Asks Dismissal Of Arkansas' Suit On Tides

WASHINGTON (AP)—The Justice Department asked the U. S. District Court here today to throw out a suit by Arkansas challenging the right of coastal states to oil lands underneath the marginal seas.

Congress enacted a law at its last session recognizing claims of the coastal states to the lands. Arkansas filed a suit contending the legislation was unconstitutional.

The Justice Department filed in reply a dismissal motion contending that Arkansas has no legal interest. The department contended further that Arkansas does not have the right to sue the federal government without the consent of Congress.

Arkansas has until Sept. 17 to reply to the motion. After its reply is filed, a date will be set for arguments.

The ownership of the Tidelands has been in dispute for many years. In 1947, the Supreme Court held that the federal government had paramount interest in the lands — a decision that clouded state claims to title.

Congress sought to settle the matter by law. Its act, signed by President Eisenhower in May, recognized states ownership of the lands out to a distance of three miles from shore in all instances except for Texas and the Florida Gulf coast. In those instances, the state seaward boundaries were recognized at 10½ miles.

Arkansas' suit was filed July 8. The state asked the court to declare the Submerged Lands Act unconstitutional and to forbid government officials to pay out money held in escrow.

More than 30 million dollars resulting from oil leases granted by the states had accumulated since the supreme court's 1947 decision. The submerged lands act authorized payment of this money to the coastal states.

Arkansas contended in its suit that the funds were held in a trust for the benefit of all the states of the Union. This is challenged by the Justice Department motion.

"In fact no trust for the benefit of the states exists as alleged," the department said. "Since there is no suggestion of any claim of right by the state other than the trust, there is nothing before the court upon which it can act.

"There is neither a right of the plaintiff (Arkansas) to be protected nor a wrong by the defendant to be remedied."

North Howard County Well Is Completed

Texas Pacific Coal & Oil Co. has completed the No. 1-A Tom Spencer as a flowing discovery from the Siluro-Devonian in Central-North Howard County.

On the potential test, the project flowed 24 hours through a 20-64th-inch choke to produce 428.49 barrels of 42-gravity oil with no water. Production was from perforations at 9,855-880 feet which had been washed with 400 gallons of mud acid.

Gas - oil ratio on the test was 960-1. Flowing tubing pressure was between a maximum of 800 and a minimum of 440 pounds.

The project was drilled to a bottom of 10,092 feet in the Ellenburger, where it made only salt water. It was plugged back and seven-inch casing cemented at 9,946 feet. It had no shows in the Pennsylvanian.

The No. 1-A Spencer is 14 miles north of Big Spring, 494.6 feet from north and 1,980 feet from west lines of section 11-32-2n-T&P. It is three and one-half miles southeast of the Vealmoor-Pennsylvanian field.

BORDEN FAILURE

Double U Corp. has plugged and abandoned its No. 1-A G. E. Spindler, Northeast Borden wildcat, on total depth of 8,376 feet in barren Ellenburger.

The No. 1-A Spindler was 660 feet from south and 1,650 feet from east lines of section 467-97-H&TC, two and three-quarter miles south of the Fluvanna multi pay field.

MITCHELL COUNTY

W. F. Strickland of Fort Worth has staked location for his No. 1-A Lucy Coleman in the Westbrook field of Mitchell County. It is 330 feet from north and east lines of the southeast quarter of section 77-97-H&TC, 11 miles northwest of Westbrook. Contract depth is 3,500 feet.

DRILLING REPORT

Gulf Oil No. 1 C. C. Cannon, West Borden wildcat, has plugged back to 10,355 feet and is testing.

Ryan & Burke No. 1 Cannon, north of the Gulf project and also in extreme west Borden County, is drilling in lime below 5,070 feet.

Peterson Fund Slows Again

The Carl Peterson Appreciation Fund moved slowly to $500.50 today. The fund is for the county's only ex-prisoner of the Korean War, due to arrive in San Francisco day after tomorrow.

Most recent contributions were $5 by Homer Whisnand, $10 by Alfred Cooper, and $10 anonymously.

Donations to the fund, which was started with the hope of purchasing a new car for Cpl. Peterson, may be given to either the Snyder National Bank, West Texas State Bank, or to the Snyder Daily News. Checks or money orders should be made payable to the Carl Peterson Appreciation Fund.

Peterson, 22 years old, spent more than two and half years in prison camps of the North Koreans and Communist Chinese. He is the son of Mr. and Mrs. George Peterson of Hermleigh.

Hurricane Is All Blown Out

HALIFAX, Nova Scotia (AP)—The third big blow of the hurricane season blew itself out over the Atlantic today after snaking across the Maritimes and leaving wreckage and distress.

Howling 70 to 80 mile winds and lashing rains, the worst in a decade, brought at least one death and distress at sea and damaged apple and grain crops in Nova Scotia's farming belt.

The hurricane hit hardest in Nova Scotia, but New Brunswick and Prince Edward Island had the heavy wind and rains. Power breaks were general.

Lt. Cmdr. L. C. Bishop of Halifax fell overboard from the wave-tossed pleasure yacht Vagrant and drowned.

Mrs. Bishop, a life preserver around her waist jumped into the churning sea after her husband but couldn't reach him. She had a tough time reaching shore and was taken to a hospital suffering shock.

Hours after the full fury had hit the coast, one fishing craft was still missing and another was reported sinking off the coast.

The 75-foot vessel Joyce Marie was reported sinking off the western end of the province and a coast guard cutter was en route to her side.

Off the south shore, there still was no report on the 37-foot fishing craft Sister M. Antonio, missing after a trip to the Lahave banks off the coast.

All along the coast small and large craft alike, warned in plenty of time as the hurricane approached from its Caribbean spawning ground, had ducked into port for shelter.

98 Here Yesterday

Hot days and cool nights are continuing here, according to the readings of Mrs. D. P. Strayhorn, weather observer. High yesterday was 96, while the temperature dropped to a low of 58 last night. It was standing at 61 at 7:30 o'clock this morning.

WELCOME FOR HERO

Terry Miyamura rushes with outstretched arms to greet her hero husband, Sgt. Hiroshee Miyamura of Gallup, N. M., Congressional Medal of Honor winner and one of the 357 repatriated prisoners of war landed in San Francisco by the transport Marine Adder. It was not announced that Miyamura was a Medal of Honor winner until he was released for fear the Communist would take action against him.

Heart Attack Is Fatal To Chief Justice Vinson

Politician Eyed As Possible Successor

WASHINGTON (AP)—Chief Justice Fred M. Vinson, a Kentucky jailer's son who rose to the highest judicial office in the nation, died unexpectedly of a heart attack early today.

The 63-year-old judge and former holder of many top government posts was stricken while at his Washington apartment.

His wife and his son Fred Jr. were at the apartment and summoned a physician at 2:30 a. m. But Vinson died 45 minutes later.

Vinson took over leadership of the U. S. Supreme Court June 24, 1946 an appointee of former President Truman to succeed the late Chief Justice Harlan F. Stone.

The Kentuckian's death paves the way for President Eisenhower to make his first appointment to the Supreme Court bench.

Eisenhower may name his choice within the next few weeks, since the high court is scheduled to open its next session Oct. 5.

It was believed most likely that he would designate the new appointee as chief justice. But he could also chose one of the present members of the nine-man court to be chief justice and name the new appointee as an associate justice.

There was some speculation that California's Gov. Earl Warren would be Eisenhower's choice. Warren, a Republican, announced last Thursday he would not seek re-election when his present term expires at the end of next year. He gave no hint of his future plans.

At Eisenhower's vacation headquarters in Denver, Assistant Press Secretary Murray Snyder said then he knew of no post for which Warren was being considered. The presidential staff said this morning there would be no comment from Eisenhower on Vinson's death until later in the day.

When Truman named the affable, middle-of-the-road Vinson as chief justice it was widely believed he was chosen as a peacemaker in the wrangle then going on between Justices Robert H. Jackson and Hugo L. Black.

Truman himself noted Vinson was to become the 13th chief justice in U. S. history, and called it "lucky for the United States and lucky for Mr. Vinson — at least I hope it is."

Vinson as chief justice did not write a large number of the court's opinions, but a number of important cases came before the tribunal during his stewardship.

One of the most famous involved condemned atom spies Julius and Ethel Rosenberg last June. Vinson summoned his associates back to the bench shortly after the court had officially recessed, to weigh a last-minute stay of execution granted by Justice William O. Douglas. The court swept aside the stay on June 19 and the Rosenbergs were executed that night.

In a formal opinion issued later Vinson said Douglas had the power to issue the stay, but he defended the court's action in setting it aside and said the body had acted properly in meeting in prompt special session.

Truman was informed of Vinson's death shortly before boarding a plane at Detroit bound for Missouri.

"It is a terrible loss and a terrible shock," the former President said. "He was a great man and a great justice as well as a great citizen of the country. We'll all miss him."

Vinson's elevation to the high court seven years ago capped a public career that included service in all three branches of the government. He was secretary of treasury before being named chief justice.

During the war he was appointed by former President Roosevelt to head in turn the Office of Economic Stabilization, the Federal Loan Administration and the Office of War Mobilization. Truman then chose him as treasury boss.

The Kentuckian first gained national fame as a member of the House of Representatives, to which he was elected in 1922 and for six congresses thereafter. As chairman of a ways and means subcommittee he championed the 1936 Revenue Act which contained a controversial provision on undistributed profits.

Vinson liked to say he was born "in jail" Jan. 22, 1890. His father was the jailer at Louisa, Ky., and the family lived in the front part of the jail.

In his youth Vinson played college baseball as a shortstop and was good enough to play later on a semi-pro club. He always retained his love of the sport.

Another son, James, a grandson, James R. Vinson Jr., and a sister, Miss Lou Vinson, survive.

CLOSE FRIEND OF PARR

Political Leader Testifies In Hearing To Oust Judge

By MAC ROY RASOR

AUSTIN (AP)—A South Texas political leader, M. J. Raymond of Laredo, testified today his first rift in a 25-year political friendship with Duval County boss George Parr came four years ago in a Parr controversy with Gov. Shivers.

Raymond was a defense witness as the hearing of ouster complaints against District Judge Woodrow Laughlin of Alice went into its fourth week.

"I thought George Parr was entirely wrong and told him so," Raymond testified.

The controversy was over Shivers' appointment of former 79th District Judge Sam Reams, the incumbent whom Laughlin defeated last year with Parr's support.

Parr had backed Luther Jones Jr., Corpus Christi attorney for the post Reams got. Jones is one of Laughlin's defense attorneys.

Raymond, once Webb County judge, testified he had been actively engaged in politics, "many, many years."

"I would not say it is a sideline," Raymond said.

He termed himself "a very close personal friend of Parr" but said they had had several differences since the one four years ago.

"When Parr engaged in his write-in campaign against Judge Reams (two years ago) the New Party of Starr County called me and asked me to participate in a meeting they were having," Raymond related.

"They said Parr had been down there trying to get Starr County to join him in the write-in. I advised the New Party not to participate," he said.

The New Party followed his advice.

Raymond testified his sympathies were with Reams in last year's election.

"I wouldn't give Laughlin any satisfaction," he said. Raymond testified Laughlin had asked for his support.

"I told him he already had the support of Starr County's Old Party and that was like waving a red flag at the New Party," he said.

NAMES KEPT FROM JOE BY OLD TRUMAN ORDER

WASHINGTON (AP)—Maj. Gen. Miles Reber refused today to name the men who gave security clearance to Army employes Sen. McCarthy (R-Wis) contends are Communists. McCarthy tartly said he will appeal if necessary to President Eisenhower.

"I can't see how a President elected on a cleanup program" could refuse such a plea, the senator said after a committee hearing with Reber.

The general, chief of legislative liaison for the Army, based his refusal to name the security officers on a directive issued in 1948 by former President Truman forbidding government officials to give such information without White House permission. Eisenhower never has withdrawn the hotly controversial Truman order.

McCarthy said at the public hearing of his Senate investigations subcommittee that he would have lunch today with Secretary of the Army Stevens and ask him to overrule Reber's refusal. He added that he was prepared to appeal next to Secretary of Defense Wilson and then to Eisenhower if Stevens said "no."

The secretary told newsmen at Eisenhower's vacation headquarters in Denver that he wants "to cooperate to the limit which I can with the committee," and would testify if McCarthy wanted him to.

At the same time, Stevens said he would follow the terms of an executive order issued by former President Truman in March 1948 which forbids disclosure of any secret government loyalty information. The secretary said he had not discussed the case with Eisenhower.

McCarthy says his subcommittee, at four days of closed hearings in New York last week, turned up evidence that three persons working for the Army are disloyal. He did not name them, but said one woman who had access to data on Army troop movements was a "100 per cent Communist."

McCarthy demanded the names of those responsible for giving loyalty clearances to these persons. Army personnel in New York refused to supply the names, citing the secrecy directive, and McCarthy then said he intended to get them if he had to appeal to Secretary of Defense Wilson or the President.

Reds Brag Of Great Caverns

TOKYO (AP)—The Communist Peiping radio said today Allied bombs devastated much of North Korea, but couldn't touch great underground caverns into which industries and even theaters were moved.

The Red broadcast said 420,000 Allied bombs fell on the North Korean capital, Pyongyang.

"In every city in (North) Korea," the broadcast said, "one notes the gaping bomb-blasted shells of factories. But one does not see abandoned machines, wrecked or otherwise. They had all been moved underground."

The Peiping broadcast described mile-long tunnels dug into North Korean mountains. It said a textile factory employing 1,000 workers, a modern printing plant with 1,200 workers and hundreds of other factories operated wholly underground.

"All were powered, lighted and ventilated by Korea's electricity," the broadcast said.

It added that "in a 1,000-seat theater dug deep under Maranbun Hill in Pyongyang, people could hear concerts by a symphony orchestra and a 100-voice choir.

Miss America Show Starting

ATLANTIC CITY, N.J. (AP)—A parade of pulchritude today gives boardwalk strollers their first glimpse of each of the 52 beauties seeking the "Miss America of 1954" crown.

The boardwalk parade will display each contestant on a special float as 19 bands marching alongside provide brassy fanfares.

But the real grind for the girls doesn't get under way until tomorrow night when they start matching curves and talent on the stage at Convention Hall.

It will all be over Saturday night with one of the beauties winning the crown, plus a total of about $30,000 in personal appearance fees, scholarships, endorsements, wardrobe and a car.

Until then, it's strictly "no dates" for the contestants. Pageant rules require the girls to stay away from men unless chaperoned.

The gals spent yesterday signing the pageant register and getting official badges, ribbons and rules. At night they went through their first rehearsal.

Leading today's parade will be crooner Eddie Fisher, this year's grand marshal.

The girls will be judged on a point system in bathing suit, evening gown, talent and personality competition.

Texas Deaths Off Prediction

By The Associated Press

Summer's last holiday, Labor Day, killed fewer Texans than expected.

At least 22 died in Texas, most of them in autos. Some 500 persons died violently across the country.

The State Department of Public Safety had predicted 30 Texans would die in traffic over the weekend. Only 16 had been reported killed in traffic mishaps in Texas between midnight Friday and midnight Monday.

The latest deaths:

David Carillo, 18, of Montoya died in El Paso Monday from injuries received when his bicycle was struck by a car.

J. A. Miller, 63, Fabens, businessman, was fatally injured Monday when the car in which he was riding plunged into an irrigation canal near El Paso.

Mrs. Janie May Davis, 73, of Fort Worth was killed Monday when the car in which she was riding collided headon with another about 28 miles south of Wichita Falls, near Windthorst.

Young Slayer Of Five Is On Trial Today

CANANDAIGUA, N. Y. (AP)—Fred McManus, 19, the Marine who has confessed killing five persons on a cross-country crime spree with a teen-aged girl, went on trial today on a charge of first-degree murder.

Conviction on a first-degree murder charge carries a mandatory sentence in New York state of death in the electric chair.

He has pleaded insanity. A state mental hospital found him sane.

The specific charge was the pistol slaying of William Braverman, 19, who picked McManus up as a hitchhiker March 27.

McManus said he killed Braverman for the bright red convertible, so he could take his girl west and get married.

Four days and 1,200 miles later, the young couple, still unmarried, was picked up in Dubuque, Ia., with Braverman's car. According to McManus' confession, four holdups and five slayings netted him less than $60 in cash.

The girl, Diane Weggeland, 16, daughter of a broken home, was adjudged a wayward minor. She was committed to Westfield State Farms for an indefinite term.

Ike Shocked At Vinson's Death

DENVER (AP)—President Eisenhower mourned today the death of Chief Justice Fred Vinson as a friend, statesman and jurist "whom I admired deeply."

The President issued this statement at the summer White House:

"I share the nation's shock and grief over Chief Justice Vinson's untimely death. He was my close personal friend for many years and a statesman and jurist whom I admired deeply.

"A man of exemplary character, he possessed great human understanding, appreciation of our national heritage and a keen mind. He has filled positions of great responsibility in all three branches of the government—legislative, administrative and judicial.

Tehran Paper Raps Zahedi

TEHRAN, Iran (AP)—The newspaper Azad ended the political honeymoon of Iran's anti-Mossadegh forces today with a violent attack on Premier Fazollah Zahedi's new government.

The paper, owned by Abdul Ghadir Azad, an ex-deputy and one of former Premier Mohammed Mossadegh's bitterest opponents, accused Zahedi of keeping in his cabinet some of the same faces that surrounded the former Iranian dictator.

Authoritative sources said Mossadegh is being questioned in one of Tehran's prisons in preparation for his trial by the Army.

Mossadegh's trial will be secret. It will bear only on the four days Mossadegh held on to the Prime Ministry in defiance of the Shah's decree ousting him. A mass uprising finally kicked him out Aug. 19.

Mossadegh also is slated for trial before Iran's Supreme Court for alleged crimes committed during his earlier 28 months as Premier but a high official commented today: "He will only be able to face a civilian court if the court martial decides not to hang him."

WEATHER

NORTH CENTRAL AND WEST TEXAS: Generally fair through Wednesday. No important temperature changes.

EAST AND SOUTH CENTRAL TEXAS: Clear to partly cloudy through Wednesday. No important temperature changes. Gentle to moderate mostly northeast winds on the coast.

Japan's Crown Prince To Be In U. S. Month

WASHINGTON (AP) — Japan's Crown Prince Akihito arrived today for a month's visit to the United States.

The Prince will be an official guest of the U. S. government for two days. Then after two more days in Washington he and his party will begin a tour of the country. That journey will end in San Francisco Oct. 7. The heir to the Japanese throne was welcomed by Secretary of State Dulles.

Tito's Border Troubles

LONDON (AP)—Belgrade radio today reported another brief skirmish on the Bulgarian-Yugoslav border. There was no mention of casualties.

It was one of many involving President Tito's forces and those of his satellite neighbors since Yugoslavia broke with the Kremlin in 1948.

TENEMENT FIRE TAKES LIVES

Smoke pours from the upper floors of a tenement house in Chicago's south side Negro section where fire killed at least 18 persons. Seven of the bodies taken from the four story building were those of children. A search was begun for possible other victims who may have been buried when the back of the building collapsed.

Dulles Will Be More Careful On Foreign Vote Statements

WASHINGTON (AP)—Secretary of State Dulles' open pre-election support of West German Chancellor Konrad Adenauer did not backfire, but that apparently does not mean the United States will adopt similar strategy in critical future elections.

Informed diplomats said today Dulles, although jubilant over Adenauer's smashing victory, may nevertheless weigh his words more carefully when asked to comment on future foreign elections of interest to the United States.

The secretary, they said, fully realizes that anything smacking of American intervention in elections is a risky business.

Accordingly, they said, the secretary would be guided by specific developments in the future when deciding whether to make a vigorous declaration favoring any particular candidates or parties.

In the past, American policy has been to avoid studiously any acts or statements which might be interpreted as intervention in foreign elections.

Officials did not rule out the possibility that Dulles might again someday speak out forthrightly.

Last Thursday, two days before German voters went to the polls Dulles told a news conference defeat of Adenauer would be a disaster which would indefinitely delay chances of German unity and restored sovereignty for the German people.

The landslide proportions of Adenauer's victory have convinced American observers that the secretary's remarks cost the German leader no votes and possibly helped him.

After conferring with President Eisenhower in Denver yesterday, Dulles said the White House was not displeased over his controversial declaration favoring Adenauer.

"The answer was in the results which were far more than we had dared to hope," Dulles said.

The President "saw nothing out of the way" in his remarks, Dulles said. Asked whether the President had expressed any displeasure, he replied: "None whatsoever."

It was learned, however, that Dulles himself—although outwardly serene—was concerned at the furor his remarks kicked up. German Socialists heatedly denounced his remarks as "incredible intervention."

A few hours after his news conference last week, Dulles cabled American High Commissioner James B. Conant for advice on what effect the declaration would have in Germany and whether any new State Department declaration should be issued. Conant apparently advised Dulles to sit tight. Leaders of Adenauer's Christian Democratic party secretly informed Dulles, officials said, that they believed the secretary's remarks, if anything, would hurt the opposition.

State, National Cotton Crop Estimates Increased Today

WASHINGTON (AP)—The Agriculture Department forecast today that Texas' cotton crop this fall would be 3,850,000 bales of 500 pounds gross weight. This is a boost from the 3,525,000 bales forecast a month ago.

For the nation, the department forecast the crop at 15,159,000 bales, 554,000 more than last month's estimate.

During the 10 years 1941-51, the average Texas cotton crop was 3,020,000 bales. The state harvested about 3,750,000 bales last year.

Officials have said that a crop of 12 million bales or more would create a surplus supply requiring Secretary Benson to invoke rigid controls on the 1954 crop. Benson has until Oct. 15 to decide.

The indicated crop compares with 15,136,000 bales produced last year and 12,215,000 for the ten-year (1942-51) average.

The average yield of cotton per harvested acre was forecast at 306.6 pounds compared with 262.3 pounds last year and 271.4 for the 10-year average.

The department estimated that 3.6 per cent of the increase in cultivation July 1 has been or will be abandoned for harvest.

The acreage left for harvest would be 23,737,000 acres, the department said. The acreage in cultivation July 1, less the 10 - year average abandonment, had been reported previously at 20,032,000 acres.

The condition of the crop Sept. 1 was reported at 76 per cent of normal compared with 89 per cent on the same date last year and 73 per cent for the ten-year Sept. 1 average.

The Census Bureau said that 1,165,776 running bales of cotton from this year's crop had been ginned prior to Sept. 1, compared with 1,458,384 to the same date last year and 2,013,658 two years ago.

The production of American - Egyptian type cotton was forecast at 66,500 bales compared with 95,000 last year and 27,200 for the ten-year verage.

No estimate of cottonseed production was made, but output would be 6,194,000 tons compared with 6,176,000 last year if the ratio of lint to cottonseed is the same as the average for the past five years.

The percentage abandonment, the acreage for harvest, the condition of the crop, the average yield per acre, and the production, respectively, by states included:

Texas: 65 per cent abandoned; 8,977,000 acres for harvest; condition 73 per cent of normal; yield 206 pounds per acre; and production 3,850,000 bales.

Arkansas 0.9; 1,849,000; 73; 331, and 1,275,000.

Louisiana 1.1; 910,000; 78; 398, and 755,000.

Oklahoma 5; 993,000; 80; 193, and 400,000;

New Mexico 2.5; 312,000; 92; 485, and 315,000.

California .6; 1,396,000; 88; 593, and 1,725,000.

The acreage for harvest, the yield per acre and the production of American - Egyptian type cotton, respectively, by states included:

Texas 27,000 acres, 427 pounds per acre and production 24,000 bales; and New Mexico 18,500, 285, and 11,000.

A LAUGH FOR LANA— Screen actress Lana Turner laughs heartily during Rome, Italy, news conference in connection with picture in which she will star. With Lana are actress Pier Angeli, featured in the film, producer Joe Pasternak and director Richard Brooks, right.

Italy To Throw Trieste Row Into Laps Of West's Big-3

ROME (AP)—Angry and worried, Italy prepared today to throw the bitterly disputed Trieste question back into the laps of the Big Three Western Powers.

Premier Giuseppe Pella's temporary government kept a tight-lipped public silence over President Tito's speech Sunday in which he proposed that the strategic Adriatic port city be internationalized and Yugoslavia get the rest of the Trieste territory claimed by Italy.

But informed sources close to Pella's Cabinet said Italy would ask—or already has asked—the for concrete information on what they plan to do about Tito's newest tack.

Pella was expected to answer Tito in a speech next Sunday. It appeared certain he would reject flatly the Yugoslav proposals.

The Western Big Three in a declaration before the 1948 Italian elections said all of Trieste should be returned eventually to Italy. Since then, however, Tito and the Kremlin have split, and Yugoslavia and the West have grown steadily closer.

Caught between their NATO alliance with Italy and their desire to keep Tito on their side, the Western Powers now would like to see the disputants work out a Trieste solution for themselves. The dispute, however, has never reached the negotiation stage.

Tito's speech capped a week of steadily growing Italian worry over Trieste. Pella charged on Aug. 29 that Tito planned to annex the Yugoslav-administered southern zone of the territory. Yugoslavia denied the charges and countered that the Italian troop movements to the Italian-Yugoslav border constituted "provocations."

As the charges and counter-charges mounted, U.S. Secretary of State Dulles told a press conference in Washington that President Eisenhower's government has been exploring possible alternatives to the Trieste-for-Italy declaration, which Italy grimly holds to be a flat promise.

Dulles added that no suitable alternative had been found. Italy's charge d'affaires in Washington, after a hurried conference with the secretary, announced he was "happy to learn the American position on Trieste is unchanged." The calming effect of this was offset by Tito's declaration.

Before his speech Sunday, Tito had advocated that Italy and Yugoslavia administer Trieste jointly, with details to be worked out between the two governments. Britain and the United States now administer the northern part of the zone, which includes the port.

The Trieste territory was Italian before World War II. The Italian Peace Treaty established it as a free zone, with an international government, but the Western Powers have never been able to agree with the Soviets on a governor.

Career Workers To Get Consideration After Being Fired

WASHINGTON (AP)—The Civil Service Commission today announced a new series of steps in its campaign to find new jobs for career government workers who have been laid off for reasons of economy.

It said it is prepared to direct that government agencies make room for displaced career workers if they can do so by firing other persons who have indefinite civil service status.

In the wake of budget cutting by the Eisenhower administration and by Congress, a number of civil service workers have complained that they were fired, sometimes after years of service, while similar jobs in other agencies are being held down by persons without civil service protections.

There has been no official estimate of how many persons are in that category, but the commission said today that more than 1,200 government career workers have appealed to it for help in finding new federal jobs.

The commission said in a statement that a series of conferences had been held with representatives of federal agencies, and that they "volunteered to work closely with the commission and to cooperate completely in these efforts."

If voluntary efforts fail, the commission said, it will take such steps as these:

1. Stop the pay of indefinite status employes who are kept on the payroll after issuance of commission orders for their displacement.

2. Withdraw from any noncooperating agency the authority to promote, demote or reassign indefinite status employes in the Washington area without prior commission approval.

3. Authorize agencies to fire voluntarily any indefinite status employes in order to hire laid-off career workers.

4. Cut in half, from 60 to 30 days, the time allowed agencies to survey their own bureaus in an effort to find a new job for a career worker who is laid off. During the 30 days, the worker given a dismissal notice would still be on the payroll. Under present regulations, the agency has 30 days after the last working day of the employe to make such a survey.

Minor Wreck Yesterday

Two cars were slightly damaged but no one was injured in a minor automobile accident at Twenty-fifth Street and Avenue Q about 6 o'clock yesterday afternoon, police said.

Driver of one of the cars was the Rev. Ronald Hubbard, 36, 2706 Avenue R, who was driving a 1953 Ford, and the other car, a 1950 Oldsmobile, was driven by Tommy E. Smith, 17, of 2707 Avenue E.

New ICC Member

WASHINGTON (AP)—Kenneth H. Tuggle, 49, a Barbourville, Ky., attorney, takes the oath of office today as a member of the Interstate Commerce Commission.

Floyd Has Civil Suit Against FBI Oct. 3

DALLAS (AP)—Desperado Floyd Allen Hill's $1,503 civil suit against the FBI was set yesterday for Oct. 3 by Federal Judge William Atwell.

Hill alleges FBI agents took the money from him when they arrested him April 18, three months after he led a spectacular 10-man jailbreak in Fort Worth. Hill says the money was his and that the federa government has no right to it.

A former prisoner of Alacatraz, Hill is charged in state courts with the $248,000 hijacking of two Cuban gun buyers at a Fort Worth hotel last November.

Men, Women! Old at 40, 50, 60! Get Pep

Feel Years Younger, Full of Vim

Don't blame exhausted, worn-out, run-down feeling on your age. Thousands amazed at what a little pepping up with new, higher-potency Ostrex Tonic Tablets will do. Contain tonic, hemic stimulant often needed after 40—by bodies old just because lacking iron; plus supplement doses vitamins B1 and B12. A 78-year old doctor writes: "I took it myself. Results fine." 7-day trial size costs little. Also are money-saving Economy size. Stop feeling old. Start feeling peppy and younger today.

Man Is Being Brought Here On Theft Count

A charge of misdemeanor theft was filed in county court here today against W. A. (Butch) Moore, long-time Borden and Scurry County resident, who was being returned here from Gail by the sheriff's department today.

The charge against Moore, filed as case No. 5890, alleges he stole five cases of 30-weight Havoline motor oil from Gay McGlaun, oil agent, and that the oil was valued at $29.80.

The sheriff's department here said this morning that Sid Reeder, Borden County sheriff was holding Moore in Gail on a minor charge there and was to give him to the custody of the department here.

Moore, whose recent residence here was an apartment at Twenty-fourth Street and Avenue S, was convicted in county court here on Sept. 16, 1952, on a charge of swindling by worthless check and was assessed a fine of $33.50, including costs.

His conviction was on a charge, No. 5642, filed exactly one year ago, when there were also three other similar charges filed against him, all of which were dismissed on Feb. 21, this year, the docket statements reading that dismissals were recommended because worthless checks were redeemed and the defendant at that time was out of state.

Another charge of swindling was filed on Nov. 13 and later dismissed.

Moore is the father of Fred Paul Moore, about 33, of Gail and Snyder, numerously convicted on felony charges and six times sentenced to penitentiaries. The younger Moore was tried and acquitted early this year on a Borden County indictment alleging he was a habitual criminal.

Liquor Charge Is Filed Here

A bootlegging charge, alleging illegal possession of whisky, was filed today against W. L. Shipley, about 40, a construction contractor.

The charge, alleging he possessed whisky for purpose of illegal sale, is the first ever filed against Shipley here.

Shipley was arrested Saturday night by the sheriff's department, which said today he had been released on appearance bond of $500 after entering a plea of innocence. Sureties on the bond were listed as James A. Clark, Sr., and Jones Chapman.

Bill Love and Howard Gibbons, deputy sheriffs, said they confiscated eight pints of whisky from Shipley's residence at the Ace Construction Co., about two miles northwest of town.

HOSPITAL NOTES

The following admissions and dismissals at Battenfield Hospital are those whose names were released by the hospital.

Admissions: G. N. Herman, Jayton; Robert A. Lewis, 3301 Avenue K; Billy Don Kingston, Fluvanna; Sam V. Hodges, Hermleigh.

Dismissals: Claude A. Scarlett, Snyder; Anna Mae Tooley, 2409 Twenty-sixth Street; Ross Reuben Smith, Snyder.

Break-ins To Two Buildings In Night

Police are investigating two break-ins reported here this morning.

Two buildings, Knollenberg's Garage at 1605 Twenty-fifth Street and a wooden building used now by a team from the state fire insurance commission in the 2600 block of Avenue O, were broken into, police said.

Officers who investigated this morning said that northing was reported missing at the garage, and only four rolls of tape valued at a total of about $30 was missing from the fire insurance building.

Entry to both buildings was through windows he said.

Prisoners Like New Jail In Harris County

HOUSTON (AP)—Harris County jail prisoners took a trip yesterday and decided they liked their new home atop the county's new 8-million-dollar courthouse. The 500 odd prisoners were moved from the old jail yesterday.

A few prisoners throught they weren't going to like the new jail because it has no windows overlooking the streets.

"But they are mighty well satisfied with it now," Chief Jailer C. K. McAlpine reported. "One Alabama boy said he is going to write home and tell his folks about it."

BIRTHS

Mr. and Mrs. Charles R. Brown, Snyder, are the parents of a daughter born at 9:45 a.m. today in Battenfield Hospital. The baby weighed seven pounds, eight ounces.

Mr. and Mrs. Lad Alan Webber, Snyder residents, are the parents of a six-pound, 13-ounce son born at 4:05 p.m. Monday in Battenfield Hospital.

Mr. and Mrs. Dillon Fontenot of Snyder are the parents of a son weighing eight pounds, four ounces, born at 6:49 p.m. Monday in Battenfield Hospital.

General Gives Warning On Cleaning Up Area

HINESVILLE, Ga. (AP)—The commanding general of Camp Stewart says nearby "dives and honky tonks" are "using barmaids in shorts to serve whisky and thus seduce the soldiers."

Brig. Gen. Richard Mayo in an address last night said the Army will consider the moral atmosphere in deciding whether to make the big artillery post permanent.

He said conditions now are hamstringing the Army's character-building program.

Ox Team May Return

ST. LOUIS (AP)—An ox team may make a one-day comeback on St. Louis streets.

Austin C. Knetzger, manager of the St. Louis Team and Truck Haulers Assn., thinks it would be interesting for present-day St. Louisans to see what was used before trains and trucks took over the job of hauling merchandise.

He plans the appearance for a national conference of cartage firms Sept. 23.

But he has one problem — he hasn't been able to find a pair of oxen or a cart.

Robbers Make Haul

SAUGUS, Mass. (AP)—Two bandits—their faces masked by white handkerchiefs—held up a restaurant owner and fled with a paper bag they thought contained the Labor Day weekend receipts. The bag held two sandwiches the owner had made up for a snack.

Ordon Benbenek, who operates a shoe repair shop on Avenue S just west of the square, busies himself in his shop after winning an $1,100 machine for writing a slogan. The machine is a large one, used for stitching shoes.

SOCIETY SCRIBBLINGS

Snyder's New Celebrity Is Slogan Writing Repairman

We can't remember anyone from Snyder winning a slogan contest since Snyder held one itself about three years ago, but we've run into another winner.

Today's slogan writer is ORDON P. BENBENEK, local shoe shop operator, who, along with several thousand other shoe repairers, entered the fiftieth anniversary slogan contest of the Champion Shoe Machinery Co. of St. Louis, Mo.

Writing slogans may not be in Benbenek's line, but it seems to be a good sideline, since his reward for writing such a good slogan was the firm's new model "60" Stitchmaster curved needle stitcher, decorated in gold color to signify the company's golden anniversary.

A curved needle stitcher, as most persons might like to know, is one of those big gadgets a shoe repairman uses to sew up shoes and costs about $1,100. He can mend lots of soles with the machine.

Benbenek is well known in shoe repairmen's circles, having been around such shops since a child. His father, Pete Benbenek, operated a shop here for years and had a secret formula for stopping squeaks in shoes.

By the by, Benbenek won the machine by finishing out the slogan, "I like Champion machinery best because ....." His words were "Its efficiency cuts job and maintenance cost to a minimum. It is modern in design. The machine of the future now."

WATER MEN

Visiting Mr. and Mrs. JAMES ROSSER, 3704 Austin, Sunday was E. V. SPENCE of Big Spring, general manager of the Colorado River Municipal Water District. Mr. Rosser is a director of the district.

They took a trip to the lake to check on the rising water and kept an eye out for likely cabin sites. Mr. Rosser has promised that sites will be available for leasing in the near future.

WRONG NUMBER

It has been dutifully pointed out to us that the telephone number we carried in Sunday's paper for the Civic Music Association's headquarters was wrong. The correct number is 3-6697.

Incidentally, that group has a kickoff supper tonight at 7 o'clock in the West Elementary cafeteria. Captains and workers will receive their kits and instructions. The one-week drive ends Sunday.

LEAVING SOON

Going to Tulsa soon will be JIM PHILP and family from the Snyder Gasoline Plant. Mr. Philp has served here three years as chief clerk of Sunray Oil Corp.'s West Texas District, and has been with Sunray 15 years. At Tulsa he will become field office coordinator, working with both accounting and production departments. He will move his wife and two sons, JIMMY, 9, and SAMMY, 7, by about Oct. 1. Replacing him here is JACK TOWLE, who has been a clerk here about 18 months.

PERSONALS

Mr. and Mrs. C. B. Keever, Jr., and sons, Humble camp, visited Mrs. Keever's father, Kemper Kimberlin, on his ranch near Possum Kingdom over the week end. They also visited relatives in Ennis.

Miss Allene Curry of Los Alamos, N.M., visited her mother, Mrs. A. M. Curry, 3112 Avenue K, over the week end. Miss Curry is a former society editor for the Scurry County Times.

Helps For Homemakers

Send your questions to "Helps for Homemakers," Snyder Daily News, or call 3-5486

Do glass baking dishes really bake as well as metal ones? I prefer glass ones but never seem to have as good results with them. E. W.

Lower oven heats make for better baking with glassware. Try decreasing the heat 25 degrees, more or less according to your oven, because glass absorbs more heat than metal.

• • •

I have been given some grapes and would like to freeze the juice. Is it difficult? C. L.

The instructions we find for freezing grape juice start much like juicing grapes for jelly making. However, since grape juice deposits cream of tarter crystals it must be thawed after its initial freezing, strained, and re-frozen. This would take time which other juices do not require.

• • •

How can I perfume my stationery? D. H.

There are sachet bags which will impart their odor to stationery. You may use your own perfume or cologne by saturating a piece of blotter paper with it.

Book Review And Luncheon Held For Acacia Club

The Acacia Study Club held its first meeting since last spring Saturday when the group met at the Country Club for a luncheon and book review.

Mrs. T. D. Young of Sweetwater reviewed "Desiree" by Annamarie Selinko.

Colors of green and yellow were used in the decorations and the centerpiece was of yellow and white chrysanthemums.

The past-president, Mrs. Houston H. Harte, was presented a gold cigarette case by Mrs. Charles McCaleb, president. Mrs. McCaleb also introduced the book reviewer.

Twenty members attended. Guests were Miss Carol Sue Cook and Mrs. J. H. Mynatt, both of Dallas.

Victor Mature Walking On Solid Financial Grounds

By JAMES BACON

HOLLYWOOD (AP)—Vic Mature, a guy who loves his sociable security, is one actor more than happy to stay under contract to a studio.

He wants no part of the current Hollywood vogue for free lancing. A vogue, by the way, that is sometimes voluntary among actors but more often enforced by studio economies.

Vic believes that the free lancer's career can be seriously damaged with one lousy picture.

"Four of my pictures would kill a free lancer," comments Vic. "Me? I have a contract. They have to pay me anyhow. I get just as much for the stinkers as I do the good ones."

Mature, one of the shrewdest financial heads among the stars, wants the weekly paycheck, whether he's making a picture or not. The free lancers only get paid when they work.

"So they knock themselves out doing television between pictures. Me, I make more money off television than the actors who are doing it."

He owns a chain of television and appliance stores in Los Angeles.

Next to the money, Vic likes the friendship he makes by working at the same stand.

"I like working with the same people week after week. Who wants to skip all over the world making pictures—making new friends all the time?

"It takes a while for people to get to like me. I may seem like a weird character at first but once you know me, I'm an okay guy. Of course, I may have to buy some of them a house first, but eventually they get to like me."

Vic is a likable fellow and probably boasts more friends among rank-and-file studio employes than most stars. He socializes more with them than he does with other actors.

"You know," he says, "this whole interview could sound silly if Fox forgot to pick up my option. I might change my whole attitude toward free lancing."

Piper Laurie, Vic's co-star in "Rangers of the North," joined us in the dressing room.

She reported that the director wasn't satisfied with the ending wherein Vic rescues her from a glacier fall.

"Tell him we'll have the snow melt when I kiss you. Then we can make a sequel called 'Whatever Became of Glacier National Park?'"

Vic is sequel happy since completion of "The Robe". His bosses were so happy with his portral of the slave Demetrius that they immediately made "Demetrius and the Gladiators."

This could lead to that inevitable Hollywood cycle of "Demetrius Strikes Back" and "Son of Demetrius."

WOMEN'S CALENDAR

TUESDAY

PTA Round-up 7:30 p.m., North Elementary School.

Couples Duplicate Bridge Club, master point night, 7:45 p.m., Country Club.

B&PW Club, 730 p.m., Manhattan Hotel.

Tuesday night bridge club with Mrs. Max West, 3300 Avenue U, 7:30 p.m.

WEDNESDAY

Wednesday Contract Club with Mrs. S. L. Surratt, Pan Am Camp, Colorado City Highway, 1:30 p.m.

THURSDAY

Good Neighbors' Club, 2:30 p.m., with Mrs. Reuben Popnoe, northeast of city.

American Legion - VFW auxiliaries buffet supper, 6-8 p.m., veterans clubhouse.

FRIDAY

Atheneum Study Club, call meeting, 9 a.m., with Mrs. R. L. Duggar, 3765 Dalton.

SATURDAY

Women's Auxiliary, St. John's Episcopal Church, bake sale, 9-12 a.m., Everybody's and Piggly Wiggly.

Week end visitors of Mrs. J. L. Roddy, 1505 Twenty-first Street, were two daughters, Mrs. F. O. Stark of San Antonio and Mrs. Nolan Fulford and her husband of Fluvanna, and two sons, M-Sgt. John Henry Roddy and his wife of Wichita Falls and Layne Roddy, Jr., and his wife and son, Harold Lee Roddy, of Ira.

Auxiliary Plans Clothing Drive For Koreans

Plans for the collection of clothing for shipment to Korea were discussed at a meeting of the Veterans of Foreign Wars Auxiliary last night.

Persons having clothing to be donated are asked to contact Mrs. Fred Clark or other members of the auxiliary.

A buffet supper for members of the VFW and American Legion was also discussed. The supper will be held Thursday night at the clubhouse for members and their families. Movies made at the national convention were shown the group.

Guests at the meeting were Mrs. Billy Ball, district president, Mrs. J. W. Cole, wife of the district commander, and Mrs. E. P. Kenner, all of Abilene.

NEWS FROM GAIL

By MRS. JOHN DENNIS

and Brenda of El Paso, spent Labor Day weekend with Mr. and Mrs. Allan Stephens.

A Bridal shower honoring Mr. and Mrs. Frank Partridge was given Saturday night at the home of Mrs. Attie Jackson. Hostesses were Mrs. Ben Bonham, and Mrs. O. D. Jackson. Many Gail and Borden County friends attended.

Mr. and Mrs. Vernon Miller spent Labor Day weekend in New Mexico.

Mr. and Mrs. Bill Wilson, Jr., accompaneid by Mr. and Mrs. J. Homer Beal visited Ruidosa, N.M., over Labor Day week end.

Mrs. W. D. Smith of Lubbock was a Sunday visitor last week with Mrs. David Dorward.

Mr. and Mrs. Goerge Sealy and girls returned last Monday from several days visiting in Amarillo and Lubbock.

Mr. and Mrs. Frank Miller left Friday for a visit in Oklahoma.

Bob Beal was a Snyder visitor last Monday.

Mrs. Bert Dennis was a Lamesa visitor last Monday.

Mr. and Mrs. Bob Davenport and Sammie spent last week in San Angelo.

Lester Hollis, principal of Borden County Rural High School, visited his mother in East Texas, last week.

Mr. and Mrs. Mardes Clayton are on a short trip to South Texas.

Bert Dennis was a San Angelo visitor last Monday.

Dr. and Mrs. D. E. Vogan of Mercer, Pa., were guests last Wednesday and Thursday of the John Dennis family.

Miss Oleta Mitchell and Mrs. Sterling Williams of Snyder visited their aunt, Mrs. J. R. Roper, Friday.

Jap Jones will have his new Humble Service Station opening next Saturday.

Mrs. David Dorward was in Mineral Wells Friday to attend the funeral services of her brother-in-law.

Andy Cochran and Fotch Walton opened a new cafe on Ave R in Snyder last week.

Dick Cantrell returned Friday from a business trip to Goldwaithe, Tex.

Mr. George Sealy, County Agent, was a Lamesa visitor Saturday.

Mr. and Mrs. Martin Taylor returned Tuesday from a vacation in Arkansas.

Paul Mosley, football coach, has had the football players working out every night. The first game is scheduled for Sept. 18 with Loop playing at Gail.

A "get acquainted meeting" to introduce the Teachers to the public will be held Friday night at 8 o'clock. Everyone is invited to attend.

State PTA Head Here For Talks

Mrs. H. G. Stinnett, president of the state Parent-Teachers Association, is to make two speeches here Thursday, local PTA officials have announced.

The first will be at a complimentary luncheon for life members, past PTA presidents and school secretaries. The luncheon will be at the high school cafeteria at 1 o'clock.

The public is invited to the second speech by Mrs. Stinnett at 7:30 o'clock that night when she will discuss school and PTA problems. The speech will be made in the high school auditorium.

Mr. and Mrs. Stanley Graham, who reside on a farm about 10 miles south of Hermleigh, were to leave today for Dallas, where their daughter, Jo Nell, 18 months old, is to be entered in the Scottish Rite Hospital. The child is suffering from a malady of hip joints and will be kept in a cast several months.

THE ADVENTURES OF PATSY

Australia's Bright Star Is Badly Beaten In Trabert Duel

By GAYLE TALBOT

NEW YORK (AP)—It is not pleasant to see a nice kid being thrown to the wolves, even though the spectacle proves entertaining to a stadium full of spectators and produces a welcome tennis victory for this country, for a change.

We have in mind the humiliating defeat inflicted upon a little 18-year-old named Ken Rosewall of Sydney, Australia, in next to the last round of the championships which ended yesterday at Forest Hills. Our own husky Tony Trabert of Cincinnati larruped the daylights out of the weary, woe-begone youngster, producing a sad anticlimax to a match that had been looked forward to all week.

Having watched the diminutive stylist play for the past two winters in his own land, we are in position to know something of the brand of tennis he can produce while his body is fresh and his mind not jaded by a cruel overdose of the game. His showing against Trabert was disillusioning to thousands who were watching him for the first time and had no way of knowing the boy was at about 70 per cent of efficiency.

The ones who knew best were the American players and Rosewall's teammates. Though they were happy to see Tony win, the former shook their heads and whispered it was too bad about Rosewall, whom they greatly admire. The other Aussies were afraid to say anything out loud, as their dandy little manager-coach, Harry Hopman, was braying to all who would listen that Ken was in perfect shape.

Hopman knew better, of course, and he knew he had been largely responsible for beating a fine group of youngsters down both physically and mentally during the five harrowing months they have been his command since they left home for a trip around the world. He was talking strictly for Australian consumption, knowing that he will be expected to answer a few questions when he returns to Melboure.

It was suggested to Hopman over a month ago by well-intentioned persons that he was overdoing the iron discipline and keeping kids under too tight reign for too long a period. He was strongly urged to give his company-controlled tennis pawns at least a two-week rest from the game sometime before our Nationals. He didn't listen, and he drew his reward when both his 18-year-olds, Rosewall and Lewis Hoad, were knocked off in straight sets.

Hoad, being a husky football type of boy in contrast to Rosewall's 137 pounds, was in better condition to stand the week's severe heat, but he too lacked his usual zest in going down before Vic Seixas.

What happened here almost certainly will cool off any desire to adopt the Aussie system of taking promising kids and indenturing them to the sports equipment firms, though it has been decided to ease our present rules somewhat. It has been vividly demonstrated that the Australian system lends itself to an abuse of power and is not good for boys who should still be in high school.

Tiny Moore Is Back In ACC Lineup Again

E. J. (Tiny) Moore of Snyder, 276-pound guard for the Abilene Christian College Wildcats, has been listed as a probable starter for the team's opening game with Southwest Texas State Sept. 12.

Moore, one of four three-year lettermen on the squad, returned this year after a year's layout from school.

The guard, a former star of the Snyder Tiger squad, was chosen to the second team Little All-American selection in 1950.

Moore is a physical education major.

Pairings Listed In City Golf Tourney

Pairings were made this morning in the annual city golf tournament, and play in the five flights was to begin today, according to J. T. Hammett, pro-manager of the Country Club.

Donald Ray Scott, realtor, became medalist of the tourney with low qualifying score of one-under-par 69. His prize is a dozen golf balls.

Hammett said the first round of the tourney must be completed by Sunday night. Prizes in the tourney will be either trophies or merchandise, according to the winners' choice.

Last year the tourney was won by Sam Woods, who downed W. S. Dow in the championship flight. Dow is entered in the tourney this year.

Paired in the championship flight are Scott vs. Earl Fish, 77; Bill Atwood, 74, vs. John Howell, 80; Wayne Boren, 73, vs. Marvin House, 78; C. R. Smith, 77, vs. C. G McCaleb, 80; Manning Davis, 71, vs. Earl Horton, 77; Ken Cole, 77 vs. Ralph Walker, 80; Joe McLaughlin, 74, vs. Louis Nowlin, 79; Ned Butler 77, vs. W. S. Dow, 80.

In the first flight are Richard Brice vs. Babe Gallman, Russ Yorgesen vs. U. D. Walker, Ray Taylor vs. Zack Gibson, James Rosser vs. Nolan von Roeder; C. V. McClatchy vs. Fred Kizer, Russell Rees vs. Max Dyer, Ike Snead vs. Joe Kirk Dorsey, and Blue Randolph vs. Lyle Galbraith.

Second flight, G. B. Clark vs. J. W. Pickering, Marshall Erwin vs. J. R. Graham, George Crabb vs. Paul Jones, Skeet Schooling vs. Tony Holcomb, Robert Kidd vs. Joe Frazier, Guy Stoker, vs. Hollis Jones, Ross Carroll vs. Janny Young, B. L. McKinley vs. John Lynch.

Third flight, Bryan Jordan vs. D. S. Kennedy, W. P. Thurmon vs. C. J. Fensire, Ken Hought vs. F. M. Middlebrook, O. K. Fletcher vs. W. N. Shifflett, Ab Abshier vs. Leon Younger, N. R. Clements vs. Louis Rater, M. M. Keeble vs. Howard Crenshaw, and D. K. Ratliff vs. John J. Boren.

Fourth flight, L. M. Alexander vs. Tom Riggs, E. J. Richardson vs. Whit Thompson, E. L. Anders, Jr., vs. Elroy Miller, Billy Huddleston vs. B. J. Weaver, L. D. Stone vs. Lyle Deffebach, P. J. Johnston vs. Jack Bowden, Rex Miller vs. C. W. Howell, and Doc Moon vs. Ernest Brewer.

Hermleigh Boys Are Trying Out For Team At Tarleton State

Two former Hermleigh High School footballers are among 72 candidates for the Tarleton State College football team at Stephenville.

They are Gerald Jordan, 195-pound guard, and Douglas Chitsey, 150, a back. Both are 18 years old.

The two gridders graudated at Hermleigh last year after playing on three district championship football squads. Last year the team downed Sanderson for bi-district but lost to Melvin in the regional tilt.

The Tarleton Plowboys, coached by Sandy Sanford, are members of the Pioneer Conference. They open their schedule Sept. 19 against Cisco Junior College.

SOONER ACES

University of Oklahoma Football Coach Bud Wilkinson (center) meets with two players expected to be his mainstays in the backfield this season. They are Fullback Max Boydston, left, and Halfback Buddy Leake. The Sooners, ranked fourth nationally last season, open against Notre Dame in Norman, Okla., on Sept. 26.

Furillo, Lippy Get Off Easy After Fighting

NEW YORK (AP)—Brooklyn outfielder Carl Furillo will spend the rest of the season nursing a broken hand but both he and Leo Durocher, his target in Sunday's brawl at the Polo Grounds, apparently will escape unscathed as far as league officials are concerned.

Dr. Eugene Zorn, the Dodgers' physician, said Furillo has a double fracture of the bone behind the knuckle of the little finger of his left hand. He will be out of action until the World Series.

The major leagues' leading hitter with a .344 average, Furillo was injured in a melee near the Giants' dugout in the second inning of Sunday's Brooklyn - New York game.

He was hit on the wrist by a ball pitched by Ruben Gomez. He started toward the mound but was restrained. After he reached first base he dashed off the bag, heading for Durocher in the Giants' dugout. Players from both teams swarmed about and Fruillo's hand was stepped on, breaking the bone.

"I'll get him the next time I see him (Durocher)," Fudillo said grimly. "The next time we come face to face—on the street or anywhere—I'll let him have it."

But National League President Warren Giles viewed the brawl as a "typical ballplayer tussle." He indicated no fines or other penalties would be forthcoming.

Quarterback Club To Meet At 7:30 Tonight

Members of the Quarterback Club will meet at 7:30 o'clock tonight in the new high school cafeteria.

The club plans to view at least one film and to discuss the Tiger squad's progress through its first week of training, which included two scrimmages. It will also discuss plans for projects this year.

Charles Duran, president of the club, invited all men interested in football to attend the meeting, saying it is open to all fans. The club recently began a membership drive, setting its goal at 250 members.

Candidates For Frosh Football At Houston

HOUSTON (AP)—Dan Crimmins, 175-pound halfback from the St. Louis area, was the standout as 42 candidates reported for freshman football here yesterday at the University of Houston.

Crimmins was named player of the year last season in the St. Louis area.

Naval Endorsement Of Milk Bowl Football

LUFKIN (AP)—The U. S. Navy has officially endorsed the Milk Bowl football game, Executive Secretary Eugene Weafer has announced.

Weafer said he had an announcement from the Navy saying it was urging small-fry teams to represent all dependent children in the armed services.

The Milk Bowl, involving boys weighing 100 pounds or less and 14 years old or under, is played here annually between a Texas team and one from out of state.

Charles Is In Match Tonight

PHILADELPHIA (AP) — Ezzard Charles, who has been coming back almost as long as Little Sheba, keeps another one of those "must win or else" boxing engagements tonight against Harold Johnson, young, aspiring Philadelphia light heavyweight.

The two Negro boxers are scheduled to mix it up for 10 rounds at Connie Mack Stadium.

Should the 32-year-old Charles win, he has been promised a crack at the heavyweight title he once owned.

On the other hand, the 25-year-old Johnson's manager, Tommy Loughrey, claims Harold has been promised a light heavy title go even if he loses, providing of course, he makes a good showing.

A crowd of 14,000 fans paying an estimated $50,000 is expected at the fight. There will be no radio broadcast or telecast.

The bout figures to be a contest between two clever boxers with the veteran Charles a 2 to 1 favorite to regain prestige he lost last Aug. 11 in bowing to Nino Valdes, giant Cuban.

There seems to be no question but that Charles must win this one or go back to his Cincinnati gymnasium as another in a long list of former heavyweight champions who failed in their efforts to regain the crown. He is expected to weigh in at about 185 pounds and Johnson at 178.

Galveston Tops Coast Again

By The Associated Press

The last day of the season was no different than any other for the Gulf Coast League pennant winners, the Galveston White Caps. Monday night, in their last two regular season perormances, the White Caps twice downed their closest competitors, Texas City, by 4-3 and 1-0 counts.

Both games went into extra innings.

The rest of the league went through the motions. Brownsville and Harlingen split their double header. The Charros took the opener easily as Hal Bunch put the Capitols down 6-1 on four hits. The Capitols however jumped back for a 6-2 second-game victory.

Lake Charles and Port Arthur divided a pair on top pitching efforts. In the opener Port Arthur won 4-2 on Armin Somonte's 4-hitter. The Lakers, behind Cass Clay and Paul Middleton, copped the nightcap, 5-1.

Laredo, safely in the playoffs, blew a double-header to Corpus Christi. The Aces won by scores of 5-2 and 11-2.

Law Student Winner Of Houston Tourney

HOUSTON (AP)—Ray Moore, 22-year-old University of Texas law student from Beaumont, yesterday captured the 11th annual Brae Burn Country Club Invitational championship by defeating R. J. Drummond, Port Arthur, 11 and 10.

Moore, former Southern Methodist University player and the 1952 Texas municipal champion, had little trouble handling Drummond, who was making his first appearance in a tournament championship match.

It was the most one-sided Brae Burn finals since Bobby Riegel, Houston, defeated Jack Tinnin, Dallas, 10 and 9, in 1944.

Boy Killed At Races

WINFIELD, Kan. (AP)—Nine-year-old Wesley Wilson was killed yesterday when the wheel of a stock car at the racetrack here flew off and struck him on the head.

A steam laundry service is being added to the complete laundry and cleaning facilities of the City Washateria, 2703 Avenue Q, the interior of which is shown above. Mr. and Mrs. E. H. Henderson, owners, have operated the business here for the past three years. (Lee Watson photograph)

BRING YOUR DRY CLEANING

New Services Are Added To Those Offered At Washateria

New facilities are being added at the City Washateria, 2703 Avenue Q, which will enable the firm to offer a complete washateria, laundry, and cleaning service, Mrs. E. H. Henderson, manager, said.

"We can now handle all the family's clothes cleaning problems," Mrs. Henderson said.

She explained that although the City Washateria & Steam Laundry does not do dry cleaning, it is a collection agency of the Highland Park Cleaners, and dry cleaning orders can be brought to the City Washateria along with the family laundry—making one trip and one stop do the entire job.

"We offer free pick up and delivery so that it is no longer necessary to even come to town to have all clothes problems taken care of," she said.

Mrs. Henderson said that water from Lake Thomas was the best thing that has hit the laundry business here in a long time.

Only about half as much soap is necessary to do a good clothes washing job now, she said.

Although the city water is now much softer than the well water previously used, the City Washateria still employes two different water softeners to make the water completely soft.

One of the softeners is a chemical softener that removes the impurities in water that tend to make it hard. The other is a newly introduced "gadget" that fits into the water line. Composition of the materials which make up the "gadget" water softener are kept strictly secret by the manufacturer, but Mrs. Henderson said it has been hinted that the "gadget" was a by product of manufacture of atomic bombs.

The City Washateria has 14 Maytag washing machines for customer use. Each machine is accompanied by three large rinsing tubs, and hot and cold water, and steam are piped to all the machines.

"All the machines can be operated all day long, and we will not run out of steam," she said. The steam can be used to re-heat water in the washing machine if it becomes too cool, she said.

Mr. and Mrs. Henderson have owned and operated the City Washateria for the past three years. For one year prior to that Mrs. Henderson worked in a management capacity at the City Washateria.

R. E. Patterson, left, owner of Snyder Drug, is shown demonstrating a new Timex watch to Miss Carolyn Dudley, daughter of Mr. and Mrs. E. E. Dudley, 3785 Dalton Drive. The watch is one of hundreds of new Timex watches which have just arrived at Snyder Drug. A new display case for the watches is shown in the background. (Lee Watson photograph)

Shipment Of Watches At Snyder Drug

A complete new stock of Timex watches has just arrived and been put on display in Snyder Drug on the west side of the square, R. E. Patterson, owner, said.

Patterson said that hundreds of different watches in many different styles for both men and women are included in the new shipment.

The price range of the watches, which are guaranteed for one year, is from $6.96 to $14.95 plus tax, he said.

Patterson said that some of the features of the watches in addition to their attractive price are that the watches themselves are difficult to tell from much more expensive watches and have "V-conic" movement that employes armalloy bearings.

"The armalloy bearings make the Timex watches strongest at points where most watches are weakest—at the pivots of the balace staff which supports the balance wheel and hair spring, Patterson said.

An interesting feature of the new display in Snyder Drug is a mechanism that alternately bangs one shock-proof Timex watch on a heavy board, and dunks another water - proof, shock-proof Timex watch in a dish of water, while both watches continue to run without missing a tick.

Gruenther Is Not Going To Make Retreat

WASHINGTON (AP) — Gen. Alfred M. Gruenther says the mission of his Western European army is to defend the area and that, if the Russians attack, "we are not planning to retire—we intend to stay."

Gruenther said, in a copyrighted interview with the magazine U. S. News and World Report made public last night, that if the nations of the North Atlantic Treaty Organization stick together, "we are going to reach a position of strength which will make agression so unprofitable that it will never take place."

The general, who recently succeeded Gen. Matthew B. Ridgway as Nato commander, was asked whether his forces, which he said had doubled in strength since 1951, could hold a beachhead in Europe in the face of Russian attack.

"Oh, we could hold a beachhead if that were our objective," Gruenther said, and he added: "The question of whether or not we could hold a beachhead involves a retreat concept. This command is not organized to plan a withdrawal. We intend to stay."

He conceded, however, that if the Communists were willing to pay the price they could win the first phase of any new war in Europe.

"We would not be a pushover for them," he said. "We are reaching the point now where the aggressor would have to handle his forces with consummate skill. He could not afford to make many mistakes against us, even if he should attack in force.

"Yet, if they were willing to devote the air power and the ground forces to the effort they could set us back today."

British Claim Speed Record With Hawker

LITTLEHAMPTON, England (AP) —Britain claimed today that her new swept-wing Hawker Hunter jet is the world's fastest fighter plane. Squadron Leader Neville Duke's record-setting average speed of 727.6 m.p.h. in the aircraft yesterday.

Duke's record, still subject to official confirmation, topped by 11.91 m.p.h. the mark of 715.69 set in July by U.S. Air Force Lt. Col. W. F. Barns in an American Sabre

Short Lives Seen For Speed Records

DAYTON, Ohio (AP)—Record setters of the three-day National Aircraft Show which ended here yesterday expect their glory to be shortlived.

Most of them feel it will be no more than a year before planes, now in the experimental stage shatter the new marks, just as old ones fell in quantity here over the holiday weekend, before crowds totaling 200,000.

Four new world records came out of the closing day's program. But they resulted from preshow runs which were not announced until yesterday. Cool, cloudy weather ruled out any chance of bettering the preshow marks before a final day crowd of about 50,000.

Helicopter speed and altitude records disclosed yesterday were set earlier by Air Force Capt. Rulell M. Dobyns of Norfolk, Va. Because of unfavorable weather he did not even try yesterday to beat his altitude record of 22,289 feet set last Wednesday or the helicopter speed mark of 146.735 m.p.h. he made Friday for a 1½ - mile straightaway. Both world record performances were in a Piasecki YH21 "Workhorse."

The Thompson Trophy Race, once the multi-entry thriller of the flight by Brig. Gen. J. Stanley Holtoner, 42-year-old commander of Edwards Air Force Base, Calif. The 681.576 m.p.h. he flew yesterday in a North American F86D Sabre jet stands as a jet record for the race.

But last Wednesday Gen. Holtoner in a Sabre jet and in better weather zipped around the 100 kilometer (62-mile) closed course in 690.118 m.p.h. That shattered a world mark Jacqueline Cochran set for the 100-kilometer closed course last June 3 in a Canadian-built F86E.

"I expect this record won't stand too long," Holtoner said. "We've got experimental planes which could break it tomorrow. I was flying a standard production model."

Capt. Harold E. Collins of Eglin Air Force Base, Fla., also flying an F86D, mdae low altitude upwind and downwind straightaway passes of about 15 kilometers (about 8 miles) before yesterday's crowd, but the rough weather kept him well under a world's record he made here a week ago: 707.889 m.p.h. The old record is 675.47 m.p.h. was set by Miss Cochran last June 3.

Collins said he believes his time yesterday was a little over 700 m.p.h. He, too, flew a standard ship but said the outside of it had been waxed. He does not believe his record will last beyond next summer before "some new type of plane" excels it.

Tarzan And Lana On Secret Honeymoon

TURIN, Italy (AP)—Lex (Tarzan) Barker and his newest mate, Lana Turner, set off for a secret honeymoon spot today—reportedly the Isle of Capri.

Before departing they sent her daughter and his two sons, all three by previous marriages, to visit friends in Paris. The children had been with Barker and Miss Turner in the villa here of a wealthy Italian textile manufacturer.

For part of the summer the couple had been guests there, and it was there they spent their wedding night.

The beauteous couple were married yesterday in a civil ceremony at Turin's City Hall after a summer-long romantic vacation together in southern Europe's favorite vacation spots.

Barker and Miss Turner exchanged shield-shaped gold wedding rings but put them on their little fingers instead of the traditional third digit. Barker has been married twice before, she four times—twice to the same man.

The couple tried to keep the nuptials secret but photographers awaited them at City Hall. The bride at first threatened to call off the proceedings but finally posed and the 10-minute ceremony was said by Municipal Assessor Emilio Bachi.

The vital statistics:

The bride's costume—Pearl gray dress, ribbon of the same color in her curly, short hair, long orange topcoat, black lacquered sandals, double strand pearl necklace, large topaz ring.

The groom's—Summer weight blue suit and black necktie.

Witnesses — Attorneys Luciano Salza and Guido Abrasino.

Honeymoon house—The villa of a wealthy Italian textile manufacturer where they and their children have been guests.

Bride's previous husbands—Band leader Artie Shaw, Hollywood broker Stephen Crane (twice) and millionaire Bob Topping.

Groom's previous wives—New York socialite Constance Thurber, actress Arlene Dahl.

Her daughter—Cheryl, 10, by Crane.

His sons—Alexander, 6, and Lynn, 4, by Miss Thurber.

Lex, born in Rye, N.Y., is 34. Lana, a product of Wallace, Idaho, is 33.

The muscular Barker entered pictures after World War II Army service and established himself as filmdom's postwar Tarzan. She got into films in 1937, was the original sweater girl and has been a top star for years.

Husband Finds Wife Being Raped, Gets Stabbed In Fight

DALLAS (AP)—A Dallas husband said he found his wife being raped by a Negro when he returned from work early today.

The husband told police he grabbed the intruder, threw him against a dresser and began to pummel him. The Negro drew a knife, stabbed the husband in the arm twice and fled.

Police had not been able to locate the Negro.

The woman said the Negro, believed to be in his early twenties, entered the house about 12:30 a.m. and threatened to kill her if she screamed. The husband arrived about 15 minutes later.

Capt. Theodore Harris, Van Nuys, Calif., stands in front of freedom gate sign at Panmunjom just after he was freed by the Reds. He was the last prisoner of war to step to freedom on the final day of the POW swap. The Communists liberated 3,597 Americans—284 more than they originally promised.

Legion Gives Deaf Children TV Set

AUSTIN, Tex. (AP)—Youngsters at the Texas School for the Deaf had a big surprise waiting for them when school opened today.

It was seven new television sets, the school's first. They were a gift of several American Legion posts.

Burglar Found Living Across From Station

LONG BEACH, Calif. (AP)—Police for four months have been seeking a man suspected of committing a series of burglaries.

Yesterday they arrested a man crouched in the attic of a cafe and said he had chopped a hole in the roof to gain entry. Detectives identified him as Robert Elmer Nicholson, 22, and said he admitted the burglaries.

The whole four months, they learned, he had been living across the street from police headquarters.

Communist Cadres Are Messing Up Farm Plans Set Out By Chinese

HONG KONG (AP) — Attempts by farm cadres in Red China to force sceintific farming by ruler and book have aroused the peasants.

Copies of the Peiping People's Daily reaching Hong Kong told of these instances.

In some counties of the Southwest despite a need for more grain, cadres have insisted that seeds be planted seven to eight inches apart.

In three counties of Szechwan province, cadres infuriated the peasants by bringing along rulers. After measuring, the cadres compelled the peasants to pull out seeds and replant them.

In Wuming county a Communist official demanded that peasants plow the way it said in books. So, the angry peasants turned the plow over to him. The ox ran away. The peasants still are laughing about the Communist's embarrassment.

Bismarck's Grandson Wins Seat In House

BONN, Germany (AP)— Prince Otto Von Bismarck, grandson of the Iron Chancellor who created the German Empire, won election to Parliament today as a follower of Chancellor Konrad Adenauer.

The 56-year-old nobleman, a career diplomat before the war, took over the Schleswig-Holstein seat formerly held by a Socialist.

. . . Late Than Never

HARTFORD, Conn. (AP)—Ed Cantine is a man who likes to finish anything he starts—like yesterday's 92-mile outboard motorboat race on the Connecticut River from here to Essex and back.

His boat lost two needle valves, its throttle broke, it ran out of gas, he lost his helmet and finally, his crew pit was somewhere else on the river when needed.

So the South Salem, N. Y., man jumped out of the boat and, while swimming, towed it across the finish line.

POKE AROUND WRECKAGE

Air Force and civilian personnel examine the still-smouldering wreckage of a huge four-engine Northwest Airlines plane which crash-landed and burned at McChord Air Force Base in Tacoma, Wash., after developing engine trouble shortly after takeoff from the Seattle-Tacoma airport, en route to Chicago. None of the 32 passengers and crew members was killed, although several were burned seriously.

DULLES AND IKE CONFER

Administration Hopes Vote In Germany Brings On Unity

DENVER (AP) — President Eisenhower and Secretary of State Dulles are hopeful the landslide election victory of West Germany's Chancellor Konrad Adenauer will lead to unification of all Germany —and greater Allied unity throughout Europe.

Dulles said so after a 2¼-hour conference with the President yesterday, and added the pro-American Adenauer government's triumph was a source of satisfaction to both of them.

And Dulles told newsmen at the summer White House that Eisenhower had voiced no displeasure —"none whatsoever"—over Dulles' pre-election endorsement of Adenauer last week.

Nor did the Chief Executive drop any hint of displeasure over Dulles' remarks about Trieste, India or Japan, the secretary added.

Dulles' statements last Wednesday and Thursday regarding all of these matters kicked up a storm of protest abroad and prompted a published report that the President summoned Dulles to Denver because the secretary had caused him grave concern.

But Dulles said Eisenhower "saw nothing out of the way" about the controversial statements.

For that matter, Dulles went on, the President said that in the case of the secretary's pre-election endorsement of Adenauer, "The answer was in the results, which were far more than we had dared to expect."

The long Labor Day conference at Lowry Air Force Base dealt with a wide range of foreign policy matters.

Dulles said he and the President discussed Korea and plans for the proposed political conference, "which we hope will bring about unification of Korea."

As for the prisoner of war exchange, the secretary said in response to a question that he was "not aware of any evidence" that the Reds are withholding any American prisoners.

On the explosive Trieste dispute, he said the ambassadors of the United States, Great Britain and France in both Italy and Yugoslavia are "using their good offices to allay a crisis."

Dulles reported that his conference with the president also covered Indochina, Iran, the U. N., plans for Washington talks starting tomorrow among the foreign ministers of the United States, Australia and New Zealand, and forthcoming U. S. diplomatic appointments.

Dulles flew back to Washington after the conference and the President played a round of golf at Cherry Hills Country Club.

300 Political Prisoners Are Held In Bolivia

LA PAZ, Bolivia (AP)—President Victor Paz Estenssoro's government disclosed today that it is holding some 300 political prisoners accused of plotting against the regime.

But Interior Minister Federico Fortun told a news conference the government isn't worried. He said the alleged plotters were "only a small group who offered no threat to the government and are dangerous only to themselves." Paz Estenssoro, he added, has no fear of being overthrown.

Truman Back In Form Again

DETROIT (AP)—Ex-President Harry S. Truman was in a "go after and get 'em" mood last night, urging Democratic members of Congress to stop supporting the Eisenhower administration.

Speaking off the cuff at an AFL-CIO dinner in his honor, he said:

"I wanted this administration to succeed. I advised our people in the Senate and the House to give them a chance.

"We gave them the chance and they threw it out the window. Now let's really go after that outfit down there in Washington and get 'em."

Truman said he had been studying the recent history of the United States and came up with this information:

"Theodore Roosevelt had his Square Deal. Franklin Roosevelt brought in his New Deal. To implement the New Deal I had what I thought was a Fair Deal. . . Now, the Eisenhower administration has given us the Stacked Deal."

The former Chief Executive also took time out to cut loose at Secretary of the Treasury George M. Humphrey for hiking the interest rates.

Truman said Humphrey "had no idea what he was doing" by raising interest rates and increasing the cost of the national debt. "Humphrey has more than doubled the cost of servicing the national debt since Eisenhower took over," he declared.

"That added cost is coming out of the hides of the working people and the farmers," he said.

The former President made his fourth appearance in Detroit yesterday and his third Labor Day speech here. He was scheduled to return to Missouri today.

Science Finds Control Means Against Plague

By FRANK CAREY
AP Science Reporter

MADISON, Wis. (AP)—Control over "fireblight" — one of the worst bacterial plagues of apples and pears—appears within reach for the first time, a group of scientists reported yesterday.

They said the "wonder drugs" streptomycin and terramycin showed evidence of being the long-sought weapons against this malady "which can make an apple or pear orchard look as though it had been scorched by fire."

The scientists declared the disease has struck heavily at one time or another in all sections of the country where apples are grown. And one of them said, "Fireblight has more or less forced the pear out of existence in the central part of the United States."

Dr. Robert N. Goodman of the University of Missouri and Prof. H. C. Young and Associate Prof. H. F. Winter of the Ohio Agricultural Experiment Station made the statements at a news conference during the annual meeting of the American Institute of Biological Sciences (AIBS) convention at the University of Wisconsin.

Goodman had just reported to the AIBS that a combination of the two wonder drugs in a spray had completely protected all of some 60 Jonathan apple trees in a test he conducted.

The Ohio scientists said that in recent tests of their own, streptomycin alone protected up to 80 per cent. And these results, they said, compare with an effectiveness of only 56 per cent for the best chemical treatment previously available against fireblight.

All three researchers said the wonder drug treatment is at present "fairly expensive." But a representative of the drug manufacturing firm, Charles Pfizer & Co., which supplied the drugs for their tests, told reporters his company was working on the cost matter and eventually "it appears we'll be able to market a product of combined streptomycin and terramycin that will be economically feasible for such a use."

The three scientists said the success of the tests against fireblight suggested streptomycin and terramycin, or other drugs of the antibiotic class, might eventually lead to control of other still-stubborn bacterial diseases of various crops and fruits.

Best Haircut Prize

ASHEVILLE, N. C. (AP) — They awarded a prize here yesterday for the best haircut at the 25th annual convention of the Associated Master Barbers of North Carolina. The winner: Wade E. Barber, a barber from Charlotte, N. C.

GOOD NEWS FOR DEAF LAD

Rodney Reid of Irving, a Dallas surburb, read his mother's lips to learn that his father, Marine Capt. Ernest R. Reid, was coming home after three years of captivity in North Korea. Rodney, 6, winks at the camera as he hugs a spare blouse of his daddy's. When the Marine left in 1950 he was worried because his only son was 3 and could not talk. It was 8 months later the mother learned Rodney was deaf and sent him to a training school where he has learned to speak and read lips.

Officials Seeking To Determine Cause Of Fire Costing 18 Lives

CHICAGO (AP) — Police and Fire Department officials today sought to determine the cause of a fire that swept through a South Side tenement early yesterday, killing at least 18 persons.

The known victims in the fire that destroyed a four-story brick building were five women, four men and nine children, all Negroes. They were among about 150 persons believed to have been in the tenement when the fire broke. Among the dead were nine members of one family, including six children.

Firemen said it would be several days before the debris is cleared sufficiently to determine whether it contained more dead.

Separate investigations were being made by the fire department, the city building department and the coroner's office. An inquest was to be held today.

Druggist Must Keep Tempers While Dealing With Pesky Children

BALTIMORE (AP)—A druggist annoyed at three small boys asking for "3-D comic books" while he was trying to fill prescriptions, was fined $50 yesterday for forcing a swab of ammonia into the mouth of one of them.

Stephen Golander, 9, testified that the second time he and his two chums asked druggist Stanley S. Taub if he had comic books, Taub came after them with a piece of cotton and a bottle.

Taub denied touching Stephen and said he was only trying to scare the boys away.

Ambulance Call Delay

SAN RAFAEL, Calif. (AP) —Police Sgt. Jay Fletcher pulled hastily to the curb yesterday to give the right of way to an ambulance careening down the street with its red light blazing and siren screaming.

A few minutes later, Fletcher got a radio order that sent him tearing after the ambulance. He found its driver having a drink in a bar six blocks away and took him to jail for stealing the vehicle.
