Kitty's Korner

By Kitty Montgomery

It were not for the calendar and the falling leaves, I'd think it was the middle of summer. It's either unusually hot this past week or there is something wrong with my thermostat. We spent an unusually hot weekend in Austin, but I guess you knew about that. Half of Ozona was on hand for the Baylor-Texas football game. Wow, what a game. Gary Sutton was injured and only played the first quarter so that was a disappointment to most Ozonians. Maybe the score wouldn't have been so lopsided if he had been able to play the entire game.

Our seats were right in the middle of a contingent of Baylor fans and did I ever get home. I really believe they did more griping at their coaches and players than Ozona fans do and that saying a mouth full.

I've always been a Texas fan, but they didn't need my encouragement from me. I found myself cheering for Bears on I almost wept at the bad luck of Laney as he started for the back as in the quarter back. If anyone had told me that one day I would be feeling sorry for a Sonora quarterback, I'd have thought they were daff. But there I was, yelling myself hoarse at the luckless Bears even though the scoreboard told me it was to no avail.

When the slaughter finally ended and we were preparing to leave, a Bear fan behind me was in such a hurry that he got up in a flash and caught my hair in his coat button. Well, there was nothing for me to do but get up myself. There we stood with everybody looking on while he tried to untangle the mess. I couldn't assist him because the back of my head was hooked securely to his coat. Finally a lady came to his rescue and released me. I turned around to find the red-faced man I have never seen stammering his apologies. I laughed and assured him that there was no harm done. He walked off muttering something about even losses in a row. He was so vocal during the game that I had already decided I had a kid on the team and his parting remarks convinced me.

I couldn't help wondering if he had a wife and if so, how he was going to explain some strands of red hair around his coat button. He didn't have any hair at all and was already on the verge of a nervous collapse.

We didn't make that mistake about the hunting hours last week in our story. We just wanted to give the deer a sporting chance.

It looks as if Ozona teenagers are soon going to have a place to call their own. The Ozona Woman's League has taken the teen center as a project and the county commissioners are all for it. Along with most of the school officials. It should become a reality by the first of the year if not before.

—kk—
The kids are going to pick out the building, do all the decorating and make the rules. There will be an adult supervisor on hand at the center during the hours it is open and a committee of consultants in case the kids need help. Other than that, (Continued on Last Page)

Earl Sudderth Dies Of Heart Attack On Hunt

Earl W. Sudderth, 62, died Wednesday morning, apparently of a heart attack, while hunting on his ranch southeast of Ozona. Mr. Sudderth, whose first wife was the late Hazel (Ponk) Friend was a sanitary engineer in Dallas where he had made his home the past 27 years.

Mr. Sudderth was hunting with the ranch foreman, Bud Sessom. The two men had just left their pickup to stalk a deer and had separated. Mr. Sessom heard an unusual noise and upon investigating found that Mr. Sudderth had died after walking only a short distance.

The body is to be taken in a Janes Funeral Home coach to Dallas where funeral services are to be held at Glen Oaks Methodist Church Saturday morning at 9 o'clock. Burial is to be in Cedar Hill Cemetery here at 5 p. m. with graveside Masonic services conducted by Ozona Masonic Lodge. Janes Funeral Home will be in charge of the arrangements.

Mr. Sudderth was born in Livingston, Okla., Oct. 18, 1907. He was married Aug. 1, 1969 to Ethel Marie Monroe in DeSoto, Texas. He is survived by his wife; two sons, Dr. J. E. Sudderth and Dr. M. E. Sudderth both of Dallas, one brother, three sisters and 3 grandchildren.

Taxpayers Must Meet Million And Half \$ Tax Bill

Property valuations for tax purposes in Crockett County are up almost 7 1/2 million dollars from last year. Valuations for 1969 total \$47,956,235 compared to \$40,547,720 in 1968.

With a 5% increase in assessment value and a reduction of 28.5 cents in rate, the total assessment this year comes to \$1,420,472.58. Broken down, \$565,751.02 will go for county purposes, \$663,200.91 to school and \$191,520.75 to the state.

Total assessment in 1968 was \$1,313,433.16. A large group of taxpayers have taken advantage of the 3% discount in the month of October. A 2% discount is allowed in November and 1% in December. No discount is allowed for January. Taxpayers have until January 31 to pay property taxes before being assessed penalty and interest.

4-H GOLD STAR WINNERS — Cyndie Whitehead, daughter of Mr. and Mrs. Ruben Whitehead, and Alton Everett, son of Mr. and Mrs. Tom Everett, were named Crockett County 4-H Gold Star winners at the 4-H awards program last week. Both 4-H members have been in 4-H club work for seven years and both have won many 4-H honors.

Despite Warm Weather Hunters Bring In Deer

As of noon Monday 121 deer had been harvested and registered in the county since the season opened Saturday, this in spite of the unusually warm weather.

Hunters leading in the Chamber of Commerce hunting contest are M. W. Carney of Midland, Norman Lee Theford of Levelland and F. N. Phillips of Big Spring. Carney brought in the largest field-dressed deer, weighing 120 pounds and registered at Cooke's Market. Theford's deer had the widest rack, measuring 15 1/2 inches, also registered at Cooke's. Phillips is leading the contest for the most points, registering an 11-pointer at the Trading Post. Contest winners will not be announced until the season ends, but a running account will be given weekly of hunters holding the lead in the three categories.

More Rains Over Much Of County

A slow-falling rain left 25 of an inch of moisture on Ozona and up to 1 1/2 inch in the north and west part of the county early Monday morning, adding to the already abundant fall moisture.

Weekend rains the past several weeks have left rangeland in the county in fine shape for winter. All sections of the county have reported good rainfall in the past month.

Madden Read suffered a severely mangled hand in a lawn mower accident last Thursday afternoon.

Junior Teams To Wind Up Tonight Against McCamey

The junior high Cubs and the junior varsity will end the football season playing McCamey, as well as the Lion varsity.

The Cubs host the McCamey teams tonight for a seventh and an eighth grade game. The seventh grades will play at 5 o'clock with the eighth grade game to follow.

McCamey will be the site for the junior varsity game tonight.

Services Today In Brackettville For Sam July, 71

Funeral services will be held at 2 p. m. today from Mount Gilead Baptist Church in Brackettville for Sam July, 71, a resident of Ozona for over 25 years, who died at his home here at 6:15 a. m. Sunday after a brief illness.

Services will be conducted by the Rev. H. Kinchlow, who will deliver the eulogy. Masonic graveside services will be conducted by the Brackettville lodge, with interment in Seminole Indian Scout Cemetery at Brackettville. Janes Funeral Home of Ozona is in charge of arrangements.

Sam July was born Jan. 5, 1898, at Brackettville, where he spent the early part of his life. He moved to Ozona in the early forties and had lived here since. He was Worshipful Master of Santa Rosa Lodge No. 426 and Court Director of the Noble Light Court No. 413 of Brackettville.

Surviving are the wife, Bessie Mae July of Ozona; one son, James July of De-

100 Gardeners Attend District Garden Club Met

Around 100 garden club members from area towns were in Ozona for the Annual Fall meeting of District VIII Garden Clubs of Texas, sponsored by the local club and held Tuesday at the Civic Center.

Many of the visitors were in town for pre-convention activities Monday. Activities included a coffee at the Ozona National Bank and a tour of various gardens in town. Gardens visited included the homes of Mr. and Mrs. L. B. Cox, Jr., Mrs. Lloyd Sherrill, Mrs. Joe Davidson, Mr. and Mrs. J. C. Schroeder and Mr. and Mrs. Bailey Post.

Included in the tour were the parks and other areas of the town. Following the executive meeting at the high school library, the ladies met at the El Sombrero for dinner.

After registration and coffee Tuesday morning, Mrs. Bailey Post presided over the general assembly. The invocation was given by Mrs. W. H. Allen of Del Rio. Mrs. J. C. Schroeder, president of the Ozona Garden Club, greeted guests.

Following the business meeting, Mrs. H. B. Horn, state president, of Del Rio spoke about the work of Texas Garden Clubs, Inc.

An exciting program entitled "The Best of Yesterday, The Best of Today," was presented by Mrs. Jay R. Huckabee of Snyder. The program featured various table settings and decorations. Outstanding was her table featuring heirlooms and antiques. Other features included a Thanksgiving table and a Christmas table. Various capsule tables were shown.

Luncheon tables were centered with arrangements of native wood, fall berries and leaves, made by the Ozona Garden Club.

Fifty door prizes, donated by the local club, were presented before the final business and adjournment. The sales table, featuring native wood, dried materials, seed pods, plants, etc. took in a total of \$130 for the Ozona club.

Teenager Suffers Fracture In Crash At Intersection

Three Ozona teenagers escaped serious injury Tuesday afternoon in a two-car collision at the intersection of Ave. H and 3rd St. Most seriously injured was Susan Russell, who suffered a cracked pelvis.

The accident occurred when a 1968 Mustang driven by Mickey McBroom and going south on Ave. H collided with a 1965 Ford, driven by Kathy Lynn Russell and crossing the intersection at 3rd St.

Drivers of both cars sustained minor injuries. Damage was estimated at \$900 on each vehicle. John Harris, DPS, was the investigating officer.

A committee of citizens met with the Commissioners Court Monday night to request help in establishing a youth center for Ozona teenagers. After lengthy discussion they found the commissioners receptive to plans for the center and were

Alejos Lara, of Ozona, was recently presented the Bronze Star for meritorious achievement in ground operations against hostile forces in the Republic of Vietnam during the period from April, 1968 to May, 1969. Sp-4 Lara was with the 20th Engineers' Brigade, U. S. Army. He was discharged last May upon his return from Vietnam.

Lions Break Into Win Column Over Stanton Buffalos

Coach Rip Sewell's Ozona Lions declared open season on Buffalos Friday night in Stanton and came out on the winning end 20-0. Playing their best ball of the season, the Lions held the bigger Buffalos to only 41 yards on the ground and 20 yards passing.

They will host McCamey tomorrow night and fight it out with the Badgers for third place in the district. The Badgers had an open date Friday night and should be up and ready for the Lions. McCamey also has one district win, edging Stanton 30-20.

If the Lions can contain the Badgers just half as well as they did the Buffalos, they have a good chance to come out on top. The Badgers are heavier and have more experience than the Lions, but the Lions will be playing on their home field and facing the Badgers after a big win just might give them the edge.

Friday night the first half was a draw, with neither team scoring. The Buffalos were on the Lion 2-yd. line, but couldn't manage to get past the fired up Lion defense for the score.

Ozona got on the scoreboard in the third quarter when David Williams hit David Pagan with a jump pass and he crossed the goal line standing up, the pass-play good for 27 yards and the touchdown. Pagan kicked the extra point and the Lions were ahead 7-0 going into the fourth quarter.

In the fourth quarter Ruben Tambunga exploded for a 52-yard run and another Lion score. Pagan again (Continued on Last Page)

asked to submit facts and figures at a meeting to be held later in the month.

The Woman's League has taken the youth center as a club project. Committee members are Mrs. Bruce Mayfield, chairman, Mrs. Erby Chandler, Mrs. Pleas Childress, III, Mrs. Nat Read and Mrs. Johnny Jones. Besides the members of the committee, Mrs. James Dockery, chairman of youth activities for the Civic Center, and Walter Spiller, consultant, were present at the meeting.

It was pointed out to the court that the Civic Center had not worked out as a meeting place for young people. Too many restrictions and rigid rules have made the teen agers reluctant to attend the weekly youth nights held at the Center over the years and attendance has dwindled to practically nothing, the commissioners were told.

Walter Spiller, who was director of the youth center at Crane for four years before coming to Ozona to teach, gave the court some ideas on what youngsters wanted in a teen center. He said the center should be primarily for high school youth with perhaps one night a week for eighth grade students. He suggested a building which could be kept up by the teen agers themselves with adult supervision.

Some thought had been given to the old Lockett School Building, which will be moved to make room for IS 10. It was suggested that the building could be moved to county property just north of town. This idea was discussed pro and con with no definite action taken.

Plans are to have the Youth Council make the rules and regulations for the center, subject to approval by an adult board. The Council will look for a building to buy or rent and be in charge of any decoration or remodeling. The center will be open afternoons during the school term and daily in the summer, with hours not to interfere with church activities on Sunday. Two counselors will be on hand to supervise the center, probably school teachers.

The court asked the petitioners to work with the Teen Council in deciding on a building and meet with them later this month or early in December with concrete plans for the youth center and the cost of same.

Boys' Basketball Candidates Report For Practice Mon.

Candidates for the high school boys' basketball teams will report to the gym Monday after school for practice. Coach Charles Spieker returns as varsity coach and Jim Williams will coach the junior varsity.

The first scheduled game is Friday, Nov. 21, when the Lions host Sonora. However, if Sonora wins their district in football, the basketball game will be cancelled.

Boys coming out for basketball who played football will not need a physical. Any boy who did not take a football physical must have one for basketball.

1969 CUB CAPTAINS are front row, left to right, Romaldo Cervantes, Eric Fitzhugh and Dan Crowder, seventh grade team. Back row, left to right, Melecio Martinez, Oliver Paine and Garry Mitchell, eighth grade captain.

THE PRESIDENT'S SPEECH

It is difficult to see how President Nixon could have gone much further than he has in making concessions to the Communist dictatorship in Hanoi — other than complete capitulation. This, as President Nixon pointed out, would simply escalate the killing of all freedom-loving Vietnamese by the hundreds of thousands. It would not stop the war. Further — and this was central to his thinking — an immediate withdrawal of American forces now would vastly increase the probability that the "younger brothers and sons" of the men now fighting in Vietnam will be called upon to resist Communist military aggression someplace else in the world.

At this time of history, President Nixon has been offered a choice which has been offered to many Presidents before him, all the way back to Washington: peace at the price of freedom. It is clear that Mr. Nixon is determined not to be the first President to buy that "bargain."

History will furthermore record that the United States and their many allies has offered the Communist dictators in Hanoi complete withdrawal of all outside forces within one year, a ceasefire under international supervision, and free elections under international supervision with the communists participating in the organization and conduct of the elections.

All of these offers, President Nixon pointed out, have been rejected by the enemy. Clearly, the question is, why? The war would end tomorrow if the Communists would accept these proposals.

If it is the will of the majority of the people of Vietnam to accept communism (a declaration that has been made by some of Mr. Nixon's critics) why does not Hanoi end the war now, hold the elections, and allow the Viet-

namese people to peaceably vote for Communist candidates? Surely this is a most generous, and most unusual proposal. Until and unless the carping critics of the President's policy come up with an answer to that question, they are being less than honest with the American people — and with themselves.

LOOK WHO'S TALKING

In the battle taking place in the U. S. Senate concerning the appointment by President Nixon of Judge Clement Haynsworth to fill the Supreme Court vacancy left by the resignation of Abe Fortas, one of the leaders of the opposition is Senator Edward M. Kennedy. It was only a matter of time before the senator's own personality was brought into the public debate surrounding the confirmation.

In all instances that have arisen during the hearings on Judge Haynsworth, the judge has voluntarily supplied files and records involved in the questioning. He has testified and answered all questions. Many of the senators, who have announced that they will vote against his approval, state that they are so doing, not because there is any evidence that he has done wrong but, because of what they call "public doubt." This is to say

that the man must be guilty of something, but we do not know what it is, or what it could be and we can find no proof that he has done anything wrong.

Now enters the fray the distinguished senator from Massachusetts, having regained his power of speech, at least in certain carefully restricted areas. And what should be his solemn requirement from Judge Haynsworth in return for a Kennedy vote of approval? We quote — "full disclosure!"

It is difficult to find words adequate to respond to this latest Kennedy pirouette. As our readers know, it is seldom if ever that we have anything good to say about tv, but we think that WRAL-TV in Raleigh, North Carolina (whose managers and/or owners appear to be men of plain words) put it very succinctly in their editorial aired on October 20th. They said: "And of all people, Senator Kennedy presumes to talk about, of all things, 'full disclosure' in connection with Judge Haynsworth's investments in small amounts of stock."

"Full disclosure, indeed! For while Senator Kennedy was last week attacking Judge Haynsworth by implication on the floor of the Senate, Senator Kennedy's attorneys were appearing in court in Massachusetts to prevent a full disclosure in the episode that cost a young unmarried woman her life last summer."

We would like to see the Senator turn over as much information to his peers as has the judge. We would like to hear his answers, given in public, to all questions put to him by a panel of his critics. Judge Haynsworth did not have a battery of high-powered lawyers demanding

PR Firm Employs Sibyl Hamilton, Native of Ozona

Word was received here this week by Mrs. Dollye Williams that her sister, Mrs. Sibyl Hamilton of Dallas was appointed a vice-president of the Dallas public relations firm of Van-Cronkhite & Maloy Inc.

Mrs. Hamilton, a native of Ozona, assumed her new duties Nov. 1. She will see some service in the Dallas area, but most of her work will be out of the New York, Chicago, San Francisco, Los Angeles and Washington, D. C. offices.

Professionally trained as a nurse, Mrs. Hamilton has devoted most of her time in recent years to civic work, in addition to being the mother of three daughters and wife of Dr. C. F. Hamilton, president-elect of the Dallas County Medical Society.

She had been mentioned as a possibility for a federal appointment, shortly after stepping down as Dallas councilwoman in April, but the position never materialized. She was highly active in the city council in almost all aspects of city government during her two terms.

Mrs. Hamilton is well known for her work with children and her interest in environmental health. She is a member of the President's Commission on Youth and Children, Texas Girl Scout Council and the Health Panel of the Community Council of Greater Dallas.

EDITORIAL

By David Hoover

Even as achievement tests tax the patience and ability of students, so does everyday life measure the loyalty and patriotism of all individuals living in the United States.

Each day brings innumerable trials of conscience to everyone. It is a great burden to stand before these trials and tribulations, and still believe in your country's decisions.

As you look out upon the world you see our country and government standing alone amid a flood of protests, protestors, and threateners of American freedom. You sit and wonder if our way is best, or if another has stumbled upon a better way.

Then, as you descend to reality, you see your way, our way, and the way of your country as the better way. You see that you are proud of your country and its achievements. Your loyalty has paid off, as you view the other countries and see that all along your loyalty stayed true and strong, even during your moments of doubt.

CANDY IN CLASS

By Sadie Tillman

Students hide candy in pockets, notebooks, and any place they can find, just so the teachers don't notice it. After all of their strategy in getting the candy into the classroom, they leave countless amounts of evidence in their desks, on the floor, and thrown in the trash can. As soon as the bell rings students run to the candy machine to get more candy for their next class. It is a school rule that no candy be in class, yet every time the teacher's back is turned, three-fourths of the students jerk out their candy and take a bite before the teacher has time to turn back around.

BAND

By Elizabeth Jones

Mr. Tommy Sanders, Ozona High School band director, took ten members of the high school band to El Dorado Saturday, November 8, to compete for a place in the All-District South Zone Band.

Those members attending were: Denise Deaton, Polly Dixon, Mary Frances Martinez, Mary Jane Martinez, Jerry Reed, Sylvia Vitela, Kathy Williams, Elaine Zapata, Elizabeth Zapata, and Melissa Zapata.

Try-outs were held from 8:30 a. m. until 12:30 p. m. High school band directors from the area served as judges to select those students who were the best on their particular instrument.

The seven Ozona students

who made the All-District Band were: Mary Jane Martinez, third chair clarinet, Melissa Zapata, fifteenth chair clarinet, Elaine Zapata, fifth chair alto saxophone, Sylvia Vitela, fifth chair cornet, Mary Frances Martinez, fourth chair cornet, Jerry Reed, fourth chair baritone, and Kathy Williams, second chair bassoon.

The members of the band rehearsed all afternoon under the direction of various area band directors and then gave a concert at 7:30 p. m. in Schleicher County High School Auditorium.

They played La Banda di Creatore, directed by Tommy Sanders, Kentucky 1800, directed by John Kenna of Menard, Star Spangled Banner, Procession of the Sardar from Caucasian Sketches, Call to Victory, Oliver Selections, Two More Hymns Man of La Mancha and God and Country Overture.

All band members will be able to compete in the All-Region Band try-outs which will be December 12.

NEWS FROM OTHER
SCHOOLS

By Cynthia Harrell

Many South Elementary students attended the annual Parent-Teacher Association carnival held on the playground near the Ozona Community Center Saturday, November 8.

A Junior High School pep rally was held Friday at noon in front of the Davidson Memorial Gymnasium. The Ozona Cubs played Crane here Saturday, November 8. Thursday, November 13, the Ozona Junior High School football teams will play their last games of the season against Crane here in Lions Stadium. Pictures of the Ozona Junior High School football team members were taken Friday, November 7, for the annual.

The North Elementary 6th grade Blue football team defeated the 6th grade Grey team last Thursday here.

North and South Elementary, and Junior High Students took their second six weeks tests the week of November 3-7. Students received their report cards for the second six weeks work Wednesday, November 12.

1969 LION FOOTBALL QUEEN—Karen Dee Sewell, daughter of Coach and Mrs. L. T. Sewell, and Ozona High School junior student, was crowned by Football Captain Tony Wheeler during the halftime activities at the homecoming game two weeks ago. Karen Dee is also head cheerleader for the Lions.

GIRL'S BASKETBALL
CAPTAINS

Anna Mae Payne and Sharron Barbee were elected captains of the girl's basketball team Thursday, October 6. They were chosen by their teammates and by popular vote.

Anna Mae Payne was elected defense captain. She has had experience playing on the junior varsity team for one year and the varsity team for two years in basketball. Mae has also participated in volleyball for three years. Her position on the basketball team is a guard and on the volleyball team is a set up. She has lived here all her life and is a Senior at Ozona High School.

Sharron Barbee, a junior, has participated in basketball and volleyball for three years. She played on the junior varsity team her freshman year and on the varsity for two years in basketball and volleyball. Sharron serves as a forward on the basketball team and as a set-up on the volleyball team. She is a cheerleader for the Ozona Lions and was

a nominee for football queen. She has lived here all her life and is the youngest in her family.

THE SCHOOL HOROSCOPE

By Elizabeth Jones

Would you believe a calm week? Not on your life! The victory flag is flying and the spirit keeps rising. Thursday everybody will be getting ready for the big game tomorrow night against McCamey. Now that the Lions have had their taste of victory they won't settle for less.

Friday, teachers beware. Students won't have time to study. After all, it's the last football game and one everybody is determined to win. McCamey is going to get a hard time from the boys and the Ozona fans. Everyone wants to end the season on the winning side.

It will prove to be a dull week-end, for the girls that is. Did he say he was going deer hunting, or deer hunting? You better find out for sure.

Well, then there's Monday, and it's back to the old grind. The boys have their first basketball work-out to look forward to, and sore muscles to anticipate.

The girl's A and B basketball teams play Sanderson here Tuesday night. Everybody be sure and go, after all just because football is over that doesn't mean your vocal chords can take a rest.

Wednesday is just another dull, boring school day. Oh well, next week? has to be better.

Predictions for the week are:

The Lions beating McCamey

Impala's hidden persuaders:

① 350-cu.-in. engine

A new more powerful standard 250-hp V8 makes the 1970 Impala move with all the more assurance. On good or regular gas.

③ Inner fenders

Up inside every fender is another fender to protect against slush and mud and help keep your Impala looking young.

② Anti-theft column lock

A locking system is built right into the steering column. When you take your key with you, you lock not only your ignition but your steering wheel as well.

④ Flush and dry

We build the car so that rain and wash water can run down through the inside of the rocker panels, then out. Air follows to do the drying.

① Aluminized exhaust system

It simply means that your original muffler, tailpipe and exhaust are going to last longer than you'd probably expect them to.
Fair enough?

⑦ Full Coil suspension

Huge coil springs at all four wheels are four big reasons why a Chevrolet Impala rides smoother and quieter than a low-priced car has any right to.

④ Side guard beams

They look like highway guard rails, and they're built into both sides of the car for extra protection in case of impact. Not too many cars have them.

On the move.

LIONS ROAR

(Continued from Page Four)

Students aren't required to take any of these subjects, but many students take algebra II and chemistry in order to be prepared for college math and science. The students who take IV and physics usually major in science or math at college.

This new math isn't any new. It was invented in 1900, said Mr. Reavis. He said that he doesn't like curve grades as he thinks they belong only on girls' roads.

LION IS STILL THE KING OF BEASTS

Sadie Tillman

Screaming, yelling, jumping and crying was all you could see and hear Friday night. The stands shook as the final gun sounded and the Lions had won their victory. Last Friday night at Stanton the Lions defeated the Buffaloes 20-0. Every player, coach and person from Ozona proudly displayed an extra smile. We won! Tomorrow night the Lions will play the McCarney here. Lions, know you can do it and are backing you 100 percent. How about an Instant Replay?

SIX WEEKS TESTS

By Cathy Williams

Well once again, six-week tests have come and gone. Seventh period tests were held Wednesday, second, fourth, and sixth Thursday, and Friday, first, third and fifth. Seems like six-week tests last forever.

For some, the six weeks tests were a desperate effort to pull up that sagging average; some burned up the midnight oil, others didn't. Just remember that the next is the last, it may mean the difference between passing or failing this semester.

A NEW STUDENT

By Netta Pearl

Teresa Lynn Albertson came to Ozona from Forsan, Texas. She is 16 years old and a junior in high school. While in Forsan she was a twirler her sophomore and junior years. She has played sports every since her seventh grade year. Teresa will play on the Ozona B team this year and will be moved up to the A team next year. She played two years on Forsan's A team. Her family consists of an older sister and younger brother. Teresa said, "I like the kids here because they are very friendly." Her favorite type of music is soul. She likes tall, dark, and handsome men.

QUESTION OF THE WEEK

By Betsy Sikes

What do you think of the Apollo 12 flight? Why?

Cynthia H — It's a fabulous flight — one in which we'll learn much about the moon.

Maria — yeah, because it's out of sight!

Moose — It will be great because Pam Bishop is going with me.

Steve H — Its alright but I think I would prefer my junky El Camino that struggles along on the ground.

Haire — Ah, They're just getting ready to put me on Pluto.

David H — It'd be great if they fixed it so Haire had to stay.

Richard M — Great practice for a Universal War.

Jerry C — Just so the rocket ship is Chevrolet green with a hot-water six.

The concert is over. The artist takes a bow. Or, perhaps the curtain rings down on a smash hit. And hands slap, smack, pat, or tap.

Hands do other things besides applaud. Some write on blackboards, others perform miracles of surgery — some type, some sew, some plant. Hands drive trucks, make music or diaper a baby.

There are crippled hands and wrinkled hands, soft ones and smooth; hands flung up as a shield; others stretched in supplication.

In God's Church are praying hands. These hands translate compassion into action. They find homes for the homeless and food for the hungry. They teach, as well as preach, and bring hope to hearts long lonely. They, literally, become the hands of God.

Today, as never before, mankind needs the assurance and comfort of God's love. Won't you help your church reach out? Offer your heart and your helping hands.
