Here and There

By J. Troy Hickman

MAN'S A MAN.

ALL THAT

The other day I heard some men taking up for Joe McCarthy. It surprised me because, as I

him, Joe is one of the natural enemies of the very thing that makes our way of life as safe as it is.

That thing is the belief that a man is a man, regardless of what is suspected of being or being, and that as a man he is entitled to certain basic rights. This minimum code of human decency is not written down anywhere. It is not completely engraved in any constitution. It is instinctive with most persons of good will. There is a little of it everywhere. It is the one thing that keeps us from becoming barbarians in every crisis.

Take two examples. Suppose a man murders someone. Suppose the local officers who arrest a subject him to brutal treatment to force a confession. If that fact is ever known, people of good will and decent instincts will test the officers' actions, and the courts will throw out a conviction based upon it. Why?

Because he is a human being, and as such has certain basic rights — regardless. There are things one human being must not do to another human being, whatever the provocation. This is the minimum code of instinctive human decency, the unwritten law that is our last defense against hysteria.

A second example was the long done the Jews by the Nazis. In matters scientific, artistic and cultural, the German people have for centuries been in the forefront of the human race. Yet they, of all people, would violate the instinctive code of human decency. But under the name of hate fostered by Hitler and his movement, the crust of human civilization broke down; many people descended to the level of cruel beasts; and more people were tortured, betrayed and slaughtered than have been since the days of the Romans and their persecution of Christians.

Laws and systems are no good, unless they are backed up by the written code of human decency which holds that there are some things people just can't do to other people.

This is the law that Joe McCarthy has persistently violated. That is the reason why he is tough, and will be forever tough as a public force in this country. The American people as a whole believe profoundly in the written code of minimum human decency, and they will not tolerate its violation very long.

Joe McCarthy has been badly hurt about Communist infiltration of the government. There has been some reason for alarm, since administration preceding this showed a childish credulity toward the real aims of the Communist world-force. But there are other men in this country as tough as Joe, and as patriotic and as Joe. If he had looked a little, he would have seen they were not as scared as he was, and it might have come to him some.

Like the egoist will, Joe McCarthy himself as the man of the hour. Horatius at the bridge, the hero of his grateful country, as he dreamed of his country rising up in its gratitude and naming him President. The moment of a zealot are seldom as he imagines.

He was ready to work, so they named him the investigating job. Suppose no one else wanted it. It is a thankless and dirty job at best.

Before Joe had gone very far, he scrapped the unwritten code of minimum human decency. He was going after people like a dog after rats.

People began to turn against him. He aroused forces that ultimately

Formal Opening Of New Joseph's Store Here Today

Two Buildings Made Into One Big Store; Stock Doubled

Formal opening in its beautiful, new and larger store is being celebrated here this week by Joseph's Department Store, Thursday being designated as the grand opening date.

With its store space doubled by combining two buildings into one, the new Joseph's store is one of the finest department stores in a city this size anywhere in Texas. The expansion program, including the purchase of the two brick buildings from Mrs. Howard Cox and Mrs. A. Helbing, entailed expenditures in excess of \$50,000 and the expansion of the store's stock to in the neighborhood of \$150,000 worth of merchandise.

The Joseph's store here is one of five retail stores owned and operated by Louis M. Joseph of Dallas, a native Texan and a long-time resident of West Texas. Mr. Joseph operates two stores in Dallas, where he maintains headquarters, and other stores in Junction, Sonora and Ozona. At one time he had stores also in Alice and Marfa but discontinued these operations.

With a few minor details yet to be completed and a new neon sign which has not been delivered, the new Joseph's here is practically completed. It boasts a floor space of 5,000 square feet, has a solid glass front, including glass doors, attractive display windows which are open to the building's interior and merchandise is arranged in attractive aisles throughout the mammoth interior. Rows of fluorescent lights which line the ceiling, a total of 85 fluorescents, flood the store's interior and attractive outside flood lights will augment the neon sign to be installed later.

Mr. Joseph purchased the Ozona department store, established in June, 1928, by the late Ben Lemmons and Mrs. Lemmons, from Mrs. Lemmons in March of 1950. Management of the local store is under the direction of Hubert W. Baker, with Morris Hermer, district supervisor, giving occasional assistance and handling promotion work throughout the property. Mr. Hermer's home is in Dallas but he spends most of his time assisting store managers in this area and in Dallas. He has had 47 years experience in merchandising.

Other members of the local store's staff are Mrs. H. B. Cooper, Mrs. Doyle Perdue, Mrs. Joe Chapman, Roberta Ortiz and Raymon Landin.

Inter-Club Council Hears Holiday Plans

Members of the Inter-Club Council, made up of representatives from all civic organizations in Ozona, met Monday and heard reports from various committees on plans for community Christmas observance.

L. B. T. Sikes, Lions Club president, reported that arrangements had been completed for a Christmas tree in the park and that members of the Senior class will decorate the tree.

Mrs. Ted White, president of the Music Club, reported on the Music Club sponsored carol singing to be held in the park from 6 to 7 p.m. on December 21.

The Council's next meeting is set for the first Monday in March.

Community Carol Singing December 21

A community Christmas carol singing will be held in the downtown park the evening of December 21, from 6 to 7 p.m., the event sponsored by the Ozona Music Club.

Singing will be directed by James Rollins and led by his high school choral group. All Ozona is invited to take part in the carolling.

Drive For Gonzales Foundation Set For Tuesday, Dec. 14

Tuesday, December 14, has been set as the date for a one-day drive on behalf of the Gonzales Warm Springs Foundation for crippled children. Mrs. Ashby McMullan, local drive chairman, announced this week.

The Gonzales institution, which has treated a number of Ozona polio victims in recent years, is supported by public subscription and the month of December has been designated for a statewide campaign for funds for the institution.

Mrs. McMullan is organizing a group of workers who will assist in making the drive.

8 1/2 More Miles Barnhart Road To Be Widened

Highway Dept. Makes \$105,000 Available For Work

The Texas Highway Commission has announced the first step which will set up a new program of work for the calendar year of 1955. E. H. Thornton, Jr., chairman of the Texas Highway Commission, stated that the funds for this program are being derived from state sources.

J. A. Snell, district engineer of the Texas Highway Department at San Angelo, has stated that the following state highways and roads in Crockett county scheduled for work under this program.

From 6 miles north of Ozona north on Highway 163, widen base and resurface a distance of 8.6 miles at an estimated cost of \$82,500. In same section of road, widen all culverts and bridges at an estimated cost of \$22,500.

Mr. Snell stated that the Highway Commission has authorized the development of this program for the purpose of protecting the investment of the public in the state highway system.

It was announced that work will begin on these projects just as soon as final planning is completed. District Maintenance Engineer R. N. Jennings will be in charge of the work in this area.

Historical Society Discusses Means Of Recording History

The second meeting of the newly revived Crockett County Historical Society, organized in 1939 but becoming inactive during the war, was held at the high school auditorium Monday evening.

A nominating committee to select a slate of officers to be named in January was appointed by Mrs. R. A. Harrell, president, composed of Ted White, Mrs. John Henderson, Jr., and Bill Baggett, Jr.

A museum committee, to look into possibilities of securing space for a museum which would be accessible to the public, was named. Mrs. Lee Childress was appointed chairman and other members are Wayne West, W. R. Baggett and Mrs. B. B. Ingham, Sr.

The program was led by Richard Flowers. Discussion was on the best means of collecting historical data in the community.

Membership dues in the Society are \$1 a year and those interested are invited to join. James Coker, public school history teacher, was added to the rolls at the Monday night meeting. A roll of the charter members of the Society, at its organization will be published in next week's Stockman.

W. T. U. SERVES DINNER

Frigidaire Sales Corp. and the West Texas Utilities Co. were hosts at dinner Wednesday noon for between 300 and 400 Ozonans. Mrs. Abbie Andrews and Don Pir-die, representing Frigidaire, prepared turkey sandwiches, fresh cooked doughnuts and hot coffee and hurry-up invitations were broadcast by the local W. T. U. staff. And the folks came to dinner

Flood Control Committee Plans To Push Project

Group To Probe Possibilities For Action On Survey

With a war chest made possible by Ozona's support of the recent Lions Club auction, a newly appointed Ozona flood control committee held its first meeting Tuesday night at a supper provided by the Lions Club at the House of Flowers.

The committee, composed of representatives named by the Rotary Club and the Lions Club and one at-large member, was selected to represent Ozona and Crockett county in pushing to completion flood control measures in the upper reaches of Johnson draw to prevent a repetition of the flood disaster which struck Ozona early the morning of June 28.

The committee is composed of Sherman Taylor, Wayne West, W. R. Baggett, Chas. E. Davidson, Jr., W. D. Cooper and J. B. Miller. Others present for the organization meeting of the committee were Lion President L. B. T. Sikes, Rotary President Frank James, and P. T. Robinson, T. J. Bailey and Bob Scott, Soil Conservation Service technician.

Committee members plan to visit the Brady Deep Creek flood retardation dam project next Thursday, Dec. 16 and later will confer with the Corps of Army Engineers in Fort Worth.

Wildcat in Crockett Recovers Oil; Vaughan, Midway Lane Extended

Texas Gulf Producing Co. No. 1-Q University, Crockett county 10,500-foot wildcat in 14-51-University, 1 1/4 miles southwest of the one-well Block 51 (Fussellman) field and 20 miles south of Big Lake, recovered oil and salt water on a drillstem test between 9,427-9,513 feet, recovery was 30 feet of gas-cut mud, 90 feet of heavily oil and gas-cut drilling mud, 360 feet of oil, 350 feet of oil and mud-cut salt water, and 1,350 feet of salt water. Flowing pressure was 160-190 pounds; 30-minute shut-in pressure, 3,900 pounds.

Operator was drilling below 9,690 feet in time. The Vaughan field of Crockett county has been extended 1/4 mile north with completion of Forest Oil Corp. No. Isabel Vaughan for a daily pumping potential of 73 barrels of 28.6 gravity oil, no water, with gas-oil ratio of 72.6-1.

Production was through perforations between 1,428-1,454 feet in 5 1/2-inch casing cemented at 1,466.90 feet, the total depth. Top of pay was picked at 1,428 feet on elevation of 2,601 feet. Pay section was acidized with 500 gallons.

(Continued on Last Page)

Palmetto Polo Team To Play Eldorado On Local Field Sunday

The Crockett County Sheriff's Posse Palmetto Polo team, captained by Dub Pettit and coached by Frankie Jones, will play a matched game with the Eldorado team at the former Little League park field here next Sunday afternoon starting at 2 o'clock. Admission will be free.

Palmetto polo is a comparatively new game that is being played in a number of West Texas towns. It is a modification of regular polo in that the ball used is an inflated rubber ball about the size of a basketball. A new fence along the field boundary line has been installed at the local field, thus making for a faster, more interesting game for the spectators.

Other players participating in play here include P. C. Perner, Sam Perner, Vic Montgomery, Walter Sparks, Kay Black, L. D. Kirby, Otto Pridemore, Frank Fish, and John Coates.

Grayburg Discovery In Todd Field Adds Second Pay Section

Second pay, the Grayburg, has been opened in the Todd (San Andres) field of Crockett County with completion of Val-Carroll Oil Co. No. 1-C J. S. Todd, in 15-10-GC&SF, 20 miles northwest of Ozona.

It was finalized for a daily pumping potential of 30.9 barrels of 32.6 gravity oil, no water. Production was from open hole between 1,566 feet, where 7-inch casing was set, and 1,619 feet, the total depth. Top of pay was picked at 1,580 feet on elevation of 2,423.4 feet.

Pay section was acidized with 1,000 gallons and fractured with 3,000 gallons.

Operator has requested discovery allowable and suggested the field be designated at the Todd (Grayburg) field.

All Officers of Soil Conservation District Re-Elected

Crockett Soil Conservation District Board of Supervisors held its first meeting since September, Thursday, December 2, at the courthouse. Those present were: Charles E. Davidson, Jr., chairman, L. B. Cox, Jr., R. A. Harrell, Bill Clegg, and Dick Henderson, newly elected supervisor from sub-division No. 1.

Main item of business was the election of officers for the new term. All officers were re-elected as follows: Charles E. Davidson, Jr., chairman; L. B. Cox, Jr., vice-chairman, and R. A. Harrell, secretary.

Other items of business discussed were problems of reseeding native grasses in the Crockett district; the use of district-owned equipment, and the recent activities and interest in flood control in Ozona.

\$100,000 School Bond Issue Carries By Vote of 260 to 13

Whopping 20 to 1 in Favor of Cafeteria, Classrooms

A record one-sided vote was registered in Tuesday's election in which Crockett county voters approved the issuance of \$100,000 in school bonds for the purpose of building a new school cafeteria and adding two class rooms to the North Elementary school.

The vote was 260 for the bonds to 13 against, a whopping 20 to 1 for the project.

With the overwhelming approval of the bond issue, the school board will proceed with plans for construction of a new cafeteria to serve the entire school system and to be erected on the school property north of the Junior High school building. The brick construction will match existing buildings in the area.

Addition of two classrooms to the North Elementary school will be needed to take care of the sixth grade which is to be moved back from the Junior High building next fall to the North Elementary. Any funds remaining from the issue will be used to make other needed additions and repairs to buildings of the system.

Ozonans Voice Pollution Fears For Ozona Water

Local Delegation Attends RR Commission Hearing

A delegation of Ozonans, including County Judge Houston Smith, and Manager W. D. Cooper of the Crockett County Water Control District offered testimony at the Railroad Commission hearing in Austin last week relative to salt water pollution of fresh water wells in Crockett county.

The Ozonans voiced fears that the practices of some oil operators in the north central area of the county of disposing of excess salt water from producing wells by pumping back into areas of fresh water strata might ultimately contaminate the city of Ozona's supply of water from deep wells. The drainage trend is from the field in the direction of Ozona's presumed supply source, the local representatives contended.

Virgil Powell, Joe B. Mayer and Sam Mann, Crockett county ranch operators, presented testimony concerning pollution of their stock watering wells in the area. Mayer said some of his cattle had died from drinking salt water.

Witnesses, land owners, ranch operators, municipal authorities, and members of the State Board of Water Engineers, testified in the hearing. They told of pollution of fresh water wells and of irregular means being employed to dispose of salt waters produced from the World field in north central Crockett county.

They also testified that surface pits in the area are inadequate to evaporate the water produced. They said the mishandling of stored water, such as dynamiting of pits, has resulted in crevice seepage and syphoning of stored water out onto surface soil. The commission was asked to require operators to return their salt water to salt-bearing sand, which some operators in the field do. The commission formerly limited operators to 900 barrels of salt water to 45 barrels of oil, but this limit has since been lifted.

Attorneys representing operators in the field offered a defense designed to show operators were not guilty of pollution. They offered testimony that the worst pollution effects were observed at great distances from the field. They held practices are adequate to prevent fresh water pollution.

The hearing was the latest of a number of such hearings none of which has produced any action.

BOYD LOOKS AT THE STATISTICS —

Football Season Statistics Show McMullan Leading Ground Gainer and Scorer; Martinez Second in Scoring; Hale Leads in Passing

By Ernie Boyd

Last week's surprisingly one-sided defeat of the Sonora Broncos at the hands of Albany drew to an official close the 1954 football season in so far as District 6A is concerned.

A close look at the figures on the 1954 edition of the Ozona Lions showed that senior Ronnie McMullan carried off most of the offensive honors for the Lions. McMullan was named to the district 6A all-star team and the statistics told much of why he deserved the honor.

McMullan lugged the ball for Ozona 152 times during the season to pick up 921 yards. This total indicates a six yard plus average every time he carried the ball. In addition McMullan led the team in scoring with a total of 81 points collected on 12 touchdowns and 9 extra points.

As if the above performances were not enough, McMullan was the team's leading pass receiver, taking 14 tosses for 156 yards.

In the receiving department Antonio Rodriguez was second with six catches for 64 yards and Orville Paulk brought up third place with two catches for 49 yards. Incidentally Paulk held the distinction of scoring the only touchdown of the season by the passing route.

In the passing department Charles Hale was the leader completing a nifty 17 throws out of 32 tries with only one interception. Hale did not toss a single scoring pass and the completions added up to only 168 yards for the season.

In second place among the passers was Bobby Martinez who went aloft 23 times and completed 7 for 105 yards and one six pointer. However, Martinez came up with

Shepperd to Address Boy Scout Gathering In San Angelo Dec. 14

AUSTIN. — Attorney General
John Ben Shepperd will address
the Concho Valley Council of Boy
Scouts in San Angelo December
14.

The Concho Valley Council, cov-
ering 23 West Texas counties
numbers almost four thousand Boy
Scouts. Two Scout camps and
four professional full-time Scout
supervisors help in the training of
the boys.

Shepperd, an Eagle Scout, is a
former National Council repre-
sentative from the East Texas A-
rea Boy Scouts. At 39, the Attor-
ney General is one of the youngest
members of the Texas Executive
Family. He was re-elected to a
second term as attorney general
in the 1954 Democratic primary.
He had previously served two
years as Texas secretary of state.

During his first two years in
the state's highest legal office, the
energetic native of Gladewater
has spearheaded a fight on pol-
itical bossism and theft of public
funds in Duval county, resulting
in 104 indictments against 33 men
most of them past or present coun-
ty officials.

Religious Music Is Music Club Study

Miss Wanda Watson spoke on
"America's Heritage of Religious
Music" Thursday when the Ozona
Music Club met in the home of
Mrs. Lowell Littleton.

Miss Cleona Quiett played the
hymn of the month, "How Bright-
ly Beams the Morning Star" by
Bach. Mrs. J. D. Brewer gave the
story of Bach. Group singing was
led by Miss Watson.

Mrs. Ted White, president, pre-
sided at the business meeting Mrs.
White also gave a report on the
Sixth District Convention at East-
land that she and Mrs. Frank
James attended.

Refreshments were served by
the hostesses, Mrs. Doyle Perdue,
Mrs. P. L. Childress and Mrs. Ot-
tist Pridemore. The next meeting
of the club will be Dec. 16, in the
home of Mrs. V. I. Pierce.

Members present were: Misses
Wanda Watson, Cleona Quiett, Lo-
is Erwin, Peggy Moore, Marbeth
Stubblefield, Lotta Swicord and
Mmes. Pink Beall, D. J. Brewer,
J. W. Howell, Roy Killingsworth,
H. R. Mock, D. B. Pettit, W. N.
Hannah, L. D. Kirby, R. A. Har-
rell, Ted White, Howard Lemmons,
Aaron Bledsoe, Lowell Littleton.

Doyle Perdue, P. L. Childress, Ot-
tist Pridemore, R. K. Wimberly
and C. V. Tubbs.

Mrs. Clyde Sikes and two sons,
Clyde, Jr., and Roy, are here vis-
iting Mrs. Sikes' parents, Mr. and
Mrs. Max Schneemann. Lt. Sikes
jet pilot in the U. S. Air Force,
stationed at Long Beach, Calif.,
will join Mrs. Sikes here for his
Christmas leave.

Meet the Seniors —

By Lou Nelle Beall

This week we would like to introduce a second senior to you. She is quite important to the senior class in some ways. Sandra Brewer was born Nov. 6, 1936 in the big city of San Angelo and the best and largest state of Texas. Sandra has blue eyes and blond hair. She stands the average five feet four and one-half inches with the right figure for her height. Sandra lived in San Angelo until she finally arrived at the fourth grade and then she moved to this gorgeous little town of Ozona.

Sandra started doing just about everything when she was a freshman. She was a twirler here and the drums were her pet beating grounds, that is until she found Charles Garlitz and he then took the drums' place. Volleyball, basketball and tennis were the sports she entered that year. Among her honors in her sophomore year were most beautiful and again she entered volleyball, basketball and tennis. Sandra was on the paper staff because of her talent of writing all the latest gossip and everything or anything else.

In Sandra's junior year she again was on the paper staff and played volleyball and tennis. The following summer of her junior year she entered in the beauty contest of the water ballet, delayed by the flood, and won third in this event.

By the way, while we are on the subject of the flood, the terrible old thing woke Sandra up that morning and made her lose part of her beauty rest. Now we know why she hated it so much!

As for Sandra the calendar might as well leave out day and Mondays. She hates Mondays and she loves the night. Wonder why.

Fried chicken never has the appeal to Sandra as chicken fried steak or the color blue as much as brown. "From Here to Eternity" is her favorite movie and she also loved the book, "Magnificent Obsession."

BASKETBALL LINEUP

By Susie Schneemann

A Team: Ronnie McMullan, Sammie Martinez, Bobby Martinez, Johnny Ramirez, Jody Jones, Jerry Beasley, Hugh Russell, Lloyd West.

B Team: Dwight Odom, Juan Delgado, Jimmy Martinez, Brock Jones, Thomas Purdom, Bobby Gravel, Charlie Castro, Antonio Gomez, Tomas Lopez, Orville Paulk, Paulk.

Sophomore Team: Joe Moran, Roy Glen Sutton, Kent Babb, Jess Marley, Don Lott, Enemencio De la Rosa, Rosalio Galindo, Jerry Gillim, Ed Ferguson, Durwood Wylie, Eddie Garza, Robert Martinez, Jimmy Carroll.

Freshman Team: Robert Price, Rodney Franklin, Jackie Young, Stanley Williams, Bill Black, Augustine Luna, Juan Rodriguez, Bobby Vargas, Mark White, John Hickman, Jesus Ramos, Managers: Ronnie Paulk, Charlie Black.

Facts About Figures

By Cecilia Cooke

This week we are featuring a well known face in the halls of Ozona High School. The person whom I have in mind is none other than Swede Pelto.

On October 18, 1920, in Virginia, Minnesota it happened. Mr. Pelto was brought into this world! He attended Virginia High School where he claims he was not large enough for sports until his senior year in which he played and lettered in basketball.

Upon finishing high school, he became brave and entered into Virginia Junior College. For his major he chose physical education for he wanted to be a coach

of basketball while his minors were science and math. Again basketball was his sport in which he lettered for three years.

Texas then had the honor of having him come to live here. He attended Texas Christian University. At the University his athletic schedule varied a small amount by playing baseball, but basketball as not left out. In both sports he lettered for two years.

At this time World War II was going on so of course our patriotic Mr. Pelto offered his services. He entered into the service in the year of 1942. He worked his way up the ladder until he was a captain flying P-47 Thunderbolts. The European theatre and Far East theatre had the honor of his serving in both theatres. He served for a little over four years.

Upon leaving the service he re-entered the Texas Christian University. Since he was ineligible to play basketball he coached the freshman team. He received his E. S. in physical education.

He plans to complete his masters next year at the University of Minnesota.

Ozona had its first look at Mr. Pelto in 1948. He claims the best impression of Ozona he had was the friendliness of the people and the worst was the misfortune of meeting Tom Powers.

He had lived here for a year before meeting Mrs. Pelto. Mrs. Pelto taught the second grade at North Elementary. They have an eight month old boy which I am sure Mr. Pelto thinks is his greatest achievement. The boy's name is Monty and has red hair and brown eyes. His father has plans for him. Mr. Pelto says he will either be a rugged tackle on a football team or a great actor on stage.

In the six years Mr. Pelto has been with us, he has won district for four years in basketball. Algebra is the subject he teaches and has taught for the past years. He also coaches the B string in football.

Naturally everyone has an am-

Ford's got a new line of Trucks

They're called the Money Makers—because that's what they are

The new Ford Trucks for '55 save money—of course! But even more important, they help you make more money—with new TRIPLE ECONOMY features to get jobs done faster, more efficiently! They let you make every run an "Economy Run!"

POWER STEERING is standard on the Ford random-axle T-800, GVW 40,000 lbs.

See the new Ford Triple Economy Trucks at your Ford Dealer's today!

F.O.D.A.F.

Ford Trucks are gaining new buyers faster than any other make. Why? Because Ford Trucks offer more of what users need to save money and make money. And the many advancements engineered into new Ford Trucks for 1955 make these trucks still better money makers—designed to cut your gas and maintenance costs, to enable the driver to do his best work, to carry peak payloads.

SUPPER FOR TEACHERS

By Beverly Killingorth

Sunday night the teachers were honored with a dinner by the Methodist Church. The main course of the dinner was baked turkey baked by our beloved Mrs. Winnie.

After the supper they just had a general gab-fest. Then Mr. Hickman showed slides of his trip through the southwest last summer.

Thanks to all of the hosts and hostesses for the wonderful dinner. We enjoyed having the teachers and missed the ones who were unable to be there.

oOo

PHOTO NEWS

By Carol Blackstone

The photography club had a special treat this past week. Mr. J. Troy Hickman showed a series of colored slides taken on a vacation in the West. Besides the club members, a number of guests were also present. All enjoyed the program very much.

We are all thrilled over our new darkroom. It has been planned to give us the utmost in convenience. We expect to be using it by January.

oOo

NEW STUDENTS

By Peggy Trotter

We're always glad to have new students come into our school. Recently we have had two new girls. They are both sophomores. These girls are Judy Patterson and Suzanne Dale. Judy was with us last year but moved to Lovington, New Mexico. We're glad to have her back.

Suzanne Dale moved here last week from Lubbock. She attended the Lubbock High School. Suzanne was a member of the F. T. A. and Y-team. She was on the service committee of the Y-team.

oOo

SOPHOMOMRE CLASS NEWS

By Joyce Henderson

Last week we voted on the most popular boy and girl and the run-offs were posted in the library and we will vote again the next class meeting. I am sure the best one will win.

We had a new girl to join our class last week. Her name is Suzanne Dale and we certainly are glad to have her with us.

At the game Tuesday night between Big Lake and Ozona the Sophomores took in approximately \$140.00. We thank everyone who came and helped us and we hope you enjoyed the game!

Our plans for the Christmas Dance are nearly all made. We're hoping we will have a big crowd!

oOo

CHORAL CLUB NEWS

By Suzann Dale

If you hear strains of heavenly music drifting hither and yon, don't think the Judgment Day has already come. It is just the Choral Club getting ready for their annual Christmas program. They will be in charge of the assembly on December 22. The program will consist mostly of Christmas music although a few variations of classical music will be featured.

VOTING UNDER WAY FOR MOST POPULAR GIRL, BOY

By Susie Schneemann

The past two weeks we have been voting for the Most Popular Boy and Girl in Ozona High School.

The results of the first election were: Jody Jones, Ronnie McMullan, Sonny Henderson, Sammie Martinez, Fred Shoubrouk and Kent Chapman.

The girls were: Martha Baaliley, Patty Hardesty, Liz Pearson, Jan Jones and Ann Ratliff.

We voted again to narrow this down and the results of the second election were Boys, Sammie Martinez, Kent Chapman, Jody Jones, and Fred Shoubrouk. Girls: Liz Pearson and Patty Hardesty.

There will be another run-off between these students to try for a majority of votes.

We will post you again next week

oOo

FISH SURPRISE SOPHS

By Susie Schneemann

The Ozona Fish put on a late rally to win 35-28 over the upper-class Sophs.

The Fish trailed at one time 17-5 but won going away.

Robert Price led the Freshmen with 10 points. Enemencio De la Rosa and Joe Moran led the Sophomores.

oOo

HURRY BACK, MR. LEATH

About the last week we surely have missed a bright shining face. Mr. Leath has been in a hospital in San Angelo with an eye infection. We all miss Mr. Leath and will be glad to have him back with us.

Cadillac

The Hour Every Motorist Owes to Himself!

The happy man you see in this picture is bringing himself up to date.

Cadillac has written a whole new chapter for the book defining motor car performance, and he's taking an hour to find out what it says.

And it says plenty—of very great importance.

First of all, it tells you what it's like to have command of a 250-horsepower engine that's as smooth as velvet, and so quick and eager that you have to educate your driving toe all over again.

It tells you what it's like to have virtually every unevenness in the highway completely eliminated before it is even noticeable to driver or passengers.

And it tells you what it's like to relax amidst upholstery fabrics and leathers that are found nowhere else, save in the 1955 Cadillac—not even in the finest clubs or hotels.

All this is to say, of course, that Cadillac has made another tremendous advance in design and engineering—so great, in fact, that only a drive and a personal

inspection can let you realize its full significance.

And, naturally, there is yet greater emphasis on all the long-existing Cadillac virtues:

—the endurance that enables a Cadillac owner to keep his car just as long as he elects to do so . . . and with complete confidence in its dependability—

—the amazing economy of operation and upkeep which causes many owners to maintain that it is the most economical car on the American highway—

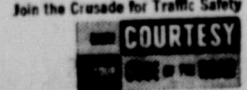

—the great personal satisfaction that comes from owning a car which is recognized, wherever highways lead, as the Standard of the World.

We cordially invite you to come in—today—to see and drive this wonderful, wonderful car.

There are eight models—in four different series—including the sensational Eldorado.

There is one to please you—exactly. And we think you'll be surprised and delighted at how little it costs, in comparison with lesser cars.

We're waiting for you—now!

Lemmons Established Department Store In Ozona In June, 1928

The late Ben Lemmons and Mrs. Lemmons were the founders of the department store in Ozona now known as Joseph's Department Store, which this week is celebrating its formal opening in its new, expanded, modern store building.

Successful merchants in Ro-
chester, Texas, Mr. and Mrs. Lem-
mons came to Ozona in June, 1928,
to establish a new business in the
then newly completed Couch build-
ing, on the corner across the
street from the then brand new
Hotel Ozona, built by Crockett
county citizens.

With establishment of the mod-
ern Lemmons store, Ozona cus-
tomers were offered for the first
time an assortment of nationally
advertised merchandise, available
before only in the larger stores in
the larger cities.

The new store was a success
from the start and with its growth
the choice of merchandise expan-
ded as the store was able to stock
more and more of the topnotch
lines from the nation's marts.

The Lemmons family became an
integral part of the community
life of Ozona and remain so today.
Mr. Lemmons died in February,
1937, and Mrs. Lemmons, with the
help of her children, continued to
operate the store until March, 1950
when she sold the business to
Louis M. Joseph, the present own-
er. Mrs. Lemmons continues to
make her home here and two of
her children are in business here.
Howard Lemmons as an attorney
and Dr. M. A. Lemmons, practic-
ing optometry here.

DAUGHTER TO DOCKERY'S

Mr. and Mrs. James B. Dockery
of Santa Anna are parents of a
daughter born Sunday night in a
Coleman hospital. The baby, named
Stacy Dockery, weighed 7 pounds
6 ounces. She is the granddaugh-
ter of Mrs. Coralie Meinecke of
Ozona.

San Angelo Pastor Speaker At Baptist Brotherhood Supper

Rev. O'Byron Richardson, pastor
of Parks Heights Baptist Church,
San Angelo, was the speaker at
the annual venison supper of the
Baptist Brotherhood last Thurs-
day evening in the fellowship hall
of the church. Fifty-one members
and guests were present. Rev.
Troy Dale, new pastor here, was
introduced to the group, it being
his first night in Ozona.

A men's quartet from Parks
Heights church entertained with
a group of songs. The quartet is
composed of Clyde Biggs, Ronnie
Ginns, Brad Bradford and L. R.
Stirley. Mrs. Ronnie Ginns accom-
panied on the piano. A solo number
by Ronnie Ginns was also enjoyed.
W. E. Ramsey earned the Bro-
therhood's gratitude by furnish-
ing the venison.

Here and There

By J. Troy Hickman
(Continued from page one)

mately destroyed him, not because of his announced goal, but because of his lack of that "something" that distinguishes a gentleman from all other creatures.

He has consistently demonstrated the fact that he doesn't even know of the unwritten code of minimum decency, or if he knows he doesn't care. In questioning witnesses, a good lawyer can appeal to their better motives, show them respect, and usually get their cooperation. He browbeats his witnesses until they clammed up on him. He tried to force them to talk as he wanted them to talk, to no effect.

After he became aware of the fact that people were turning against him, a little show of humility could still have saved the day. At almost any moment in the long course of events that led to the censure charges, had he admitted frankly that he had made mistakes and promised to do better, he would have been cleared, forgiven and restored to his job.

But Joe wasn't big enough or good enough to admit any wrong. He bolstered up his old wrongs with new wrongs, heaping mistake upon mistake, and hurling thunderbolts of defiance and abuse upon any who dared question his acts. A man can't fight the whole human race and win. Especially in public life which depends on the approval of the citizenship, a man has to accept the discipline of public opinion. Joe never could.

Although he is through as a public force, it may be that some incidental good has been done. For all the smoke and noise of his career as an investigator of Communists, he never did actually put his finger on very many of them. But he has made us more acutely aware of the problem than we were before. He has made us see that the true course is somewhere about midway between the negligence of the Democratic administration and the frenzy of McCarthyism.

Joe has forced us to look again at the foundations of our 3-way system of government, and understand that each of the three departments, judicial, legislative, and administrative must stay in

its own orbit.

His censure trial may result in a new system of conducting investigations by the legislative branch, a system providing adequate rules and safeguards. This had to come sooner or later.

And his disregard of the unwritten code of minimum human decency has made us realize what a precious thing it is for our safety and happiness.

As the Bible says, God makes even the wrath of man to praise him. He has a way of making a little good come out of even the worst mistakes.

—oOo—

Football

(Continued from page one)

four interceptions to make a shoddy record.

Following McMullan in the scoring parade was Sam Martinez who tallied nine touchdowns and one extra point for a total of 55 points. Mike Clayton had 18 points on three scores and Charles Hale and Orville Paulk each scored twice with Hale also counting two extra

points. Arturo Gonzales counted the only other touchdown of the season.

In the ball carrying table we find that Sam Martinez had the best average per carry for the Lions edging out McMullan with a 6.42 gain per try as compared to a 6.18 mark for McMullan. Martinez carried the ball 89 times for a net gain of 560 yards. Next in line was Junior Mike Clayton who carried the ball 75 times to gain 338 yards. Charles Hale, who played some at the halfback post carried the ball 68 times to gain a net of 238 yards but was hurt by the losses he suffered while trying to pass as team quarterback. Arturo Gonzales carried the ball 34 times for 174 yards and Orville Paulk carried the ball 8 times to gain 37 yards.

The team gained 2,271 yards rushing and 285 yards passing for a gross of 2,556 yards and 186 points, all of which still figures that the Lions won three and lost seven for the season.
