vacation days for girls in this city and vicinity to an end Thursday, September 3, at 9:00 a. m. when Memphis Public Schools will open their doors for the new term, Supt. W. C. Davis said.

Under wartime conditions, the schools will begin the term with a minimum of teachers and students. The school year will be nine months of study, with the remainder of the year made up by summer school.

It is hoped that parents will send their children to school, as in previous years, for subjects and foreign languages.

On Thursday morning at 9:00 a. m. the first three grades will be enrolled in the west ward building. The fourth through the sixth grades will report at the east building.

The seventh, eighth, ninth and tenth grades will be enrolled at the high school building.

CHARLES E. DAMRON
Commission Head
Childress Schools
In Army Air Corps

Charles E. Damron, Native of Hall County, Leaves for Training Course in Florida

Charles E. Damron, superintendent of Childress Public Schools, has been commissioned a first lieutenant in the U. S. Army Air Corps and left Childress last Thursday for Miami Beach, Fla. to start his officers' training course. When he completes the course he will be assigned to the air corps supply division at San Antonio.

Damron is a native of Hall County, grew up in Memphis and was graduated from high school here. He went to Childress from Winters and served two years as high school principal before becoming superintendent of the schools. After receiving the telegram informing him of his commission, Damron was given leave of absence for the duration at a special meeting of the Childress school board.

J. L. Beard has been named to succeed Damron as school superintendent at Childress. He has been serving in a similar capacity at Wellington for the past three years.

Rites Monday for Esteline Citizen

Funeral rites for James David Wise, 53 years old, were conducted Monday afternoon at 3:30 o'clock from the First Baptist Church at Esteline by Rev. Reece. Interment was in the Esteline Cemetery, with Womack Funeral Home in charge.

Mr. Wise died Friday afternoon of last week at one o'clock at his home in Esteline. He was a barber by trade and had lived in this county a number of years.

Surviving are his wife; four sons, Adrian of Houston, Deulin of Oakland, Calif.; Dale, who is in the Navy, and James Jr., of Esteline; one daughter, Mrs. James Cooper, of Esteline.

INFANT TWIN GIRLS INTERRED WEDNESDAY

FIRST BALE OF 1942 COTTON GINNED MONDAY

John Vallance Buys Lint from G. Verden For 22½c Pound

To Glenn Verdon, who farms three miles northeast of the Ox-bow bridge, goes the honor and profit of producing Hall County's first bale of cotton for the 1942 season. The bale was brought to town Monday afternoon and ginned out 555 pounds of lint from 2,000 pounds of snapped cotton. It graded middling 7-8.

The bale netted the owner a total of \$173.12. It was auctioned on the Memphis public square by Walter White and purchased by John Vallance at 22½c per pound, the price being \$124.87. The seed brought \$23.25, selling at the rate of \$45.50 per ton. Verdon was presented with a first bale premium of a \$25.00 War (Continued on page 8)

Senator O'Daniel Again Given Big County Majority

Twillia Named Commissioner Precinct 4 in Only County Run-Off of Second Primary

Senator W. Lee "Pappy" O'Daniel was again given a thumping majority by Hall County voters in the run-off primary last Saturday. O'Daniel polled 1452 votes to 975 for James V. Allred.

Evidently local interest in the senatorial contest was sufficient to bring out the vote, as 2427 ballots were cast in the county. This total was only 433 less than in the first primary, July 25, when 2860 votes were cast.

In the only county run-off, that for commissioner of Precinct No. 4, I. R. Twillia was elected with 237 votes, to 228 for his opponent, W. J. "Pete" Rice, according to the unofficial count.

In other races the Hall County vote is unofficially reported as follows:

For Lieutenant-Governor: John Lee Smith, 1315; Harold Beck 784.

For State Treasurer: W. Gregory Hatcher, 852; Jesse James 1213.

Ration Stamp No. 8 Good for Five Pounds of Sugar

But Must Be Used at Usual Rate of One-Half Pound a Week, Says Board Chairman

War Ration Stamp No. 8 will be valid for purchase of five pounds of sugar during the 10-week period beginning August 24 and ending October 31, E. B. Wallace, chairman of the Hall County War Price and Rationing Board, announces.

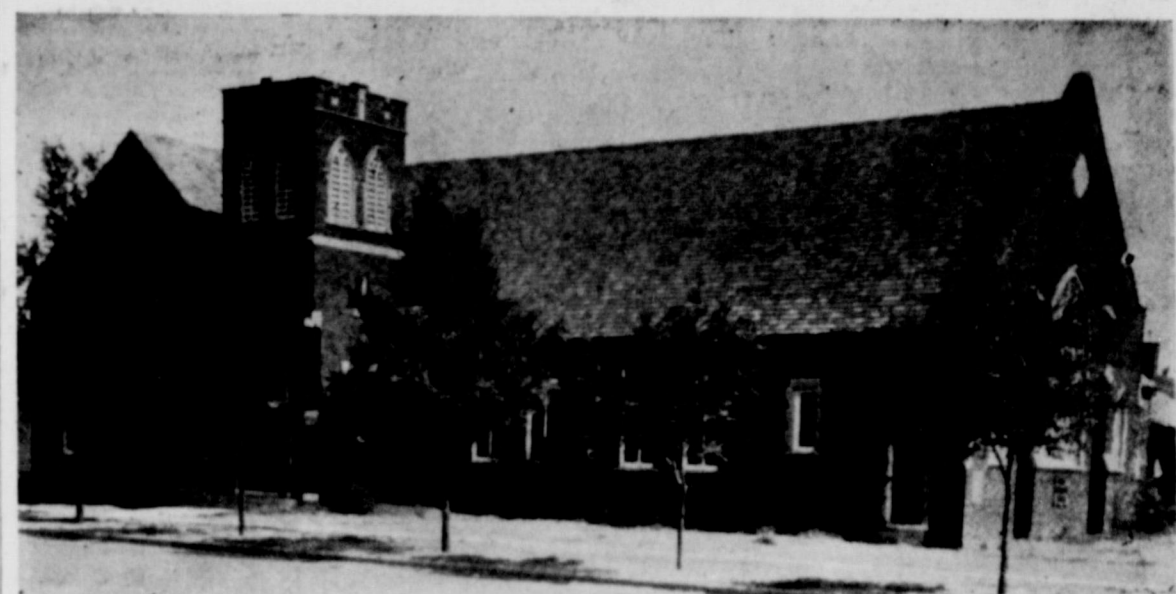

"This is a larger amount of sugar and the rationing period is longer than has been assigned for any previous stamp," Wallace explained, "but each person will have to continue using sugar at the original rate of no more than half a pound a week to make the five-pound ration last ten weeks."

Wallace said the allotment of five pounds on Stamp No. 8 will permit household users to buy sugar in larger packages, and will (Continued on page 8)

Stamp No. 8 in your War Ration Book permits the purchase of five pounds of sugar, but that amount must last for ten weeks. Expiration date of this stamp is October 31.

Fiftieth Anniversary First Christian Church To Be Observed Sunday

The "golden anniversary" of the founding of the First Christian Church in Memphis will be celebrated by the congregation and scores of visitors next Sunday, August 30. A program which will be memorable to members and friends of the church has been arranged for the all-day observance, according to Rev. Ernest B. Motley, pastor.

An unusual feature will be a message from the minister who 50

years ago was instrumental in organizing the church, Rev. J. W. Holsapple of Temple. Rev. Patrick Henry of Fort Worth will speak on "Looking Ahead with the Church" and a guest speaker will deliver the message at the 8:30 o'clock evening service. Former pastors and members and friends will speak briefly at the fellowship services in the afternoon. Lunch will be served on the ground at noon.

Following is a brief history of the First Christian Church of Memphis, as compiled from various sources by the pastor:

The first church building in Memphis was erected in 1890, and was used by the citizens for both church and school purposes.

In August 1892, Rev. J. W. Holsapple, pastor of the Christian church in Wichita Falls, came to Memphis to conduct the funeral (Continued on page 5)

Coast Guardsman From Lakeview Is Listed as Missing

Pvt. John M. Stanley Was Serving in Philippines at Time of Final Surrender

Still another name has been added to the grimly growing list of Hall County's young fighting men reported "missing in action." The latest name to be added to this roll of honor is that of Private John M. Stanley of Lakeview, who was on Corregidor and has not been heard from since that island fortress was surrendered to overwhelming Japanese forces on May 7.

Private Stanley enlisted in the Coast Guard at Childress August 2, 1940, and spent a year in training at Fort Crockett. He left there August 6, 1941, and sailed from a California port September 9. The last message from him was a Christmas card mailed at Manila November 15, 1941, to his mother, Mrs. Mattie F. Stanley of Lakeview.

daring body young American flyers who were such a pain-in-the-neck to the Mikado's forces in China.

Colonel Simpson, who is president of the Amarillo Chamber of Commerce, is widely known and in great demand as a speaker. He will bring a patriotic message that no one will want to miss hearing.

Greene, who recently hitchhiked home by airplane from China, when the "Flying Tigers" were disbanded, has been commissioned by the U. S. Air Forces and expects to return to duty soon. Friday night he will have pictures and equipment to show. will answer questions concerning his experiences with the army of Chiang Kai-Shek, and will speak briefly on conditions in war-torn, but determined China.

Either of these talks will be worth coming miles to hear and will bring to everyone who hears them a sharper realization of what will be necessary to win this war.

At 7:30 a big parade will be staged under the auspices of the "Bit and Spur" club. The theme (Continued on page 8)

Farmers Asked to Attend Meeting at Childress Monday

High Official of American Farm Bureau Association to Be Main Speaker at Session

Farmers from five counties of this area will hear latest reports on legislative and administrative decrees affecting agriculture at a meeting to be held under the auspices of the Farm Bureau in Childress Monday, August 31.

The conference, in which farmers from Childress, Collingsworth, Donley, Hall and Wheeler counties will participate, is the first of a series of sub-district meetings scheduled in the Panhandle next week for a consideration of agriculture's status in a world at war.

Reports will be given by state and national Farm Bureau leaders (Continued on page 8)

Parade Pointers

The big parade will form at the west end of Main street at 7:30 o'clock, announces the committee of the Bit and Spur Club. All horse back riders of the vicinity are cordially invited to ride in the parade, whether in costume or not.

Women of the Red Cross Chapter who wish to march in the parade are requested to meet at the Methodist Church at 7 o'clock, in costume. They will join the parade there. Delegates from Red Cross Auxiliaries who will attend the program in costume, will meet at the Red Cross rooms as originally planned.

Members of the American Legion post are invited and urged by the committee to march in a body in the parade, wearing their Legion caps.

CIVILIAN DEFENSE AUXILIARY NOTES

By INEZ BAKER

Letters have gone out to all the Red Cross auxiliaries in the county regarding their quota for Soldier Kit bags. Replies are coming in and all are glad to have a part. Committees are just getting to work but they have turned in the following: Mrs. Walter Baker, \$1.00 (for Smith club). Please note this is the first gift. Mrs. A. W. Guill, \$1.00; Mr. and Mrs. Ed Lane, \$2.00; D. S. Baker, \$1.00; Inez Baker, \$1.00; Mrs. T. D. Weatherby, \$1.00.

Turned in by Mrs. Isabell Cybert: Chas. Drake, 50c; H. D. Stringer, 50c; J. M. Ferrell, 50c; Sam Brown, 50c; Hester Bownds, 25c; Isabell Cybert, 50c; Murray Dial, 50c; Juanita Scott, 50c.

Turned in by Hayes Cafe: Wiley Whitley, \$1.00.

Turned in by Mrs. E. H. Stanford: \$1.00 each from the following: Tom Washam, A. L. Muscrow, Mesdames Rube Sisk, Andrew Nuby, J. J. Simon, Leo Fields, Buck Frisbey, M. L. Crone, Edwin Hutcherson, J. C. McClure, John Dennis, A. B. Jones, Silas Wood, Henry Newman, E. H. Stanford; Mrs. T. J. Pyle 25c, C. R. Webster 50c, Mrs. Ruth Whaley 50c.

From Meacham Drug and Memphis Hotel: \$1.00.

By Tarver Drug: \$17.93. Only two names were turned in here, J. A. Whaley and Leonard Doss. We would like to have names.

Truth Seekers Sunday school class of the Methodist Church without waiting to be urged, has allowed \$2.00 for the Kit fund.

This is cooperation indeed and we thank you. Are there others?

A veteran of World War I said as he dropped in a dollar to fill a Soldier Kit: "I have been a member of the Red Cross for 15 years and have never failed to respond to its call."

We have not lost interest in bed covers. These are needed too. Many such supplies are being sent to England and to our coast lines.

Mrs. M. L. Smith returned a finished quilt from the Eli Mothers' Club and took out two more to quilt. This club is donating cotton and lining. Mrs. Burl Smith brought in a lovely quilt donated by the Smith Community club. This club is in Donley County but have joined our forces since they are located only a few miles away. We are indeed glad to have them.

Remember to be at the Red Cross rooms at 7:30 Friday, the 28th, and take part in the Patriotic Rally to be held at the City Park. We must have at least 50 women in this part of the program.

If you question the good the USO is doing talk with Mrs. Ben Wilson and you will double your donation. Mrs. Wilson has just returned from a visit with her son who is in a glider training school near Okmulgee, Okla. She saw there the service USO is giving to our boys and can not praise it too highly.

There are so many ways women can help win this war. Mrs. Henry Blum has picked up and turned into the USO 92 pounds of nails and 84 pounds of scrap rubber.

Perfect Comfort
IN EVERY GARMENT

1 GIANT BELT LOOPS
Ten times stronger than shoe-string loops. Prevents pants sag and distributes load evenly around the waist.

2 FOOT-DEEP POCKETS
Bigger than ordinary pockets. Lots of room for hands, even for tool carrying.

3 FULL-CUT SEAT
Full-cut, roomy, and comfortable. No binding at waist when you sit down.

and 32 Other Extra Features
When you buy your size, you really get your size. And it's still your size after laundering. They're tailored like dress pants—full-cut, neat fitting, and comfortable. Yet their 35 extra features cost no more. Try on a pair at any leading department or men's store. Examine the features carefully. You'll say like thousands can "Depend on Dickies!"

Announce Increase Quota for Ack-Ack Officer Candidates

Applicants for Training to Be Selected from Ranks of Class III-A Registrants

An increased quota in the number of Volunteer Officer candidate applicants who may be inducted for the purpose of competing for selection for an Officer Candidate School has been announced by the War Department, according to Lt. Col. Marvin B. Durrette, district recruiting and induction officer, West Texas Recruiting District, Lubbock. The increase is for the Antiaircraft Coast Artillery Corps.

Interested Class III-A registrants, deferred for dependency reasons, only, between the ages of 18 and 45, may apply for the qualification examination through their local boards. Successful applicants who are detailed to attend Officer Candidate School and who satisfactorily complete the course of instruction are commissioned officers in the Army of the United States. Unsuccessful Volunteer Officer Candidate applicants, who may so desire, may apply for release from active military duty after four months service and return to their homes.

Leadership qualities and a knowledge of algebra, plane geometry, plane trigonometry, and the use of logarithms are desirable for applicants for Antiaircraft Coast Artillery.

The Blackland Prairies comprise about 11,000,000 acres of dark soils in eastern Texas.

CARD OF THANKS

We wish to express our appreciation to our many friends and neighbors for their beautiful expressions of love and for the floral offerings to us in our sorrow and the loss of our loved one, our husband and father.

V-Mail Service for Soldiers Overseas Is Proving Popular

Facilities to Photograph And Reproduce Letters Are Expanded to Meet Volume

The Postoffice Department announced today that the V-Mail Service, inaugurated on June 15, 1942, is now past the experimental stage, with each week showing large increases in the number of letters mailed to American soldiers overseas.

The War Department has increased its facilities to handle promptly the volume expected in the future.

Facilities for photographing and reproducing V-Mail to and from the United States and the British Isles, Australia, India, Hawaii and other points are now in operation. A similar service is being planned for Iceland and other points where the volume may warrant.

Pointing out that V-Mail provides a safe means of communication with members of our Armed Forces, the Postoffice Department gave assurance that the film (upon which the communications are reproduced) is given the most expeditious dispatch available. Because of the small space taken up by the rolls of film, they often can be carried on ferry planes or bombers.

Every pound of weight which can be saved on air transports overseas, said the Department, means that an equivalent amount of weight can be allotted vital military material.

In recognition of this, and in an effort to insure delivery of mail to as many men as possible at overseas destinations when space is limited, the War and Navy Departments have directed that V-Mail be given priority in dispatch over all other classes—including air mail—when transportation facilities under control of those departments are used.

V-Mail letter sheets have been distributed at all post offices, and have been provided all military and naval personnel at overseas points through Army and Navy postoffices and military channels. Private firms and individuals have also been permitted by the Postoffice Department to reproduce the letter sheets. The sheets also will be available soon to all stores selling stationery.

V-Mail letters are photographed on micro-film by automatic machines at the rate of 2,000 to 2,500 per hour and the film rolls containing 1,500 letters each are transmitted to destinations. Reproductions are then made by other automatic machines and delivered to the addressee in individual sealed window envelope.

When V-Mail letters are addressed to places where micro-film equipment is not in operation, the letters are transmitted to destination in original form by the most expeditious means available. Even in these instances savings in weight and space are accomplished since there are approximately 97 V-Mail letters in a pound, whereas, ordinary letters average 40 per pound.

The War, Navy and Postoffice Departments all co-operated in developing this service largely with a view to decreasing the volume of mail to be carried overseas and providing an expeditious service. The public is urged to use it at every opportunity.

Mr. and Mrs. John Barber received word this week from their son John Thomas and his commanding officer, stating that he had successfully completed his aviation schooling and is now ready to train to become a pilot in the Army Air Forces. He will receive his training at Kelly Field, San Antonio.

Memphis Marine Is Crack Marksman

It'll be just too bad if Pfc. C. B. Coleman of Memphis ever gets a crack at Hitler or Hirohito. Coleman, who is an instructor in firearms attached to the Special Weapons Headquarters, 10th Marines, at Camp Elliott, San Diego, Calif., recently was winner of a target practice competition in which 2400 Marines engaged. He won a belt and the right to shoot with the officers. In competition with 125 officers, he outshot them all and was awarded a ring.

Writing to his aunt, Mrs. Sam Brown, Coleman says: "Tell the Texas boys to join the Marines and we'll show them the finest weapons in the world."

Coleman "joined up" with the Marines January 11.

LET'S STOP KIDDING OURSELVES

AN ADVERTISEMENT on the war situation, published in last week's Time by Warner & Swasey of Cleveland, Ohio, contains more food for thought for Americans than many a polished editorial. Headed "IT IS LATER (AND WORSE) THAN YOU THINK," this meaty advertisement warned the American people that:

"Wishful thinking is an American habit. Another name for it is 'kidding ourselves.' Ordinarily it isn't serious. But this time it can cost our lives."

The body of the advertisement offered some pertinent refutations to some of the ways in which Americans "kid themselves."

"This country has never been beaten in its 166 years."

Japan has never been beaten in all its 2000 years.

"They can't get at us, 3000 miles away."

Japan got to Burma, 3600 miles away—and conquered it.

"Anyway, we're pouring it out of our factories."

But Germany has been doing just that for 10 years—and at a faster rate per man than we have yet reached.

"Our boys are brave."

You bet they are. But they're up against fanatics, who are experienced campaigners.

"Our Allies will hold until we get there."

Singapore, Philippines, Pearl Harbor, Burma—and now Libya.

"The Government is handling the war."

Who is the Government except YOU? And if you don't do your part, don't blame "the Government" when you slave for Jap and German masters at starvation wages with NO rights and NO liberties.

"But I can't give up my rights"

NO? Our soldiers have. Most managers have. Almost all owners have. And unless EVERYONE gives up EVERY "right" that slows war production, the Jap and German will TAKE your rights—every one of them—FOREVER.

"Anyway, what can one man do?"

What if all the other 130,000,000 Americans felt the same? If you do, they have a right to. Nobody else is going to win this war for you. YOU win it—or YOU lose it. And if you lose it, you and your family will pay for it in agony and starvation the rest of your lives. Ask the Poles, the Czechs, the French.

And this war is nearer to being lost than you think. That isn't pessimism—it's only looking the facts in the face. Work by YOU can save it. But—there isn't much time to get busy.

DON'T PEDDLE IDLE RUMORS

IF A pebble is tossed into a quiet pool, the ripples caused by the disturbance will grow larger as they move away from the center. In the same manner, a little rumor grows larger and more sensational the farther it travels from its source.

Rumors can be sufficiently malicious in peace time, but in war time they can be positively dangerous. No matter how innocent of wrongdoing a person may be, once the finger of suspicion is pointed at him by rumor-mongers, he is in for a rough time, for people at war are not normal either in thought or action. It is a human failing to embroider what we hear to make it more interesting, so that a seemingly innocuous wisp of gossip easily becomes a formidable tale after a few tellings. With people naturally on the verge of hysteria on account of the war, such rumors can do a vast amount of harm.

This writer recalls an incident during World War I which illustrates this point. A family of German origin, but intensely loyal to this country, were blessed with an addition, a bouncing baby boy. For the infant's christening, a Lutheran minister came from another town to officiate. The youngster was named William, which is as common among German as American families. But some addle-pate, hearing about it started the rumor that the boy had been named after Kaiser William II of Germany. The family and the preacher were almost mobbed by the aroused citizenry as a result. Members of that family bore their persecution stoically and some of them still live in the same community. But doubtless in their souls they still bear the scars caused by baseless rumor.

It is well to be alert for any evidence of fifth-column activity, because it is a serious menace. But if you should have valid reason to suspect anyone, notify the proper authorities. Don't be guilty of starting on its course a vicious rumor that may do irreparable harm to an innocent person's reputation.

Revival Begins Sunday

Special services will be held Thursday and Friday nights of this week prior to the revival which is to begin Sunday morning at the Methodist Church with the pastor, Rev. J. P. Cole, in charge of the preaching. Revivals are being held over the entire Vernon district at this time.

Good Rain Falls Here

An inch and more of moisture fell here Saturday afternoon, with the fall considerably heavier east of here. Some hail fell on the C. T. Road place, at the beginning of the rain. Two acres of cotton were badly damaged and a large pasture of grass was beaten into the ground. No other area was reported damaged by hail.

Democrat Has World Coverage

After reading the letters printed in The Democrat from soldiers to their folks at home, from everywhere the A. E. F. is located, and most of them write about having received The Democrat and how they read every line, it might be wise for the Democrat staff to advise to their advertisers that they have almost complete world coverage. If the same is true of other postoffices in the county as here, when a large number of The Democrats are mailed to the boys in the service each week and to relatives here and there, it is possible that The Democrat staff is being read in many States and foreign countries. And that gives me "stage-fright" or something, when I think that some of that number might read what I write about Newlin. So Newlin folks be careful what you do and where you go for the World has its eyes on you.

Bought Any Bonds or Stamps Lately?

What's the matter, that the sale of War Bonds and Stamps has slumped so, and so few people are buying them the past few weeks? Or is that only the case in rural areas as here? Right now when

our country needs our dimes and dollars the most, let's do without a couple of cold drinks and take that dime RIGHT NOW and buy a War Stamp. If every person that reads this would do that, wonder how many dimes that would be? Let's try it and see.

Visiting Preacher Holds Services

Rev. Melvin Porter of near Wellington preached here Sunday at the local Baptist Church in the absence of the pastor, Rev. Scott Crawford who is holding a revival at Tell. Rev. Porter is a son-in-law of Rev. and Mrs. Crawford.

W. W. Mayo and family moved to Hillsboro last week to make their home. Mr. Mayo has been in business here as a grocery merchant for the past 10 years and will be employed in a grain business at McGregor.

Attends Legion Convention

Aultman Sims spent last week in Fort Worth as a delegate from the Chas. R. Simmons Post at Memphis, to the convention held there from Tuesday through Friday. Mr. Sims is a veteran of the 36th Division. He was discussing some of his experiences during training, his train trip to the coast, and his tripover to France by boat. Before his Company left Camp Bowie (which was then at Fort Worth) they pooled their funds and bought \$85 worth of fruits and vegetables, melons and cantaloupes and other delicacies for their train trip which they enjoyed with their regular fare furnished by Uncle Sam. On their boat trip to France they encountered a terrific storm and had to anchor for several hours and the end of which time there were many sea-sick soldiers aboard. He stated that a ship is tossed during a storm into great holes in the sea formed as if by a vacuum into which the ship falls, then as the water comes back together the ship is almost completely submerged. One of his company was swept overboard from the deck during this storm and was never found. He has had many experiences similar to those the soldiers of today are having.

● Sometimes rivers threaten **DEPENDABLE** Natural Gas Service. Recently, United Gas men fenced in a wild river to keep it from destroying a pipe line and interrupting Gas Service. That's why we say "Dependable Natural Gas Service Doesn't Just Happen!"

● An important part of our job of providing **DEPENDABLE** Natural Gas Service is to discover trouble before it happens, along our more than 6,000 miles of main pipe lines. That's why we check Gas pressures, every hour, replace equipment before it fails, maintain Gas reserves far in excess of today's needs.

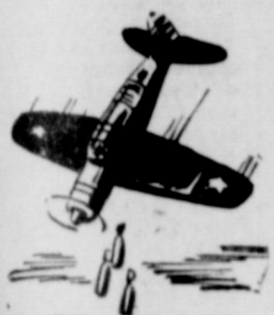

● This high standard of Gas Service, established in peacetime, now meets the expanded demands of war production. Natural Gas Service is working for Victory—AND WE WILL WIN!

The difference between collecting all the waste material in the country and not collecting it is the difference between meeting the President's War Production Quota and not meeting it.

Half of every ship, gun and tank is made from scrap iron and steel. Our war factories need your scrap—NOW!

The Junk which you collect is bought by industry from scrap dealers at established, government-controlled prices.

If you have already turned in your Junk, look again—you'll probably find more. Maybe you think, "my little bit won't help." Then remember that your "little bit" multiplied millions of times can make the fighting weapons that our boys need—and the ships to get them there.

We can get along without a lot of things, but we can't get along without Victory—and Victory may depend on you.

Search or re-search your premises. Sell your collection to a Junk dealer or give it to a charity. If in doubt call your Local Salvage Committee.

will be "An American Cavalcade" and will feature mounted characters representing various periods of the nation's history. Also taking part will be the combined bands of Clarendon and Memphis, the Boy Scouts, women of the Red Cross, and other organizations.

The program at the park will begin at 8:30. The detailed program will be found on page 8 of this issue.

In the amphitheatre there will be reserved sections for members of the American Legion and all veterans of past wars, as well as for families of the boys now in service.

All organizations of the county and city have been active in the Junk Rally, which is a nationwide campaign, according to M. J. Draper, chairman of the Hall County Salvage Committee, and the results are beginning to show up in fine fashion, with piles of scrap metals and rubber mounting at various collection points.

Lakeview and Estelline are throwing their efforts in with Memphis and will send large delegations to the rally Friday night. The two committees will have special numbers on the program. Another organization which is doing yeoman service in the drive is the "Human Communications" system of the Hall County Agricultural Victory Council. The message has gone out from the office of County Agent W. B. Hooser that this is an all-out salvage campaign and farm families all over the county have been combing their places for junk with which to hit Hitler and jar the Japs.

"Every person who comes to town Friday is urged to drive by the pen on the northwest corner of the square and toss in a piece of metal or rubber," is the message of Chairman Draper. "Piles like these, multiplied by every community in the United States will provide many an unpleasant surprise for the enemies of the United Nations."

Stanley is missing is contained in a letter to his mother from the War Department, Adjutant General's Office, Washington, D. C., the text of which follows:

"According to War Department records, you have been designated as the emergency addressee of Private John M. Stanley, 18018-822, who according to the latest information available, was serving in the Philippine Islands at the time of the final surrender.

"I deeply regret that it is impossible for me to give you more information than is contained in this letter. In the last days before the surrender of Bataan there were casualties which were not reported to the War Department. Conceivably the same is true of the surrender of Corregidor and possibly of other islands of the Philippines. The Japanese Government has indicated its intention of conforming to the terms of the Geneva Convention with respect to the interchange of information regarding prisoners of war. At some future date this Government will receive through Geneva a list of persons who have been taken prisoners of war. Until that time the War Department cannot give you positive information.

"The War Department will consider the persons serving in the Philippine Islands as 'missing in action' from the date of the surrender of Corregidor, May 7, 1942, until definite information to the contrary is received. It is hoped the Japanese Government will communicate a list of prisoners of war at an early date."

CARD OF THANKS

We wish to take this means of expressing to our many friends, our heartfelt thanks and appreciation for the many acts of kindness bestowed upon us during our recent sorrow. For the lovely meals served, the beautiful floral offerings, we are indeed grateful. Our sincere wish is that where sorrow comes to you, the peace that "asseth all understanding" will enter your hearts.

also help to dispose of five, 10 and 25-pound packages.

"Packages of these sizes were put up last fall and winter before it was known that rationing would be necessary," he said, "and the stores have had difficulty in disposing of these larger packages, because the ration stamps heretofore have been valid for only one or two-pound packages. Unless sugar in larger packages is sold, it would have to be repackaged, and that would cause an undesirable waste of labor and materials."

Bond by the Memphis Chamber of Commerce.

Ginning service, bagging and ties were provided without charge by the Memphis Co-Op Gin.

Verdon states he had more than two additional bales open and has cotton matured to assure production of half a bale to the acre.

The season's first bale, vanguard of what promises to be a bumper crop, was some two and one-half weeks earlier than the first bale last year, which was ginned September 11 for C. L. Wheeler, southeast of Lakeview.

His bale ginned 524 pounds of lint from 1800 pounds of snapped cotton, and was sold to M. C. Allen at 20 cents per pound. The seed brought \$52 per ton.

Get Your Scrap in the Scrap—

(Continued from page 1)

first of the year, the government may have to resort to compulsory collection unless the salvage drive can be stepped up on a voluntary basis. Right now it is lagging dangerously. This means that if Hall County does her part every man, woman and child will have to get into the scrap with all the scrap they can scrape up.

The salvage campaign, although in high gear now, will get its real start Friday, August 28—Junk Rally Day. Every person who comes to town on that day is urged to bring in scrap metal and scrap rubber. The plans for a big patriotic rally Friday night have been completed. No one can afford to miss this event. We will all be told what we can do to aid the war effort.

It has been several weeks since anything was said about Fairview Cemetery. We have been unable to get a power mower, due to war priorities. However, a few men were employed to cut the weeds and clean the grounds. The cemetery looks a lot better, and when a mower can be secured, we will not be ashamed of the last resting place of loved ones.

Speaking of cemeteries, the Lakeview Odd Fellows and Union Hill Cemetery Association will hold another all-day working Thursday of next week at the Lakeview cemeteries. This is a sample of what can be done if all people will co-operate. Besides keeping the burying grounds clean, a new tabernacle has been erected that is a monument to a

people who believe in doing things right.
