The Gay Philosopher

By J. W. S.

HAVE HEARD A lot of fine compliments on the senior play given Friday night at the high school auditorium. A capacity crowd applauded the work of the students who gave professional-like performances. The scenery and stage effects were especially good, everybody agreed.

IF YOU ADMIRE beautiful flowers, you'll want to start dropping by the Jay Richardson residence up on Avenue N. Mrs. Richardson's Iris garden is beginning to bloom and in another few days it will probably be at its peak of beauty. If you haven't seen Mrs. R.'s Iris in full bloom, you shouldn't miss it.

Several homes along Avenue N have a lot of Elacennets in bloom.

SEVERAL PEOPLE called our attention to a story on the sports page of the Fort Worth paper Friday. It reported on a track meet and in the high jumping contest, three Ciscoans were tied for 4th place. They were David Pippen, Bobby Cleveland and Jimmy Webb, students at Howard Payne College in Brownwood.

In the pole vault, Pippen and Cleveland finished second and third, respectively. It was a college track meet at TCU.

HOME FROM EL PASO and en route to New Jersey is Soldier Joe Edward Schaefer and he has ten days vacation which he will spend with home folks at the Rudolph Schaefer place just south of town. Joe Edward reports to a permanent assignment in the east after going through extensive studies at El Paso.

A GOODLY CROWD of Country Club members enjoyed a game tournament Friday night at the club house. President J. A. Robinson reports that they're planning to invite the men members out some evening to help paint and fix up the basement of the club house. Ladies of the club have been doing some work at the club and they're figuring to overhaul the kitchen next, we hear.

Mr. Albert Hansen believes he may have set a new record in playing bridge — for low score, that is. In a series of games, he spent the whole night drawing bum cards and had a night's total of only 600 points. Recently, he was the high winner.

THE LEGION Post may also let its members help in an improvement program, Post Commander Gene Abbott reports. They're planning to open the swimming pool and a lot of cleaning up work needs to be done. The pool committee is working on a deal to re-paint the bath house and skating rink building. They figure to ask Legionnaires to volunteer to paint ten square feet of space.

The Legion would like to be able to employ somebody to do the job, but it doesn't have the cash money. And the Post spends all profits from the Lake Cisco amusement center on improvement. Legion members will be hearing more about this soon.

WAS TALKING TO Mr. F. E. Shockley the other day. He has been retired from business since selling his grocery store a few years back. For many years, he got out of bed around five o'clock in the morning. Now, he said, he sleeps to around seven o'clock and occasionally wakes up with a feeling that he has overslept. We're looking forward to a time when we can keep on sleeping in the morning without a you-oughta-get-up feeling.

MAYOR G. C. Rosenthal reports that the city has employed a dog catcher who will go to work April 16. They've built a place to keep stray dogs out near the disposal plant.

If, after the program begins, you miss your dog, you can go out there between 8 and 9 a. m. and 4 and 5 p. m. If your dog is there, you'll have to have him vaccinated and tagged before you can take him back home.

This program is to force people to have their dogs vaccinated against rabies, Mr. R. says, and to eliminate the undesirable dogs. The project is the result of a great many complaints from all sections of the city.

THIS TAKES THE CAKE—It actually takes twin cakes when a youngster has a birthday in the Jules Rice family in Seattle. That's partly because it's a big family, but the main reason is that there are four sets of twins in the household.

Second Wrestling Card Is Ready At Eastland Arena

EASTLAND, April 10.—Cisco wrestling fans will get another chance to see six of the top name wrestlers in the nation Monday night when Promoter Henry Pullman presents his second card at the Sportarena in Eastland.

Following last Monday night's three outstanding events, Pullman will match Cowboy Carlson, a 200 pound cowpoke from Ekalaka, Mont., against 212-pound Sut Gibson of Louisville, Kentucky, in the main event this Monday. Carlson, who won the main event last Monday against Duke Keomuka via the disqualification route, is a crowd favorite, and Gizon is a rough and ready type boy.

Big Humphrey, the 320 pound St. Louis boy who stepped out of Al Capp's funny strip, will meet Roy Graham of Corsicana in the opener, a one fall, 20 minute time limit. Graham is one of the meanest and Humphrey is a clown. The match promises laughs and excitement.

In the semi-finals event, a two out of three falls event with a 45 minute time limit, Sugi Sito will return to take on Henry Lenz.

Last Monday a crowd of more than 1,100 filled the Sportarena. An even larger crowd is expected this Monday.

Baptist Workers Conference Will Be Held In City

The Cisco Baptist Association will hold an all-day workers conference at the East Cisco Baptist Church on Tuesday, it was reported Saturday. The meeting will begin at 10 a. m. and local Baptists were invited to attend. Program speakers will include Rev. Joe Self, Albany; Rev. Melvin Rathel, Eastland; Rev. Lee Bailey, Long Branch; Rev. Ralph Perkins, Ranger, and Mrs. C. E. Whitmire, Cisco.

Maurice Smith of Security will lead the music for the occasion.

842 Books Donated To Junior College Library By Printers

Sixty-two book publishers have donated 842 books worth \$2,338.34 to the Cisco Junior College library to help replace volumes lost in a fire early in January.

The full significance of that statement can best be appreciated when you know the full story.

Miss Mayme Estes, who became librarian at the college when it opened in 1940, was a librarian without a library or books after the fire totally destroyed the college's main building. Early in March, she decided that a letter to the nation's major book publishers might produce some results. President O. L. Stamey and Registrar Carlos Turner agreed. So, they started typing person-

WINNERS ARE ANNOUNCED FOR GARDEN CLUB'S FLOWER SHOW

The third annual Spring Flower Show, held here Saturday under the auspices of the Garden Club, attracted several hundred individual entries that were described by six out-of-town judges as outstanding and "a definite credit to your community."

Sweepstakes winners were Mrs. E. E. Addy, Jr., for arrangements.

Funeral Service Conducted Friday For Mrs. Baggett

Funeral services for Mrs. Rosa Lee Baggett, 81, a resident of the Sunlight community on Rt. 3, Cisco, for the past 76 years, were held at 2 p. m. Friday at the Sunlight Methodist Church. Mrs. Baggett died in a Cisco hospital at 6:50 p. m. Thursday.

The services were conducted by the Rev. James Holdridge of Breckenridge. Burial was in the Sunlight Cemetery.

Mrs. Baggett was born in Montgomery County on December 7, 1872. She moved to the Sunlight area 76 years ago with her parents. Her husband, C. A. Baggett, died on July 16, 1932.

She is survived by six sons, John A. Baggett of Sunlight, Robert M. Baggett of Eastland, Asa A. Baggett of Sundown, Alvin G. Baggett of Breckenridge, Clarence W. Baggett of Spring Lake and Alvis Baggett of Victoria; three daughters, Mrs. Nora Lee Loudder of Dimmitt, Mrs. Lou Edna Williams of Cisco and Mrs. Edith Power of Port Lavaca; three sisters, Mrs. J. H. Dye of Sunlight, Mrs. Emma Richardson of Dallas and Mrs. Sally Baggett of Odessa; and a brother, W. J. McWilliams of Truth or Consequence, New Mexico.

Also surviving are 18 grandchildren and 26 great-grandchildren.

Pallbearers were Olen Vendavell, Bobby Williams, Chester Baggett, Alton Loudder, Raymond Williams, and Chester Lee Baggett.

with Mrs. Alex Spears in second place, and Mrs. Ray Chapman for horticulture, with Mrs. Eugene Lankford as a close second.

The show, held in the Reynolds Building in downtown Cisco, attracted good crowds during the day. Winners were announced as follows:

Arch Bint Will Seek Election As Commissioner

Arch Bint of Rt. 4, Cisco, authorized The Press Saturday to announce his candidacy for the office of county commissioner of Precinct 4 subject to action of the Democratic primaries in July.

Mr. Bint said that his decision to announce for the office came after he felt that his health would allow him to serve and after hundreds of residents of the precinct had approached him to ask him to make the race.

He is a veteran of 10 terms in the office and said that he felt that his experience would be valuable to the precinct during the coming two years.

He issued the following statement:

"To the voters of Precinct 4:

"It is with pleasure that I announce that I am a candidate for the office of Commissioner of Eastland County Precinct 4, subject to action of the Democratic primaries in July.

"After giving the proposition considerable thought, and upon the insistence of my many friends, I made the decision to offer my services to the people of Precinct 4 again.

"I feel that my health is better than it has been in years and that I will be able to serve my many friends better even than I did during the past term office. I have completely recovered from the operation that was performed and am in top condition.

"My reason for deciding to announce my willingness to serve came after hundreds of my friends asked me to make the race again. I feel that my experience in the affairs of the county and of the precinct will be of benefit to my friends and, for that reason, I am willing to serve if the people want me.

"I shall appreciate every effort in the behalf of my candidacy and assure you that my interest will always be in adding what I can to the area in which I live and shall continue living as long as I live."

Jimmie Cheshire Joins Air Force

Lackland A.F.B., April 10. — A/B Jimmie O. Cheshire, son of Mr. and Mrs. Frank C. Cheshire, Lake Cisco Road, enlisted recently for four years service with the Air Force and arrived here to begin his basic training.

The training is only the start of his colorful career with the Air Force.

Lackland Air Force Base is located on the outskirts of San Antonio and is called the Gateway To The Air Force.

Here is where the civilian turns to Airman. Such subjects as first aid, history of the Air Force, hygiene, Aircraft identification, customs of the service and basic weapons are taught to the recruit.

Aptitude tests are given at Lackland to select men for specific schools and careers.

Minstrel Cast To Begin Rehearsals

Rehearsals for the coming Boosters Club minstrel to be held later this month will be held at 7:30 p. m. Monday and Tuesday night at the high school auditorium. All members of the cast were urged to attend.

President Bob Latson said that the following had been assigned parts: Austin Flint, Jack King, Eddie Iconen, Troy Stewart, Bob Latson, Sidney Spain, Harry Schaefer, Stanley Webb, Jim Webster, J. L. Stafford, J. D. Collier, Bill Kendall, Paul Farrow, Al Snider, Bill Huffman, Elsworth Mayer, Buck Overall, Jay Williams, Jack Everett, Al Langford, Red Lewis, Jack Farleigh, and Gene Abbott. Others will be assigned parts as they appear for rehearsals.

In addition, several novelty numbers using ten to 15 performers are planned.

President Latson stressed the importance of each member being on hand for the rehearsals.

Mrs. R. N. Hazelwood has returned to her home in Big Spring following a week's visit with her son and wife, Mr. and Mrs. E. L. Hazelwood.

Annual Spring Cleanup Drive Ready To Begin Here Monday

THE VILLAGE BLACKSMITH

After 48 Years . . .

CLEMENTS BLACKSMITH SHOP WILL MOVE TO NEW LOCATION

One day this week will be moving day — the first in 48 years — for Walter Clements, Cisco blacksmith, who has operated a blacksmith shop in a building at 10th and Avenue D since January 17, 1906.

Mr. Clements will be moving his shop to make way for the probable erection of a new building on the site he has occupied since moving to Cisco.

On the last day of December, 1905, Mr. Clements moved to Cisco and the next day purchased the lot and began erecting the building that still stands. Seventeen days later he opened his new shop and shoed his first horse.

He was born in Cass County on June 15, 1872, and lived on a farm until he was 21 years of age. His first experience as a smith came on the farm when he used a hand made forge and did the work required to operate the farm.

For the past 48 years he has been on duty almost every day taking care of the needs of the many friends he has made. He is still very active after more than 80 years of life.

When he came to Cisco his business was "clear out of town." The site of the present Masonic Lodge building was a mesquite pasture where people staked horses and cows. His is the oldest business in Cisco with the exception of Rockwell Bros. and Co., who were operating a lumber yard when he arrived.

He sold his property to Chas. Sandler, owner of Cisco Lumber and Supply, who plans were not ready for announcement. In the trade, Mr. Sandler will move Mr. Clements to the building south of the blacksmith shop where he will remain until he decides to retire. The building was formerly occupied by Huffman Welding Shop. He will have a modern shop, but many of the tools he began with 48 years ago will go into the new place.

J. M. Hazelwood of Fort Worth visited his parents, Mr. and Mrs. E. L. Hazelwood, Friday evening.

Mrs. E. C. McClelland spent last week with Mr. and Mrs. Roy Stoker in Breckenridge.

Mrs. F. J. Harrelson and daughter and Mrs. H. H. Harrelson and daughters were visitors in Abilene Saturday.

GOOD FRIDAY SERVICE PLANNED THIS WEEK BY CITY MINISTERS

A community Good Friday service will be held next Friday night at the Church of the Nazarene under the auspices of the Cisco Ministerial Alliance, it was announced Saturday.

The Rev. Grady James, pastor of the First Presbyterian Church, will be the speaker for the program.

The complete program provides for the invocation by the Rev. C. S. Moad, pastor of the Church of God; scripture reading and prayer, by Rev. J. C. Pelfrey, pastor of Calvary Baptist Church; announcements and offering, Rev. D. M. Duke, Nazarene pastor, and

Leaving the old building, Mr. Clements said, was like losing an old friend. He said that his only reason for selling was that he did not want to stand in the way of progress.

He estimated that he had worn out six anvils during the 48 years he had been in business and that many more hammers and tongs had been worn out — and he is still going strong with no plans of retiring any time soon.

Firemen To Hold Fall Convention Here October 8

The Midwest Texas Firemen's Association will hold its 1954 fall convention in Cisco on October 8, it was decided last Thursday at the annual spring meeting in Albany.

Three Cisco firemen — H. O. Anderson, James Waddell and Ocie Livingston — attended the convention.

Some 400 firemen, their wives and guests attend the Albany convention, which was a one-day meeting. Haskell firemen won top honors in contests. Eighteen towns were represented at the meeting. Bill Walls of Baird was elected president of the association.

Mr. Anderson, who extended Cisco's invitation to be host for the next convention, described the meeting as a big success from all standpoints.

Mr. Anderson, who extended Cisco's invitation to be host for the next convention, described the meeting as a big success from all standpoints.

C. B. Chaney Is Conoco Agent

C. B. Chaney of Moran reported Saturday that he recently purchased the Continental Oil Company agency for the Cisco area from Claude Wilson of Cisco.

The son of B. L. Chaney, he is a member of a pioneer Shackelford County family and has lived in Moran all of his life. Mr. Chaney said that R. E. Blalock and family would move here soon to work for the agency. Levi Wilson will continue as the bookkeeper.

Mr. Chaney said he has been in the gasoline and butane business for many years and expects to handle butane sales here as well as operate the wholesale gasoline and oil firm.

Trucks Ready For Spring Campaign

Everything was in readiness Saturday for the opening Monday morning of annual Cisco Cleanup Week, and Mayor G. C. Rosenthal called on all residents of the community to participate in the campaign for "the general benefit of us all."

City street department trucks, assisted by a county truck and the National Guard, will begin a schedule of hauling off trash and debris early Monday. The trucks will visit all parts of the city during the week, hauling off trash for all residents without cost.

The schedule for Cleanup Week was made as follows:

Monday — Visit all alleys between 2nd and 9th Streets, inclusive, to Front Street.

Tuesday — Cover 1st and 2nd Streets and 9 to 16th Streets, inclusive.

Wednesday — Work west of Front Street and in all alleys south of 16th Street.

Thursday — East side of Avenue D to Avenue A.

Friday — Work in Humboldt and east of Avenue A.

Saturday — Work in the Negro and Mexican sections and college Hill.

Residents were asked to pile their trash and debris in boxes or bundles easy to handle in the place where the garbage truck usually picks up their refuse.

"Cleanup Week can be an outstanding success if everybody does his part," Mr. Rosenthal said. "The results of an adequate Cleanup Week would improve our general health conditions and make things better for us all."

"Let's use Cleanup week as the opening fight against mosquitoes in 1954. By cleaning up our property of tin cans and potential breeding places, we can materially reduce the mosquito population this year."

"Now is also the time to begin working on vacant lots to keep them clean. Let's not let the weeds and grass get a good start before we do something. Civic pride should prompt every citizen to join hands in making this the most successful Cleanup Week we have ever had."

Baseball Game Is Planned Tuesday

The Cisco Independents, a baseball team composed of Cisco Junior College boys, will play Gorman at ABC Club Field Tuesday night, it was announced by the team manager Saturday. Game time has been set at 8 p. m.

The Cisco team has played two games so far this season, and has won both starts. The first game was with Alexander of the Bosque Valley League which Cisco won 8-2. The second game was a win over Merkel by a 1-0 score.

Ed Farmer will probably pitch for the Cisco team, it was announced.

Singing Convention Begins In Eastland

Several hundred people were expected to attend the annual Eastland County Singing Convention which began Saturday night in Eastland. The convention will continue through Sunday afternoon.

Many outstanding singers and singing groups are expected to attend the annual affair which is being held at Eastland High School. At noon Sunday a picnic lunch will be spread on the high school grounds. Eastland people were requested to bring sufficient food for the visitors.

The Rev. W. E. Hallenbeck of Eastland is general chairman of this year's convention.

Band Parents Plan Meeting On Monday

The Band Parents Association will meet at 7 p. m. Monday in the band hall for the regular monthly meeting, it was announced.

All members were urged to attend the meeting as one of the projects will be discussed and explained.

Coffee and cake will be served at the meeting, it was announced.

Letters

Dear Editor:

We the 8th grade Social Studies Class of Cisco Jr. High School are writing in order that the public may know a little more of what we do day by day.

To begin our last unit we had a choice of making books or reports.

In making these books we were to select a subject to follow up with our Social Studies. Some of our outstanding books were "Types of Hunting," illustrated by Jan Latson and inside reports by Tommy Stephenson, Mary Ann Stroebel, Maedean Collins and others. "Modern Fishing" illustrated by Zona Agnew, inside reports by Bobby Laird, James Donham and others. We had many more books on varied subjects.

After finishing this project we took up making maps. Some were on different things. One was on Products of South America by Peggy Willingham, Maedean Collins and Katherine Fricke, others by Jan Latson, Zona Agnew, Nell McAnally, Peggy McCormick, Ann Etta Brashear and many others.

After the maps we began the study of inventions and inven-

tors. We had reports on different men such as Graham Bell, by Ann Etta Brashear, Henry Ford, by Lorelle Lipsey; Edison, by Peggy McCormick Fields and others.

In the last of the Unit we have a section called "Interesting Things to Do." Included in this there is a list of things to do and we, Ann Etta Brashear, Peggy

McCormick and Nell McAnally decided to write the press to give the public a small summary of what we have studied.

Sincerely Yours,
8th Grade Social Studies Class

Watch Out For Water Hazards

AUSTIN, April 10.—Three recent cases of fishermen's multiple drownings prompted the Executive Secretary of the Game and Fish Commission to again caution Texas anglers about water hazards, particularly in the uncharted man-made lakes.

In the three tragedies, all in artificial impoundments, a total of seven fishermen perished — two in Possum Kingdom, two on Lake Travis and three in Lake Tyler.

Rough water apparently caused all three multi-drownings and the Executive Secretary suggested fishermen unfamiliar with large bodies of water, particularly the comparatively new lakes, should exercise maximum precautions when the weather is rough.

"Most of our modern boats are as seaworthy as men can make them," he said, "but when the going is rough, the pilots must be careful even though they have the best boats and the latest type power equipment. At the present accident rate, this could become the worst fisherman fatality season on record."

MICHAEL NEIL WILLIAMS

Mr. and Mrs. Stanley Williams of Waco are the parents of a son, Michael Neil, born March 30, in Hillcrest Hospital there. He weighed eight pounds and five ounces at birth. Both baby and Mrs. Williams were reported as doing nicely. Mr. and Mrs. Roy L. Williams of Cisco are the grandparents. They returned last week after visiting their new grandson in Waco.

Electric, of Course!

...because the Clean, "soot-free" heat of Modern

Electric Ranges

keeps pots and pans shining bright.

... helps keep Kitchen Walls and Curtains fresh and clean.

Electric service is still your biggest bargain. A kilowatt hour of service costs the average West Texas home 22% LESS than it did ten years ago.

No soot, no smoke, no fumes, no flame... when you cook the modern way with an electric range. Your pots and pans stay clean, curtains stay clean and your kitchen can easily be the "cleanest" in town when you cook electrically.

But that's only part of a pretty picture... electric cooking is also COOL, FAST, AUTOMATIC and absolutely ACCURATE!
