Along The Waterfront

Larry Saylor, fishing with Clarence Taylor Friday morning, landed a 46-inch stingray near Marker No. 61.

Fishing from the Sea Gun marina the past weekend was excellent. Dr. and Mrs. Lieppman, son Bobby and Dr. Rosenbloom from Houston, fishing with Capt. Jimmy Warrack in San Antonio Bay, caught 149 trout.

Dr. Fred Riddell from Tulsa, Okla., fishing with Capt. Danny Adams in Cedar Bayou, caught 92 trout and reds. Ed Kruse from Brenham, fishing with Capt. Danny Adams in San Antonio Bay, caught 70 trout.

W. H. Harding of Dallas, fishing with Capt. Al Hagy in San Antonio Bay, caught 85 trout.

Only Two Local Citizens Ask Personal Plates

Only two local citizens have asked for personalized automobile plates in Aransas County, Mrs. Margaret Weber, county tax assessor-collector said, when queried about the matter.

The personalized plates bearing letters or numbers of the owner's choice had only a mild reception here, as well as elsewhere throughout the state, although enough Texans have ordered them to add \$5,000,000 per year in revenue to the state's income.

One of the new plates bearing the letters JEWEL has arrived for A. L. Reed, owner of the Jewel Box on North Highway 35, and another, ordered by Arthur Bracht using the letters of his last name is expected shortly, Mrs. Weber said.

The plates are issued on a first come first served basis by the Texas Highway Department. Persons desiring personalized plates may make application at any time. A fee of \$10 in addition to the regular registration fee is assessed.

According to the highway department, the plate is limited to six characters and may be letters, or a combination of letters and numerals. However, no numerals of more than one digit can be combined with a prefix of three letters, since this would conflict with the state numbering system, also, the department will not approve a personalized number that has already been issued to another applicant.

Most of the numbers are composed of phone numbers, addresses, names and nicknames, Stephens said. Some may be slogans or trademarks. It is hoped that the new system will add \$5 million a year of tax revenues, which will be used for tourist advertising.

CHURCH OF GOD PLANS BARBECUE

The members of the Rockport Church of God are planning a barbecue Monday, Sept. 6 at the Lions Club pit near the Yacht Basin.

Plates will be sold for \$1.25 or meat by the pound. Get your barbecue for your Labor Day picnic here, and it will benefit the Rockport Church of God building fund.

CITIES SERVICE READY TO TEST

Cities Service Oil Co. No. 2 State Tract 94, Aransas County, Copano Bay field test, was preparing to test after bottoming at 9,000 feet.

Continental Oil Co. No. 31 St. Charles Co., field wildcat 8.4 miles south-southwest of Austwell, was bottomed at 10,120 feet and swabbing. Perforations are at 10,022-28 feet.

ATOMIC DINNER. According to scientists, by 1975 the atom will be the newest servant in the American kitchen, easing the work of housewives. Government researchers are experimenting with "ionizing radiation," a method of preserving food with radiation. With this method, whole meals can be pre-cooked, packaged, then stored on a pantry for a year, ready for almost instant serving. — WFS Photo

ROTARIANS HEAR BLOOMER ON FOOTBALL

Rotarians heard Coach Ben Bloomer at their luncheon Wednesday, commenting on football. Visitors were Russell Itchner, Aransas Pass; C. C. Brown, San Marcos; John P. Mitchell; Jim Heldenfels, Corpus Christi; Dr. J. Martin Shaw, Refugio; Jerrie N. Sherman, Houston; and Wayne Hitt, Sinton.

FIREMAN RESTING EASILY IN HOSPITAL

Kenneth Ray Jackson, a volunteer fireman injured Wednesday night when on a call, was resting easily in Aransas Hospital at Aransas Pass Thursday morning, according to spokesman at the hospital.

Harry L. Mills, Sr., is now in Room 317, Traylor Memorial Hospital, at Port Lavaca.

Rockport-A. P. Landings Lead All the Rest

Landings of headless shrimp at Texas ports in July, 1965, amounted to 7,500,000 pounds compared to 6,000,000 pounds in July a year ago, according to Orman H. Farley, U. S. Fish and Wildlife Service statistician in charge of gathering Texas figures.

Current July landings brought the seven-month period, January to July, 1965, to a total of 19,441,900 pounds—2,500,000 pounds above landings for the same period in 1964.

The Aransas Pass-Rockport led with volume landings with 2,639,600 pounds; followed by Brownsville-Port Isabel with 1,972,700 pounds.

Other areas and their landings were as follows:

Port Arthur-Sabine, 99,100 pounds in July this year; 710,300 pounds for the first seven months of 1965; as against 731,800 pounds in 1964.

In the same order, the Galveston-Seabrook area produced 784,200 pounds, 1,801,600 pounds, and 1,351,800 pounds; Freeport area, 1,600,700 pounds, 1,801,600 pounds, and 1,351,800 pounds; Freeport area, 1,600,700 pounds, 2,520,900 pounds, and 2,771,100 pounds; Matagorda - Palacios area, 136,500 pounds, 403,100 pounds, and 262,200 pounds; Port Lavaca-Port O'Connor-Seadrift, 242,200 pounds, 764,200 pounds, and 375,700 pounds; Brownsville-Port Isabel area, 1,972,700 pounds, 8,414,700 pounds, and 7,045,200 pounds.

Vessels from Florida, Louisiana, and Mississippi arrived in Texas in July for the summer brown shrimp run. Vessels reported catches as high as 2,000 pounds per 12 hours, trawling with average catches of about 700 pounds per night. Catches were good from east of Galveston to six hours north of Port Isabel.

Fishermen received a good price for shrimp through July, Farley said, with market prices are moving up and down frequently, with demand remaining strong.

Landings of edible finfish amounted to 428,000 pounds in July — practically unchanged in volume landings from the previous month. About 70 per cent of the total catch was from the Galveston-Sabine area, with catches reported from all major bays south to Aransas Pass.

Landings of edible finfish amounted to about 225,000 pounds in July, with red snapper and spotted trout accounted for one-half the total landings as in previous months.

The oyster fishery, Farley said, was inactive, with only 1300 barrels harvested chiefly from reefs in Galveston Bay.

Assisting at the accident, which Hewes termed the worst this year, were Assistant Chief E. A. Stautzenberger, Patrolman Joe Dominguez, Sheriff Joe Earl Hunt and deputy sheriffs De La Garza and Kilgore.

Hewes told the Rockport Pilot that he would like, also, to thank everyone who assisted his department at the wreck. Among these, he said, were Cecil Cole, Bob Morrison, Jerry Anderson, John Ray, Elroy Parr and David Pena, as well as a number of others, whose names he was too busy to note.

These men, aware of the seriousness of the situation, were of great help.

On the other hand, the 100 or more spectators that gathered, hampered operations seriously, making it necessary to block off the entire block of Liberty Street and re-route traffic for more than an hour.

Four ambulances were called, Hewes said, and he pointed out that the public as a whole would be of more help if they stayed out of the way, so the normal flow of traffic could be moved without too much interruption, and the rescue vehicles would have less trouble getting to the accident.

In Corporation Court Wednesday afternoon, the Gonzales woman was fined \$50 on the no driver's license charge, and \$25 on driving on the wrong side of the road. Added to \$10 she already owed, as the balance of an \$85 fine previously imposed, she owes the city a total of \$85 once more.

She was able to pay \$25 of this, and Judge G. D. Johnson allowed her time to pay off the balance at the rate of \$20 a week.

This 12 per cent increase in enrollment exceeds the projected expectancy of eight per cent made when the last building program was begun.

However, Gray said, facilities are still adequate.

In the cafeteria, Gray said, a record high of 1131 children were fed. Last year, on the first day of school, the count was 1036.

Rural Areas Urged to OK Amendment Tuesday

Texas voters will go to the polls Tuesday, Sept. 7, to vote on a constitutional amendment of great importance to the people in rural areas and small and medium size towns of the state.

The amendment up for approval is Senate Joint Resolution 44 that will permit the State Legislature to increase the membership in the State Senate from 31 to 39, and hereby avert the possibility of decreasing the voice of rural Texans in State government affairs.

Unless the amendment is approved at the election, the remaining alternate will be the adoption of another re-districting plan which would take away voting strength in most of the small and medium-populated counties of Texas and add to the voting strength of urban areas.

Under this plan, Houston will get three additional State senators, Dallas two and San Antonio one. This would be accomplished by expanding the senatorial districts in sparse populated areas.

By adding eight new senate positions (increasing the Senate membership to 39), such as proposed in the amendment to be voted on Sept. 7, equitable reapportionment, as ordered by the U. S. Supreme Court can be met. Under this plan, the big cities would have equitable representation, yet not at the expense of rural Texas.

The polls will be open at 8 a.m. and close at 7 p.m.

The polling places are the County Building in Aransas Pass for Precinct 1-A; the Rockport Fire Station for Precinct 1; the Aransas County Public Library for Precinct 2; the Fulton Fire Station for Precinct 3; and the Lamar Fire Station for Precinct 4.

Post office To Close Labor Day

There will be no window service on Monday, Sept. 6, in observance of Labor Day. Normal box service at the post office will be maintained and delivery of perishable and special delivery mail will be made.

Attention is invited to the special outgoing mail service now provided on legal holidays for the benefit of businesses and individuals making holiday mailings.

By depositing all out of town mail in the collection box outside the post office before 5 p.m., a special pickup gets your outgoing mail on its way instead of being delayed until the following morning, as was the case prior to the inauguration of this service.

Mr. and Mrs. Arthur L. Davis spent the weekend in Houston with Mr. and Mrs. Bruce Davis and family.

New Films On South Texas To Be Shown

The premier showing of two new films on South Texas will be held Friday, Sept. 3, in Exposition Hall, 402 West Shoreline Drive, Corpus Christi, at 5:15 p.m., under auspices of the Corpus Christi Area Convention and Tourist Bureau, according to Manager Bob Conwell.

One movie, "This Way to South Texas," was produced by the General Telephone Co., Central Power and Light Co., and the Rio Grande Valley Gas Co.

The other, "Texas, Land of Contrasts," was made by the Travel and Information Division of the Texas Highway Department. Both are 30 minutes or less in duration.

These films, Conwell said, will be syndicated on television, and will be available for showing at civic clubs and before fraternal and church organizations throughout the nation.

Postoffice To Participate In Waterfowl Survey

Postmaster Maynard Rowan has announced that the Rockport Post Office has been selected to assist in conducting the 1965-66 Survey of U. S. Waterfowl Hunters.

Before handing the purchaser a Migratory Hunting Stamp, the Department of the Interior, Bureau of Sport Fisheries and Wildlife, requests that the patron first complete a hunter address card (Form 3-1823). These cards will be mailed daily.

Attached to the card to be filled in and mailed is a record card for use by the hunter during the season. From this record, information can be used to help answer the questionaire to be mailed to the purchaser after the season. The cooperation of the sportsman in making this survey will contribute to good management of America's waterfowl.

Mr. Rowan respectfully requests all sportsmen's cooperation in this survey. A properly conducted survey can reveal that this area has an adequate waterfowl population to prevent a possible reduction in season and bag limit.

NAVIGATION BOARD ELECTS NEW CHAIRMAN

In a reorganization of the Navigation Board Wednesday, following election of Matt Scott to a commissioner's post in July, Charles Schindler was chosen chairman; Ted R. Little, chairman since January, was elected vice chairman, and Scott was chosen secretary.

Mr. and Mrs. Norman W. Ray and children of Houston arrived Wednesday for a visit with her parents, Mr. and Mrs. R. L. Eckman.

Commissioners Approve Plats

The Aransas County Commissioners Court, at its regular meeting approved a plat presented by George Strickhausen III on the continuation of Unit One, Gulf Gate Subdivision, three miles south of Rockport, and other plat he presented, proposing dedication of Enterprise Avenue, intersecting Live Oak Street, in the neighborhood of the high school.

Jesse M. Davis met with commissioners in regard to a request to close a portion of Third Street in Lamar, asking that they observe said portion of the road on the ground.

Fred Rheinlander and Seth Steele met with the Court in regard to bids received on remodeling the administration building at the County Airport, and after discussion of possible changes, the matter was left pending.

The county budget hearing was held and the budget approved.

Jury fees were set at \$4 per day for each juror, in accordance with Article 2122, House Bill 849.

Mrs. L. V. Clark was appointed election judge in Precinct Four, to replace Mrs. Harry Mills for the Sept. 7 election.

J. T. Stellman made application to the court to excavate a channel into Port Bay at a location approximately six miles southwest of Rockport, and the permission was granted unanimously.

An additional bond for the county clerk and bonds for the deputies were approved and ordered paid.

Local Woman Is National Golf Champ In Venezuela

Daisy McLester, wife of Elmer McLester of Rockport, now in Venezuela, made the headlines in that country recently, when she won the national golf tournament, and is now champion of that South American country.

In a letter, her husband, the son of Mr. and Mrs. L. V. McLester of Rockport, enclosed a clipping from one of the Maracaibo paper in which her triumph is chronicled under an eight-column, red headline.

"We are all real proud of her," he says, "as she was playing against the best in Venezuela. Her score wasn't up to her previous record, but I think she was being careful, so as not to get into trouble."

The McLester's daughter, Linda, is returning to Rockport on Sept. 1, to attend high school here as a junior, and will live with Mrs. C. D. Prophet, her grandmother.

Chief Issues School Warning

Chief of Police Bob Hewes stated today that his department will enforce all traffic regulations in school zones on a strict basis.

He said that when the school zone blinker lights installed last year are on and working, the speed limit is 25 miles per hour.

Parking regulations around the school will also be strictly enforced, and Hewes said that the warning tickets will not be used in school zones, but citations will be issued, and the offenders required to appear before Corporation Judge G. D. Johnson, as was the case last year.

He also stated that police patrols will keep a cautious eye out for strangers parked around school areas.

No traffic accidents were reported from the school zones while school was in session last year.

NEW SUNDAY SCHOOL CLASS TO START

A new Sunday school Class is starting Sunday, Sept. 5, 9:30 a.m. at the Fellowship Hall Methodist Church. Young adults from 30 years old are invited. Mrs. E. N. Adams will be teaching this class.

Coastal Bend Librarians Meet Here Sept. 11

Approximately 50 Coastal Bend librarians are expected here on Saturday, Sept. 11, for their regular quarterly meeting at the beginning of the school year.

Carl Wrotenberry, Corpus University Librarian, is president of the group, which will meet in the new library building, that many of them have never seen.

A committee composed of Mrs. Virginia Dickey, Mrs. Gladys Gibson, and Mrs. Linda Tidd, all members of the library board, have been making preparations for the visit, assisted by Mrs. Clara Brymer, librarian, Mrs. C. S. Sharpe, Mrs. L. V. Clark, and other members of the auxiliary.

Also cooperating with favors for the guests have been various firms in the area, including Pete's Enco Service Station, United Savings and Loan, the Jewel Box; Glass, Sorenson & McDavid; Sea Gun Sports Inn, and Mrs. Mary Juergens of the Chamber of Commerce, who will make name plates for the guests.

The new library, which went into service approximately a year ago, now has approximately 15,000 volumes accessioned and, due to anonymous gifts this past year, its reference and non-fiction shelves are ready for an expected influx of students after school opens.

In July, 33 new adult borrowers cards were issued, Mrs. Brymer said, and 28 cards to juvenile borrowers. A total of 2381 books were circulated during the month. Of these, 344 were adult fiction; 245 were adult non-fiction; 101 were seven-day books, both non-fiction and fiction.

Juvenile books circulated during the month comprised 1564 fiction and 227 non-fiction. Two hundred and twenty-five books were added to the shelves during the month, and the backlog of volumes to be prepared for circulation has decreased considerably, with the shelves on Texas and the West and reference books receiving many additions, some of them reprints of early books, long hard to find, but valuable because of the background they furnish on the section of the country.

A recent accession, not yet ready for circulation, is the seven volume definitive biography of George Washington by Douglas Southall Freeman.

As more money becomes available, efforts will be made to add to the children's section, and to the biographical and historical sections in the adult library.

Rotarians birthday gifts this past month amounted to \$15, Mrs. Brymer said.

Hot Check Artists Are Apprehended

Two hot check artists were apprehended this past week in Rockport, Chief of Police Bob Hewes said this morning.

One was reported by several merchants, and upon investigation, nine businesses were found to have taken a total of 11 checks from this man.

He was turned over to the Corpus Christi Police Department, which, in turn, released him to Hewes to face charges here, after his father had made restitution of the amount obtained.

The forger's father has also promised to make restitution to merchants here.

The other man was arrested after one of the merchants contacted during the investigation of the first, told Hewes that a check issued by the second man, supposedly a friend of the first, had also been returned.

Tried before Judge John D. Wendell in County Court, this second man was fined \$51.20, and ordered to make restitution of the amount.

Mr. and Mrs. Jimmy Sparks and children spent the weekend in Falfurrias visiting Mr. and Mrs. Max Keller and girls.

Aransas County Oil and Gas Worth \$10,000,000

Aransas County's producers and royalty owners are marketing some \$10 million in crude oil and natural gas a year, according to statistics released by Texas Mid-Continent Oil & Gas Association this week.

Ranking 89th among Texas' oil and gas producing counties, Aransas County in 1963 received some \$5.1 million from wellhead sales of oil and an estimated \$4.9 million from natural gas. County production of oil was approximately 1.7 million barrels; natural gas, 29.3 billion cubic feet.

Farmers, ranchers and other mineral owners share in a \$1.2 million distribution of oil and gas royalty payments annually.

The Association based its annual study of this county's oil and gas output on statistics compiled by the U. S. Bureau of Mines for 1963. Production data for 1964 would be approximately the same.

Statewide, Texas oil and gas wells produced an estimated \$3.6 billion in income: \$2.9 billion from oil, \$730 million from gas.

Data from the Texas Employment Commission indicates direct employment in oil and gas industry jobs for more than 105 Aransas County citizens with a payroll of approximately \$704,000 a year. Because oil operations require such a large number of service

contractors and supply firms, which are not included in this figure, direct employment figures are only part of the story of local economic impact.

An important indicator of activity is the amount expended on drilling of wildcat wells seeking new fields and those wells drilled to develop fields already located. The Association estimates that in 1964 approximately \$1.4 million was risked by Texas oil and gas operators on drilling ventures in Aransas County.

About 66.7 per cent of this expenditure, or \$921,000, went into dry holes.

A tabulation by the Oil and Gas Journal shows 12 wells were drilled in the county in 1964: one oil, 3 gas, and 8 dry holes. A total of 118,000 feet of hole were drilled—72,000 for development wells and 46,000 for wildcats.

In addition to local school and county property taxes by oil and gas operators, taxes on production from Aransas County flowed into the State Treasury at the rate of about \$577,000 a year.

An upgrading of the county's gross economic output is contributed by the operation of 2 plants which can process some 88.3 million cubic feet of natural gas a day to remove liquids such as butane and propane.

Mrs. W. C. Linquist was admitted to Spohn Hospital for treatment.

AUTO INSPECTION BEGINS SEPT. 1

"There is a touch of Texas tourism in the 1966 Texas vehicle inspection sticker," said Col. Homer Garrison, Jr., director of the Texas Department of Public Safety, as he announced the new vehicle inspection period to begin on Sept. 1, 1965.

"On that date, all official inspection stations will begin issuing the colorful new sticker, a part of which is a replica of the flag of the Lone Star State," he continued.

In making this announcement, Garrison urged motorists to secure new stickers as soon as possible even though they are not required by law until April 16, 1966.

Garrison noted that this new inspection period marks the beginning of the 16th year of compulsory vehicle inspection in Texas and that during that time, vehicle defects as causative factors in motor vehicle traffic accidents have decreased continually.

During 1965, the reduction brought this rate to an all-time low, which compares most favorably with the lowest rates in the nation.

MRS. BERTHA LASSITER PASSES AWAY TUESDAY

Mrs. Bertha Lassiter, 79, died at 12:25 p.m. Tuesday at her residence after a sudden illness.

Born in Rockport, she had lived here all her life. She was a member of the Catholic Church.

The Rosary was recited at 8 p.m. Wednesday at the Cagham Funeral Home in Rockport.

Funeral services were at 10 a.m. today at Sacred Heart Catholic Church, with the Rev. Paschal Bergin, pastor, officiating.

Burial was in Rockport Cemetery.

Surviving are one daughter, Mrs. Willie Close of Rockport; a brother, Raymond A. Roberts of Rockport three sisters, Mrs. Arthur Curry and Mrs. Henry Homburg, both of Rockport, and Mrs. G. S. Spinney of Aransas Pass; two grandchildren and six great-grandchildren.

Mr. and Mrs. Richard Fox, Julia and Mrs. James R. Fox were in McAllen Sunday visiting with Mrs. B. S. Fox and Bernard. Monday, Mrs. James R. Fox left for her home in Peru, Ind.

Hatch-Wilhelm Nuptials Celebrated Here

Miss Dorrayce Lazelle Wilhelm and Mr. Richard David Hatch III were married Saturday evening, August 28, at 7:30, in the First Methodist Church here.

The bride is the daughter of Mr. and Mrs. Paul H. Wilhelm of Maywood New Jersey,

and the granddaughter of Mr. and Mrs. H. A. McDonald of Rockport.

The groom is the son of Mr. and Mrs. R. D. Hatch of Aransas Pass.

The double ring ceremony was performed by Rev. Ben H. Bohmfalk, pastor of the Methodist Church.

The altar was decorated with candelabras and baskets of white mums, gladioli and greenery.

The bride wore a gown of white satin peau de soie and reembodyered Alencon lace, highlighted with seed pearls. The empire style bodice was designed with a portrait neckline. The A-line skirt was centered with a wide lace panel, which followed the hemline of the gown. The lace was accented with pearls. The chapel length, detachable train was also accented with Alencon lace and seed pearls.

She wore a pearl drop necklace, a gift from the groom. Her veil of French illusion fell from a tear drop coronet of lace and pearls, and she

carried a colonial cascade bouquet of white roses and stephanotis.

Mrs. Bert McKemie of Fulton was marten of honor. Bridesmaids were Miss Barbara Lee Rybolt of Livingston, New Jersey, Miss Kay Hatch, sister of the groom and Miss Florence Casterline of Fulton. They wore formal length gowns of gold satin peau de soie and Alencon lace. Gloves and open pill box hats with tulle, were of matching gold. They wore gold and tapaz necklaces, a gift from the bride. Their bouquets were colonial nosegays of white chrysanthemums.

Soloist was Mrs. William H. Sprigg, who sang "I Love Thee" and "Because" accompanied by Mrs. E. G. Cooke at the organ. Their corsages were white mums and baby breath.

Mr. Charles Hatch of Kingsville was his brother's best man. Mr. Paul D. Wilhelm and Mr. Mack H. Wilhelm of Maywood, New Jersey, brothers of the bride and Mr. David McConchie of San Marcos, were ushers.

Mother of the bride wore a pale blue silk shantung dress with matching lace coat, and matching accessories. The groom's mother wore an aqua linen dress embroidered with pearls and matching accessories. The bride's grandmother wore a mauve suit of shantung and lace and matching accessories.

A reception was held in the Fellowship Hall of the church. The bride's table was laid with white tulle over white satin. Silver and crystal candelabrum arrangements of white chrysanthemums and clematis formed the centerpiece, from which was served the three-

tiered bride's cake, nuts, mints and golden punch. The groom's table was laid with a gold cloth and centered with bronze chrysanthemums, groom's cake, nuts, mints and coffee. Service was silver appointments.

The house party were bronze corsages and consisted of Mesdames Harve Bristow, Seth Steele, Jones Christian, E. E. Anderson, Helen Thomas, A. C. Glass, Joe Bush, Eugene Everett, T. A. McIlheran, and Phillip Baldwin of Rockport; Mesdames Oscar Galtour, E. F. Falgout, Earl Ives and Charles Hatch of Aransas Pass.

The bride is a graduate of Livingston High School, Livingston, New Jersey, and attended Drew University.

The groom is a graduate of Aransas Pass High School and attended Del Mar College and the University of Texas.

For a going away costume, Mrs. Hatch wore a soft wool suit of gray and white with white silk blouse, ruffles finishing the neckline and sleeves. Her bag and shoes were of black alligator, white kid gloves. Her headpiece was of shocking pink which matched her rosebud corsage.

After a trip to Monterey, Mexico. Mr. and Mrs. Hatch will be at home at 704 B. Henderson Street, Austin, Texas.

Mrs. A. C. Faucett returned Sunday from Richardson, where she attended the wedding of her granddaughter, Miss Carol Ann Roberts, the bride of Ronald Dean Hensel. The marriage took place Saturday at the First United Presbyterian Church in Richardson, with the Rev. Karl Ernst officiating.

STEPHEN WEBER VISITS HAWAII

Stephen Weber, the son of Mr. and Mrs. Clyde Weber, recently spent eight days in Hawaii, and wrote most interestingly of his visit there, where he was the guest of Mr. and Mrs. J. E. Lite, and daughter.

Part of the eight days was spent in Honolulu, where he took in the sights of the island. Among them were Waikiki Beach, the International Market, Tripler General Hospital, the beach at Fort DeRussy, the Blowhole, where the sea funnels into a cave and spouts high above the island cliffs, and the University of Hawaii.

The plant life at the University is wonderful, he wrote, and he was much intrigued by it.

He also tried eating rice with chopsticks, at which he was fairly successful, but not able to do so well when it came to pork chops.

While in Hawaii, he said, he took a trip across the Koolau range of mountains to the opposite side of the island, to Kailua Beach.

There are four national forests in Texas.

BREAD TAX? Large bakeries throughout the U.S. are protesting President Johnson's farm program, based on a 50-cent increase in the cost of a domestic wheat certificate, claiming this will hike bread costs two cents a loaf, and calling it a consumers' "bread tax". Farmers, however, counter that wheat prices have little effect on bread retail prices, since though wheat prices dropped in the past, bread prices went up. — WFS Photo

PHILLIPS ASKS PERMITS FOR ARANSAS BAY

Phillips Petroleum has asked the U. S. Engineers for permission for extensive operations in Aransas Bay on State Tracts 129, 130, 140, 141, 154, 155, 156, 162 and 163, four miles east of Fulton.

Work at well sites will consist of sinking a 39 by 175 foot drilling barge, driving four 3-pile clusters and eight single piles, erecting a drilling structure having a top elevation of 150 feet above mean low tide and, if the well is productive, erecting a 10 by 32 foot protective structure.

Other structures erected would be a 10 by 20 foot head-ramp platform and a 43 by 99 foot tank battery platform. Channels and basins would

be dredged and pipelines installed within the area. Pipelines would be placed 1½ below the bottom of the bay except through shell reefs or beds where they would be placed one foot below.

Pipelines would be jetted, plowed, disced or placed by other similar method whereby there would be a minimum displacement of the bed and no spoil deposit would remain.

The spoil from the channels and basins would be placed in the bay in mounds with the points of discharge a minimum of 1,000 feet apart and would usually have a top elevation of six feet above mean low tide.

No structures would be placed within 1,000 feet of the centerline of the Gulf Intracoastal Waterway.

HOLIDAY ON ICE INTERNATIONAL TO BE IN CORPUS CHRISTI

"Holiday on Ice International," with a company of world famous skating stars, who have skated literally in every corner of the globe, and who returned recently from a tremendously successful tour of South and Central America, will soon visit Corpus Christi and the show will be seen at the Memorial Coliseum for a run of six days starting Sept. 14.

This international skating spectacle is a smooth blend of fantasy, ballet, comedy, novelty, plus championship solo and pair skating routines. All this is backed by the smooth precision skating of the gorgeous Glamor-Icers and the Ice-Squires. High lights of the two hours and half presentation are the production spectacles "Revere Roman-tique," "Hillbilly Holiday," "La Valse Bleu," "Fiesta Caribe," "Hansel and Gretel," and "Air Force on Parade."

The impressive list of stars include, Joan Hyldoft, Ronald Sas, Ed and Wilma Leary, Herbert Plata, Dick Haskell, Jacquie Ring, Bill Bickle, and Roger Cross, Sam Houston, John Curtin and Patti Hittle, Janet Champion and the two specialty acts, featuring "The Great Barton" master balancer, and Tommy Curtin, the skating juggler. Dick Haskell in addition to being featured in the production sequences also presents a sensational exhibition of speed skating and jumping.

The all new "Holiday International," 20th anniversary edition is a melange of skating skills. It is fast, funny and spectacular. It is lavishly costumed and the music under the direction of Frank Centri is superb. Freddie Wittop, the designing genius who created the costumes for Broadway's "Hello Dolly," also designed the wardrobe for "Holiday on Ice International."

Tickets are now on sale at the Coliseum Box Office and Woolco at Parkdale, Corpus Christi.

CEDAR BAYOU FISH
PASS STILL OPEN

The popular fish pass just north of Rockport at Cedar Bayou is still open and doing its job, according to E. G. Simmons, regional coastal fisheries supervisor for the Texas Parks and Wildlife Department.

Reports that the pass was closing; that the flow of water there was down to a trickle; and that fish would be unable to use the pass in the very near future, prompted Simmons to investigate.

As far back as records can be found the pass has been open, by man or by storm, straight into the Gulf from Mesquite Bay. Each time, very soon after the opening, the mouth of the pass has started a southward migration.

As the mouth moved farther to the south, sand bars have formed in the Gulf and the pass itself while deep channels were cut. Finally, unless a storm or man with his dredges intervened, the sand took over and the pass closed.

"The mouth of the pass has moved far to the south," Simmons said, "and the sand bars have formed. However, there is still three to four feet of water over the bar and the inner channels, some as deep as eight or ten feet, are still pouring a world of water through the pass."

September rains and runoff along with high tides this time of year from passing hurricanes may straighten and deepen the pass through flushing action. Most natural passes are maintained by the tidal action at this time of year.

Many fishermen were observed fishing in the pass and in the Gulf at the mouth. All seemed to be catching good strings of fish.

INCENTIVE TO LEARN. In Arkansas, Cummins State Prison Farm warden Dan Stephens, centre, has found a unique way to tempt prisoners to learn to read and write. He offers them special classes in the two R's, and if they're successful, they're rewarded with a graduation certificate . . . as well as a 20-day reduction of sentence. — WFS Photo.

OCTOBER DRAFT CALLS
FOR 1,504 TEXANS

Austin. — The state draft quota for October calls for 1,504 men, compared to 1,459 in September, Col. Morris S. Schwartz, state selective Service director, said Friday.

In early August, state Selective Service headquarters was advised by the national headquarters to estimate its October quota at 1,780. The call for 1,504 is an adjustment of this earlier estimate.

Both quotas came after the President's announcement in late July that he was doubling the draft calls. Monthly calls in the months immediately prior to the Presidential announcement ranged from 700 to 900.

More than 9,000 men will be sent for pre-induction mental and physical examinations in September, Col. Schwartz said, and he estimated that about 7,500 would be sent in October.

Local board quotas for the September examinations and inductions already have been sent to the boards. The October examinations and induction quotas for boards are scheduled to be mailed to them on or about Sept. 10.

Both the September and October quotas will be filled with volunteers under 26 years old and nonvolunteers ages 19 through 25. Most of them will be 20 to 21 years old.

President Johnson signed an executive order Thursday which will permit the drafting of childless married men who married after midnight Thursday, according to published news reports. For nearly two years an executive order by the late President Kennedy forbade calling of these men.

Colonel Schwartz said he expects the state will call for November to be "slightly higher" than the September and October quotas.

Mr. and Mrs. Pete Melton returned last week after attending a graduation exercise and wedding in Denton. From there they went to Hominy, Okla., where the visited Mr. Melton's brother, and on to Inola, Okla., to visit friends.

Mr. and Mrs. Max Gardner, Sr., spent the weekend in Austin with their son and family, Mr. and Mrs. Max Gardner, Jr.

NEW FHA PROGRAM
FOR VETERANS REQUIRE
\$200 DOWN PAYMENT

Even though the new housing law specifies that no down payment is necessary for a \$15,000 mortgage for veterans federal regulations require a minimum payment of \$200 to cover closing costs, announced Bud Wise, president of the Aransas and San Patricio County Board of Realtors, today.

The new law, signed July 10 by President Johnson, extends liberal home loan benefits to millions of post-Korean War veterans, hitherto uncovered by any program, and to older veterans who have not used up their eligibility under a Veterans Administration program.

It directs the Federal Housing Administration to insure 100 per cent of the first \$15,000 of home mortgage, 90 per cent of the value in excess of \$15,000 to \$20,000, and 85 per cent of the value in excess of \$20,000 to \$30,000.

Mr. Wise said information received from the National Association of Real Estate Boards, of which the local board is a member, reveals that FHA will insist upon a minimum down payment of not less than \$200 in lieu of closing costs.

The \$200 figure will enable FHA to continue to include closing costs in its estimate of a property's value, instead of making a distinction between veteran and non-veteran mortgagors, he explained, noting that under the VA program, GI buyers are required to pay closing costs in cash.

"In other words," said Mr. Wise, "FHA will require the veteran to make a minimum down payment of not less than \$200 on the first \$15,000 of appraised value, plus 10 per cent between \$15,000 and \$20,000, plus 15 per cent of the value above \$20,000."

These mortgage terms apply to both existing and new homes he said, and the standard FHA interest rate of 5 1/4 per cent will apply, plus an additional one-half of 1 per cent to cover the cost of government insurance.

Any veteran who served 90 days in the armed forces and was discharged on conditions other than dishonorable is eligible for these terms, provided he has not received any direct guaranteed, or insured loan through the VA program for the purchase or repair of his home, added Mr. Wise.

He said interested veterans should obtain VA Form No. 26-8261, "Certificate of Veteran Status," from his VA office for attachment to the FHA application form.

An interesting feature of the program, said Mr. Wise, is that a veteran's entitlement under the law does not expire, as under VA programs, and he may use the low down payment terms more than once.

He advised eligible veterans who want to purchase a home under the new law to consult a Realtor, a professional in real estate who subscribes to a strict code of ethics as a member of the Aransas and San Patricio County board and of the National Association of Real Estate Boards.

Realtors in Aransas and San Patricio are familiar with the new law's requirements and financing arrangements and already have desirable inventory of homes in the price ranges covered by the program, he said.
