City employees Joe Garcia, left, and Geronimo Molina check a stake on the city's runway extension project at Marian Airport. The extension will lengthen the airport's longest runway to 4,000 feet.

Softball Invitational Tourney to Open Friday

The first ball will be pitched at 7 p.m. Friday, July 10, in Wellington's annual Men's Softball invitational tournament, and the championship finals will be finished a little before 6 p.m. Sunday, July 12.

Approximately 250 players from the 19 teams are expected.

Play will be continuous from the opening game Friday until about 3 a.m. Sunday. Games to determine tournament winners will begin at 1:30 p.m. Sunday and the championship finals are set for 4:30, Randall Sims, president, announced.

The nicest trophies ever given in a Wellington tournament will be presented, Sims said.

Tournament officials will come from Altus, Okla.

In preparation for the tournament, Wellington Association members will work

on the grounds Thursday night starting at 8 p.m. and those coming are asked to bring hoes, rakes and shovels.

Champions of the 1979 and 1980 tournaments, Amarillo's Western International, will be back, as will the 1980 second place team, Sip's A's of Borger, which played the 1980 season under another name.

The nineteen teams entered, are three more than were planned. Sims said, Wellington remains one of the favorite tournament towns of the Panhandle with softball teams.

Starting the Sunday afternoon action, the two teams that have come through the winners brackets undefeated will meet at 1:30. Loser of the 1:30 game will go to the losers bracket, and there will be a game at 2:30 with the two teams left in the losers bracket. The team that loses that game is out of further play and will receive fourth place trophy.

Winner of the 2:30 game will then play the winner of the 1:30 game, with the loser receiving third place and the winner going into the championship finals with the winner of the 1:30 game.

Because teams like to play

in Wellington, many of the players will bring their families to watch the games.

Some of these will come in campers.

One team, Amarillo First Baptist Church, will stay at Panfork Encampment. Others have indicated they will stay at Pioneer Park, and still others will be in Cherokee Inn and King's Inn.

Additional players will stay overnight at Marian Airport.

The Satellite Center will operate the concession stand. Co-operating with the tournament is the City of Wellington, which is checking to see that all facilities at Marian Airport Ball Park are in top condition. Rest rooms at the swimming pool will be open and the pool will be open for its regular hours.

"We strongly urge the people of Wellington to come out and make these visitors feel welcome and enjoy some of the best slow pitch softball to be played in the area this summer," Sims declared, adding that the town's friendly atmosphere is one of the things that attracts teams to come here.

Teams entered by towns are:

Wellington: My-T-Burger

and Wellington Industries; Shamrock Rebels; Wheeler All-Stars; McLean Tigers; Childress Pizza Hut, Wizards and Rub-U-Outs;

Memphis Jazz and T&M Contractors; Clarendon Dusters; Borger's Fish Engineering, Borger Merchants and Sip's A's;

Amarillo: 1st Baptist Church, Comac, Villa Inn, Western International and a team which Bob Cummings is bringing down.

First Round games scheduled Friday evening are:

Wellington Industries and T&M Contractors, 7 p.m.; Jazz and Wizards, 8 p.m.; Rub-U-Outs and Wheeler All-Stars, 9 p.m.; Rebels and Comac, 10 p.m.; Pizza Hut and Fish Engineering, 11 p.m. and My-T-Burger and Amarillo 1st Baptist Church, midnight.

Saturday games are: Villa Inn and Cummings, 1 a.m.; Sip's A's and Tigers, 2 a.m.; Borger Merchants and Dusters, 3 a.m.

Western International drew a bye, and will not play until noon Saturday.

Play will continue in the second round immediately after the first round game.

This is the third year that the three-day slow pitch softball tournaments have been held in Wellington.

Guard Unit Leaves for Summer Camp This Week

Wellington's Detachment 1 Combat Support Company will join other members of the 2d Battalion (Mechanized) 142d Infantry of the Texas Army National Guard for the annual two week field maneuvers this week end. They will return Sunday, July 26.

Maneuvers will be held at North Fort Hood.

The advanced detachment will leave Wellington Thursday morning, July 9, and the convoy movement will follow on Saturday morning.

Altogether, 42 members of the Wellington company will attend the camp," said Sgt. Vernon Day. "They will take all equipment, including mortars, ground surveillance units, and their sophisticated red eye missiles," Day said.

Twelve vehicles will be in the Wellington convoy. The goal of this year's training will be to give every soldier "Hands on Training" and to prepare each soldier for battlefield survival," Day explained. "The

commanders and staff will be striving to instill in each soldier the concept of "One Army Team" he said.

"Texas is proud to have their own 49th Armored Division. And if the time comes that the president calls up the Texas National Guard, the 49th will be prepared to take its place among the regular Army anywhere in the world."

Approximately 600 men and women make up the 2d Bn, headquartered in Amarillo, commanded by LTC William E. Murphy of Lubbock.

At camp, the 2d Battalion will be training with the parent organization, the 2d Brigade which is commanded by Col. James T. Dennis of Ft. Worth.

Select units of the 49th Armored Division under the command of Major General John B. Garrett will be supporting the 2d Brigade.

Secretary of the Army, the Hon. Mr. Clark will visit the camp during the first week and Governor Bill Clements will visit the second week.

The Wellington detachment 1, Combat Support Company is commanded by 2 Lt. George S. Collingsworth of Shamrock.

Other units of the 2d Battalion and their commanders are Headquarters and Headquarters Company, Amarillo, Capt. Roger J. Lancaster; Co. A, Lubbock, Cpt. Jon V. Davidson; Det. 1 Co. A, Lubbock, 2 Lt. Roland Martinez; Co. B,

Pampa, Cpt. Gary B. Laramore; Det. 1, Co. B, Borger, 2 Lt. James A. Haun; Det. 2, Co. B., Shamrock, 2 Lt. Lawrence L. Erickson; Co. C, Plainview, Cpt. Norman L. Piwonka; Det. 1, Co. C, Levelland, 1 Lt. Ramon J. Leija; Det. 2 Co. C, Tulia; 1 Lt. Leslie L.B. Abernathy; Comat Support Co., Amarillo, Cpt. Darren G. Owens.

One Wellington man 1st Sgt. Bill Anders, will be in summer camp with another National Guard unit, Battery 1, 2d Battalion, 131st Field artillery, based at Vernon. During the two weeks training period, the battery will train in a variety of combat-oriented skills. New subjects are scheduled.

"In a war with the Soviet

Union, we will be facing chemical and biological warfare. That's why we are putting a stronger emphasis on training with the protective mask and with a lot of new gear designed to protect us against a chemical and biological threat," he said of the Vernon unit.

In addition to training as a complete unit, individual members of the battery will be tested on their personal technical skills.

The Vernon National Guard unit is comprised of members from Vernon, White City, Quanah, Seymour, Wellington, Graham, Brownwood, Dallas, Ft. Worth, Wichita Falls and Altus, Ok.

Airport Work Near Finish

Wellington City Council members heard an update on construction at Marian Airport from City Manager Glen Taylor at their meeting

Monday night, July 6.

Work scheduled under the 1981 funding should be completed in a few days, Taylor said. This was originally planned to take up the entire month of July.

Extension of the present runway to 4,000 feet will be completed to the point of surfacing, and that is in the 1982 program.

The runway has been packed so that it will not become muddy during wet weather, and within a few days it will be capable of receiving larger planes than have been accommodated at Marian Airport.

Taylor told the council that he has been notified by the Texas Aeronautics Commission that funds in the 1982 program may fall short of expectations and some of the Wellington work may have to be postponed until 1983.

The council agreed with Taylor's suggestion that the 4,000 foot runway be completed to the original specifications, and other 1982 work be completed on schedule with the exception of the proposed new 2,400 foot north-south runway, which would be completed in the funding the following year.

As soon as the 1981 airport work is completed, city employees will begin seal coating city streets, the specific number of blocks not yet decided on.

Taylor explained that some of these streets are getting in bad shape as they received only one coat of asphalt when they were laid

down two years ago.

A seal coat this year should last another two or three years, the city manager said.

Repair work will also begin on water lines under the direction of Water Superintendent Eddie Da-

No Head Lice at Swimming Pool

There has been an outbreak of head lice among children in the community, Dr. Carter Holcomb, county health officer, confirmed Tuesday, July 7.

And blame has fallen falsely on Marian Airpark Swimming Pool as the place where the lice are spread, adds City Manager Glen Taylor. The false rumor has cut deeply into pool attendance.

Both men give the swimming pool a clean bill of health. There are no lice in Wellington's municipal swimming pool.

"They (the head lice) cannot live on an animal and they cannot live in the swimming pool. They must live on a human," Dr. Holcomb emphasized.

"I checked with the state entomologist and he says

there is no way they (lice) can live in the swimming pool. They must have a human host to live on."

"We keep the pool properly chlorinated and we scrub the bath rooms with disinfectant," Taylor said.

"The outbreak went on in the schools before they were dismissed and then the lice appeared in some of the Vacation Bible Schools," Dr. Holcomb said. Next the report appeared that they were at the swimming pool.

The lice are wide spread. "I saw one youngster a few days ago who got head lice at a camp which was not in this county. If somebody gets them, he should consult the family physician for treatment. Head lice can be cleared up but sometimes it is a little bit of a problem and takes some time," the doctor reported.

Man Injured in July 4th Fight

Sheriff Kenneth Maxwell reported the July 4 Holiday here was marred by a party which turned into an altercation, injuring one man.

Jose Arreola, described by the sheriff as in his early 20s, received head wounds when he was hit with a baseball bat.

Arrested and charged with assault was Robert Alba who appeared before Judge Bob Watson in county court Tuesday, July 7. He was found guilty and sentenced to 30 days in jail and fined \$200, Maxwell said.

Arrested and charged along with Robert Alba was

his brother, Mauro Alba, who was found not guilty by Judge Watson and released from custody. Arreola was not arrested, Maxwell said.

The fight occurred at a house about four miles northwest of Wellington occupied by Timo and Ester Martinez, the sheriff said. An undetermined number of people were present.

The arrests were made by Deputy Gene Denton and Chief Deputy Ray Akemon. Sheriff Maxwell headed the investigation with other deputies assisting.

The sheriff's office received the disturbance call at 8:07 p.m.

COTTON CROP

The county's economic pulse beats to the rhythm of the cotton growing season. And this season the beat has been fast as many farmers had to scramble to scratch or replant wind, hail and water damaged cotton. One of the best-looking stands to date is Cecil Shanks' crop on Hattie D. Wells farm just east of the town section. Shanks planted the Lankard 57 variety on May 25.

Childress Chosen for Solar Energy Project

CHILDRESS, TEX -- A major breakthrough has been announced in the city's push to establish an experimental solar pond energy project near Childress.

Herold Kitchens, Chamber of Commerce manager, said General Electric officials will be in Childress July 8 to conduct a seminar explaining a GE experimental solar pond generating station engine now on the drawing boards.

The engine is the missing link in the city's efforts to utilize the community's natural resources for the solar research project.

"The U.S. Army Corps of Engineers, Tulsa district, has the rights to the salt spring we plan to use as the source of needed clear salt water, and the City of Childress has offered use of a suitable tract of municipally-owned land for construction of the ponds. Logistically, our location is ideal. What we need is the engine," Kitchens said.

City officials are extending an open invitation to the seminar to delegations from other areas and states.

"We are inviting Federal and state legislators, energy officials from the governor's office, all area city officials

and Chamber of Commerce delegates, university scientists, officials of rural electric co-operatives within 150 miles, and local and area power generating company representatives," Kitchens said.

Mayor Walter Lockhoof estimated that a minimum of 200 to 300 persons will travel to Childress for the session. Time and location of the meeting have not yet been set.

"There is tremendous interest nationwide in the solar pond concept, and I believe many officials will want a front-row seat at such a seminar," Lockhoof said.

The mayor noted that progress has snowballed in the proposed project since city officials conceived the idea just a few weeks ago. Nucleus of the plan hinges on the city's close proximity to a geographical wonder of the Southwest: a gigantic salt spring in the Red River, depth unknown, which produces 3,000,000 gallons of crystal-clear water and 400 tons of salt daily. This water is 20% saltier than ocean water.

Energy officials are looking at a solar-pond plan now successfully operating in Israel. The concept includes converting salt water to energy through use of solar-heated storage ponds and generators.

"Childress is the ideal spot in the United States for such a pilot, both geographically and geologically," Kitchens said. "We are determined to establish the city as the site for an experimental solar pond generating station. Purpose

of the pilot operation would be to find a successful alternate to fossil fuel to create energy."

City and Chamber personnel discussed the proposal with officials at the Solar Energy Research Center in Golden, Colo., and with General Electric technologists at the firm's solar pond research center in Schenectady, New York.

We learned that GE is at the present time working on an experimental engine for the project," Kitchens said. "When we presented our proposal to them, they agreed to an immediate seminar."

Kitchens speculated that the GE officials will present basic concepts of the engine during the seminar. The GE idea is unique in that the engine is being designed to remove salt content from the water during the process of converting it to energy.

"Their concept has a double bonus," Kitchens said, "An alternate source of energy, but also a new source of safe, usable water."

The plan now in use in Israel is basically the same except that the Israeli engines do not remove the water's salt content.

"We emphasize that the engine is still on the drawing board, but it does appear to function correctly in theory," Kitchens said.

He explained that the huge salt spring is located within the riverbed area of the Red River and that the Corps of Engineers has the rights to use of the water, as well as salt water in other nearby creeks and springs.

"The Corps of Engineers

THE WELLINGTON 2
(TEXAS) LEADER

is most co-operative in the proposal. In fact, their interest in such practical usage of the spring is one of the reasons we decided to try for the project," Kitchens said.

He further noted that the Corps of Engineers has the authority to construct the solar ponds.

We have everything we need: suitable clay soil on a tract of city land just five miles from the spring; unlimited clean salt water in the spring; and 300-plus sun days per year," he said.

Kitchens explained that the clay soil is necessary because it holds water well and would be needed for construction of the ponds.

The concept, based on the Israeli plan, includes piping the salt water to the solar ponds where it is heated by rays of the sun. It is then transferred to a generating station where it is converted into energy.

"The Israeli project has been in use for three years, and is not only a success but is being expanded," Kitchens said.

Another plus feature of the project is its clean operation.

"The solar pond concept is a closed system," Kitchens said. "There is no danger to our environment from it--no pollution, no environmental problems."

And, in addition, massive conversion to the method could save America's vanishing oil reserves.

The council continued its discussion of zoning ordinances for the city, agreeing that this is a needed measure for Wellington. A study of this is still under way.

Failure to Change Address "Hidden Cost"

"Americans are receiving more mail --important mail -- than at any time in postal history," says Wellington Postmaster Bratten. "Yet, when it comes time to call the movers, one of the most overlooked of all procedures is notifying the proper parties of the change of address. In addition to the personal expense and inconvenience to the homeowner and mailers, undeliverable-as-addressed mail has become one of the hidden costs of mailing."

Postmaster Bratten says the Postal Service spends about \$550 million a year to handle an estimated 4.5 billion pieces of mail that is undeliverable. "This is expense that ultimately ends up within the price of postage stamps, and worse, it is unnecessary. Change of address is a simple matter today."

The Postal Service has been urging its customers to inform all correspondents promptly of address changes at least 30 days before a scheduled move. With an assist from moving companies, real estate agents and others, the Postal Service distributes from ten to 16 million change of address kits every year to make it easier to notify correspondents and publishers.

KELLY RUSHING

Kelly Rushing TSCRA Field Inspector

FT. WORTH--Texas and Southwestern Cattle Raisers Association has hired Kelly Wayne Rushing, 28, of Pampa, as a field inspector for nine Texas Panhandle and three Oklahoma counties, effective immediately, says Don C. King, secretary-general manager.

Rushing, an eight-year veteran of law enforcement in Texas and Oklahoma, will work with cattlemen on theft investigation and livestock recovery in TSCRA District 6. Counties in the district include Carson, Gray, Wheeler, Armstrong, Donley, Collingsworth, Briscoe, Hall and Childress in Texas and Beckham, Greer and Harmon in Oklahoma.

Rushing is no stranger to Collingsworth County. He was in the Samnorwood areas frequently when his father, the late Rev. Bill Rushing, was pastor of Samnorwood Baptist Church. His mother is the former Ethra Jean Norman, who grew up in Wellington. She now lives in Pampa.

King noted that Rushing, a Shamrock native, grew up in the district and has spent all of his adult life working in the area, either as a cowboy or police officer. Rushing replaces Charles S. "Lucky" Thompson, who has been transferred to District 23, with new headquarters at Huntsville.

Rushing and his wife, the former Gimmie Nidiffer, have one daughter, Jennifer, three. They will continue to reside in the Grandview community of District 6.

City Receives \$1,100 June Sales Tax

The City of Wellington has received its city sales and use tax allocation for the period ending June 4, in the amount of \$1,100.

The 1% city sales tax is collected along with the state sales tax by merchants and businesses and is returned each month by the Comptroller's office to the cities which levy the tax.

Renee Owens Weds Eddie Hays In Formal Ceremony June 27

Miss Alcie Renee Owens and Eddie Wayne Hays of Hollis exchanged wedding vows in the sanctuary of First Baptist Church in Wellington, Saturday, June 27, at six in the evening, with the Reverend Stanley Hughes, pastor, as the celebrant.

The bride is the daughter of Mr. and Mrs. Ralph Owens, 1900 East Avenue, while the bridegroom's parents are Mr. and Mrs. Nelson Hays of Headrick, Oklahoma.

Altar decorations were a brass arch entwined with emerald and baby's breath, before which the couple stood. On each side were 15-branched spiral candelabras, accented with brass hearts holding lighted candles and a large basket of white gladiolas and shasta daisies, in front of a three-branched brass candelabra.

The parents pews were marked with brass candelabras holding a trio of candles, entwined with emerald leaf and baby's breath, accented with bridal bows. Other pews were marked with candles and wedding bows.

The couple lighted the memory candle, encircled with leatherleaf and gypsophila on a walnut stand.

Wedding music was presented by Mrs. Robert Owens, aunt of the bride, organist, and Miss DiAnna Schaub, vocalist.

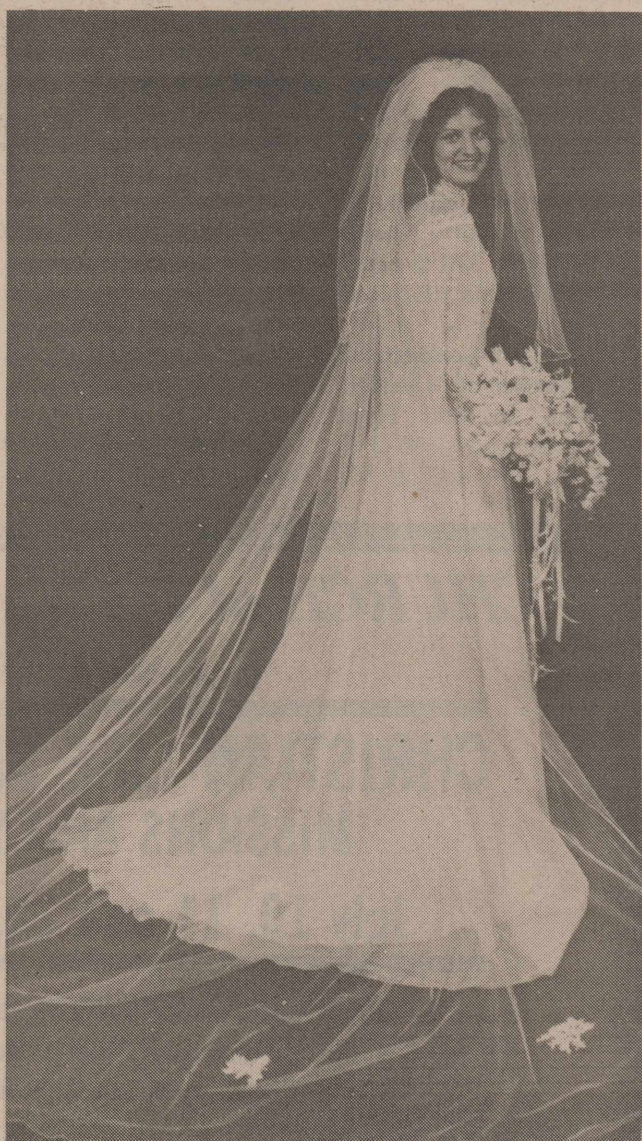

Mr. Owens gave his daughter in marriage.

The bride chose a formal gown of silk chiffon designed with a sheer English net yoke extending over the shoulders and enhanced by Venise lace heavily beaded with pearls and iridescents. Her closely fitted neckline was of scalloped Alencon lace and repeated the beading of the yoke. Her fitted bodice was overlaid in Alencon lace. Sheer juliet sleeves were caught by deep lace cuffs beaded in a vee to her elbows. The undersleeve was applied in Alencon lace motifs. Her silk chiffon skirt fell unadorned to the hemline and swept into a full chapel train. A matching Alencon lace juliet cap held her chapel length illusion veil which had hand rolled edges and was scattered with lace motifs.

Her bouquet was a cascade of silk lilies, freesia, and baby's breath, tied throughout with satin ribbon, with streamers into which baby's breath was knotted.

Attending the bride as maid of honor was Miss Maria Langford. The bride's sister, Jill Owens, was flower girl.

They wore identical gowns of apricot organza designed with a flounced capelet collar and fitted bodices. Full skirts fell to the flounced hemlines and were caught up in a Victorian bustle back, accented by a silk organza rose. They wore matching silk organza flower haloes in their hair with tiny ribbon bows and streamers at the back. The maid of honor

MRS. EDDIE WAYNE HAYS

carried a handkerchief fanned with silk apricot ribbon streamers. The flower girl's lace basket was accented with silk apricot ribbon and baby's breath.

Robby Hays of Hollis, brother of the bridegroom, was best man. Ushers were Paul Estes, cousin of the bride and Johnny Bob Crabb of Hollis.

Dudley Owens, brother of the bride, lighted the candles.

Miss Lisa Hartman, registered the wedding guests and distributed the wedding programs.

After the ceremony, Mr. and Mrs. Owens entertained with a reception in the church fellowship hall.

The bride's table was covered with a white lace cloth. Brass candlesticks with white tapers were around the bouquets of the bride and maid of honor to

form the centerpiece. Crystal appointments were used. Miss LaWanda Hays, sister of the bridegroom, poured the punch and Miss Carla Nunneley served the wedding cake. Miss Vanda Wood played the piano during the reception.

Apricot satin roses filled with rice were distributed by Jill Owens and Mary Ann Holliman of Panhandle, cousin of the bride. These were made by the bride's aunt, Mrs. De Holliman of Panhandle.

The bride was graduated from Wellington High School this spring.

A graduate of Hollis High School in 1979, the bridegroom is employed by Wellington Industries as a machinist.

Since returning from their wedding trip to Montego Bay, the couple is at home at 1222 East Jones, Hollis.

Garden Club, Shamrock Club Members at Pioneer Park

Wellington Garden Club met at Pioneer Park Wednesday, July 1, with the Shamrock Garden Club members as guests.

Each one brought a sack lunch and Wellington members provided ice cream and cake for dessert.

Mrs. Billie Uzzell and grandchildren, Brian and Cassie Young, visited with her parents, Mr. and Mrs. Doc Lewis. They also attended the Lewis-Childress reunion in Memphis.

The first to circumnavigate the globe in one trip was not Magellan, who did in two trips and was killed before completing the second, but Sir Francis Drake.

Maudie Coffee RTA Teacher of the Month

The Collingsworth Retired Teacher of the Month for June is Maudie Virginia Coffee, who probably has the most varied teaching career of any member of the Collingsworth Chapter, NRTA, one in which she has taught subjects first grade for 24 years at Samnorwood, to first year Latin at Aberdeen and Public School music at Alanreed.

Altogether, Maudie Coffee taught 41 years, much of the time in Collingsworth County.

Her first school was at Ella, in the extreme northeast corner of the county, close to the Oklahoma State line, with a salary of \$90 per month. (Later, during the depression, her salary would drop to \$65 per month.)

She was one of several Wellington women who would begin teaching careers in the Ella School.

"This was a one-teacher school with 9 pupils in 7 grades," Miss Coffee explains.

For the two years that followed, she taught at Quail, having 7th and 8th grades and high school English.

"These two years were followed by two years at Aberdeen," she continues, explaining this was only a few miles from the farm where she was raised. "The first year I taught third and fourth grades, and the second year I had fifth and sixth grades and first year Latin."

"The next 8 years were at Swearingen, in the red hills between Wellington and Memphis. Here I taught the first three grades."

Then another move took her to Vera in Knox County as first grade teacher; but the second year found her teaching history and government in high school. After two years, in order to be closer to her home, she moved to Alanreed and taught grades one, two and three and public school music for two years at a salary of \$65 per month. Her last move brought Maudie Coffee home to Samnorwood, where she taught 24 years, including the eighth grade, second grade, and for the last 22 years in the first grade.

Maudie Coffee was born at Umbarger, the daughter of the late John Alvin and Sarah Guinn Coffee. The family moved to Collingsworth County when she was two and the home place, where she grew up is one and one-half miles east of

Lutie.

Before there was a school or church at Lutie, the family attended church at Aberdeen, then when the school house at Lutie was built church services were held in it. Sunday School met at 3 o'clock on Sunday afternoon. Preachers of various denominations would preach, then on Sunday night people of the community would meet at some home for Sunday night singing.

Miss Coffee attended Lutie School until she had finished the ninth grade, when she came to Wellington for her last two years, graduating in 1922. Due to illness, she was out of school four years, then enrolled in West Texas State Teachers College, Canyon and received a B.A. degree in 1935 with a major in history and double minor in English and Spanish.

In 1942, she received a M.A. degree with a major in government. She also holds an administrator's certificate and penmanship certificate and has completed 6 advanced college hours above her masters degree.

Long active in her church, First United Methodist, Maudie has taught the Loyalty Sunday School Class 10 years.

She is a member of Texas State Teachers Association, National, State and county Retired Teachers Associations, the United Daughters of the Confederacy.

Miss Coffee belongs to Delta Kappa Gamma, an international honorary society for teachers and has held chapter offices of president, treasurer and also served a year on the state membership committee. In the Order of the Eastern Star, she served three years as worthy matron and filled some office each year she has been a member.

Additionally, LaPaisana

Mr. and Mrs. Frank Cook of Fort Worth visited his mother, Mrs. Jess Cook recently. The trio visited a granddaughter of Mrs. Cook's, Mr. and Mrs. Joel Landrum and family in Friona. In Melrose, New Mexico they were joined by Mrs. Judy McDonald and three daughters from Germany, Mrs. Cook's granddaughter; Dr. and Mrs. Dan Cook and three children from Aubrey, Michigan, a grandson; a great granddaughter, Mrs. Steve Ricar from San Cruz, Washington; another grandson and two sons, Bill Cook, from Lubbock and her daughter, Mr. and Mrs. Dempsey Harrell from Borger.

Mr. and Mrs. W.L. White had as visitors recently, Mr. and Mrs. Athol Wood of Stamford. They also attended the Young Family Reunion.

Visiting Mrs. Anita Roberts and her sons, Joe and Sam, last week was a friend, Melvin Aragon of Albuquerque, New Mexico. The Aragon and Roberts families are former neighbors.

Chapter, Daughters of the American Revolution, have elected her chapter regent, chaplain and chairman of various committees.

Her hobbies are needle work, visiting friends, reading and cooking.

Tammy Phillips, Ricky Floyd Wed in Lubbock Church Rites

Miss Tammy Phillips and Ricky Floyd repeated double ring wedding vows in Monterey Baptist Church, Lubbock, Saturday, June 27 at 7:30 p.m. The Rev. Randy Johnson, brother-in-law of the couple, officiated and the Rev. Bill Hindman, pastor of Monterey Baptist, assisted.

Mr. and Mrs. Gary Phillips, 3812-61st Street, Lubbock, are the parents of the bride. She is also the granddaughter of Mr. and Mrs. Grady Phillips of Wellington and Mrs. G.H. Neill of Lubbock.

Parents of the bridegroom are Mr. and Mrs. Richard Floyd 417 Brookhollow, Conroe.

An archway of greenery, white gladiolas and spider mums decorated the altar. Four candelabras were on either side of the archway trimmed with greenery and baskets of flowers. A unity candle stood at the foot of the altar. Candles on either side, were lighted by the mothers. Family pews were marked by white pew bows and coach candles trimmed in greenery and white ribbon. Other pews had small white bows.

Tony Phillips, brother of the bride, and Gary Floyd, brother of the groom, provided wedding songs. Mrs. Alan Wallace and Mrs. George Jury were at the piano and organ.

Mr. Phillips gave his daughter in marriage. She wore a formal gown of white lace and tulle over satin. The bodice featured a Queen Anne neckline and the empire waist of lace trimmed in seed pearls. Sheer lace sleeves were ruffled at the wrist. The full skirt of tulle flowed into a chapel train and an overlay

of tulle was caught in the back and drawn into a bustle. Her veil of illusion was attached to a cap of lace and seed pearls. It fell to floor length covering the train of the dress. The bride carried a cascade of gardenias and stephanotis. Linda Bryan, of Lubbock, was maid of honor. Serving as bridesmaids were Leigh Ann Floyd, sister of the groom, Valerie Moss and Carren Goodwin. They wore pink organza dresses designed like the brides'. They wore picture hats of pink organza tied with tulle net that fell past the waist. They carried cascades of pink silk flowers.

Miss Meredith Floyd, cousin of the groom, was

flower girl. Andy Allen, cousin of the bride was ring bearer.

Randy Draper of Bedford, cousin of the groom, was best man. Groomsmen were Tim Phillips, brother of the bride, Greg Curtis and Greg Lee. Ushers were Todd Phillips, brother of the bride, and Tom Phillips, Jeff Woods and Joe Woods of Lewisville, lighted candles.

Carol Johnson, sister of the groom, presided at the registry at the church.

After the ceremony, Mr. and Mrs. Gary Phillips hosted a reception in the fellowship hall of the church.

The Supremes

Three thoughts come to mind with the announ-
cement this week of President Reagan's
nomination of Sandra D. O'Connor to be the first
woman ever to sit on the Supreme Court.

First is the good sense shown by Potter Stewart
in resigning from the court when he was in good
mental and physical health. Lifetime appointments
and strongly held viewpoints have caused many
justices to stay on the bench far beyond their
capacities to deal with the complex and important
issues that come before them each day. Perhaps
Stewart's early resignation will give ailing justices
in future years an example to follow.

Second is that the appointment of a woman to
the court is overdue and welcome. Mrs. O'Connor
will probably be scrupulously conscientious and
diligent, in part because the nation's eyes will be
on her, and in part because women have to work
harder to achieve the same rank on the ladder as
men, and those who do succeed are usually a cut
above their male counterparts.

Women also bring a different perspective to all
levels of government and this is healthy in a
pluralistic society. In Collingsworth County, for
example, the hospital board has benefitted recently
from the presence of two women on its governing
board. (And this brings up the thought that all of
our local governing boards might benefit at one
time or another from the presence of a woman on
as a voting member.)

And third is the importance of Supreme Court
appointments to each one of us. The nine justices
hold the power of life and death in some instances,
but more importantly for most of us, they interpret
and sometimes make the rules under which we live.

Several justices are near the age when they
might retire, and if they do, President Reagan will
have the opportunity to appoint a majority to the
court that will sit through the adult working lives
of citizens now in their 30's and 40's. Few
decisions the President makes will be more im-
portant than his Supreme Court nominations.

a thought FROM HIS WORD...

The half-truth of Faith only is as misleading today
as it was in the days of the Apostles. James spoke
against this half-truth and so did many others.

"Even so faith, if it hath not works, is dead, being
alone." (James 2:17)

Paul instructed Titus to be careful to teach the
people these facts of God. "For the grace of God
has appeared, bringing salvation to all men, instruc-
ting us to deny the ungodliness and worldly desires
and to live sensibly, righteously and godly in the
present age, looking for the blessed hope and the
appearing of the glory of our great God and Savior,
Christ Jesus; who gave Himself for us, that HE
MIGHT REDEEM US FROM EVERY
LAWLESS DEED AND PURIFY FOR HIM-
SELF A PEOPLE FOR HIS OWN
POSSESSION, ZEALOUS FOR GOOD
DEEDS." (Titus 2:11-14)

We are not given salvation by grace to sit back
and greedily claim what is to come, but we are to
zealously work to share this good news with all
mankind. To love God and love our brother; this is
the way we are given salvation. REO

STATE CAPITAL HIGHLIGHTS

By Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN—Texas Repub-
licans are gearing up to run
former Dallas Cowboy quar-
terback Roger Staubach as a
candidate in 1982 against
U.S. Sen. Lloyd Bentsen.

Last week a political ac-
tion committee, which is try-
ing to "draft" Staubach into
the candidacy, announced it
has the support of 237 Re-
publican precinct chairmen
across the state.

The group also said it will
soon launch a drive seeking
50,000 signatures on peti-
tions asking Staubach to run
for the Senate.

Staubach has said over
and over again that he is not
interested; others insist that
he is.

The uncertainty of his
position puts the public
much in the position of the
fan in the stands, wondering
which play the quarterback
will call next. Indeed, it may
be the case that Staubach's
political promoters are using
this public controversy to
build up the former athlete's
credibility as a political candi-
date.

It's also a nifty way to get
statewide publicity for their
man . . . and all he has to
do is assert that he is "not
interested," right up to the
point when the 50,000 signa-
tures come back to his
desk. Then, his handlers can
claim that overwhelming
support caused Staubach to
change his mind, and heed
to duty when duty calls.

Staubach has, of course,
the All-American whole-
someness which makes for
an attractive candidate. He
is in rhythm with the con-
servative trend, but his
strongest asset is his image
as a winner, a smart winner.

Other Republicans think-
ing of running against Bent-
sen are U.S. Rep. Jim Coll-
ins of Dallas and State Sen.
Walter Mengden of Hous-
ton.

Bentsen, Others

Senator Bentsen has few

negatives in his image, plus
he has years of experience
that make him a heavy-
weight on the Hill. Not the
least of factors to be con-
sidered, he already has a
formidable \$1.5 million cam-
paign chest ready. Staubach,
proceeding cautiously, must
surely be aware of this fact,
but the ex-Cowboy would
also be in good position
should Bentsen seek office
elsewhere, like the Govern-
or's Mansion in Austin.

In the meantime, former
Texas Gov. Dolph Briscoe
has opened a campaign fol-
lio, presumably to test the
waters for a 1982 race. Bris-
coe hasn't said if he will
run, nor indicated the office
he wants. He is thought to
have long eyed Bentsen's
post. A return to govern-
ship also is not ruled out.

Briscoe's first step will be
to explore a negative rating
by the public which showed
up in a recent exploratory
poll.

Prison Ruling

Texas officials celebrated
last week after a federal
appeal court judge delayed
the court order forcing the
state to hurry up with an
expensive reform of the
prison system. No date for
formal arguments has been
set.

A few weeks ago, Judge
William Wayne Justice an-
gered Clements, Atty. Gen.
Mark White and almost
the entire Legislature with
sweeping reform rulings.
His decision was doubly
grating for Clements, who
vetoed a legislative plan to
build new prisons during his
first session. That veto, plus
inflation, raised the cost of
the delayed prison projects
but Justice's ruling
pushed the price tag even
higher.

The appellate court set
aside 10 provisions of the
reform order pending a
hearing, including the order
for Texas to provide single

cells and increase prison
furloughs.

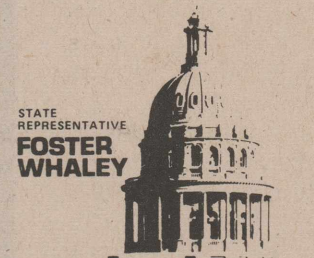

Judge Justice's ruling was
prompted by a class action
lawsuit led by Texan David
R. Ruiz against the Texas
Department of Corrections
for overcrowded prison con-
ditions and other alleged
violations of constitutional
rights.

An added twist to the
prison story: last week Clem-
ents granted a long-sought
parole to Ruiz.

When they passed the
wiretap bill last month, leg-
islators had given much
thought about whether the
new law would be used to
violate the privacy of law-
abiding citizens. But a state
senator now charges the
wiretap program will cost
too much . . . some \$1 mil-
lion a year. Peyton Mc-
Knight of Tyler, who has
said he would like to run
against Clements, is now
attacking Clements' perhaps
most-prized piece of legisla-
tion.

McKnight would rather
use undercover agents, say-
ing they are much more ef-
fective. After all, Florida
has the wiretap law and the
highest rate of narcotics
trafficking along with it.

The Legislature, in ap-
proving Clements' hard-
fought and skillfully-won
proposals, added a clause to
sunset the new wiretap law
in four years, unless re-
newed at that time.

Governor Clements has
called a special session of
the Legislature for July 13.
Two of the five items in the
call will require Constitu-
tional Amendments. On
July 9, the Constitutional
Amendments Committee, of
which I serve as Vice-Chair-
man, will meet in Austin to
attempt to screen proposed
Constitutional Amend-
ments.

1) Creation of a Water
Trust Fund. During the past
session, the Legislature
came close to passing the
Water Trust Fund legisla-
tion -- House Joint Resolu-
tion No. 33 by Clayton. It got
killed at the last minute in
the Senate on a point of
order -- time ran out. The
House previously passed the
bill by a large favorable
vote.

2) Repeal of the State Ad
Valorem Tax. During the
regular session the repeal of
the State Ad Valorem Tax
was tied to the creation of an
\$80 million building fund for
the 17 state-supported
colleges and universities of
Texas that are outside of the
Texas A&M and University
of Texas systems. The latter
two universities have had a
Permanent University Fund
that was created several
decades ago for purposes of
their building needs. This

bill died in a Senate-House
Conference Committee.
Governor Clements has
nailed this one down to
strictly a repeal of the State
Ad Valorem Tax. If this does
not get through, taxpayers
could be billed for two years
back taxes, and beginning in
1982, they would be paying
in the hundreds of millions
of dollars based on 100
percent of appraised values
- another big boner caused
by the Peveto bill. A Mid
Western University law suit
is pending on this issue. The
State Ad Valorem Tax was a
constitutionally-designated
tax. Peveto tried to run it
down to .00001 statutorily.
Thus, a need of a
Constitutional Amendment
to rectify the Peveto
mistake. Another Constitu-
tional Amendment will be
on the ballot that passed the
last session. This will phase
in the pain of 100 percent
evaluation of homesteads
over a 3-5 year period.

The remaining three
would not require constitu-
tional amendments.

3) Consideration of the
Medical Practices Act. This
one also got locked up in a
House-Senate Conference
Committee at the last
minute. We think this one
will be compromised out and
pass without too much fuss.

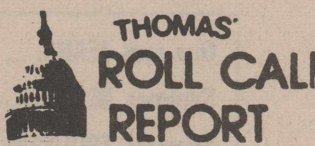

4) Congressional Redi-
stricting. This one also got
hung up in the last day of
the regular session in a
House-Senate Conference
Committee. The Governor
says he wants a Black
District created in Dallas.
Representative Craig Wash-
ington, a black legislator
from Houston, says the
Governor wants to compress
all the Blacks in one District
and created a Republican
District. Washington ac-
cused the Governor of
"hiding behind the ragged
clothes of the poor, black
people of South Dallas." This
one will turn into a real
fight in the Special session.

5) Revision of the
Property Tax Code. This,
too, got tied up in a
House-Senate Conference
Committee. This was de-
scribed by the Governor as
fine tuning the Peveto bill.
Representative Lynn Nabers
feels as I do. The Peveto bill
does not need a fine tune job
or an overhaul. It needs to
be junked.

Any law that has been on
the books less than two
years that needs 108 pages
of fine tuning and two
Constitutional Amendments
should be erased as quickly
as possible. The sparks will
fly on this one. I helped lead
the fight to place an
amendment that would
require elected appraisal
boards. We were successful
in the House, but the Senate
stripped this Amendment
off the House version, one of
the reasons it died in
conference.

U.S. Senators and Con-
gressmen have to stand for
election based on their
taxing and spending pro-
grams. State Senators and
Representatives have to
stand for election based on
their taxing and spending
programs. Proponents of the
Peveto bill say you cannot
trust locally elected officials.
They should be appointed
and take it out of politics.
Can you think of a local
taxing entity appointing
someone to an appraisal
board that would be
unfriendly to their cause?
Nothing could be more
political than an appointed
appraisal board member.

We will try to update you
as the first called session of
the 67th Legislature gets
underway.

Your Congressman's Votes
Reported Each Week

WASHINGTON -- Here's
how area members of
Congress were recorded on
major roll call votes prior to
the July 4th recess.

HOUSE

THE REAGAN BUDGET
The House voted, 217 for
and 211 against, to follow
GOP marching orders that
will cause the most
fundamental change of the
federal government since
World War II. Once the
House and Senate agree on
final wording, the "budget
reconciliation" measure
(HR 3982) will inflict at least
\$35 billion worth of FY 1982
cuts in some 250 federal
programs, with defense
spending the only major
area left uncut.

Members voting "yea"
favored the GOP rather than

the Democratic attack on
runaway federal spending.

Reps. Samuel Hall, D-1,
Charles Wilson, D-2, James
Collins, R-3, Phil Gramm,
D-6, Bill Archer, R-7, Jack
Fields, R-8, J. Marvin
Leath, D-11, Jack High-
tower, D-13, Richard White,
D-16, Charles Stenholm,
D-17, Kent Hance, D-19,
Tom Loeffler, R-21 and Ron
Paul, R-22, voted "yea."

Reps. Ralph Hall, D-4,
Jim Mattox, D-5, Jack
Brooks, D-9, Jake Pickle,
D-10, James Wright, D-12,
William Patman, D-14, Kika
de la Garza, D-15, Mickey
Leland, D-18, Henry Gon-
zalez, D-20, Abraham Ka-
zen, D-23, and Martin Frost,
D-24, voted "nay."

SENATE

BUDGET CUTS By a vote
of 80 for and 15 against, the
Senate passed its version of
the budget reconciliation
measure (see House vote
above). The bill (S 1377),
sent to conference with the
House, mandates \$39.6
billion in FY 1982 spending
cuts as well as reductions for
other fiscal years. Reconcil-
iation is an interim
disciplinary step between
last May's enactment of the
FY 1982 budget blueprint
and upcoming action on
specific spending bills.

Senators voting "yea"
supported the GOP-athor-
ed budget-cutting plan.

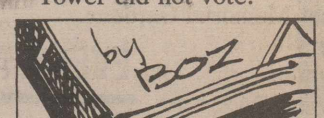

Sens. Lloyd Bentsen, D,
and John Tower, R, voted
"yea."

'WASTE AND ABUSE'

By a vote of 44 for and 52
against, the Senate rejected
an amendment to require
deeper FY 1982 cuts in what
federal agencies can spend
on travel and consultants'
fees. The pending bill (S
1377, see preceding vote)
already contained cuts of
\$550 million for travel and
\$500 million in outlays for
consultants. This amend-
ment sought additional cuts
of \$200 million and \$500
million respectively.

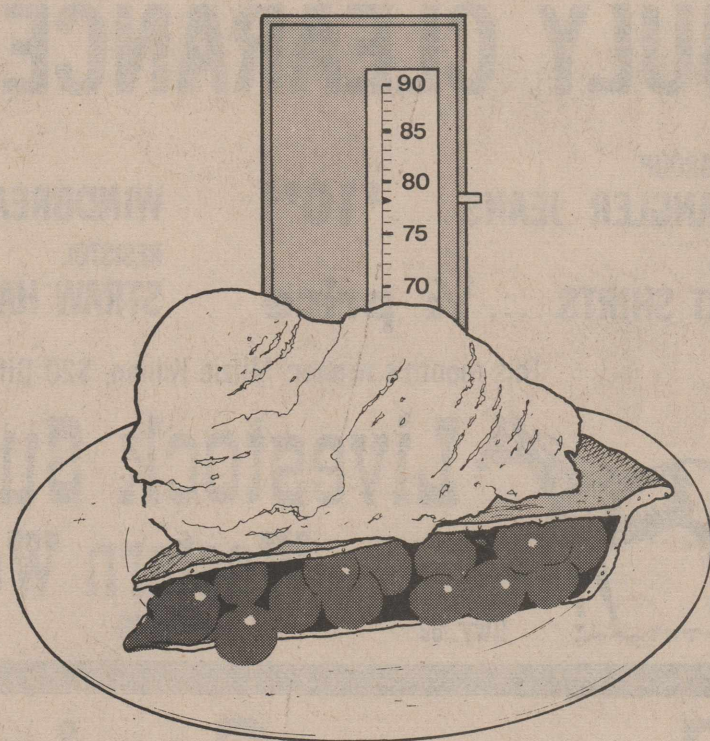

Senators voting "nay"
opposed still deeper FY
1982 cuts in travel and
consultants' outlays.

Bentsen voted "yea."
Tower did not vote.

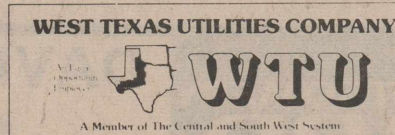

Charles Dickens' pen
name was "Boz".

SELF-CONTROL CAN BE THE SMARTEST THING YOU DO THIS SUMMER...

Self-control can be the smartest thing you do this summer. Sometimes
you have to cut down on the things you like, that takes self-control. Self-
control is important when you overindulge in too many calories . . . or
when you over cool your home. It can be rough on your pocketbook if you
set your thermostat too low on hot summer days. WTU recommends set-
ting your thermostat at 78 degrees or higher. Clean or replace your air
conditioner filter at least once a month so your unit will operate as effi-
ciently as possible.

1961 Class Requests Reunion Reservations, Questionnaires

A major event of this year's Wellington Ex-Students Reunion will be the 20th anniversary reunion of

Jimmie Sexton Dies June 27 At Lawton

A former Dodson woman, Mrs. Jimmie Crowder Sexton, 52, of Lawton died at 3:15 a.m. Saturday, June 27, in a Lawton, Okla., hospital after a long illness.

In spite of ill health, she had continued with her work until shortly before the first of the year.

Mrs. Sexton was born June 27, 1929, north of Hollis, the daughter of Mrs. Virgie Crowder, now of Hollis, and the late Edwin Crowder. The family moved to Dodson when she was three. She graduated from Dodson High School in 1946. In 1955, she moved to Memphis, where she lived for a number of years. She had lived in Lawton 14 years.

Mrs. Sexton bought and sold cotton for a gin at Memphis and later was a grain merchandiser for Co-op Services at Lawton, and also a former secretary for the Oklahoma Wheat Growers Association. At the time of her death she was employed by Goodyear.

She was a member of First Baptist Church, the Agri-Women Association and the Goodyear Women's Club. Through the years she was involved in many civic and community projects.

Funeral services were held at 2 p.m. Monday, June 29, in Memorial Chapel of First Baptist Church with Rev. Rick McIntire, associate pastor, officiating. Burial was in Sunset Memorial Gardens.

Survivors are three daughters, Mrs. Lu Crenshaw and Mrs. Dan (Sheila) Lewis, both of Hollis and Traci Sexton of Lawton; her mother, Mrs. Crowder, and three grandchildren.

the class of 1961, which has events scheduled Saturday, August 1.

Two class members who live in Wellington and three in Amarillo are working on plans.

They are requesting immediate information on two reunion items. Those who have not returned

Tournament At McLean

A 16-team softball tournament will be held at McLean, Friday through Sunday, July 17, 18 and 19, with the deadline for entering to be Monday, July 13.

The entry fee is \$90 per team.

Team trophies will be given first, second, third and fourth place winners and individual trophies will go to members of the first place team.

Those wanting to enter the tournament or who need more information may contact Jack Dorsett, Box 173, McLean, Tx 79057, or call 779-2785.

questionnaires or have not made reservations for the class luncheon, are asked to do this before Wednesday, July 15 deadline.

The luncheon will be at noon Saturday, August 1, at the Veterans of Foreign Wars building. It will be catered by Carroll's Restaurant of Wellington and cost is \$5.00 for each family member.

Judy Hall of Wellington is handling this and anyone wanting additional information may contact her by calling 806/447-5667, or they may send reservations along with questionnaire replies to any of the following:

Celia Meadors, 5615 Tranquil, Amarillo, Tx 79109; Patricia Sullivan Phillips, 7004 Sunburst, Amarillo 79110; Lynda Orr Davis, 5509 SW 34th, Amarillo, Tx 79109; Judy Hall, 1710 Haskell St., Wellington, 79095, or Dr. W.P. (Bill) Estes, 1500-15th Street, Wellington, 79095.

A reunion booklet, "The 1961 Reunion Annual" giving information about class members is being compiled and will be handed out at the class reunion, said

Celia Anderson Meadors of Amarillo.

Questionnaires were mailed to each class member whose address is known, along with reunion information, according to Mrs. Meador. "This of course will be interesting to those who are unable to attend," she said.

Mrs. Meador urges everyone to fill out these questionnaires and return them by the deadline, Wednesday, July 15.

"We are hopeful everyone will make an effort to return them as soon as possible," she said. In case some have lost these questionnaires, the information asked for includes: full name, maiden name of women, marital status, spouse's name, and indicate if from Wellington; present address, occupation of the class member and spouse, children's names and ages, and brief summary of what the class member has been doing in the past 20 years, including family, business, hobbies, travel, etc.

Mrs. Meador said this will be a simple booklet, but it will give interesting information.

This will be held Friday evening, July 31, the evening before the general Wellington Ex-Students Reunion on August 1.

The seven whose present addresses are needed include: Debbie Caison, Paulette Cole Lewis, Pat Hollowell, Keith Hooper, Lindy Norman, John Pen-dergraft and Wayne Whit-ten. Anybody who has the

address of one of these, or who knows how one can be reached, is asked to contact Betsy Lemons, 1604 Ellison, Wellington, 79095, Phone 806-447-2867; or Phyllis Thomas Killian, Route 1, Wellington, 806-447-2130.

Those attending the 1971 class reunion will meet at Pioneer Park at 7:30 p.m. for a cookout.

"Everything is informal," said Mrs. Lemons.

Most of the time will be given over to visiting-as late as anyone wants to stay.

There were 59 in the 1971 graduating class, and almost 20 of these are still living in the Wellington area.

"There will be those who cannot get to Pioneer Park in time for the supper, but we want them to come and visit anyway," said Mrs. Lemons.

Those who still live here are Kenny Black, Reece Bowen, Roger Browning, Becky Burba Blevins, Tommy Campbell, Betsy Castleberry Lemons, Phyllis Thomas Killian and Mark Killian, Lynn Fulcher, Danny Gray, Ted Harris, Johnny Lemons, Jerry Lewis, Beth Peters Mosenbocker and Randy Mosenbocker, Debbie Neeley Kane, Eddie Popwell, Alfred Saldana and Rodney White.

GOLF AT WILLOW CREEK

By Mary Sanford

The Willow Creek Women's Golf Association of Wellington Country Club met July 1. Following 9 holes of golf, a covered dish luncheon and business meeting was enjoyed by the members.

Louise Mabery conducted the business meeting. It was reported that Linda Brewer, Jennifer Pendleton, Patsy Martin, and Louise Mabery, attended the Quannah Partnership Best-Ball Saturday, June 20.

The trip to Taos, N.M. August 4, through August 7 or 8, was discussed. The plans are to play golf one

day at Angel Fire, N.M., and one day at Penderais Resort Ranch between Las Vegas and Taos, plus sightseeing and shopping in the area.

Louise reminded members that the next Greenbelt Round Robin Scramble will be in Memphis Tuesday, July 14.

Edna Wooldridge Wednesday's play co-chairman, announced the winners for June 17 and 24. On the 17, the low putt score on holes 2, 7 and 5, was a three way tie, shared by Patsy Martin, Ivabell Mauldin, and Boveva Bratten.

Low score that day went to Louise.

On the 27, there were 4 teams with three players for blind partnership, Billie Holton's team won. Her teammates were Eugene Sherman and Mary Sanford.

(Yep, I finally won. Hope this will start a precedent.) Till next time... "Keep your eye on the ball."

Army Needs 4 From Wellington

"We need young people from the Wellington area in the Army," says SSG Dereck Taylor, Army recruiter at the local Canyon recruiting station.

Taylor has been assigned to find four people from this area to fill vacancies in various career fields, such as communications, administration, aviation, and combat arms. "There are many other fields available," says Taylor, "the Army offers skill training in over 200 jobs with duty stations all over the world."

"In the Army you can receive the career training you choose and receive active duty pay while learning. Also, you can choose your first duty station. What better way to learn a skill and travel at the same time?" asks Taylor.

Young people interested in being one of the four from Wellington should visit SSG Taylor at 308 16th Street in Canyon or call him at 806/655-1155.

holes of play.

Tee off time will be at 8:30 a.m. both Saturday and Sunday for flights three and four, and at 2 p.m. for the championship, first and second flights.

First place winner in each flight will receive Titlist pro model irons; second, Titlist persimmon woods; third, imprinted bags; and fourth, imprinted putters.

"I think an individual tournament like this is a better test of a person's ability, for he doesn't have to rely on a partner," Cole said. "An invitational is an individual sport and that's the way it was meant to be."

Club members will host a covered dish supper on Saturday evening for players. "These ladies out here

can really cook, and they will serve a variety of food," Cole declared. "They'll bring some pretty elaborate dishes," Cole declared.

"I can't say enough for the greens. They're still in excellent condition. I'm surprised, but we haven't had wind and heat lately."
