"DOC" SNOW ARRESTED ADMITS SHOOTING ONE MAN DURING THE RAID

"I shot one of the men. The one closest to me." Such was the statement that "Doc" Snow, alleged gambler who is charged with the murder of William S. Toney and Marvin W. Caple and who was captured early Sunday morning by the sheriff's department, made to County Attorney John Davenport.

In speaking of the affair in answer to questions asked, the alleged murderer of the two men who were assisting in the raiding of the gambling den last Thursday night at Kemp City, said that he had fired only three shots. He also stated that he left the gun with which he did the shooting lying on the floor of the den.

Snow refused to make a written statement. He spoke reluctantly of the affair. He informed the county attorney that several other parties made their escape through the back window at the same time he did but that he did not know who they were.

Substance of Statement.

His story to County Attorney John Davenport in substance was: "I was sitting at a table about ten feet from Smithy. I never heard Smith say that the law was there. I shot at the man closest to me when someone said, 'stick 'em up and face the wall.' I fired only three shots, dropped my gun on the floor when I went through the window."

It is believed by officials that Snow's story will not stand the test. Several men, it is said, who were sitting further away from Smithy than Snow heard Smith make the remark that the law was present. Referring to his statement that he dropped his gun on the floor, officers say that not a gun found in the den had been fired.

Snow was removed to the Tarrant county jail at Fort Worth upon advice from Judge P. A. Martin. It was feared that a mob might form and take the prisoner from the jail inasmuch as that statement had been made that if the alleged murder was ever captured that he would never be brought to trial.

Located in Tent.

Sheriff R. L. McFall and Deputies MacDonald, Morris and Dodgen placed Snow under arrest, having found him in bed in a tent along the banks of the Wichita river about thirty miles from the city. The tent was located about 450 yards northwest of the Electra bridge.

Following some substantial reports that the fugitive gambler had been seen in this neighborhood, Sheriff McFall and his deputies made a hurried run to the fields Saturday night, leaving here about 6 o'clock. They arrived at the reported place of hiding about 8 o'clock and searched all the tents in this district.

In one of the tents a coat was found which contained a bank deposit slip bearing the name of H. C. Snow. The officers laid in wait until 11 o'clock when it was decided that they would go to a nearby ranch and get some sleep.

Points Out the Tent.

The sheriff and his deputies returned about 3:30 o'clock in the morning and when nearing the small camp settlement the cook of the outfit had arisen to prepare breakfast. He was asked if Snow was in camp. He replied that he was and pointed out the tent where he was asleep.

Cautiously approaching the tent where Snow was said to be asleep, the officers entered and saw him lying on a bunk in a corner of the tent.

Sheriff McFall drew his gun and approached the bed. He woke the man and told him that they had come to put him under arrest, stating that he was Sheriff McFall from Wichita Falls.

Snow answered, "Alright." When he rose up in the bed, McFall took a big six-shooter from beneath the man's pillow. His clothes were searched before he put them on.

Companion Released.

The man who was asleep in the tent with Snow was also brought to Wichita Falls, but he was released when it was found that he did not even know who the man was.

On their way back to the Wichita county jail, Snow referred to the incident at Kemp City several times and the few statements that he made to the sheriff were similar to those made to County Attorney Davenport.

Late Monday morning Snow's attorneys stated that they did not know as yet whether the alleged murderer would be returned to Wichita Falls for a preliminary hearing. The hearing will necessarily have to be held before Judge P. A. Martin, which will necessitate Snow being returned to this city.

Judge P. A. Martin announced Sunday after the capture of Snow that a special grand jury would be called for next Monday morning and that the entire affair at Kemp City would be investigated.

He stated Monday morning that sixteen men would be called and that several matters would be brought to the jury's attention.

This action is being taken, it is believed, in view of the fact that conditions in various oil fields are of such a nature that drastic steps are believed necessary.

COX APPEALS TO THE WOMEN TO SUPPORT LEAGUE OF NATIONS

AT HOME FOR REST HE CONTINUES HIS PLEA IN ADDRESS AT DAYTON.

NOT ONLY PREVENT WAR BUT PROMOTE PROGRESS

Governor Details Social Service And Justice Program Planned To Be Carried Out.

DAYTON, OHIO, Oct. 4.—Chairman George White of the democratic national committee; Senator Pat Harrison, chairman of the speakers' bureau, and E. H. Moore, Governor Cox's preconvention manager, arrived this afternoon for a conference with the presidential candidate. General campaign plans and especially the governor's speaking itinerary will be considered late today at the governor's home, Trail's End.

DAYTON, OHIO, Oct. 4.—At home from a campaign tour that took him more than 11,000 miles and into every state west of the Mississippi river except three, Governor James M. Cox, though supposed to rest for two days before going into Kentucky and Tennessee, today continued his plea for adoption of the league of nations, the paramount issue of the campaign.

In an address to a body of women, the governor went into considerable detail why women should support the league cause, asserting that throughout the years they have been "the leaders of progress in the world" and declaring that "wrath of the women who were made to suffer in the war will pursue Franz Joseph, William Hohenzollern and Nicholas Romanoff," through all eternity. Though asserting that the monetary cost of the war, direct and indirect, was $300,000,000 it was the women, Governor Cox declared, who know what the war really cost, "for they paid the price in personal suffering to provide the rulers of the earth with ten million men, which were thrown into the jaws of death to placate the anger of the gods of war."

The league, Governor Cox said, not only will prevent war, which he asserted is its primary purpose, but will also promote progress and will "set up or itself become a clearing house for international justice and social service."

"Those who want to keep on dreaming of a new heaven and a new earth can perhaps afford to stay out of the league," the candidate continued, "but for those who really want to make their dream come true and make this world a fit habitat for the human spirit, will want to join the league without delay."

The governor detailed the following social service and justice program which he asserted member nations of the league will endeavor to carry out:

"Try to secure and maintain fair and humane conditions of labor for men, women and children—thus lifting the standards of living everywhere.

"Try to secure just treatment of the native inhabitants of territories under their control.

"Try to secure and maintain freedom of communication and of transit, and equitable treatment of the commerce of members of the league.

"Labor together in the effort to control and ultimately eradicate disease.

"Set up commissions for the prevention of the illicit traffic in arms, in dangerous drugs and in women for immoral purposes."

Asserting that the issue "is not fundamentally a legal or diplomatic one," but a moral one, and declaring it fortunate that women, for the first time, hold the balance of power and the deciding vote, the governor said he has no doubt in his mind how the women's vote will be cast. He continued:

"The women of America will vote to keep our pledge to $1,000 heroes whose blood has crimsoned the poppies of Flanders fields. They will vote for the limitation of armaments, the arbitration of disputes, the publication of secret treaties, the amelioration of distress, and the elevation of labor conditions to high standards. In a word, they will vote for a league which will convert Christian idealism into the statutes of sound statesmanship and bring to the sons of men a peace that shall cover the earth as the waters cover the sea."

SPEAKS AT DEDICATION OF A MEMORIAL TABLET

MARION, Oct. 4—Senator Harding left Marion today by motor to make a speech near Fremont, Ohio, 70 miles away, at the dedication of a memorial tablet in honor of soldiers who lost their lives in the great war.

In the address prepared for the occasion, Senator Harding praised the heroism of the American expeditionary force and asked that their services be made an example to American citizens in peace-time patriotism. He did not touch on political issues.

LORD MAYOR OF CORK PASSES A FAIR NIGHT

Had Several Hours Sleep But This Seemed to Refresh Him But Little.

LONDON, Oct. 4.—Terence MacSwiney, lord mayor of Cork, passed a fair night at Brixton prison, having had several hours sleep, but it does not seem to have refreshed him much, said a bulletin issued this morning by the Irish Self-Determination league. This is the 53rd day of MacSwiney's hunger strike.

CORRECT STATEMENT THAT HE SAID SNOW FIRED

Frank Dodson Monday morning denied published statements that he had told the county and district attorneys that "Doc" Snow fired the shots that killed Toney and Caple. He said that a typewritten copy of his statement was made and referred to it as substantiating his claim that he did not say that Snow fired the shots that killed the two men. Dodson says that his back was turned and that he did not know who fired.

CAPTAIN OF SPEEDWELL OBEYS UNWRITTEN LAW, GOES DOWN WITH SHIP

NEW ORLEANS, Oct. 4. — Captain Charles Johnson, master of the American steamship Speedwell, lost in last week's tropical hurricane, obeyed the unwritten law of the sea and went down with his ship, according to a wireless message received by the naval station here today from the steamer Lake Superior, now nearing Santiago, Cuba, with thirteen survivors of the Speedwell.

WHEAT DROPS BELOW TWO DOLLAR MARK ON THE CHICAGO MARKET

CHICAGO, Oct. 4.—Drastic cutting of prices took place in the wheat market today. In some cases as much as 11½ cents a bushel was slashed from values, December delivery at one time bringing only $1.96 as against $2.07 to $2.07½ at the finish Saturday. Increased liquidation by holders was in progress, especially from rural sources.

All future deliveries of wheat dropped below $2 a bushel for the first time since the withdrawal of the government guarantee of a minimum price. Export call appeared to be very slow and domestic demand was also more or less at a standstill. In this connection, special notice was given to announcement that one of the largest flour mills in St. Louis had closed down on account of lack of orders from buyers.

Acute depression developed at the last and the market closed semi-demoralized at the lowest prices of the day, showing a net decline of 11½ to 12½c with December $1.95 to $1.95½ and March $1.91 to $1.91½. In the final trading the leading feature was not so much aggressive efforts to sell as the nearly complete absence of buying.

Wheat is selling cheaper on the board than the farmers are willing to sell it, according to M. O. McDowell of the Wichita Mill and Elevator Co. Country elevators are not getting in any wheat and the receipts at the terminal markets are dropping off, said Mr. McDowell, who believes that this situation will bring a better market later on.

"The farmers believe that the price will be higher and most of them are going to hold their wheat," said Mr. McDowell. "One good thing about it is that most of the farmers are able to hold, many of them without borrowing a dollar."

SELLS BELOW TWO DOLLARS ON MINNEAPOLIS MARKET

MINNEAPOLIS, Oct. 4.—For the first time since the resumption of future trading, wheat futures sold under the $2 mark here today. The break in wheat prices sent March options down to $1.99½ and December down to $2.02. At Saturday's close March sold at $2.07 and December at $2.11½.

RINGGOLD MAN IS KILLED IN AN AUTO ACCIDENT SUNDAY

RINGGOLD, TEXAS, Oct. 4.—At 9:30 Sunday morning a car occupied by Charley Payne, his wife, one married son and his wife and two single sons, was overturned one and one-half miles west of Ringgold, instantly killing Mr. Payne, who was driving, seriously injuring his wife and daughter-in-law and badly hurting the three sons. Mr. Payne lives at Nocona, Texas. The injured were given aid at place of accident and then brought to Ringgold, Texas, under the care of Dr. Carlton of Ringgold.

FLOUR CONTINUES ITS DOWNWARD TREND AT MINNEAPOLIS MILLS

MINNEAPOLIS, Oct. 4.—Flour prices continued their downward trend when mills effected a reduction of 10 to 60 cents a barrel for family patents here today. One large mill's quotations were reduced today from $12.15 to $11.25 a barrel, while another which lowered its price half a dollar Saturday, made a further cut of ten cents, making its price $11.30 a barrel. The low wheat market is responsible for the decline, millers said.

NEW LOW RECORD IS ESTABLISHED FOR SUGAR

NEW YORK, Oct. 4.—New low record prices for the year were established in both the raw and refined sugar markets this morning. Prices were half a cent lower than at the close of last week with raw sugar selling on the basis of 8.51, duty paid, while refined was quoted at 12¼c a pound by the Federal Sugar Refining company.

STATEMENT OF THE OWNERSHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY THE ACT OF CONGRESS OF AUGUST 24, 1912, OF

WICHITA DAILY TIMES

Published Daily at Wichita Falls, Texas, for October 1st, 1920.

State of Texas, County of Wichita, ss.

Before me, a notary public in and for the State and county aforesaid, personally appeared B. D. Donnell, who, having been duly sworn according to law, deposes and says that he is the manager of the Wichita Daily Times, and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management (and if a daily paper, the circulation), etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, embodied in section 443, Postal Laws and Regulations, printed on the reverse of this form, to-wit:

1. That the names and addresses of the publisher, editor, managing editor and business managers are:
Publisher, The Times Publishing Co., Wichita Falls, Texas.
Editor, B. D. Donnell, Wichita Falls, Texas.
Business Managers, B. D. Donnell; Rhea Howard, assistant, Wichita Falls, Texas.

2. That the owners are: (Give names and address of individual owners, or, if a corporation, give its name and the names and addresses of stockholders owning or holding 1 per cent or more of the total amount of stock).
Ed Howard, B. D. Donnell, Mrs. B. D. Donnell, Mrs. Jettie Lee Howard, Rhea Howard, Mrs. Rhea Howard, Leslie Howard, Anna Katherine Howard, J. A. Kemp, Frank Kell, G. D. Anderson, H. B. Patterson, B. J. Bean, P. P. Langford, W. L. Robertson, E. R. Gorsline, J. J. Lory, N. Henderson, J. C. Hunt, J. D. Avis, R. E. Huff, Mrs. S. E. Boyd, Mabel Jones, estate Monroe Newby, Mrs. Emeline McIntosh, J. A. Richolt, W. Lee Moore, Wichita Falls, Texas; T. C. Thatcher, Oklahoma City, Okla.; Wiley Blair Jr., J. G. Blair, E. F. Blair, Dallas, Texas; C. C. Huff, Dallas, Texas; Eli Ballinger, North Adams, Mass.; Mrs. H. C. Dakan, Eastland, Texas.

3. That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities are: (If there are none, so state).
Old Dominion Trust Co., Richmond, Va.
Mergenthaler Linotype Co., New York, N. Y.
Duplex Printing Press Co., Battle Creek, Mich.

4. That the two paragraphs next above, giving the names of owners, stockholders, and security holders, if any, contain not only the list of stockholders and security holders as they appear upon the books of the company, but also, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, is given; also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stock holders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person, association, or corporation has any interest direct or indirect in the said stock, bonds, or other securities than as so stated by him.

5. That the average number of copies of each issue of this publication sold or distributed, through the mails or otherwise, to paid subscribers during the six months preceding the date shown above is } **9,470**
(This information is required of daily publications only).

B. D. DONNELL, Manager.

Sworn to and subscribed before me this 2nd day of October, 1920.
OLLIE F. EVANS, Notary Public.
(My commission expires June, 1921).

SEVERAL IMPORTANT CASES ARE BEFORE THE SUPREME COURT

RECONVENES FOR ITS REGULAR TERM TO FIND A CROWDED DOCKET.

FURTHER ATTACKS ON THE PROHIBITION AMENDMENT

Cases Testing Woman's Suffrage Are Also Expected To Reach Court During The Term.

WASHINGTON, Oct. 4.—The United States supreme court reconvened today for its regular term to find a docket crowded with important cases. Besides half a dozen anti-trust suits, matters pending included further attacks on the prohibition amendment, suits to test the constitutionality of the anti-profiteering section of the food control act, and of the federal farm loan act, appeals in the Newberry election case and many others.

With the federal suffrage amendment ratified and proclaimed since the court adjourned early in the summer, court officials expect that cases designed to test the constitutionality of that amendment also will reach the court during the present session.

The first case to be argued at this term will be government appeals in the dissolution suit against the Lehigh Valley Railroad company, part of the alleged anthracite coal trust. This case is set for tomorrow. By agreement of counsel, argument of the other five anti-trust suits will be postponed temporarily. These suits are those against the Eastman Kodak company, the Associated Bill Posters' and Distributors of the United States and Canada; American Can company, Southern Pacific company and the Keystone Watch Case company.

Prohibition Cases.

The prohibition amendment will reach the court again through petitions asking for a reconsideration of the decision of last June 7, sustaining the amendment and portions of the amendment act, rendered in appeals of Christian Fiegenspan, brewer of Newark, N. J., and George C. Dempsey, a Boston liquor wholesaler. A decision on these petitions is expected within a few weeks. A number of other cases involving interpretations of the enforcement act still are pending and further decisions amplifying the court's original opinion are looked for at this term.

Other cases of consequence before the court are those involving the constitutionality of provisions in the 1919 war revenue act levying an excise tax on profits derived from child labor; the boundary dispute between Oklahoma and Texas, and the case of the United Shoe Machinery company, which comes up from proceedings originally instituted by the government in St. Louis under the Clayton act.

COTTON PRODUCTION ESTIMATE 12,123,000 BEING 59.1 NORMAL

WASHINGTON, Oct. 4.—A reduction of 600,000 bales in the cotton crop as forecast last month was predicted today by the department of agriculture, which based its latest forecast on a crop condition of 59.1 per cent on September 25.

WASHINGTON, Oct. 4.—Cotton production this year was forecast today at 12,123,000 bales by the department of agriculture, which based its estimate on the condition of the crop on September 25, which was announced as 59.1 per cent of normal.

Production was forecast last month at 12,783,000 bales and the conditions of the crop August 25 as 67.5 per cent, while the forecast made in August was 12,519,000 based on a condition of 74.1 on July 25. Last year's production was 11,329,755 bales and the condition of the crop on September 25 a year ago was 54.4. Ten years ago average condition on September 25 was 65.0.

The condition of the crop this year by states on September 25, was:

Virginia 72; North Carolina 68; South Carolina 62; Georgia 51; Florida 50; Alabama 49; Mississippi 50; Louisiana 47; Texas 61; Arkansas 65; Tennessee 66; Missouri 75; Oklahoma 70; California 78; Arizona 90. All other states 90.

THOUSAND MINERS RETURN TO WORK IN THE TEXAS FIELDS

FORT WORTH, Oct. 4.—With the Texas coal miners' strike settled, the joint miners' and operators' committee resumed work here at noon today on minor matters. The raise offered the men and accepted by them at a mass meeting Sunday was 25 cents per ton. One thousand strikers returned to work this morning at Thurber, Strawn, Bridgeport and Lyra.

FIGURES ANNOUNCED MONDAY SHOW GAIN OF 19.6 PER CENT; NEW JERSEY GAIN 24.4 PER CENT

WASHINGTON, Oct. 4.—Census figures announced today give Texas 4,661,027, an increase of 764,485, or 19.6 per cent.

New York, 10,384,144; increase 1,270,530, or 13.9 per cent.

New Jersey, 3,155,374; increase 618,207, or 24.4 per cent.

Idaho, 431,826; increase 106,232, or 32.6 per cent.

New York City, (revised) 5,620,048; increase 853,165, or 17.9 per cent. The population as previously announced was 5,621,151.

Houston, Texas, revised, 138,276; increase 59,476, or 75.5 per cent.

Harris County, Texas, containing Houston, 186,667; increase 70,974, or 61.3 per cent.

Revised populations of the five boroughs of New York City were announced as follows.

New York state, the most populous in the country, has a population of 10,384,144, an increase of 1,270,530, or 13.9 per cent over that of ten years ago. Populations of three other states also were announced today by the census bureau.

Texas has 4,661,027 inhabitants, an increase of 764,485, or 16.6 per cent over 1910. New Jersey with a population of 3,155,374, showed an increase of 618,207, or 24.4 per cent. Idaho with a population of 431,826, increased 106,232, or 32.6 per cent.

New York's growth was the second largest in its history, but was 574,190 below that of the decade ending in 1910. Its percentage increase was next to the lowest on record, a growth of 12.9 per cent being shown for the decade ending with 1870.

New York City Figures.

Revised statistics on New York City's population, also announced today, show the city to have absorbed practically two-thirds of the entire state's growth. The revised population of the city was announced as 5,620,048, an increase of 853,165, or 17.9 per cent. This was 1,103 less than the population previously announced.

Texas is expected to retain its present rank of fifth most populous state. Although its numerical growth was large, it showed its lowest relative increase. New Jersey, which ranked 11th in 1910, passes Indiana and Georgia in the 1920 census rank. The state showed its second largest numerical growth on record.

Idaho passes New Mexico and Vermont in the 1920 rank of states. It showed its second greatest numerical growth, but its relative increase was the lowest in its history.

Manhattan, 2,284,103; decrease, 47,439, or 2 per cent.

Bronx, 732,016; increase, 301,036, or 69.8 per cent.

Brooklyn, 2,018,356; increase, 384,005, or 23.5 per cent.

Richmond, 116,531; increase, 20,562 or 35.6 per cent.

Queens, 469,042; increase, 185,999, or 65.1 per cent.

Essex county, New Jersey, containing Nawark (revised), 652,089; increase, 139,203, or 27.1 per cent.

Hudson county, New Jersey, containing Jersey City (revised), 629,154; increase, 91,923, or 17.1 per cent.

Yonkers, N. Y. (revised), 100,176; increase, 20,373, or 25.5 per cent.

Ossining, N. Y., 10,739; decrease, 741, or 6.5 per cent.

POPULATION OTHER STATES TO BE REPORTED TUESDAY

WASHINGTON, Oct. 4.—Populations of the states of Arizona, Kansas and North Carolina will be announced at 10:30 a. m. tomorrow.

REGRETS ANTI-AMERICAN OUTBURSTS BY JAPANESE

Tension Between U. S. and Japan Causes Serious Concern to Responsible Japanese.

TOKIO, Oct. 2.—Anti-American outbursts by the Japanese press are strongly deprecated by Baron Shimpei Goto, former minister of foreign affairs, who may be Japan's next premier. He refused to lead an attack against the Japanese government over its American policy and expressed hope that a settlement of the anti-Japanese movement in California may be reached.

"The anti-Japanese situation," he said, "is merely a phase of the presidential election and is part of the general question which the wisest statesmen on both sides of the Pacific must face with a view to securing a fundamental settlement."

The tension between the United States and Japan is causing serious concern to responsible Japanese statesmen, who hope for a cessation of alarmist reports which are influencing both sides of the present controversy.

CROWDS ARRIVING IN HOUSTON FOR REUNION

Will Begin Tuesday And Continue Through Friday—Large Crowd Expected.

HOUSTON, Oct. 4—A gray clad army swept down upon Houston today and meeting with no resistance, took the city. The gray was not of that hue borne by the Hun of the recent world conflict, however, but that of the warriors of more than half a century ago, who championed the forlorn cause of the Confederacy.

Trains bearing the old soldiers and thousands of their wives, sons and daughters were arriving at frequent intervals, bringing the visitors to Houston for the 30th annual reunion of the United Confederate veterans, which will begin tomorrow and continue through Friday. Simultaneously the annual reunion of the Sons of Confederate veterans and the annual convention of the Confederated Southern Memorial association will be held.

The arrivals today included many officials of the veterans' organization, although General K. M. Van Zandt of Fort Worth, commander-in-chief, will not arrive until tonight. General A. B. Booth of New Orleans, adjutant and chief of staff, is scheduled to arrive tomorrow.

City Gaily Decorated.

Plans have been made for the entertainment of 75,000 visitors, of whom between 8,000 and 10,000 will be old soldiers. The city is gaily decorated, the Stars and Stripes mingling with the stars and bars of Confederacy in lanes of color leading from each of the railway terminals to the center of the downtown district.

The veterans are assigned as they arrive, to "billets" in school houses and other public buildings. A mess kitchen and mess tent, the latter with a seating capacity of 2,400 persons, have been erected within three blocks of the reunion headquarters, where all veterans are given their meals free.

Some of the more feeble of the veterans and other visitors, who have no hotel reservations, are being assigned to accommodations in private homes.

The first session of the joint reunion will not be held until tomorrow afternoon, but after this session, the programs of the three organizations will fill the time until the feature event of the reunion—the veterans' parade—on Friday morning.

GOVERNOR HOBBY PLANS TO ATTEND CONFEDERATE REUNION

AUSTIN, Oct. 4.—Gov. W. P. Hobby said that he will go to Houston tonight to attend the grand camp of the United Confederate veterans there. Seventy-eight veterans from the Confederate home here left for Houston today.

The governor plans to go from Houston to El Paso to welcome to Texas President-Elect Obregon and Provisional President de la Huerta of Mexico and accompany them to Dallas, where they will be guests at the Texas state fair.

CLEBURNE YOUTH IS BURNED TO DEATH

FORT WORTH, Oct. 4.—Lois Stiles, 7 years of age, was burned to death at Cleburne last night when the child mistook gasoline for kerosene.

ARREST OF MAN MAY LEAD TO A SOLUTION OF RECENT NEW YORK BOMB EXPLOSION

PITTSBURGH, PA., Oct. 4.—Information obtained from Florean Zeleanka of Brooklyn, arrested here last night with a quantity of dynamite in his possession, may lead to a solution of the Wall street explosion, according to local police and government agents.

Questioning of Zeleanka, who was taken at a hotel after a fight with the police, continued until early this morning. Authorities were reticent as to the result, but it was claimed that clues Zeleanka furnished may lead to scores of arrests in Brooklyn and New York.

He could furnish no good reason, police said, for having the explosives in his possession and is alleged to have remarked to a companion: "See what we did in Wall street. Next time it will be bigger and more terrible. The last was only a start."

LEFT BROOKLYN ON DAY OF WALL STREET EXPLOSION

NEW YORK, Oct. 4.—Florean Zeleanka left Brooklyn on September 16, it was announced by department of justice agents today. This was the day of the explosion in Wall street. According to the federal agents, Zeleanka left his rooming place between 10 and 11 o'clock in the morning, carrying a large brown bag. The explosion occurred at noon.

After questioning Konkel, a New Yorker, at length, officials of the department of justice declared he had been able to give them no information that tended directly to connect Zeleanka with the Wall street explosion.

They expressed the opinion that Zeleanka, who formerly worked in the mines of West Virginia, had obtained his dynamite there. They said that a charge of illegally transporting explosives probably would be lodged against him either in Pittsburgh or Cincinnati.

STEAM FITTER GIVES THE AUTHORITIES INFORMATION

NEW YORK, Oct. 4.—Leon Konkel, a steam fitter, the man who gave the Pittsburgh authorities the information which led to the arrest there last night of Florean Zeleanka, in connection with the Wall street bomb explosion, arrived here today from Pittsburgh to tell his story to federal authorities.

PRESIDENT URGES AN ENDORSEMENT OF THE LEAGUE OF NATIONS

COMMUNICATION IS ISSUED ADDRESSED TO "MY FELLOW COUNTRYMEN."

SAYS WOULD NOT LEAD UNITED STATES INTO WAR

Declares Whole World Will Wait For Verdict Of This Country In November Election.

WASHINGTON, Oct. 4.—President Wilson, urging endorsement at the polls next month of the administration's stand on the league of nations, declared in a communication addressed to "my fellow countrymen," and given out for publication today, that there was nothing in the covenant "which in the least intereferes with or impairs the right of congress to declare war or not declare war, according to its own independent judgment, as our constitution provides."

The president characterized as "absolutely false" assertions that other nations, under article ten of the league covenant, would be in a position to lead the United States into war.

The communication, which was the president's first direct campaign appeal to the public, charged that "you have been grossly misled with regard to the treaty and particularly with regard to the proposed character of the league of nations, by those who have assumed the serious responsibility of opposing it."

"The whole world will wait for your verdict in November," the president declared, "as it would wait for an intimation of what its future is to be."

The text of the appeal follows:

"My fellow countrymen:

"The issues of the present campaign are of such tremendous importance and of such far-reaching significance for the influence of the country and the development of its future relations, and I have necessarily had so much to do with their development, that I am sure you will think it natural and proper that I should address to you a few words concerning them. Every one who sincerely believes in government by the people must rejoice at the turn affairs have taken in regard to this campaign. This election is to be a genuine national referendum. The determination of a great policy upon which the influence and authority of the United States in the world must depend is not to be left to groups of politicians of either party, but is to be referred to the people themselves for a sovereign mandate to their representatives. They are to instruct their own government what they wish done.

The Chief Question.

"The chief question that is put to you is, of course, this:

"Do you want your country's honor vindicated and the treaty of Versailles ratified? Do you in particular approve of the League of Nations as organized and empowered in that treaty? And do you wish to see the United States play its responsible part in it? You have been grossly misled with regard to the treaty, and particularly with regard to the proposed character of the league of nations by those who have assumed the serious responsibility of opposing it. They have gone so far that those who have spent their lives, as I have spent my life, in familiarizing themselves with the history of traditions and policies of the nation, must stand amazed at the gross ignorance and impudent audacity which has led them to attempt to invent an 'Americanism' of their own, which has no foundation whatever in any of the authentic traditions of the government. Americanism as they conceive it reverses the whole process of the last few tragical years. It would substitute America for Prussia in the policy of isolation and defiant segregation. Their conception of the dignity of the nation and its interest is that we should stand apart and watch for opportunities to advance our interests, involve ourselves in no responsibility for the maintenance of the right in the world, or for the continued vindication of any of the things for which we entered the war to fight. The conception of the great creators of the government was absolutely opposite to this. They thought of America as the light of the world, as created to lead the world in the assertion of the rights of peoples and the rights of free nations; as destined to set a responsible example to all the world of what free government is and can do for the maintenance of right standards, both national and international. This light the opponents of the league would quench. They would relegate the United States to a subordinate role in the affairs of the world.

Why Be Afraid.

"Why should we be afraid of responsibilities which we are qualified to sustain, and which the whole of our history has constituted a promise to the world we would sustain? This is the most momentous issue that has ever been presented to the people of the United States, and I do not doubt that the hope of the whole world will be verified by an absolute assertion by the voters of the country of the determination of the United States to live up to all the great expectations which they created by entering the war and enabling the other great nations of the world to bring it to a victorious conclusion, to the confusion of Prussianism and everything that arises out of Prussianism. Surely we shall not fail to keep the promise sealed in the death and sacrifice of our incomparable soldiers, sailors and marines who await our verdict beneath the sod of France.

"Those who do not care to tell the truth about the League of Nations tell you that article 10 of the covenant of the league would make it possible for other nations to lead us into war, whether we willed it by our own independent judgment or not. This is absolutely false. There is nothing in the covenant which in the least interferes with or impairs the right of congress to declare war or not declare war according to its own independent judgment, as our constitution provides. Those who drew the covenant of the league were careful that it should contain nothing which interfered with or impaired the constitutional arrangements of any of the great nations which are to constitute its membership. They would have been amazed and indignant at the things that are now being ignorantly said about this great and sincere document.

"The whole world waits for your verdict in November as it would wait for an intimation of what its future is to be."

NIGHTWATCHMAN AT WAGGONER BUILDING SERIOUSLY WOUNDED

IS ATTACKED BY TWO NEGROES AT AN EARLY HOUR SUNDAY MORNING.

FOUND AFTER SEARCH BY CITY POLICEMEN

Robbery Is Thought To Have Been Motive For Crime—No Arrests Yet Made.

With his condition unchanged at noon Monday, Thomas W. Abscher, nightwatchman of the Bob Waggoner building, lies at the point of death at the Wichita General hospital while his two brutal adversaries are still at large.

Identity of one of the two alleged negro prowlers who are believed to be responsible for Abscher's critical condition, is believed to be know by county and city officials who are using every effort to arrest the guilty ones and bring them to justice.

Ascher, who is 58 years old and who rooms at 106 Elm street, was discovered by three city patrolmen at 5:30 o'clock Sunday morning lying on the floor of the offices of the White Corporation on the second floor of the Bob Waggoner building at Scott and Eighth streets.

The injured man retained consciousness long enough after he had been discovered to tell the oficers that two negroes who he did not know had attacked him and after beating him and cutting his throat had thrown him under a rug in one of the offices on the second floor. He told the officers that neither of the two negroes were connected with the building.

Rushed to Hospital.

The injured man was rushed to the Wichita General hospital where it was found that in addition to several serious cuts and bruises on his head, the man's throat had been cut from ear to ear and that his windpipe was almost completely severed. Attending physicians state that his chance for recovery is slight.

About 5:15 o'clock Sunday morning officers Wilson, Ford and Ogles noticed that Ascher had not been seen for several hours and, fearing that something had occurred, they immediately started a search of the building.

They had not gone far when they noticed blood stains on the floor of the hall on the second floor. Following the stains they were led to the room where the first attack had been made. Here they found the handle of a pick axe covered with blood. It is believed that this pick handle was used in making the attack on the aged man. The walls of the room were spattered with blood. A pool of blood was on the floor and the carpet in the room disarranged.

Body Is Discovered.

By means of another line of blood stains, Ascher was discovered in the rooms of the White Corporation where it is believed he had crawled in an effort to summon assistance, but was unable to fulfill his mission due to the heavy loss of blood.

Robbery is believed to have been the motive, as the two men removed a few dollars from the injured man's pocket but overlooked $150 in bills which he kept in the hip pocket of his trousers.

Officers are of the belief that the two men, after leaving Ascher to die, removed the keys from his pockets and went to the men's toilet on the second floor, where they removed the blood stains from their hands and then made a hurried escape through one of the two main entrances of the building.

A thorough search of the entire city has been instituted by county and city officials and all outlets of the city are being watched.

Abscher had been employed as night watchman for the past six months and was considered trustworthy and held in esteem by all those who knew him.

THE TIMES DAILY WOMAN'S PAGE

CIVIC LEAGUE WILL MEET TUESDAY AT 3; ALL WOMEN OF CITY URGED TO ATTEND

The opening meeting of the Civic league, full membership, will be held Tuesday afternoon at 3 o'clock in the public library, and the president and other officers urge that every woman in the city interested in civic affairs be present.

The league held an executive board session some weeks ago at which several matters of importance were discussed and tentative plans suggested for presentation to the membership at the open meeting. These plans will be presented in the course of the meeting and the officers feel that it is especially desirable that a full attendance of Wichita Falls women be present in order that a free hearing and discussion be possible.

Committee chairmen were appointed for the year at the executive board meeting and their reports and suggestions will be heard at the opening meeting.

• • • •

STRICTLY ENTRE NOUS.

I. M. D.

I Could Not Bear.

"I could not bear," I said,
"To live away
From where the flowers grow,
When there is pain,
Or sorrow to be borne, they comfort me."
And yet—
I lived away long years. As they sped by
I learned new things,
I learned the healing, sweet,
Soul-solace in white storms of whirling snow,
And in the silence of the wind-swept plains,
And far, blue distances.

"I could not bear," I said
"To lose my friend.
Others may know Death's grief, and yet still, in time,
It's black robe slip away. For me, the wound
Would never heal."
And yet—
One day Death came. And when, from where I knelt,
I lifted tear-dim eyes, the trailing robe
Was white. And love's still hands had set ajar
A shining door into Eternity.

REBEKAHS ENTERTAIN I. O. O. F. AND FAMILIES SATURDAY NIGHT

The Rebekahs entertained the I. O. O. F. members and their families Saturday night with an old-fashioned social at the I. O. O. F. hall. Old-time games were played, 75 or 80 people furnishing very enthusiastic participants for "ring around rosy," "drop the handkerchief," "clap in and out," "We're Marching Around the Levee," and other popular games of a generation ago. Refreshments of ice cream and cake were served.

Another open meeting is planned for the first Saturday night in November.

WOMEN'S CULBERTSON CLUB TO MEET WEDNESDAY; ALL INVITED

The Women's Culbertson club will hold a meeting and serve tea Wednesday afternoon at the William and Mary hotel, and the chairman issues a cordial invitation to all women interested in Mr. Culbertson's candidacy, or in the discussions planned, to attend.

The club plans to take up the league of nations as a study, and especially invites all women interested in that much-talked-of, but little studied treaty to be present. An informal program has been planned with several musical numbers, including a song by Mrs. Fred C. Barron, accompanied at the piano by Mrs. F. R. Collard.

You'll Say to Yourself: "How Can He Do It?"

NUMBER DIVORCE CASES FILED FIGURE 61.5 PER CENT OF TOTAL NUMBER MARRIAGES IN COUNTY

"Marry in haste, repent at leisure." More truth than poetry is expressed in the foregoing according to figures compiled from records at the Wichita county court house.

At the present time there are 481 divorce suits pending in the three district courts of this county. Of this number 237 are in the 30th district court, 216 are on the docket of the 78th district court and 28 appear on the 89th district court's docket.

In the past six months from April 1 to September 30, 1920, 279 divorce suits were filed in the three district courts.

During the same period of time 451 marriage licenses were issued which when placed in ratio figures would mean that 61.5 per cent of the marriages are failures in Wichita county.

The three district court judges have granted 87 divorces in the past two months. At the present time should the judges start the disposition of the cases now on the dockets and provided all the petitions were granted, there would be more divorces on record than marriage licenses in the next six months.

During the past six months 1,334 civil cases were filed in the three district courts. Taking in consideration the number of divorce cases filed it would mean that on the average 21 per cent of the cases filed are suits for the setting aside of marriage bonds.

Attorneys and judges are of the opinion that in the majority of instances, divorces are prayed for on grounds of cruelty. Infidelity charges are next in number while desertion runs a close third.

In speaking of the deplorable state of affairs a county official expressed himself of the belief that the state laws governing the issuing of marriage licenses and divorce certificates are entirely too lax.

Marriage license certificates bear out this statement. From the records it is found that in a majority of cases girls are married from the ages of fifteen to 22 and that men who procure licenses range in ages from 18 years up.

In many instances where divorces are prayed for it is found that this action is taken in a very short time after marriage.

SIX BANDITS ROB A NEW YORK CAFE

NEW YORK, Oct. 4.—Six masked bandits entered a cafe in Lenox avenue early today, lined up forty-five patrons against the wall, and escaped with cash and jewelry valued at more than $5,000.

Amusements

WANDA HAWLEY FEATURE IN "FOOD FOR SCANDAL"

Wanda Hawley, the new Realart star, is to be seen in her newest picture "Food for Scandal" at the Empress theater on Monday and Tuesday of this week. This latest film is another of the "Miss Hobbs" type, being a breezy comedy filled with laughter and romance. Harrison Ford, who is considered to be the most popular leading man in the business plays opposite Miss Hawley and gives his usual entrancing performance. "Food for Scandal" is the story of an aristocratic young girl who falls in love with a struggling lawyer and forsakes the advances of a wealthy ne'er do well who is in the favor of the ladies family. Many comical situations arise before the tangled affairs of this trio are straightened out, but in the end the climax is shown under happy circumstances.

CAMPBELL UNITED SHOWS TO OPEN MONDAY NIGHT

The H. W. Campbell United Shows arrived in Wichita Falls early Sunday morning and are now located on their grounds, Seventeenth and Holliday, where they will remain for a week's stay. The company travels in a private train of 30 cars, carries 400 people, 15 special attractions, two bands and over 30 special concessions, all of which are said to be high class and entertaining.

All of the employes of the Campbell shows are said to be native Americans, a claim which no other organization of its kind can boast of. A free band concert will be given at the show grounds tonight at 7 o'clock and after this the various amusement devices will be thrown open for the inspection and pleasure of the public. The show was brought here for the benefit of the Fireman's fall festive.

KATHLEEN McDONALD IN "NOTORIOUS MISS LISLE"

Katherine McDonald, called "The American Beauty" of the film world, is being offered in her latest film production, "The Notorious Miss Lisle" by the Olympic for the first two days of this week's bill. The picture deals with the life of a famous English society beauty who flees from the country after a scandalous divorce case and who becomes mixed up in another questionable escapade with the scion of a wealthy French family in Paris. Miss McDonald has been given one of the strongest roles in which it has ever been her privilege to appear and she handles it with the ease which is always characteristic of her work. Nigel Barrie plays opposite the star and the picture is released by First National.

BESSIE BARRISCALE IS THE ATTRACTION AT THE MAJESTIC

A picture of the sumptuous homes and palatial retreats of the idle rich is being offered at the Majestic in their feature attraction, "Life's Twists," starring Bessie Barriscale. The play was adopted from the short story of the same name, written by the English novelists Edgelowe and is produced by Robertson-Cole. Many exceptional scenes have been built into this film and some of the technical "shots" are extremely novel and interesting. William V. Mong plays opposite Miss Barriscale.

HOW DOCTORS TREAT COLDS AND THE FLU

First Step in Treatment Is a Brisk Purgative With Calotabs, the Purified and Refined Calomel Tablets That Are Nausealess, Safe and Sure.

Doctors have found by experience that no medicine for colds and influenza can be depended upon for full effectiveness until the liver is made thoroughly active. That is why the first step in the treatment is the new, nausealess calomel tablet called Calotabs, which are free from the sickening and weakening effects of the old style calomel. Doctors also point out the fact that an active liver may go a long way towards preventing influenza, and is one of the most important factors in enabling the patient to successfully withstand an attack and ward off pneumonia.

One Calotab on the tongue at bed time, with a swallow of water—that's all. No salts, no nausea nor the slightest interference with your eating, pleasure or work. Next morning your cold has vanished, your liver is active, your system is purified, and you are feeling fine, with a hearty appetite for breakfast. Druggists sell Calotabs only in original sealed packages, price thirty-five cents. Your money will be cheerfully refunded if you do not find them delightful.—(adv.)

DEMOCRATIC ENCOURAGEMENT.

There cannot have been anything like consternation in republican headquarters over Senator Borah's demand for speaking dates for him in behalf of the republican nominees be canceled, and it begins to look as if Senator Harding's hope of being able to "teach her round or teach her flat" on the League of Nations has met with the fate that usually befalls those seeking to carry water on both shoulders.

The republican nominee could hardly reasonably have hoped to satisfy bitter enders like Borah and Johnson and the republican league advocates like Taft and Wickersham—but thousands of republicans typified by all four of the names mentioned—and it is to his credit as a diplomat that he has been able to come so far with this without the break that now stands at hand.

The defection of Borah and Johnson, if it comes to pass as now seems certain is going to render the whole West doubtful ground from a republican standpoint, and it will enhance the already brightening chances of a democratic victory next month for the house, undoubtedly holds the balance of power in national elections when it acts with any degree of unanimity, as it demonstrated in 1916. Governor Cox's tour of the West also has helped materially to this end, for he has captivated his hearers by his sincerity, progressiveness and his demonstration of ability, and his unreserved declaration that the Volstead law would never be repealed during his administration has removed the last objection western voters had to him.

His kindly words for W. J. Bryan, whom he said he had supported with his word, his newspaper and his vote three times and would have supported again this year had he been the nominee, will go far to bring the tremendous force of Mr. Bryan's endorsement behind him, and the democratic nominee's declaration that his ideas of progressivism have come largely from his tutelage under the Nebraskan certainly will not impair him in Mr. Bryan's estimation.

The main handicap the democratic party is working under right now is the shortage of its campaign fund for legitimate expenses, and that, it is good to see, is coming up as loyal democrats see the need and note the improvement in democratic chances for victory.

DAIRY INDUSTRY ATTRACTS.

The poor crop conditions in some parts of the state and the low prices of their principal products where crops are better are turning a lot of attention these days to the dairying industry and small creameries are springing up in many small cities with milk shipments to the larger centers a constantly growing industry that is turning many hundreds of dollars a day into circulation in Texas. The creameries and milk-shipping stations operated by the creameries are bringing a ready-at-hand market to the producers, and there are a lot of thriving communities in Texas today whose principal cash income right now is from their cows.

The man with milk to sell has a cash income every day in the year as compared with a month or two's sale from a crop that has been a year almost in the making in an agricultural way; he is bringing just that much nearer the finished product the feedstuffs off his farm, and he doesn't have to make his investment in capital and labor and expenses and then wait for a year to get his returns.

There is no good reason for Texas shipping in thousands of pounds of butter from other states over which we have many natural advantages in the way of dairying. Creation of a real interest in dairying and the establishment of small creameries to furnish a satisfactory outlet for the products of the dairy farms would turn the current in the other direction and add immeasurably to the revenues of the state.

The Census Bureau, basing its estimate on a continuation of percentages of the bulk of the population already tabulated, believes that the full count of American people will show that there are more people in the cities and towns of 2,500 population or over than there are on the farms, and the discrepancy is very materially increased by the fact that the hundreds of thousands of people living in towns below the arbitrary 2500 line are not in any sense engaged in farming. In 1910 there were nearly 50,000,000 people counted as rural population against 42,000,000 in round numbers in cities or towns of over 2,500. The steady and growing trend urbanwards is again demonstrated by the Bureau's well-founded estimates that the final count in 1920 the urban population has accounted for more than 12,000,000 of the 13,795,840 gain shown by continental United States with an increase of only 1,623,040 in rural population, including the towns of less than 2,500, which, from the details so far published, we suspect, would account for the bulk of the apparent rural gain. City population is placed at 54,796,100, rural at 50,792,000, which shows a relative gain of urban population over rural in the decade of more than 11,000,000. Figured in percentage, the towns and cities gained at the rate of 25.2 per cent; the rural gains, including the hundreds of fast-growing small towns, were 3.4 per cent. There are a lot of economic lessons coming out of the census; as a people we shall do well to take the lessons to heart.

The injunction sought to restrain the Secretary of State from certifying the American party nominees seems to have been a failure, for the certified copies of the official ballot are in the mails to county clerks over the state bearing the certification of the American party nominees, the Secretary of State in effect ignoring the injunction by declaring that it was out of his hands and with the state printer, who was not included in the injunction. The American party or any other party has the right to get its nominees on the official ballot by following a course of procedure laid down by the Terrell election law. Mr. McGregor seems to have had the nomination assured him long in advance of the convention, but the convention was held in conformity with the law, so far as has been shown, and he and the other nominees were regularly certified by their party organization. We have no sympathy with the purposes of the American party, but there exists, we believe, no good reason for denying it the right to submit its nominees to vote of the people at the November election and, with election time approaching and time required for sending out the officially certified ballot, the printing of tickets and the like, a temporary injunction came very near to being a permanent injunction. There will be at least three party tickets on the November ballot, places on which will be denied to none of the party nominees.

Houston, Texas, has the commendable record of being one of the highest-scoring cities in the United States in the way of reducing infant mortality. The average over the country was 87 per 1,000—and that is the best record ever attained—and Houston's was 26 deaths per 1,000 below the average.

With Other Editors

A Building Task for the Nation.

(From the Kansas City Star.)

In the next five years this country will push forward some of the biggest construction schemes ever undertaken. Not only will building and rehabilitation have to be undertaken to make good the losses of the war period, but there will be the added task of construction work necessary for the normal development of the nation.

The building era that is now near at hand in America will include varied construction; but there are three lines of activity that are demanding immediate construction. The railroads of the country will have to be extended, and in many instances virtually made over; millions of homes will have to be built along with thousands of belated business structures, and systems of national and state highways, dreamed of for years, will have to become largely a reality.

The construction tasks now confronting America will require every ounce of the nation's energy and will afford a true test of the country's resources. Few real Americans can doubt that the work will be done. The task involves a patriotic duty, and the nation's spirit will be equal to the requirements.

Cotton Picking Machine.

(Dallas Journal.)

Neither Mr. Theodore Price of New York City nor Mr. Kemp of Wichita Falls is what one would call an impractical visionary. The serious interest of these two gentlemen in the cotton picking machine which is giving demonstrations a few miles out of Dallas is therefore an indication that it is a practical contrivance and that its introduction and use will have important economic results. It has been said that the shortage of unskilled and partially skilled labor in this country as compared with the European countries has been one of the chief causes of our greatness, since, under pressure of this condition, labor-saving devices have been invented which have made possible large quantity production and increased efficiency. Thus "labor troubles" carry their own destruction in themselves, in that they stimulate the invention of the means of reducing the need for manual labor. If the "farm labor shortage" has helped bring about the invention of a cotton picker which will make it cheaper and therefore more profitable to raise cotton it has not been an unmixed curse.

HAMBONE'S MEDITATIONS

Copyright, 1920 by McClure Newspaper Syndicate.

Just Folks

By EDGAR A. GUEST

A Day and a Book.

Old Brown was one who used to say:
"Much like a book is every day—
A book you want to read clear through
And find just what its people do;
The story starts and causes doubts,
But you must know how it turns out;
The hero gets in trouble, and
Appears to lose his sweetheart's hand,
But in the closing pages, you
Find happiness and marriage, too."

I like his notion. Every day
I start a story just that way,
And as I stand before my door,
I wonder just what is in store—
What joy or sadness shall be mine
Before I reach the closing line?
What new adventure shall I make?
What different road be mine to take?
But though the writing may be bad,
I trust the ending will be glad.

Now here's a new book just begun
This morning with the rising sun!
Here wait perhaps adventures bold,
A thrilling tale that must be told,
Someone perhaps may rise to fame
And I may proudly speak his name,
Across the current of my life
May blow the changing winds of strife,
And I may clearer come to see
The answer to life's mystery.

With interest the tale is filled;
Men dream and toil and plan and build,
And ever with the human race
Some wondrous change is taking place.
I want to live this glad day through,
To know what friends of mine shall do,
To learn, where now I stand in doubt,
Just how the problem shall work out—
Too read this book of joys and woes,
And know the story to its close.

Side Talks

By RUTH CAMERON

A Foolish "Phobia."

A neighbor of ours was telling with evident pride that her two little girls were terribly afraid of thunderstorms.

Why are people who are afraid of thunderstorms or who have people in their families obsessed that way, so seldom ashamed of this needless, childish fear? And why is this fear so much more common than many other forms of fear, when there is so much less need of it?

Of course people are killed by lightning now and then, but how often? Statistics for one of the largest states in the union showed that in 1918 seven people were killed by lightning in that state—that was one in 500,000. In the whole United States the ratio was slightly larger—one in 280,000.

How does this compare with the ratio of other accidents to the population? Well, to quote a magazine article, "More people are killed every year by slipping, tripping and falling than by any other known form of accident. In 1917 almost 150,000 persons were killed that way in the United States. That means that more than one in 10,000 were killed that way."

"In 1920, 11,000 people will probably be killed by motor accidents—again more than one in 10,000.

"There were over 5,500 deaths in the United States in 1918 from accidental drowning—that means about one in 180,000."

Are you panic-stricken when you are riding in an automobile?

Are you hysterical when you have to cross a city street?

Are you ready to weep with nerves whenever you go in the water or out in a boat?

No, of course not—unless you have had some terrible experience.

And yet your chances of being killed by slipping, by an automobile accident, or by drowning, are from two to thirty-five times as great as your danger of being killed by lightning.

And if you are not outdoors during a thunderstom, or sitting by an open window, you greatly decrease even that ratio of danger.

Of course, the dramatic and terrifying nature of the thunderstorm is the reason that people are so impressed by a sense of danger. But unless one likes to be a prey to unnecessary fears, one can bear these statistics in mind the next time a thunderstorm rages and perhaps that will help one to enjoy the magnificent spectacle instead of quailing before it.

It Can't Be Done

WHY?—

Do We Speak of the Three R's?

(Copyright, 1920, by Wheeler Syndicate, Inc.)

Reading, 'riting and 'rithmetic—the three r's familiar to every schoolchild—might be presumed to have been the invention of some unlearned person who thought that all three commenced with the same letter. But, according to a London authority, the phrase was originated by Sir William Curtis, lord mayor of London, in 1795.

"I remember an aged member of the corporation, now deceased," says the writer in question, "asserting that Sir William Curtis, in the days when Dr. Bell and the Quaker Lancaster were pleading on behalf of increased facilities for the education of the poor, gave us a toast at a city dinner, 'The Three R's.' My friend assured me that Sir William Curtis, although a man of limited education, was very shrewd and not so ignorant as to suppose his presumed spelling was correct. He chose the phrase purely for a jocular reason—but its aptness and the way in which it summed up the foundation of all primary education made it extremely popular at the time. It has since persisted, despite the fact that the man who gave birth to it has long since been forgotten."

LITTLE BENNY'S NOTE BOOK

By LEE PAPE

Mrs. Janders came to see ma yestiday afirnoon, being a little short lady with pointy feet, and ma brawt down her new hat and Mrs. Janders sed, O, izzent that perfeckly exquisite, I think thats simply adorable, O izzent that jest too absilootly cunning for words. O thats simply the darlingest thing I ever saw.

Wich my cuzzin Artie was there, and me and him started to giggel and couldent hardly stop, ma saying Benny, Artie, what are you giggeling about?

Nuthing, I sed, and Artie sed, We're jest gigeling. Wich we kepp on doing on account of the longer you giggel the harder it is to stop, espeshilly wen theres 2 of you, and after Mrs. Janders had went home ma sed, Now arent you boys ashamed of yourselves carrying on like that? and I sed, Well, gosh, G, ma, Mrs. Janders tawked so munny how could we help it?

I wunt you to understand people have a perfect rite to talk the way they please, sed ma, and I sed, Well G, gosh, ma, even the way she tawked? and ma sed, Certeny, and I dont want to heer another word about it.

Wich me and Artie kepp on tawking that way all aftirnoon, and Artie stayed for supplr and wile I was eating my mash potatoes I sed, O, these mash potatoes are too perfectly wonderfull for werds, theyre simply jest too bewtifill.

The doose you say, sed pop looking serprized, and Artie sed, And O deer, these peez, theyre simply almost too divine, and I sed, And O sutch meet, its jest too absilootly perfeck.

Heer, heer, hay, hay, sed pop, cut that sort of tawk out immeeditly, and I said, Well G, pop, gosh, ma sed that was the way to tawk, and pop sed, Lillian, did you ever say that?

Dont pay eny attention to him, Willyum, I meerly sed it was all rite for Mrs. Janders to tawk like that if she wunted, sed ma, and pop sed, Its not even all rite for a parrit up a tree to tawk like that and I dont wunt to heer eny more of it.

Wich he dident.

RIPPLING RHYMES

By WALT MASON

House of Hapsburg.

The princes of the Hapsburg line in camp and court now eut no ice; they have to fast while others dine, their stand-offs bad, they lack the price. Some eighty duchesses and dukes now stand around with frigid feet; their titles now seem empty flukes since they can't get enough to eat. They send to us the warning cry, from roofless castles where they lurk, "Unless the ravens bring us pie, we gravely fear we'll have to work." With noble courage thus they face a future fraught with dread and fears, these scions of a kingly race that loafed for quite a thousand years. Far better face the headman's ax than be a laundress or a clerk, but proudly they'll get down to tacks, and if they must, why, they will work. Their landmarks are forever gone, their world is jostled upside down, and some cheap uncle has in pawn the jeweled sceptre and the crown. Too proud to seek the craven's dcom by means of rope or gun or dirk, they cry, amid the encircling gloom, "Just lead us to the honest work." And if for honest work they look, they will not need to travel far; I'll take a duchess as my cook, and hire a duke to run my car.

HOW TO TORTURE YOUR WIFE

HOROSCOPE

The stars incline but do not compel
(Copyright, 1919, by The McClure Newspaper Syndicate.)

Monday, October 4, 1920.

Many kindly stars guide men and women this day, according to astrology. Mercury, Uranus, Venus and Jupiter are all in benefic aspect. Neptune is faintly adverse.

It is a time for pushing all enterprises, since the planets impart energy, foresight and courage for ventures large and small.

Mercury gives promise of the greatest possible success for whatever is largely advertised and seems to forecast new power for editors and publishers.

Personal publicity should be especially beneficial during this direction of the stars, but whatever is an exaggeration or misrepresentation will avail little, for Uranus gives intuition and clear understanding.

There is an aspect said to be particularly favorable to all the ambitions and aspirations of women, who will benefit greatly from the power of the planet that rules the subconscious mind and so quickens what has been called the sixth sense.

During this rule the mind should be particularly keen and alert, open to argument and sensitive to emotional appeal.

Orators should make the most of this direction of the stars, which seems to presage supreme success for more than one woman speaker. A reform movement led by women and nation-wide in its scope will in some way affect the artistic life of the people, the seers prophesy.

This movement will not be apparent until after the election, it is forecast, when all political barriers will disappear and the greatest strength of the women of the country can be mobilized.

Venus is in an aspect today that gives promise of high public offices for women, but there is also a sign read as presaging great social as well as professional achievement for young girls.

Colleges will claim such great quotas of women that there will be concern on the part of men lest the universities be feminized, the seers declare, for Jupiter and Venus are in an aspect which promises great educational ambitions.

While Jupiter foreshadows intellectual benefits there is an aspect that seems to promise access of beauty for the women of America.

Persons whose birthdate it is have the forecast of a successful year in which money will rapidly increase. The young will court and all ages will be lucky in love.

Children born on this day have the augury of success in life. They should rise rapidly in any vocation they adopt and should be fortunate in marriage.

NATIONAL DRESS-UP WEEK—OCT. 4th to 10th

We Are Prepared for You!

These Suit and Overcoat Values Put You *"At Ease"* About the Clothing Question

October, the clothes buying month for the average man, finds this store ready to announce suit and overcoat values that emphasize price moderation to such a degree that every man and young man can approach the question of buying clothes without doubt and hesitancy. It is a comfort to know that conditions and circumstances have made it possible for this store to offer such definite examples of a lower price basis on finely tailored all-wool clothes. Men and young men can supply their full normal needs with the knowledge that they are securing the advantage of a revised market and the benefit of comprehensive variety.

You Can Get a Fine Suit Here at $50

We have an excellent selection of suits at that price. The price is low. It's pretty hard to tell you just how low it is. You can't appreciate it until you see the suits, and you ought to see them. It will be worth while knowing the standard of the value we are giving you now. The styles are new; this season's goods; many just arrived. You have a big choice of patterns and the fabrics are all wool; beautiful weaves. Single and double-breasted styles. Suits for men and young men at

$50.00

You will find many other values in suits here. Good suits, favorably priced. Suits that make good in appearance and performance.

$35.00 to $85.00

Overcoats for Cool October Days

From now on it's hardly possible to get along without an overcoat. Here are overcoats that promise lots of wear. And there are lots of overcoats. It's really a complete showing of all the desirable styles for Fall and Winter wear. Overcoats for men; overcoats for young fellows; rich weaves, beautiful colors. The attractive values make this a special opportunity.

$45, $50, $60, $75

Cool Mornings Suggest Gloves

From the standpoint of good dressing, gloves are a very essential part of the Fall outfit, but now with cool, crisp mornings they are really necessary for full comfort. We are offering some very fine values in desired leathers and shades—

$4.00 Up to $7.00

Warm Munsingwear For Fall Days

If you are due for a change to underwear that is a little heavier and warmer, see this Munsingwear. It fits the body comfortably, is warm but not heavy. It does not pull out of shape. Finely finished—

$3, $3.50 Up to $12.50

BETTER CLOTHES

Every man, espesially every young man, ought to adopt the policy of wearing "Better Clothes." That means wearing better clothes than he has worn before; wearing better clothes this season than he has worn last season; making it a habit to get better clothes every time he buys. It's good business. It's in keeping with the law of success and the law of life. Do everything better today than it was done yesterday. Live better; do something every day to become a more efficient, more successful better man.

PROCLAMATION FOR A FIRE PREVENTION DAY

October Ninth Designated By Mayor Cline To Meet General Observance.

Mayor W. D. Cline this morning issued a proclamation, declaring Saturday, October 9, fire prevention day in Wichita Falls and calling upon all citizens to aid in its recognition as such. The date will be observed throughout the country, proclamations already having been made by President Wilson and the governors of the states.

Plans for observance of the day are being made by Fire Marshal J. L. McClure, who will head a committee to take charge of this work. Speakers will be asked to give brief talks in all the theaters of the city; the fire department is planning a parade; inspection of homes and manufacturing plants will be made, and the teachers in the public schools will be asked to speak to the school children on subjects related to conservation and fire prevention.

Mayor Cline's proclamation follows:

"Whereas, Texas suffers a property loss by fire of several millions of dollars annually, 75 per cent of which is preventable and can be avoided by applying the simple rules of safety, and by the abandonment of carelessness; and,

"Whereas, each year many of our citizens are burned to death or mained for life by fire. A compilation of statistics by state authorities show there were 152 deaths and 310 injuries during the 11 months period ending July 31, 1920.

Now, therefore, I, Walter D. Cline, mayor of the city of Wichita Falls, Texas, to the end that the needless destruction of our created resources by fire may be minimized and the lives and health of our people properly protected, do hereby proclaim Saturday, the 9th day of October, A. D. 1920, fire prevention day in the city of Wichita Falls, and do hereby call upon our entire citizenship to observe the occasion by an examination of all flues and chimneys for the purpose of placing them in a safe condition for use; to clear away all accumulations of trash and other fire-breeding agencies; to resolve to abandon careless habits responsible for so much of the fire loss and particularly to exercise care in the handling, use and storage of gasoline and other volatiles.

"On that day let our commercial organizations, our women's clubs, boy scouts, and other local bodies, stimulate interest in the work of eliminating fire dangers by actively engaging in the campaign against the things that cause fires, and let the teachers in all of our schools on the day preceding this occasion, instruct the children under their care in the execution of fire drills, and urge upon them the need for vigorously observing fire prevention day.

"In testimony whereof, I hereunto sign my name and affix my official seal this 4th day of October, A. D., 1920."

M'CONKEY PRESIDENT OF BRANCH ASSOCIATION

Is Elected at Meeting of Cotton Growers Held at Electra Saturday Afternoon.

J. L. McConkey of Wichita Falls was elected president of the Wichita branch of the American Cotton association at a meeting of cotton growers held in Electra Saturday evening. Some fifty farmers and several business men of this city attended the meeting, and more than 75 per cent of those present joined the association.

A general willingness was shown by the cotton growers to hold back their cotton as a means toward steadying the price, although several stated that they had borrowed money on their crop and were in bad shape to hold it at this time. The question of a reduction of acreage next year and the growing of diversified crops were discussed.

A committee was appointed to obtain additional members and it was voted to hold another meeting in the near future at the Enterprise school house near Electra.

M. O. McDowell of this city acted as chairman of the meeting. F. N. Lawton, prominent local business man, also attended.

'Twas Ever Thus:

She loved him,
That was Her business;
He loved her,
That was His business;
They were married,
That was Their business;
We Papered, Painted and Decorated
Their home,
That's OUR business.

VARIETY OF CASES FEATURE SESSION OF POLICE COURT

Heaviest Docket for Sometime Greets Judge Ogle on Opening Court Monday Morning.

The liveliest session which the local police court has enjoyed for some time was held Monday morning, nearly two hours being consumed in disposition of all the cases docketed. The usual run of traffic violators and vagrants made up the larger part of the list, but a goodly number of gaming charges and two cases of fighting were brought before the court for settlement.

The participants in a fight in a local hotel each drew a fine of $10 and the victim of a neighborhood scrap appeared but was found not guilty when evidence showed that she had been an unwilling participant in the fight. According to the stories of witnesses, "Minnie asked Doris to come over to her house and then Bertha came in and whipped her." Bertha plead guilty to the charge of fighting when arrested but Doris came to court, told her story and admitted that she got the worst of the argument.

The Wichita Falls traction company came in for a good share of notoriety by reason of a case in which they were the complainants, but as it turned out the street car company would have been better off had they not preferred any charges at all. A man was arrested several days ago on a charge of driving his automobile past a street car which was taking on passengers at the corner of Tenth and Indiana; but the traction company failed to appear and prosecute the case and it was dismissed. The court was told by the defendant and also by the arresting officer that inasmuch as street cars sometimes waited as long as 20 minutes at this particular corner it was unfair to compel automobiles to wait until the cars proceeded. Judge Ogle intimated that unless the traction company offered more assistance in the prosecution of cases of this nature that they would not receive the support of the city officers in the enforcement of the law prohibiting autos to pass street cars that were not in motion.

HOW TO GET RID OF CATARRH

A Simple, Safe, Inexpensive Method That Clears Out the Head, Nose and Throat.

There is no disease more offensive or disagreeable or no disease that will lead to as much serious trouble as catarrh. You can now get rid of it by a simple, safe, pleasant home remedy discovered by Dr. Blosser, a catarrh specialist.

Dr. Blosser's Remedy is composed of medical herbs, flowers and berries, which you smoke in a dainty pipe or cigarette. The smoke-vapor is inhaled into all the air passages of the head, nose, throat and lungs. It contains no cubebs or tobacco and may be used by women and children as well as men. This medicated smoke carries medicine where sprays, douches and ointments cannot possibly reach. Its effect is soothing and healing and is entirely harmless. If you are a sufferer from catarrh asthma, catarrhal deafness, or subject to frequent colds, you should try this Remedy without delay.

Any well-stocked drug store can supply Dr. Blosser's Remedy in cigarettes or powder for smoking in a pipe, or will order it for you. Satisfactory results guaranteed by a genuine, money-back offer.

A trial package will be mailed postpaid to any sufferer for ten cents (coin or stamps) by The Blosser Co., DE 26, Atlanta, Ga., to prove its delightful and remarkable effectiveness.—(adv.)

FOR SALE

Four rooms and kitchenette, garage with solid drive and servant's house on Filmore, just off paved Tenth street. Will consider light touring car and some cash as first payment, balance terms.

FLORAL HEIGHTS CHURCH ESTABLISHES A RECORD

With a Membership of 430, the Sunday School Had Attendance Yesterday of 437.

Floral Heights Methodist church, which began its existence last November with about one hundred members who voluntarily came out from First Methodist church, South, of this city, now boasts a membership of 430. The church challenged all churches of the city to an attendance contest in Sunday school on Rally day, the decision to be made upon basis of church membership. The challenge not being accepted, they proceeded to put over contests in their own rangs and report an attendance of 437 in Sunday school yesterday with $75 contribution. None were counted except those present in the tabernacle at the Sunday school hour.

At 11 o'clock a special program was rendered and the pastor, Rev. W. L. Tittle, baptized six infants and received six adults into the church, one man being received by baptism and profession of faith. It can be seen that the Sunday school attendance went beyond 100 per cent of the church membership. They are anxious to know whether any other church in the city beat this record.

CAMPAIGN BEGINS TO RAISE FUND OF $7,000 FOR SALVATION ARMY

The Salvation army campaign for $7,000 with which to maintain the army's work for the ensuing year opened strong this morning. "Salvation stock" selling well above par and considerable enthusiasm being displayed in the trading. Captains of the various teams that will canvass the downtown section of the city in search of the subscriptions began reporting early to Miss M. H. Kerr at the campaign headquarters in the basement of the Morgan building and by 9 o'clock some three-score business men had "hit the trail" in search of dollars and cents.

Fred Couper and Lee Clark, captains of two of the teams, are strong believers in beating the other fellow to it. Neither waited for the official opening date of the campaign. Following last Thursday's organization dinner at the army citadel, they laid down their financial barrages the next morning. Friday evening Couper turned in checks for $131 and Clark was at headquarters at the same time with a total of $163.25.

Voluntary contributions received by mail and the efforts of individual workers had brought the total of the fund to $919 before the campaign really opened this morning. C. Clint Wood and the firm of Moore & Richolt were leading the givers with checks for $100 each, while a number of business men had donated $50 to the fund.

Mayor Cline, captain of team No. 5, was out early and "going strong", as was W. Newton Macr. The mayor admitted he had made a few mistakes due to the fact that his mind was somewhat crowded with city business, private business, Salvation army business and activity in the campaign among the school children to decrease the school fund deficit.

UNSUCCESSFUL ATTEMPT TO ROB EMPRESS THEATER

Batter Off Door Fastenings, but Are Unable to Gain Entrance to Safe.

An amateur burglar, or burglars, made an unsuccessful attempt to rob the safe of the Empress theater Saturday night, but only succeeded in battering off the door fastenings so that no one else could gain access to the interior. A heavy sledge hammer was used in knocking off the combination dial and door handle, while a screwdriver and file were utilized in an attempt to remove the hinges of the door when efforts with the hammer failed.

The attempted robbery was discovered Sunday morning by a negro porter. Entrance had been gained to the theatre by forcing open a door at the rear of the building and then breaking into the inner office where the safe was located. The thieves were evidently frightened away before accomplishing their purpose, for the sledge hammer was found on the floor in front of the safe together with several other articles that had been used.

Although failing to get the money contained in the safe, the would-be robbers effectually sealed the door so that no one else could get at it and Manager Harwell was debating Monday as to the advisability of advertising for a professional safe cracker to come and open his strong box for him.

LOOKING FOR MURDERER OF KANSAS CITY WOMAN

Few Clues To Indicate Party Who Killed Miss Florence Barton And Wounded H. R. Winter.

KANSAS CITY, Oct. 4.—Admitting they have few clues to work upon the authorities today redoubled their efforts to find a man who is declared to have shot and killed Miss Florence Barton, a young society woman, and wounded Howard R. Winter, her fiance, while the couple were in a motor car on a lonely road near here late Saturday night.

The only description the police had of the man was that furnished by Winter, who said he was about thirty years old, dressed in a brown suit and wore a greasy cap, the visor of which was creased in the center.

According to Winter, the man, with two others, in a motor car approached Winter's car, an enclosed one, which he had stopped while lighting a cigar. The man stepped out, asked the way to Lee's Summit, Mo., and then climbed up on the running board of their car. Winter said, with a revolver in his hand. Expecting trouble Winter said, he involuntarily raised his hand to his face and the man fired, wounding him in the left arm. Other shots followed, he said, one of which struck Miss Barton, who was 24 years old, and the daughter of a prominent shoe merchant.

After the men had fled in their car, Winter took Miss Barton to a nearby country residence, the owner of which drove them to Raytown, Mo., where Miss Barton was given medical attention. The physician suggested that she be removed to a sanitarium in Independence, a Kansas City suburb. Miss Barton died on the way to Independence.

Relatives of the young couple said they were to have been married soon. Winter, who is 27 years old, is employed in the office of his father, a local real estate dealer. He was not seriously wounded, physicians said.

ABOUT 200 BALES OF COTTON ARE GINNED

Crop Is Not Being Picked Rapidly And Complaint Of Boll Worms Is Made.

The gins of this city are getting fairly started on this year's cotton crop and about two hundred bales have been ginned thus far. Owing to the late season the cotton is not coming in rapidly and in many instances complaints are made that owing to the activities of the boll worm the locks of cotton stick to the hulls and make picking unusually difficult.

Some of the farmers near the city report that their cotton has not been molested by the worms and others state that both worms and weevils have been in their crops. The crops on various farms are reported as damaged from one-fourth to one-half. Until the picking was commenced the cotton growers believed that they had much better crops than they now find they have, and in many instances where one-half bale to the acre was predicted, they are now hoping that the yield will be as much as one-fourth of a bale to the acre.

The cotton that is coming in is of extra good grade, being strict middling on the average. There are slight worm spots in nearly all the bales, but these are not sufficient to discount the grade. Early cotton escaped the ravages of the insects, but most of that raised in this vicinity is maturing late.

It is expected that the small towns about Wichita Falls will receive from 25 to 250 bales each from this date until the season is practically over.

GOLF CONTEST SATURDAY RESULTS IN TIE SCORE

Reppy Wins the Afternoon Sweepstakes With T. P. Adams a Close Second.

"Charlie" Norton and "Slim" Richardson led two teams, disciples of the Sons of Swat, into battle over the links of the Wichita Falls golf club Saturday afternoon without any casualties. When the final returns were in, and all the scores had been checked, it was reported that the two bands of golfers had deadlocked in a team tie.

The tie will never be played off, and both sides are satisfied. Reppy won the afternoon sweepstakes with a net score of 76, and T. P. Adams was second with a net of 77. They also are extremely satisfied today.

The complete scores, as announced by Norton with apologies, follow:

C. J. Norton beat Richardsin 1 up; Weldon beat Couper 3 up; Burns beat Miller 1 up in 19 holes; Reppy beat Cil. Kelly 4 up; Adams beat Carter 2 up; Bernard beat Merrill 4 up; Lee beat Chenault 3 up; Rowe beat Wood 5 up; Oltorf beat Booth 2 up; May beat Hunter 2 up and Francis beat Gardner 1 up.

BETTER THAN WHISKEY FOR COLDS AND FLU

New Elixir, Called Aspironal, Medicated With Latest Scientific Remedies, Used and Endorsed by European and American Army Surgeons to Cut Short a Cold and Prevent Complications.

Every Druggist in U. S. Instructed to Refund Price While You Wait at Counter if Relief Does Not Come Within Two Minutes.

Delightful Taste, Immediate Relief, Quick Warm-Up.

The sensation of the year in the drug trade is Aspironal, the two-minute cold and cough reliever, authoritatively guaranteed by the laboratories; tested, approved and most enthusiastically endorsed by the highest authorities, and proclaimed by the common people as ten times as quick and effective as whiskey, rock and rye, or any other cold and cough remedy they have ever tried.

All drug stores are now supplied with the wonderful new elixir, so all you have to do to get rid of that cold is to step into the nearest drug store, hand the clerk half a dollar for a bottle of Aspironal and tell him to serve you two teaspoonsful with four teaspoonsful of water in a glass. With your watch in your hand, take the drink at one swallow and call for your money back in two minutes if you cannot feel your cold fading away like a dream within the time limit. Don't be bashful, for all druggists invite you and expect you to try it. Everybody's doing it.

When your cold or cough is relieved, take the remainder of the bottle home to your wife and babies, for Aspironal is by far the safest and most effective, the easiest to take and the most agreeable cold and cough remedy for infants and children.—(adv.)

YOU ARE EXPECTED TO VISIT NEIGHBORS DURING THIS WEEK

This is "call-on-your-neighbor" week, officially stamped as such by the Wichita Falls community service organization. Practically every clergyman in the city yesterday included in his weekly appeal to his parishoners to observe the week by getting acquainted with neighbors; and Sunday afternoon, according to reports received by Miss Gertrude Deppen, who is directing the social week, became a visiting afternoon in many sections of the city.

The idea of becoming acquainted through the medium of pleasant neighborly calls is an extension of the block party plan that brought so much social enjoyment to Wichita Falls citizens during the summer. It is hoped to extend further the block party plan that it will include churches, clubs and other organizations.

For immediate and permanent relief from eczema I prescribe

Resinol

"If you want to *experiment*, try some of those things you talk about. But if you really want that itching stopped and your skin healed, I advise you to get a jar of Resinol Ointment, and a cake of Resinol Soap. We doctors have been prescribing that treatment ever since you were a small boy, so we *know* what it will do. It is cooling, soothing, easy and economical to use, and rarely fails to overcome eczema and similar affections."

Ask your dealer today for Resinol Soap and Ointment

TANLAC DISPLAY MAKES GREAT HIT

Unique and Attractive Display of Celebrated Medicine Attracts Much Attention.

An advertising display which has attracted unusual interest has been placed in the show window of The Miller Drug Store, on 727 Ohio Ave., in this city, the local agency for the well-known and highly successful proprietary medicine, Tanlac.

The display is not only interesting from an advertising standpoint, but is educational, combining in an attractive and artistic manner beautiful scenes from many foreign countries where the ingredients of this preparation are obtained.

It has occasioned such favorable comment in the city that the proprietors of the store state that it will remain in their window several days longer.

Work Of Great Artist.

The display is the work of one of America's greatest lithographic artists and the manufacturers of Tanlac state that the total cost will exceed sixty thousand dollars, which is said to be a record price for window displays. It is in ten distinct and natural colors, and presents scenes from the Rocky Mountains, as well as from Europe, Asia, Peru, Egypt and other foreign countries.

The natives are seen in the natural habitat and environment, gathering the roots, herbs and barks that form the medicinal ingredients of Tanlac, packing them upon the backs of camels, elephants, llamas and other beasts of burden for transportation by land and sea to the immense laboratories at Dayton, Ohio, and Walkerville, Canada.

One of the most striking features of the display is the reproduction of the magnificent laboratory at Dayton. Here the artist has very effectively and impressively protrayed the popularity of Tanlac by introducing a group of people in all walks of life, who are looking at the Tanlac laboratory with expressions of confidence, plainly indicating their belief and faith in the medicine.

Another distinctive feature is the bulletins accompanying the display. They tell briefly and concisely of the marvelous growth and development of Tanlac, until today it has the largest sale of any medicine of its kind in the world. These bulletins also quote various standard medical authorities as to the therapeutic value and physiological effect of the medicine.

60,000 Bottles A Day.

From these bulletins one also learns that the new Tanlac laboratories at Dayton and Walkerville have a combined daily capacity of 60,000 bottles and that the medicine is now selling at the rate of approximately 10,000,000 bottles per year.

That Tanlac is a preparation of exceptional merit has never been disputed, which accounts for its tremendous popularity and large sales throughout the country. It is a powerful reconstructive tonic and body-builder and has a far reaching and most beneficial effect upon the entire system. Many strong local endorsements, from those who testify as to the benefit they received, have appeared in the columns of this paper.

The manufacturers of Tanlac are firm believers in newspaper advertising and have forcibly presented to the public the merits of their products in this way. Their total annual appropriation for newspaper space exceeds one million dollars. Their copy appears in practically all of the leading daily and weekly newspapers throughout the United States and Canada.—(adv.)

Owners of Willard Threaded Rubber Insulated Batteries

We are instructed by the Willard factory that in the event it should become necessary to replace the insulation at any time during the life of a threaded rubber insulated battery, to do so without charge to the owner.

It is essential that the owner bring the battery to us at once in case of internal trouble. This special service can only be had at an authorized Willard Service Station.

The Willard threaded rubber insulated battery has been adopted as standard equipment by the engineers of 136 manufacturers of pleasure cars and trucks. It must be right.

DEMAND FOR SEATS EXCEEDS CAPACITY OF THE BROOKLYN PARK

NEW YORK, Oct. 4.—Indicative of the interest in the world's series, the first game of which will be played in Brooklyn tomorrow, was the announcement today by the Brooklyn management that the demand for seats has far exceeded the capacity of the field.

Thousands of applications and the accompanying checks will be returned by the club, it was said. The demand has been greater than that four years ago, when the Superbas won the National league flag.

Philadelphia 8; Washington 6.

WASHINGTON, Oct. 3—Philadelphia took the final game of the season from Washington today. The score:

Philadelphia	122 210 000—	8	7	1
Washington	301 001 010—	6	15	4

Batteries—Hasty and Perkins; Fisher, Bono, Shirer and Gharrity and Picnich.

THE EIGHT WHITE SOX INDICTED

"Chick" Gandil, ex-first baseman 1, is accused of being the ringleader of the conspiracy to "throw" the world series. His lieutenants are said to have been "Swede" Risberg, shortstop 6, and Fred McMullin 4, utility infielder. Cicotte, pitcher 3, and Joe Jackson, star outfielder 8, are said to have confessed. "Happy" Felsch, outfielder 5, and "Lefty" Williams, pitcher 7, are also implicated. "Buck" Weaver, third baseman 2, while accused may be found innocent, as he played excellent ball during the series.

Stephen F. (Steve) O'Neill was born in Minooka, Pa., July 6, 1892. His first professional experience was with the Elmira club of the New York State league in 1910. He was drafted by the Athletics the next year, but was turned over to Cleveland, which turned him back to the minors. He was recalled the next year. His best year with the stick was in 1913 when he hit .295. Last year he batted .278.

Leslie G. Nunnamaker was born in Lincoln, Neb., Aug. 25, 1889. He started with his home club in the Western league in 1909. He was sold that year to Dubuque, from where he went next year to the Cubs. He was turned back by them to Bloomington, which sold him to the Red Sox in 1911. In 1914 he was sold to the Yankees at the waiver price. He was traded to the Browns in 1918 and they sold him to Cleveland last year. His best batting average was .296 in 1916. Last year he hit .256.

Chester D. (Chet) Thomas was born in Quincy, Ill., Jan. 24, 1888. He started with San Jose in the California state league in 1908. He was sold by Sacramento to the Red Sox in 1912. He remained with them until 1917 when he was traded to the Athletes. The next year he was sold to the Indians. His best batting average was .264 in 1916. He hit .169 last year.

Stanley (Stan) Coveleskie was born in Shamokin, Pa., July 13, 1890. He began playing with his home club in the Atlantic league in 1908. He was sold to the Athletics by Atlantic City in 1912, but was immediately turned back. Cleveland bought him from Portland in 1916. Last year was his best season, he winning 24 and losing 11 games for a percentage of .686.

James C. (Jim) Bagby was born in Taliferia county, Ga., Oct. 5, 1889. He started with Augusta in the South Atlantic league in 1910. Cincinnati bought him from Montgomery in 1912, but turned him back. New Orleans sold him to Cleveland in 1916. His best year was 1917, when he won 23 and lost 13, a percentage of .639. Last year he won 15 and lost 11 for an average of .607.

Ray B. (Slim) Caldwell was born in Corydon, Pa., in 1888. His first professional work was with McKeesport of the Ohio and Pennsylvania league in 1910. He was sold that summer to the Yankees. In 1914 he jumped to the New York Feds. He returned to the Yanks in 1915 and remained with them until last year when he went to Cleveland in a three-cornered trade with Boston. He had his best season last year when he won 11 and lost 5 games, an average of .688.

Guy Morton was born in Vernon, Ala., June 1, 1893. He started with Columbus in the Cotton States league in 1913. He was sold to Cleveland the next year. His best season was 1916 when he won 13 and lost 6 games, a percentage of .684. His record last year was 10 games won and 9 lost, a percentage of .526.

George E. Uhle was born in Cleveland in 1899. After playing on the sandlots he started with the Indians last year. He won 10 games and lost 5, for a percentage of .667.

Wheeler B. (Doc) Johnston was born, in Chattanooga, Tenn., in 1888. He began playing with his home club in the South Atlantic league in 1909. He was drafted by Cincinnati next year, but turned back. In 1912 New Orleans sold him to Cleveland. He was waived to the Pirates in 1915 and was released by them to Birmingham. Cleveland bought him from Milwaukee in 1918. His best year with the stick was last year when he hit .307.

William (Wamby) Wambsganss was born in Cleveland March 19, 1894. His first league playing was with Cedar Rapids in the Central association in 1913. He was sold to Cleveland the next year. His best hitting year was 1918, when he clouted .295. Last year he hit .278.

William L. (Larry) Gardner was born in Enosburg Falls, Vt., May 13, 1886. He started with the Red Sox in 1908. He was turned over to Lynn in the New England league, but was recalled at the end of the season. He remained with Boston until 1918, when he was traded to the Athletics. Last year he was traded to Cleveland. He rolled up a batting average of .315 in 1912. Last year he hit .300.

Joseph (Joe) Evans was born in Meridian, Miss., in 1895. The Indians bought him from Toledo during the summer of 1914. He has been used in both the outfield and infield, though he came to Cleveland as a third baseman. Last year he hit but .021 in twenty-one games.

Harry Lunte was born in St. Louis, Mo., in 1894. He was purchased from Mobile in 1917, but was injured before he could report and then went into war service, joining the Indians this spring. He hit .195 last year.

Tristram E. (Tris) Speaker was born in Hubbard City, Texas, April 4, 1888. He started playing with Cleburns in the North Texas league in 1906. The Red Sox bought him from Little Rock in 1908. He was traded to Cleveland in 1916. Thomas, Jones and a reported cash consideration of $55,000. From 1909 until last year he never batted under .300. His 1919 average was .296. It was that year he succeeded Lee Fohl as manager. His best year was 1916, when he hit .386, displacing Ty Cobb as the champion batter of the league.

John G. (Jack) Graney was born in St. Thomas, Ont., in 1888. He started with Fulton in the Empire State league in 1906 as a pitcher. The Cubs drafted him the next year, but he was released. Cleveland tried him out in 1908 and turned him back. While with Portland in 1909 his batting won him a place as an outfielder. He was bought by the Indians the next year. His best year with the bat was in 1911, when he hit .269. Last year his average was .234.

Joseph (Smokey Joe) Wood was born in Kansas City, Mo., Oct. 25, 1889. He started with Hutchinson in the Western association in 1907. The next year he went to the Red Sox by way of the Kansas City American association club. He pitched for them until 1917, when he was sold to Cleveland. His hard hitting there won him the job of utility outfielder and first baseman. He hit .269 in 1918 and .255 last year.

Elmer J. Smith was born in Milan, Ohio, in 1892. His first professional engagement was with the Kalamazoo club of the Southern Michigan league in 1909. He has been with Cleveland for three years. His batting average last year was .275.

Chales D. Jamieson was born in Paterson, N. J., in 1892. He was bought from the Athletics last spring and hit .352 with Cleveland.

Walter Mails was born in Sacramento, Cal., in 1896. After an unsuccessful tryout with Brooklyn a few years ago he was turned back. He was bought by the Indians from the Sacramento club of the Pacific Coast league this summer.

George Burns was born in Niles, Ohio, Jan. 31, 1893. He started playing with Burlington in the Central association in 1913. He was sold to Detroit that year, but was turned back to Sioux City, only to be recalled the next year. He was sold by the Tigers to Philadelphia in 1918. The Athletics sold him to Cleveland this year. In 1918 he hit for .352. His batting average last year was .296.

Joseph Sewell was born in Titus, Ala., in 1899. He played with New Orleans last year and was purchased from that club by the Indians this summer. He batted .305 in 1919.

SPEAKER FORMULATES HIS MODE OF ATTACK AGAINST THE DODGERS

CLEVELAND, OHIO, Oct. 4.—Tris Speaker, manager of the Cleveland Indians, winners of the American League pennant, had his team at League Park this morning for a conference, during which he formulated his mode of attack against the Brooklyn Dodgers, the National League champions, in the coming world's series. The team arrived from Detroit last night and will leave for Brooklyn tonight, accompanied by many fans.

Although Speaker would not announce definitely who his pitching selection will be in the first game tomorrow, it is likely that Jim Bagby, who won thirty-one games for the Indians this season, may be called upon. Stanley Coveleskie and Walter Mails both are ready and may be called upon if Speaker does not think Bagby has had sufficient rest.

Should Manager Robinson start one of his left-handers in the box against Cleveland, Speaker may send his right handed hitting crew, which worked so successfully in the Detroit and St. Louis series, into the line-up. That would mean George Burns on first, batting in the clean-up position, with Joe Wood in right field.

St. Louis 10; Chicago 7.

ST. LOUIS, Oct. 3.—St. Louis and Chicago rounded out their schedule for the 1920 campaign today with a free hitting contest which the Browns captured. Score:

	R	H	E
Chicago 013 102 000	7	11	2
St. Louis 250 210 23x	16	18	3

Batteries—Kiefer, Payne, Wilkinson and Jonnard; Richmond and Collins.

MR. H. S. FORD, Mgr.,
Olympic Theatre,
Wichita Falls, Texas,
Dear Sir:

I am pleased to note you are to use the Marvel Baseball Player Board to reproduce the World's Series in your theatre. I have seen these boards in operation a number of times and have also assisted in their operation. The board is indeed a marvel and I know of no play to be made on the field that cannot be exactly reproduced on the Marvel Player Board. I am glad to indorse it.

Very truly yours,
(Signed) BARNEY BURCH.

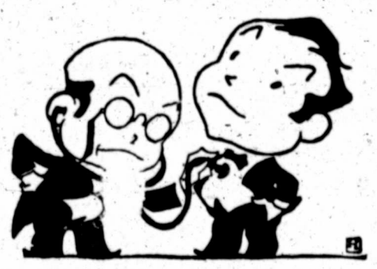
October 2.

MR. H. S. FORD,
Olympic Theatre,
City.
Dear Sir:

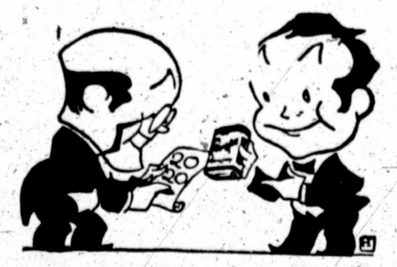
I have investigated the Marvel Player Board which is to be used at your Theatre for reproducing the World's Series. In my opinion this is the most perfect board I have ever seen, as it reproduces each play as made on the field. Am sure it will be appreciated by all baseball fans during the coming series.

Your truly,
(Signed) LLOYD WEAVER.

The Doc said "50-50" on that "20-20"



I MADE a date.
WITH THE Insurance Doctor.
FIRST HE poked me.
THEN TICKLED my ribs.
HAD ME cough.
AND BREATHE and blow.
THEN HE listened in.
WITH HIS little trumpet.
AND MADE me run.
RIGHT IN one spot.
FOR FIVE minutes.
THEN LISTENED some more
AND FIRST in one eye.
AND THEN in the other.
HE PLANTED his thumb,
AND MADE me read.
THE RUSSIAN prayer.
ON THE eye-sight card.
AND THEN wrote down.
"TWENTY-TWENTY.
THAT MEANS your eyed.
ARE SATISFACTORY."
AND I laughed and said.
"I CAN always see.
TWENTY-TWENTY, Doc.
MY CIGARETTES.
COST TWENTY cents.
FOR TWENTY smokes.
YOU BET your life.
THEY SATISFY, too."



IT doesn't take a "20-20" eye to "see" the real value in Chesterfield's exclusive blend of fine Turkish and Domestic tobaccos. Your *taste* tells you that their quality is genuine—that the blend is different—that Chesterfields do "satisfy."

They Satisfy Chesterfield

THIRTY-SIX VETERANS DEPART FOR HOUSTON TO ATTEND REUNION

LUNCHEON IS SERVED AT Y. W. C. A. BY DAUGHTERS OF THE CONFEDERACY.

JUDGE SCURRY IN CHARGE OF ALL ARRANGEMENTS

March From Court House To Station A Picture Of Group Being Taken Before Departure.

Thirty-six Confederate veterans assembled at the "military base," commonly known as the Union station, and entrained for the Confederate reunion in Houston at 2 o'clock Monday afternoon. It was a gala day for the old soldiers of Wichita Falls and surrounding territory and gray-clad heroes of the South romped and played like a crowd of school boys out for a holiday.

The festivities began at the county court house early in the morning when the first representatives of the Wichita Falls contingent gathered to register and continued without cessation until the train bearing the soldiers and their friends pulled out of the Union station at 2 o'clock. The short march from the court house to the Times office, where pictures were taken, the elaborate luncheon at the Y. W. C. A. cafeteria, the congregating at the station and the chance meetings with old comrades on the street all furnished plentiful amusement for the old Confederates and no one begrudged them their evident enjoyment.

Luncheon Is Given.

The descent upon the Y. W. C. A. cafeteria, where the Daughters of the Confederacy were hostesses at the luncheon, was marked by a decidedly military air. The appearance of the first gray uniform brought the crowd of noon diners to its feet and hearty cheers were given until the last man was seated at the reserved tables. The tables were appropriately decorated with the stars and bars and there were plate favors of miniature silk Confederate flags. The menu consisted of baked ham, spaghetti, creamed potatoes, olives, pickles, ice cream and cake, and while some of the soldiers of the South may have recalled hungrier times after marches sixty years ago, no undue delicacy of taste indicated that they had ever been more appreciative of a substantial "mess."

Judge Scurry in Charge.

Judge Edgar Scurry was in charge of all arrangements of the trip and was the busiest man in town from daybreak until train time. The task of purchasing tickets, explaining time and again the arrangements of the trip and looking after the thousand and one details connected with getting his company safely off was one big enough for three men, but the judge proved himself a good "general" and mobilized his forces in military fashion. The twenty boy scouts accompanied the old soldiers to Houston in the capacity of aid de camps and did yeoman service in looking after baggage, helping their old comrades aboard the cars and making themselves generally useful. The scouts are to be in charge of Superintendent of Schools Lee Clark while on the trip to Houston.

The two special cars in which the veterans travelled are due to arrive in Fort Worth at 6:30 this evening and will leave over the Houston Central at 10 p. m. Monday evening. They will arrive in Houston early Tuesday afternoon. About 20 ladies, wives and friends of the local veterans, were included in the group who are attending the reunion from this locality.

RED CROSS CONFERENCE BEING HELD AT WACO

WACO, Oct. 4.—Dr. Livingston Farrand, at the head of the national Red Cross activities, and Frederick C. Munroe, also of the national Red Cross, are here to attend a Red Cross conference which is expected to extend over two days. George W. Briggs of Dallas, roll call director of the Red Cross for Texas, is also here for the conference.

MEETING TO PLAN FOR ERADICATION OF TICKS

FORT WORTH, Oct. 4.—To plan for eradicating ticks in the gulf coast region, which under the new law must start in 1922, a general meeting of livestock interests will be held at Corpus Christi November 13, it was announced today by the state livestock sanitary commission. A preliminary conference was held Saturday at Kingsville, attended by the commission members and cattlemen.

ROOSEVELT STATES REPUBLICANS REACH PEAK OF STRENGTH

ST. LOUIS, Oct. 4.—Franklin D. Roosevelt, democratic vice-presidential nominee, starting the ninth week of his campaign here today, declared the peak of republican strength had been reached and that support for the democratic ticket was now gathering the momentum which would sweep Governor Cox into the presidency next month.

"The outstanding feature of the past week," he said, "has been the rousing of the interest of women voters in the campaign, especially in those states where they have not had the franchise before.

"Up to now most of the women have been reading and observing with open minds. They have not expressed their opinions and they have not affiliated definitely with party organizations. So too, they have given little evidence of following their husbands or brothers with blind obedience. Frankly, most of them are tired of party shibboleths and of the avoiding of great issues by taking refuge behind fine words.

"I am tremendously heartened in the way the women are now surging forward, giving every evidence they will not only vote, but will furnish a tremendous surprise on election day. Hundreds have come to me to tell me that they recognized in the league of nations the super-question before the country.

"They sense the important distinction that, in view of the split in the republican party, to vote for Mr. Harding will be to vote against the league. It is the moral side, the great Christian purpose of the league that appeals to women of all parties and that has caused their weeks of thinking to culminate in open advocacy and active support of the clear position taken by Governor Cox and myself."

PUBLIC OPINION IN JAPAN NOT SATISFIED WITH DIET

Press Condemns Body for Failure to Take Advantage of Opportunity for Development.

TOKIO, Oct. 3.—Public opinion, as voiced in the Japanese press, is far from satisfied with the character of the proceedings in the session of the diet just closed and is particularly condemnatory of the failure to take better advantages of opportunities to push constitutional development. Speeches in the house of representatives, especially by some of the younger members, showed the existence of a movement of liberalism, but the press is bitter over the fact that the opposition parties failed to make use of their power in a manner sufficient to exact reforms.

A review of the session of the house of representatives shows that it was noisy, even riotous in nature, that besides the question of granting universal suffrage it devoted itself to matters of a transitory or personal nature and that with the exception of the well known liberal, Yukio Ozaki, there was no party attack on militarism or military influence, which is still regarded as being all powerful in Japan.

It is evident, however, that a beginning has been made in voicing the popular cry for political reforms, this being especially noticeable in the pressing clamor of the suffragists that all the young men of the empire be given the right to vote and that, in a general way, liberty of speech within and without the diet shall be absolutely guaranteed.

The Herald of Asia, an influential weekly edited by Japanese in the English language, says the present condition of parliamentary government in Japan falls far short of general expectations, but it is not so pessimistic as to believe in the absolute failure of the democratic movement. The journal offers as proof of the spread of democracy the trend of thought among the intelligent sections of the people, especially the rising generation. It notes that democracy is one of the most distinctive characteristic of the contents of the periodical press. But democracy seemed relatively weak in political circles.

The truth is, wrote the editor, that under the existing limited suffrage the classes of people among whom democracy is making headway are debarred from sending representatives to the lower chamber of the diet. "Consequently," continued the article, "that important body is hardly touched by the great wave of liberalism that is sweeping the land. We see the anomalous spectacle of the supposed representatives of the people remaining, as a whole, in the same condition of ignorance and ineptitude as they were 20 years ago. But sooner or later the suffrage will be still further extended so as to enable the educated young men to have a say in parliamentary elections. When that day comes, and it will probably come sooner than most people imagine, an important revolution is bound to be the immediate result in the political world of Japan."

ITALY HAS GONE THROUGH RADICAL TRANSFORMATION

ROME, October 3.—Italy has gone through a radical transformation in the relations existing between employes and workers with little injury to persons, property or the order of things, says Premier Giolitti, in a statement to The Associated Press. He explains the significance of the settlement reached between owners and employes and says more cordial relations between capital and labor will exist in the future. Incidentally, the premier, upon whose initiative the controversy was settled, takes occasion to ridicule alarming stories printed in the United States relative to conditions in Italy during the past month.

"Metal workers were receiving wages from sixteen to twenty lire daily," says Signor Giolitti in explaining the situation at the beginning of the movement.

"Considering the present rate of exchange, these wages represented less than one dollar, American money."

FEDERAL OFFICERS TAKE F. S. STONE TO MOBILE

FORT WORTH, Oct. 4.—Federal officers left here today for Mobile, Ala., with F. S. Stone, formerly a deputy sheriff there and now accused of bringing liquor into the port of Mobile unlawfully. Stone surrendered here, stating he was wanted for manslaughter.

FORECAST FAVORABLE WEATHER FOR GAME

NEW YORK, Oct. 4. — The weather bureau gave promise of favorable weather for the opening of the series.

"Fair tonight and Tuesday; somewhat cooler; moderate southwest to west winds," was the official forecast.

NEWS FROM THE COURTS

SUES DENVER RAILROAD FOR $60,000 DAMAGES

Margaret Parker, administratrix for the estate of P. R. Parker, deceased, has begun suit against the Fort Worth & Denver City Railroad company for $60,000, charging the company and its employes with negligence relative to the death of her husband.

The plaintiff recites in her petition, filed in the 30th district court, that P. R. Parker, her husband, on or about the first day of August, 1920, was employed by the defendant. That acting under orders he and the crew of which he was a member had stopped at Harrold to pick up a cattle car which was standing on the sidetrack there.

It is alleged that while he was in the act of coupling the air hose that the train moved out and that, although he endeavored to get clear of the tracks, he was caught between the side of the car and the platform of the stock yard and rolled and crushed.

The plaintiff further alleges that, although the injured man was removed to the Wichita General hospital at 1 o'clock in the morning, he received no attention until 6 o'clock that evening. She stated that she endeavored at three separate times to get medical aid, but that the hospital, acting under the direction of the railroad, told her that it would not be permitted as the railroad company's doctor was to take care of the patient.

She alleges that had her husband been given the proper attention that there would have been a likelihood of his having lived, but that he died on August 8.

TWO WEEKS ASSIGNED TO TRIAL OF NON-JURY CASES

Judge P. A. Martin of the 89th district court announced Monday morning after he had completed the work of hearing excuses from men who were summoned for this week's jury panel that the next two weeks in his court would be engaged in the trial of non-jury cases. A large non-jury docket is on hand and it is hoped by court attaches that this will be disposed of before the taking up of criminal cases on Monday, October 18.

PRISONER TO BE TAKEN TO LEAVENWORTH PENITENTIARY

T. I. Jarrod, who was sentenced to serve one and one-half years in the Leavenworth federal penitentiary, will leave Monday night in custody of U. S. Marshal Jim Allen to begin his sentence. He was charged with the theft of money from a railroad company while the latter was under government control. He pleaded guilty to the charge.

Suits Filed in 30th District Court.

Margaret Parker, administratrix, vs. Fort Worth & Denver City Railroad Co., damages.

RECENT SHIPMENTS OF RUSSIAN GOLD IS TO BE INVESTIGATED

WASHINGTON, Oct. 4.—Inquiry into the source of the recent shipment of Russian gold to the United States has been ordered by the department of justice. Belief exists at the department that the gold may be a part of the Russian bolshevik propaganda fund.

Receipt of the shipment totalling $339,636 was announced last week by the federal reserve board. This was the first shipment of gold from Russia to the United States since late in 1916. Officials of the board said today they had not yet identified the shipment or its consignee.

SUFFRAGE DECISION AFFIRMED BY COURT

Anti-Sufragists May At Once Prosecute An Appeal To U. S. Supreme Court.

WASHINGTON, Oct. 4.—The decision of the District of Columbia supreme court denying an injunction preventing Secretary Colby from promulgating the woman suffrage amendment was affirmed today by the district court of appeals from which the anti-suffragists may prosecute at once an appeal to the United States supreme court.

In affirming the lower court's decision, the court of appeals also overruled the motion of Charles S. Fairchilds of the American Constitutional league to advance the appeal case for hearing.

COMMISSIONERS PLAN TO BUY TRIANGULAR TRACT TO ELIMINATE REVERSE CURVE

The county commissioners Monday afternoon discussed the advisability of purchasing a triangular piece of ground near the viaduct under the railroad at the county wagon bridge to eliminate a reverse curve. It is probable the tract will be bought if it can be secured at a reasonable price.

A concrete mixer belonging to the county was ordered sold to the town of Burkburnett for a consideration of $6,284 of which $1,000 is to be cash and the remainder to be applied on the county's share of the county highway through the town of Burkburnett.

KEMP HOTEL OPENS DOORS TO PUBLIC MONDAY MORNING

The Kemp hotel, representing an investment of a million and a half dollars, was opened to the public this morning, 120 of the 235 rooms being completely furnished and ready for occupancy. Thirty or more building trades still are represented by men at work throughout the new building, but it is believed another two weeks will find the hotel finished in every detail.

At noon today every room ready for use had been taken and new guests were being received as fast as workmen could complete furnishing and equipping additional rooms. Many local men and women have taken suites by the month in the hostelry, and the transient trade also promises to be heavy.

Joseph Huckins, Jr., of Oklahoma City, one of the owners of the Lee-Huckins chain of hotels which is operating the Kemp hotel, was present at the opening, and took an active part with Manager Alfred Allen in directing various details. Allen is a hotel man of many years' experience, and was formerly manager of the Leland in Springfield, Ill. The assistant manager, Gordon Berry, comes to this city from the Orlando hotel at Decatur, Ill. H. J. Foerster, cafe manager, is known to many Wichita Falls citizens, having been connected for several years with the Rice hotel in Hoston. The dining rooms of the Kemp hotel, incidentally, will not be opened until some time between the 15th and 20th of this month.

Mrs. Irma Littlejohn, from the Seaver hotel in Muskogee is housekeeper of the Kemp; the day clerks are J. H. Stafford and R. G. Teston, and the night clerk, C. W. Norris.

The hotel is beautifully furnished throughout, only the finest furnishings being used.

The Kemp Hotel Drug company also opened their new store this morning in the southeast corner of the hotel building, the doors opening on Scott and Eighth streets. The store is under the management of R. L. Spivey, with the prescription department in charge of S. Steiner, formerly a New Orleans pharmacist.

HOLDS OPTIMISTIC VIEW OF INDUSTRIAL SITUATION

BOSTON, MASS., Oct. 4.—An optimistic view of the general industrial situation in America was expressed by T. B. Wilson, president of the Institute of American Meat Packers, in an address before the Investment Bankers' Association of America here today. He referred to recent declines in prices of many commodities and said the process of readjustment was in "full motion."

CONTRACT FOR WELL ON WOODALL FARM

New Test About Three and Half Miles Northwest Of Wichita Falls.

McCracken, Hart, Hill & Graffa have let the contract for a well on their twenty-acre tract on the Woodall farm to the Charles Anderson Drilling company. The derrick is up and the contractor is now rigging up to start work.

The new test is located about three and a half miles northwest of Wichita Falls and about 2,609 feet southeast of the Donoho & Rayzor Production company's test on the same farm.

J. B. McCracken, head of the company, who is a south Texas oil man of many years' experience, is very optimistic over the prospects. Mr. McCracken was present when the Donoho & Rayzor test drilled into the sand, but was unable to complete the well as a producer.

Oil operators are watching the tests on the Woodall farm with a great deal of interest as many regard the structure there as the most promising that has not been drilled in this section.

SPECIAL GRAND JURY TO BE CONVENED ON MONDAY

Names of Sixteen Men Are Drawn Monday Under Direction of Judge P. A. Martin.

Names of sixteen men were drawn Monday afternoon under the direction of Judge P. A. Martin, who will be called in to serve on a special grand jury which will go into session next Monday morning.

Judge Martin is preparing a special charge which he will deliver to the special grand jury.

It was thought absolutely essential that this action be taken in view of the fact that within the past few days two people have lost their lives and another is at the point of death as the result of affairs that took place while in the discharge of their duties.

Kemp City has presented itself as quite a problem to public officials inasmuch that the two men who were assisting the constables in a raid lost their lives, another man is dying as the result of a cutting scrape that took place at this town last Friday night and still another man was seriously wounded a week ago following a fight in a dance hall.

Through whatever action the special grand jury may take and with a number of Texas rangers in the county it is hoped that existing conditions may soon be cleared up in the oil fields of the county.

The names of the following men of Wichita county were drawn to serve on the special grand jury ordered by Judge P. A. Martin: John W. Bradley, Wichita Falls; Will George, Iowa Park; N. H. Martin, Wichita Falls, T. Guy Willis, Burkburnett; Marion Smith, Wichita Falls; J. W. Donohoe, Wichita Falls; J. W. Murph, Wichita Falls; J. S. Bridwell, Wichita Falls; Jack Bradley, Beaver Creek; J. Tom Haynes, Electra; C. E. Arens, Electra; J. T. Taylor, Wichita Falls; R. E. Shepherd, Wichita Falls; J. R. Robinson, W. R. Ferguson and J. M. Barber, all of Wichita Falls.

ADVISE TAX COLLECTORS TO USE 1919 RECEIPTS FOR POLL TAX PAYMENTS

AUSTIN, Oct. 4.—Tax collectors of the state were advised today by the state comptroller to use 1919 poll tax receipts in acknowledging the payment of poll tax under the new law passed by the legislature which has just adjourned. The act has been signed by the governor and is now in force. Under it voters have until October 22 to pay their poll tax.

The bill providing more stringent laws for dealing with labor disputes affecting common carriers has also been signed by the governor. It becomes effective January 1.

WANDERER IS ON TRIAL FOR MURDER OF WIFE

Also Charged With Killing "Ragged Stranger" Tricked to Death to Substantiate Story.

CHICAGO, Oct. 4.—Carl Wanderer, a former army lieutenant, went on trial for his life today charged with the murder of his wife, their unborn child and a "ragged stranger," who Wanderer tricked to his death to substantiate a story of an attempted holdup.

Mrs. Wanderer, a bride of less than a year, and the stranger were shot and killed in the hallway of the Wanderers' apartment. When neighbors arrived, Wanderer was holding a revolver in his hand and another lay on the floor beside the stranger.

PETROLEUM CONCESSIONS HAVE BEEN INVESTIGATED

Inquiry Develops U. S. Corporations Control More Than British in Lower California.

MEXICO CITY, Oct. 4.—Petroleum concessions recently given to Alfred Mackenzie, a British subject, in Lower California, have been investigated and rejected by United States oil operators, according to newspapers here. Reports recently printed in this city stated British interests had virtual control of the oil industry in Lower California and that the Japanese stood in the same position in the state of Sonora. Inquiry, however, develops the fact that United States corporations control twice as much territory in Lower California as has been turned over to the British. Japanese oil men have taken three concessions in Sonora for the purpose of testing the territory.

SEAY, STONE, ADAMS ET AL COMPLETE OFFSET WELLS

No. 4 Is Reported Good for Around 200 Barrels While No. 5 Is Credited With 150 Barrels.

Seay, Stone, Adams et al have completed their Nos. 4 and 5 wells on block 18, offsetting the Maer & Shappell and the Walker-Consolidated leases. No. 4 is reported as good for about 200 barrels and No. 5 for about 150 barrels. The sand was found at about 1,763 feet.

MORE THAN 100 COMPETE IN WOMAN'S GOLF TOURNAMENT

CLEVELAND, OHIO, Oct. 4.—The twenty-fifth annual women's golf championship tournament was inaugurated at the Mayfield links here today with more than 100 of the best women players in the United States and Canada competing. It was one of the largest fields in the history of the event and included many veterans and newcomers.

Mrs. Gus Wilfong has returned from Oklahoma City where she attended the funeral of Mrs. Tom Lundy, held in that city on Sunday.

LARGE INCREASE IS SHOWN IN REPORT OF COTTON GINNED

WASHINGTON, Oct. 4. — Cotton ginned prior to September 25 amounted to 2,243,039 running bales, including 73,665 round bales, 3,365 bales of American Egyptian and forty-three bales of Sea Island, the census bureau announced today in its second ginning report of the season.

Ginning last year to September 25 amounted to 1,825,214 running bales, including 19,561 round bales, 2,166 bales of American Egytian and 698 bales of Sea Island.

Ginnings by states to September 25 this year were:

Alabama 84,033; Arizona 5,622; Arkansas 56,558; California 6,908; Florida 3,124; Georgia 275,011; Louisiana 86,612; Mississippi 93,997; Missouri 239; North Carolina 31,701; Oklahoma 65,372; South Carolina 171,112; Tennessee 820; Texas 1,362,021; Virginia and all other states were not given in the statement.

Democratic Fund

Previously acknowledged	$2,278.60
M. L. Tittle	5.00
Mr. Byrom	1.00
Miss Irene Davidson	2.00
Total	$2,286.60

Three more contributions are acknowledged to the Cox-Roosevelt campaign fund today, bringing the total to $2,286, which is $2,714 short of the amount sought in Wichita county.

With the exception of a $10 contribution from Burkburnett, all the money raised so far has been from Wichita Falls. Burkburnett, Iowa Park, Electra and other communities in the county are invited to send in their contributions.

Checks should be made payable to T. J. Taylor, chairman. They may be brought or mailed to Mr. Taylor or to the Times office.

ENLISTED MAN DROWNED AND FIVE MEN INJURED IN ACCIDENT TO VESSEL

WASHINGTON, Oct. 4—One enlisted man was drowned and an officer and four other men of the crew of the destroyer Goldsborough were injured while that vessel was outward bound from Tampico, Mexico, last Thursday, said a dispatch received at the navy department today from the vessel, which reached New Orleans Saturday.

The report did not explain the accident.

Eugene Paquett, a seaman of Dover, N. H., was the man drowned.

SIMPLICITY MARKS THE MURRAY CRANE FUNERAL

Body Is Laid to Rest at Home of the Former Senator at Dalton, Massachusetts.

DALTON, MASS., Oct. 4.—A simplicity in keeping with his way of life marked the funeral today of W. Murray Crane, former United States senator, ex-governor of Massachusetts and a millionaire manufacturer. The body in a flower-banked casket lay in the hall of the great house on the hill while neighbors, mill workers, leaders of industry, politics and finance and other friends streamed past for a farewell view. There followed a service of scripture reading, hymn, recital and prayer after which church bells tolled and the family, assembling in private in the village cemetery a short distance from the Crane estate, listened to the burial ritual. There was no hint of eulogy except possibly in the prayer and no music of any kind.

BORAH DECIDES HE WILL MAKE ADDITIONAL SPEECHES

Schedule Will Be Arranged by Chairman of Republican Speakers' Bureau in New York.

NEW YORK, Oct. 4.—Senator Borah of Idaho, who last week requested that no further speaking dates be made for him by the republican national committee, will speak in New Hampshire next week on a schedule to be arranged by Colonel Thomas W. Miller, chairman of the committee's speakers' bureau, and Senator Moses of New Hampshire.

This announcement was made today by Colonel Miller, who had a half hour conference here with the Idaho senator.

Later Senator Borah will speak in New York, Maryland, Indiana and Ohio, Colonel Miller said.

EIGHT MEN INDICTED FOR GRAFTING SOLDIERS

Charged With Obtaining Money From Veterans in Return for Promised Aid in Settlements.

WASHINGTON, Oct. 4—Indictments against eight persons in connection with the alleged graft of thousands of dollars from world war veterans were returned here today by a federal grand jury. The money was alleged to have been obtained from the soldiers in return for promised aid in obtaining settlement of war risk insurance claims.

Daniel E. O'Keefe and Aloysius A. Young, both of New Britain, Conn., and six residents of this city were the persons named in the indictments.

FORTY-THREE INDICTMENTS IN HOUSTON LIQUOR CASES

HOUSTON, Oct. 4.—The federal grand jury here, specially instructed to investigate liquor sales, today brought in forty-three indictments, the majority of them for alleged liquor and narcotic la wviolations.

One indictment, against a prominent druggist, had 127 counts.

JACKSONVILLE HAS HALF MILLION DOLLAR BLAZE

JACKSONVILLE, FLA., Oct. 4 — Damage estimated at as high as half a million dollars has been done by a fire which started early today in a fertilizer plant and still was burning at noon. The fire, believed to have been caused by spontaneous combustion, spread to the plant of the Mason Forwarding company.

TEXAS VETERANS AS ESCORT FOR COMMANDER VAN ZANDT

FORT WORTH, Oct. 4.—One hundred west and north Texas Confederate veterans, made up the escort for General K. M. Van Zandt of Fort Worth, commander-in-chief of the veterans, who left here on a special train this morning for Houston.

OFFICERS ROUND UP FIVE NEGRO SUSPECTS

Held For Investigation In Connection With Attack On Aged Nightwatchman.

Five negroes, one a woman, have been caught in the drag net thrown out by city and county officials in an effort to bring to justice the two men who brutally assaulted Thomas W. Abecher, night watchman of the Rob Waggoner building Sunday morning.

It developed Monday afternoon that one of the men suspected as the guilty ones left the city Sunday morning, having been seen on the streets of the city Saturday night.

It was thought by police that they had a very important clue following the arrest of a negro woman, who had eluded arrest on Sunday night by crawling out through a rear window when the officers entered the front door. She was taken into custody at noon Monday. It is said that she was seen in company with one of the men who it is believed can throw a lot of light on the attack which may result in the death of the aged man.

The pick axe handle which was used in the assault is in the hands of officials but the instrument, believed to have been a razor which was used in slashing the man's throat, has not been recovered, although a thorough search of the premises and surroundings of the Rob Waggoner building have been made.

At a late hour Monday afternoon the physician and attendants at the Wichita General hospital stated that Mr. Abecher was resting nicely and that chances for his recovery had increased since early morning.

It was learned Monday afternoon that the injured man had resided in Wichita Falls for the past year and a half, coming here from Beaumont where it is said a sister resides.

URGES DEMOCRATS TO DONATE AT ONCE TO CAMPAIGN FUND

J. A. Kemp, Wichita Falls banker and chairman of the democratic state campaign fund committee, issued a statement this morning urging every loyal democrat in this city to donate immediately to the expense of the presidential campaign in Texas.

"One dollar now," he said, "is worth more than many dollars later. Do it now. Only a short time remains in which to do useful work in the interests of the democratic candidate, Mr. Cox, and I am anxious to see this city's quota of $5,000 raised at the earliest possible moment.

"I think that an overwhelming majority of our people believe in President Wilson, in the principles of the democratic party and in the league of nations. There is a confident feeling abroad that the American people are beginning to understand just what the league of nations means. It is the big issue in this campaign, and with it properly understood democratic success is promised.

"I receive wires daily from headquarters urging that more money be sent in order that the campaign of education may be successfully continued. I know that Wichita Falls people have never failed to give to every good cause, and I do not believe they will fail now.

"Contributions of any kind may be sent to me, to Tom J. Taylor, whose office is in the City National Bank of Commerce building, or to the Wichita Daily Times."

POLISH CAVALRY IS PURSUING RUSSIANS MANY ARE CAPTURED

WARSAW, Oct. 2.—On the Polish northern front it was announced today that the cavalry pursuing the Russians has reached a point less than 45 miles from Minsk. In various sectors the bolsheviki were reported near the point of collapse. In one sector an entire brigade was taken prisoner virtually without a fight. In the pripet region after some fighting the Poles captured 1200 Russians. In the south General Romer's cavalry was reported to be making some progress.

INDICTED ON CHARGES OF PROFITEERING IN COAL

NEW YORK, Oct. 4.—The federal grandjury today returned a batch of indictments charging profiteering in connection with coal purchased for the Brooklyn-Edison company, incorporated, for public utility purposes, but alleged to have been diverted and sold for export at a profit.

Besides the Brooklyn-Edison company, defendants are, Walter F. Wells, its vice-president and general manager, and Harry P. Wood, in charge of coal

LEGAL NOTICES.

CITATION BY PUBLICATION.
The State of Texas, to the sheriff or any constable of Wichita county, greeting: You are hereby commanded to summon Mabron Lister by making publication of this citation once each week for four successive weeks previous to the return day hereof, in some newspaper in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 89th judicial district; but if there be no newspaper published in said judicial district then in a newspaper published in the nearest district to said 89th judicial district to appear at the next regular term of 89th court of Wichita county, to be holden at the court house thereof in Wichita Falls, on the first Monday in October, A. D. 1920, the same being the 4th day of October, A. D., 1920; then and there to answer a petition filed in said court on the 18th day of August, A. D., 1920, in a suit numbered on the docket of said court No. 5790, wherein Lucile Lister is plaintiff and Mabron Lister is defendant, and said petition alleging that plaintiff and defendant were married on February 9th, 1920, and lived together until March 5th, 1920, that a few days after the marriage the defendant began a course of cruel and tyrannical and inhuman treatment until she was compelled to return to her father and mother for protection and a livelyhood, that defendant threatened to kill her father and also beat her and made the remark that he ought to kill her, that such acts of the part of the defendant has rendered their further living together insupportable. Wherefore, premises considered plaintiff prays for divorce, for her maiden name, Lucile Delk, cost of suit, etc. Herein fail not, but have before said court, at its aforesaid next regular term, this writ with your return thereon showing how you have executed the same. Given under my hand and the seal of said court, at office in Wichita Falls, Texas, this the 18th day of August, A. D., 1920. A. F. Kerr, clerk district court, Wichita County, Texas. By Bonnie Zetzske, deputy.
Sept. 13-20-27; Oct. 4.

REAL ESTATE
An Established Realty Firm

Tenth Street

A two-story house on a corner, consisting of eight rooms, besides a breakfast room, has hardwood floors and is a practically new house. This home can be bought for $17,000 and if desired can be handled on exceptionally good terms.

Tilden Street

A 100-foot frontage with one of the nicest six-room homes in the city, is in the best of condition throughout and is completely furnished with exceptionally nice furniture, $16,000. If in the market for a nice home of this size we would be glad to show you this property.

Filmore Street

An east front consisting of six rooms, besides breakfast room, has a garage and servant house, $7850. This place can be handled with a cash payment of $1750. If in the market for a home of this size we do not think upon inspection of this property that you could consider it nothing but a good buy.

Huff Avenue

A practically new six-room, strictly modern home with hardwood floors throughout, double garage and a good servant house, $15,000. If in the market for a home of this size, on one of the best residence streets in the city, let us show you this property.

Elizabeth Street

A south front on the pavement, consisting of five nice size rooms, has a good garage, $8,000. Completely furnished, $10,000. We positively know this to be a bargain and feel that any one knowing the values of property at this time will bear us out on inspection of this property.

Near the High School

A north front strictly modern six-room house that has been built about one year, $9,000. If in the market for a nice home of this size that is close in let us show you this property.

Fourteenth Street

Close in, a north front modern five-room house in the best of condition throughout, $6500.00. This price only stands for ten days on this place and we know there is not a duplicate of this class of property at the price to be had in the city.

Buchanan Street

On a corner lot, seven-room modern house completely furnished throughout, $9500. If in the market for a home of this size or for revenue property, we only ask the opportunity of showing you this place. The pavement is down in front of this property and is included in the above price.

Lucile Street

Vacant. Can give you immediate possession of one of the nicest five-room houses on this street, $7000. If desired this place can be handled with very easy terms and it is an exceptionally nice little home.

Homes and Investments

In the above we give only a few of the many buys we have to offer in Wichita Falls property, and if in the market for a good home, or an investment, in Wichita Falls, it is to your interest to call on us, as our lists are very complete and are kept down to date with the best buys to be had in the city.

TIMES DAILY MARKETS

New York Stocks, Grain and Provisions, Cotton and Livestock

COTTON MARKET.

New York Cotton.

NEW YORK, Oct. 4.—The cotton market was irregular during today's early trading. A good part of the business was attributed to further evening up for over the government report and this included scattering liquidation as well as covering of short contracts. The opening was steady at an advance of 5 to 23 points but there was moderate selling for Liverpool and southern account which eased October off to 22.30 and January to 21.08 after the call, or back to within a few points of Saturday's closing. Spot house brokers were buyers of December, however, and prices held fairly steady toward the end of the first hour. Liverpool reported fair trade buying there today and a better tone on the outlook for a settlement of the coal mining dispute.

There was covering enough to check the early afternoon decline and cause rallies of 15 or 20 points after which trading became quiet with the mid-afternoon market showing little further change.

The census report showing 2,243,030 bales of cotton ginned to September 25, was without any immediate effect on the market but prices broke very sharply after the publication of the government's crop report. The condition of 59.1 per cent was about in line with the average of private reports but it seemed that recent buyers had anticipated a somewhat lower figure and there was particularly active liquidation of December while the ending of uncertainty as to the showing of the figures brought in previously withheld selling orders. December broke to 20.50, making a net decline of 75 points with January selling at 20.40, or 52 points down, and with all active months entering new low ground for the movement.

The cotton market closed firm.

	HIGH	LOW	CLOSE
October	22.47	21.60	22.25
December	21.53	20.50	21.23
January	21.25	20.35	20.98
March	21.00	20.10	20.70
May	20.85	20.00	20.58

New Orleans Cotton.

NEW ORLEANS, Oct. 4.—Better cables than due caused a moderately higher market for cotton today following irregularity around the opening. Soon after the first call the near months were 4 to 10 points down compared with last week's close, but the later months were unchanged to 5 points up. Selling pressure did not persist, apparently because of uncertainty over the bureau report, and toward the end of the first hour of business prices were 23 to 43 points over Saturday's finals, December standing at 20.65c.

Both the ginning report, showing 2,243,023 bales turned out to September 25, and the condition of 59.1 per cent of normal on the same date were construed as against values, especially heavy selling following the indicated crop of 12,123,000 bales because of the fact that a year ago the indicated crop was only 10,696,000. Late in the morning December was trading at 19.65 and the list showed net declines of 50 to 75 points.

The cotton market closed steady at a net advance of 3 to 19 points.

	HIGH	LOW	CLOSE
October	21.20	20.12	20.50
December	20.65	19.65	20.45
January	20.65	19.58	20.40
March	20.68	19.50	20.20
May	20.33	19.30	20.20

New Orleans Spot Cotton.

NEW ORLEANS, Oct. 4 — Cotton, spot quiet; quotations revised, middling 50 points lower, sales on the spot 19; to arrive 1,600 bales; low middling 15.50, middling 22.50; good middling 24.50; receipts 1,558 bales; stock 239,006 bales.

Liverpool Cotton.

LIVERPOOL, Oct. 4—Cotton spot fair inquiry; prices weak; Good middling 21.71, fully middling 19.96; middling 18.21; low middling 14.41; good ordinary 10.86; ordinary 9.96. Sales 4,000 bales, including 3900 American. Receipts 2,000 bales, no American. Futures closed easy: October 16.25; January 15.93; March 15.68; May 15.48; July 15.28.

GRAIN AND PRODUCE.

CHICAGO, Oct. 4.—Severe new setbacks in the price of wheat resulted today from an increase of country selling. March delivery went under $2 for the first time on the crop and December dropped also to a new low level. Figured on the basis of the premium of the hard winter grade over the December delivery wheat today was cheaper than at any time since 1917. Opening quotations, which ranged from 2 to 3¼c down, with December $2.04 to $2.04¼ and March $2 to $1.01, were followed by a moderate rally and then by a drop much under the initial bottom prices.

Provisions lacked support despite an upturn in the values of hogs.

Big receipts and fine weather had a decidedly bearish effect on corn. After opening 2 to 4¼c lower, including December at 89 to 89c, the market continued to descend.

Oats sympathized with corn, starting 1¼ to 2¼c off, December 55 to 55¼ and not showing any special power to recover.

Later there was an unusual absence of support other than from shorts, and with liquidation much in evidence, the market suffered additional big cuts.

The close was heavy, 11¼c to 12¼c net lower, with December $1.95 to $1.95¼ and March $1.91 to $1.91¼.

Fearish crop estimates and the weakness of wheat led corn subsequently to a further decline. The close was nervous, 1¼c to 5c net lower, with December 85¼c to 86c.

	Open	High	Low	Close

Kansas City Cash Grain.

KANSAS CITY, Oct. 4.—Cash wheat 5 to 14c lower, generally 10 to 14c off: No. 1 hard $2.02@2.18; No. 2, $2.03@2.18; No. 1 red $2.20; No. 2, $2.2.17.

Corn unchanged to 7c lower; No. 2 mixed 84@85c, No. 3 83c; No. 2 white 92@94c, No. 3 90@91c; No. 2 yellow 97@98c, No. 3, 95@96c.

Oats 1 to 1½c lower; No. 2 white 55@56c; No. 2 mixed 54c, No. 2 red 55½c.

Rye, $1.50.

Chicago Produce.

CHICAGO, Oct. 4—Butter higher; creamery 44@50.

Eggs unchanged; receipts 6,163 cases.

Poultry alive unchanged.

STOCK MARKET.

NEW YORK, Oct. 4.—The indefinite trend of prices at the opening of today's market resulted mainly from profit-taking in the recently strong rails. Great Northern and Northern Pacific soon lost 1½ to 1¾ points, respectively, and other transcontinentals and grangers made fractional recessions. These were offset in a measure by moderate strength in Canadian Pacific, Reading, Baltimore & Ohio and Pere Marquette. Among industrials, oils and sugars were under further pressure with motors, steels and coppers.

The general rally of the last hour was led by motors, rubbers and equipments with average prices at highest levels of the day. The closing was firm.

Tobaccos and utilities, particularly Consolidated, Laclede and People's Gas shares were in demand during the midsession and contributed to the further recovery of the general list. Oils retrieved most of their losses and buying of junior rails continued. Kansas City Southern common and preferred displaying especial strength.

GUSHERS

Are Paying $10 for $1

And more in this great Breckenridge field in Stephens county, Texas. Instead of a stock company I am selling you a unit of interest in a lease and well. The pipe line company is a public carrier, and is reliable. The pipe line company will send you your check monthly for all your part. No salaried officers to eat up your profits. You want to make money. I know nothing better than a flowing oil well.

To get a good gusher requires more money than I have, hence my offer to you to put in cash with mine. This will receive my best attention. Drillers, rig builders and others are willing to work for small shares. You are invited to buy units to help get a gusher in this proven field, which should make you much more than $10 for $1 in a short time, and a large sum for years to come. I am putting my hard-earned cash into this gusher, where it can earn a man's wages instead of putting it into the bank where it only earns a small boy's wages.

Send in your inquiry in order to be more sure to get in on this square deal, better make your check for as many $10 units as you can handle. Address: Co-Operative Oil Trust, Henry R. Clark, Trustee, P. O. Box 2149, Office First National Bank Bldg., Breckenridge, Texas.

Reference, any bank or business house here.

ORGANIZE TO SELL COTTON TO THE EUROPEAN NATIONS

Directors West Texas Chamber of Commerce Name Committee to Formulate Plans.

STAMFORD, TEXAS, Oct. 3.—At a meeting of the directors of the west Texas chamber of commerce held here Saturday, H. B. Bresford, president of the organization, appointed Clifford B. Jones of Spur, O. P. Harlan of Stamford and Henry James of Abilene as a committee to study the cotton situation and formulate plans whereby low-grade cotton of west Texas may be concentrated and shipped, through banking aid, to Germany and other European nations, for marketing.

George Finburg, prominent west Texas cotton factor, discussed methods which appear feasible for the sale abroad at a good profit, of much of the low-grade cotton of west Texas.

About 30 of the directors from various parts of the west were in attendance. They were entertained at luncheon by the Stamford chamber of commerce at noon and in the evening made a trip to Lake Penick.

Reports show the organization in good condition and functioning well.

TOTAL OF $30,800 GIVEN BY FORT WORTH MEN

Amount Is Contributed to Salvation Army Fund at Old-Fashioned Barbecue Near City.

DALLAS, Oct. 4.—A total of $30,800 was given by a group of Fort Worth business and professional men towards the Salvation Army home service campaign at an old-fashioned barbecue held at the Marion Sanson ranch near Fort Worth, according to reports received by Lieut. Col. George Wood at Salvation Army headquarters today.

The donations were given as a part of Fort Worth's advance gifts quota to the Rescue week appeal, which starts October 4 and closes October 11. The quota for northwest Texas is $120,250. More than five hundred of the most prominent citizens of Fort Worth were in attendance. Speeches were made by Mayor William Davis of Fort Worth; Cato Sells, Indian state commissioner; Ben E. Keith, president of the Salvation Army advisory board; Marion Sanson and other business men.

Liberal Contributions.

When the Salvation Army project was introduced and a call made for assistance in carrying out its home service program during the coming year, nine men wrote out checks for $1,000 each. Approximately fifteen men present made gifts of $500 each. Among the larger contributors and their contributions are: S. B. Burnett, $1,000; Ed Farmer, $1,000; Sam Levy, $1,000; J. T. Pemberton, $1,000; W. C. Stripling, $1,000; W. D. and G. T. Reynolds, $1,000; W. T. Waggoner, $1,000; Jule M. Smith, $1,000; Northern Traction company, $1,000; H. T. Pangburn, $500; Axtell & Co., $500; Washer Bros., $500; L. Jackson, $500; William Monnig, $500; Metropolitan hotel, $500; Ben E. Keith, $500; Joe Sanger, $500; James McCord & Co., $500; George Beggs, Jr., $250; Tom Yarbrough, $250; A. D. Hodgson, $250; Robert Veill, $250; Nissley creamery, $250; Marcus Bright, $250; Sanguinet & Staats, $250; Joe Gans, $166; Gulf Production company, $500; W. E. Connell, $250.

SMALL PERCENT OF CLASS IS PHYSICALLY DEFECTIVE

AUSTIN, Oct. 4.—Only one in forty of the freshman class at the University of Texas was found to be physically defective, announced university physicians after completing physical examinations of the new students. This percentage was declared to be unusually low.

WEST TEXAS LEAGUERS WILL MEET WEDNESDAY

To Discuss Proposal to Increase the Circuit to Eight Clubs for Next Season.

FORT WORTH, Oct. 4.—Franchise owners in the West Texas league will meet here Wednesday to discuss increasing the circuit to eight clubs in 1912. Six clubs composed the league last year. Other plans for next year will be considered.

Pennies Make Nickels, Nickels Make Dimes, Dimes Make Dollars.

Frank W. Woolworth built up a chain of over a thousand stores doing over One Hundred Millions of business annually, on sales of articles costing a nickle and a dime.

Think of the pennies, nickles, and dimes that have passed through your hands within the past year. If you had saved say—one half of this amount in one of our little "SAVE AND HAVE" banks, think of the amount you would have in the bank drawing interest for you today.

Start your account now. Get one of our SAVE AND HAVE banks and let your pennies, nickles and dimes work for you.
