August 11 Date Set For Open House at Recreation Center

Open house for the Lamesa recreation center has been set for Wednesday, August 11, heads of the War Recreation Council announced today. At that time all preparations for the furnishings and decorations of the center will be completed. You will be able to see the splendid amusement center that the many workers have been able to present the service men of Lamesa.

Plans are now underway for arranging an interesting program for that day. It is hoped that many Lamesans will attend the opening on August 11 and view the finished center, which donations and free services have brought about.

Special thanks go to Audrey Cox for the piano he presented, and to Mrs. T. M. Corley for the coffee table she gave.

Don't forget the date of the opening, August 11.

Texans Urged To Plant More Feed

COLLEGE STATION, July 23.—Texas farmers and stockmen today were urged to plant in feeds every idle acre with sufficient moisture in order to forestall what Texas Extension Service livestock specialists predicted there may be a feed famine for the state's livestock this winter and next spring.

To help ward off the possible feed famine, Extension Service specialists urged the production of hay, bundle feed and silage.

E. A. Miller, Extension Service Agronomist, said that south of a line running east and west through Dallas, farmers can plant until August 15 hegari, blackhull and schrock kafir, darso, redtop cane, cowpeas and soybeans. North of that line, it would be best to plant these crops by August 1, he said.

P.-T. A. Conference To Be Held On August Fifth

Thursday, August 5, Mrs. H. G. Stinnett Jr., president of the Fourteenth District Texas Congress of Parents and Teachers, will hold a conference with local members of the P.-T. A.

The first meeting will be conducted in the auditorium of the primary school building from nine until eleven o'clock. An afternoon conference will be held in the home of the local president, Mrs. Hugh E. Gaines, of 906 North Third at two o'clock. The afternoon session will be especially beneficial to officers, committee chairmen, and committee members.

Local P.-T. A. members are urged to attend the sessions as they will receive many helpful instructions for the coming year's activities.

STUART CAMERON RECEIVES ENSIGN RATING

Word was received this week that Charles Stuart Cameron Sr., a member of the Merchant Marines for almost a year, has received his rating as an Ensign, and is now reporting for foreign duty. Ensign Cameron has already been on an assignment in the Aleutian Islands.

Before joining the service, he was an electrician. Ensign Cameron's family and many friends are located here.

The soil of Manchoukuo is among the richest in the world.

Save The Turkey For Service Men

WASHINGTON, July 22.—If you want your son, brother, or friend in the armed services overseas to have the traditional turkey dinner next Thanksgiving, Christmas and New Year's Day, give up any designs on the "early birds" which will be reaching the market at the end of next month.

The War Food administration asked the American turkey industry today to provide 10,000,000 pounds of turkey in September for shipment to the armed forces overseas, and appealed to processors, packers, hotel, restaurant operators, and consumers to forego selling, serving, or eating turkey until that urgent September requirement is met.

This year's crop of turkeys is expected to fall a little short of the 560,000,000 pound goal, of which the armed services—including the request for overseas birds—will take about 13 per cent. Last year's production was estimated at only 497,000,000 pounds.

New Ration Stamps Are Valid Today

The new series of blue stamps in war ration book No. 2, R, S, and T, becomes valid today for use in obtaining processed foods.

The series has a total value of 48 points, which may be used any time through Sept. 7. The N, P and Q series, which became valid July 1, remains effective through Aug. 7.

In the red stamp program, U becomes valid today for use in meats and fats rationing. T became valid July 25, V will become good Aug. 8 and W on Aug. 15, all remaining valid through Aug. 31. The P, Q, R and S series expired Saturday.

SERGEANT R. L. GREGG TRANSFERRED TO U. S. ARMY EIGHTH AIR FORCE

Sgt. Raymond L. Gregg of this city, was recently transferred from the Royal Canadian Air Force to the U. S. Army Eighth Air Force as a flight officer. At this time Gregg had earned his wings as a bomber pilot but had not yet participated in combat operation.

Gregg was a student at Texas A. and M. College before joining the RCAF in September 1941.

T-4TH GRADE BILLIE ROBERTS RECEIVES 2ND LIEUT. RATING

T-4th Grade, Billie J. Roberts completed his course at the Air Forces Officer Candidate School at Miami Beach, Florida this week. He received his commission as 2nd Lieutenant in the Army Air Force.

Lt. Roberts lived at 708 N. 1st St., of this city. His father is Mr. William E. Roberts, long time resident of Lamesa.

LEE R. FARMER RECEIVES COMMISSION AS 2ND LIEUT.

Lee R. Farmer, formerly of Star Route, Lamesa, was one of the men of the Gulf Coast Training Center who was a July graduate, acquiring a commission as a second lieutenant. Farmer has been located at the Altus Flying Field in Oklahoma.

Quinine production in the East Indies was built up by the Dutch, who took the seeds from Peru.

Ceiling Is Raised On All Cottonseed

WASHINGTON, July 31. (AP)—An increase of \$7 per ton in the ceiling price of cottonseed from \$49 to \$56 at the gin, was announced today by three southern senators.

The offices of Senator Bankhead (D-Ala.), McClellan (D-Ark) and Eastland (D-Miss) said the Office of Price administration had revised ceilings for cottonseed and cottonseed meal to compensate southern farmers for mounting production costs.

Announcement of the new ceilings followed by a day the setting of support prices for cottonseed products by the Commodity Credit Corporation.

Ceiling Support Prices Same

Both the ceiling and support prices for cottonseed are \$56 per ton, except in Oklahoma, Texas and New Mexico, where they are \$55. These ceilings were set for cottonseed meal of 41 per cent protein content:

Mississippi, \$45; Tennessee, \$45.50; Arkansas, \$45.50 each of the White river and \$46 west; Missouri, Louisiana and Alabama, \$46; Illinois, Georgia and Florida, \$46.50; Oklahoma, Texas (except El Paso) and South Carolina, \$47; North Carolina, \$47.50, and El Paso, Texas, New Mexico, Arizona and California, \$48.

The ceiling for meal in cake form will be 75 cents per ton lower in each case, and for meal of 43 per cent protein content \$2 per ton higher. Ceilings on cottonseed oil are unchanged from last year.

1943 Prospects For Bumper Crop In Dawson Co. Area

"All indications point to a bumper crop for 1943," reports Charles Tarter, county AAA administrative officer. Cotton prospects are the best Dawson County has had since 1937. With the right kind of weather 132,000 acres of cotton will be produced, raising the total of last years 120,000 acres. A few leaf worms have been reported in the county, but not enough to do serious damage.

There has been 200,000 acres of grain sorghum planted this year, which is 50,000 acres more than last year. Early feed shows signs of scorch and needs rain, but the late feed has not been hurt.

Making the prospects look still brighter are the 6,000 acres of peanuts and the 800 acres of soy beans that have been planted.

Defense Project Will Begin Soon

C. J. Norton, head of the Lubbock firm which will construct the new defense houses to be built in this city, advised that the P.H.A. commitments have been approved. He stated further that this would enable them to begin work on the housing unit during the first week of August.

These houses are to be located on seven lots contracted from C. H. McCormick, six lots from J. C. Hart and two from S. L. Forrest. They will be used by defense workers of the Lamesa Field.

Sam Jenkins Gives Talk at Rotary Club

At the regular Rotary Club luncheon on Friday, July 30, Sam Jenkins, entertained the group with an interesting talk on "International Service." He discussed several phases of this subject, especially dwelling on post war international relations.

C. T. Beckham, son of W. F. Beckham, was the guest of the day.

Molly Pitcher Tag Day Drive To Be Conducted August 7

Trucks Tires For Farmer Available

WASHINGTON, July 23.—More than 100,000 tires no longer suitable for severe Army duty will be made available for civilian use, Acting Secretary of War Patterson announced today.

Most of the tires are the heavy cleated type used on trucks for "off the road" service and are primarily suitable for farm trucks, the department said.

Patterson explained the tires were made available as an outgrowth of the Army's tire conservation program and the exchange of unserviceable tires—from the Army standpoint—for serviceable ones.

Peanut Producers Meet In District Court Room Sat.

Charles Tarter reported today the meeting of the peanut producers of Dawson County which will be held in the District Court Room next Saturday, August 7. The meeting is scheduled for 3 o'clock, and it is hoped that all producers will attend.

At this time harvesting equipment to harvest peanuts will be discussed. Peanut will play an important role through the coming year and the best of care should be given them.

Leo Riethmayer Is Injured In Wreck

Mr. and Mrs. A. H. Merrick received a letter July 29 from their daughter, Mrs. Leo Riethmayer of Alexandria, Virginia, telling of the accident which her husband was in Saturday afternoon.

Leo Riethmayer, son of Jacob Riethmayer, was in a pool car with four other occupants who were on their way home from their jobs in Washington, D. C., when the wreck occurred.

Two of the occupants of the car were killed, and two were seriously injured. Leo Riethmayer is in the hospital recovering from cuts and bruises.

Expensive Grandson

CLINTON, Utah (AP)—It cost Ross Dominguez \$50 to rescue his grandson from a swiftly-flowing irrigation ditch. After he had pulled young Benny Reyna from the water, Dominguez discovered a \$50 bill in his shirt pocket was gone. It apparently had fallen into the stream.

SGT. O. C. BURKS FINISHES AIRPLANE MECHANIC COURSE

Word was received this week by W. N. Burks, 702 South Travis St., that his son Sgt. O. C. Burks has graduated from a course in air plane mechanics. Sgt. Burks has been located in Sheppard Field where he took his training.

CHARLES F. COX JR. FINISHES AIRPLANE MECHANICS COURSE

Charles F. Cox, Jr., son of C. F. Cox, Route 1, of this city, has graduated from a course in air plane mechanics at Sheppard Field. He was enlisted in the Army Air Forces Technical Training Command at that field.

Saturday, August 7, all over the national Molly Pitcher steps out of the pages of American history to serve as leading lady in a campaign for the sale of stamps and war bonds.

To gain an understanding background of Molly Pitcher, one must go back to the year 1778, one of the years of the Revolution period. Molly Pitcher, who is going to be the outstanding figure in this drive for bonds and stamps, is the girl who carried water to the men at the battle of Monmouth.

"Molly" was born Mary Ludwig, on a farm near Trenton, New Jersey, in 1754. She was married to John Hays about the time of the Revolution and moved to Carlisle, Pa.

During the days of the Revolution, many wives accompanied their soldier-husbands to battle. They would wash, mend, cook, and care for the wounded. So Molly went to war with John.

The battle at Monmouth Court House was very trying, but Molly was right there with her husband, carrying water for the men all day into the night. The men were calling "Molly! Pitcher!" which gave her the name by which she is known to history.

One one of her trips from the well Molly saw her husband fall at his cannon. She promptly took his place and fired shot after shot until victory came.

For her heroism Molly Pitcher was made the first woman sergeant in the army by General Washington.

In her honor, modern Molly Pitchers realizing the need for women to help in the war of today, will take their stands on Molly Pitcher Tag Day, in front of various business establishments to sell the bonds and stamps that back up our fighting men.

Mrs. M. C. Lindsey, chairman of the Women of War, in Dawson County, together with the American Legion Auxiliary with Annie Crow as president, is sponsoring this drive. The Girl Scouts of group 2 under the supervision of Mrs. Gordon B. McGuire will be placed at public places to sell the Molly Pitcher Tags on August 7.

The goal will be to "tag" everyone in this city by the end of the day. It is hoped that every citizen will join forces with these women and help boost our bond quota, which has been lagging during the past months.

The June bond quota was set for \$51,700.00, but the June sales amounted to \$37,706.25. Buy your Molly Pitcher Tag August 7 and help to further the war effort.

Service Men To Get Ration Book Number Three

WASHINGTON, July 31. (AP)—The Office of Price administration announced today plans for making the new ration book No. 3 available to all members of American and Allied armed forces who need them, such as those who maintain living quarters apart from their camps and those who need them on furloughs.

Special application blanks will be distributed by commanding officers about August 15.

The mate often refuses to leave a marlin hooked by a fisherman.

NOTICE OF HEARING ON GUARDIAN'S APPLICATION TO LEASE REAL ESTATE OF HENRY MARSHALL BENNETT, A MINOR

NOTICE IS HEREBY GIVEN of a hearing before the County Court of Dawson County, Texas, on the 10th day of August A. D. 1943, at the court house of Dawson County, in Lamesa, Texas, on the application of Dixie Kilgore, guardian of the estate of Henry Marshall Bennett, a minor for permission to execute a mineral lease covering the interest of said minor in and to the following described tract of land, to-

wit: An undivided 1-72nd interest in and to 51.72 acres of land out of Survey 334, Brooks, County, Texas. All of which shown by application on fine reference to which is here made for further information. Witness my hand July 28th, 1943. DIXIE KILGORE, Guardian. 59

NOTICE IN PROBATE
The State of Texas,
To the Sheriff or any Constable of Dawson County—GREETING:
YOU ARE HEREBY COMMAND-

Allied Bombers Bag 52 Nazis

LONDON, July 30. (AP)—Flying Fortresses battered a German plane factory at Kassel today while lesser American and Allied planes swept northern France and the low countries in force in an explosive episode to a 2,300-ton bombing of burning Hamburg in its seventh attack in a week.

The Fortresses shot down 27 of the 52 or more German fighters in a chaotic conditions. **STOCKHOLM, July 30 (AP)**—The relentless Allied aerial pounding of Hamburg has left Germany's largest seaport in a chaotic conditions, with its communications virtually paralyzed, eyewitness reports said tonight. destroyed in the daylight sweeps, among the heaviest of the Allied aerial offensive. Eleven Fortresses

ED to cause to be published once, and said publication shall not be less than ten days before return day hereof, in some newspaper published in Dawson County, the following notice:

THE STATE OF TEXAS
TO ALL PERSONS INTERESTED IN the Estate of Talmage King Deceased, Mrs. Leta Jones, Administrator, filed an application in the County Court of Dawson County on the 31 day of July, 1943, for permission to resign as administratrix, and her final account and requesting that said administration be closed.

Which said application will be heard by said Court on Monday the 16 day of August, 1943, at the Courthouse of said County in Lamesa, Texas, at which time all persons interested in said estate are required to appear and answer said application, should they desire to do so.

HEREIN FAIL NOT, but have you before said Court, at the time aforesaid, this writ with your return thereon, showing how you have executed the same.

WITNESS my hand and official seal, at Lamesa, Texas, this 31 day of July, 1943.

HOWARD HUMPHREY, Clerk, County Court, Dawson County, Texas.

By RUTH MERRICK, Deputy. I hereby certify that the above is a true copy of the original writ now in my hands.

A. M. BENNETT, Sheriff.
By A. N. RANDLE, Deputy. 59 chg

one medium bomber, three light bombers and seven fighters were lost in a 61-22 victory score.

Massive formations of Allied bombers headed for the continent again late tonight after the day-raiding Americans returned, in this unprecedented hammering of Germany.

To Blot It Off Map

The Hamburg raid was "in very great strength" and was part of a sustained Allied effort to blot Germany's second city off the map with its great submarine works and other war plants. It was the third raid in the series of seven in which 2,300 long tons of explosives had plummeted on the city of 1,100,000 and that blockbusters were showering down at the rate of 50 tons a minute for three quarters of an hour.

"Never before in the history" of warfare was an attack of such weight and persistence made against a single industrial target," the air ministry news service said. "No other target in Germany has had more than a 2,000-ton attack."

The Americans attacked Kassel in clear weather and "crews reported good bombing results," the communique said. Strong fighter opposition was encountered.

U. S. Medium bombers raided enemy airfields at Woensdrecht in Holland, destroying six enemy planes. They were covered by British and Dominion Spitfires. RAF Boston bombers, escorted by Spitfires and Typhoons, attacked the Schiphol airfield at Amsterdam, destroying three Nazi craft. The British also pounded the Courtrai and Coxyde fields in Belgium.

An idea of the scale of the daylight raids was suggested in an air ministry statements that 500 British fighters alone participated. Other squadrons went out on

rescue missions, picking up six American airmen from the sea. In the afternoon Typhoon bombers successfully bombed the airfield at Poix, and a Ventura squadron scored direct hits on the Yainville power station.

The U. S. raid on Kassel was the sixth American assault on Germany in seven days and brought to 10 the total made by U. S. big bombers this month.

An American-British communique said it was highly successful. Fortress crews at U. S. bomber station in England and Nazi fighter opposition was slackening steadily. The station's commanding officer estimated that in the current aerial offensive Fortresses alone have knocked out plants producing 50 and 75 per cent of the Nazi's vaunted Focke Wulf 190 fighters. He said "We have demonstrated this week we can go anywhere we want to go in Germany."

6,900 Tons On Hamburg

The British raid on Hamburg loosed 2,300 tons of bombs into the ruins and embers of the city, raising to 6,900 tons the total dropped on Europe's biggest port since Saturday.

United War Chest of Texas Has Set Quota

A quota of \$4,885,791 for the United War Chest of Texas this fall was set at a meeting of the executive committee, Chest President George A. Butler of Houston, announced July 29, at an advisory committee meeting.

Butler said 16 agencies, including the USO, United Seamen's Service, War Prisoners aid and other war relief services to the Allied nations are represented in the campaign.

MALCOLM HARP APPOINTED CORPS COMMANDER

Mr. and Mrs. J. H. Harp received word that their son, Aviation Cadet Malcolm Harp, who is receiving his pre-flight training at Emporia, Kansas, has been appointed Corps Commander. This is the highest cadet rank in the school where five hundred men are in training.

MARRIAGE LICENSE

Those securing marriage license this week end were Harold Roberts and Miss Helen Marie Inman, July 27, and Melburne C. Zemmerman and Miss Reba C. Pollock, July 31.

Lt. and Mrs. J. D. McCall of Roswell Flying School spent Sunday here visiting with Mr. and Mrs. Matt McCall.

Mr. and Mrs. Ed Hatch and son Roy Edward, M. Hatch and Mr. and Mrs. Otis Crumpler and children attended the funeral of a relative in Anson Sunday.

Erne Brewer and Jimmie Rex Mitchell of Phoenix, Arizona, are visiting with relatives and friends in Lamesa this week.

Mrs. Leck Cowden, Mrs. Rupert Austin, and Mrs. Clyde Bailey spent Sunday in Lubbock visiting with friends.

Pvt. Stanley Wilkes of Sheppard Field, spent the week end here visiting with his wife.

Mr. and Mrs. S. M. Mitchell spent Sunday in Lubbock visiting with friends.

Mrs. Gene Barrett returned Sunday from Cheyenne, Wyoming, where she has spent the past month visiting with her husband.

Mrs. Lucille Hollis and children are visiting in Crockett this week with relatives.

Mr. and Mrs. R. E. Echols will leave Tuesday for Los Angeles, California, where they will visit with relatives and friends.

Mr. and Mrs. Raymond Steele left this past week for Denver, Colorado after a visit here with his mother, Mrs. Luke Steele. Mr. Steele will report Aug. 9 to Phoenix, Arizona where he will enter training in the Army Eng. Corps.

Mrs. Luke Steele, Mrs. L. E. Standefer and daughter, Annie spent Sunday in Seagraves where they attended Memorial Services held for Buford Cooksey, son of Mr. and Mrs. Ben Cooksey.

Mrs. Irene Bearden left this week for Austin where she has accepted a position in the General Land Office.

Mr. and Mrs. W. H. Derstine and Bobbie Middleton spent the week

Vital Statistics, Coal Versus The Axis

KOPPERSTON, W. Va. (AP) — What coal production means in terms of enemy casualties is concretely explained to miners of Kopperston in a notice nailed on the bulletin board at the office.

Entitled "Just a Little Arithmetic," the notice reads: "One man day underground equals five and one-half tons of coal.

"Five and one-half tons of coal equals four tons of coke.

"Four tons of coke equals three and three-quarters tons of steel.

"Three and three-quarters tons of steel equals 375 shrapnel shells (25-pounders).

"375 shrapnel shells equals eight Nazi casualties."

The coastline of Norway is 12,000 miles long.

end at Merkel, and Abilene, visiting with relatives

Pvt. Bennie Wilson of Garden City, Kansas, spent the week end here visiting with his wife and relatives.

Seaman First Class Delta Williams of San Diego, California, is visiting here this week with his parents, and Mr. and Mrs. D. H. Williams.

Do you know a fellow like Joe?

JOE'S MY KID BROTHER. We've always stuck together and I've sort of watched out for him these last few years.

Well, Joe's in Africa now. His wife gets her allotment from him, and I guess when that's taken out of his check he doesn't have much left. Privates don't get paid much you know.

I figure this way. Here I am, making more money than I ever did before. You bet I work for it! But Joe's working hard too . . . and not just from 7 to 5, either.

[We've been taking 10 percent out of my

check every week for War Bonds . . . they're going to come in mighty handy when the War's over, we figure. But I got to thinking about Joe. What's he going to have after the War?

So we talked it over, my wife and I. We think Joe should get a cut of the bigger money, too. So now I'm buying an extra bond every month—in Joe's name.

Maybe you've got somebody in the War, too. If you have, couldn't you squeeze out an extra bond now and then, for your "Joe"?

YOU'VE DONE YOUR BIT --- NOW DO YOUR BEST!

Heavier Supplies of Beef Expected With Less Pork

WASHINGTON, July 31 (AP) — Meat counters throughout the nation soon should be exhibiting quantities of steaks, beef roasts, hamburger and other beef cuts to give the housewife a wider choice in spending her meat ration coupons. But this increase in beef may be offset to some extent by a smaller supply of pork during the next few weeks.

All in all, the meat supply situation looks more hopeful for the next eight or ten months, and with livestock numbers and production at a record level and beginning to outrun dwindling feed supplies, expanded marketings during this period appear fairly certain.

But whether the increased marketings will be reflected in larger civilian rations is a matter that has not yet been determined by the War Food Administration (WFA) and the Office of Price Administration (OPA). However, WFA meat experts are inclined to doubt it, unless livestock marketings should for a brief period, overcrown facilities for storing any surplus meat over present civilian rations and war needs. The WFA is now operating on the policy that it is wiser to store up a temporary extra production for future civilian and military use than to allow it to go into consumption at the time.

SOLDIER'S HOBBY

SALT LAKE CITY (AP)—Private Jack F. Straub of Indianapolis is an Army man with an Army hobby. Stationed at the Salt Lake City air base, he collects Army insignia and now has more than 800 items. He is the son of Col. Elmer F. Straub, former Indiana adjutant general and now a member of General Dwight D. Eisenhower's staff.

The great library of Alexandria was burned in 640 by Amrou, on the orders of the Caliph Omar.

CADET HORACE B. REEVES COMPLETES COURSE AT TUCSON, ARIZONA

Cadet Horace B. Reeves completed the Basic Flying Training course this past week at the Marana Army Air Field, Tucson, Arizona. He will be sent to an advanced Flying School to complete the last phase of his cadet training, after which he will be awarded his silver wings as a pilot.

Cadet Horace B. Reeves is the son of Mr. W. O. Reeves, Rt. C. He attended Lamesa High School and the University of Texas. Before entering the Air Corps, Cadet Reeves was a power brake operator for Ward Hester Co., Los Angeles, California.

VICTORY GARDEN GETS 'WALKAROUND'

DENVER (AP) — When the Victory Garden in Horace Nicholas' neighborhood was a vacant lot, people used it as a short-cut across the block.

After it was plowed and planted the people, both children and adults, continued to walk across it.

Young Nicholas, junior high school student, posted himself at the point where the path started, for two evenings.

"I told everyone that this was a Victory Garden that my neighbors had planted and that high school students had volunteered to aid the Victory Garden campaign and would they please not cross the garden," said Nicholas.

"No one has crossed it since."

THIS SOLDIER FINDS ARMY SURE CONFINING

ABILENE, Kas. (AP) — Kenneth Erich was in the Army two months but virtually the only day he spent on duty was his first one. On the second day he came down with scarlet fever. He was sent home for a three weeks quarantine period.

Then he returned and was sent to the Army hospital for a checkup. Released at last, he was transferred to California and placed in the customary quarantine. Just as the period ended, another soldier came down with spinal meningitis. And so the whole outfit was quarantined.

Beer Shortage

CHATTANOOGA, Tenn. (AP) — One tap room here put it succinctly, to say the least, "Closed—no suds," said the sign across the door during a recent momentary shortage of beer.

TRACTOR REPAIR WORK

We are equipped to do your Combine and Tractor Repair Work regardless of make. We have one of the best tooled machined shops on the South Plains and our shop is staffed with expert mechanics with years of training and experience. On the performance of your farm machinery depends whether we and our allies are fed—it's up to you to get the best out of what you have and . . .

YOU CAN DEPEND ON US

. . . to keep your tractors, combines and other farm machinery in tip-top shape. Save the life of it by having us give it a complete going over, repairing worn parts and replacing parts needed. You MUST take care of what you have for the duration; LET US HELP YOU.

PAINTER & MAYFIELD

Summary of the Red Cross Duties

Duties of the Red Cross are many and varied during war times as well as peace time. A summary of the work that the Dawson County chapter of the American Red Cross has done and will do will show persons who have made contributions of money or service to the organization what benefits they have given.

Under the supervision of the home service chairman, J. D. Dyer, and his helpers have a number of responsibilities, chief among these being duties concerned with soldiers and sailors in the United States and abroad.

Any person who wishes to contact a man in service must go first to the home service chairman, who is in a position to explain the proper procedure and to bring about the desired contact. Priorities on telephone

and telegraph usage enable Red Cross officials to deliver emergency messages in the shortest possible time. During a short period wires and other messages from persons here to soldiers in many parts of the world have been handled by officials.

Another beneficial service of the Red Cross is the handling of allotment problems for soldiers' families. A record is kept on soldiers and includes many details. Copies of discharge are filed as received by the Red Cross.

Production chairman for this organization is Mrs. M. Q. Martin. She is in charge of the Red Cross sewing room and with the aid of her supervisors has filled many needs. Her helpers include Mrs. W. K. Crawley, knitting supervisor; Mrs. A. H. Smith, Mrs. Gus White, and Mrs. J. R. Kennedy are Tuesday, Wednesday and Friday sewing room supervisors respectively.

According to Mrs. Martin, her group has gotten out their quota

Advice Given On Sale of Cotton

AUSTIN, Tex. —Texas farmers—are you in a quandary about whether to sell your new cotton, or to hold it for better prices?

If so, Dr. A. B. Cox, university of Texas cotton marketing authority, has drawn up a list of "pros" and "cons" which may help you decide.

He won't recommend which you should do, but lists the arguments for and against as follows:

For holding:

1. Acreage this year is the lowest for nearly 50 years — 21,995,000 acres, as compared with the peak of 44,608,000 acres in 1926.

2. Parity prices have gone up an average of 10 points per month during the last five months. In June the parity price was 20.34 cents, with a guaranteed loan of 90 per cent of parity, or 18.31 cents in June.

3. Production this year, will be 1,800,000 pounds less than last year's harvest of the average yield per acre is as much as the average for the past five years, or 246.1 points.

4. Civilian consumption, now curtailed by the war, should be boosted by accumulated buying power when the war is over. Exports through lend-lease and other channels will likely be increased substantially for the duration as Allies recapture the territory in Europe and reduce the Atlantic submarine menace.

5. The present seemingly large carryover in this country is of low grade short staple cotton —which in normal times goes to export and will be in demand when the war closes. Consequently this should not push down prices of the current crop.

For immediate sale:

1. Mill consumption is trending downward since January, due

this month and are awaiting the issuance of a new quota.

Personnel of the Dawson County chapter is: W. L. Marr, chairman; C. Baldwin, vice-chairman; John Allen, treasurer; home service chairman, J. D. Dyer; finance chairman, Dr. Harrington. On the first and committee are Leslie Pratt and James Sumpter. Production chairman is Mrs. M. Q. Martin and Mrs. Sam Jenkins is in charge of surgical dressing.

to labor shortage, unsatisfactory results from three shift operations, and the narrowing mill margins resulting from advancing cotton prices and "roll back" of finished products in some cases.

2. Mills are reducing stocks, and delaying purchases, due to uncertainty as to the duration of the war, to "very optimistic" reports about the yield of the new crop, and to narrowing margins of profit.

3. Prices listed in futures contracts are progressively lower from October to July of next year, with July, 1944 being quoted at \$3 a bale under quotations for October 1943.

4. Price ceilings on raw cotton may be established if prices threaten to rise above the 21.38 cents per pound for middling 15-16-inches on April 7.

5. The average weight of cotton goods purchased from civilian consumption is much lighter than the average weight for war purposes—which would mean fewer bales would be required to keep mills at their present rate of activity when they return to civilian orders.

6. There is a substantial accumulation of Indian cotton in India which will be a depressing influence on the price of our low-grade staple cotton when the war is over.

Lampreys have a sucking disk on their snout which enables them to climb down walls.

The letter "z" is the least used in the English alphabet.

His Kingdom For A Horse

WITH THE U. S. ARMY SOMEWHERE IN SOUTHERN ENGLAND (AP) — All Corporal Julian D. Brazemore, of Blackville, S. C. wants to see is a horse. The horse-shoing kith the Army issued him two years ago hasn't been unpacked. The blacksmith in an ordnance unit in the modern Army has plenty to do but it's making gadgets for trucks.

Food Shortage, Or Full Diets?

COLUMBUS, O. (AP)—Dr. C. W. Hauck, Ohio State University economist, says current food shortages are due "mainly to the fact that for the first time in years, millions of our fellow citizens are getting enough to eat."

Hauck declared the increased consumption of food within this nation has had a much greater effect in reducing the shares available to all than has been caused by the quantities shipped abroad. He says that in 1942 the U. S. produced nearly 25 per cent more food than usual, and "it almost can be taken for granted that lend-lease took no large proportion of food produced."

The White House is of the classic style of architecture.

More America babies are born in summer than at any other season.

CARD OF THANKS

We wish to take this means of expressing our sincere thanks to our many friends and neighbors for the kind deeds and words of sympathy during our recent bereavement.

We also wish to thank our friends for the many beautiful floral offerings.

The Belt Family.

CARD OF THANKS

We take this means of expressing, in some small measure the gratitude and appreciation we feel to our friends and acquaintances for their assistance, sympathy and comfort in the tragic death of our dear husband, father, son and brother. Words can not express our thanks to those who took all household cares off our hands, and bringing in food, also the beautiful floral offerings.

Especially do we want to thank Mr. Collier for the comfort and assistance he gave in our darkest hours. We pray that our Father will provide such friends for each of you when you face your sorrows.

May God bless you.

B. F. Goodrich Now Offers for Sale the ONLY SYNTHETIC TIRE BACKED BY 80,000,000 MILE ROAD TEST

Three years ago car owners started the greatest road test in history, driving thousands of Silvertowns (made with Ameripol). That's why you can have the utmost confidence in our all-synthetic tire of today—the 1943 Ameripol Silvertown

LIMITED STOCKS

Only B & C Book Holders Who Qualify For Tires For Essential Driving Can Get Ameripol Silvertowns.

RUBBER SHORTAGE STILL ACUTE

There still is a critical rubber shortage. Most synthetic rubber is needed for vital war requirements. Every American must continue to conserve rubber! Follow the five basic rules of tire conservation from the Office of the Rubber Director.

1. Drive only when absolutely necessary.
2. Keep under 35 miles an hour.
3. Keep your tires properly inflated.
4. Have them inspected regularly.
5. Share your car with others.

TUNE IN TO "THE MEANING OF THE NEWS" by Joseph C. Harsch. For informative, inside interpretation, don't miss Joseph C. Harsch, ace foreign correspondent and author, now broadcasting over your local CBS station. (See your newspaper for time and station.)

For B and C Book Holders
The All-Synthetic
**AMERIPOL
SILVERTOWN**

WHEN YOU BUY a synthetic tire — use the same kind of good buying sense you always used. Look for facts and evidence. Here's some — from a U. S. Senate Investigating Committee:

"The only general-purpose tire rubber which had been brought into small commercial production by 1940 was Ameripol, another B. F. Goodrich product. In the summer of 1940 Goodrich placed Ameripol tires on the market, and recent reports on the performance of those tires seemed to indicate that Ameripol was equal or possibly superior in durability and service to the crude rubber product."

Thousands of these Ameripol Silvertowns were driven

in every state, and under every condition of road and climate. They were driven the way drivers drive them — and not by factory experts.

Results show that these tires were "at least as good as those made with natural rubber."

In these Silvertowns, more than half the natural rubber was replaced by synthetic. In the new Silvertowns we offer you today, more than 99% of the natural rubber is replaced by synthetic. And these new Silvertowns of ours have been undergoing a severe test, too — the test of battle on a dozen fronts.

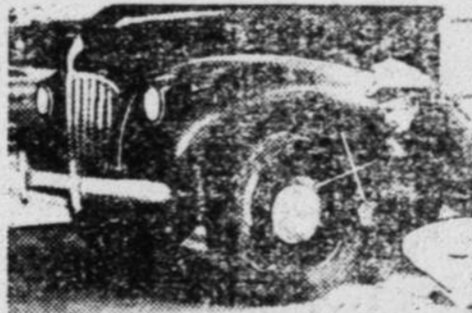

If you buy on proof of performance, you'll buy B. F. Goodrich Ameripol Silvertowns. See us today!

SOME OF THE HUNDREDS OF COMPANIES WHO MADE THE GREATEST TIRE TEST IN HISTORY

STANDARD BRANDS bought a number of Silvertowns made with synthetic rubber back in 1940. They were installed on company cars in several regions of the country. Some of these tires went more than 30,000 miles!

AMERICAN AIRLINES was another of the companies who bought made-with-synthetic Silvertowns months before Pearl Harbor. This airfield maintenance truck went 29,519 miles and was good for thousands more.

BRINK'S, INC., operators of armored trucks, tried these Ameripol Silvertowns on a convoy car. 26,892 miles were recorded—excellent mileage for this type of driving.
