Farm Fresh Eggs

My baby daughter is a real patsy. She's the kind of gal that thinks the only kind of bread is the kind Mrs. Baird makes; the only kind of ice cream is the kind Gandy's puts in half-gallons and the only kind of cough medicine is from the drugstore under some complicated pharmaceutical disguise.

Needless to say there is a "home-made version of bread." Not the kind you make from scratch but the frozen loaves you pop into a pan, let rise for 6 hours and bake in the oven. Not many people know about the real home-made version from scratch.

The ice cream she's been exposed to. Home-made ice cream in the electric freezer-she doesn't know what "hand crank means."

Now about the cough medicine. My bride of 23 years only hears, reads and remembers things she wants to hear, read and remember. At some point about 10 years she read that a mixture of honey, lemon and tea was good for a multitude of respiratory problems. So my young daughter Julie, is thoroughly familiar with the home cough medicine remedy by Janece. She fakes not having a cold, cough, etc; just so she won't have to subject herself to taking a dose of the home-remedy.

The pay-off came the other day and involved farm fresh eggs. Larry Landes handed me 5 farm eggs when I delivered some tear-sheets to the furniture store. I was excited. But I get excited about a lot of crazy things. Sunsets, the first snow, hand made birthday cards, new games, old watches,--my children think I've got a screw loose in the brain. Anyway--back to the eggs. I took them home, asked the closest kid to me--which happened to be Julie to wash the little critters and put them in the refrigerator.

"Yuck-Daddy, what is this stuff all over these eggs and why are they brown?" she blasted.

"Never mind what that stuff is on the eggs, just wash them and the reason they are brown is because of the feed they are fed on the farm," I quickly said.

Being a smark aleck, my youngest daughter said "I don't think I'm going to eat these 'farm fresh eggs', they're funny looking, dirty and besides that they're not real eggs. Real eggs comes from the grocery store and they're white not brown."

"Well, Little Lady-we'll just eat a fried egg right now and I'll show you what farm-fresh eggs really taste like, get me a frying pan."

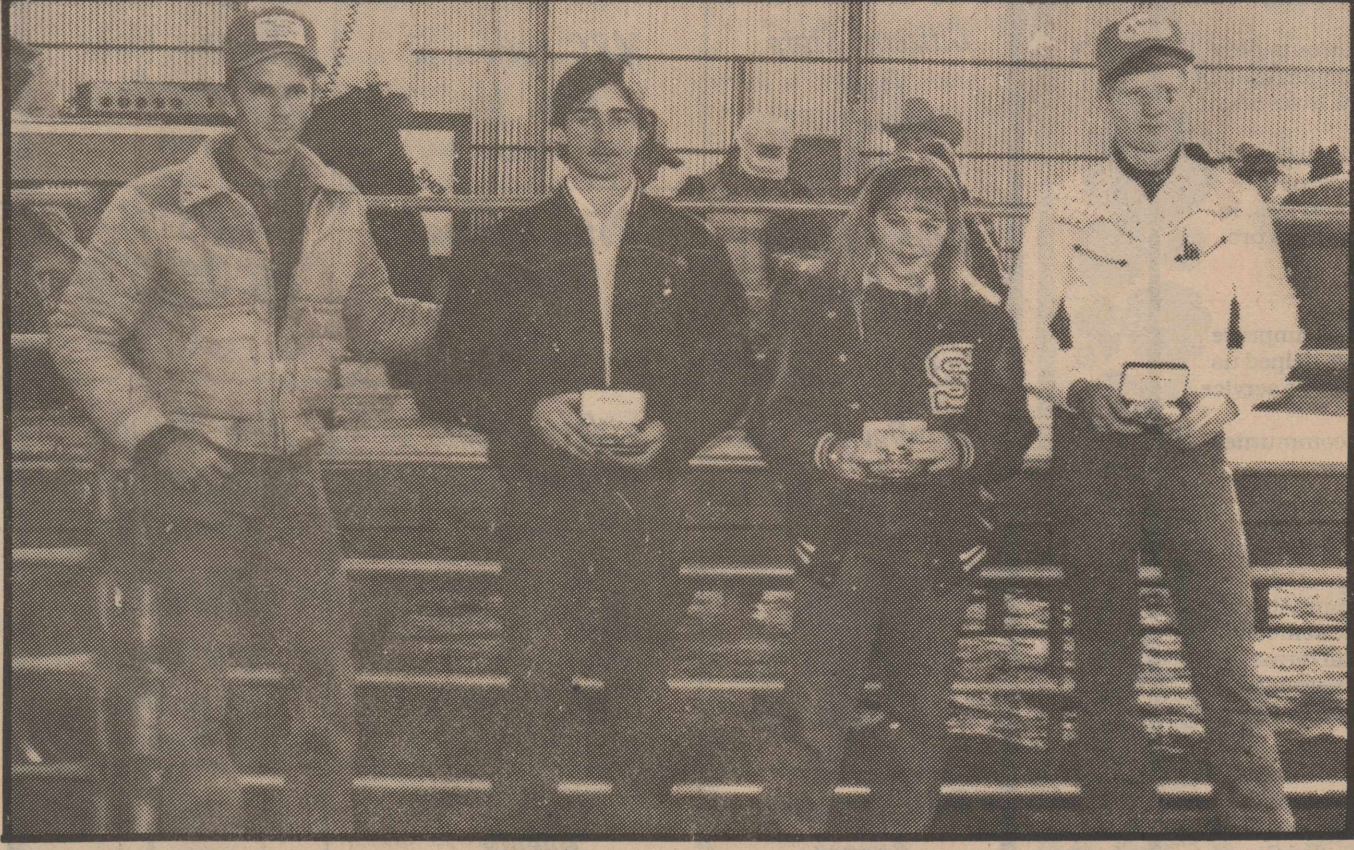

You would have thought that I was going to slit the throat of her favorite cat. She didn't want to crack those eggs, they came from a real chicken. Guess she thought the white eggs from the grocery store were manufactured at the grocery store.

I cracked the eggs [hoping all the time that there weren't any "blood spots" because that would have killed the sale right on the spot,] fried them and announced to this patsy of a daughter that the "farm fresh fried eggs were ready."

At this point she decided she wasn't hungry. "I don't eat brown eggs with funny stuff on the outside of the shell."

After begging and pleading I was only successful in letting the eggs get cold. There I sat, solemn faced in front of five fresh eggs and I still hadn't sold the "farm fresh" theory to my stupid daughter.

The only salvation was hungry son John. "What's to eat," he said. "Eggs," I said.

SHOWMANSHIP WINNERS: Lance McWilliams, Fisher County Young Farmers representative, Ricky Spencer, cattle, Tanya Harvey, sheep and Gary Teague, swine.

THE LINEUP: Four members of the Rotan Varsity basketball squad line up to field the ball during a recent Roby-Rotan contest. The Rotan girls (white uniforms) are (l to r) Cathy Conner, Vickie Wright, Shelley Hayes, and Evette Gruben.

COME SEE US-THE COFFEE POT'S HOT!

When You're Looking For A New Home, Look For An E.S.P. Home...

It'll Save You Money!

SAVE THOUSANDS OF DOLLARS on your electric bill over the life of your home by owning a WTU-Approved E.S.P. Home. Some homes on the market may seem energy efficient, but you can be confident an E.S.P. Home really is. WTU has carefully inspected and qualified each E.S.P. Home to meet energy efficiency requirements.

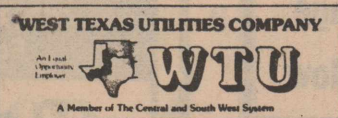

E.S.P. REQUIREMENTS include some of the most important energy saving features, such as:

- Ceiling insulation of R-30 and wall insulation of R-16.
- Storm windows or insulated glass.
- Weatherstripping and caulking around all doors and windows.

- Electric heat pump with a Seasonal Energy Efficiency Ratio (SEER) of 8.0 or above.
- Air conditioning with a SEER of 8.5 or above.
- Air infiltration control.

COMPARE HOW MUCH YOU CAN SAVE with an E.S.P. Home over a one-year period:

An average 1800 square foot home will cost you approximately \$775 a year to heat and cool. An E.S.P. Home of 1800 square feet will cost approximately \$570 a year to heat and cool, which results in an annual savings on electricity of 26 percent or more. (Energy savings may vary according to the type of home, family size and individual energy usage habits.)

For more information on the E.S.P. Program, call your local WTU office today. AN E.S.P. HOME CAN SAVE YOU MONEY ON FUTURE ENERGY BILLS.

Rotan JV Girls Suffer Two Defeats

Rotan's J.V. girls basketball squad fell victim in two contests against teams from Knox City and Hamlin.

In their contest with Knox City the Yellowhammers were lead in scoring by Helen Reese who sunk three field goals for six points in the match. Close behind was Jan Posey who chalked up four points

followed by teammates Latonya Daniels and Lori Garcia who each made two points.

Despite their scoring efforts the Hammer team came up short with the score standing at 14 to 28 in favor of the opposing side.

Latonya Daniels lead the Yellowhammers squad in scoring in the contest

with Hamlin scoring three field goals. Brenda Hernandez made four points; while Lori Garcia, Helen Reese and Lydia Garcia each made two points giving the Hammers a final score of 16 points. Again the effort wasn't good enough for a win with the Hamlin squad earning 45 points on the evening.

Did you all enjoy the weather New Year's Day? It was sure cold, and we had quite a lot of snow out this way, although not nearly as much as they did in Austin and around there. Our roads were fine early in the mornings, when they were frozen, but they are sure bad now that everything has thawed out. Maybe we will keep on getting this sunny weather and everything will dry up, so they can grade our roads. But the forecast is for more rain on Wednesday, and I know some cotton farmers that aren't going to be too happy with that forecast. Seems like its just nearly dry enough, to get in the fields, and then it rains again.

We were sorry to learn that Mrs. Lorene Henderson is in the Fisher County Hospital following a wreck. She seems to be feeling pretty good though, with hopes of

being able to go home soon. J.D. and Lucy Kincaid have been visiting at the Fisher County hospital also as their son, J. Windle Kincaid, has been there for two weeks now. He feels very much better now, and hopes to be able to go home early this week, maybe on Monday.

Mr. and Mrs. Kenneth Hardin visited with Bea on Saturday. Bea and Mrs. Marcus Medrano attended the funeral of Mrs. Thelma Weems which was held on Saturday at Rotan, with burial in the Hobbs Cemetery. Our heartfelt sympathy goes out to the Weems family on the death of Mrs. Floyd Weems.

Jim Ratliff and Andy Broadman from Clyde, also Trese, visited with the James Ratliffs for a short while on Sunday. They brought Trese, son of Mr. and Mrs. Jim Ratliff and of course his grandparents were sure proud to see them all, especially the

grandbaby. Mr. and Mrs. Scott Carey, their daughters, Sunne and Tracy, were home for Christmas visiting with Mr. and Mrs. George Maule of Camp Springs. The Careys are from Fort Stockton. Brad Maule was also home for the holidays, bringing with him his new wife, who is the former LaVerne Nix of Snyder. Congratulations to Brad and LaVerne on their marriage which took place just before Christmas. You can see Brad almost every day now on General Hospital. The new couple plan on living in California.

Jim and I went to supper at Mr. and Mrs. Donnie Grubens on New Year's Eve, and we sure had a good time. We stayed by the fire on New Year's Day and watched all of the Parades which were beautiful, and of course, the football games, which I didn't think were so good. But it was a good day to

watch television. What a bad day it was for the 1st day of 1985. We went to Snyder on Wednesday and the roads were all clear, I don't think they got as much snow as we did. Anyway we were all glad to see the sun come out on Thursday. Friday night we went to Rotan to watch four basketball games. The J.V. girls and boys and the varsity boys and girls played Hamlin, and we sure had a good crowd there for the games. Saturday we went to the Fisher County stock show

which was held at Roby. Our granddaughter, Evette Gruben, showed two steers. It was really a good show, and the sale after the show was excellent. Well, not too much news this week, see you all next Thursday.

INFLATION REDUCES TAXES

A provision in the Economic Recovery Act of 1981 goes into effect in 1985. It is the provision that calls for an inflationary adjustment to the tax rates, the standard deduction ("zero bracket amount"), and the personal and dependency exemptions. The tax indexing rate for 1985 is 4.1%. The January withholding tables issued by the IRS reflect this adjustment, meaning slightly more take-home pay for individuals.

The upper and lower limits of each tax bracket have been adjusted by 4.1%. The table below compares the 1984 and 1985 tax brackets for joint returns to give you an idea of how much benefit this adjustment means to you.

Tax Rate	1984 Bracket	1985 Bracket
0%	\$0-3,400	\$0-3,540
11	3,400-5,500	3,540-5,720
12	5,500-7,600	5,720-7,910
14	7,600-11,900	7,910-12,390
16	11,900-16,000	12,390-16,650
18	16,000-20,200	16,650-21,020
22	20,200-24,600	21,020-25,600
25	24,600-29,900	25,600-31,120
28	29,900-35,200	31,120-36,630
33	35,200-45,800	36,630-47,670
38	45,800-60,000	47,670-62,450
42	60,000-85,600	62,450-89,090
45	85,600-109,400	89,090-113,860
49	109,400-162,400	113,860-169,020
50	162,400-	169,020-

The standard deduction for singles in 1985 will be \$2,390, an increase of \$90; for married couples it will be \$3,540, an increase of \$140. The personal and dependency exemptions increase from \$1,000 to \$1,040. A 4.1% inflationary adjustment will strike most people as insignificant; however, if "indexing for inflation" is retained as a permanent part of the tax law, the result will mean substantial savings to you.

Rotan Nursing Center

We had a pretty quite New Year. We had a party to bring in the New Year, but our party and New Year was in by 8 o'clock. We didn't make many new year resolutions, mainly to live one day at a time. Several people said they don't make resolutions, because they would just break them anyway.

Visitors in the home last week were Gay Sherrill of Virginia visiting her father, John Cox, Mrs. E.W. Brumfield of Kingland and Mrs. Jack D. Thornton of Midland visited their mother, Mrs. W.D. Rushing, Dorothy Scifers of Hamlin visited her mother Nancy Bagwell.

We have some dishes that have been left here at one time or another when we have had a luncheon. If anyone has left some dishes here they can see Marie and pick them up.

Legal Notice

The Board of Trustees of the Rotan Independent School District will accept sealed bids on a walk in deep freeze at its regular meeting, 7:30 p.m. Monday, January 14, 1985. Specifications may be obtained from and bids submitted to the office of the Superintendent, 102 N. McKinley St., Rotan, Texas. Rights are reserved to reject any or all bids.

Naylor said, "This is the third winter Lone Star has participated in the program by seeding the fund with a donation. We encourage our customers and the general public to once again join us in making a contribution to this worthwhile program."

Lone Star started the program in the 1982-83 heating season to help persons living in the company's service area who were having difficulty paying their heating bills. During the two years it has been operating, Project HAPN'N has channeled nearly \$354,000 to help pay all types of heating bills for the needy.

Locally, the County Judge's Office will provide assistance in Fisher County. The coordinating agency is Community Council of Greater Dallas, which will oversee assistance provided, based on a case-by-case determination of

need. Project HAPN'N assistance funds can be used for any type of heating bill.

An estimated 18,400 people--4,600 families with an average size of four--were helped during the program's first two winters. Public awareness and support of the program have increased during the time it has been in operation, with private donations growing from 35 percent of the total amount raised the first year to 52 percent the second.

Persons who wish to contribute to Project HAPN'N should make checks payable to "Project HAPN'N-Community Council" and mail them to "Project HAPN'N-Community Council, P.O. Box 243, Dallas, Texas, 75221." All contributions are tax deductible.

"We will continue to work with various other social service agencies and through government programs to assist our customers," said Naylor. "Projects HAPN'N expands these efforts."

Roby Lion Report

By Mickey McCarty

Ranked 10th in State in rankings. The highest ranking since I have been at Roby—maybe the highest ever.

I would like to see a big loud crowd for the Rule and Aspermont games. Aspermont is ranked 16th in state with a 13-1 record.

Rule and Aspermont are the district favorites and both have very good teams and we will have to play

our best to win. I don't feel like anyone will go undefeated in District.

This high ranking shows the hard work our players have put in and their dedication. We lost three good players and were not picked in the top three in District, Aspermont, Rule, and Paint Creek were listed as the top three teams.

Mickey McCarty

Roby JV Girls Win One And Take Two Losses

The girl's J.V. team from Roby won one and lost two during basketball games played over the holiday break. Their only victory came against Highland in a squeaker that put them ahead by only two points on the final buzzer. The score stood at 18 to 16.

The Lion's two defeats came at the hands of Baird and Winters with scores of 18-45 and 29-30 respec-

tively.

It was an even effort by the she-Lions in their victory over Highland. Jonny Lou Parks, Missy Turpin and Jill Branson all scored four points to lead the team in scoring. Following close behind were teammates Latricia Allen, Donna Gordon and Debbie Everett with 2 points apiece.

Senior Citizen Report

Happy New Year greetings to all from the Senior Citizens of Fisher County! The Center is open on Tuesdays, Thursdays, and Fridays.

Blood pressure taken on Fridays, 9-11. Blood sugar the first Tuesday of every month. Gospel singing on the 2nd Tuesday night at 7 p.m.

Come out January 19th to hear the Weavers. If you don't show up you will miss some good music.

Commodities will be given away in Roby on the 19th. If you need a ride be sure and contact the Center. This will be the time to sign up again.

During November we went over the 60,000 mark in meals served. Our kitchen sure looks nice since the Honor Society from Roby gave it a coat of paint. We appreciate their work.

Those turnips that Danie Gruben brought us were good!

When we went to Abilene before Christmas, Annie Mae and Wilda went to see Santa Claus. He promised Annie Mae a million dollars but she didn't get it so we didn't get to go to Hawaii. Promises-promises--She is off on a sweep stake kick now. We'll hope it turns out better than the Santa Claus deal.

We had black eyed peas New Year's Day.

We appreciate the cup towels that were brought us. Also Lelia Nash brought us lots of dish cloths. The Bingo cards that the

V.F.W. gave us were lucky for me. I won twice Friday. Offered to sell the lucky cards for 50 cents each but no takers.

Well--some belated Christmas news.

Mr. and Mrs. Sam Rackley and son John of Killeen visited Christine Rackley--also Gary Rackley of Austin visited her.

Letter To The Editor

To The Editor: Governor White has consistently talked about reigning in the cost of the state government but over and over again he has broken his word. I hardly think it appropriate that during a time of revenue shortfall the Governor should be asking for a 43.4% increase in funds for the operation of the Governor's Mansion. All his perks should be eliminated in the interest of fiscal responsibility. Tom Colwell
