HUNGRY? JUST HAVE A PILL DINNER!

Lots of people who dismiss technocracy and kindred innovations with a shrug will sit up and take notice of this little stunt. Dr. Alfred F. Gilman (left), head of the chemistry department of the Central Y. M. C. A. College, Chicago, and Julius Kowalski are shown dining on the concentrated food capsules perfected by Dr. Gilman. The savant claims that one capsule and four glasses of water contain nutriment equivalent to a seven-course dinner. Waiter, we'll take a nice, juicy steak, smothered with onions!

Roosevelt Clears Way For Debt Parleys

SENATE TACKLES APPOINTMENT FUSS

SOLONS ARGUE REQUEST FOR WITHDRAWAL

MRS. FERGUSON ASKS AUTHORITY TO MAKE OWN SELECTIONS

(By The Associated Press)

AUSTIN, Jan. 24.—The Texas senate today started consideration of a request of Governor Miriam A. Ferguson that she return to the chief executive appointments to the state board of education sent in by former Governor R. S. Sterling during the last days of his tenure.

Senator Grady Woodruff of Decatur moved that Mrs. Ferguson's request be denied. He then yielded the floor to Senator T. J. Holbrook of Galveston, who opened the debate in support of the motion. Senator Holbrook said it was the first time in history a governor had asked withdrawal of appointees sent in by a predecessor in the office.

Raps Jim Ferguson

In his plea for denial of Mrs Ferguson's request, Senator Holbrook said that he had hoped that "Jim Ferguson" would not this time attempt to gain power as "he did during his wife's previous administration."

Holbrook quoted from the report of a committee of the 39th legislature which investigated certain acts of Mrs. Ferguson's first administration.

"The whole 1,000 pages form a dark spot on the history of Texas," Senator Holbrook said.

"The Same Story"

"If Jim Ferguson takes charge you will have the same story, the

MRS. BLACK CROW

Mamie Harrison, below, Dallas girl, is now "Mrs. Black Crow." More specifically, she is the bride of John P. Hearne, who is better known as the "Moran" of the famous black-face team of Moran and Mack. Mack was best man, and his wife matron of honor at the wedding.

STIMSON TOLD TO ARRANGE CONCLAVES

WILL HOLD SEPARATE CONFERENCES WITH DEBTOR NATIONS

(By The Associated Press)

WARM SPRINGS, Ga., Jan. 24 — President-elect Roosevelt has given authority to Secretary Stimson to arrange separate conferences with European debtor nations who have met their obligations and are now requesting opportunity to talk over relief.

Standing by his policy that all debtors should always have access to creditors, Mr. Roosevelt nevertheless is going to have no general conference on war debts. He will take each nation separately and deal with it personally.

Others Are Expected

News that Italy has requested and received authority for a debt discussion came as no surprise here. Other debtor nations are expected to join in the parade but there is no general invitation and no specific invitation, going out from here.

The first moves are coming from abroad.

Undoubtedly, as in the case of Great Britain, the Democratic president-elect is going to link the forthcoming economic conference with debts. In other words it seems obvious he will do some bargaining with the debtors. If they want relief he wants assurances of general co-operation on a program aimed at world stabilization which he hopes to get from the economic parley.

While Mr. Stimson has an order from Mr. Roosevelt to arrange debt conferences with only those nations which have met their obligations it is not regarded that the door is closed to those who defaulted on the last Dec. 15 payment, including France and Belgium.

It is understood that Mr. Roosevelt regards the failure on the December 15 payment more as a deferment than a default. This leaves the way clear for negotiations by those nations for some settlement on that payment and subsequent action on future payments.

Slayers Sought Over Wide Area

SEVERAL QUESTIONED REGARDING KILLING OF TULIA OFFICER

(By The Associated Press)

TULIA, Jan. 24—Persons arrested throughout the Panhandle-Plains region and eastern New Mexico last night or today were questioned regarding the slaying of Sheriff John C. Moseley of Swisher county here Sunday night, but officers said little had been learned that would aid them in apprehending the gunmen.

Three men, driving a stolen car, were arrested at Tucumcari, N. M., but Amarillo police said the car was in the possession of its owner in Amarillo less than an hour before Moseley was killed, and they waved aside any possibility that the men might have been those wanted here.

SUSPECTS ARRESTED

TUCUMCARI, N. M., Jan. 24 (AP)—Three suspects in the killing of Sheriff J. C. Moseley at Tulia, Sunday are held in jail here, Sheriff Ira Allen disclosed today.

Sheriff Allen said the men were armed with a shot gun and a revolver and were arrested on the Tucumcari-Amarillo highway in a car stolen at Amarillo

Linked With Robbery

Officers at Fort Morgan, Colo., also were checking the possibility that Moseley's slayers might have been connected with the robbery of a bank there recently. Pictures were being sent here for identification purposes.

L. G. McDonald, chief deputy under Moseley, said the sheriff was slain with a .45 caliber United States army automatic, and that most of the ammunition used was manufactured in 1917 or 1918 Only one empty cartridge of recent make was found at the scene of the slaying He said a small bore weapon also was fired, but that it evidently was a revolver and no empties were ejected.

Governor Miriam A Ferguson had been asked to post a state reward for the capture of the slayers. Swisher county commissioners offered a reward of $500. McDonald said there was a possibility that a fund being raised by public subscription might reach $10,000 or more.

U. S. CASH GAINS

When Uncle Sam balanced his books for 1932 he found some interesting things about his money. Between Dec. 31, 1931, and the same date in 1932 he found money in circulation had increased to $9,698,503,044 from $9,421,224,505. So every U. S. resident started 1933, theoretically, with $45.55, or 21 cents more than he started 1932 with. The chart below shows also the increase during the year in postal savings.

POSSES START SEARCH FOR ASSAILANT

LITTLE HOPE IS HELD FOR RECOVERY OF TWO VICTIMS

(By The Associated Press)

LUFKIN, Jan. 24.—Four persons were beaten severely, two probably fatally, early today by a neighbor who called at their farm house six miles north of Lufkin and attacked them with a hammer.

Mrs. Roberta McCall and her daughter, Sallie, 13, were taken to a hospital where slight hope was held for their recovery. Their husband and father, F. L. McCall, was struck on the head, and Mrs. N. J. Looney, Mrs. McCall's mother, suffered broken fingers as well as head blows.

Asked For Loan

The man called at the home on the pretense that he had a tooth ache. Later he asked for a loan of $2.50 to move to another farm. Mrs. McCall was attacked with the hammer when her purse disclosed $15. The money was taken and McCall then was hit. The man next entered an adjoining room where Sallie McCall and Mrs. Looney were sleeping and continued the attack.

Search Started

He then fled. Posses and members of the sheriff's department soon began a search for him.

Mrs. McCall managed to crawl to a neighbor's home several hundred yards away and gave the alarm. She and her daughter suffered crushed skulls. McCall, a 60-year-old invalid, was not considered in a serious condition. Mrs. Looney was expected to recover.

Mental Giants Seek Economic Solutions

EINSTEIN AND OTHER LEADERS SEEK CURE FOR DEPRESSION

(By The Associated Press)

PASADENA, Calif., Jan. 24—Albert Einstein, scientist, finding relativity is not applicable to every day life, went into a sort of consultation to think out a formula of what to do about the world in general and the depression in particular.

His intellectual consultants were Henry M. Robinson, banker and internationally known economist, and Prof. William B. Munro, historian.

Think Out Loud

The three thought out loud in a symposium here last night on "America and the World Situation."

Their formula, expressed mathematically, is that "dispassionate analytical understanding" (Einstein), plus "elimination of fear" (Robinson), plus "adjournment of politics" (Munro), measured by the cooperation of the people, equals economic recovery.

Einstein thinks the first step necessary to dispassionate understanding is the removal of the "obstacle of the tabu." That obstacle, he explained, "lies in words and other symbols which are laden with emotion."

He said there are some words which "produce such violent disturbances in our feelings" that the role they play in the transmission of the ideas is lost in the background. Among these words he included "honor, prestige, fatherland in nearly all the countries of the present world."

Blames Emotion

"The use of such words is adapted for the driving out of all reason and the setting up of emotion in its place," he said.

Facing "naked reality" as he termed it, Einstein said he did not believe war debts caused the depression, but that it was due to increased production from technical invention and organization decreasing the need for human labor. He

HOODLUM SHOT AND KILLED

MAN WHO ESCAPED IN LEAP FROM TRAIN SHOT TO DEATH

(By The Associated Press)

BATON ROUGE, La., Jan. 24—Stanley "Swede" Anderson, St. Louis underworld character who escaped from United States marshals north of New Orleans yesterday by leaping through the window of a swiftly moving train, was shot and killed near here early today as he sought to flee northward on a fast freight.

He was shot by a deputy sheriff in an open field near Louisiana State university after jumping from the freight.

He was identified by letters in his pockets and by injuries about the face, suffered in his leap through the window of a pullman drawing room in which he was being brought to New Orleans to face charges in connection with the slaying of a Louisiana dry informer two years ago.

Gold Star Mothers Invited To France

Mrs. Mary P. Abernathy of Lubbock, Mrs. Lula E. Gilliland of Hereford, Mrs. Callie Lail of Becton, Mrs. Frankie McDermett of Amarillo, and Mrs. Sallie Williamson of Spur are among the Texas Gold Star mothers and widows who have been invited by the war department to visit graves of their kin in American cemeteries in Europe this summer.

In the last three years, 5,985 women have visited the cemeteries at government expense. The pilgrimages this year, the last under the law providing for them, will be made on the following steamers: President Harding, sailing from New York, May 17; George Washington, sailing June 7; American Banker, sailing June 23; President Harding, sailing July 12, and President Roosevelt, sailing July 26.

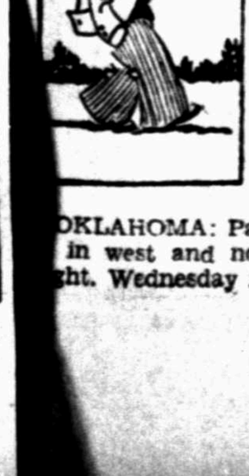

Night Club Owner Is Shot To Death

BOSTON, Jan. 24 (AP)—Charles "King" Solomon, Boston night club proprietor recently indicted by a federal grand jury in New York in connection with a $14,000,000 rum smuggling conspiracy, was brought into the city hospital early today fatally wounded.

A taxi driver found him lying outside a night club in which Solomon had a part interest. There were bullet wounds in his abdomen, head and neck.

"The dirty rat got me," was Solomon's only statement.

LUBBOCK GETS EPISCOPAL MEET

Lubbock was selected as the host city for the 1934 convocation of the missionary district of North Texas Protestant Episcopal church at a session of the body in Abilene Monday afternoon. Three local people were named officers of the district.

Mrs. Carl Svensen was elected president of the district women's auxiliary; Mrs. Thomas F. West, secretary and Mrs. J. L. Barstow was named second vice president.

Bishops Harry Moore of Dallas and E. Cecil Seaman of Amarillo were in attendance at the Abilene conference.

A number of local people including Rev. Lyle Barnett, rector of St. Paul's Episcopal church here, attended the session.

IRELAND HOLDING ELECTION TODAY

DUBLIN, Irish Free State, Jan. 24. (AP)—Another battle in the long feud between the two outstanding figures in Irish politics—Eamon De Valera and William T. Cosgrave—was being decided today at the polls.

A new dail eireann was being elected which in turn will select the head of the government. De Valera and Cosgrave wound up their campaigns with jubilant predictions of victory.

The election was upon the principle of proportional representation—the last dail included 153 members—and this will slow up the counting, which does not begin until tomorrow.

MacDonald May Be Delegation Chief

LONDON, Jan. 24, (AP)—President-Elect Roosevelt's intention to reserve to himself the final authority for Anglo-American debt negotiations added weight today to reports that Premier MacDonald himself will head the British delegation to Washington.

The Daily Mail said: "It was regarded in official circles as almost certain that Mr. MacDonald will head the British mission and he is expected to leave toward the end of February, accompanied by Neville Chamberlain (chancellor of the exchequer) and Walter Runciman (president of the board of trade.)"

Chief Technocrat To Continue Work

NEW YORK, Jan. 24 (AP)—Chief technocrat Howard Scott, shaken by revolt and secession that ousted him and technocracy from Columbia university's halls, was determined today that the "work shall go on."

Renouncing some of "the statements and attitudes" of Scott, Prof. Walter Rautenstrauch of Columbia and three associates who had been prime movers in the technocracy group withdrew last night.

They would continue their researches into certain economic matters, they said, but not under the name technocracy.

Two Charged With Automobile Theft

J. C. Collins and Andrew Austin were charged with automobile theft in a complaint filed in Justice of the Peace J. S. Connell's court here this morning, after the Lubbock county sheriff's department was informed Collins and Austin were under arrest at Greenville, where they had an automobile, alleged to have been stolen. The automobile, authorities here said, was identified as that of Dr. E. H. Boaz of Slaton, who reported his 1928 Buick coupe was taken while while he was in church Sunday night. Arrest of the two suspects was attributed to information supplied by the sheriff's department here.

CHINESE URGE WITHDRAWAL

JAPANESE BLAMED BY CHINA FOR ATTACK ON SHANHAIKWAN

(By The Associated Press)

NANKING, China, Jan. 24—The nationalist government foreign office today dispatched a new note to Japan reiterating Chinese contentions that the Japanese were responsible for the Shanhaikwan clash and renewing demands that the Japanese withdraw from the city.

NORTH CHINA WAR LORD MAY QUIT

SHANGHAI, China, Jan. 24 (AP)—Chang Hsiao-Liang, reports from Peiping and Tientsin said today, is ready to step out as war lord of North China, leaving the leaders of the national government to handle the present crisis themselves.

There was no verification for these reports, but Chang is between two fires—if he fights he may be destroyed by the Japanese, and if he doesn't he may be ruined by sentiment in China.

JAPANESE CONTINUE AIR BOMBARDMENT

TOKYO, Jan. 24 (AP)—A Japanese aerial bombardment on Kailu, key city in northeast Jehol, for the third successive day, was reported today in dispatches from that Sino-Japanese front.

Fires were started in the town and Chinese troops concentrating there were reported scattered.

The aerial raid was the fifth in two weeks and indicated a possibility that the planes may be clearing the way for a Japanese offensive.

PICK AUDITORIUM FOR INAUGURATION

WASHINGTON, Jan 24 (AP)—The Washington auditorium has been selected as the site for the crowning social event of Franklin D. Roosevelt's inauguration.

It will house the inaugural ball, which this year will have official character for the first time since the Taft inauguration, members of the president-elect's family having accepted invitations.

A double tier of boxes in the shape of a horseshoe will be erected. A guard of honor composed of soldiers, sailors and marines will be formed from the center of the hall to the stage. Elaborate ceremonies have been planned for the greeting of delegations from each state.

LONG NOT TO QUIT

WASHINGTON, Jan. 24 (AP)—Huey Long of Louisiana today laughed off reports that he contemplated resigning from the senate.

BABY BORN WITH CLOSED ESOPHAGUS DIES AFTER EMERGENCY OPERATION

(By The Associated Press)

HASBROUCK HEIGHTS, N. J., Jan. 24.—Little Helen Marie Taylor, the baby born with a closed esophagus, died today at Hasbrouck Heights hospital.

The baby previously had been given only "one chance in a thousand" to survive.

After she was born last Friday, nurses noted that whenever she was given nourishment, she suffered severe choking spells and her face turned blue. Dr. William J. Greenfield of Hackensack found that the esophagus or gullet, the tube through which food is carried to the stomach, was closed at the third rib.

Five physicians performed an emergency operation yesterday, inserting a tube through the abdomen to permit artificial feeding. Previously the child had been nourished by an injection of sugar and water. Not being able to take food normally, the child had an excess of saliva, and a physician said it had been necessary to use a suction pump to keep the mouth dry.

The infant, who was otherwise normal, was the daughter of Mr. and Mrs. Herbert Taylor of Ridgefield Park.

Roosevelt Confers With Baruch Today

WARM SPRINGS, Ga., Jan. 24 (AP)—Determined to put a new international program into prompt motion, President-elect Roosevelt today began a series of conferences on domestic and foreign economics with Bernard M. Baruch, financial authority of New York.

Mr. Roosevelt is ready to meet and talk over separately with the foreign powers their pleas for relief on war debts but he is going to exact in return for aid in this direction a measure of cooperation on his plans to restore prosperity by tariff adjustments and stabilization of currencies.

Bolivia, Paraguay Continue Warfare

BUENOS AIRES, Jan. 24 (AP)—The Bolivian army began the fifth day of a determined assault against the Paraguayan fort Ayala today in one of the major battles of the long fight for possession of the Gran Chaco territory.

Conflicting claims of casualties indicated the total losses of the two armies were hundreds dead, wounded, and missing. Other reports disclosed that many were ill because of the intense heat and heavy rains during this season in the jungle country. Muddy fields hampered the movements of the opposing forces.

Crop Loan Bill Is Approved By House

WASHINGTON, Jan. 24 (AP)—The house today approved the crop production loan bill making $90,000,000 of reconstruction corporation funds available for advances to farmers in 1933.

The action was in agreeing to a report from a committee which adjusted difference between the house and senate, the latter body having yet to act before it goes to the White House.

THREE HELD IN BOWIE DEATH

YOUTHS ARRESTED IN FORT WORTH AFTER FATAL STABBING

(By The Associated Press)

FORT WORTH, Jan. 24 — Three youths were arrested here and taken to Montague in connection with a fatal stabbing in front of a cafe at Bowie early today.

The youths were arrested in the north side at 5:15 a. m., two hours after Ocie Stewart, 25, Bowie electrician, was slain by three young men who wanted to "clean out the place."

Suspects Returned

The suspects were taken back in custody of City Marshal Charlie Jackson of Bowie, Sheriff H. T. Chandler and Deputy Sheriff Harry Walker of Montague county.

Sheriff Chandler said here he did not know the motive for the fight. He said three young men entered Blondy's cafe in Bowie about 3:15 o'clock and announced they were going to clean out the place.

He said that Stewart told the intruders he was "pretty tough himself," whereupon a fight ensued and Stewart was stabbed in the neck. The three youths ran to a car and sped toward Fort Worth.

Only Two Witnesses

The only witnesses were Jack Worthy, night manager, and Harry Rudd, Wichita Falls, a customer. Stewart died within a few minutes after the stabbing.

Bowie officers wired a description of the men and their car to Fort Worth police.

Italy Invited To Debts Conference

ROME, Jan. 24. (AP)—Secretary of State Stimson's invitation to Italy to send representatives to discuss the Italian debt owed the United States after Mr. Roosevelt takes office as president was communicated today to Premier Mussolini.

The government issued a communique stating the invitation had been communicated but without giving the government attitude or accepting.

CHAMBER DISSOLVED

ATHENS, Greece, Jan. 24. (AP)—President Zaimis signed a decree this morning dissolving the chamber and setting new elections for March 5.

TECH DIRECTORS IN SESSION HERE

More or less routine business occupied the minds of members of the board of directors of Texas Technological college in their annual January 24 session here today. Conferences are being held in the office of President Bradford Knapp.

Six members of the board were present at the morning meeting which got under way at 10:30. They were: Chairman Clifford B. Jones, of Spur, Houston Harte of San Angelo, Riley Strickland, of Amarillo, R. A. Underwood of Plainview, R. A. Stuart of Fort Worth and Roscoe Wilson of Lubbock. Members unable to attend were: John W. Carpenter of Dallas, Gen. John A. Hulen of Fort Worth and Thomas Johnson of McKinney. Dr. Knapp and W. T. Gaston, secretary, are attending the meeting.

Wyatt C. Hedrick of Fort Worth, architect for the college, is also here and is conferring with members of the board.

Luncheon was served to the group at the Hilton today noon. C. A. Jones, father of Chairman Jones, and R. A. Stuart, jr., were guests at the luncheon.

Negro Charged With Assault To Murder

Ira Walker, a negro, was charged with assault to murder in a complaint filed late Monday in Justice of the Peace J. S. Connell's court. Walker waived examining trial and his bond was set at $500 to await action of a grand jury.

Walker was arrested at a railway station here Monday morning by a deputy sheriff in connection with an altercation in which a 19-year-old negro, Henry Price, suffered severe razor wounds Sunday near Shallowater. Walker is about 25 to 30 years old, officers said.

Unidentified Man Found Dead Today

CORSICANA, Jan. 24 (AP)—An unidentified white man was found dead on the Young road four miles northeast of Fairfield at 7:30 a. m. today by school children. He had been shot in the head. People living along the road heard a shot about 7 o'clock.

The Freestone county sheriff and deputies investigated.

Educational Movies

All moving pictures exhibited in Italy must be considered as educational matter, according to a new rule promulgated by the Italian government. Their amusement value comes second to their educational value; and it is to be supposed that the most thrilling romance or the most laughable comedy will have to take a back seat if it fails to instruct as well as to entertain.

This ruling, odd as it is, nevertheless does recognize the tremendous power which the moving picture can exercise in the educational field. Trying to force all movies into that one pedagogical mold seems to be a grotesque mistake; but in this country we have gone to the other extreme and have almost ignored the educational value almost entirely. We certainly don't want to go as far as Italy has gone, but we might at least take a tip from the Italian theory. We could use our movies much more effectively than we have yet done.

Behind The Bars

On Easter Monday, in 1930, convicts in the Ohio penitentiary set fire to a wing of their prison, hoping to be able to make a break for freedom in the subsequent confusion. Their plans miscarried, however, and 322 convicts were burned to death.

James Raymond, one of the three who started the fire, gave officials their first clew in the case. But that evidently didn't soothe his conscience—for four months after the fire he hanged himself in his cell.

Now Clinton Grate, another convict, who split the kindling used to set off the fatal blaze, has also committed suicide in his cell.

Could there be a more striking illustration of the way in which that terrible crime has preyed on the minds of its participants? Those two suicides, in prison, bespeak long hours of agonizing remorse. These convicts carried their punishment with them.

George Bernard Shaw says India should make public speaking a capital offense. It's a bit different around Washington where we have capital speaking at public expense.

Joan Crawford declares she's gone without a full meal for three years because she has ambition. All of us know a lot of folks who have done the same thing—because they haven't.

If escaped prisoners continue to show up as successful business men, we may expect devoted fathers to "frame" their sons for nice long terms in the "big house."

IN the Northeast corner of this page today will be found a letter from R. A. Sowder which sets forth some facts in regard to the Tech situation.

Those who wish to keep in touch with all phases of the rookus at Austin should read Mr. Sowder's article as well as all other articles which will appear in the Avalanche and Journal.

As a matter of choice, your papers will print all the news they can find in reference to the various and sundry proposals to dehorn Texas Tech.

It's a subject in which everybody should be interested and fully informed.

* * *

Also on the court situation—you've noticed by the paper that Lubbock county stands a chance of losing one of its district courts—will be given full mention.

This county had a hard time getting its extra court in spite of the growth out here, and if The Plainsman is correctly advised by the members of the local bar, it's going to give somebody a hard time stealing it away.

Whether or not both the 99th and 72nd courts are needed will be easy to prove; in fact anybody with half an eye can see that one court can't possibly carry on the work.

Why there are old district courts in East Texas and down in the oil belt in West Texas that have easy pickin's compared to the courts here.

* * *

A WHALE of a lot of litigation originates in Lubbock for the reason that so many firms and agencies of all kinds have the West Texas or South Plains headquarters here.

And a citizen has a right, when he takes his case to court, to expect reasonably speedy action on it.

NOT long ago The Plainsman commented upon an obscene book, traveling under the disguise of literature, that was being circulated through the Lubbock county library.

At that time this column called upon the County commission and Judge Pitts to look into the books at the library—or have them looked into—but Judge Pitts was out of town for several days and didn't learn of the incident until he returned.

However, the offending book, it was reported at the library, was taken from the library's shelves and The Plainsman supposes that it's still out of circulation, for it certainly should be.

* * *

Our Mr. Robert McCall, who makes the courthouse for The Journal, has since asked Judge Pitts what, if anything, would be done to see that the library does not circulate off-color literature.

While Judge Pitts said he agreed that such literature should not be circulated, he intimated that nothing had been done and left the impression that it was a closed incident.

That is where The Plainsman disagrees with Judge Pitts—which is no ground for argument.

* * *

EVERYONE has a right to his opinion, and in this case your humble servant is of the opinion that the works in the Lubbock county library should be investigated and any other books like the one afore-mentioned should be culled out.

This column is of the opinion, further, that the majority of taxpayers of Lubbock county will appreciate and approve any action that may be taken by the Judge and commission to see that any other outrageously obscene books are kept from the shelves and the premises of the library here.

SENATOR Borah has played many a funny role since he has been in the upper house of Congress but he's never pulled a faster one than he pulled yesterday.

And every newspaper in the United States had a headline reading "Borah Against Selling Beer To Kiddies!"

Bedtime Story

Senator Huey Long Is Funny But You Can't "Laugh Him Off!" Those Who Thought They Could Know Better Now

BY RODNEY DUTCHER
NEA Service Writer

WASHINGTON, Jan. 24—Senator Huey Long is just someone you can't laugh off. Lots of people, in Louisiana and Washington, have thought they could laugh Huey off. They know better now.

Dutcher

Once there was a notion that the Senate, which prides itself on its brand of hazing, would soon tame him. But the "Kingfish" has been hazing the Senate almost ever since he arrived. And more than one oldtimer who has swapped blows with him has come out of it with a few less tail feathers.

Few men have drawn larger crowds to the senate galleries than Long in his spectacular filibuster against the Glass banking bill. The crowds may have regarded him as a curiosity, but no one left the galleries without being impressed in one way or another.

Nor could anyone laugh off the fact that he had important aid in his one-man act from other senators or the fact that he was temporarily the spearhead of a radical but important movement for farm and unemployment relief. Even to the Senate chamber to watch this show.

* * *

All dressed up, Huey was. His little bow tie poked its ends under a batwing collar and his suit was a sober dark gray, reducing the effect of corpulence which his lighter clothing accentuates. He was chewing either gum or tobacco and his large, unruly forelock of reddish brown hair waved beligerently as he told the Senate and the rest of the world what was the matter with them.

Hour after hour he went on, striding about the floor, gesticulating and roaring. But when he wanted to rest he simply gave himself an hour or two of relief by letting the Senate take up a deficiency bill. Even then he continued to talk—to individual senators. One observed him popping into seats alongside first Vice President Curtis, who was temporarily on the floor, Johnson of California, McNary of Oregon and others.

Some persons compare Long with ex-Senator Tom Heflin, who used to bore the Senate for long hours with tirades against the Catholic church, but that by no means sums up Huey. The "Kingfish" has more brains than Tom had and makes himself, for better or worse, far more effective.

Equally important is the fact that Long has a more definite philosophy whose main tenet is that no one should be permitted to own more than a million dollars and that there should be a large scale distrioution of wealth.

Unquestionably he is one of the most successful demagogues operating today. He may never obtain a hold on the popular imagination elsewhere as he has in Louisiana, but just now he and his friends think he might some day be president.

As Democratic Leader Joe Robinson once said of Huey, he has "a quick, bright mind that grasps everything that comes within the range of his contemplation and many things that do not come within the range of anybody's contemplation."

* * *

The Long mind was certainly grasping during the filibuster. He did read from the Bible and from "Is Capitalism Doomed?" by Lawrence Dennis, but on the whole he maintained the thread of his speech while weaving a vast web of words which more or less directly connected with his fight against branch banking and "swollen fortunes." Hear him—

"The house of Morgan is the undisputed kingfish of the banking situation. . . . Will the senator from Arkansas please advise me whether I pronounce 'Medici' correctly? . . . I will tell the smart men of the Senate what I would do. Let me tell the smart and brilliant minds of the Senate . . ."

And you'll find the Congressional Record spotted with parenthetical notes by the official reporter—"(Laughter from the galleries.)" Sometimes a senator laughed, too. But in most cases rather sourly.

To Stop A Cough That Hangs On

Take a teaspoonful of Bronchuline Emulsion. Never mind the taste nor the smell—it's not half as bad as you think it is going to be. If your cough hasn't stopped, take another dose in three or four hours.

Two doses is usually enough to kill the most stubborn, hang-on cough. A bottle surely does it or you get your money back.

Of course if you want a sweet, sugary sedative Bronchuline Emulsion is not the cough medicine for you. Bronchuline contains no habit-forming drugs of any kind.

But it certainly kills a cough! No doubt about it. Or Mark Halsey Drug and all other good druggists guarantee to give your money back. —Adv.

On The Tech Situation

LUBBOCK ATTORNEY WRITES THE PLAINSMAN; QUOTES THE STATUTES

Dear Plainsman: When anyone seeks to take from us that which we think we are entitled to keep we are usually wordy as well as belligerent.

Chapter 20 of the General Laws of 1923 is the enabling act creating the Texas Technological College. This Act provides in what part of the state the institution should be located and directs its policy, as quoted from Section 1 of the Act:

"Co-educational college giving thorough instruction in technology and textile engineering from which a student may reach the highest degree of education along the lines of manufacturing cotton, wool, leather and other raw materials produced in Texas, including all branches of textile engineering, the chemistry of materials, the technique of weaving, dyeing, tanning and the doing of any and all other things necessary for the manufacturing of raw materials into finished products; and said college shall also have complete courses in the arts and sciences, physical, social, political, pure and applied, such as are taught in colleges of the first class leading to the degrees of bachelor of Science, bachelor of arts, bachelor of literature, bachelor of technology and any and all other degrees given by colleges of the first class; said college being designed to elevate the ideals, enrich the lives and increase the capacity of the people for democratic self-government and particularly to give instruction in technological, manufacturing, and agricultural pursuits and domestic husbandry and home economics so that the boys and girls of this State may attain their highest usefulness and greatest happiness and in so doing, may prepare themselves for producing from the State its greatest possible wealth."

Section 3 of the Act further provides:

"In addition to the courses provided in technology and textile engineering, the said Texas Technological College shall offer the usual college courses given in standard senior colleges of the first class and shall be empowered to confer appropriate degrees to be determined by the board of directors and shall offer four year courses, two year courses, or short term courses in farm and ranch husbandry and economics and the chemistry of soils and the adaption of farm crops to the peculiar soil, climate and condition of that portion of the State in which the college is located and such other courses and degrees as the board of directors may see fit to provide as a means of supplying the educational facilities necessary for this section of the State, and it shall be the duty of the board of directors to furnish such assistance to the faculty and students of said college as will enable them to do original research work and to apply the latest and most approved method of manufacturing and, in general, to afford the facilities of the college for the purpose of originating, developing, supporting and maintaining all of those agencies (physical, mental and moral), for the development of the physical, mental and moral welfare of the students who attend the college and for the further purpose of developing the material resources of the State to their highest point of value and usefulness by teaching the arts of commerce and manufacturing."

On Section 4

Section 4 provides that the locating board and board of directors shall have authority to accept donations especially for the location of the college.

The state showed its good faith by appropriating over a million dollars at the time toward the establishment of the school. The Act became effective May 10, 1923.

On the face of the representations which I have set out the city of Lubbock subscribed over $100,000 to aid in acquiring the 2000 acres required by the Act and actually paid about $97,000 of the subscription, by a remarkable collection.

Were the controversy between private individuals or quasi public corporations and private individuals the courts would say that having made the offer and accepted Lubbock's money the facilities offered in the bill could not be reduced, but with the State it probably becomes a question solely of the State's honor, and though many strange th'ngs happen the State of Texas has, I trust, not sunk to repudiating its contracts and I do not believe it will in this instance. No one doubts that it is the time for economy, but we do not believe it is time for strangulation. It is not denied that the Tech is doing the work for which it was created and it cannot be denied that the number and intelligence of its students body are not entitled to serious consideration.

"In The Limelight"

It is common for wild schemes and projects to be offered and neither the lawmakers or the public are usually taken in, but for some man's own satisfaction he must be in the limelight to ride the popular wave of economy.

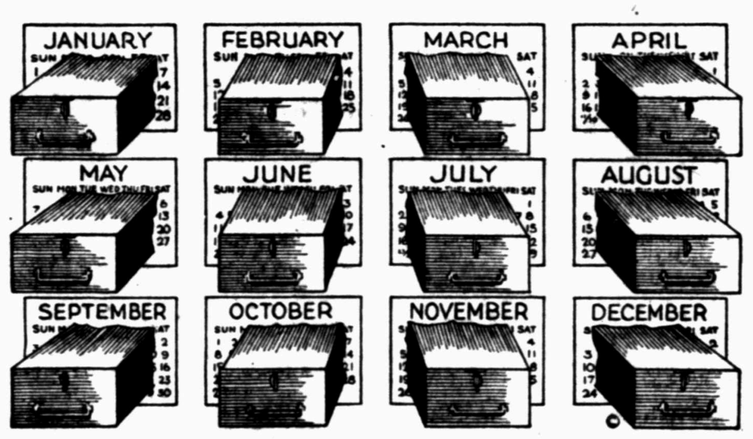

All West Texas has three schools, at Alpine, at Canyon, and at Lubbock. This territory of West Texas has in the past supported all schools of the state from the sale of the school lands and now its production tax on minerals is a considerable aid to the support of the State. In fact, West Texas would be better off were it a separate state, ranging generally south on the eastern line of Wichita County to the southeast corner of Kimble County and westward to the Rio Grande. Our production tax with other intangibles would support the state government including these three schools, as well as the School of Mines which might be consolidated with the Tech or at Alpine school or left as it is, let alone amending the constitution to save the tax payers at least $25,000 annually from each county—but we are in Texas and when the lawmakers of Texas understand the situation as to Tech I do not believe any curtailment will be made. Certainly not the basic contract violated.

This letter is longer than the general rule but it is about a matter which I think is more important than the average urge to help since it turns out a much larger question.

Yours very truly,
Robert A. Sowder,
Lubbock.

(Editor's Note: The above letter is longer than the rule recently announced for letters to the editor. The rule was broken in this instance merely because of some of the information contained in the above, information of considerable public interest.)

MAJOR LEAGUE BASEBALL MANAGERS FACE HOLDOUT TROUBLES

SPYING ON SPORTS

BY COLLIER PARRIS

IT IS URGENT that all members of all committees of the Lubbock Baseball club attend the called meeting this evening. The session will start at 7:30 o'clock. It will be held in room 202, Hotel Lubbock.

• • •

Three committees are to make reports tonight calculated to spur public interest and renew enthusiasm. One committee is to report on the investigation of a park site. In order for Lubbock to prosper as a baseball town it is essential that we have a playing field and suitable seating arrangements. Another body is to report on the progress made in forming a stock corporation. The "ways and means" committee, the largest and one of the most important of all, is expected to make a satisfactory report.

• • •

In event you have forgotten on which committe you are supposed to function, we are printing herewith a complete list. Please answer by coming to the session tonight:

Park committee: Sylvan Sanders chairman; P. W. Cawthon, G. E. Dunlewood and Mayor J. J. Clemmons.

• • •

Incorporation committee: Homer Grant, chairman; Vaughn Wilson, H H. Shell and Ray Hinchey.

Ways and Means committee: Alex McDonald, chairman; A. B. Davis, W. A. Raley, Charles A. Guy, W. O. Daniels, B. Sherrod, B. T. Hambright, R. C. Smith, W. P. Faulkner, George Kuykendall, Vaughn Wilson, Harry Morris, Hurley Carpenter, George Simmons, Lee Jones, A. D. Chase, R. E. Stroup, Jay Harston, Dr. V. V. Clark and E. A. Tusha.

• • •

The transportation committee composed of W. C. Pryor and George Roach is the only one so far to function. Report of this committee was accepted last week.

• • •

If your name is omitted from the above list do not consider it an oversight. You are also invited to tonight's meeting, and before you get away you probably will be on a committee, too.

• • •

The Lubbock club won't lack for material, once the training and playing season starts. Since news of the organization of the West Texas-New Mexico league and the Lubbock Baseball club was spread over the country's newspapers, local authorities have been swamped with letters from players and managers seeking jobs. Some of them admit their ability to the extent of asking for a contract immediately. We might add that some of them are right about their own ability. It won't be hard to bring a winning ball club to Lubbock. The bushes would need little beating.

• • •

Lubbock had a semi-pro ball club a couple of seasons ago that could go with any Class C or B competition, even if it did fizzle toward the last of the season because of lack of organization. Most of those players, and many as good or better, are available. Once in the league and started, the Lubbock club will be a winner or we miss a mighty big guess. The boys around here can win when all they get out of playing is a couple of hamburgers and a bottle of milk. They may have to hitchhike to the game, but they play ball, they hustle, when they get there. Give them a salary and watch 'em go!

• • •

Ed McKeever, Matador varsity gridster and our new Tech sports correspondent, told his Morning Avalanche readers this morning something of the plans for a football game here, possibly in 1934, between Tech and Temple. Temple, you know, is where Pop Warner is about to take up homesteading. His 1933 card is about complete, but in a recent letter to Pete Cawthon he said he would be glad to schedule a game with Tech for 1934.

• • •

Tech's schedule for 1933 is tough enough without Temple. Games with Kansas A. and M., Southern Methodist, Baylor, Arizona and Louisiana Tech have been definitely signed. Rich Institute, Oklahoma A. and M., St. Louis U., Simmons and Texas School of Mines are tentatively on the card. If changes are made, the changes will be as strong or stronger than the present indefinites.

DODGERS HAVE BIG PROBLEM TO SOLVE

HALF DOZEN PLAYERS BALK AT SALARIES BEING OFFERED

NEW YORK, Jan. 24 (AP)—If Ed Barrow, business manager of the New York Yankees, thinks he has any monopoly on the season's baseball holdouts, he'd better take a look at the Brooklyn Dodgers.

Already the Dodgers can point with little or no pride to a half dozen high-salaried players who are balking at terms.

William Watson Clark, southpaw, is the latest member of the Dodger cast to reject the club's first contract. The Dodgers offered Clark the same salary he received last season, $12,000, but the southpaw thinks his work entitled him to a raise. He won 20 games, the only southpaw in the National league who reached that figure.

Al Lopez, Hack Wilson and Joe Stripp are bona-fide holdouts and Glenn Wright, veteran shortstop, is understood to be far from pleased with terms offered him. Wright insists, however, that he cannot be classed in the hold-out list.

On the other side of the picture, the Dodgers have the signatures of both Lefty O'Doul and Tony Cuccinello to 1933 contracts and they expect to swing the others in line, sooner or later.

The Yankees accomplished a neat stroke of business when Vernon (Lefty) Gomez, southpaw, ended his brief campaign for more money. Gomez asked for a larger increase than the club was ready to give him but whether he got it or not was not stated.

The Yankees also signed Arndt Jorgens, second-string catcher, and two recruit pitchers, Russel Van Atta and Don Brennan. Herb Pennock went into conference with the "front-office" with the idea of persuading them he should not be asked to take such a slash.

Washington's Senators, hoping to give the Yankees a battle for the American league title, got "General" Alvin Crowder's signature to a contract. Terms were not announced but it was understood he was given an increase in view of the fact that he won 26 games for the Senators last season.

AMATEUR AND PRO GROUPS PROPOSED FOR U. S. SCHOOLS

EASTON, Pa., Jan. 24. (AP)—Division of colleges in the United States into two groups, amateur and professional, according to how football is conducted at each is suggested by Harvey Harman, gridiron coach at the University of Pennsylvania.

Declaring such a move would stamp out the "hypocrisy" he said exists in some colleges, Harman said he would like to see every college president in the United States make an "honest" statement as to how football is conducted at his institution.

The statements, Harman said last night in an address at the annual banquet of the LaFayette college football team, should include how many scholarships are given out, how many players are subsidized, what other help football players receive, and how many hours they practice.

COMMITTEES TO MEET TONIGHT TO TAKE UP PROBLEMS

With matters of considerable importance coming up for discussion, committees of the Lubbock Baseball club, tentatively organized as a member of the West Texas-New Mexico League, are called to meet at 7:30 this evening at Hotel Lubbock.

President John Dalrymple has called the meeting and urges that all chairmen and members of committees attend. Reports on last week's work and a program for future work are expected tonight.

Open For Fans

While tonight's session is primarily for the purpose of hearing committee reports, it will be open to all Lubbock and South Plains men interested in refounding baseball in this section. As a member of the tentatively organized West Texas-New Mexico League, Lubbock's responsibility "cannot be overrated," Mr. Dalrymple said. "There is much work to be done, but if we stick at it for a week or so we will be ready to start the season when the other clubs are ready."

A special program has been planned tonight with some of the town's prominent business and professional men scheduled to speak.

COCHRAN TOPS TOURNAMENT

FOUR BILLIARDS ACES IN MAD SCRAMBLE FOR NEXT PLACE

CHICAGO, Jan. 24 (AP)—Welker Cochran of Hollywood, Calif., who is making his first attempt to win the world three cushion billiard championship, today stood alone at the top of the tournament standing, but the contest for second place was a mad scramble involving four players.

Cochran was safe enough today, not being scheduled for play, but two of the four stars tied for second place, had a chance of improving their positions. In the opening match, Tiff Denton, of Kansas City, who was deadlocked in the four-way tie with J. N. Bozeman, jr., of Vallejo, Calif., Clarence Jackson of Detroit, and Augie Kieckhefer, Chicago southpaw and defending champion, was matched with Arthur Thurnblad, another Chicagoan. Jackson was up next with Otto Reiselt of Philadelphia, as his opposition, while in the night match, Johnny Layton of Sedalia, Mo., and Allen Hall, the third Chicago entrant, were paired.

While Cochran was idle yesterday, Jackson and Bozeman, who had shared n a three-way tie for the lead, met their first reverses. Layton upset Jackson, 50 to 39 in 50 innings, and Frank Scovilhe of Buffalo, N. Y., defeated Bozeman 50 to 37 in 60 innings.

Kieckhefer squeezed into the second place tie in the night game, overcoming Hall, 50 to 48.

SET ELECTION DATE

FLOYDADA, (Special)—A mayor, five aldermen, a secretary-assessor-collector will be chosen at a biennial election April 4, S. E. Duncan, secretary, is the first candidate to announce. He would succeed himself.

BASKETBALL TEAM IS ASKING GAMES

Another Lubbock basketball club has demanded a public hearing. It is the Draughon's Black Cats, basketball team of the business college here, which is seeking games with high school and independent quintets, R. L. Nelson, coach, has announced.

The Cats will meet the Grovesville team Wednesday night.

Although the Draughon club dropped a 38-19 game to Idalou independents, who were bolstered by Pruitt, former West Texas State Teachers college performer, the Cats held Grovesville High school to close scores in two games last week. A 25-25 tie necessitated an extra period in which Grovesville won, with a final count of 33-27. Grovesville captured the other, 27-23.

And Another McCall

Troy McCall, 6-foot 5-inch basketeer from Carlsbad, N. M., is the tallest member of Coach Nelson's squad of 10. About half the squad tops six feet, according to Nelson, who attended the now extinct Burleson college at Greenville.

Every member of the squad has played high school basketball. Kenneth Compton of Artesia, N. M., was on the New Mexico Military institute squad at Roswell.

Other Cats are :

Morris Gregory, Idalou; Lloyd Luna, Levelland; Tom Woods, Wellington, Tex.; Lloyd Jarry, Petersburg; W. J. Hood, Idalou; Glenn Eubank, Idalou; Herman Norris Afton, and Glen Crawley, Wellington.

The Cats want games with clubs in a radius of 25 to 30 miles, Coach Nelson said. Team managers wanting to schedule games should address him in care of Draughon's Business college, box 508, Lubbock.

Having established a reputation for rough-and-tumble basketball in their first three games, the Cats who wear black and white uniforms are angling for a game with Texas Tech Matador freshmen or varsity reserves.

SANDIES DOWN WESTERNER QUINTET

CAPT. CORBETT LEADS AMARILLO TO 33-28 VICTORY MONDAY

Led by J. R. Corbett, tall, goal-shooting captain and forward, the Amarillo High school Golden Sandies took the advantage in the third quarter last night and defeated the Lubbock High school Westerners on the latters' court, 33 to 28.

Corbett, almost single handed, won the victory with his long and short, unguarded shots. The Westerners haven't caught up with him yet. He was good for 21 of the 33 points.

Gridiron Cagers

Coach Davis Hill brought a team of transformed gridsters to the Lubbock court last night who put on a great show before almost a full gymnasium of bellowing fans. It was a highly exciting game. Amarillo richly warranted the honors for its fine offensive. Lubbock deserved defeat because it didn't locate that goal-tossing expert, Corbett. His number was 14, but Lubbock didn't get that boy's number by a whole flock of long shots.

Amarillo's boys looked like college gents last night. Lubbock was caught flat-footed without an arch support. After the Westerners sized up everybody but Corbett it was too late to do much about it. The score was close all the way, and had Lubbock's lads aimed at the basket instead of the wall they surely could have made it closer.

Sandies Lead At Half

Amarillo was ahead, 17 to 13, at the half. The Sandies led, 26 to 21, at the end of the third quarter. The Westerners matched shot for shot in the last quarter, shooting seven points to Amarillo's seven—but they needed twice that many.

On at least two occasions the Westerners were in the lead, but never by more than one point. The count was never tied, although it wavered by a single point several times.

Curly Wilkinson, the Westerner's tall man, failed to get going last night. He scored 10 points, to be sure, and led the Lubbock tally-making, but was off his usual form. Hugh Snodgrass dropped in three field goals. Possum Blackwell, acting captain, played a nice defensive game.

Amarillo's victory evened the series, Lubbock having won the Amarillo game recently.

SENIOR GRIDDERS MEET SOPHOMORES

Continuing the intramural, or inter-class, football schedule at Lubbock High school, the Seniors and Sophomores will meet this afternoon in the second game of the series.

Coached by Richard Godeke, regular end on the Westerner team, the Seniors will be making their first bid for intramural honors. The Sophs, coached by Tol Terrell and Joe Nelson, outplayed the Juniors last week in a scoreless tie.

This afternoon's game will start at 4 o'clock and will be held on the junior high school gridiron.

Slaton Quintets Win Two Titles

BOYS AND GIRLS WIN OVER IDALOU TEAMS FOR COUNTY FLAGS

SLATON, Jan. 24.—(Special)—The boys and girls "Class A" basketball championships of Lubbock county belong to the Slaton High school teams, which defeated the Idalou teams for the honors.

The "Class A" division is one of three in which championships are settled before the county tournament. Slaton and Idalou are the only schools of the county in that particular classification. Lubbock is known as a "city unit" whose team does not necessarily compete in the county tournament but goes on to the district tournament. Slaton has its choice of playing as a "city unit" or in the Class A play-off.

Slaton probably will meet the winner of the Class B tournaments which will be held at the Texas Tech gymnasium Friday and Saturday of this week. The boys tournament is scheduled for February 3 and 4, at Lubbock.

On the bases of "two of three", Slaton boys team defeated Idalou at Idalou, 31 to 18, and on the Slaton court, 28 to 16, to cinch the title. The Slaton girls team won over Idalou, 43 to 21, in the first game and Idalou forfeited the second contest.

Slaton will be host to a number of girls teams here this week, Friday and Saturday, at the annual invitation tournament for high school and rural school teams from Dimmitt to Cisco. More than a dozen teams signified intentions of participating. The deadline on entries has been extended through today, Coach J. G. Wilhite said last night.

Special entertainment is planned for Friday evening and a breakfast for competing teams will be served at the gymnasium Saturday morning, Coach Wilhite said. Handsome trophies will be awarded winning and second place teams.

Howard Payne Wins Over A. C. C. Cagers

BROWNWOOD, Jan. 24 (AP)—With but seconds to play, Captain Red Bragg, star forward on the Howard Payne basketball team, scored on a long shot to give his team a 31 to 30 victory over the Abilene Christian quintet last night.

Bragg's deciding shot came near the end of an extra five-minute play which had been required to break the tie existing at the close of the regular time limit for the game.

Two-Bit Baseball Scheduled In West

SAN FRANCISCO, Jan. 24 (AP)—Two-bit baseball is coming back to the Pacific Coast league.

In a long discussion on the subject here yesterday, directors of the class A. A. circuit climaxed their annual spring meeting by voting to establish minimum prices of 25 cents for the bleachers and 40 cents for the grandstands. The new ruling does not arbitrarily fix the ticket prices except as to the minimums.

The directors approved a 26-week schedule of continuous play, opening April 4 and closing October 1.

SCREEN ACTOR BADLY HURT

INJURIES SUSTAINED BY THELMA TODD HELD SERIOUS

HOLLYWOOD, Jan. 24 (AP)—Injuries received by Thelma Todd, film actress, in a motor car accident Sunday were declared by her physician today to be more serious than they were at first supposed.

She is under treatment at the California Lutheran hospital. At first it was believed she had suffered only bruises and cuts on the face and head.

"Examination has revealed," said Dr. Edwin Larson, "that three of her ribs on the left side were broken, that her shoulder was broken and that she received internal injuries, the exact nature of which has not been fully determined."

The car in which the actress was riding with her husband, Pasquale De Cicco, struck a palm tree after a skid. De Cicco received minor injuries.

Rainbows may mean the approach of either good or bad weather.

AID PROVIDED 67 LOCAL FAMILIES

The Lubbock corps of the Salvation Army helped 67 families in December, its monthly report shows. Twelve hundred persons, most of them men, were sent to cotton-picking or other jobs.

Other work included the following: Christmas baskets given to 71 families; a night's lodging given to 1,026 persons; meals served to 624 persons; 811 garments distributed; 122 pair of shoes given away; 722 loaves of bread given away and two Christmas programs held.

In addition to the above, many pounds of canned meats, vegetables and fruits were distributed.

For the year ending October 1, 1932, 339 families were given aid; 4,483 persons given soup, bread, vegetables, butter, beans, corn, milk, etc.; medicine and fuel given to 27 persons; 3,350 garments given away; 45 pair of shoes given away; 741 families visited in 509 hours of visitation; 181 Thanksgiving and Christmas dinners supplied; 115 nursing calls made; 1,820 persons given copies of War Cry; 67 prisoners visited and prayed with and 18 meetings held in the county jail with 35 professing conversion.

There were 1,490 beds given transients and 2,246 meals supplied. Work was found for 69 persons and 17 supplied with gasoline or transportation. There were nine special cases of sickness cared for.

APPEAL DRIVE IS PLANNED

CAMPAIGN FOR LOCAL SALVATION ARMY IS OUTLINED HERE

An advisory board of the Salvation Army here Monday night discussed plans for a home service appeal campaign to be waged from January 30 through February 4. Dr. W. A. Jackson is campaign manager; W. W. Campbell, chairman of the advisory board, presided at last night's session, in the Lubbock hotel.

Mrs. Phil T. Rainey, the campaign director, a representative of the divisional office, outlined a plan for the campaign which was adopted. Others attending were Paul M. Hardwick, secretary-treasurer; T. S. Erwin, Allan Hill, Dr. J. B. Jackson, E. L. Pitts, Dr. Bradford Knapp, Mrs. W. B. Price, Dr. J. W. Rollo, Neil Wright, Captain and Mrs. W. T. Wilson, Cadet Jordon, and Carl Wilson.

Statement Issued

Following the session, a statement was issued over the signature of board members. In part, it said:

"Lubbock, as well as every city, has its quota of unfortunate and underprivileged who constantly stand in need of help and guidance. It is especially true at this time in what is called the 'depression' . . . This year, many of our citizens do not have enployment; neither do they have money. We who are busy with our own business and profession have very little time to spend in their behalf. However, we do have the Salvation Army which is a mighty force organized and operating in the interest of social and spiritual uplift."

After lauding Captain and Mrs. Wilson, in charge of the local corps, the statement set out, "In view of these facts, we are seeking to raise sufficient funds to carry on the work of the army during 1933. We are asking you to help by making a generous contribution. In return, on behalf of the Salvation Army, we offer you during the year a program of service in the interest of needy humanity, both spiritually and physically."

Names of team division chairmen will be announced later, together with team members.

HATCHERY TO OPEN

HALE CENTER—(Special)—The Hale Center Mammoth hatchery will open January 28, I. V. Lynch, owner, states. The hatchery has a 52,000-egg incubator and another of 12,000 egg capacity

"I SUFFERED 10 YEARS WITH ITCHING ECZEMA"

DAILY MARKETS

Cotton Market

NEW ORLEANS REPORT

NEW ORLEANS, Jan. 24 (AP)—Cotton fluctuated uncertainly at the opening today. Liverpool came in considerably lower than due but sterling was higher and silver showed a sharp advance. First trades here were 5 to 6 points down in sympathy with the decline in Liverpool, but the market soon rallied on New York's firmer opening. There were also a few trade buying orders. March advanced to 6.15, May to 6.28 and July to 6.40, or 4 to 5 points above the opening and one point up to one down compared with yesterday's close.

Near the end of the first hour the market eased off one point owing to lack of buying support.

The market was dull all morning with prices fluctuating within a point or two and without going outside the early range. There were a few trade buying orders but very little hedge-selling and at noon March was trading at 6.14, May at 6.27 and July at 6.39, unchanged to two points down from yesterday's

NEW YORK REPORT

NEW YORK, Jan. 24 (AP)—Cotton opened steady, 5 lower to 1 higher under near month liquidation and trade buying of distant positions. Jan. 6.08; March 6.13; May 6.27; July 6.40; Oct. 6.60; Dec. 6.73.

A few January notices estimated at about 900 bales brought out some January liquidation, and there was moderate southern selling at the opening as well as realizing or scattering liquidation. Offerings were absorbed by the trade at about the initial prices, however. March selling up from 6.13 to 6.17 during the early trading. The market was fairly steady at the end of the first half hour when January showed a net loss of 3 points while later months were 2 to 4 points net higher.

The strength of sterling and advances in silver may have led to some local buying during early trading. Business continued very quiet, however, and while very little southern selling was in evidence after the opening, buyers were supplied by realizing or liquidation on bulges of 2 or 3 points. At midday the market was quiet and steady with March selling around 6.17 and with active months generally showing net gains of 1 to 2 points.

Grain Market

CHICAGO REPORT

CHICAGO, Jan. 24 (AP)—Influenced by four point jumps in British exchange, grain values tended upward early today. Drouth in domestic winter wheat territory southwest was unabated.

Opening at a shade to 3-8 higher, wheat afterward made additional upturns. Corn started unchanged to 3-8 advance and subsequently held near the initial limits.

Stock Market

WALL STREET REPORT

NEW YORK, Jan. 24 (AP)—The stock market drifted uncertainly today, while silver boomed in the metal exchange, and sterling took the spotlight away from the franc in foreign exchange dealings.

The speculative move in silver was coincident with the opening of debate on measures to aid the metal in the senate.

Special selling again appeared in National Biscuit, depressing that issue 2 points. Consolidated Gas was also sold again, losing about a point. Oils turned somewhat heavy, with Standard of California and Seaboard Oil losing major fractions. On the whole, however, price changes were negligible. The list showed a little firmness in the early dealings, but by early afternoon, such issues as American Telephone and U. S. Steel were about unchanged. American Can, North American, and New York Central lost fractions. Tobaccos were about steady, and coppers were steady to firm.

MATADOR GIN REPORT

CONTEST RULES:

You Need Buy Nothing to Enter But Read Rules Carefully

1. Names must be not more than 12 letters; slogans not more than 12 words. Submit either or both on single sheet; plain white paper; one side only; but preferably on official contest information-and-entry blank, free at Conoco dealers and stations. Elaborate presentations receive no extra credit.
2. Contest closes midnight, February 23, 1933. Entries must be postmarked before that date and hour.
3. Continental employees, members of their families and others connected directly or indirectly cannot compete.
4. Should more than one person submit exactly the same name or slogan, each will receive full amount of any prize such entry may win. All entries become Continental Oil Company property, and none will be returned.
5. The Company reserves prior rights to phrases and slogans of its own creation, already in prepared advertising. Also it reserves the names "Continental" or "Conoco" gasoline, "Conogas", and "101" gasoline. Whether or not the winning contest name is adopted, prize money will be paid; but the Company reserves the right to use a name of its own creation if decided more suitable and more protectable under trade-mark laws.
6. No purchase is required of contestants. Continental Oil Company executives will be the judges and their decisions final. Winners will be announced over radio, and prize money paid as soon as possible after contest closes.
