CISD repairs are needed

Colorado City schoolteachers were praised at a Monday night school board meeting for the way they handled news of Sept. 11 terrorist attacks in New York City and Washington, D. C.

Supt. Buddy Compton said students were informed but kept calm and he knows of only one parent who took a child out of school that day.

"The jobs they do with our kids in these types of situations are very valuable," he said.

Hutchinson Elementary Principal Kitten Arthur said her third to fifth grade students were allowed to watch televi-

sion reports for 30 minutes "because it's history," but teachers discussed the attacks in such a way as not to panic them.

Board Vice President Sally Neff expressed her appreciation to the faculty of all four campuses in the district.

Other business in the 7 p.m. regular meeting included Supt. Compton's report that \$1.8 million in grant applications have been made to the Texas Education Agency in Austin.

If both grants are received, he said, \$1 million will be used to revamp plumbing and electrical systems and correct air

conditioning problems.

The other \$800,000 is for computer technology.

Compton said he also wants to construct storage buildings throughout the district because storage is generally lacking.

He said Wolf Stadium's football field and the nearby practice field are both flat, lacking the standard 18 inch high "cone" in the middle to promote water drainage.

They will be landscaped to add cones during the off season with dirt supplied by Mitchell County, he said.

His recommendation was

City nixes AD budget

City Council members Tuesday night declined to approve the County Appraisal District's (AD) 2000-01 budget, adding their voices to those of the C-City School Board and effectively ending its chance of enactment in its present form.

Chief Appraiser Kaye Nell Cornutt did not have an immediate response at the 6 p.m.

regular meeting at the Thompson Room.

Mayor Bob Reily said a Council committee's evaluation of the \$238,262 document raised questions about the AD's \$25,000 contingency fund, staff raises and reliance on an outside appraiser.

AD board member Bruce Rich of Westbrook said the

Top teams are named at Boer Goat Cookoff

A cold, rainy Friday night cleared off into perfect fall weather, clear and cool with a bright blue sky, for Saturday's seventh annual World Championship Boer Goat Cookoff and Classic Car Show.

Forty five teams turned in their best efforts at 4 p.m., and a crowd estimated at more than 200 people gathered on the south side of Ruddick Park at 6:30 p.m. for the judges' verdicts.

The Sons of Betty Crocker Cooking Team of Colorado City won the first place prizes of \$1,000 and three trophy belt buckles from Wood's Boots.

Larry Johnson, Earl Plagens and Steve and MarLon Rankin finished ahead of the one man team of Jay Butler of Snyder, competing as Bad to the Bone, and Lamesan Gary Shook's Big Daddy's Grill group.

Bad to the Bone took home \$500 and Big Daddy's Grill \$250.

Butler and Shook augmented their winnings by respectively earning \$320 and \$270 in the jackpot brisket and beans contests.

Kerry Clay and Dunn Right Barbecue of Dunn won the \$290 jackpot ribs contest.

Butler and Clay took second and third place in last year's cookoff.

It was the Sons of Betty Crocker's first year, and Johnson, a member of the county hospital board, let out a whoop of delight when their number was called at the end of the bitingly suspenseful winners' countdown.

Members of the C-C Riders car club judged the entries with a "blind" system in which the entries were identified only by six digit numbers.

Quentin Market of Lamesa, brother of the late Loraine cropduster Casey Market, called out the numbers. Then

LWGCD Board adds two new directors

Mitchell County commissioners Monday approved the Lone Wolf Groundwater Conservation District's permanent board of directors, subject to a Feb. 4 election, and planned to shore up the county library's foundation.

Water district manager Windi Fuller recommended successors to just departed board members Jim Baum and Catarina Martinez -- Melvin Dorn Jr. of Lake Colorado City and Eugene Smith of Loraine.

Former C-City mayor Baum has resigned, and state water officials said Martinez is ineligible to continue because he is mayor of Loraine.

Directors David Stubblefield and Bobby Lemons are both residents of Commissioner's Pct. 1 and must decide which runs for a four year term from the precinct and which runs county wide.

Tommy Morris of Cuthbert is the Pct. 2 director.

Dorn, a retired Texas Department of Transportation of-

ficial, now represents Pct. 3 and Lorainian Smith Pct. 4.

Smith gained experience with water issues when he farmed in Martin County and the Colorado River Municipal Water District established well-fields there, Ms. Fuller said.

Candidates have until 30 days before the Saturday, Feb. 4, election to file for places on the ballot.

The district's tax rate will also be considered, as will its actual future existence.

Elected members will draw straws after the election to decide which serve full terms and which two years, "staggering" them so not all come up for reelection in the same year.

In the prayer he always gives before court meetings, Pct. 3 Commissioner Wendy Inman referred to American and British attacks on Taliban and terrorist strongholds in Afghanistan.

"We ask that this action will annihilate all the terrorists in

Farm Bill passes

WASHINGTON, D. C. -- Disturbed but undaunted by terrorist attacks, Congressman Charles Stenholm has claimed a major legislative victory with House passage of a 10 year, \$171 billion Farm Bill that is the most favorable to agriculture in decades.

It now goes to the Senate, where Democratic Majority Leader Tom Daschle of South

Dakota promises prompt consideration.

Rep. Stenholm last Wednesday helped block an amendment that would have diverted billions from commodities to conservation, winning by only 13 votes.

But when the whole bill was voted on Thursday, it passed by 291-120.

Wolf Band shoots for Dallas trip

For the first time in three years, the CHS Wolf Band has a chance to go to area competition in Dallas Oct. 27.

With a good attitude from its younger members and a program written by an area band director, the 94 member group will try to take that step Saturday at the Region 2 UIL Marching Contest in Abilene.

The Annual Pre-UIL Contest last Saturday at Abilene Wylie High School produced ratings of all "1's" that Band Co-Director Jincy Ross expects to be a confidence builder.

Performing a seven minute "Music From the Civil War" program, the band will take the field at 11:45 a.m. Saturday in Shotwell Stadium.

The program was written by Plainview Director Barry Hurt, whose band took it to the area and state contests.

The first year Ms. Ross and her husband Jeremy were here, 1999-2000, CHS was a Class 3-A school.

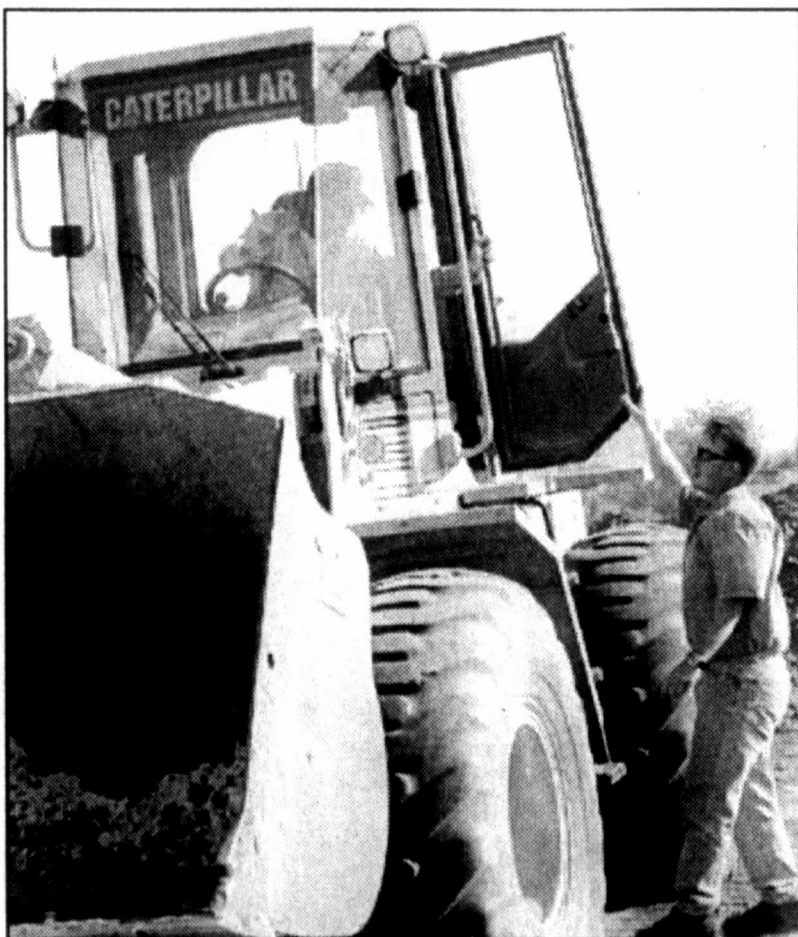

Under the UIL's alternating system, only 2 and 4-A bands were allowed to go to state that year.

The next year, when the Wolves dropped to 2-A, it was the 1, 3 and 5-A schools' turn.

Now the turnstile has finally clicked into place for them to advance to area and possibly state competition if they earn mostly "1" ratings Saturday.

They got 2's last fall, missing the sweepstakes title they

A GEO-TECHNICAL FIRM from Midland, TETCO, monitored building pad removal in the county hospital construction project. TETCO representative Ted Philley conferred with county Pct. 1 employee Jerry Graham.

Hospital building pad reconstruction starts

County road crews last Friday finished removing the new county hospital's foundation building pad and digging as deeply as 10 feet to take out thousands of cubic yards of sand from under it.

Bill Price Construction of Snyder, Cooper Construction Co.'s dirt sub-contractor, has

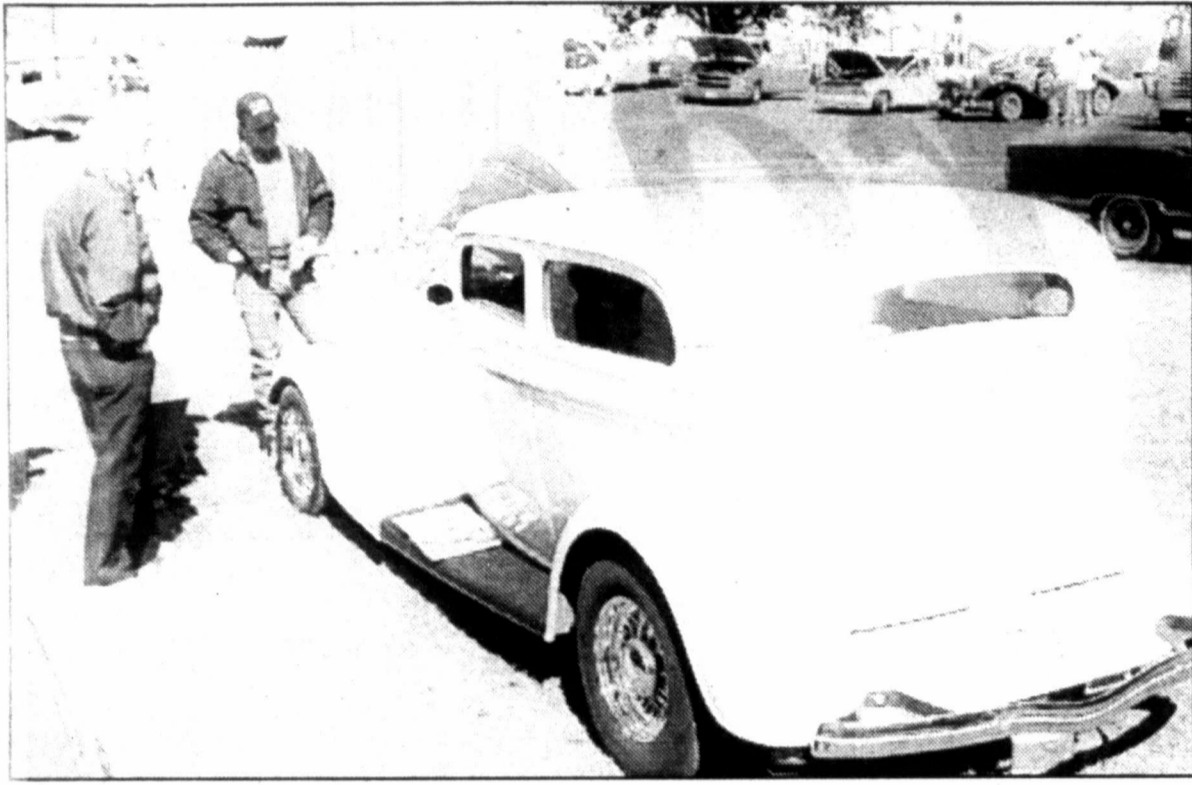

begun rebuilding the pad that Austin architect Robert Cox declared unstable in late July.

Job Supt. Raymond Chaisson said Tuesday that Price's task will take more than a month.

Then work will recommence on the foundation, reinstalling

THE BEST OF SHOW at the Classic Car Show Saturday in Ruddick Park was this blue 1933 Ford owned by Bud Queener of Clovis, N. M., left. He and his son Jay rebuild cars at their muffler shop. His asking price for the car was \$50,000.

THE BEST CAMP at last weekend's World Championship Boer Goat Cookoff was made by the Hillbillies and Hippies team from Hawley, who set up on the north side of the Ruddick Park road northwest of the judging area.

THE EPITOME OF COOL. Saturday's Classic Car Show in Ruddick Park had hot pickups, hot Volkswagens, a hot three wheel motorcycle and, of course, plenty of plain old hot rods, if there is such a thing.

approved to increase the district's monthly health insurance contribution to employees from \$130 to \$150, which is a year earlier than the state required.

Board President Larry Blasingame opened the 1 1/2 hour meeting by reading a statement that board sessions have sometimes been too informal in the past, but members learned in a recent workshop that they should follow Texas Association of School Boards guidelines more precisely.

That means a three level procedure will be followed for questions to be answered or disputes resolved before they reach a board meeting.

They will be aired at the campus that's involved and with the superintendent before an appeal to the board is made, Blasingame said.

Public criticisms of district employees or students will then be dealt with in a closed executive session.

Other business in the relatively routine meeting included the formality of rehiring long-time Business Manager Geneva Ratliff.

In a move related to establishing her Social Security benefits, Ms. Ratliff resigned last summer, worked one day on Aug. 31 for the Coleman School District and returned to work here Oct. 1.

Compton said she will finally retire next August.

A 30 minute executive session was held until 7:53 p.m., apparently to discuss Ms. Rat-

liff's employment status.

Compton's recommendations were adopted to raise employees' travel expenses from 28 to 34.5 cents a mile and their daily meals allowance from \$25 to \$30.

Middle School Principal Mark Merrell said Congressman Charles Stenholm of Abilene will speak at a Monday, Nov. 12, Veterans Day ceremony on the front lawn of the county courthouse in the 300

block of Oak Street.

Cafeteria Director Pat White's request was granted to comply with TEA guidelines and raise the price of an adult's breakfast from 75 cents to \$1.

In a written report, she said the district "is under the wire by 7 1/2 cents" with lunches for teachers and visitors costing \$2 and \$2.20 and those prices don't need to be increased.

GOOD TIMES are what the Boer Goat Cookoff is really all about, illustrated by association board member Steve Hagerman of Roscoe, right, his mother Debbie, top left, and Randy Dowell of Stephenville with his 3 year old son Gage, left.

the spectators scanned the crowd to see who would react. The cookoff is held in memory of Casey Merket.

Other top 10 teams, in no particular order, were Henry Castillo and the Over the Hill Boys from C-City, Big Country Autoland from Snyder, Bigger Johnson's Barbecue from C-City, Cherie Dockrey's Poverty Hill II of C-City, Dunn Right Barbecue and Randy Hendrickson of S&V Aerial Co. of C-City.

Merket also gave awards to the friendliest cooks, the best and classiest camps and the top entries by county banks and Texas Department of Criminal Justice teams.

A second annual flyover by local cropdusters was canceled because of distant assignments and airplane repairs, said Dennis Vick, owner of S&V Aerial Co.

Thirty three cars and other vintage vehicles were entered in the Classic Car Show.

Bud and Phyllis Queener's sky blue 1933 Ford from Clovis, N. M., was declared the "Best of Show" while San Angeloan Brian Hare's red '47 Chevrolet was second and Dickie Partlow of Big Spring's yellow '40 Ford third.

Other winners, all from C-City in places four through 10, were Bob Parks, black '70 Chevelle; Johnny McElroy, blue '66 Chevy pickup; Billy Waid, red '70 GMC pickup; Robert Walker, orange '70 Barracuda; Glenda Turner, maroon '31 Chevy coupe; Kent Womack, red and white '56 Chevy; and Sue Womack, red '65 Mustang.

Merket awarded Louie Adams of Merket for being the friendliest cook and Michael Brown of Big County Autoland as the winner of the Casey Merket Award for being most exemplary of Casey Merket's buoyant personality.

The Hillbillies & Hippies of Hawley had the best camp and Allen Dockrey's Poverty Hill I team the classiest camp, which was the Julia Bennett Memorial Award in honor of the late Cookoff Association secretary-treasurer from Loraine.

City National Bank won the banks' traveling trophy and the Wallace Unit's Windham School team the TDCJ traveling trophy.

First National Bank and the Sweetwater Work Camp took home the trophies in the first round of the competition last year.

More than 150 plates of

barbecued Boer Goat and trimmings were sold at the park gezebo last year, the first time you could buy food at the cookoff.

Susan Farr of C-City, who took Ms. Bennett's place on the association board, said sales increased to more than 250 plates this year, serving both Boer Goat and brisket.

"We sold out of everything," she said Monday.

The cookoff's annual dance was moved from the park's basketball court to local musician Shady Mitchell's downtown dancehall because temperatures would become too cool after dark.

Other entrants were Sam Mata and the SM Fence Co. of Sonora, Bill Payne and Steve Beckham of Ira, Bobby McGuire, Randy Bocock and James Henry of Midland, Tony Collins and Baba Lou BBQ from Hamlin and Chad Davis and Outlaw Bar-B-Que from Merket.

Jerry Schafer and One More Time from Caldwell, Bobby Richardson and El Loco Cocineros of Austin, Robert Heard and J&R Barbecue of Lamesa, Connie Collier of Snyder and, all from Loraine, Billy Martinez, Alex Chavez, Dub Wood-dell and Hubbard's Cupboard, Bill Crockett and the First Bank of West Texas and Don Epperson and the Loraine Cookers.

Other C-City winners included 2000 Cookoff winner Kevin Lamb and Three Generations, Kevin Parker and Boney's Backyard Barbecue, Mark Flores and Triple F, Ruby Wyrosdick with Lonnie and Ruby's, T. A. Whitesides, Curtis Rogers and Dandy's Diner, Ron Wallace and Ol' Skeet Stick, Blaing Lemons and Lone Wolf Resources and Bobby Edmondson and Curtis Craghead, the Texas Two.

THE FIRST PLACE TEAM at last weekend's World Championship Boer Goat Cookoff was the Sons of Betty Crocker Cooking Team -- from left, Earl Plagens, Steve Rankin, Larry Johnson and MarLon Rankin.

the plumbing lines and finally pouring concrete.

A dispute between the county hospital board and the Odessa based general contractor ended with the Sept. 17 approval of a change order extending the contract to Jan. 25, 2003.

The amount was increased by nearly \$400,000 to \$7.9 million.

Pct. 1 Foreman Cecil Crow said 11 crewmen from all four precincts had no trouble with the job, although piling sand and red clay dirt into numerous small hills on the 20 acre

project site in western C-City off Rogers Road.

"The job wasn't hard -- just a lot of time," he said.

"We're through except for hauling off sand and whatever else."

TETCO, a Midland geotechnical firm, has okayed the use of clay dirt from property owned by Billy Joe Wood two miles north of Interstate 20 on FM 1229 northwest of town.

Price had already begun moving it, Chaison said.

The county crews used four loaders, three bulldozers and a roadgrader.

Crow said they had been given 10 working days by the change order and used 13.

Having lost two days to rainfall, that put them only one day over the deadline.

Crow said they averaged digging six to seven below the surface after getting the pad out and went down eight to 10 feet on the southwest corner of the site.

Crow and Chaison estimated at the outset that 25,000 cubic yards of clay and 18,000 to 19,000 yards of sand would have to be removed to prepare for the pad's reconstruction.

AWARD WINNERS at the Boer Goat Cookoff were, left, Jay Butler of Snyder, Bad to the Bone, second place; and the third place Big Daddy's Grill team, Gary, Dorothy, Bryan and 8 year old Brandon Shook of Lamesa.

STENHOLM

FROM PAGE 1

A counter cyclical payment program to set a 73 cents a pound target price for cotton was retained.

West Texas wielded a powerful combination in Stenholm, an Abilene Democrat who is the Agriculture Committee's top ranking minority member, and Chairman Larry Combest, a Lubbock Republican who helped to thwart the Bush Administration's last minute opposition.

"This is my fifth Farm Bill, and it's by far the 'greenest' we have passed," Stenholm said.

"I'm very elated. But I'm very disappointed the administration came out opposed to the bill. All year long, we had asked the administration for input."

A conservation amendment pushed by Reps. Rob Kind of Wisconsin, a Democrat, and New York Republican Sherry

Boehlert was the real danger, though, testing the bipartisanship of the Ag Committee and Blue Dog Coalition in the 13 vote showdown.

Stenholm said the Bush Administration did not explain its opposition, although it could pertain to the flurry of spending that's planned in response to terrorist attacks in New York City and Washington.

The Agricultural Act of 2001 addresses West Texas water problems by allocating \$30 million a year for emergency national water needs.

It ups conservation spending by 78 percent with \$17 billion over the next 10 years for soil, water and wildlife programs.

It sets payment limits of \$50,000 for fixed, decoupled payments, \$75,000 for counter cyclical payments when prices are below the target price and \$75,000 for marketing loan gains and loan deficiency pay-

ments, among other commodity related provisions.

Stenholm is disappointed the federal budget "will go back into the red" with a deficit in early 2002.

The congressman, a Lutheran, had the sound off on his television, talking to two Lutheran ministers in his Longworth Building office near the Capitol Sept. 11 when he saw a jetliner slam into the World Trade Center.

He went outside and told his staff to watch their TV "because there has been a horrible accident in New York."

When the second plane hit the other Trade Center tower, Stenholm and the ministers went upstairs to his ag office and prayed for the victims and their families.

Security officers ordered the building evacuated.

"I saw something I had never seen in Washington -- peo-

ple running down the steps of the Capitol," he said.

"An officer was yelling, 'Move, move it, get out of here!'"

He has been in Congress since 1979.

The crowd was directed to a park south of the Longworth Building, where they heard that a third plane had hit the Pentagon two miles away.

They saw the smoke.

"We heard there was a fourth one coming for us, but it crashed, thanks to the heroic folks on that plane," Stenholm said, referring to a jetliner that was taken down by its passengers in Pennsylvania.

"There was a rumor of a car bomb at the State Department."

He dismissed his staff but went through with a luncheon six blocks away down Pennsylvania Avenue at the National Association of Rural Electric Cooperatives, declining to take questions afterward.

He watched television reports there and walked back to his office at 2 p.m. through roadblocks and cordons of policemen.

He said an intelligence gathering bill would be considered immediately after the Farm Bill, but some of its contents were classified.

"There has been considerable concern about the right to privacy, but we have to give up a little bit of individual freedom in order to win this war," Stenholm said.

"If we say no, don't be surprised when we get hit again."

"The President has handled this exactly right, going slow and methodically building up our alliances," he said last Thursday, before American and British forces began their counterattacks in Afghanistan.

"Monday morning quarterback" are always 100 percent right. We're finding out now that a lot of things go on that somebody knows about, but the Republic does not.

"We came awfully close to getting Bin Laden a couple of years ago," he said.

"It's really pretty calm here right now. The bipartisanship that is routine in the Ag Committee is now routine from the House and Senate to the President."

C-COURT

the world and be over with soon," he said.

Stanton building contractor J. W. Heidelberg Jr. reported on his inspection of the county library building at 340 Oak St., saying the sandy soil kept him from finding "any hard surface" to a depth of 11 1/2 feet.

He had been asked to evaluate the building after Librarian Nancy Mayo reported the foundation appeared to be unstable, sinking slightly on the south side.

Heidelberg recommended pouring four foot wide concrete piers at each corner of the building and getting two

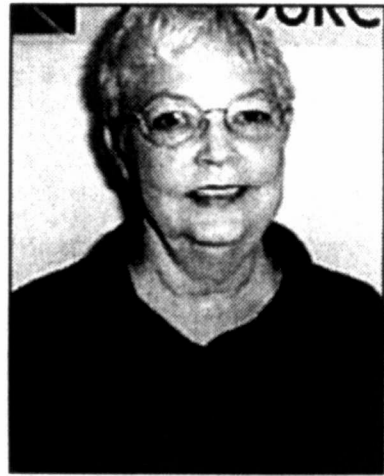

air compressors off the ceiling's surface and onto wooden supports to stop vibrations that might be destabilizing the structure.

He said the library has 46 piers under the foundation, but none directly under the corners.

He said the work should take two to four days, and the commissioners agreed to ask the Texas Department of Criminal Justice for an inmates' community service crew to do the considerable digging that will be involved.

The contractor said inmate labor is a virtual necessity because the amount of manhours that will be expended.

"Nowadays, to get somebody to dig a ditch, you've pretty well got to pay them \$25 an hour," he quipped.

Shirley Delaney

DeLaney senior panel member

Shirley Delaney is one of the original members of the Colorado City Advisory Panel to monitor progress of the Col-Tex Refinery cleanup project southwest of town.

Prior to her 1999 retirement, she was Executive Vice President and Internal Auditor at City National Bank.

Ms. Delaney is a member of All Saints' Episcopal Church, where she has served as treasurer for more than 30 years.

She participates in Keep Colorado City Beautiful, Mitchell County Historical Society, Mitchell County Hospital Auxiliary and the Chamber of Commerce.

She is on the board of the Community Mission and is active in the Business & Professional Women, recently receiving the club's first Cadaceus Award for outstanding leadership and mentoring.

You may have seen Ms. Delaney in parades, but you might not recognize her in her clown costume.

"Being on the Community Advisory Panel has been a real learning experience," she said.

"I knew almost nothing of our Col-Tex refinery, and since Fina has created new processes and procedures for the cleanup, there is something different each time we meet."

"I hope I have been able to answer some questions from friends about the ongoing work."

POLICE

• On Monday, October 1, 2001 at about 12:36 p.m., Inv. Rice was called to the vicinity of 6th and Elm Streets to a vehicle pedestrian accident, reported as a hit and run. At the location he found Connie Garcia, 216 E. 6th Street, laying on 6th Street. She was subsequently transported by ambulance to the Mitchell County Hospital. The vehicle and driver had remained at the scene. The vehicle was a blue 2001 Ford pickup driven by Henry Soosa, 32 year-old male, 1816 Locust Street. Investigation revealed that Garcia and Soosa were involved in an argument at a residence. As he left, she grabbed onto his truck, but eventually fell to the ground. Garcia was examined at the Hospital and determined to be uninjured. This matter will be referred to the County Attorney's office for consideration of charges as reckless driving.

• On Tuesday, October 2, 2001 at about 10:39 p.m., David Pineda, 18 year-old male, 544 E. 21st Street, was arrested for a Mitchell County Warrant charging him with minor possession of alcohol. He was transferred into the custody of the Mitchell County Jail. Arresting Officer: Miller

• On Tuesday, October 2, 2001 a 16 year-old male juvenile reports burglary of a vehicle at Colorado High School. The person reporting caught the suspect inside his vehicle. Although nothing was stolen there was damage to a window and stereo speakers. A suspect is known in this offense. Investigation is continuing. Loss has not been estimated. Investigating Officer Rice

• On Wednesday, October 3, 2001 at about 12:45 a.m., a 16 year-old male juvenile was taken into custody as a runaway from Abilene, Texas. The juvenile was transferred into the custody of the Juvenile Officer. Arresting Officer: Miller

• On Saturday, October 6, 2001 at about 12:44 a.m., Miranda Davila, 17 year-old female, 520 Vine Street reports a theft. Her gray, waist length jacket, containing a cellular phone, keys and keyless car control, were stolen while she was at a dance at the Civic Center. Estimated Loss: \$285.00. Investigating Officer: Miller

• On Sunday evening, October 7, 2001 at about 8:17 p.m., Donald P. Mitchell, 62 year-old male, 242 Fairmont Street, was arrested at 2005 Locust Street for Public Intoxication. He was transferred into the custody of the Mitchell County Jail. Arresting Officer: Butts

• On Monday, October 8, 2001 at about 11:05 a.m., a collision occurred at 5th and Locust Streets. A green 1995 Buick 4-door driven by Adelina Eisnagle, 70 year-old female, 1710 Scott Street, Snyder, Texas was westbound on 5th Street and ran the stop sign. Her vehicle hit a northbound white 1994 Ford pickup driven by William Haddix, 935 E. 8th Street, Colorado City, Texas. The impact caused the pickup to go into a yard at 404 E. 5th Street. A passenger in the pickup, Marie Boyd, 51 year-old female, 218 E. 7th Street, was taken to Mitchell County Hospital by ambulance for injuries. Neither driver nor the passenger in the Buick, Lucille Ficus, 29 year-old female, Snyder, Texas were injured. Damaged was minor as both vehicles were driven away from the scene.

OBITUARIES

Annie B. Dunn 1910-2001

Annie B. Dunn, 91, of Snyder died Monday, October 8, 2001 at Cogdell Memorial Hospital in Snyder. New program available at Mitchell County Library

People have always looked to the Mitchell County Library to find information and answers to homework questions. But these days, more and more people are supplementing their research by going onto the internet. Much of the information found on the internet can be inaccurate, unverified and difficult to locate.

Now a program from the Mitchell County Library, the Texas State Library and Archives Commission and the Texas Telecommunications Infrastructure Board combined the best of both the library and the internet by providing electronic sources of information called databases. They can be accessed at both the library and in your own home or office, or anywhere that has an Internet connection.

This program extends the resources of the Mitchell

County Library databases at a cost of 10 million dollars, paid for by the Texas State Library and the Telecommunications Infrastructure Board. This "Library of Texas" allows a user to find full-text articles in encyclopedias, almanacs, journals, newspapers, and even allows a user to read entire books.

Best of all, these services are reliable, credible, appropriate for children, and easily searched by subject, topic, keyword and various other ways. The databases cover a diverse area of subjects. Researchers and students can go to specific databases to find information as needed. For instance, some of the databases include:

- Homework Help for Students. High School students can find information for homework assignments, research papers and essays from

reference materials, read primary source documents and look at magazines about literature, science, history and biographies. Younger students can use databases that contain World Almanac of the USA and World Almanac for Kids as well as searchable full-text from over 50 of the most popular K-12 magazines. Numerous encyclopedias, almanacs, and magazines, maps and newspapers are also accessible.

- Health Information. Instant access to carefully compiled and trusted medical reference resources and key health websites. Find information on remedies, nutritional guidelines, and treatments. Some databases include searchable full-text for more than 160 popular health magazines.
- Business Information. Find dynamic and up-to-date

company and industry intelligence of more than 300,000 companies. Company profiles, including parent/sibling relationships, industry rankings, products and brands, current investment ratings, and financial ratios can all be found in the business databases.

- Biography and Genealogy Information. Biographical information can be found on people from all time periods, geographical locations, and fields of study. Find biographies on authors, scientists, sports professionals, actors and many others. Some databases allow you to trace your family tree, research folklore topics, and trace the history of your hometown.

- Electronic Books. Search through thousands of books on-line and then download one of them and read it on your computer! 19,000 titles available by the beginning of

2002. Acquire the information you need in another database or through your library. The possibilities are endless. Much more is available by using these databases, including

topics about American history and Spanish language resources, just to name a few more. Please consult with your local reference librarian at the Mitchell County Library for more information.

AD passes budget

Mitchell County Appraisal District board members Monday re-approved the proposed budget that has been rejected by the Colorado City School District and questioned by the City Council.

Representing the city and school district, Councilwoman Verta Hardegree and school board member Jesse Muñoz Jr. voted "no" against the "yes" votes of George Martin of Loraine, Tommy Morris of Cuthbert and Bruce Rich of West-

brook. Chief Appraiser Kaye Nell Cornutt said she would attend Tuesday's night Council meeting to seek the city's approval of the \$238,262 document.

It has been okayed by Mitchell County and the cities of Loraine and Westbrook and their school districts.

City Council and C-City School Board members have questioned an increase in the budget and proposed raises for the AD's three employees.

The CCR Column

Patriotism demonstrated on Sept. 11

By Bob Campbell

Watching the movie "The Patriot" with Mel Gibson, who is actually an Australian, brings up the question, what is an American patriot?

Gibson plays a farmer who was an excellent soldier in an Indian war, but he had seen enough not to look forward to the American Revolution.

When his youngest son is killed by a British officer, his reluctance turns to a cold rage and he again proves redoubtable.

He is especially adept with an Indian war hatchet, swinging or throwing it.

He has it wrapped up in a trunk, and like the retired Old West gunfighter who one day, sorely provoked, dusts off his deadly silver pistols, he makes the Redcoats wish they hadn't bothered him.

Most Americans are not warlike until someone forces us to be, then we clean house as quickly as possible so we can go back to being fun-loving and peaceable.

A patriot is a man or woman who subjugates his or her individuality to the greater cause of freedom -- the protection of the homeland from those who would destroy it.

They submit themselves to their government and its military, assimilate its training and do what it says for as long as it says to do it.

It's a sacrifice for people who would never willingly harm anyone to let themselves be made into warriors, with everything that means.

Many soldiers have lifelong problems with what they do in war.

They become someone they hadn't known they could be, and the memory is disturbing.

They're cheered and glad-handed when they return, but it's mostly by people who were not there and don't really know what happened.

Or they can be ordinary citizens who might not have spent much time thinking about patriotism but who are thrust into a situation where they are "up against it" and nation comes before self.

In one of the most heroic deeds in the history of the Republic, the passengers of the fourth hijacked jetliner last month rebelled against their captors and took it down in rural Pennsylvania rather than let it be used for the mass murder of their fellow Americans.

It is believed that the third plane, the one that hit the Pentagon, was heading for the White House.

But the terrorists couldn't see it behind the Executive Office Building and took what they thought was the next best thing.

Much bigger and more visible, the fourth plane was apparently aimed at the Capitol Building, so it is highly fitting that a monument should be erected there to these true American heroes!

President Bush opened a vigorous campaign Sunday in Afghanistan, and we enthusiastically wish an unqualified success to all the allied forces.

The country had been a cacophony of excited talk since the attacks.

Now it's time for action so the 6,500 victims will not have died for nothing and our enemies will think twice about ever doing anything like this again.

The back forty

by Roger Pond

The stock market has been in a bit of a tizzy the past year or so. Even investment counselors are beginning to notice that stocks can go down even more quickly than they go up.

I would like to remind folks that I saw this slump coming. I knew the market was overvalued back in 1995; so I sold mutual funds and bought certificates of deposit.

Readers will recall the market kept right on rolling for five years after that! This qualified me as the dumbest man in the world for several years.

While I'm still not the smartest person around, the recent downturn brings me back to average intelligence at least. That's me: Always ahead of my time.

I've noticed the market gurus have all gone into hiding. Folks who claimed 15 percent was a reasonable return on investments are now implying they never said any such thing.

One financial writer suggests young people need to

make conservative investments even more than older folks do. This is contrary to conventional wisdom the past few years.

This fellow uses the example of a young lady who invests \$2000 in an aggressive mutual fund. The fund goes up 25% the first year and her \$2000 becomes \$2500.

A second young lady invests \$2000 in a conservative fund that only grows 7%, but she adds \$30 to her fund each month.

The writer explains the second investor has \$2503.92 after one year while the first has \$2500. And the second investor has much less risk.

Wait a darn minute here?! Is this the Beardstown Ladies or what? What if the first investor freshened the pot with 30 bucks a month like the second investor did?

Readers may recall the famous Beardstown Ladies investment club. These ladies consistently beat the market with their investments.

Then, they wrote a book explaining how they did it. If we read their book closely we find they weren't counting their dues as part of the investments -- even though the dues money was going in with everything else.

A lot of folks play the lottery that way. They'll say, "I won \$1500 last month."

"How much have you spent on the lottery the past few years?" We might ask.

"Oh, I don't count that. That's recreation."

I'm reminded of the days when every farm had a few chickens. The chickens produced more eggs than the family could eat, so we would sell some in town. This resulted in "egg money."

Farm women always made money on the eggs. Dad furnished the feed, so he lost money.

Egg money was discretionary. The women decided how to spend it.

That's fair, isn't it? Nobody's going to feed those stupid chickens for nothing.

A Book About Texas Manners

By Tumbleweed Smith

You probably already know the proper way to hold a wine glass. If it's white wine, you hold it by the stem to keep the wine cool. If it's red wine or brandy, you hold the glass by the bowl to keep the liquid warm.

You might also know that it is considered poor etiquette to bring the glass used during the cocktail hour to the dinner table.

In some circles, it is quite all right to drink iced tea from a glass with a spoon in it.

These are just a few examples from a book on Texas manners written by Cece Neef Brune of Midland. Her book is called TEXAS MANNERS: A GUIDE TO GRACIOUS LIVING. It's written with a sense of humor.

"I think life is pretty funny. And I try to reflect that in this book. It has all the information you need there, but I view it more as a reference for people."

The idea for the book came while she was in a planning meeting for the wedding shower of one of her daughter's friends. "There was so much discussion about the proper way to hold a wedding shower I got weary. When I got home I realized that all the women planning the event had daughters who would also be getting married soon and I didn't think I could live through too many of those meetings."

So she started researching about weddings and showers. "I realized there wasn't a whole lot of information out there. The more I couldn't find, the more I was sure that I ought to do something about it. So I decided to do this book."

The book covers everything from births to funerals.

"I called funeral directors, schools and people that I really didn't want to talk to but I called them simply because the information wasn't there. In my mind I methodically tried to figure out if someone died, what were some of the things I would want to know. That's how I approached it. The funeral part of the book was the most difficult for me."

The book covers just about every aspect of life: where certain cuts of meat are found on the cow, the proper placement of flags, napkin folding and how to be a good guest.

"I think it would have been a wonderful guide for me. I would have loved to have somebody just hand this book to me and say, 'OK, you don't have to go all over the place and find out about these things. All you have to do is open the book.'"

This is her first book and she's really excited about it.

"I tried to write as little as possible and make it easy for the readers to find what they're looking for by chapters and sub-titles. Hopefully it'll be as easy to use as a dictionary, but a little more fun to read."

We all have additions to the book, which has just been published. In my house, we don't let anyone but family members clear the table. And we never stack the plates.

FSA announces extension of CRP grazing allowance

On August 31, 2001, Mitchell County was granted authority to hay/graze CRP through September 31, 2001. A required payment reduction of 25 percent of the per acre rental payment rate times the number of acres actually hayed/grazed applies. Authority was granted only for established CRP cover. Temporary cover or dead litter cover crops are not authorized. Based on the ongoing severe weather conditions and circumstances involved, the Texas State FSA Committee, with Washington D.C. approval, has authorized counties previously approved for emergency CRP grazing according to certain conditions through October 31, 2001. This authority is limited to counties previously approved for emergency grazing in which the severe and prolonged drought conditions coupled with a lack of available grazing still occur. No additional payment reduction shall be charged to participants who previously grazed and incurred a 25 percent payment reduction. Further extensions of time are not anticipated. If interested in grazing CRP please contact the Mitchell County FSA Office at 915-728-2651.

AMBASSADOR OF THE QUARTER Kenneth Rogers, 73, is an Indiana native and Methodist minister's son who grew up in Lake Arthur, N. M., attended the University of New Mexico and was in the Navy in the Korean War. With his Chamber of Commerce Ambassadors work, he is on the County Hospital Board and Community Mission Board. He retired in 1992 as manager of Lone Wolf Electric Co-Op. He and his wife Shirley have three children and nine grandchildren.

board hired Ms. Cornutt "for half price" at \$20,000 a year in 1985 and agreed to give her regular raises in the future.

She would make \$31,200 under the proposed budget.

Councilwoman Faye Ross moved to approve it, but that died for lack of a second from Verta Hardegree, Sammy Contreras Sr., Justin Harris or Alex Rocha.

Other business included City Manager Steve Shutt's report that security has been increased on municipal water supplies.

But he said the only place poison could be introduced is the irregularly used treatment plant aeration pool, where chlorination would kill bacteria.

He said the state signed a contract to begin leveling and paving 10th, 17th, Oak, Austin and Chestnut Streets in the spring or early summer next year, costing the city \$96,000 in matching funds.

Saying the sewer system needs to be beefed up to han-

dle sewage from the state prisons and new county hospital. Shutt was authorized to summon an Abilene engineer next month to discuss laying an 18 inch line westward to the Colorado River and under the railroad tracks and Hwy. 163.

He said the \$460,000 cost would be offset by \$240,000 from the hospital district and \$40,000 left over from a federal sewer grant.

Shutt asked the members to check with constituents on the possible removal of the 1890's vintage water tower at the Wallace Center because it has no modern purpose and will not stand without water in it.

It's the second oldest such tower in America.

Six city redistricting committee members were appointed -- Robert Muñoz, Jerry Reynolds, Gene Self, Bobbie Banks, Al Mendoza and Kent Womack.

\$1,580 in RV park rental fees was donated to defray expenses of the recent Bluegrass Festival in Ruddick Park.

Strains lead Rehab Roundup effort

Two Mitchell County residents are putting their brand of leadership on the 42nd Annual Round-Up for Rehab - a program through which friends in the agriculture industry raise funds for West Texas Rehabilitation Center.

Leading the local effort are Eddie and Jeremy Strain. Approximately 150 other community chairmen throughout Texas join them, along with general chairmen Mike Alexander and Randy Carson, both of Abilene and Carter Behrens of San Angelo.

The message these volunteers are delivering to ranchers is simple: "Let's help Rehab meet the outpatient rehabilitation needs of all who turn to the Center for assistance in overcoming the disabling effects of an illness or injury. Ways ranchers can help include:

- Donating livestock - cattle, sheep, goats or horses - to be sold at one of the special auctions this fall or sending a cash gift to Rehab if this is the wrong time of year to cut out livestock.

- Joining the bidding on livestock or novelty items at one of the special sales.

- Notifying Rehab or a local chairman now of intent to have an auction house cut a check to Rehab for one of more animals sold later in the year.

With the first sale weeks away, five businesses have already made a commitment to Round-Up for Rehab by put-

ting a total of \$25,000 into the program. These corporate underwriters include Federal Land Bank, Leonard Water Services, Lone Star Beef Processors, Wrangler and First Ag Credit, Farm Credit Services.

"To be able to launch Round-Up with such great underwriting is very valuable to Rehab," said WTRC President

Woody Gilliland. "Not only is the dollar amount deeply appreciated; the confidence these business leaders are demonstrating they have in both our programs and our stewardship is a source of great pride to all of us at Rehab."

The fall schedule for Round-Up sales includes cattle sales on Sept. 20 at Producers

Livestock Auction in San Angelo and Sept. 25 at Abilene Auction. Specialty sales are set for Oct. 3 in Coleman, Oct. 10 in Stephenville, Oct. 15 in Junction, Oct. 19 in Dublin and Nov. 1 in Ranger.

For more information, call a local chairman or Rehab Centers in Abilene, San Angelo or Ozona.

Mr. & Mrs. Billy Calley ... 2001

The Calleys ... 1951

Calleys to celebrate anniversary

The children of Billy and Verline Calley of Ira will host a reception in honor of their parents' 50th wedding anniversary.

The reception will be held at the First Baptist Church in Ira in the Fellowship Hall October 13 from 2 to 4:30 p.m.

The couple's children are Gwen Nichols, Myron Calley and Darryl Calley. Billy Calley was born July 26, 1930 in Pasadena, Texas. Verline Light Calley was born March 20, 1933 in Colorado City. They first met in August 1951 in Colorado City and married October 14 later that year in Forsan, Tx.

Mr. and Mrs. Calley have lived in Ira, Texas for 50 years. Mr. Calley is now retired from his years in oil field servicing, and is enjoying ranching.

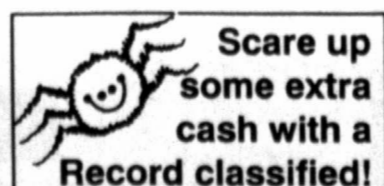

The couple are both currently and have been members of the First Baptist Church in Ira for 50 years, as well. They have nine grandchildren and two great-grandchildren.

If the patient's need is for use in the home, please call for more information to see if they qualify. Call toll free at 1-800-246-6010.

Fall is the time to get tasty, juicy apples perfect for making those all-time favorite desserts. These recipes all feature apples and are variations on some old traditional sweets.

Old Time Apple Pie
Pastry for 9" double crust pie
6 cups sliced and peeled tart apples
1/4 cup sugar
1/2 cup light brown sugar, packed
2 tablespoons flour
1/4 teaspoon salt
1/8 teaspoon nutmeg
1/8 teaspoon grated lemon rind
2 teaspoons lemon juice
1 tablespoon margarine

Line a 9" pie pan with pastry. Mix next 8 ingredients and fill pie shell, laying apple slices flat. Dot with the butter or margarine. Roll out top crust and cut slits in several places for steam to escape. Moisten edges of crust well with cold water and adjust top crust. With fingers or fork, pinch two crusts together to make a tight seal around pie. Bake in very hot oven, 450° for 15 minutes. Reduce heat to 350° and bake 40 to 50 minutes longer.

Apple-Nut Muffins

1 egg
2/3 cup apple juice or milk
1/2 cup vegetable oil
1 teaspoon vanilla
2 cups flour
1/4 cup sugar
1/4 cup brown sugar, packed
1 tablespoon baking powder
1/2 teaspoon salt
1/2 cup chopped nuts
1 chopped apple
cinnamon sugar

In bowl, beat egg with the juice, oil and vanilla. Stir in flour, sugars, baking powder and salt just until flour is moistened. Batter will be a little lumpy. Stir in nuts and chopped apple. Fill greased muffin tins or paper muffin cups about 2/3 full. Sprinkle with cinnamon sugar. Bake at 400° for 20 minutes or until golden brown.

Tennessee Stack Cake

3 packages dried apples
1 cup brown sugar, packed
1 1/2 teaspoons ground ginger
1/2 teaspoon ground cloves
1/2 teaspoon ground allspice
1/2 cup shortening
1 cup sugar
2 large eggs
1/2 cup milk
1/2 cup molasses
5 cups all-purpose flour
1 teaspoon baking powder
1 teaspoon baking soda
1/4 teaspoon salt
1 teaspoon ground ginger
1 cup whipping cream, whipped

Place apple in a saucepan; add water to cover. Bring to a boil; cover, reduce heat, and simmer 3 minutes or until tender. Drain; mash apple. Stir in brown sugar and next 3 ingredients; set aside.

Beat shortening at medium speed of an electric mixer until fluffy; gradually add sugar, beating well. Add eggs, one at a time, beating after each addition. Stir in milk and molasses.

Combine flour, baking powder, soda, salt and ginger; gradually add to creamed mixture, beating

until mixture forms a stiff dough. Divide dough into 8 equal portions; cover and chill 1 hour.

Pat each portion of dough into an 8" circle on greased baking sheets. Bake at 350° for 10 minutes or until golden. Carefully remove layers to wire racks, and let cool completely. Stack layers, spreading even amounts of reserved apple mixture between layers. Cover and chill 8 hours. Spread whipped cream over top of cake before serving.

Fresh Apple Cake with Caramel Frosting

CAKE:
1 1/2 cup salad oil
2 cups sugar
2 large eggs
1 teaspoon salt
1 teaspoon soda
2 teaspoons baking powder
1 teaspoon vanilla
2 1/2 cups flour
1 cup chopped pecans
3 cups chopped raw apples
FROSTING:
1/2 cup butter
1 cup brown sugar
1/4 cup milk
1 (1 lb) box confectioners' sugar

Prepare raw apples and set aside. Measure salad oil into large mixing bowl. Add sugar and eggs. Beat until creamy on low speed with electric mixer. Sift flour and measure. Sift again and add salt, soda and baking powder. Add a small amount of the flour mixture at a time to the creamed mixture. Beat well after each addition. When all flour has been added, or when batter becomes very stiff, remove electric mixer. Fold in chopped pecans and apples. Spread evenly into a 9x13" pan lined with wax paper. Bake in 350° oven for 55 to 60 minutes. Turn onto cake rack, remove wax paper, cool and frost.

FROSTING: Cook butter and sugar together until well blended. Add 1/4 cup milk and 1 box confectioners' sugar. Mix and add just enough milk to spread.

Trade Days this weekend in Stanton

"Let Freedom Ring" will be the theme for Old Sorehead Trade Days to be held in Stanton this weekend, October 13 & 14. There will be a banner in the information area where people can sign. After you sign, you are invited to ring the freedom bell that will be located there. As the bell toles throughout the event, may each of us be reminded of the freedoms we have.

Wives have been accused of having a lot of excuses for why they needed to go shopping but President Bush has given us a new one - to support our country. So armed with a sense of patriotism, let the shopping begin. Art painted on clothes, chairs, window panes and paper. Art sculpted from wood, rock or metal. Antiques and all kinds of collectables. Tools, gadgets, toys and good food will be available for your shopping pleasure.

Saturday, the show opens from can't to can't. That means as early as you can get to Stanton and shop until you can't shop anymore. Sunday, the show opens at 12 noon, so come eat Sunday lunch with us. The show closes at 5 pm.

Students of the week at Hutchinson Elementary last week were Todd Womack, Zackary Smith and Aaron Olivas.

Todd is a third grader in Mrs. Partin's class. Todd and Marcia Womack are his parents. He has a special pet dog named Prissy and he likes to fish. His favorite subjects are handwriting and math and his favorite thing about Hutchinson is his PE teacher, Coach A.

Zackary is a fourth grader in Mrs. Godina's class. His parents are Lavinda and Sean Smith. He has three dogs that do tricks. His favorite subject is PE and his favorite thing about Hutchinson is recess.

Aaron is a fifth grader at Hutchinson Elementary. His parents are Sam Olivas and Sandra Whittington. His special pets are his dogs named Bear and Tucker. His favorite subject is reading and his favorite

thing about Hutchinson is going outside after lunch.

Each week a student from each grade level will be chosen as the student of the week and a picture will run in the paper. The student is chosen based on criteria established by the teachers.

The student will receive a 'dog tag' necklace with Student of the Week, Hutchinson Elementary. The tags are donated by City National Bank.

Westbrook Wildcats win, 49-0

Thank goodness for the 45-point mercy rule in six-man football!

The Westbrook Wildcats took no prisoners last Friday night in Wildcat Country when they completely dominated the visiting Moran Bulldogs before a packed homecoming crowd.

Despite the near freezing weather, homecoming ex's witnessed a slaughtering of the Bulldogs as the Wildcats jumped on Moran from the opening kickoff to take a 34-0 lead at the end of the first period.

Chris Matlock, Westbrook's 190 pound tailback, quickly put Westbrook up when he crashed in from the five-yard line to put the Wildcats up 6-0 with 8:44 left to go in the first period.

Moran, unable to mount a drive, was forced to punt on fourth and long setting the Wildcats up in good field position once again with a short punt.

This time the Wildcats opted to put the ball up and senior quarterback Adam Roemisch lofted the ball to Sterling Burselon who romped into the endzone for another touchdown, this time with 6:39 left in the initial period.

Moran went three and out again and on the punt attempt the ball sailed through the hands of the Moran punter who fell on the ball giving the Wildcats excellent field position once again at the Moran 23-yard line.

On the first play Matlock ran through and over defenders on his way to a 23-yard touchdown with 4:41 left to go in the first period. The PAT was good putting the Wildcats up 22-0.

On a mission it seemed, Westbrook would add some excitement on the next touchdown when Roemisch threw to

Matlock who then would lateral the ball back to Roemisch who found his way into the endzone with 3:50 still left in

the first period. The point after attempt was no good but the Wildcat lead was now at 28-0.

Stay tuned folks, the fun wasn't over yet!

Moran, facing third down and 21, fumbled the ball and Westbrook recovered.

Junior running back Landon Graham tacked on another Wildcat touchdown after Matlock had been denied at the one-yard line. With ten and a half seconds left to go in the first period Westbrook was up by 34-0.

Early in the second period Westbrook would extend the lead even more when they were awarded a safety for a holding penalty in the endzone on Moran player. The safety put the Wildcats up 36-0 with 9:12 left to go in the first half.

Freshman Brandon Williams set up Westbrook's last touchdown before half-time with a nice run that advanced the ball to the eight-yard line. On third

down and goal freshman quarterback Jared Matlock tossed a pass to Cody Rich for the touchdown and after the extra point run by Graham the Wildcats would run up the lead to 43-0 with 7:32 still left in the first half.

Coach Hannon kept his younger players in the rest of the first half. The freshman back field of Matlock at quarterback, Williams at running back and Jordon Johnson at the other running back slot ran the ball down the field and were intent on putting the game away by half-time but a fumble on fourth down and one that was recovered by Moran would prolong the lopsided affair and cause them to have to come back out in the third quarter after the homecoming activities.

Senior Chris Matlock would

put the game away with 7:43 left to go in the third period with his third touchdown of the night. Matlock had his lowest output of the season with 77 yards on 10 carries but he only played one full quarter.

Wildcat coach Andrew Hannon was pleased with the outcome of the game and in the first half of this season.

"We are pleased to still be undefeated and in good shape at the end of non-district play," said Hannon. "We feel like the momentum is in our favor now going into the district opener this week against Hermleigh. I have to commend our entire offensive line for the way they have blocked all year. Our success this year can be attributed to them."

C-City Wolves open district play on road

After a week off to help heal up all the nicks and bruises from a rough non-district schedule the Colorado City Wolves will go on the road to visit the Seagraves Eagles in the opening round of district play this Friday.

The Eagles return 10 lettermen from last year's squad that finished the season at 5-4 and just missed the playoffs.

Of the five offensive and six defensive starters back from last year the top returner appears to be last years fullback Lewis Mijares who has been moved to the tailback slot.

Mijares carried the ball 114 times for 804 yards last year and should be more explosive from the tailback position. Mijares found the endzone on six different occasions.

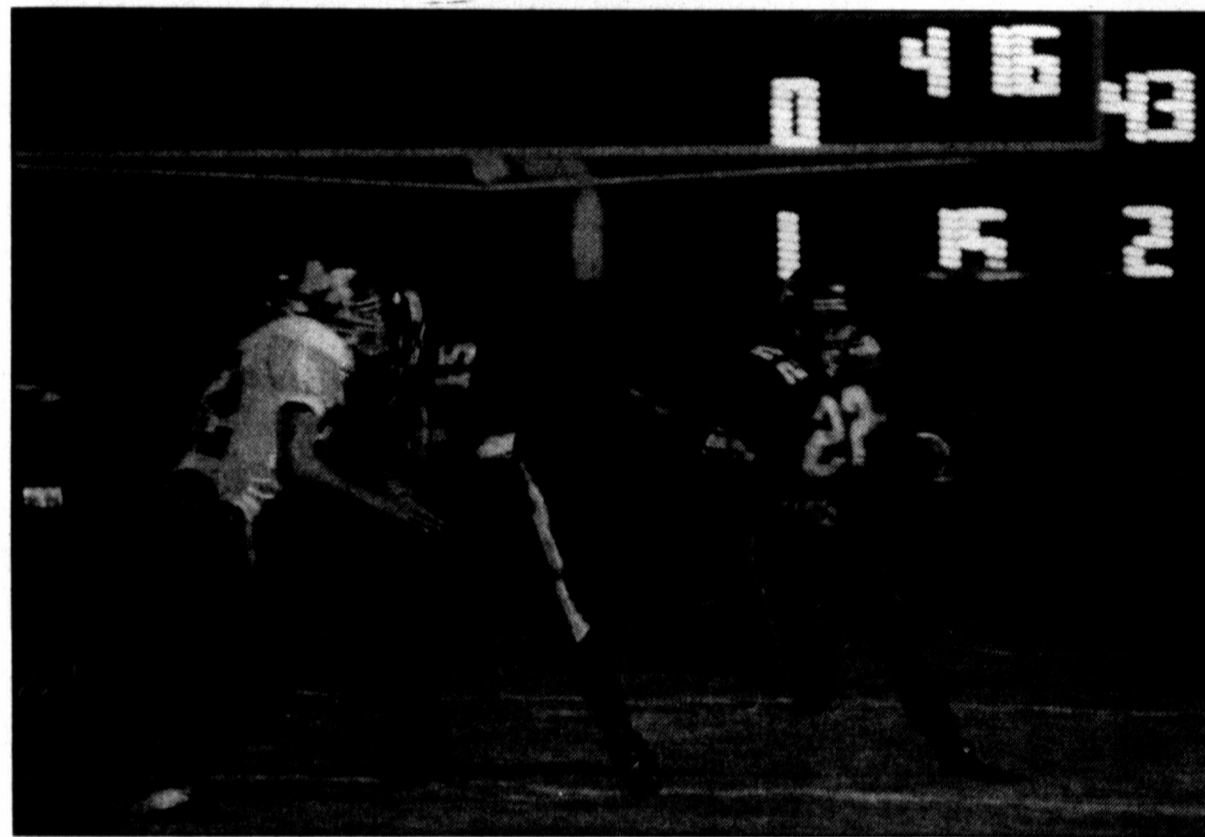

Helping Mijares find running room will be, center, Justin Browne and, tackle, Derek Hill who both weigh in at 220 pounds. The offense operates out of the wing T and though not explosive as some

of the Wolf opponents have been can put points on the board.

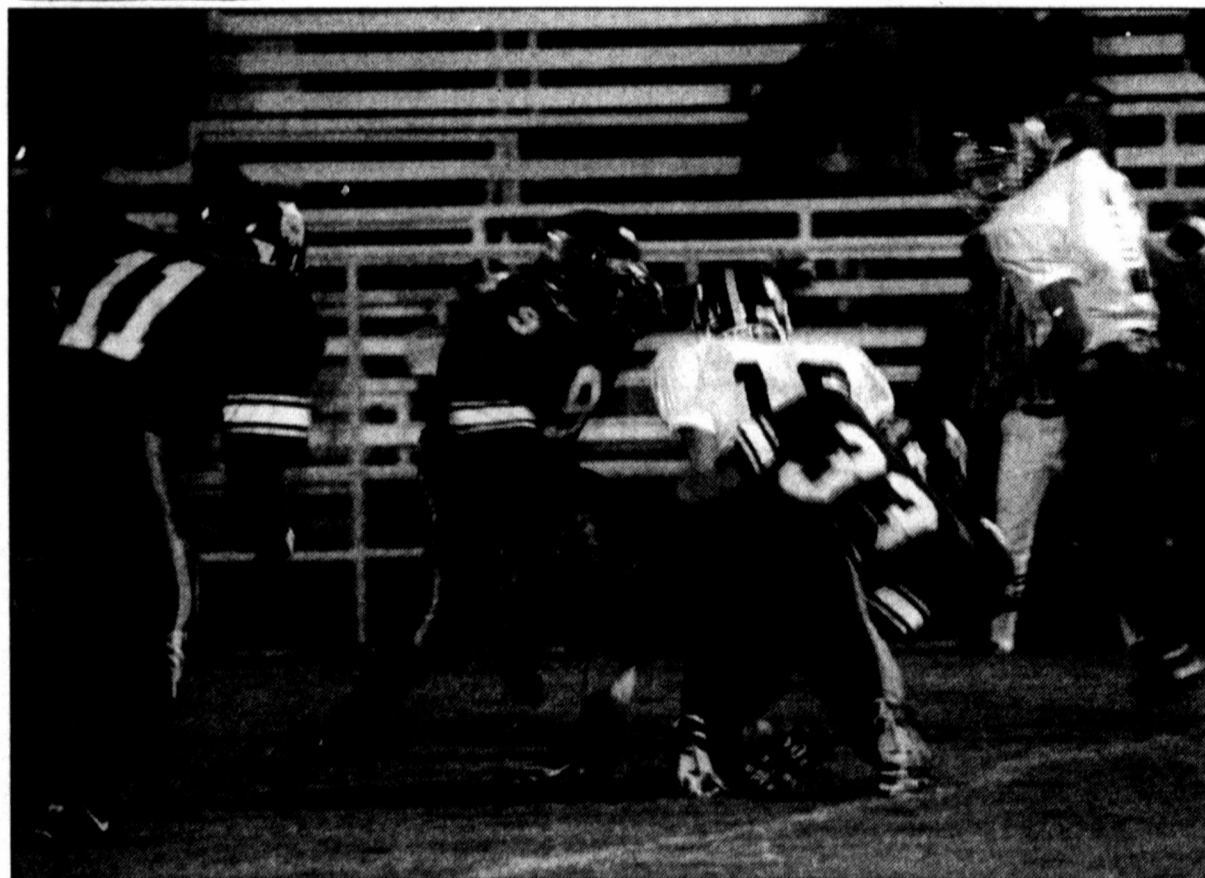

According to head coach Gerald James Seagraves looks pretty good on the sweep plays so the ends will get a workout this week. One good note is that Rafael Rivera is expected to be back this week after being sidelined with an injury early in the season.

On defense Seagraves shows an odd front 50 defense with man coverage. Expect to see the Wolves pass more this week if the Eagles try to cover Lenard man to man as he has also benefited from the extra week off and is nearly 100% after suffering nagging injuries most of this season.

Danny Rodriguez was Seagraves' leading tackler last year with 85 tackles and three sacks from his linebacker slot. He has good size at 5-11, 220 pounds. He has good support from the defensive secondary with returning starters Ben Valles and Rafael Carrizales. Kickoff is slated for 7:30 p.m.

THE SCOREBOARD TELLS IT ALL! Freshman back Brandon Williams (#22) tries to make yardage during second quarter action in a 49-0 homecoming blowout last Friday. Freshman back Jordan Johnson (#15) provides a needed block.

THE WILDCAT DEFENSE WAS SWARMING during last Friday night's 49-0 homecoming victory over Moran. Wildcat Sterling Burselon (#11) rushes to help Cody Rich (#9) and Landon Graham (#33) bring down a helpless Bulldog.

Loraine gets stung at Blackwell homecoming

The Blackwell Hornets feasted on the Loraine Bulldogs last Saturday night after a day filled with homecoming activities for Blackwell.

The visiting Bulldogs drew first blood against the Hornets with a quick strike touchdown pass from Tony Rivera to end C.J. Madrid. The point after attempt was no good but Loraine was up by 6-0.

Then disaster would strike as Blackwell came back for 44 unanswered points to stop any upset thoughts.

Blackwell still held to a 20-6 lead at the half way point but the third period was to tell the tale and stifle a major comeback.

The Bulldogs did score again on the Hornets in the last quarter when George Davila sprinted 45 yards to paydirt. Edward Lujan added the extra point on a run to close the gap to 44-13 but that score would be offset by two more Blackwell touchdowns late in the game.

Head Bulldog coach Victor Garcia said he was working on some changes this week to get this week against Borden County. I still believe in these kids and feel like if we get the right breaks we can be competitive in district."

Coach Garcia said that Junior Delgado continues to play well defensively. Though

only credited with four tackles coach Garcia said he goes all out each snap of the ball. Tony Rivera led all with 13 tackles while C.J. Madrid made five stops.

On offense coach Garcia said he was proud of the play of end C.J. Madrid who had the right people in the right spots.

"We are still working on getting the right people at what they do best," said Garcia. "I will say you will probably see some changes five catches for 98 yards and one touchdown. George Davila was the leading ball carrier with 45 yards on five carries scoring on one of those.

Westbrook

Jr. High stops Loraine, 26-8

The Loraine Jr. High School Bulldogs scored first against their Mitchell County rival Westbrook but Westbrook came back to score 26 unanswered points to defeat them 26-8 in action at Johnson Field in Loraine last Thursday.

Loraine scored on a pass from Andres Calderon to Derrick Martinez and then Calderon tacked on the extra points by booting the ball through the uprights. The 8-0 lead would be short-lived to 8-7.

Still in the first period of play Westbrook would score again with just a second to go when Cory Morton picked up an errant pitch-out and rambled the distance for a touchdown. Morton tacked on the extra point when he caught a pass from Nolan Frizzel. The young Wildcats were now up by 14-8 and would never look back.

No one scored during the second period and Westbrook carried the lead into half-time. In the third quarter Joseph Barboza scored on a pass from Frizzel but the point after attempt was no good but Westbrook widened their lead to 20-8.

In the last stanza Westbrook would put another six points on the scoreboard when Logan Truelove caught a pass from Frizzel and carried it for the distance. The PAT was no good once again but the Wildcats had all the points they would need to get the win.

"The kids played hard and we were proud of them," said coach Andrew Hannon. "They got down early in the game but showed that they could come from behind to win."

The junior high team will have an open date this week as their senior counterparts prepare for homecoming this Friday.

Phil Ball takes it all!

Phil Ball of Colorado City showed off his pigskin picking prowess last week by only missing four picks to win the Jackpot Football.

For the first time ever, the second place winner went to the same person as the first place winner as Ball missed five picks on a separate entry form. Seven people missed at

least seven picks to tie for third place.

So Ball will not only win the \$50 pigskin bucks but will also receive two free chicken fried steak dinners at B & B One Stop as well.

Remember, when the times get tough, the tough get going. Good luck this week in your pickings!

In Loraine...

Homecoming this weekend

Loraine natives will celebrate their homecoming this weekend, Fri. & Sat., Oct. 12, 13, with a variety of activities.

A reception will kick off the weekend Friday at 4 p.m. in the school lunch room. The Loraine Bulldogs will battle Borden County Friday night at 7:30 p.m. at Johnson Field in Loraine.

Registration will be held at 9 a.m. Saturday morning, with a program beginning at 11 a.m.

Following presentations by the

Class of 1971 and the Loraine Cheerleaders, lunch will be served at noon. Cost for the meal is \$6.50 per plate and will be served at Loraine School Gymnasium. Po' Boys Bar-B-Que of Colorado City will cater the meal.

Starting at 1:30 p.m., other presentations will be made by the Class of 1951 and Tom Palmer. There will be an open forum in which the floor will be open to anyone who wishes to speak on future plans before the closing at 3 p.m.

8th grade rolls, 7th & JV Wolves lose

Avid Wolf fans got an unusual treat last Thursday when they were treated to a triple header of football games when the 7th grade, 8th grade and JV all saw action at Wolf Stadium.

The 7th grade opened up playing a good game against Coahoma but were not able to put up their first win in a 14-0 loss.

The 8th grader Wolves kept up their mission of madness by jumping on their Coahoma counterparts early by scoring 22 points in the first quarter enroute to a 38-0 win.

Roland Rivera put the first points on the board by running back Coahoma's punt to the seven yard line before running the ball in on the next play. He ran the extra point conversion in as well to put the Wolves up 8-0 at that point.

A Coahoma bad snap on the next punt set the Wolves up for another score when on the first play from scrimmage Brik McGuffin tossed a 22-yard touchdown pass to Brandon Beights. The point after attempt was no good leaving the Wolves up by a 13-0 count with 1:25 left to go in the initial period.

The young Wolves were not done in the first period quite yet as the Coahoma quarterback launched a desperation pass that was picked off by Chris Martinez. With only eleven seconds left in the first period McGuffin threw a quick strike to Martinez who galloped in for another Wolf touchdown.

Rivera tacked on the extra points with a fine run into the endzone and the Wolves were up by a comfortable 20-0 margin.

The Wolves started the second period much like they did in the first period of play with Kenneth Scott scoring with just over two minutes gone in that stanza on a great run.

Rivera tacked on the conversion and the wolves were up by 30-0, a lead they would hold onto going in to the locker room at halftime.

Great defensive play all throughout the game kept the visitors at bay with impressive play by Billy Crawford, Andrew Matos, McGuffin, Scott and Martinez.

With their outstanding play the Wolves were in great shape and Coach Jerald Epperson would generously substitute his junior Wolves.

The Wolves were not quite finished for the night however as Rivera would put up more score with 7:12 left to go in the game. Scott would bull in for the extra point conversion to put the game at 38-0 which would be the final score.

The final game of the night was the Wolf-Ballinger JV game that was originally scheduled to have been played on September 20 but due to an electrical storm was rescheduled.

The JV is playing much better now than they have played all season. Coming off their first win of the season against Grape Creek a week ago by the score of 31-8 the Wolves looked good despite losing to Class 3A Ballinger by the score of 20-6.

The Wolves failed to take advantage of a couple of Bearcat turnovers early on in

the game while the Bearcats did.

Ballinger scored three times in the initial period with one touchdown being set up by a pass intercepted off Chris Spear while the second came on punt return by Tyler Smith who appeared to go down at one point but kept on his feet to score.

Ballinger went up 20-0 with less than two minutes left in the first period on a Kendall Jones touchdown but after that the Wolves completely shut down Ballinger, once on a set of plays on the Wolf 13-yard line.

The Wolves only score came with just 24 seconds left in the first quarter when Spear hit Fidel Silva on a touchdown pass. The extra point conversion failed, the final score of the game, 20-8.

Wolf JV coach David Wood was pleased with the play of the junior varsity squad despite the loss.

"I was pleased with the play of our kids despite the score of the game," said Wood after the game. "We are still making some mistakes on special team play but on defensive we are playing much better than we were early on in the season."

Coach Wood pointed out the play offensively of Chris Spear and Otis Johnson while defensively he said the entire team did well.

WTC group plans golf tourney

The Western Texas College Student Government Association will host its first annual WTC SGA Golf Tournament on Saturday, October 27 at the WTC golf course.

The tournament will be a four person scramble with an entry fee of \$120 per team (tax deductible). Cash prizes are \$360 for 1st place, \$20 for

2nd, and \$120 for 3rd, based on a full field. Carts are not included in the entry fee. There will be a shotgun start at 9 am and 1:30 pm. Contact the WTC Pro Shop to register at 573-9291.

Registration deadline is Friday, October 26 at 5 pm. Proceeds will benefit the Student Government Association.

SPEAKING OF SPORTS

By Carl Graham

Congratulations to the Westbrook Wildcats on a big homecoming victory over the Moran Bulldogs. The stands were filled despite the wind chill factor being near freezing.

What disgusted me was the fact that Moran probably didn't have much more than 10 people in the stands to support the 10 kids that suited up to play against Westbrook. If they don't get the support from their own people, who is going to. Thank goodness we don't have that here in Mitchell County. It's easy, I suppose, to give up on kids when they are not winning but they still need your support.

I really feel for Coach Dwight Butler, the head mentor of the Big Spring Steers,

this season. He has a very young bunch of kids but despite being 0-5, they still are giving 100 percent each and every week and if they ever get a break or two they could really get on a roll. Two of their losses have been by one-point and two others were ahead in the last three minutes and lost. Against Andrews they had a chance to tie the game and send it into overtime but Butler went for the two-point conversion to win rather than tie and take his chances in overtime.

Barry Bonds got the job done last Friday night by breaking Mark McGuire's 70 home runs and then went on to hit number 72. It will probably not stand up very long the way the big leaguers are pounding out the ball

these days.

Kudos to the 8th grade football team for Colorado City. They keep on winning and the defense just keeps on shutting down the opponents offense each week. The JV is beginning to come around as well and could win several games before the season ends.

Former Wolf standout quarterback Justin Hill was good on 28 of 38 passes for 305 yards and four touchdown passes in a triple overtime McMurry loss to Texas Lutheran last Saturday in Seguin.

His former Westbrook and Colorado City teammate, Randy Byington, was true on six extra points and kicked field goals of 31 and 45 yards during the 51-48 loss. Byington missed on a 42-yard attempt in the first overtime that could have won the game for the Indians.

Til' next time, remember, always be a good sport.

Mid. Christian and Eastland to play here

Midland Christian and Eastland will play here at Wolf Stadium Saturday, October 13. Kick off is scheduled for 6 pm.

Wolf Stadium field was picked to play in because it was a halfway meeting point for both schools.

Tickets are \$4 for adults and \$2 for children.

CHS BAND FROM PAGE 1

would have taken with the 1's they scored in concert and sightreading last spring in Abilene.

Football fans have been seeing the Civil War program at Wolves' games with twirlers and flag corps members framing the musicians' playing of "When Johnny Comes Marching Home," "Shenandoah-Dixie Lament" and "Battle Scene, Battle Hymn."

Ms. Ross said a percussion feature was deleted to ensure the band does exceed the eight minute UIL limit, but it will be performed at games later this season.

The group is again predominantly freshmen and sophomores.

"The freshmen were well prepared this year," Ms. Ross said. "They haven't complained much and have done what we asked them to."

"That's why I think we'll have good results this year."

Middle School Director Joni

Clay assists the Rosses.

The pre-UIL contest approximates regional as closely as possible, although the judging is more lenient.

An unusually big number of 40 bands took part because Jones Stadium at Texas Tech University in Lubbock was unavailable and many Panhandle bands came to Abilene instead.

"They cut you a little slack, but they have always been very accurate and given us a good critique," Ms. Ross said.

"If it's not quite good enough, they let you know. It gives you a week to clean up."

The Wolf Band will compete with about 10 schools this weekend, including Coahoma, Hawley, Anson, Jim Ned at Tuscola, Cisco, Rotan, Hamlin and Stamford.

It has the advantage of being twice the size of most 2-A bands.

Stamford's Bulldog Band is the only one in the contest with more members, and it marches eighth graders.

We pray that our American and world leaders will make the right decisions for this time of conflict with terrorism.

To lift our spirits at this time, we might try to help someone closer to home who is fighting their own battle in some way.

Visiting with Ida Baird several days last week was a Baird cousin, Ruth Rutledge of Houston. The ladies visited with friends in Abilene and Big Spring. While in Big Spring, they went to Canterbury Home where they visited Fay Spikes McCollum. She had recently broken her hip. Mrs. Baird said they found her doing well and making good progress.

Spending the weekend with Rev. Brian Waddell and family were his parents Mr. and Mrs. Marvin Waddell of Bridge City, Texas.

Clyde and Etta Parnell of Grand Prairie visited with their parents Virgil and Geraldine Parnell over the weekend.

Last week's 5th Sunday Singing also included Henry Mitchell and daughter Mandy. Henry played guitar and Mandy sang.

The homecoming class of 1971 will have their get-together following programs at school in the home of Dot Oliver. Rhonda McCollum is hosting the event with the help of Becky Hudgins as Rhonda has a broken foot. We hope

Lorraine JH falls to Abilene Christian

The Lorraine Jr. High School record fell to 2-2 last Thursday when they fell prey to the Abilene Christian Jr. High School Wildcats by the score of 20-0.

Lorraine could not get any type of offense going throughout the contest but the strong defense kept the young Bulldogs in the contest, going into the locker at half-time down only by 6-0.

Going into the last quarter the Bulldogs were still in the game just being down 12-0 but could not break the long

they have a great time and that Rhonda has a speedy recovery.

I'm glad to report that Ham and Blondie Hamilton are back home in Lorraine for the winter. We miss them when they aren't here.

Irene and Robert Heirman of Arlington and Lydia Vaezca from Gail will be here this weekend visiting with their mother, Aurora Munoz. The local children plan to go to homecoming as well.

Welcome home school exes. I hope you have a great time this weekend.

A blessing came to me in the form of a book last week. "Gentle Mercies" was written by Hal Haralson, a former Lorraine. The subtitle of the book is "Stories of Faith in Faded Blue Jeans".

Most of you will remember, Hal and his family who lived north of town. Hal spent the first 18 years of his life here. In the gratitude section of the book as well as in some chapters, he mentions the Lorraine Baptist Church and other incidents about certain town folk. Hal is a loyal weekly reader of the Colorado City Record and the Lorraine News.

Diane Sanders was excited to report having seen beautiful Monarch butterflies last week in some trees on Main Street. Perhaps they were flying south for the winter and rested a while in Lorraine.

Farm Agency is seeking candidates

The Farm Service Agency (FSA) is seeking candidates for the locally led County Committee election to be held this fall.

"It is crucial that every eligible agricultural producer take part in the election process because County committees serve as a direct link between the agriculture community and the U.S. Department of Agriculture," says Keith Hiser, Mitchell County Executive Director.

"The County Committee system needs everyone to get involved - from voters to committee candidates. Almost anyone eligible to participate in programs administered by FSA qualifies to be a candidate for the committee."

Nomination forms can be obtained from FSA County Offices. Completed nomination forms are due back to the FSA office by October 29, 2001. FSA will notify nominees and mail election ballots to eligible voters in mid-November.

Completed ballots must be returned to FSA offices and postmarked by December 3.

middle and low income tax payers for the 2001 tax year, beginning in February 2002.

In order for this service to continue, volunteers are needed to be trained as preparers. Training is given in Abilene in January and travel expenses are reimbursed. No prior experience is required, however, volunteers should have a basic knowledge of the Form 1040 instructions. Having prepared one's own return is sufficient.

Please call Ken Roussell at (915) 672-7596 for more details.

Delmas Bowlin reported that his mother was doing well and making progress after breaking a hip. Lela is in Hendrick Hospital at this time. We wish her a speedy recovery.

Doris Henderson reminds me that the Class of 1944 will meet at the Methodist Church fellowship hall immediately following the program at school.

Ross Snyder will be in town Thursday to visit his mother Bertha Fay and while here he will go to the school home-

coming. Ross lives in Maybank, Texas.

Several employees enjoyed a holiday from work Monday, October 8. The post office, the bank and city hall were closed in observance of Columbus Day.

Senior Center
Last Friday, Aida Pantoja

came to the center to dance for us. If you like Spanish music and dancing as much as we do, you will try to catch her performance next time. Her costume or dress is very attractive.

On the 8th, Ina Vay and Durwood McAdams played and sang for us. They harmonize really well together. We enjoy their music and thank them for performing.

October 10 - the Norwoods are scheduled to play along with Gus Armstrong and Charles Dunn. They are always great.

A homecoming program is scheduled for next Friday the 19th. That should be fun!

Visiting and having lunch at the Center last week were Jennifer Pearson, Goldie Pearson and Tommie Kennedy. They are related to Yvonne Sadler. They had a great time while there.
