.

To inform the citizens of Plano and other communities about proper lawn maintenance, K-

oop developed a Waste Saver Lawn Care Plan leaflet which includes all the prescribed recommendations for proper lawn watering, ferti-

lizing and mowing. These were distributed to thousands of homeowners through a cooperative effort with city officials. In most cases the

leaflet was mailed to homeowners with their regular monthly utility bill.

Proper watering also has enabled homeowners

and municipalities to produce water costs-

as much as 40 percent in some cases.

Because of its suc-

cess, the Waste Saver Lawn Care Plan is now being promoted across Texas, says Mallett. County Extension agents have a special Waste Saver Lawn Care kit in addition to a special slide set on the waste saver plan. Agents are encouraged to work with city officials in calling attention to the

plan so that homeowners and municipalities will become more conservation-conscious and take steps to reduce lawn care costs.

Mallett invites homeowners to contact their county Extension office for lawn care and maintenance tips so that they can have a beautiful lawn at less cost.

NINE COLORADO MIDDLE SCHOOL students participated in UIL competition in Crane on Saturday, April 16. They were (back row, left to right) Loriann Hendricks, Wylie Dakan, Mark Jones, Holly Hicklin, (front row, left to right) Mary Alice Davila, Charles Garrett, Jody Webb and Rudy Molina. Also participating but not pictured was Andra McKinney. The students competed in poetry reading, math, science and spelling.

Senior Adults to be honored

Senior Adult Day will be observed in First Baptist Church, located at Third and Elm on Sunday, May 1. The mo-

ning worship hour at 11 will recognize and honor older adults for their strategic service in the church and community.

Special activities are planned for this observance being celebrated in many of the 35,605 churches affiliated with the Southern Baptist Convention.

"Since senior adults, age 60 and above, represent approximately one-fifth of our congregation, the First Baptist Church pays tribute and expresses appreciation to them on this special occasion," states Pastor Glenn Roenfeldt.

"Our senior adults not only have made signifi-

cant contributions to our church and the community, but they remain one of the most active groups in our church."

ATTENTION TAX PAYERS

May 2, 1983
is the last day for
filing 1983 Homesteads
Land Productive &
Tax Renditions

If you received Homestead on your present property in 1982- no need to reapply for this year. If you have a question come by 12th & Hickory, Mitchell County Appraisal District or call 728-5028.

There will be no requirement for you to reapply for 1983 if your land received open space valuation in 1982.

Hospital To Discontinue Clinical Outpatient Services

It has become necessary for the Root Memorial Hospital to restrict the use of the Emergency Room facility to emergency cases only. Statistics show that approximately 75% of the people now coming to the emergency room do not need emergency treatment. Arrangements have been made with the Hospital Medical Staff to allow the discontinuance of the treatment of nonemergency patients in the Emergency Room at the Hospital.

It is believed that the new arrangement will provide the patients with less expense and more effective care and at the same time,

assist the doctors by reducing the number of visits to the Hospital at odd hours.

The Hospital is not licensed as an outpatient clinic and in order to qualify for such a license, we would have to add on additional personnel adding extra dollars and higher ultimate cost to the patient.

Root Memorial Hospital's Emergency Room will continue to be available to patients having a health condition calling for immediate action, other services are available only when requested by a member of the Hospital Medical Staff. Thus the following instructions:

- Emergency cases proceed to the hospital immediately.
- Non-life threatening, call the doctor of your choice, he will provide further instructions.

RRC sets Texas oil production at 100 %

The Railroad Commission set the Texas oil production rate for May 1983 at the market demand factor of 100 percent for the 75th month in a row and the 131st time since the Commission first went to the ceiling level in April 1972.

Chairman Mack Wallace and Commissioner Jim Nugent directed the continuance of the maximum statewide allowable rate of output is calculated to average 2,919,818 b-d with actual production estimated at 2,375 million b-d. The maximum allowable applies to all but 10 fields in Texas that are assigned lower legal rates of flow for conservation purposes. Actual production in May 1982 was 2,401,824 barrels daily.

Next month's permissible rate of output is calculated to average 2,919,818 b-d with actual production estimated at 2,375 million b-d. The maximum allowable applies to all but 10 fields in Texas that are assigned lower legal rates of flow for conservation purposes. Actual production in May 1982 was 2,401,824 barrels daily.

Texas unemployment rate slightly down

Texas' unemployment rate backed down in March from its record high rate. And though that relief came as only a one-tenth-of-one-percent reduction from February's 8.8 percent statewide figure to March's 8.7 percent, Texas Employment Commission officials said Friday the job outlook in Texas "is definitely improving."

In Mitchell County, unemployment last month rose by 1.6 percent, bringing the local unemployment rate of its current 7.2 percent mark.

The total number of locally employed now stands at 3,929 and number of unemployed at 305. That compares with February's employment figure of 3,956 and unemployment figure of 233.

Statewide, 655,000 jobless were looking for work last month, TEC Labor Market Analyst James Barnes said.

Though that figure stands lower than the 665,800 who were looking for jobs in February, Barnes said, it simply means less people were in the job market, it does not mean they found jobs.

"In fact," said Barnes, "From a statistical standpoint there was very little change in March."

"But there have been some drops in the claim counts recently which, along with the slight drop in the rate, indicate that the job outlook is definitely improving," he said.

Barnes said unemployment rates went

down in all but a few areas of the state.

Most unemployment increases hit hardest those areas dependent upon the petroleum industry and industries there attached, said Barnes, while large metropolitan areas and areas with diverse economic bases experienced smaller unemployment increases if any at all.

Most of the border

counties suffered the highest rates, said Barnes. Starr County, for instance, holds the state's worst—49.6 percent.

"Peso devaluation has had a severe impact on border areas. And there does not appear to be any immediate relief in sight," said Barnes.

"That could indicate a spell of long, high unemployment for border

areas. And that is probably what the case will be."

Barnes said border-area unemployment problems themselves are tied to the petroleum industry. The current downward trend in the price of oil in the world market has caused Mexico to devalue its peso three times in the past year.

Meanwhile, Gov.

Mark White announced initiation by his office of a number of direct assistant programs aimed at South Texas.

The emergency action is designed to assist unemployed and displaced workers, provide jobs and job training and establish food and shelter programs throughout the lower half of the state.

Ritchey

hosts

TEHA Club

Irene Ritchey was hostess for the Buford TEHA when the club met at 2:30 p.m. Monday, April 25 in the Hammond party rooms.

A program on the life of the grasshopper was presented by 4-H members Kim Wulfjen and Nat Gabba and refreshments of chips, dips and drinks were served.

During the business session, plans for an educational tour were discussed.

Members present were Mrs. Ritchey, Mary Nunn, Rochelle Smith, Lucille Blassingame, Geneva Killian, Bess Cooper, Vera Webb, Zama Palmer and Leona Feaster.

Guests attending were Marian Morris, Ms. Wulfjen, Ms. Gabba and Mrs. James D. Wulfjen.

The next meeting will be on May 23 at the home of Mrs. Rochelle Smith.

Food service

officers

elected

New officers were elected for the Colorado City chapter of the Texas School Food Service Association during the group's annual dinner out on Friday, April 22, they met at the Spanish Inn in Snyder.

Officers elected were Christine Cooley, president; Minnie Godina, vice president; Ann Brown, secretary; Ruth Bryant, reporter; Bonnie Crites, historian.

Members present were Gladys Currie, Barbara Clifton, Connie Davila, Ms. Cooley, Ms. Crites, Ms. Bryant, Le Lewis, Ms. Brown and Frances Cooper.

Guests for the evening were Mearl Currie, Car Clifton, Cindy Clifton, Christy Davila, Earlon Cooper, Lola Cooper and Louise Sweat.

Gasohol controversy is before legislature

Texas put 25 million gallons of gasohol and an unknown amount of other non-gasoline fuels in their automobiles in February and almost none of them knew about it, oil companies officials testified last week.

Some of the mixtures of those fuels Texas drivers are buying may be voiding warranties in new cars, according to Rep. Jim Horn, who has introduced a bill to require companies to label gasohol and other fuels on pumps.

Gasohol means big tax breaks for oil companies, who have increased gasohol production by over 6,000 percent during the past year—a move that has cost the state millions of dollars in gasoline tax revenues.

Texas' five-cent-a-gallon tax break, which went into effect more than a year ago, was designed to boost the state's fledgling gasohol industry.

Instead, Horn said, companies are selling the grain-derived fuel as super unleaded, unleaded and regular gasolines without telling consumers.

Many oil companies mix gasohol or other non-gasoline fuels—methanol or tertiary butyl alcohol, for instance—with gasoline and then sell the fuel as pure gasoline, said Horn.

Currently no law requires oil companies to tell consumers when they are buying such mixtures.

But Horn read excerpts from automobile owner's manuals published by three major American automobile manufacturers and information by one foreign auto company—all warned against using certain mixtures of the fuels and all stipulated use of some mixtures of the fuels would void warranties. Horn said he was just using those four publications as examples and that all automobile manufacturer warranties are essentially the same.

Without labeling, said Horn, there is no way even to regulate what mixtures of gasoline and non-gasoline additives are on the market.

House Bill 1956 came up before the House Energy Committee last week but was delayed until this week to give the Legislative Budget Board time to report on what the bill, if passed, would cost the state.

The bill would require fuel pumps and dispense gasoline blended with fuel additives to be labeled as such and to indicate at what percentage fuels are mixed.

The bill would also require that delivery documents specify what is in each gasoline mixture placed in tanks below pumps and that those documents remain on the premises for public inspection for at least 60 days.

The subcommittee assigned to the bill sent it back to full committee Monday, but it faces fierce opposition from oil companies who say

buyer prejudice against gasohol will kill the industry if consumers know what they are buying.

Ralph Roming, Texas Alcohol Products Association representative, told the Energy Committee last week he does not see any need to point out that gasolines contain alcohol or methanol.

Roming said he felt the industry was being

"singled out and targeted," and accused legislators of attempts "to repeal the gasohol tax exemption and dismantle establishment of the industry."

He blamed studies conducted at and published by Texas A&M University at College Station, which revealed adverse effects on engines after burning the cotane-enhancing additives, for prejudicing

consumers against gasohol.

He added that Texas A&M is "20 years behind the times in alcohol research."

Bob Smetona, representing Atlantic, Richfield Co., said labelling pumps would not benefit consumers "because the consumer does not have all the information present to make an evaluation of what is going on."

Smetona testified that his firm is producing a fuel containing a 50-50 blend of tertiary butyl alcohol and methanol, which can be produced from either wood or natural gas. The fuel contains no gasoline produced from crude oil.

Smetona told House members the fuel was not being sold as gasohol, but said the fuel "could be the same octane as premium gaso-

line."

Horn said he could find no and had heard of no pumps belonging to that company that displayed signs telling customers they are buying something other than gasoline.

The state does not offer a tax exemption or credit on such fuels—only gasohol. Gasohol is the common name for ethynal.

Horn told the commit-

tee that in January 1982, 380,000 gallons of gasohol were exempted from the state's five-cent-per-gallon tax.

In December 1982 that figure jumped to 14 million gallons, he said. In January 1983, 20 million gallons were produced tax free. In February 1983, 25 million.

The number of distributors selling the mixtures has risen from 12 in January 1982 to 35 in

February 1983, said Horn.

"When each of us goes to the gas pump to buy our gasoline," he said, "I think the consumer has the right to know whether he is buying gasoline or gasoline with an additive and, if an additive of one type or another, what that primary additive is."

out it, oil companies officials testified last week.

Texas Participation in PIK Program for all Commodities by ASCS Districts-- Percent of Base Acres Retired

39 percent of Texas cropland in P.I.K.

In the recent PIK (payment-in-kind) sign-up, Texas farmers decided to take 39 percent of the state's cropland out of production compared to 36 percent nationally.

Considerable variation exists across Texas in the proportion of land retired, notes Dr. Ron Knutson, economist in marketing and policy with the Texas Agricultural Extension Service, Texas A&M University.

The High Plains had the highest overall level of participation with nearly the maximum 45 percent of acreage taken out of production.

In the Rolling Plains, about 40 percent of the cropland has been removed from production. A third or more of this land was taken out under the whole farm retirement provisions of the PIK program.

About 30 percent of

the cropland was retired in Central Texas while overall participation in the Gulf Coast region reached 40 percent because of high rice producer enrollment.

Rio Grande Valley participation in PIK was the lowest in the state with only 25 percent of the land enrolled.

These geographic patterns generally parallel the commodity statistics, says Knutson. For-

ty-three percent of the cotton land has been removed from production, with the highest participation in the High Plains. That region also led in the reduction of corn and grain sorghum land--45 percent. This compares to a 35 percent reduction in corn and grain sorghum land statewide. In wheat, 41 percent of Texas cropland was removed from production.

Regional differences

in PIK participation have important implications for economic activity, notes Knutson. Farm supply purchases will be most severely curtailed in areas where

the most land is retired. These same areas will also have to deal most directly with the unique marketing problems involved in handling PIK commodities.

Agribusinesses will be affected by farm program

The high level of farmer participation in the

PIK (payment-in-kind) program will have a marked impact on agricultural production expenses, says an economist with the Texas Agricultural Extension Service, Texas A&M University.

"Overall demand for farm production inputs should decline due to the high unanticipated levels of PIK participation," says Dr. Forrest Steglin. "This will affect nearly all expenses associated with crop production, but especially fertilizer, seed, pesticides, fuels and energy, and operating credit."

Initial forecasts are that expenditures for farm inputs will decline 12 to 15 percent, notes the economist.

Use of pesticides and seed is expected to decline sharply since these are most closely tied to planted acreage. Total sales of both are expected to fall 14 to 20 percent because of PIK.

Fertilizer use is forecast to decline by 15 to

20 percent, but sales may decline even more due to large inventories and already soft prices.

Machinery purchases are expected to decline only 3 to 5 percent as these sales are closely tied to net farm income which is forecast to improve. Machinery repair expenses should drop 12 to 15 percent.

Fuel use may drop 8 to 10 percent, says Steglin.

Inputs needed for erosion and weed control on idled acres--seed, chemicals, fencing and other materials--are becoming more expensive as their demand increases.

"To avoid losing sales of big-ticket purchases such as tractors and combines, implement and equipment dealers may soon offer credit for large dollar purchases in exchange for PIK certificates," says Steglin. "The effect will be the same as using scale tickets at harvest for collateral."

WINNERS' JACKPOT BINGO ENDED APRIL 23rd

All Prizes Not Redeemed By April 30 Will Be Forfeited.

Drawing for the Jackpot Will Be Held FRIDAY, MAY 13th.

LISTEN TO THE RON CHAPMAN PROGRAM ON KVIL RADIO TO SEE IF YOU ARE ONE OF THE LUCKY WINNERS!

\$100,000 JACKPOT

ONE DRAWING AT CLOSE OF GAME

All Winners Including Instant Winners Eligible For Jackpot Drawing

ONE WINNER \$25,000
TWO WINNERS \$15,000
TWO WINNERS \$10,000
FIVE WINNERS \$5,000

The Jackpot drawing will be held within 30 days after the termination announcement (place and time to be announced later in our regular ads). All winners have 7 days after termination announcement to claim prizes, and be eligible for Jackpot drawing.

Loraine Personals

By Ida Baird

Mr. and Mrs. Raymond Wheeler visited in the Jack and Russell Compton's homes in Midland Saturday.

Martin of Abilene visited his parents, Mr. and Mrs. Harold Martin, Thursday.

Hilma Joyce from El Paso is here visiting her mother, Mrs. B. O. Joyce, this week.

Mr. and Mrs. Harry Hallmark had as their visitors Saturday, a daughter, Mrs. Aubrey Phillips, Mr. Phillips and their daughter, Gina from Odessa.

Mrs. Georgia Walker brought her mother, Mrs. Harvey Leach, home Saturday after she had spent four weeks in her home in Crane. Mrs. Walker returned home Sunday.

Mrs. Ruby Lee Small, Price Hall of Loraine and Barbara McGee of

Snyder spent Saturday in Mineral Wells visiting Mr. and Mrs. Mike Mease and family.

Bennett hosts Study Club

Mrs. Lily Bennett was hostess for the Atheism Study Club in her home at 2:30 p.m. Thursday, April 21st.

Dorothy Johnson presided at the business

meeting. Each member answered roll call with "An annoying hang-up." Most of the members said daylight savings time was their most annoying hang-up.

The program, a book review, was given by Augusta Matejowsky. "Immigrants," by Howard Fast was the book chosen. She stated that Howard Fast is considered one of the best historical story-tellers of the 20th century.

"Immigrants" is the story of French-Italian families who came to America early in the 20th century, going from Ellis, Id. to the San

Francisco area. The narrative involving their trials and successes in shipping is a mixture of toughness and tenderness. It is an absorbing story which presents a sweeping vision of a truly unfolding saga.

Following the book review, refreshments were served to Mrs. Glen Coon, Mrs. Doyle Hester, Mrs. Willie Tay-

lor, Mrs. Dorothy Johnson, Mrs. Clarence Matejowsky, Mrs. Lula Bond, Mrs. Floyd Coffee and the hostess series of inter-relationships among the aliens who built our nation.

They accumulated millions in shipping, lost their fortune during the depression and later began building ships and amassed another fortune in San Francisco. A

Club meets in Matejowsky home

ved entertaining.

During the business, the club was urged to attend the upcoming tea and book review on May 4, at the C. C. Thompson Room in Colorado City.

The program dealt with insurance. Mrs. Della Marth from Ros-

coe spoke on home, farm and liability insurance. Mrs. Lola Fay Bennett spoke on medical insurance. Both women, having dealt in

these fields for years, emphasized the importance of insurance in

today's world. Though premiums continue to rise consistently, it is still unwise to be without insurance due to inflated prices in everything.

Refreshments were served by Mrs. Mate-

jowsky to Mmes. Lola Fay Bennett, Rosia Hamrick, Ruth Blair, Annie Price, Ovada Templeton, Leona Linam, Ruth Holman, Eva Wells, Nina Meadows, Effie Wheeler and one visitor, Mrs. Della Marth.

UMW Club studies book of Hebrews

The Loraine U.M.W. met in the home of Mrs. Pearl Bruce Wednesday morning to continue their study "Outside the Gate" which is based on the book of Hebrews.

Mrs. Lula Bond dealt with the portion of Hebrews from chapters 7 through 10. The historical Melchizedek was discussed as a type of Christ. Because the Aaronic priesthood made nothing perfect there was the need another priest should rise after the order of Melchizedek.

In comparing the Aaronic priest who died,

she brought out the fact that Christ lives forever as High Priest for the

believer. The new Covenant that Christ made with His people was dis-

cussed. The one sacrifice of the New Covenant is superior to the many sacrifices of the old covenants. The wavering are warned in this portion of scripture; it is

Christ or judgement.

Those attending were Mmes. Bruce, Percy Bond, Alva Bennett, Bennett Blair, Wiley Walker, Claude Neeley and Raymond Wheeler.

Baptist women meet in Hallmark home

Loraine Baptist Women met at the home of Mrs. Bernice Hallmark at 9:30 a.m. Wednesday, April 20, for their Mission and Bible study.

Mrs. T. L. Holman

presided and she and Mrs. Pauline Smiley presented, in a dialogue form, the advantage of the present way the Cooperative program is carried out as compared to the early years.

The Cooperative pro-

gram was the theme of the discussion, and directed by Mrs. Frances Porter. Mrs. Lynn Compton directed the Bible study with all taking part in the discussion.

Ten members were present.

Culwell entertains at Loraine Club

Joy Culwell of Colorado City was speaker when the Loraine Senior Citizens Club met for their monthly dinner and program at 6 p.m. Tuesday, April 19th.

Roy Wells, president, welcomed the guests and members present and Mrs. Syble Walker gave the Invocation before the pot luck meal was served.

After the meal, Mrs. Effie Wheeler, who had planned the evening's program, asked for volunteers to either bring the program or get someone for these monthly meetings, as only a few have shared this responsibility.

Mrs. Wheeler narrated the "style show." She

had asked all who would to dress in fashions of the past and a large number responded and wore styles of 20, 30, 40 years ago. Syble Walker wore shoes that were sold at the Loraine Mercantile in 1918 and Clara Butler took the prize for the oldest dress, 75 years old.

It is said a good laugh is like medicine and those present had their quota of medicine as Joy spoke. Her subject has always been her weight problem, and now that she has lost 72

pounds since she spoke her last, we wondered who or what would be her subject of talk. She chose a timely subject for the group, that of age. She says as you pass the age of 40 it's mainly a maintenance problem and the subject of gaining weight is avoided by all overweight people, and when someone says "Ain't you put on a little flesh?" it is aggravating to no end.

All the funny sayings and her clever way of saying them kept the crowd well entertained and all hope she will return for a repeat performance soon.

At the close of her talk, members were reminded to take note of Mrs. Wheeler's request to volunteer to prepare or get some one to bring the program at least one month.

Loraine High School News

By SHELLY MARTIN, MELISSA CLIFTON & DEEANN PULCHER

This week has been an uneventful week. The FHA representatives and FFA boys both have returned from their travel. We can actually say we have had a quite a learning experience while we were gone.

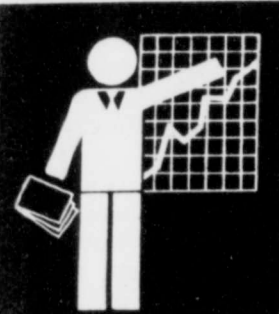

The boys track team won third place at the District track meet in Klondike.

Leslie Rose will be going to state, competing in the shot put and discus events.

The high school band is planning on going to Six Flags on May 21st. I can tell you we are excited about going.

The seniors will be wrapping up the week with a work day Saturday, April 30, from 8 a.m. to 5:30 p.m. Also, the Loraine high school cheerleaders will be holding a car wash from 10 a.m. to 5 p.m. at Linam's implement shop.

The band boosters will be having a garage sale on Saturday, April 30th at the Lions Club from 9 a.m. to 5 p.m.

For Free Estimate

Leave your number on our answering machine if we are out. Thanks.

It pays to know how much it costs to heat/cool the house.

With electric bills up these days, it'll pay you to know how much you're spending to use electricity all around the house. For example, how much does it cost

to cook a meal...to dry a load of clothes...and to heat and cool the house? It all adds up.

At Texas Electric, we're doing everything we can to hold down the cost of electricity. We use the cheapest generating fuels available to us—natural gas and lignite coal. And we're building

a plant to use uranium, a cheaper fuel.

You can help hold down your electric bill by conserving everywhere you can. We've included a list of approximate

operating costs on this folder to help you estimate the costs of using your household appliances.

And remember. It pays to know...because it all adds up.

Williams regional sprint champ

The good thing about last weekend's girls Region IAAA track meet in Odessa was the Wolves girls made a good showing and placed fifth place. The bad thing was that only one C-City athlete qualified for the State Meet on May 6-7.

The Pack's lone competitor in Austin will be freshman sprinter Sandra Williams who qualified for state in the 100, by blazing to a winning time of 11.99, a career best for her.

The Wolves showing was quite admiral since they were competing with over 40 other teams. It marked the Pack's best outing at regionals in four years, when they finished second and qualified the 400 relay to state.

Dalhart won the meet with 76 points, Slaton was next with 48, Tulia 46 and district 6AAA rival Coahoma was fourth with 42 points.

Miss Williams had a hand in all but two of the Packs points by winning the 100, placing fourth in the 200 with a career best of 26.37 and placing fifth in the triple jump with a leap of 35-9½. In

addition to that she anchored the 400 relay team that just barely missed getting to Austin as Hollie Taplin, Staci Free and Tomika Randle along with Williams placed third with a time of 50.32 a season best for them. The Pack were nipped out by Slaton (50.01) and Littlefield (50.29), Williams pulled the Wolves from fourth third place but it was not enough.

Discus thrower Stacy Hamrick contributed two points in her speciality with a fifth place

finish (104-5), also a career best for her. The Wolves 800 relay foursome of Taplin, Robyn Turner, Randle and Free placed seventh in the finals with a season best of 1:52.66.

Wolf mentor George Martin says he is pleased with the way the girls competed, "I just wish the 400 relay team could have made it, but we didn't run consistent enough," said Martin.

Martin says he feels that Williams has a good shot at the state meet providing that she gets out of the blocks quick-

ly. "We will be working on Sandra's coming out of the blocks," said Martin. Martin said that Williams will compete in a State Qualifier's meet this Friday in Sweetwater. He said that he might take his 400 relay team since they are alternates at the state meet.

The Wolf coach also added that he appreciated all the fan support and encouragement all the people gave his athletes, and is grateful for the locals who helped at the Lone Wolf Relays.

HEADED TO REGIONAL--These Colorado City tracksters will be participating in the Region IAAA track meet May 6-7 in Odessa. They are (front row, left to right) Joey Ritchey, Perry Conner, Larry Hamilton and Dennis Rivera. (Back row, left to right) Chris McKinney, Doug Chitsey, Kevin Norman and Jay Claxton.

Baum places third

Laura Baum

Colorado High School tennis player Laura Baum placed third at the Region IAAA tennis tournament in Lubbock this past weekend in Lubbock.

The third place finish gains Baum an alternate spot at the state tennis tournament in Austin May 5-7.

Miss Baum defeated Jolene Lile of Perryton 6-0, 6-0 to advance to the second round of competition.

Baum lost the first set to Tina Mitchell of Kermit 3-6, but roared back to down Mitchell 6-0, 6-3 to advance to the semi-finals.

Baum lost her first

match of the tournament to Tammy Lusinger of Marble Falls 6-3, 0-6, 2-6, which put her in the consolation bracket.

The CHS junior captured third place by defeating Kay Reay of Lockney 7-6, 6-3.

Shonda Enos of Crane, who defeated Baum for the district 6AAA singles title won the regional tournament by defeating Lusinger, these two ladies will compete in the state tournament.

CHS tennis coach Carolyn Walker concluded, "We are expecting Laura to go to state next year."

Rose headed to state meet

Leslie Rose kept her journey going for a gold medal at the State Track Meet last weekend at the girls Region IA track meet in Levelland by winning the shot and placing second in the discus.

Rose, who is the fifth-ranked shot putter in Texas, handily won the event with a toss of 37-9, well below her season best of 41-9, but her throw was still two feet further than the second place finisher.

In the discus, Miss Rose saved her best

throw for last, to earn a berth at Austin in the event. Going into her final throw, the Lorraine junior was in fifth place (104-0). But on her final toss Rose hurled the discus a career best of 110-8, tying her for first place. She was awarded second because the young lady she was tied with had a further throw on her other attempts.

Rose's 18 points helped pace the Bulldogs to a 10th place finish. The Bulldog 800 and 400 relay teams didn't make it to the finals, but did run a season best.

The 800 relay team of Tency DeLoera, Shelia Darnell, Margie Oliver and Kathy Wright posted a 1:57.2, while the 400 relay foursome of JoAnn Barrera, Darnell, Wright and DeLoera ran a time of 54.1.

Lorraine coach Jimmy Fine says that Rose will be working hard on her form in preparation for the State Meet. "We'll jump rope, do short sprints and speed weights," said Fine. "We will work on her quickness through the ring and rest her arm."

Rose will compete in the State Qualifier's Meet in Sweetwater Friday.

Wolves finish third at district

The Wolves boys varsity tracksters surprised the rest of the field at the district 6AAA meet Friday at Odessa as they compiled 99½ points for third place.

The pre-meet favorite Ozona did what everybody expected them to do as they won the meet handily scoring 213½ points. Sonora nipped the Wolves for second place with 101½ points.

In the process, the Pack managed to qualify individuals in four events and one relay for the region IAAA meet May 6-7 in Odessa.

Headed to regionals are discus thrower Chris McKinney who placed second with a toss of 145-8, a career best for the senior. Sophomore Doug Chitsey earned a regional berth by placing second in the high jump (5-10) and Jay (Hootsie) Claxton earned his second consecutive trip to regional in the 3200 (10:46.28).

Also earning a trip to regional was sprinter Kevin Norman in the 100 (11.20) and the 400 relay

team of Larry Hamilton, Norman, Perry Conner and Joey Ritchey ran a season best of 44.94, good enough for second place.

Others barely missing out a regional berth were third place finishers Don Randle in the 800 (2:08.75), Armando Rivera in the pole vault (11-6), Charles Iglehart in the 3200 (11:04.67), Claxton in the 1600 (4:53.12) and the 1600 relay team of Norman, Donnie Davenport, Conner and Mike Ligon (3:30.30), a season best for them.

Other Wolves scoring points were A. Rivera and Dennis Rivera fourth and fifth respectively in the high jump, D. Rivera and Hamilton fifth and sixth respective-

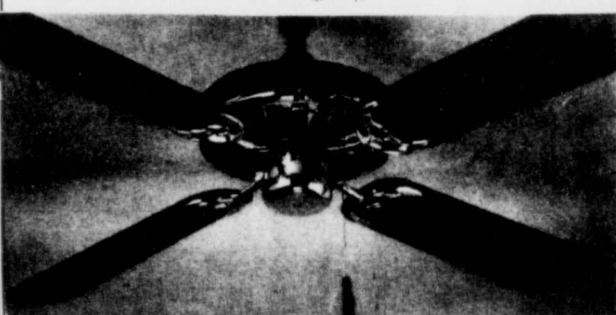

ly in the long jump, and D. Rivera placed sixth in the 100 hurdles and fifth in the 300 hurdles.

The Pack's third place finish left Wolf coach Rick Robinson pleas-

ed, "I'm real proud of the kids, it was a tremendous effort, they performed excellent. We scored more points than we thought we would," said Robinson.

News from....

Root Valley Fair Lodge

By PAM JARNAGIN
Last week was a pleasant week.

We had exercise, bingo, Bible study, popcorn and movies, etc.

We planted Marigolds in our back yard, strategically placed, to add color and cheer when our residents look out their windows.

Our movie last week was about Indians of the Southwest. It was good, but not as interesting as

the first-hand account from one of our residents, Mrs. Angeline Hammock. She and her husband ran an Indian trading post at Gallop, New Mexico, also at Fort Defiance, Arizona. They traded goods with the Navaho and sometimes the Hopi Indians.

There was a mutual admiration between the Indians and Mrs. Hammock. She tells how polite and nice they were,

how they worked around the post and were a great help to her.

The Indians were artists at weaving rugs and baskets and silver work, often trading these articles for large bright-colored bolts of cloth.

Mrs. Hammock taught Indian women to sew long full skirts and also made skirts for them.

They would wear seven or eight skirts at one time, accented with large silver belts.

Our friend and resident Mrs. Myrtle Womack was on our local radio program telling how proud she was of the era she lives in, from the ox and covered wagon days, (she came to Mitchell County in a covered wagon) to the jet age.

National Nursing Home Week begins in May. The theme is "Memories are made to be shared;" we have an abundance.

Baptist Association meets

An Associational Meeting of the Mitchell-Scurry Baptist Association will be held at Oak Street Baptist Church in Colorado City on Tuesday, May 3.

At 6 p.m., a supper will be served by the church and at 6:45 there will be executive board and W.M.U. meetings.

The program will begin at 7:30 p.m. with congregational singing and the message for the evening will be brought by Harold Davis, pastor.

Ward receives DIANA award

Mathel Ward

Mathel Ward of Lovington, NM, daughter of Mr. and Mrs. Jack Bowen of Colorado City, has been selected by the

Delta Kappa chapter of Epsilon Sigma Alpha as their DIANA (Distinguished International Academy of Noble Achievement) nominee.

The award is the most prestigious award given by Epsilon Sigma Alpha International and is conferred on a woman in the community who has proven to be an outstanding citizen.

Mrs. Ward was selected because of her many achievements and contributions to the youth, aged and handicapped persons of Lovington

and Lea County.

She is a member of a Baptist church and has served as WMU director, YWA director, assistant choir director and has been a featured soloist in her church for many years.

In addition, she is very active in the Hospital Auxiliary Pink Ladies, the Ponytail softball league, Lea County Fair, Lea County Quarter Horse Association and Western 4-H Club.

Mrs. Ward is also a member of the county-

wide group of singers called the Joy Makers who sponsor benefits for needy people in the surrounding area.

Mrs. Ward will be recognized during the state convention of Epsilon Sigma Alpha to be held in Carlsbad later this month and has also been entered in the ESA International contest which will be held in Seattle, Washington in July.

She and her husband, Ed, have three children, Doug, Vicki and Peggy.

Cornutt hosts Baumann Club

The Baumann TEHA Club met at 2:30 p.m. Sunday, April 17 in the home of Era Mae Cornutt for a program on "Licking the Salt Habit."

The speaker, Stella Harris, told the group that research has linked salt with hypertension and high blood pressure, both of which can cause potentially fatal health problems such as heart and kidney disease and stroke.

She also listed some tips on how to reduce harmful amounts of sodium in the diet, including not adding any salt at the table and reducing the amount of salt used in cooking.

The hostess, Mrs. Cornutt, served refreshments of sandwiches, cake, potato chips and bottled drinks to Clara Butler, Lynn Compton, Mabel Givens, Bernice Hallmark, Mrs. Harris, Gladys Payne, Vada Pr-

eston, Pauline Smiley and Inez Webb.

The next meeting will be held at 2:30 p.m. Tuesday, May 3 in the home of Jean Vest of Colorado City.
