## Tornadoes Continue Winning In Basketball

### Girls Invitation Basketball Tournament January 29-30

The annual Girls Basketball Tournament will be held at Lamesa Gymnasium Friday and Saturday, January 29th and 30th. Several nearby schools have already indicated their intentions of sending strong teams for competition. It is suspected that this notice be sufficient invitation for all schools of the county. Acceptances should be received at the high school by Wednesday, January 27 so that schools may be notified as to the time of their first game.

Invitations are being mailed to schools of the surrounding counties. Appropriate awards will be presented to the winning teams.

### Lamesa Schools Have Enrollment of 1200

The Lamesa Public Schools began the last semester's work last Monday morning. Thirty-three pupils were received into the high school from the elementary school who were promoted at mid-term from that institution to first year high school. These were joined by five pupils from other schools in Texas, Oklahoma and Arkansas to add 38 to the gross enrollment in high school which is now 478. There have been seventy pupils who entered the high school but who have not remained. Some of these have gone to schools in other communities and others have withdrawn from school entirely. The net membership now in the high school departments totals 408.

After losing the 33 pupils by graduation and promotion, the elementary school gained 30 pupils to take their places. Every room has a teaching load of average or heavier attendance. The actual membership in the first seven grades is 792 children not counting those dropped and 755 of these were in attendance on Tuesday. Every classroom is occupied and there is a pupil for every desk.

The membership in the white schools on Tuesday was exactly 1200 pupils.

The Lamesa High School Golden Tornadoes won their League game against Brownfield last Friday night to retain leadership in the new organization. The score was 42-25.

If the Tornadoes win the championship of the southern half of the district, they will play three games with the winner of the northern division for the district championship. Mr. Gregg and Mr. McCollum will make every effort to have at least two of these games in the local gym.

Fans are notified that efforts are being made to have the Abilene Christian College and Hardin-Simmons University freshmen teams appear here for games with the Golden Tornadoes. These games could not be arranged for this week because of mid-term examinations at these colleges. The dates for their appearances here will be announced as soon as they become known. No teams have been more keenly appreciated by the fans than these college groups.

Tahoka High School's basketball team was outclassed by the Lamesa High team Tuesday night in the last home game to determine the leadership in the Southern half of this district by the score of 52 to 11. Lamesa's starting squad could score easily it seemed while the second string played on about even terms.

Lamesa has won all six of the League games played to date. They have games remaining with Post and Slaton, and both of these are away from home. One of the hardest fought games played this season by the Tornadoes was that of Monday night when the Tornadoes tangled with the Draughtons Business College five of Lubbock. The final score was 38 to 32 Lamesa.

### Rev. H. H. Wright Buried at Carlsbad

Rev. H. H. Wright, retired Baptist minister and former resident of the Pride community in Dawson county passed away at his home in Carlsbad, New Mexico last Friday following a brief illness of pneumonia.

The death of Rev. Wright who had just observed his 85th birthday, leaves a bereaved widow who had been a constant companion and helpmate for over 60 years, and eight children, two of who are residents of Lamesa. Irvin Wright, well known Lamesa business man, and Mrs. Burnie Williams.

Funeral services were held in the Carlsbad Baptist church at 2:30 Saturday afternoon, with the Carlsbad pastor, Rev. Goodwin conducting and assisted by Rev. W. T. Garrett, former Colorado, Texas, pastor, but now of Roswell. Burial was in the Carlsbad cemetery.

Friends of the family from Lamesa who attended the funeral services in Carlsbad Saturday included A. G. Barnard, T. F. Vaughn, Dee Hull, and Lawrence West.

### New Service Station Opens For Business

Announcement of a new business firm was made this week when W. D. (Walt) Wray and W. V. (Shorty) Brown announced that they had leased the service station of the Phillips Petroleum Company at the corner of North First and Houston streets. This is the station formerly occupied by the Magnolia agent, Bernie Holt.

Members of the new firm are well known to the motorists of Lamesa, both having been connected with the motor industry in Lamesa for some time. Brown was with the Phillips station at Dallas and North First and previous to that time was connected with other stations here. Wray has been with the Thornton Motor company, employed in the repair shop.

These gentlemen announce that they will operate a complete one-stop service station and repair shop, and invite their friends and patrons to visit them in their new location.

Elzie Burleson, Phillips agent for the Lamesa territory, will also maintain a downtown office in this station.

### Modern Woodworking Shop Opened Here

Forrest Lumber Company this week completed the building of a workshop on South Houston street, across the street southwest of their yard, which has been leased to Harvey Allen and J. E. Waller. The building is 24x30 and is built on a solid concrete floor and with plenty of light and ventilation to make an ideal planing mill and wood-working plant.

The latest modern woodworking equipment has been installed and already work has been completed for jobs in Big Spring, Stanton, and other towns in this territory. Any kind of cabinet work and intricate wood work can be prepared with the equipment installed.

### TWO G. H. MAHON'S IN CONGRESS

"Just getting acquainted" was the occasion as Congressman G. H. Mahon (left) new Member from South Carolina, greeted Congressman G. H. Mahon (right), second term from Texas. It is thought to be the first time in the history of Congress that two sitting Members have had identical surnames and initials. Incidentally, there is only one Jones in Congress—Marvin Jones of Texas.

### Charges Filed in Death of Trapper

Call, Texas, Jan. 20. (Special)—J. L. Heard, former trapping partner of J. H. Reynolds, found half buried last week in the southwestern portion of the county, was charged with murder here Monday before Justice of the Peace C. W. Taylor. Heard waived examining trial.

Bond will be set by Judge A. S. Mauzey of the 32nd district court at Sweetwater.

Heard was charged in the death of his partner after three days of investigation led by officials of Borden county. This is the second charge of murder ever filed in Borden county.

Investigation disclosed that Heard and Reynolds had camped together a mile and a half from the spot where Reynolds' body was found, in a lonely gulch. Reynolds disappeared December 20. Heard aided in the search for him when the search first started.

At the time the body was found Heard was visiting relatives in Odessa. The two had been life-long friends, according to investigators, and had farmed together in Kaufman county prior to the time they began hunting and trapping.

Funeral services for Reynolds were held last Sunday in Snyder with burial in the Snyder cemetery.

### LAMESA GIRL ELECTED CLUB PRESIDENT AT CIA

Miss Georgia Mae Williams, of Lamesa educ. 39, at C. I. A. Denton, was elected president of the Adelpian Club for the second semester, at the regular monthly meeting Tuesday night of last week.

Helen Margaret Lorimer, Miss Williams' roommate, was elected vice president, and presented the outgoing president with a gift of appreciation.

### Pool Johnson Adds Groceries

Pool Johnson, who operates a service station and grocery on South Dallas, north of the CCC camp, is this week enlarging the grocery department of his business and offering a few specials through the advertising columns of the Courier as an invitation to visit his store.

### TRACTOR DEMONSTRATION ATTENDED BY MANY

Demonstrations of the burning of distillate and low cost fuels in farm power tractors were well attended last week, when the Yates Implement Co. sponsored three such demonstrations in various parts of the county on three separate days. Representatives of the International Harvester Company made the demonstrations, using the new F-20 Farmall.

### DEWEY DAVIS PASSES STATE EXAMINATIONS

Dewey Davis, operator of the Davis Hatchery, who recently took the state examination for permit to test poultry flocks under the Texas Baby Chick Association regulations, has been notified that he passed the examination without reservations and with high rating. This permit gives him full authority to test poultry flocks for state certification, as he is now a flock selecting and poliorum testing agent for the Texas Baby Chick Association.

### Gas Fumes Fatal to Relative of Lamesans

Trent, Texas, January 20—Funeral services for Ellis Howell, 16, who was found dead early Monday morning on an oil lease near the home of his parents, Mr. and Mrs. E. Howell, of the Noodle Dome community, was held at 2:30 Tuesday afternoon from the Trent Baptist Church, with the Rev. J. J. Gentry, Baptist minister of Lamesa, and the pastor Rev. H. Best, conducting the services.

Members of the family said that when the boy failed to return home Sunday night, they presumed that he had gone to spend the night with a friend. When the school bus passed Monday and Ellis was not aboard, a brother, John Howell, 18, began the search. The body was found on the ground with the head under a gasoline drip.

Officials who conducted the inquest returned a verdict of accidental death from monoxide poisoning. The boy had apparently gone to the drip for gasoline when overcome by the fumes.

Survivors, besides the parents, include seven brothers and four sisters. They are: brothers, Bob, Bud, John, Pete, Pillman, and Gordon Howell, all of Trent, and Shelby Howell of Lamesa; sisters, Mrs. Roscoe Owens, of Trent, Mrs. Tom Winters, Abilene, Mrs. Ellis Smith of Lubbock, and Mrs. C. S. Phillips of Sheffield.

Mr. and Mrs. Wright Boyd of Lamesa attended the funeral services. Mr. Boyd is a cousin of the deceased.

### Ethyl Demonstration At Lamesa Auto Co.

Mr. Barnes, representative of the Ethyl Gasoline Corporation, conducted an interesting demonstration at the showroom of the Lamesa Auto Company Tuesday afternoon, which was tended by a number of Lamesa citizens. A small motor equipped with precision gauges demonstrated very graphically the results obtained with ethyl treated motor fuels. The demonstration was sponsored by J. R. Flankin, local Gulf agent.

### FORMER LAMESAN RECEIVES PROMOTION

Word has been received in Lamesa of the naming of H. W. Harlin Jr., as general assistant manager of the Taft Cotton Oil Company at Taft, Texas. Mr. Harlin has been with this company for the past seven years and made consistent advancement until he is now one of the company's most valuable employees. He will be remembered by many Lamesa people as a former resident of this city. He is the son of H. W. Harlin of the Vealmore community in Northwestern Howard county. His wife is the former Miss Juanita Strong of this city.

### FOOT BADLY MASHED BY POWER LIFT

Eugene McNew, farmer of the Patricia community, was brought to a local hospital Tuesday suffering from a badly mashed foot, which was injured when it was caught in a power lift on a tractor. A hole was mashed almost through the right foot. The injured member was treated and dressed and hospital attendants report that the patient is doing nicely at present.

## Plans Nearly Completed For President's Ball

### Courier Celebrates Seventh Anniversary

With this issue of the Dawson County Courier, the paper begins its seventh year of service to the readers and advertisers of this territory.

We want to pause at this time to thank those same readers and advertisers for the splendid cooperation they have given us in our futile efforts to give them a newspaper worthy of this great territory. And what success we have achieved has been through this loyal patronage and assistance of our friends and supporters.

We have endeavored to be an asset to the city of Lamesa, and merit the support of its entire citizenship, by reflecting the spirit of optimism and good will toward everyone in this vast trade territory. Our aim is to serve the readers of this section by giving them all the news of the communities in a concise, unbiased manner.

There is no stopping place in the building of a newspaper. Each issue brings us greater responsibility to enlarge the scope of its usefulness. And the management of the Courier pledges itself to spare no effort to keep pace with the progress of Lamesa and adjoining counties. And with the continued cooperation of our many friends, we know we can continually improve our service to all.

### Father and Son Banquet next Tuesday

A father and son banquet will be held in the basement of the First Methodist Church, on Tuesday, January 26, at 7:30 P. M.

A special program has been arranged, which will appeal to both fathers and sons. A presentation of the fathers by the sons will be made, and the father with the most sons present will be given honorable mention, as also the father who came the greatest distance to attend the banquet.

Men who have no sons to bring, are allowed to adopt a son or sons for the occasion. It is urged that these adopt some boy who has no father who can attend with him.

Every man in the surrounding territory is invited to attend this banquet and bring some boy as a guest.

### Randolph Brothers Have Narrow Escape

Reports from a local hospital where the Randolph Brothers were brought last Tuesday night following an automobile accident, are that the injured men are doing as well as could be expected, and barring complications which might arise they will be able to be taken home within a short time.

The accident victims, Robert and G. T. Randolph, were returning to their home at Seminole from Lamesa last Tuesday evening, when eight and one-half miles out on the west highway their car struck a concrete culvert, breaking the car and seriously injuring both occupants. Robert received a broken right arm and shoulder, 3 broken ribs and badly lacerated face, his torso was severed almost in two, and internal injuries which for several days appeared would be fatal. G. T. received a compound fracture of the right leg and painful bruises and lacerations.

### Farm Auction Sale Monday, January 25

A public sale of farming stock and equipment is announced for next Monday, January 25, to be held on the S. P. Barron farm, 1 mile east and 1-2 mile south of the Woody school house. Roy Ford is owner of the property to be offered by Auctioneer H. H. Barron. The sale will begin at 1 P. M.

### New Market Added To Burns Grocery

Burns Grocery Store has this week completed the installation of an eight foot Warren meat counter and other meat market equipment. A complete line of fresh and cured meats will be carried at all times. Mr. Burns said.

### FORMER RESIDENT RETURNS TO LAMESA

Homer Thornton, former resident of Lamesa has moved his family back to Lamesa from Littlefield where he has resided for some time. He will be connected with the Arnett Motor Company's foreman of their repair shop. The many friends of this family will welcome them back to our city.

Chairman W. G. Weekes announces that the Square Dance program for the President's Ball will be held at the Dal Paso Hotel and that the Modern Dance program will be held at the American Legion Hall. Both events are being given on the night of January 29th which is Friday night of next week. Details of arrangements are being completed such as the appointment of floor managers, selection of musical organizations and the preparations for having the floors in best of condition. The details will be ready for publication next week.

These events not only honor the President of the United States but aid in the program of aiding crippled children by the use of all net proceeds for their treatment and care. Seventy per cent of the local net receipts will be used for the aid of Dawson county children and will be administered by local persons appointed for this purpose. The funds will be placed with Mr. W. K. Crawley who has consented to serve as Treasurer for funds raised in Dawson county.

Interested persons are urged to purchase tickets as soon as possible from any of the Lamesa drug stores or ticket salesmen, A. G. Barnard or Dr. J. M. Harrington. Tickets will also be available on the night of the programs at the respective locations.

Mr. Weekes has received a liberal offer from Western Union Telegraph Co., which should help in the amount of money received for the crippled children's benefit. The communication company has agreed to transmit messages of greeting to the President from Dawson county citizens at a very nominal charge and to return this amount in full to the local committee as a contribution to the welfare work for crippled children, thirty per cent going to the Warm Springs Foundation sponsored by the President and seventy per cent being placed in the local treasury. Mrs. M. Q. Martin has been placed in charge of the greetings work and persons desiring to extend well-wishes to the President on his reelection and birthday should see or communicate with Mrs. Martin.

### Luncheon Club Hears CCC Work Explained

The largest attendance of the present year was at the Luncheon Club meeting Tuesday noon at the Williams Hotel, when the memory of the great Southerner, Robert E. Lee was honored.

The club was favored by musical numbers during the luncheon rendered by Mmes. Rountree and Price. Mrs. Price also sang "The Lost Chord" in her usual charming manner.

The life of Robert E. Lee was discussed by Carl Rountree, who brought out the fact that Lee was one of the few men who became famous in defeat and also one of the few and probably the only famous man in history whose private life had never been criticized in any manner.

Following Mr. Rountree's tribute to General Lee, Captain Dryden of the Lamesa CCC camp was introduced and asked to give the members of the club something of the activities of the local camp. Capt. Dryden in turn introduced Major Vestal, who is in charge of the Emergency Conservation work in this camp's territory. Major Vestal gave the club some interesting figures of the work which had been accomplished by the boys in the Lamesa camp, and outlined plans for the continuation of this constructive and important work in this great agricultural section. Already 123,000 acres of land in this county have been included in the projects which are being put on by the enrollees of the Lamesa camp. One hundred miles of terraces have been made and another 100 miles under agreement to be constructed. 120,000 trees were planted last year by these boys at a cost of less than 9c per tree. These are just a few of the things which are being accomplished by the local camp.

O. T. Williams head of the government project at Hereford was present and was introduced by Captain Dryden. He told the club that the Lamesa and Littlefield CCC camps were blazing a trail for the entire nation in soil conservation service. The work of these camps has so impressed the national leaders of this work that plans are being made for engineers from other sections to make a tour of these camps and learn the methods being used here with an eye toward adopting them for other sections. Methods of terrace building, pasture contouring and strip cropping are proving very effective.

Three enrollees of the Lamesa camp entertained the club with musical numbers on their stringed instruments. They were enrollees Porterfield, Calloway and Phillips.

M. L. Agnew, member of the merchandising department of the Conoco Oil Company, has been spending several days in Lamesa on business for the company.

## For Healthier Chicks

### The SEPARATE HATCHER

We are equipped with the latest modern scientific equipment - the Rollins Separate Hatcher Unit. Hundreds of tests made by the incubator companies, research laboratories and the leading agricultural experiment stations establish the fact that there is a vital difference between temperature and humidity requirements during the 18-day incubating period and the 3-day hatching period. That difference is: Temperature must be higher, humidity must be lower during that 18-day incubating period than during the 3-day hatching period.

This can be obtained only through the aid of SEPARATE HATCHING during the last three days of the hatching period. There is as much improvement in the performance of a modern equipped hatchery as in the performance of the new 1937 model automobile.

Come in and let us demonstrate this separate hatching unit.

(Our first 1937 hatch will be off Tuesday, January 26.)

**WOODY SCHOOL NEWS**

About fifteen new pupils have entered the Woody school this week. The list includes: Zora Zimmerman, Hulon Wall, Ruby McClure, Dorothy McClure, LaFraye McClure, Clinton McClure, Larelie McClure, Era Jane Wall, Troy Honey, Vernon Benton, Nathan Dean, Charles Bean, Elwanda Wall, LaVern Wall, Melba Honey.

The various classes in health are carrying on a campaign to aid in the total prevention of accidents and diseases. At present they have prepared two bulletin boards on which are placed reminders of the results of preventable accidents and diseases, charts to keep records of all accidents are also on display.

**Woody Red Jackets**  
Several weeks ago a committee was appointed to help select a permanent name for the Woody athletic teams. The committee submitted the name Red Jackets. The players on the various teams gave their approval of the name and if no objections are given during the next week, a special dedication program is to be given, making the name a permanent part of the Wood school.

Several adjoining schools are planning to exchange assembly programs in the near future. Mr. Ray Culp, principal of the Weaver school is to bring several members of the Weaver school to Woody in a short time.

The Red Jackets negro minstrel will be given as a return engagement. Contests in arithmetic and spelling with pupils of other schools have also been arranged.

**Elementary School  
News**

Edited by the Pupils of the Seventh Grade

The first grade pupils taught by Miss Norman are making health booklets on the habits of animals. When they have finished this, they will compare the habits of the animals to their own health habits.

In Miss Randal's second grade room the children have organized a room government. The children elected their own officers. They decided this would help them to be better citizens. Sure enough the plan is a splendid one.

There will be an art exhibit from the elementary school in one of the windows in Collins' Dry Goods Store Monday, Tuesday and Wednesday of next week. It will consist of work chosen from the fourth, fifth, sixth and seventh grades.

There have been thirty-one pupils enrolled in the Lamesa Grammar school since the latter part of last week.

The pupils of Room 33 have elected the following new officers for the Good English Club: Dorothy Jordan, president; Howard McSpadden, vice president; and Nadeline White, secretary.

The following program was given at the Elementary school graduation exercises, Friday, January 15:

Processional — Mrs. Weldon Lindsey  
Invocation — Mr. Fred Sanders.  
Nearholitan Nights — Zamecnik — Seventh Grade.

Solitary — Cleone Hamilton  
Violin Solo — Betty Jean White.  
Address to the class and presentation of certificates — G. M. Roberts, principal.

Acceptance of Certificates — Roberta Thurman.  
Presentation of the Class Key to the Low Seventh — Leon Foreman.

Acceptance of the Class Key by the Low Seventh — Howard McSpadden.  
Valedictory — Ruth Daniels.  
Recessional — Mrs. Weldon Lindsey

**WHY DIDN'T YOU GET PHILLIPS 66 POLY GAS?**

**YOU'RE RIGHT, Mrs. Back-Seat Driver!** The trouble isn't under the hood; it is in the gasoline tank. High test is what it takes to spin cold, balky motors into purring pets. High test ends the nuisance and damage of slow starting in winter. High test reduces the need for money-wasting use of the choke. And high test aptly is exactly what you get in every gallon of Phillips 66 Poly Gas. Remember: Phillips is the world's largest producer of natural high test gasoline. So we can offer higher test... 100% custom-tailored to your

weather... enriched with extra heat units by the patented POLY-merization process... without any increase in price. Frankly, our hardest job is to get you to try that first tankful. Knowing that mere claims, no matter how clever, will not win your patronage—we offer the most outstanding winter gasoline which we can produce. And price it to sell for no more than ordinary low test motor fuels. Don't wait until you actually have starting trouble. Get a tankful of instant-starting Phillips 66 Poly Gas today.

Listen to the Phillips Poly Follies. Packed with comedy and singing stars. On your Columbia Network station every Tuesday evening. See newspapers for exact time.

**Baptist Church Items**

For the past two Sunday's titling pledges were received at the First Baptist Church. One hundred and twenty-six members have agreed to tithe their income for this year, which represents about half of the total Church budget. For the next two Sunday's, regular pledges will be received. Those who have not signed a titling covenant will be asked to make a pledge to the 1937 church budget.

The Sunday school attendance at the First Baptist Church was the largest since Sunday it has been in months, the total being 568. Two departments had an all-time record attendance, the Primary Department having 75 and the Junior Department having 107. The attendance in other departments was as follows: Adults, 98; young people, 9; intermediate, 63; beginner, 29; Cradle Roll, 18; mission, 45; general, 5.

Friday, January 29th, is church-wide...

Church. The Sunday School, B. T. U., and W. M. U. leaders and members will visit during the day. Visiting hours will be from 9 a. m. to 9 p. m. Visitors will register at the Church before going to visit and each person will receive an individual report card.

The B. T. U. Department of the First

Baptist Church will meet Tuesday night, January 26th, at 7:30, for the monthly program planning and business meeting. All directors, leaders, sponsors, and group captains and other officers will meet for the purpose of disposing of whatever business may come up and for planning programs for February. A like meeting is scheduled for each month of this year.

**METHODIST NOTES WELCH CHARGE**

Sunday school was good Sunday. We had eight new scholars and several visitors present. All of the teachers were present except one, and as far as we could see the ones present were well prepared and conducted recitations intelligently. There are schools we are sure that excel us in number, and collections but as to practical and effective work we will be hard to beat, we have no thought of boasting here.

We received as members of the church by certificate, Mr. Louis Atterberry, Mrs. Mollie Atterberry, Miss Mary C. Atterberry and Miss Hopeston C. Atterberry. The other members of this good family are Louis, Peggy Ann, Joe Bob and Richard Lee. We are glad to have this family move into our community and cast their lot with us. They set a very fine record Sunday it being the first Sunday after moving with the entire family present and on time for Sunday school.

We must note also the presence of Mr. and Mrs. Jack Fambrough. Jack know, he has married. In the Bible we has been one of us but as most of you read about a man who married a wife and could not go, Jack brought his wife, or she brought him, we do not know which, but they both came. Blessed is a man who marries a wife who does not throw a stumbling block in his way. Come on that is the way to begin married life.

We are especially anxious to have a large attendance next Sunday. We will have something to say about the new church.

J. G. Walker.

Go to see your Doctor before he has to come and see you!

The practical benefits of frequent physical examination are best expressed in the phrase, "Go to see your doctor before he has to come and see you."

Going to see your doctor permits him to keep a constant and accurate check on your health. When he comes to see

you it is usually because a neglected disorder has developed into serious sickness.

## Nation Gathers Forces To Stage Biggest Birthday Party in World

Leaders in All Walks of Life Busy With Plans to Raise Infantile Paralysis Fund

New York, N. Y. (Special)—Prosperity having come around the corner and the American public being better informed than ever before concerning the national fight against infantile paralysis, Colonel Henry L. Doherty, for the fourth year chairman of the National committee for the President's Birthday Ball, expects Americans will celebrate Mr. Roosevelt's 55 birthday with unexampled enthusiasm on January 29 and 30th.

Early response to the committee's proposals, he said today, was such as to indicate millions of Americans would hold more and bigger parties this year than ever before. Preliminary estimates were for more than five thousand balls scattered over the entire country in great cities and tiny hamlets all the way from the Atlantic to the Pacific, from the Canadian to the Mexican borders.

The proceeds on the basis of collections in previous years were expected to exceed a million dollars.

More than 300,000 victims of poliomyelitis in the United States continue to need the assistance of their fellow citizens in rehabilitating themselves as useful members of the community, he pointed out. This year seventy cents of every dollar will be used for the benefit of sufferers in the locality where the money is collected. The remainder will be turned over to the president for the Warm Springs Foundation to enable the institution to continue its national leadership in the battle of mankind against the mysterious and often fatal malady.

Leaders in every field of national activity have rallied to the national committee in its efforts to make the All-American birthday party a success. Science, art, labor, politics, and society are all prepared to lend their support to the committee. The press, the radio, the movies and other agencies of propaganda, as in former years, have generously offered their space and time. Among the national leaders who were prompt to accept membership on the national committee were: Ambassador Joseph V. Davies, Charles C. G. Dawes, Edsel B. Ford, Walter S. Gifford, William Green, Patrick Cardinal Hayes, William Randolph Hearst, Bishop William T. Manning, and General John J. Pershing.

Mr. Ford wired: "I shall be very glad to join with the others on the national committee for the President's Birthday Ball."

Mr. Hearst: "I will be very happy to serve and appreciate very much your kind invitation."

Cardinal Hayes was "pleased to consent to lend my name", and other acceptances were in similar vein.

With the customary presidential inaugural ball in Washington this year, the National capital will outdo itself in celebration of the birthday of the chief executive. As has been the custom for the past three years, President Roosevelt is expected to broadcast a message to the celebrants throughout the nation on his fifty-fifth birthday.

Endorsing the 1937 effort against poliomyelitis, the President wrote: "My own views are that the national fight against infantile paralysis cannot cease. It must go on. I am sure that the birthday celebrations in 1937 can be even of increased value to the nation-wide fight against infantile paralysis which is being conducted."

According to Guy Weekes local chairman of the President's Birthday Ball

## Debutante Aide

Miss Helen Roosevelt, daughter of Mr. and Mrs. Ralph M. Roosevelt, and a cousin of President Franklin D. Roosevelt, is one of the junior chairmen for the New York ball, January 30, in honor of the President's birthday and to raise funds for the fight against infantile paralysis.

## Ackerly School To Give Radio Program

Radio Station KBST at Big Spring is sponsoring a series of school programs each Sunday from 1 to 1:30 p. m. These school programs are attracting a good deal of interest in Howard and the neighboring counties. The first Dawson county school that has been asked to participate is Ackerly.

The teachers and pupils of this school have arranged the thirty minute program for Sunday, January 24, at 1 o'clock as follows:

Song: "Texas, Pride of the South."  
 Talk: Miss Bulsterbaum, County Superintendent of Dawson County.  
 Talk: Mr. Chiles, Superintendent of Ackerly Schools.  
 Music: Arranged by Ackerly High School Students.  
 Reading: "A Four Year Old Girl's Views on Marriage" — Wanelle Ward, 2nd grade student.  
 Duet: Wanda Hinson and Wanda Moore, high school students.  
 Reading: "Dolly's Toilet" — Mary Jo Green, 1st grade student.  
 Quartet — Arranged by Miss Bulsterbaum.  
 Talk — Red Bond, Senior in Ackerly High School.  
 Choral Number — "The Drum".

## PLAY AT KEY FRIDAY NIGHT

The Midway Dramatic Club will present a play at Key Friday night, January 22, entitled "Hillbilly Courtship". A sack of Hill Billy flour will be given free to the largest family present. Admission charge will be 10 cents.

committee. Lamesa will celebrate with two separate affairs on Friday night, January 29th. One, a modern dance will be held at the American Legion Hall, while an old fashioned square dance will be held at the Dal Paso Hotel. The best available musicians for both dances will be secured Mr. Weekes states, and everyone is promised a delightful evening. Script will be \$1.25 for either dance.

## Co-operative Gin Declares Dividend

Over 200 farmers of this county are receiving their dividend checks from the Farmers Co-op Gin this week, which will total more than \$6,000 in cash and some \$3,000 in credit to be paid in stock or cash at a later date. The checks run from 9c to \$257.97.

H. F. Peterson was the first person to receive a dividend check from this company and his cash dividend totaled \$99.54. This is the first year that dividends have been declared by this mutual company which was organized by a group of local farmers in 1929. The loss of one gin by fire and several dry years have prevented payments of dividends in previous years.

The gin was first built in 1929 by the local organization with the aid of the Houston Bank Cooperatives. Officers and directors of the local organization are L. T. Middleton, president, B. L. King, secretary, R. E. Echols, W. T. Childress, C. M. Burton, J. M. Peterson, A. W. Matthews, J. W. Braswell and H. L. Wilson. W. G. White is the gin manager.

It is the plan of the managing board to enlarge the capacity of the gin before another season. They now have six 80-saw stands, but during the past season were forced to turn down much business available to them.

## BOY SCOUT COUNCIL MEETING IN LUBBOCK

The annual meeting of the South Plains Council of Boy Scout leaders will be held in Lubbock next Monday evening, January 25, at the Hilton Hotel. Group meetings are scheduled for four groups from 5 to 6:30 p. m. and a dinner for the entire assembly will be held in the main dining room of the hotel at 7:00 p. m.

Group sessions will be as follows: Group 1—Scoutmasters, Assistant Scoutmasters, and Commissioners. Group 2—All district officers and troop or cub pack committeemen. Group 3—Cub leaders' session. Group 4—a special session has been arranged for the Scouters' wives.

The banquet will follow immediately after the group sessions at 7 o'clock. A special program is planned for this meeting. Judge Clark M. Mullican, Lubbock attorney and former 99th district judge will deliver the main address. Mr. J. M. Jordan will serve as toastmaster.

Several local scouters are making plans to attend this meeting.

## PIERCE FURNITURE COMPANY CLOSING OUT LAMESA STORE

Carlson Pierce, manager of the Pierce Furniture company store in Lamesa announces a closing out sale of all goods in the local store, as they are preparing to quit business here soon. The store will be moved back to Hobbs and merged with the Pierce Furniture store in that city.

Rather than move their present stock, they are offering special prices to reduce their stock to a minimum.

## SCOTT RETURNS FROM CHICAGO

Leonard Scott has returned from a ten days trip to Chicago, which was made at the invitation and expense of the Royal Tailors. The trip was given as a bonus for the record he made in business produced for the tailor manufacturers the past season.

Miss Ethel Iris Simpson of Muleshoe spent the week end here with her parents, Mr. and Mrs. R. E. Simpson.

## SINGING SCHOOL TO BE HELD NEXT WEEK

Mr. and Mrs. Wilbur Wilson will hold a singing school next week at Key and Woody. Key school will begin Monday night, January 25 and Woody school will open Tuesday night, January 26.

Everyone is invited to come and bring their family and friends. You are requested to bring pencil and tablet and those having stringed instru-

ments are asked to bring them.

Mr. and Mrs. Wilson are employed by the Stamps-Baxter Music company of Dallas and are well known in this section having attended several singing schools here.

Louise Winners spent the week end in O'Donnell with Miss Marie McDonald.

Miss Katherine Simpson spent the week end in Seagraves with relatives.

## NEW FLOOR IN CITY GROCERY

W. R. Kelley has just completed the installing of a new hardwood floor in his building on South First street, occupied by the City Grocery and Market. The new floor is laid over the concrete floor which has been in use since the erection of the building. This improvement will add to the comfort of the patrons and employees of this institution.

**The Story of Extension Work In Texas**  
(This is the fourth of a series of articles on the history of extension work in Texas.)  
Emergency Programs  
By 1932 the uttermost depth of the depression had reached the South. Farmers necessarily had to economize their operations, and farm home-makers were forced to extremes in providing food chiefly by their own efforts. Extension agents were at their utmost usefulness in assisting with a live-at-home program and with establishing farm management. Because of their work the Texas Extension Service was ready for the agricultural

disaster that descended upon the whole country. The soundness and timeliness of the Texas Extension program was nationally recognized when in their distress other states sent workers to study Texas' methods and learn Texas ways of coping with the problems occasioned by the next drought, vanishing markets, and low prices.  
In spite of restricted tax income, county commissioners were forced by the demands of farm people to rake together funds to keep the agents. Thus comparatively few agents were dispensed with.  
Markets for agricultural products had shrunk, creating a severe disparity in price, as compared with other commodities. Congress, realizing the need for some correction of these inequalities, passed the Agricultural Adjustment Act.

When the office to carry out this Act was created to function under the Secretary of Agriculture, it was necessary to have a field force in every agricultural county to carry out the plans made by the leaders in Washington. It was decided to carry the programs to the farmers through the Extension Service.

County Agents have been called upon to work in making possible the success of the various community programs—cotton, corn, hog, wheat, rice and peanuts. Contracts were signed by the farmers to reduce acreage in these crops for which they were reimbursed by the Government without benefit payments. By this act, with its various ramifications, the farm income has been increased and although prosperity in full has not yet come to the farmer, there is not such deep gloom enshrouding him as there was a few years ago.

During these same years Extension employees have been called upon for emergency work in many of the programs for agricultural adjustment. Surplus cattle were purchased by the Government under supervision of Extension agents, slaughtered and canned for consumption. The Extension Service also had a part in organizing and directing the CCC camps.

Cooperation was given the Relief Commission in making community gardens, in organizing the work of canning plants and in solving many other problems.

After reading this sketch of Extension activities in Texas for the past thirty-odd years, do you agree with Walter Hines Page in the statement he made once when discussing demonstration work as carried on by the Extension Service? "It is the greatest single piece of constructive educational work in this or any age."

The task of the Texas Extension Service has just begun and as we look down the road we can see in the distance many goals yet to be attained.

## Mahon Introduces Bill To Reamortize Loans

Washington, Jan. 19.—Congressman George Mahon on Monday, January 18, introduced in Congress a bill providing for the reamortization of certain Land Bank Commissioner loans. He explained that since 1933 the Land Bank Commissioner had refinanced loans on farm lands in the sum of about \$800,000,000 in the United States wherein it was provided that borrowers should pay only interest for three years and liquidate the principal in the ten years thereafter. Principal payments are now becoming due on these loans and Mahon believes that it will be impossible for the average holders of such loans to liquidate them in ten years. His bill provides that these loans shall be reamortized giving borrowers from twenty to thirty-five years to pay them as is now the case with the regular Federal Land Bank loans.

Mahon explained that there are now in Texas about \$48,000,000 outstanding in these short time Commissioner loans and that in the 19th Congressional District, there are about 5300 such loans representing about \$8,700,000.

## BUILDS STORAGE PANTRY OF SCRAP LUMBER

"From scrap lumber I have built an adequate storage pantry in my kitchen for a pantry of five," was the statement made by Mrs. Robert Head, pantry demonstrator of the Hancock Home Demonstration Club, to other members of the club and guests on Achievement Day. The pantry consists of shelves with space below for the storage of dried foods. Mrs. Head canned 325 cans, 25 varieties of fruits and vegetables, and has stored 200 lbs. of dried vegetables. In addition to this she has provided 600 pounds of pork and 100 pounds of lard. She has made 100 pounds of soap. She improved her bedrooms by building two clothing closets.

Her record book shows that the income from three milk cows and 55 hens was \$220 in nine months.  
Mrs. Ben Dopsen, kitchen improvement demonstrator for the Hancock club, has completed the remodeling work on her kitchen. A color scheme of beige and pale green was carried out in the painted woodwork, in the white curtains with a green and yellow design, and the floor is covered with linoleum that is green with three shades of beige. A cabinet was built across one entire side of the kitchen, and an Electrolux was added to her equipment.  
Before Mrs. Dopsen entered the improvement contest, her kitchen was painted green and light tan; she used a table and shelves for a cabinet, and long shelves with a curtain for storage purposes. An ordinary ice box was the only means of refrigeration.

Mr. and Mrs. T. E. Bertram visited Mr. Bertram's brother and family at Lubbock Sunday.

Mr. and Mrs. A. G. Barnard and Mr. and Mrs. Louis Reed attended a Lions Club banquet in Big Spring Monday night.

**Lets Talk about Clothes**

Denton, January 20.—Thin pastel colored woens piled high in fascinating early showings are ready for home or resort wardrobe seekers, sharing the fashion spotlight with the newest silk prints. Both collections are causing a lot of excitement. Fingers itch to cut into the lovely materials, or you yearn to leave town in order to have a good excuse for getting into the light colored outfits.

Enterprising shoppers buy the woens and fashion some of the smartest one or slim two piece outfits that can be worn right now under fur trimmed winter coats or under fur coats. The assortments are complete and the colors have never been so intriguing.

There's a knockout powdery mauve, clear citron, exquisitely hazy blue, different new tones of Chartreuse, coral pink, some of the most flattering pastel greens that have been seen in years and stunning putty grays, that illusive shade of gray that has been so hard to find. All these pastels come in the thin, almost sheer woens ready for the scissors and pins and patterns of the make-your-own crowd.

In the same department are bolts of brand new, but thick woens for the fitter reffer style high fashion coats to wear with the thin wool dresses. These are especially popular with girls at Texas State College for Women (CIA). There's a very unusual basket weave gray wool, just the right degree of darker tone to use as the subtle contrast for the light gray thin wool used for dresses; a deep rich old gold, a deep cornflower blue and a bright emerald green, as well as the price collections of beige woens in both the thick coat woens and the sheer dress woens.

**Senator G. H. Nelson  
On Many Committees**

Austin, January 14.—State Senator G. H. Nelson, Senator from the 30th District of Texas, was given distinctive recognition by Lieutenant Governor Walter Woodul, when the Senate met on Tuesday for the first day's work of the regular session of the 45th Legislature, by giving him important committee assignments.

Senator Nelson was made chairman of the Committee of Judicial Districts, and Vice-Chairman of the important Committee of Education. Due to the fact that much important legislation will come before the Senate during this Regular Session affecting the many pressing educational problems of Texas, the committee on education is considered one of the most important assignments to be received by any Senator. The activity of Senator Nelson with reference to a Constitutional Amendment to bring about the One-House Legislative System in this state is well known. Recognizing the Senator's interest in this matter, he was given a place on Constitutional Amendments Committee. This will afford him the opportunity to propose his idea of a unicameral legislature which has already gained statewide discussion.

All appropriations for the support of educational institutions is handled through the finance committee. It is expected that Senator Nelson by receiving an appointment on the finance committee will be able to render valuable assistance to Texas Tech.

Other committees on which Senator Nelson has been placed by the Lieutenant Governor are: Civil Jurisprudence; Public Lands and Land Office; Penitentiaries; Governor's Nominations; Senatorial Districts; Representative Districts; and Highways and Motor Traffic.

On Wednesday of this week, the 2nd day of the Regular Session of the 45th session of the Legislature, Senator Nelson introduced in the Senate a bill to repeal pari-mutuel betting on horse races in this state.

Senator Nelson is quoted as saying, "The time has come when the good citizenship of Texas must take an active stand to curb the gambling instinct of the people. Something must be done to remove the temptations of gambling from the boys and girls of this generation."

This bill to repeal race track gambling in Texas is due to bring one of the greatest lobbies before the Texas Legislature that has been seen in many years.

Misses Jack Hart, Edith Mae Collins, and Evelyn Burnside spent Monday in Lubbock.

Mrs. Cuba Womack of Lubbock spent the week end here with her parents Mr. and Mrs. G. P. Moreland.

**Connally Introduces  
Farm Tenantry Land  
Purchasing Bill**

Measure Authorizes One Billion Dollar Appropriation as Capital of the Corporation to Purchase Land and Sell to Experienced and Deserving Tenants for the Establishment of Farm Homes

Washington, D. C., Jan. 13.—Senator Tom Connally, of Texas, has introduced in the Senate a bill creating the Farm Tenant Home Purchase Corporation.

The measure provides for a comprehensive system of land purchases and sales whereby farm tenants may become home owners and may acquire farm lands in amount sufficient to provide a livelihood for their families

and income sufficient to amortize the indebtedness.

Authorization is made for one billion dollars capital stock of the corporation, which is to be provided by allotments and appropriations from time to time as appropriations may require. The administration of the plan is vested in a board of five members, including the Secretary of Agriculture, and the Governor of the Farm Credit Administration. It outlines a plan whereby the Board may sell individual tracts of land on a loan basis for the purchase of individual tracts or may also establish colonies of home owners.

It is provided that the interest rate on such purchases shall be two per cent annually. In addition the purchaser must pay an installment to meet the retirement of the debt over a period of years. It is also provided that purchasers must demonstrate

**Texas Influenza  
Is Not Alarming**

Austin, January 20.—Reports to the State Department of Health indicate a seasonal increase in influenza, but there are no indications of an epidemic in any such degree as that which swept the nation with such disastrous results during the World War, is the assurance given Texans by Dr. George W. Cox, State Health Officer.

"The number of cases reported for the first two weeks in January is not in excess of those reported for the same period last year," he said, "and the situation does not call for alarm, such as is likely to arise in the minds of the people because they recall the terrible destruction wrought by influenza in 1918."

"Influenza is an acute, contagious, and highly infectious disease, occurring in epidemic and isolated form and often characterized by suddenness of onset, fever, headache, marked prostration and a tendency to severe complications of the lungs. Practically everybody is susceptible to it. No matter how many times you have had the disease you may contract it again."

"Attempted preventive measures fall naturally into two groups—first, every one should try to avoid exposure to the disease by avoiding overcrowded places, and stay away from persons ill with the disease; and, second, every person should form such health habits as will keep the resistance of the body at a maximum, so that when they are exposed the body will be able to resist invasion of the germs."

"Sufficient rest, cleanliness of hands, mouth and teeth, fresh air while at work and at sleep, regulations of meals and bodily functions, wholesome food and freedom from anxiety will increase bodily resistance and go a long way to avoid contracting the disease."

"The complications of influenza are far more important than the disease itself. Pneumonia all too often follows influenza. Don't neglect your 'cold.' If you have the slightest suspicion of fever, go home, go to bed immediately, and call your physician. Stay in bed until he tells you that you can get up, and follow his advice explicitly."

100 MILLION YEARS AGO**

...you'd find that the crude oils used in refining Sinclair Motor Oils were already millions of years old. Sinclair Engineers have found that, by and large, the oldest crudes make the best lubricants.

You'll see how true this is when you use Sinclair Motor Oil in your car. You

will find that it doesn't evaporate and distill out in the heat of fast driving. And you'll notice, too, the lack of wear in your engine even after thousands of miles of driving.

Ask your Sinclair dealer for either Sinclair Opaline or Sinclair Pennsylvania Motor Oil.
