Moore... ABOUT Eastland

By VIRGIL E. MOORE

Sunday's Easter. Of course, that's no news to you, and then again it is no news to you how Easter is set.

But for the few who don't remember why Easter comes on different dates each year, here is that information.

The date falls on the first full moon after March 21, the date of the vernal equinox. Can't be later than April 25 or earlier than March 22.

Easter is kinda late this year, you see.

Naturally all of these visiting Chamber of Commerce managers are taking full credit for the rain. Actually, we are responsible. Just phoned our friends down in the Valley and told 'em that if they figured they had had enough they could send us the rest.

Today's Birthdays: L. E. Fielder, Wednesday Jane Ann Jernigan and Mrs. Henry Van Geem, celebrate.

Donald Furr of Lubbock, speaker at the Chamber Managers' noon luncheon Monday told this one.

He said a group of Texans were in New York State complaining about how dry West Texas is (or was before Sunday night). After listening to the Texans gripe for a long spell, the New Yorker stepped up and said, "Listen to me a minute fellows. If you guys would go back home and lay a pipe to the Gulf of Mexico, and get on the other end and use some of that hot air you're wasting to sipen the water out, you would have enough water to irrigate the entire state."

This one is also credited to Furr. The little guy was standing at the front of an apartment house, drunk as he could be and still stand up. Along comes the good Samaritan and asks him if he lives in the house. "Yep," says the drunk.

"Do you think you are drunk to make it up the stairs by yourself?" the Samaritan asked.

"Yep," was the reply.

So the kind stranger helped him up and shoved him through the door at the top of the stairs. But when he got back downstairs, there was the drunk again. He took him upstairs again, and the same thing happened again. Again and again the same thing happened.

Then he took the drunk upstairs again and shoved him through the door. This time when he got back downstairs, the drunk was covering behind a policeman saying, "Don't let this idiot get hold of me again. He's been taking me up those stairs and throwing me down the elevator shaft half the night."

We told you not long ago about some flower gardens around town. Well, now we would like to praise a couple for their garden.

Dr. and Mrs. L. C. Brown, 501 Koch, really do have a nice garden plot. The Browns have onions, radishes, beets, potatoes and tomatoes already up. Understand they were not sad about the rain, either.

Just in case you are thinking about visiting the Browns' garden some night, we might mention that they have a vicious watch dog named Tinker.

Tinker is a giant of a dog, too. He measures just about 10 inches tall. If you see a spot coming at you—that's Tinker.

Guess you heard about the two fishing sergeants, Jim Brookshier and Grady Hoyle, the two recruiting sergeants stationed in Eastland, were out Eastland Lake just before the rains came. Brookshier had just caught a crappie and was putting him on his stringer when the four others they had caught, when he got a bite on his other pole. He pitched the stringer in and grabbed his other line. About that time he remembered the stringer wasn't tied down. So if you catch five fish on one stringer how about taking the stringer by to Jim.

And Grady wasn't to be outdone. He cast out a little later and got a "bite." Grady jerked the line and snapped it just at his reel. Understand the fish was a rockie.

But the reason we are printing all of this is another story. The two sergeants took us fishing and caught six eels. We didn't get a one.

Gotta go read the rain gauge. See ya Thursday.

RANGER DEMOCRATIC RALLY FIRST BIG POLITICAL EVENT SINCE HOT '52 CAMPAIGN

William O. (Bill) Cooper, of Dallas, featured speaker at the Ranger County Democratic rally in Ranger Friday at 7:30 p.m. is one of the state's outstanding Democrats, a dynamic political orator and an authority on world affairs.

The Friday night rally, staged under sponsorship of the Young Democratic Club of Eastland County, will be the first political explosion in this section of the state since the heated Eisenhower-Stevenson campaign back in the fall of 1952—18 months ago.

Friday night's Ranger rally will spark an area drive of loyalist Democrats who are forming battle lines to rigorously oppose Eisenhower Democrats and backers of Gov. Allan Shivers, Texas' chief

executive, who switched to support Republicans' presidential candidate, Gen. Dwight D. Eisenhower, in 1952.

Ranger voters gave the Democratic candidate, Gov. Adlai Stevenson of Illinois, a substantial majority over President Eisenhower in the Presidential election in 1952.

Roy Tackett of Ranger, president of the Young Democratic Club of Eastland County, reported today that arrangements have been completed for Friday night's event and scores of visiting party leaders from Eastland, Palo Pinto, Stephens, Shackelford, Comanche, Erath, Brown, Callahan and Taylor counties are expected to be in attendance.

The rally will be held in the spacious CIO Oil Workers Hall, located in Ranger on U. S. Highway 80 East.

The visiting assemblage will be greeted by Dr. Price Ashton, major in the U. S. Marine Corps Reserve and president of Ranger Junior College, and other prominent Ranger citizens, and area Democratic leaders also will participate in the rally.

The rally's featured speaker, a resident of Dallas for 35 years, was born in Anson. He's a Dallas contractor and has long been active in civic and political circles. A former president of the Dallas Junior Chamber of Commerce, he also served as president of the Texas Junior Chamber of Commerce.

Cooper, veteran party worker and assistant secretary for the Texas State Democratic Executive committee of the State Democratic convention in 1946, has a notable war record.

He volunteered for service in the Tank Corps of the U. S. Army

Scranton Pair Takes Honors At 4-H Festival

"Battler" a duet by Robert and Ronnie Bostick of Scranton, was judged to be the best act in the show at the 4-H Share-the-Fun Festival Thursday night in the Cisco Junior High School Auditorium. At least 200 applauding spectators witnessed the 39 boys and girls put on 22 acts of top notch entertainment.

Robert and Ronnie, 16-year-old twins, are the sons of Mr. and Mrs. R. C. Bostick of Nimrod. They will represent Eastland County at the District Festival to be held in Hamilton May 1. The district winner then goes to the state meet at College Station in June.

Robert Bell's rendition of "What It Was Football" was selected as the alternate act. Some of the spectators were heard to say it was even better than the record. Sixteen-year-old Robert is a member of the Scranton 4-H club and lives with his grandparents, Mr. and Mrs. Ed Townsend of Nimrod.

Other blue ribbon acts were "Ida," a duet by Sandra Taylor and Dot Gibbs of Eastland; "The Basketball Game" by Robert Bell; Music by the Nimrod Kids, Robert, Ronnie and Terry Bostick and Jimmie and Jerry Blackwell; A reading by Betty Vessels of Cisco; Piano solo by Judy Kay Slaughter of Cisco; A skit "Birds" by Shirley Fowler and Glenda Hughes of Cisco; "Stranger in Paradise," a solo by Joy Dunlap of Olden; and a piano solo, "Down Yonder" by Sue Stoker of Eastland.

The following acts were classified as Class B or Red Ribbon acts: As Far As I'm Concerned" by Billy Ray, Rose, and Gene Larks of Scranton; "I Know the Lord," a duet by Camille Lee and Carole Maymow of Cisco; A song by Robert and Ronnie Bostick; Luvada Luster and Sue Notgrass; "The Time is Spring" by Sheila and Laura Redden of Scranton; "The Tennessee Wig Walk," barn dance by Paula Lingle and Kay Hopper of Ranger and "Secret Love," solo by Robert Bell.

White Ribbons went to Sarah Jane Harrell of Scranton, who sang "Release Me"; Deeloris Cooper of Olden for her piano solo, "Tennessee Waltz"; a piano solo by Shirley Thurman of Eastland; "Skip-to-My-Lou" a piano solo by Camille Lee; A skit by Louise Yancey, Carol Sue Hall and Linda Sue Lewis of Desdemona; and "Seven Lonely Nights," a solo by Ruby Sagehorn of Rising Star.

J. D. Lauderdale of Cisco presented the ribbons on behalf of the First National Bank of Cisco, who furnished ribbons for the event. Don Jobe of Scranton acted as Master of Ceremonies and Bryan Swain and Mrs. Tom Joyce Cunningham of Breckenridge were the Judges.

Sgt. Tucker, who recently has completed a tour of duty with the U. S. Air Force in the Islands, will be stationed next with the 805th Air Base Group at Barksdale Air Force Base, La. In the military service since 1941, the sergeant saw his first Philippine

Death March Veteran and Family Of Nine On Way Home To Eastland

CLARK AFB (Spl.)—When the USNS "Barrett" anchors in San Francisco in the middle of April, it will mean homecoming day for an Eastland family of ten.

Arriving on the troopship from an almost two-year stay in the Philippines, are T-Sgt. and Mrs. Walter L. Tucker and their eight children.

Sgt. Tucker, who recently has completed a tour of duty with the U. S. Air Force in the Islands, will be stationed next with the 805th Air Base Group at Barksdale Air Force Base, La. In the military service since 1941, the sergeant saw his first Philippine

tour during the early days of the Pacific war and, upon the fall of Bataan was among the Fil-American troops on the infamous Death March. He spent more than three years in Japanese concentration camps both in the Philippines and Japan.

Until recently vehicle maintenance supervisor for the 6200th Motor Vehicle Squadron on Clark Air Force Base, 60 miles north of Manila, Sgt. Tucker is the son of Mr. Erie T. Tucker, 611 South Walnut St., of Eastland.

Mrs. Tucker the former Dorothy Dean Stedum, the children, Walter Jr., 7, Patrick, 3, Michael, 3, Carolyn, 9, Terrell, 11, Sylvia, 13, and Patricia, 14, joined the sergeant on Clark AFB in November 1952.

Charges Filed On Glenn Roach

Charges of burglary have been filed in Nolan County against Glenn Roach. Roach is in jail at Sweetwater under \$5,000 bond.

Roach's wife is in jail in Dallas under \$2,000 bond with the same charges.

Mr. and Mrs. Glen Roach were arrested in Ranger by members of the Ranger Police Department after receiving a call from Swamy's Pharmacy that the couple were attempting to shop-lift a clock in that establishment.

The Ranger Police Department turned the couple over to Texas Rangers and members of the Sheriff's Department of Nolan County.

Officers in Sweetwater reported that they have recovered part of the loot taken from the Bowen Drug Store of Abilene on the night of March 29.

Checks and papers were found Thursday buried on a dirt road south of U. S. Highway 80 near the Taylor-Nolan county line. Officers were led to the scene by Glenn Roach who admitted the robberies.

Also recovered were two diamond rings, a diamond stick pin and a diamond bracelet. The diamonds were recovered later Thursday in Roach's home in Dallas.

Still missing from a Sweetwater Drug store robbery are approximately \$1,000 in cash and a quantity of narcotics.

Roach and his wife are also charged with the robbery of Robinson Prescription Pharmacy in Abilene.

Final Rites For G. E. Franklin

George Edward Franklin passed away in Ranger April 11th, 1954. He was born March 11th, 1892 in Blanco County, Texas and had lived in Ranger since 1918.

Mr. Franklin was a team contractor in this city during the boom days. He was married to Jessie Mae Emsley October 27, 1912 in Mason County, Mo. Franklin was a member of the First Christian Church.

He is survived by his wife, two sons Harvey Franklin of Ranger and L. A. Franklin of Dallas; five daughters, Mrs. Alta James, Corpus Christi, Mrs. Pearl James, Corpus Christi, Mrs. Pastine Terry, Dallas, Mrs. Mildred Grant, Mineral Wells, and Ruby Hunkley of Ranger; two sisters, Mrs. Clella Davidson of Oran and Miss Annette Franklin of Fort Worth; three brothers, Raymond Franklin of Perron, Lonny Franklin of Ranger and M. E. Franklin of Fort Worth. Twenty-eight grandchildren and one great grandchild also survive.

ART, FOR CASH SAKES—Angelo Savelli, an Italian painter of modern art, scans a selection he'll be bringing to this country for exhibition. Savelli hopes that American critics will be more enthusiastic about his work than were some Italians, who admit they don't understand it. For those who must have a label, the painting at left is called, "Morning Glory."

Heavy Fines Paid, But... GRAVEYARD GOES WANTING AS MOTORISTS HAVE SAFE MONTH

Eastland County motorists can put a red feather in their caps according to a report from The Department of Public Safety.

Eastland and Throckmorton Counties have had no fatal accidents so far this year the report showed. In other counties in this area Jones County led the way with the largest amount of highway deaths with a total of six so far this year followed by Stephens and Taylor with four each. Callahan and Mitchell had two each and Fisher, Haskell, Nolan, Scurry, Shackelford and Stonewall Counties have had one death.

Excessive speed and intoxicants were cited by Highway Patrol officers as causing a majority of the deaths.

In the same vein 24 persons died in the quarter ending at midnight March 31 as compared to only seven highway fatalities in the same three month period last year. The sudden mania for motorcade has Captain G. L. Morahan and his patrolmen in the 13-county Abilene district ever searching for ways to cut down on the deaths.

Following the March carnage in the area they took stock. They found that 17 of the 24 deaths since January 1, occurred in 13 one car accidents. Six other persons were killed in 4 two-car accidents. One man died when his vehicle collided with a freight train. Arrests made last month on motorists who lived to tell the tale support their contention that speed and drinking are the predominant causes of the deaths.

In March patrolmen made 277 hazardous arrests. Speed led the fines with 174, driving while intoxicated was second with 20, improper passing was next with 47, fourth came 15 arrests for running a stop sign or signal, fifth was 12 with defective lights. The patrolmen made 101 non-hazardous arrests. Sixty-four of these were for driving without a valid license.

Out of the months arrests Eastland County rated fifth place in area counties. Total fines collected in this county was \$542.50.

BOBBY WILLIAMSON TO STAR AT JAMBOREE THURSDAY NITE

Pictured above is Bobby Williamson, star of the WFAA Shindig, of Dallas, who will be the main attraction at the Tri-County Jamboree this coming Thursday night. The show gets underway at 8 p.m.

Bobby hails from Kemp, Texas, but he now lives in Dallas. Last year before last he went to New York to appear on the NBC "Talent Search Country Style" show, and won hands down. He promptly received an offer from RCA Victor and signed a contract.

Actually, Bobby always wanted to be a big league baseball star, but found he wasn't physically big enough and turned to the entertainment field—with fortunate results.

He appears regularly on WFAA six days per week, from 11:45 to 12 noon on WFAA-820, and from 1:30 to 1:45 daily on WFAA-570. Bobby also has a regular 30 minute TV show on a Dallas station. His latest records include "Little Bit of This and Little Bit of That," "Yo Yo Heart" and "Steady Diet." He'll star on the Thursday night show, that drew over 1,000 people into Henry Pullman's Sportarena last Thursday night, along with Jimmy Key and his Timber Trail Riders, "Alfred Sneezeweed"—the West's funniest comic, who incidentally had 'em rolling in the aisles last Thursday.

The second big star head the bill for the evening is Ace Ball,

Legionnaires Hear Definition Of Communists

BRECKENRIDGE (Spl.)—Major Frank Nicklai, director of personnel at Walters Air Force Base told Legionnaires at the Annual Spring Convention of the 17th Congressional District held in Breckenridge Sunday, there are two types of Communists.

"There are Communists that spell their name with a small 'c' and there are those who use a capital 'C,'" Nicklai said. He said the Reds who spell their name with a small 'c' were originally a group which shared what they produce. The capital 'C' Communists are those "set on world domination."

Bill Samuels, a Mineral Wells High School student, spoke on "Why Did They Fight?" His talk dealt with the Korean conflict.

It was announced that the Fifth Division Convention would be held in Odessa in May. The 17th District (Continued on Page Six)

MOST OF AREA GETS OVER TWO INCHES OF RAIN

Heavy rain—that stuff Eastland county infants under five months of age hadn't ever seen before—covered the county and most of West Texas over the weekend, bringing smiles to the faces of all, and new hope to most.

The moisture was described as worth "hundreds of dollars" by farmers and dairymen in the area.

Gorman Gets Most

Gorman got almost four inches of rain, probably the heaviest amount recorded in the county. Carbon reported just over three inches. Eastland had 2.31, Cisco 3, Ranger 3 and Rising Star 3.25.

The rains were brought in by severe thunderstorms all the way from Wink to Dallas.

The rain hit every section of Eastland county, with most of the area getting at least two inches.

Jr. Hi Seniors Go To Ft. Worth

The members of the 1954 Eastland Junior High School graduating class went to Fort Worth Saturday for a visit to places of interest.

Several parents went with Mrs. H. H. Hardeman, class sponsor, O. R. Scott, the principal, Wayne Brock, coach, and Miss Opal Hearn, language - arts instructor. The buses left the high school promptly at 6:30. The first stop was at Chondor Garden, Weatherford. White Shadows, the gardens that were developed by Douglas Chondor, an internationally famous portrait painter, have been drawing crowds for the past sixteen years.

The next stop was at Forest Park, Ft. Worth. The boys and girls ate their lunches and enjoyed seeing the animals and playing games. From 1:00 to 2:00 p.m. the seniors visited the Children's Museum.

After a stop for ice cream, the buses rolled to a stop at Eastland High School at 5:30 p.m. Everybody was tired but happy.

WRESTLING FANS SEE CARLSON TAKE BOUT OUTSIDE OF RING

In the main event of the evening at Sportarena in Eastland Cowboy Carlson won the event on referee Bill Steddum's decision, before more than 650 fans. The arena was over half full despite heavy rain over the county.

In the first fall of the event Gibson entered the ring and in four minutes penned Carlson. Carlson returned in the second fall and with a body pen, won to tie it all up at one fall each.

The third and final fall ended out of the ring with a mad fist fight. Carlson jumped back into the ring amid cheers from hundreds and the referee raised his hand as the winner of the evening. He was at once congratulated in the ring by Chico Mendoza, Ranger football star.

The opener, a one round twenty minute event between Big Humphrey and Roy Graham was won by Humphrey. This is the second win for Humphrey in the arena. Last week he won the opener from Larry Hamilton, Big St. Louis.

Missouri heavyweight. The semi-final event ended in a draw. The popular Sugi Sito faced Henry Lenz in what proved to be an even match.

Next week's card will pit Cowboy Carlson against Roy Graham in the main event. Graham, who put on a poor show last night, says he can whip Eastland's favorite.

In the semi-final event, Ivan Kallalaikoff will meet Sugi and in the first match of the evening Henry Lenz will take on Dick Hutson.

Piggly Wiggly Open To Eight On Wednesdays

The local Piggly - Wiggly store will stay open until 8 p.m. on Wednesdays, it was announced today.

The new service was added for the customers' convenience, a Piggly Wiggly spokesman said.

Eastland Man Injured In Saturday Wreck

An Eastland man suffered several broken ribs and lacerations Saturday afternoon when the car he was driving collided with a pick-up truck between Eastland and Breckenridge.

Injured is H. L. Williams. He was rushed to the Eastland Memorial Hospital, where attendants said his condition was as well as could be expected.

Williams' late model Chevrolet collided with a pick-up truck, and both vehicles were badly damaged.

... can and does happen in the insurance business. Changes come often and are necessary, for they are the very essence of progress and improvement. Rates, for example, are constantly changing because conditions upon which they are based are one thing today, another tomorrow. The so-called Deductible applicable to some coverages serves to keep rates in balance and lower. The \$50.00 Deductible on windstorm and hail is an excellent buy if bought on time. But act now.

Clam Gets Some Scholarly Study

NEW BRUNSWICK, N. J. —

The life and well-being of the common clam is getting a lot of attention these days from work authorities on the subject.

Six years ago, Rutgers University employed three top scientific minds to study the possibilities of establishing and operating a clam farm in southern New Jersey. The research team included Dr. Thurlow C. Nelson, professor of zoology and world authority on shellfish, and Drs. Melbourne R. Carriker and Harold H. Haskin.

They managed to come up with a lot of answers of some consequence to the economy of southern New Jersey, where clammers annually account for one-fifth of a 6,000,000 Atlantic Coast business.

The scientists found out that clams have feelings, too, being sensitive to such things as water temperature, amount of salt in the water, tidefall and tidal currents, air temperature, moon phases, barometric pressure and rainfall.

The university team learned that clam farming, using artificially-spawned and protected clam seed, would be a red-hot operation at first.

Curious enough, you have to fence in clams, Nelson said when this major problem is solved, clam farming will be just as practical and profitable as dairy farming.

It takes 40,000,000 wooden crosses a year to keep U. S. railroads operating.

JUNGLE-BRED "RINO" HIGHLIGHT OF AMERICA'S BIGGEST CIRCUS MENAGERIE COMING AFTERNOON ONLY, SUNDAY, APRIL 25TH

2nd Largest Circus Augments Its Traveling Zoo

With the recent addition of a 4 "pir", and only Kelly-Miller Circus ton hippopotamus, a gargantuan tapir, a jungle-bred rhinoceros, and a herd of giraffes, Kelly-Miller is the only circus now exhibiting that strange jungle creature "The Ta-

mals, the vast menagerie of the Kelly-Miller Circus has long lines of cages, dens, corrals and enclosures containing lions, tigers, polar bears, leopards, pumas, jaguars, chimpanzees, ostriches, laughing hyenas, kangaroos, the rarest of "the cat family" the black leopard, and many beautiful tropical birds.

Also many zebras, camels, Hamas, gnu, yak, antelope, zebu, and dozens of smaller animals too numerous for mention.

A special invitation has been given to children of all ages (from 6 to 60) especially the school students to visit the circus grounds at one o'clock the morning of Sunday, April 25th, to see the unloading, feeding, and watering of the many wild and strange beasts. This free treat is an opportunity for many persons to see a vast zoo within the very short distance of their own vicinity.

Women Making Bigger Impression

CLEVELAND, O. — Women's

feet are averaging a full size larger than 25 years ago, according to evidence brought out at the convention of the Ohio Chiropractors' Association.

Dr. Neil C. MacBane explained that this is part of the over-all development of the human race.

"People are taller than they used to be," Dr. MacBane said, "and

their feet are proportionately larger."

He also cited a point that many come as a shock to males: "Women are more sensible (today) about shoes."

"They no longer crowd their feet into small shoes as they used to do," he added. "The younger generations have permitted their feet to stretch to normal length."

However, Dr. MacBane warned against too much foot freedom and pointed particularly to "flat-ties" popular with teen-agers. No arch support, he said.

Drama Club To Give Program

"For He Had Great Possessions" by Dorothy Clark Wilson, will be presented Friday night, April 16, at 8:00 by the Young People's Drama Club of the First Baptist Church. This is a completely religious drama with an Easter message based on the story of "The Rich Young Ruler" as found in Luke 18:18-24. It will be presented in the Fellowship Hall at the First Baptist Church (downstairs of the main building) and everyone is invited. There will be no admission charge.

The characters are Monette Scott, Dale Rathel, Marcia Tugle, Doris Bowns, Mary Ann Garrett, James Blackman, Neal Edwards, Doug Crabtree, Doug Warren, Harold Armstrong, and Edith Allison, and Claudine Lasater will have charge of costuming.

The Young People's Drama Club is a new organization under the direction of J. B. Hicks and was organized with the aim of giving enlightenment of spiritual truths through drama. All of the work of staging, costuming, make up and sound effects are done by the members of the club.

Scott's Secrets

At this time of the year we are fashion and convention conscious. To the ladies luncheon in Brownwood an Eastlandite, Mrs. Robert Perkins, wore a brown and white checked silk dress. It was made with pleated skirt and belted with brown leather. Collar and cuffs were of white silk. She wore a beige leghorn shaped brimmed hat with brown grosgrain band and two roses on top of brim. Brown summer suede pumps had white heels and midguards.

Clubbing runs in her family. Her great grandmother, Rebecca Smoot, organized several clubs in Colorado City and her husband's mother, Mrs. Joseph M. Perkins, is past district and state president and is now trustee of the district to the state board.

SOCIETY

WSCS Meeting Hears Reports

Mrs. Frank Castleberry was the hostess for Thursday morning's meeting of the Women's Society of Christian Service of the Methodist Church at her home.

Mrs. Castleberry served coffee and cookies as the guest arrived from a table with a cut work cloth and silver appointments. Mrs. Jackson Oglesby poured. The center piece was an arrangement of multi-colored lilies in a silver container.

Mrs. James Horton announced the April 19th meeting will be at 7:00 p.m. in the church parlors. It will honor the business women of the club. Light refreshments will be served. Mrs. Turner Collier will be chairman of arrangements. April 19th is also visitation day. The ladies who will make calls will meet at the church at 3:00 p.m.

Mrs. Clyde Young and Mrs. A. E. Cushman reported on the 13th annual W.S.C.S. conference for Central Texas which was held at Corsicana on April 29th and 30th. Five hundred and twenty members and 235 delegates were present for the organ prelude which was followed at ten o'clock by the Holy Communion and meditation service.

The theme of the conference was "Sing Unto the Lord," Psalm 98. The conference song was "We've a Story to Tell to the Nations." The convention song was worked into conference in such a manner that the staff, the clergies, the sharp represented speakers for the W.S.C.S. missions, and Western Service Guild.

Mrs. Clyde Young reported Dr. Gaston Foote, minister of First Methodist Church of Fort Worth, pointed out in his speech "Three Ways to Worship God" are with indifference, vainness, and with wholehearted love of God. Dr. Hayden Edwards who has recently returned from Korea in his talk stated that Korea was the only place on God's earth where Protestant bells rang out at four o'clock in the morning for all the Protestants to worship.

Those present were Mmes. J. A. Doyle, A. E. Cushman, Clyde Young, Frank Crowell, J. A. Caton, Guy Quinn, Roy Stokes, O. M. White, Henry Van Geem, J. C. Oglesby, I. N. McCarty, Turner Collier, W. P. Leslie, Marguerite Welch, M. B. Tittsworth, James Horton, Cecil Collins, Cyrus Frost Sr., Wayne Castleberry, L. C. Brown and Frank Castleberry.

Mrs. W. P. Leslie gave the closing prayer.

Mrs. L. G. Talley, niece of Mrs. R. L. Carpenter, and her daughter, Myrna Gean of Big Spring, spent the week-end in the Carpenter home in Eastland.

Table Settings Will Be Theme Of League Talk

Mrs. W. R. Hughes of Dallas will be the guest speaker for the Civic League and Garden Club's program, Wednesday, April 14th, 3:00 p.m., at the club house.

Mrs. Hughes, through the courtesy of A. Harris and Company, is bringing china, silver, linens, and possibly some dry-flower arrangements for use in her talk. She is associated with the china and gift department.

Mrs. Horace Horton, the president, invites all ladies who are interested in this type of program to come and enjoy this unusual opportunity to learn about arrangements and table settings.

Mrs. F. W. Graham is chairman of the tea committee.

Methodist Take In 42 Members

In the Palm Sunday service at the Methodist Church, 42 new members were received, six by certificate or transfer and 36 by profession of faith, according to Rev. Jackson Oglesby. Of this number, 29 were boys and girls who have been in a church membership training class conducted from March 29th to April 9th by the pastor. The 13 adults who were received were parents of the boys and girls in the class.

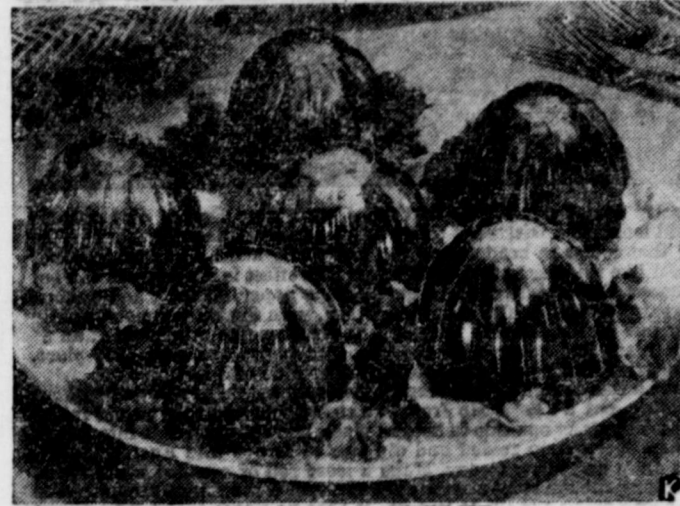

Past Matrons Will Meet

The Past Matrons of the Eastern Star will meet with Mrs. Dave Fiensy, Thursday evening at her home, 402 South Mulberry.

For Spring — A Salad Dessert

Here is a Spring luncheon to satisfy the urge to create something special for guests or your own dear ones.

Prepare your favorite casserole in advance. Then, serve this shimmering Lime Apricot Surprise—a salad and dessert in one. Cream cheese and pecan halves, added to fruity lime-flavored gelatin with apricots, make a delicious climax to the meal. This is made in advance so at meal time simply unmold and garnish. A bowl of mayonnaise, crisp hot rolls and a beverage complete the meal.

LIME APRICOT SURPRISE

1 package lime-flavored gelatin
1 cup hot water
1 cup cold water
1 package (3 ounces) cream cheese
6 drained canned apricot halves
Pecan halves
Dissolve gelatin in hot water. Add cold water. Chill until slightly thickened. Shape cheese into 6 balls. Place in bottom of 6 individual molds. Top with apricots, cut side down. Arrange 2 or 3 pecan halves around side of mold. Fill molds with slightly thickened gelatin. Chill until firm. Unmold on salad greens. Serve with mayonnaise. Makes 6 servings.

Mobilgas Run Winners Named

Toughest gasoline mileage test of them all, the 1954 Mobilgas Economy Run from Los Angeles to Sun Valley, was won Thursday by a Studebaker Land Cruiser, driven by Dick Griffith of Temple City, Calif. The four-door sedan with standard transmission and overdrive covered the rugged 1,335 mile course to become sweepstakes winner with a record average of 28.1 miles per gallon or 60.8 ton miles per gallon.

Twenty stock 1954 model cars representing 13 different makes left Los Angeles Monday, maneuvering the three-day course to San Francisco through the High Sierras to Nevada and on to Sun Valley to average 21.8 miles per gallon. An average speed of forty-one miles per hour was maintained by all cars during thirty-three hours actual driving time. During the run they encountered light rain, sleet and a howling blizzard.

Mrs. Freda Nash reports that J. C. Burke, a patient in the Brackenridge Hospital, Room 232, Austin, Texas, is doing nicely and is enjoying his cards from Eastland friends.

Gas Modernizes County Homes

Liquefied petroleum, sometimes called bottled gas, has been a big factor in the modernization of a majority of Eastland County's 8,000 homes in the past five years.

A study by the Gas Appliance Manufacturers Association shows that the high-heat fuel has pushed many wood-burning cookstoves and kerosene heaters into obscurity and has helped homemakers here take advantage of modern automatic equipment for kitchens, laundries and comfort heating.

In fact, GAMA says, 22 per cent of the homes in this county do not receive utility gas and most of them rely on bottled gas for appliance operation.

Since 1949 domestic use of this fuel has risen more than 40 per cent, and during the same period, GAMA points out, "the farm kitchen revolution has been at its height with the result that rural homes generally are more completely equipped with modern work-saving appliances than city dwellings."

County appliance dealers say sales in recent years indicate a local tendency to buy top-quality appliances incorporating up-to-date controls, modern insulation, easy-to-clean parts and other improvements that eliminate chores and help convert the kitchen and basement into living area as well as improved work space.

Specially favored by local householders, the trade groups says, are new gas ranges with single-point ignition for both oven and top

burners, more accessible broilers, simmer burners, ovenheat regulators cooking-time controls and double ovens; 30- to 70-gallon water heaters with dial adjustment of correct water temperatures for bathing, laundering, dish washing and housecleaning; compact furnaces for central heating, wall- and floor-furnaces for space heating, and small units for individual room heating.

Manufacturers of gas clothes dryers report public interest here in this comparatively new member of the gas appliance "family" which eliminates the clothesline routine and saves laundry damage from frost, dust and wind-lashing. Non-farm rural homes also have taken kindly to the high-speed gas incinerator as an answer to garbage and trash disposal problems.

Robert Vaughan of Robert Lee was a business visitor in Eastland Monday.

A PHILLIPS EXCLUSIVE—the super aviation gasoline component Di-isopropyl (pronounced di-iso-pro-pull) now available to you in

PHILLIPS 66
Flite-Fuel
FOR YOUR CAR

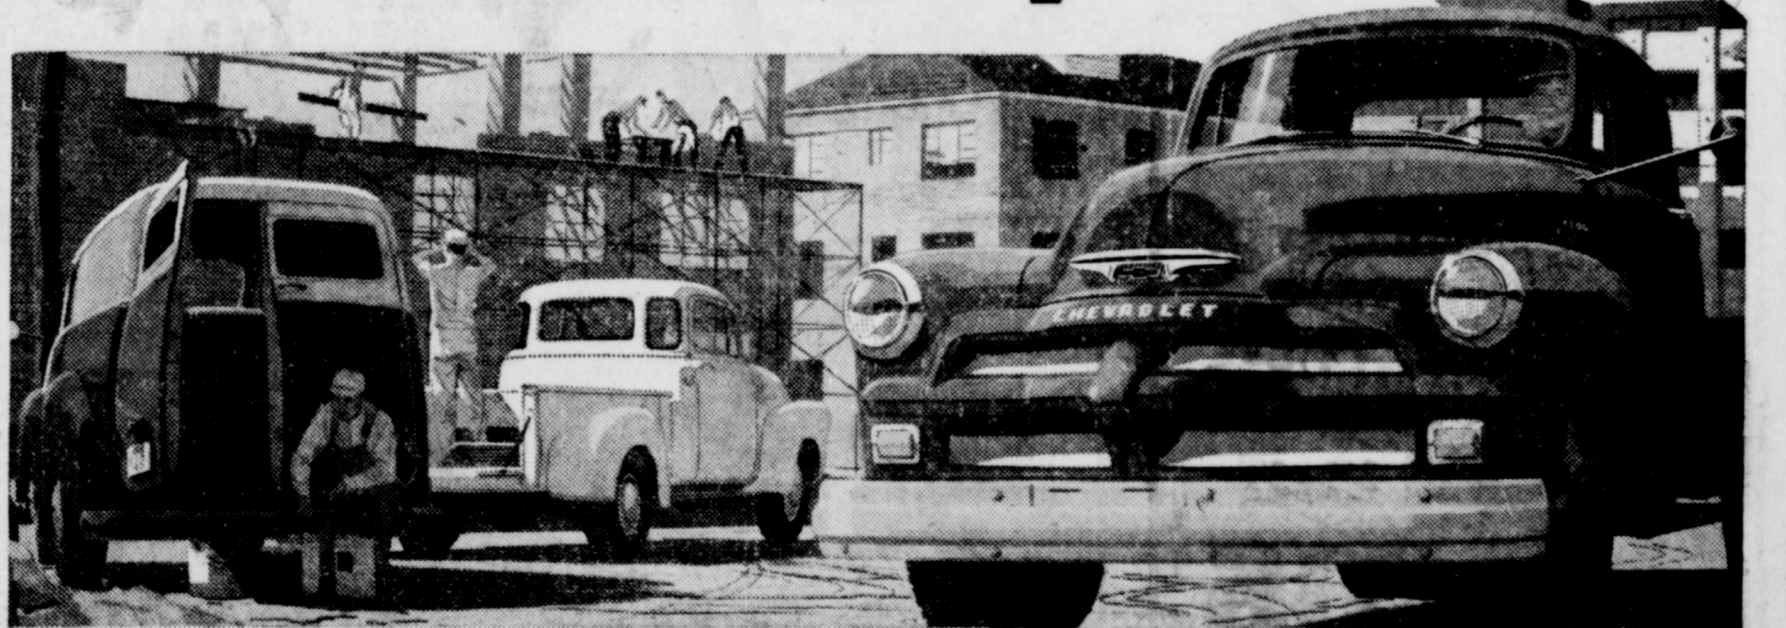

Phillips 66 FLITE-FUEL is a new, smoother, more powerful gasoline made possible by the use of high performance aviation fuel components.

Phillips originated Di-isopropyl and HF Alkylate—so valuable to smooth motor performance that, until recently, their use was restricted by the U. S. Government to high performance aviation gasoline. Now military authorities have released these restrictions, and Phillips can give their customers the benefits. New Phillips 66 FLITE-FUEL provides increased power, smoother acceleration, higher anti-knock performance, greater fuel economy and freedom from stalling, along with Phillips 66 Controlled Volatility and the clean burning qualities for which Phillips 66 Gasoline is famous.

Only Phillips 66 FLITE-FUEL contains Di-isopropyl. Get this powerful new gasoline today at stations where you see the orange and black Phillips 66 Shield.

PHILLIPS PETROLEUM COMPANY

New strength and stamina! Lower upkeep costs!

New Chevrolet Trucks...

do more work per day . . . more work per dollar!

You save hours on the road. Thanks to new high-compression engine power, you can maintain faster schedules without driving at higher maximum road speeds. Increased acceleration and hill-climbing ability let you save time where it counts.

You save time on deliveries. With new truck Hydra-Matic transmission, you save valuable time at every delivery stop. And you can forget about clutching and shifting for good! It's optional at extra cost on 1/2-, 3/4- and 1-ton Chevrolet trucks.

You save extra trips. That's because of the extra load space you get in the new Advance-Design bodies. New pickup bodies are deeper . . . new stake and platform bodies are wider and longer. Also, they're set lower to make loading easier.

You save with lower upkeep, too. Extra chassis strength saves you money on maintenance. For example, there are heavier axle shafts in two-ton models . . . bigger clutches in light- and heavy-duty models . . . stronger frames in all models.

You save on operating costs. High-compression power saves you money every mile! The "Thrifmaster 235" engine, the "Loadmaster 235" and the "Jobmaster 261" (optional on 2-ton models at extra cost) deliver increased operating economy.

And your savings start the day you buy. In fact, they start with the low price you pay—and continue over the miles. Chevrolet is America's lowest-priced line of trucks. And it's also the truck that has a traditionally higher trade-in value.

Bathroom Art

IF YOU ARE TIRED of your drab bathroom, add a beautiful decalcomania. There are birds, flowers, clowns, nursery rhyme characters, giant leaves, also wood and marble effects. Easy to put on? Yes, douse them in water, remove the backing and presto—they look as though they have been painted. Match them with towels, shower curtains or other accessories, and you have a bathroom that expresses your taste and artistry. Decals can also be put on wastebaskets, playpens, furniture, chests of drawers, venetian blinds and cabinets. A new decal "blotter" removes old decals in a jiffy.

WEST WARD SCHOOL NEWS

YVONNE GREEN
Telegram School Reporter

West Ward sent 71 writing papers from the third, fourth and fifth grade to the National Board of Examiners at Kissimmee, Fla., and received 54 seals of acceptance penmanship certificates and 17 national improvement certificates from the Board. Seventeen drawings were entered and 17 national art certificates were received.

I am having a touch of Spring Fever, so let's don't talk about the news now. It just occurred to me this past week, we never take time out to say thanks to our School Board, Supt. W. G. Womack, our principals, our teachers, our janitors or our cooks. Let's see did I leave anyone out. I surely don't want to. Oh yes, the tax payers — wouldn't want to forget them.

Anyway, we want to say thanks to you all for your part in our education. Teachers are intrusted with us many hours a day. We are indeed grateful our School Board is careful in the type of teachers we are under.

Our teachers lives influence our lives greatly. What we see them do, we think is right. Where we see them go, we think is right.

So thanks to all for the time you give to us.

Easter Bunny Rides Again

Pretty and Spring-like—that's the way your Easter dinner table should look! And with easy-to-get crepe paper and laundry bluing (the kind that comes in bead form) you can easily make a gay crepe paper chair like this for your Easter eggs! The effect is different as can be! Wagon: Cut a strip of light green crepe paper 12" x 12", and against the grain. Stretch it full length. . . then, with fingertips, pinch lightly every few inches. Smooth out slightly. Brush paste over back of an 8" paper plate and cover with the prepared paper, pressing into place. Paste extending edges of paper on other side of plate. Take a fold of light green crepe paper, just as you buy it, and without unfolding, cut a 2 1/2" strip from one end. Open, and then refold into 8 layers. Pin along one side to hold in place, and cut other side into fringe 2" deep. Keep strip folded and dip tips of fringe into Easter Blue*. Open strip and allow to dry. Make a loose roll of crushed white tissue paper long enough to go around edge of plate. Wrap fringe around tissue roll, overlapping closely as you go, so that no tissue shows, and fringe is full. Paste so that a circle is formed all around edge of plate. Wheels: Cut two 11" x 1/2" strips of cardboard. Paste together, leaving about 1" unpasted at both ends. Bend these ends in opposite directions for tabs. Cut two 4" circles of cardboard and cover both sides with light green crepe paper. Bind rims of wheels with 1" wide strip of light green crepe paper, which has been cut crosswise of the paper fold. . . stretching paper and pasting as you go around. Paste tabs to wheels and paste strip underneath plate. Trimming for Wheel: Cut a strip of orchid crepe paper 1 1/2" wide and across grain of paper. Fold in half lengthwise and twist, pasting to edge of wheel as you twist. Repeat the twist around center of wheel with orchid crepe paper, and put a tiny twist in center of each wheel. *Easter Blue: Mix to a creamy consistency 1 cup bead-form laundry bluing with a quarter cup of water. Buy Easter bunny and chick cutouts to complete the decoration.

Solution for Narrow Room

A long, narrow room can be arranged effectively for two sisters or brothers by placing twin beds against one wall as shown here. Beds consist of mattresses and bedsprings set in steel frames which are slipcovered in sturdy fabric and lined with bolsters. In accordance with doctors' recommendations, bedding is firm to provide proper foundation for growing children. Color scheme is yellow, brown and white.

Chevrolet To Okay Factory Pick-up Plan

DETROIT (Sp.)—For the first time since pre-war, Chevrolet customers are taking deliveries on new cars at the Flint, Mich., factory.

Resumption of this popular customer service offers freight savings and a chance to combine car purchase with a vacation trip. Now limited to certain sections of the U.S., the service will be extended gradually to the entire nation, E. L. Harrig, national service and mechanical manager said. A monthly volume of 1,000 to 1,500 cars is anticipated when the department is in full operation.

A special booklet containing detailed instruction on taking car deliveries will be given to customers coming to Flint. It describes Chevrolet's Flint operations and offers tourist information on the city.

Formerly an assembly plant for the Chevrolet Corvair sports car, the customer delivery building is located adjacent to the assembly

plant. A comfortable lounge room in ultra-modern appointments has been outfitted for the customer and plant tours may be arranged.

Steps in using the customer delivery service, Harrig said, are:

1. Place an order with a local authorized Chevrolet dealer, specifying model, color, equipment, accessories and delivery date. Arrange also for title and license.
2. Chevrolet confirms delivery date by letter to dealer and customer.
3. Customer receives instruction booklet and arranges transportation to Flint.
4. Customer picks up new Chevrolet at Flint, serviced, complete with accessories and ready for the trip home.

Designed to correct more engine troubles than any other Gasoline!

YOU CAN IMPROVE THE PERFORMANCE OF YOUR CAR REGARDLESS OF AGE OR MAKE!

Now, for the first time, a gasoline is truly Double-Powered—combines the power and performance of both modern high-octane refining and advanced additive chemistry...

It's New Mobilgas Special—designed to keep high compression engines at peak performance longer and correct more engine troubles than any other gasoline!

New Mobilgas Special is unsurpassed for knock-free power under all driving conditions.

An exclusive new additive formula—Mobil Power Compound—works to end power-wasting "ping" and "rumble"... relieve spark plug fouling... control stalling due to icing... free engine parts of sticky gum that wastes power and gas.

There's a new refinery blend, too... that helps end fuel starvation on hot days (vapor lock)... assures instant starts on cold days!

Don't miss it. Try New Mobilgas Special.

There's a Tune-up in Every Tankful!

State Rooms On Aircraft Now

The largest and most completely appointed staterooms in air service have been introduced on daily flights across the Atlantic by Pan American World Airways, it was announced today by Willis G. Lipscomb, vice president Traffic and Sales.

Styled by Henry Dreyfuss, the President Staterooms take their name from the luxurious Presidential service operated between New York and Paris, Rome, London, Frankfurt and Beirut on double-deck "Strato" Clippers.

The President staterooms are offered in response to a demand for complete privacy by celebrities, business men who use travel time for conferences, families traveling with children and others, Mr. Lipscomb said.

MECHANICAL MOTHER—A prematurely born infant is placed in a portable, British-designed "mechanical mother," which is said to closely reproduce the conditions existing in a mother's body. The device is extensively used in England and is being distributed to other countries.

part of the equipment.

Features of the staterooms include fully reclining lounge chairs with the large footrests characteristic of Sleepette accommodations, as well as a leather-covered

divan, a private clothes closet, a large removable table and room for storage of overnight baggage.

Special insulation in the walls and floor-to-ceiling heavy drapery across the entrance to the room

ensure quiet and privacy. At night the room provides a lower and upper berth.

During the day and evening, President stateroom passengers have special privileges. They have a choice of menus and may have their meals served at any time. New chinaware service is specially designed by Raymond Loewy. Special beverage service and additional snack service are also available. At departure and at enroute stops passengers may board the plane ahead of the other travelers, if they desire.

Surcharge for the stateroom is \$125. It will be available for single occupancy when two full first-class fares are paid.

Homer Lawrence underwent surgery early last Thursday morning at the Ranger General Hospital.

WILD TURKEY IN EAST TEXAS FACES TEST OF SURVIVAL

PALESTINE — The Biologist for the Gus Engeling Wildlife Management Area said 1954 will be a crisis year for wild turkeys transplanted in Anderson and Henderson Counties in East Texas, particularly within the management area.

He reported that only "about a dozen" wild turkeys remain of as many as one hundred of the big game birds that ranged the refuge in the winter of 1951-52. The original stock in this area, as brought here from South Texas, comprised sixty-eight hens and sixty gobblers released over 60,000 acres in Anderson and Henderson Counties.

The Biologist explained that the Engeling project status paralleled the wild turkey restocking failures encountered in East Texas during the last ten years. He said cause of the negative results has not been definitely determined but contended that predation or illegal harvest were not primary factors. He said technicians still are trying to determine the actual reason but meanwhile suspect that the drought, worst in the area within fifty years, was the primary drawback.

"We have not raised any young turkeys for two years," said the Biologist. "We are inclined to blame the drought, since it upsets so many conditions including the food supply. All ground nesting birds require a certain amount of moisture for hatching their eggs. It is likely that the hot sun kept the moisture in the sandy soil below the minimum required."

The Biologist said the ten thousand acre Engeling project, in the face of the bad turkey luck, now provides an ideal setting "to try to pin down the problem."

Here's the most luxurious Mercury ever built. You get a transparent top, exclusive Sun Valley colors and interiors, new ball-joint suspension, and an entirely new 161-hp V-8 engine.

Never before has a Mercury been so new and exciting. The specially molded transparent plastic roof is tinted a soft, cool green to reduce the glare...yet leaves you with the wide-open feeling of a convertible. The special Sun Valley interiors are exclusively styled—found in no other car in America.

Under the hood is Mercury's entirely new 161-hp V-8. You get instant reserve power,

automatically, thanks to a new four-barrel carburetor with the two rear barrels vacuum-controlled to operate when needed.

Up front, there's Mercury's revolutionary ball-joint front suspension...every turn is easier, smoother.

Come in and take a trial drive in a 1954 Mercury Sun Valley. Talk things over. Let us show you how easy it is to own.
