Skunk infestation keeps animal control officer busy

Pepe Le Pew's kin seem to be particularly abundant in Mitchell County this year, said Rudy Castillo, Colorado City animal control officer.

Although March is only the beginning of skunk season, the animal control office already has a backlog of skunk-related work.

The animal control office, which operates out of the Colorado City Police Department, is receiving 20 calls a week about skunk problems, said Castillo.

According to the February Animal Control Report, there were 41 calls in the category which includes skunks and possums with 11 destroyed last month.

With only nine traps, we already have a long waiting list of people who have requested help with skunks, said Police

Honor graduate status will change in 3 years

The valedictorian and salutatorian designations will not be used by the time today's freshmen become seniors, the Colorado Independent School District board of trustees decided Monday.

During the regular school board meeting Monday, CHS Principal Buddy Compton suggested that the class ranking changes discussed at the February meeting be "grandfathered" for a few years.

"I would like to initiate a change concerning the valedictorian, salutatorian—to be grandfathered throughout existing sophomore and junior classes and begin with our existing freshman class—and the top ten graduates," said Compton.

The board unanimously approved the recommendation.

According to the new honor graduates policy, the reasons for initiating the changes are:

1. The State of Texas gives scholarships for the two high ranking seniors each year. At the present, if the valedictorian and salutatorian choose to attend a private college or go to an out of state college, we lose those scholarships. By having honor graduates, we will be able to pass the scholarship along the list until we have one going to a state supported school.

2. In lieu of recognizing only the top ten students, I would like to have honor graduates and recognize all students that carry a 90 and above average through their years of high school.

3. Honor graduates will be cum laude and magna cum laude. Average will be the distinguishing factor for designation.

4. We will have 29 honor graduates and will be able to recognize more students for their accomplishments.

5. Parent participation will enhance the ceremony.

Third episode in less than one year

Juveniles vandalize First United Methodist Church

For the third time in a year, youths have broken into a Colorado City church.

Last August, guitars and musical equipment were stolen from Calvary Baptist Church.

Then in December, the Emmanuel Baptist Church was heavily vandalized by two young teenage boys.

Once again, last Thursday, March 13, the The United Methodist Church on Third & Chestnut Streets became the third church to be hit. Two boys, 13 and 14 years old, were identified as being responsible for both burglarizing and vandalizing the church.

There is no connection between any of the three incidents, said Police Chief Pat Taylor.

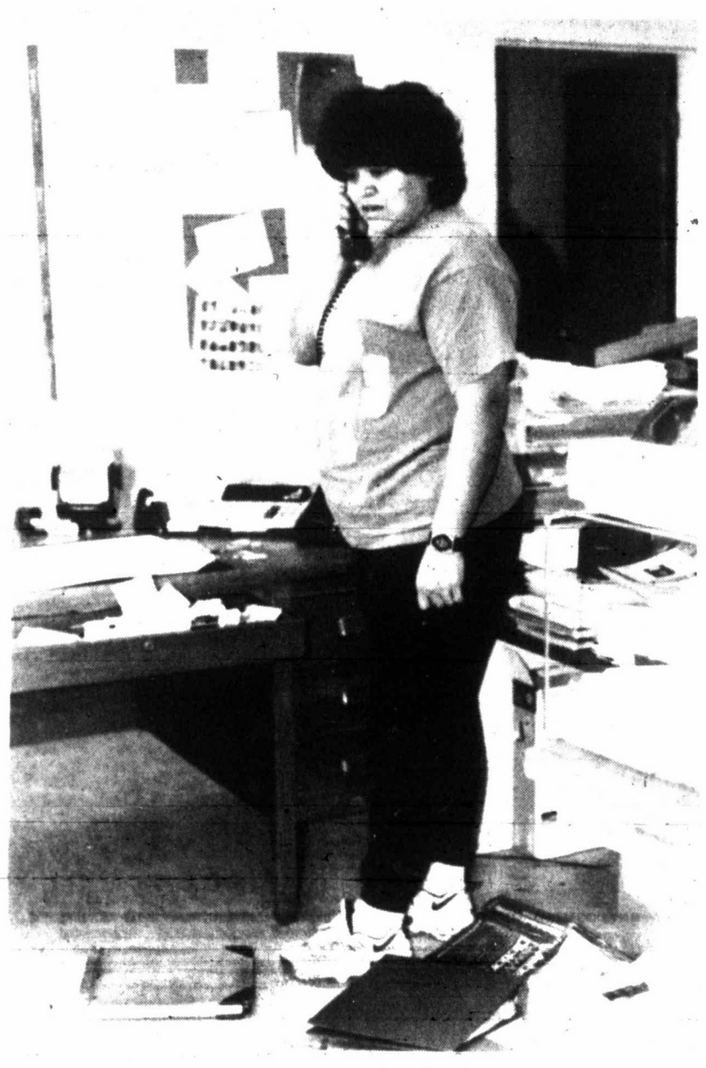

Following a hearing before County Judge Ray Mayo Monday afternoon, the 14-year-old will be confined to detention for another 10 days pending a March 27 hearing. County Attorney Mark Piland said he plans to file a delinquent conduct petition with the court, recommending that the youth be sent to a Texas Youth Commission facility.

At the time of the church vandalism, the 14-year-old was in the custody of his mother pending a hearing on arson charges in the Feb. 10 structure fire at 127 West Fourth Street.

The 13-year-old was released from detention to the custody of a parent Monday. According to Piland, last week's vandalism was the youth's first offense.

The vandalism at the Methodist church was believed to have occurred between 5:30

New administrator looking forward to job

The new Mitchell County Hospital District administrator, Rick Rickard, said last week that he's looking forward to working in Colorado City once again.

Rickard, a Loraine resident, has worked for the Texas Department of Health in Lubbock since 1986.

The MCHD board of directors in a called meeting March 4 voted unanimously to offer Rickard the administrator's position.

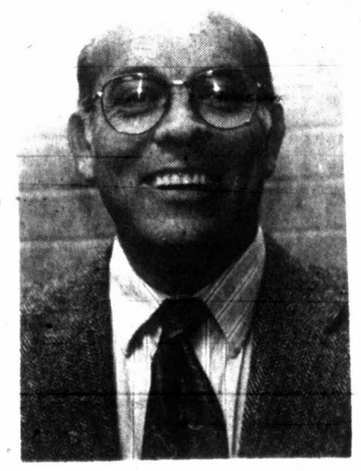

Following the meeting, Rickard and Joe Wright, interim administrator, said they planned to meet frequently before Rickard begins April 1.

"We are looking forward to a smooth transition," said Rickard.

Rickard, 49, grew up in Alabama and graduated from Auburn University Pharmacy School in Auburn, Ala. His postgraduate work was done at Auburn University and the University of Texas at Austin.

He came to Colorado City while working as pharmacy director for the Owen Company of Houston. The Owen Company operated the local

Three candidates enter election

During the last week before the March 19 filing deadline for city and school elections, three new candidates filed for places on the May 3 ballot.

The deadline for filing for the hospital district election is April 7. Potential candidates should file at the hospital's business office.

Incumbent board member Kenneth Rogers said Tuesday that he plans to run for re-election to the hospital board. Kent Womack said last week that he will not seek a second term. Kent Boyd and Tom Carlock have not announced whether they intend to run for re-election.

A 10-day comment period following the public meeting will permit other interested persons to submit written comments to Maribel P. Chavez, Abilene district engineer, P.O. LETTERS TO THE EDITOR

An apology

Letter to the Editor:

We would like to apologize to those who have shown great concern about an incident that happened in Colorado City.

We played for a fifteen-year-old party on 1-25-97, and rumors have surfaced that it was our fault the dance was stopped. Well, we would like to let our fans know the truh.

When we went to collect the rest of our money they did not have it. So we played for what we were paid for. We were going to let the people know what was happening, but she said she would take care of it.

So we are still here to serve our public on any occasion–birthday parties, weddings and anniversaries—with our talent.

If you need any more information about this or anything, please call (915) 573-5218. Thank you very much.

Your friends forever,

CISD board okay

Dear Editor:

On March 17 I attended my first ever Colorado Independent School District school board meeting. This left me with a very positive impression of the caring, concerned citizens of this city who are serving on this board.

The board made me feel at ease at addressing my concerns to them and I feel they objectively try to listen to all citizens.

After leaving the school board meeting, I feel that even though the school board may make a decision that we as individuals do not agree with, they try to address all of the issues as objectively as possible and ultimately make the best decision for the majority of the students.

Sincerely,
Emma S. Montoya

Coach's side

Dear Editor:

I am writing this letter in response to the letter that was published in last week's paper concerning the Optimist Basketball program. I guess I am one of those coaches that they were referring to.

First of all, I would like to state that I never was verbally abusive to any of the referees. The only time I ever had any conversation with one of the referees was at our last game. Two of our players were injured in that game because the game had gotten so rough it was more like football rather than basketball.

As a coach, I felt that it was my responsibility to protect these kids from getting hurt. I went to the referee and told him that the game was over and we would not continue the game. One of my players was taken to the emergency room after this game. The results were torn ligaments in her wrist.

The whole purpose of this program is for the kids to have fun. I know that these referees are volunteers and are not professional referees, but they are allowing the games to get too rough and the kids are getting hurt and that is not the purpose of this program.

This was my first year to ever coach. I did not volunteer to coach. I was called at home and asked if I would please coach a team this year because they did not have enough coaches for this division.

Remember, these coaches are also volunteers....

Sincerely,
Patsy Fernandez

TMCN Day held in Austin

Jay McCollum and approximately 110 others from the Texas Midwest Community Network (TMCN) met with Governor George Bush Wednesday, March 5 when they traveled to Austin for a special day dedicated to the organization. This was the second TMCN Day in Austin. The first was held two years ago.

The TMCN is made up of representatives from 20 counties surrounding Abilene who are dedicated to the rural development and promotion of those counties.

Governor Bush pointed out the importance of tax relief for property owners and funding for schools, and illustrated how his tax proposal will satisfy both needs.

The group divided into pairs and delivered their fourteen legislative priorities to every legislator's office. Each legislator was asked to support our representatives and senators in passing these priorities.

TMCN members then met in the House of Representatives and Senate chambers for recognition with a resolution proclaiming the day TMCN Day in Austin.

Lunch at the Double Tree Guest Suites followed, with Mayor Jim Baum, Mayor Pro Tem Bob Reily and City Manager Steve Shutt joining the group. Two senators including Troy Fraser and all seven TMCN representatives including Rob Junell and their staff attended. Rep. Junell was the featured speaker and talked about why he supports Governor Bush's tax proposal.

After lunch the group had meetings with the Department of Transportation, Department of Commerce, TNRCC and Parks and Wildlife. Representatives from all the departments explained their functions and how they may be better accessed.

The purpose of the day is to benefit from a better understanding of how the system works and how rural committees may compete with metropolitan areas through a strong cooperative effort.

Internet users worldwide seek Mitchell County roots

This is the fifth in a series on Mitchell Countians and the Internet.

The focus for the following article is more on former, rather than current residents of Mitchell County, and a way that people around the country are trying to trace ancestors through interactive communication over the World Wide Web.

The Internet is revolutionizing the hobby of genealogy. Family historians, in ever increasing numbers, are hopping on the information superhighway.

An example of one of the many resources available to genealogists on the Internet is the US Gen Web Project. Gen Web is an effort to organize genealogy materials on the Internet with the support of hundreds of volunteers across the country. The system is organized by states and counties with each county having a coordinator responsible for maintaining a site of resources which are available for that county.

Through the Gen Web Project, non-professional as well as professional genealogists can get information from people familiar with or living in the county where they believe their ancestors were once born, lived or died. They may find distant relatives who are working on the same family lines.

People who live outside the county can use the "query" page on the Mitchell County—Gen Web site.

Following are queries found Monday on the Mitchell County page:

Message from Linda McCanlies Sykes at nsykes@worldnet.att.net

I am seeking death records for Roy McCanlies, b Dec. 1897, perhaps died 7 Aug. 1921, Mitchell Co. TX. (Texas Death Records list one Roy McConlie as dying on that date.) His father was Randolph B. McCanlies, born 1862 Hempstead Co. AR; mother was Rosa Phillips. I hope the death certificate will give information on parents and cause of death. I would also like to have information on the death of his father, who raised hogs and was nicknamed "Pig". I think he also died about 1920/21 in Mitchell Co., but without knowing the cause of death, it is possible he died elsewhere. He is not listed in the Texas Death Records. His father was Hiram McCanlies, born about 1810 in Arkansas, mother, Susannah Griffing Brown. Thank you very much.

I am trying to locate where my grandmother is buried. She is supposed to have died in Mitchell County in 1916. Her last child was born at Lorraine (sic) and she is supposed to have died either during child birth or shortly thereafter. Her name was Nancy Azora Wright Perkins. Her husband was Willis Alexander Perkins. After her death he took the children and left that area of Texas and lived in Clay County, Texas until his death in 1936. Any information anyone can give me or tell me where to look will be greatly appreciated.
Thanks

I am trying to find the location of my grandmother's death and burial. She is supposed to have died at the birth of her last child or shortly thereafter. That was in March of 1916. Her name was Nancy Azora Wright Perkins. Her husband was Willis Alexander Perkins. They were probably living in the Lorriane (sic) area when she died. That is where my uncle always was told he was born. Any information anyone can give me or tell me where to look for information will be greatly appreciated.

Message from Bruce E. Andrews at bruce-andrews@acm.org

Looking for information on Henry R. and Celena Solomon who came to Colorado City in the late 1870's. Henry was the 2nd county clerk for Mitchell Co. and was part of the incorporation group for Colorado City. H and Celena are buried in Philadelphia. Family lore has Henry being a part owner of "the largest horse ranch in west Texas" and alternately as a Peace Oficier (sic). I kind of doubt these, but if anyone has information on this, I would be very interested. Thanks: Bruce

Dr. Garza opens local office

Dr. Carlos Garza of Big Spring recently opened an office at 139 West Second Street to be more accessible to his general surgery patients.

Dr. Garza, whose primary office is in Howard County, has had physician privileges at Mitchell County Hospital for the past two years.

His patients have been driving to Big Spring for follow-up after surgery. Now Dr. Garza is the one doing the driving, seeing patients by appointment Thursday afternoons.

"I'm here to assist the family practitioners and make it easier for my patients so they don't have to travel to Big Spring," he said.

SKUNK

Chief Patrick Taylor.

To try to catch the less than fragrant pests, Castillo has changed his working hours to include some evening and weekend work for setting out the traps.

Besides setting out the traps, Castillo also checks the traps and disposes of any skunks found in them.

"Anyone requesting a trap is asked to be patient," said Police Chief Pat Taylor.

Taylor said the traps cost $100. The upcoming budget will definitely include the purchase of more traps, he said.

Chief Taylor asked citizens to call the police for assistance if their pet should accidentally become caught in a trap. The trap mechanism can be easily broken if someone doesn't know the correct way to open it .

CHURCH

FROM PAGE 1

p.m. and 6:30 p.m. March 13. Church custodian Sallie Ventura said she locked up all the church buildings and left around 5:30 p.m. At 6:30 p.m. church member Brian Bassham found that a glass window had been broken in the north door and vandals had hit the education building, the church office and the chapel. The church sanctuary was not vandalized.

"There were numerous acts of criminal mischief," said Police Chief Pat Taylor.

The destruction included graffiti and broken glass. The baptismal font in the chapel was broken. Foam from fire extinguishers covered the chapel pews and carpet in the chapel and floors in the education building. Graffiti with obscene words and pictures such as satanic pentacles were scrawled on walls, counters and cabinets in the kitchen. The office had been ransacked with desk drawers opened, papers strewn all over the floor, and a few dollars missing from the petty cash box.

Several witnesses gave police officers descriptions of persons seen around the church during the time period when the church was vandalized.

The youths were questioned by police officers late Thursday evening and transferred into the jurisdicion of the 32nd Judicial District juvenile officers, pending Monday's hearing.

The young teens were not believed to be members of the church.

7,500 people attend Railhead Trade Days

The first of three Railhead Trade Days events for 1997 was held last weekend in downtown Colorado City and the estimated attendance, which far exceeded the chamber of commerce's expectations, was more than 7,500 people.

"This was the best Railhead I have been to," food vendor Dorothy Riley of Blackwell said.

"Our Railhead is really growing," said Chamber Director Windi Fuller. "The Railhead committee has done a tremendous job marketing and advertising this event, and because of that, we expect that the Railhead will attract nearly 23,000 people to Colorado City in 1997."

The total attendance for the Trade Days held in 1996 brought in an estimated crowd of 18,000 people.

The chamber of commerce estimates that a total of 25,000 people visited Mitchell County last year specifically to attend or participate in at least one of the 18 events sponsored by the chamber in 1996.

"In short, the purpose of the chamber of commerce organization is to attract business to our businesses which in turn will help maintain a stable economy for our community," Fuller said. "I am pleased with the number of people we were able to attract to our community last year and with the positive effect it has had on our local businesses, and we will continue to work hard to attract even more business to our community in 1997."

The chamber of commerce has plans to double their advertising budget for 1997. The advertising dollars will be spent on chamber-sponsored events and on general information about Mitchell County. They have also recently added a home page on the Internet where people from all over the world can find out about Mitchell County.

Contact the chamber of commerce at (915) 728-3403 or www.commerce@bitstreet .com for more information.

TOURNAMENT

FROM PAGE 1

GETTING READY FOR THE LONE WOLF BASEBALL TOURNAMENT this weekend are (l-r) Wolves Coach Gerald James, Junior Molina and Jaime Gutierrez. The tournament kicks off Thursday at 10:30 a.m.

Lady Wolves play in Snyder tourney

The Colorado City Lady Wolves fast pitch softball team continued to show improvement when they won their first outing against Snyder JV, 5-2, in the Snyder Tournament last weekend. This avenged a 24-2 season opener loss to Snyder.

Amanda Rivera knocked in two runs for Colorado City while Natalia Mays, Kim Sharp and Sharie Ritchey each knocked in a run to help the cause.

In game two, Colorado City played a tough Lubbock Monterey and dropped that encounter by a score of 8-4. Ann Marie Scott took the loss despite belting in two runs. Jana Redwine and Kim Sharp accounted for the other two RBIs.

On Friday, Colorado City enjoyed a 5-0 lead over Monahans in the third inning before giving up four runs in the fourth and 11 runs in the fifth innings to run away with a score of 15-6. Natalia Mays crushed the ball, knocking in three runs, while Kim Sharp and Staci Turnbow each had one.

In game four, the Lady Wolves were blasted 14-4 by a tough Lubbock team.

Colorado City was only down 7-4 at the end of two innings before adding seven more runs over the next three innings for the win. Kim Sharp, Staci Turnbow, Jana Redwine and Natalia Mays each had a run batted in for the Lady Wolves.

On Saturday, the Lady Wolves played one of their better games of the tournament. Playing for the consolation trophy, Colorado City came back from a 3-0 deficit to tie Lubbock Monterey 4-4.

With the game tied at the end of regulation play, the Lady Wolves were forced to play a tiebreaker. Lubbock outscored Colorado City by 8-1 in the extra period to win the contest 12-5.

Liz Rivera smacked two runs in, while Jamie Mason, Kim Sharp and Natalia Mays each had a run batted in.

"I continue to see improvement in our play despite the losses," Coach Linda Mathis said. "We were a little thin again because of other activities and spring break. We got lots of mileage out of the 10 girls that made the trip."

THE FIRST PLACE TEAM at the Big Lake Tennis Tournament March 7 and 8 was made up of (center) Rachel Cawthron, (middle, l-r) Georgia Martin, Whitney Bassham, Adam Wood, Marvin Espinoza, Tiffany McKinney, Danni White, Mandy Strain (back) Chuck Lee, Patrick Bell, Oscar Rodriquez, Elizabeth Baker. Not pictured: Chris Myers.

Wolves play in Snyder tourney

The Colorado City Wolves baseball team played in the Snyder Tournament last weekend, winning one game and losing three.

Colorado City opened play against 4-A Fort Stockton and could only manage two runs from the seven hits they garnered, taking an 8-2 loss. Abel Bonilla started on the mound for Colorado City.

"I felt like Fort Stockton deserved to win," Coach Jerald James said. "They hit the ball well and played hard."

In game two, Colorado City came from behind to beat Brownfield 9-8 in a slugfest. Colorado City pounded out 12 hits in the contest.

Leading the assault with two doubles was Mando Rocha. Brett Hoyle and Joe Ross Jameson also had doubles. Hoyle got the win in relief of starter Jameson.

In the third game, Colorado City played Denver City and came up short with a score of 8-4. Mando Rocha started on the mound for Colorado City but needed relief in the fourth by Junior Molina. Rocha absorbed the loss. Colorado City could only manage six hits in the contest.

In the fourth and final game of the tournament, Colorado City let one slip away from them, losing to Huntington 11-10.

"We had a good first five innings but in the sixth the wheels came off," Coach James said. "We should have won this one. We blew an 8-3 lead."

Chris Fambro started for Colorado City but only lasted one inning. Danny Scott came in and pitched the next four innings before Joe Ross Jameson was called on to finish. He took the loss for the Wolves. Brett Hoyle and Mando Rocha each had doubles to lead the hitting attack.

Colorado City was scheduled to host Brownfield Tuesday, March 18 at A.W. Phillips Field.

Note: The game scheduled against Crosby, Okla. had to be cancelled due to state basketball playoffs. The game will not be rescheduled.

THE WOLVES SPRINT RELAY TEAM of (l-r) Chris Fambro, Arian Emerson, Tony Walthall and Terry Green will face some of the state's top relay teams this weekend at the San Angelo Relays. The foursome is also on the 1600 m relay team and looks forward to the tough San Angelo Relays. The preliminaries will be run Friday and the finals Saturday. Both relay teams have posted excellent times this year but will surely be tested this weekend.

Colorado City places 4th in Stanton Relays

The Colorado City boys track team accumulated 76 points, which was good enough to take fourth place in the Stanton Relays last weekend.

"Because of spring break and folks competing in other sports, we were a little thin in numbers," Coach Phillip Ritchey said. "Our sprint relay team didn't even compete because we didn't have everyone there. It's tough, but you have to learn to live with it."

The 1600 meter relay team of Arian Emerson, Chris Fambro, Junior Molina and Tony Walthall won their event with a time of 3:35.66.

Arian Emerson won both the 100 and 200 meter dashes with times of 11.0 and 22.62, respectively. Tony Walthall finished fourth in the 100 meter with a time of 11.4.

Phillip Castro finished fourth in the mile run with a time of five minutes 12 seconds. Ty Wood finished fifth behind him with five minutes 19 seconds. Zack Love placed fourth in the shot put with a toss of 43 feet, eight inches.

Walthall won fifth in the triple jump with a jump of 38 feet nine inches. He also placed second in the long jump with a jump 19 feet two inches.

Roland Nelson took the gold in the pole event, soaring to a height of 12 feet.

Mica Merrell was the lone participant for the Lady Wolves. She brought home the gold in the high jump with a height of four feet 10 inches.

The boys team will travel to San Angelo this Friday and Saturday and the girls will be in Baird for the Baird Relays on Saturday.

Emerson among the area's elite

Arian Emerson of Colorado City is among the area high school track bests in the Big Country. His time of 10.53 in the 100 meter dash is second only to Troy Mitchell of Big Spring. Emerson's time of 22.42 in the 200 meter is also good enough to rank him in eighth place in the area.

The 400 meter relay team is also in eighth place with the best of 44.14 despite the fact the team has not all been together at one time the entire season.

Loraine Bulldogs play in Class A extravaganza

The Loraine Bulldogs baseball team found they could run with the big dogs in the first annual Class A extravaganza in Blue Ridge last weekend. The tournament is limited to state-ranked Class A teams and Loraine and Strawn were the only West Texas teams invited.

In the first game, Loraine was pitted against Burton, the number two team in the state. Raymond Limones was the starting pitcher for Loraine and went the distance. Loraine lost the contest 2-1.

In game two, freshman Rene Alvarez got the nod to start against number eight Detroit. He pitched the first two innings before yielding to Josh Wooddell.

"I was extremely proud of Rene and Josh playing as well as they did under the pressure of playing against the caliber of teams we faced," Coach Rick Cooper said. "We lost 5-2 to a very strong team but gained some very valuable experience."

Rene Alvarez was charged with the loss for Loraine.

The next opponents for Loraine were the number 12 ranked Strawn Greyhounds. This game ended tied 5-5 after six innings due to the time limit.

Bear Cooper started for Loraine and went the distance but received no decision because of the tie. Cooper doubled for the only extra base hit of the game.

"We found out a lot about ourselves this weekend," Coach Cooper said. "Despite the losses, we found we can play with top-ranked schools. This will only help us in the long run."

Loraine is scheduled to play Jim Ned in the first round of the Colorado City tournament on Thursday, March 20. Game time is 10:30 a.m. at A.W. Phillips Field.

Hermleigh humbles Lady Bulldogs

The Hermleigh Lady Cardinals showed the Loraine Lady Bulldogs softball team what a few years' experience can do as they humbled the "first - year" Loraine Lady Bulldogs 10-0 in five innings last Monday in Loraine.

Andi Chavez went the distance for Loraine and took the loss. The Lady Bulldogs are still looking for that first win to help boost the confidence level.

"I'm pleased with our play thus far despite not having a win yet," Coach Victor Garcia said. "We are having fun and still learning from our mistakes. When you start up a new program, it's never easy."

A variety of homestead exemptions could lower your property taxes!

A homestead exemption lowers the property taxes on your home by lowering its taxable value. If your home is valued at $50,000 and you receive a $5,000 homestead exemption, your home will be taxed as if it were worth $45,000.

Who qualifies for an exemption?

Anyone who owned a home on January 1st (and used it as their primary residence on that date) is entitled to a *$5,000 homestead exemption* to lower their school taxes this year...and it doesn't matter if your home is a house, condominium or mobile home. (Counties, cities and special taxing districts may also offer homestead exemptions.)

Are other exemptions available?

If you're *disabled*—or if you're *65 years old* or older—you are entitled to an *additional $10,000 school tax exemption* on your home. And if you qualify for the over-65 exemption, you're also entitled to a permanent, locked-in *"ceiling"* on the school property taxes on your home. (The ceiling does not apply to county or city property taxes, and those entities may offer other exemptions.) The over-65 homeowner's exemptions and school tax ceiling transfers to the surviving spouse, if the spouse is 55 years of age or older at the time of death and lives in and owns the home.

Do I have to apply each year?

No. If you had a homestead exemption on your home in 1996, you won't need to reapply for 1997 unless your chief appraiser requires it. However, if you haven't received an exemption on your present home—or *if you've moved* to a new home—you'll need to file for an exemption for 1997. And if you *turned 65 or became disabled* during 1996, you need to file for the additional exemptions.

When and where should I file?

File applications *by April 1st* at your appraisal district office. If you need more time, contact us at:

CHIEF LONE WOLF

By JIM BAUM

The Dawson Hotel? In Colorado City?? Sounds more like a trivia question than a landmark. We'll give you a hint; it's still standing and it was built by its owner, Willie Dawson.

More specifically, the Dawson is located just off State Highway 163, a block south of East 2nd Street, downtown. And it once did a thriving business!

The late Willie Dawson built the hotel after he was discharged from the U.S. Army. He and his wife, Lottie, also now deceased, worked night and day to make a success of their investment. But we're getting 'way ahead of our story.

Lottie was born January 1, 1910 in East Texas, then in 1920 moved to Mitchell County with her mother, father and eleven brothers and sisters.

"My daddy brought us out here on a cotton pick with a man named Will Berry and he lived at Cuthbert, Texas," she once told us.

"This man came off down there [Tyler], they were gathering up hands to bring 'em to West Texas. My dad seen him and we just sacked up and came on to West Texas."

The move proved to be a good one. Lottie said life for blacks was good in Mitchell County, they were well treated and, believe it or not, she enjoyed picking cotton.

"Yeah, I sure did. I wasn't used to it. I could pick over 200 or 300 pounds." Even so, in looking back, she said the work was backbreaking.

"My dad would say, 'You're just a kid. You don't have a back. Keep pickin'.' I think kids today are lucky. They don't have to pick cotton."

Most of all, she enjoyed those wagon trips from Cuthbert into Colorado City. "We thought we were going to heaven. When we got to Colorado City, we'd park the wagon in a wagon yard where you'd put your horses and mules. We'd stay 'til about 4 o'clock, then we'd head back to the country."

In 1924, Lottie's parents moved to the Watson farm, and later as a young girl, she started to work doing house cleaning for the Ben Elliott family. By the 1940s she was working for Mr. and Mrs. Ross Daniels.

Dawson Hotel today (left). End of the line?

"She was really a nice person," Lottie recalled. "She and her husband were really wonderful people." And it was Mrs. Daniels who taught her how to cook, a skill Lottie would utilize the rest of her life. And that brings us to the days of the Dawson Hotel.

By this time, Lottie had met and married Willie Dawson. "We built that hotel," she told us, with more than a trace of pride in her voice. "We had six houses out to the east.

Rooms rented for $7.50 a week, "and while that don't sound like no money," Lottie stated, "that was big money then. So we done good!"

How good? "We made a lot of money. We bought our food cheap and we sold it cheap, so we came out ahead."

The Dawsons made money renting rooms, but they also raked in the dough, thanks to Lottie's cooking. Everyone knew about her meals at the Dawson Hotel.

"Some meals cost $1.25. A bowl of chili would cost you 20 cents and a small bowl was 15 cents. And those 15 and 20 cents would count up," she added with a laugh.

With profits from the hotel, the Dawsons were able to build their own home on the southside, and it was something to be proud of. Naturally, her husband built it for her.

"My house has eight rooms and two baths," she once boasted. "We got it finished up in '57."

Eventually Lottie would go to work for the city, cooking at the civic center. That's where Jean and Bill Holbert met up with her, when Jean started managing the facility in 1978.

"We had a good relationship," Mrs. Holbert stated. "We just loved her." Over the years the Holberts and Dawsons become close friends. "We had some great talks," she added.

"We would go over to her house," Jean remembered, "and she would burn rags [with kerosene] to drive off mosquitoes. We'd sit there for hours just talking. We really enjoyed the Dawsons."

Jean may have been the last person to talk to Lottie. She remembers the kitchen crew at the civic center was getting ready for a Shriners meeting.

Lottie and Jean talked on the telephone and about 15 minutes later, the phone rang. "Did you know Lottie just died?" the caller asked Jean. Sure enough, she had died suddenly, the victim of a heart attack.

That was July 7, 1982.

The old Dawson Hotel is now in its death throes...dying little bit everyday. Just like it was built, 15 and 20 cents at a time.

Congress supports display of Ten Commandments

The House of Representatives has approved a resolution expressing support for a display of the Ten Commandments in government buildings. The bill passed by a vote of 295-125, exceeding the two-thirds requirement for bills brought up for consideration under an expedited procedure.

The resolution came about as a result of a case in Alabama where a state judge displayed a wood carving of the Ten Commandments in his courtroom. In 1995, the American Civil Liberties Union filed suit asking that the display be removed from the courtroom, contending that it violated the U.S. Constitution's separation of church and state.

Congressman Charles Stenholm, who supported the resolution, commented, "The Ten Commandments are the longest-standing set of laws on earth. It's hard to understand why they shouldn't be allowed in a court of law."

Last month, an Alabama Circuit Court ordered the state judge to either remove the plaque or make it part of a larger display with non-religious and historical artifacts. The Alabama Supreme Court has issued a stay of the state Circuit Court ruling pending its review of the entire matter.

Drug seizure fund buys equipment for CCPD

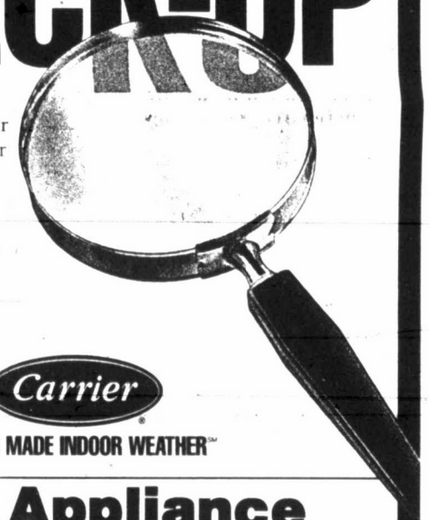

A fund set up to hold money from drug seizures was recently used to replace the Colorado City Police Department's worn out walkie talkies.

Without the drug seizure money, the city would have paid $2,250 for the five Motorola walkie talkies, said Colorado City Police Chief Patrick Taylor.

Taylor said the new equipment will replace the three walkie talkies bought in 1984.

The two additional units will be an asset, he said. With five police officers, a sergeant and police chief all using the equipment within a 24 hour period, there was often little time for the batteries to recharge on the three walkie talkies we had before they were needed again, said Taylor.

Loraine News

By BESSIE ANN VAUGHN

Greetings from Loraine.

At last, spring will be sprung this coming Friday. Even so, don't store your blankets or sweaters just yet.

It could snow on your new bonnet or sleet on your parade.

That little varmint, the groundhog, should come up out of his burrow and it would be in his best interest if he could find a shadow.

If not, I'm for adding his name to Billy Bob's "Mighty Meat Menu."

The most popular item is Road Kill Stew. It might contain some or all of the following: opossum, skunk, turtle, armadillo, porcupine, rabbit, just anything that can cross a road.

Also on the menu is emu, prairie dog, bobcat and rattlesnake filets.

It wouldn't take much to add groundhog chili if he still doesn't see his shadow!

Last week, Ham and Blondie Hamilton visited with Charity, Charla and Danny Cain in Anna, Texas, then went to visit with Ken and Loretta Reis at their country home near Gilmer in East Texas.

The men had planned to fish for black bass but the rain came and stayed!

The Reises and Hamiltons are neighbors in Creede, Colo.

Matt and Ben Preston were in town last weekend visiting with Iris Preston and Aunt Chrystene Hall.

Last Sunday morning at Loraine First Baptist Church, the Big Country Group took charge of music for the worship hour.

While recuperating from foot surgery, Amy McKee's son John Horton visited with her several days.

While in town, John and his cousin, Golda Redwine, got together for a visit and the conversation was mainly about their grandchildren.

I heard that Golda may have bested John a wee bit, for she had several pictures of grandchildren.

Be warned, Golda, next time John comes to Loraine he's bringing pictures—and a lot of them!

As most of you know by now, our good friend and neighbor Effie Wheeler passed away last Wednesday.

She was such an asset to our community and to the county. Her many volunteer services (but not all) went to Loraine United Methodist Church, Ladies Home Demonstration Club, later named F.C.E. Clubs, Loraine Lions Club, and she was an avid member and worker at the Loraine Senior Center.

One year, she was honored by being voted Citizen of the Year of Mitchell County.

Our sincere condolences go to Effie's daughters, Jimmie Jacks and Beverly Jean Nichols, to grandchildren, other family members and to her many friends.

She will be missed.

Visiting in Bowie recently were Laverne Sawyer and Charlene Walker. They had a nice visit with Delma Robison.

Lately at the center we have enjoyed getting to see grandchildren. Some were on spring break and with grandparents.

At different times, A.K. and Billie Sheffield had their young ones plus their daughter....

Recently, Tyler Plagens escorted his grandmother, Agnes Haney, to lunch. He is growing so fast and is still real cute....

Spencer Johnson came down with grandmother Glenda Johnson. He is cute, too.

On Monday, almost everyone had on a touch of green. Those who forgot may have been pinched.

Thanks to Julia Green for bringing down the lovely yellow jonquils for everyone to enjoy.

The Local Yokels from Snyder came to entertain us last Friday. They are a good group and we always want a return visit. Thanks to them!

During spring break, Bill and Ann Preston with Beau went to Wichita Falls. Ann said she and Beau enjoyed walking the bridge and checking things out.

While there, the Prestons enjoyed a nice barbecue sponsored by the Cat (Caterpillar) people of West, Texas.

I chatted with Aurora Munoz at Fuller's recently. She looks so well and asked about friends at the center and around town.

Jeff Wooddell told me that recently the Manor residents put messages in 39 helium balloons and let them go on a windy day.

One response coming back was from a field 10 miles west, but the winning balloon was from Frank Yrudgoz. It went all the way to Snyder, Okla.

Loraine will have its city-wide cleanup, fix up campaign to coincide with this year's Christmas In April.

Large dumpsters will be positioned again downtown to receive your rubbish. Let's all do our part!

Loraine's volunteer fire department will have their traditional farm machinery and equipment sale in the Co-op Gin yard Saturday, March 22.

There is still time to make a donation of any kind. Call Clay Graham or Donny Phillips.

We have concerns for Rachel Singleton. She recently broke her elbow. She is to have reconstructive surgery Monday the 16th. We hope she has a speedy recovery.

"The Wedding"

"Weegie, your grandmother's wedding party list is much too long. Just refreshments alone will cost a fortune."

"I know, Wilma, but she met Wilbur at the senior center and they want to include 256 seniors in the shindig. I just wish they would run away and elope but they are both too old to run.

"My mother said they couldn't live with her and Bill and I don't want them with us, so we had to buy them a small house to live in after their wedding.

"My goodness, Weegie, can't Wilbur help out on the house?"

"Heavens, no. He doesn't have a pot to pitch in, though he could go out and get a job."

"Come on, Weegie, get real. He's 86. He can't hold down a job."

"Well, he sure plays "42" four or five hours a day."

After the wedding...

"Well hi, girl. How are the newlyweds?"

"Okay, I guess."

"Where did they go on their honeymoon?"

"To Snyder."

"Weegie, you must be joking. To Snyder?"

"Yes. Wilber drove Grannie's old Dodge to Dunn, then he had to let Granny drive on in to town because he was so tired. Neither one had a license to drive.

"Grannie stopped at the Ponderosa Motel and registered for a room. The newlyweds were hoping Little Joe or Hoss Cartwright might be running the Ponderosa but were soon disappointed.

"The motel manager had to help Grannie get Wilbur out of the car, as his arthritis was acting up."

"Well, did they come home the next day?"

"No, they stayed at the Ponderosa for two weeks. When they did get back, Wilbur dragged one suitcase over the threshold and Granny was smiling as she stepped over it rather spritely."

Take care and see you around town.

THE ROADS OF TEXAS

Now newly revised and better than ever

Shearer Publishing is pleased to announce its new edition of THE ROADS OF TEXAS. We have added dozens of country roads, lanes, cowtrails, and put new names or numbers on hundreds of others, names like **Good Luck Road** (Guadalupe County), **Seven Sisters Drive** (Kendall County), and **Lone Star Alley** (Menard County). Altogether, the new edition identifies more than 25,000 state and county highways and byways, and the bright new cover features current scenic photographs from around the state.

THE ROADS OF TEXAS is different from any other road atlas, with more detail, more historical and travel information, more heart. It has proven especially popular with the curious traveler inclined toward a little adventure, who doesn't mind getting to Aunt Martha's house just a bit late.
