NUMBER 35

YOUNG CONSTITUENT

Representative George H. Mahon has a few pointers for a young Oltonite during his visit in Olton last week. The Congressman is shown here in serious conversation with Jamie Martin son of Publisher and Mrs. Troy Martin of The Olton Enterprise.

Rep. Mahon Commends Agriculture Dept. For Decision On Distress Loans

Rep. George Mahon of the 19th District visiting in Olton the latter part of last week commended officials of the Department of Agriculture for announcing a special distress loan on milo. The loan had been urged by farmers and farm groups, and Mahon had presented the request to the grain branch of the Department of Agriculture early in September.

The distress loan will provide milo producers with a special loan equal to 80 per cent of the regular loan. It is designed to aid producers who are unable to take advantage of the regular loan by reason of the lack of storage facilities. The producer would have 90 days or not later than March 31 of next year to locate storage and convert his distress loan into a regular loan. Details of the program are available through County ASC Offices.

The distress loan is necessary by reason of the very heavy milo production, limitation of elevator capacity and the critical shortage of boxcars to transport the milo to available storage.

Mahon said that it was his hope that the distress loan would tend to stabilize the marketing of the milo crop. He said that he hoped that the new program would not have to be used in a very big way as it had certain disadvantages and was primarily meant as an aid to a more orderly disposition of the crop.

At the same time the distress loan was announced, a 3 cents per hundred weight increase in the loan rate was announced. The previous rate was an interim rate. The new rate is the final rate for the 1957 milo crop.

Funeral Services Pending For Mrs. Mattie Rose

Funeral arrangements are pending at Lemons Funeral Home in Plainview for Mrs. Mattie Rose, mother of Walter Rose. Mrs. Rose died in her son's home today (Thursday) at 11:40 A.M. She was 96 years old and a pioneer of this area.

City Dads Change To Second Tuesdays

The city commission Tuesday night voted to change its regular meeting time from the first Tuesday night of each month to the second Tuesday night.

Among other business, the commission set a speed limit of 15 miles per hour on a zone in front of the Negro school.

Olton Quarterback Club will show a film Monday night entitled "1956 Football Highlights." Quarterback officials have invited everyone to attend.

WEEK-END SERIES AT SPRINGLAKE BAPTIST CHURCH

Rev. Clifford Jester, new pastor at Springlake Baptist Church, will lead in a week-end revival series there Friday, Saturday and Sunday.

Darel Walker, Wayland College student, will lead the singing. "Christ Is The Answer" will be the theme.

Services will be held Friday and Saturday evenings, beginning at 7:00 p.m. for prayer groups, and 7:30 p.m. for worship. Saturday morning at 7:00 a.m. the Brotherhood will serve a breakfast for all men.

Sunday will be "Get Acquainted Day" with Sunday School at 10:00 a.m., worship at 11:00 a.m., Training Union at 6:30 p.m., and worship at 7:30 p.m.

IN DALLAS

The Tom Carlises visited relatives in Dallas last week-end.

Hart Camp Co-Op To Celebrate With Barbecue Supper Saturday

Hart Camp Co-Op Gin will be host Saturday evening at a barbecue celebrating the completion of its new Hardwicke-Etter Gin plant.

The new plant—modern throughout—was built to replace the gin destroyed by a tornado last spring.

The barbecue will begin at 6 o'clock Saturday evening. Manager S. O. Owens said he is preparing to feed a large crowd.

The celebration will be held at the gin. Mr. Owens said patrons will have a chance to see the gin in actual operation ginning cotton.

Farmers Union Elect Officers And Delegates

Farmers Union of Olton will elect new officers at a meeting Tuesday, October 15, in the Legion Hall at 7:30 p.m.

Wilton Bodkin, president, also states that delegates to the state convention in Abilene, December 3 and 4, will be elected.

Bob Poteet, with Plains Cotton Growers of Lubbock, will speak to the group on the new cotton situation.

Cannery Agent Will Address Chamber

Speaker at next Thursday's Chamber of Commerce and Agriculture meeting will be a representative from a nearby canning factory.

Henry Aigaki is securing the speaker.

Also on the agenda for the near future is a vegetable expert. This speaker is being secured through County Agent John Kimbrough.

CULWELLS SEEK LOST PUPPIES

The Ray Culwells are looking for five, 3-month old German Shepherd dogs.

The dogs strayed recently from the Culwell home. One of the puppies is solid white.

TOUCHDOWN

Arno Hall (No. 23) streaks around his right end for paydirt. Note that his foot in the picture is squarely on the 10-yard line. With hands-outstretched at the extreme right of the picture is Royce Bodkin who took out a would-be tackler and let Hall loose for the payoff jaunt. Also in there for some blocking is James Ray Hyatt (No. 10).

City Commission Accepts Grader Bid

Olton City Commission Tuesday night voted to accept a bid by Carpenter Equipment Company of Amarillo on a new grader.

The Amarillo firm's bid was \$5,700.

Olton Ties Favored Whitefaces; Coffin Corner Kicks Spark Game

Favored Hereford had to come from behind on a brilliant 80 yard punt return by Fred Lookinbill to salvage a 6-6 tie with

the underdog, underated Olton Mustangs at Hereford last week.

The Mustang's great fullback Jack Straw kept the rangy Whitefaces completely in check with his deadly accurate coffin corner punting, and the rugged Olton forward wall played brilliantly, smashing through on defense to rush the Hereford passer and squelch the always dangerous Whitefaces aerial attack.

Olton's hard running Arno Hall blasted over from five yards out to climax a 60 yard drive giving the locals a 6-0 edge early in the fourth period. Straw's kick for the conversion was blocked. After an exchange of kicks, Curtsinger fielded a punt on his twenty, reversed and gave to Fred Lookinbill, and the speed burning quarterback scampered 80 yards to tie the count. Lookinbill's crucial conversion was blocked by the savage Olton line, and the score remained 6-6.

Olton's rugged defense completely stopped the much ballyhoed running of Hereford's fine halfback, Jim Curtsinger. The lanky ace scored 37 points against Tulia the previous week.

The Mustangs played deep in Hereford territory must of the game, while Hereford's only real threat was their scoring punt return.

Olton has an open date this week prior to colliding with the tough, win hungry Muleshoe Mules here on October 18th.

Tulia Man To Speak At Church Banquet

Bob Callohand of the First Baptist Church of Tulia will be the guest speaker at an Officers' and Teachers' Banquet for the First Baptist Church tonight

BUSINESS DIPS IN OLTON AS THE WEATHER CAUSES HARVEST LAG

No freeze before November 1.

This tentative long-range forecast from the US Weather Bureau in Lubbock came as music to the ears of weather-harried farmers and merchants of the Olton area this week.

Arthur Walkowiak of the US Weather Bureau in Lubbock said present trends indicate that there will be no freeze here before the first of the month. He intimated that the freeze may be even further away than that.

The weatherman hastened to point out that this is not an iron-clad prediction but an "educated guess" by Lubbock weathermen based on present trends in weather conditions.

He said little or no further precipitation is expected from the present damp spell. He said there may be some drizzle in spots Friday morning but he said he expects a gradual clearing trend by Friday afternoon.

Walkowiak said temperatures during the next few days are expected to range from the middle 70s in the daytime to the low 50s at night.

In the meantime, business and harvest lagged because of the weather.

Farm labor is drifting in for the harvest but because the weather has kept them out of the field they have spent very little money with local merchants up to now.

Olton had about 1.10 inches of moisture last week end and has been harassed by drizzle, fog and cloudiness since.

Only 180 bales of cotton have come in to local gins since last Thursday. This brings the total for the season to 369... reminiscent of the 1955 harvest when only 382 had been ginned here by Oct. 13.

In 1955, a killing freeze visited the South Plains Oct. 22. In that instance cotton was severely damaged.

Most farmers believe that if a freeze holds off until the first of the month cotton here will be in good shape—providing the skies clear and there is sunny weather most of the time until then.

By this time last year, almost 15,000 bales of the 1956 cotton crop had been ginned. Folks concede, however, that 1956 had a most favorable autumn.

This season's cotton that has been graded appears to be excellent. Cotton is white and staple runs from 15/16 to an inch.

Elevator men are not too concerned as yet. They say a great deal of grain will be ready for combining as soon as the weather clears. No grain has come in to Olton grain firms this week.

Farmer and Son Injured Saturday

Stanford Sjogren of Kress, son-in-law of the Art Nafzgers, is in good condition after being injured in a tractor accident Saturday evening on his farm.

Mr. Sjogren sustained several fractured vertebrae and was hospitalized in Plainview Saturday night, but was dismissed Sunday and is recuperating at home.

Mr. Sjogren was behind his son, seven-year-old Carl, on the tractor, and noticed they were about to run into a barbed wire fence. In an effort to hold the wire out of the way of Carl, he was jerked off the tractor.

Carl sustained a severe gash on the head, in which 10 stitches were taken.

Uncle Of Olton Man Succumbs

Services honoring the memory of C. F. Richardson of Venus, uncle of Tom Carlisle of Olton, were held Wednesday afternoon in a Cleburne funeral chapel.

Mr. Richardson, who died Monday night in his home, was 68 years of age. He had been ill for three or four years.

He was born and reared in the Cleburne area.

Burial was in the Alvaredo Cemetery.

Survivors include his wife and a number of brothers and sisters. An only child preceded him in death four years ago.

Mr. and Mrs. Carlisle attended the services. Mr. Carlisle had been in the uncle's home on Sunday and Monday.

(Thursday).

The banquet will be held in the school lunchroom at 7:30 p.m.

Mrs. Douglas Sopher is shown above with six of the seven boys in a brand new cub scout den. Pictured, left to right, are Don Curtis, Albert Williams, Don Sopher, Johnny Wilson, Lonnie

Venable and David Follis. Not present when the picture was taken is Doyle Meadows. Dub Hall Cubmaster, says there are now nearly 60 boys registered in Olton's eight dens.

Halfway Research Station Studies One of Man's Oldest Food Crops

Plant scientists of the High Plains Station at Halfway in Hale County are investigating man's oldest food crop, sesame, as a potential source of cash income for regional farmers.

"The Station's sesame program is designed to find those varieties and strains that are adaptable to High Plains soils and climate, that are profitable yielders and that may be easily and cleanly harvested with modern combining machinery," Dr. John H. Davis, Associate Head of the Station, said.

"Such varieties and strains already have been produced for other parts of the state. Sesame now is a profitable cash crop

grown on a large scale in North, Central and South Texas."

The Station's sesame investigation program consists of three parts. One is a study of 50 varieties in 22-foot rows, with four replications, on irrigated land.

In another phase of the program, four varieties in 2-row plots, 100-feet long, with four replications, are being studied for dryland culture.

"The sesame program also includes a 10-acre seed production field of Renner 15 for release to regional farmers next year," He explained that Renner 15 was a newly developed combine type that offered promise as a high-yielding cash crop for the High Plains.

He said that all the Station's sesame had received 40 pounds of phosphate an acre at planting time—during the last half of May—and 50 pounds of nitrogen an acre as a side-dressing.

"It is only a matter of time and methodical research before sesame varieties and strains are developed that will prove as profitable in this region as other varieties and strains are proving in other parts of the state," Dr. Davis said.

"Sesame was introduced to this region in 1953, and several farmers already have grossed more than \$100 an acre on it." He estimated that High Plains farmers this year planted 10,000 acres of the crop.

He described sesame as the finest oilseed crop known to man. Approximately one-half of the weight of the seed is a high quality edible oil of unusual stability, and the meal is a high protein livestock feed.

Sesame oil, which brings a higher price on world markets than it does on the domestic market, is used extensively by industry in the manufacture of drugs, insecticides, soaps, cooking oils, margarine, shorting and many other commodities.

"The whole seed is used in garnishing bakery products and in the manufacturing of candies and confections, for it is highly nutritious as a source of essential minerals and vitamins," Dr. Davis concluded.

What a charming person is Mrs. Douglas (Dorothy) Sopher. If you haven't met her, you probably will soon.

After having lived in our community for nearly two years on a somewhat "temporary" basis, she and her family have decided they're going to be here a while so they might as well get into a few things.

For a start, Dorothy is a new den mother for the cub scouts. But here's a bet that's only a small beginning.

Zowie!
Our world is zooming from one "era" to another so fast these days it makes your head spin like a flying saucer.

From the automobile to the airplane to the atom bomb to the flying saucer to the hydrogen bomb to the Russian satellite era, all in little more than half a century! Fairly takes your breath away!

To say nothing of the FEARFULNESS of it all.
And some scientists have the unmitigated gall to say, with

confidence, that within the century, man will be able to create life. Not human life, they add, but some form of animal life.

No, of course it isn't incredible. Not even fantastic when viewed comparatively. I truly believe THERE'S NOTHING NEW UNDER THE SUN.

But what will be the consequence of it all?
Take a case in history: the attempt to build a tower reaching to heaven.

Did God confuse the tongues when they were building the Tower of Babel because he was afraid they COULD build it up to heaven, or to prove to them HE is still omnipotent?

Seems to me we will be allowed to go only so far, and then somehow or another, we will be stopped.

Just met Joy (Mrs. Allen) Johnston and year-and-a-half-old Kent. He's a husky little doll, and she's a vivacious young woman. They'll be moving here soon so they can find a house. Hope you can meet her soon thereafter.

Olton Garden Club flower show, scheduled for October 23 at the American Legion Hall, promises to be so very colorful and gay! Maybe you've never been interested in flower shows. Even so, might give it a try. Just as a sample, we have a gorgeous bouquet of dahlias one of the members brought in, right here in the Enterprise office. Take a peek, and maybe you'll be even more tempted to visit the flower show.

My, my! You surely have to choose your words carefully when you're explaining something to a very curious four-year old. He'll hang on to every word and remember it, almost verbatim.

After our "Davy Crockett" Jamie met Congressman Mahon the other day, he was inquiring about what a congressman does. And as simply and briefly as I could I explained. So at the dinner table, he chose to pass the information on to his daddy, and I heard him echoing my words to his own question, "Daddy, do you know what a congressman does?"

"He talks to President Eisenhower and tells him what we want him to do."
Well, does he?

Fosters Visit New Grandchild

Mrs. Ira Foster has returned from Houston where she has been for about a month with her daughter and family, Mr. and Mrs. H. B. Earthman.

The Earthmans are parents of a baby girl, Carla Sue, born September 6. They have another child, Don, two years old.

Mr. Foster flew to Houston last week and returned to Olton with his wife.

King, Queen Race Begins

High school candidates for Annual King and Queen have been selected and balloting is being done on the basis of one vote per penny through the sale of annuals or by voluntary voting.

Annuals are now on sale by all grades, for \$4.50 each, and may be purchased by the public from any representatives. The yearbook will cover both grade school and high school this year.

Nominated as candidates for king and queen are Lennon Young and Sharon Copeland, senior; Arno Hall and Judy Ogletree, junior; Freddie Gordon and Barbra White, sophomore; Coy Carlisle and Marilyn Young, freshman; Larry Jordan and Lana Hair, eighth-grade.

Splk. Baptists Welcome Pastor

Rev. Clifford Jester has moved from Lelia Lake to Springlake, to become pastor of the First Baptist Church there.

Rev. Jester and his family moved to Springlake last week. He and his wife have two daughters, Donna, a first-grader, and Debbie, four years old.

The new pastor will conduct a week-end revival series this week-end, and the church will observe "Get Acquainted Day" Sunday.

MEMBERS WORK ON PARSONAGE

A group of members of First Baptist Church, Springlake, did redecorating on the interior of the pastor's home last week and assisted in moving the new pastor's family to Springlake.

Improvements in the pastor's home consisted of refinishing the hard wood floors and laying new vinyl tile in the kitchen. Assisting in the move from Plainview Thursday were Leslie Watson, Robert Huckabee, Arnold Washington, Ernest Green, Billy Clayton and Mr. and Mrs. Ernest Baker.

Supper was served Thursday evening in the Fellowship Hall to the families of Leslie Watson, Ernest Baker, Troy Blackburn, Billy Clayton, W. T. Clayton, and Rev. and Mrs. Clifford Jester, Donna and Debbie.

WEEK-END VISITORS

Mr. and Mrs. R. C. Hall and family of Abilene, and Mr. and Mrs. Howard Yandell and Barbara of Lubbock visited with the W. T. Halls, Sr. and other Olton

relatives over the week-end. Mrs. Yandell and Mr. Hall are children of the W. T. Halls.

MILLS DELINTING PLANT

Is Now The Authorized Dealer For
"Na-Churs" Liquid Fertilizer

"Na-Churs" is a solution of plant nutrients which are quickly available to growing plants. It is formulated according to the accepted formulas for the primary plant nutrients—nitrogen, phosphorus and potash.

A BALANCED FORMULA

In addition to the three major plant nutrients, "Na-Churs" contains sulphur, and the trace elements—boron, iron manganese, copper, zinc and molybdenum. These trace elements are very important in the proper germination and growth of healthy plants. The absence of any one in even a small amount can mean the difference between a good and a poor crop.

Seed Treatment—The Easy, Low-Cost Way To Help Give Seeds A Better Start!

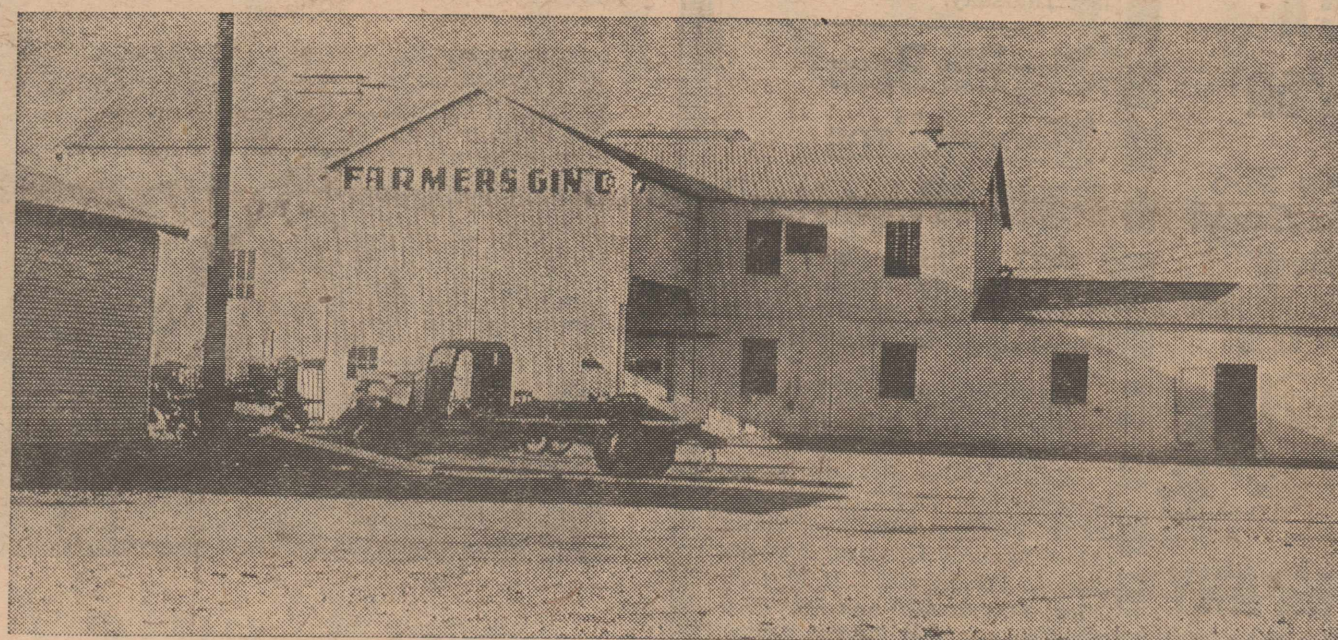

In seed treatment, each seed is covered with a thin coating of nutrients which will be ready for the seed to use immediately upon germination. Seed thus treated apparently starts quicker, develops stronger roots and better top growth which aid in producing increased yields.

Seed treating is an easy and economical way to provide an important part of the plant's initial food needs, until the root system is large enough to draw from the nutrients already in the soil.

Baptist Church Of Halfway Wins BGC District Achievement Award

The First Baptist Church of Halfway was recently named winner of the District 9 Town and Country Achievement Award sponsored by the Baptist General Convention of Texas.

Rev. Carlos McLeod is pastor

of the church. The achievement program is judged on projects designed to build a better church, community and world. Purpose is to stimulate interest in town and country church work, to recognize outstanding achievements by pastors and churches and to help Texas Baptists realize their responsibilities to their local community and world.

Under the direction of Claude Fargason, the community improvement committee led in the tornado relief drive, conducted "work-days" for neighbors during hardships, sponsored revival campaigns and youth recreation programs, and numerous other activities.

Clyde Harrell led the church improvement committee in seeing the church facilities become air-conditioned, landscaping the church grounds, and various other projects.

Winford Smith, chairman of the world-wide emphasis, also led in promoting a number of outstanding world-wide activities.

The Halfway church will be among a group of Texas churches from which a state-wide winner will be selected during Texas Baptists' annual convention, November 5-7 in Fort Worth.

Organize New TRF Groups

County Chairman Jack Yarbrough and Co-chairman Paul Lewis are organizing groups in the southern portion of Lamb County to encourage them to visit the High Plains Station of the Texas Research Foundation in Halfway.

This agricultural research station is financed by contributions from farmers, businessmen, and firms in the area. All the monies contributed in this area will be spent in carrying out the research program at this location. The objectives of the High Plains Station as set forth by the executive council are (1) to increase economic returns from existing crops, (2) find new crops which will add to the economy of the area, and (3) to find ways and means of conserving soil and water. The kind of research to be done at this station is determined by the people in this area.

Community chairmen in the Littlefield area are A. C. Chesser, W. O. Hampton, Spade, and H. V. Lynch and Blanton Martin, Hart Camp, A. C. Chesser announced that the team chairmen of the Littlefield area will meet for breakfast at Thornton's Cafeteria, 7 a.m. October 10. W. O. Hampton announced a meeting of the team chairmen of Spade, Hart Camp, and Fieldton at the Spade cafeteria at 7:30 p.m. October 10.

Charlie Burrus Heads 4-H Club

Charlie T. Burrus was re-elected president of the Olton 4-H Club Thursday.

Other officers elected were Joe Joe, vice-president; Jimmy Curry, secretary-treasurer; and Robert Struve, reporter.

Registration cards were signed and meeting dates were set for the first Thursday morning of each month at 9 a.m. in the gymnasium. All boys from the 4th through the 7th grades are invited.

Bob Haney met with the group last Thursday.

Phyllis Bass Monopolizes HHS "Favorites"

HART — Phyllis Bass, HHS Cheerleader, won two out of five "favorite" titles for Hart High School girls in elections last week.

Phyllis was elected Most Popular Girl and Best All-Round Girl.

Mr. and Miss HHS are Lonnie Bradley and Ray Nell Popejoy; Most Popular Boy, Dee Clark; Most Friendly Girl and Boy, La-Wanda Brooks and J. D. Myrick; Most Athletic Girl and Boy, Sandy Johnston and Pancho Rubalcaba; Best All-Round Boy, Ronnie Ferris.

Next Week's Report Cards Reveal New Grading System for Students

When report cards are received next week for the first six weeks of this school year, students and parents will see an entirely new marking system in effect.

There will be no A's, B's, C's, D's or F's.

All grades will be numbers, computed in multiples of five from 60 to 90, and multiples of one thereafter, on the following scale:

60 and 65—Failing
70 and 75—Average
80 and 85—Good
90, 95, 96, 97, 98, 99—Excellent

Lowest mark assigned for a six weeks grade will be 60; however, the test grade and semester average will be actual to the nearest multiple of one. For example, if the three six weeks grades are 65, 75 and 80, and the test grade is 48, the semester average will be 67.

If a student is exempt from the final exam, the semester average is still the nearest multiple of one.

Students earning 90 or more in each of four subjects will be

placed on the First Honor Roll, provided an additional subject (if any) has not been failed.

A second honor roll will consist of a mark of 90 or more in each of three subjects, provided an additional subject (if any) has not been failed.

"The entire school is being graded uniformly, now," Supt. Noel Johnson says. "However, honor rolls will be issued only for the high school students for this six weeks, and will not include grade school students."

Two Area Boys Play In Mexico City Tourney

Max Goforth and Claude Davis, two former Olton American Legion baseball players, are in Mexico City with an international baseball tournament.

Max and Claude, both from Earth, were chosen from among 300 boys to play on the American team in the contest. Max will be one of two catchers, and Claude, one of four pitchers on the team.

They were active last summer at the Big State Baseball camp, and were all-star players. Both boys were graduated last spring from Springlake High School, where they were outstanding athletes.

when you use **G & G MILO GUARDS**

They form a "basket" to capture virtually every head flipped out by the auger. Their tapered design catches more grain, rolls it back to the platform. Yield increases up to 20% are common with these inexpensive guards that last for years. Even small heads and thin stands can be saved with the wire attachment shown at left.

News of Interest To Women

Nuptials Are Solemnized In Ceremonies For Martha Ann Johnson and Winford N. Smith

Nuptial vows were exchanged September 29 by Miss Martha Ann Johnson, daughter of Mr. and Mrs. Herman Johnson of Halfway, and Winford Neilan Smith, son of Mr. and Mrs. Winford H. Smith, Olton Route, Plainview, in the home of the bride's parents.

Rev. Carlos McLeod, pastor of the First Baptist Church, Halfway, read the impressive double-ring service before a picture window flanked with baskets of white dahlias and white chrysanthemums backed by pink candelabra.

Nuptial recorded organ music was played before the wedding and Larry Horrell, music director of the Halfway Baptist Church, sang appropriate wedding music.

Attending the bridegroom as best man was his brother, Kenneth Smith. Eugene Edmonson, cousin of the bridegroom, served as usher.

Attendant Wears Orchid

Miss Brookie Johnson, the bride's sister, was maid-of-honor. She was attired in a polished cotton dress of orchid. She wore a white satin hat and carried a nosegay of white carnations.

Given in marriage by her father, the bride was a picture in a pink jersey street-length frock. Her hat was a black velvet semi-picture hat and her shoes were black. She carried a white beaded Bible topped by a bouquet composed of an orchid surrounded by stephanotis and tiny white rosebuds were tied into the pink and white streamers.

For her daughter's wedding, Mrs. Johnson selected a grey tailored dress of silk and cotton

tweed with grey accessories. She wore a white carnation corsage. Mrs. Smith, the bridegroom's mother, chose a sheath dress of copper-tone tweed with black accessories and a corsage of yellow carnations.

Reception Honors

Following the ceremony, the wedding party was honored with a reception in the dining room of the Johnson home. Laid with a lace cloth, the serving table was decorated with the bride's and the maid-of-honor's bouquets. Presiding at the bride's table were Miss Donice Silcott and Miss Leah Eby, both of Olton.

Guest's names were registered by Miss Beverly Eby of Olton.

Mrs. Smith was a senior in Olton High School where she has been cheerleader for two years. The bridegroom is a graduate of Plainview High School and attended West Texas State College, Canyon, last year.

Following a wedding trip to Ruidoso, NM, the couple will be at home in Plainview.

Attending the wedding were Mrs. R. B. Hall and David and Mrs. Helen McLaurin and Jane of Post; Mr. and Mrs. Curtis Hunter, Donna and Deryl and Mrs. S. W. Hunter, Altus, Okla.; Jimmy Hendrix and Eugene Edmonson, Lubbock; Mr. and Mrs. Duane Eby, Anita Sorley, Wynne Lee-Young, Lewis Hyman, Mr. and Mrs. Luther Edmonson and Jerry, and Sherrill Alexander, all of Olton.

Mrs. O. L. Hurt, Mrs. N. L. Tedford, Mrs. Judian Smith and Bessette, and Mr. and Mrs. Grady Pillow and Sherry, all of Plainview; Mr. and Mrs. Claude Ferguson, Ray and Eddie, Mr. and Mrs. R. J. Harrell, Mrs. Ernestine Craig and Carl, Eddy Pruitt, Charlotte Porter, Mr. and Mrs. Herbert Walker, Lewis, Buddy and David, and Mrs. Carlos McLeod, Ann and Gayle, all of Halfway; and Bonnie Upton of South Plains.

The program, "Fashions for Moderate Income," will be given by Mrs. Gerald Allcorn and Mrs. Robert Meinecke. They will speak on "Fashions for the Young Mother" and "Fashions for the Small Fry."

Meeting time is 7:30 p.m.

Mrs. Jerry Dennis Is Complimented With Stork Shower

Mrs. Jerry Dennis was favored with a pink and blue shower in the home of Mrs. Sam Baxter of Plainview, recently.

Colors of pink and white were featured in pom pom chrysanthemums and dahlias in the centerpiece of the serving table. The table was laid with a lace cloth.

Mrs. Leon Bontke and Mrs. Robert Schoppa presided at the guest table. Favors were miniature baby carriages.

The honoree was unable to be present because of illness, so her sister, Mrs. Harry Thomas, opened the gifts.

Hostess gift was a white shawl. Assisting with hostess duties were Mesdames Baxter, Leon Bontke, George Zybor, Robert Schoppa, Martin Schur, and Misses Grace Swearer and Doris Hooper.

Gary Kelley Feted With Birthday Party

MRS. NEILAN SMITH

Lives of Margaret Chase Smith and Eleanor Roosevelt Are Studied by New Century Club

The home of Mrs. R. A. Burgess was the scene for a meeting of the New Century Study Club last week. Mrs. Troy Martin opened the meeting with a prayer.

Mrs. Tom Carlisle was co-hostess. Mrs. Brent Burrow gave a review of the personal life of Margaret Chase Smith and Mrs. Wilton Bodkin described the importance of Eleanor Roosevelt and a short history of her life.

Refreshments were served to Mesdames Jack Bristol, J. C. Brown, Elmo Bryant, Louie Mack Hardy, Bill Kelley, Murray Snyder, Frank Struve, Ed Thompson, Martin, Carlisle, Burrow, Bodkin and Burgess.

The next regular meeting will be in the home of Mrs. Bill Kelley Wednesday afternoon. Mrs. Ed Thompson will assist as co-hostess.

"Communication" Is OSC Program Theme

The theme, "Communication," was used for the Olton Study Club program Monday night in the home of Mrs. I. B. Holt.

In charge of the program were Mrs. C. S. Silcott and Mrs. H. B. Carson. They spoke on "Standards of Practice for Radio and TV Broadcasters" and "Radio, TV—Everyone's Responsibility."

Club projects were discussed. The club will begin sale on fruit cakes for Christmas and work is beginning on the annual Christmas doll. Chances are sold on the doll and it will be given away before Christmas.

A salad supper will be given October 21 in the home of Mrs. Jack Straw. New Century Study Club members will be special guests and a Plainview woman will give a book review. Meeting time will be 7:30 p.m.

Present were Mesdames Roye Aikman, Jack Allcorn, H. B. Carson, Raiford Daniel, Jim Fuller, D. M. Granbery, Holt, Carl Hooper, Carl Macon, Elmer Moore, Basil Sherman, Truitt Sides, C. S. Silcott, Marshall Stone, Jack Straw, Bill Thomas and Bill Yates.

EARTH

"MUSTANG TALE"

BY GAYLE McANALLY

We are glad to have Dan Wallace home for a while. He will return to Camp Pendleton, Oceanside, Calif., after a short visit here in Olton.

Dan's home but Alvin is gone. Alvin left for San Diego, Calif., and the Marines Friday. We'll miss him but he should be home after a few weeks.

The football game Friday night was one thriller!! I hollered until I was hoarse and then some more. Sure wish we could have added another touchdown to that score! The boys played one of their best games, if not their best, of this season. Aren't you glad you went?? I am!!

Lenora Woods was with Joe Pendleton at the ballgame Friday night.

Sharon Porter and Elmer Houston were together Friday, Saturday, and Sunday nights. These two really do see a lot of each other.

Joyce Curtis has a boyfriend in our neighboring town, Hart. His name is **Harvey Garrison** and from what I hear, he is no bad looking.

If you were out mobiling around Sunday night you probably saw Houston Hamby, Jerry Moore, Maenette Dennis, Charla Granbery, and Doniece Silcott; Ronnie Dennis and Judy Ogletree; and John Paul Jones, Darryl Dennis, Janet Oak, and Sharron Dennis. All of these were out, plus about a gillion dozen or so more.

Marion Green and Koenia Schenck took in the show in Olton Sunday afternoon, but Jack Royce Straw and Linda Clark went to Plainview for their show the same afternoon.

Isn't the Junior Band nice looking?? They have very cute majorettes. **Sylvia Nicholas, Phyllis Hair, Tommy Witten, Cheryl Po-teet, and Diane Smith.** These girls have new uniforms of blue and white.

A few of the couples together after the football game Friday night were Houston Hamby and Sharron Dennis; Judy Ogletree and Jerry Fancher; Maenette Dennis and Dewey Hukill; and Sue Witten and Harlan Carson.

I am starting something new next week and I hope that everyone likes it. It will be called "Senior Spotlight." The spotlight will be about an outstanding Senior, and their picture will back this new feature up. Seniors in the spotlight will be chosen by several different methods. Three of these methods are as follows: names will be picked out of a hat or box; the outstanding senior of the week will be interviewed; or they will be picked by me or someone else on this staff. (By outstanding senior of the week, I mean the one that is doing something noticeable that week. Look for this next week.

Joyce Gray and Arno Hall patronized the show Saturday night. Hmmm???

ORCHIDS AND ONIONS DEPT. ORCHIDS to the class favorites chosen recently. **ONIONS** to the Flu 'bug'. ORCHIDS to the football team... ONIONS to the tie with Hereford. ORCHIDS to the basketball girls who are beginning to look fine.

High school candidates for the Annual King and Queen are the following: Seniors, **Lennon Young** and **Sharon Copeland**; Juniors, **Arno Hall** and **Judy Ogletree**; Sophomores: **Freddie Gordon** and **Barbara White**; and Freshmen: **Coy Carlisle** and **Marilyn Young**. Eighth grade hopefuls are **Lana Hair** and **Larry Jordan**. At this time, the Seniors are leading the race.

"Mustanging" Saturday night were Maenette Dennis and Lonnie King; Bobbie Campbell and Hayden Hankins; John Paul Jones and Jean Williams; Prissy Bostick and Randee Buchaneau; Sue Witten and Harlan Carson and Kent Wozencraft and Judy Moore.

Darryl Dennis and Roy Neal Jones were out roaming the countryside Saturday night.

Janet Oak and **Elza Miller** were elected Sophomore Class favorites Monday... Congrats to you, kids!!

Sorry to lose Barbara Huff who moved to Roswell, NM. She is a

great gal and OHS will surely miss her.

Be sure and sign a petition nominating someone for Miss and Mr. OHS. Deadline is either Friday or Monday.

Charla Granbery and **Sonny Bryant** make cute class favorites for the Junior Class. The Juniors made one swell choice when they elected these two.

Glenda Hall and Donna Whittington attended the show in Plainview Sunday afternoon.

Ronda Roberson spent Sunday with Nancy Brown.

Donna May and **Fred Riney** were elected Freshman Class Favorites Monday and Tuesday. These two make fine representatives of a fine class.

The Tale is told... for this week. Bye from gayle and the tale.

JOHN CARSON IS STILL IMPROVING

John Carson, who was seriously injured in an automobile accident more than two weeks ago, is improving considerably in Lubbock Methodist Hospital.

John has undergone surgery on both ankles, which were broken. He will be placed in a back cast Friday. His back was broken in two places.

His mother, Mrs. Raymon Carson, states that he is comfortable now and "getting along fairly well."

Nazarenes Hold Monthly Rally

The Church of the Nazarene was host last Thursday night to about ten other churches for a Sunday School zone rally here.

The meeting was held in the Methodist Church. District Supt. Orvil Jenkins of Lubbock presided. Classes were held preceding the regular services.

Among the churches represented were those from Plainview, Post, Petersburg, Muleshoe, Abilene, and three from Lubbock. Rev. Winfred Ritter is the Olton pastor.

Missionary Was Sunday Speaker

Reece Bryant, who is a missionary to Nigeria, was guest speaker at the Sunday morning and Sunday evening worship services at the Main Street Church of Christ.

Evening services were held early in order that church members might attend a meeting at Lubbock.

Seniors Collect Old Newspapers

One of the projects adopted by the senior class for raising funds for their senior trip is collecting old newspapers.

They suggest that residents may place bundles of newspapers on front porches, though it will not be necessary. Persons wishing to contribute old papers are to call one of the following girls, if in town:

Northeast part of town, **Alisse Smith, 3911**

Northwest, **Doniece Silcott, 2481**

Southeast, **Sandie Loveless, 3536**

Southwest, **Ruth Porter, 3781**

Rural residents should call the following numbers, according to area:

Northwest, **Beverly Roberson, 2465**

Northeast, **Jack Hysinger, 3986**

Southeast, **Margie Henderson, 3922**

Southwest, **Martha Hyman, 3857**

NOTE OF THANKS

Mr. and Mrs. Luera, who live on Earl Hysinger's farm, wish to express appreciation to Earl and his wife, to J. G. Cole, and to Rev. Glen Godsey, for having gone with them to Lubbock recently to serve as witnesses in the federal court there on behalf of them receiving their citizenship papers.

Saunter With Sue

BY SUE MAY

I hate Mondays!

I probably wouldn't mind them so badly, if everything wasn't in such a mess (dirty diapers, clothes piled everywhere, dishes from a Sunday night snack, Sunday papers in every room, etc. . . .) And, of course, Mondays, Tuesdays, and Wednesdays, I have to write news (?).

If Husband and I can stay

away from the house on Sundays, I've got it made — except for dirty diapers and the making up of beds. But if we are here any time at all—you'd think a small tornado had hit the house. (I'm just as bad or worse about scattering things and messing up as Husband. Hate to work on Sundays even more than I hate to clean it all up on Mondays.)

That's the (un) glamorous life of a housewife-reporter! Wouldn't trade, though.

S-W-S

Isn't little girls wanted any more? I've never heard of so many baby boys being born in my life! (Beginning to wonder if my almost-five-months-old son Scott will have any little girl-friends—kinda' hope not anyway!)

Here's a few of the new boy baby parents: Lucy and Winston Bley, Sue and Charlie Shelley, Linda and Jerry Dennis, Jo and Fred Stockdale, Wanda and Doug Owen, Jane and Jim Brown and Helen and Don Franks.

S-W-S

Why is it— That so many women can hold down a full-time job and do the housekeeping too, while most men come home from a day's work too exhausted to do anything but sprawl in front of the TV set?

That a woman who looks positively beautiful when dressed for a party will let herself be seen at the supermarket in pin curls and shorts that loudly proclaim she would look better in a dress?

S-W-S

Nova Nell and Dub Holley, who

have been living in Lubbock for over a year now, are moving back to Olton next month. We're delighted!

S-W-S

Is there ANYONE in Olton who isn't a close, if not real close, friend of Gwynne Turner's? That Gwynne is a real gem and a true blue friend!

S-W-S

To be a success, don't stay awake at night—stay awake in the daytime!

S-W-S

Don Williams was giving some advice to his son. At the end of a rather stern lecture, he said, "Now, my boy, you understand perfectly what I mean?"

"Yes," replied Mike, "what it boils down to is this: If I do well it's because of heredity, and if I fail it's my own fault."

S-W-S

URGE TO KILL—Sunday, Husband and I visited his dad in the Littlefield Hospital. While we were there, I noticed this cute little girl about nine years old roaming the halls in her housecoat.

Later, I strolled down to the nursery with son Scott to see the new babies. There stood the little girl. She began "rattling up a storm" to me. From the way she was acting, I gathered she had a strained finger or something—nothing serious or catching.

Finally, I gathered up nerve and asked her what was wrong with her. "Oh, I just have that Asian Flu!"

"Goodness! Well, we'll be seeing you—I don't want my baby

MICHAEL KERSH, looking as if he's about to say "prunes." He's the four-month-old son of Mr. and Mrs. LeRoyce Kersh. His grandparents are Mr. and Mrs. H. K. Follis and Mr. and Mrs. Alva Kersh.

to take it," I exclaimed horrified.

As I was running down the hall, she yelled, "Oh, it isn't very catching!"

S-W-S

You want to make good somewhere; why not make good where you are?

S-W-S

Here's another Texas Tall Tale: A cattle woman brought her son and prospective daughter-in-law into one of the swankiest jewelers in Dallas to buy flat silver. She did all the talking, ultimately made up her mind

and ordered the most expensive set in the store. The clerk inquired as to initials.

"Initials, jumping catfish," boomed the woman. "I want our cattle brand on that silver!"

S-W-S

In some creatures, nature has combined the tongue and teeth. A penguin's whole tongue is springy, lest its slippery prey wriggle free, and a flamingo's tongue is spine-fringed to act as a strainer.

The flamingo grabs a beakful of muddy water and strains out everything except the seafood. But nature's utmost toothed-tongue creation is perhaps achieved in a common garden snail.

The snail's tongue bears 135 rows of teeth, 105 in each row. As the snail chomps through the flower bed, it uses 14,175 teeth.

SS BANQUET

Teachers and officers of the First Baptist Church Sunday School will meet tonight (Thursday) for a banquet in the school lunchroom.

Cake Decorating Has Been Hobby Of Mrs. J. D. Glenn for Nine Years

BY SUE MAY

"Circus" cakes, "doll" cakes, and "train" cakes are some of the novel cakes that Mrs. J. D. Glenn has baked and decorated. Mrs. Glenn's hobby is cake decorating. "I just love to decorate cakes—it's fascinating!" she exclaimed.

The Glenn family lived in Quanah when she started her hobby in 1948. "I'd never had a lesson or seen anyone decorate a cake when I started decorating cakes and I still haven't had a lesson!"

Mrs. Glenn bought a plastic decorating set and studied the book that came with it.

"You should've seen some of the first cakes I made," she declared.

Quannah didn't have a bakery, so after beginning her hobby, she baked for the town. "I baked on order for showers, weddings, parties, and I had several standing orders," she remembers.

Other than the decorating set, Mrs. Glenn has cake pans of different shapes and sizes. She said that "you can take a cake and make almost anything out of it by cutting it in different shapes."

RETURNS HOME

Mrs. Jerry Dennis and baby boy have been dismissed from the Plainview Hospital and are convalescing in the home of Mrs. Dennis' parents, the I. V. Fents.

VISITS MOTHER

Mrs. Louie Mack Hardy and children, Dan and Susan, are visiting with Mrs. Hardy's mother in Denton.

ATTENDS CIRCUS

Dan Hardy and Jeana Chester were guests of Dan's grandparents, the Louie Hardys of Plainview, at the circus in Plainview last week.

SICK LIST

Cherie Thompson was on the sick list Wednesday.

Alvis Gray Finishes Navy Boot Training

SAN DIEGO, Calif. (FHTNC)—Alvis N. Gray, son of Mr. and Mrs. C. C. Gray of Route 2, Hart, graduated from recruit training September 27 at the Naval Training Center, San Diego, Calif.

Graduation exercises, marking the end of nine weeks of "boot camp" included a full dress parade and review before military officials and civilian dignitaries.

In nine weeks of instruction, the "raw recruit" is developed into a Navy Bluejacket, ready for duty with the fleet.

ATTEND CHURCH SUNDAY!

Why all the red tape?

You can understand why we don't sell narcotics without a physician's prescription. But maybe you've wondered why

we're so fussy about other things . . . like penicillin, sleeping pills, the new tranquilizers. These potent medications are called "legend drugs" and you have to have a prescription to get them. Reason: Uncontrolled use may do more harm than good. Only your physician knows whether you should use them or not—and, if so, just how much. So we require a prescription. It's a matter of professional ethics and the law. Always it's common sense!
