57 indictments to be served against 33 people

21 arrested in drug bust

Twenty-one individuals were arrested as a result of 57 sealed indictments pertaining to 33 individuals that were returned by a Mitchell County grand jury which met Thursday morning.

The indictments were a result of a seven month undercover investigation conducted by the Colorado City Police Department, Mitchell County Sheriff's Office and the West Central Texas Inter-Local Crime Task Force (Task Force) - the group involved in the drug raid in Nolan County earlier this week.

The number of indictments returned in Mitchell County represents a 'substantial' drug problem, Police Chief David

Montgomery said.

Sheriff Patrick Toombs noted that the process "Went real well, better than we anticipated."

Some thirty officers were divided into five groups - four front-line groups and one back-up unit - as the officers prepared to serve the indictments and make arrests at locations across the county.

"Thirty to forty more indictments could have been made if our cover hadn't been blown," undercover investigators with the Task Force reported.

Cocaine use is prevalent in Mitchell County, they said. It's use is greater than that of the surrounding area which the Task Force is involved with.

The street price for cocaine in the county is \$20 for a 'quarter' - the street name for a quarter gram.

The undercover investigators who worked in Mitchell County were in town on Thursday to help with the first wave of the roundup, to serve those indicted.

They indicated that the drug of choice for Mitchell County drug users is cocaine.

Cocaine has been traced by the Task Force to arrive in Mitchell County from Big Spring. It comes there from Odessa, and can be traced back to El Paso.

Methamphetamine (speed) use is picking up in counties to the east and is expected to become a growing problem for this area,

according to Task Force officers.

As arrests were being made around the county, the Police Chief noted the need for community support in fighting the drug problem in Mitchell County.

"How bad does this community want to get rid of its drug problem?" Chief Montgomery asked. "The community will get what it demands."

Officers noted that drugs affect everyone in the community.

The standard of living that a community can offer is directly tied to the level of personal safety that can be offered to the individuals who live in the community.

Frank Cleveland, field commander of the Task Force, said

that his department works in cooperation with law enforcement agencies to uncover drug trafficking in a 15 county region.

The department is funded by the Texas Narcotics Control Program of the Governor, by seizures made during arrests and by donations. Local funds are not spent for the use of the departments efforts.

The Task Force was created in 1986 as part of the President's War on Drugs policy and has been renewed by the federal government since that time.

Progress has been noted in the efforts made by the Task Force since their conception, but work remains to be done in the 15 county

Judge Mahon to speak at Old Timers Reunion

Judge Eldon Mahon

The Old Timers Reunion will be held Saturday, September 28, at the Colorado City Civic Center.

Federal Judge Eldon Mahon of Fort Worth, a native of Loraine, will be featured as the special speaker at a luncheon to be held in conjunction with the reunion.

Activities will begin at 9:30 a.m. and conclude after the noon meal, Arlene Morris, Old Timers Chairman, announced.

Mahon has served as a United States District Judge for the Northern District of Texas since 1972.

The Judge was born and raised in Loraine. He is a graduate of the Loraine school system, McMurry College of Abilene, and received a bachelor of law degree from the University of Texas.

Mahon married the former Nova

Lee Groom of Loraine. They have three children; Jana Cobb of Abilene, Martha Haag of Houston and Brad Mahon of Fort Worth.

Mahon served a 40 month tour of duty with the United States Air Force during World War II. He enlisted at the rate of Private and was discharged at the rank of Captain after serving on year of duty in the South Pacific.

He began his career as a briefing attorney for the Supreme Court of Texas, 1945-46, then served as County Attorney for Mitchell County in 1947.

Mahon then served as District Attorney of the 32nd Judicial District of Texas from 1948-60.

From 1961-63, he held the office of Vice President of Texas

New "jury wheel" system will come from DPS files

A new system of establishing a 'jury wheel' for selecting individuals for jury service has been mandated by the Texas Legislature.

Senate Bill 52 changes the familiar system of selecting jurors from the list of registered voters to include all citizens of a county who are not exempt from jury service.

The Department of Public Safety will begin to provide the county with a list of all citizens of the county - other than persons who are disqualified from jury service - who hold a valid Texas driver's license or a valid personal identification card or certificate issued by the department.

This list will then be combined

with the registered voters to be incorporated into a jury wheel.

The fine for failing to answer a jury summons has been included -- ranging from not less than \$100 nor more than \$1000 -- for those who do not comply as required by law.

An additional exemption for potential jurors has been included in the new legislative package.

The newest establishes an exemption for the primary caretaker of a person who is an invalid and unable to care for himself.

The other 6 exemptions remain unaffected. They include exemptions for those: over 65 years of age; with legal custody of a child or children younger than 10 years of

age and service on the jury requires leaving the child or children without adequate supervision; is a student of a public or private secondary school; is a person enrolled and in actual attendance at an institution of higher education; is an officer or an employee of the senate, the house of representatives, or any department, commission, board, office, or other agency in the legislative branch of state government; or has served as a petit juror in the county during the 24-month period preceding the date he is to appear for jury service.

The Act, which amends Chapter 62 of the Election Code, will become effective on January 1, 1992.

Farm tour held Wednesday

The 1991 Mitchell County Farm Tour was held on Wednesday, September 18.

Dr. Billy Warrick, extension agronomist for the Texas Agriculture Extension Service, provided the program for those gathered at the luncheon.

The topic of the presentation was 'Harvest Aids.'

Warrick discussed three types of aids to help cotton farmers: boll openers, defoliants and desiccants.

Those in attendance were shown slides of cotton bolls as they grew to reach maturity at approximately 25 days.

The rest of the time the boll is on the plant is when the size of the cotton filament is increased.

The range of the filaments should be from 3.8 to 4.2 microns after 40-50 days of growth.

Also discussed was the timing of a harvest in order to maximize the yield. Chemicals that promote the outer shell of the boll to open were described as well as the most productive time to employ their use.

The presentation by Warrick came at the last minute as Carmon McCain was unable to leave Lubbock due to flooding in the city.

Originally scheduled was the topic of underground water.

Those who went on the tour visited six sites to see demonstration areas around the county, including:

Gerry and Ray Ritchey project which had a planting rate trial, fertilization trial and a growth regulator trial of cotton.

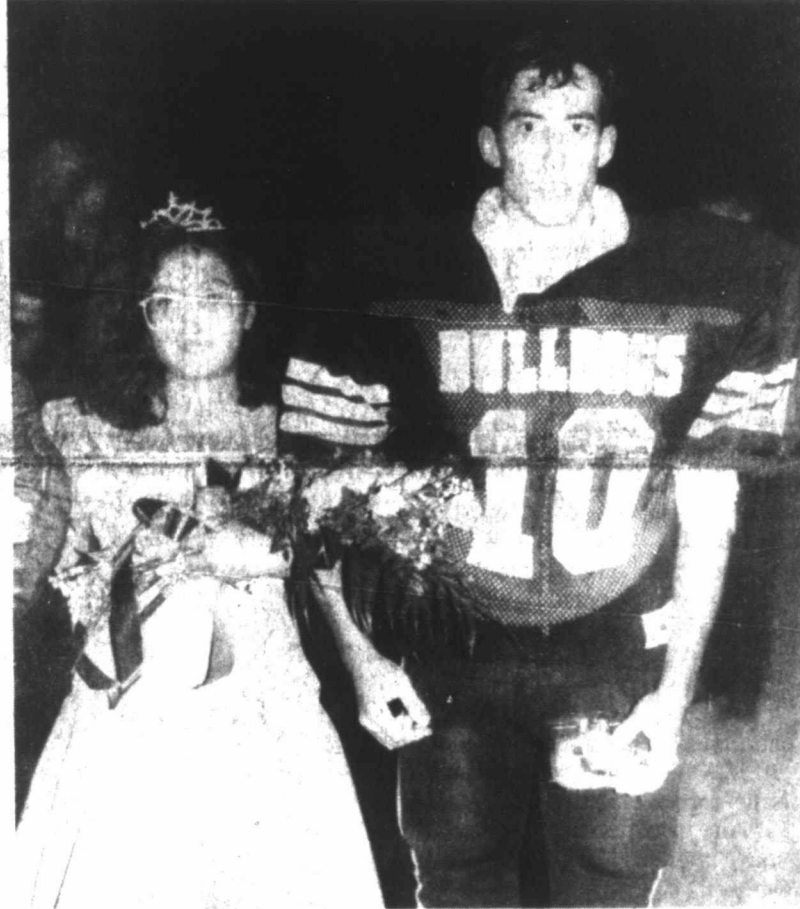

A stop at the CRP contract land of Curtis Latimer.

A cotton variety demonstration being conducted by Todd Shaw, a second by Russell Erwin and a third by Alton Raschke.

Prescribed burn areas presentations by Russell Erwin and Max Caswell.

Tour goes also stopped at the Colorado City Airport for a watermelon break sponsored by Travis and Tony Turner.

This years farm tour was sponsored by: Colorado City Area Chamber of Commerce, Agriculture Committee; Mitchell County Extension Service, Field Crops Committee; Mitchell County Soil and Water Conservation District; Mitchell County A.S.C.S. Office; and the Farmers Home Administration.

LORAIN HOMECOMING: Olivia Rico was honored as Homecoming Queen and Chris Phillips as King at a celebration held at halftime of the Loraine football game played against Aspermont. Chris is the son of Mr. and Mrs. Donny Phillips and Olivia is the daughter of Mr. and Mrs. Joe Rico.

Commissioners okay county bridge specs

Bid proposals for bridge construction, information on the redistricting proposal and a letter of agreement regarding the county audit, faced commissioners' at Tuesday's called meeting of the court.

Bid specifications for construction/renovations to county owned bridges were approved by commissioners.

Seven bridges are affected by the commissioners' actions.

Three bridges in precinct 4 and one bridge in precinct 3 will be renovated. Three bridges in precinct 1 will be reconstructed.

Bids for the work on the bridges

will be open at 2 p.m. on Monday, October 14.

Commissioners' were also informed at the meeting that the redistricting plan approved by the county has been submitted to the Department of Justice in Washington, D.C..

A copy of the redistricting plan is available in the County Judge's office at the Courthouse. They are available for viewing by the public in his office.

The other item of business conducted at the meeting was to sign a letter of agreement with certified public accountant, Joe Morren, to conduct the 1991 Mitchell County audit.

Two employees hired to help with 9-1-1

The pay rate for 9-1-1 employees and a letter of information from the Department of Parks and Wildlife faced commissioners' at Friday mornings called meeting of the court.

A motion was made to pay employees of the 9-1-1 rural addressing program a wage of \$5.20 per hour.

Two employees have been hired to work with Karen Holman, county coordinator for the rural addressing project.

The motion was passed by a vote of 2-1. Commissioner's

Buddy Hertenberger and Ed Roach voted in favor and Bill Preston voted against the motion.

In other action, a letter informed commissioners' that requirements had been met concerning the new 'no wake zone' at Lake Colorado City that had been approved by commissioners'.

County Judge Ray Mayo and Commissioners Ed Roach, Buddy Hertenberger and Bill Preston were in attendance at the meeting. Commissioner Carl Guelker was absent.

Transportation, meals available through Wallace

Transportation services and home-delivered meals are available for eligible participants from Wallace Center under Title III of the Older Americans Act. Transportation is available on Tuesday and Thursday from 9 am until 3 pm to transport persons 60 years or older to and from social service centers, medical and health care services, meals program and senior centers. On Wednesday transportation is available for shopping (groceries, bank, post office & etc.) or to other community facilities.

Eligibility Criteria: 1. To be eligible for transportation services, individuals must be 60 years of age or older or the spouse of an eligible person. 2. Eligible individuals will provide name, address, telephone number and date of birth prior to participating in this service. 3. The Older Americans Act contains provisions for participants in services to contribute to the provision of those services.

To be eligible for home-delivered meals the following

guidelines must be met: 1. A person must be 60 years of age or older, who is home bound by reason of illness, incapacitating disability or is otherwise isolated. 2. The spouse of an eligible client, if receipt of that meal is in the best interest of the home-bound person. 3. Preferred target group are eligible persons who may not eat adequate and nutritious meals because they are incapacitated or disabled due to an accident, illness or frailty, and have no family available to assist them.

To receive a home-delivered meal you need to call Wallace Center and register your desire to participate so the Outreach worker may call on you to validate your request. A donation for the meal is accepted upon delivery or monthly arrangements may be made.

These criteria are mandated by the Title III Older Americans Act and not Wallace Center. If you are interested or know someone who might need this service please contact Wallace Senior Citizens Center, 728-2392.

Levesque's return from fire recreation school

Ed Levesque, owner of Pioneer Maintenance, and his son, Andy, have just returned home from a two-day school in Dallas. Both were tested for certification in fire restoration. The intensive program covered all phases of home and commercial fires, how to clean all

types of acid soot residue, the various categories of smoke residue and ways of restoring both contents as well as structure.

Both Ed and Andy are returning home enthused and now better qualified to serve the needs of the people in West Texas.

Defensive driving course to be held

A Defensive Driving Course is scheduled for September 24 & 26, 1991 at the Wallace Center in Colorado City sponsored through Western Texas College in Snyder. The classroom sessions offer pointers in preventing accidents in spite of the incorrect actions of others and adverse driving conditions.

The course will have two sessions on Tuesday and Thursday nights from 6-10 p.m. Films and other visual aids will be used to demonstrate how to improve driving skills.

Persons completing this course will be eligible for a reduction in

insurance premium rates, also for possible ticket removal. The fee for persons 60 and over is \$20.00. Others pay a fee of \$25.00.

You may register at the Wallace Community Education Center by September 23, 1991. For more information call 728-2392.

Wells hosts homemakers

The regular meeting of the North Loraine Extension Homemakers was held September 4, 1991 at the Loraine Senior Citizens Building. Eva Wells was hostess.

The meeting was called to order by President Margaret Brame. A brief business meeting was held. Dana Davenport, County Extension Agent, mentioned several upcoming county wide events, some of which will be open to the public.

The program for the day was 'Learn To Use Your Key To The Courthouse', and was presented by District Clerk, Sharon Redwine; County Clerk, Joan Beach; and County Treasurer, Ann Hallmark.

Mrs. Redwine talked about Jury Duty, qualifications for being a juror, and how a jury is selected. She also stated that the District Clerk's Office handles passport applications.

Mrs. Beach listed some of the duties of her office. Among these duties are probate and misdemeanor hearings, registering death, birth, and marriage certificates and registering cattle brands. All records are now put on microfilm and stored in Dallas. The office is ever hanging, due to new laws and regulations.

Mrs. Hallmark is Chief Custodian of County Finances. She oversees payroll of County employees, payment of bills, reports on court costs, and invests funds as the County wishes. This office requires 20 hours of continuing education yearly in order to maintain certification.

Refreshments were served to club members Effie Wheeler, Millie Rose, Billie Schroeder, Bessie Ann Laughn, Eva Wells, Margaret Brame, Wanza Graham, Nina Meadows, Billie Ruth Abernathy, Eida Gage, Pat Carter, Darlene Amrick and three guests, Dana Davenport, Juanice Butler and Nola Taylor.

Pinkerton captures first in C-City bass tournament

Wendell Pinkerton of Colorado City captured first place in the ninth annual Colorado City Bass Club's invitational bass tournament here last Saturday and drove home with a broad smile and a check for two thousand dollars. Pinkerton really didn't have too far to travel though since he lives at Lake Colorado City.

Early Saturday morning Wendell launched his boat in the steady rain and headed straight for his favorite fishing hole and proceeded to hook, land, and string two bass which weighed just over 9 1/2 pounds. Pinkerton fished the rest of the day trying to fill his three fish stringer, but to no avail. All he could do for the remainder of time until the 4:00 deadline was wait and worry about the other 211 fishermen in the tournament. If he had known about Tom Connelly's three fish, he would have had something to worry about indeed.

Connolly also fished Lake Colorado City and also netted a total weight of just over 9 1/2 pounds! However the digital scales used in the weigh-in accurately distinguished the difference—one one-hundredth of a pound.

Bob Haynie of Lubbock, Luke Proctor of Snyder, and Ronnie Dave of Hobbs, New Mexico rounded out the top five finishers.

Out of the 212 who fished only 68 anglers managed to find fish long enough to meet state minimum requirements. 117 bass were weighed in totalling 254 1/4 pounds. Of these, 114 were alive when released back into Lake Champion. Art Fairman of Wolforth caught the largest bass of the day which tipped the scales at 6.60 and Odessa's Don Harper's 5.80 was big enough for second place in the large bass category.

Roddy Threesfield also of Odessa was awarded a life vest for weighing in the smallest total weight and Marty Whetsel of Forsan was awarded a clock since he was the last one in the weigh-in line before the tournament ended.

The winners of this year's tournament are: 1. Wendell Pinkerton-Colorado City-9.54-3 fish; 2. Tom Connolly-Andrews-9.53-3 fish; 3. Bob Haynie-Lubbock-7.30-3 fish; 4. Luke Proctor-Snyder-7.02-2 fish; 5. Ronnie Davis-Hobbs, New Mexico-7.00-2 fish; 6. Don Harper-Odessa-6.92-2 fish; 7. Van Waterhouse-San Angelo-6.87-3 fish; 8. Art Fairman-Wolforth-6.60-1 fish; 9. Kerry Mills-Big Spring-6.28-3 fish; 10. Greg Palmer-Odessa-5.85-2 fish; 11. Johnny Christain-Forsan-5.70-2 fish; 12. John Fort-Big Spring-5.48-3 fish; 13. Maxey Ware-Westbrook-5.34-3 fish; 14. Dewey Nichols-Merkel-5.25-3 fish; 15. Blane Dyes-Gail-5.10-3 fish; 16. R.D. Elliot-San Angelo-4.34-3 fish; 17. Trevor Romans-San Angelo-4.34-3 fish; 18. Randall Beauchamp-Midland-4.55-3 fish;

19. Stu Swanner-Slaton-4.60-3 fish; 20. Grary Burt-Big Spring-4.08-2 fish; 21. Paul Hinson-Rotan-4.43-2 fish; 22. Joseph Weldon-Loop-4.53-2 fish; 23. Tim Lenning-Lubbock-4.69-3 fish; 24. Channing Asherfelter-Abilene-4.89-2 fish; 25. Eldon Veal-Sweetwater-4.92-1 fish; 26. Tommy Busbee-Midland-4.99-3 fish; 27. Johnny Spruell-Colorado City-3.86-1 fish; 28. John Shireman-Clyde-3.86-1 fish; 29. Ray Powers-Andrews-3.81-2 fish; 30. Kevin Williams-

Odessa-3.80-2 fish.

The Colorado City Bass Club would like to thank Eddie's Pharmacy, Corky's True Value, B and B, Gas and Grub, Fuller Foods of Colorado City, Christian Construction of Big Spring, and Rich's Taxidermy of Coahoma as well as the management of Fisher Park and the Colorado City State Park for their help and encouragement without which the tournament would not have been the huge success that it was.

Wendell Pinkerton of Lake Colorado City, holding his granddaughter, accepts congratulations and a check for \$2,000 from Bo Merket for winning the ninth annual Colorado City Bass Club's Invitational Tournament held on both local lakes last weekend. Pinkerton's winning stringer weighed 9.54 pounds. Cliff Vlasin photo.

Colorado City Bass Club member, Jimmie Truelock, rules on minimum length for the bass held by Gary Gale while Casey Moore and anxious angler, Dewey Nichols of Merkel, looks on. Only 68 of the 212 contestants managed to land a keeper-sized fish in the one day tournament held on Lake Colorado City and Lake Champion September 14. Cliff Vlasin photo.

Magazine's accusations leads to Senator Dickson's response

Senator Temple Dickson (D-Sweetwater) released the following statement Wednesday: "My main concern is representing the interests of the citizens of Senate District 24. I wasn't elected to worry about my popularity with a magazine whose prime concern is with the affairs of Dallas, Houston, and San

Antonio," said Senator Dickson, after being informed that "Texas Monthly" had named him to its list of Texas' ten worst legislators.

"When you fight for rural issues as hard and as effectively as I have the past two sessions you are going to make some enemies in the big cities that get many benefits at the

expense of rural Texas," said Dickson. I have seen the text of this piece now, and it is clear that this is simply a continuation of the attack on me by a handful of big time lobbyists and metropolitan interests who resent my effective representation of rural Texas and its relatively small population centers."

"I personally saw to such things as defeating the appointment of their fair haired boy to the Commerce Department, passing legislation requiring that one of the three members of the Department of Transportation Commission must reside in a rural area and assuring that the small schools formulas was retained in the Education Finance bill. Apparently, my success in these areas did not sit well with this magazine," commented Dickson.

"Whoever wrote the article was either uninformed or intentionally untruthful in accusing me of treating any bills unfairly. Even Senator Bivins, the author of a bill prominently mentioned in the article said, in writing, 'I sincerely appreciate the more than fair treatment you afforded me today.' And as to the handling of the business of the committee, the committee heard more bills under my chairmanship than it had heard in history (223 in one session); many of these were extremely complex and hundreds of pages long. Sure, I could have limited or cut off testimony of citizens who wanted to be heard on important measures affecting their lives; I had the power to do that, but I am glad that I chose not to.

And if they think the present and irrational 'no pass, no play' rule is 'widely acclaimed', they can't read. The Commissioner of Education, the Governor, and every group of educators that has met on the subject knows that it must be modified if it is to be fair and sensible. At my insistence, that modification will be accomplished."

OBITUARIES

Forrest H. 'Red' Moody

Funeral services for Forrest H. 'Red' Moody, 75, of Santa Anna, were held Tuesday at the Seventh Day Adventist Church in Santa Anna with Harvey Kornegay and Rev Jasper McClellan officiating. Burial followed the ceremony in the Santa Anna Cemetery under the direction of Santa Anna Funeral Home.

Mr. Moody passed away Saturday, September 14, at Brownwood Regional Hospital.

He was born October 27, 1915, in Mangum, Oklahoma.

Mr. Moody was a retired welder and stock-farmer and a member of the Seventh Day Adventist Church. He had lived in Santa Anna for the past 20 years, moving there from Colorado City. He married Norma Butcher Moody on March 26, 1949 in Whiting, Indiana. Moody was preceded in death by his parents, Ira Franklin and Daisy Duffer Moody.

Survivors include his wife, Norma of Santa Anna; one son, Larry Moody of Colorado City; two daughters, Helen Prewitt of Tulsa and Connie Taylor of Santa Anna; two brothers, Ira Moody of Richland Center, Oklahoma and Billy Moody of Tulsa; two sisters, Opal Dillbeck of Fairfax, Oklahoma and Sue Monger of Tulsa; nine grandchildren; and four great grandchildren.

WOLVES DEFEATED 28 - 21

The Colorado City Wolves came within 6 yards of upsetting the Slaton Tigers in football action at Wolf Stadium on Friday night.

Colorado City fought Slaton to the end, losing 28-21, in non-district action that puts the Wolves record at 1-2 on the year.

"I feel we have arrived as a team, both offensively and defensively," Coach Tom Ramsey said after the game. "We had them on the ropes."

"The kids learned a lot," Ramsey said. "Slaton has a team that is capable of running up a lot of points and our defense kept them in check."

"Slaton is the best team we have faced this year," he said, "and we fought with them down to the wire."

The Wolves came out roaring. They took possession after the opening kick-off and moved 60 yards in a 7 play scoring drive.

Coty Strain scored the 7 yard touchdown, his fourth rush of the drive. He made runs of 14, 1, 14 and the touchdown run.

Shane Anderson caught an 18 yard pass and Chris Williams carried the ball twice for 6 yards in the opening series.

Slaton started their first possession on their own 33 and moved the ball down to the Wolf 13 yard line before having the ball intercepted by Colorado City's David Castillo at the goal line and returning it to the 13 yard line.

The Wolves kept the ball only three plays before punting the ball to Slaton from their 13 yard line.

The Tigers took possession of the ball at Colorado City's 37 yard line.

It took Slaton 8 plays to move the ball into the endzone.

WOLVES WHIP WILDCATS

The Freshman, J.V., and Varsity volleyball teams burst into action Tuesday at "The Pit" sending the Water Valley Wildcats home empty handed.

The Freshman began the winning streak as they quickly defeated their opponents 15-4 and 15-2. "They are gaining consistency of their serving," said coach Sharma Smith.

The J.V. game was not quite as easily won but C-City still prevailed. The Wolves won the first set 15-4. The Wildcats attempted to come back winning the second set 15-3, only to be defeated by the Lady Wolves 15-12 in the last set. Lorie Kay McElvaney hit well through out the game.

Water Valley surprised the Lady Wolves varsity team winning the first set 15-9. The Wolves used this downfall to their advantage motivating themselves to win the next two sets 16-14 and 15-7 to wrap up the game. Coach Smith was pleased with the girls performance and she stated, "Veronica Moreno and Laura Green had good hits. The team as a whole hit more often."

Way To Go Lady Wolves
Keep It Up!!!

Joe Williams carried the ball 4 times in the drive to make 15 of the yards and be credited with the touchdown.

The Wolves offense returned to the field with the ball at their own 33 but had to punt the ball away on fourth down with the ball at their own 35.

Slaton took to the field and moved the ball from their own 35 into the Wolf end of the field on a reverse run by Andrew Jones.

On first and ten from the Colorado City 35, Wolf Mark Monroe intercepted a Shayne Murphy pass at the 7 yard line.

Three plays later, Colorado City turned the ball over to the Tigers on a fumble at the 20 yard line.

It took the Tigers 3 plays for Joe Williams to return to the end zone for his second touchdown of the night on a 4 yard run.

Colorado City moved the ball from their 35 to the 45 following the kick-off, then had the ball intercepted at the Wolf 37 yard line.

Slaton used most of the remaining 4 minutes in the first half to move the ball into the endzone with Joe Williams on a fourteen yard scamper to score his third touchdown of the night.

At halftime the score was Colorado City 7, Slaton 21.

Both teams had trouble getting their offenses going in the third quarter.

With 2:07 remaining in the period, Colorado City took possession of the ball at the Slaton 41 yard line following a personal foul penalty assessed after a Slaton punt.

Coty Strain broke loose from the 29 yard line to score a touchdown, with :53 seconds remaining in the quarter.

Colorado City's defense which rose to the challenges in the second half, forced Slaton to punt.

The Wolves were intercepted on third down at their own 30 yard line.

Slaton's Andrew Jones caught a 25 yard pass for a touchdown with 7:29 remaining in the game to put the Tigers up by the score of 28-14. Colorado City took control of the ball at their own 38 yard line.

They mixed the run and pass as they moved across mid-field. On third down and six, quarterback Kelly Ramsey found Mark Monroe behind the Tigers and hit him for a

46 yard touchdown with 4:39 remaining.

Colorado City had pulled to within a touchdown at 28-21.

The Wolf defense played tough again as Slaton took the ball on their own 33 yard line and tried to run time off the clock.

The plan hurt them and on third and three they were assessed a five yard delay of game penalty.

On third and eight the Tigers quarterback Shayne Murphy rolled out to pass but was chased down by Wolf lineman Ashley Walthall who tackled him for a five yard loss.

Slaton was forced to punt with 1:13 remaining on the clock.

The punt was shanked and went only 13 yards and Colorado City took over on Slaton's 40 yard line.

Coty Strain and Kelly Ramsey each carried the ball for two yard gains to bring up third and six.

Ramsey his David Castillo for a 14 yard pass reception to move the ball to Slaton's 24 yard line.

Strain carried for another 3 down to the 21 yard line and Castillo caught another pass, this one for fifteen yards to move the ball down to the 6 yard line with :13 seconds remaining in the game.

Coach Ramsey noted that they had to go to the endzone because of the shortage of time left on the clock. They had one play left.

Slaton's Garland Wilkinson grabbed the ball away from Castillo in the endzone to give Slaton a touchback and control of the ball at their own 20 yard line.

Shayne Murphy took one snap and dropped to his knee and let the clock run out to bring a 'disheartening' end to the game.

The Wolves will face Merkel next week in the first of a two game road trip.

At one time Mark Twain was an editor of a small Missouri paper. One day he received a letter from a subscriber saying that he'd found a spider in his paper. The reader wanted to know if this was a good or bad luck omen.

Replied Mark Twain: "Finding a spider in your paper is neither good luck nor bad. The spider was merely looking over our paper to see which merchant was not advertising so that he could go to that store, spin his web across the door, and lead a life of undisturbed peace ever after."

FROM THE EDITOR'S DESK

DEAN WILLIAMSON

Wouldn't it be nice to have a life history that could be changed as easily as a television series?

I thought about that this week as the new shows appeared on television's premiere week.

Some companies were spending as much as \$260,000 for 30 seconds of television time to promote their products and I sat around thinking about other things during the spots.

I thought about the familiar faces that are returning in unfamiliar roles this season.

Some of the stars of the shows have past histories that remain fresh in my mind and will be wiped for me to accept them beginning new lives.

Patrick Duffy who spent years as J.R.'s younger and mistreated brother on *Dallas* has wiped away his past and chunked his cowboy boots to take on a new family.

His co-star in the series *Step by Step* is Suzanne Somers who chunks her past histories as one of the roommates on *Three's Company* and as a Sheriff.

The couple will bring their children into a marriage that is supposed to be a modern day *Brady Bunch*.

Redd Foxx has given up the junk-yard he inhabited in *Sanford and Son*, to co-star with Della Reese. The couple will tackle issues concerning the problems of aging with a comical current in *Royal Family*.

Of course there are others like Connie Selleca, the former hotel administrative assistant on *Hotel* who is now in a new series, *P.S. I Luv U*, in which she has been put in the witness protection program in order to keep her alive.

Teri Garr, who has received acclaim for her movies, many of which had her as a housewife, has now been promoted to a scheming executive in *Good & Evil* which will air this year.

These people have changed their identities with the start of a new season on the networks.

That could come in handy if we could do that in real life. If you didn't like your station in life, just wait for the next season and pick something else you might like.

To make it easier, your whole life's history is changed to make you flow into the new atmosphere without any problems.

The nice thing about the way that television provides the changes is that you immediately start out in your new position knowing all the people you need to know.

Another thing that makes television switches so nice is that no one ever has a boring job. Most everyone will end up being private detectives.

Doctors on television spend more time in civilian clothes than in greens, lawyers spend more time chasing women, but no matter what the position... everyone must have a good sense of humor.

If you got to the point you didn't like your friends, you could cancel them by your lack of support.

They would vanish without a trace at the end of the season.

People go from being race car drivers to football coaches, from office clerks to gun toting investigators in the change of a season.

It would keep life exciting to go around town and see the new jobs that everyone's received for a new year if the process could be used in real life.

Everyone would be looking forward to premiere week that would roll around each year and offer everyone a new start. Only the biggies would have to remain in last year's position.

That's how I spent \$260,000 last week as I thought to myself while a company tried to impress me with a new commercial.

Pound Puppy: Muffy is a 8-week-old female, half-cocker spaniel puppy. She is available for adoption from the city pound located at Mitchell County Veterinary Clinic, Highway 208 South. For more information about her or other pets available for adoption, call 728-8055.

HOME ECONOMICS HAPPENINGS

...BYDANA DAVENPORT

4-H is a youth development program for youth through the involvement of parents, other adults and volunteers who organize and conduct learning experiences for youth in a community setting. It is important for the parents to participate, because successful 4-Hers have the interest and support of their parents, says Dana Davenport, county 4-H program coordinator with the Texas Agricultural Extension Service in Mitchell County.

Parents can help by assisting their sons and daughters in choosing 4-H projects. They can attend 4-H meetings and other activities with their children providing leadership and guidance as well as support for 4-H members and other leaders. Additionally, they can keep informed about 4-H through the 4-H activities, providing resources for programs and on and on.

Any parent can become a leader. All it takes is an interest in young people, emphasizes Davenport. If you like young people and are willing to learn from experiences, and if you want to share talents, skills and hobbies, you have the qualities of becoming a 4-H leader. You, the parent, are needed to help youth become better citizens.

4-H is definitely a FAMILY AFFAIR. If you are interested in becoming a 4-H leader or member contact the Mitchell County Extension Office at 728-3111.
