Rusk Urges Action To Fill U. N. Post

NEW YORK (AP) — Secretary of State Dean Rusk called on the United Nations General Assembly today to name "an outstanding world leader" to take over the powers of U.N. secretary-general temporarily.

In a statement prepared for a speech he is making here later today, Rusk declared, "Events cannot permit drift and indecision in the leadership of the United Nations."

He declared that the 99-nation General Assembly "must move rapidly to fill the void" created by the death of Dag Hammarskjold.

Rusk's statement was released about two hours in advance of its formal delivery at a luncheon meeting of the Foreign Press Association.

The move was obviously aimed at trying to stir up a powerful drive in the United Nations Assembly to override Soviet opposition to the appointment of a new U.N. chief executive.

Rusk and Soviet Foreign Minister Andrei Gromyko discussed the U.N. leadership crisis in a 4½-hour meeting Thursday afternoon. Most of their time, however, was spent on the Berlin crisis.

It appeared following their talks that Soviet Premier Nikita Khrushchev must decide in a week or so whether he is willing to negotiate on a Berlin compromise or intends to push his demands closer to the brink of war.

On the U.N. front of the East-West cold war, Gromyko told Rusk he intends to insist on the appointment of a three-man directorate to take over Hammarskjold's duties. He is absolutely opposed to any kind of any temporary arrangement, diplomats said.

Thus, while the Berlin crisis carries a greater danger of war, the U.N. dispute presents a more immediate and critical Soviet challenge to the United States and the leadership role it seeks to play in the United Nations.

"It is unfortunately clear," Rusk said, "that an immediate agreement cannot be expected on the naming of a permanent secretary-general. The United States therefore believes that action must be taken now to assure that the functions of office of the secretary-general are performed effectively and fully while agreement is sought on the appointment of a new secretary-general.

"An outstanding world leader should be named immediately to perform the functions of the office of the secretary-general for a temporary period, during which efforts to elect a permanent secretary-general should proceed in accordance with Article 97 of the charter."

Rusk told Gromyko the United States Britain France and West Germany want a peaceful solution of the Berlin issue but that they will never yield to Soviet threats or bargain away their basic rights in the disputed city. Gromyko gave no sign of willingness to modify the Soviet position but did agree to meet Rusk again next week.

The interval between sessions gives both men time to report to their respective chiefs—President Kennedy and Khrushchev. Rusk is expected also to inform Allied governments. While there is no time limit on the talks Western diplomats say Khrushchev's decision on a basis for East-West negotiations should be made known in a week or so.

Rusk has an opportunity today to explain publicly the stand of the United States and its Allies as developed in a Western foreign ministers conference at Washington a week ago. He will address a luncheon meeting of the Foreign Press Association with a question and answer session to follow.

The U. S. and Soviet foreign policy chiefs met in Rusk's skyscraper suite in the Waldorf-Astoria hotel for 4½ hours Thursday. The session was the first in a series initiated by Rusk to find out whether a basis for East-West negotiations is possible.

Half a dozen aides and advisers of each attended the luncheon including Ambassador Adlai E. Stevenson and Deputy Foreign Minister Valerian A. Zorin the top U. S. and Soviet delegates to the United Nations.

China Issue Debate Set

By TOM HOGE

UNITED NATIONS, N.Y. (AP) —The explosive question of whether Red China should be admitted to the United Nations today was assured a full assembly debate for the first time in U.N. history.

The United States and the Soviet Union both voted to put it on the General Assembly's agenda but with different goals. Washington is trying to keep Peiping out of the world organization and Moscow wants to bring in its Chinese ally.

The balance of power in the voting may rest with the new African nations, some of whom are friendly toward Peiping.

The Chinese question was one of several issues that brought on sharp debate in the assembly's 21-nation steering committee on Thursday.

Overriding bitter Soviet objections, the committee vowed to set up a separate debate on a treaty to end nuclear tests. The United States and Britain, sponsors of the move, hope this will spotlight the new round of tests started by the Soviet Union. Soviet representatives tried to have the question lumped with the assembly's debate on all disarmament questions.

Also approved for debate was the question of U.N. aid to prevent population growth. The topic was suggested by Sweden and Denmark and opposed by a number of Roman Catholic countries who fear this will lead to a U.N. debate on birth control.

Outside the committee, a move got underway to bypass Soviet opposition and name a stop-gap successor to the late Secretary-General Dag Hammarskjold. Support was growing for the assembly to name an interim chief of the U.N. secretariat.

East-West issues, especially the Berlin crisis, were discussed in private by Secretary of State Dean Rusk and Soviet Foreign Minister Andrei A. Gromyko. Neither was reported to have changed his position — and no change had been expected in the first meeting—but they planned another talk next week.

Typical of the gulf between the two nations was the way the China issue was presented in the steering committee. The Western proposal called for debate on "the question of representation of China in the United Nations; the Soviet one for "restoration of the lawful rights of the People's Republic of Communist China in the United Nations."

Both were approved, but the final wording will be decided when the full 99-nation assembly passes on the steering committee agenda decisions. Adoption of the Soviet wording would make it possible to decide the issue by a simple majority of U.N. members.

Algiers TV Blasted By Underground

ALGIERS (AP)—The French rightist underground army blasted Algiers' television Thursday night with explosives and called for demonstrations to test its strength against President Charles de Gaulle.

"De Gaulle, it is you who will disappear, you who will fall," declared the voice of Raoul Salan, fugitive ex-general who was stripped of his rank and sentenced to death for leading the abortive revolt last April against De Gaulle and his policy of self-determination for Algeria.

Salan is a leader of the secret army organization, a European terrorist group sworn to keep this big African territory part of France. He accused De Gaulle of planning to "sell out" the Europeans in Algeria.

Salan, former French commander in Algeria, spoke on a 25-minute pirate program. Its commandos knocked out the government TV station in a blast staged with military precision. Five pyons of the TV antenna tumbled.

TV screens flickered with black and white lines, and the secret army broadcast over a clandestine transmitter on the audio frequency.

Krush Would Link Germany To Talks

MOSCOW (AP) — Premier Khrushchev said today the Soviet Union is ready to negotiate any time any place to insure peace. But he told Prime Minister Nehru of India in a letter the talks which the so-called nonaligned nations proposed between him and President Kennedy should be part of a wider scheme devoted to drawing up a German peace treaty.

The Soviet premier tied the question of a German peace treaty and the situation in West Berlin to universal and complete disarmament. He said these two questions are linked and must be solved simultaneously.

Khrushchev was replying to a letter the recent Belgrade Yugoslavia conference of 25 nonaligned nations sent him Sept. 5. It asked specifically for a meeting of the Soviet premier and the U.S. President. It was delivered here by Nehru and President Kwame Nkrumah of Ghana.

Khrushchev's letter, as reported by the Soviet news agency Tass, said "the threat of war has never perhaps been as great in the postwar period as it is now." He blamed the Western powers who, he said, are "intensifying military preparations in every way." The Soviet Union, he said, has therefore been compelled to take measures to strengthen its security.

His answer to the plea for negotiations was the same as he gave in a speech here during Nehru's visit.

BERLIN (AP) — Premier Khrushchev said today war over Germany would "inevitably lead to a nuclear world catastrophe."

His words came in a message to the opening session of the Communist-dominated World Trade Federation meeting. Two hundred delegates from 40 countries are taking part in the East Berlin meeting "for a German peace treaty and the peaceful solution of the Berlin problem."

Khrushchev reiterated his proposals for solution of the German problem—signing of a peace treaty with both parts of Germany and turning West Berlin into a free city.

Shipping Tieup Is Slated

SAN FRANCISCO (AP) — A West Coast shipping tieup is scheduled Saturday, barring last-minute agreement between shipowners and the Masters, Mates and Pilots Union.

Capt. Robert Durkin, president of the deck officers West Coast local, said picketing is expected to start about noon Saturday.

The deck officers and the Pacific Maritime Association broke off negotiations Thursday night as an 80-day Taft-Hartley law injunction true expired.

The dispute is the only one remaining unsettled of a series involving half a dozen unions which brought on a national maritime strike last June.

The West Coast action would affect 136 cargo and passenger ships operated by 13 shipping companies.

Durkin said time will be allowed for removal of perishable cargoes before picketing is started. He said time is also needed to consult other maritime unions.

Spokesmen for the employers and the union reported no progress in talks here since President Kennedy halted the nationwide strike last July by invoking the injunction.

A union official said there were "no doors left open" to resume negotiations before a strike.

Federal mediator George Hilenbrand said he would contact both sides today but no further meetings were planned.

A strike could affect about 136 ships of 13 companies represented by the Pacific Maritime Association. There are 650 masters involved. Fifty of the ships service Hawaii.

The union is demanding a revision of rules governing seniority and hiring clauses.

U. N. Move May Put Adoula In A Squeeze

LEOPOLDVILLE, the Congo (AP)—The U.N. Congo command today adopted a posture of military neutrality after its bold stroke to put down Katanga's secession by a show of strength ended in bloodshed and a cease-fire.

The cease-fire in the breakaway province caught Premier Cyrille Adoula in a squeeze that could create a cabinet crisis in the central government he set up with U.N. backing to unite the country.

Adoula, 39, an anti-Communist nationalist, was under strong pressure from leftists he succeeded in bringing under his wing to take up the struggle from the U.N. in moving against Katanga.

Fresh shouts of defiance came from Gen. Maseko Norbert Mike, newly appointed military chief of Katanga, who declared in the Katangan capital of Elisabethville that the truce is only temporary. He charged the U.N. command intended to break the truce. The United Nations promptly denied the charge.

Only sporadic outbursts of gunfire in Katanga broke the quiet in the first 24 hours of the cease-fire, but the outlook was filled with uncertainty.

Tunisian diplomat Mahmoud Khiari, chief of U.N. civilian operations in the Congo who negotiated the cease-fire with President Moise Tshombe of Katanga, told newsmen Thursday: "Katanga's secession is purely the internal affair of the Congolese."

Many Western and neutralist diplomats viewed the agreement ending eight days of bitter fighting as an about-face by the U.N. But Khiara said: "We wanted to stop the senseless bloodshed."

He added: "This is the only way that a settlement (between Tshombe and the central government) can be obtained. Without agreement the situation could once again deteriorate to hostilities."

Khiari emphasized the cease-fire was strictly a military agreement and did not touch on the political issues involved.

There was no official reaction from the central government. But one diplomat said: "Adoula's government is not going to like it. About all it can achieve is a cabinet crisis between the Lumumbists and the moderates."

This was a reference to the followers of the slain ex-Premier Patrice Lumumba, headed by rebel chief Antoine Gizenga, who joined the unity regime.

Sales Tax Ruling On Cotton Revised

AUSTIN (AP)—The state comptroller revised a sales tax ruling today to make cotton farming exempt under the new 2 per cent levy.

The new ruling on cotton, and any other non-food crops grown on farms for the purpose of resale, is in a rewrite of a previous interpretation (No. 13) by Comptroller Robert S. Calvert.

The first interpretation issued Sept. 1, opening day of the new tax, said exemptions to the tax would apply only to animal life, feed, seed, plants and fertilizer used in producing food crops for human consumption.

Today's revision said the exemption applies to "feed for any form of animal life of a kind the products of which ordinarily constitute food for human consumption, or are to be sold in the regular course of business. Thus, there are two exemptions on the sale of feed to be considered. The first exemption is on feed when purchased and fed to animals where the products of those animals ordinarily constitute food for human consumption. Beef cattle, swine and poultry are examples of these types of animals. The second exemption covers any feed purchased and fed to animals, where such animals are raised for the purpose of renting and selling."

The first interpretation said that mules and horses could be taxed because they do not ordinarily constitute food for human consumption.

Today's revision said the same two exemptions apply to seeds, annual plants, fungicides and insecticides, and fertilizers applied to both food crops and those raised for resale.

"The exemption on fungicides and insecticides also applies to non-food crops such as cotton and flax; and to orchards," the ruling today said.

Today's ruling also affected the taxability of machinery or equipment used on farms and ranches.

"All machinery and equipment used on a farm for the production of food for human consumption, or to any other agricultural products produced in the regular course of farming is exempt from this tax," the new ruling said. "Parts for farm machinery and equipment will be taxed."

The ruling said examples of items to be exempt include tractors, plows, windmills, pumps, irrigation engines, cream separators, milking machines and hay balers. Items not exempt include building materials for buildings erected on the farm, fence and fence posts, grain and storage bins.

Troops Rush To Counter Rebel Drive

SAIGON, South Viet Nam (AP) — Government reinforcements have been rushed to counter a Communist rebel drive in the mountains north of this capital.

Paratroop units left Thursday to strengthen Ban Methuot after large rebel forces were reported on all sides of that city of 50,000.

Informed sources said a company of civil guardsmen was reported overrun by Viet Cong attackers at an outpost 20 miles from Ban Methuot. Contact was lost with another unit sent out to relieve the guardsmen.

Military observers have expressed concern over the upswing in rebel activity with large troop units in the past week, particularly in the north.

The latest reported attack came Wednesday night about 20 miles south of the highland center of Ban Methuot, 200 miles north of Saigon.

Informed sources said about two battalions of Viet Cong—a number that could vary between 500 and 1,000—took part in the assault. No further details were given.

Earlier in the week another major rebel force overran the capital of Phuoc Thanh Province, about 60 miles north of here, killing the province chief and dozens of officials and defending guardsmen.

Little Rock Has Highest Radioactivity

WASHINGTON (AP) — Little Rock, Ark., has registered the highest level of radioactivity in the atmosphere recorded in the United States since the Soviet Union resumed nuclear tests.

The Little Rock field estimate Wednesday was 709 micromicrocuries of gross beta radioactivity per cubic meter of air, the Public Health Service reported Thursday. Little Rock had registered 0.29 Sept. 14 and 169 Tuesday.

Other cities where readings on Wednesday topped 100 included Montgomery, Ala., 534; Topeka, Kan., 192; New Orleans, La., 114; Minneapolis 123; Pascagoula, Miss., 121; Jefferson City, Mo., 250; Ponca City, Okla., 147; and Austin, Tex., 114.

The Public Health Service has never set any danger level for such radioactivity, pointing out that the controlling factor is how much of it gets into the human system and for how long. Even that is modified by the individual's degree of exposure to natural radiation and medical X rays.

Foreign Aid Still Toughest Problem Facing Congressmen

WASHINGTON (AP) — Foreign aid remains the toughest problem for Congress to settle before adjournment.

Senators and House members already were drifting away from Washington as leaders on both sides passed the word they were determined to close down the first session of the 87th Congress Saturday night.

Senate-House conferees held their first sessions on the foreign aid bill Thursday and broke up in flat disagreement without even fixing a meeting time for today. But they were expected to get together by this afternoon.

The Senate passed a $4,196,600,000 bill while the House voted $339 million less. House conferees Thursday demurred strongly against accepting compromise figures close to the Senate version.

The controversial bill to ease the tax burden on DuPont Co. stockholders who might receive General Motors stock in a divestiture proceeding comes up for Senate debate today.

But chances for final action on it this session appeared slim. Democratic Leader Mike Mansfield of Montana said he would put it over until January if prolonged controversy developed.

DuPont is under a Supreme Court order to get rid of the 63 million shares of G.M. stock it owns. The company has asked Congress to pass legislation which would reduce taxes sharply on DuPont stockholders—if the G.M. shares are distributed to them.

The House passed the bill Tuesday night and the Senate Finance Committee cleared it in a late session Wednesday night.

Mansfield warned that he would have to put the DuPont bill aside for action on the remaining appropriations bills necessary to run the government in the current financial year.

One of these, a $3.6 billion public works measure carrying funds for flood control, rivers and harbors, and reclamation projects, was to be brought up today.

The rural poultry bill, a catch-all supplemental appropriations measure to be voted on in the Senate appropriations committee today, and taken up on the floor Saturday.

Both of these still will have to go to conference with the House.

Congress Thursday completed action on President Kennedy's Peace Corps bill.

The Senate sent to the President a bill permitting professional sports leagues to negotiate contracts for telecasting of games by member teams. The courts had thrown out such a contract for the National Football League.

Also cleared by the Senate for the President was a $16.5 million subsidy bill for small lead and zinc producers. But foes of this later were able to arrange for a new vote today on whether final passage should be reconsidered.

Senate-House conferees scheduled a further meeting today in an effort to work out final details of the disarmament agency asked by Kennedy.

The Senate Foreign Relations Committee was expected to act quickly to approve Foster Hamilton Todd's Navy attorney nomination to be assistant secretary of defense for international security affairs. He is to succeed Paul Nitze as chief Pentagon aid and foreign aid chief.

ON DISPLAY HERE—This Cadillac coupe is one of the new 1962 models on display at Eiland Motor Co., 312 East Highway.

Cadillac For '62 On Display Here

The new Cadillac automobiles for 1962 are now on display here at Eiland Motor Co., 312 East Highway.

Beginning its sixtieth year in the automobile industry, Cadillac presents for 1962 the most complete and competitive line of new models in the division's history, according to Harold G. Warner, Cadillac general manager and vice president of General Motors.

"A dramatically new silhouette, outstanding engineering achievements and important safety features, new to any American motorcar, are combined in our anniversary automobile," Warner said.

"As the records show, safety always is of prime concern to Cadillac each year. This year is no exception. In fact, in 1962 there is even more emphasis on safety with a new dual braking system and significant lighting developments, both in the front and rear of the automobile," Warner points out.

In this anniversary year, Cadillac is offering 12 models, the same as last year. Five of the 12 will feature a classic new roof design giving an entirely new silhouette to the car and changing the over-all styling personality.

This sleek and low roof design which reflects the leadership of last year's Fleetwood Sixty Special Sedan appears on the Four-Window Sedan de Ville, the Coupe de Ville, Sixty-Two Coupe, Town Sedan and Park Avenue Sedan.

Styling and engineering combine to bring exciting new lighting developments to the industry. At the side of the headlamps is a new cornering light, which illuminates the way into a turn at night. The taillight in the rear bumper also is completely new and houses a taillamp, stop lamp, turn signal light and back-up light. Yet under normal daytime operations the exterior lens appears white.

Unquestionably the major contribution to safer driving is the new three-way brake system on the 1962 Cadillac, the first of its kind in the automobile industry. Heart of the system is a dual-type power brake master cylinder with a separate piston and brake fluid reservoir for front and rear brakes.

With the parking brake, which again this year can be employed as a true auxiliary brake, the 1962 Cadillac has three separate brake systems in an emergency.

The reliable 390 cubic inch V-8 engine remains unchanged in specifications with 325 horsepower and a 10.5 to 1 compression ratio. However, it is quieter in operation and has still better durability through selective fittings of all main bearings.

The heater will be standard equipment on all 1962 Cadillacs. Air conditioned cars will be quieter due to the use of a newly designed fan clutch and a smaller, lighter yet higher output six-cylinder Freon compressor.

Kilday To Take Post

WASHINGTON (AP) — Rep. Paul J. Kilday will cease to be a member of the U.S. House at midnight Sunday. The San Antonio Democrat submitted his resignation to Gov. Price Daniel Thursday.

Kilday, who has represented the 20th District for 24 years, will become a judge on the U.S. Court of Military Appeals. The Senate has confirmed his nomination by President Kennedy.

Meanwhile, his colleagues in the House lauded Kilday for his service in Congress.

Rep. Charles Halleck, R-Ind., praised Kilday for his "great attribute of balance that has shone through the deliberations of the House like the bright sun on a clear day."

Rep. George Mahon, D-Tex., said his state's "prestige has been bolstered in the House for nearly a quarter of a century by the presence of Paul Kilday."

Two Mishaps Are Reported In City

The Snyder Police Dept. recorded two accidents for the last 24 hour period.

One at Thirtieth Street and Avenue [illegible] involved a 1957 Ford driven by Owen Dickey and a 1955 Buick operated by Anna Stephens.

The Ford suffered only minor damages estimated at about $10, while the Buick was estimated at about $35.

Number two was on the East Highway, when a 1956 International truck, owned by C. N. Blackwell, Jarrell, Tex., rolled across the highway and hit a house trailer owned by Roy Lashaway.

Damage to the truck was estimated at about $150 and to the trailer at about $500.

JFK To Keep Both Sides Up To Date

WASHINGTON (AP)—President Kennedy told leaders of both parties today he would contact them promptly if the international situation requires after Congress adjourns.

Republican and Democratic leaders of House and Senate said they would be available in the event of an emergency.

Leaders are aiming for adjournment Saturday night.

Kennedy called the leaders to breakfast at the White House just before departing on a trip that will take him to the United Nations for a speech on Monday.

Both Senate Democratic Leader Mike Mansfield of Montana and Republican Leader Everett M. Dirksen of Illinois said there was general agreement that the leaders could be contacted within 24 hours. Dirksen added this would apply to all members of Congress except those abroad.

Dirksen reported that Kennedy's only comment on former President Dwight D. Eisenhower's speech raking the Democratic administration was that "it was quite a dinner in Chicago."

Eisenhower delivered his harshest criticism of the Kennedy administration to date at a dinner honoring Dirksen in Chicago last Saturday night.

Kennedy invited the top Democrats of both Senate and House to breakfast before taking off for his summer home at Hyannis Port, Mass. on Cape Cod. Vice President Lyndon B. Johnson sat with the group but left early to bid formal farewell to departing President Manuel Prado of Peru.

During the weekend at Hyannis Port Kennedy will polish the speech he is to deliver to the United Nations General Assembly Monday.

Dirksen predicted one of the last hurdles to adjournment — agreement on foreign aid spending—would be cleared with an appropriation that will be "not too unacceptable." He said only about $200 million is involved in dispute between members of a Senate-House conference committee.

Ferrers Head Into Court

HOLLYWOOD (AP)—In a development that caught most of the film colony by surprise, legal representatives of Rosemary Clooney confirmed today that the singer plans to seek a divorce from her academy award-winning husband, Jose Ferrer.

Ferrer, the versatile actor-director best known for his movie portrayal of Cyrano de Bergerac in 1950, married Miss Clooney eight years ago. They have five children.

Miss Clooney, 33, was not available for comment.

Ferrer, 49, was in Dallas, Tex., directing a remake of the movie "State Fair."

The marriage had long been regarded as one of Hollywood's happiest.

Close friends reportedly had detected mounting difficulties in the marriage in recent weeks.

The marriage was the first for the singer and the third for Ferrer. He formerly was the husband of Uta Hagen and Phyllis Hill.

The Ferrers' children are Miguel, 6; Maria, 5; Gabrielle, 4; Monsita, 3; and Rafael, 1.

Cadillac presents for 1962 the Masterwork of the Motoring Age

Fleetwood Sixty Special, above; Sedan de Ville, below.

You have had your first look at the new "car of cars". Its name is Cadillac—and its destiny is a place among the most renowned automobiles of our time.

Its new styling is remarkably clean and crisp and graceful—with a look of "rightness" in every line and contour and detail.

Cadillac's new Fleetwood interiors beckon with a jewel-like beauty. There are marvelous new fabrics and leathers . . . and new conveniences on every hand.

Engineering triumphs include independent front and rear braking . . . exclusive new cornering lamps that light your way around turns . . . a revolutionary three-phase rear lighting system . . . and many other important advances.

Yet, some of the noblest advances cannot be seen. They must be felt and sensed—performance that is incredibly quiet and smooth and nimble . . . handling ease so great that the mere weight of your hand puts you in command of the road . . . craftsmanship that is so practiced and so precise that the car has become a marvel of construction and a paragon of dependability.

These new Cadillac wonders are evident in each of twelve new body styles—and are available with the widest selection of interiors in Cadillac history.

Even if you have never before considered a Cadillac—you should take a journey in this one.

It's Cadillac for 1962. You'll be hearing a lot about it.

BREAKFAST HOSTESSES—These four women were hostesses for the Altrurian Daughters Club Federation Breakfast held Wednesday morning at the Martha Ann Woman's Club. From left they are: Mrs. Frank LeFeuvre, Mrs. Herman Doak, Mrs. Prentis Bass and Mrs. M. L. Broman.

Mrs. Harold Brown Presents Program At Wednesday Meet

The Altrurian Daughters Club held their annual 'Federation Breakfast' Wednesday morning at the Martha Ann Woman's Club with 21 members present.

Following the delightful meal Mrs. Harold Brown presented the following program: "'Responsible, Responsive Citizenship for Survival'", is the National theme, under Mrs. Lee Ozbirn, national president.

"I do not know how she would handle the subject, were she speaking to us today, I do believe, however, that if her Education Chairman, Mrs. L. E. Dudley of Abilene, were addressing us she would say that education creates responsible, responsive citizens.

"I believe she would say that women's clubs are being unrealistic when they place their emphasis on cultural projects, while we disregard the 8,000,000 adult filiterates in the United States.

"Let us discuss the subject as it affects us, as club women and as members of the federation we are truly responsible and responsive — or are we just responsive on Wednesday?

"To achieve our aims collectively, we must first do our part as individuals. Since our own development, as well as that of the federation, can be measured, in part, by the depth of our community concern, we should exercise our responsibility to ourselves and our community, by actively participating in all local affairs. Community accomplishments in regard to schools, recreational facilities, a sound government and health have always been areas of clubwomen's concern. We must continue with equal concern.

"In addition to our community and ourselves, we have a national responsibility.

"Since its inception, the Federation has been mindful of the democratic responsibility of active participation in all areas of national affairs. To safeguard our way of life requires the energies of every American. We must exercise our voting franchise, be familiar with national issues, attend open meetings where governmental policies are formulated. Our State Legislators and Congressmen are our national spokesmen ...it is our responsibility to see that our interests are represented.

"The economic foundation of our country was built by the energy, imagination and ability of private citizens, in free competition with each other. This foundation needs our support.

"Today, internal security depends on more than the security of economic prosperity; individual freedom, military protection. We are now at a crossroad in our national history, threatened by the force of an economically and socially opposing society. The dangers of a spreading communistic system obligates us to look beyond our doors to the rest of the world. The threats to our survival are great! And we don't want just to survive! We want to live and do well!

"Democracy is founded upon a philosophy in which the individual is of prime importance, but equally important are his responsibilities to democracy.

"Let us look at a few areas in which we might exercise particular attention as citizens. There is the matter of Federal Aid to Education, which seems to be pretty well under control for two years, but remember two years passes quickly. There are state laws pertaining to education to be considered, and since this club is always very, very interested in education, let us remember that our State Representatives and Senators are our spokesmen—but we are the speakers — well, at least, the vaters.

"Let us consider the place of women on juries. Are we really ready and willing for jury service. All but five states now use women on juries, but 19 of those are optional. Women are excused just because they are women, if they ask to be. In the last national election more women were eligible to vote than men, and one womans vote counts just as much as any mans vote. Women control more property than men, and yet — the rights of women in Texas are not equal to those of men. There is an area in which we are sure to have opportunity to exercise our responsibilities to women.

"Let every one of us share the responsibility of being forceful about democracy, that democracy may be the way of the future."

Mrs. P. W. Cloud read an article measuring the citizenship of the club that was published by the Scurry County Times in March, 1946.

Mrs. Womack Reviews At Acacia Club

The Acacia Study Club met Wednesday, Sept. 20, at the Martha Ann Clubhouse to hear Mrs. Bob Womack review Thorton Wilder's book "The Bridge of San Luis Rey".

Mrs. Womack told of how Brother Juniper felt a need for theology among the exact sciences. She said: "Brother Juniper believed, 'Either we live by accident and and die by accident, or we live by plan and die by plan'. And on that instant Brother Juniper made the resolve to inquire into the secret lives of those fine persons killed at the fall of the bridge of San Luis Rey."

Mrs. Elmo Weyel was hostess to the club and their four guests, Mrs. Joe Carroll, Mrs. Jack Taylor, Mrs. Robert Clinton and Mrs. Harold Cannon.

Mrs. Ray Houpt gave the federation topic and Mrs. Elmer Muhlback presided over the meeting.

The next review in the club series of best selling books will be "The Kings-Men" to be given Oct. 4 by Mrs. Tim Dennis.

Mrs. F. Bryant Given Shower

A pink and blue shower was held recently for Mrs. Franklin Bryant at the home of Mrs. Odell Cox.

Upon arrival the guests were served blue punch and blue cake squares which were topped with pink storks.

The service table presided over by Mrs. Donald Crowder and Mrs. Maurice Scott was laid with a pink cloth with a stork as the centerpiece.

Games were directed by Mrs. Cox and the honoree was then presented with a message form the stork and gifts were opened. Hostesses for the occasion were Mmes. Layne, Roddy, Crowder, Scott and Cox.

Mexican Meat Patties

2 pounds ground chuck beef
6 teaspoons dry onion-soup mix
2 tablespoons raisins (rinsed in hot water, drained and chopped)
12 large pimiento-stuffed olives (thinly sliced)
2 tablespoons fat (if needed)

Make 12 flat patties of the beef. Sprinkle 6 of them with the onion-soup mix (just as it comes from the envelope) and the raisins; place olives over. Put remaining 6 patties over these; mold edges togther thoroughly with fingers. Brown rapidly in hot heavy skillet, using fat if needed; reduce heat and cook slowly until just pink in center or entirely done through. Makes 6 servings.

VIC Club Holds First Social Meet

The Vocational Industrial Club of Snyder High School had their first social a watermelon feast Thursday Sept. 14 at Town Memorial Park.

The party starledoff with a watermelon feast. To finish off the party the second year members initiated the first year members. Initiation consisted of the student being cloaked in toe sacks painted VIC emblems on their foreheads and taken to the square to repeat the pledge and sing the Alma Mater.

First year members being initiated were: Donald Deere Barry Elledge, Tommy Cotton, Johnny Floyd, Marlin Overman, Tommy Ryan, Mickey Birdshall, and Darlene Woolever.

Second year members initiating were Nancy Lewis, Sandy Pearce, Buddy Haigwood, Lyndon Yarbrough, Virginia Payne, Jerry Rogers and Advisor Mr. J. C. Jackson.

Letter From France Brings Bitter Jigger Of Hemlock

BY INEZ ROBB

The cowardice of the so-called neutral or non-aligned nations at Belgrade and their grovelling care not to offend the U. S. S. R., despite its resumption of atomic weapons testing in the atmosphere, has been as gall and wormwood to the West.

Now an unexpectedly bitter jigger of hemlock has been added to the brew by a recent letter to the New York Herald Tribune from a Virginia Hart Chaquet of St. Paul, France. Since she refers to the U. S. as "home," I can only deduce that Mme. Chaquet is an expatriate.

Virginia, not to be confused with the innocent who wanted assurance about the existance of Santa Claus, writes from France that—if given her druthers—she would much rather be Red than dead.

However, what is really gnawing at the vitals of this expatriate is the terrible fear that the rude, crude, uncultured barbarians who inhabit the United States, in her words, "aren't sufficiently civilized" to knuckle under to Khrushchev and thus avoid atomic war and "the destruction of civilization."

Like the Belgrade neutrals, Virginia finds nothing to criticize in the behavior of the U.S.S.R. and much to condemn in America. In her letter putting the blast on the U.S.A. there is nary a harsh word for Khrushchev, the Kremlin policy or communism.

Khrushchev's current reign of terror by atomic threat is ignored by Virginia. What is truly alarming in this world, she writes, is American public opinion polls indicating that "millions of Americans" are "ready to risk war" in a belief that it is better to be dead than Red.

If we Americans would only quit our poll-rattling and give in to Khrushchev, Virginia happily prophesies that "future generations, alive, could eventually extricate themselves from tyranny. Empires have never been permanent; there is no reason to suppose that communism would last forever."

What are generations—centuries—of slavery, if only Virginia has a whole hide?

To bolster her theory that it is better to be Red than dead, better to trade freedom for slavery, better to be mice than men, Virginia cites an old chestnut attributed to Dr. Albert Einstein. He is supposed to have said that if atomic war ever comes "we will not again hear Mozart."

There may be some persons in the congregation obtuse enough to ask why Virginia believes she has a better chance to hear Mozart under a triumphant communism than under a democracy prepared to fight for its liberty. But Virginia answers this question in full when she writes:

"Now consider life where the Gallup poll men tread; say in those countless small communities scattered across that vast country where the noblest flowerings of civilization seldom penetrate (with the exception of the Bill of Rights). What would they make of Einstein's reply?

"How many of those millions of Americans ready to risk war have heard, or even heard of, let alone been moved by, a symbol of man's value like the Mozart Requiem? Can it be that those Americans aren't sufficiently civilized really to grasp what be lost by the destruction of civilization?"

It is generous of Virginia to admit, parenthetically, that the Bill of Rights, has reached the unlettered louts in the boondocks. But what really has her off her rocker is the insane willingness of those louts to fight for that bill when supine surrender would solve everything—for her.

Virginia's contempt for her fellow-countrymen is equalled only by her ignorance of the United States. Her fatuous, self-confessed intimations of intellectuality fall of the dead weight of their own pretentiousness.

She ignores the fact that out of "those countless small communities scattered across that vast country where the noblest flowerings of civilization seldom penetrate" have come, twice in the 20th Century, armies of young men who have made the world safe for those "noblest flowerings," for Virginia and for Mozart.

Only "the noblest flowerings" and Mozart seem to have been worthy of their sacrifice.

14 Counties May Get Farm Loans

WASHINGTON (AP)—Designation of 14 Texas counties as areas where farmers are eligible for production emergency loans was announced Thursday by Sen. Ralph Yarborough, D-Tex.

He said he was notified that farmers may seek such loans if they suffered damage this year because of Hurricane Carla, other adverse weather conditions or insect infestation.

Applications for the loans should be made at the county offices of the Farmers Home Administration.

Definition Of Crab Challenged

SEATTLE, Wash. (AP)—A crab is a crab, but is it a fish? The answer is important to Orlin E. Lawson, who sells crabs at Milton, Wash.

The state contends Lawson illegally sets his prices by the crab instead of the pound. The law forbids the sale of any fish by the unit.

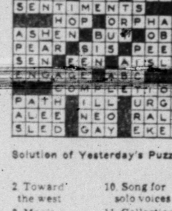

Justice William Lewis ruled Thursday any creature coming from the sea is a fish. He fined Lawson $100, suspended.

Tigers Seek To Tame Steers Tonight

TO LEAD MATES—A pair of seniors—quarterback Steve Free (left) and tackle Larry McNair—have been designated as game co-captains for tonight, when the Snyder Tigers take on the Big Spring Steers. The game will transpire in Tiger Stadium beginning at 8 p. m. (Photo by Jackson)

Kickoff Is 8 O'Clock

An ivy - covered rivalry dating all the way back to the pre-depression heydays will be renewed here tonight, when the Snyder Tigers engage the Big Spring Steers in a non-district grid "go" within the Tiger Stadium confines.

Kickoff time for the battle is 8 p.m.

Snyder will go into the game in hopes of hiking a razor thin series edge which has been characterized by prolonged winning skeins on the part of both teams. During the history of the series, the Black and Gold elevens have emerged victorious in six tilts and have fallen in a total of five.

The rivalry began in 1928, with Snyder taking that initial encounter, 7-0. Big Spring bounced back to win the following year, 19-7. Following renewal of the inter - city duelling in 1952 the Steers reigned supreme three years running by scores of 28-13, 27-14, and 32-15.

The pendulum swung back to the Snyder side in 1955, however, when they won five games in consecutive years by tallies of 26-7, 39-0, 19-7, 25-20, and 31-6. The past season saw Coach Emmett McKenzie's Steers rallying to break the Tiger string of victories as they edged the locals, 14-12.

From a strength standpoint, the Tigers are as solid as they have been at any time during the young season, with there being only two boys definitely out of the fray—quarterback Tim Marcum and end Ray Grimmett. Both continue to be sidelined with broken bones, but should be ready to return to action within the next couple of weeks. Quarterback Steve Free is still slowed down due to injury, but will be in shape for at least partial duty.

Tiger Coach Horrace Bostick advances that no changes are in evidence in the team's starting offensive line. Two new starting faces, however, are in prospect at the halfback positions. Gail Read and Johnny Mitchell have been granted the nod for the slots in relief of Bax Callaway and Mike Morris.

The Club's starting defensive unit will be composed of Larry McNair and Bob Smith at guards, William Robinson and Bill Weaver at tackles, Tim Hardin and Billy Stewart at the ends, Joe Robinson and Darrell Aldridge backing the line, and Mitchell, Read, and Eddie Phy as the deep men.

McNair and Free will serve as the game's co-captains.

Weight - wise, the backfields of the two teams are comparable. Snyder will sport a hefty weight advantage up front, however, averaging out at almost 183 pounds to the man as stacked up against the 159 - pound average of the Steers.

Big Spring has ventured out just once this season, when the Steers succeeded in routing Plainview, 36-0. Snyder has fallen to Borger, 0-22, and Andrews, 8-12, in its two early outings.

Hogs Picked For Upset

By HAROLD V. RATLIFF
Associated Press Sports Writer

Seven intersectional foes and a neighborhood toughie round out the opening schedule for Southwest Conference football Saturday.

Defending champion Arkansas meets Mississippi in the biggest game but all of the intersectional tests are significant.

Kansas invades Fort Worth for a crack at the blues-singing Texas Christian Horned Frogs.

Rice hosts a well-stacked Louisiana State. Baylor entertains Wake Forest, Southern Methodist meets Maryland for the first time and Texas Tech plays Mississippi State in the second half of a college doubleheader at Jackson, Miss., as the league levels its sights largely on the South.

Arkansas and Mississippi will be playing in the first half of the doubleheader.

The only team making a lengthy foray will be Texas, which hikes itself out to Berkeley for a crack at California.

It's the biggest intersectional opening yet and one that could get the league off to a flying start in its desire for national prominence.

Texas A&M is the only member playing the home folks. The Aggies get together with University of Houston at College Station.

There is a question of whether the conference can come out ahead for the day and night. Baylor and Texas are solid favorites but the others are considered in the category of tossups.

The Arkansas-Mississippi melee brings together the champions of two conferences—Mississippi is king of the Southeastern—and it also is the final game of the current series. In 24 years each has won 12 games.

Yanks, Maris Sidetracked

By MIKE RATHET
Associated Press Sports Writer

Roger Maris' date with destiny is at least a day away.

The New York Yankees' slugger, one shy of matching Babe Ruth's record 60-homer total of 1927, failed to get the elusive commodity Thursday night as the American League champions lost to Baltimore 5-3, going hitless in four trips to the plate.

That left Maris, who no longer can officially tie the Bambino's mark under the 154-decision limit set by Commissioner Ford Frick, with seven games in which to match or surpass the Babe on the AL's expanded 162-game program.

The Yankees, idle today, move into Boston next for a two-game set Saturday and Sunday, then return home for a pair with the Orioles and a windup three-game series with the Red Sox.

"I intend to play every game the rest of the season," insists Maris, who hit No. 59 at Baltimore Wednesday night and became the first player in major league history to come that close to Ruth's record.

He didn't get anywhere with Jack Fisher who brought his record to 10-12 with a three-hitter.

Fisher kept the Yanks—using mostly reserves—away from the plate except in the sixth when they came up with two unearned tallies as Bob Hale reached base on an error and Tony Kubek hit a two-out, pinch-hit homer.

Blue Devils, Texans In Five-Game Sweep

Travis Blue Devil elevens won all three games as played Thursday to add still more luster to their season record, having now won all seven of the games in which they have been engaged.

In other games, Lamar 9th and 8th marked up victories to complete the Snyder sweep of the evening.

Whys and wherefores follow below:

Travis 9th 20, Goliad 6

BIG SPRING — The Travis 9th Blue Devils waltzed past Goliad of this city by 20 - 6 here Thursday for their third win running.

Two second quarter touchdowns triggered Travis to the win. Halfback Robert Foree swept end for 12 yards and a score for the initial six - pointer, after which teammate Leslie Brown, also a halfback, rifled to end Bobby Kay for 30 yards and another tally, allowing Travis to leave the field at halftime nursing a 12-0 lead.

Fullback Gary Bergeron added some insurance in the final quarter by scoring from eight yards out on an off tackle play, and Brown converted on a dive play to up the ante to 20-0.

Goliad recoiled and averted a shutout by completing a 50 - yard scoring pass in the final minute of action.

Coach Wayne Tyrone was highly pleased with the Blue Devil showing, commenting that his charges displayed a "tremendous effort."

Lamar 9th 8, Sweetwater 0

Fullback Tom Kincaid skirted right end on a 10-yard touchdown jaunt with 6:13 remaining in the final quarter of play here Thursday, and in the process converted a frustrating evening into a victorious one, as his Lamar 9th Texans applied the pincers to Sweetwater, 8-0.

It was the third win in as many outings for the Texans, who preserved their perfect defensive mark of not having allowed their goalline to be crossed in the three games played. They had previously blanked Big Spring Goliad and Runnels by scores of 14-0 and 8-0, respectively.

Following his TD caper, Kincaid capped off his performance by diving through left guard for the two conversion points.

The touchdown had been set up by a 40-yard aerial from quarterback J. N. Wall to halfback Jerry Wilson.

Texan Coach Ace Amos commented that his team played a "really wonderful game considering its physical condition — they all played their hearts out." Several team members were in a weakened condition, one of whom was Kincaid. Others either held out or operating at half - steam were fullback Doc Rinehart and tackles Roy Miller and Jim Moss.

Travis 8th 8, Goliad 2

Fullback Jerry Kincheloe steamrolled 36 yards around right end here Thursday evening with only 41 seconds remaining in the game to pull victory from defeat for the Travis 8th Blue Devils, as they went on to down Big Spring Goliad, 8-2, for their second win in as many outings.

A short punt that bounded out of bounds on the Big Spring 36 set up the scoring situation, as the Blue Devils tallied on the first rattle out of the box from that point. Kincheloe also plowed through left guard for the bonus points.

Goliad had gained the upper hand early in the game, gaining credit for a safety late in the first quarter for the two - point margin they held through the greater part of the contest. Following a punt which rolled dead on the Blue Devil two - yard line, Kincheloe fumbled momentarily while attempting to skirt left end, and was subsequently spilled behind the goal.

Lamar 8th 8, Sweetwater 6

SWEETWATER — Lamar 8th won its second 8-6 decision as against one loss for the season here Thursday, with Sweetwater falling victim to the Texans.

Neither team was able to muster a successful scoring drive until the final period. Sweetwater crossed the double stripe first, running an intercepted pass back for 40 yards and a touchdown. Texan Billy West foiled the extra point attempt by cutting down the ball carrier on an attempted sweep.

David Holt blocked a Sweetwater punt to put the Texans in scoring position on the six - yard line soon thereafter. Halfback Eddie Greenfield marked up the touchdown on a dive play from four yards out. Quarterback David Bentley kept off tackle for the extra points and margin of victory as three minutes of playing time showed to be left in the game.

In addition to West and Holt, other Texan defensive standouts included Roy and Ray Kizer, David Black, and Roy Taylor.

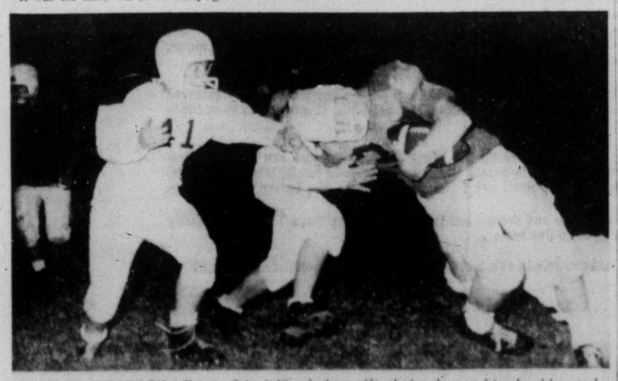

Bill Blum snared a Sweetwater pass in the waning moments of the game, also, to stymie a paydirt drive on the Lamar 30 and snuff out the last Pony hopes for pulling the game out of the fire.

Travis 7th 38, Goliad 12

BIG SPRING — Travis 7th, triggered by the authoritative running of David Cadena, marched past Goliad 7th here Thursday, 38-12.

Cadena frolicked for a total of four touchdowns and added a pair of two - point conversions for good measure in pacing the Blue Devils to victory. The touchdown plays included a seven - yard plunge, a 35 - yard reverse, and end runs of 10 and 45 yards.

Juan Hernandez tallied the only other Travis TD on a 65-yard caper, then followed up by running over the conversion points. The remaining two Blue Devil points resulted from a conversion run on the part of Delbert Bruns.

DRIVING FULLBACK—Travis 8th fullback Jerry Kincheloe lowers his shoulder and drives for that extra yard during action of last night here, in which his Blue Devils slipped past Big Spring Goliad, 8-2. Kincheloe scored the lone Travis tally on a 36-yard run, then capped it off by running the conversion. (Photo by Larry Smallwood)

Trojans, Wrecks To Meet Tonight

By JACK CLARY
Associated Press Sports Writer

Georgia Tech and Southern California, accorded at most, the accolade "could surprise", start the weekend's college football activity tonight in that old baseball park, the Los Angeles Coliseum.

Whether Georgia Tech will feel that 60 minutes is too long depends on how far junior quarterback Stan Gann has come after a so-so sophomore season that torpedoed his big buildup.

The Trojans, uncertain in the line after losing the McKeever brothers, Mike and Marlin, and gigantic tackle Dan Ficca, have a bevy of halfbacks that present an improved running game. But their passing offense is still untested.

Elsewhere tonight, Detroit opens its season against Western Michigan, University of the Pacific plays speedy San Jose State, a winner last week against Brigham Young, Louisville meets Eastern Kentucky and Chattanooga plays Tennessee Tech.

There is no intersectional flavor on Saturday's card as the season begins to pick up steam. However, Iowa and Ohio State, ranked 1-2 in The Associated Press' pre-season poll won't begin until next weekend, nor will Michigan State (No. 6), another Big Ten power.

Third-ranked Alabama will see how strong its souped-up offense is against Georgia Texas, ranked fourth and a co-favorite with Rice's Owls for the Southwest crown, are on the West Coast against weak California.

The Owls have their work cut out for them against defensive giant Louisiana State (No. 5), in a night game.

The East's top game pits seventh-ranked Penn State against Navy, which is minus its All America Joe Bellino, and has only two starters back from its Orange Bowl team. Syracuse, (No. 10) another eastern power pits All America back Ernie Davis against Oregon State and its great performer, Terry Baker, on the West Coast.

The day's television game is the opener of a day-night "doubleheader" in Jackson, Miss. There, Mississippi, last year's SEC titlist, plays the 1960 SWC winner, Arkansas (ABC-TV, 3:15 p.m. Eastern Standard Time) while at night Texas Tech meets Mississippi State.

'B' Team To Test Angelo

The Snyder Tiger "B" team, with one victory and one defeat under its belt, will be trying to get back on the plus side of the ledger tomorrow in San Angelo, when they tangle with the Bobcat "B" at 2 p.m.

In area action of tonight, the Lincoln High Trojans of Snyder will be in Vernon. Hermleigh is to entertain Roscoe, Ira plays host to Merkel, and Sud travels to Forsan.

Snyder's District 3-3A family, members playing tonight include Sweetwater, which takes a jaunt to Stamford; Colorado City, which hits the road for Monahans; and Lamesa, which is also on the road for a bout with Kermit. The other district member — Lake View—will be in Odessa to play Ector in a game slated for tomorrow night.

The Brotherhood will meet for a regular work night Monday evening, at which time an attempt will be made to put the facilities of the church in better condition for use. At the same time, youth of the church will attend the Associational Youth Rally, which is to be held in First Baptist Church in Snyder.

The WMS will meet at 9:30 a. m. Tuesday and at 4 p. m. the Sunbeams and Girls' Auxiliaries will hold their meetings.

One of the laymen of the church will be in charge of the "Hour of Power" service at 7:30 p. m. Wednesday.

The ladies of the WMS will meet Thursday in Colonial Hill Church for the annual meeting.

Sweden Spurred To New Efforts

By BRACK CURRY

STOCKHOLM (AP) — The death of Dag Hammarskjold has brought traditionally neutral Sweden to new efforts to carry on his task in the troubled Congo.

The government, the press and public opinion seem united in the view that the loss of Hammarskjold should not change U.N. policy in the former Belgian colony.

Sweden has not fought a war since 1815. Nevertheless a considerable number of Swedes hope the U.N. will smash what they consider foreign rule and influence in secessionist Katanga—by force if necessary.

The mood in this nation of 7½ million people is one of sorrow, and bitterness that its most distinguished son of modern times lost his life in a remote African woods under what are widely regarded here as suspicious circumstances.

Defense Minister Sven Anderson voiced the views of the government Wednesday: "The Swedish standpoint in regard to Sweden's obligation in the service of the United Nations is unchanged. And the Swedish defense staff if now enrolling new battalions to replace Swedish U.N. forces in the Congo and Palestine as their present terms run out."

Anderson announced that Sweden will send four jet fighters to the Congo to reinforce U.N. forces there. These are Swedish-made Saab "Flying Barrels." They can go 650 miles an hour and are armed with four 30-millimeter cannon and rockets.

The Swedish defense staff less than 48 hours after Hammarskjold's death flew an extra supply of 11 tons of ammunition to the Swedish contingent in the Congo.

The bitterness toward the Katanga regime is expressed by government leaders, the press and the man-on-the-street. Foreign Minister Oesten Unden said in a comment on Hammarskjold's death: "The latest fighting in the Congo which has caused us so much concern seems essentially to have been caused by a few hundred white officers who systematically tried to sabotage the work of the U.N."

Effort For 'Big Splash' Successful

LOS ANGELES (AP)—A Palm Springs real estate salesman who police say admitted he took paintings valued at $670,000 "so I could draw attention to myself and make a big splash," succeeded.

Edward Henry Ashdown, 39, of Costa Mesa, Calif., led police Thursday night to a bus depot and rented garage where officers found the four art works stolen Sept. 10 from the Bel-Air mansion of industrialist David Bright.

Ashdown, arrested late Wednesday, first denied taking the two Picassos, a Modigliani and an Afro. But when the district attorney's office issued a complaint charging him with suspicion of robbery and grand theft, police said he admitted the crime.

Police traced Ashdown through fingerprints found in Bright's home.

Ashdown said he had no intention of selling the paintings.

In the Hollywood bus depot police found Modigliani's "The Chocolatier" rolled up in a suitcase stored in a luggage rack.

Picasso's "The Portrait of Sebastian" and "Looking Through The Window," and an Afro abstract were rolled together in a plastic garment bag and hung in the closet of a West Los Angeles garage Ashdown said he rented as a storage spot.

Dr. Richard Brown of the Los Angeles County Art Museum, who verified the authenticity of the paintings, said the "Portrait of Sebastian" had flaked somewhat because it had been rolled too tightly.

Ashdown told police he "cased" the Bright mansion when he visited as the guest of Bright's mother-in-law, Lottie Newmire.

A gunman knocked at the Bright door the night of the robbery and pulled a pistol from a bouquet of gladioli when the maid answered. She was forced into a closet by the thief before he made off with the paintings.

Though the paintings were insured for $246,165, a spokesman for Bright set their market value at $670,000.

Rev. Spivey On Morning Devotions

The Rev. R. Charles Spivey, pastor of First Presbyterian Church, will be the speaker on "Morning Devotions" next week.

The five-minute radio devotional is presented at 9:05 a. m. daily, Monday through Friday, over KSNY. It is scheduled by the radio committee of the Snyder and Scurry County Ministerial Alliance.

Relief Drive Continuing

Southern Baptist Churches are continuing here, in cooperation with others over the state, in offering assistance for Hurricane Carla Victims.

Word was received here that Railway Express Agency has offered to transport all items given for relief to proper locations in South Texas. The need is for canned food, bedding, all kinds and sizes of clothing for all ages, furniture, etc.

The cargo will be delivered to some specified South Texas town where three district secretaries will be standing by to supervise delivery to needy people in the disaster area. Cash donations also may be brought to the various churches.

Floods during the winter of 1955-56 toppled more than 300 major redwood trees in the Humboldt Redwoods State Park in California.

From me to you
A DAILY VIEW
by Rev. R. Charles Spivey

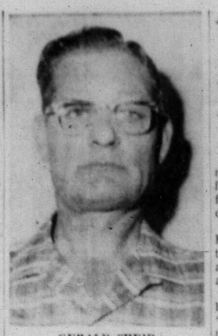

"Now I, Nebuchadnezzar, praise and extol and honor the King of heaven; for all his works are right and his ways are just, and those who walk in pride he is able to abase."

Daniel 4:37 (read chapter 4)

How often we have been sick or in trouble, or in great sorrow and we have said, "This just happened at the wrong time. How could God let this happen to me." No time is just right for sickness or a catastrophe. But sometimes we get so busy with ourselves and so busy admiring the material world we have made that we forget the Great Creator God to whom all credit for creation belongs is the first place. And it is then that God has ways of slowing us down to make us think — hoping we will return to Him.

Nebuchadnezzar was one who admired his kingdom, saying, "Look what I've done." And God visited him with a mental breakdown. When he came out of it he had sense enough to realize that he had not made anything, but it was all God's doing. So comes the verse quoted above — "now I praise and extol and honor the King of heaven" — even though in the midst of his pride he was abased. Paul's great words could easily have been spoken by this king, "all things work together for good for those that love God."

GERALD SHEID

Gerald Sheid Will Head Kiwanis Club

Gerald Sheid was elected president of the Kiwanis Club of Snyder at the club's luncheon and business meeting Wednesday at Sallie's Restaurant.

Sheid will succeed Frank D. Stephenson at the annual installation banquet, which will be held this winter.

Other officers for 1962 who were elected at the Wednesday meeting are James Mathis, first vice president; Bernard Bartels, second vice president; Calvin Lange, treasurer.

New directors are Bill Brown, Norman Fulks and Ford Kenner. Holdover directors are Dave Harlin, H. W. Cargile, Roy McCloskey and Roy Meador.

Billy Bob McMullan, vocational agriculture teacher at Snyder High School, spoke at the meeting on the school agriculture program and the activities of the Future Farmers of America. He was introduced by R. J. Bartels.

Guests at the luncheon were Bob Clinton, high school principal, and Bob Creswell. Frank Stephenson, president, presided.

Washington Party Is Put On Film

By FRANCES LEWINE

WASHINGTON (AP)—Socialites nursed aching feet playing $25 fancy dress movie extras on the floodlighted terrace of a magnificent Washington estate.

Bars served only soft drinks as Hollywood sought Thursday night to capture a Washington party for a big scene in the movie "Advise and Consent."

Producer Otto Preminger brought back to life untenanted "Tregaron," the famed estate of the late Joseph E. Davies, onetime U.S. ambassador to the Soviet Union.

Chatting amid the familiar scene, famed Washington party giver Gwen Cafritz ventured that Hollywood couldn't capture "the best thing we have—conversation."

One guest wistfully looked at his watch after the party was under way a good two hours and sighed "never have I been so sober so late at a typical Washington Party."

"You can't give a Washington group stale soda and expect them to effervesce," said another.

"When are they going to serve dinner?" inquired a glamorous matron as 9:30 p.m. rolled around and the producer was still rolling the cameras.

The caterer, who serves many a Washington dinner, set up his operation in the garage. No one ate until 10 p.m. and the black tie and evening gowned guests stood aside for the movie crew, which took chow line priority.

"Cha, cha, cha" and "have fun" came the director's orders. And society band leader Meyer Davis provided the beat.

Actress Gene Tierney, playing the party hostess in the movie, flitted amid the crowded dance-floor in flowing black chiffon.

Watching the scene from his Pulitzer-prize book being filmed was onetime Washington newspaperman Allen Drury, a camera slung about his neck.

At the party filming, the White House was well represented. The President's Air Force aide, Brig. Gen. Godfrey McHugh; Mrs. Kennedy's press secretary, Pamela Turnure, and two White House secretaries got into the act.

Preminger partially refurbished fabulous 24-room, 10-bath Tregaron and made a deal with Davies' daughters, Mrs. Millard Tydings and Mrs. E. Fontaine Brown, to provide the 400 socialite guests. The standard $35 movie fee paid each "extra" will be donated to the school of nursing of Washington Hospital Center. The guests were invited to come at 7 p.m. and contracted to remain at least six hours.

You Can Save More
Than The Cost Of Your
Newspaper On Food Alone!

The wise management of household funds is mostly a matter of knowing what, when and where to buy to your best advantage. This calls for accurate, up-to-the-minute information, which you can get most conveniently in your newspaper. You can save more than the cost of your newspaper on food alone. You know it's true if you shop by the ads. YOU may even save much, much more.

If you lead a busy life, shopping the ads before you shop the stores saves you time as well as money. And time, to most of us, is a precious item these days.

And by keeping an eye on the Want Ad columns you can find the first news of the best buys in practically everything your family needs or wants. The more you know about price trends and values, the better you can buy.

Saving you time and money are just two of many ways The Snyder Daily News helps you to live better.

YOUR NEWSPAPER IS STILL THE BEST BUY ON THE AMERICAN MARKET

Junior Editors Quiz on SPACE

QUESTION: Why does man want to go to the moon?

• • •

ANSWER: There are many reasons. The first, perhaps, is that of all the worlds outside our own, the moon is nearest to us. Its average distance as it circles around us is only 238,860 miles. This may seem like a lot of mileage to you, but it is really nothing at all compared to the enormous distances we would have to travel to get to the other planets or to the sun or the stars. Our moon, therefore, is actually quite near and it will be easy to go there within a few years when new ways of space travel are perfected. Will we find something of value? We don't know but scientists have conjectured that there may be minerals on the moon useful to us. From the moon, we could probably make a study of weather conditions on earth—an important possibility, for control of weather is one of the great aims of modern science. More important than all these reasons for going to the moon is the curiosity of the human mind which wants to keep finding out everything it can about the universe.

• • •

FOR YOU TO DO: Look at the moon on some clear night when it's full, and see if you can imagine just what it is like.

• • •

Rice Chief Favors Tests

HOUSTON (AP) — Dr. K. S. Pitzer president of Rice University and formerly with the Atomic Energy Commission said Thursday he is "quite in favor" of United States underground testing of nuclear weapons.

Pitzer a former director of research for the commission said an underground program "will suffice for some time provided we have the determination to keep it going on a steady basis."

Pitzer said Russia presumably wants to use its current tests to scare Western Europe and the United States into meeting Soviet terms at conference tables.

He said he is "quite in favor" of the underground tests and said the United States should have no "undue fear of high energy radiation." He said the same groups promoting disarmament exaggerate radiation danger.

No Change Seen In Actress' Condition

HOLLYWOOD (AP) — Physicians report no change in the condition of critically ill Marion Davies.

The former actress, 64, is near death from cancer in Cedars of Lebanon Hospital. She underwent surgery June 7 for osteomyelitis of the jaw—an inflammation of the bone marrow.

Spokesmen continue to say she may die at any hour. Last rites of the Roman Catholic Church were administered last week.

...the Book of Faith, *something to hold to when you realize you cannot make it alone.* Grateful women and men have called it a "rock in a weary land, a light in the dark, a refuge in time of storm." God called it His word. It contains the prologue to the true meaning of Valley Forge, the duties and obligations of every American citizen, Counsel and advice to the wise and the foolish. If we cling to the Bible, God will hold us when we ourselves are no longer able to hold the Book. *Then take this Book of Faith in both your hands and discover a solution to every problem you have.* I offer you the Book and the God your fathers trusted. They were not ashamed nor were they forsaken.

Character is a by-product of the church. It is here that young and old are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial arc molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you" form a combination for good.
