County Employs Water Sleuth To Guard Sources

Kent Johnston, graduate geologist and specialist in groundwater hydrology, has been employed jointly by Crockett county Commissioners Court and directors of the Crockett County Water Control District, to continue the study of Crockett county underground water resources and to police their conservation and purity.

Mr. Johnston will continue the study of Crockett county underground water resources begun by Hillary Iglehart under authorization of the Texas Water Commission. Mr. Iglehart's report of his studies will be available in full in a short while and will be an invaluable aid in the county's new program to maintain a continuing study of its underground water, its volume distribution, movement and degree of purity or pollution.

Among Mr. Johnston's duties will be to work with oil companies and drilling companies to see that drilling methods and plugging operations comply with the best practices in preserving the purity of the state's precious underground water supply, County Judge Brock Jones said. He will be on the constant alert for pollution and if such is found will attempt to search out its source and, if possible, bring about a correction of the condition leading to pollution.

"Mr. Johnston will seek the cooperation of all oil company operators in the county and adjoining territory to pursue the best practices in all drilling operations," Judge Jones said. "He will also need the cooperation of ranchers in keeping a check on water levels and pollution, in the pursuit of the water studies."

Mr. Johnston comes to Ozona from Kermit where he has been a ground water hydrology consultant. He is a graduate of the University of Texas and served for a time with the U. S. Geological Survey and was for several years with Barnes Engineering Co. of Austin, working in ground water studies in West Texas and New Mexico.

Mr. Johnston and his wife Phyllis, have a 15-month-old daughter, Cathy.

S. E. PTA Names Diaz President; Honor E.M. Boyd

The South Elementary P. T. A. held its last regular meeting of the year at the South Elementary School Monday night with President Maria Torres presiding.

Highlights of the night's activity was the installation of the officers for the next year by Sixth District P. T. A. President, Mrs. Boyd Baker of Ozona.

Installed in office for the next year were Bekie Diaz, president; Mrs. Romulo Vela, vice president; Herculano Delgado, treasurer; and Miss Katrina Hardberger, secretary.

Diaz, in accepting the post of president, told the group that with their help he would strive to serve as well as the immediate past president had done and to give of his best in the effort.

Principal Ernest M. Boyd paid tribute to the outgoing officers, stating that (Continued on Last Page)

Evenly Matched Teams Feature LL As Season Opens

Little League season opened Monday night with a double header bill.

Ozona Oil Co. Oilers barely nosed out B&B Grocers 9 to 8, Phillip Perner contributing a homer to the Oiler victory.

In the second game, Flying W Ranchers beat Moore Oilers 8 to 4. There were no home runs in the game but several doubles kept the pitchers uneasy. Flying W Ranch cage eggs is a new sponsor, succeeding Mason Motors.

Teams seem about evenly matched and the season promises some spectator baseball. Games are played each Monday and Thursday nights.

Court of Awards For Girl Scouts Friday Evening

Ozona Girl Scout troops, under El Camino Council, will have their annual Court of Awards program Friday evening, May 7, at the Ozona civic center. The program is slated to begin at 7:30 p. m.

Approximately 100 Girl Scouts will receive awards they have earned during the past year. In addition, there will be some adult awards for service to the Girl Scout program.

Here to present the awards will be Mrs. Joyce Brown of San Angelo, El Camino Council Neighborhood Field Representative.

All Girl Scouts and their parents are requested to attend the program and the public is cordially invited.

Spring Revival To Begin Sunday At First Baptist

The Ozona First Baptist Church will hold its annual spring revival beginning Sunday, May 9th, with the Rev. Young Tucker of Oklahoma City as the evangelist.

Joe Ed Liles of San Antonio will lead the singing during the week long meeting which will have services at 10 a. m. and 7:30 p. m.

Committees in charge of arrangements have been busy for the past several weeks preparing for the meeting and advertising its approach.

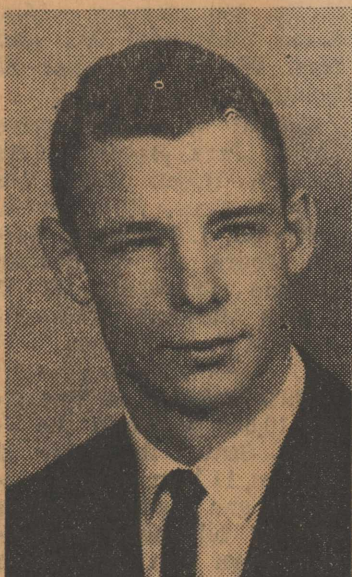

In preparation for the meeting a number of cottage prayer meetings have been held over the town this week and a general meeting of officers and teachers of the Sunday was held prior to prayer meeting Wednesday night.

Rev. Max Brown, pastor of the local Church, expressed hope that people of all churches would avail themselves of the opportunity to hear Rev. Tucker preach but said he was particularly concerned about the large number of unattached Baptists now in the community as well as numbers of people who have no church home.

Cancer Crusade Fund Reaches \$450

Ozona's Cancer Crusade drive has netted a total of \$450 in contributions, Darrell Brawley, Chapter chairman, announced yesterday.

The drive will be open the balance of this week and anyone who has not yet contributed is urged to call Mr. Brawley or Mrs. Glenn Sutton, who is special gifts and memorial gifts chairman.

Ernie Boyd To Be Principal At Big Spring

Ernest M. Boyd, a member of the Ozona school faculty for the past twelve years and principal of the South Elementary School here the last ten years, this week accepted a position as principal in the Big Spring Public School system.

Mr. Boyd resigned from the local system recently effective with the close of the present school year.

Supt. Sam Anderson of the Big Spring system said that Mr. Boyd would be assigned as principal of one of the 11 elementary schools in Big Spring, a city of approximately 35,000 population in Howard County. It is the site of Webb Air Force Base and of Howard County Junior College.

Mr. Boyd will receive a substantial raise in pay over the salary he received in the Ozona system and in addition will receive an automatic annual increase in salary.

Big Spring High School is Class 4A and is presently in process of building a \$2.5 million addition to the plant.

Mr. Boyd is a graduate of Baylor University, holding the B. A. and Master's degree from that institution. In addition, he received extra training in education and school administration at East Texas State in Commerce.

Mr. Boyd started his teaching career in Wortham, Texas, where he taught four years while Ozona's Superintendent L. B. T. Sikes was superintendent (Continued on Last Page)

OZONA HONOR GRADS —

Joel Huff (top) son of Mr. and Mrs. R. V. Huff, is valedictorian of the Ozona High School graduating class. Joel had a four-year average of 96.326. Salutatorian Cathy Miller, daughter of Mr. and Mrs. Henry A. Miller, averaged 93.894 in her four years.

Crockett Grass Judging Team To State Meet

Fifteen Crockett County 4-H Club members participated in the District-6 Eliminations Contest for 4-H club members last Saturday in Odessa. Entered in the contests from the county were two grass judging teams and five 4-H demonstration teams.

The senior 4-H grass judging team placed second and qualified to enter the state 4-H grass judging contest at Texas A&M on June 2. Members were Steve Taliaferro, third high individual in the contest, Rex Bland, Hugh Coates and Janie Edgerton. The junior grass judging team also placed second in the junior division. Team members were Kathy Williams, second in the junior division. Team members were Kathy Williams, second high individual, Fred Deaton, Eugene Vinson and Cyndie Jane Whitehead.

This was the first year for Crockett County 4-H club members to enter 4-H demonstrations in district competition and made a good showing against some very strong competition by winning a second, three third places and a sixth place.

Results of the demonstration contests were as follows: Mary Jane and Mary Francis Martinez, second place in Vegetable Preparation and Use; Lelie Mitchell, third place in Nutritional Educational Activity; Melissa Zapata, third place in Nutritional Educational Activity; Richard and Jerry Reinberg, third place in Electric Demonstration, and Elaine Zapata, sixth place in Clothing Educational Activity.

The 4-H members were accompanied to Odessa by county agent Pete Y. Jacoby and 4-H adult leaders Gene Reinberg and Ethel Wolf and Dorothy Price.

100,000 Pounds Wools Sold In Bid Sales Here

Ozona's two wool houses sold approximately 100,000 pounds of wool in sealed bid sales here Tuesday morning and afternoon but found prices on eight-months wools unsatisfactory.

During the morning, the Ozona Wool and Mohair Co. owned by Beall Barbee, offered about 80,000 pounds in 12-months and more than 300,000 pounds of 8-months. None of the eight months wool was sold, however, bids being rejected on the first 100,000 pounds offered and the sale terminated.

Approximately 32,000 pounds of 12-months wool sold, prices ranging from a low 47 to 53 cents per pound grease basis. Bulk of the wool went at an average of 49-50 cents per pound grease basis. Mr. Barbee described the wools as the best he has seen since being in the warehouse business here.

In the afternoon, buyers went to the Crockett County Wool & Mohair Co. warehouse where they bought approximately 40,000 pounds of 12-months wool and 21,000 pounds of eight months fleeces. Prices on the 12 months ranged from 47 cents to 51½ cents per pound in the grease. Price range on the eight-months was 47½ to 51½ cents per pound. Jim Carpenter, manager, said bids were pending on about 9,500 pounds.

LION PREXY — George Glynn, Shell station operator, will head the Ozona Lions Club the next year. Other officers are Allie Lock, Clarence Key and Dick Webster, vice presidents; Bud Meinecke, secretary-treasurer. Dean Scott Lion Tamer and Jim Marks tail-twister.

Sam Mosley, head coach at Elgin High School, Class AA, the past three years, has been chosen as head coach of Ozona High School Supt. L. B. T. Sikes announced following his election at a school board meeting Friday night.

4-H Club Awards Program Is Open To Public May 11

The Crockett County 4-H Clubs will have a 4-H awards program in the Crockett County Coliseum Auditorium next Tuesday, May 11, at 7:30 p. m.

Purpose of the program is to make awards to 4-H members with outstanding achievements in their 4-H projects and activities over the past years. Several 4-H adult leaders will be recognized and presented awards by 4-H club members.

This awards program and the awards program held last fall replace the annual 4-H awards banquet held each Spring of previous years.

Junior 4-H leaders will be in charge of the program, assisted by adult leaders. Several of the outstanding 4-H awards to be made to 4-H members include the following: The Ozona Boot & Saddlery, Best Herdsman Award; Meinecke Insurance, Best Junior Judge Award; Crockett County Abstract, Best Junior Feeder Award; Perry Hubbard, Junior Best Effort Award; Edgar Glasscock, Best Effort Award and the Mother Davidson Memorial Trophy Award which goes to the outstanding 4-H member in Crockett county the past year.

A number of 4-H members will receive certificates of completion for 4-H projects and others will be recognized for special achievements.

The public is invited to this special 4-H event and everyone interested is urged to attend the program.

Perner Horse Is Winner At Sonora; Tied World Record

P. C. Perner, Ozona Quarter Horse fancier and breeder, evidently picked a winner at Ruidoso Downs last September.

It was then that the Ozonan bought "Talent Bar" who as a 2-year-old is showing a lot of talent on the race tracks of West Texas.

Talent Bar won the West Texas Quarter Horse Futurity 220-yard race for 2-year-olds at the Sonora race meet last Saturday. In the Futurity trials a week earlier, he tied the world's record in the 220-yard run for two-year-olds with a time of 12.3. Although he does not get credit for it because the track is not official, Talent Bar beat the world's record with a 12.2 at San Angelo Downs on April 4.

Talent Bar, by Royal Bars out of Della's Queen, has been in training only since Feb. 1 and has won three out of his first five starts in racing. James Chapman is his trainer.

Mr. and Mrs. Perner are proudly displaying a three-foot-high trophy awarded in the Sonora race.

The Perner horse will next run in the Uvalde race meet August 29 and 30.

Mosley, 35, succeeds Pete Hickman, who resigned recently after coaching here the past 11 years and who has since accepted the post as athletic director and head football coach at Fort Stockton High School.

Coach Mosley, although he failed to win any title in his three years at Elgin, did field a team each year which won the title of "giant killers". Elgin fielded a team each year which in the three years under Coach Mosley beat the district winner each year. Mosley was picked by Austin newspapers as "Coach of the Week" in Central Texas a couple of times each year and in his first year at Elgin was runner-up for the "Coach of the Year" title in Central Texas.

The new coach started his coaching career at Hillsboro Junior High School in 1958 where he had a perfect ten-win no-loss record. After one year at Hillsboro, Mosley was named assistant coach at Plains High School where his teams had a two-year record 21-2-0. He was next assistant football coach and head track coach at Triple A Brewer High School in Fort Worth and went from there to Elgin.

Coach Mosley, a 6-foot. 3 in. 210 pounder, is married and the father of three children, Karen, 12, Judy, 10, and Mike, 6. They are members of the Presbyterian church. The new coach will take over his duties here August 1.

3 Ozona Track Performers Bid For State Title

By Ernie Boyd

The Ozona Lions will bid for the state Class A track title Friday night in Austin, with three boys entered in four events.

Those who will compete from Ozona are David Childress in both the high and low hurdles, Gary Pagan in the shot, and Billy Carson in the pole vault.

The Lions have a possibility of scoring 40 points should all three win all four events, but it is expected that between 25 and 35 points will win the meet, and meets have been won with less than 25, thought not often.

According to times posted over the state by those advancing to the state meet the Lions will not be favored to win any of the four events, but in both high and low hurdles and in the shot the differences in times and distances are slight and a top performance by an Ozona performer might equal or better any of those marks.

David Childress was clocked at 19.5 in the regional 180 low hurdles by a number of watches but was given a 19.9. Gary Pagan has posted better distances than the one at the Lubbock Regional but he was not pushed there.

One state qualifier posted a 13' 7" pole vault but only one or two others exceeded by an inch or two Billy Carson's 12 foot mark and the pole vault as much as any event depends on how well the vaulter likes the (Continued on Page Six)

DISASTER BY DIRECTIVE

The first American famine is now in the making.

Eight million dollars worth of citrus fruit lies rotting on the ground in Florida. The colossal fruit and vegetable crops of California are in danger of withering in fields and orchards. In 24 other orchard and truck-farming states a similar picture is developing. Farmers cannot plant seasonal crops with any certainty of getting workers to harvest them.

The nation whose God-given bounty and whose generosity of spirit have fed the world's hungry will tighten its own belt before the year is out — and for how many years to come, no one can say. The history books may call it the Willard Wirtz Famine, since it was triggered by the Secretary of Labor's decision that skilled and seasoned workers from Mexico, Canada and the British West Indies are no longer to be depended on for harvesting fruit and vegetable crops.

Woman's Forum Hears Japanese

The Woman's Forum met in the home of Mrs. Bud Cox with Mrs. Bill Baggett, as co-hostess.

Mrs. T. J. Bailey, club president, presided at the business meeting. Mrs. Pleas Childress, program chairman, introduced two

Japanese men who are on a 3-months tour in the United States to learn about Rural Life Betterment, sponsored by The Zaidan Hojin Keep, Inc.

Mitchy Akiyoshi, gave a very interesting report of their work. He is with the Educational Foundation, assisting in giving guidance to specific programs, farm, school, hospital, council,

etc., in these fields.

Tsuneharu Funaki is head of Experimental Farm with agricultural management, similar to our County Agents. Both are from the village of Kkiosato, Japan, which is perched on the slopes of Mt. Yatsugatake.

The final meeting of the club for the summer will be a luncheon May 8th, at the Civic Center with Mrs. Marshall Montgomery, Mrs. Hugh Childress, Jr., and Mrs. W. H. Whitaker as hostesses.

Others attending were Mmes. Jack Baggett, Pete Jacoby, Brock Jones, Joe Clayton, Oscar Kost, Lowell Littleton, J. B. Miller, Kirby Moore, P. C. Perner, Maxine Saunders, W. T. Stokes, Marshall Montgomery and C. O. Walker.

Outnumbered — "For every 10,000 people in the United States there are 12 doctors, 11 lawyers and judges, 40 gas station workers and 37 telephone employees," says Rep. J. Arthur Younger (R.-Calif.), "but for the same 10,000 Americans there are 130 federal civilian bureaucrats feeding at the public trough."

OZONA WOMAN'S LEAGUE

The Ozona Woman's League met Tuesday in the home of Mrs. John R. Hunnicutt, with Mrs. Jess Marley assisting hostess.

Mrs. Joe Bean, president announced the award won at the District meeting in Sonora. Mrs. Bob Childress reported on the recent clean-up campaign. A history of the League was given by Miss Jean Powers.

Program leaders was Mrs.

Tom Montgomery, who gave a cosmetic demonstration.

Attending were Mmes. J. G. Hufstader, Mike Miller, Joe Couch, Brooks Dozier, Bob Childress, Leonard Boyd, Dick Kirby, H. O. Hoover, Tom Mitchell, Roy Coates, and Miss Jean Powers. Guests were Mrs. Hillery Phillips and Mrs. Wanda Lee.

MOTTOES

You may bring to your office, and put in a frame, a motto as fine as its paint, but if you're a crook when you're playing the game, that motto won't make you a saint. You can stick up the placards all over the wall, but here is the word I announce: It is not the motto that hangs on the wall, but the motto you live that count. If the motto says "Smile", and you carry a frown "Do it now", and you linger and wait; if the motto says

"Help", and you trample men down; if the motto says "Love", and you hate - you won't get away with the motto you stall, for truth will come forth with a bounce. It is not the motto that hangs on the wall, but the motto you live that counts.

Remember Monday is the 10th-the day you have promised to pay - be sure you live the motto that counts.

Two Young Japanese Men Visit Ozona Families While Touring U.S. To Observe Agricultural Methods

Two Japanese agriculture experts, Mitchei Akiyoshi assistant manager of the Kiyosato Educational Experiment project, called KEEF, and Tsuneharu Funaki, whose main interest is now in beef cattle, have been visiting with Mr. and Mrs. Lowell Littleton and Mr. and Mrs. Pleas Childress this week while visiting on Crockett County ranches and observing methods of livestock raising.

The KEEF project was begun by Paul Rusch, who as a professor at St. Paul's University in Japan became interested in helping the Japanese people improve their food producing capacity.

Professor Rusch, who taught in Japan prior to WWII, and returned to Japan following the war, envisioned the use of the mountainsides as pastures for both dairy and beef cattle, a use little thought of in Japan since the sides of the mountains had been considered largely barren.

While serving on Gen. Douglas MacArthur's staff after the war, Rusch decided that above all the Japanese needed to make a profitable use of their uplands, an idea pretty well scorned by the Japanese.

Even though Rusch's idea was not embraced by the Japanese government they did cede him some of the unused acres on the mountain slopes where he began the project with \$14,000.00 in private donations and a 17-year-old bulldozer salvaged from the dump heap.

In 1952 Rusch conceived the idea of importing Jersey cattle from the United States and starting a dairy farm. The Japanese were hard to convince that the cattle would survive the hard winters but they did

and now there are 25,000 Jersey cattle in Japan.

The next project under consideration is the increased production of beef cattle and solving the problems connected with the semi-arid high country which until now has not been used as pasture land, since it did not grow a useable type of feed.

Mitchei Akiyoshi is in charge of the lodge on the Kiyosato experiment project and last year the lodge housed over 24,000 overnight guests, not to mention thousands of others who did not spend the night and all of whom came to observe the operations of the project.

Tsuneharu Funaki, does not as yet speak English but in the less than three month stay thus far has learned to understand a great deal of English.

The two young men flew to the United States early in February and began a tour of the United States on Greyhound buses, traveling from one area to another and visiting with American families along the way, while observing the various methods of livestock production and breeding over the country.

From Ozona, the two young Japanese will travel to Tucson, Arizona, where among others they will meet with the Governor of Arizona and the Governor of the State of Sonora in Mexico.

Among the distinguished men with whom the two have visited are the President of General Mills, Chairman of the Board of the John Deere Corp. and J. F. Cavanaugh, President of the American Jersey Cattle Association.

Akiyoshi stated that they were enjoying the trip and

the visit very much. Neither of the young men considered the Ozona cool snap to be very cool and both said that they did not find the food strange since both have become accustomed to western type foods in Japan.

Akiyoshi and Tsuneharu were speakers at the Rotary Club Tuesday and at the Woman's Forum Wednesday.

EDITORIAL

By Karen Russell

Our time is a very valuable necessity to our lives although we use it quite wasteful sometime.

Summertime is filled with fun and excitement but it is also a time to do something useful for yourself or for the benefit of others.

Seniors graduating from Highschool can have a full and interesting summer if they spend their time wisely and do the things they really like to do.

Each of us should plan something they enjoy doing.

EDITORIAL

By Mike Walters

As we come to the close of the 1964-65 school year, we all have a tendency to think about vacations, holidays, and other sorts of entertainment.

Many of us fail to realize that the twelve years we have in our public schools are so vitally important in our lives.

It is never too late to start studying. For next years Seniors to learn more than this years Seniors will benefit the entire world. This is the goal we should strive to attain.

Since this is the last year for 43 students of Ozona High School, they will be replaced by another class of Freshmen. To these are offered the advantage of a wider, newer world. We sincerely hope they use this advantage.

MARY JANE DUNLAP BAND SWEETHEART RICK HAGELSTEIN WINNER OF JIM CAMPBELL AWARD

By Yvonne Martinez

Mary Jane Dunlap senior, daughter of Mr. and Mrs. Ernest Dunlap, was crowned Band Sweetheart at the Spring Band Concert on April 29, 1965. Mary Jane won the honor by popular vote.

The Jim Campbell Award was given to senior Rick Hagelstein, son of Mr. and Mrs. Fred Hagelstein. The award is based on personality, conduct, cooperation, and participation in band. The Jim Campbell Award has been given for the past five years in honor of our former band director, Jim Campbell.

ADIEU, O. H. S.

By S. and Y. Martinez

How shall I miss thee, Let me count the ways. I'll miss the slamming of your locker doors, the noisy chatter in the halls.

The smoke-filled teachers' lounge, where the teachers repossess their youthful bounce. I'll miss the many war experiences of Mr. Leath,

And Mr. Moody hiding behind his English door.

Mr. Pelt's fantastic patience, and Mr. Cleere's "That will be all for today".

The always working mimeograph machine, and the chapter's reliability on cold winter days.

But most of all, I'll miss my friends back in the OHS halls.

DALLAS OR BUST FOR SENIORS

By Cathy Miller

Deep in the heart of Texas in the quiet, peaceful town known as Big-D, forty-three illustrious seniors of Ozona High School and their brave sponsors are enjoying the sights and sounds of big city life.

After checking into the Statler Hilton, the group

will invade the Cattleman's restaurant for some good Texas beef. That night the boys will go to one movie, a western since they have never seen cowboys, while the girls enter the world of romance watching "My Fair Lady."

Friday the seniors get a chance to try their luck at robbery when they tour the Federal Reserve Bank. Then they will see what keeps them going half the time, when they tour the General Motors assembly plant at Arlington. Some may have sticky fingers for auto parts the old jalopy may be lacking! Six Flags Over Texas is the next stop. They might not learn much about Texas history, but they're sure to have a good time.

Saturday the girls will be in heaven when they are turned loose for a morning's shopping spree. After a lunch at Picadilly's cafeteria, the seniors will go to Fair Park so they'll be nice and sick their last night in Dallas.

After an Asian meal at Ports o' Call the seniors will spend the rest of the evening at S. M. U. coliseum where the famous Smothers Brothers will be performing.

Sunday, after a leisurely breakfast at Howard Johnson's restaurant, the honored seniors will return to Ozona and their last week of school.

Every one has worked hard all year for this much-looked-forward to trip.

One thing is certain, the seniors will have a wonderful time. If anyone sees what looks like a greyhound bus that has "Dallas or (Continued on Page Seven)

REDDY TIPS

to Give You More Comfort from Your AIR CONDITIONING at a Lower Cost!

Furnishing you comfort, convenience and pleasure, Reddy works for even lower wages than he did 10 years ago. In fact... in homes served by WUTU, the average cost per kWh is 17% less than it was in 1953. Electricity costs so little you can use lots of it!

clip this out and keep as a reminder

KEEP FILTERS CLEAN... PREVENT WASTED DOLLARS

Take the "strain" off your air conditioner and your budget. A dirty filter restricts air flow, makes your unit work harder to keep your home cool, costs you more in operating costs. Almost one-half of their trouble calls are traced to dirty filters. And filters are inexpensive to buy—easy to install and clean. Filter glass throw-away filters can be cleaned well with a vacuum cleaner. Metal permanent type filters are best cleaned with water. Save money! Check them periodically.

AN OCCASIONAL CHECK-UP PAYS

Your air conditioning unit is a fine piece of equipment. A check-up keeps it in tune, prevents sluggish operation and sometimes reveals that a unit is low on refrigerant... this condition pays operating costs. Your serviceman can keep your unit charged with the right amount of refrigerant. He'll open up free air flow, too, by cleaning accumulated dirt, mold and algae from the cooling coil "fins" and fans. He'll make sure the motors, wiring and thermostats are working properly, and may even point your unit with rust preventive for longer life. You'll be glad your serviceman called!

THE THERMOSTAT SETTING IS THE KEY TO SAVING MONEY

The "just right" temperature for comfortable indoor living is 76 to 78 degrees F., although some might want it a little cooler and others a little warmer. The engineers say it will cost you as much as 10% more to operate your unit for each degree below the ideal 76 to 78 degrees F. How's that for a money-saving tip?

AIR CONDITIONING COSTS DROP WITH PROPER INSULATION

A home without proper insulation lets cool air out, hot air in—and vice versa during winter months. Insulation is not only a terrific bargain (saves up to 57% on summer and winter operating costs), it offers bonuses by absorbing noises and preventing dust from drifting in. Makes housework easier, living more pleasant.

SAVINGS TIP: WEATHERSTRIP

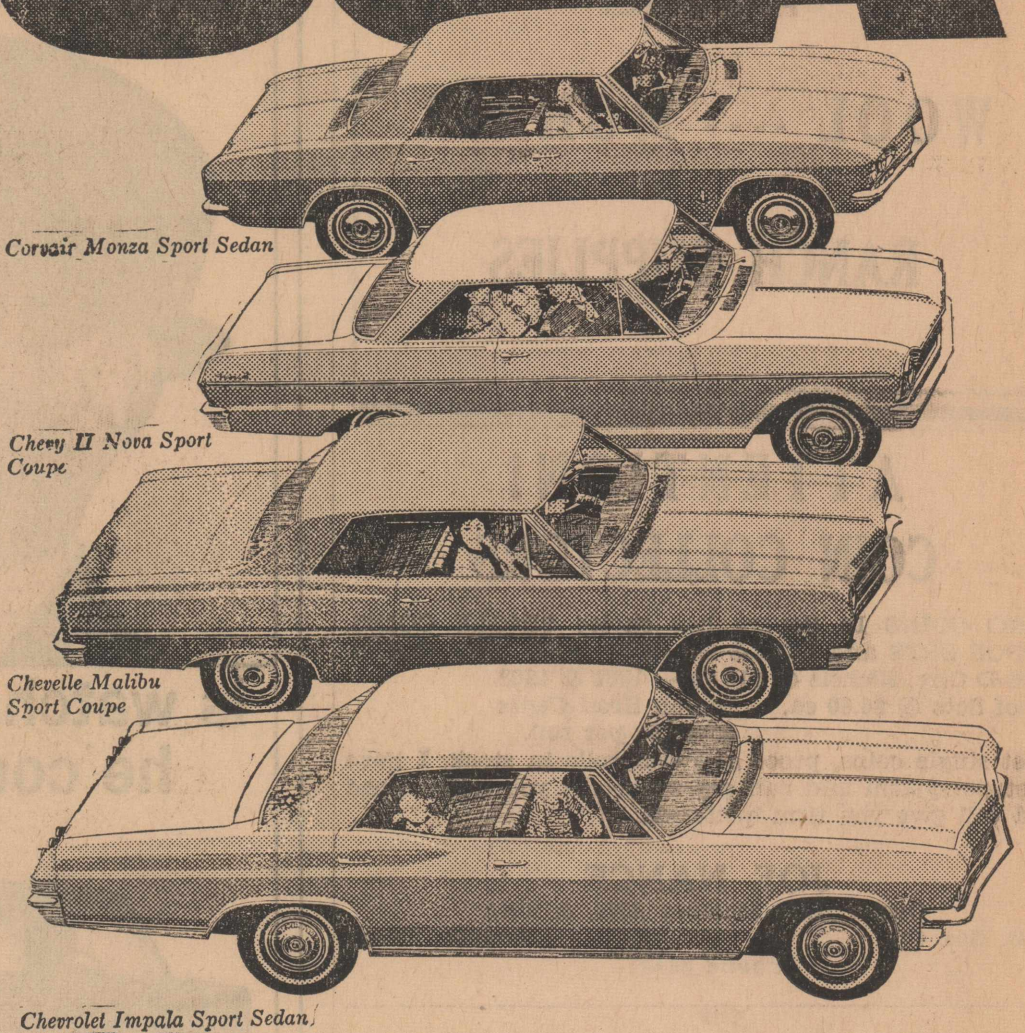

Air leaks around doors and windows are comparable to leaving your refrigerator door open—cuts down efficiency and adds to air conditioning operating costs. Save up to 10% instead by placing weatherstripping around doors and windows. It goes hand-in-hand with insulation in making your home a more enjoyable place by keeping out dust and noise.

TIPS TO REMEMBER

Prevent cool air from escaping up the chimney! Remember to keep the damper closed. Reduce the heat entering your home still more by using blinds, shades or draperies to block direct sunlight.

A mother's thoughts

Atomic bombs darken our skies . . . radioactive fallout threatens unborn generations . . . there is strife, unrest, even war in many parts of the world! How can we face the future with confidence when humanity stands at the very brink of destruction?

There is only one way: to be courageous and steadfast, and trust in the wisdom and mercy of God!

This little girl, my own daughter, does not know what troubles my heart. She is not afraid of tomorrow . . . not yet! Through the Church she will learn the ways of the Lord and how to live a truly Christian life. Through prayer may God help me set an example for my daughter . . . teaching me to put my trust, yes, my very life into His hands, no matter what the future might have in store for us!

EVALUATION LUNCHEON HELD BY WSCS

The annual Evaluation Luncheon of the WSCS was held last Wednesday at the Methodist Church. Mrs. J. A. Fussell, president, presided at the meeting.

The luncheon table held arrangements of spring flowers. New officers for the coming year were elected and will be installed next Sunday night along with the Wesleyan Service Guild in the Sanctuary of the church. The courtesy committee were hostesses for the luncheon. The World Banks were opened, the money to be used in the work of the Society.

There were twenty in attendance.

Stairway To Stars Banquet Features GA's Coronations

The Fellowship Hall of First Baptist Church was decorated with glittering stars, a grass-covered stairway, and the smiling faces of Girls' Auxiliary members who had brought their mothers for a "Stairway to the Stars" banquet on Friday evening April 23.

The "Star of Thanks" (invocation) was given by Susan Boyd before the second event on the program, which was "Filling Stars" at which time a delicious meal prepared by the Woman's Missionary Society was served by YWA members, Sherry Garvey and Kathy McAllister.

A coronation service was presented immediately following the meal. During this time awards were presented by Miss Mary Drucilla King to the girls who had passed in their Forward Step work during the past year.

Miss Esther Price of Uvalde gave the charge to the members as they received their awards.

Those receiving recognition were: Queen-with-a-Scepter, Bonnie Glynn, whose scepter bearer was Jimmy Carpenter; Queen-with-a-Scepter, Lois Poindexter, whose scepter bearer was Ralph Wayne Hall; Queen, Kathy Williams, whose crown bearer was Emily Ann Boyd; Princesses, Deborah Mathews, Kristie Thurman and Donna Thurman; Ladies - in - Waiting, Georganne Janes, Nanda Dozier and Glida Graves; Maidens, Teresa Shaw, Ann Glynn, Kaye Rippetoe, Lynn Thompson, Maesleen Grun, Carol Boyd, Vickie Hall and Lynne Neel.

Miss King, home missionary in Uvalde, Texas, and teacher in the Latin-American kindergarten there was "Evening Star", and spoke to the banquet guests on "Following the Star of Stars".

Special guests from out of town for this occasion were Miss King, Miss Price, Mr. and Mrs. Ray Baker and Florence of Uvalde and Mrs. Ed Glass of Hot Spring, Arkansas.

Benediction was given by Rev. Max Brown.

Counselors for Girls' Auxiliary are Mrs. Jack Mathews, Mrs. Lloyd Beaird, Mrs. George Glynn, Mrs. C. O. Poindexter and Mrs. Bill Cavanaugh.

BAPTIST WMU MEETS

The W. M. U. of the First Baptist Church met Wednesday in the fellowship hall of the church for a business session.

Mrs. Jim Carpenter brought the devotional.

Present were Mes. Norman Upham, Duwain Vinson, Roy Thompson, Myrtle Mitchell, Jack Mathews, George Glynn, J. T. Keeton, Jess Sweeten, May Cormier, Audrey Thomas, Max Brown, Dean Rippetoe, Bobby Halldier, Lloyd Beaird, Larry Dotson and one visitor, Mrs. Rodney Matthews visiting in the home of her grandmother, Mrs. J. T. Keeton.

Crockett Test Flows At Rate Of 50 Bbls. Hr.

C. L. Norsworthy, Jr., Dallas, No. 1 C. T. Harris, in 3-HH-L&SV, Crockett County Pennsylvanian detrital prospect, 10 miles northeast of Iraan and six miles west of the Escondido (Pennsylvanian, Fusselman and Ellenburger) field, flowed oil to pits at the estimated rate of 50 barrels per hour and reversed out a full string of oil with approximately 220 feet of drilling mud in the bottom, on a drillstem test between 8,380-8,410 feet.

Gas surfaced in five minutes, mud in 15 minutes and oil in 20 minutes, flowing the above gauge on 1/2-inch chokes. Gravity of the oil was 43.3 degrees; gas-oil ratio 550-1.

Flowing pressure was 3,015-3,425 pounds; 40-minute initial shut-in pressure 3,694 pounds; and 120-minute final shut-in pressure, 3,515 pounds.

Drilling was scheduled on a 10,200-foot Ellenburger contract.

Production was indicated earlier when operator attempted to take a test at the above interval when a leak was encountered in the drillpipe. Operator pulled the remainder of the pipe and found 1,300 feet of fluid of which the top 90 feet was 39.4 gravity oil. Operator had started back in the hole and had seven stands with collars in when the well started flowing a heavy stream of oil and gas, with the stream of oil estimated to be in excess of four inches.

Screwworm Fund Donations Reach \$9,426 In County

Cockett County ranchers had donated a total of \$9,426.08 to the middle of this week toward the fund to assure continuation of the fight to eliminate the screwworm from the southwest. A fund of at least \$300,000 is being sought from producers and sportsmen to keep the program going until the new federal fiscal year begins July 1, when the government takes over the entire program.

The following have contributed to the local fund since publication of the last list: George Montgomery, James Childress, Bob Childress, Fred Chandler, Sr., Christine Bean Ranch, Bill Black, Basil Dunlap, Ben Robertson, Gene Williams, B. B. Ingham, Jr., Wendell Parker, Fields Ranch Co., John Lee Henderson.

The screwworm fly was about a month late in making its appearance in the overwintering areas of South Texas, but is reported rapidly making up for lost time in outbreaks throughout the area. One confirmed screwworm case has been reported as far north as Kerr county. There have been a total of 11 cases reported to this date this spring. Eradication employees are said to be working furiously to stem the tide of further outbreaks and ask all ranchers to be on the lookout for infestations so that they can be "nipped in the bud" with a concentrated drop of sterile flies.

Shown above from right to left is W. W. Traylor, President of the San Antonio Livestock Market Institute, presenting a check from market interests to Dolph Briscoe, Jr., President of the Southwest Animal Health Research Foundation and Carlton Hagelstein, Jr., Vice President of Union Stock Yards San Antonio. This makes a total of \$4969.80 that has been contributed to the Screwworm Program since the beginning of the program in 1962.

SAC Band Presents Assembly Program

The San Angelo band presented the program at the High School assembly Wednesday morning, playing a variety of music to an appreciative audience.

Following the presentation of the band program, a number of trophies and banners won by F. F. A. and track teams in the past few weeks were presented to the school by members of the teams. Included in the a-

wards presented was a first place banner won in wool judging in the regional meet in Lubbock and a second place in livestock judging won at Alpine.

Track trophies presented by Mike Walters and David Childress were the District 8-A championship and the Region II track team championship trophies.

Student body President Joel Huff announced that try-outs for cheer leaders for next season would be held during the assembly period next week.

they had done the best job any group had done since the organization of the P. T. A. at South Elementary about 10 years ago.

Miss Roberta Lawrence's fourth grade won the attendance banner for the second time in a row. The final item on the agenda was the presentation to Principal Ernie Boyd of a gold lifetime pen and pencil set in recognition of his efforts on behalf of the P. T. A. since its reorganization when he came to the school.

Mrs. Lowell Littleton was presented a lifetime membership to the South Elementary P. T. A. Upon receiving the award she said she was humbly grateful in accepting the gold leaf pin.

there. He came to Ozona system with Mr. Sikes twelve years ago, teaching the first year and a half in the fifth grade in North Elementary. He was assigned to the principalship of South Elementary in Feb. 1955.

Before Mr. Boyd's tenure as South Elementary principal, there was an average of only one or two Latin-American students a year graduating from high school in Ozona. The average has now been raised to around 15 a year with prospects of the number reaching twenty or more. An improved reading program, and the addition of a 4-year-old school-sponsored kindergarten to the system is credited with contributing to this advance in educational advantages for pupils from the school. The

emphasis has been on a firmer foundation in the primary grades which has strengthened students in their pursuit of a higher education.

Mr. Boyd is a combat veteran of World War II. As a member of the Third Infantry Division, he landed with American combat forces at Anzio Beach and fought in Italy through Southern France and into Germany. He was captured a little over three months before the war's end in Europe and spent 93 days as a prisoner of war of the Germans. He and other Allied prisoners in the German camp were released on April 27, 1945, by Boyd's own division, the Third, commanded by Major General Iron Mike O'Daniel.

In an emaciated state from starvation, Mr. Boyd was sent back to the States and was hospitalized at Walter Reed Hospital in Maryland for nearly a month, finally receiving his discharge in December of 1945.

Mr. Boyd has been associated as a part time and summer full time member of the staff of the Ozona Stockman, since coming to Ozona, handling sports year round and general reporting. He is a talented newsman as well as a capable school administrator and teacher, and will be sorely missed around the Stockman office.

Mr. and Mrs. Boyd have three daughters, Susan, Carol and Emily. The family will move to Big Spring in August.

Ozona Youths Explore Cave On Chas. Black Ranch

When a trio of Ozona's budding spelologists went into a cave on the Charlie Black ranch in northwest Crockett county last week, they took no chances on being marooned at the bottom of a 90-foot drop from the surface to the first landing. They had three ropes dangling from the surface and one of them wound through a well anchored pulley at the surface.

These elaborate precautions were the result of the experience of some of the group in a recent tour of the 09 cave when the boys depended on their ability to climb the ropes about 60 feet to the surface only to find the rope had become wet and was impossible to climb hand over hand.

At the bottom of the cave on the Black ranch the boys Larry Williams, George Cox and Randy Upham, found a room 40 feet wide, about 200 feet long and about 40 feet from ceiling to floor. The cave has a number of living formations, stalagmites and stalagmites, and some very pretty formations, according to the explorers.

These Ozona boys were not the first to explore the cave, and other cavers, oil field workers in the area, are now engaged in widening a hole found in the bottom of the big room hoping to find more cave below it.
