THE SNYDER DAILY NEWS

VOL. I—No. 50 | SNYDER, TEXAS, FRIDAY, JULY 7, 1950 | PRICE—5 CENTS

1.10-Inch Rain In City, More At Hermleigh

Rain fell over most of Scurry County last night and this morning, measuring an inch and over in Snyder, Hermleigh, and southwest of Fluvanna.

A trace of rain fell through the night here, turning to a steady downpour before 6 o'clock this morning. By 7 o'clock it had rained an inch, Mrs. D. P. Strayhorn, official weather observer, reported, and .10 inch fell later in the morning.

Rain began falling at Hermleigh about 7 o'clock this morning. By 8:30 it was still raining and measured an inch and three-quarters.

There was no moisture at Fluvanna, but ranches west of town received an inch and a half of rain. Rain fall was reported both south and west of Fluvanna.

Showers fell over a wide West Texas area yesterday afternoon and last night, with the heaviest rainfall — 2.75 inches — reported at Sweetwater. Rotan had 1.25 inches, and light showers were reported to have fallen at Colorado City, Merkel and Trent.

This was the first measurable rainfall in Snyder during the month of July, bringing the year's total up to 12.53. Average for the first seven months of the year is 10.98. This morning's rain exceeded the average rainfall for the entire month of July, 1.02 inches.

Rainfall amounted to 11.43 during the first six months of the year, as compared with the average 9.96 inches.

Water Reserves Up; Conservation Still Is Needed

Snyder should have 1,250,000 gallons of water stored by 6 o'clock this afternoon, according to W. J. Ramsey, superintendent of the water department.

Water was turned into the new 500,000-gallon reservoir north of town this morning and Ramsey expects that it will be full by 6 o'clock. Together with the water already in storage, the new reservoir will bring the supply up to a million and a quarter gallons.

This morning's rain probably accounts for the fact that all storage tanks are full at the present time, Ramsey said. As long as there is a fair amount of rainfall, he believes Snyder is in no danger of another serious water shortage, but a long dry spell might put a strain on the water supply, he said.

Ramsey emphasized that it is still important for people to conserve water, since using it to excess might lower the pressure again, especially in case of dry weather.

The city is now drilling its twenth-third well, between Twenty-third and Twenty-fourth Streets on Avenue Z.

First Humble Try on Big Kent Leases

Humble Oil and Refining Co. has staked a quarter-mile west offset to the Estel Heyser No. 2 Lohman, recently completed one and one-half mile south extension to the Salt Creek-Canyon field in West Central Kent County.

This is the first exploration Humble Oil and Refining Co. has staked on the recently acquired block reported at $1,000 per acre for the lease.

The wildcat is 365 feet from north and 467 feet from east lines of section 115, block G, W&NW survey, seven miles northwest of Clairemont. It will be rotary drilled to an estimated 7,000-feet depth. Work is to start immediately.

SHELL DISCOVERY

Shell Oil Co. No. 1 E. T. O'Daniel, Northeast Howard County flowing discovery from a Pennsylvanian Lime has drilled 50 feet deeper and is now preparing to run a drillstem test on the new section of hole at 8,010-60 feet.

This important development, located seven miles north of Coahoma and 1,997 feet from west and 656 feet from south lines of section 2, block 30, TP survey, T-1-N, produced a total of 42.9 barrels of oil during a 40-minute drillstem test at 7,985-8,010 feet. There was no formation water.

Good pressures were developed.

Some observers think the pay section is the Canyon Reef lime.

ABANDON IN BORDEN

Wheelock and Weinschel's attempt to extend the Reinecke Canyon pool in Southeast Borden County, one and one-half miles to the south, has proven a failure.

They have abandoned their No. 1 Schilling at a total depth of 7,055 feet, after having encountered no signs of the reef.

The No. 1 Schilling was 467 feet from north and west lines of southeast quarter of section 44, block 25, H&TC survey, and 19 miles southeast of Gail.

BIG LAKE STRIKE

Stanolind Oil & Gas Co. No. 1-BL University, new Fusselman opener in the Big Lake multipay field in Southwest Reagan County, flowed 18 barrels of 60.8-gravity distillate in 30 minutes.

Before the above flow was gauged, the pay section at 8,885 to 8,920 was washed with water. On flowing to clean out, it produced 23 barrels of wash water and 55 barrels of distillate in four and one-half hours through a 7-16th inch choke.

Gas volume while cleaning out was rated at 7,000,000 cubic feet daily. Flowing pressure was 1,150 pounds, and casing pressure was 600 pounds.

The 18 barrels in 30 minutes was made through a 7-16ths inch choke. Operators are continuing to test, preparatory to taking potential.

The discovery, located on the southwest side of the Big Lake field, is 1,980 feet from south and 660 feet from west lines of section 1, block 2, University survey.

LYNN COUNTY

Humble Oil & Refining Co. has staked a one-location northeast offset to Magnolia Petroleum Co.'s recent Pennsylvanian lime discovery in Southeast Lynn County.

Humble No. 1 W. C. Dublin and others is to be 2,038.6 feet from west and 1,980 feet from north lin-

American Jets Blast Red Armor

TOKYO, July 7. (AP) — Jet fighters and light bombers, drilling through the clouds of Korea's usual bad summer weather, today knocked out possibly 16 Red tanks on the front south of Seoul.

A Far East Air Force communique said B-26 bombers spotted a concentration of tanks, vehicles and troops north of Pyongtaek, 40 air miles south of Seoul.

When the swift bomb and rocket-carrying bombers droned back into the clouds they had left from six to 10 tanks ablaze, and several trucks destroyed, the communique reported.

SECOND MISSION

On a second mission, B-26s poured bombs, rockets and machinegun fire on 40 vehicles and knocked out a machinegun nest north of Pyongtaek. Two light bombers failed to return. One was hit by ground fire.

F-80 jets also were on the prowl, and reported a bag of six tanks, two-half-tracks and seven or more trucks.

They attacked numerous vehicles carrying North Korean troops and a railway train. No opposition was met in the air.

NO CHALLENGE

The big brothers of the Air Force, the B-29 superforts, bombed targets in Communist North Korea yesterday for the second straight day. They flew north on two separate missions and neither mission was challenged in the air.

A second Air Force communique summed up the aerial warfare for the first 10 days through yesterday. It reported U. S. and North Korean aerial losses stood at 22 planes each.

Three British Killed

HAMBURG, Germany, July 7. (AP) — Three British officers were killed when two RAF training planes collided over the British zone of Germany yesterday, an RAF spokesman announced today.

OFF WITH A GRIN—Equipped with a handful of baggage and a grin, First. Lt. A. G. Mire of Morgan City, La., boards his B-29 bomber in Spokane, Wash.,—destination, a Pacific base. The bomber was one of those ordered into the Pacific area by the Air Force. (AP wirephoto).

Draft Into Effect Again As Service Ceilings Are Raised

WASHINGTON, July 7. (AP) — The government today ordered use of the draft law to bring military forces to needed strength for the Korean war.

The Defense Department announced that overall ceilings on branches of the armed services, which had restricted their expansion, had been lifted.

The text of the short announcement made at the Pentagon follows:

"To meet the situation in Korea, upon recommendation of the joint chiefs of staff, concurred in by the secretaries of army, navy, and air, and with the approval of the President, the Army, Navy and Air Force have been authorized to exceed the over-all budget ceilings for military personnel.

"This action constitutes a first step to build up to full operating strength the units of the Army, Navy and Air Force to be used in the Korean operation, to provide further maintenance and support therefore, and to replace units to be moved to Korea.

"The use of selective service has been authorized. Voluntary enlistments also will be accepted."

The announcement did not contain any estimated figure for the new military expansion.

The latest total strength figure given for the armed forces was about 1,370,000.

Of that, the army had 593,000, the Navy and Marines 427,000, and the Air Force 350,000.

The Army probably will be the first to benefit by the new order. Its combat strength has been whittled down from the wartime peak to only 11 divisions. Four of these divisions are in the Far East with part of them either in or headed for the Korean war front.

The four divisions are part of an overall strength in the Far East of about 123,500 men.

Bus and Automobile Collide Near Here; No One Is Injured

No injury resulted this morning from an automobile-bus collision five and a half miles north of here on the Lubbock highway.

Bill Zimmerman, highway patrolman who investigated the accident said the bus, owned by the state health department and driven by he department's transportation officer, William Henry Dorsey, 31, of San Antonio, struck the rear of an automobile owned by Jesse Ray Green, 50, 205 Twenty-eighth Steet.

The automobile, a 1950 model Buick sedanette, was heavily damaged, Zimmerman said. The car, he said, was parked beside the highway but was not completely off the pavement. Dorsey said he was meeting a truck and could not pass the parked car and could not stop in time to avoid the collision.

The bus, a 1946 model Dodge school bus, was not seriously damaged.

Blast New Well At Hermleigh

Hermleigh's new municipal water well was blasted with a charge of nitroglycerine at a depth of 338 feet yesterday.

Indications at present are that the well will furnish sufficient water for the city, the Rev. Bob Creswell, mayor, said, but in case the supply is less than expected, another well will be drilled to supplement the supply.

The well was drilled to its present depth about two weeks ago by Buck Wylie of Snyder, and formations were tested at various depths by J. H. Flood & Co., of Waco, civil engineering firm.

The city will abandon its four former wells, each equipped with obsolete pumps, as soon as the new well is ready for use and can assure the city of enough water.

British Carrier On Way to Asia Waters

SINGAPORE, July 7. (AP) — The British Aircraft Carrier HMS Unicorn will sail for Japanese waters on July 12, a Royal Navy spokesman said today.

The Unicorn arrived here from Hong Kong on June 20 and earlier had been scheduled to remain for some time. She is used mainly as a "floating base" for other carriers.

Two Robins Great Pets

NEWTON, Mass., July 7. (AP) — When three-year-old Betty Jean Lebrun wants a playmate all she has to do is call: "Here birdies, here birdies."

And out of a tree in her yard flutter two young robins. They perch on her shoulder.

The child and the birds have been fast friends since she nursed one of them back to health after it fell from a nest.

Flying Service Is Moved To New Airport

Hazel Flying Service, owned and operated by A. H. Hazel, moved its Snyder office Wednesday from the old airport to the site of the new county airport, a mile west, and yesterday finished moving its 14 planes to the new location.

Wednesday morning Hazel moved his temporary office building to the new site, placing it just east and near the north end of a 2,400-foot temporary runway completed early this week.

Two gasoline pumps were set there Monday to furnish 80 and 91 octane aviation fuel for both opposed type and radial type aircraft engines.

The temporary dirt strip is about 300 feet east and parallel to the future position of the paved 4,800-foot north-south runway. The temporary strip, already in use, will be used until the permanent runway is completed.

It is not yet known for sure when permanent construction may begin, Edgar Taylor, county judge, said, but a contract will probably not be let until after the county's new tax evaluation in September, after which the county will sell necessary bonds approved by voters here up to $200,000 in the April bond election. The county will not issue more bonds than are necessary to complete the project, he added.

The project is in the hands of Ash-Wilson & Associates, Snyder architectural and engineering firm, which has made detailed surveys of the site and will let the construction contract.

Lack of Shipping Cited As Reason for Poor Showing

WASHINGTON, July 7. (AP)—Lack of available shipping was blamed by Sen. Tydings (D-Md) today for the slowness with which American military equipment is being moved to Korea to combat Communist tank columns.

At the same time, other senators called for a speed-up in efforts to contain the Communists on Korea, lest Russian satellites gain the impression that America is weak and start trouble in other parts of the world.

SOME OPTIMISM

However, House members showed less concern. The coming weeks, some of them said, should show a change in the tenor fo the Korean fighting.

Tydings, the chairman of the Senate Armed Services Committee, indicated he feels somewhat the same way.

He told a reporter he thinks heavy military supplies and manpower soon will be poured into Korea to reverse the tide of battle which has found Communist armored columns overrunning weakly-held American positions and scattering South Korean defenders.

"It's a question of getting ships concentrated, getting them loaded and getting the equipment transported — it takes time," Tydings said.

ASKS REPORT

The Maryland senator has asked military leaders to report at a closed session of the armed services group Tuesday on what is being done to make up-to-date fighting equipment available—not only in Korea, but in Europe and other areas of the world as well.

Sen. Morse (R-Ore) one of several senators who demanded such a tabulation, told reporters he believes that unless the United States shows quickly it is strong enough to handle the Korean fighting with a minimum loss of lives "we will have to meet some of the satellite armies of Russia in Europe."

More Funds Asked for Atomic, Hydrogen Bomb Experiments

WASHINGTON, July 7. (AP)—President Truman today asked Congress for $260 million to speed development of atomic bombs and push experiments on the hydrogen bomb.

Mr. Truman said the money would be used to enable the Atomic Energy Commission "to build additional and more efficient plants" to carry out his directive of Jan. 31 ordering work on the H-bomb.

AIMS

The President said the fundamental objective is to use atomic energy for peace, but he added: "Until this objective is achieved, however, we must strengthen our own defenses by providing the necessary atomic energy capacity."

He pointed out in a statement that his January directive called on the AEC "to continue its work on all forms of atomic weapons, including the hydrogen or fusion bomb."

Mr. Truman did not mention Sumner T. Pike, who has been acting chairman of the AEC by name, but he had these words to say in connection with his confidence in the commission:

CONFIDENCE

"In this new undertaking (speeding the progress of the atomic energy program) the Atomic Energy Commission has my complete confidence, based upon the able and vigorous leadership it has given to the atomic energy program in the past."

Pike's nomination for a new term has been bottled up in the Senate where a vote on confirmation is set for Monday. The President emphasized yesterday his confidence in Pike and said he is backing him 100 per cent.

Pike's term expired last Friday.

New Drive in Northern Korean's Pincher Move

Bank Deposits Here Double In Year, Lead Area in Gain

Snyder's prosperity set the pace in booming West Texas, it was revealed yesterday with the publication of bank deposit totals.

Deposits here more than doubled in the last year, soaring over the 17 million dollar-mark at the end of the first half of 1950.

No other city in the area showed more than 100 per cent gain.

TOTAL 17 MILLION

State and national calls for statements of condition yesterday found a total of $17,438,543.09 on deposit in the Snyder National Bank and the West Texas State Bank here.

A year ago, with the Snyder National Bank the only one in the city, deposits amounted to $8,000,861. Snyder National's deposits have increased to $13,378,448.20, and the West Texas State Bank lists deposits of $4,388,360.88.

Opened last Jan 14, the West Texas bank reported deposits of $3,553,819.48 in its first statement of condition April 24. The Snyder National had $13,635,943.75 in April.

Loans have increased from the Snyder National's figure of $805,477 a year ago to a total for both banks of $2,688,565.04 at the present time.

The Snyder National's loans amount to $1,501,140.03 and West Texas State's to $1,187,425.01. Both these figures show an increase, the West Texas State's jumping from $868,394.79 in April and the Snyder National's from $1,332,182.82.

IN OTHER CITIES

Deposits in Wichita Falls banks totaled $107,959,553, an all-time high there.

Abilene showed a 23 per cent gain with their total figure of more than 53 million dollars. San Angelo was close behind with $50,482,965, also a record high.

Big Spring, which is sharing in Snyder's oil prosperity, showed a 45 per cent increase, its deposits climbing to a total of more than 24 million dollars.

In Midland, the First National bank reported a record $26,842,939.

(By The Associated Press)

Many Texas banks hit all-time peaks in deposits reported in the state and national bank calls issued for conditions as of June 30.

The 13 banks of Fort Worth and Tarrant County showed all-time record deposits of $440,442,265.

In Dallas the all-time record was broken with total deposits of $1,204,391,065. The First National Bank of Dallas announced resources of $401,334,829.

Houston deposits were $1,167,242,300 comjared to $1,041,705,773 on June 30 last year.

Deposits in Corpus Christi's five national and state banks totaled $95,903,699, about six and a half million more than a year ago.

Midland deposits reached an all-time high of $39,963,163, a gain of $9,190,865 during the year.

Tires and Cars Sell Fast; Nylon Still in Stock

Most Snyder dealers say there is no real panic-buying here.

People who were planning to buy an automobile or a stove or refrigerator anyway are going ahead and buying, just in case, and most people are making sure they have at least a full set of good tires.

There is a bigger demand for tires than for any other single item. Among popular sized tires there is a definite shortage, and dealers are not getting any more at the present. However most of them agree that unless civilian production is cut, which it has not been yet, the temporary shortage of tires will soon be relieved.

List prices on automobiles have not gone up, but with the demand soaring it is easy to make $50 to $100 more out of a deal. Most automobile houses report a big increase in sales and several of them are completely out of new cars, waiting for new shipments which are still two or three weeks off.

Stoves, refrigerators and other electrical appliances are selling faster, but dealers insist there is no spectacular increase.

One possible shortage evidently has not bothered Snyder very much. One store has an attractive sale of nylon hose and thus is able to report an increase in sales. But on the whole nylon sales are about average, department store salesmen say.

Ex-Navy Head Dies

HYTHE, Eng., July 7. (AP) — Adm. Percival Henry Hall-Thompson, 76, former commanding officer of the royal navy's reserve fleet, died yesterday.

Battle Believed To Be Forming Near Kum River

Communists Pour Into Southern Korea Where Their Strength Already Is 90,000

TOKYO, Saturday, July 8. (AP)—Gen. MacArthur reported today the North Korean Communists were continuing to press their enveloping movement deep in South Korea, but fresh field dispatches credited the American and South Korean defenders with a 10-mile comeback in at least one sector.

The Tokyo headquarters communique said the front reached from a point north of Chonan—which is 60 miles south of Seoul—northeast to Mugung Chungju and the east coast.

It said the North Koreans were pressing their enveloping movement with two divisions in the Pyongtaek area, which is 14 miles north of Chonan.

BEAT BACK

However, Tom Lambert, AP correspondent reporting from the South Korean front by telephone, said an American combat patrol had moved about 10 miles north Friday against meager opposition. He said the only planes visible in the clear sky were American.

Earlier a South Korean colonel said the defenders had recaptured Pyongtaek and Chungju, 40 miles east of Pyongtaek.

MacArthur's communique said the envelopment threat by the Reds in the Pyongtaek area was being pressed by the Third and Fourth Divisions. The enemy First Division was reported farther west, near the west coast, while the Fifth Division was probing south and west from Wonju, which is 60 miles northeast of Pyongtaek.

North Korean divisions have an estimated combat strength of 5,000 to 6,000 each.

(The communique in effect confirmed field dispatches of 24 hours earlier. Tokyo headquarters matter has been running consistently later than field reports, a fact which lends credence to field news of an American comeback.)

GUERRILLA ACTIVITY

Guerrilla activity was reported on the east coast near Yongdok, 100 miles south of the 38th Parallel, the communique said.

Earlier in Korea, a South Korean source had reported the recapture of Pyongtaek and Chungju from the Reds in an apparent counter move by the American and South Korean forces.

A South Korean colonel, considered reliable, said the report of the recapture of the two towns from North Korean Reds was made to the South Korean army. American headquarters in Korea had not reported recapture of the towns. Both were taken by the Communists yesterday.

An unconfirmed South Korean report said a Red column headed by two tanks and two armored cars threatened the southeastern Pusan area. The east coast force was reported 80 miles north of the important port and supply base where the first American seaborne troops were landed in Korea.

TOUGH BATTLE

The Korean colonel said "it took a big fight" to wrest Chungju from the Reds. U. S. troops have been fighting alongside South Koreans around both towns.

The Red radio in Pyongyang,

(Continued on Page 2)

Red Maneuvers Are Stepped Up In East Germany

BERLIN, July 7. (AP)—U. S. intelligence agents disclosed today that the Russians have stepped up normal summer maneuvers in East Germany.

These informants said that in East Germany eight Soviet divisions are going through special exercises. Some involve tank-supported river crossings.

Experts, who with increased interest have noted every Russian move here since the Korean fighting broke out, said this increased Red troop activity could be a normal step—designed to let the Germans know who is boss and possibly to give Western allies a dose of jitters.

NOT TOO WORRIED

A senior American officer concurred in this view and said allied military leaders aren't too concerned about the stepped-up Soviet maneuvers.

American intelligence agents have been told to watch the Russian moves closely, however, on the chance that the Soviets might be planning to stage something similar to the Korean action over here.

The informants said that five Soviet divisions are training between Berlin and the Elbe River. They reported another three Red divisions holding war games north of Berlin in the Mecklenberg area, trying to illustrate the best ways of encircling the fortified position.

SHIFT DIVISIONS

In the course of the maneuvers, the Russians have shifted divisions from Magdeburg to Dessau and north from there along the Elbe River, facing the British zone.

Between now and the end of August allied experts believe the Russians will stage at least half a dozen maneuvers to sharpen the training of their East German armies. The people's police, who have been expanded into what amounts to an infantry force, will be used for odd jobs in these maneuvers.

Denmark Officers Must Remain Home

COPENHAGEN, Denmark, July 7. (AP) — No Danish navy or army officer may leave Denmark for a holiday till further notice owing to the present world situation.

Correspondent Says Yanks Regained 10 Miles in Day

By TOM LAMBERT
(Associated Press Staff)

WITH AN AMERICAN COMBAT PATROL IN SOUTH KOREA, Saturday, July 8. (AP) — The Americans started back Friday.

This patrol took off from a miserable little collection of mud huts Friday morning with instructions to contact the enemy and try to egain the fround lost the day before.

Under a blue sky inhabited only by American planes, the patrol by 3 o'clock Friday afternoon had moved approximately 10 miles north against meager opposition.

MAJOR LEADS

The patrol was led by Maj. Boone Seegers of Flushing, N. Y.

A tall man with ruffled hair and bloodshot eyes, the major told his men:

"Here is what it is: Move out there and make contact. Keep pushing. There's more heavy stuff coming behind you."

Two of the patrol officers asked in the same breath, "how much heavy stuff?"

They were Capt. Eugene Healey of New York and First Lt. Archie Smith of Fort Worth.

"You just take the town and the high ground," the major replied. We are right behind you."

REMOVE BLOCKS

The patrol set out in jeeps, well-spaced and well-armed. It stopped briefly to permit a nonchalant GI to remove some road obstructions that had been placed to slow any oncoming invader tanks.

The jeeps moved on again through several silent little villages. They crossed three bridges that had been dynamited with such delicacy that jeeps and trucks could use them but tanks could not.

In hot, muggy weather, the GI's stopped at another village and probed cautiously through empty mud huts. Village women tucked up their skirts and ran for a nearby river.

There was a quick clatter of rifle fire and the word was passed, "we've made contact; they're shooting as they withdraw."

WEATHER

WEST TEXAS: Considerable cloudiness this afternoon, tonight and Saturday, with a few scattered thundershowers. Not much change in temperature.

EAST TEXAS: Considerable cloudiness this afternoon, tonight and Saturday with a few scattered thundershowers in west and south portions. Not much change in temperature. Moderate to fresh southerly windso n the coast.

Continued hot, humid weather with scattered thundershowers was the weather menu for all Texas today.

Yesterday the high temperatures ranged from 101 degrees in Laredo to 76 in Amarillo.

First Humble

(Continued from Page 1)

begin immediately.

Magnolia No. 1 Garza Land & Cattle Co. is the discovery well and so far only producer in this new producing area, however a west offset to this discovery is being drilled by the discovery operator.

The No. 1 Garza Land & Cattle Co. potentialed for 244.61 barrels of 42.2-gravity oil and no water daily.

AHEAD IN HOWARD

After failing to get a drillstem test in a soft section at 6,878-6,903 feet, operators of the George Brown No. 1 Lloyd Branon are drilling ahead.

This venture is located in Northeast Howard County and 15 miles north of Coahoma, developed slight indications of oil in the soft section, which is either the lower Permian or upper Pennsylvanian.

Operators possibly will drill to contract depth of 8,000 feet, and if no other possibilities of production are developed, will plug back and test the soft zone.

The test was unsuccessful because the tool plugged by lost circulation material.

The No. 1 Branon is 667.3 feet from south and 652.7 feet from west lines of section 18, block 27, H&TC survey.

COGDELL OUTPOSTS

Two outposts have been staked to the Cogdell field which straddles the Kent-Scurry county line. Stanolind No. 3 D. M. Gibson will be at the southeast edge of the field and the Chapman & McFarlin No. 1-A D. M. Cogdell will be at the northeast edge one-half mile northeast of production.

Exact location of the Stanolind No. 3 D. M. Gibson will be 467 feet from south and east lines of northeast quarter of section 550, block 97, H&TC survey, Cogdell field, five miles north of Snyder. Estimated depth is 7,200 feet.

Exact location of the Chapman & McFarlin venture will be 660 feet from west and south lines of section 772, block 97, H&TC survey, Cogdell field, 22 miles northeast of Snyder. Estimated depth is 7,000 feet.

Both projects will be rotary drilled.

SUN ABANDONS

Sun Oil Co. has abandoned its No. 2 Stone, a wildcat in Northwest Nolan County 11 ½ miles southwest of Sweetwater.

The No. 2 Stone was bottomed at 6,000 feet in the Strawn lime of the Pennsylvanian. That section yielded slight stains in the drilling samples, but no free oil was developed.

This failure was one-half mile south of the Sun No. 1 Stone, another dry hole abandoned at a total depth of 6,700 feet.

The No. 2 Stone was 660 feet from south and 1,980 feet from east lines of section 77, block X, T&P survey.

DRILL IN HOWARD

Brinkerhoff Drilling Co. is slated to start drilling by, or before Aug. 1 at its No. 1 E. Jones, and others, which is contracted to be a 9,000-foot wildcat to explore the Pennsylvanian reef limes in Northwest Howard County, about 14 miles northwest of Big Spring.

The prospector will be 660 feet from north and east lines of the northeast quarter of section 18, block 34, TP survey, T-2-N, and in the Knott community.

The wildcat will be drilled as a result of a deal worked up by John Darden of Midland.

Darden secured a spread of acreage in that region from oil concerns which originally held the leases, and turned the trade to Brinkerhoff to drill. He retained an interest in the region.

It is understood that several companies contributed acreage or other support to the exploration.

Cellar and pits are now being dug and rotary material is being moved in. It is expected that actual drilling will be underway several days before the deadline of Aug. 1 is reached.

SHARON OUTPOST

Humble Oil and Refining Co. has staked an outpost to the extreme west edge of the Sharon Ridge-Canyon field. It is the No. 3 J. E. Sorrells one and one-quarter miles southwest of production. Exact location is 1,980 feet from the south and east lines of section 96, block 25, H&TC survey, 17 miles southwest of Snyder. It will be rotary drilled to an estimated 7,000 feet depth.

Four other locations have been spotted in Scurry County. Sun Oil Co. has staked the No. 2-A R. J. Randals, 467 feet from east and 760 feet from north lines of southeast quarter of section 245, block 97, in the Diamond M-Canyon field, H&TC survey, nine miles west of Snyder.

The Texas Co. No. 56 P. L. Fuller is 650 feet from north and 2,003 feet from west lines of section 551, block 97, H&TC survey, Cogdell field, 12½ miles north of Snyder.

Star Oil Co. No. 1 Lillian E. Stulting is 1,320 feet from south and 467 feet from west lines of southeast quarter of section 177, block 3, H&GN survey, Kelley-Snyder field, three miles north of Snyder.

All these projects will be rotary drilled to an estimated 7,000 feet depth.

STONEWALL WELLS

Two wildcats have been scheduled in Stonewall County. Deeper of the two will be drilled six miles northeast of Aspermont and the shallower venture has been staked in the southeast part of the County.

Tom B. Medders and S. B. Roberts have staked their No. 2 C. E. Boyde 530 feet from north and 1,330 feet from east lines of section 45, block D, H&TC survey, in Central North Stonewall.

Slated depth is 4,800 feet, which is calculated to test into the Pennsylvanian zone, however this possibly will not test the pay of the Norsworthy No. 1 Wiley, recent conglomerate discovery in that area.

Seven miles north of Hamlin, Houtray-Moore Drilling Co. of Abilene will drill its No. 1 W. J. Bryan.

Drillsite is 2,310 feet from south and 3,600 feet from east lines of section 11, Austin & Williams survey.

Slated depth is 3,900 feet.

Pumping of 96.75 barrels of pipeline oil in 12 hours by his discovery producer in Sutton County near the Kimble County line was reported in San Angelo Friday by J. K. Davis of Casper, Wyo. The oil showed 1.1 per cent paraffin, no water.

Texans Reverse Attitude On Aid To Southern Koreans

George Mahon, representative in Congress from this district, was one of only eight Texas representatives who voted in January in favor of the administration-backed aid to Korea.

While all Texas representatives in Congress now are supporting the current effort to stop Communism in Korea, there was a day when many of them voted against aid to Korea.

Aid to Korea! These words are now a battle cry with MacArthur and Americans in action under the banner of United Nations.

OPPOSED IN JANUARY

Though millions are being spent today in lending aid to Korea, by sending planes, ships and men to the attacked region—and billions are in the prospect of being spent—a majority of Texas congressmen opposed aid to Korea in January.

A majority of the Texas delegation voted against the administration-backed measure on Jan. 19 in The Associated Press dispatch on that date described the bill as one that would have "authorized $60 million more to round out a $120 million program to help Southern Korea keep its economy going in the face of Communist-dominated Korean regime to the North."

Only eight Texas congressmen voted for the aid program at that time. They included Reps. Wright Patman of Texarkana, Lindley Beckworth of Gladewater, J. M. Combs of Beaumont, John Lyle of Corpus Christi, George Mahon of Colorado City, Clark Thompson of Galveston, Homer Thornberry of Austin, and Wugene Worley of Shamrock.

HOW THEY VOTED

Opposing the aid-to-Korea measure on Jan. 19, and being in the majority at that time, were: Reps. Lloyd Bentsen of McAllen, Omar Burleson of Anson, Clark Fisher of San Angelo, Ed Gossett of Wichita Falls, Paul Kilday of San Antonio, Wingate Lucas of Grapevine, Tom Pickett of Palestine, W. R. Poage of Waco, Ken Regan of Midland, Olin Teague of College Station, Albert Thomas of Houston, and J. Frank Wilson of Dallas.

Efforts immediately were made to bring the House measure to a vote again, Speaker Sam Rayburn of Texas spearheading the administration appeal.

Secretary of State Dean Acheson appeared before the House Foreign Affairs Committee (on which no Texas congressmen serve), asking that the Korean aid bill be reconsidered. He said Korea could resist Communist pressure if it had the extra money. The bill provided that aid would stop if "one or more Communists" are allowed in the Korean government.

The House, on Feb. 9, reversed its action of Jan. 19, and voted the aid to Korea, though eight Texas congressmen refused to change their vote and opposed the bill, in which aid to Formosa, also, had been included.

On the final vote, 198 Democrats, including 11 Texans, and 42 Republicans favored the aid-to-Korea bill; and 91 Republicans, 42 Democrats, including eight from Texas, and one American-Laborite, opposed it.

The eight Texans opposing the aid included Reps. Bentsen, Fisher, Lucas, Pickett, Poage, Regan, Thomas, and Wilson.

Rep. Patman, who had voted for the aid in January, was not present for the second vote, being in Texas at the bedside of ill relatives.

SOME CHANGED VOTE

Texans who charged their vote to support the aid, after voting against it the previous month, included Reps. Burleson, Gossett, Kilday, and Teague. (Speaker Rayburn is not recorded in the voting, having that privilege only in case of a tie).

Majority Leader McCormack, leading support for the bill, said that "adverse and far-reaching effects throughout the world" would result from failure to aid Korea and Formosa. Rep. John W. Key (D-W. Va.), supporting McCormack, declared that aid would preserve Korea from anything but "a major, widespread invasion" which is "not anticipated."

From the Republican side of the House, Rep. William Lemke (North Dakota) criticized the State Department's "niggardly" attitude toward Far Eastern assistance, and urged Korean aid because "if the Communists move into South Korea—then World War III is on."

Opposition to the bill was summarized by Rep. Lawrence H. Smith (R-Wis.) in saying "The risk we are taking is too great." Aid building up Korea, he added, would make it a "plum" for a Soviet grab.

Hospital Notes

Admitted to Snyder Hospital Clinic yesterday were:

Margaret Ann Miller, Fluvanna.
Mrs. Jones, Hermleigh.
Mrs. Fred J. Peitzsch, general delivery.
Andrew Jackson Jenkins, Westerner Courts.
Mrs. Billie D. Hogan, general delivery.
Mrs. S. W. Lane, general delivery.
Mrs. G. D. Wolf, general delivery.

Discharged yesterday were:

Margaret Ann Miller, Fluvanna.
John Medis, Tumbleweed Courts.
Mrs. Virgil Manard Leatherwood, general delivery.
Jack Yarbro, Box 957.
Mrs. Manuel Clinton Smart, Box 986.
Evuy Berryman, 2109 Avenue T.
Barbara Nell Pierce, 803 Twenty-eighth.
Albert V. Clawson, Hermleigh.
William R. Wood, Clairemont Route.

New Drive

(Continued from Page 1)

northern capital, said tonight Communists troops had captured Ansong. It is a road village 10 miles east of Pyongtaek and on the highway to Chungju. The Red radio also said the Americans and South Koreans had suffered heavy defeat and were fleeing in disorder.

Pilots returning to a southern Japan air base reported 10 extremely large communist tanks lined up on the highway north of Pyongtaek. They said the tanks were larger than any seen before in the North Korean force.

GIRD FOR BATTLE

Meanwhile, both sides rushed men and supplies into the muddy, red clay area along the winding Kum River for what appeared to be an imminent battle involving upwards of 90,000 Korean Reds and a small American force.

The rugged river country just north of Taejon is likely to become the battleground.

The American commander in Korea estimated the northern invaders' strength. He said the Reds had thrown 15 divisions and 150 tanks into South Korea. He estimated the Communist fighting men Some divisions, he said, were at at between 75,000 and 90,000 brigade strength.

So fast were the Communists pouring in it was a question whether the Americans would have time to check the powerful thrust. But this much was certain — those Americans thus far tested in battle were able. A handful of them—possibly no more than 500—stopped cold for six hours the best division the Russian trained Koreans threw at them.

Guard Unit Sets Plans to Recruit To Full Strength

A recruiting campaign to increase the strength of the local National Guard unit was organized last night at the first weekly drill since the group returned from summer camp at North Camp Hood.

Lt. Weldon Kincaid, commanding officer of the unit, said he had orders to recruit to full strength. Present strength of the unit is 39 enlisted men and the unit has openings for men up to a strength of 121, he said.

Sgt. Acalee Kincaid and Sgt. Jack Terry were appointed as team captains for the enlistment campaign.

Lt. Kincaid asked that any man between the ages of 17 and 35 who is interested in joining the National Guard call at the Armory on Twenty-seventh Street or contact him, Sgt. Kincaid, Sgt. Lee B. McCravey or Major William J. Schiebel.

A talk by Major Schiebel, battalion plans and training officer, on the Korean situation was one of the items on the night's training program.

A class on map reading was conducted by Lt. Ed Seay for the higher ranking non-commissioned officers of the unit.

Sgt. Bishop Moffett and Sgt. John Lynch taught communications classes in which actual work with radio sets was undertaken. Radio men of this unit received high praise from members of the regular army 2nd Armored Division while attending camp this summer.

The local National Guard unit is Company D, 112th Armored Cavalry Regiment (Light).

Girls Register Today for Camp In Park Here

Registeration for the girls' day camp to be sponsored by Snyder Girl Scouts July 24-28 got underway today in the Chamber of Commerce office.

The camp is to be held for 100 girls between the ages of 9 and 16 years of age, Mrs. Lindy Clark, camp director, said that the policy and the first 100 girls to register would be the girls who would attend the camp.

Girls need not be Girl Scouts to attend the camp, Mrs. Clark said.

Final plans for the camp were made at a meeting of the Girl Scout Council last ngiht.

Fee for the day camp, which will include milk to drink and a variety of activities, was set at $2.50 for each girl. Camp will be held from 4:30 to 7:30 every afternoon from July 24-28 in the Memorial Park.

Tentative plans for open house for parents and others interested in the day camp were discussed. Open house will probably be held July 27 or 28, or perhaps both days.

The council decided to have a Girl Scout car in the rodeo parade.

Mrs. Martile Downen was named temporary treasurer to act while Mrs. Mabel Brock, treasurer, is out of town of the summer.

Army Sergeant Indicted For Selling U. S. Atom Secrets

SANTA FE, N. M., July 7.(AP)—David Greenglass, 28, has been indicted for selling U. S. atomic secrets to a go-between for Russian agents for $500.

Greenglass, an Army tech sergeant who helped assemble atom bombs during the last months of World War 2, was indicted by a federal grand jury here yesterday on charges of conspiracy.

The grand jury charged that Greenglass delivered the atomic secrets to Harry Gold at Albuquerque, N. M., June 3, 1945—when America was at war—and received $500 in currency from Gold.

GOLD BACKGROUND

Gold is the Philadelphia chemist who has admitted delivering to Russian agents the U. S. atomic secrets stolen by Dr. Klaus Fuchs, British scientist.

Both Fuchs, now serving a prison sentence in England, and Greenglass, now being held in jail in New York, gained access to the atomic secrets while working at the Los Alamos, N. M., atomic center.

Fuchs was a scientist in the Los Alamos scientific laboratory; Greenglass, with an Army engineering detachment at an A-bomb assembly plant.

INDICTMENT

The grand jury indictment charges that Greenglass entered into the conspiracy with Gold, one Anatoli A. Yakovlev, and "divers other persons to the grand jury unknown" about Jan. 1, 1945, and "continued thereafter for a considerable period."

Greenglass, who was arrseted by FBI agents at his Lower East Side New York home June 15, is specifically charged with delivering to Gold "information relating to the national defense," preparing and delivering a sketch of a high explosive lense mold, and preparing and delivering a statement about the Los Alamos atomic project.

AEC officials declined any comment regarding the "lens mold," remarking only that "the whole subject is classified."

First-Hand Report On Area Scouts At Valley Forge

Boy Scouts at the National Jamboree in Valley Forge, Pa., are in good health and are enjoying themselves immensely, Ray Upham, Midland business man, reported this week.

In a message to P. V. Thorson, Scout executive, he said he personally had talked with boys from the Buffalo Trail Council and had found them perfectly well and having a wonderful time.

He said health authorities consider general health conditions of the Jamboree to be excellent, despite the death from polio of one of the campers, Gordon Taylor of Rock Springs, Tex.

Thorson, who has just returned from the Jamboree, reports all Scouts and leaders from the Buffalo Trail Council were in good health and good spirits when he visited them last Firday.

The council's delegation of 120 Scouts and leaders is due to leave Valley Forge on July 8 and arrive home on July 11.

Six Face Charges After Being Arrested Here Last Night

Six persons were arrested here last night by officers of the sheriff's department and highway patrol unit, five being charged in justice court and one in county court this morning.

William Riley Smith, 40, of Union, was charged in county court with driving while intoxicated. He was arrested in Snyder by Bill Zimmerman, highway patrolman.

Van Harris, 42-year-old Negro, of Snyder, and Ammie NcNeal, 41-year-old Dallas Negro woman were arrested by Homer Whisnand and L. E. Haynes, deputy sheriff, and charged with disturbance, drunkenness, and vagrancy.

Daniel Drew, 27, Snyder Negro, was charged with disturbing the peace. He was arrested by Whisnand and Haynes, who also charged two white men with drunkenness.

America Replies To Potato Bug Charge of Reds

WASHINGTON, July 7. (AP)—Russia's charge that potato bugs were dropped from American planes to sabotage East German crops drew a comeback from the State Department yesterday.

The department didn't dignify the Russian note with a direct reply. Instead, it issued a diplomatic statement which said:

(A) The charge was a "fantastic fabrication"; (B) the Russians borrowed the idea from German Nazi tactics; (C) it was an excuse for a serious potato shortage in eastern Europe and (D) the bugs, if there were any, must be Communist bugs.

The Markets

FORT WORTH, July 7. (AP) — Cattle 600; calves 200; steady; medium to good slaughter steers 24.00 to 29.00; common to medium yearlings and heifers 18.00 to 24.00; beef cows 18.00 to 22.00; canners and cutters 12.00 to 18.00; bulls 16.00 to 23.50; good and choice slaughter calves 25.00 to 29.00; common to medium 18.00 to 25.00.

Hogs 400; active; all classes strong with Thursday's average; good and choice 185 to 275 lb barrows and gilts 22.25 to 22.50; sows 16.00 to 18.50; feeder pigs 17.00 to 19.00.

Sheep 500; steady; medium and good slaughter spring lambs 25.00 to 27.00; slaughter yearlings and aged sheep scarce; feeder spring lambs 20.00 to 22.00; feeder yearlings 16.00 to 18.00.

NEW YORK, July 7. (AP) — Buyers nibbled at stocks for the third session in a row today.

In a comparatively slow market, gains were limited mostly to fractions. Steels, motors and sugars were among the issues most responsive to modest buying interest.

Willys-Overland was again a favorite, rising around ⅜. Yesterday the stock moved up ¾ to 7 and Wednesday ⅜ following word of a huge Army order.

NEW YORK, July 7. (AP) — Cotton futures at noon were 25 cents a bale higher to 20 cents lower than the previous close. July 33.74, Oct 33.32 and Dec 33.29.

Rhee Pleased About Lack of Sabotage

TAEJON, Korea, July 7. (AP) — President Syngman Rhee said today "despite earlier Communist terrorist activities within the Republic of Korea" there has been "no single act of sabotage" since outbreak of war.

Convicted of Rape, Given Death Penalty

HILLSBORO, July 7. (AP) — Isaac Clemons, 44-year-old Negro ex-convict, was given the death penalty here yesterday for the death of a 12-year-old Negro girl.

The all white jury deliberated 15 minutes.

Clemons confessed raping the girl and crushing her skull with a rock before dragging her into an abandoned storm sewer on May 22.

TALK OF THE TOWN

BY FRANCES BIOW

Snyder citizens, weened on the smooth feel of dust in their larynx hardly know how to conduct themselves when a cloud the size of a pocket handkerchief blows by. General reaction is to do nothing.

In wetter, more sophisticated and less adventurous spots in the country, the members of the metropolis earnestly check their radios and newspapers upon waking and diligently ransack the closet for galoshes, rain coats, rain turbans, plastic purse covers, and some even have slickers custom made for their dogs. They simply are going to fight the rain with everything they have.

But, here, let it come down in driving gusts as it did last night, and a wide-eyed populace pops out to work, about one raincoat per 25 capita. Now and then, some retiring soul does throw the Snyder Daily classified page over his head, if it is falling specially hard, but it seems a cowardly thing to actually dress for rain. That would be admitting its importance.

VISIBLE EFFECTS OF THE RAIN: All the little newly putdown houses in town have wide, swimmable lakes surrounding them. My own lake needs a couple of swan to really be effective. 'Tis a wonder some Horatio Alger doesn't get the idea of selling minnows at the side of some Snyder lake, possibly the one located in the middle of Twenty-sixth Street. Cars stalled in frustrated and drowned condition could fish until the garage sends help.

The roof of the Snyder Daily leaks! The only reason I know is that there is 6 inches of water around one linotype machine and the printer who was setting Dunlap's, Department Store ad was wearing water wings.

The only people around town who are entirely impervious to rain are the police who don't mind at all standing forthrightly while it pours and writing out parking tickets while the elements rage and rainwater drips down their necks onto their smart new uniforms.

RAY REEDER and MRS. HUGH JOHNSON at Perry Brothers were excited about the fried chicken the store enjoyed last night until their picnic got somewhat wet and all departed for dry clothes and home. MRS. R. E. PATTERSON, Snyder Drug, reported that the psychological pull of a rain is strong. . . . they always have various calls for soup or chili or some such warming dish when the drops begin to fall, even if it is still humid and hot.

PERSONALS

Mr. and Mrs. Searcy Orr, 2210 Sunset Avenue, Highland Park, have as guests in their home Mrs. Bart Carlton and two children from Lake Charles, La., and Miss Effie Lassiter of Mangum, Okla.

Mrs. Walla Fish and Mrs. Ruby Piner left for Temple this week. Mrs. Fish plans to visit the Scott and White Clinic.

Miss Winnie Garner, 2711 Avenue I, has as her house guest this week end Mrs. W. A. Campbell of Quanah, Tex. Miss Garner lived with Mrs. Campbell when she worked in Richardson's Dress Shop in Quanah before moving to Snyder.

Mr. and Mrs. Stanley Gray of Gray's Style Shop went to Ballinger over the holidays to see relatives and attend the baseball games.

Miss Alma Henry and Pat Franklin attended the rodeo in Stamford Tuesday.

Mr. and Mrs. Searcy Orr, Mr. and Mrs. Clyde Dobbs and Ibram Kayal from Lamesa all attended the Stamford show the Fourth.

Sgt. and Mrs. J. R. Estes of Ft. Sill, Okla., stopped in Snyder a while Thursday, en route to Carlsbad, N. M. and Mexico. They are on a two weeks' vacation.

Mr. and Mrs. Hubert A. Henley and Mr. and Mrs. Jess Henley and girls had as visitors Mr. and Mrs. Arthur Henley and Mr. and Mrs. Wesley Vaughan of Dallas. Over the holidays they went to the Carlsbad Caverns.

Mr. and Mrs. A. R. Vandiver, 408 Twenty-eighth Street, attended the Texas Highway Department picnic at Fort Phantom Lake, Abilene.

Mr. and Mrs. J. G. Springer have moved from 2506 Avenue I to their new home in Highland Park, 3805 Highland Drive.

Mrs. Virginia Homer, who was manager of Franklin's store, was called to her former home in San Angelo this week upon the sudden death of her daughter.

Mr. and Mrs. Weaver Dunn went to Chandler, Okla., over the past week end, visiting her mother, Mrs. E. W. Walley. Returning with them was Mrs. Dunn's sister and family, Mr. and Mrs. Roland Ryan, who will live here permanently. Mrs. Dunn is employed at Franklin's Store.

Mrs. Perry Harris and Mrs. Gene Odell left Thursday morning for Fort Worth on a shopping trip.

Mrs. Mildred Bodenhoff left Snyder Thursday for a visit to Monahans again.

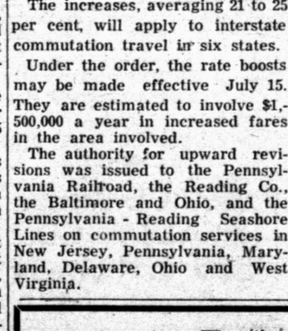

Miss Sandra Josephenson has been in Dallas for a few days, where she shopped for wedding clothes and visited with her friend, Miss Phyllis Berman, Miss Josephenson will be an attendant at a large wedding there soon.

Miss Mae Lyons and Mrs. Vera Miller left over the week end for a vacation trip to Houston and Lufkin. They will be away a week.

Mr. and Mrs. Arch Lavender, 2307 Twenty-seventh Street, attended the Stamford rodeo over the holiday.

Mr. and Mrs. C. W. Youngblood spent the week end in Seminole with Mrs. Youngblood's sister and family, Mr. and Mrs. V. J. Hillis.

Wayne Pitner, assistant manager of Penney's store, is on vacation. Accompanying him on a trip to San Antonio, Corpus Christi, and Dallas were his parents, Mr. and Mrs. Jim Pitner. He will be away a week.

Mrs. Jerome Gossett, who before her marriage here June 26, was the Miss Romaine Cox, the daughter of Mrs. Lee Cox, of Fluvanna. Mr. Gossett is the son of Mrs. T. B. McCracker, Cross Plains.

Two Women Spend Day in Solitary

CHICAGO, July 7. (AP) — Because of a judge's ruling 15 years ago, Mrs. Blanche Dunkel, 59, and Mrs. Evelyn Smith, 61, spent yesterday in solitary confinement at the Illinois Reformatory for Women at nearby Dwight, Ill.

The two murdered a grocery clerk on July 6, 1935. Judge Cornelius J. Harrington, in sentencing them to 180 years each on Aug. 8, 1935, decreed that they should spend each anniversary of the slaying in solitary meditation.

New Rail Rates In East Are Approved

WASHINGTON, July 7. (AP) — The Interstate Commerce Commission today approved new increases in railroad passenger commutation fares for four eastern railroads.

The increases, averaging 21 to 25 per cent, will apply to interstate commutation travel in six states.

Under the order, the rate boosts may be made effective July 15. They are estimated to involve $1,500,000 a year in increased fares in the area involved.

The authority for upward revisions was issued to the Pennsylvania Railroad, the Reading Co., the Baltimore and Ohio, and the Pennsylvania - Reading Seashore Lines on commutation services in New Jersey, Pennsylvania, Maryland, Delaware, Ohio and West Virginia.

Club Women Urged to Help Camp for Deaf

A different and certainly interest-provoking project has been brought to Snyder club women by Raymond Butler, who is always ready to discuss a summer encampment for deaf or hard-of-hearing children—Camp Jack Little, at Lake Texoma, Okla.

Mr. Butler, who is a teacher at he state school for the deaf in Austin, is in Snyder working in the oil fields this summer.

The camp was begun only a few years ago, said Mr. Butler, when the present owners, Mr. and Mrs. Ruel Little, discovered upon investigation that their own deaf child could not gain admittance to any of the usual summer camps.

Mr. Butler wishes to call the unusual camp to the attention of any Snyder club women, or individuals, who might care to make of the idea a project. Completely equipped and beautifully located, the camp, for $30 per child, offers two weeks of camping, all privileges and meals included.

Pointing out that there are probably children in this immediate area who are qualified, for and need this two weeks' summer camp, Mr. Butler urged clubs to become interested in the project.

The camp attracts these handicapped children from several southwestern states, but the majority come from Texas. This summer's session will last from August 5 through August 19.

The camp has operated at a personal financial loss to the Littles, and financial aid would be appreciated. Any person or club or group interested in contributing for a deaf child's enrollment in this specialized camp are urged to contact Mr. Butler, who may be reached at the National Tank Co., Phone 702.

Mr. Butler further explains that the two different schools of education for the deaf are both accepted at Camp Jack Little—those who are trained in the combined method (using sign lauguage or any form of communication they can master) and the orally trained children.

Perry Brothers Staff Holds Picnic in Park

A fried chicken feast spread outside at Memorial Park last night was attended by about 30 members of Perry Brothers Variety Store and their guests.

Hosts were Mr. and Mrs. Ray Reeder, Mr. and Mrs. Hugh Johnson, Mr. and Mrs. Sid Hilton, Mr. and Mrs. H. H. Flemming, Mr. and Mrs. Hubert Henley, and Miss Alma Henry.

Others present were Carl Whitfield, manager and family, Mr. and Mrs. John C. Medford, Mr. and Mrs. R. W. Jenkins, Mr. and Mrs. Floyd Blakely and sons, Bob Bates, Miss Wanda Kornegay, Gerald Hayes, Lowell Bynum, Mrs. Frances Brown and Mrs. Bob Coe.

Miss McCormick Is Bride of Mr. Blakeley

Mr. and Mrs. R. L. Blakeley were married Friday night in Dunn.

Mrs. Blakeley is the former Miss Opal Maye McCormick, a long time resident of Dunn, a graduate of Dunn School.

Mr. Blakeley is the son of Mr. and Mrs. Herman Blakeley, who live west of Snyder, on a farm near Union.

Following the wedding ceremony a few friends were entertained at a reception for the young couple. They immediately left for a honeymoon.

Mrs. Blakeley has been a nurse at the Young Hospital, Roscoe. Mr. Blakeley is an employee of the Humble Oil Co. They will live in Snyder.

To Conduct Revival

Boyd D. Fanning, above, minister of the Church of Christ on Twenty-fifth Street, will preach in the open air revival meeting of the Ira Church of Christ which will begin Monday night and run through July 20. Services will be held in the church tabernacle there each night at 8 o'clock.

B. & P. W. Ask Equality With Men in Defense

SAN FRANCISCO, July 7. — Women demand equal roles with men in the nation's military, economic and civil defense, declares Margraet Hickey, public affairs editor of the Ladies Home Journal.

"Women are not going to be satisfied with minor assignments and chores," she told the convention of the National Federation of Business and Professional Women's clubs last night. "They have proved their ability to do the tough, difficult planning jobs and to carry them out with brilliant success."

Byron Price, ranking American in the United Nations secretariat, told the convention that America never again will be sold the "gold brick" of isolationism.

Calling for continued support of the UN, Price said it was through this organization that the United States was able to quickly marshal its military strength against Communist aggression in Korea.

Price is assistant secretary general of the UN.

Heroine of Guam

LOS ANGELES, July 7. (AP)—The "Little Mother of Guam" has grown up—and she's a beauty.

Six years ago, when Dolores Mesa was 12, her mother was decapitated by the Japanese as a spy. She fled to the jungle with three younger sisters and small brother and cared for them until the Americans came. Then she took an even larger brood under her wing, slipping into enemy camps with food for American prisoners of war. The troops gave her the title.

Today, Dolores is in Los Angeles on a tour of the United States won in a beauty contest sponsored by the Guam Lions Club. She received more than 100,000 votes at 5 cents a vote, raising $5,000 for a tuberculosis sanitarium in Guam.

Political Office Announcements

The News is authorized to announce the following candidates for office, election to be subject to action of the Democratic Primary Saturday, July 22.

Assembly of God Church Schedules A Guest Speaker

The Rev. Joseph Golob of Seattle, Wash., will be guest speaker at the Assembly of God Church next Wednesday night, the Rev. Robert Owens, pastor announced.

Mr. Golob, now on a tour of Assembly of God churches, will eave for Borneo soon to serve there as missionary sponsored by the national Council of Assemblies of God, whose headquarters are in Springfield, Mo.

Mr. Golob also spoke here last Sunday morning.

Baptist Association Sets Wednesday Meet

The Mitchell-Scurry Baptist Association will convene with the Ira Baptist Church next Wednesday for its workers meeting.

The Rev. Alfred Altum, host pastor, said the association was expecting a large representation from each of its churches, all having set a goal of 10 per cent of each church's membership.

The meeting will begin with song service at 10 o'clock under the direction of Darwin Farmer of Colorado City. The theme of the meeting will be the value of stewardship rallies.

The Rev. Floyd Chaffin of Dallas will preach at 11:20 o'clock and lunch will be served at noon. The meeting will continue until midafternoon.

Shivers Promises Liberal Pension Plan Backing

AUSTIN, July 7. (AP) — Old-age pensioners today had Gov. Allan Shivers' promise of support for a liberalized pension plan if he is returned to the governorship.

A prepared release sent to all Texas weeklies quoted the governor as saying he favors removal of the $35 million constitutional ceiling on welfare grants and opposes a state lien on property of old folks.

The governor said that he has always endeavored, as a public official, to work for a "fair and equitable" old-age assistance program in Texas.

As a member of the Senate in 1935, he wrote and sponsored the first old-age pension law that Texas had. He was co-author of the 1941 tax bill which currently provides revenue for the pensions.

Shivers is seeking his first elective term as governor.

Quarterly Conference At Methodist Church

The First Methodist Church will hold its regular quarterly conference Sunday night with Dr. O. P. Clark of Sweetwater, district superintendent, presiding.

Dr. Clark will preach at 8 o'clock, and conference will be held after the sermon.

RECIPE

SATURDAY NIGHT PARTY SNACK

Potato Chips and Crisp Crackers Cheese Dip
Party Punch*
(Recipe for Starred Dish Follows)

PARTY PUNCH

Ingredients: 1 cup boiling water, 4 teaspoons tea leaves, 1 cup light corn syrup, 4 cups cold water, 1 cup lime juice, 1 quart ginger ale, lime slices, maraschino cherries.

Method: Pour boiling water over tea; steep 5 minutes; strain. Add light corn syrup, cold water and lime juice; mix thoroughly. Chill. Add ginger ale. Pour into punch bowl over ice. Garnish with lime slices and maraschino cherries. Makes about 3 quarts.

Has Short Trip To Korean Sector

SEATTLE, July 7. (AP) — Richard J. Comiskey, Lostant, Ill., knew his stay in Seoul, Korea, was to be short — but he didn't think it would end so abruptly.

He arrived in Seoul June 24 for the Economic Co-operation Administration. He planned to stay two months. Three days later, when North Korean planes attacked Seoul, he left.

Comisky arrived in Seattle last night via Northwest Air Lines, one of the first Korean evacuees to reach the United States.

UN Commission To Pusan Headquarters

TOKYO, July 7. (AP) — The United Nations Commission on Korea will set up headquarters in Pusan, South Korea, it announced today.

Col. Alfred G. Katzin of South Africa, head of the UN Commission, conferred in Pusan today with U. S. Ambassador John J. Muccio and Maj. Gen. William F. Dean, commander of American forces in Korea.

Princess Margaret Sets New Fashion

LONDON, July 7. (AP) — Princess Margaret set the smart set talking today with a revival of the old fashioned posy.

At last night's English folk song and dance ball, the princess carried a small posy of flower petals edged with rows of lace. It was just like the ones grandma used

Sweethearts From Childhood Wed at 80

SWEETWATER, July 7. (AP) — Archie D. Hanna, 80, of Junction and Mrs. Emma Jean McDonald, 83, who were childhood sweethearts, were married yesterday.

After their schooldays courtship, each married another. Half a century later, as widower and widow, they met again and decided to marry.

Chinese Army Day

TAIPEI, Formosa, July 7. (AP) — Nationalist China today observed army day — the 13th anniversary of the Marco Polo bridge incident at Peiping in 1937 that led to Japanese invasion of China.

A HOME TELEPHONE
for less per day than a package of cigarettes...

At the new rates, telephone service still will be one of the biggest bargains in Snyder.

For example, a private-line telephone in your home would cost only $4.25 a month.

A package of cigarettes a day costs $6.00 a month.

Party-line telephones would cost even less.

A business telephone would cost only 27½ cents a day. What else can the businessman buy that will be worth more—and cost less—than a business telephone, with unlimited incoming and outgoing local calls?

Snyder's rapid growth makes installation of a modern dial telephone system the best solution to the city's present—and future—needs for telephone service.

A revised schedule of telephone rates is necessary to justify the expenditure of additional large sums of money to provide a dial telephone system for Snyder.

With the new rates, the company will be able to go ahead with its $1-¼ million dial telephone program for Snyder, to be completed within the next 18 months if prompt approval of the company's request is given.

At the new rates, a private-line residence telephone will cost less than a package of cigarettes a day.

Telephone service still will be one of your biggest bargains!

SOUTHWESTERN BELL TELEPHONE CO.

First Humble

(Continued from Page 1)

begin immediately.

Magnolia No. 1 Garza Land & Cattle Co. is the discovery well and so far only producer in this new producing area, however a west offset to this discovery is being drilled by the discovery operator.

The No. 1 Garza Land & Cattle Co. potentialed for 244.61 barrels of 42.2-gravity oil and no water daily.

AHEAD IN HOWARD

After failing to get a drillstem test in a soft section at 6,878-6,903 feet, operators of the George Brown No. 1 Lloyd Branon are drilling ahead.

This venture is located in Northeast Howard County and 15 miles north of Coahoma, developed slight indications of oil in the soft section, which is either the lower Permian or upper Pennsylvanian.

Operators possibly will drill to contract depth of 8,000 feet, and if no other possibilities of production are developed, will plug back and test the soft zone.

The test was unsuccessful because the tool plugged by lost circulation material.

The No. 1 Branon is 667.3 feet from south and 652.7 feet from west lines of section 18, block 27, H&TC survey.

COGDELL OUTPOSTS

Two outposts have been staked to the Cogdell field which straddles the Kent-Scurry county line. Stanolind No. 3 D. M. Gibson will be at the southeast edge of the field and the Chapman & McFarlin No. 1-A D. M. Cogdell will be at the northeast edge one-half mile northeast of production.

Exact location of the Stanolind No. 3 D. M. Gibson will be 467 feet from south and east lines of northeast quarter of section 550, block 97, H&TC survey, Cogdell field, five miles north of Snyder. Estimated depth is 7,200 feet.

Exact location of the Chapman & McFarlin venture will be 660 feet from west and south lines of section 772, block 97, H&TC survey, Cogdell field, 22 miles northeast of Snyder. Estimated depth is 7,000 feet.

Both projects will be rotary drilled.

SUN ABANDONS

Sun Oil Co. has abandoned its No. 2 Stone, a wildcat in Northwest Nolan County 11 ½ miles southwest of Sweetwater.

The No. 2 Stone was bottomed at 6,000 feet in the Strawn lime of the Pennsylvanian. That section yielded slight stains in the drilling samples, but no free oil was developed.

This failure was one-half mile south of the Sun No. 1 Stone, another dry hole abandoned at a total depth of 6,700 feet.

The No. 2 Stone was 660 feet from south and 1,980 feet from east lines of section 77, block X, T&P survey.

DRILL IN HOWARD

Brinkerhoff Drilling Co. is slated to start drilling by, or before Aug. 1 at its No. 1 E. Jones, and others, which is contracted to be a 9,000-foot wildcat to explore the Pennsylvanian reef limes in Northwest Howard County, about 14 miles northwest of Big Spring.

The prospector will be 660 feet from north and east lines of the northeast quarter of section 18, block 34, TP survey, T-2-N, and in the Knott community.

The wildcat will be drilled as a result of a deal worked up by John Darden of Midland.

Darden secured a spread of acreage in that region from oil concerns which originally held the leases, and turned the trade to Brinkerhoff to drill. He retained an interest in the region.

It is understood that several companies contributed acreage or other support to the exploration.

Cellar and pits are now being dug and rotary material is being moved in. It is expected that actual drilling will be underway several days before the deadline of Aug. 1 is reached.

SHARON OUTPOST

Humble Oil and Refining Co. has staked an outpost to the extreme west edge of the Sharon Ridge-Canyon field. It is the No. 3 J. E. Sorrells ofie and one-quarter miles southwest of production. Exact location is 1,980 feet from the south and east lines of section 96, block 25, H&TC survey, 17 miles southwest of Snyder. It will be rotary drilled to an estimated 7,000 feet depth.

Four other locations have been spotted in Scurry County. Sun Oil Co. has staked the No. 2-A R. J. Randals, 467 feet from east and 760 feet from north lines of southeast quarter of section 245, block 97, in the Diamond M-Canyon field, H&TC survey, nine miles west of Snyder.

The Texas Co. No. 56 P. L. Fuller is 650 feet from north and 2,003 feet from west lines of section 551, block 97, H&TC survey, Cogdell field, 12½ miles north of Snyder.

Star Oil Co. No. 1 Lillian E. Stulting is 1,320 feet from south and 467 feet from west lines of southeast quarter of section 177, block 3, H&GN survey, Kelley-Snyder field, three miles north of Snyder.

All these projects will be rotary drilled to an estimated 7,000 feet depth.

STONEWALL WELLS

Two wildcats have been scheduled in Stonewall County. Deeper of the two will be drilled six miles northeast of Aspermont and the shallower venture has been staked in the southeast part of the County.

Tom B. Medders and S. B. Roberts have staked their No. 2 C. E. Boyde 530 feet from north and 1,330 feet from east lines of section 45, block D, H&TC survey, in Central North Stonewall.

Slated depth is 4,800 feet, which is calculated to test into the Pennsylvanian zone, however this possibly will not test the pay of the Norsworthy No. 1 Wiley, recent conglomerate discovery in that area.

Seven miles north of Hamlin, Houtray-Moore Drilling Co. of Abilene will drill its No. 1 W. J. Bryan.

Drillsite is 2,310 feet from south and 3,600 feet from east lines of section 11, Austin & Williams survey.

Slated depth is 3,900 feet.

Pumping of 96.75 barrels of pipeline oil in 12 hours by his discovery producer in Sutton County near the Kimble County line was reported in San Angelo Friday by J. K. Davis of Casper, Wyo. The oil showed 1.1 per cent paraffin, no water.

Texans Reverse Attitude On Aid To Southern Koreans

George Mahon, representative in Congress from this district, was one of only eight Texas representatives who voted in January in favor of the administration-backed aid to Korea.

While all Texas representatives in Congress now are supporting the current effort to stop Communism in Korea, there was a day when many of them voted against aid to Korea.

Aid to Korea! These words are now a battle cry with MacArthur and Americans in action under the banner of United Nations.

OPPOSED IN JANUARY

Though millions are being spent today in lending aid to Korea, by sending planes, ships and men to the attacked region—and billions are in the prospect of being spent—a majority of Texas congressmen opposed aid to Korea in January.

A majority of the Texas delegation voted against the administration-backed measure on Jan. 19 in The Associated Press dispatch on that date described the bill as one that would have "authorized $60 million more to round out a $120 million program to help Southern Korea keep its economy going in the face of Communist-dominated Korean regime to the North."

Only eight Texas congressmen voted for the aid program at that time. They included Reps. Wright Patman of Texarkana, Lindley Beckworth of Gladewater, J. M. Combs of Beaumont, John Lyle of Corpus Christi, George Mahon of Colorado City, Clark Thompson of Galveston, Homer Thornberry of Austin, and Wugene Worley of Shamrock.

HOW THEY VOTED

Opposing the aid-to-Korea measure on Jan. 19, and being in the majority at that time, were: Reps. Lloyd Bentsen of McAllen, Omar Burleson of Anson, Clark Fisher of San Angelo, Ed Gossett of Wichita Falls, Paul Kilday of San Antonio, Wingate Lucas of Grapevine, Tom Pickett of Palestine, W. R. Poage of Waco, Ken Regan of Midland, Olin Teague of College Station, Albert Thomas of Houston, and J. Frank Wilson of Dallas.

Efforts immediately were made to bring the House measure to a vote again, Speaker Sam Rayburn of Texas spearheading the administration appeal.

Secretary of State Dean Acheson appeared before the House Foreign Affairs Committee (on which no Texas congressmen serve), asking that the Korean aid bill be reconsidered. He said Korea could resist Communist pressure if it had the extra money. The bill provided that aid would stop if "one or more Communists" are allowed in the Korean government.

The House, on Feb. 9, reversed its action of Jan. 19, and voted the aid to Korea, though eight Texas congressmen refused to change their vote and opposed the bill, in which aid to Formosa, also, had been included.

On the final vote, 198 Democrats, including 11 Texans, and 42 Republicans favored the aid-to-Korea bill; and 91 Republicans, 42 Democrats, including eight from Texas, and one American-Laborite opposed it.

The eight Texans opposing the aid included Reps. Bentsen, Fisher, Lucas, Pickett, Poage, Regan, Thomas, and Wilson.

Rep. Patman, who had voted for the aid in January, was not present for the second vote, being in Texas at the bedside of ill relatives.

SOME CHANGED VOTE

Texans who charged their vote to support the aid, after voting against it the previous month, included Reps. Burleson, Gossett, Kilday, and Teague. (Speaker Rayburn is not recorded in the voting, having that privilege only in case of a tie).

Majority Leader McCormack, leading support for the bill, said that "adverse and far-reaching effects throughout the world" would result from failure to aid Korea and Formosa. Rep. John W. Key (D-W. Va.), supporting McCormack, declared that aid would preserve Korea from anything but "a major, widespread invasion" which is "not anticipated."

From the Republican side of the House, Rep. William Lemke (North Dakota) criticized the State Department's "niggardly" attitude toward Far Eastern assistance, and urged Korean aid because "if the Communists move into South Korea—then World War III is on."

Opposition to the bill was summarized by Rep. Lawrence H. Smith (R-Wis.) in saying "The risk we are taking is too great." Aid building up Korea, he added, would make it a "plum" for a Soviet grab.

Hospital Notes

Admitted to Snyder Hospital Clinic yesterday were:

Margaret Ann Miller, Fluvanna.
Mrs. Jones, Hermleigh.
Mrs. Fred J. Peitzsch, general delivery.
Andrew Jackson Jenkins, Westerner Courts.
Mrs. Billie D. Hogan, general delivery.
Mrs. S. W. Lane, general delivery.
Mrs. G. D. Wolf, general delivery.

Discharged yesterday were:

Margaret Ann Miller, Fluvanna.
John Medis, Tumbleweed Courts.
Mrs. Virgil Manard Leatherwood, general delivery.
Jack Yarbro, Box 957.
Mrs. Manuel Clinton Smart, Box 986.
Evuy Berryman, 2109 Avenue T.
Barbara Nell Pierce, 803 Twenty-eighth.
Albert V. Clawson, Hermleigh.
William R. Wood, Clairemont Route.

New Drive

(Continued from Page 1)

northern capital, said tonight Communists troops had captured Ansong. It is a road village 10 miles east of Pyongtaek and on the highway to Chungju. The Red radio also said the Americans and South Koreans had suffered heavy defeat and were fleeing in disorder.

Pilots returning to a southern Japan air base reported 10 extremely large communist tanks lined up on the highway north of Pyongtaek. They said the tanks were larger than any seen before in the North Korean force.

GIRD FOR BATTLE

Meanwhile, both sides rushed men and supplies into the muddy, red clay area along the winding Kum River for what appeared to be an imminent battle involving upwards of 90,000 Korean Reds and a small American force.

The rugged river country just north of Taejon is likely to become the battleground.

The American commander in Korea estimated the northern invaders' strength. He said the Reds had thrown 15 divisions and 150 tanks into South Korea. He estimated the Communist fighting men Some divisions, he said, were at at between 75,000 and 90,000 brigade strength.

So fast were the Communists pouring in it was a question whether the Americans would have time to check the powerful thrust. But this much was certain — those Americans thus far tested in battle were able. A handful of them—possibly no more than 500—stopped cold for six hours the best division the Russian trained Koreans threw at them.

Guard Unit Sets Plans to Recruit To Full Strength

A recruiting campaign to increase the strength of the local National Guard unit was organized last night at the first weekly drill since the group returned from summer camp at North Camp Hood.

Lt. Weldon Kincaid, commanding officer of the unit, said he had orders to recruit to full strength. Present strength of the unit is 39 enlisted men and the unit has openings for men up to a strength of 121, he said.

Sgt. Acalee Kincaid and Sgt. Jack Terry were appointed as team captains for the enlistment campaign.

Lt. Kincaid asked that any man between the ages of 17 and 35 who is interested in joining the National Guard call at the Armory on Twenty-seventh Street or contact him, Sgt. Kincaid, Sgt. Lee B. McCravey or Major William J. Schiebel.

A talk by Major Schiebel, battalion plans and training officer, on the Korean situation was one of the items on the night's training program.

A class on map reading was conducted by Lt. Ed Seay for the higher ranking non-commissioned officers of the unit.

Sgt. Bishop Moffett and Sgt. John Lynch taught communications classes in which actual work with radio sets was undertaken. Radio men of this unit received high praise from members of the regular army 2nd Armored Division while attending camp this summer.

The local National Guard unit is Company D, 112th Armored Cavalry Regiment (Light).

Girls Register Today for Camp In Park Here

Registeration for the girls' day camp to be sponsored by Snyder Girl Scouts July 24-28 got underway today in the Chamber of Commerce office.

The camp is to be held for 100 girls between the ages of 9 and 16 years of age. Mrs. Lindy Clark, camp director, said that the policy and the first 100 girls to register would be the girls who would attend the camp.

Girls need not be Girl Scouts to attend the camp, Mrs. Clark said.

Final plans for the camp were made at a meeting of the Girl Scout Council last ngiht.

Fee for the day camp, which will include milk to drink and a variety of activities, was set at $2.50 for each girl. Camp will be held from 4:30 to 7:30 every afternoon from July 24-28 in the Memorial Park.

Tentative plans for open house for parents and others interested in the day camp were discussed. Open house will probably be held July 27 or 28, or perhaps both days.

The council decided to have a Girl Scout car in the rodeo parade.

Mrs. Martile Downen was named temporary treasurer to act while Mrs. Mabel Brock, treasurer, is out of town of the summer.

Army Sergeant Indicted For Selling U. S. Atom Secrets

SANTA FE, N. M., July 7.(AP)—David Greenglass, 28, has been indicted for selling U. S. atomic secrets to a go-between for Russian agents for $500.

Greenglass, an Army tech sergeant who helped assemble atom bombs during the last months of World War 2, was indicted by a federal grand jury here yesterday on charges of conspiracy.

The grand jury charged that Greenglass delivered the atomic secrets to Harry Gold at Albuquerque, N. M., June 3, 1945—when America was at war—and received $500 in currency from Gold.

GOLD BACKGROUND

Gold is the Philadelphia chemist who has admitted delivering to Russian agents the U. S. atomic secrets stolen by Dr. Klaus Fuchs, British scientist.

Both Fuchs, now serving a prison sentence in England, and Greenglass, now being held in jail in New York, gained access to the atomic secrets while working at the Los Alamos, N. M., atomic center.

Fuchs was a scientist in the Los Alamos scientific laboratory; Greenglass, with an Army engineering detachment at an A-bomb assembly plant.

INDICTMENT

The grand jury indictment charges that Greenglass entered into the conspiracy with Gold, one Anatoli A. Yakovlev, and "divers other persons to the grand jury unknown" about Jan. 1, 1945, and "continued thereafter for a considerable period."

Greenglass, who was arrseted by FBI agents at his Lower East Side New York home June 15, is specifically charged with delivering to Gold "information relating to the national defense," preparing and delivering a sketch of a high explosive lense mold, and preparing and delivering a statement about the Los Alamos atomic project.

AEC officials declined any comment regarding the "lens mold," remarking only that "the whole subject is classified."

First-Hand Report On Area Scouts At Valley Forge

Boy Scouts at the National Jamboree in Valley Forge, Pa., are in good health and are enjoying themselves immensely, Ray Upham, Midland business man, reported this week.

In a message to P. V. Thorson, Scout executive, he said he personally had talked with boys from the Buffalo Trail Council and had found them perfectly well and having a wonderful time.

He said health authorities consider general health conditions of the Jamboree to be excellent, despite the death from polio of one of the campers, Gordon Tayler of Rock Springs, Tex.

Thorson, who has just returned from the Jamboree, reports all Scouts and leaders from the Buffalo Trail Council were in good health and good spirits when he visited them last Firday.

The council's delegation of 120 Scouts and leaders is due to leave Valley Forge on July 8 and arrive home on July 11.

Six Face Charges After Being Arrested Here Last Night

Six persons were arrested here last night by officers of the sheriff's department and highway patrol unit, five being charged in justice court and one in county court this morning.

William Riley Smith, 40, of Union, was charged in county court with driving while intoxicated. He was arrested in Snyder by Bill Zimmerman, highway patrolman.

Van Harris, 42-year-old Negro, of Snyder, and Ammie NcNeal, 41-year-old Dallas Negro woman were arrested by Homer Whisnand and L. E. Haynes, deputy sheriff, and charged with disturbance, drunkenness, and vagrancy.

Daniel Drew, 27, Snyder Negro, was charged with disturbing the peace. He was arrested by Whisnand and Haynes, who also charged two white men with drunkenness.

America Replies To Potato Bug Charge of Reds

WASHINGTON, July 7. (AP)—Russia's charge that potato bugs were dropped from American planes to sabotage East German crops drew a comeback from the State Department yesterday.

The department didn't dignify the Russian note with a direct reply. Instead, it issued a diplomatic statement which said:

(A) The charge was a "fantastic fabrication"; (B) the Russians borrowed the idea from German Nazi tactics; (C) it was an excuse for a serious potato shortage in eastern Europe and (D) the bugs, if there were any, must be Communist bugs.

The Markets

FORT WORTH, July 7. (AP) — Cattle 600; calves 200; steady; medium to good slaughter steers 24.00 to 29.00; common to medium yearlings and heifers 18.00 to 24.00; beef cows 18.00 to 22.00; canners and cutters 12.00 to 16.00; bulls 16.00 to 23.50; good and choice slaughter calves 25.00 to 29.00; common to medium 18.00 to 25.00.

Hogs 400; active; all classes strong with Thursday's average; good and choice 185 to 275 lb barrows and gilts 22.25 to 22.50; sows 16.00 to 18.50; feeder pigs 17.00 to 19.00.

Sheep 500; steady; medium and good slaughter spring lambs 25.00 to 27.00; slaughter yearlings and aged sheep scarce; feeder spring lambs 20.00 to 22.00; feeder yearlings 16.00 to 18.00.

NEW YORK, July 7. (AP) — Buyers nibbled at stocks for the third session in a row today.

In a comparatively slow market, gains were limited mostly to fractions. Steels, motors and sugars were among the issues most responsive to modest buying interest.

Willys-Overland was again a favorite, rising around ⅜. Yesterday the stock moved up ¾ to 7 and Wednesday ⅜ following word of a huge Army order.

NEW YORK, July 7. (AP) — Cotton futures at noon were 25 cents a bale higher to 20 cents lower than the previous close. July 33.74, Oct 33.32 and Dec 33.29.

Rhee Pleased About Lack of Sabotage

TAEJON, Korea, July 7. (AP) — President Syngman Rhee said today "despite earlier Communist terrorist activities within the Republic of Korea" there has been "no single act of sabotage" since outbreak of war.

Convicted of Rape, Given Death Penalty

HILLSBORO, July 7. (AP) — Isaac Clemons, 44-year-old Negro ex-convict, was given the death penalty here yesterday for the death of a 12-year-old Negro girl.

The all white jury deliberated 15 minutes.

Clemons confessed raping the girl and crushing her skull with a rock before dragging her into an abandoned storm sewer on May 22.

TALK OF THE TOWN

BY FRANCES BIOW

Snyder citizens, weened on the smooth feel of dust in their larynx hardly know how to conduct themselves when a cloud the size of a pocket handkerchief blows by. General reaction is to do nothing.

In wetter, more sophisticated and less adventurous spots in the country, the members of the metropolis earnestly check their radios and newspapers upon waking and diligently ransack the closet for galoshes, rain coats, rain turbans, plastic purse covers, and some even have slickers custom made for their dogs. They simply are going to fight the rain with everything they have.

But, here, let it come down in driving gusts as it did last night, and a wide-eyed populace pops out to work, about one raincoat per 25 capita. Now and then, some retiring soul does throw the Snyder Daily classified page over his head, if it is falling specially hard, but it seems a cowardly thing to actually dress for rain. That would be admitting its importance.

VISIBLE EFFECTS OF THE RAIN: All the little newly put-down houses in town have wide, swimmable lakes surrounding them. My own lake needs a couple of swan to really be effective. 'Tis a wonder some Horatio Alger doesn't get the idea of selling minnows at the side of some Snyder lake, possibly the one located in the middle of Twenty-sixth Street. Cars stalled in frustrated and drowned condition could fish until the garage sends help.

The roof of the Snyder Daily leaks! The only reason I know is that there is 6 inches of water around one linotype machine and the printer who was setting Dunlap's Department Store ad was wearing water wings.

The only people around town who are entirely impervious to rain are the police who don't mind at all standing forthrightly while it pours and writing out parking tickets while the elements rage and rainwater drips down their necks onto their smart new uniforms.

RAY REEDER and MRS. HUGH JOHNSON at Perry Brothers were excited about the fried chicken the store enjoyed last night until their picnic got somewhat wet and all departed for dry clothes and home. MRS. R. E. PATTERSON, Snyder Drug, reported that the psychological pull of a rain is strong. . . . they always have various calls for oup or chili or some such warming dish when the drops begin to fall, even if it is still humid and hot.

Mrs. Jerome Gossett, who before her marriage here June 26, was the Miss Romaine Cox, the daughter of Mrs. Lee Cox, of Fluvanna. Mr. Gossett is the son of Mrs. T. B. McCracker, Cross Plains.

PERSONALS

Mr. and Mrs. Searcy Orr, 2210 Sunset Avenue, Highland Park, have as guests in their home Mrs. Bart Carlton and two children from Lake Charles, La., and Miss Effie Lassiter of Mangum, Okla.

Mrs. Walla Fish and Mrs. Ruby Piner left for Temple this week. Mrs. Fish plans to visit the Scott and White Clinic.

Miss Winnie Garner, 2711 Avenue I, has as her house guest this week end Mrs. W. A. Campbell of Quanah, Tex. Miss Garner lived with Mrs. Campbell when she worked in Richardson's Dress Shop in Quanah before moving to Snyder.

Mr. and Mrs. Stanley Gray of Gray's Style Shop went to Ballinger over the holidays to see relatives and attend the baseball games.

Miss Alma Henry and Pat Franklin attended the rodeo in Stamford Tuesday.

Mr. and Mrs. Searcy Orr, Mr. and Mrs. Clyde Dobbs and Ibram Kayal from Lamesa all attended the Stamford show the Fourth.

Sgt. and Mrs. J. R. Estes of Ft. Sill, Okla., stopped in Snyder a while Thursday, en route to Carlsbad, N. M. and Mexico. They are on a two weeks' vacation.

Mr. and Mrs. Hubert A. Henley and Mr. and Mrs. Jess Henley and girls had as visitors Mr. and Mrs. Arthur Henley and Mr. and Mrs. Wesley Vaughan of Dallas. Over the holidays they went to the Carlsbad Caverns.

Mr. and Mrs. A. R. Vandiver, 408 Twenty-eighth Street, attended the Texas Highway Department picnic at Fort Phantom Lake, Abilene.

Mr. and Mrs. J. G. Springer have moved from 2506 Avenue I to their new home in Highland Park, 3805 Highland Drive.

Mrs. Virginia Homer, who was manager of Franklin's store, was called to her former home in San Angelo this week upon the sudden death of her daughter.

Mr. and Mrs. Weaver Dunn went to Chandler, Okla., over the past week end, visiting her mother, Mrs. E. W. Walley. Returning with them was Mrs. Dunn's sister and family, Mr. and Mrs. Roland Ryan, who will live here permanently. Mrs. Dunn is employed at Franklin's Store.

Mrs. Perry Harris and Mrs. Gene Odell left Thursday morning for Fort Worth on a shopping trip.

Mrs. Mildred Bodenhoff left Snyder Thursday for a visit to Monahans again.

Miss Sandra Josephenson has been in Dallas for a few days, where she shopped for wedding clothes and visited with her friend, Miss Phyllis Berman, Miss Josephenson will be an attendant at a large wedding there soon.

Miss Mae Lyons and Mrs. Vera Miller left over the week end for a vacation trip to Houston and Lufkin. They will be away a week.

Mr. and Mrs. Arch Lavender, 2307 Twenty-seventh Street, attended the Stamford rodeo over the holiday.

Mr. and Mrs. C. W. Youngblood spent the week end in Seminole with Mrs. Youngblood's sister and family, Mr. and Mrs. V. J. Hillis.

Wayne Pitner, assistant manager of Penney's store, is on vacation. Accompanying him on a trip to San Antonio, Corpus Christi, and Dallas were his parents, Mr. and Mrs. Jim Pitner. He will be away a week.

Two Women Spend Day in Solitary

CHICAGO, July 7. (AP) — Because of a judge's ruling 15 years ago, Mrs. Blanche Dunkel, 59, and Mrs. Evelyn Smith, 61, spent yesterday in solitary confinement at the Illinois Reformatory for Women at nearby Dwight, Ill.

The two murdered a grocery clerk on July 6, 1935. Judge Cornelius J. Harrington, in sentencing them to 180 years each on Aug. 8, 1935, decreed that they should spend each anniversary of the slaying in solitary meditation.

New Rail Rates In East Are Approved

WASHINGTON, July 7. (AP) — The Interstate Commerce Commission today approved new increases in railroad passenger commutation fares for four eastern railroads.

The increases, averaging 21 to 25 per cent, will apply to interstate commutation travel in six states.

Under the order, the rate boosts may be made effective July 15. They are estimated to involve $1,500,000 a year in increased fares in the area involved.

The authority for upward revisions was issued to the Pennsylvania Railroad, the Reading Co., the Baltimore and Ohio, and the Pennsylvania - Reading Seashore Lines on commutation services in New Jersey, Pennsylvania, Maryland, Delaware, Ohio and West Virginia.

Club Women Urged to Help Camp for Deaf

A different and certainly interest-provoking project has been brought to Snyder club women by Raymond Butler, who is always ready to discuss a summer encampment for deaf or hard-of-hearing children—Camp Jack Little, at Lake Texoma, Okla.

Mr. Butler, who is a teacher at he state school for the deaf in Austin, is in Snyder working in the oil fields this summer.

The camp was begun only a few years ago, said Mr. Butler, when the present owners, Mr. and Mrs. Ruel Little, discovered upon investigation that their own deaf child could not gain admittance to any of the usual summer camps.

Mr. Butler wishes to call the unusual camp to the attention of any Snyder club women, or individuals, who might care to make of the idea a project. Completely equipped and beautifully located, the camp, for $30 per child, offers two weeks of camping, all privileges and meals included.

Pointing out that there are probably children in this immediate area who are qualified for and need this two weeks' summer camp, Mr. Butler urged clubs to become interested in the project.

The camp attracts these handicapped children - from several southwestern states, but the majority come from Texas. This summer's session will last from August 5 through August 19.

The camp has operated at a personal financial loss to the Littles, and financial aid would be appreciated. Any person or club or group interested in contributing for a deaf child's enrollment in this specialized camp are urged to contact Mr. Butler, who may be reached at the National Tank Co., Phone 702.

Mr. Butler further explains that the two different schools of education for the deaf are both accepted at Camp Jack Little—those who are trained in the combined method (using sign lauguage or any form of communication they can master) and the orally trained children.

Perry Brothers Staff Holds Picnic in Park

A fried chicken feast spread outside at Memorial Park last night was attended by about 30 members of Perry Brothers Variety Store and their guests.

Hosts were Mr. and Mrs. Ray Reeder, Mr. and Mrs. Hugh Johnson, Mr. and Mrs. Sid Hilton, Mr. and Mrs. H. H. Flemming, Mr. and Mrs. Hubert Henley, and Miss Alma Henry.

Others present were Carl Whitfield, manager and family, Mr. and Mrs. John C. Medford, Mr. and Mrs. R. W. Jenkins, Mr. and Mrs. Floyd Blakely and sons, Bob Bates, Miss Wanda Kornegay, Gerald Hayes, Lowell Bynum, Mrs. Frances Brown and Mrs. Bob Coe.

Miss McCormick Is Bride of Mr. Blakeley

Mr. and Mrs. R. L. Blakeley were married Friday night in Dunn.

Mrs. Blakeley is the former Miss Opal Maye McCormick, a long time resident of Dunn, a graduate of Dunn School.

Mr. Blakeley is the son of Mr. and Mrs. Herman Blakeley, who live west of Snyder, on a farm near Union.

Following the wedding ceremony a few friends were entertained at a reception for the young couple. They immediately left for a honeymoon.

Mrs. Blakeley has been a nurse at the Young Hospital, Roscoe. Mr. Blakeley is an employee of the Humble Oil Co. They will live in Snyder.

To Conduct Revival

Boyd D. Fanning, above, minister of the Church of Christ on Twenty-fifth Street, will preach in the open air revival meeting of the Ira Church of Christ which will begin Monday night and run through July 20. Services will be held in the church tabernacle there each night at 8 o'clock.

B. & P. W. Ask Equality With Men in Defense

SAN FRANCISCO, July 7. — Women demand equal roles with men in the nation's military, economic and civil defense, declares Margraet Hickey, public affairs editor of the Ladies Home Journal.

"Women are not going to be satisfied with minor assignments and chores," she told the convention of the National Federation of Business and Professional Women's clubs last night. "They have proved their ability to do the tough, difficult planning jobs and to carry them out with brilliant success."

Byron Price, ranking American in the United Nations secretariat, told the convention that America never again will be sold the "gold brick" of isolationism.

Calling for continued support of the UN, Price said it was through this organization that the United States was able to quickly marshal its military strength against Communist aggression in Korea.

Price is assistant secretary general of the UN.

Heroine of Guam

LOS ANGELES, July 7. (AP)—The "Little Mother of Guam" has grown up—and she's a beauty.

Six years ago, when Dolores Mesa was 12, her mother was decapitated by the Japanese as a spy. She fled to the jungle with three younger sisters and small brother and cared for them until the Americans came. Then she took an even larger brood under her wing, slipping into enemy camps with food for American prisoners of war. The troops gave her the title.

Today, Dolores is in Los Angeles on a tour of the United States won in a beauty contest sponsored by the Guam Lions Club. She received more than 100,000 votes at 5 cents a vote, raising $5,000 for a tuberculosis sanitarium in Guam.

Assembly of God Church Schedules A Guest Speaker

The Rev. Joseph Golob of Seattle, Wash., will be guest speaker at the Assembly of God Church next Wednesday night, the Rev. Robert Owens, pastor announced.

Mr. Golob, now on a tour of Assembly of God churches, will eave for Borneo soon to serve there as missionary sponsored by the national Council of Assemblies of God, whose headquarters are in Springfield, Mo.

Mr. Golob also spoke here last Sunday morning.

Baptist Association Sets Wednesday Meet

The Mitchell-Scurry Baptist Association will convene with the Ira Baptist Church next Wednesday for its workers meeting.

The Rev. Alfred Altum, host pastor, said the association was expecting a large representation from each of its churches, all having set a goal of 10 per cent of each church's membership.

The meeting will begin with song service at 10 o'clock under the direction of Darwin Farmer of Colorado City. The theme of the meeting will be the value of stewardship rallies.

The Rev. Floyd Chaffin of Dallas will preach at 11:20 o'clock and lunch will be served at noon. The meeting will continue until midafternoon.

Shivers Promises Liberal Pension Plan Backing

AUSTIN, July 7. (AP) — Old-age pensioners today had Gov. Allan Shivers' promise of support for a liberalized pension plan if he is returned to the governorship.

A prepared release sent to all Texas weeklies quoted the governor as saying he favors removal of the $35 million constitutional ceiling on welfare grants and opposes a state lien on property of old folks.

The governor said that he has always endeavored, as a public official, to work for a "fair and equitable" old-age assistance program in Texas.

As a member of the Senate in 1935, he wrote and sponsored the first old-age pension law that Texas had. He was co-author of the 1941 tax bill which currently provides revenue for the pensions.

Shivers is seeking his first elective term as governor.

Quarterly Conference At Methodist Church

The First Methodist Church will hold its regular quarterly conference Sunday night with Dr. O. P. Clark of Sweetwater, district superintendent, presiding.

Dr. Clark will preach at 8 o'clock, and conference will be held after the sermon.

RECIPE

SATURDAY NIGHT PARTY SNACK

Potato Chips and Crisp Crackers Cheese Dip
Party Punch*
(Recipe for Starred Dish Follows)

PARTY PUNCH

Ingredients: 1 cup boiling water, 4 teaspoons tea leaves, 1 cup light corn syrup, 4 cups cold water, 1 cup lime juice, 1 quart ginger ale, lime slices, maraschino cherries.

Method: Pour boiling water over tea; steep 5 minutes; strain. Add light corn syrup, cold water and lime juice; mix thoroughly. Chill. Add ginger ale. Pour into punch bowl over ice. Garnish with lime slices and maraschino cherries. Makes about 3 quarts.

Has Short Trip To Korean Sector

SEATTLE, July 7. (AP) — Richard J. Comiskey, Lostant, Ill., knew his stay in Seoul, Korea, was to be short — but he didn't think it would end so abruptly.

He arrived in Seoul June 24 for the Economic Co-operation Administration. He planned to stay two months. Three days later, when North Korean planes attacked Seoul, he left.

Comisky arrived in Seattle last night via Northwest Air Lines, one of the first Korean evacuees to reach the United States.

UN Commission To Pusan Headquarters

TOKYO, July 7. (AP) — The United Nations Commission on Korea will set up headquarters in Pusan, South Korea, it announced today.

Col. Alfred G. Katzin of South Africa, head of the UN Commission, conferred in Pusan today with U. S. Ambassador John J. Muccio and Maj. Gen. William F. Dean, commander of American forces in Korea.

Princess Margaret Sets New Fashion

LONDON, July 7. (AP) — Princess Margaret set the smart set talking today with a revival of the old fashioned posy.

At last night's English folk song and dance ball, the princess carried a small posy of flower petals edged with rows of lace. It was just like the ones grandma used

Sweethearts From Childhood Wed at 80

SWEETWATER, July 7. (AP) — Archie D. Hanna, 80, of Junction and Mrs. Emma Jean McDonald, 83, who were childhood sweethearts, were married yesterday.

After their schooldays courtship, each married another. Half a century later, as widower and widow, they met again and decided to marry.

Chinese Army Day

TAIPEI, Formosa, July 7. (AP) — Nationalist China today observed army day — the 13th anniversary of the Marco Polo bridge incident at Peiping in 1937 that led to Japanese invasion of China.

A HOME TELEPHONE
for less per day than a package of cigarettes...

At the new rates, telephone service still will be one of the biggest bargains in Snyder.

For example, a private-line telephone in your home would cost only $4.25 a month.

A package of cigarettes a day costs $6.00 a month.

Party-line telephones would cost even less.

A business telephone would cost only 27½ cents a day. What else can the businessman buy that will be worth more—and cost less—than a business telephone, with unlimited incoming and outgoing local calls!

Snyder's rapid growth makes installation of a modern dial telephone system the best solution to the city's present—and future—needs for telephone service.

A revised schedule of telephone rates is necessary to justify the expenditure of additional large sums of money to provide a dial telephone system for Snyder.

With the new rates, the company will be able to go ahead with its $1-¼ million dial telephone program for Snyder, to be completed within the next 18 months if prompt approval of the company's request is given.

At the new rates, a private-line residence telephone will cost less than a package of cigarettes a day.

Telephone service still will be one of your biggest bargains!

Daniel Promises No Compromise On Tidelands Issue

SAN ANTONIO, July 7. (AP) — State Atty. Gen. Price Daniel promised the State Bar of Texas convention here that there would never be a compromise in the tidelands issue.

In a speech yesterday, Daniel said there had been suggestions that Texas settle with the federal government for less than full title to the submerged lands.

"But for me . . . . the principles involved are more important than a share of oil and money, there should never be a compromise," he said.

M. R. Estes Is Unopposed In Race For County Surveyor

M. R. Estes, who is unopposed in his candidacy for county surveyor, has been a resident of Snyder for almost a year.

Since moving here from Abilene in August, 1949, he has been associated with Guy Stoker, present county surveyor, in various phases of civil engineering. He has been engaged in building design, home planning, and blue printing and reproductions.

Estes is 43 years old, married, and has one daughter, Bettie Gena Estes, 13. He lives at 2211 Thirty-second Street and has his office at 2508½ Avenue R.

He is a member of the Presbyterian Church, where he is superintendent of the Sunday School, teacher of the couples class and a member of the board of elders. He belongs to the Snyder Rotary Club.

Estes has been in engineering since September, 1928, when he was chief of a land survey party for Sun Oil Co. Since that time he has held a variety of positions in Texas and California.

He has done highway engineering, has been county engineer of Loving County, Tex., assistant engineer for the Red Bluff Water Power control District at Pecos, district engineer for the Loving County Water Improvement District, project engineer for the H. B. Zachery Co., San Antonio, hydraulic engineer for the Red Bluff Water Power Control District, and assistant to the construction engineers who designed and supervised construction of Camp Wolters.

In June, 1941, Estes went to Oakland, Calif., as assistant to a construction engineer. He remained in

Engineer who seeks election as county surveyor—M. R. Estes.

California until March, 1946, working at a variety of wartime engineering jobs.

Returning to Texas, he spent five months in private practice at Pecos, then moved to Abilene where he was owner and operator of the Abilene Nursery and Home Planning Service.

He is a registered professional engineer in Texas, Texas state licensed land surveyor, member of the Texas Society of Professional Engineers and Associate member of the American Society of Civil Engineers.

Investigation Of Illinois Train Crash Under Way

MONICA, Ill., July 7. (AP) — Nine died and about 75 were injured yesterday as two high speed Santa Fe streamliners, zooming eastbound along parallel tracks, smashed into each other in a freak accident.

The tangled wreckage of the 70-mile-an-hour Kansas City Chief and the extra-fare, all coach 90-mile-an-hour El Capitan had been cleared from one trackway by this morning.

The crash came at 4:40 o'clock in the morning. The trains were bound for Chicago, 148 miles northeast of here. The Chief was on the normally westbound track under automatic train control.

USUAL ROUTINE

This means that signal lights ordinarily seen on block signals on the right-of-way flash in the engineer's cab. Santa Fe officials said the procedure is an everyday operating maneuver. A dispatcher in the train terminal sets the train course.

As the El Capitan speeded ahead of the Chief—a Pullman and coach train—its mail car swayed, left the tracks, and whipped into the first car and side of the Kansas City train's locomotive.

Eighteen of the gleaming stainless steel cars from both trains jumbled together, but none turned over. Trackage was ripped up for a quarter of a mile.

PROBE UNDERWAY

An investigation is under way, but no results have been announced.

R. J. Yost, railway division superintendent of Chillicothe, Ill., said possibly a wheel truck of the El Capitan mail car came loose.

The early hour delayed rescue work. Thirty-eight persons were taken to hospitals in Peoria, 20 miles south of Monica, and to Galesburg, 30 miles west. Some of the victims were in critical condition. Many others were given first aid amid the smashed wreckage.

Strange Insignia On Plane Sighted By British in Far East

TAIPEI, Friday, July 7. (AP) — A British-owned Hong Kong airways plane reported a strange fighter plane circled it several times today off the Chinese Communist port of Swatow.

The crew said the plane might have been a Japanese Zero. The Communists may have some of these planes, which were captured by the Russians in Manchuria.

Crewmen reported, however, that the fighter bore an insignia of a circle half blue, half red. (No such insignia shows in Janes "All the World's Air Craft." The Chinese Communist flag, on which an Air Force insignia probably would be based, is a Red flag with yellow stars. The Chinese Communist plane insignia is not known.)

A report from Hong Kong earlier quoted the civil air traffic control there as saying jets operating near Swatow this morning fired on an unidentified plane. The jets also were not identified, but the Chinese Communists are said to have obtained a few from Russia.

Red Cross to Aid

TOKYO, July 7. (AP) — The American Red Cross will send supplies and assistance to South Korea in answer to a request by President Syngman Rhee.

Russia Protests U. S. Blockade Of Korea as Aggressive Act

MOSCOW, July 7. (AP) — Russia today accused the United States of committing a "new act of aggression" in blockading Korea and warned she would hold the U. S. responsible for any damage to Soviet interests.

The Russian position, voiced in a note sent to the American Embassy, was in reply to one sent by the U. S. on July 4, informing the Russians that America had set up the blockade in keeping with the United Nations Security Council's request for support of South Korea.

SAID ILLEGAL

The Russian answer repeated the Soviet stand that the Security Council resolution of June 27 was illegal. The Russians have based this contention on the grounds that the Soviet Union and the Chinese Peoples (Communist) Republic were not present at the meeting.

The Soviet note said the Security Council resolution could not "serve as a legal basis for taking any measures whatsoever with regard to Korea, including a naval blockade of Korea."

The Russian reply said in part: "The blockade of Korea constitutes a new act of aggression. This blockade is just as incompatible with United Nations principles as is the entire armed intervention of the United States in Korea.

"Owing to the aforesaid, the Soviet government will consider the government of the United States of America responsible for all consequences of this act and for all damage to interests of the Soviet Union which may be caused in connection with the carrying out of the aforementioned blockade."

ANOTHER ONE

The Russians also rejected what British officials described as a request for Soviet co-operation in restoring peace in Korea. The request, they said, was made verbally by Britain's ambassador, Sir David Kelly, last week.

The Soviet news agency Tass announced today that Kelly "made no proposals to the Soviet government for the peaceful regulating of the Korean question, simply restricting himself to expressing the hope that the conflict in Korea would in time be regulated."

Big Spring Man Invents Air Conditioner for Automobile

By WILLIAM C. BARNARD
(Associated Press Staff)

A 27-year-old Texan, George A. McAlister, Jr., has invented an automobile air-conditioner nearly any car owner can afford.

McAlister, a mathematics instructor at Howard County Junior College, Big Spring, says he got the idea while crossing the Mojave Desert.

"I began to wonder if there wasn't some practical way to cool that scorching wind that was coming into the car. After having broken two window glasses while using a window type cooler, I decided there must be some better way."

BEING MANUFACTURED

McAlister's invention—an evaporative type cooler, is now being manufactured at Teague, Tex. Here's how it works:

Two air scoops are attached over the openings of air ducts on each side of the radiator, behind the grill. In each scoop is a pad on which water is sprayed intermittently by action of a six-volt electric pump. The water comes from a six gallon water tank that is attached to the car beneath the front bumper by two flanges that hook over the bumper supports. When the hood of the car is closed, all this apparatus is concealed.

"Forward movement of the car forces air into the air scoops," McAlister, a six-foot two-inch 200 pounder told us. "The air travels through the pads, where it is cooled, and then on into the interior of the car. By use of a special device, all water that is not evaporated is returned to the supply tank and used over again."

EX-MARINE

A native of Commerce and a former Marine officer, McAlister said that when winter comes, you just leave the car cooler in place since it isn't in the way.

"Besides," said he, "one feature is just as good in winter as in summer. Flick a switch and the electric pump will throw a generous spray of water on your windshield to clean it off."

The coolers, named Northwind Kar Coolers, became available this week for Chevrolets. Later they'll be manufactured for other cars. Installed, they sell for $62.50.

Oh, yes—the car cooler will travel 200 miles on one tank of water.

Meeting July 13 of City, State, County Officials on Oil

AUSTIN, July 7. (AP) — Top state, city and county officials are expected here July 13 for the planning of an aggressive campaign to save Texas tidelands from federal claims.

The newly-formed Texas Property Defense Assn. announced here legislators, mayors, county judges and school superintendents to attend the meeting.

Gov. Allan Shivers, Atty. Gen. Price Daniel, House Speaker Durwood Manford and Former Atty. Gen. Robert Lee Bobbitt of San Antonio, chairman of the tidelands committee of the state bar, are among scheduled speakers.

Herbert Y. Cartwright, mayor of Galveston and acting President of TPDA, said Texans are beginning to realize that the tidelands fight is more than just a squabble over some oil wells off the Gulf Coast.

Oklahoma City Bus Drivers Still Out

OKLAHOMA CITY, July 7. (AP) — Oklahoma City bus riders probably will have to hitch rides or hoof it to their jobs for at least several more days.

Representatives of the striking union bus drivers and city bus company officials said last night it may be Monday before new contract talks begin.

Union employees of the city's only intra city bus company struck yesterday. They demanded more money and improved working conditions.

Wreck Is Fatal

FABENS, July 7. (AP) — Mrs. Punita Irene Doyle, 60, and her daughter, Mrs. Vera Bankhead, 18, of Monahans died yesterday of injuries received in a truck-car collision near here.

Mrs. J. W. Bankhead, 18, and Leo Joseph Schindler, 42, her father, both of Monahans, were injured.

March of Dimes Got Record Sum In '50 Campaign

NEW YORK, July 7. (AP) — A new outbreak of infantile paralysis was reported across the nation today, along with the announcement that the 1950 March of Dimes campaign netted a record sum to fight the disease.

Basil O'Connor, president of the National Foundation for Infantile Paralysis, said Americans gave $30,783,000—more than ever before—to the 1950 drive.

He added that the fund is being used at an "unprecedented rate" to combat a threatened new, severe epidemic.

NEW YORK GIVING TOPS

The number of polio cases so far this year, he said, is slightly above the number in the same period last year, when the nation had a record all-time high of 42,375 new polio patients.

O'Connors said aid totaling $2,666,129 already has been advanced to local chapters this year. Arkansas, Michigan, Minnesota and Texas have received more than $200,000 each; California and Illinois, more than $150,000 each.

Greatest contributions in last January's drive came from New York, $3,700,000; California, $2,390,000, and Illinois, $1,858,000.

1949 COSTS HIGH

The 30-million-plus total beat 1949's collection of $25,728,000, then a record. O'Connor said virtually all of the latter sum, plus $4,000,000 raised in an emergency appeal last September, has been used to care for 1949's patients.

There are 17,000 of these requiring continuing assistance, he said.

Half of the funds raised in the March of Dimes is used by the national headquarters for use in research, training and for emergency aid, while the other half remains with local chapters.

O'Connor said 467 of the foundation's 2,822 local chapters already have exhausted their 1949 residue funds and all of the funds contributed in this year's campaign.

Decorations, Floats Prepared for Parade

Store decorations for the annual Scurry County Rodeo to be held July 19-22 were being put up today by Harley Pritchard of Abilene. The Lions Club has brought Mr. Pritchard here to decorate the store fronts and help with the floats.

Everyone near the square will be contacted by Pritchard in order to decorate the town for the largest rodeo in Scurry County history. Anyone wishing flag and greeting decorations may call T. M. Deffenbauch or Dr. Blum for further details.

Myron Fenton, chairman of the parade committee, stated that Pritchard, a professional float builder, will build, help build, or furnish material for parade floats.

D & R Grocery, Town and Country furnishings, the Junior Chamber of Commerce, and Culligan Soft Water Service have made plans to enter floats in the parade, according to Fenton. Some of the other possible entries in the parade were interviewed yesterday.

The parade is going to start at 5 o'clock each afternoon and several bands will accompany the floats. It is also the hope of the rodeo officials that the town will go "western" during the rodeo week. Persons desiring information concerning the parade and floats are urged to call the Chamber of Commerce telephone number 12.

Michigan Governor Apologetic Because Of Fast Car Ride

TRENTON, Mich., July 7. (AP) — Gov. G. Mennen Williams is apologetic about that fast Fourth of July auto ride through this village.

But he's not too sure that he and his state police escort were doing 70 miles an hour.

Answering a rebuking letter from the village president, Dr. Gordon L. Strohm, the governor said his escort declared it was only 40.

But he added that he "sincerely" regretted any difficulties. Dr. Strohm had said it was "reckless."

Nueces County Opens 7 More Draft Boards

CORPUS CHRISTI, July 7. (AP)— Seven more draft boards are being organized on a "stand by" basis for Nueces County.

Frank McGee, chairman of the one draft board presently in operation, said the additional units would not be called into service unless an emergency arises.

Forrest Beavers stated that no "stand by" draft boards have been set up in Scurry County. This areas draft board is still in Sweetwater and boys who register here are sent to the Sweetwater office.

Detroit Crackdown On Speeders Paying

DETROIT, July 7. (AP) — If figures count for anything, Detroit's crackdown on speeding drivers is paying off.

In 60 days of a "get tough" policy 590 persons have been sent to jail.

Over the same period 23 persons were killed in traffic as compared to 34 for the previous 60 days.

"It looks good to me," said Traffic Judge John D. Watts. "But give us another six months and we'll really show some results."

Bonded Patrolman Joins Police Force

C. C. Dawson, 33 years old, who has been serving here the last three months as a bonded patrolman, is to begin tonight as a patrolman on the city police force.

Dawson replaced Mickey Atkins as a bonded patrolman here. Before coming here he served more than two years on the Baytown, Tex., police force.

Protestant Group

NEW YORK, July 7. (AP) — Top officers of the nation's largest representative Protestant organization yesterday lauded the United Nations for its "prompt and vigorous" action in dealing with the invasion of South Korea.

Bishop John S. Stamm, president of the Federal Council of Churches of Christ in America, and the Rev. Dr. Samuel McRea Cavert, general secretary, said in a statement that "the aggression is a most direct challenge" to the UN's authority in preserving peace.

Kefauver's Group Seeks Evidence Against Capones

WASHINGTON, July 7 (AP)—Senate investigators, stirred by reports that the Al Capone gang still exists, gathered evidence today for a study of the Chicago underworld and its political influence in nearby Cicero, Ill.

Chairman Kefauver (D-Tenn) of the Senate Crime Investigating Committee said the ground work already has been laid for the inquiry. The group will hold closed-door hearings in Chicago July 21-22.

Director Virgil Peterson of the Chicago Crime Commission gave senators a report on Chicago crime yesterday. He was slated to testify today on the New York hoodlums and their ties with Chicago, Florida and California racketeers.

STILL EXISTS

Peterson said the Capone crime syndicate is still operating, using Cicero as headquarters in much the way it did 20 years ago. He added it would be hard to prove, but that it was obvious the hoodlums had strong political influence in Cicero.

Kefauver said the committee intends to go into the Cicero situation as part of the Chicago crime inquiry. He declined to say if subpoenas had been issued.

Peterson, a former FBI agent, has spent several years making study of gangland operations and the links between criminals in all parts of the country.

NAMES HEADS

Peterson named Charles Fischetti and Tony Accardo as two of the chieftains in what he called the present-day Capone syndicate. He also listed a score of others with names such as Louie "Little New York" Campagna, Hymie "Loudmouth" Levin, and Sam "Golf Bag" Hunt.

"Many of these individuals," he said, "are still important members of the Capone syndicate."

Peterson named Edward Vogel as the slot machine king of Cook County, Ill., which includes Chicago. And he said the senators should investigate the activities of Joe Epstein, whom he called a "big betting commissioner' in the Chicago area.

Kefauver said Peterson's testimony will be of great importance to the committee in its efforts to find ways to crack down on big-time gambling and crime.

Ninety Boys Enroll In Summer Program Of Recreation

Enrollment at the Summer Boys Recreation Program has reached 90 according to the coaches of the program, J. M. Moffett and Mule Kaiser. The usual average attendance at the program is 45 boys.

Lately the boys have been playing flag football, touch football, boxing and wrestling in the morning and playing baseball and basketball in the afternoon. The morning program starts at 9 and lasts until before 12. The baseball in the afternoon lasts from 4 to 6.

The six weeks' program, which started on June 12, is open to boys 7-14 and is sponsored by the V. F. W. and the Lions Club.

Look Out!

You may have a big loss on jewelry, baggage, sports equipment and other personal property—while traveling or at home. Insure!

Konstanty Called In Again To Save Game for Phils 9-6

By JACK HAND
(Associated Press Sports Writer)

Jim Konstanty of the Phillies is the Joe Page of 1950. No doubt about it. Just ask any Phil fan.

Day after day, the righthander with the specs bails out Phil starting pitchers. So far he's done it 34 times in 70 ball games. If he keeps it up, he's a cinch to break Ace Adams' records of 70 appearances for the Giants in 1943.

CONTROL CREDITED

Good control and a baffling sinker are Jim's main props. Once in a while he zips through a fast ball, but it's his ability to get the ball over that counts most. In 65 innings he's walked only 17 men — about one every four innings.

Eddie Sawyer brought Konstanty to the Phils from Toronto in 1948, a couple of months after he moved up from the International League to become Phil manager. Jim worked only a few games in September.

Konstanty developed fast last season. Now Sawyer thinks he's the best relief pitcher in baseball. He's been pitching that way, too.

When the going is roughest, Sawyer calls for Konstanty. Curt Simmons has nine wins but Konstanty finished four of them. Rookie Bob Miller has a brilliant 8-0 record. But Jim saved him three times. Only Robin Roberts doesn't seem to need Konstanty. All of Robin's 10 victories have been complete games.

Miller needed help from Konstanty again yesterday to preserve his eighth straight, a 9-6 edge over New York. The sensational freshman was knocked out in the seventh. In came Konstanty to save the day.

The rookie now is within shouting distance of the record for first-year pitchers, shared by Atley Donald of the Yanks in 1939 and Hooks Wiltse of the Giants in 1904. Each won 12 in a row.

Willie Jones hit his 16th homer. Andy Seminick his seventh and Granny Hamner his fifth as the Phils hung a loss on Sheldon Jones. Bobby Thomson homered for the Giants, No. 11.

NO HOMERS

St. Louis protected its one game lead in the National by knocking out Ewell Blackwell in a 10-run first inning to crush Cincinnati, 13-1. It was the Cards' seventh straight and their 12th in a row at Sportsman's Park.

Sixteen Cards went to the plate in the big inning in which Bill Howerton doubled, twice, driving in three runs. There wasn't a homer in the game but Tommy Glaviano had four hits.

Al Brazle had little to do but get the ball over after the first. He allowed seven hits in his first complete game.

Brooklyn clouted Warren Spahn and Vern Bickford, making his first relief appearance of the year, for a total of 16 hits in an 8-3 night win over Boston. Homers by Eddie Miksis and Gil Hodges, each with a man on, showed the way.

Preacher Roe, who asked for the assignment with only two days rest in order to have four before the all-star game, earned his 10th victory with a seven-hitter. Two of the hits were homers by Del Crandall and Bob Elliott.

Jackie Robinson missed his first game since June 2, 1948, breaking a string of 340 consecutive games. Hobbled by a knee injury, Jackie was available for pinch hitting duty but wasn't needed.

Chicago kicked up a fuss in the eighth to score three runs, knock out Bill Werle and whip Pittsburgh, 4-2. The previous Cub run was Hank Sauer's 16th homer. Andy Pafko drove home the tying and winning runs with a single after Murry Dickson replaced Werle. Paul Minner went all the way with a five-hitter, his best job of the year.

DETROIT IDLE

Half the American League took the day off but both New York and Cleveland chipped away at idle Detroit's lead. The Yanks' 5-4 edge over Philadelphia left them only 3½ back of the Rigers. Cleveland downed Chicago, 5-2, to trail Detroit by 4½.

Roswell Gains As Odessa Loses To Cats 10-5

(By The Associated Press)

Cellar-dwelling Ballinger last night knocked off pace-setting Odessa, 10-5, and that was right neighborly as far as Roswell is concerned.

Odessa's defeat and Roswell's 10-1 victory over Big Spring left the New Mexico entry in the Longhorn League just a game and one-half behind the circuit's leader.

Five runs in the first inning—off three singles, a double and an error—started Roswell to its easy win.

Ballinger splurged for four runs in the eighth to sew up its victory.

Ken Jones' double in the fourth scored Jim Prince with the run that gave Midland a 2-1 decision over Sweetwater. Ralph Blair held Sweetwater to three hits, two in the ninth for the Swatters' lone tally.

San Angelo nudged Vernon, 4-2, with Bob Crues' seventh inning home run an insurance tally for the colts.

Odessa	100 101 011—	5 6 1
Ballinger	200 103 04x—10	12 2
Carroll and Glearley; Jacobs and R. Bell.		
Big Spring	000 100 000—	1 4 3
Roswell	510 000 04x—10	14 1

Wet Field Stops Play Tonight In County Softball

Tri-Service is slated to meet the V.F.W. at the V.F.W. field at 8:15 tonight, but the rain has caused postponement of the contest.

Two games are scheduled for Monday night with Ira playing the Legion at the V.F.W. park starting at 8:15 and the Office Supply meeting Tri-Service at 8:15 at the Tri-State field.

One game is scheduled for Tuesday with the V.F.W. playing the Paso-Tex at hte V.F.W. park starting at 8:15. This is the last regular scheduled contest of the season.

Lubbock Back In First With Win Over Oilers 7 - 4

(By The Associated Press)

It's Lubbock's turn now to lead the West Texas-New Mexico League. Yesterday it was Pampa. Day before that it was Lubbock.

The Hubbers traded places with Pampa last night by handing them a 7-4 licking behind the six-hit pitching of Bob Clodfelter. It was win No. 1 for Clodfelter. A five-run eighth inning cinched it for him.

Borger edged Amarillo, 5-4, in ten innings and Clovis beat Albuquerque, 5-4, in other games. Lamesa and Abilene couldn't play—wet grounds.

Rickey May Bring Cat Pitchers Up To Help Dodgers

(By The Associated Press)

Rumor has Brooklyn just about ready to pluck some of Fort Worth's high class pitchers to bolster its chances in the National League pennant race.

The same rumor has Brooklyn Boss Branch Rickey and son Branch Rickey, Jr., trying to make up their minds which of the Cat twirlers to bring up.

Mel Waters last night showed why the Dodger bosses are in a quandry. He set Dallas down with five hits as Fort Worth won a 5-2 victory. And he's just one of the "boys" on the Cat mound staff.

In other games, Houston beat Beaumont, 8-5; Tulsa defeated Oklahoma City, 5-3, and San Antonio and Shreveport split, San Antonio, winning the first game, 4-1, in extra innings, Shreveport the second, 15-2.

Ken Staples belted two home runs in Fort Worth's win. Lou Morton got one for Dallas.

Houston jumped to a 5-0 lead by the end of the second and coasted to its win.

Tulsa spotted Oklahoma City two runs in the first inning, then came back to win.

Three runs in the ninth inning won for San Antonio, but Shreveport slammed out five runs in each of the first two innings of the second game to insure a easy decision.

The same teams meet again tonight.

Touted Rookie Pitcher Wins Game For Corpus

By The Associated Press

Sonny Byrd, Corpus Christi's touted rookie pitcher, last night twirled the Aces to within a game of first place in the Rio Grande League.

The big teen-ager held Brownsville to four hits as his mates pounded out a 9-1 victory and pulled closer to pace-setting Harlingen.

Harlingen lost, 9-8, to Laredo.

Del Rio whammed McAllen, 18-5, getting 18 hits, including five home runs.

YOU... and Your Home

By JAY TROST

SHELF CONSCIOUS

The current concept of home decoration is revolutionary. It frees us from a lot of old, outmoded ideas. It inspires us with confidence and determination to plan and furnish our homes to fit our particular modes of living and express our individuality and personal tastes. Whatever style we choose—Modern, Contemporary, Traditional—we are free to interpret it in our own way. We no longer slavishly copy one period, but choose the furniture we like best of different periods and dramatize it with new fabrics and colors to create an atmosphere of originality and charm.

The new modern unit furniture offers unlimited possibilities for novel, space-sparing arrangements.

In the modern room sketched above cabinet-chests flank television-radio combination to form room's focal point. Book shelves (unit pieces) piled vertically give unexpected wall interest. Horizontal lines are restful, and bright book jackets add color richness. Blond wood stands out importantly against grayed-turquoise walls and chocolate brown carpet. Rough-textured linen sofa upholstery has brown pattern on turquoise ground. Lounge chair is cyclamen pink.

This is just one suggestion for combining modern units. Come in and let us help you choose units that will be adaptable to your mode of living, and give your home up-to-the-minute smartness.
