Talks With POWs In Neutral Zone Delayed

Nolan County Offset Well Is Set To Drill

Union Oil of California and B. A. Duffy of Abilene have staked location for a north offset to their No. 1 Evelyn Cox, a recently completed Canyon sand discovery in West-Central Nolan County.

The offset will be the No. 2 Cox 1,980 feet from south and 660 feet from west lines of section 91-22-T&P. It is one and one-half miles west of the Lake Trammell-Canyon sand field.

Projected depth of the No. 2 Cox is 7,100 feet, with operations to begin at once.

GARZA COUNTY

E. H. Jones, trustee, of Big Spring, No. 1 K. Stoker, Southwest Garza wildcat, has been plugged and abandoned on total depth of 2,602 feet.

The project was drilled 330 feet from south and east lines of the southeast quarter of section 943-97-H&TC, about six miles northwest of Justiceburg.

DRILLING REPORT

Texaco No. 2 C. D. Jones, Northeast Borden test, is driling below 7,066 feet in lime and shale.

Texas Crude, Ponder and Vickers No. 1-42 White, Borden wildcat, is drilling in lime below 3,320 feet.

Gulf Oil No. 1 C. C. Canon in extreme West Borden County is swabbing through perforations from 7,330-385 feet and 7,410-455 feet.

Texaco No. 1-B Clayton in Southwest Borden is at total depth of 3,060 feet and waiting for cement to cure on nine and five-eighth-inch casing set at 3,059 feet.

Ryan & Burke No. 1 Canon in West Borden is drilling in lime and shale below 7,575 feet.

Hunt Oil No. 1 Beulah Branch, Stonewall wildcat, is drilling in black shale below 6,250 feet.

Turner No. 1 Jones, Northeast Howard project, is at total depth of 3,166 feet in lime and is shut down for orders.

Cob & Daniel No. 1 Veal, extreme North Howard wildcat, is drilling in shale below 6,620 feet.

Big Publisher Shot To Death

LOS ANGELES (AP) — Several hours after Douglas De Vorss, 52, wealthy publisher of metaphysical literature, was shot and killed in his downtown office, Walter Henry Kruse, 53, Minneapolis postman, surrendered to police.

Flanked by three attorneys, Kruse gave himself up last night and was booked on suspicion of murder.

Kruse's estranged wife, Hazel Mary, 45, was quoted by officers as saying her husband had threatened for years to kill her and their son and daughter. The couple has been married 27 years. Mrs. Kruse was employed as a housekeeper by De Vorss after his wife, Dorothy, died in childbirth last June.

Employes in De Vorss' office told police that Kruse brushed by them and fired three or four shots at the publisher.

His secretary, Mrs. Sunny Widell said De Vorss had not met Kruse until last Saturday, when Kruse sought to learn where his wife was living.

Mrs. Kruse told officers her husband had accused De Vorss of impeding their reconciliation but that in reality he had been trying to get them back together again.

Brooklyn Local Bolts Ousted Longshoremen

NEW YORK (AP)—A big Brooklyn local has bolted the International Longshoremen's Assn. (ILA), ousted from the AFL last Tuesday and disputing with the New York Shipping Assn. over a new contract.

Local 1199-1 announced yesterday it was breaking away from the union headed by Joseph P. Ryan, and said it was ready to apply for membership in the new longshoremen's union to be formed by the AFL.

JOVIAL MOOD

Secretary of State John Foster Dulles (left) and David Dubinsky of the AFL Garment Workers appear in a jovial mood on the stage at the American Federation of Labor national convention in St. Louis. Dulles addressed the group praising AFL support for free workers organizations abroad.

France Wants To Negotiate On Indochina

UNITED NATIONS, N.Y. (AP)—France today offered to negotiate with the Communists for peace in embatted Indochina and suggested that the projected Korean political conference be broadened to take on the task.

Deputy Foreign Minister Maurice Schumann also told the U. N. 60-nation general assembly that France would do all in its power to have the conference invite India to join in its work.

Schumann said that if the Korean conference didn't get around to the Indochinese problem, it might be taken up on a diplomatic level afterwards

Such a negotiated peace between French union forces in Indochina and the Communist-backed rebels "would make it possible to look forward to the return of more normal conditions of international relations in Asia," he said.

The French diplomat said he had heard "unofficial declarations" from the "two powers which inspire and arm the Vietminh rebels" that they were disposed to negotiate an end to the war.

This was a clear reference to the Soviet Union and Communist China. He then declared that "it remains for them to prove that these ambiguous hints are not mere propaganda" and suggested that the peace talks begin during or immediately after the Korean conference.

COP KNOWS HOW TO HANDLE GUN

LOS ANGELES (AP)—Policeman Albert McNellis learned that shopping with his wife can be dangerous.

While she was making a purchase last night, McNellis reached for his wallet, but instead accidentally grabbed his gun.

The pistol discharged and shot him in the right foot.

Texan Beat Up In Chicago By Three Gunmen

CHICAGO (AP)—Two oil company executives were abducted and robed by three gunmen last night and after a 90-minute ride they were blackjacked and released in a West Side alley.

The victims, seized in the parking lot at the Elmhurst Country Club in suburban Elmhurst, are Harold T. Martin, 44, president of the Martin Oil Service, and C. D. Tinsley, 42, Houston, Tex., vice president of the Triangle Refineries Inc., of Houston.

Martin suffered a splintered bone in his right arm and body bruises. Tinsley suffered severe bruises on the right thigh and ankle.

Martin told central police that he and Tinsley were dragged from his car and into the robbers' car where they were forced to lie on the back floor.

After he and Tinsley were robbed of a total of $265 the bandits demanded jewelry. When they insisted they had none, Martin said, one of the robbers beat them with a blackjack.

Martin said they were driven around West Side suburban areas for an hour and a half and then released.

State Snoops May Hit Scurry County On Car Registration

Suits are now pending in a Howard County justice court against three residents of that county charged with registering their automobiles in other counties.

The complaints were filed by J. B. Johnson and N. K. Warner, State Highway Department agents who recently filed 44 simillar cases in Midland County.

"Our operations are not limited to Howard County," Johnson stated. "We have a 72-county area to cover, and every county in the state will be affected."

The two men stated that they will be working in and around Howard County indefinitely.

Johnson and Warner pointed out that under Texas law, automobiles must be registered in the county in which the owner resides at the time of registration. The law is not a new one, they said, although it has not always been enforced in this particular area. Suits can be filed only against the owners of vehicles operated on city streets or Texas highways.

A maximum fine of $200 may be levied for the offense, with a minimum fine of $1. Violators who are forced to re-register their vehicles must also pay the 20 per cent late registration penalty. Persons who have registered their vehicles outside the county in which they reside can re-register them at any time and thus avoid prosecution under the law, but they will also be subject to the 20 per cent penalty.

Vehicle owners who resided in another county at the time the vehicle was registered are not required to transfer the registration when they change their residence.

George Thomas, a Big Spring attorney, said that in all probability an injunction suit will be filed against the State of Texas by Midland County concerning the charges which have been filed there. He pointed out that two cases in higher courts have held out-of-county registrations illegal.

If the injunction suit is filed, Thomas said it would be to restrain the highway department from filing the suits on the grounds that it has already collected the money which has been paid for the first registration, regardless of the county in which registration was made.

East Germans Freed By Reds Return Home

BERLIN (AP) — East Germany's Communist government announced today that the first batch of German prisoners of war to be freed in acordance with the Kremlin's promise last month was due in the Soviet zone later today.

The Red announcement, a statement by the East German Interior Ministry in the controlled East Berlin press, did not say how many were being sent home.

Their release was part of an agreement signed in Moscow last month by Premier Georgi Malenkov's government and an East German delegation headed by Premier Otto Grotewohl.

No announcement was made then of the total number to be freed, but the Russians said they would continue to hold Germans "who have committed especially grave crimes against peace and humanity."

The Russians in May, 1950, said they were still holding 13,532 German POW's, but West German estimates of the number seized by the Soviets and still unacounted for range as high as 300,000.

The 1950 Soviet statement said the repatriation of German prisoners was completed and those still being held had been convicted of war crimes.

Since then, a few prisoners have been sent back from time to time. As far as Western sources know, the last group, 18 natives of the Soviet zone and 18 from West Germany, were returned in February from a camp at Kiev.

Censorship By Koreans Seen

SEOUL (AP) — The South Korean government may start censoring all news dispatches from this country, an official spokesman said today.

Dr. Karl Hong Kee, director of the ROK Public Information Office, said "There is nothing definite at the present time," but he acknowledged "there is a lot of talk" among government officials about such a move."

The U. N. Command has handled military censorship in Korea for the past three years. The ROK government has had no control over stories sent from the country.

President Syngman Rhee's government has cracked down on Korean newspapers at times of political unrest, however, and only recently it announced plans to compel foreign news agencies and corresponents to register. The proposals awaits adoption by the National Assembly.

Temperature Climbing

The temperature continued its upward movement of the last three days to reach a high of 98 degrees yesterday. It was the warmest day since Sunday, when a high of 101 degrees was registered.

The mercury dipped to 60 degrees before dawn today. Mrs. D. P. Strayhorn, weather observer, said. The reading at 7:30 showed 61 degrees.

U.S. Plan At Peace Confab Is Revealed

NEW YORK (AP)—The New York Times said today U.S. government officials are planning to give the Communists at the Korean peace conference a choice between agreeing to an independent Korea under international guarantee or facing the continued presence of American troops in the wartorn peninsula.

In a dispatch from United Nations headquarters, the Times added, however, that the plan has not yet received final approval from the National Security Council or President Eisenhower, although its basic principles have been disclosed to representatives of at least two of the 15 other U.N. members with fighting forces in Korea.

"There is no doubt," the Times declared, "that the policy reflects the belief in the State Department that it offers the only hope that a permanent settlement of the Korean question can be reached in the forseeable future."

The dispatch said:

Present plans are to present the Communists with the choice of "two basic courses of action"—to continue blocking the unification of Korea or to agree to the establishment of a free and independent Korea with the withdrawal of all foreign military forces.

If the Communists okay unification of the peninsula, the United States would be prepared to join in an international guarantee of Korea's neutrality. This would be accompanied by reciprocal safeguards that an all-Korean government would not offer a military threat to the Soviet Union or Communist China and they in turn would not threaten Korea.

Mother, 20, Dies Of Cancer After Giving Birth To Daughter

TULSA, Okla. (AP)—Mrs. Colleen Alford, whose two great hopes after she knew she was doomed by cancer were to bear her baby and celebrate her 20th birthday, died at her mother's home today.

Her birthday came two days after doctors delivered her baby girl by Caesarean section on July 31. They feared the young woman might not live long enough for normal birth.

Her mother, Mrs. Delman Bacon, reported her daughter "was quite happy in the last hours of her life in company of her baby."

Wrangle Over Rules Cause For New Stall

PANMUNJOM (AP)—The Korean repatriation commission, apparently wrangling over rules, today postponed until as late as next Thursday the start of Allied and Red efforts to coax home prisoners refusing repatriation.

No specific new date was set for the start of prisoner interviews, a phase of the truce which an Allied spokesman called "the psychological battle of our time."

The U.N. command agreed to postponing the start of interviews, scheduled to begin Friday or Saturday.

It was not clear whether the neutral commission agreed to an Allied demand that the delay be deducted from the 90-day interview period, which the U.N. command said must be counted from the time all unrepatriated prisoners are in neutral custody.

But a commission spokesman's statement that "it is understood" the 90 days will begin on the actual starting date of interviews would indicate that the Allied position may have been rejected.

During the 90-day interview period, 22,600 former prisoners of the U.N. and 359 prisoners captured by the Reds—including 23 Americans—are to be questioned by their original side.

The five-nation neutral commission, composed of India, Sweden, Poland, said the delay was necessary because "arrangements and facilities" for the interviews had not been completed.

The commission reportedly has been trying to reconcile widely different recommendations submitted by the Allies and Reds on rules to govern the operation.

There are these main points of Communist views:

1. The Communists insist on interviews with individual prisoners; the Allies demand groups of 25.

2. The U.N. Command wants the prisoner to have the right to refuse to listen to the explanations; the Communists demand that all prisoners listen.

The Allies object to individual interviews in the belief that a prisoner appearing before Red explainers might be intimidated by threat of reprisal and other means.

The U.N. holds that chances for coercion would be at a minimum in a crowd. Moreover, the U.N. view is based on the belief that the groups of 25 who have been together while in captivity are under the orders of their leaders and would resist repatriation to communism.

The U.N. Command says a prisoner should be allowed to refuse to go to the explanations on the ground that he already has made his choice and that any reversal must be done by "an overt" act on his part—that is, by applying to the repatriation commission for repatriation.

The U.N. Command has called on the repatriation commission to guarantee that no force, threat or affront to personal dignity be permitted and only Thursday the repatriation commission gave prisoners such assurances.

The temper of the nearly 8,000 North Korean and 14,600 Chinese anti-Red prisoners is such that some will resent efforts by the Communists to win them back and may even resist appearing for the explanations.

WEATHER

WEST TEXAS: Clear to partly cloudy through Saturday. A little cooler in Panhandle and South Plains Friday night.

EAST AND SOUTH CENTRAL TEXAS: Clear to partly cloudy through Saturday. Not much change in temperatures. Moderate to fresh northeasterly winds on the coast.

Gulf Coast Is In Path Of Furious Hurricane

NEW ORLEANS (AP) — A king-sized hurricane packing winds up to 120 miles per hour headed today for the Gulf Coast area between Mobile, Ala., and St. Marks, Fla.

The weather bureau said in a 10 a.m. (CST) advisory the center of the hurricane was located about 340 miles south of Mobile and was moving northward about 18 miles per hour.

Should the storm continue on its present course hurricane winds would reach the area tonight, the bureau said.

"This is a severe hurricane and all interests in the display area should take proper precautions for protection of life and property," the bureau said.

The advisory said gales extend 200 miles northeast and 100 miles south and west of the hurricane's center.

Northeast storm warnings were ordered hoisted west of Mobile to Grand Isle, La., and southeast storm warnings south of St. Marks to the Tampa Bay area.

The bureau said indications were the hurricane would continue its northward movement at about the same rate with a tendency to curve to the north-northeast within the next six to 12 hours.

Earlier a tug and its tow barge with 50 men believed aboard was reported helpless at the mouth of the Mississippi River.

A Coast Guard report said the tug Margaret Roote and her 263-foot barge, Herman B. were prevented by the weather from making a turn into Southwest Pass at the mouth of the river.

The vessels were caught in a position where they couldn't get in or out of the river and were at the mercy of the wind and sea.

The Coast Guard said the Herman B. had crew quarters aboard and was believed carrying 50 crewmen.

The Coast Guard cutter Nike was at the scene but did not have sufficient power to aid the tug, and was standing by the helpless craft.

The commercial tug, Humeric, was en route to assist, the Coast Guard, said, and was expected at the scene about 5 p.m. (EST) today.

As the hurricane churned nearer the coastline today, the Military Air Transport Service began flying planes out of Mobile, Ala., to inland bases.

The big transports based in Mobile were being flown to Tinker Air Force Base, Okla., and Kelly AFB, Tex.

Brookley AFB in Mobile went on a hurricane alert and called in pilots from Maxwell AFB, Montgomery, to help fly out smaller planes, if necessary.

Meanwhile, southeast storm warnings were ordered up from the Tampa Bay area to the mouth of the Mississippi River. Increasing southeast winds becoming gale to hurricane force in the area were predicted.

Secretary Hobby Asks Effort To Put Down Juvenile Delinquency

CHICAGO (AP)—Oveta Culp Hobby secretary of health, education and welfare, called today for a concerted effort to halt an "alarming rise" in juvenile delinquency in America.

She said parents, churches, schools and civic groups must see to it that every child learns the difference between right and wrong and learns it early.

"And every child, regardless of race, creed or economic circumstances must be insured a fair chance in the world," she said in a statement released by the National Council of the Churches of Christ in the U.S.A.

The statement was issued in connection with Christian Education Week which opens Sept. 27 under sponsorship of the council with 40 denominations cooperating. There will be special services in thousands of the nation's churches.

STARTS SUNDAY

Air Mail Service Schedule Set Up By Post Office Here

Twenty-three dispatches of air mail each week will leave Snyder after Sunday, when Pioneer Airlines begins service here.

H.D. Mooreland, postmaster said four dispatches will be sent five days each week, Monday through Friday, while there will be three on Saturdays and none on Sundays, except for this Sunday when first flight letters will be dispatched. There will be three dispatches this Sunday.

Letters and air parcel post must be mailed at least 30 minutes before dispatch time, the postmaster said, if they are to be sent out on the next flight. The two flights, from Midland-Odessa to Abilene leave here at 1:15 o'clock each afternoon and 8:27 o'clock at night. Flights from Abilene to Midland-Odessa leave here at 9:19 in the morning and 4:12 o'clock in the afternoon.

Indicating the speed of air mail to its destination, Mooreland said that mail leaving here on the 8:27 night eastbound flight will arrive in San Francisco at 8:05 in the morning, Minneapolis at 11:23 o'clock the next morning, in Chicago at 6:30 o'clock in the morning, at Atlanta at 8:08 o'clock in the morning, or at Miami at 12:15 o'clock the next afternoon.

Air mail letters are dispatched at the rate of six cents per ounce in the U.S. and is on a scaled rate mailed to foreign countries.

Moreland said his office now has about 900 letters being held here for Sunday's first flight. Collectors from every state in the U. S. and from many foreign countries are having first flight letters mailed from here. The countries include England, Sweden, Cuba, and New Zealand. Many Snyder residents are having first flight letters mailed to themselves. Those letters will be sent to Dallas or Midland and returned here, Moreland said.

New AFL Union Is Formed To Handle Loyal Longshoremen

ST. LOUIS (AP)—The AFL today chartered a new longshoremen's union and launched a plan to curb jurisdictional fights between rival AFL unions.

AFL President George Meany issued the new longshoremen's charter to a nine-man group of union officials and said the new union will be governed temporarily by a five-man committee headed by Meany himself.

The new union is to replace the ousted International Longshoremen's Association (ILA), which the AFL convention earlier this week ousted from the AFL.

The ILA was kicked out because crime investigators had accused it of harboring criminal elements on the New York and New Jersey waterfronts.

The convention, nearing an end of its week-long sessions, approved a plan designed as a first step toward curbing intra-AFL squabbles over jobs rights—that is arguments between rival AFL unions as to which one's members should perform various types of work.

The plan, adopted by the convention calls for an immediate study by a special AFL executive council committee to establish disputes - settlement machinery.

The resolution adopted by the convention calls for a conference of AFL union leaders within six months to try to agree on such machinery. It provides that any plan agreed upon then may be put into effect immediately.

Meany hailed the convention action as the first time the AFL has ever attempted to deal with the jurisdictional problem in such a broad manner.

"You know and I know," Meany told the delegates, "these fights between our unions are hurting us. If we can get this problem out of the way, we can get down to the bigger job of organizing the unorganized workers of America."

Meany named a committee consisting of himself and four AFL top officials to supervise the new longshoremen's union, which the AFL hopes will take over most of the ousted ILA's 60,000 members.

Besides Meany, members of this committee are AFL vice presidents Dave Beck, William C. Doherty, president Al Hayes of the machinists union, and secretary-treasurer Paul Hall of the AFL seafarers' international union.

Also coming up today was a "no raiding" agreement with the CIO which was due for delegate approval.

The agreement tentatively worked out by AFL and CIO leaders to outlaw "raids" between the rival federations requires approval of both the AFL and CIO conventions before it becomes effective next Jan. 1.

"Raiding" is the union term for efforts to get groups of already organized workers to switch alegiance from one union to another. The pact is regarded by union leaders as a necessary first step toward an AFL-CIO merger.

An important qualification of the agreement, which was expected to get approval both at today's AFL convention and at the CIO convention in Cleveland in November, is that it binds only the AFL and CIO unions later signing it.

Among AFL unions which have indicated they may not go along are the teamsters, carpenters and pattern makers unions. Several CIO unions also have been cool to the idea. But AFL and CIO leaders hope the pact, once in effect, will eventually be endorsed by all unions.

The agreement would commit all subscribing AFL-CIO unions for a two-year period to put any "raiding" question up to arbitrators, whose decisions could be legally enforced in the courts.

AIRLINER CRASHES

Seven crew members and 37 Korean war veteran passengers fled safely from this flaming Carribbean-American Airlines plane after a belly landing in a field near Miles City, Mont. Capt. James Dillon, Burbank, Calif, pilot, had stopped in Miles City for refuelling only minutes before but was forced to turn back when an engine caught fire. The ship, a non-scheduled liner, was taking the veterans to Baltimore and Boston and had started for Kansas City shortly before the forced landing.

Typhoon Rips Into Southern Jap Isles

TOKYO (AP)—Fierce winds and rain of the season's 13th typhoon bore down on Tokyo tonight after claiming 12 dead, 22 missing and 49 injured and snarling communications in southwestern Japan, the newspaper Asahi reported.

Four ships about 300 miles southwest of Tokyo sent distress calls and property damage was reported running to millions of dollars.

Kyodo News Agency reported 10 persons missing and possibly buried in debris at Osaka, where some 8,000 homes were said to be flooded.

Asahi, Japan's largest newspaper, said five persons died at Osaka, five at Nara, one at Kobe and one at Miye, all about 300 miles southeast of Tokyo.

A 20-ton Japanese minesweeper perhaps laden with salvaged explosives, radioed it was aground near Yokosuka, 30 miles south of Tokyo, and ——— cargo ships farther south sent distress calls.

Although the center of the typhoon was expected to pass offshore, the U.S. Air Force weather bureau said Tokyo was in for a battering by 60-75 m.p.h. winds early Saturday.

The 5,427-ton Taihei Maru messaged that it was aground off Osaka, where the typhoon struck with great fury.

Small fishing craft also were aground off Osaka or were adrift and in distress in Japan's inland sea.

Police feared floods from violet rainstorms would accompany the big wind and sent squads out along the dangerous Ton River, north of Tokyo, to reinforce levees. The river burst its levees in a 1946 typhoon and drowned 1,048 Japanese.

It was the second typhoon sweeping the Orient. A typhoon struck the central Indochina coast, leaving possibly several hundred dead and several hundred thousand homeless.

Heavy rains and floods hampered rescue operations.

U.S. relief supplies were being flown to the stricken region, along the Indochinese coast.

Japan's typhoon already was causing frequent power failures in Tokyo.

All westbound trains from Tokyo were canceled shortly before Friday midnight.

Downtown Toyko had momentary power blackouts Friday night, and in western Japan the storm badly snarled transportation and communications.

GETTING ACQUAINTED WITH THE FAMILY

Maj. Gen. William F. Dean gets acquainted with his nieces, nephews and grandchildren at his home in Berkeley, Calif., after returning from a prisoner of war camp in Korea. Clockwise from left are: Diane Downs 2½, grandniece; Judy Mehr, 4, niece; Karen Dean, 11, niece; Johnny Dean, 9, nephew; Kathy Dean, 5, niece. On the general's lap are grandchildren, Ann, 7 months and Robert Dean Williams, 2½.

BABY'S CLAMMY HANDS

If You're Troubled With Your Dog, Just Talk It Over

By HAL BOYLE

NEW YORK (AP)—Dogs often become neurotic when a child is born into a family in which they have ruled as the pampered pets.

The jealous dog feels he has lost face.

This was the problem worrying Abner and Elsie Whimzy, who were expecting a blessed event. How could they best break the news to loyal old Towser, their famous talking dog?

Abner tried psychology. After Towser fell asleep, he gently put a doll in bed with him. The next morning Abner found chewed portions of the doll scattered all around the room.

Abner decided then the best thing to do was to talk the whole thing out—man to dog. So he called Towser into the living room, and the following conversation took place:

Abner—Sit down, Towser. I've got something I want to tell you.

Towser, leaping brazenly up on the sofa—Okay, boss. Now what have I done right?

Abner—This is no joking matter. Why did you tear up that doll?

Towser—It was an uncontrollable impluse. It reminded me of a baby, and I hate babies.

Abner—We must learn to curb our impulses.

Towser—Boss, if you got bad news, let's hear it.

Abner—Well, Elsie and I are expecting a little bundle of joy from heaven.

Towser—Let's bring the conversation down to earth, boss. What's in the bundle—money?

Abner—No, a baby—a sweet, nice little baby.

Towser—Is it a talking baby?

Abner—No, not at first.

Towser—Well, thats a relief. I can't stand baby talk. But why you'd want a non-talking baby when you already got the only talking dog in the neighborhood is beyond me.

Bad Check Fine Paid

A fine of $15 plus court cost of $23.50 was paid this morning for Harry Jackson of Farmington, N. M., formerly of Snyder, on a plea of guilty to a county court charge of swindling by worthless check.

Jackson entered his plea through Robert R. Patterson, Snyder attorney. Jackson also sent funds to redeem the $10 check given Jerry Hughes on Oct. 17, 1952. The charge was filed March 9.

False Alarm In Night

A false alarm last night caused a fire run to the high school building, Ivan Gatlin, fire marshal, said.

A resident of Southwest Snyder saw sparks from a trash fire blowing over the building and thought the building was on fire, Gatlin said.

Man Under Charge In County For DWI Is Moved To Big Spring

The sheriff's department yesterday was notified by the sheriff's office in Roby that J. O. Grigsby, 22, Snyder, has been transferred from the Fisher County Hospital at Roby to the Veterans Administration Hospital in Big Spring.

Grigsby, charged here this week with driving while intoxicated, told authorities he could not remember the accident in which he suffered a serious cerebral concussion Sept. 13.

He was injured when a car he was driving overturned in Fisher County while being pursued by a highway patrolman whose car also overturned on the same curve. Two traffic charges are pending against Grisby there.

Fine Paid By Man; Credit Given For Jail Time Spent This Week

A fine of $264.50, including court cost, less credit for three days in jail, has been paid for Jesse Beecher White, 52, operator of a second-hand goods store at 2325 Avenue R.

White was assessed a fine of $250 plus court cost of $23.50 when he pleaded guilty Monday to a charge that he contributed to delinquency of a minor by purchasing stolen property from him while responsible for knowing the articles were stolen.

White was given credit for three days he served in jail pending payment of the fine. Jail credit is $3 a day.

Another operator of a similar store in the same block, H. H. Moss, about 50, was fined $123.50, including cost, in each of two similar cases against him, involving the same juvenile.

Another case against White was filed Sept. 22, 1952, and is still pending.

Fifty Members In Chorus Club Forming Here

Fifty persons registered for membership in the Community Chorus at its first meeting Thursday night, Robert Clinton, director, said.

Membership is still open, Clinton said, and he urged that all persons who would like to work with the chorus attend the next meeting at 7:30 Tuesday night in the high school building. Regular rehearsals of the chorus will be held in the evenings and will be rotated so that members who have other meetings scheduled for evening hours can still attend chorus rehearsals, Clinton said.

A nominating committee to select officers for the group was appointed last night, and officers are to be elected Tuesday.

Because of the interest expressed in the organization of a Barber Shop Quartet club, plans are being made for additional rehearsal for these groups. Clinton has asked that men interested in this work contact him following the chorus rehearsal Tuesday.

Minor Accident Here

Police said damages were less than $25 each to two cars involved in a collision at Twenty-fifth Street and Avenue M about 10:45 last night.

Driver of a 1951 Chevrolet sedan involved was Robert Elgin Lomax, 28, of Canary Courts, Snyder, and the other driver was Willie Ernest Barkley, 24, of general delivery, Snyder. He was driving a 1950 Hudson sedan. No one was injured.

HOSPITAL NOTES

The following admissions and dismissals at Battenfield Hospital are those whose names were released by the hospital.

Admissions: C. M. House, Snyder; Mrs. J. E. Dupont, Snyder; Mrs. Paul Milam, 2105½ Avenue S; Elbert W. Green, 3011 Fortieth Street.

Dismissals: Mrs. Florence Hart, 1914 Thirty-seventh Street, Mrs. L. H. Shoopman, Snyder, Jackie Creamer, Snyder.

Copper mining, once important in Cornwall, England, has dwindled in recent years.

Release Gained Through Bond

Emmett D. Baker, 37, of 2205 Twenty-first Street, was released from jail here this morning on bond of $1,000, set by W. C. Davidson, justice of peace, when the fendant waived preliminary hearing yesterday afternoon on a felony charge of incest.

No charge has yet been filed against Velma Baker, 29, a neice with whom the defendant is charged with incest. The woman, a mother of three children, yesterday made a written statement before Wayland G. Holt, County attorney, by which she is said to have admitted the offense.

Baker has contended he is innocent. The charge was filed yesterday morning by Holt, acting in absence of the district attorney, Renal Rosson, and on written affidavit of the woman's father, George L. Baker.

Sureties on Baker's bond were James A. Clark, Sr., and R. W. Burney.

Pair Arrested Here Released Upon Being Taken To San Angelo

Two persons arrested here last Thursday on felony warrants from Tom Green County were released at San Angelo after being returned there, it was learned here today.

They were Gerald Brown, about 32, of Snyder, and Mrs. Katherine Lindeman, wife of George Lindeman of San Angelo.

The two were arrested here by the Scurry County sheriff's department, Brown on a felony theft warrant from Tom Green County, and Mrs. Lindeman on a forgery warrant from that county.

Brown this morning said he had been falsely arrested. An office clerk in the district attorney's office at San Angelo confirmed that the two had been released, that the complaining witnesses desired to withdraw their complaints, and that "everything had been straighened out."

Man Arrested Here On Pennsylvania Warrant

The sheriff's department here arrested a man this morning on a warrant from Pennsylvania, which charged him as a parole violator.

The man arrested was Roy Walls 37, who said he resided at the Lone Star Hotel. He was arrested at a cafe.

Bill Love, deputy sheriff, said the department here had only the notice to arrest the man and did not know the details of the alleged violation. Walls is to be held for Pennsylvania authorities.

Farm Wage Survey In County Started

Three Scurry County men have been appointed by the Texas Employment Commission as a consultant committee for this county in assisting the TEC in securing a prevailing wage survey from farmers in this area.

W. A. Hazlewood of Sweetwater, TEC office manager, said a survey among one-fifth of Scurry farmers will begin Monday to determine the prevailing wage for cotton harvesters here.

The survey is conducted as a means to keep the secretary of labor informed on the wage scale here, Hazlewood said, adding that the only required wage in connection with cotton harvesting is the U.S. government's present agreement with Mexico that Mexican nationals will be paid a minimum of $1.55 per hundred pounds. Farmers who contract Mexican nationals agree to pay a wage which will not be disruptive of local wage rates.

"If wages paid to domestic workers fluctuate in this area," Hazlewood said, "wages paid to Mexican national under contract may also be expected to fluctuate. Therefore, the wage survey must be completely understood by all farmers in this area."

So far, 54 workers have been authorized to work in the Ira-Cuthbert area, and they are being paid the minimum wage provided in the U.S.-Mexico agreement.

The local committee will aid the commission in keeping farmers who contract or expect to contract Mexican nationals appraised on conditions.

The survey will be conducted here every two weeks, the TEC man said.

Hazlewood said the commission is now considering establishing a sub-office in Scurry County during the cotton harvest.

Cow-Car Accident On Roby Road Last Night

No one was seriously hurt about 9 o'clock last night when an automobile struck and killed a cow 13 miles east of here on the Roby highway.

J. D. Frith, deputy sheriff who investigated the accident, said a woman occupant suffered an arm injury which was not believed serious and that she was taken by private car to Roby.

Frith said damage to the automobile, a 1951 Buick coach driven by E. L. Counton, 24, Odessa, was at least $500. He said Counton told him he was traveling east and meeting a truck, the lights of which prevented him from seeing the cow until a moment before the accident.

Insurance Bought For Carl Peterson's Car

The Carl Peterson Appreciation Fund was apparently closed today with the payment of $51 toward insurance for the new automobile which the citizens of Scurry County bought for the former prisoner of war.

Peterson, native of Hermleigh, was honored in an official welcoming ceremony here Monday night and presented the new automobile.

Donations to the fund not previously listed are $2.50 by Sterling Taylor and $25 by Paul B. Patterson.

Still Seats On Pioneer Flight

Several seats were still available today for the second section of the inaugural flight of Pioneer Airlines Sunday.

The flight will leave here at 1:15 o'clock Sunday afternoon and go to Breckenridge, where those from Snyder on the flight will meet Gen. Robert Smith, Pioneer president, and his party and return here with the group.

The entire group will return here shortly after 4 o'clock, and the inaugural ceremony in celebration of the beggining of air service will begin at 4:30 o'clock that afternoon.

The regular flight is full, with 12 representatives of the county, city, and airport board. On the second flight, there are about 13 seats still available. Reservations may be secured at the chamber of commerce or from Jim Babcock, Pioneer station manager, here. The roundtrip flight will cost $18.17.

Open house will be held at the airport from 1 o'clock until 6 o'clock Sunday afternoon. Several military planes from Webb Air Force Base, Big Spring, will be on display, and Webb personnel will participate in the inaugural activities.

Drive-in Movie Robbed

TUCSON, Ariz. (AP)—A pair of gunmen held up a drive-in movie house and escaped with $300.

The customers missed it. They were intently watching the movie, "Shoot First."

Governor Is In Washington

WASHINGTON (AP)—Gov. Allan Shivers of Texas today discussed with Thomas B. Stephens, secretary to President Eisenhower, on arrangements for the President's visit to Texas Oct. 19 to dedicate Falcon Dam on the Rio Grande near Laredo.

Eisenhower is also expected to spend all or part of Oct. 18 in Texas, but the governor said any information on that must come from the White House. Officials there have yet to announce final details for the trip.

Shivers had an engagement later in the day to see Sherman Adams, assistant to the President, regarding plans for launching the new inter-governmental relations commission of which Shivers is a member. The group will organize next week, but Shivers will not be able to attend the meeting.

Joint Being Made Into Tabernacle For Group

MORGANTOWN, W. Va. (AP)—The Rev. Stoneking Groves, director of the Spiritual Life Council congregation, says his group should be able to move into a made-over tabernacle within a month.

Site of the tabernacle will be the Old Cheat Lake supper club, one-time plush nightspot which used to be the scene of frequent gambling and liquor raids before it was closed three years ago.

Stop Taking Harsh Drugs for Constipation
Avoid Intestinal Upset! Get Relief This Gentle Vegetable Laxative Way!
For constipation, *never* take harsh drugs. They cause brutal cramps and griping, disrupt normal bowel action, make repeated doses seem needed.
Get *sure* but *gentle* relief when you are temporarily constipated. Take Dr. Caldwell's Senna Laxative contained in Syrup Pepsin. No salts, no harsh drugs. Dr. Caldwell's contains an extract of Senna, *one of the finest natural vegetable laxatives* known to medicine.
Dr. Caldwell's Senna Laxative tastes good, gives gentle, comfortable, satisfying relief for every member of the family. Helps you get "on schedule" without repeated doses. Even relieves stomach sourness that constipation often brings.
Buy Dr. Caldwell's 30¢ size today. Money back if not satisfied. Mail bottle to Box 280, New York 18, N. Y.

BIRTHS

Mr. and Mrs. C. C. Isbell, Snyder, are the parents of a [illegible] pound, 10-ounce son born at 10:30 o'clock last night at Battenfield Hospital.

Every 3 days a new diesel
joins the Santa Fe fleet!

A 10-year record of "building new" on the Santa Fe

Christened with California champagne, Santa Fe's first multiple-unit diesel locomotive rolled out of Chicago on Tuesday, May 12, 1936.

It powered the first *Super Chief*.

39¼ hours later it rolled into Los Angeles—and the new age in railroading was born.

There were 3600 "horses" in that one.

Five years later, the first multiple-unit freight diesel rolled on Santa Fe rails.

There were 5400 "horses" in that one.

Today, there is more than 2,100,000 diesel horsepower on the Santa Fe—1524 mighty diesel units.

From 1943 through 1952, a total of 1261 diesel units were placed in service. *Better than one every 3 days for a 10-year record!*

And still they come! 222 in 1953!

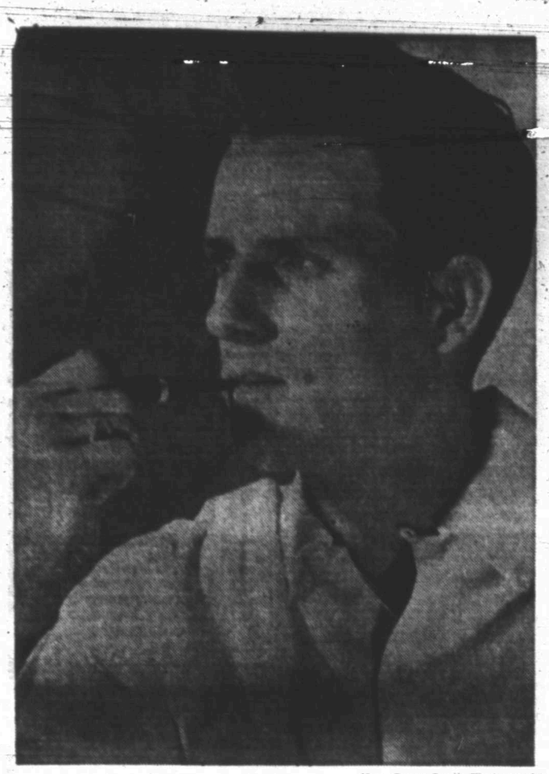

Every diesel added, every mile of heavier rail, makes America's New Railroad a little more *completely* new. Why, enough new rail has been laid on the Santa Fe in the last seven years alone *to reach from Chicago to Los Angeles!*

All new—but always the old pride that all this building new costs you, the taxpayer, not one tax penny.

SOCIETY SCRIBBLINGS

Vern McGrew In News, But Not By High Jumps

From Houston comes the echo of the announcement of the engagement of Miss MARTHA ANNE HAMBLEN TO VERN McGREW together with the deep chuckles of Chronicle Columnist Morris Frank, who is a great friend of Miss Hamblen's father, Jake Hamblen.

The cause of Mr. Frank's mirth is that Mr. Hamblen is an Aggie while Mr. McGrew attended Rice. Mr. McGrew is studying law at the University of Texas after graduating from the Houston school.

Mr. Frank is of the opinion Miss Hamblen will have to convince her father Mr. McGrew doesn't mind not being an Aggie. He considers that Dan Cupid has scored a real coup in the engagement of the two young people, and he is sure the little fellow with the love tipped arrows is going to enjoy himself very much on Nov. 21, the wedding day, at Jake Hamblen's expense.

So, Snyder's own son, puts his hometown in the forefront of the news again. He was a member of the 1950 United States Olympic world track meet in England that year. He qualified for the Olympic team by winning first in high jump at Dyche stadium in Chicago. When the Olympics were underway he substituted for a runner on the Jamaica relay team that set a new world record.

Mr. Frank seems to think that Mr. McGrew and Mr. Hamblen will set a new record of some sort because one is an Owl and the other an Aggie. Miss Hamblen, who is also a Texas University ex, enjoys the whole whimsical controversy and goes ahead preparing for her wedding.

Mr. McGrew is the son of Mr. and Mrs. V. V. McGrew, 2120 Thirty-fifth street.

'29' Birthday Club Elects Officers

Organization of the "29" Birthday Club has been completed by the recent election of officers at a meeting held in the home of Mrs. John Covey, Jr.

Mrs J. A. Fulghum is president; Mrs. R. L. Terry, secretary-treasurer and Mrs. B. F. Pinnell, reporter. The club is to meet once each month. The next meeting is 9 o'clock the morning of Oct. 9 at the Manhattan Coffee Shop.

Three members who had birthdays in September, Mrs. R. P. Ware, Mrs. Joe Pitts, and Mrs. Ab Boyd were presented gifts.

Refreshments were served following the business meeting to Mrs. Ab Boyd, Mrs. C. T. Couch, Mrs. Geo. Light, Mrs. H. L. Wren, Mrs. Pinnell, Mrs. Garland Armstrong, Mrs. Terry, Mrs. Leona Weathers, and Mrs. John Covey, Sr.

Legion Auxiliary Sponsors Dance

A dance sponsored by the American Legion Auxiliary is scheduled for the night of Sept. 29 at the Ala Club on the Lubbock highway.

Hoyle Nix orchestra has been engaged and the dance is open to the public. Money obtained goes into the veterans rehabilitation fund.

The Ala Club, formerly the Big G, has recently been redecorated and remodeled.

School Board Host To Faculty Club

HERMLEIGH — School board members were entertained Tuesday night with a game party sponsored by the Hermleigh Faculty Club. Mrs. Theo Soules, Mrs. N. E. Simmons and J. P. Henderson directed arrangements.

T. E. Shellburn and Miss Bessie Cleveland were winners of the domino game. Mr. and Mrs. Joe May had the high canasta score.

Refreshments were served following the games.

Morningside H-D Club Invites New Members

Morningside Home Demonstration Club members were given a demonstration on the preparation of pot roast by Miss Ruby Butts, county home demonstration agent, at the meeting Wednesday morning in the home of Mrs. Gaylon Cummings.

A new panel of officers was elected in a business meeting at which Mrs. Cummings, president, presided. Mrs. L. L. Sims is the new president; Mrs. Joe Bourgoyne, vice president; Mrs. Jerry Glover, secretary-treasurer; Mrs. Cummings council delegate and Mrs. Fred Walton, reporter.

The new president said the club needs and desires new members. The next meeting was set at 2 o'clock the afternoon of Oct. 6 in the home of Mrs. Glover.

PERSONALS

C. N. House, 2008 Avenue R, was taken to Battenfield Hospital this morning by a Bogler ambulance.

Newly arrived in Mexico City are Mr. and Mrs. R. H. Odom, Jr. of Route 3. While in the Mexican capital they are making the Hotel Monte Cassino their headquarters.

FUN NIGHT IN GAIL

Discussing the Family Fun Night in Gail Monday over refreshments served in the school cafeteria were, left to right, Mrs. Borden Gray, Mrs. Lou Hertenberger, Mrs. Ben Weathers and Mrs. John Dennis. Mrs. Hertenberger, state P-TA recreation chairman, directed the evening's activities. Students attending, lower picture, included, left to right, Dee La Verna Franklin, Lonnie Doyle, Gail Rogers, Donna Rudd, Judy Doyle and Doris Franklin.

NEWS FROM GAIL

By MRS. JOHN DENNIS

S. P. Stewart visited in Big Spring Tuesday.

Mr. and Mrs. J. H. Davis of Spurger, Tex., are visiting Mr. and Mrs. Travis Tyer this week.

Mr. and Mrs. J. C. Foster of Stamford were recent guests of Mr. and Mrs. Paul Mosley.

Mrs. Bert Dennis and Mrs. Borden Gray attended the Altrurian Daughter's luncheon in Snyder recently.

Mrs. Jim Dorward of Snyder visited here Thursday.

Mrs. Edith Hughes, home demonstration agent, and George Sealy, county agent, attended meetings in Big Spring and Lubbock this week.

H. C. Cox attended the district conference of Baptist churches in Colorado City Tuesday.

Allan Stephens was in Pecos on business last week. Mardes Clayton and J. Richard Anderson flew to Pecos Friday, returning the same day.

Lt. and Mrs. Jack Reed visited Mrs. Reed's parents on the F. M. Miller ranch last week.

Mr. and Mrs. P. C. Mitchell of Lubbock were in Gail on business last week and visited Mrs. J. R. Roper.

A San Angelo man now employed here was fined last week for hunting without a license and killing quail out of season. Borden County has a five-year closed season on quail. Bill Pratt, game warden from Lamesa, assisted local officers in the arrest.

Mr. and Mrs. Frank Miller, Mr. and Mrs. Clyde Miller, Mr. and Mrs. Frank Birmingham, Mrs. Ben Weathers and Mr. and Mrs. John Dennis attended the Book Review Club program in Snyder last week.

Mr. and Mrs. Morgan Coates of Big Spring visited the J. R. Ropers one day last week.

Mrs. Edith Hughes, county home demonstration agent, judged fair exhibits in Levelland Thursday.

A hayride for FHA and FFA members was sponsored Saturday night by Mr. and Mrs. LeRoy Shannon and Bobby Gray.

Recent guests of Mr. and Mrs. Allan Stephens were Mr. and Mrs. Earl Cary and Mrs. Ivan Hill and Nan of Snyder.

Bert Dennis and John Dennis were in San Angelo Monday.

Dr. Bishoff of Lamesa visited at the Bert Dennis ranch Sunday.

Mr. and Mrs. Murray Jackson and children from Snyder attended the Gail-Loop football game Friday.

Mr. and Mrs. A. R. Barrett of Albuquerque, N.M., were week-end guests of Mr. and Mrs. Ben Weathers.

Mr. and Mrs. Mardes Clayton honored their son, Mardy on his first birthday with a family dinner. Attending were Mr. and Mrs. Arthur Clayton of Lamesa, Mr. and Mrs. Joe Clayton and Scottie, and Mr. and Mrs. J. Richard Anderson and Sally.

Borden Gray, W. B. Beeson, Burl Belew, and W. L. Wilson, Jr., members of the PMA drouth committee, met Monday to discuss a new order of emergency relief feed.

Recent guests of Mr. and Mrs. H. B. Sadler were Mr. and Mrs. Bobby Morton of Hobbs, N.M., and Mrs. Hilliard from Bonham.

Visiting Mr. and Mrs. Frank Miller this week are Mr. and Mrs. Franklin Miller and daughter from Uvalde.

Is he in business "to stay?"

When you buy a used car from a Ford Dealer, you're dealing with an established businessman who has a large investment and his good name at stake. We're here today, and *we'll be here tomorrow!*

Check the used car, sure! But check the dealer too!

Does he really know cars?

Ford Dealers are in the service business, too; work with cars day in and day out. We know how to spot trouble fast. And our expert mechanics have the equipment and "know-how" to handle *any* service job.

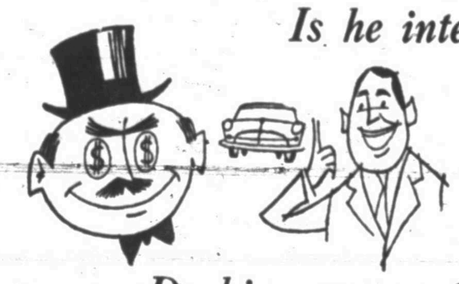

Are his prices really fair?

Ford Dealers handle used cars and trucks as a service to customers who trade them for new ones. We get a lot of trade-ins. And we keep them moving to free our working capital. That's a good reason why we offer our used cars and trucks at rock-bottom prices.

Is he interested in you?

Remember—we Ford Dealers want to keep your good will because we want to take care of all your automotive needs. Someday we hope to sell you a *new* car, or another used car, and in the meantime, we want your service business.

Do his cars meet A-1 *standards?*

When you go to a Ford Dealer's and see the A-1 label on a car, you know it has met with the dealer's A-1 standards. And because you can trust the man you bought it from, you can trust the car.

A-1 USED CARS & TRUCKS

IT'S WHERE YOU BUY IT THAT COUNTS!

SNYDER AUTO SUPPLY

2401 Avenue R — Phone 3-3361

Prentis Bass, right, Cosden petroleum products distributor here, is shown receiving the third shipment of fuels delivered to his wholesale warehouse on the Big Spring highway last week. His firm received and distributed to retailers and users about 25,000 gallons of fuels last week. C. R. Pearson, left, of Big Spring is driver of the Texas Consolodated Transports Inc., transport truck. Bass also uses two smaller transports that he owns to deliver from the refinery to Snyder, and to local customers. (Lee Watson photograph)

Gimmick Keeps Boss Right Up On Calls

Would you like to have a secretary on duty 24 hours per day for a salary of only $12.50 per month?

At least you could be led to believe the secretary liked the work.

One man in Snyder has just such a secretary, a friendly sort which welcomes telephone calls from anyone anytime of the day or night. The telephone number is 3-5511.

However, there's a catch to it. The secretary is not the kind that would be comfortable sitting on the boss' lap, because the secretary is a new telephone gimmick that automatically answers a telephone, gives out a 30-second message from the "boss" Prentice Bass, then takes down a 30-second message from the caller for later delivery to him at Bass Oil Co.

Bass said that the machine will receive as many as 20 of the 30-second messages for him before it runs out of recording space.

"Now my customers may call any time of the day or night to turn in orders or leave messages for me," he said.

Bass said reason for installation of the gimmick at his offices on the Big Spring highway was that much of the time he must be away from the office during the day on delivery of Cosden gasoline, kerosene, or deisel fuel to customers as far as 150 miles from here, and that the machine takes down messages for him to hear when he returns to the office.

"The machine keeps right on working at night, too," he said, "taking any messages that come in for me."

Messages given to the machine during the day reach Bass when he returns to the office, and delivery on orders for fuels begins as soon as he gets the message, he said.

If orders are turned in during the night to the machine, the fuels are delivered early the next morning.

However, Bass said that emergency fuel orders could be placed directly with him at his night telephone number listed in the telephone directory, and delivery would be made at any hour of the night.

To illustrate that Bass said he delivered 1,100 gallons of kerosene to a chemical company here at 7 o'clock one night, and delivered another 1,000 gallons of kerosene at 11 o'clock that night.

Officials of Southwestern Bell Telephone Co. here said the machine at Bass Oil Co. is the first of its kind in this area.

Bass invites anyone who wishes to try out his new secretary to call anytime.

Lindy Clark, owner of Clark Feed & Seed, 1607 Twenty-fifth Street, is shown above collecting eggs from hen's cages in his store where he is proving the success of a new type egg production method. He is getting more than 50 per cent production from spring pullets now, and expects to increase the production to more than 80 per cent as soon as the hens are old enough. (Lee Watson photograph)

Egg Production From Caged Method Proved By Firm Here

A new caged-hen egg production method is being proved successful by Lindy Clark, owner of Clark Feed & Seed, 1607 Twenty-fifth Street, here.

Clark said that he is receiving more than 50 per cent production from a group of spring pullets now, which is above the national average for all types of poultry flocks.

"I believe that by using this production methoid we will soon increase the production to about 80 per cent," he said.

Clark explained that one egg per day per bird would be 100 per cent production. The national average production for August is 12 eggs per bird, and the national average of September and October is 11 eggs per bird per month.

Hens in the experimental setup are kept in wire cages suspended from the ceiling with a water trough running through the cages, and a feed trough running along the outside of the cages.

Each hen is kept in an individual cage.

Feed being used in the production experiment is Purina Cage Layena, that has a high protein content, requires no supplements.

"The cage-system has several advantages," Clark said.

One prime advantage of the cage-method is that the poultry man can know at all times what hens are producing eggs, and if any hen goes off production, she can be sold while still fat and in the heavy hen, high price bracket.

Another advantage is that it is not necessary to feed non-producing hens at the expense of egg profits, Clark said.

A third and probably one of the biggest advantages is that eggs can be gathered several times per day, and immediately put in a cool place for fresh keeping. Heat is one of the causes of egg deterioration.

Because Clark expects to have about 30 dozen caged-eggs per day from the feeding project, he has installed a refrigerator, candling equipment (which there is little use for) and grading equipment for classing the eggs according to their weight.

Clark said that the caged-eggs will be on sale at his store, and that their quality is guaranteed.

He broke one of the eggs to demonstrate the difference between it and a commonly produced egg that was permitted to remain in a hot chicken house for a few hours.

The chicken house egg white was thin and runny when broken and the yolk appeared very fragile.

The white of the caged egg was firm, and stood up in a mound around the almost perfectly round, firm yolk.

Great Fields Unfolded By Our Physicists

KYOTO, JAPAN (AP)—Atomic scientists are the glamor boys today with their awesome progress on H-bomb destruction and the unfolding potential of almost unlimited power for peaceful work.

But there is glitter too in the field of extra-nuclear physicists—scientists who explore outside the hearts of atoms in the mysterious spaces where electrons zoom in crazy patterns at fantastic speeds.

And their research promises to harness the elements even closer to man's needs in the world of tomorrow.

In fact, some of the 54 scientists from 14 nations meeting in this ancient capital of Japan with their Japanese hosts say that in the long run extra-nuclear physics may be more valuable to mankind than atomic energy.

Ever hear of custom-made chemistry? Non-stop electricity?

A group of the scientists informally discussed their specialties outside the closed meeting.

"Looking into the future, we may someday be able to put all of chemistry on a prescription basis," said Prof. C. A. Coulson of the University of Oxford, England.

"We could decide just what we want the chemical to do—

"Its effect on industry would be incalculable."

As a mathematician, Coulson made long and complicated chemical calculations predicting the qualities of a half dozen hitherto unsuspected anesthetics. They were made and performed exactly as predicted.

Prof. John Bardeen of the University of Illinois said:

"We have now discovered something we call super-conductivity—or electricity without friction.

"When we get temperatures down as low as we can get them, close to absolute at 273 degrees below zero centigrade, we can start an electrical current flowing in a ring of wire.

"Then we take the original electrical impulse away—and the current keeps going around and around.

"If we could keep our power lines chilled close to absolute zero, what an advantage that would be! It is like starting water flowing with a pump, stopping the pump and having the water keep right on flowing."

Dean Back On American Soil

HONOLULU (AP)—Deeply moved at being back on American soil, Maj. Gen. William F. Dean comes home today from three years of Communist captivity in Korea.

Dean said it was 71 months since he last touched American soil in Hawaii on his way to Korea The Medal of Honor winner looked ruddy and tanned and said he had added 18 pounds to the 162 he weighed when freed Sept. 4.

He is scheduled to leave Hickam Air Force Base at 10 a.m. (3 p.m. EST) on the 10-hour flight to Travis Air Force Base, Calif., where he will be met by his family.

A deluge of Hawaiian flowers, kisses and "welcome homes" greeted the General on his arrival from Tokyo last night.

"This is the thrill of my life, returning to my homeland, to American soil," Dean said as he stepped out of an Air Force transport.

"Not only I, but every repatriate I know has been talking all the way from Panmunjom about how wonderful it is to be a citizen of the United States returning home," the General said.

Beside him stood a fellow repatriate of Chinese ancestry, M. Sgt. Clarence Young of Honolulu.

"This is one of the heroes of the war," Dean said. "He didn't ever admit anything but American citizenship. The Chinese tried to work on him because he is half Chinese, but he insisted he was an American citizen."

Relatives who met Young burst into tears at Dean's words.

The two soldiers—Sgt Young and Gen. Dean saluted briskly and snapped to attention as the band played traditional ruffles and flourishes.

Confederate Cannon Balls Have Been Stolen

FAYETTEVILLE, N. C. (AP) — Fayetteville police got a new order today: Look for a dozen stolen Confederate cannon balls.

The big black metal spheres — each about the size of a bowling ball — were taken from the foot of a Confederate monument near midnight. Originally they were cemented together in the form of a pyramid. But recently the monument was moved, and when the balls were re-located, no cement was used. They disappeared over a period of several months by singles and pairs.

Aged Republican Voted For Ulysses S. Grant

BOSTON, Sept. 22 (AP) — Charles W. Thiery, 103, of Belmont was introduced last night as the oldest Republican at the $100 a plate dinner attended by President Eisenhower.

He told newsmen he cast his first vote for Ulysses S. Grant for President in 1872 and had failed to vote Republican in only one presidential election. The lone "slip," he said smilingly, was when he voted for Grover Cleveland in 1884.

Mrs. Nell Mason Ferguson, shown at her alterations machine at Highland Park Cleaners on the Big Spring Highway, has worked in Snyder for the past five years as an alterations expert. Prior to that she worked at the Hickman Tailoring Co., in Amarillo. (Lee Watson photograph)

EXCLUSIVE PROCESS

Highland Park Cleaners Has New Employes And Services

Two new employes have been added at Highland Park Cleaners on the Big Spring Highway, Si Steinberg, owner, has announced.

They are Mrs. Nell Mason Ferguson, alterations expert, and Jay Cline, wool pressman and deliveryman.

Mrs. Ferguson has been working in Snyder for the past five years, most recently at Ameen Co., here, Steinberg said. "Her skilled work is already familiar to many Snyderites," he said.

Mrs. Ferguson said that any type alteration or repair to men's or women's clothing can be done at Highland Park Cleaners and delivered to the customer quickly.

"If your weight changes slightly, there is no reason for discarding practically all your present wardrobe when the clothes can be made to fit your new size quickly and inexpensively," she said.

Jay Cline has just moved here from Kennett, Mo., where he has been in the cleaning business for several years, Steinberg said.

"The new employes were added as part of our program of constantly improving the services we offer our customers," Steinberg said.

His firm offers now an exclusive new process.

It is the Sta-Nu finishing process.

"Sta-Nu finishing process replaces vital textile and fabric oils in fabrics that have been lost through wear and dry cleaning, and makes the fabrics look and feel like new again.

"After Sta-Nu finishing, the garment has a lively, soft look that it probably has not had since it was new.

"The process gives colors a new vitality, and brightens sheens while shines from wear or age are greatly reduced," Steinberg said.

"Clothes finished with Sta-Nu hold their press longer, and wrinkles will hang out of them in your closet providing a big saving to you on your finishing bills. Even clothes that have been wrinkled by packing in a suitcase hang straight and wrinkle free without being repressed," he said.

The Sta-Nu finishing process is available in Snyder only at Highland Park Cleaners. The new service is provided at no extra cost to the customer.

Steinberg said his firm also offers a complete dying service that permits customers to put new life in their present wardrobe without great expense.

Snyder Keeps Record Clean With 14-12 Win In El Paso

The Snyder Tigers came from behind in the last minutes of a grid tilt in El Paso last night to down Class 4A-Bowie 14-12. Bowie is favored to win its district title.

The team is scheduled to arrive here between 4 and 5 o'clock this afternoon.

A two-point safety, scored when Tiger End Royce Pierce smeared Bowie Halfback Eduardo Comacho in the Bowie end zone, was the difference in the score.

The Tigers scored first, making it 6-0, then Bowie scored to tie the game. The safety put Snyder ahead 8-6, but Bowie scored again for a 12-8 lead. The final Snyder score, marked up by Fullback Jackie Grimmett, was made with two minutes to go in the game.

The Tigers held the Bowie team to a net gain of 21 yards on the ground, but the Bowie eleven took to the air to gain 109 yards. During the last half of the game, in 17 plays, Bowie tried passing 11 times and completed eight of those for 76 yards. The Latin-Americans gained only 10 yards on the ground during that half and lost six.

The first score came six minutes deep in the first period. Bowie Quarterback Bob Cordova tried a punt which was blocked for a five-yard loss. The Tigers took over on the Bowie 35-yard line. Grimmett and Halfback Joe Baxter ground to the 2-yard line, and Baxter crossed the goal line after taking a pitchout from Quarterback Bernie Hagins and moving around right end. Guard Steven Blair made a good point kick, but he had to try it over after a Tiger penalty, and the kick was bad that time.

Bowie took the ball on the Snyder 35 early in the second period. Cordova completed two passes good for a total of 14 yards, one to Halfback Leopoldo Munoz and one to Comacho, while Halfback David Holguin made a 20-yard gain through the middle of the line. Cordova made the score, bucking the middle for one yard. Comacho's kick was bad. The score was tied up 6-6 at the half.

Early in the third quarter, the Tigers advanced to the Bowie 19-yard line and punted into the end zone. Comacho got the ball back to his own 1-yard line on the punt return. On the next play he took a pitchout in the end zone from Cordova, when Pierce downed him for the safety.

In the fourth period, the Bears got possession of the ball on their own 31-yard line and began to pass. Six passes, five of them complete, put the Bears to the Tiger 10-yard line, then Cordova passed to Munoz for the score. Cordova's kick was bad.

After Baxter had returned the kickoff to the Snyder 45, Hagins made the only Snyder pass completion of the night to Reagan White for a 27-yard gain. Baxter and Grimmett, running behind the blocking of the offensive line, carried to the 1-yard line, then Grimmett hit the middle of the line for the tally. Blair's kick was bad.

Following the kickoff, Cordova tried another long pass, which was intercepted by Snyder Halfback Alan Snead on the Bowie 33. The Tigers stalled then until the end of the game.

Tackle Jerry Smith, Morris Hataway, and End Paul Hays showed up on the Snyder defensive.

Baxter led Snyder ground gain with 99 yards, while Grimmett ran second with 61. Holguin was Bowie's leader with 34 yards, but Cordova lost 34 yards on the ground.

AGGIES HOT

Half Of Southwest Loop Is Into Action This Week End

By HAROLD V. RATLIFF
Associated Press Sports Writer

The Arkansas Razorbacks, lamest of the lame in 1952, open a new season under a new coach and with a lot of new hopes Saturday night, meeting Oklahoma A&M in one of three games on the Southwest Conference football schedule.

It's a tough assignment for the Razorbacks' freshly-hired coach, Bowden Wyatt, who has come to Arkansas in an effort to pick up the pieces of too many disastrous years.

While Arkansas tries to humble a greatly improved Oklahoma Aggie outfit, Texas A&M, which shocked a flock of people by beating Kentucky last week in its opening game of the season, will be engaging hard-bitten University of Houston of the Missouri Valley Conference—the same league in which Oklahoma A&M plays—at College Station.

In an afternoon game, Texas will be tackling Villanova in an intersectional joust at Austin.

Rice, Baylor and Texas Christian, which opened the season last week with victories over Florida, California and Kansas, respectively, rest this one out and Southern Methodist, seventh member of the conference, waits still another week to open the campaign. The Methodists play their first game under new coach Chalmer Woodard at Atlanta against Georgia Tech Oct. 3.

The Aggie-University of Houston game could be a whopper. It matches two of the finest quarterbacks in the country—Bobby Clatterbuck of Houston and Don Ellis of the Aggies. Clatterbuck hasn't been able to strut his passing stuff this season because the Cougars haven't yet played a game, but Ellis ran and threw for 250 yards in the 7-6 victory over Kentucky last week.

Oklahoma A&M also has already played a game, beating Hardin-Simmons of the Border Conference 20-0 last week. Texas and Villanova to Georgia 32-19.

Texas, Texas A&M and Oklahoma A&M will be the favored teams in most quarters but we'll take a flier on Arkansas to win. Starting the season in the predicting department, here's how they look:

Texas A&M-University of Houston—A mild vote for the Aggies in a rip-snorting ball game.

Texas-Villanova—the Longhorns are better than their 20-7 loss to Louisiana State and the Villanovas will be playing in strength-sapping heat to which they're not accustomed; we'll take Texas by two touchdowns.

Arkansas-Oklahoma A&M—Arkansas has some good men and Bowden Wyatt should have them in a better frame of mind than for a long time; Arkansas in a narrow squeak.

Vols Leading Dixie Series

DALLAS, (AP)—The Dallas Eagles and Nashville Vols moved to Nashville today to resume the Dixie Series with Dallas holding a 2-0 lead.

The Eagles beat the Vols 5-4 in 10 innings last night to make it a clean sweep for the home stand. They had won the first game 7-1 Wednesday night.

Al Stringer, Dallas shortstop who has been a batting star of the series thus far, singled with the bases loaded to drive in the winning run. It was the first and only time for Dallas to be ahead in the game.

Nashville had driven Wayne McLeland, ace Dallas pitcher, to cover in the seventh with Jose Santiago coming in to get the side out. Then southpaw Pete Mazar took over and pitched two-hit ball for three innings, holding the Vols scoreless.

In the fatal tenth Frank Tornay doubled, moved to third on Buzz Clarkson's sacrifice, and Willie Brown and Ben Taylor were walked, then stringer furnished the payoff punch.

The clubs play the third game of the series at Nashville tomorrow night with Jack Harshman, big southpaw with a 23-7 record for the season and three victories in the Southern Association playoffs, starting on the mound for the Vols. Dallas will use John (Red) Murff, tall righthander who had a 17-13 season record and 1-1 in the Texas League playoffs.

The two games here drew 16,919 fans who contributed $33,530.71 at the gate. Each league got $3,353.07, each club $5,364.91 and $16,094.75 went into the players' pool. The players participate in the receipts in the first four games.

Future Foes Go Into Grid Action Tonight

Here's where Snyder's future foes play in grid games tonight, along with their season records:

Lamesa (0-1) at El Paso Jefferson (1-0).

Plainview (0-1) at Ysleta (0-1).

Big Spring (0-1) at Pampa (1-0).

Vernon (1-1) hosts Childress (1-0

Sweetwater (1-0) hosts Abilene (1-0).

Levelland (1-1) hosts El Paso High (1-0).

Junior High Teams Beat 2 Lamesa Squads

Two Snyder junior high teams downed Lamesa teams at Lamesa yesterday to continue the good record of junior teams here.

The seventh grade squad, coached by Jimmy Williams, won its game 23-0, while Charlie Storrs' eighth grade eleven downed the Lamesa eighth 35-6.

Although the two teams were plagued with penalties, they did not slow down. The seventh grade squad was assessed more than 100 yards in penalties.

Jimmy Allen, left halfback, scored two of the seventh grade touchdowns, both on off-tackle plays for about 30 yards. He also ran across two extra points. Fullback Roger Hensley made a 50-yard gallop for one score. The Snyder team was awarded a safety when the Lamesa squad, pushed near its own goal line, made a bad pass from center to quarterback and the ball went dead in the end zone.

The seventh grade squad completed two of four passes, both from Quarterback Richard Mahan to Left End Gayle Courtney, each for about five yards. The Snyder team was ahead 14-0 at the half.

Bobby Pollard, eighth grade fullback, led the team with four touchdowns on long runs, the longest about 70 yards. He gained about 210 yards in the game. Pollard was leading scorer for the junior high team last year.

Bobby Staton, left halfback, scored one touchdown on a 50-yard run. Staton ran all five of the team's extra points.

Bob Brooks, left guard, was defensive standout for the eighth grade.

The two teams will play their second game of the season at Sweetwater next Thursday, with the seventh grade game beginning at 4 o'clock.

WEIGHING IN

Challenger Roland LaStarza of New York watches New York State Boxing Commissioner Robert K. Christenberry weigh Heavyweight Champion Rocky Marciano, Brocton, Mass., in Madison Square Garden in New York for their title bout. Marciano weighed 185 while LaStarza was surprisingly lighter by one-fourth of a pound. It was the lowest LaStarza had weighed since he hit the boxing bigtime.

Hermleigh Is Playing Knox City Tonight

The Hermleigh Cardinals will be away from home tonight for another rough grid tilt. They will meet Knox City at 8 o'clock tonight.

Coach Charlie White this week said he has only one injured player who will not be able to play in tonight's game. He is Roland Bruns, defensive tackle, who has an injured knee.

The Cardinals, who are traditional winners on their district title and have for the past five years lost very few games, have a 1-1 record so far this season. They lost their first game 6-0 to Seagraves, then downed Aspermont 7-0.

Knox City is favored in its district, White said. That team so far has defeated Blanket 7-0 and lost to the Stamford B squad 28-14.

Robbie Robinson, 160-pound freshman, will start as quarterback of the Cardinals tonight. Robinson and Kemp McMillan, 140-pound veteran, alternate in that position. White has been working his team this week on pass offense. Neither Robinson nor McMillan have completed a pass so far this year. Charles Rinehart, 160-pound fullback, has completed three of six attempts for about 30 yards. The team has tried about 10 passes in the two games.

Rinehart is leading ground gainer for the squad and has scored the only touchdown made by the team, as well as the only extra point.

Also starting for the Cardinals will be Neil Wilcox, 180, at left end; Alvin Wimmer, 160, left tackle; Charles Smith, 140, left guard; Alvis Tarter, 150, center; Jay Houston, 135, right guard; Leon Hale, 200, right tackle; Delbert Hess, 125, right end; Wendell Goodman, 160, left halfback; and Richard Fritz, 140, right halfback.

Rocky Keeps His Title With Vicious Beating Of LaStarza

By GAYLE TALBOT

NEW YORK (AP) — Roland LaStarza had the heart but Rocky Marciano had the guns, and so the human block of granite from Brockton, Mass., still holds the heavyweight championship of the world today.

Few fighters in the annals of the cruel sport have taken a more brutal beating than the ex-collegian from the Bronx absorbed last night before Referee Ruby Goldstein stepped in midway of the 11th round at the Polo Grounds and cried enough. Outclassed and almost defenseless for the final four rounds, LaStarza had done all that could have been asked of him.

Today, just a year and two days since he pulverized Jersey Joe Walcott at Philadelphia to win the title, Marciano stands a colossus athwart the game. With LaStarza's star set, probably for good as a serious contender, the Rock has no rival of real stature. He must be accepted as one of the great champions.

He proved last night before an awestruck crowd of 44,562 that there is nothing to hold him off once he starts moving forward and throwing those oaken arms of his. LaStarza tried. He fought back as long as it was physically possible and he tried every stratagem he knew. He made it close for six rounds. Then the roof began caving in on him.

Early in the 11th and fatal round, Rocky rushed his bleeding rival against the ropes and with a lethal succession of left-right-left swings to the jaw slammed LaStarza to the canvas for the first knockdown of the fight. LaStarza rose on his trembling legs well before the count of nine, but as Goldstein wiped his gloves clean and sent him forth again it was evident that the challenger had made his bid and failed.

Again the Rock barrelled in, throwing both fists with all he had, apparently as fresh and relentless as he had been in the opening round. When it was evident that LaStarza could not defend against the furious attack, Goldstein leaped to save him. The beaten man stared dully, blood frothing on his lips, and made no dissent.

For nearly four full rounds before that the crowding, rentless champion had been in full charge. He first had hurt LaStarza seriously in the seventh when he slugged him into the ropes and for the last two minutes pounded the hapless challenger all over the ring almost without a return. Only LaStarza's fighting spirit enabled him to weather the punishment.

The eighth, ninth and tenth rounds followed much the same pattern.

For all that LaStarza will go into the big book only as a game boy who thought he could lick Marciano and learned that the job was beyond him. But he gave the great crowd which paid $435,817.98 a few thrills before he was tagged. He was as unfrightened as he had promised he would be. He fought and he never did run, even when he must have realized he had had it.

On this score card they were dead level for the first six rounds —two for LaStarza, two for Marciano and two even. Referee Goldstein had it even, too, and the two judges gave the challenger an edge to that point, partly because Goldstein took the sixth round away from the champ for an obviously low blow, however unintentional.

Sooner-Irish Game Billed Top In Land

By BOB HOOBING

NEW YORK (AP)—Major football powers risk their pre-season ratings against eager potential spoilers this week end with the winner of the Notre Dame - Oklahoma struggle assured of strong support as the nation's best.

An overflow crowd of 60,000 is expected to witness the Irish-Sooner spectacle at Norman, Okla. pitting the No. 1 and No. 6 teams, respectively, in a contest that could go a long way toward determining the national championship. Irish halfback Johnny Lattner may not be able to go all the way because of a minor injury. Converted halfback Buddy Leake could give favored Notre Dame fits in his role as Oklahoma's split-T quarterback.

Michigan State and Georgia Tech seek to protect impressive unbeaten strings against Iowa and Florida elevens who are gunning for upsets. Hawkeye Coach Forest Evashevski, formerly under Biggie Munn at Michigan State, is going all out to try to spoil his old boss's Big Ten debut. The Spartans have gone 24 games without a loss.

A Florida team that just missed stopping Tech in a 17-14 thriller last year has its eye on the 27-game defeatless skein of the Engineers, but Bobby Dodds' crew is expected to make it 28.

Southern California plays host to Minnesota in a contest heralded as a clash between tailbacks — USC's national honors candidate Aramis Dandoy and the Gophers' All-America Paul Giel.

Penn embarks on a murderous schedule against Vanderbilt with tailback Walt Hynoski hampered by a shoulder injury. The Commodores bring along a healthy Bill Krietemeyer, looking better than ever in the new split-T.

Mississippi State counts on Jackie Parker to lead them in an invasion of Tennessee's home grounds. Ohio State, voted by many as the most likely to succeed in the Big Ten, opens its campaign with Indiana.

Alabama, out to avoid a repetition of its unexpected 25-19 loss to Mississippi Southern, meets a surprisingly good Louisiana State aggregation that stunned Texas last week.

In the NCAA television "special" Holy Cross matches the speed of Lou Hettinger and power of Chick Murphy against Dartmouth's "thin" forces.

Elsewhere in the east, Navy unveils its '53 edition with Ike Eisenhauer and Dick Olson leading a bone-crushing line against William and Mary's aggressive Indians.

In other games Duke looks for its second straight Atlantic Coast Conference triumph over Wake Forest, Georgia pits its Zeke Bratkowski-powered aerial arm against Tulane's hard-running Max McGee, Kentucky squares off against Mississippi, North Carolina and North Carolina State renew their traditional rivalry and Maryland meets Washington and Lee.

B Squad Plays Saturday Night

The first home game of the season for the high school B grid team is scheduled for 8 o'clock tomorrow night in the Tiger Stadium.

The B squad, coached by Jack Dillon and Gene Gibson, will meet the Lamesa B.

The Snyder team last week was downed by Abilene 33-0. In that game, Quarterback Jerry Taylor completed one of two pass attempts to End Richard Snyder, gaining 11 yards.

The team made six first downs to Abilene's 15. The Snyder squad fumbled five times in the game and recovered each time. Abilene fumbled four times, recovering twice. Abilene passed for one touchdown, making the only completion of the night.

Probable starters for tomorrow night's game are Harold Hooks, 145, and Milton Ham, 125, ends; Wally Denson, 160, and John Partain, 150, tackles; Don McNew, 150, and Hal Holladay, 130, guards; Robert James, 160, center. Taylor, 120, or Ronald Smith, 110, will be quarterback. Other starters picked include Powell Berry, 125, and Carl McDaniel, 125, in the backfield.

It is believed that eyeglasses were invented in Florence, Italy about 1285.

SERMON TOPICS

"You Are the Lord's Servant; Have You Made His House Ready? will be the sermon topic of the Rev. James A. Stewart at the Interdenominational Gospel Msision at 11 o'clock Sunday morning. He will speak on "The Lord's Prayer" at a 6:30 street service Saturday evening and on "These Three Things the Lord Did in the Wilderness" on his 1:30 broadcast.

• • •

The Rev. E. K. Shepherd, pastor of the First Baptist Church, will speak on "Count Your Blessings" at the Sunday morning service of the church. Sunday night his topic will be "Causing Others to Sin."

• • •

"Ordination —Offices" will be discussed by Ted Norton, minister of the Twenty-fifth Street Church of Christ, at the 10:45 Sunday morning service of the church. His sermon for the 7:30 Sunday night service is titled "Standing." Bible study classes met at 9:45, with training classes at 6:30 Sunday night.

• • •

"Our Redemption in Christ" has been selected as the topic of the sermon to be given by the Rev. Jack Dean, pastor of the North Side Baptist Church, for the Sunday morning service of the church. At the 8 o'clock service Sunday night his message will be "Is This the End Time?"

• • •

"Teaching the Way of Christ" will be the sermon topic of the Rev. Woodrow Adcock at the 8:45 and 10:55 Sunday morning services of the First Methodist Church. "The Divided Heart" will be his topic at 7:30 Sunday night.

• • •

Sunday sermon topics of the Rev. Glenn W. Ricketts at the First Christian Church will be "Goodness Well Done" and "Out of the Crowd." The morning worship service begins at 11 o'clock, with the evening service starting at 7:30.

• • •

"Remember Lot's Wife" has been chosen for the topic of the sermon to be given by the Rev. B. W. Lewis at the Trinity Methodist Church Sunday morning. Young people of the church will have charge of the service Sunday night, with Clifton Robbins as the speaker. The MYF meeting Sunday night is scheduled at 6:30, with Sunbeams to meet at 7 and the worship service starting at 7:30.

• • •

The Rev. Jacob C. Regier, pastor of the Apostolic Faith Church, has titled his sermon for presentation Sunday morning, "Righteousness Exalteth A Nation." Sunday night Mr. Regier will speak on 'Behold, He Cometh." Divine healing will be the subject for the Saturday night Bible lesson at the church.

• • •

The qualifications of elders will be discussed by Warder K. Novak at the Thirty-seventh Street Church of Christ Sunday morning. "The Credibility of the Bible" will be his topic Sunday night. He will also speak at 12:15 Wednesday on a broadcast under the auspices of the church.

Methodist Men's Club Holds Meeting Last Wednesday At Church

Forty-eight men attended the Methodist Men's Club meeting at the First Methodist Church Monday night.

A religious film, "The Barrier," was featured on the program. Robert Clinton directed an old-fashioned hymn singing. Joel Hodges, program chairman, presented the program and Joe York, club president, presided at the meeting.

The men meet on the third Monday of each month and all men are welcome to attend, York said.

Berean Circle Begins Study About Latins

The Berean Circle of the First Methodist Church began a study of Spanish-speaking Americans at its Monday meeting.

Mrs. Fred Beaty, study leader, presented the devotion on "Oh, Master, Let Me Walk with Thee." She was assisted by Mrs. R. L. Gray. Mrs. Frank Strom also took part in the program, and Mrs. Waldo Montgomery gave "A Report From the Field," emphasizing the cooperation of Southwest Texas and Rio Grande conferences.

A new members, Mrs. Le Roy Sims, was introduced at the meeting.

Brotherhood Works On Class Departments

The Men's Brotherhood of the First Baptist Church will begin work on remodeling the beginner's department of the church next week.

A "work night" program will be scheduled for the group, when they will meet at the church to work on the project. The junior department is now being remodeled.

Study Program Ending In 1st Baptist Church

A study program which has been under way at the First Baptist Church this week will be concluded tonight.

The Rev. E. K. Shepherd, pastor of the church, has taught the course. It is a part of the program of the church to increase Sunday school attendance, in keeping with the Southern Baptist Convention motto of "A Million More in '54."

Promotion day will be observed in the Sunday school Sunday morning.

Class Party Tonight

Mrs. Jack Bowden will be hostess tonight for a party honoring members of the Couples' Class of the Trinity Methodist Church. The party is to start at 7:30 at the Bowden residence, 2312 Thirty-first Street.

Revival Opening At Avenue D Baptist Wednesday Night

The Rev. Bob Harris of Hereford will be the evangelist for a revival meeting opening at the Avenue D Baptist Church Wednesday. Bobby Smith of Rotan will lead singing during the meeting.

A morning prayer service is scheduled at 6:45 each morning during the meeting. Evening prayer service will start at 7 o'clock and the preaching service at 7:30. The meeting will continue through Oct. 11.

Presbyterian Women Plan Luncheon Study

Continuing Bible study, members of the First Presbyterian Women's Organization met at the church Tuesday. Mrs. James Kincaid was hostess. Twelve ladies were present.

Next Tuesday morning at 10 another study hour will be held and afterward a covered dish luncheon served.

Official Board Meeting

The official board of the First Methodist Church will meet at 7:30 Monday night, Fred Davis, chairman of the board, has announced.

Reports are to be heard from Frank Patterson, Guy Glenn, Frank Wilson and Joel Hodges, commission chairmen. Sixty members of the board are expected to attend.

Report On Conference

A report on a church school workers' conference held at Ceta Canyon was given by Harold Bennett at the First Methodist Church Sunday night. Other men attending the conference were Paul Keaton, Joel Hodges and Haskell Beard.

Guest Speaker Sunday

The Rev. Robert Hankins of Corsicana will be guest speaker at the Asembly of God Church Sunday, the Rev. Robert Owens, pastor of the church, announced today. Mr. Hankins is a presbyter of the church. He is visiting here with a brother, D. H. Hankins.

Covered Dish Luncheon

A covered dish luncheon for women of the Thirty-seventh Street Church of Christ was held Wednesday in the home of Mrs. P. W. Birdsall, Lamesa highway.

Mr. and Mrs. Warder K. Novak were special guests for the luncheon, along with other new members of the church. Twenty-six persons attended.

Rally Day Set Sunday

Rally Day will be observed in Sunday school classes of the First Methodist Church Sunday. An attendance goal of 572 has been set by the commission on education for the observance.

Oil Industry Essay Contest Open To High School Seniors

Local prizes of $200 and area prizes of $1,000 will be given here next month in an essay contest by the Oil Industry Information Committee in connection with Oil Progress Week, which will be observed Oct. 11-17.

The contest rules state that only high school seniors are eligible to compete in the contest. According to the rules, essays must have 350 to 750 words. No names may appear on the essays, and students entering will be assigned numbers to place on their papers. Each school will handle its own preliminary grading, and up to 10 essays may be submitted to the local OIIC, headed by Walker Dabbs, for judging. All essays entered in the area finals must be typewritten.

The county group will judge the essays and submit those judged best to the area OIIC committee on essays. The Snyder schools, with an enrollment near 3,000, will be eligible to have four essays forwarded by the local committee to the area group. Schools with enrollments up to 500 will be allowed two essays in the area finals, and those with more than 500 but less than 1,000 will be allowed three essays.

The local judging committee will be composed of five oil firm superintendents, Dabbs said. For the four best essays from Snyder, the Diamond M Foundation will award each writer a $50 war bond.

Subject of the essays will be "What the Oil Industry Means to West Texas." All schools must submit the essays to OIIC committees on or before Sept. 30. Announcement of winners will be made during Oil Progress Week.

Three area prizes will be awarded in the contest. All three top prizes will be scholarships to be presented to winners upon their enrollment in two or four-year accredited colleges of their choice. First prize will be $500, while second will be $300, and third will be $200.

Man Shoots Close In-Law

LEBANON, Tenn. (AP)—State Rep. Guy Thackston today blamed "business matters" for an argument which was climaxed by the shooting of his brother-in-law, an attorney and civic leader here.

Thackston, 45, insurance man and farmer, was released under $10,000 bond on a charge of assault with intent to commit murder in the first degree.

His brother-in-law, A. A. Adams, Jr., 50, underwent surgery last night for removal of two .32 caliber revolver bullets in the abdomen. His condition was described as "very serious."

Police Lt. Joe Rich said the shooting occurred yesterday afternoon at Adams' office in the presence of Mrs. Vertruse Eskew, his secretary. Four shots were fired, the policeman added.

Thackston surrendered to police a few minutes later, Rich said.

"It was a clash of personalities," said Thackston, a Methodist Sunday school teacher. "It was one of those cases where you go farther than you ever think you would." He declined to elaborate on the "business matters."

Thackston represented Wilson and Davidson (Nashville) counties as a floterial representative in the 1953 Legislature and is a past president of the Tennessee Junior Chamber of Commerce.

Lion Loose In Woods Around Cincinnati

CINCINNATI (AP)—County police were to search today for a lion in a wooded area northwest of Cincinnati where a squirrel hunter said he sighted the big game.

They were convinced William Fluellen, 39, was dead sober and serious when he saw the large animal yesterday.

Fluellen said the animal was identical with ones zoos and circuses have caged up.

His first instinct was to use his 12 gauge shotgun, but he thought he would be better off to run home and call the police.

Film Shown At Rotary

A film on highlights of Southwest Conference football for 1952 was viewed yesterday by the Rotary Club at its weekly luncheon.

The film was furnished to the club by Walker Dabbs, Humble production superintendent here.

Visiting Rotarians were Jimmy Dean of Big Spring and Al Coffman of Sweetwater. Other visitors were R. C. Williams and Don Brown, both of Snyder, and Jim Galloway of Midland.

Segregation In Vet Hospitals Is Studied

WASHINGTON (AP) — A White House spokesman said today a "complete and thorough analysis" of segregation of Negro and white patients in veterans' hospitals is underway to aid in bringing it to an end.

Maxwell Rabb, White House race relations specialist, said the analysis is being made to work out a technique by which to carry out President Eisenhower's order to eliminate segregation in Veterans' Administration (VA) hospitals.

Rabb said he didn't know how soon segregation could be ended. That is one of the things the analysis will help determine, he added.

Clarence Mitchell, official of the National Association for the Advancement of Colored People (NAACP), said in a separate interview the NAACP "has been assured by the White House that segregation will be ended in VA facilities."

Mitchell said segregation exists in one form or another in all but five VA hospitals in 17 southern and southwestern states.

Although a few elephants are born in captivity, most work elephants are born wild.

AUTHORITY IN RELIGION

Ted Norton

The word "creed" comes from the Latin, "credo" which means, "I believe." A man's creed is what he believes. This is true whether that creed is written or unwritten.

Written creeds have to be revised. The first creed written by men in a council was at Nice, Asia Minor in the year 325 A. D. This creed was aimed at counteracting heresies which were being taught.

The "Apostles' Creed" was not written by the apostles. This may sound shocking to some who have thought this creed originated with the apostles. "It developed gradually from a simpler form (the Old Roman Symbol) used in Asia Minor and in the West in the 2d and 3d centuries. The Textus receptus may be traced to the 5th century. Neither form goes back to apostolic times." (Webster's New International Dictionary, Second Edition, Vol. 1, page 127, "Apostles' Creed".) Need one believe this creed? He may believe all truth in it, but where it varies from the New Testament, he must believe the New Testament. It is right!

The apostles of Christ have no successors. They have not vacated their authority. The Lord's promise to be with the apostles "always, even unto the end of the world." (Matt. 28:18) is still fulfilled. The word of God revealed through the apostles is still binding (authoritative). It is the New Testament. If the apostles did have successors, they would be apostles—not bishops in some church! The successor to the governor of a state is ties would be apostles! The apos- a governor. Successors to the apos- Their word is still binding (authorities "being dead yet speaketh." oritative). Those who heed the apostles, heed the Lord himself (Matt. 10:40). The apostles have no successors!

What is the creed of the Christian? Christ is the creed of the Christian. The Christan believes in Jesus Christ as the Son of God (John 20:30, 31). One who believes in Christ believes in a living, all-powerful Lord and Saviour who has revealed the will of the Father through His holy apostles and prophets (Eph. 3:2-7). This "will" (covenant) is the gospel of Christ, the New Testament (Heb. 10:9, 10). Christ is the creed of the Christian. The New Testament is the gospel of Christ (Rom. 1:16), the Christian's rulebook wherein man finds all that God wants him to do (2 Tim. 3:16, 17).

The creed of the Christian needs no revision. Christ is the Son of God, seated at God's right hand, with all authority in heaven and in earth (Matt. 28:18). Man needs to revise his way of living to conform to the will of Christ. Then the blessings of the Lord can rest upon him (Rev. 22:14).

Tune in on KSNY on Wednesday at 12:15 (noon) and hear Warder K. Novak.

CHURCHES OF CHRIST
2500—37th Street — Warder K. Novak, Evangelist
1411—25th Street — Ted Norton, Evangelist

There comes a time in the lives of most children when they lose interest in purely childish things and their minds turn to the serious side of life.

When that happens, they lay aside their toys, begin to read something besides "story books," listen to the conversation of older people, and take pride in their ability to accomplish things. This is the borderland between childhood and youth.

Parents should recognize these symptoms, and should endeavor to give the child the right slant on life. It is the period when characters are shaped.

What better influence could be desired than that of religion? A knowledge of God, the influence and associations of the Church, the thoughts of great teachers—these are the foundations of character that will stand any test.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Newlyweds Rita Hayworth and Dick Haymes cut the first piece of their wedding cake at a brief reception in Las Vegas, Nev., following their marriage. Eight invited guests and scores of newsmen and photographers helped eat the giant cake presented by a hotel.

Dick, Rita Wed As He Gets Good News

LAS VEGAS, Nev. (AP)—Rita Hayworth and Dick Haymes are on the fourth honeymoon for each of them today following a brief flashbulb-lit wedding in a gambling resort hotel.

"I feel wonderfully happy," the redhaired bride said after the three-minute ceremony. "I am married to the man I really love. It sounds so wonderful to be called Mrs. Haymes."

The movie star and the crooner fly to New York Saturday and later to Philadelphia, where the bridegroom starts a night club engagement Monday night.

"Our careers, in fact nothing, will ever separate us," Rita declared. She said she'll travel with Haymes on his night club tour. They have rented a house in Greenwich, Conn. Miss Hayworth said she'll commute between there and Hollywood for one picture a year.

The ceremony was performed by Judge Frank MacNamee in the Gold Room of the Sands Hotel. Roulette games and slot machines continued whirring in the nearby Casino.

Rita's two daughters, Rebecca, 8, by her marriage to actor Orson Welles, and Princes Yasmine, 3½, by ex-husband Aly Khan, looked on from a divan.

The bridal couple said their "I do's" firmly. Big tears came into Rita's eyes at the words. The double-ring ceremony was over before she got her ring on Dick's finger; she put it on afterward. Little Yasmine shrilled, "Mama, I want a ring, too."

Several hundred persons lined the way as the couple, arm in arm, walked from her quarters in a remote part of the hotel to the ceremony.

Miss Hayworth wore a short-sleeved, blue linen dress, a toast-colored tulle and velvet hat and matching gloves. Her bouquet was of orchids and lilies of the valley. Haymes wore a blue pin-striped suit with blue tie.

Before her marriages to Welles and Prince Aly, Rita was wed to oilman Edward Judson. Haymes' previous wives were actress Joanne Dru, dancer Joanne Marshall, and Nora Flynn Haymes, ex-wife of Errol Flynn. The crooner got a Nevada divorce Wednesday from Nora, who obtained a California decree from him last week.

In connection with his immigration difficulties, meantime, the honeymooning crooner could take cheer from a federal court decision yesterday in Miami, Fla.

In a similar case at Miami, Judge John W. Holland ruled in Federal District Court that the return of Harry O. Voller, 62, former Miami Beach newspaper publisher, from Puerto Rico in 1951 "did not constitute an entry into the United States within the meaning of the 1917 Immigration Act."

Puerto Rico and Hawaii are insular possessions of the United States. Judge Holland held that "For a resident alien to make a reentry, he must go to a foreign port."

Lodge Attacks Ruling On UN

NEW YORK (AP) — Henry Cabot Lodge says he hopes to upset the United Nations decision affecting 11 American employes of the U.N. Secretariat fired for refusing to answer questions about communism but who later were ordered reinstated or awarded cash indemnities.

Lodge, chief U. S. delegate to the United Nations, testified yesterday at an open hearing of the Senate internal security subcommittee headed by Sen. Jenner (R-Ind).

Lodge said the reinstatement and awards order was made by a U.N. tribunal in Geneva, Switzerland, composed of "foreign lawyers" and having no American representative.

"These individuals (the lawyers) were making decisions of great interest to American public opinion without having an understanding of that public opinion," Lodge said, adding:

"I intend to do all I can to resist it (the verdict) in the coming session of the General Assembly. The General Assembly has the power to overrule it and I would not be surprised, in fact I am optimistic, that we can find grounds to justify the General assembly in overruling it."

The Geneva tribunal had ordered reinstatement of four of the dismissed employes and payment of damages to the seven others in lieu of reinstatement.

Strike Being Analyzed By Italian Leaders

ROME (AP)—Millions of Italian industrial workers trooped back to work today after a 24-hour general strike that shut down the nation's production facilities tighter than any walkout since 1948. Their return left observers with some tough questions to ponder.

There appeared little likelihood that any quick answers would be found to the perplexities including:

1. Can communism's promised "winter offensive" of strikes cripple Italy's arms production for the North Atlantic alliance?

2. Can Premier Giuseppe Pella's stopgap government meet its pledges to the Atlantic Pact and the European union?

3. Has the strength of the Red left surged back to the might and fury which challenged te nation's Democratic government five years ago?

4. Or were the industrially crippling walkouts yesterday chiefly a non-political demonstration of Italian labor's need for a lot more jobs and higher wages to meet the rising costs of spaghetti and a place to live.

Both Communist and non-Communist unions joined in the walkout, a sure indication that it stemmed from something besides politics or the Reds' anti-NATO campaign.

From the Alps to fruit-rich Sicily, 75 to 95 per cent of the nation's production machinery lay idle yesterday.

U.S. Under Secretary of Defense Roger M. Kyes flew into Turin, Italy's "Little Detroit," to look over the Fiat plants that have orders to produce Sabre jet planes for NATO fighting forces. He found them 80 per cent idle.

America's ambassador to Italy, Mrs. Clare Boothe Luce, conferred during the strikebound day with Pella. Presumably their talk included an appraisal of the walkout.

The strike was called to enforce workers' demands for wage increases and higher security guarantees. The Italian Confederation of Industry claimed these would cost 800 million dollars a year. The unions say Italy's industries are making big profits and could well afford to share that much more with the working man.

In the dark, the pupil of your eye is 16 times as large as it is in a strong light.

Marriage And Names

GREENSBORO, N. C. (AP)—The woman told jailer J. E. Lucas she wanted to see her brother.

"What's his name?" Lucas asked.

"I don't rightly know," she replied. "You see, I've been married since I seen him last."
