1969 Upland Cotton Program Announced

Several provisions of the 1969 Upland Cotton Program are being announced this week by Edward B. Roach, vice-chairman of the Mitchell County Agricultural Stabilization Conservation Committee.

Concerning lease and sale of allotments, Roach said: "Final date for transfer of cotton allotments is Dec. 31, 1968. Mitchell County farmers may transfer allotment acreage from one farm to another within the county and between farms within the State, owned or controlled by the same owner. Allotments may be transferred into this county by sale or lease from other counties in the State where growers voted to permit such transfers."

Of projected yields, Roach said, "A projected yield of 545 lbs. per acre has been established for the 1969 crop. The yield is the same as that for 1968. County yields are not known at this time."

Resident of Carter, Okla., she had been visiting in the home of her son, Clarence Cain, at Lorraine for three weeks.

Wolves Face Slaton Here

Coach Truman Nix soaked his ulcers with another load of Maalox and milk Wednesday while figuring how to shift his line-up to cover any more holes.

The holes, of course, are those gaps being caused by new and repeated injuries in the 3-AAA District marathon of 10 district contests without a letup.

His ulcer ache eased slightly with the news that Randy Parker only previously uninjured, "swelling" back was okay and ready for Friday night's homecoming encounter here with Slaton.

The big back's hand had been

Referendum will be held by mail Dec. 2, to determine whether farmers approve marriage.

Ponder Funeral

Mrs. Ellie Blanche Ponder, 84, died Saturday night in Root Memorial Hospital after a long illness.

Born Sept. 14, 1884 at Corn Hill she was married to W. B. Ponder May 16, 1903, at Corn Hill. The couple lived at Capps for 40 years before moving to Colorado City in 1950. Mr. Ponder died in June of this year.

Funeral service was held in Calvary Baptist Church at 10 a.m. Monday with the pastor, Rev. Jimmy Law, assisted by Rev. Neil Rogers, former pastor now of Sweetwater. Mrs. Ponder was a member of Calvary Baptist Church.

Burial was in Colorado City cemetery with Kiker & Son Funeral Home in charge. Nephews were pall bearers.

Survivors are one daughter, Mrs. Bill B. Brown of Dallas; two sisters, Mrs. Velma Robinson of Abilene, and Mrs. Newt Lindsey of Dallas; four brothers, R. Y. Buchanan of Merkel, Jim Buchanan of Plainview, G. D. Buchanan of Dallas, and Elmer Buchanan of Buzbee, Ariz.; two grandchildren.

In a cast following the Sweetwater defeat last week. But new exams this week revealed no serious injury, the cast came off and the offensive-defensive standstill was ready for full duty.

That doesn't mean all is A-O-K in the backfield. Fullback Mike Maines, of course, is out for the season and so is Al Guerrero, the little guy who was backup man at both quarterback and slotback in addition to a starter on defense.

Big question mark is Allie Dan Steakley, who has been trying gamely to play in SEE WOLVES

Six Voting Precincts In County Record Absentee Vote

Absentee voting here is setting a new all-time high record, according to the office of Gilbert Leach, county clerk.

As of Wednesday morning, 96 absentee ballots have been mailed by the clerk's staff. Twenty-seven of that total have already been returned.

In addition to the 96 ballots mailed, 51 citizens have gone to the courthouse to vote by absentee ballot in person.

The figure indicates that voting in Mitchell County, Tuesday, Nov. 5, will be exceptionally heavy.

Six ballot boxes in Mitchell County will be open from 8 a.m. Tuesday until 7 p.m. for General Election Day.

Voting precinct number 1, here in Colorado City, will vote at the courthouse. R. B. Baker and O. B. Trulock, Jr. are election judges with Lawrence Ruddick and George Witten named as alternate judges.

Also here in Colorado City is voting precinct number 8 box,

located at Civic House. H. E. (Gene) Parker has been named election judge by County Judge Elmer Martin with Wayne Griffin as alternate. Citizens at Spade will cast their ballots in Civic House, voting precinct 8.

At Westbrook, voting precinct number 2 is to be located at the Westbrook agriculture building. Election judge is Pent Hines. Willie Bell is alternate.

Lorraine, voting precinct 7, will vote at the Lorraine agriculture building. C. L. LeFevre will serve as election judge, Frank Crowmover as alternate.

Bufo Community citizens, voting precinct 10, will again cast ballots at the Log Cabin on Bufo, Methodist Church grounds, with T. T. Smith as election judge and Jim Bodine as his alternate.

Fairview Church in Fairview Community is location for voting precinct 5 box. Mrs. J. C. Womack is election judge and Mrs. R. E. McMillan is alternate.

Voting in the 1968 General (Presidential) Election will be by the marking of X in the small box on each ballot by each candidate's name.

Citizens are reminded by election judges that marking an X in the little box means you are voting FOR that candidate. Striking through candidates opposed is not necessary.

To vote a "straight party"

ticket it is necessary only to mark an X in the box at the top of each ballot, endorsing all candidates of the voter's chosen party.

Voters who want to vote a "split ticket" are warned not to mark any box on the top line (the party boxes) but will mark, instead, an X in the boxes at the side of the individual candidates they want to vote FOR.

The 14 amendments on the ballot will each have a "For" box and an "Against" box beside them.

Absentee box has J. S. Craddock Sr. as election judge and Bob Rely as alternate. Friday, Nov. 1, is deadline for applying for an absentee ballot. Deadline for returning the absentee ballot is 12 noon Tuesday, Nov. 5, General Election Day.

Nominated as Homecoming Queen candidates are Mary Lou Wilkerson, Christy Shubiefield, Cindy Waldrup, Debbie Hendrix, and Vickie Cotton, all senior students.

Steve Kennedy and Jim Wilkerson will be attendants for

the coronation ceremonies.

The Queen and the Court of Princesses will be escorted by their fathers.

Serving as chairman for Homecoming activities is Stanley Shaw, vice president of the CHS Student Council.

Homecoming dance will be staged in the gymnasium after the football game. Dance music will be by a combo, Just Sump'n Else.

Ex-students Association will host an informal reception in the cafeteria, also following the game.

Don DeLaney, chairman, has issued an invitation to all graduates and former students to attend the party.

Osborne To Talk

Women of First Presbyterian Church will be hosts for World Community Day here at 10 a.m. Friday, Nov. 1.

World Community Day is one of four meetings held each year by the Council of Church Women in Colorado City.

Highlight of the program Friday (tomorrow) will be an address by Richard Osborne, executive director of the Community Action Program in Taylor County.

Community Action Program, one area of the Office of Economic Opportunity, is designed to help set up neighborhood centers in which underprivileged and poverty-stricken people are given an opportunity to participate in many areas of learning. Osborne recently told Colorado City Jaycees.

He is also scheduled to address the Colorado City Noon Lions Club.

Women of the community are invited to hear him Friday morning concerning this area of possible service to the community.

There will be a question and answer session after Osborne's address.

Business meeting and election of officers for the Council of Church Women will follow.

Council Drops Project On Building

In a special session at city hall Monday night, Colorado City Council heard recommendations from the Historical Museum board that all bids on a proposed remodeling project be rejected by the city.

Under consideration for a number of months, the remodeling project involved a two-phase complete renovation of the old Cassie Roney rooming house as permanent site for Colorado City Historical Museum.

Originally known here as "The old opera house," the structure, just north of the post office, belongs to the city.

First phase of the building project was expected to cost about \$23,000.

City councilmen on Oct. 14, postponed action after having

advertized for bids and receiving three bids. Bids ranged from a high of \$33,658 to a low of \$27,449.

Museum board, headed by J. Ralph Lee, then reported that a projected cost of \$60,000 for both phases of the remodeling was not financially feasible, since the cost was more than the cost of a new building.

The board recommended, instead, that the city seek to acquire ownership of the American Legion building at the corner of 3rd and Chestnut Sts.

Colorado City Historical Museum has been renting the Legion Hut for several years. Council voted to reject bids on the old rooming house project and to discontinue consideration of the building as a museum site.

Seven Numbers In Effect Here Sunday

Telephone numbers with seven numbers instead of the familiar two letters and five digits will be official in Colorado City at 12:01 a.m. Sunday, November 3.

The seven-digit numbers are part of the nation-wide conversion to All Number Calling, said Gary Stevens, manager for Southwestern Bell Telephone Company.

The prefix Randolph 8 will change to 728, which is in the same location on the dial.

In most cases the last four digits of each telephone number will remain unchanged.

However, it will be necessary to change numbers between RA 8-4000 to RA 8-4999 to the corresponding number in the 728-5000 series. For example, RA 8-4999 will become 728-5999, said Stevens.

New telephone directories containing all the number changes are now being delivered.

Also in effect beginning Sunday will be free calls to and from Lorraine.

Lorraine numbers are listed in the new directory.

Second Lieutenant Ernest A. Clendennen, 23, whose parents, Mr. and Mrs. Ernest A. Clendennen, and wife, Aaron, live in Silver, completed an officer basic course at the Army Armor School, Ft. Knox, Ky.

The nine-week course covers branch training in armor for newly commissioned officers with special emphasis on duties of a tank platoon leader.

Lt. Clendennen received his commission through the Reserve Officers' Training Corps program at Hardin-Simmons University, Abilene, where he received his B. S. degree this year.

The Ref Makes A Stand

An official, making like the Statue of Liberty, towers over C-City's Dan Steakley (No. 22) as he was re-injured Friday night in the Wolves' loss to Sweetwater. Mustang Quarterback Aubrey McCain, number 15, on his back made the tackle. Hardee, number 81, Mustang end, and Kent Boatright, end wearing the number 88 jersey, were also after Steakley. Wolves went down to Sweetwater in Mustang stadium, Friday. Colorado High plays Slaton here Friday night.

Lee Son Joe Don Succumbs

Joe Don Lee, 10-year-old son of Mr. and Mrs. George M. Lee of Lorraine, died at 1:30 a.m. Sunday in Hendrick Memorial Hospital at Abilene where he had been a patient for 15 days.

He was born in Colorado City May 28, 1958, and was a fifth grade pupil in Lorraine Elementary School. He was a member of First Baptist Church at Lorraine.

Funeral services were conducted in First Baptist Church, Lorraine, at 3 p.m. Monday with the pastor, Rev. Clarence Minton as officiant.

Burial was in Lorraine Cemetery directed by Kiker & Son Funeral Home.

Survivors are his parents; four brothers, George M. Lee, Jr., James Robert, Jay, and John Lee, all of the home; his paternal grandmother Mrs. Flossie Carlisle of Colorado City; and his maternal grandfather, E. L. Prewitt of Stroud, Okla.

Grazing Hazard After Frost Says Agent

"Whether we like it or not, frost and freezing weather are just around the corner. The change in weather will affect plant growth," said Bobby Lemons, Mitchell County Agriculture Agent, this week.

"When the growth of all members of the Sorghum family, including Johnsongrass, sudan, milo, forage sorghums and all hybrids, is stopped by frost, they sometimes develop a high prussic acid content and become a hazard to grazing livestock," Lemons added.

Certain chemical changes occur in the frost-wilted plants, and are responsible for the prussic acid development, explains the county agent. The poison acts quickly and can kill an animal within a very short time after the damaged plant is eaten. Whether a poisoned animal can be saved depends upon how soon a veterinarian can get to it, says Lemons.

Frosted Johnsongrass or sorghum should not be grazed until the damaged plants are as dry as good quality hay or for at least a week after the frost, warns the county agent. If it is ready to cut for hay before the frost, it may be cut immediately provided adequate curing time is allowed. Silage made from frost-damaged plants is safe as soon as the ensiling process is complete.

Young plants or second growth suckers are more likely to cause trouble than older plants nearing maturity, explains Lemons.

The more luxuriant the growth, the more likely the plants will be dangerous when their growth is interrupted.

Additional information is available from veterinarians and county agents on questions relating to the grazing and/or harvesting and storing of frost wilted plants, he added.

Crop Estimate Forms To Be Mailed

Information supplied by some 35,000 Texas farmers and ranchers will become the basis for the official crop production estimates for each county and the state.

County Agent Bobby Lemons said a representative number of farmers and ranchers in Mitchell County will be among the 35,000 in Texas receiving the questionnaire from State Statistician Cary Palmer of the Texas Crop and Livestock Reporting Service in Austin. The questionnaire will be mailed during the last half of October.

Accurate estimates are of great importance to producers

in planning their production and marketing, farm program participation and also for providing an unbiased picture of Texas agriculture, emphasized Lemons.

The program of estimates for each county is provided by the Texas Legislature. Since Texas covers such a wide area and has great diversification of production, state totals alone do not provide adequate information on our most basic industry, Agriculture, the county explained.

This is a joint project, he said, between the Texas Department of Agriculture and the Statisti-

cal Reporting Service of the United States Department of Agriculture.

Because of the importance of the program, the county agent urges every producer in the

county who receives a questionnaire from the Crop and Livestock Reporting Service to fill it out completely for his farm or ranch and return it to the Austin office of the Reporting Service.

1949 Study Club Elects Mrs. McKay Vice President

Mrs. Fred McKay was elected vice president of 1949 Study Club Oct. 21 during an evening meeting in the home of Mrs. Joe Weaver.

During the same meeting Mrs. Doug Chitsey was named publicity chairman.

The pair complete a slate of officers for the current club season which includes Mrs. Truman Nix, president; Mrs. Mrs. Chitsey, recording secretary; Mrs. Dell Riley, corresponding secretary; Mrs. Howard Bynum, treasurer; Mrs. Weaver, parliamentarian, and Mrs. Gwan Strange, historian-librarian.

Club members voted to host a halloween party for Janette Brooks' special education class at Hutchinson School.

Mrs. Don Adair and Mrs. Weaver will serve refreshments at the party. Mrs. H. Jene Steakley and Mrs. Trevlyn Kelley will prepare refreshments.

Following the business session Mrs. Kelley talked about "The Great Decision, I Voted, Did You?"

"The great decision will be ours when we choose our particular candidates and issues in the upcoming national election Nov. 5 and the answer to the question, 'I voted, did you?' should be affirmative for each of us," Mrs. Kelley began.

"Voting goes on throughout the United States all year long," she continued, "but I suppose the election which holds most interest for everyone is the one held only once every four years - the day on which national elections for presidential electors take place.

The right to vote is an individual's most powerful weapon in the protection of his rights and freedoms, a weapon that can be effective when wisely used, Mrs. Kelley explained.

"This year Texas voters will need to exercise special care at the election, lest they ruin their ballot," the speaker suggested, "because the ballots will be confusing to many unless the

instructions are read very carefully.

"If the voter marks incorrectly in any way, his ballot will be voided and it cannot be counted."

Exporting the CO-OP Idea

The first electric cooperative was energized in Texas in 1937. Now 31 years and 1,000 co-ops later, the idea may well become our most important export. Electric cooperative experts from Texas and other states are making regular trips to the orient, to the middle East and to South America to help the people of these lands organize a cooperative to provide their own electricity. And every co-op veteran who works this tour of duty in a distant land sees evidence of the early years in our own rural areas. But he sees a brighter picture, too. He sees the member-owned rural electric cooperative as a mature, dependable top notch electric utility that provides a low-cost efficient supply of electric power that is Helping Texas Grow. And he knows that the years ahead in all these lands will be brighter.

Recruits Sought By Safety Dept.

Patrolman Jim Mauldin announced today that the Texas Department of Public Safety is making a special effort to obtain qualified young men for the position of Patrolman with the Department.

Patrolman Mauldin said, "All men between the ages of 20 and 35 who are of sound physical condition, have at least a high school education or equivalent, have vision of not less than 20/40 and have high moral standards should contact any member of the Texas Department of Public Safety immediately."

Gift Ship Special

Tons of St. Nick's gifts will be going to members of the Armed Forces in Vietnam by special ship this year, thanks to a joint Pentagon-Post Office venture.

A fast U.S. cargo ship will be designated the "1968 SANTA CLAUS SPECIAL," sailing from Oakland, California, next month with Christmas parcels.

To meet the sailing deadline and assure pre-holiday delivery of gifts sent with surface postage, items should be mailed during the October 14 - November 9 period. They should be marked "SANTA CLAUS SPECIAL" just below the stamps.

The "SANTA CLAUS SPECIAL" will sail during the latter half of November and stop at Da Nang, Qui Nhon, Cam Ranh Bay and Saigon, Vietnam. It takes approximately three weeks for a fast ship to cross the ocean.

All gifts should be packed in strong containers with adequate cushioning and correctly addressed, including APO and FPO numbers.

There are several options available for mailing to the military which can save money. Post offices across the nation have free pamphlets which outline the mailing programs for servicemen and women overseas, said A.M. Morris, postmaster here.

Thinking Spiritually Your Hometown Minister Speaks

By Carl Oglesby
St. Luke Methodist Pastor

"You are the world's light—it is impossible to hide a town built on the top of a hill. Men do not light a lamp and put it under a bucket. They put it on a lampstand, and it gives light for everybody in the house."

In today's modern world there is talk that the world has grown suddenly smaller and we talk only in masses. The individual has suddenly been lost somewhere. And, we suddenly ask: "Did Jesus mean me when He said, 'You are the world's light?'" The answer is yes.

People are individuals and their light can shine in the world by the influence each of us possess. All of us possess influence, beginning with the very young to the very old, beginning with the weak and continuing in the strong. Our influence can be good or bad, how-

ever it can not be both at the same time.

What kind of influence do you have? Is it an influence that gives light and guidance for everybody that comes into contact with you? Or is it an influence that leads others astray and wrecks the others' life? Did you ever realize the power of influence over other people's lives?

We have been inspired by the words of different people in the Bible and we can say that they have definitely had an influence on us. We think of Moses, Jacob, Matthew, Paul, Peter, John and of Jesus. There are many others not named that have had an influence on us.

All of us, each individual, influences another by word, the manner of life that we live, the love that we have for our fellowman, the spirit in which we live from day to day, the faith and

trust that we have for our fellowman and the purity in which we live our lives.

Jesus said in Mt 5:13 "Ye are the salt of the earth; but if the salt have lost his savor, wherewith shall it be salted? it is thenceforth good for nothing, but to be cast out, and be trodden under the foot of men." He was speaking of influence.

Paul said in I Th 1:8: "For from you sounded out the word of the Lord not only in Macedonia and Achaia, but also in every place your faith to Godward is spread abroad; so that we need not to speak any thing." He was speaking of influence.

You can not lose influence. It lives long after we have gone. What kind of influence do you have? Is it a light to others or is it one of indifference and bad? "You are the world's light," and your influence means something.

CONVERSATION CORNER

THE SPOOKS are coming!

The spooks, the little ghosts, the witches, the goblins, the gypsies are haunting houses tonight.

Halloween is happiness to all the little folk. Halloween is a mask, the scarier the better.

Halloween is a costume. In a pinch an old pillow slip and a ragged sheet will do. Halloween is dress-up and play-like. Halloween is a PTA carnival all over the world. Halloween is a ball.

Halloween is trick or treat. And if you're no longer young enough to ring door bells after dark you'd best get set to answer the ring or the knock with a small treat.

'Cause "The goblins will get-cha if you don't watch out!"

HALLOWEEN is fun time for the very young. 'Course, let's face it, Halloween, like bubble gum, takes a youngster to enjoy it.

The heart of a child is a wonderfully resilient thing. In it there is room for such imaginative characters as the tooth fairy, the Easter rabbit, the Valentine box, Santa Claus... and always, always, Halloween when the spooks sashay, the witches walk, and the goblins gather goodies.

TRICK OR TREAT has come into favor since my own gay and irrepressible childhood.

"Back then," it was all trick and no treat except that provided at parties. Those parties usually featured bobbing for apples, edible decorations of peppermint stick candy, punch, devil's food cake, cheese balls shaped like miniature pumpkins... sandwiches, hot chocolate, maybe.

Fortified with such refreshments, what spook needed any more treats?

SO, the bigger kids used to settle for tricks—after eating up the party, naturally.

November 1 was by tradition set aside by all sensible grownups for sorting out the porch furniture stacked in the middle of Main Street... and getting certain small buildings set upright again.

Halloween used to be a jack-o-lanterns made of a really big pumpkin... it used to be prizes for the best costume... used to be gay and reckless and on the devilish side.

Halloween, now for some of us, is stay-home and hand-out.

Ah, Halloween is a memory... a childhood ghost standing in the doorway.

FAMILIAR FACES, here and there places, belonged to Thelma McSpadden (Mrs. A. L.) and Mabel Kelley (Mrs. Frank H.) in a lunch hour duo.

Saw that nice new First Baptist pastor, Glenn Roenfeldt, and met for the first time his pretty wife, Billie. With them was Frank Prewitt.

Inez Howell (Mrs. Graydon) was saying she is one of seven sisters. How lucky can she get?

The Jimmy Paynes were on the downtown scene together. Saw Eddie Piland, too.

Caught Don Benson and Jeff Taylor coffee-breaking together.

BRIEF ENCOUNTERS included a happy chat with Bobbie Steakley, wife of Dr. H. Jene, mother of Topper and Rusty and Dan. Bobbie was in a joyous mood.

To visit the Steakley home on Watson St. for the very first time will be their first grandbaby, Michele, brandnew daughter of Topper and his wife.

With Michele (already nicknamed Shelley) will be her young parents and her Uncle Rusty. Topper and Rusty, both Baylor University students, chose this weekend because it's Colorado High Homecoming.

SEEN LATELYS remembered were Clydine Stickney... Jay Craddock... Mona Scott... Luna (Mrs. Henry) Bilberry... Mineola Floyd who was among the office drop-ins... Tom Rees, too.

Lawrence Ruddick was down town... So was Brenda Conard, CHS student... Mrs. A. H. Jackson, executive secretary of the County TB Association... Kent Womack.

Spied Mozelle Callender, wife of George... Willie Landau... Eddie Braswell... Sims Palmer at the coffee counter... Joe Earnest, municipal judge... and Jon Shamburger, wife of Bob.

HAVE YOU SEEN the portrait of Mrs. H. D. Womack on display at Mitchell County Public Library? It was painted by her artist daughter Fanny Fay (Mrs. Orin) Feaster. Mrs. Womack was 90 last week. And a lively 90 she is, too!

Did you know that Mary and R. J. Lloyd are grandparents again? Their son Bob and his wife Wanda, of Irving, adopted a son named Darren Lyle Lloyd. The baby was 14-days-old Sunday. The Lloyds, Mary and R. J., spent the weekend admiring him. Bob is employed by Sparkman-Hillcrest in Dallas.

G. D. Foster was showing snapshots of Montie's little Canadian granddaughter, nine-months-old.

Hertinburger family, Buddy, LuAnn, Jerry Lyn and Russell, were in Big D Monday night for the Packer-Cowboy battle.

Home From Vietnam To Try Academy

Wayne Smith, 22, recently received his separation papers at Fort Lewis, Washington, after completing a year's active duty in Vietnam.

Son of Deputy Sheriff and Mrs. Forrest Smith of 908 East 14th St., he served as Specialist-5.

Graduate of Sterling City High School, he attended Angelo State College in San Angelo for a year before enlisting for military training.

He expects to enter training at the Texas Department of Public Safety academy for highway patrolmen at Austin, in December.

He entered military training Nov. 16, 1966, at Fort Polk, La., then trained as a "medic" with the 198th Brigade at Fort Sam Houston in San Antonio for six months.

Upon arrival in Vietnam Oct. 5, 1967, he was attached to the 196th Brigade.

Sp-5 Smith saw six months active duty in the combat zone while stationed in the Da Nang

Bob Grammers Have Baby Girl

Mr. and Mrs. Bob J. Grammer are parents of a baby daughter, Gena Benea, born to them in Brownwood Monday morning.

The baby, who weighed seven pounds, three ounces, is the grandchild of Mr. and Mrs. E. E. Cooper of Morgan Creek

Village. Mrs. Grammer was before her marriage Miss Carolyn Sue Cooper.

Mrs. Cooper is guest in the Grammer home. Mr. Cooper returned from a short visit there, Tuesday.

MR. FARMER -- MR. RANCHER Their Records Tell You To Vote For Humphrey!

Indisputable Voting Records Identify Hubert Humphrey As Agriculture's Friend -- Richard Nixon Its Foe

NIXON

HERE IS A FACTUAL VOTING RECORD MR. NIXON CAN NOT DUCK. HE HAS CONSISTENTLY VOTED AGAINST THE FARMER AND RANCHER. CHECK HIS RECORD HERE AND SEE FOR YOURSELF.

1947 - Nixon voted against extending price supports for wool at 90% of parity.

1956 - Nixon, as vice president, cast tie-breaking vote to eliminate 90% parity on millable wheat.

1947 - Nixon voted against a \$125 million increase in soil conservation appropriation.

1952 - Nixon voted to reduce soil-conservation funds by \$100 million.

1956 - As Vice President, Nixon did not vote to break a tie by which an amendment to add \$30 million to conservation program was rejected.

AND ON ELECTRIC POWER AND TELEPHONES FOR FARM FAMILIES

1947-48 - Nixon voted against a \$250 million appropriation for REA and to cut REA funds.

1951 - Nixon voted against extension of Southwest Power Administration.

Nixon WAS a supporter of the Benson "flexible" price supports. They were flexible -- but the flex was downward. Eight years of the Nixon-Benson farm policies drove the farmer's net income down a drastic 26 per cent.

FARM PRICES are too low. But the real farm income (what the farmer's dollar buys) stands \$3 billion higher than when Eisenhower and Nixon left office.

HUMPHREY

HUBERT HUMPHREY HAS STOOD BY THE FARMER AND RANCHER. HE WILL CONTINUE TO WORK FOR AGRICULTURE'S PROGRESS. CHECK HIS RECORD HERE FOR PROOF POSITIVE:

1949 - Humphrey, as Senator, supported unsuccessful efforts to retain the high 90% of parity price supports for basic commodities.

1950 - Humphrey voted for increase of \$26 billion in borrowing authority of CCC - in effect, to support 90% price supports.

1952 - Humphrey voted against an attempt to reduce soil conservation funds by \$100 million.

1951-52 Humphrey sponsored bills to provide food surpluses to starving people in India and Pakistan.

1954 - Humphrey introduced bills to provide commodities to relieve famine in foreign lands and another bill to provide more such foods for low income people in the U. S.

1960 - Humphrey voted against the Wheat Act, which froze price supports at 75% of parity, while cutting acreage by 20%.

1951 - Humphrey voted for Kennedy Administration's Emergency Feed Grains Program, which provided increased price supports.

1962 - Humphrey voted for an amendment to create a permanent "supply management" program for feed grains, and for the Omnibus Farm Bill as so amended.

1964 - Humphrey voted for the Administration's Wheat-Cotton measure, which raised price supports, conditioned support, eligibility, subsidized the purchase of domestic cotton mills, and authorized large-scale research into reduction of cotton production costs.
