

On The BEAM

By J. W. King, Sr.

A weekly newspaper is called upon many times every week to give publicity to some event. And of course the editor is always ready and willing to give publicity to anything that will benefit the community, the county, state or nation.

We can't always give as much publicity to any one thing as we would like to do because of lack of space, but we give as much as we can.

The only commodity a newspaper has to sell is advertising space. We have to sell as much space as we can every week to stay in business.

It is so seldom that any organization or individual thanks us for publicity that a letter like the one below makes us feel that our efforts are appreciated, after all.

The letter is addressed to the editor:

"At the regular monthly meeting of the Board of Directors of the Mitchell County Farm Bureau, the following resolution was adopted:

"Be it Resolved, whereas, the editor of the Loraine newspaper, The Mitchell County News, and the members of his associated staff, have been most cooperative and helpful to our organization, we the Directors of the Mitchell County Farm Bureau, as representatives of the members of our organization, do hereby wish to express our sincere thanks and gratitude for your assistance to us in our endeavor to serve the people in this area who have an interest in agriculture; furthermore, that this resolution shall be made a part of the minutes of this meeting, and that we acknowledge our appreciation for the public service as rendered by this publication.

"We do sincerely thank you for this service, and for your spirit of co-operation in publicizing our meetings, and our achievements. We hope that we, as an organization to help promote the interest of agriculture, can continue to merit your interest, and any time we can be of any service to you, we will be more than glad to do so."

Sincerely yours,
R. R. Hargrove, President
Mitchell County Farm Bureau

He emphasized that fertilizer that is water soluble should be used to get the full benefit of it.

Saturday Is Special Bargain Day Merchants Offer Special Inducements

On this page, and others of this issue of The News, Loraine merchants are offering some special bargain prices and services. Read all the ads. You may find something you need or want at a bargain price. In one ad you will find you can get a garment cleaned for free Friday and Saturday of this week; hair cuts are 75c (the regular price) in another; and a good meal for 75c in another. In fact, every ad on this page and all through the paper have some special bargains you can't afford to pass by.

Of course, if you don't read the ads you are not going to know about these offers, so read every one of them.

We contend you can buy all your needs in Loraine at just as good or better price as you can anywhere. Occasionally you may find some article advertised in another town a little cheaper than it is advertised for in Loraine, and sometimes you can find some article advertised cheaper in Loraine stores, so it all averages up about the same in the long run. In fact, you can save money consistently by patronizing home merchants. For one thing, you won't have to burn that extra gasoline it takes to go somewhere else, and you won't have to put a nickel in a parking meter for parking is free anywhere in Loraine. Loraine merchants are your friends. They help to keep a school and churches in your town—that is a lot more than the bargain offer in another town does.

Don't buy your husbands, sons and friends out of business.

NEW CAR? One advantage of financing a car through our bank: the borrower may place the car insurance locally—and include the initial premium in his loan. There are other advantages. If you are ready to buy, ask us for more information.

YOUR CREDIT RATING is your financial "standing," based on what you earn and own, and, not least important, on your record for meeting obligations when due. A good credit rating is a valuable asset when you want to borrow.

When our bank pays a check drawn on an account here, we punch holes in it. Thus it is cancelled. Cancelled checks are evidence of payment—your receipts.

MAGGIE McKENZIE, popular radio star of KGNC says, "Every woman knows light Karo is best for cooking... and on the table..."

it's Karo for me, the best-tasting waffle syrup of 'em all'

Yes, indeed...biscuits go like hot cakes when you pour on plenty of delicious Karo waffle syrup. There's nothing like it for good eating. Satisfyin' flavor. So rich it stands right up on top of biscuits (keeps 'em light and fluffy). Keep Karo on your table morning, noon and night...it tops anything!

Ask your grocer for Karo waffle syrup, in pints and quarts

There's even more to Chevrolet styling than meets the eye!

This is beauty with a bonus... for Chevrolet styling is designed to add safety and comfort while you drive, and to return greater value when you trade.

Truly modern lines are shaped by usefulness. You can see what we mean in the deep crystal curve of Chevrolet's Sweep-Sight windshield... a dramatic style note, certainly, but one that stems from the need for wider, safer vision. Or take high-set taillights—they add to the impressive length of line... but they are up where they can be seen for safety's sake.

The smart louvers across the hood aren't just decoration... they mark the intake for the High-Level ventilation system for cleaner, fresher air. And the whole shape of the body—its lowness, the dipped belt line—is merely a reflection of a lowered center of gravity, the added stability.

This is truly functional styling that serves you better every mile, and preserves its value against the distant day when you trade. This is Body by Fisher—another Chevrolet exclusive in the low-price field. Come in and let us demonstrate that this new Chevrolet is just as exciting to drive as to look at!
