# U. S. Information Office Attacked In Greek Riot

..FIRE DESTROYS HOUSE—An old, vacant house at the intersection of Avenue M and Twenty-third Street was destroyed by fire about 6:00 o'clock yesterday afternoon. The picture above shows the fire at its height just before firemen arrived. Durward A. Porter, fire chief, said the building was owned by Mrs. John Keller. The fire was thought to have been started by children playing in the abandoned structure. (Lee Watson photograph)

## 35 Year Sentence Is Set For Taylor

Charles Everett Taylor, 35-year-old man who had been on trial here for more than a week in 132nd District Court, was convicted late yesterday of the murder of his former mother-in-law, Mrs. Ruth Nichols.

The jury came out with its decision at 6:48 p.m. yesterday, pronouncing Taylor guilty of murder with malice and setting his sentence at 35 years in the penitentiary.

At last report, the defense had given no notice of appeal. Defense attorneys were Dell Barber of Colorado City and C. E. McGaw of Snyder. Prosecutors were Renal B. Rosson, district attorney, and Wayland G. Holt, county attorney. Presiding in court was Sterling Williams, district judge.

The jury had deliberated slightly more than five hours, having gone out at 1:40 p.m.

Taylor was calm as the verdict and sentence were read, as were members of his family present.

Members of the jury were Clyde L. Byrd, E. N. Baker, Lester Gladson, Billy Haggerton, Don Hire, Royce Burrows, Douglas N. Busby, Raymond Lovell, Preston Morris, Henry C. Lock, R. T. Lovelady, and Ray Campbell.

Defense and prosecution completed their arguments after lunch yesterday.

Taylor had come to Snyder last Dec. 30 after making several visits here during the preceding weeks. He and Pauline Taylor had been married in 1946 and divorced in 1948. Prior to his visits here last all, he had not seen his former wife or his daughter, Linda, for seven and one-half years.

Testimony had shown that Taylor went to the home of his former wife, former mother-in-law, and daughter on the night of Jan. 19, held a gun on those three and a neighbor, Mrs. Margie Lee, as they came out of the house, and later shot Mr. Nichols, who died almost immediately afterward. Further testimony was that he attempted to shoot his former wife.

Taylor's plea had been not guilty by reason of temporary insanity.

In arguments yesterday afternoon, Dell Barber, Taylor's attorney, reviewed some of the testimony regarding Taylor's past troubles with the Nichols family and said, 'A man never knows when he and some of his own will be in the same circumstances."

Barber contended that some of the witness must have suspected Taylor was insane at the time of the tragedy in that the police thought it worthwhile to take his tie and coat when he was arrested, that he was told by an officer what he had done, that it was feared he would attempt suicide.

See SENTENCE Page 2

### One Of Quads Dies

DALLAS (AP)—Melanie Kay Hunter, one of the quadruplet daughters born to Mr. and Mrs. George A. Hunter May 11, died last night. Earlier today all four had been reported doing well in incubators.

## Veteran Educator Changes Jobs Here

Snyder school trustees continued their survey of salary schedules and heard an oral report on the High School curriculum and graduation requirements in another long session last night and early this morning.

A highlight of the session was a conference with Elmer Taylor, veteran educator who has headed the school's maintenance and transportation department for the past six years. Taylor asked to be relieved of his duties in that capacity at the end of the current school year, and that he be assigned to a teaching position.

Taylor, a former teacher, principal and school superintendent before he took his present position, said he felt that he could serve better now in a teaching position. He noted that the maintenance and transportation responsibilities had grown steadily since he began his work in that department and that continued growth is in prospect.

The board, by formal vote, expressed appreciation to Taylor for his services and highly praised his work as director of that department. Supt. C. L. Yarbrough recommended that Taylor be assigned as a mathematics teacher in the Junior High School for next year, in compliance with his request, and the recommendation was sanctioned by the board.

The board approved a new formula for computing salaries of principals in the Snyder School system. The formula evolves from a base of $6,000 per year for an individual with a bachelors degree and $6,250 for a masters degree. Additional pay for principals shall be $150 per year for a maximum of five years of administrative experience, and $15 per classroom teacher unit in each principal's school.

Junior High principal is to receive an additional $250 per year and Senior High principal $500 per year, with the overall maximum to be $8,500. The board felt that the additional pay for Junior High and Senior High principals was commensurate with their respective responsibilities.

The board also approved pay hikes of $250 a year for the assistant superintendent and the director of curriculum, and $500 per year for the school business manager.

Some salary adjustments were made for key personnel in the maintenance department.

A salary schedule for classroom teachers, based on previous action setting the minimum at $4,000 per year, was presented and approved. Under the new schedule, teachers with bachelors degrees will receive an annual increment of $100, which means that teachers in that bracket will reach the maximum of $4,800 with eight years of experience.

A similar increment is provided for teachers with masters degrees, with the maximum of $5,625 to be attained in 14 years.

T. D. Wiman, Jr., Senior High principal, gave a brief report on graduation requirements. He cited state requirements, which he said were either met, or exceeded, in all fields. Some board members suggested that three years of mathematics, instead of two years as now required by the state and the local system, probably should be required. No action was taken, however.

## George Not Running Again, Ike Offers Him NATO Post

WASHINGTON (AP)—Sen. George (D-Ga) announced today he will not run for re-election. He said President Eisenhower offered him an appointment as personal representative to the North Atlantic Treaty Organization.

Simultaneously with the senator's announcement at the Capitol, Eisenhower told a news conference he had offered George a foreign affairs post and was sure George would accept.

George, in making his announcement that he would not run, read a letter addressed to him today by the president.

The Eisenhower letter said the President hopes George will be willing to serve as his personal representative and special ambassador to NATO as long as Eisenhower is in the White House.

George is chairman of the Foreign Relations Committee and has served as Democratic spokesman on foreign policy matters.

George stressed that he plans to served out his present term, which expires next January.

George also indicated he would accept the ambassadorial appointment.

The assignment presumably would place him as the American representative on a proposed international cabinet which would be active in broadening the political aspects of NATO.

"I would not shirk my duty or any duty or responsibility demanded or requested of me," George told a news conference. "Whatever I may do in the future may begin in January."

As to reasons for his action in leaving the Senate, George only said he was not going to run again "for good and sufficient reasons." He would not elaborate.

## Israel Airs New Charges On Mid East

JERUSALEM (AP)—New Israeli charges of Arab violence along Israeli's frontier clouded the Holy Land scene today — less than a week after U.N. Secretary General Dag Hammarskjold wound up his Middle East peace quest with what he termed "positive results."

Israeli Foreign Minister Moshe Sharett cabled the U.N. secretary general that he was concerned at what he termed "the renewed outbreak of violence" along his country's frontiers with Egypt and Jordan.

Informants said Sharett's message charged the following incidents had occurred since Sunday: the mining of two Israeli military vehicles, border crossings by Egyptian soldiers and incursions by Arab infiltrators from the Egyptian-held Gaza Strip firing from the Jordan sector of Jerusalem into the Israeli quarter, and the blowing up of a house near the Jordan border.

The U.N.-Jordan-Israeli armistice commission failed to agree on Israel's charge that infiltrators from Jordan blew up the vacant two-story house at Kfar Yavetz village, near the Jordan line. The Israeli delegation voted in support of the charge, the Jordan delegation oposed it. The American U. N. chairman, Cmdr. E. Terrill, abstained, saying he was not convinced by the evidence those resonsible for the incident "either came from or returned to Jordan."

Maj. Gen. E. L. M. Burns, chief U.N. Palestine truce observer, returned to Jerusalem last night from Gaza for talks with Israeli officials on implementation of the Egytian-Israeli cease-fire agreement along the Gaza border Hammarskjold obtained.

Burns met 2½ hours yesterday in Gaza with Col. Salah Gohar, Egytian War Ministry director of armistice affairs.

In Damascus, Syrian newsaers quoted Defense Minister Rashad Barmada as saying the Syrian government had bought about 280 million dollars worth of arms above its regular defense budget. The minister did not say where Syria was purchasing its arms, but the interview quoted him as declaring there is "no real Soviet threat in the Middle East."

Egypt has been receiving arms from Communist Czechoslovakia and there have been reports that other Arab nations also were getting Communist bloc weapons.

## Reparations Pact Signed

MANILA (AP) — Japan and the Philippines signed their long-awaited World War II reparations agreement today. The Japanese agreed to pay 550 milion dollars worth of goods and services over a 20-year period and to lend the Philippines 250 million dollars during the same period.

The agreement, which must be ratified by the Japanese Diet (Parliament) and the Philippine Senate, paves the way for the end of the 11-year technical state of war between the two American allies and restoration of full diplomatic and trade relations between them.

Immediately after the signing ceremony in the Malacanan Palace, President Ramon Magsaysay sent the agreement to the Senate with a letter of transmittal recommending its speedy ratification. This was scheduled to be followed by speedy Senate approval of the San Francisco peace treaty with Japan.

### Man Dies Following Accident In Snyder

Marshal O'Dell Ford, who was involved in a five vehicle accident Monday, died yesterday at 3:40 p.m. in the Cogdell Memorial Hospital. The accident occurred Monday morning on Twenty - fifth Street, just north of the square.

Funeral services are scheduled to be held at 2 p.m. tomorow in the North Side Baptist Church. Place of burial and officiating minister will be announced later by Bell Funeral Home.

Ford was born Sept. 15, 1926 in Polar Community and was 29 years, 7 months and 23 days old. He lived at 304 East Forty-fifth Street, Odessa.

Survivors are his parents, Mr. and Mrs. Earnest E. Ford, Polar Community and three brother, Norman E. Polar Community, Carlos H. of Lamesa and Donald Dean Ford also of Polar Community.

BATTLESHIP DAMAGED—This is a closeup view of the bow of the damaged battleship Wisconsin after she tied up in port at Norfolk, Va. The big battlewagon rammed the destroyer escort Eaton 50 miles off Cape Henry in a dense fog Sunday. In the background is the battleship New Jersey.

## Ike To Get New Checkup

WASHINGTON (AP) — President Eisenhower said today he will undergo a new head-to-toe physical examination Friday, including a check on his heart condition.

Eisenhower made the announcement at a news conference. He had been asked whether he planned another fullscale checkup in advance of the Republican National Convention which opens in San Francisco Aug. 20.

Replying to the question, Eisenhower said that as a matter of fact he is going to have a major physical checkup day after tomorrow.

Calling it a head-to-toe examination, he said the checkup was not related specifically to the heart attack he suffered in Denver last Sept. 24.

But he added that during the course of the examination the doctors planned to check the condition of his heart with cardiograms and other usual procedures.

Eisenhower did not say what prompted the decision for another full scale checkup at this time.

Before his heart attack he was in the habit of having a thorough physical examination each year, usually in the late summer or early fall.

The Friday checkup will be the President's first full scale medical examination, so far as has been disclosed, since mid-February. After that checkup, his doctors reported him physically fit to serve another 5 to 10 years in a job like the presidency.

Two weeks later, Eisenhower announced that he had decided to bid for a second term.

## Views Sought On Budget By Joint Chiefs

WASHINGTON (AP)—Sen. Robertson (D-Va) called today for "frank and uninhibited" testimony by the Joint Chiefs of Staff on whether the administration's 36-billion-dollar defense budget is big enough.

He expressed misgivings lest it prove too small.

Robertson spoke out in an intersubcommittee on which he serves recalled Secretary of Defense Wilson for more questioning about U.S. defense needs, and the House reared to start debate on the huge military money bill.

The House bill would provide $33,635,000,000 in new funds. This, plus money available from prior actual sending budget of $36,200,000,000 in the bookkeeping year starting July 1.

Wilson yesterday termed the administration's defense program "Austere" but nevertheless "sound, adequate and approriate to the security needs."

Robertson said he thought Wilson had "bristled unnecessarily" when Robertson asked him whether the military chiefs of staff would be free to give "frank and unbiased" opinion on whether the budget will provide the strength needed to meet any aggression.

Wilson suggested that the subcommittee ask the chiefs for their appraiisals, and Robertson said he will do just that, "expecting frank and uninhibited replies."

Robertson said he wants to hear from the various military chiefs themselves whether they think the "enough long-range bombing power to prevent a war."

"That," he said, "should be our objective."

Robertson said he also will demand that someone in authority state when the Pentagon expects to boost the production of B52 intercontinental jet bombers from the current rate of six a month to 20 a month. Wilson announced the new goal yesterday, but gave no estimate of when it will be reached.

## WEATHER

SNYDER TEMPERATURES: Yesterday's high 91; Low 63; Today's 7:30 a.m. reading 72.

North Central and West Texas—Clear to partly cloudy and warm this afternoon, tonight and Thursday.

South Central and East Texas—Clear to partly cloudy and warm this afternoon, tonight and Thursday. Southeasterly winds on the coast.

## Harry Has Some Advice

INDIANAPOLIS (AP)—Harry S. Truman, in fine fettle on his 72nd birthday, had this word of advice: "Have so much work to do you don't have any chance for devilment and then you will be all right."

The former President, en route by train to New York and a forthcoming European tour, sidestepped newsmen's questions yesterday on his advice for a long life by remarking he was only 72.

Asked how he felt on his anniversary, Truman posed his own question: "Well, how do I look?" He looked fine.

Truman limited his answers on political questions to the prediction that the Democrats will win the 1956 elections. He said he would announce at the Democratic National Convention, and not before, his candidate for the nomination for president.

### County Grand Jury Is Back In Session

The April-May grand jury of Scurry County was back in session today after being recessed for several days.

There was no information available as to what the jury was working on when back in session.

## Group Burns British Flag

ATHENS, Greece (AP) — Greeks inflamed by British plans to hang two Greek Cypriots attacked the U.S. Information Service office, and battled police here today.

They had burned a British flag in Athens' main square in protest against the execution of the two, convicted of political gunplay.

Windows of the information center were smashed, but police stood off attempts of the rioters to break into the building. Stoned by the rioters, the police fired into the air to break up the raid.

A first aid station reported 20 policemen and 10 civilians had already been treated, with more pouring in. One unconfirmed report said two suffered bullet wounds.

A solid line of police guarded big downtown hotels crammed with American and British tourists..

A noisy crowd of about 4,000 had gathered in the square to hear a speech on Cyprus by Archbishop Dorotheus.

Excited demonstrators brandished signs, many in English calling Sir John Harding, British governor of the Mediterranean island colony, the "Gauleiter of Cyprus." Others said: "Gangster Harding, you will die" and "Let us quit NATO."

Thousands of students were reported demonstrating against Britain in the northern city of Salonika.

The government first banned today's demonstration, then relented and allowed it to be held. But it rushed troops and national police into the capital to guard against any violent outburst. Police blocked all approaches to the British Embassy.

Throughout the morning automobiles with loudspeakers circulated through Athens' business district urging a big turnout for the demonstration. Planes dropped leaflets announcing the gathering.

Foreign Minister Spyros Theotokis protested to British Ambassador Sir Charles Peake last night the rejection of appeals against the death sentences imposed by British courts on Cyprus against Michael Karaolis and Andrew Dimetrious for political shootings. Both were active in the union with Greece movement on Cyprus and are considered heroes by Greeks who demand the British surrender the colony.

## More Planes Are Expected

WASHINGTON (AP)—Secretary of Defense Charles E. Wilson testified today the administration's defense budget will enable the Air Force to place orders for 12 more B52 bombers than it requested.

Wilson told a Senate Appropriations subcommittee that the 36-billion-dollar budget carries funds for 202 of the eight-jet, intercontinental bombers.

He said this compared with the initial request for funds for 190 of the long-range bombers.

### Commissioners Make Canvass Of Returns

Only a slight change resulted in in returns from last Saturday's local option election on the official canvass, which was made Tuesday by county commissioners.

Unofficial tabulations Saturday night had show 1,636 votes for the legal sale of alcoholic beverage and 3,732 votes against the propsal. The official canvass left the "for votes unchanged, but put the total against the proposal at 3,730.

### Car Wash Is High

EUREKA, Ill. (AP)—A car wash now costs at least $50 in Eureka. That's the minimum fine set by the City Council for unnecessary use of water during the current shortage.

## Entries Are Accepted For Queen Contest

Entries for the queen contest which will be held here next week in connection with the observance of National Cotton Week are now being accepted at the Chamber of Commerce office.

The contest, which will be held May 18, is being sponsored by the Junior Chamber of Commerce on request of the merchants and agriculture committees of the chamber. Those two committees are in charge of the special week here.

Ernest Sears, chairman of the contest committee, this week mailed entry blanks to all high schools in the county. Entry deadline is next Thursday.

Sears said contestants must be of high school age and single, must be residents of Scurry County, and must wear cotton dresses, which may be either ready made or home made. All contestants may enter by writing or calling the chamber office and speaking to Sears on a person designated to take entries there. There will be no entry fee.

The contest will be held at 5:30 p.m. May 18 on the courthouse square. All contestants must report to the chamber office 30 minutes earlier. During the contest, each girl entered will be interviewed by the master of cermeonies and will be asked questions about herself and about cotton.

Judges will consider contestants' dresses, personality, poise, and beauty in the contest.

First, second, and third place awards will be given, Sears said.

### Steel-Toed Boots Prevents Injury

Harold A. Martin, city water department meter reader, was not injured when struck by a car which was being backed out of a driveway at Avenue L and Twenty-eighth Street.

City water department officials who investigated the accident did not learn the identity of the lady driving the car.

Martin was reading a meter at the entrance to the lady's drive when she backed the car out and a wheel ran over his foot, but he was wearing steel-toed driller boots and there was no injury.

## Convention Here Endorses Johnson

Sen. Lyndon Johnson was endorsed as Texas delegation leader to the national convention and as a candidate for president without dissent at the Scurry County Democratic convention here Tuesday afternoon.

In a smooth, speedy conclave (the session lasted only 40 minutes) a list of eight delegates to the state convention was selected, and a resolution in support of Sen. Johnson and binding the delegation to the unit rule was adopted without opposition.

Named as delgates to the state convention were C. T. McLaughlin, Bob Patterson, Frank A. Wilson, Herbert Feather, Ray Houpt, Paul Keaton, Bill Wiseand and Arthur Blanchard. Each delegate will represent half a vote, since Scurry County is entilted to four votes in the state convention.

Patterson presided as permanent chairman and Houpt as premanent secretary of the convention, both being elected unanimously without opposition.

Another resolution was adopted unanimously instructing Scurry County delegates to work for appointment of C. T. McLaughlin as a delegate to the national convention.

Feather served as chairman of the credentials committee, while Giles Bowers headed the committee to propose delegates to the state convention and McLaughlin was chairman of the resolutoins committee.

Delegations appeared from the Northwest Snyder precinct and, upon recommendation of the credentials committee, one from each group was seated. One group in that precinct held a convention Saturday in the North Elementary School, while another group met at the courthouse. The precinct had two votes in the county convention.

AREA OIL ROUNDUP

# Fisher, Stonewall Wildcats Spotted

Union Oil Co. of California spotted wildcat locations in Fisher and Stonewall Counties.

No. 1-177 Kate Davenport will be drilled as a 6,800-foot Caddo prospector three miles northwest of Claytonville in southwest Fisher County.

Drillsite is 660 feet from north and east lines of section 177, block 3, H&TC survey.

Union No. 1-5 Ann Oldham is a scheduled 6,300-foot wildcat 9½ miles northwest of Old Glory in East Stonewall County.

Location is 660 feet from north and 1,980 feet from east lines of section 5, block D, H&TC survey.

Stanolind Oil & Gas Co. No. 1 Higgs, Southeast Scurry County wildcat, six miles southeast Hermleigh, hit water in the Ellenburger.

Test from 7,365 to 7,400 feet open 90 minutes, recovered 1,080 feet of gas, 130 feet of slightly gas-cut mud and 100 feet of salt water and sulphur water-cut mud.

Drilling continued in dolomite and chort at 7,458 feet.

Location is 660 feet from east and 1,980 feet from south lines of section 226, Block 3, H&TC survey.

Hole was being made below 8,275 feet after a water test in General Crude Oil No. 1 Reeder, wildcat three miles northeast of the Myrtle (Canyon reef) field on Northeast Borden County.

Drillstem test from 8,249 to 8,275 feet, open two hours, recovered 150 feet of salty, sulphur water cut with mud.

Location is 1,975 feet from north and 1,993 feet from east lines of section 407, block 97, H&TC survey, three miles southwest of Fluvanna.

R. L. Foree, Dallas, and R. S. Brennand, Jr., Midland, No. 1 Spires, 1 miles southeast of the Spires (Strawn) field of Southwest Kent County, found water on reef lime drillstem test.

One-hour investigation from 6,854 to 6,886 feet surfaced gas in 40 minutes and recovered 1,840 feet of sulphur water. Drilling continued below 6,909 feet.

Location is 660 feet from north and east lines of section 28, block 4, H&GN survey, 10 miles southwest of Clairemont.

## SENTENCE

Continued From Page One

Barber said he had never seen such a 10-year history of a family in his life, that Pauline Taylor had a mother so dominant, so jealous, and wanted to keep her daughter so much that she was willing to kill her grandchild. He said this in reference to testimony that Mrs. Nichols had wanted Pauline to have an abortion before her child was born.

"A man over a period of years can just take so much punishment that he reaches the breaking point," he said. "If a man does that gun like they say he did, don't you think he is crazy...if he is about to shoot everybody in sight, don't you think he is crazy?" Barber said.

Barber cautioned the jury against thinking of public sentiment when making its decision, asking them to make a decision "you can sleep with."

Rosson briefly reviewed history of Taylor's marriage and separations.

The defense had contended that Mrs. Nichols had been nice to Taylor until after she had visited other members of her family during the Christmas holidays and that after that time things changed. In relation to this, Rosson pointed out that testimony showed that after she returned from her holiday trip Taylor had been a guest in the Nichols home several times, with Mrs. Nichols preparing the meals, that she even took telephone calls for him when he was seeking employment here.

One week before the shooting, Rosson said, Taylor told his former wife he hated her and would kill her if she tried to keep him from seeing the child, or anyone else who did so. A few nights before the shooting, Taylor and his former wife were discussing how they could share their child and an argument arose between Taylor and Mrs. Nichols, and it was indicated to him he was not to come to the house again, that he would have to pick up his daughter in front of the house when he saw her, Rosson said. The prosecutor added that four days before the killing, Taylor went back to the house, after being told not to, and attempted to get in. On the same day he was told by an attorney that if he had any rights to the child he should take legal action, but he decided to take matters into his own hands and purchased a gun, Rosson continued.

Later, after being told he could not see the child again, he went to the Nichols residence with the gun, and the tragedy followed.

Rosson said several persons had observed Taylor during and after the shooting and all indicated he appeared of sound mind. His belt and tie were taken at the police station, Rosson said, because of severity of the case, as in other cases of that nature.

The defense had contended Taylor purchased the gun while contemplating suicide, Rosson said, adding "The court does not tell you that if he was going to commit suicide he could go by and commit murder on the way."

Rosson said testimony showed Taylor had plenty of time to form malice, from the time he made his threat the week before through events that followed.

## BIRTHS

Mr. and Mrs. Eugene Oleson, 2707 Avenue O, are the parents of a daughter, born at 1:22 p.m. Tuesday in the Codell Memorial Hospital. She weighed seven pounds, 10 and one-half ounces.

Mr. and Mrs. C. H. Collins, 3301 Avenue K, are the parents of a five pound, seven and one-half ounce daughter, born at 6:55 p.m. Tuesday in the Coggell Mmeorial Hospital.

## HOSPITAL NOTES

The following admissions and dismissals at the two Snyder hospitals are only those whose names have been released by the hospitals.

COGDELL MEMORIAL

ADMISSIONS: E. C. Devenport, 2405 Twenty-seventh Street; George W. Riley, Route 3; Mrs. C. H. Collins, 3301 Avenue K; Fred McFarland, 2234 Sunset; Mrs. J. W. Harrison, Box 1588 Lion Oil Co.

DISMISSALS: A. B. Casstevens, West of city; John Nahos, 2310 Sunset; Mrs. H. A. Flournoy, Arah Route; Mrs. Allen Hoskins and baby, Pinkerton Trailer Court; Mrs. Wanda Ryan, Hill & Barbee Motel; Mrs. A. R. Gomez and baby, 3001 Avenue O; Mrs. W. E. Raborn and baby, 3719 Avenue U; Mrs. T. W. DeLord and baby, Dell City; Mrs. T. E. Blalock, 3005 Avenue N.

BATTENFIELD - JONES

ADMISSIONS: Mrs. Jan Mobley, General Delivery; Mrs. A. L. Langford; Box 334; Vickie Brinson, Clairemont Route.

DISMISSALS: Mrs. Florene McDaniels, Snyder; Mrs. Frank Burnson, 3701 Highland; Elbert Sparks, Box 801; Mrs. B. L. Wright, 2809 Avenue N.

## Mild Spell Is Predicted

By The Associated Press

Texas Tuesday had a preview of summer temperatures and there were indications that a repeat performance would be staged Wednesday.

The mercury soared to 108 degrees at Presidio and 101 at Salt Flat Tuesday afternoon. Houston had 91 degrees which equalled the all-time high for May 8 set in 1939. Del Rio reported 95, El Paso 94, Austin 93, San Antonio and Abilene 92, Lufkin and Wichita Falls 91, and Waco, Beaumont and Amarillo 90.

Thunderheads built up over most of Texas late Tuesday but there was more thunder than rain. Showers were reported near Amarillo, Dalhart and Wink. There was no overnight moisture.

Early Wednesday skies were generally clear with a few scattered clouds over the state except for the Laredo and Cotulla areas which were cloudy.

## Too Many Alarms

JAMESTOWN, N.Y. (AP) — Three times last week fire trucks answered false alarms from a busy intersection. Detective Earl Tates tracked down the party responsible—a kindergarten girl who said she wanted to see what would happen. Her mother said she would.

## Government Fires Charge Of Kickback

NEW YORK (AP)—An accountant has testified that Rep. Adam Clayton Powell's secretary told him her $3,875 salary for 1946 "belonged to the congressman."

The government alleges this was a kickback.

Mrs. Hattie Freeman Dodson and her husband Howard are on trial in federal court on charges of falsifying income tax returns between 1948 and 1951. Mrs. Dodson also is charged with income tax evasion and receiving illegal refunds.

Mrs. Dodson was Washington secretary to the New York Democrat in 1945. The government says she returned to New York in 1946. But her secretarial salary continued, the government claims, and was kicked back to Powell.

The U.S. attorney's office here declined to comment on the possibility of action being taken against Powell.

Mrs. Dodson is the third of Powell's secretaries to be indicted on income tax charges. Two men who are former secretaries of his have leaded innocent and are awaiting trial.

Powell and the Dodsons are Negroes.

After a year in Washington, Mrs. Dodson became the $3,100-a-year business secretary at the Harlem church where Powell is pastor. Her husband is a $3,000-a-year choirmaster at the church.

Accountant Joseph E. Ford testified yesterday that he helped Mrs. Dodson prepare her 1946 tax return. Ford, Powell's former Dodson wanted to list her income as congressional secretary under her maiden name. She also wanted the return searate from the regular joint return filed with her husband, he said.

"I told her it was wrong and she said the money did not belong to her and she didn't want to mix it with her income," Ford said. "She said she would only get the refund. She said the money belonged to the congressman."

Ford said he filed two returns for Mrs. Dodson from 1948 to 1950, adding:

"I continued to warn her it was the wrong thing to do it, at a time when a congressman was indicted for kickbacks."

Several congressmen have served jail sentences in the past for taking kickbacks from salaries of their employes.

Under cross-examination, the witness admitted falsifying the Dodson returns but said he did so at Mrs. Dodson's direction.

Dodson is accused of falsely listing children as dependents on his tax returns for 1951 and 1952. He would face a possible maximum 10 years in prison if convicted.

His wife is alleged to have evaded $5,000 in taxes and to have received $2,000 in illegal refunds between 1948 and 1952. The maximum penalty in her case is 45 years.

## New Asthma Drug Looks Promising

NEW YORK (AP)—A new drug looks promising for relief of bronchial asthma, and also for relief of the premensrtual tension affecting many women every moth, a medical team reports.

The drug, choline theophyllinate, is described in an exhibit at the annual meeting of the New York State Medical Society.

It relieved bronchial asthma in 22 of 33 patients, and brought complete to moderate relief of monthly tension in 31 out of 43 women, said Doctors Herbert S. Kupperman, Sidney Dann, Frederick R. Brown and Arthur C. Degraff, and Galiani, Ph.D., of New York Univeersity, Bellevue Medical Center.

## New Way Needed To Beat Mahoney

BALTIMORE (AP) — George P. Mahoney, who has run in four major elections since 1950 but never made it, has found new twists to the story most every time.

Under Maryland's county unit vote system, similar to the national electoral college, Mahoney tied rival Millard E. Tydings in unit votes for the Democratic senatorial nomination Monday, but appears the loser by popular votes, which count in the event of tie.

Last night City Councilman James J. Duffy summed up: "They're going to have to find a new way to beat Mahoney. He's won and lost, lost and lost and now he's tied and lost."

## Henry Ford Quits As Board Chairman

DETROIT (AP)—Henry Ford II has resigned as board chairman of the huge Ford Foundation, turning over the post to Rowan Gaither its president.

Ford announced yesterday he would step down from the chairganizatvmn founded by his father and his grandfather. He will continue as a member of the board.

He submitted his resignation in a letter dated Aril 18, saying he felt the foundation needed a full-time chairman. He had held the job since 1943.

## More Troops Are Sought For Algeria

ALGIERS (AP)—Resident Minister Robert Lacoste asked France today for thousands of fresh troops to help smother the 19-month-old nationalist rebellion. He predicted a force of 370,000 men soon would be fighting the rebels.

Already bolstered by heavy reinforcements from France's NATO divisions and draft levies, Lacoste's forces streamed over the countryside to combat the stepped-up new rebel offensive.

Authorities said French troops had killed more than 150 rebels in western Algeria since raiders three days ago set fire to some 50 farms and killed a score of French farmers.

The French struck in the Ain-Temouchent area with infantry supported by fighter plane and mortar units.

"At the end of this month there should be in this country 330,000 men," Lacoste said in a radio broadcast last night.

"I will ask tomorrow of the French Cabinet that another 30,000 to 40,000 be sent to add to those men here."

Lacoste struck back in the broad cast at critics who say he has not acted forcefully enough aainst the Arab nationals. He said France "is making a colossal effort to preserve French Algeria.."

The resident minister and other top French officials were stoned and bombarded with tomatoes yesterday during a V-E Day military parade and ceremony.

"Put the army in power," the French demonstrators shouted. "Long live the army."

## Judge Has Difficult Job Giving Out Cards

DALLAS, Tex. (AP) — Towne Young; 72-year-old associate justice of the Fifth Court of Criminal Appeals, is having hard work getting rid of the 50 campaign cards a friend printed for him in 1926.

Judge Young, who has never drawn an opponent for re-election since he became a judge in 1923, won't have to use his 25 remaining cards this year. The filing deadline for the Democratic primaries, which is tantamount to election in Texas, passed Monday with the judge again unopposed.

## FOR GOOD EATING

Veal and Pork en Brochette
Fried Parsnips
Spiced Raspberries
Molasses Cookies

* * *

VEAL AND PORK EN BROCHETTE

1 pound veal steak
1 pound pork shoulder
1 egg
1 cup fine crisp cereal crumbs
Fat
1¾ teaspoon salt
½ cup water
½ cup sour or sweet cream

Cut veal and pork into 1½-inh squares. Place 2 squares of pork and 2 of veal alternately on each of several skewers. Dip each into egg, then into crumbs and brown in fat. Season, add water, cover and simmer until tender, about 1 hour. Remove to hot platter and pour cream into pan. Heat to boiling and serve with meat. Serves 8.

MOLASSES COOKIES

¾ cup melted shortening
1 cup molasses
1 cup brown sugar
1 cup thick sour milk
6 cups sifted flour
½ teaspoon salt
2 teaspoons ginger
4 teaspoons baking soda
1 tablespoon lemon extract

Mix melted shortening, molasses and sugar until smooth. Add sour milk, then flour sifted with salt, ginger and soda. Add lemon extract. Mix to a smooth stiff dough and chill until firm. Roll out on a lightly floured surface to a thickness of 1-3 inch. Cut into crescents or other shapes. Place on greased baking sheet and bake in a moderate oven (350 F.) 8 to 10 minutes. Roll thin for crisp cookies. Makes 150 cookies.

## Fluvanna P-TA Officers Intsalled In Ceremonies

After a musical, presented by grades three through six and directed by Mrs. C. J. Harris, at the Fluvanna School, new officers for the P-TA were installed for the coming school year.

Those officers are Mrs. Clifford Burrows, president; Mrs. Dee Pylant, vice-president; Mrs. Tommie Welch, secretary-treasurer; Mrs. L. M. Dodson, parliamentarian; and Mrs. Ray Herring, historian.

The new president, Mrs. Burrow called for a meeting of the P-TA mothers Tuesday for a selection of executive committee members.

Officers selected were Mrs. Lester Franks, hospitality; Mrs. Hurston Lemons, budget and finance; Mrs. A. R. Marley, library and reporter; Mrs. Joe Landrum, membership; Mrs. Morris Miller, publication; Mrs. Burl Belew, program; Mrs. Bill Herring, founder day; Mrs. Buster Robinson, health; and Mrs. Ray Fulford, goals.

The last meeting of the Fluvanna P-TA will be held Monday May 14 with a presentation of "Hansel and Gretel" by the grade school. There will also be an ice cream supper for the community on the day.

## Bride-Elect Is Honored

Miss Kay Birdsall, bride-elect of Kenneth Ray Williamson, was honored Tuesday with a lingerie shower given in the home of Mrs. W. V. Stipe, Arah Route.

Hostess for the shower were Sandra DeFore and Billie Marie Stipe. Mrs. Wanda Myers sang solos for the 15 guests who attended.

The table was decorated with pink and white roses and punch and cookies were served.

## Keep Wonderfully Cool

1474
12-42

IN this delightfully simple bare-arm frock that is perfect for those wonderful summer fabrics that launder in a jiffy. Two versions are provided.

No. 1474 with PATT-O-RAMA included is in sizes 12, 14, 16, 18, 20, 40, 42. Size 14, 4½ yards of 35-inch.

Send 35 cents in coins for this pattern to IRIS LANE, Snyder Daily News, Box 438, Midtown Station, New York 18, N.Y.

Don't save your sun-tan preparation for the shore. Instead, carry it with you in your handbag for use on your face and bare arms whenever you are spending some time in the sun—riding with the car top down, or sight-seeing on open top buses or on foot.

## WOMEN'S CALENDAR

**WEDNESDAY**

**MAKE TEXAS FLAGS**—Members of the Snyder High School home economics classes are busying themselves these days making flags of Texas to be sent to Austin for distribution to servicemen who wish to post Texas flags throughout the world. Shown above are Carolyn Murphy, left, Miss Alice Gauntt, teacher, and Beth Wiman. Making of Texas flags is a state Future Home Makers project this year. (Lee Watson photograph)

## Wash Your Quilts In Lots Of Soap Suds

Wash your eider-down quilt, by hand in lots of warm soap or detergent suds, repeating in a second tubful of fresh, clean suds.

Rinse well squeeze out extra water and hang the quilt in the shade. Shake it often during drying. Last of all, beat it well on both sides with an old-fashioned carpet beater; this fluffs and distributes the down filling.

Antiseptic foot powder or spray will protect your toes from excessive perspiration and foot infections.

## Program Given Here On Magic Suitcase

The Magic Suitcase was the subject of the program at the meeting of the Jayceettes Tuesday night at the Vilage. Mrs. Dick Roberts was program leader for the discussion about petroleum products.

A report was given on the state Jaycee convention at Brownsville by Mrs. Mel Gilbert, Mrs. Elmo Weyel, Mrs. Roberts and Mrs. Doug McGlaun, who attended the meeting along with their husbands.

After the program, refreshments were served to 13 members and three guests, Mrs. Gurden Brumken, Mrs. Ray Houpt and Mrs. Milton Mapes.

## WHAT'S GOING ON

Mr. and Mrs. Odell Graham, route 3, had as their visitor over the weekend Max Fowler of Kermit. Mr. and Mrs. Wayne Graham of Roswell, N. M. visited during the week.

Mrs. Carl Maynard of Clovis, N. M. is spending two weeks in the home of her aunt and uncle, Mr. and Mrs. Mark Holmes, south of city.

Mr. and Mrs. Collie Fish, 1104 Twenty-sixth Street, spent Sunday ing Midland visiting in the home of their son and his wife Mr. and Mrs. Don Fish.

Mr. and Mrs. Roy Wood, Joe, and Carol, 504 Thirty-third Street, are spending two weeks in California visiting relatives and sightseeing. They will visit in the home of Mrs. Pearl Wood and Mrs. Kenneth Wyman. They plan to sightsee in Disneyland and also in the Golden Gate Park in San Fransico.

Mr. and Mrs. A. N. Hoffman Jr., 907 Twenty-seventh Street, are having as their guest for two weeks, Mrs. J. E. Garret Anson. Mrs. Garrett is the mother of Mrs. Hoffman.

Mr. and Mrs. Joe F. Franklin of Slaton spent the weekend in the home of Mr. and Mrs. Frank Franklin. Joe F. is the son of the Franklins.

Mr. and Mrs. Ben Martin of Singleton are spendin the week in the home of Mr. and Mrs. J. E. Martin, southwest of city. Ben and J. E. are brothers.

A spraying with deodorant cologne or witch hazel will refresh tired feet.

## Bible Thought

He that passeth by, and meddleth with strife belonging not to him, is like one that taketh a dog by the ears. Proverbs 26:17.

# EDITORIALS

## Picture Of Confusion

Testimony given a month ago to the House Foreign Affairs Committee by Admiral Radford, chairman of the Joint Chiefs of Staff, and just made public, criticized the American press for creating the impression abroad that Americans are confused and can't make up their minds about anything.

Saying that the Russian propoganda line had been very clever in weakening the will of our allies to stick with us, Admiral Radford went on to say that while he did not advocate a controlled press, "I do say that the operation of our democratic system, as reported by our press and transmitted around the world, unfortunately presents to many leaders in foreign countires, and their people, a picture of confusion in the United States."

By contrast, he went on, the foreign peoples get from the Russian side "a very firm and direct picture of leadership, largely because the Russians do not have to acount to their people for everything they do."

The admiral could have loged the same complaint about the very men he was speaking to, members of the House, or he could have brought the same accusation against oratorical senators. And, if you get right down to it, he could have cited this and past administrations and taxed them with equal guilt.

This is by way of saying that Americans aren't a regimented people, and as in all truly democratic countries they quite often disagree among themselves about ways an means. The same goes for their Congress and the men whom they elect to office in general.

The American press—and we did not know before that foreigners read it regularly enough, if at all, to form opinions of men and issues—reflects a pretty fair cross section of the people and government of the United States, since its principal chore is to report what's going on. Unlike totalitarian governments, ours does have to give an accounting to its people. Even our foreign friends should realize that by this time. That is what distinguishes us from the totalitarian tyrants.

## Need Of Education

The Savannah Morning News admits that "we may well writhe when a government publication pictures the Southeast as being far too low in our supply of skilled work-force—even though at the same time we are given credit for a 'higher learning curve' than that for workers in other section of the country." Boiled down, says the News, "this simply means that our native abilities are great, but our educational level is too low."

Furthemore, the Savannah newspaper goes on, there is no point of Southerners getting riled about this particular criticism, for "our educational level is too low, and we should be honest enough to admit it."

Most of today's technical skills, it points out, simply cannot be absorbed by a person ignorant of the rudiments of arithmetic or the English language.

And we might add that from here on out as our technology advances and more and more intricate skills will be required of aur working force, the young man or woman who is lacking in a high school or college educatin will find the going too difficult, and only the jobs requiring merely rudimentary skills will be available to them.

This will automatically place these people in the lowest brackets of wage-earners, with all that implies. It implies one thing in particular—such people will not be able to give their children the advantages of an education of the caliber the new technology requires.

The existence of a mere high school diploma or college degree is no guarantee that the holder is properly equipped to keep the pace of more and greater advances in technology. The students who rank high in their classes, indicating intelligence or at least diligence above the average, find job opportunities awaiting them on every hand. The poor students or the lazy students, as the case may be, are being left far behind. It is not the quantity of education we need so much as the quality.

There is evidence that Russia is overtaking and will soon pass us in the number of men and women turned out in the scientific field. That could prove fatal in the nation's ability to survive.

## City Youths Working On Farm To Get Prepared For Big Project In Israel

By HILLEL BLACK

HIGHTOWN, N. J., MAY 9 (AP)—Some 26 city-bred youths, whose hands have never guided a plow before, are working from dawn to dusk on a New Jersey farm in preparation for spending the rest of their days making the harsh desert of Israel bloom.

As part of their training, these future pioneers, who will settle along Israel's explosive borders, are being given special lessons on how to win friends among the Arabs who will be their neighbors.

The youths, ranging in age from 18 to 23, work up to 10 hours a day, six days a week, on nearby Hechalutz Farm, the only one of its kind in the United States.

Since its beginning more than 20 years ago, the farm has schooled more than 600 young people in the rigor and skills needed to cultivate land that has lain fallow for 2,000 years. The training program is sponsored by a Zionist organization called Hashomer Hatzair.

The present group is being taught how to nurture and tend chickens and cows, how to plow, sow and reap, how to care for fruit trees and gardens, how to cook and do laundry for the whole farm, and how to exist, if necessary on short supplies of water.

"Life at the farm is communal, similar to the way it was lived thousands of years ago in ancient Israel," said Mihail Frishburg, 33, director of the trainees and a veteran pioneer.

"Most of the people stay at the farm for a year or more," he added, "before going over. In Isreal they will set up a communal farm of their own, breaking the ground, building the houses, finding the water. All this will be done along the frontier.

"It is like the pioneers who went West, living in stockades and working the soil until the land was eventually filled by farms and cities."

Mihail, who has lived side by side with the Arabs as a farmer in Israel, stresses to the trainees the need to learn Arab culture and customs so that both groups can live peaceably together.

During discussion seminars in the evening they are taught it is impolite to refuse an Arab's invitation to dinner even if you are not hungry and when you are finished eating you can show your best manners by belching, a sign you have enjoyed the meal.

## LITERARY GUIDEPOST

PROVENCE. By Marcel Brion. Translated and adapted from French by S. G. Colverson. Essential Books.

Introducing the series called "Les Beaux Pays," this handsome book with a warmly appreciative text and nearly 200 fine photos is devoted to perhaps the most colorful land in Western Europe. It is the rich triangle of treausres from Roman Frejus in the East up to Montelimar and down to the mouth of the Rhoen.

To begin with, there is a geographical setting of spectacular beauty. Then there are the traces of peoples who flooded into the country and receded: Ligurians, Phoenicians, Greeks, Romans, Saracens. They left Romanesque and Gothic churches, bell towers, aqueducts, fortresses, chateaux. There are the people: the poet Mistral; Petrarch who here found his Laura; Monticelli; Cezanne and his Aix, his Sainte-Victoire mountain and his l'Estaque, and van Gogh and his Arles. One of the finest paintings in French art history is the Villenuve-les-Avignon Pieta, though you must go to the Louvre to see it.

* * *

MONTMARTRE. By Pierre Courthon. Translated from French by Stuart Gilbert. Skira.

The hill high above Paris topped by Sacre Coeur — it is as hard to get out of sight of it in Paris as it is in Rome not to be in range of the Victor Emmanuel monument—serves as an admirable subject for this opener in a new Skira series: "Famous places as seen by great painters." Among the artist are Theodore Rousseau, Gericault, Corot, Bazille, Degas, Manet ,Renoir, Van Gogh, Toulouse-Lautrec, and then Picasso, Gris, Braque, and other modernists. As always in Skira, the color reproductions are excellent.

W. G. Rogers

## Gourmet, Drama Fan Has Opportunities In London

By INEZ ROBB

LONDON—And now as I bid a really fond farewell to London, American visiting firemen who are headed in this direction may like to take note of the following:

If any sunshine tourist craves to eat like a king and/or queen, he can—surprisingly enough—satisfy this ambition in London where, for aeons, people have been eating to live rather than vice versa.

This happy circumstance stems from the fact that Andre Roussin, French chef who for 10 years during the reign of King George VI ruled the royal kitchens, is now chef of a bandbox restaurant called "Sheppey's" at 31 Shepherd Market.

The old restaurant building has over the centuries served as a temporary home for such diverse persons as Highwayman Jack Sheppard, Laurence Sterne, Beau Brummell and Michael Arlen, who lived here when he wrote "The Green Hat."

On the whole, the food tastes of Britain's royal family are pedestrain, Maitre Roussin said. There is a marked preference for such homely dishes as sheperd's pie roast beef and Yorkshire pudding. But M. Roussin could let himself go when a royal banquet was in prospect or Sir Winston Churchill came to dinner.

The King always referred to Sir Winston as "our special guest," his way of letting M. Roussin know that Churchill was to have a double helping of everything. Two other distinguished guests with excellent and uninhibited appetites were Queen Wilhelmina of The Netherlands and her daughter, now Queen Juliana.

Maitre Roussin prepared an after-theatre supper, based on royal menus, for me following the opening of Noel Coward's new play, "South Sea Bubble," starring Scarlett O'Hara, nee Vivien Leigh, and it occurred to me that there is nothing radically wrong with British royal appetites, either.

Smoked salmon and honeydew melon were followed by Goujon de Sole (filet of sole cut in little strips, fried in deep fat and served with sauce tartar—delicious!), succeeded by poulet roti and a green salad redolant of onion, and coffee. My republican stomach could not be stretched to include a royal dessert.

Since this particular evening began with the London theatre, let me say that no place in the theatre as inexpensive as in London—or better. Seats cost approximately than comparable seats on Broadway.

I was lucky to grab up, at the last minute, a seat in the balcony for the Coward opening, which had been sold out for weeks. In English theatres, the balcony is comparable to our peanut gallery. I climbed so high that between acts, instead of serving coffee or tea as is customary in the stalls, oxygen was administered.

Nonetheless, I could see and hear perfectly. And the seat cost me all of 63 cents. On the Great White Way, a customer can't even buy a ticket to a movie starring Miss Leigh for that little

## Close Survey Of Economics Is Enough To Give Little Man Pains In His Head

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — The little man gets pains in his head and dollar signs before his eyes when he hears talk about economics. The economists always seem to be disagreeing about money, inflation, deflation, credit.

And when they disagree most they can sound the most positive. Even when they look into the future, as they are always doing, they don't see the same things. The little man thought the pains in his head might go away if he just studied up a bit.

Then he could be positive too, and even if he was wrong he would feel more comfortable because he could be wrong without having doubts about being right.

He opened a book called "Modern Economics." The first sentence told him: "In these times almost everyone regards himself as something of an economist."

This was wonderful news. From now on no matter what he thought he would always have plenty of company already.

He had heard sales of automobiles and farm machinery were falling, that there have been layoffs in both industries but that employment in general has gone up while basic wages are rising.

But it was talk about credit that had been giving him those pains in the head lately.

Last March Rep. Patman (D-Tex) reflected on the borrowing Americans were doing—they were doing it at a record rate—and seemed to think it was pretty good.

"Credit," Patman said, "is the poor man's capital." And he said "I don't see any harm in it' if consumer credit was twice its present size. But the Board of Governors of the federal reserve system was getting woried about borrowing.

It thought too much of it might push inflation. So it raised the discount rate for its member bankers. This was meant to put a bit of a brake on borrowing because people would have to pay a little higher interest rate on the money they borrowed .

Immediately experts began disagreeing on whether this was good or necessary. President Eisenhower backed the board last week. But two members of his Cabinet had some opinions on the subject—at least, before Eisenhower expressed his.

Secretary of Labor Mitchell said the brake on borrowing "may have been a mistake." He said, "I see no threat of inflation at all." Secretary of Commerce said "money is tight" and he thought making it harder to borrow might be a handicap.

Weeks' Commerce Department, in its most recent report on the economy, painted a pretty picture. It said there were some leveling off from 1955 but the economy is on a high plane.

Its latest figures show: as of March 31 consumer credit was $35[illegible]7,000,000 (or 5½ billion dollars higher than last year), installment credit was $27,964,000,000 (up almost five billion), and noninstallment credit was $7,572,000,000 (up more than half a billion).

This report showed just how much people were up to their necks in new automobiles. Auto installment credit was $24,565,000,000, or more than half the nation's total consumer credit of 35½ billion dollars.

## College Seniors Cash In On Demands Of Industry

By SAM DAWSON

NEW YORK (AP) — Expanding plants and growing industries call for a fresh supply of brains and talent. And this year's college seniors are cashnig in on it.

Placement officers report that a greater proportion of men and women wil be heading for jobs next month than ever before in collegiate history. The starting pay will average higher.

Graduating engineers have been snapped up. Students trained in business administration are being recruited. And even the liberal arts schools are placing more graduates in jobs this year, after trailing during muc hof the business boom.

The Engineers Joint Council, representing 10 engineering societies, reports that some 5,000 companies have been bidding for the 23,000 seniors being graduated from engineering schools. It finds that the 14,000 graduates from two-year technological institutes are also being sought by industry, along with specialy trained high school graduates.

The Northwestern National Life Insurance Co., in its annual survey of placements, notes that "at many engineering schools the recruiting firms have outnumbered the available seniors."

At Pennsylvania State University, industrial recruiters are reported to have been contacting juniors and sophomores as well. Many companies are wooing students, and their professors, with summer jobs, expecting them to carry a good word about the firm back to the campus next fall.

Teh director of placement at Nortwestern University estimates that hiring of graduates is up by 30 per cent this year. Starting pay for engineers is up an average $23 a month this year to just under $400, and the nontechnically trained are averaging around $350 while women with scientific training are starting at around $340.

Average costs of recruiting teams indicates that interviewing and hiring a student calls for an outlay of $1,000 or more. Industrial personnel directors and that on many jobs it may cost as much as $10,000 to train the fledglings for the more responsible positions.

## There's Always A Price To Be Paid For Success

By HAL BOYLE

NEW YORK (AP)—Success always exacts a price.

George Gobel, who makes a nation laugh, says this is the price he has paid for fame:

"I used to go to the movie near my home and put a dime in the popcorn machine. If I didn't get my popcorn, I'd shake the machine until the popcorn did come out. A neighborhood cop showed me how to do it.

"But now if I put in a dime and don't get my popcorn I'm not supposed to shake the machine. I'm just supposed to put in another dime."

There is more than a little truth in this wry fable. Gobel, who often calls himself "Lonesome George" on his NBC television program, often does feel a bit lonesome. He is still a bit surprised, he still feels a bit uneasy, at being regarded as a celebrity.

George isn't the overnight sensation many people think him to be. He came up the hard slow way before achieving the rank of a top comedian.

"I always had long-range hopes, but I never had any real long-range plans," he said. "I still go from show to show, doing the best I can on each, and then start preparing for the next one."

George, whose dad ran a general store in Chicago, was a schoolboy soprano in a church choir when he was asked to sing at a wedding. He sang "The Voice that Breathed O'er Eden," and afterward someone handed him an envelope containing $2.

"I thought to myself, 'Boy, how long has this been going on?" George recalled. "I turned pro right then."

Gobel dosen't brood over much on longevity of TV comedians. He feels he can always fall back on his old night club routines. He has never rushed into print with reports of his multimillion-dollar earnings.

"The main reason I don't like to talk about what I make," he said, grinning, "is that my wife, Alice, will ask: 'Well, where is it?' "

A nice guy—Lonesome George.

WASHINGTON LETTER

## Former Senator Back From Philippines Duty

By JANE EADS

WASHINGTON—Over the mantel in the home in which they lived in Michigan for 36 years the Homer Ferguson had a motto which read: "East, West, Home's Best.' "

Home now to the former senator and Myrtle Ferguson is Washington, where they lived during the two terms he served in the Senate before going to the Philippines as ambassador. Recently returned after two years in Manila, Ferguson, newly-inducted judge of the Court of Military Appeals, and his wife are house-hunting and very happy over the prospect.

"Oh, we're home, back home," Mrs. Ferguson exclaimed. "This is indeed the best, though there was not one minute that we didnt enjoy ourselves. But now we're here to stay and I'm dying to get a house and collect together all the treasures we've picked up from travels everywhere and settle down to enjoy them."

It was like old times too for her susband to don the black robe of the judiciary again, Mrs. Ferguson pointed out. He has been a county judge in Michigan for 14 years before running for the Senate.

"Both of us came from small towns, where we lived in houses on a hill, Mrs. Ferguson explained. "When we married we lived next to a golf course. We'd like plenty of room around us, but of course we will have to adjust our thinking to what we can find. We do want a garden where we can sit and where we can entertain."

Relaxing from the partying and househunting, Myrtle Ferguson told me "Perhaps I am a little weary, but I had a good time getting that way."

As the American ambassador's wife, Mrs. Ferguson had a full and busy life in the Philippines. Immediately on arriving in Manila, she plunged into numerous activities in which she has always been interested in this country, particularly those associated with public health.

The Fergusons attended formal dinners about three times a week. Last year there were only five days they didn't have house guest from the United States.

## California District Has A Spicy Election Menu

RIVERSIDE, Calif., May 8 (AP)—Seldom if ever has the American melting pot cooked up a spicier election dish than the contest simmering in California's 29th Congressional District.

In this semidesert country a Hindu justice of the peace who has been a U.S. citizen seven years is trying to ground millionaire aviatrix Jacqueline Cochran in her maiden flight at the polls.

The famed woman flier is the favored Republican candidate for U.S. representative in the June 5 primary. The likely Democratic choice for the seat held by retiring Republican Rep. John Phillips is dark-hued Dalip S. Saund of Westmorland.

"I am not running for glory," says Jackie, still blonde and bouncy at 47. "I have received honors enough. But I feel a sense of obligation to repay my country for all it has given me. I want to serve this district for the next 20 years."

The equally energetic judge, a 56-year-old native of India who has become thoroughly Americanized after 36 years here, believes his color could be a big asset in combatting Communist propaganda.

"If I am elected to congress," he declares, "I'll fly to India and the Middle East and say, 'Here you see a living example of democracy at work.'"

The campaign is no sudden whim for Miss Cochran, wife of financier Floyd B. Odlum and operator of a 200-acre ranch (dates, citrus and grapes) at Indio, 150 miles southeast of Los Angeles. She has been planning it for years. As soon as Phillips decided to retire after 14 years in Washington, Jackie was the first to jump into the race.

The 29th is one of the largest geographical districts in the country, covering 11,463 square miles of irrigated farmland and desert in California's hot southeast corner.

## RADIO-TV REPORT

By SAUL PETT

NEW YORK (AP)—Next week being National Radio Week, I'd like to say a word for what one television-bred child called "that funny little box that talks bubt has no eye."

Personally, I like radio more since the big money and most of the high pressure entertainment left it for TV. Radio, I now find, is more relaxing, more intimate, less stereotyped and more stimulating.

There are, of course, many fine things to watch on TV along with a horrendous assortment of retarded claptrap. But in any case, good or bad, I find that if I watch too much TV in one sitting—say, more than three hours— I get up from the couch with a vague feeling of shame and atrophy.

The trouble, I suspect, is that TV lays out too much for us too often. In giving us sight and sound, it asks us to do nothing but absorb like a sponge. Radio solicits only our ear, and radio—that is, good radio—invites us to use our mind and imagination.

Take music. I have never been one of those who needed to look at anything while listening to good music except the visions stirred by the music itself. Actually, watching the singer or orchestra, I find, is only distracting.

Take news. In this department, television has never caught up with radio, and maybe never will. When there is only a voice telling you the news, it is easy to concentrate on the words, on the facts, on the essential product — the news. On TV it is more difficult to absorb because there are competing elements—the face of the men reading it, his desk, the globe, teletype machine and other synthetic props.

And there are many kinds of dramatic productions that radio will always do better, it seems to me, than television. Especially the fanciful things whose only limits are words and which are not anchored down by rigid sets or the range of a camera.

Radio is a fine antidote when you feel petrified by TV.

# SPORTS

## BUCKIN' THE LINE

By BUCK FRANCIS
News-Sports Editor

THE 1956 CANYON REEF Relays, you'll recall, attracted a mighty classy field of performers.

Proof of this may be derived from the results of the state track meet last weekend at Austin.

In the Class AA field at Austin, boys who fiured in the money here also figured in the money at Austin in 12 of the 13 events that were run in both meets.

Only in the pole vault was the state meet void of boys who placed in the event here.

---

Most of the times and distances, of course, were better at the state meet than they were here. But then this is only to be expected since the Canyon Reef was unreeled early in the season before most of the boys had time to "loosen" up.

Nevertheless, two of the times here bested the winning time in the AA division at the state meet. Mike McClelland of Stamford won the 220-yard dash here in 21.6 as compared to the Class AA winning time of 21.7 at the state meet.

In the high jump, W. L. Thornton of Aspermont won here with a leap of 6 feet 4 inches while 6-3 won at the state mete.

### McClelland Double Winner Here, At State

McClelland won the 100 and 220-yard dashes in the Class A division at state while Thornton won the high jump in Class B. Thornton's jump at state was 6-3, one inch less than his jump here.

McClelland, as he did at state, captured both the 100 and 220-yard dashes in the Canyon Reef. His 220 performance here was one-tenth second better than at Austin where he was clocked in 21.7.

In the 100, McClelland's time here was two-tenths second better than his winning time at Austin, running 9.9 here and 10.1 at the state meet.

---

Here's a quick run-down of the boys who placed in the state meet in the Class AA (big boy) division who took part in the Canyon Reef:

Billy Hollis, San Angelo, second in 100 at state and second here; and third in 100 at state and second here; Billy Walker, Amarillo, third in 440 at state and first here; Wahoo McDaniel, Midland, second in shot put at state (didn't place in Canyon Reef) and discus at state and second here; Gene Cox, Amarillo, 5th in both shot put and discus at state, first in discus and didn't place in shot put here;

James Harvey, Sweetwater, 4th in high hurdles at state and second here, and sixth in low hurdles at state and second here; R. D. Ross, Lamesa, fifth in mile run at state and first here; Richard Flores, San Angelo, 6th in mile run at state and fourth here; Jack Gorrell, Odessa, second in high jump at state and sixth in broad jump but didn't place in either event here;

### Relay Winners Here Fare Well At Austin

Amarillo 5th in state meet in mile relay and fourth here; sixth in 440-yard relay at state and second here; and San Angelo, sixth in mile relay at state and second here.

---

There were plenty of performers here, too, that figured in the money in the Class A and B divisions at state but space just won't permit to print them all.

We've already mentioned how Stamfords McClelland and Aspermont's Thornton did in their respective classes at the state meet. Another incident worthy of note in the two lower divisions at the state concerning boys who ran here is in the mile relay in the Class A Division. Stamford and Colorado Ctiy places second and third respectively at state and first and third respectively here.

Dumas, another Class A entry in state, placed fourth in the mile relay at Austin behind Stamford and Colorado City but didn't palce here.

---

In closing, 13 of the 15 first place finishers in the Canyon Reef went on to qualify for the state meet.

Well, these facts and figures should give one some sort of picture of the fine array of talent Canyon Reef officials secured for the 1956 running here.

Carlsbad at Midland

## 'Old Man' Spahn Regaining Form

By ED WILKS
The Associated Press

Some of the boys in the know were hinting last season that Milwaukee's Warren Spahn had lost his speed, was over the hill. Well, the "old man" has news for 'em—he's back in business and his best pitch is the "most consistent fast ball" he's had in years.

The 35-year-old southpaw was 17-14 last season, after winning 20 or more games in six of the previous seven seasons. But the experts jumped to the wrong conclusion. The fire wa sgone from his fast one, but not because of age.

"My fast ball," said Spahn, "went along with my knee," which failed to respond after a midwinter operation. "That left me no choice. I couldn't throw hard and I only used my fast ball as a waste pitch. I had to get 'cute,' pitching to spots."

Last night Spahn burned a three-hitter past the improved Pittsburgh Pirates, striking out 10 and walking only one for a 5-0 decision, his first of the season. It was his 35th career shutout, tops among active National League hurlers, and retained the Braves' slimh(60 percentage points) lead.

The St. Louis Cardinals kept the presure on, routing Robin Roberts to blast Philadelphia 9-1. Cincinnati relinquished its share of second place in a 5-4 loss to the New York Giants. Brooklyn's champions snapped a three-game slump as Don Newcombe tossed a three-hitter to beat Chicago 6-0.

In the American League, three home runs gave the New York Yankees their fifth straight, a 4-3 verdict over Cleveland. Boston took over second place from the Tribe, beating Chicago's White Sox 4-3 in 13 innings. Baltimore jumped into fourth with a 7-4 job on Kansas City. And Detroit perked up after three straight defeats to whack Washington 14-6.

Spahn had support to spare. Joe Adcock, Bobby Thomson and Del Crandall each cracked homers off Bob Friend.

Newcombe, now 4-1, issued only one walk in his 1-hour, 56-minute quickie against the Cubs. He fanned three and coasted in after Gil Hodges rapped Warren Hacker for a three-run homer in the first.

Rip Repulski homered witn two on to trigger a five-run third by the Cards that roughed up Roberts. Hal Smith also drove in three runs, two with his first major league homer. Willard Schmidt gave four hits before leaving with a stiff arm and Larry Jackson mopped up in the ninth as the Phils lost their sixth straight.

After three singles in seven innings, Cincinnati got to Jim Hearn for three runs in the ninth, with Bob Thurman smacking a two-run homer (No. 38 for the Redlegs) Reliefer Don Liddle got Ed Bailey, the NL bat leader at.463, on a foul pop to end the game.

Mickey Mantle, poking his 10th, Elston Howard and Hank Bauer knocked the homers for the Yankees, shelling Early Wynn to overhaul a 2-1 Tribe lead. Young Johnny Kucks was the winner.

Dick Gernert, who homered for Boston's first run, singled home the winner off reliefer Millard Howell for the Red Sox, who got Frank Sullivan in trouble with six errors that meant three unearned runs. Rookie Dave Sisler won his second in relief.

Eight runs in the fifth won for Detroit, with Bill Tuttle slapping a three-run double in the uprising. Reliefer Dick Marlowe, itching to but one man, was the winner.

## Hoad, Gibson Net Champs

ROME (AP)—Two Cannonball servers—Lew Hoad of Australia and Althea Gibson of New York City—smashed through the Rome International Tennis Tournament looking like major threats for this year's Wimbledon Championships.

The 21-year-old Australian, already regarded as probably the world's best singles player, took the Men's title here yesterday after losing only one set in the tournament, a feat duplicated by Miss Gibson.

They both said they thought they had a good chance at Wimbledon and opponents they waded through here agreed with them mephatically.

Hoad, who won the title with a 7-5, 6-2, 6-0 victory over Sweden's Sven Davidson—often considered Europe's best singles player, said he believes he's in better shape now than before Wimbledon a year ago.

Herb Flam, Beverly Hills, Calif., who took the only set that Hoad lost here, declared, "He's the toughest player in the world to beat."

CARDS HAVE ANOTHER ROOKIE OF YEAR CANDIDATE—Don Blasingame (center), fleet-footed St. Louis Cardinal shortstop, is the most likely Redbird candidate if the "rookie of the year" honors are to remain in the Cardinal organization the third year in a row. Blasingame is talking to Wally Moon (right), who won the honor in 1954 and Bill Virdon the 1955 winner, in St. Louis.

# Tigers In Abilene For Playoff Opener

Snyder's surprising Tigers and the defending champion Abilene Eagles were slated to open their best two-out-of-three playoff series today at Abilene for the right to advance in the state baseball playoffs.

The Tigers and Eagles have been declared co-champions of District 4-AA, each finishing district play with identical 5-1 records. A playoff, however, was necessitated to determine the team to meet Midland in bi-district play.

Midland has already clinced the 3-AA title.

Ronnie Baker, 7-2 on the season and 3-0 in district play, was nominated for starting mound duty today for the Tigers by coach Speedy Moffett.

Baker, a southpaw, was to be opposed by right hander Kenny Schmidt. Schmidt holds a 6-3 decision over the Tigers this season while Baker will be facing the Eagles for the first time.

Abilene's starting second baseman, David Bourland, has been lots of the team for the remainder of the season with a broken leg. Bourland suffered the fracture during an intra-squad game yesterday.

The injury occurred when Bourland slid home, catching his ankle on the corner of the plate.

Starting in place of Bourland will be Harold Stephens.

The Tigers and Eagles both own remarkable records for the season, Abilene 19-3 and the Tigers 20-6, for the year.

Abilene hasn't lost a game since dropping a 4-3 decision to the Tigers, April 17, in the District 4-AA opener for both teams. Abilene later revenged the loss by shading the Tigers 6-3, April 28.

Second game of the playoff series is scheduled for Friday at Towle Memorial Park here. The third game, if necessary, will also be played here, Monday.

The Tigers left at noon today for Abilene and today's tilt.

Don McNew, leading hitter for the Tigers for both full season and district play, carried a 12-game hitting streak into today's game, the stocky catcher having hit safely at least one time in the last 12 Tiger games.

For the season McNew is hitting .448 as compared to .611 in District 4-AA play. McNew currently is the top hitter in 4-AA.

Probably starting lineups for today's game plus season batting averages was expected to be:

TIGERS

Gary Vice, cf, .222; Tommy Prichard, ss, .228; Alan Snead, 3b, .333; Don McNew, c, .448; Milton Ham, 1b, .391; Joe Reaves, 2b, .268; Pat Fowler, rf .259; Neal Boyd lf .222; and Ronnie Baker p .324.

EAGLES

Jimmy Carpenter, lf, .226; Gerald Lewis, rf, .283; Bruce Boyd, 1b, .214; Glynn Gregory, c, .448; Carlton Winkles, cf, .343; Harold Stephens, 2b, .000; Robert Carothers, ss, .291; and Kenny Schmidt, p, .200.

RBI LEADER—Joe Reaves, Tiger second baseman, is leading the Bengals in the runs-batted-in department for the season with 18. Reaves, a junior, is batting .268 for the season on 22 hits in 82 trips. (Lee Watson Photograph)

## HE SHUDDA' STAYED IN BED OFFICIAL SAYS

PORT ARTHUR (AP)—Al Derion, Wichita Falls hurler, had a bad night last night against Port Arthur as he beaned a teammate while warming up beaned a Port Arthur layer during the game and injured his own ankle sliding into second.

Deroin hit Mel Work of Wichita Falls with a wild pitch while warming up. In the fifth inning, he hit Port Arthur's Hal Sisco with a fast ball. Both men were hosifalized with concussions.

Deroin had to leave the game after his slide into second.

## TCU 9 Wins 1st Title In 23 Years

By The Associated Press

Texas Christian, its first Southwest Conference baseball championship in 23 years tucked away in its hip pocket, Wednesday looked toward the NCAA regional layoffs against Arizona.

The Froggies sewed up the title two ways Tuesday, beating Texas 9-1 and watching Rice slam Southern Methodist 9-5 at Dallas. Either the victory for TCU or the loss for SMU would have been enough.

Texas AM trimmed Baylor 7-4 in the other Southwest Conference action.

# Snyder Furniture Outlasts Ira 10-6

Snyder Futniture won its first game in City League play last night with a 10-6 victory over Ira at Towle Memorial Park.

The winners were never headed after pushing across three runs in the third inning for a 3-0 lead. Ira came back to cut it down to 3-2 in the lower half of the third but the Furniture nine broke loose for seven runs in the fifth to take a commanding lead and then choked off a belated really by Ira in the seventh.

The losers scored twice in the seventh but fell four runs shy of catching up.

Ira outhit the Furnituremen, 8-4, but errors proved costly to the losers.

No games are scheduled tonight. Next on tap in City League action will send Sun Oil against Ira Friday night.

Snyder Furniture and Hermleigh will wind up the week's activity and the first round of play Saturday night.

Last night's box:

## Abilene Climbs To 2nd Place

By The Associated Press

The Abilene Blue Sox headed for Victoria Wednesday holding down second place in the Big State League after two victories in a row over the league-leading Corpus Christi Clippers.

Tom Venditelli slammed a triple Ozzie Walker and give Abilene a in the eleventh inning to score 5-4 victory over the Clippers Tuesday night. Wichita Falls, which muffed another chance to move into a tie with the Clippers for first, fell back to third, one game out, as the Port Arthur Chieftains beat the Spudders 9-6.

Victoria beat Waco 7-6 on Dale Perry's two-run homer with two out in the last of the ninth, and Beaumont cracked a four-game losing streak with a 9-1 victory over the Lubbock Hubbers.

### Aggies Get Star Louisiana Cager

A youth who was voted the outstanding basketball player in New Orleans high schools, David Corson, yesterday said he has signed a letter of intent to attend Texas A&M College. Corson, a 6-foot-5-inch 185 pounder, scored 465 points in 23 games last season.

Can you see, steer, stop safely? . . . Check your car—check accidents!

The World's favorite V-8 now 225 "horses" powerful!

*Imagine!* 225 V-8 horsepower is now available in most Ford models . . . and 202 right down the line. No wonder Ford's still the V-8 champ!

Yes! *You* can have the fun of commanding a champ—no matter which Ford V-8 you buy. For that *extra* punch, you can have the 225-h.p. Thunderbird Special V-8 in Fairlanes and Station Wagons. Its sizzling "scat" smashed 30 world records at Kingman, Arizona. Or you can have the power-packed 202-h.p. Thunderbird V-8 in *all* Ford models

Whichever Ford V-8 champ you choose, you'll get the world's most experienced V-8 . . . the world's largest-selling V-8. And this mighty GO-power is wrapped in Thunderbird-inspired beauty . . . packed with the added protection of Ford's Lifeguard Design. All of which makes Ford worth more when you buy, own and sell it. Come in and see us *now!*

*Test Drive the heavyweight champ*

## Ohio Girl Denies Kidnaping Report

ATHENS, Greece (AP)—A 21-year-old Ohio girl and a handsome Greek fishmonger who fell in love by mail came out of hiding today and said they would marry over the protests of the girl's mother.

Mrs. George Milton of Dayton, Ohio, had gone to the police, charging her chestnut-haired daughter Elaine disappeared last Saturday with John Sideris, 31, while his parents phoned Mrs. Milton so she could not stop them.

"I love John and we are going to be married," Elaine said after she and her fiance voluntarily turned up at the police station. "I was not kidnaped. That is untrue. If my family does not want us, we will live in Greece."

# Confidence In Mid East Plans Cited

WASHINGTON (AP)—The United States was reported ready today to back another Middle East peace mission by U.N. Secretary General Dag Hammarskjold if he thinks it would promote Israeli-Arab agreement.

Secretary of State Dulles said last night this country and its Western Allies now have greater confidence in United Nations handling of the dangerous Middle East situation since Russia has indica solution" through the U.N.

"The Soviet Union seems increasingly aware of the dangerous consequences of reckless action," Dulles said in a speech here before an international convention of B'nai B'rith, a Jewish fraternal organization.

His broadcast speech, constituted a report on his meeting in Paris last week with other foreign ministers of the 15-nation North Atlantic Treaty Organization. It was largely devoted to the possibilities of exanding NATO's work.

Recalling that NATO had not taken up the Middle East crisis, North African problems and the bitter Cyrus dispute because it has been solely concerened with military matters, Dules declared:

"Surely the Atlantic community is not adequately organized if matters of this nature, which could shake the community to its foundation, develop over the years without any effort at broad consultation between the members.

He appealed for a decision by all the NATO governments to authorize the 15-nation council to consult regularly on problems of common interest. Such a step, he said, "would greatly alter the entire character of the community relationship."

As for the Middle East, Dulles reaffirmed U. S. policy of maintaining Israel's independence against Arab pressures and also of seeking friendly relations with both sides.

He said those points are commonly held by the NATO powers.

These powers further believe, he declared, "that solid reliance can the United Nations Charter and that no nation of the area which conforms internationally with those principles will stand alone."

## Opposum Makes Error In Selecting A Home

SHERMAN OAKS, Calif. (AP) — Mother Opposum made a slight error in selecting a home for her brood of five, but they all came out all right.

She gathered some straw and made a bed atop the engine of Robert J. Anvoots' automobile.

For two weeks Anvoots didn't use the auto. Monday he got in, stepped on the starter, but heard only a click. The battery didn't turn over the engine. It had a dead cell.

Anvoots lifted the hood, found the possums resting comfortably in the straw nest. If the battery had done its work the straw would have been set afire.

Anvoots turned over the opposums to the animal shelter.

## Snake Roles Ruled Out For TV Show

LOS ANGELES (AP)—Temporarily at least, Grover must refrain from playing snake roles on television because a producer claims Grover is an imitation of Cecil, the seasick serpent.

Superior Judge John J. Ford issued an order restraining Stanley Freberg from presenting his hand manipulated puppet snake on the NBC Comedy Hour pending trial of Bob Clampett's two-million-dollar suit.

Producer Clampett originated Cecil on the Time for Beany TV show. He sued on the ground that Grover, headliner in Freberg's show, is an infringement. Freberg formerly was associated with Clampett.

## Suit Is Filed For Removing Kidney

CAMBRIDGE, Mass. (AP)—A 22-year-old widow has filed a $250,000 civil suit against two doctors charging they removed her husband's right kidney without knowing he had no left kidney.

A Boston law firm disclosed yesterday the suit was filed last February by Nancy Keefe of Billerica, mother of a son, born after her husband's death July 3, 1955.

John S. Keefe, 27, who served both in the Navy and the Army on different hitches, died of uremia less than two months after a tumor operation.

Superior Court officials said the doctors' names are not privileged for use until judicial notice is taken of the suit.

## Press Barred From Civil Rights Meet

COLUMBIA, S.C. (AP)—The Federal Bureau of Investigation held a seminar for the Columbia Police Department on civil rights, including constitutional guarantees of freedom of the press.

The press was barred from the closed meeting.

## Thank You Note Is Sent To Santa Claus

SALT LAKE CITY (AP)—Kristine may have put it off a little long, but she's finally dashed off a thank-you note to "Santa Clause." Maybe too she's just a girl with an eye out for the future.

Her letter, opened at the Salt Lake City post office yesterday, was addressed in bold, irregular letters to "Santa Clause, North Pole, U.S.A." and read:

"Dear Santa and Mrs. Santa, we like both of you. Thank you for the nice toys. We like your elves. We will try to come and see all of you. We hope all of you have fun up their (sic)."

It was signed "Kristine."

## Family Generation Is Put On Record

FALL RIVER, Mass. (AP)—Police records today had this notation in connection with a 2-car accident:

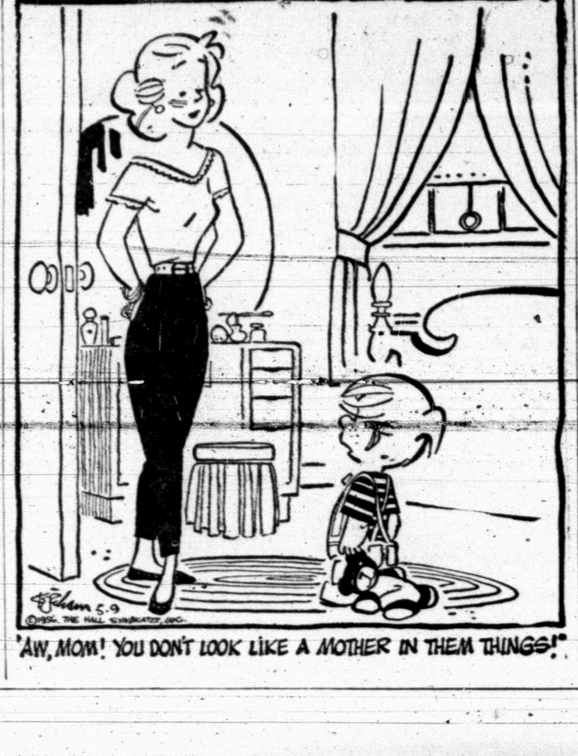
The driver of one of the cars—Manuel L. Souza, 187 Smith St.

An injured party — Manuel L. Souza, 187 Smith St.

Witness questioned — Manuel L. Souza, 187 Smith St.

They are different parties, three generations of a family.

DENNIS THE MENACE



"AW, MOM! YOU DON'T LOOK LIKE A MOTHER IN THEM THINGS!"

## Traffic Plan For Highway 180 Studied

New steps to promote traffic on Highway 180, and a schedule of improvements to that thoroughfare were reported in the annual meeting of the U. S. 180 Association annual meeting Sunday and Monday in White City, N. M.

Harry Holbrook, owner of Sunset Courts in Snyder, retired as president of the organization. He was succeeded by Lewis Whitlock, manager of the Carsbad, N. M., Chamber of Commerce. Other new officers are Pat Ryan, Lamesa Chamber of Commerce manager, vice president, and Mrs. Kouis McCall of Lamesa, secretary.

Dan Kaffka, manager of Beacon Lodge, succeeded Tommy Davis, manager of the Skyline Motel, as Scurry County's director in the association.

The association plans to erect a lighted sign on a two-story building in El Paso to point out the 180 route to tourists. Also planned are 11 new signs between El Paso and Lordsburg. Improvement projects reported at the meeting included a prospective letting of a contract late this year for a four-lane segment from Weatherford to Mineral Wells, and another project this summer in Palo Pinto county extending west to the Stephens County line.

There also is a widening project in Dawson County west of Lamesa, which will provide three-lane facilities for a distance of 10 miles. Extension of 180 beyond Lordsburg, N. M. has been approved, and efforts are being made to extend the highway through Arizona.

Joe Bursy, director of the tourist bureau in Santa Fe, N. M., spoke to the group. He said tourists spent $412-million last year in Texas and that the touritst business ranked second to cotton in dollar volume in the state.

Attending the meeting were Holbrook, Tommy Davis, Bill Davis, Mr. and Mrs. Kaffka and Grady Elder, manager of the Snyder Chamber of Commerce.

Dodger rookie second baseman Charley Neal hit 16 home runs for Montreal in 1955.

## Lawyers Criticized For Rate Of Divorce

LONG BEACH, Calif. (AP)—California lawyers haven't helped decrease the state's divorce rate, says Judge Elmer Doyle.

Doyle, of the Superior Court's Domestic Relations Division, told members of the California Conference of Social Workers Monday that couples seeking divorces should see a judge before a lawyer.

He criticized recent efforts by members of the California Bar to reduce the interlocutory period. Divorces are not final in California for one year. He said shortening the waiting period hinders reconciliation attempts.
