Hedley and Waco Men Buy City State Bank

The purchase of the majority stock in the City State Bank by Melvin Boothe of Hedley, Michael J. Vaughan and Robert C. Sullivan of Waco from Jeff Wilson and other stockholders has been announced. The sale was effective Wednesday, February 9.

The new owners also own the Security State Bank at Hedley.

Mr. Boothe is the new president of City State Bank, succeeding Mr. Wilson, and will be the executive officer. Mr. Vaughan is chairman of the board and Mr. Sullivan vice-chairman.

The three hold the same offices in the bank at Hedley.

"The new owners have varied business interests, with a special interest in banking," said Mr. Boothe as spokesman for the three.

"After acquiring the Security State Bank in Hedley, we became interested in this area and feel this particular area has a bright future. We feel very pleased to have been able to acquire the City State Bank in Wellington."

"We look upon our investment as a long-term partnership with the people of Wellington and Collingsworth County, and feel that a tremendous mutual benefit can be achieved."

Leaving the board of directors of City State Bank with Mr. Wilson is Joe Terry, vice

Voters Will Determine Water Issue Saturday

Wellington voters will ballot Saturday, February 19, to determine the issuance of $350,000 in revenue bonds to develop a municipal water system.

The election will be held in the club room of Bura Handley community center, between 8:00 a.m. and 7:00 p.m. Joe Terry will be the election judge and Earl Hunter assistant judge.

Mrs. Rita Owens, county tax assessor-collector, said this week that voters balloting in the city water bond election Saturday, February 19, will use 1971 voter registration certificates. Those eligible to vote in 1971 will be eligible to vote in the water bond election, she stated.

Absentee voting ended Tuesday, February 15.

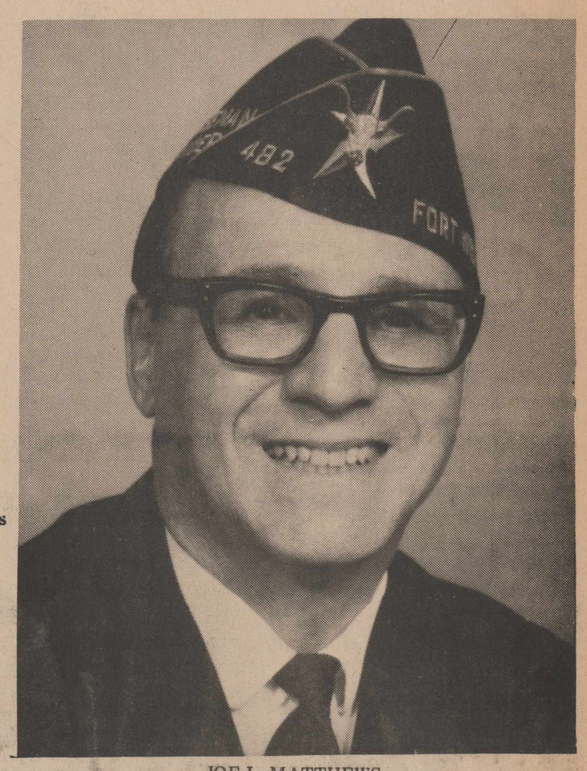

The proposition provides for the pledging of revenue from the water and sanitation departments and specifically exempts any tax revenues.

Mayor John Coleman reviewed briefly what the city proposes if the bond issue carries. The water field 7 miles north of Wellington will be developed, with two more wells being drilled, in addition to the one put down as a test well. Water will be piped into Wellington through lines laid along right of way secured from the Ft. Worth and Denver Railway.

In Wellington, 8-inch lines will be laid in certain areas of the north and east parts of town in a measure the city believes will provide adequate water.

Mayor Coleman said that if the election carries, the City Council will begin the process of accepting bids for the work. Three separate contracts will be let: for drilling the wells; constructing the water line to Wellington; and laying the new line

Five Youths Show Calves at Houston

Five members of the Collingsworth County 4-H Club will show entries in the Junior Division of the Houston Livestock Show and Rodeo. Participating will be Allen Havens, Jenny Ernest, Keith Davis, Jim Bob Nall, and Joey Ross, all showing thier entries of two steers each, and with Joey Ross showing two Hereford heifers in addition to his steers.

A record number of entries and premium money will make this year's Houston show the largest livestock show in the world. Classes are provided for 10 beef breeds, 4 dairy breeds, 6 swine breeds, 11 sheep breeds, 6 horse breeds, 5 rabbit breeds, 22 poultry breeds and Angora goats.

Among other programs benefiting youth on a statewide basis are the Scholarship and Research Programs. The Houston Livestock Show and Rodeo annually presents scholarships to outstanding FFA and 4-H Club members in the amount of $4,000 each. Fifty students are currently attending college on scholarships provided by the Houston Livestock Show and Rodeo. Twenty-four scholarships of $1,000 each will be awarded to winners in each of 24 counties participating in the show's GO-TEXAN program.

The Research Program, established in 1970 by the show, is being carried on in twelve Texas agricultural colleges. Much of the work is done by students, thus providing jobs for those college students who need to work.

C-C Selects Committees For '72 Work

Collingsworth Chamber of Commerce committees to head that body's work during 1972 were announced by President Sandy Parsons in the directors meeting Monday evening, February 14.

One of these, the Collingsworth County Fair Committee, has begun laying ground work for the 1972 edition of the fair. It is made up of Dwane Scott, chairman, and Dan Hiett, Don Welch and Billy Moseley.

Industrial team training, a project introduced to the chamber by the immediate past president, Harold Gattis, will be continued, and he will serve as the chairman.

This trains teams of Wellington citizens to have at fingertip information about the town and county which is most likely to be requested on short notice by industrial prospects. Division committees in the industrial team training include:

Education: Mrs. Bob Sessions and J.L. Harper.

Finance: C.T. Hubbard, chairman.

Labor: Mr. Moseley and Billy Hatch.

Public relations: John Coleman and Jimmie Kelso.

Resource and service: George Shadid and W.R. Breeding.

Sites for locations: Deskins Wells and Charles Darter.

Transportation: Wayne Cudd and Alvin Horton.

Utilities: Mr. Gattis and Mr. Welch.

Ben Ratliff Dies Wednesday Of Long Illness

Ben Ratliff, 58, a retired farmer, died at his home at 1811 East Avenue at 5:10 a.m. Wednesday, February 9, after a long illness.

Mr. Ratliff was a descendant of James Collinsworth for whom this county was named and who served the Republic of Texas as its first Chief Justice. Few friends were aware of this, but it was something in which Mr. Ratliff had a deep feeling of pride.

Three Youths Hurt In Motorcycle Crash

Three Dodson youths were injured, one critically, in the head-on collision immediately west of the business section of that town about 7:00 p.m. Wednesday, February 9. They were:

- Larry Norman, 15, son of Mrs. A.V. Norman, listed in critical condition in Northwest Texas Hospital in Amarillo.
- John Tarpley, 17, son of Mr. and Mrs. Marvin Tarpley, listed in serious condition in St. Anthony's Hospital, Amarillo. The family moved to Dodson recently from Hollis.
- Refugio Coronado, 18, the son of Mr. and Mrs. Clemente Coronado, less seriously injured and treated in Harmon County Hospital.

According to Highway Patrolman Don Gosnell, who headed the investigation, two motorcycles driven by Tarpley and Walter Sanderson, were traveling west side by side. The third motorcycle, carrying Norman and Coronado, was going east. Sanderson's vehicle was not involved in the crash, and he went for help for his injured companions, the patrolman continued.

According to Mr. Gosnell, Sanderson and Norman were on trail bikes which were not equipped with headlights, while Tarpley, driving a Honda, had his light burning.

The collision occurred on a culvert near the Davis Gin, according to investigators.

Norman and Coronado were taken to Harmon County Hospital by Collingsworth Emergency Ambulance Service. Norman was then taken to Amarillo where his injuries are described as a broken pelvis, head injuries and other injuries.

Tarpley was brought to St. Joseph's Hospital and after receiving emergency treatment,

Dodson Has T-O Legion Member Payoff Saturday

American Legion members from both sides of the 100th Meridian will converge on Dodson -- nearest town to the state line up and down the Texas-Oklahoma boundary -- Saturday, February 19, for the annual membership pay-off, Dennis Holland, 18th District Commander announced.

Dodson Post No. 535 and the Auxiliary are again the banquet hosts. It will be held at the American Legion Hall on Dodson's Main Street, beginning at 7:30 p.m.

This is the sixth annual pay-off.

Oklahoma Department Commander Harry G. Scoufos Jr. whose state garnered a higher percentage of members in 1971, will come prepared to receive a handsome gift from the loser, Texas Department Commander Gil Moody of Lubbock.

These two head the long list of dignataries that come to Dodson once each year for a good meal, fun and fellowship. It is a meeting which, in the number of top Legion and Auxiliary officials sometimes rivals those attending Region and Department Conventions.

The guest speaker this year will be Joe L. Matthews of Ft. Worth, a candidate for National Commander of the American at the election next year.

Mr. Matthews has not announced his subject, but these addresses traditionally are of a patriotic theme.

American Legion Auxiliary members and officials are special guests.

Many of the district and state officers have been to earlier pay-off dinners in Dodson.

Coming with the Oklahoma State Commander will be Oklahoma Department Adjutant C.J. Wright of Oklahoma City.

Local and District Candidates Listed

The complete list of candidates who filed for places on the ballot before the February 7 deadline were announced this week on the county and district level.

Republicans have candidates listed in only two offices, in so far as local filings are concerned. These are Bob Price, seeking re-election as Representative from the new 13th Congressional District, and Tom Christian, a candidate for state representative from the new 66th District.

With the re-alignment of districts, both face Democratic opponents who are presently serving in those respective bodies.

In the General Election, Price will be facing Graham Purcell, who is now representing the 13th District. Phil Cates, one of the two seeking Democratic nomination for state representative from the present 79th District.

The Democratic candidates, announced by Mrs. John Coleman, county chairman, include:

United States Representative: 13th Congressional District, Graham Purcell.

State Senate, 31st Senatorial District: Max Sherman.

State Representative, 66th

Bloodmobile Seeks Quota Of 110 Pints Here Tuesday

The Red Cross Bloodmobile will be in Wellington, Tuesday, February 22, from 9:30 a.m. to 2:00 p.m., for its semi-annual collection of blood from Collingsworth area residents.

The quota is 110 pints.

The blood collection center is Bura Handley Community Center club room.

Assisting in sponsoring the bloodmobile visit is the Wellington Kiwanis Club, whose members have laid plans to serve as a major donor recruitment agency.

Other groups are being contacted to recruit in outlying sections of the county.

The co-operation of the entire county is requested Tuesday, for the blood needs remain unchanged, it is pointed out. The Red Cross Blood Center became the only source of blood for St. Joseph's Hospital after walking blood donors were no longer able to fill the need.

Who can give?

Almost everyone over 18 years old who is in good health.

Donors under 21 must have parental concent. There is no ceiling on the age limit, but a doctor will be at the center at all times to advise with older donors wishing to give blood.

The blood needs of the community remain unchanged, it is pointed out.

Mrs. Ernest Harwell, x-ray technician at St. Joseph's Hospital, and one of those working with the drive, pointed out these blood needs when she spoke at the Kiwanis meeting Friday.

"We have 5 pints on the way down here now from the Red Cross Blood Center, and if we didn't belong, we'd have to call up five of you fellows to give blood," she told the men.

In answer to questions, she said it is recommended that blood be given not more than once every three months. The donor process was explained.

The Red Cross makes no charge for the blood itself, the men were told. There is a charge of $13 per pint which covers the cost of processing the blood at the Red Cross Center, and the cost of shipping it here. Blood coming to St. Joseph's for example, is flown to Amarillo where it is re-iced and sent to Wellington by motor freight.

The cost of blood, when it must be bought from other sources, can be as much as $50 per pint.

Individual Speech Therapy Available

As previously announced, the results of testing at the local Speech and Hearing Clinic showed at least 40 students that need special study and guidance in this field. Since this number more than qualifies Collingsworth County for a therapist, applications have been made through appropriate chanels by Judge Thomas.

Funding of the speech and hearing program is through the Texas Education Agency, and appropriations for this are made in April.

Judge Thomas has announced that until the time that a program with a therapist can be set up here, it may be possible for you to make arrangements for private therapy sessions, with that person coming from Amarillo Regional Hearing and Speech Foundation, Inc.

Individual therapy sessions, which include two 30-minute sessions per week, would cost $50 per month per child.

Group therapy sessions, which include two- 30 minute sessions per week, would cost $36 per month per child. There should be a minimum of two children and maximum of four children per group.

With the above information, some may wish to do this locally before State funding is possible, said Mrs. B.M. Sims, chairman.

District Basketball Set Up for 1972-73

Coaches and school administrators from Interscholastic League District 2-A met in Clarendon Wednesday, February 9, to set up the 1972-73 district basketball schedule.

Representing Wellington were Supt. Thayne Amonett, Head Coach Jim Forrester and Basketball Coach Don Lacy. This will be the first year for Wellington to participate as a member of 2-A, although it has regularly met several of the teams in non-conference competition for several seasons.

Another major change for Wellington will be the return of the Wellington Invitational Tournament, a popular feature of former years. It is set up for mid-December. Coach Forrester said and will be a big event of the 1972-73 basketball season.

This is an 8-team district, made up of Wellington, Claude, Silverton, McLean, Memphis, Clarendon and the new Valley High School, which is the name chosen for the consolidated Turkey-Quitaque district.

District play will start December 12, Coach Forrester said, and the district is set up somewhat differently to either Class AA or Class B to which county basketball fans are used.

There will be a double round robin, with a district winner to be named at the end of the first round robin (first half of play) and another district winner at the close. The two winners will then meet in a playoff to determine the 2-A District winner, Coach Forrester explained.

The game schedule includes:

Quails to Play for District 3-B Title

Quail Quails, winner of the round robin play in District 3-B, will play for the championship in the district tournament this week end in Miami, Coach Bill Wilson reported.

The Quails took the South Zone round robin title in regulation play, then defeated Miami, North Zone winner Friday night on a neutral court at Shamrock.

Round robin and tournament play each count half in determining the district champion in Class B basketball, Coach Wilson explained.

The tournament will begin Thursday afternoon, and first round pairings include:

- Miami, No. 1 team in the North Zone, will meet Samnorwood, No. 4 team in the South Zone at 4:00 p.m.
- Lefors, No. 2 team in the south will meet Briscoe, No. 3 team in the north, at 5:30.
- Mobeetie, No. 2 in the north, will play Groom, No. 3 in the south, at 7:00 p.m.
- Quail, No. 1 in the south, will meet Allison, No. 4 in the north, at 8:30.

The second round games will be at 7:00 and 8:30 Friday night and the championship game is scheduled for 7:30 p.m. Saturday.

Altom Begins Full-Time Duty At Hospital

Garner Altom, new administrator of Collingsworth General Hospital, began work on a full-time basis Monday, February 14, and will work jointly with Sister Mary Perpetua, administrator of St. Joseph's Hospital through the remainder of the month.

Change of ownership of the hospital from the Dominican Sisters to the Collingsworth County Hospital District is scheduled about March 1.

Mr. Altom announced that Mrs. Beatrice Thomas of Thomas Nursing Home will be temporary acting director of nursing service, and she will aid the new administrator in screening the professional personnel.

He also reported that Mrs. Lucille Gilmore, a Licensed Vocational Nurse, has been added to the staff.

County's Production of Educated Youth Praised

This letter from John T. Forbis, Childress Attorney, was received by Chamber of Commerce president Sandy K. Parsons after the annual banquet, at which his father, J.T. Forbis, received the Lifetime of Service Award. His sisters, to whom he refers, are Wilma Ruth Forbis Kirby, an attorney at Littlefield, and Dr. Dorothy Margaret Forbis Behen of Youngstown, Ohio.

My sisters join me in expressing deep gratitude to the Collingsworth County Chamber of Commerce for the honor recently bestowed upon our father. The Lifetime of Service Award presented at your annual banquet was a wonderful tribute, and both dad and I were really too choked up about it to make many expressions on the occasion.

The people of Wellington and Collingsworth County have been very kind to our parents and to us, and we would hope, in this general way, to express our appreciation for those kindnesses.

There is a matter which I feel should not be over-looked by your Board of Directors as you go about the important work of trying to improve the life of your County. That matter relates to the very important task of continuing to produce new young citizens for our State and Country. I am not sure how it has occurred, but for some reason, your County has always succeeded in the task of instilling in its youth a high sense of the value of education, and in preparing its students for the pursuit of that education.

The announcement at the banquet of the opening of a new veterinary clinic, using the skills of Drs. Fires and Killian, home boys, was impressive They joined Dr. John Dee Coleman as members of that profession.

Jack Lackey, R.L. Templeton and Bill Spillman are members of my profession who received their public school education in your county and are now practicing at home. A great number of other attorneys are engaged in successful practices after being produced by your educational mill.

Dr. Holcomb and Dr. Jones were both Collingsworth County boys, and I think immediately of Dr. Watkins, Dr. E.K. Jones, and Dr. V.C. Saied as members of that profession who were Collingsworth County products.

Freeman Melton, Jr., and Boyd Williams are school superintendents in this area, and I am sure there are other Collingsworth County boys serving in that capacity.

Dorothy Jane (Riggs) Holeman, at least one Baumgardner, at least one Holcomb, and many others are college professors.

Your son, your son-in-law, Ham Holton, and Jim Cochran come immediately to my mind as members of your profession of pharmacy.

The individuals named are, I know, just a small portion of those who could and should be included in such a listing as this.

I would wager that no other County in Texas could match the percentage of Collingsworth County in the production of such students who sought and received college and graduate degrees, and who sought professional careers.

I think it is obvious that this same desire for knowledge and education is present in all walks of Collingsworth County life. The farmers and ranchers of your County seem unusually progressive in their practices and you see an unusual amount of productive and innovative practices in the agriculture of your County.

Permit me to suggest that your Board of Directors during the coming year should do everything possible to foster and encourage a continuing interest in the fine school systems of your County. I think of no industrial growth which could add equal value to your County.

Dorothy Margaret, Wilma Ruth and I would like the world to know of our affection for your community.

Yours very truly,
John T. Forbis

Pruden Sells Quarter Horse In Alabama

Three registered Quarter Horses, bred and raised by Fleet Pruden, have been sold to a young Alabama man, James Casey of Double Springs.

The trio included a mare, Moser's Snip, and two fillies, Luteria Bars and Primeria Bars. The latter received her name because she was born on New Year's Day, 1971.

Mr. Pruden said Mr. Casey, a graduate in animal husbandry from Auburn University last year, first checked the bloodlines of the three animals, contacted the owner, then flew here to see them.

Mr. Casey is also associated with his family in the Thames Manufacturing Co.

Quarter Horses raised by Mr. Pruden have been sold as far away as New York, as well as in the surrounding Southwestern States.

Federal Jobs Offer Free Phone Calls

To improve Federal job information services to the public, the Civil Service Commission is introducing toll-free telephone service on February 14, 1972, from any point in the North Texas area to the Dallas Area Office.

Vere B. Robinson, Acting Area Manager of the Commission's Dallas Office said: "We believe this new service will significantly increase our ability to provide prompt and accurate information on current Federal job opportunities as well as information on current Federal formation about special employment programs for returning veterans." Anyone in the North Texas area may call toll-free 1-800-492-4400 (in the immediate Dallas area, the number to call is 749-3156). The North Texas area includes Amarillo, Lubbock, Wichita Falls, Texarkana, Abilene, Sherman, Waco, and Tyler. Applications for employment, job information, and other Civil Service pamphlets will be mailed on request.

Mrs. Robinson emphasized that this new service is a means to provide prompt Civil Service employment information to all segments of the public and does not imply an immediate increase in Federal manpower needs. Although Federal employment has declined somewhat since 1968, in a workforce as large as the Federal Government there is a continuing need for qualified persons in many occupational areas. Information about these current needs may now be obtained simply by placing a toll-free call directly to the Dallas Area Office.

Classes Hear Drug Program

Chester Fant, District Safety officer of the Texas Department of Public Safety, gave a drug program to individual classes including grades 5 through 12 on February 9 and 10. The program consisted of information on the illegal drug use, marijuana effects and uses, opiates, processes, and black market of traffic of illegal drugs.

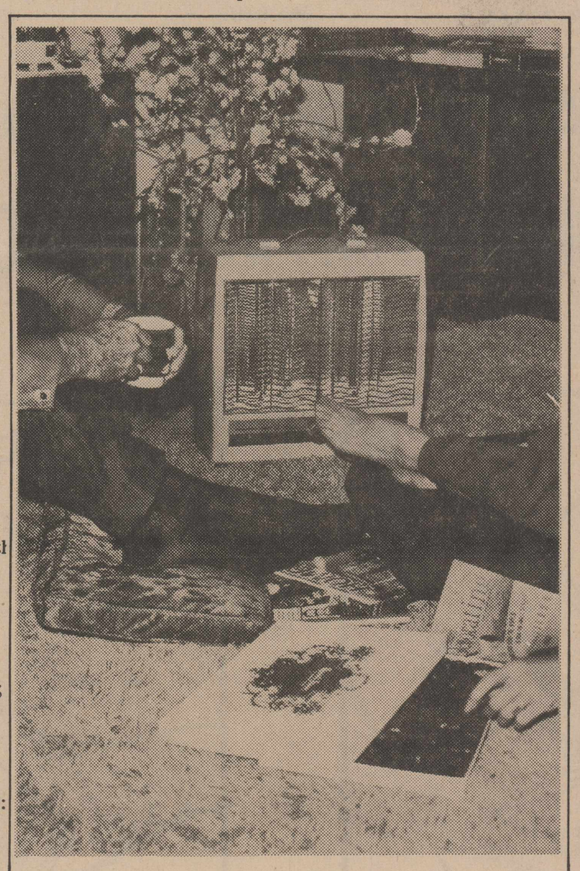

The program was an interesting informal affair, the students agreed. In this program Mr. Fant used slides and samples to show how marijuana users could be detected. Also, a question and answer session was part of this program.

MRS. GARY LYNN HIETT

Miss Wauleen O'Hair, Gary Hiett, Wed in Church Rites Here Saturday

First Baptist Church was the setting for the wedding of Miss Wauleen O'Hair and Gary Lynn Hiett at six o'clock Saturday evening, February 12. The Rev. Roy Collins, Jr., pastor, officiated.

The parents of the bride are Mrs. F.R. Locklear of Vernon and Ross O'Hair, 808 Haskell Street. The bridegroom is the son of Mrs. M.L. Hiett of Samnorwood and the late Mr. Hiett.

Church decorations were a bank of jade leaves and white gladioli at the front of the altar, and at the center, a 15-branched candelabra. At the sides were seven-branched candelabras and baskets of white gladioli.

Wedding music was presented by Mrs. Raymond Hodges and Mrs. Perry Mac Scott vocalists, with Mrs. Truman Estes playing the organ selections.

Mr. O'Hair gave his daughter in marriage.

She wore a dress of organza, enhanced with imported scalloped Chantilly lace, which plunged from the neckline to the skirt hem. The empire bodiced gown was accented with bishop sleeves and narrow lace cuffs. It had the total look in a Chantilly lace edged cathedral veil of illusion. She carried a cascade bouquet of white roses on a white Bible.

The bride was attended by her sister, Mrs. Jess Scruggs, of Baytown, matron of honor, and Mrs. Patrick Slavin of Canyon, Mrs. Kirk Clay of Shamrock, and Miss Judy Porter of Canyon, bridesmaids. The honor attendant wore a gown of hot pink bridal satin in empire style, with a matching overlay of chiffon on the skirt. An oval neckline detailed the sleeveless bodice, complimented by long white gloves. The bridesmaids dresses were identical in style, but of pink satin and the headpieces were clusters of roses, holding short veils. They carried bouquets of pink carnations and roses with long streamers.

Carrying the bride's veil were Sandy Henard and Le Ed Oswalt.

The bridegroom had as his best man Kirk Clay of Shamrock, while the groomsmen were John Palmer and Johnny Rhoades of Shamrock, and Randy O'Hair. Guests were seated by Eddie Popwell, Dean Bonner of Shamrock and Ronnie Cook of Wheeler.

Miss Cynthia Wilt and Miss Donna Greaves of Canyon lighted the candles, while the flower girl was Gina Barnett and the ring bearer Darren Miller from Amarillo.

After the ceremony, the couple were honored with a reception in the fellowship hall of the church. Greeting the guests were Mr. O'Hair, Mr. and Mrs. Locklear and Mrs. Hiett.

The bride's table was covered with a pink satin cloth with an overlay of net. Pink bows were at each corner, and the centerpiece was the Bride's bouquet. Silver and crystal appointments were used. Mrs. John Palmer of Shamrock and Mrs. Ronnie Cook of Wheeler presided at the table.

After a wedding trip to points in New Mexico, the couple will be at home in Shamrock.

The bride was graduated from Wellington High School in 1969. She also attended Amarillo College and is now a junior in West Texas State University, majoring in business education.

The bridegroom was graduated from Samnorwood High School in 1965 and is employed with Wildcat Cement Company in Shamrock.

Who's New in the Wellington Area

Mr. and Mrs. Dale Morris of Amarillo are the parents of a daughter, Karla Michelle, born in a Canyon hospital Sunday, Feb. 6. She weighed 7 lbs. and 10 ozs. The grandparents are Mr. and Mrs. Milburn Gibbs of Wellington and Mr. and Mrs. J.D. Morris of Quail.

Annual International Luncheon Presented by 1924 Study Club

The annual International Luncheon for the 1924 Study Club membership and guests was held at the Heritage Room with Mrs. Don Van Pelt and Mrs. Dennis Holland as co-hosts.

With the year's course of study, "State of the Family Series," the meeting's theme was "Families, Foods and Fine Arts of Others." More specifically, the luncheon program was keyed to the customs and cuisine of French Polynesia. Special guests were Mrs. L.C. Hill and Mrs. Ernest Nipper who shared via descriptive narrative their visit to Tahiti, often called the world's finest island, to Moorea with its unbelieveably beautiful Cook Bay, and to mysterious Bora-Bora. The capital city of Papeete served as nucleus for the island hopping by auto, boat and airplane. Visual aids were photos, color slides, and selected art of this island chain which so vividly fulfills James Michener's verbal portrayal of his Bali Hai.

Flowers and fruits in tropical splendor adorned the display table and filled the sea turtle replica on the luncheon buffet. Tables for four with white linen cloths centered with colorful flat flowers were accented with fruits of the south seas.

A gamut of foods from each continent was enjoyed. Pakistani chicken curry with condiments led the array of foods with oriental aroma. How interesting were the flavors of the molded Irish salad and the hot German salad. Latin and South America had zesty entries. Among the beautiful desserts were a British truffle and Egyptian rose meringues.

Favors were folders on cooking with French accent and on secrets of wine cookery. The hostesses presented these guests with leis: Mrs. Clyde Alexander, Mrs. J.F. Michael, Mrs. Wilbur DePauw, Mrs. Emmett Bobbitt, Mrs. Stephen Schmidley, Mrs. Leamon Bawcom, and Mrs. Jack Nelson.

Members attending were Mrs. Dee Coleman, Mrs. Kenny Brown, Mrs. Benson Long, Mrs. Ralph Owens, Mrs. L.W. Wells, Mrs. Charley Hill, Mrs. Boyd Derryberry, Mrs. Truett Holland, Mrs. Van Schooler, Mrs. B.M. Sims, Mrs. R.R. Crawley, Mrs. Gaylord Cook, and the hostesses Mrs. Van Pelt and Mrs. Holland.

Mr. and Mrs. Lyndon Crelia Belinda and Cathy of McLean visited her parents Mr. and Mrs. Sandy Parsons during the week end.

Mr. and Mrs. C.A. Winton were in Pampa recently to visit their son and family, Mr. and Mrs Bobby Winton and Stephen. It was Stephen's third birthday.

Mr. and Mrs. Bill Hill visited with Mr. and Mrs. J.D. Prigmore in Willow, Oklahoma, over the week end.

Church Rites Performed Saturday Unite Miss Meadows, Clyde Harper

Miss Vicki Meadows and Clyde Harper, both of Amarillo, were married in First Baptist Church here on Saturday, February 12. The Reverend Roy Collins performed at the double ring ceremony at two-thirty in the afternoon.

The bride is the daughter of Mr. and Mrs. Jake Meadows, 1207 El Paso Street. The bridegroom, whose father is county school superintendent, is the son of Mr. and Mrs. J.L. Harper, 407 15th Street.

Decorating the altar area was a heart-shaped arch, entwined with foliage and peppermint carnations. Wedding music was presented by Mrs. Truman Estes, organist.

Mr. Meadows gave his daughter in marriage.

The bride wore a white satin empire gown, designed with an a-line skirt. The bodice was enhanced with lace insertions that circled the deep rounded yoke and extended down the long tapered sleeves. The lace motif was repeated on each side of her chapel train, which was attached at the waistline. A cluster of satin and chiffon roses held her shoulder length veil and she carried a bouquet of white carnations, with red accents.

Miss Nancy Campbell of Clarendon was the Maid of Honor. She wore a red brocade dress, with a high neckline and short puff sleeves. Red Velvet ribbon marked the empire waist and tied in long streamers in back. Her bouquet was of peppermint carnations.

Nicky Watts of Amarillo was the bridegroom's best man, and ushers were Joe Meadows of Jefferson City, Missouri, brother of the bride, and Larry Mills of Ft. Worth, brother-in-law of the bridegroom.

After the ceremony, Mr. and Mrs. Meadows were hosts at a reception in the church fellowship hall.

The bride's table was laid with a white net cloth over white, centered with bouquets of the bride and her attendant. Silver candlesticks, a gift to the couple, held lighted tapers, and other arrangements were of crystal and silver.

Mrs Joe Meadows of Jefferson City, Missouri, and Mrs. Larry Mills of Ft. Worth served the guests, Miss Cozette Seitz was at the register.

The bride was graduated from Childress High School in 1970 and is presently a secretary for the American Amicable Life Insurance Company, Amarillo. The bridegroom, a 1970 graduate of Wellington High School, is employed by Panhandle Produce Company in Amarillo.

The couple will live in that city.

Art Study Given DKG

Gamma Kappa Chapter of Delta Kappa Gamma met Saturday, February 12, in the community building at Goodnight.

An area artist, Mrs. Janice Roberts of the Hob Nob Shop, four and one-half miles east of Clarendon, was the guest speaker. She has studied art at the Kansas City Institute of Art, the art school of the University of Texas at El Paso, and at Amarillo Junior College.

Using as her theme, "Don't Fence Me In," she pointed out that one cannot be fenced in if she is creative.

Creativity does not confine itself to art, she emphasized, for a person can be creative in any field. Creativity takes time, but the time is well spent.

Show and tell illustrations of the various arts and crafts showed the women some of the things they can create.

After the program, Mrs. Audrey Tribble of Memphis, president, was in charge of the business session, when Mrs. Nancy Murchison of Childress was initiated into the chapter. Music was under the direction of Mrs. Jack Lowry of Samnorwood and the invocation was by Mrs. Iva Dee Hinkle. Members were told that the amount of money contributed to the State Scholarship Fund made Gamma Kappa an honor chapter.

Twenty members attended and those from Wellington were Mrs. Rufus Sweat, Mrs. Lowry, Mrs. Charley Hill, Miss Bonnie Willis and Miss Maudie Coffee.

Refreshments were served by the hostesses, Miss Inez Blankenship and Mrs. Zola Donald, co-chairmen, and the Clarendon members.

Mr. and Mrs. John H. Williams of Dallas visited his parents Mr. and Mrs. W.M. Williams over the week end.

Mrs. Ray Richards of Amarillo was a guest of her mother, Mrs. Doshia Dix last week.

Questions People Ask About the Catholic Church

Q. How many bishops are there in the world?

A. Approximately 4,000 in every country on earth.

Q. Where in the Bible does it say "Catholic"?

A. Where in the Bible does it say "Protestant"? The word is not there, since it was only coined in the 4th century, but the thought is outlined in Matt. 28:19, among other places.

Q. How do I get more information about the Catholic Church ?

A. The best way is to visit your friendly neighbourhood priest. If you are too shy to do that, write Catholic Information Society, 310 Westfield Street, Middletown,, Connecticut 06457.

Richard Owens and other personnel of Gibson's Discount Center in Wellington were in Dallas the first of the week attending Gibson's annual summer market.

He was accompanied by Mrs. Owens, Ralph Owens, Mrs. Lorene Parker and Mrs. Tessie Burba.

Before leaving Mr. Owens said he hoped to pick up some unusual buys such as he landed last year on garden hose, electric fans and lawn chairs.

Rocket B Wins Over Undefeated Childress Boys

"The best win we've had all year!"

That's what Wellington Skyrocket B team called their 66-52 victory over the previously undefeated Childress Bobcat B Friday night, February 11, in Rocket Gym.

Coach Jim Forrester's boys had defeated the Childress freshmen, but not the B team in either conference or non-conference play.

The Wellington boys gained an early lead and at halftime had Childress down 37-19. The Rockets saw this lead dwindle, but they were able to hold on for an exciting last half.

"We did not outshoot them," declared their coach. "We shot only 50 per cent of our tries and they had 70, which shows that we outhustled them and handled the ball more."

Wellington's Bobby Joe Shrubs was high point man for the game with 24, while Randall Hodges and Dickie Johnson scored 14 each. Williamson with 20 was high for Childress.

FOR GOVERNOR

Rep. Frances Farenthold of Corpus Christi, a two-term member of the Texas House of Representatives, has announced her candidacy for the Democratic nomination for governor. She is a graduate of the University of Texas Law School, is the wife of George Farenthold, and the mother of four children.

WELLINGTON-SHAMROCK

Wellington B team boys defeated Shamrock B 70 to 48 there Thursday, February 10. The girls B team, however, lost one of the closest games they have played all year, 32-31.

The Rockets led the entire game and every tim game and every member of the team got to play.

Dickie Johnson led Wellington's scoring with 17 points, while Randall Hodges made 11 and Mike Williams 10. Whitenburg had 21 for Shamrock.

Wellington players included Bobby Joe Shrubs, Mike Williams, Randall Hodges, Keith Davis, Brent Wade, Dickie Johnson, Paul Wilbur, Paul Gonzales, Stevie Kane, Gary Cummings, and Jim Bob Nall.

The girls game was close all the way, although Wellington trailed the entire time by one or two points.

Pam Black scored 24 points to lead Wellington and the game, while Flowers had 11 for Shamrock.

Grady Brooks Dies on Plains

Mr. and Mrs. David Baumgardner were in Wolfforth Friday, February 11, for the funeral of Grady Brooks, 80, a former Wellington man.

He was a brother-in-law of Mrs. Joe Baumgardner who was in Lubbock at the time of his death. A retired farmer, he had lived on the South Plains since the early 1930s.

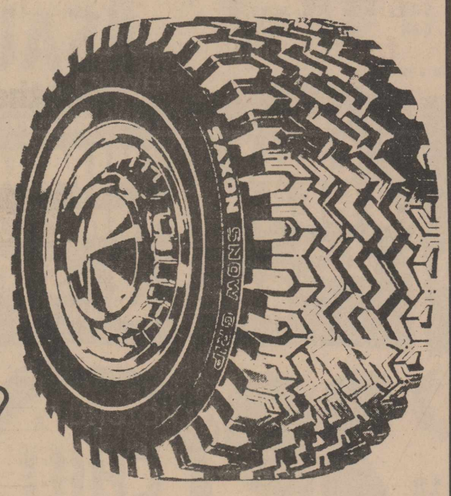

He was the son of the late Mr. and Mrs. D.C. Brooks, and was married here to Miss Juno Godfrey. Mrs. L.E. Ward is a great-niece.

Survivors are his wife and 5 children: Mrs. Slim Muelder of Beaumont, Mrs. Jim Blackman of Lubbock, D.C. Brooks of Hereford, Godfrey Grooks of Shreveport and Grady Brooks of Wolfforth.

Everyone Benefits By Blood Program

We see the American Red Cross Blood Program from our own level -- giving blood when the Bloodmobile comes, or when we or a family member needs blood and receives it through the Red Cross Program.

This information, presented by the Red Cross, explains briefly what it's blood program offers.

WHAT IS THE RED CROSS BLOOD PROGRAM?

- It is a service established through joint efforts of the Red Cross, the medical profession, the hospitals, and the people they serve.
- Provides a safe and dependable supply of whole blood and blood products and furnishes services to meet all blood needs in a community, or the needs of certain hospitals, or the blood needs of individual donors or donor groups and their families wherever they may be hospitalized.
- It is established when there is sufficient evidence of need for the program and adequate support from the community
- It provides almost half the whole blood used in civilian hospitals throughout the nation and a large portion of the blood products.
- It serves as collecting agent for blood for defense needs upon request from an appropriate government agency.
- It conducts a research program to insure maximum effectiveness of the program.

WHO BENEFITS IN COMMUNITIES SERVED BY THE PROGRAM:

- Physicians benefit by knowing that a safe dependable supply of whole blood and blood products is available for treating their patients.
- Hospitals benefit by having a dependable source of safe blood available and access to the referral services offered by centers.
- Patients needing blood or blood products and having eligibility through a blood region benefit by having their blood needs met without charge for the blood itself and without the necessity of getting replacement donors.
- Donors benefit by knowing their own and their families' blood needs will be met by deriving satisfaction through giving of themselves to help others.

THROUGHOUT THE NATION:

- Physicians benefit from the knowledge of new products and new uses for blood products developed through Red Cross research efforts.
- Hospitals benefit from techniques and equipment developed or tested by the Red Cross program.
- Patients requiring vaccinia immune globulin [available only through Red Cross] or large amounts of gamma globulin for specified illnesses benefit since their physicians can request these products from Red Cross.
- Victims of major disaster benefit by having their blood needs met.

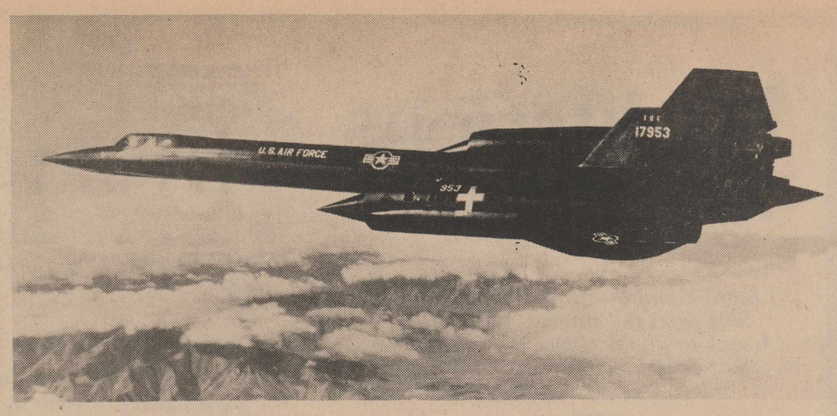

HOW DOES IT OPERATE?

- A medical advisory committee made up of distinguished physicians and scientists serves in an advisory capacity.
- Operational policies are established that conform to Red Cross policy and U.S. Public Health Service regulations for licensed blood banks.
- Training and guidance for area and center staffs are provided to assure conformity with the established standards of operation.
- Guidance and direct supervision are provided to the centers and the participating chapters making up a blood region.

BOB PRICE SLATES TEST

Congressman Bob Price has flown to Beale Air Force Base in California where he is undergoing extensive training and orientation in preparation for making an airborne test flight of the highly sophisticated SR-71 reconnaissance aircraft.

Congressman Price, who is making the test flight at the invitation of the Secretary of the Air Force, is presently among a very small number of Congressmen qualified to fly and evaluate our most modern sophisticated military jet aircraft.

SALT FORK SOIL CONSERVATION DISTRICT NEWS

TEMPLE, Texas farmers are plowing less and enjoying it more, thanks to a new conservation measure being pushed by the Soil Conservation Service.

As a result, there may be less dust in the air you breathe this winter and spring. Or less sediment in your city's water supply.

More moisture conservation, higher profits, more free time, and less soil loss are some of the benefits to farmers.

"All this is possible because of a new farming system called minimum tillage," Clyde W. Graham, state conservationist for SCS, explained. "With minimum tillage, crops are planted without prior land preparation. Weeds are controlled with herbicides. Since the land is not plowed, leaves and stalks from the previous crop are left on the soil surface as a protective cover during the fall, winter and early spring."

The surface cover is highly effective in preventing erosion. It breaks up the erosive effect of falling raindrops, letting them fall harmlessly onto the surface. The residues also protect the soil from windstorms.

Graham pointed out that wind-blown dust is our state's largest source of air polution. He also stressed that erosion-produced sediment is our biggest water pollutant, muddying streams and filling natural channels and lakes. Reducing water and air pollution from erosion has vast environmental benefits, he said.

"And think what scattered seed and residues left on the surface do for wildlife," Graham said. "In some farming areas, wildlife are almost entirely dependent upon crop residues for food and cover needed for survival during the winter months. Pheasant, dove, quail, geese, songbirds, deer, turkey, antelope, and other wildlife benefit from such practices.

"In fact, widespread use of minimum tillage in Texas would be a great boost to our state's wildlife."

Graham pointed out that farming operations destroy surface residues. If farmers can substitute herbicides for cultivation in controlling competition, they can reap the many benefits possible from maintaining crop residues on the soil surface yearlong.

He emphasized that residues keep the soil cooler in the summer, warmer in the winter. They reduce evaporation, saving valuable soil moisture. The residues protect young seedlings. The cover also produces better soil tilth and it increases insoak.

He said, however, that many farmers still plow their land over and over again, more from habit and custom than from actual need.

"Farmers have reported eliminating as many as 12 tractor trips across a field in one year with minimum tillage," Graham revealed. "However, about six is probably closer to an average. With average farming operations costing at least $1.50 per acre, cutting out six to 10 trips can mean big savings."

On the other hand, the state conservationist said cost of herbicides used for weed control can be expected to offset part of the savings.

"The big reason for using minimum tillage is that it allows a farmer to do a superior job of conserving his soil and moisture," Graham stressed. "The fact that most farmers report higher profits is also significant. But the advantages from a soil and water conservation standpoint justify use of the system."

Graham said the Soil Conservation Service has published a new booklet "Minimum Tillage in Texas" which describes minimum tillage farming systems. To get a free copy, contact the nearest SCS office or write P.O. Box 648, Temple, Texas 76501.

Many Chevrolet dealers are announcing the most complete warranty ever put on a used car.

Count your blessings.

First, you're protected where it counts most: on the major mechanical parts of the car you buy. And that lasts a healthy 30 days or 2000 miles, whichever comes first.

Second, you get special savings on any parts or labor you need. From the day you buy for 24 months.

Third, the special savings are good all across the country at most Chevrolet dealers. Say you're on a vacation trip and find you need service. You just get in touch with a participating Chevrolet dealership.

All you do is show an OK warranty identification card you receive when you buy your used car.

Your Chevrolet dealers' new OK warranty. It takes the guesswork out of used car buying.

Safety Training for Young Motorcyclist Needed

We are presently aware of the tragedy of motorcycle accidents, but our concern should go farther and be channeled into some kind of constructive safety program for those who operate the popular vehicles.

We have driver education for young automobile operators, yet the motor-minded youngster goes out on the streets on his motorcycle at a much younger age and without training other than how to stay upright.

Motorcycles and their smaller cousins, trail bikes and minibikes, are sophisticated machines and they are excellent both as working vehicles and for sport. It is just that they must be respected and handled with safety.

Motorcycle races, such as those sponsored here last summer, do promote safety and give drivers an opportunity to work off youthful energy. The unfortunate thing is that many who need this training did not participate and probably will not next time. And while we are concerned with teaching safety to young drivers, we must also teach it to young pedestrians. One of the four injured in recent motorcycle accidents was a pedestrian and the motorcycle operator was held to be blameless.

Our new law enforcement officers can provide the safety instruction. We need in some way to bring these young cyclists together to receive it.

Rustler Curbs Effective

It may be that our neighbors across Red River have found a way to curb cattle rustling, and if indeed they have, Texans, we feel sure, are interested in their method.

At Mangum, Okla., a plan was implemented called "Operation Stock Stop" in which law enforcement agencies effected a comprehensive exchange of intelligence and have put added emphasis on the curbing of cattle thefts. Cattle stolen after the plan was put into effect dropped by 32 per cent over previous months, according to spokesmen of the Southwest Oklahoma Development Authority.

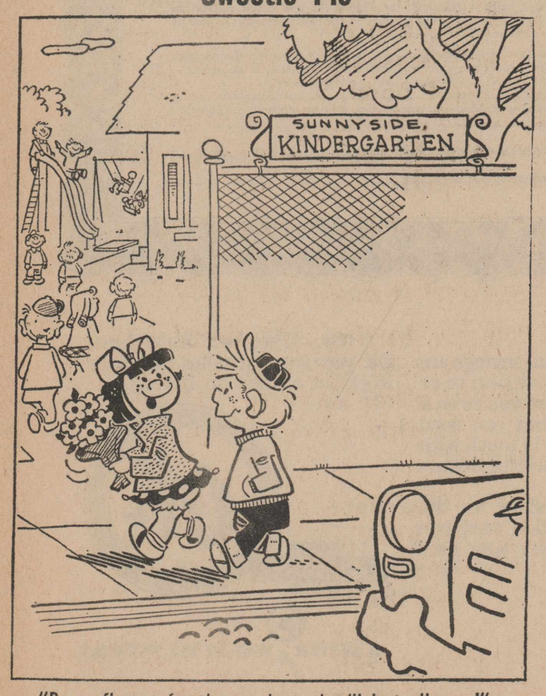

The plan was so successful, says the coordinator, that "Operation Stock Stop" will continue in force indefinitely.

It is strange that long after the era of the wild west cattle rustling still should remain a problem, but apparently it is. By cutting the incidence of cattle rustling by nearly half the Southwest Oklahoma people must have hit on an extremely effective method for curbing rustling.

No doubt Texans would like more details about this program.

STATE Capital NEWS

By Bill Boykin

AUSTIN, Tex. -- The complex question of financing May and June primary elections is heading for a final legal test.

Comptroller Robert S. Calvert asked Atty. Gen. Crawford C. Martin for an official opinion on Secretary of State Bob Bullock's plan to pay for the party primaries with state funds.

Bullock forced the issue to a head last week by handing Comptroller Calvert $73 worth of initial pre-primary bills and asking him to pay them.

Calvert balked and took the matter to Martin for advice.

"I will not pay anything out of the treasury for this unless I have a written opinion from the attorney general or an order of the court," said Calvert. He added he does not think Martin will advise him to pay the bills submitted by Bullock.

"If the vouchers are, for some reason, not approved, I intend to place this question before the Texas Supreme Court at the earliest possible moment so that the entire matter of primary financing can be adequately, equitably and finally resolved," Bullock said.

He moved with court authority to formulate rules for the primaries after a three-judge federal court January 20 struck down the filing fee law relied on to finance the spring elections. Gov. Preston Smith proposes to transfer to him more than $1 million for paying pri-

primary bills if the plan is finally cleared by legal authorities.

Rep. Rayford Price of Palestine accused Smith and Bullock of pre-empting prerogatives of the legislature, and said the governor should call an immediate special session to give lawmakers another whack at resolving the problem. Reps. Price Daniel Jr. of Liberty and Jim Nugent of Kerrville defended Smith and Bullock and charged Price was trying to further his House speakership campaign. Daniel and Nugent are also seeking the speakership.

PRIMARIES CROWDED -- A total of 55 candidates for statewide office entered the Democratic primary before the February 7 filing deadline. There are contests for every office on the statewide ballot except four judicial places.

Republicans fielded only 10 state office candidates -- and seven of them are running for governor.

There are 10 Democratic candidates for governor, five for U.S. Senator, nine for lieutenant governor, three for attorney general, nine for comptroller, seven for treasurer, two for agriculture commissioner and four for railroad commissioner.

Republicans have only one candidate each for U.S. Senator (incumbent Sen. John Tower,) treasurer and railroad commissioner.

Former Sen. Ralph W. Yarborough and Barefoot Sanders of Dallas are the leading Democratic candidates for senator. Governor Smith, Lt. Gov. Ben Barnes, Dolph Briscoe of Uvalde and State Rep. Frances Farenthold of Corpus Christi will stir most of the action in the governor's race. Three state senators and a newspaper executive are battling for a runoff spot for lieutenant governor.

HOSPITAL FUNDS APPROVED -- Loan guarantees with interest subsidies totalling more than $23.8 million have been approved by the Texas Board of Health for 14 Hill-Burton hospital construction projects. Another $450,000 was set aside for the Ranger General Hospital pending completion of a feasibility study of its new building program.

Subsidies were approved for Texas Medical Center Laundry Co-op Association, Houston; Scott and White Memorial Hospital at Temple; Henderson Memorial Hospital; Eastland Memorial Hospital; Freestone County Hospital at Fairfield; Heart of Texas Memorial Hospital at Brady; Decatur Hospital Authority;

Marshall Memorial Hospital; Bailey County Hospital District at Muleshoe; Red River County Hospital at Clarksville; Nocona Hospital Authority; King's Daughter's Hospital at Temple Richards Memorial Hospital at Rockdale and St. Anthony's Hospital at Amarillo.

Twenty-six other applications will be considered at a March meeting.

COURTS SPEAK -- Texas Supreme Court ordered a district court trial of an Andrews property owner's suit to force his local school board to tax bank stocks.

The High Court also held a 57-year-old woman who received a broken leg after being butted by a "petting zoo" goat cannot collect damages from Six Flags Over Texas.

The State Court of Criminal Appeals reversed convictions of three El Paso men for possessing obscene material (girlie magazines) for purpose of sale.

For the second time, the Court of Criminal Appeals reversed lower courts and ordered a new trial for a man arrested with a truck load (567 cases) of cigarettes which had no state tax stamps.

The Third Court of Civil Appeals ruled out a suit by parents of a blind boy who drowned at a school for the blind swimming pool against the institution.

DRAFT LOTTERY CUT—OFF IS 200 -- A temporary draft lottery cut-off number of 200 has been set for the 1972 first priority group.

Col. Melvin N. Glantz, state director of Selective Service, said the number is subject to downward revision as manpower needs change. Local boards were authorized to reclassify all draft registrants of the first priority group for 1972 with lottery numbers 201-365 in Class 1-H.

PWC HEAD REPLACED -- Gov. Preston Smith, in a surprise move, relieved Pearce Johnson of Austin of the Parks and Wildlife Commission chairmanship and appointed Jack Stones, Wells banker, to replace him.

At the same time, the governor designated Parks and Wildlife Department Executive Director James U. Cross to succeed Johnson as state-federal liaison in parks matters.

The action came soon after a federal circuit court of appeals threw out a lawsuit filed by Johnson to block purchase of Mustang Island property for a state park. However, Smith's office said the shuffle followed a policy of rotating chairman ships and had nothing to do with the prolonged Mustang Island wrangle.

SHORT SNORTS

Bids on a proposed new $20 million highway department headquarters near the state capitol and governor's mansion will be taken in May.

Cigarette tax revenue increased $4.1 million -- to $19.9 million -- from December, 1970 to December, 1971.

A new state bank charter is being sought at Wallis, Austin County.

CROSSROADS REPORT

Dear Editor:

I see where the President is bragging that our country has finally kicked its sinful habit of spending more for national defense than for public alms.

Which reorderment of National Priorities probably will liberate millions of our citizens from toil in arms industries and put them on the dole.

And the tidings will bring great joy to the sponger class, and to the Reds, now assured that they can take over this rich country sooner and cheaper, and get fatter slaves for their labor force.

'T is strange what a man may do and a woman yet think him an angel. — William Makepeace Thackeray.

I heard a bird at break of day
Sing from the autumn trees
A song so mythical and calm,
So full of certainties.
——William Alexander Percy.

Let each man think himself an act of God,
His mind a thought, his life a breath of God;
And let each try, by great thoughts and good deeds,
To show the most of Heaven he hath in him.
—Philip James Bailey.

Though man a thinking being is defined, few
Use the grand prerogative of mind. How few
Think justly of the thinking few! How many
never think, who think they do!
—- Jane Taylor.

No more the battle or the chase
The phantom tribes pursue
But each in its accustomed place
The Autumn hails anew;
And still from solemn councils set
On every hill and plain,
The smoke of many a calumet
Ascends to heaven again.
—— John Banister Tabb.

—Miguel De Cervantes.

Thou blossom bright with autum dew,
And colored with the heaven's own
Blue,
That openest when the quiet light
Succeeds the keen and frosty night.

Out of the hills of Habersham,
Down the valleys of Hall,
I hurry amain to reach the plain,
Run the rapid and leap the fall,
Split at the rock and together again,
Accept my bed or narrow or wide,
And flee from folly on every side
With a lover's pain to attain the plain
Far from the hills of Habersham,
Far from the valleys of Hall.

A soft answer turneth away wrath; but grevious words stirreth up anger.

"But, Father! You've always taught me that credit is the lifeblood of the economy!"

THE FAMILY LAWYER

Doting Parents

Ethel, hesitant about marrying Fred, decided to put a blunt question to his mother and father.

"I love your son," she said, "but I have doubts about his health. Tell me frankly, is he well?"

They assured her that he was in perfect health. But, as they well knew, Fred was suffering from both tuberculosis and drug addiction. Ethel found out the truth shortly after the marriage, and promptly got an annulment.

But she did not stop there. She followed up with a damage suit against Fred's parents. Grounds: fraud.

At the trial, the parents claimed they could not be expected to make unpleasant disclosures about their own child. Nevertheless, the court held them liable. The judge said their deceit was too deliberate and too important to be excused.

This is an unusual case. But it illustrates that doting parents do not have an unlimited right to favor their child at someone else's expense.

A comparable situation arises when parents are accused not of unfairly pushing a marriage but of unfairly breaking one up. For example:

A mother was sued by her daughter-in-law for alienation of her son's affections. It seems that the mother had waged a relentless campaign against the marriage, not so much because she loved her son as because she hated his wife. The court decided this too was outside the parental privilege and ordered the mother to pay damages.

Of course, the law does give parents a considerable amount of freedom to speak their mind. In another case, a youthful husband who was having marital difficulties went to his father for a man-to-man talk. The father urged him to get a divorce, and he did.

Could the father be held liable by the divorced wife for alienation of affections? A court said he could not, because his interference was within the reasonable limits of a parent's role. As one judge put it:

"Times of stress naturally bring parent and child together for counsel and advice. This, the law does not condemn."

We're putting our money where your mouth is.

A lot of people have been shooting at the telephone companies these days.

And, in truth, we've had our hands full keeping up with the zooming demand for increased phone service.

But General Telephone and, in all fairness, the other phone companies haven't been sitting around counting dimes.

For some time now, we've been paying a healthy "phone bill" ourselves trying to make our service do everything you expect of it. And a few things you don't expect.

During the next five years we'll be spending millions of dollars in the areas we serve upgrading and expanding every phase of our phone operation. From laying underground cables (an important, if invisible area) to customer contact service (an equally important, but highly visible area).

But no matter how much we spend on equipment and expansion, it's what we do for you in your home or business that counts.

Ladies and gentlemen, we're working as fast as brains, manpower and money can combine to make our service as efficient as possible.

Eagle Scouts, Parents Attend Council Banquet

Five Wellington Scouts who attained Eagle Rank this winter, along with their parents attended the annual Eagle Recognition Banquet at Pampa Saturday evening, February 5.

Altogether, 22 Eagles achieved that rank in 1972, but Wellington's 5 were the largest number to receive the award at one time in Adobe Walls Council history.

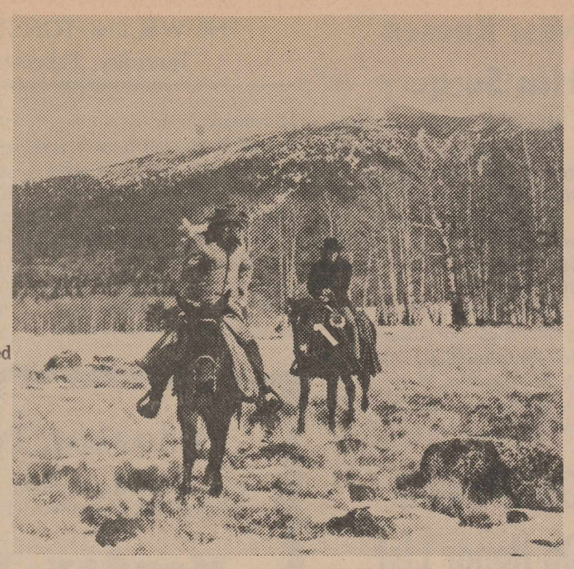

The boys were Jim Bob Nall, Steve Hartman, Richard Sims, Randall Sims, and Barry Long.

Parents attending were Mr. and Mrs. Richard Nall, Mr. and Mrs. Leon Hartman, Mr. and Mrs. B.M. Sims and Mr. and Mrs. Bill Long.

Attending and participating in the recognition ceremony were the two Wellington men who hold Silver Beaver award, and their wives, Mr. and Mrs. Sandy Parsons and Mr. and Mrs. Glenn McLain.

The banquet is given by the Silver Beaver holders of the Council.

C.W. Foote of Perryton was the speaker, and the program of recognition was conducted by the Rev. Kenneth Jones, pastor of First Christian Church, Borger. In this, each boy was presented an official Eagle neckerchief, tied on by a Silver Beaver.

Supervisors at Panhandle Meet

Representatives of Salt Fork Soil Conservation District were in Memphis Wednesday, Feb. 9, for the annual meeting of the Panhandle Association of Soil Conservation Districts.

Attending from here were Mr. Reed and four SCD supervisors, Earl Patterson, John Brim, Dan Henard, Jr., and Otis Emmert.

Senator Jack Hightower was the guest speaker at the noon fish fry, and explained upcoming legislation which will affect Texas agriculture. Other speakers during the day discussed the importance of informing the youth on environmental questions, and legislation to determine who is going to be responsible in regard to land use planning in Texas, according to Gary Reed, unit conservationist.

During the business session, Curtin Schaffer, Gray County farmer and SCD director, was re-elected president of the Panhandle Association.

Collingsworth County FARM NEWS

By Don Reeves
County Agricultural Agent

Many tree diseases can be controlled simply by pruning. In fact, this is the most effective means of controlling many tree and shrub diseases.

Some of the diseases controlled by winter pruning include fire blight and cytospora canker. Fire Blight is a bacterial disease which is sometimes found in pear, apple and poplars.

At this time of year, carefully examine all trees and shrubs and then remove all weak and diseased looking limbs. Disease causing organisms can live for a long time in tree limbs and can spread to healthy trees.

When pruning, dip knives and saws in a disinfectant after each cut on a diseased tree. This kills disease organisms that often cling to equipment after cuts are made through diseased wood. A ten per cent household bleach solution is a satisfactory disinfectant and can be prepared by mixing one part bleach to nine parts water.

Wounds should be treated with a wound dressing as another part of disease control. Pruning cuts are open invitations to several disease-causing organisms. Commercial preparations containing asphalt are recommended wound dressing compounds. Some compounds come in an aerosol can ready to spray on cuts or wounds.

Our incredible journey
5½ miles beneath the surface of the earth.

We're going deep, deep, deep into the earth.

28,000 feet beneath the surface.

We're drilling a 5½-mile-deep well at the Anadarko Basin in Oklahoma. We are pioneers in drilling for gas at this great depth.

This well is just part of our continuing search for natural gas. We're continuing our search even though we already have an adequate supply to meet our customers' needs. We know we have a responsibility to look after the needs of the next generation.

What does this mean to you?

It means you'll have adequate gas energy for all your needs. It means we'll be able to operate at peak efficiency and keep your gas service reasonable. And we'll be able to support the growth of our service area. This will mean more jobs and more money. And a better life for all of us.

You might say we're going to great depths to stretch your dollar.

Cotton Harvest Is Near Finish

Harvest is in it's last stages in the Memphis, area, according to W.E. Cain, in charge of the USDA's Memphis, Texas Cotton Classing Office.

The Memphis office classed 8,500 samples this week to bring the season total to 143,000.

Grades continued the usual seasonal decline this week as 48 per cent were classed as Spotted. Light Spotted grades accounted for 32 percent and Tinge grades for 12 percent.

The predominant staple was 30 with 49 percent followed by staple 31 with 27 percent and staple 29 with 15 percent.

Micronaire readings showed 21 percent miked in the 3.5 to 4.9 range. The 3.3 to 3.4 range accounted for 13 percent. The 3.0 to 3.2 range for 29 percent and 2.7 to 2.9 range for 24 percent.

Pressley tests showed 73 percent of the samples tested 75,000 psi or higher.

The cotton market continued active this week. Demand for cotton miking 3.3 and higher was strong but supply was limited. Prices were steady to slightly weaker compared to last week. Most cotton sold for 24.00 to 27.00 cents per pound.

This will be the final market news release from this office for the 1971-72 season.

School Trio At Meeting

Three representatives of the Wellington Schools were in Amarillo Tuesday to attend a meeting on upcoming changes in systems used in Texas school tax offices.

They were Supt. Thayne Amonett, Mrs. Heber Brantley, tax assessor-collector, and Mrs. C.L. Watts, assistant.

Mr. Amonett explained that the changeover in the Wellington system will come with the 1973-74 School year.

Several informational meetings are being held this year, to be followed by a workshop series next year.

Jack Sanford At Seminar

Jack Sanford, a partner in Wells and Wells, was in Austin recently to attend the 9th Annual Advanced Agency Management Seminar, presented by the Texas Association of Insurance Agents.

More than 350 agents from throughout Texas were present for the sessions, which lasted from 7:00 a.m. to 9:00 p.m.

These were technical meetings, with speakers drawn from among specialists in their respective fields.

A keynote speaker was Larry Teaver, chairman of the State Board of Insurance.

Mrs. Sanford accompanied her husband to the Austin meeting.

What Are the Real Facts About the Water Bond Election?

I had not planned to take any part in this Water Bond Election; but some of my friends, yes, I still have a few, called me long distance and urged me to comment on the subject.

Several years ago I stopped in at my fellow IH Dealer in Clarendon and overheard two men discussing their high water bills. One of their statements was: "They didn't tell us all of these things when we voted."

It seems that one of the main reasons for this election is that they are out of water. I say that THERE IS NO CRITICAL SHORTAGE OF WATER, and am basing my statement on the fact that for the four years I was city manager not ONE time was anyone asked to conserve water. Not one time did the stand tower ever run dry, except when we had it repaired. And I doubt if many people knew that, as we kept the pressure up with a pressure regulator valve. For a period of 21 days we pumped over a million gallons per day to town.

In the summer of 1964 there was a water shortage when I started to work in September. We immediately started to work to correct the problem and did for the four following years. Then suddenly there was a shortage. Why? I believe that was explained in my statement I made a little over a year ago.

Last week one of the statements was "Plans call for a new cut off system with rebuilding of system as needed." What is meant by "as needed"? I informed the Council over 3 years ago that there were many main cut off valves that were inoperative and had planned to start repairing them the next summer. Also that the ground reservoir bottom was cracked and needed repair. Yes, the fire plug at the old Duncan Laundry is still leaking, at least for two years now. The fire plug that was leaking just south of the Chevy garage was just taken out. It has been out for many months now and since fire insurance rates have been mentioned, I wonder what the fire insurance commissioner would say about that.

Since this is a water revenue bond, it will probably work a little hardship on some people, because there were a few that couldn't pay this bill at the old rate when I was there. Why split the increase between water and sewer? Does it make it any cheaper? The bond issue is for $350,000.000; but when the interest is added it will be over $500,000.00. This $350,000.00 is an engineer's estimate and not a contractor's bid. If it should cost more, the council has the power to raise the rates enough to offset the difference. Did you have any say about the last rate increase?

As to the sand problem: Well, if one never cleaned up once in a while, things just naturally get in a mess. The redwood reservoir at the pump station has not been cleaned since the early spring of 1968. I had set a policy to clean it after ginning season every year, and a man told me he never had as many sand problems during my four years as he had before or since.

The reservoir has just filled with sand to where it naturally has to go somewhere. The reservoir does need replacing and I firmly believe a reservoir could be built incorporating a sand trap that would eliminate 95% or more of the sand getting to town, that is if it were properly maintained.

Updating this old system would cost some money; but if the city finances are as good as when I left there should be plenty. Now, is the new system going to solve all these problems? It will naturally have to have automatic controls, and since it seems that fouled up controls is the reason for the stand tower running dry many times, why should anyone expect them not to do the same after a little while?

At the public meeting a few weeks ago, it was stated that the well at the new field north of town was approximately 150 feet deep and that the bottom of the well was above the level of the river bed just north of there. THIS IS ABSOLUTELY FALSE! The river bed is approximately 20 feet higher than the bottom of this well.

I am not afraid of the river water ever getting into that strata of water at this new location; but it could be possible.

Yes, I was for buying this farm and still am, just in case the city ever did have to look for other sources. What I question is: "Is this enough reason to make the move?"

I realize that the water at the new location is probably a little better; but how many businessmen or farmers do you know that have all the things they would like to have to run their operations, yet they get along very well.

Wellington Second In 2-AA Standing

Wellington Rockets and Rockettes rounded out their season with a trio of losses, nevertheless, each team came in second in District 2-AA play.

Childress Bobcats won the district title, with 10 wins and no losses. They will meet Spearman next week in the bi-district championship game.

Wellington Skyrockets and Shamrock Irish tied for second place, each having a 6-4 record. The other three teams in order were Quanah 4-6; Seymour 3-7 and Electra 0-10.

District 2-AA has only three girls teams, and the title went to Shamrock Lassies with three wins and one loss. The Rockettes were second with 2-2 and Electra third with a 1-3 record.

Wellington boys dropped their final game to undefeated Childress Friday night 66 to 57.

The Rockets lost the game with a slow start in the first quarter, which left them down 20 to 9. Wellington scored more points in the second half, 33 to 28 made by Childress, but this was not enough to overcome the slow start, Coach Don Lacy pointed out.

Ray Shrubs led Wellington's scoring with 20 points; Paul Rogers had 21 for Childress.

In the action at Shamrock Tuesday night, February 8, the Rockets were defeated 75-73. This was one of the closest games Wellington has played all year, the Rockets were, in fact leading by 5 points at half time.

Ray Shrubs was high pointer for Wellington with 25, while Walter Bond scored 26 for Shamrock.

The girls game was almost as close, Shamrock winning 37-34. The Rockettes were beaten out by three free shots, said Coach Don Lacy. Wellington girls hit 6 out of 20 and Shamrock 21 out of 35.

"We fouled too much and they they took advantage of it on their free shots," the Wellington coach continued. "Our guards played well but we weren't able to score."

Patti McAlister led the Rockettes scoring with 12 points while Leigh Nall and Edi Watkins had 8 each and Phyllis Sullivan 6. Other forwards were Pam Black and Teresa Patterson. Guards were Mary Saied, Janie Davis, Mary Thomas, Katy Sullivan, Gwen Lewis and Gwen Barber.

Terri Ramsey was high point player for Shamrock with 26.

Quails Defeat Alamo 97 - 46

Quail gym was the scene of action as the Quails defeated Alamo Catholic of Amarillo 97 to 46 Monday evening, February 14, the last game they will play before going into the 3-B tournament this week end.

Quail jumped to a 28-10 lead during the first quarter and added another 21 points in the second while holding thier opponents to 10. By the third, they had enlarged the margin to 72-34.

Quail played a fairly good game, shooting 47 percent from the field and 51 from the free throw line, completely dominating the boards the first half with 33 rebounds. There were not a lot of rebounds during the second half, but Quail continued to dominate.

High point player for Alamo Catholic was James Maberry with 18. For Quail, it was Laron Peters with 31, Gary Brown, 27, Gary Alston 15, Jerry Barton 9, Larry McCann 8, Joe Barton 3, Terry Canada and Calvin Green two each.

Rev. Hutson Altus Speaker

The Rev. John Hutson was guest speaker at the Sweetheart Banquet of Christ Ambassadors, First Assembly of God in Altus, Oklahoma, on Monday evening, February 14.

Mrs. Hutson accompanied him.

The theme of his talk was Youth and Love With God.

Rev. Hutson also attended a ministers institute in Lubbock Thursday and Friday, February 10 and 11. The Reverend Kermit Renewu, South Texas District Superintendent, for the Assembly of God was the keynote speaker.

MARY SAIED

Mary Saied Selected for All Star Play

The Rockettes Mary Saied is one of the first two girls named in the East squad for the second Annual Golden Spread High School Girls All Star Game, scheduled for March 25, according to Larry Wright, Amarillo Chamber of Commerce selection committee chairman.

Altogether, 28 girls will be named to the East and West rosters.

Mary a 5-3 guard, is the daughter of Mr. and Mrs. Mack Saied, Jr. Captain of the Rockettes both last year and this, she is a three-year letterman and was voted All District honorable mention as a junior. A senior this year, she averaged 12 rebounds and 7 steals per game.

Denine Labur of Panhandle is the other East Squad member selected so far.

Slated to coach the East Squad are Kelly Chadwick of Floydada and Red Myers of Amarillo College, while the Crabbe brothers, Jim and James from Erick and Mangum, will tutor the west team.

Lutherans Set Lenten Series

Collingsworth County members of Trinity Lutheran Church, Shamrock, will attend services each Wednesday evening during Lent, said Marvin Knoll.

These will be at 7:30 p.m. and the first was February 16. The Rev. Mr. Stuckner, pastor, is in charge of the services.

Quail Wins Zone Playoff From Miami

Quail Quails defeated the Miami Chiefs 74-57 Friday night, February 11, in the zone playoff to determine the District 3-B round robin winner.

The game was played at Shamrock, on a neutral court.

The Chiefs caused the Quails quite a bit of trouble during the first period, which ended with Quail down three, and not until that point did they become adjusted to their opponents play.

Quail shot 42 per cent of their field shots and Miami 29, however the Chiefs accounted for 83 percent of their free shots and Quail only 58.

"Miami plays a real good defensive game, as good a man-to-man defense as we have been up against. They guard you all over the court," said Coach Bill Wilson.

Quail made 57 rebounds to control the boards. Besides shooting a good percentage, the Collingsworth players were able to get a good lead in the third period, which ended 51-38 in their favor.

"Miami is not anything to be overlooked, they are a good ball team," Wilson declared.

Laron Peters scored 20 points to lead the Quails, Gary Brown had 17, Larry McCann, 16, Jerry Alston, 8, Jerry Barton 7, and Terry Canada 6. The other players were Joe Barton and Calvin Green.

High point men for Miami were Joe Lunsford and Jim Fatheree with 16 each.

The All Star Game, to precede the Amarillo National Invitational Tournament (March 23-25) finals March 25 in the Civic Center Coliseum, will pit two squads of the Panhandle's top girls' basketball players.

Nominees limited to prep seniors, may still be made by anyone but school officials to the Amarillo Chamber of Commerce, "and we expect to have them all in our office by the la of February," said Wright.

Players chosen from teams on or west of Highway 287-87 will be placed on the West squa while those east of the same bisecting line will be East players.

Eighth Grade Ends Season With Norwood

Wellington Eighth grade boys and girls ended their basketball season with a double header victory over Samnorwood eighth grade. The Firecrackers won 46-13 and the Crackerettes 35-25.

Samnorwood girls got off to a slow start and at the end of the first quarter, they trailed 14-5. From that point, however, the game was evenly matched, with Wellington scoring 21 points in the remaining quarters and Samnorwood 20.

It was the second meeting of the teams, and Wellington won at Samnorwood 27-26 in the first game, Coach Carroll Nunnelley reported.

Leading the scoring for Wellington were Lana Lacy with 16, Doris Thomas 11 and Sherri Peeks 8.

Cindy Coleman was high point player for Norwood with 15, while Alethea Ray scored 6 points.

With this game, Wellington Crackerettes ended their season with a 12-7 record.

The entire Firecracker team saw action against the younger, less experienced Norwood boys, to win 46-13.

Wellington took a 16-2 lead by the end of the first period, and at halftime had widened it to 27-9, and 37-13 at the third.

The Firecracker first team played during the first quarter only, with the second and third teams alternating during the remainder of the game.

Edward Thomas was high point man with 13, Segura led for Norwood with 10.

This gave the Wellington Eighth grade boys a 16-7 record.

"I felt we had a real good season," said Coach Nunnelley. "They showed a lot of improvement as the season progressed. They were entered in three trounaments, winning second in Memphis and Hedley and the championship of the Shamrock tournament.

Miss Keesee Has Surgery

Miss Myra Keesee is seriously ill in Foard County Hospital, Crowell, after undergoing major surgery Monday, Feb. 7.

Miss Keesee, a lifelong area resident, went to Crowell February 1 to visit a sister, Mrs. Bill Gafford.

Sisters with her from time to time since the surgery are Mrs. Bura Handley, Mrs. Charley Hill and Mrs. W.E. Winters, along with a niece, Mrs. Leland Bonneau of Carrollton.

Cindy Saied On Honor List

Cindy Saied, daughter of Mr. and Mrs. Mack Saied, Jr., is one of 897 students in the College of Business Administration at Texas Tech University qualified for the dean's honor list for the fall semester, according to Dean Jack D. Steele.

To qualify for the honor list, a student must be enrolled in 12 semester hours of courses, excluding pass-fail courses, and have at least a 3.0 grade point average. Texas Tech uses a 4.0 point grading system.

The College of Business Administration is one of six colleges and two schools at Texas Tech University, with a total fall enrollment of more than 21,000 students. The others are the colleges of Arts and Sciences, Agricultural Sciences, Education, Engineering and Home Economics and the Graduate School and the School of Law.

Deck's DIDACTICS

—by Deskins Wells

THIS COLUMN will be short this week; because I am making preparations for a trip to Austin.

* * *

AUSTIN IS not a distant place by present day travel on the broad Texas highways or through the air; but it was a long day and night journey when I set forth with the late Prof. L.F. Sheffy in the spring of 1918 to represent the Panhandle in the state declamation contests. It was equally remote in the fall of 1921 when I boarded the train on my way to enter The University of Texas.

* * *

FIFTY YEARS is not such a great span of time to a man approaching three score and ten when the memories of those early years are as bright as yesterday. But to some of my young readers, half a century sounds like an eternity. So it is that this might be called a tale of the far away and the long ago.

* * *

IT WAS with mixed emotions I read this letter a few weeks ago:

Fifty years ago, you were initiated in the Texas Alpha Chapter of the Phi Kappa Psi Fraternity at The University of Texas at Austin. I know that you hold and cherish the fond memories of your days as an active Phi Psi. Founder's Day will soon be upon us, and the Texas Alpha Chapter will hold its celebration of that great day on February 19. This year, we are very pleased to announce that our National Executive Secretary, Ralph D. (Dud) Daniel, will be in Austin to help celebrate it with us. We are also honoring all fifty year members, and I am writing to extend to you this special invitation to be with us. Because of your fifty years standing with the Fraternity, the Executive Council has bestowed upon you a Life Membership in The Golden Council and has sent us your engraved membership certificate and membership card. We would be especially pleased to have you in attendance so that you may be presented with this honor at the Founder's Day banquet by Brother Daniel.

* * *

ROY CRANE, of Orlando, Florida, and I will be the only two fifty year men present for the ceremony. There could have been two others: Judge William Q. Boyce and William F. Schmidt both of Amarillo. Judge Boyce had his plane and hotel reservations; but an estate case came up this week that will keep him in the Panhandle. Bill Schmidt had a reunion with relatives in Mexico planned for months and will be unable to attend.

* * *

THAT IS the story, kind readers. I am off for breakfast with Royston Crane and a few old, old friends of the 21 and 23 vintage and luncheon with my son and many of his young, young friends.

PURCHASERS OF CITY STATE BANK

Purchase of the City State Bank has been announced by these three, who also own the Security State Bank at Hedley. From left, they are Melvin Boothe, president, of Hedley; Michael Vaughan, Chairman of the Board, and Robert C. Sullivan, Vice-Chairman of the Board, both of Waco. They bought the bank from Jeff Wilson and other stockholders.

Historical Museum Meeting Set Feb. 24

A special meeting of the membership of the Collingsworth County Historical Museum has been called for Thursday, February 24, President Clyde Drake has announced. It will be in the Heritage room, beginning at 7:30 p.m.

Included in the business to come up is the budget for the coming and possible building acquisition. There will be a report from the building procurement committee.

Required notices of proposed changes in the by-laws are posted in the court house and post office in compliance with the law for tax exemption, Mr. Drake said.

Lenten Services Scheduled

During the Holy Season of Lent, the devotion of the Way of the Cross will be held each Friday evening at 8 o'clock at Our Mother of Mercy Catholic Church at 12th and Floydada.

"Everyone is welcome to attend this service. It is a very ancient tradition in the Church, and comemmorates the Passion and Death of Jesus Christ on the first Holy Thursday and Good Friday," said Father Patrick Burke.

"The priest, dressed in the violet robes of a penitent, walks from one picture to another showing the main events in the last few hours of Our Saviour's life on earth. Prayers are recited together and hymns are sung."

Father Pat Burke said "Our thoughts are turned so much toward the Hill of Calvary during the next seven weeks, that the Way of the Cross is the ideal devotion for the Christian for Lent."

Holy Week services for the Catholic community will be announced in The Wellington Leader at a later date.

Volleyball Play Begins Tuesday

The Wellington Volleyball League will begin play in Skyrocket Gym Tuesday, February 22, when the first adult games are scheduled, WHS head coach Jim Forrester reminded. Students will begin play Thursday night, February 24. These games are free to the community, the coach reminded.

An invitational volleyball tournament is slated for Thursday through Saturday, March 9, 10, and 11, and Coach Forrester explained that this is the means by which the spring all-sports banquet for Wellington High School athletes will be financed.

Invitations have been sent to 28 teams, and the number could go much higher.

Norwood Exes Call Meeting

Samnorwood former students living in the area will meet Tuesday evening, February 22, to plan Ex-Students Reunion which will be held Saturday, July 1.

The meeting will be in the foyer of the gymnasium, beginning at 7:30 p.m., and everyone is invited to attend.

"We urge those who know of any address changes to notify the officers as early as possible, so we can get word out to as many former students as possible," said Mrs. Tate.

Mr. and Mrs. L.S. Riley of Pampa spent the week end here with relatives.

Mrs Jack Cartwright of Midland spent the week end with her mother, Mrs. Morris Wells.

Youth Sunday At Fundamental Baptist Planned

Youth Sunday will be observed at Fundamental Baptist Church Sunday, February 20, when boys and girls will be in charge of the morning and evening services.

Plans were announced by the Rev. Francis L. Miller, pastor. The church is putting strong emphasis on youth, with programs to encourage attendance, he said.

All of those taking part Sunday will be from 12 to 17 years of age.

Speaking at the morning service will be Jeff Hanna, and in the evening, his twin, Paul Hanna will address the congregation.

Ushers will be Allen Murdock and Jackie Black, David Null will be the music director and Kathy Patterson the pianist. Melody Iverson will give the devotional and Sunday School report. Teachers in the Sunday School will be Pam Lynch, Jeanie Reynolds, Janie Reynolds, David Null, Debbie Lynch, Melody Iverson, Margie Parker, Allen Murdock.

he was only two years old wher he came with his parents, the late Mr. and Mrs. C.Z. Ratliff to Collingsworth County. He lived for most of his adult life in the Cottonwood community.

He was married to Miss Lois Kyser, a teacher in the Collingsworth County Schools, on April 11, 1937, at Weatherford.

His health failed several years ago, and Mr. Ratliff had to give up active farming. In the period that followed, he developed the hobby of woodworking to a high degree, and although he did not enter into this on a commercial basis, he used the craft to give pleasure to many of his friends.

Mr. Ratliff was a member of First Baptist Church, and was a deacon. Through the years he had been a Sunday School superintendent, department superintendent and song leader.

Funeral services were conducted at First Baptist Church at 3:0(p.m. Thursday. Officiating were the Rev. Roy Collins, pastor, and the Rev. Russell Pogue of Cisco, a former pastor. Burial was in North Fairview Cemetery under the direction of Kelso Funeral Home.

Pall bearers were A.A. McQueary, Thayne Amonett, E.W. Clement, Bob McAlister, Raymond Hodges, and Louis Graham

Survivors are his wife, a member of the Wellington School faculty; two sons and a daughter, Ben Ray Ratliff of Lubbock, Dale Ratliff of Clayton, N.M., and Mrs. Monte Mann of Amarillo; two sisters and a brother, Miss Mai Ratliff of Smithville, Mrs. Frank Cook of Ft. Worth, and Percy Ratliff of Quanah. There are 8 grandchildren.

WATER

We, of the Wellington Volunteer Fire Department, believe that the present water supply is definitely inadequate for safe fire protection and our belief is that the proposed Water Loop and new water supply will give you the needed protection.
