Police Escort Mill Workers After New Violence Erupts

HENDERSON, N.C. (AP)—Police and state troopers, outnumbering pickets, escorted a full shift of workers to their jobs at the Harriet - Henderson Cotton Mills today after another outbreak of violence.

The quiet scene contrasted sharply with Wednesday night when second-shift workers met small arms fire, homemade flares and firecrackers.

About 250 pickets ignored a steady drizzle at the company's two plants to jeer and shout defiance at the departing workers. One picket was struck in the arm by a 38 caliber bullet. Officers said he received first aid treatment at a hospital and was released.

An unidentified woman reportedly suffered a slight head wound from a shot or a steel pellet hurled from a slingshot. An officer said she was treated at the South Henderson plant dispensary.

There were a few minor incidents reported during the night.

Two persons were arrested and charged with illegal discharge of firearms, and carrying concealed weapons.

The strikers were angered at the small number of jobs left available to them after the strike apparently was settled last week.

When only 30 strikers were taken back Monday, the striking Textile Workers Union of America said it had been misled as to the number of jobs available to its members.

The union said it had about 1,000 members out of the 1,200 workers in the two plants before the strike began Nov. 17.

Wednesday night's violence followed by only a few hours a denouncement at Raleigh by Gov. Luther Hodges of the handling of the situation by management and the union.

Hodges, who had helped negotiate a settlement last Friday, accused management of misleading him "intentionally or otherwise." Hodges, redfaced and shaking his finger vigorously, said the role of attempting to end the five-month-old strike is "the toughest job I've ever had."

Hodges said he notified Boyd Payton, regional director for the union, that he was holding him "responsible for any further violence" at Henderson.

Payton replied through newsmen: "I have no control in this matter of violence."

The governor said he sent a telegram to John D. Cooper Jr., president of the mills, calling upon him to hold off operation of the second and third shifts at the two plants "until all matters are cleared satisfactorily."

Cooper declared earlier that if he shut down any shift he would close the mills permanently.

The strike started after the company sought to have an arbitration clause in the contract eliminated. After the mills reopened on a limited basis, seniority rights of workers and strikers became a major issue.

PRISONERS TALK WITH HOSTAGES—Two escaped San Quentin prisoners, facing camera, talk with their woman hostage, Mrs. Louise Gschwend, long coat, and intermediary, Douglas Harrison, in checkered shirt, as they stood at the end of a fishing pier after their escape. The convicts, Billy Joe Wright, 26, and William D. Werner, 24, surrounded after about 6 hours of terror at times threatening Mrs. Gschwend's life. (AP Wirephoto)

TB Assn. To Elect Slate

Nominees for director posts in the Scurry County Tuberculosis Association will meet at 7:30 o'clock tonight at the Scurry County Health Unit building to elect officers.

Preliminary meetings and the work of a nominating committee has named 25 persons as nominees for directors who will serve on the board. Members of the board will draw for terms, and a third of them will rotate off the board at the first annual meeting of the association next year.

No membership meetings will be held this year, since there will be no actual membership in the association until after the association's first Christmas seal drive this year. Those who buy Christmas seals will be members.

At tonight's meeting, the directors will elect officers and begin setting up committees. There will be some appointed to draw up a proposed constitution and by-laws.

Bill Newsom is temporary chairman of the group.

Greenheaded Mallard Travels First Class

SACRAMENTO, Calif. (AP)—A duck, flying north first class, took over the swimming pool on the fourth-floor terrace of the El Mirador Hotel here Wednesday night.

The green-headed mallard made a few surface dives, then waddled onto the sun deck and basked under the electric lights.

Panama Guards Report Arms Landed By Arias Uncovered

PANAMA (AP)— The National Guard said today it had dug up an arms cache landed on a beach 7 miles west of Panama City by Roberto Arias, fugitive husband of British ballerina Margot Fonteyn.

Arias was still at large with most of the 10-man band the government claims landed with him at Santa Clara Sunday. The government accused Arias of trying to launch a revolution against President Ernest de la Guardia. It expelled his wife from the country.

National Guard patrols searched the coastal strip near Santa Clara, where the Arias family, long a power in Panamanian politics, has a big estate. Roberto's father is a former president of Panama who split a year ago with the De la Guardia administration.

Officials said search of a beach cottage near Santa Clara turned up letters left by Arias, including one from American movie star John Wayne. Authorities said Wayne was a friend and business partner of Arias.

At his home in Encino, Calif., Wayne said he had corresponded with Arias on several occasions and had no idea what this particular letter might have dealt with.

"I've known Tito (Arias) for 20 years off and on. I've got business in Panama with him, and without him. I also know other members of the family. His father is a well respected lawyer in Panama," Wayne said.

Asked what his principal business connection with Arias was, the actor replied: "A shrimp company. It's not just he and I —there are other people in it. But he's a big stockholder."

Wife Dodges All Questions

NEW YORK (AP)—Famed ballerina Margot Fonteyn has sidestepped all questions about her Panamanian husband, accused of fomenting a revolutionary plot in his native land. She says she does not even know where he is.

Dame Margot, prima ballerina of Britain's Royal Ballet, arrived here by plane Wednesday from Miami, Fla., being flown there after Panama ordered her expelled following 24 hours detention.

Her husband, Roberto Arias, 43, was being sought around Santa Clara in Panama, where officials claim he brought an armed band ashore Sunday night.

Dulles Designated Consultant By Ike

WASHINGTON (AP)—President Eisenhower today formally designated ailing John Foster Dulles as a special consultant for foreign policy on the White House staff.

Eisenhower arranged to drive to Walter Reed Army Hospital to attend a formal swearing-in ceremony for his former secretary of state.

Dulles' doctors decreed there should be no public ceremony because of his cancer condition.

In an exchange of letters when Dulles resigned, Eisenhower had announced his intention of keeping Dulles in service as a consultant.

Eisenhower at the time set out no specific task for the 71-year-old former secretary.

He did ask Dulles "to serve in the future, to whatever extent your health will permit, as a consultant to me and the State Department in international affairs."

Eisenhower expressed "fervent hope that you will thus be able to continue the important contributions that only you can make toward a just peace in the world."

Eisenhower wrote the letter April 16, a day after announcing at his Augusta, Ga., vacation headquarters that cancer had forced Dulles to resign.

Dulles ended a Florida rest on April 12 and returned to Walter Reed Hospital. Examining doctors said two days later the abdominal cancer which weakened Dulles probably had spread to his neck.

Christian A. Herter, in rapid-fire order, won Senate confirmation as Dulles' successor on Tuesday and was sworn in Wednesday as secretary.

Herter had been undersecretary of state.

Solon Urges Fresh Start

AUSTIN (AP)—The House cut today in 30 minutes another 32 million dollars from the proposed major tax bill (HB727).

It cut the bill's revenue raising potential to 83 million dollars.

A 5 per cent gross receipts tax on scrap dealers was eliminated first. It was expected to raise 12 million dollars in 1960-61. Next to fall from the original 290-million-dollar measure was a one per cent retail sales tax on building materials. This chopped off another 20 million.

Prior to the quick action, Rep. Louis Dugas of Orange urged the House to make a fresh start on writing an acceptable tax bill. He suggested members try to agree with the Revenue and Taxation Committee. The committee's bill is being shot to pieces.

"The tax committee has fought hard to pass a tax bill to pay for the state's expenditures the next two years," Dugas said. "The pending substitutes don't offer anything new nor are they particularly constructive."

He urged the House not to leave the job to the Senate.

"I'm guilty," he said. "I voted to cut down everything too."

Estimates of new money needed for the next two years run to about 200 million dollars.

An extra session looms after the May 12 deadline.

"House Bill 727 is dead," Rep. Tony Korioth, Sherman, told members yesterday. "Let's don't kid around about it."

Speaker Waggoner Carr refused Korioth's motion for an immediate vote on continued debate. He said all proposed changes would be heard before such a vote.

The House slashed millions after millions from the new revenue expected under the proposal recommended by the House Revenue and Taxation Committe.

Yesterday, it added $3,000,000 by adopting 98-40 a 10 cent increase in the $1.408 tax per gallon on liquor.

The House eliminated completely these revenue proposals:

Franchise tax 35 per cent increase for one year, $13,300,000; five per cent sales tax on liquor, $16,200,000; lubricating oils, 2 cents a quart, $11,800,000; aircraft and automobile parts, 1½ per cent sales tax, $5,200,000; business machines, 5 per cent sales tax, $2,000,000; commercial rentals, 2 per cent, $15,358,000; hotel rooms, 3 per cent, $11,000,000; restaurant meals $12,000,00; and 1 per cent luxury tax on about 5 items, $54,000,000.

The House agreed to tax cigars and chewing and smoking tobacco. However, it cut the proposed 40 per cent rate to 12½ per cent to knock out $8,800,000 in expected revenue.

"This is the most discriminatory tax ever offered against the small businessman," Rep. Will Smith, Beaumont said in opposition to the luxury tax section. "It will start the greatest wave of bankruptcies we've ever seen. I want to take the whole thing out and put it somewhere where it will never see light of day again."

The House refused 95-50 to change the 10 per cent luxury tax to 2 per cent.

Korioth led the wave to down the selective taxes.

He offered an amendment which said: "Strike article No. VI." And he did the same on others, saying: "This is just another tax on the little man."

Rep. John Huebner, Bay City, offered a "ton-mile tax" on trucks. He said it "Will bring in millions." The House voted it down, 102-17.

Lawmakers also refused, 102-43, a proposal by Rep. Truett Latimer, Abilene, to raise the beer tax from $4.50 to $10 a gallon.

"When we place upon the beer people double what they are paying now, you will be placing a burden on the people," Rep. Jimmy Day, Brookshire, said.

Latimer said $10 was the tax charged by Louisiana. He said the breweries can afford the increase.

WEIRD—BUT INDIVIDUAL SHE SAYS—This "weirdie" is Heather Downham, dressed in the latest fashion of the Chelsea set, London's Bohemian crowd. She wears a three-quarter black wool coat, short leopard print shirt, black tights and spike-heeled shoes. (AP Wirephoto)

FIREMEN HANDLE TEDIOUS CHORE

If Snyder firemen in their fire trucks seemed to be driving on eggs yesterday afternoon, they were creating just the impression they wished to give.

They were hauling a half-pound of U. S. Army type TNT to the city dump ground from where it had been found at Seventeenth Street and Avenue I.

"We kept our red lights on and drove about five miles an hour all the way to the dump grounds," Warren Boyd, station captain, said.

At the dump the TNT was burned without incident.

No explanation of how the TNT was lost was obtained.

Three Dead In Blast At Kansas City

KANSAS CITY, Kan. (AP)—An explosion leveled a block-long, one-story building of the Thompson-Hayward Chemical Co. plant today.

Three men were killed and five injured.

Dead were James M. Lewis, 28, Negro, Kansas City, Kan., Walter L. Evans, Kansas City, Mo., and Otis J. Young of Liberty, Mo.

The injured were Ronnie D. Tyrrell, 21, Kansas City, Kan., Guy M. Stokley, 43, Floyd A. Lines, Jerry L. King, and Herman Harp, all of Kansas City, Mo. Tyrrell and Stokley were reported in serious condition.

A fireman was injured slightly in a traffic accident en route to the fire.

The explosion occurred in a tank containing 3,000 gallons of week killer and destroyed seven other tanks. The resulting spectacular blaze, on a high hilltop five miles southwest of the Kansis City, Mo., business district, was visible over most of the city.

For a time the fire threatened to spread to half a dozen other tanks, but after 2½ hours firemen reported the fire was "contained," but would have to burn itself out.

The blast came just before the change of shifts. Robert Thompson, president of the company, said there normally would be five men at work in the building at the time.

Rites Pending For Mrs. Burgess' Father

Funeral services are pending at White's Funeral Home in Weatherford for John W. Hollis, 76, father of Mrs. Roy Burgess, 2208 Fortieth Street.

Mr. Hollis, who lived at Poolville, near Weatherford, for many years, had lived for about a month in Lubbock prior to his death at 2:30 p.m. yesterday in St. Mary's Hospital in Lubbock. He was a retired farmer.

Funeral services will be held either Saturday or Sunday, with burial at Poolville.

Survivors include the widow, three daughters, Mrs. Fred C. Stanley of Lubbock, Mrs. Burgess, and Mrs. William Dean of Twin Falls, Idaho; one son, J. D. Hollis of Knox City, and eight grandchildren.

Tear Gas Ends Freedom Bid By 5 Inmates

By TOM HORGAN

CONCORD, Mass. (AP) — Five desperate inmates of the Concord Reformatory held 15 hostages for four hours Wednesday night until a wave of state troopers ended their bid for freedom with tear gas and acetylene torches.

One of the quintet, identified as kidnaper Charles (Bull) Martin, 36, held a smuggled gun to the head of a hostage while demanding "We want out."

Correction Commissioner George McGrath said Martin mistakenly "thought he could make it out of there through the front door with the revolver and hostages."

"This was an escape attempt, pure and simple," said Edward S. Grennan, superintendent of the reformatory, which once housed only youthful offenders but now is used for long-term adult prisoners.

Grennan said the leaders of the revolt called him twice by telephone from their temporary stronghold demanding to get out.

Instead, Grennan called in State Police to storm the wing where the rebels were holding the hostages.

Grennan said that in addition to Martin the convicts who caused the wild disturbance were Thomas P. Carlino, 28, kidnaper; Charles Woods, 1[illegible], burglar; James Parker, 33, robber; and Peter Makarewicz, Jr., 20, who five years ago killed a 15-year old girl in his town of Norwood.

Authorities said that about 50 other prisoners milled about free of their cells during the uprising but took no active part in it.

McGrath said he learned that just before the siege ended, Carlino snatched the gun from Martin, placed himself in front of the cell where the hostages were held and shouted: "No one is going to harm any of these men."

McGrath said although Carlino was one of the leaders of the revolt, apparently he wanted none of the hostages shot.

Reds Claim Tibetan Rebels Wiped Out

By JOHN RODERICK

TOKYO (AP) — The Chinese Communist command in Tibet claimed today it had wiped out the bulk of the Tibetan rebellion and killed, wounded, or taken prisoner nearly 2,000 rebels.

The army said that the only remaining opposition was from "a few remnant bandits who have fled to remote mountainous areas."

"With the active support of the Tibetan people in those localities," the announcement said, "the troops are continuing to hunt out and mop up the scattered remnants. They will be wiped out in the near future."

The army report, broadcast by the Communist New China News Agency, said that in more than 10 days of fighting the Red troops had captured a vast number of villages, including all the key points in the border area of the Loka area and in the northern ranges of the Himalaya Mountains."

The Loka area is the main rebel base southeast of Lhasa, the capital. It is Tibet's border area with India and Bhutan.

The Chinese Communists fired an angry barrage of criticism at the Indian government for releasing the Dalai Lama's statement that he left Tibet voluntarily.

The charges were the most serious yet in a rapidly mounting campaign to silence Indian criticism of Communist Chinese actions in Tibet.

The official Peiping People's Daily said "the very act of issuing such a statement, containing wild talk about so-called 'independence for Tibet,' and the unbridled attacks on China, show that certain influential figures in India wrongly take the view that China is weak and timid, and now is the time to freely exert pressure on China."

Ike Reported Determined To Hike NATO's Missile Flow

By JACK BELL

WASHINGTON (AP)—President Eisenhower was reported determined today to increase the flow of missiles to NATO nations despite some strong Republican opposition.

He is understood to have told GOP leaders at a White House meeting Wednesday he is asking his foreign aid advisers to come up with more ammunition to support its proposals along that line.

A stepup in missiles and jet aircraft to European allies already has been recommended by the advisers, headed by William H. Draper, New York investment banker boost.

The advisory group also suggested a billion-dollar boost by July 1961 in funds for loans to underdeveloped nations. Some Republican leaders engaged in a budget-balancing battle with the Democrats in Congress oppose the increase.

The Draper plan would not affect materially the 77-billion-dollar budget Eisenhower has submitted for the year starting July 1, since the pending involved is a year or two away.

But the submission of the plan would be a blow to the argument of Sen. Styles Bridges of New Hampshire, chairman of the Senate GOP Policy Committee, and other Republicans that the Democrats are trying to put over programs that cost little at first but would entail vast future spending.

These Republicans obviously think that a presidential recommendation for increased foreign aid—even if it involves no immediate spending — will mute the budget-balancing cry they feel is beginning to take hold in the country.

Eisenhower has contended in private conferences that unless steps are taken to arm U.S. allies adequately, additional billions will have to be poured into this country's defenses.

WEATHER

SNYDER TEMPERATURES: High Wednesday 79 degrees; low 40 degrees; reading at 7:30 a.m. today 44 degrees.

SOIL TEMPERATURES: Today 60; 10-day average 58.6. Taken by Snyder FFA chapter.

All of Texas: Partly cloudy through Friday with rising temperatures.

West Gulf: Northeasterly winds 10 to 20 m.p.h. this afternoon, becoming variable [illegible] south portion tonight and Friday, partly cloudy.

Hookey-Playing Weather Arrives

By The Associated Press

In spite of light fog and mild flooding in East Texas, the state generally had the kind of weather Thursday that invites hookey playing among youngsters and picnic-planning among the older folks.

It was clear and mild over most of the state with light fog reported in East Texas and partly cloudy skies noted along the Gulf Coast and in the Lower Rio Grande Valley.

Floodwaters continued to roll down the Sulphur and Sabine Rivers in North and East Texas but no one is expected to be bothered except lowland stockmen, some of whom might have to take their stock to higher ground.

Three rural roads in the Mineola area were closed as predictions of flooding [illegible] normal were issued for that stretch of the Sabine.

Forecasts for all areas were the same: Partly cloudy Thursday and Friday with slowly rising temperatures.

Temperatures started their climb Wednesday when almost a week of rain came to an end and skies started clearing.

Early morning readings Thursday ranged upward from 36 at Dalhart, the Panhandle cattle town which often is the state's icebox. Brownsville had the warmest dawn reading, a comfortable 61 degrees.

Coolest spots next to Dalhart were Junction in Southwest Texas with 46 and Amarillo in the Panhandle and Mineral Wells in West Texas with 44 degree readings.

Also reporting temperatures in the 40s were Lubbock and Lufkin with 45, Childress, Wichita Falls and Fort Worth with 46, Longview and Abilene with 47, Tyler, San Antonio, Dallas and San Angelo with 48 and Wink with 49.

Readings in the 50s came from Galveston with an even 50, Beaumont with 53, Houston with 54 and Alice with 59.

Laredo and Corpus Christi had 60-degree temperatures.

Winds were clocked at around 10 miles per hour in the Dallas-Fort Worth area, and forecasts called for the breezes to pick up to 15-20 miles per hour Friday.

Librarian Is Speaker

Mrs. George Smith, head librarian at the Scurry County library, discussed the function and operation of the library yesterday at the weekly luncheon of the Kiwanis Club here.

Mrs. Smith told the club the library has had increased use in recent months and that the increase had been very noticeable since the first of the year.

The library now has 18,000 volumes catalogued, she told Kiwanians.

Mrs. Smith outlined the various departments of the library, noting that the library's Southwest section was popular to local readers.

Roy McCloskey, president, headed the meeting.

Child Dies En Route To Houston Hospital

HOUSTON (AP) — Surgeons at Texas Children's Hospital operated on five children with heart defects yesterday and were ready for a sixth patient.

But tiny Maria Jaramillo, four months old, died in her mother's arms as an ambulance rushed her toward the Bogota, Colombia, airport where a plane waited to fly them to Houston.

Doctors in Bogota contacted the Texas Medical Center about Maria, who was born with a heart defect. Surgeons here advised that she be brought to Houston, and the U.S. Embassy arranged for an Air Force plane to fly to Bogota and return with Maria and her mother.

Youth Flown To Galveston

Rapid service of the State Department of Health moved an Ira youth from Galveston yesterday.

The youth, Rudolph Rodriquez, [illegible] son of Mr. and Mrs. Moralina Rodriquez of Ira, had been injured by accidental gunshot wound while hunting near his home Sunday.

Rodriquez's condition is not critical but his injuries were serious. The shot from the 22 caliber rifle went through a hand and through the groin, coming out in the upper portion of the leg. Because of the groin injury, he was transferred from Cogdell Memorial Hospital here to John Sealy Hospital in Galveston.

Mrs. Zelva Harris, county health nurse, told of the fast service of the Crippled Children's Division of the State Department of Health. She said she got the call of the need for an air ambulance at 11 a.m. yesterday. By 3 p.m. the Crippled Children's Division, which she had contacted, had an air ambulance here, ready to go, from Champ Aviation, Inc. The youth was taken from Cogdell to Winston Field here to board the plane by Bell's ambulance.

Mrs. Arnalene McIntosh, school nurse for rural schools here, accompanied the youth, who is a freshman.

Rodriquez said he was in a tree attempting to pull in a bird nest when the rifle discharged.

Ex-Superintendent Indicted In Potter

AMARILLO, Tex. (AP) — Former County School Supt. J. W. Bragg, who resigned last December to enter private business, was indicted by the Potter County grand jury yesterday on two counts of felony theft.

The indictments allege theft of $263.26—$78.26 on Feb. 20, 1958 and $185 on Sept. 15, 1958—from the county school system.

Benson May Set Up New Wheat Plan

WASHINGTON (AP) — Are things working out in such a way as to permit Secretary of Agriculture Benson to set up a new wheat program without congressional action?

Because of a record surplus, wheat has been generally considered the nation's No. 1 farm problem.

Under farm law, Benson must announce terms of the 1960 wheat program by May 15. This program would be a continuation of the existing one.

Planting allotments would total 55 million acres, marketing quotas would limit sales to amounts produced on allotments, and price supports at not less than 75 per cent of parity—a standard for measuring farm prices declared by law to be fair to farmers in relation to prices charged them.

Benson has authority to offer a lower price support in the event farmers vote down marketing quotas, which must be approved each year by at least two-thirds of the growers voting.

It is possible that a number of growers would be willing to accept lower supports if they were free to produce and sell all they wanted. It would take one vote over a third of those voting to knock out the quotas and lift all restrictions on production.

The GOP secretary has said he believes the solution to the wheat problem is a lowering of prices. This, he said, would open up markets and discourage production in higher-cost wheat producing areas. In time, he said, there would be adjustment between supplies and markets.

Should Benson decide to make such a bid, the rate for those not complying with allotments would probably be around $1.40 a bushel compared with this year's minimum of $1.78 for compliers under quotas.

A similar offer for corn helped win grower approval of a Benson plan to get restrictions off corn production and prices lower.

Sgt. Mickey Craig Ends Visit Here

Sp. 4 Mickey Craig has just returned to Fort Polk, La., after visiting his parents here while on leave.

Craig, 19, is the son of Mr. and Mrs. E. H. Craig, 1112 Thirtieth Street.

The Snyder youth enlisted in the Army in September, 1956, and is due to be discharged next September. He spent 16 months in Germany before being returned to Fort Polk.

MARKETS TODAY'S

FORT WORTH (AP)—Hogs 300, steady to 25 lower, choice 16.00-16.50.

Sheep 2,000; lambs opened steady, later 50 or more lower; good and choice [illegible] lambs 17.00-18.50; wooled [illegible] 16-20.00; feeder shorn lambs 17.00-18.00.

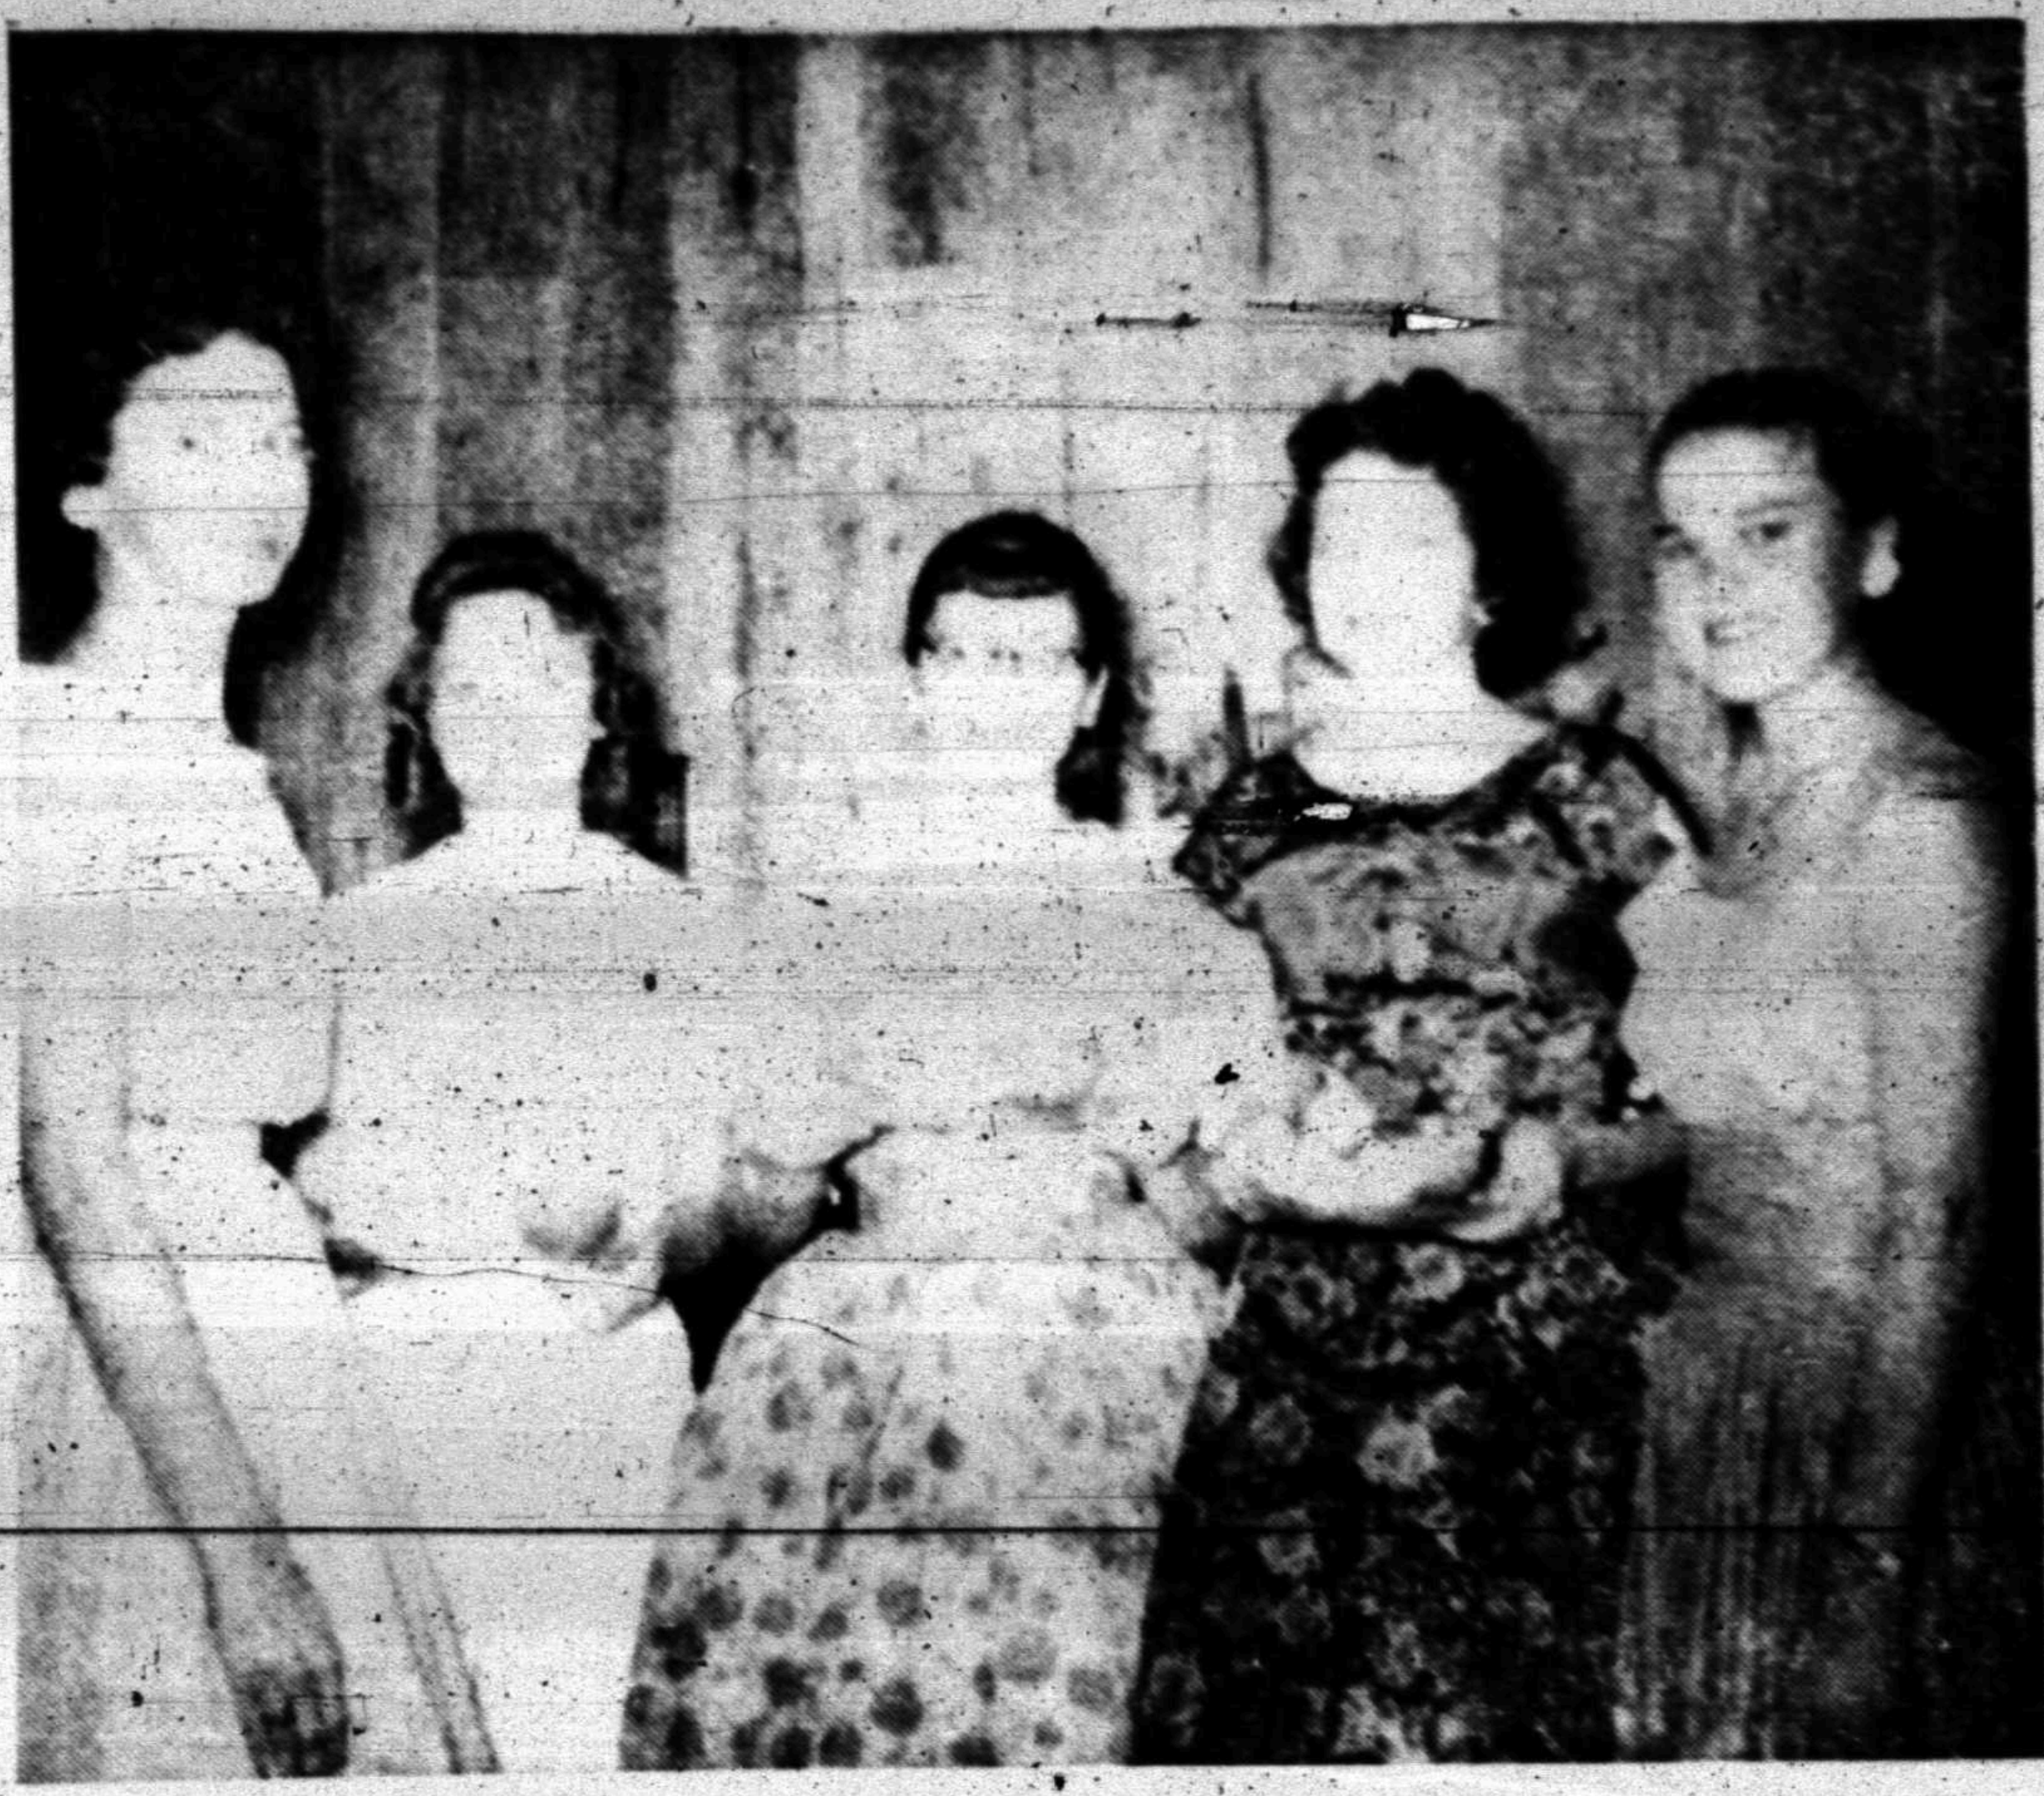
WOMEN



GAY 20 ENTERTAINS—Three of the 28 guests of the Gay 20 Club at a party given last Saturday honoring eighth grade girls are shown above with two club members. From left are Sandra Hardy, vice president; Janie Crowder, Nan Hill, Dana Westfall, guests, and Beth Sims, president. The party was held at the home of Linda Roland, 2806 Thirty-third Street.

Gay 20 Club Entertains 28 Eighth-Graders Here

The Gay 20 Club honored twenty-three eighth grade girls with a brunch on Saturday morning in the home of Linda Roland, 2806 Thirty-third Street.

Beth Sims, president of the club, told the girls about the club and introduced club members. Then each guest introduced herself to the club members.

As each girl arrived she was greeted by Ginny Sims, who asked them to register. Then she was shown into the den by one of the other club members. Barbara Shoemake served orange juice to the girls after they were seated.

The table was laid with a white linen cloth. In the center was a fruit plate from which each girl served herself. Linda Ramsey served coffee or hot chocolate according to each girl's preference. Cinnamon rolls were also served. The fruit plate consisted of fresh strawberries, melon balls, crab apples, orange sections, and stuffed prunes. Small white baskets filled with purple flowers were given as favors. On the handle of the baskets were notes which read: Gay 20 Brunch, April 18.

Guests attending were: Karen Robinson, Judy Buchanan, Carol Shoemake, Janet Head, Patsy Mebane, Helen Joyce, Dana Westfall, Gwen Sturdivant, Lynelle Burns, Susan Free, Jeannean Gladson, Linda McCormick, Paulette Jones, Doris Robinson, Bobbie Pruett, Jane Williamson, Charlotte Womack, Nan Hill, Charlotte Stewart, Rita Hanback, Sandra Autry, Terry Alexander.

The following club members attended: Beth Sims, Sandra Hardy, Helen Harlin, Carol Strom, Linda Ramsey, Darlene Lofton, Paula Rieger, Sandra Williams, Sue Hill, Ginny Sims, Linda Roland, Barbara Shoemake, Paula Keaton, Marcia Stone, Patsy Ramsey, LaNelle Woodson, Thelma Howser, and Pat Crooks. Mrs. Herman Bond, a sponsor of the club, was also present.

Spanking White

Spring has brought white gloves back into circulation, and they can be kept spanking white with the help of a speedy automatic clothes dryer. No waiting for day-long drying! The American Home Laundry Manufacturers' Assn. offers this tip: When two or three pairs of gloves are being laundered, place them in a net laundry bag for washing and drying. Do not overdry. Remove from dryer as soon as dry and hand smooth to shape. Buy a generous size to begin with.

Remember that fresh asparagus should be kept cool until it is used, so store it in the refrigerator in a moisture-proof bag or container.

Judy Broman On Program

COLUMBIA, MO.—Miss Judith Broman, the daughter of Mr. and Mrs. M. L. Broman, 3001 39th Street, Snyder is a member of the 54-voice Christian College Chorus which will present its annual spring concert on Thursday evening, April 30, at 8:00 p.m. in the college auditorium.

Directed by Mrs. Anne Ritchie, the chorus will sing selections by Palestrina, Saint-Saens, Chopin, and a series of folk songs.

Miss Broman is a first year student at the junior college for women.

NEWS FROM CUTHBERT

By MRS. JULIA GUNN

Mr. and Mrs. Bob Norred and children of Jal, N. M., spent the week end with Mr. and Mrs. M. C. Dunn.

Mr. and Mrs. Jimmie Dove, Donnie Max, and Ronnie Autry of Ira, Mrs. Lewis Dunn and Donnie of Cuthbert attended Abilene Christian College High School Day at Abilene Saturday and had dinner that evening in the home of Mr. and Mrs. Dan Bon er.

Mr. and Mrs. Mack Ritchey and Children of Colorado City visited briefly in the home of Mrs. Julia Gunn Sunday.

John Strain, son of Mr. and Mrs. L. A. Strain Jr., is on the sick list this week.

Mrs. J. M. Strain has been ill been ill for some time in her home.

Mr. and Mrs. John Henderson and daughter, Johnnie Marie of Midland, visited relatives here last week end.

The County Line Home Demonstration Club met at the Club House Tuesday wit Mrs. Harold Hester as hostess. The subject was party refreshments and demonstrations were by Mrs. Mildred Brown and Mrs. A. P. Morris. Members present were Mrs. W. W. Hester, Mrs. Harold Hester, Mrs. Cecil Erwin, Mrs. Mildred Brown, Mrs. A. P. Morris and two visitors, Mrs. Lewis Dunn and Mrs. Travis Allen.

WOMEN'S CALENDAR

THURSDAY

Snyder Garden Club miniature flower show at Martha Ann Woman's Club, with Mrs. Roger Mize, hostess.

Called meeting of Order of Eastern Star for initiation and program, 8 p. m., Masonic Hall.

FRIDAY

Beta Epsilon Chapter of ESA to attend Alpha State Convention at Galveston, April 24 and 25.

Ira HD Club meets 2 p.m. in Ira Community Center, Mrs. Roy Sallee, Hostess.

El Feliz club will meet Friday, April 24, at home of Mrs. H. L. Wren, hostess.

Auxiliary to the Barracks, World War I Veterans Organization, will meet at 7:30 o'clock Friday night at the Veteran's Club house.

Presbyterian Women Meet

The monthly meeting of the United Presbyterian Women of Snyder was held in the parlor of the church at 7:30 p. m. Tuesday night.

The program was presented by Mrs. Wm. A. Jones. The theme of the presentation was that the East and West can and do meet through Jesus Christ. Mrs. John R. Covey, Sr. presented the tenth in a series of studies on the Charter for Action for the United Presbyterian Women.

It has been decided to send a delegate, from the Snyder Presbyterian Church, to the Synodical training school, at Trinity University in San Antonio, during the week of June 21 through 27. All Presbyterian women interested in attending please contact Mrs. W. R. Everett or Mrs. Wm. E. Greggs. Reservations must be made by the first day of June.

Fifteen members attended the Tuesday meeting, presided over by Mrs. Wm. E. Greggs. Refreshments were served by Mrs. Bill Byers.

SQUARE DANCE CLUB TO BE ORGANIZED

A meeting has been scheduled for Friday night to organize a square dance club here.

The meeting will be at 7:30 p. m. in the auditorium of the Katherine A. Ryan School.

Instruction will be available to the club. Dancing probably will not begin until the second meeting.

Jim Wadleigh, one of the organizers, urged all persons interested in square dancing to attend.

Rebekah Sets Day Of Memory

Tuesday, June 9 will be set aside as Memorial Day for deceased members of the Rebekah Lodge, it has been announced by the Snyder Rebekah Lodge.

The announcement was made at the regular session of the Lodge Tuesday night at the Lodge Hall. Dorothy White, noble grand, presided in the meeting.

B. E. Hanks was accepted into the lodge by cards and welcomed. Application was also read for another prospective new member.

Five members were reported to be sick, and six sick visits were made.

A social of Odd Fellows and Rebekah and their families will be held Friday night, April 24, at 7 o'clock at the Odd Fellow Hall, 1801½ Twenty-fifth Street, located on the second floor of the Fair Store building.

The meeting was closed with practice by the degree team.

Refreshments were served to 15 members present, Mrs. Travis Steele, reporter, said.

First non-stop Paris to New York flight was made by French Capt. D. Coste and Maurice Bellonte in 130.

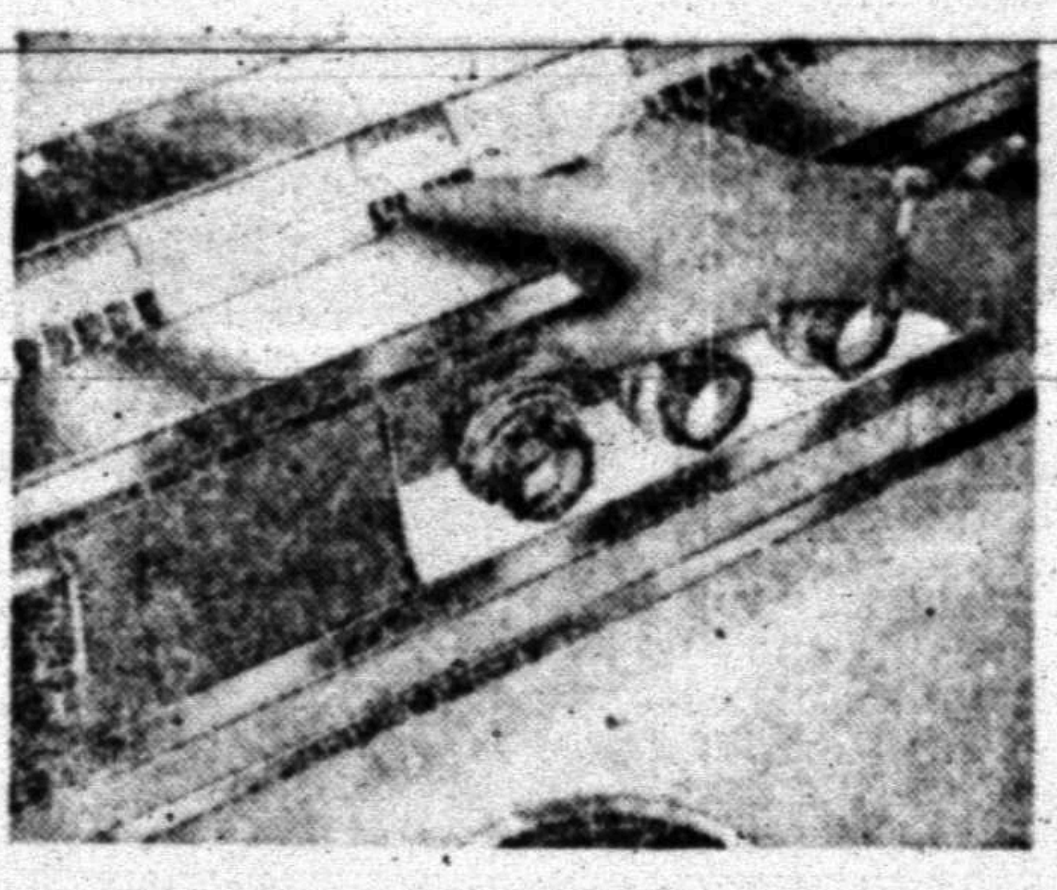
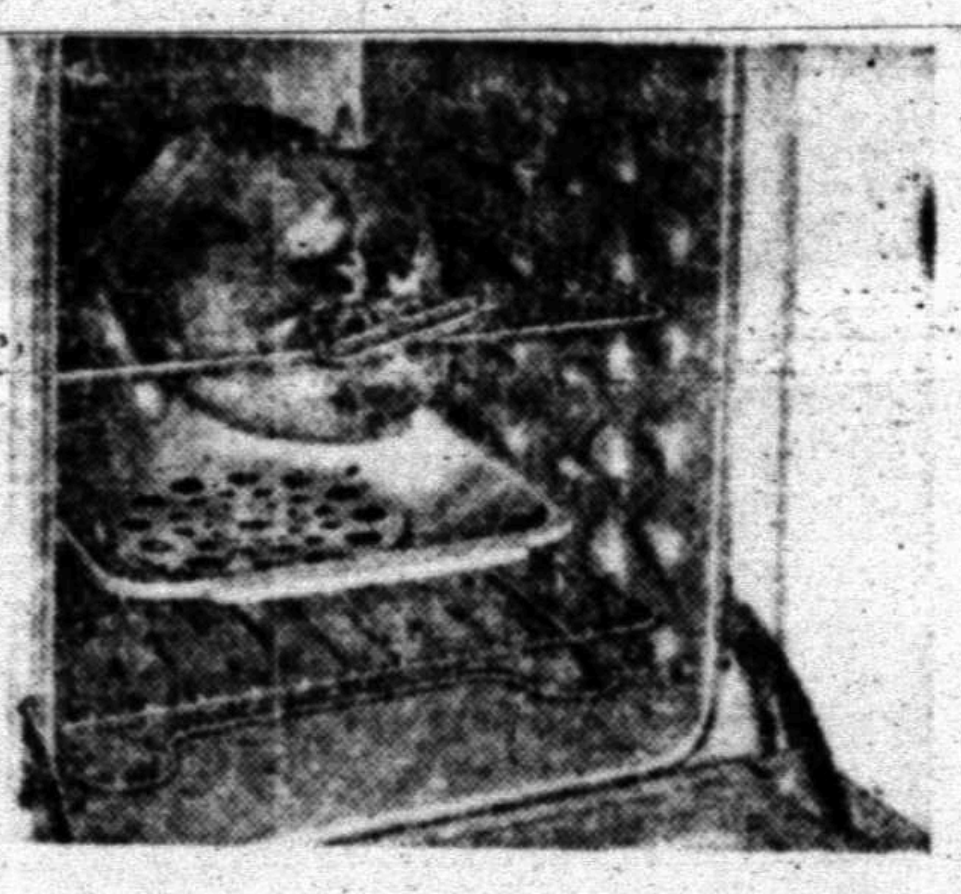
Why Electric Cooking is ACCURATE





An electric range cooks with accurately controlled and measured heat. Whether you're cooking on surface units or in the oven, you just set the controls for the heat you want and you get exactly the same even heat *every time*. There's no guesswork . . . no need for constant oven peeking and pot-watching.

Only an electric oven can be insulated all around, *including the bottom*, for economical operation and accurate heat control. Since electric heat needs no flow of air into and out of the oven while it is in operation, heat is retained inside the oven and the temperature remains constant throughout the cooking operation. This assures uniformly excellent results.

Electric cooking also is clean, fast, cool and economical. Select your new electric range now and enjoy all these benefits at an average cost of only about 3c a meal for electricity.

Deep South Pays Less On Schools

By G. K. HODENFIELD
AP Education Writer

WASHINGTON (AP)—The Deep South is spending less for public education than any other area in the country—and its people are the least educated—the National Education Assn. reported today.

On the other hand, many of the Southern states are spending a greater percentage of their citizens' personal income to support their schools than are richer states elsewhere.

The NEA issued its annual report, "Rankings of the States," with 60 tables of figures to show how the various states stood in different educational categories. It picked no over-all best or worst state, but the figures told quite a story.

For instance: Mississippi this year is paying its classroom teachers an annual salary of $3,070, lowest in the nation. It is spending $181 per year for each student in average daily attendance, less thany any state except Alabama, which spent $164.

But Mississippi led the nation in one respect: in 1957 almost half its young men who registered for the draft failed to pass the pre-induction mental examination. Mississippi's rejection rate was 49.9 per cent, followed by South Carolina (49.8), Alabama (42.6), Louisiana (38.9) and Georgia (37).

At the other end of the table, Montana had the lowest rejection rate, 3.5 per cent. Next came Iowa (3.6), Minnesota (4.2), Kansas (4.5) and Oregon (4.6). The national average is 18.9 per cent.

The national average of current expenditures per pupil in average daily attendance for 1958-59 is $340.

New York, with $535, is spending more per pupil than any other state. Next comes Alaska, $520; New Jersey, $463; Wyoming, $435; and the District of Columbia, $434.43. The 10 lowest states on this list are all Southern or border states.

But Mississippi spent 3.8 per cent, and Alabama 3.3 per cent of their total personal income payments for school support, compared with New York's 3.2 per cent and New Jersey's 2.9 per cent, for instance.

The annual average salary of classroom teachers for this year ranges from Alaska's $6,400 to Mississippi's $3,070. The national average is $4,775. New York is second with $6,200. Eight of the 12 lowest-paying states are Southern or border states.

ROYAL VISITORS AT VATICAN — Britain's Queen Mother Elizabeth and Princess Margaret, attired in blacks robes customary for papal audiences, were escorted by Vatican officials and Swiss guards as they left the papal chamber after a private audience with Pope John XXIII. Flanking the royal visitors were Count Giovanni Chiassi, in uniform with sword at left, of the Vatican staff, and Msgr. Beniamino Nardone, ceremonial secretary. Both women wore tiaras and the Queen Mother donned the jewel and ribbon of the Order of the Garter. (AP Wirephoto via radio from Rome)

Mountain Folk To Endure Radiation

By CONRAD OLIVEN
Associated Press Staff Writer

GRANVILLE, N.Y. (AP) — "If there's anything to this thing of radioactive rocks and malformed babies, there's nothing we can do about it."

That's the reaction of mountain folk to a report that the radioactive rock that surrounds them may account for a higher-than-average rate of deformities in babies.

The New York State Health Department announced last week a researcher had found that in areas of the state having surface radioactive rock, the malformation rate among infants was higher than elsewhere.

In this northern New York area near the Vermont line, Hebron and Argyle are on the list with a high rate.

"What's got to be has got to be—nothing we can do about it," Martin Warner, 21-year-old farmer who has had a bad hip since childhood, commented to this reporter. He farms 400 acres in North Hebron, where heavy slate and shale deposits bother his tractor more than they do him, although the rock is naturally radioactive.

Many people discount the study — "They didn't prove anything definite, did they?"

Others just shrug.

"It's a lot of bunk," asserted John Knowlton, puffing on a cigar in his colonial restaurant at Argyle. "It's women taking too much medicine."

With him was William Coates, Argyle trashhauler. Said he: "It's these women who work in factories are having trouble. Women belong in the home."

"But maybe it's something in the air," almost as an afterthought.

More of an authority on the subject, Dr. V.K. Irvine of Granville, who has delivered babies in these parts for 24 years, said: "Frankly, I don't think the incidence of malformed babies is any higher here than anywhere else. I personally have had very few malformed babies.

"Of course, it's possible. While I couldn't attach any significance to it, this is a new survey. Radioactivity in rocks may have some bearing on malformations."

Hawaii has purchased 50 chukar partridges from the New Mexico Department of Game and Fish as seed stock for Hawaiian game areas.

Livestock Auction Group To Change Type Of Corporation

Temporary directors of the proposed corporation to operate a livestock auction in Scurry County have voted to make a major change in the type corporation.

Original plans had called for the corporation to have three kinds of stock, with only two of them sharing in dividends off profits and most of the directors to come from preferred stockholders.

The temporary board decided this week to change the stock arrangement in the corporation, having only one type stock.

The new corporation has plans for $100,000 in capital stock, with stock to sell at $100 per share. A person can buy as little as one share or as many shares as he desires.

Aubrey Headstream, one of the temporary directors, said the change was made for various reasons. One was that some prospective stockholders wanted to participate in the corporation but could not get the type stock they wanted. Originally, the prospective corporation had plans for "A" stock of $5,000 or above, from which all but one director would be chosen; "B" stock for most farmers and ranchers with smaller investments, which would also draw dividends; and "C" stock for merchants, who would not draw dividends. The new plan calls for all persons purchasing stock to share alike.

The temporary directors will serve as incorporators, and after incorporation they will call a meeting of stockholders for election of permanent directors. Shareholders will get one vote per share in the meetings. The number of directors on the permanent board has not yet been decided.

Ralph Miller is chairman of the temporary board, which has another meeting scheduled for next Tuesday evening. At that meeting, printed receipt books are expected to be distributed to the directors, who will begin stock sales.

Headstream said the temporary board is now working on the constitution and by-laws for the proposed corporation and that they will probably be complete in about two weeks, ready for the new firm to make application to the state for a corporation charter.

Plans call for the new corporation to operate a weekly livestock sale here. Most of the beginning capital stock would go into original barns, pens and other facilities.

Mother Is Law Around The Home

LAFAYETTE, Ind. (AP) — An underprivileged junior citizen got a discouraging lesson in law from Sgt. William W. Saylor at the State Police post here.

"It's nice outside and my mother won't let me go out and play," the young caller told the sergeant. "Is it legal? Can she do it?"

Sgt. Saylor had to tell the young prisoner that mother was the law in that area.

The nation's largest health center is said to be in Chicago, occupying 305 acres on the city's west side.

Junior Editors Quiz on MUSIC

SWING LOW SWEET CHARIOT, COMING FOR TO CARRY ME

QUESTION: Who invented the harmonica?

* * *

ANSWER: What is generally known as the harmonica is actually the aeolina, or mouth organ. It is made of reeds fastened in a small metal case. A tune is made by blowing on the reeds as the case is moved to and fro across the mouth. This instrument was invented by a famous English physicist, Sir Charles Wheatstone, in 1829. As a young man, Wheatstone was a musical instrument maker. Later he carried out a number of experiments in the transmission of sound and was the founder of modern telegraphy. Although the mouth organ is a very simple instrument, modern experts have earned for it a respected place and it has been played in concerts and with orchestras.

* * *

FOR YOU TO DO: Another kind of harmonica, very different from the mouth organ, was invented by a famous American. In an encyclopedia or book on musical instruments, look up harmonica and see if you can find the name of the inventor and what kind of instrument he devised.

* * *

(The $10 award for this question goes to Barbara Jane Heichel of Clearfield, Pa. Send you question on a postcard to Violet Moore Higgins, AP Newsfeatures, in care of this newspaper. In case of duplication of question, Mrs. Higgins will make the final choice.) 4-23

Fire Chief Gives Some Timely Advice

ST. HELENA, Calif. (AP) — Twenty volunteer firemen were preparing to go to band concert when the whistle blew. Away they went to the home of their chief.

His chimney was smoking up a storm.

After dousing the chimney, Chief Eugene Graff told his men:

"Darn good time for all of you to have your chimneys cleaned."

OVER TIGERS, 10-5

Odessa Uses Big 2nd For Victory

ODESSA, April 23 — The red-hot Odessa Broncs exploded for six runs in the second inning for a 10-5 decision over the Snyder Tigers in a non-district baseball game here Wednesday.

The loss left the Tigers with a 9-9 record for the year. For Odessa, Wednesday's win was her 15th in 19 starts. The Broncs are leading the 2-AAAA race with a 4-0 mark.

The Broncs led [illegible] after [illegible] innings of play but the Tigers battled back to narrow the gap to 8-5 after five innings behind the home-run bats of Spencer Dyer and Mike Moffett.

Dyer slammed a homer in the third for the Tigers' first run and then Moffett banged a roundtripper with one on in the fourth.

The Tigers got their final two runs in the fifth when Steve Free and Kenny Drake hit back-to-back singles and Johnny Drake doubled scoring Free and sending K. Drake to third. K. Drake then stole home for the fifth Tiger run and putting the Bengals within striking distance of the Broncs.

But the Broncs staved off the Tiger threat the final two innings and in the meantime scored one in the bottom of the fifth and sixth innings to pull into their final five-run margin.

Dyer's homer, to deep left center, was also the first Tiger hit. It came with two away in the third.

Moffett's four-base blow [illegible] over the rightfielder's head and scored Jerry Fleming, who had walked ahead of him in the fourth. This rally started after the first two Tigers in the inning had been retired.

Jackie White, Bronco shortstop, featured the big second-inning explosion of the winners with a grandslam homer.

Norman Gladson, who went the first two innings, absorbed the loss, his fourth against five wins. Sophomore Charles Gladson finished up and allowed only three hits and three runs (two earned) the remaining distance.

Free, freshman third sacker, got 2-for-4, the only Tiger getting more than one hit.

White and Scott each collected a pair of hits to lead the Broncs. White's homer was the only extra base hit for the Broncs.

The Tigers return to action Saturday when they host the Lamesa Tornadoes in a District 3-AAA contest. The Bengals took an early lead in the 3-AAA race with a 16-2 decision over Colorado City Tuesday in the district opener for both teams. Saturday's game here will be the 3-AAA opener for Lamesa.

BLANKS SENS IN 14 INNINGS

Whitey Ford In Iron-Man's Role

By The Associated Press

With Whitey Ford turning in one of the top performances of his pitching career — sticking to the mound through 14 hard-fought innings — the Yankees beat the Senators 1-0 Wednesday night.

The Washington battle finally was terminated on Bill Skowron's third homer of the year.

It was the first time in his major league career that Ford ever pitched so many innings and obviously gladdened the heart of Manager Casey Stengel over prospects for the remainder of the season.

That left the Yanks two games behind the climbing Cleveland Indians, who again battered Detroit 10-1. The Chicago White Sox stayed third, smothering Kansas City 20-6. Boston beat Baltimore 8-4.

In the National League, first-place Milwaukee beat Philadelphia 2-0. San Francisco ended Los Angeles' winning streak at four 6-3. St. Louis defeated the Chicago Cubs 8-2, and Pittsburgh escaped the cellar by beating Cincinnati 9-8.

Ford, 30, walked seven, but gave up just one single from the fifth until the 14th. Then, after Skowron had ended Stobbs' hitless relief job, Ford was touched for two hits before putting away his 13th victory over the Senators in 14 decisions going back to 1954.

Young Gary Bell (2-0) breezed in with a seven-hitter for the Indians, who have rapped Detroit pitching for 24 runs and 31 hits in two days. Jimmy Piersall drove in the first four runs off loser Frank Lary (0-2) with a bases-loaded single in the third and a two-run homer in the fifth. Rocky Colavito added a three-run blast and rookie Gene Leek, playing his first major league game, socked a two-run homer.

The White Sox hustled from behind after the A's had chased Early Wynn with five runs in the second inning. They made it a rout with 11 runs in the seventh off three pitchers—needing but one hit while benefiting from 10 walks (one shy of the record), a hit batter and three errors. Bud Daley (0-2) lost it in relief. Bob Shaw (1-0) won it with 7 1-3 innings of three-hit, shutout relief.

The Red Sox wrapped it up with five runs in the fourth on four singles, a walk and an error against loser Arnie Portocarrero (0-2). Murray Wall (1-0) won it in relief.

BIG CATCH—C. L. Noble, left, 1800 Thirty-seventh Street, and S. L. Terry, 3604 Avenue V, proved their ability—and luck—as fishermen at Lake J. B. Thomas yesterday with the catch above. The "whopper" weighed 24 pounds when hooked on a trot line baited with a secret bait they would not disclose. (Lee Watson photograph)

Lew Burdette Finds Winning Punch As Braves Hold First

By ED WILKS

Associated Press Sports Writer

Lew Burdette has found his "at 'em" ball again. He misplaced it when he was unfrocked as a Yankee killer last October.

It was the "at 'em" pitch—the pitch that made it easy on the fielders because batters hit it right at 'em—that the big right-hander credited when he won three from the New York Yankees as Milwaukee won the 1957 World Series. He still had it last season, when he became a 20-game winner for the first time.

Then he lost in last fall's World Series, twice taking his lumps while the Yankees staged a startling comeback by winning the last three games.

This season, Burdette has picked up where he left off last year, and so have the Braves, once more leading the National League. Burdette put them a game in front Wednesday night, giving up eight hits but outdueling Robin Roberts, who allowed only four, for a 2-0 victory.

Los Angeles fell out of a virtual tie for first as San Francisco ended the Dodgers' winning string at four 6-3. Pittsburgh came from behind twice and beat Cincinnati 9-8. That sprung the Bucs from the cellar and the St. Louis Cardinals dropped in, despite an 8-2 victory over the Chicago Cubs.

The Braves were held hitless by Roberts (1-1) until the seventh when consecutive singles by Wes Covington, Frank Torre and Del Crandall, who lined one off Robin's leg, broke the shutout duel.

The Giants dropped the Dodgers with a five-run fifth against losing starter Carl Erskine (0-1). A walk, four singles and Orlando Cepeda's double did the damage. Jack Sanford (2-1) won it.

The Pirates, blanked on two hits for six innings by Joe Nuxhall, tied it in a seven-run seventh capped by Bill Virdon's three-run homer. Then, after Gus Bell gave the Reds a new lead with a solo homer in the eighth, the Bucs put it away against losing reliever Orlando Pena in the ninth on a bases-loaded walk and Rocky Nelson's single. Elroy Face (1-0) won it in relief.

Wilmer (Vinegar Bend) Mizell gave up five hits and won his second with a third consecutive complete game job this season for the Cards. Alex Grammas, Gino Cimoli and Curt Flood hit first-of-the-season homers for St. Louis. Taylor Phillips (0-2) lost it.

AT LUBBOCK THIS WEEKEND

Area Tracksters To Region Meet

Snyder's area track teams will converge on Lubbock tomorrow for the Region 1-B meet Friday and Saturday.

Gail in District 8-B, Hobbs in 15-B and Hermleigh in 16-B won district championships.

Gail qualified seven boys plus the 440 and mile relay teams for the regional meet while Hobbs qualified seven boys plus its 440-yard relay team, and Hermleigh six boys plus her 440 and mile relay teams.

Ira, another area team, qualified six boys for the region meet.

Preliminaries in the region meet will be held tomorrow on the Texas Tech cinderpath in Lubbock with the finals slated Saturday afternoon.

Following are the area entries:

Gail: C. Ramsey, 100-yard dash; Raymond Wilson, 440-yard dash; Jerry Staggs, 440-yard dash; Larry Doyle, 180-yard low hurdles; S. Anderson, 880-yard run; Walton Ramsey, broad jump; J. O. Creighton, mile run, and the 440 and mile relay teams.

Hobbs: Herman Anderson, 180-yard low hurdles; Jerry Etheredge, 100-yard dash, 440-yard relay; Jerry Trice, shot put, 440-yard relay; Mickey Templeton, 440-yard relay; Veral Gordon, 440-yard relay; Orvie Firestone, discus, shot put; Mark Williams, pole vault; Buster Wright, broad jump, high jump; Mike Soto, 880-yard run, and Chindo Soto, mile run.

Hermleigh: Mackey Winter, 120-yard high hurdles; Dwayne Williams, 120-yard high hurdles, 180-yard low hurdles, high jump; Wall, 100-yard dash; O. Paty, 100-yard dash, discus, broad jump; Darden, 180-yard low hurdles; Benny Rannefeld, discus, and 440 and mile relay teams.

Ira: Elvin Loper, 220-yard dash; John Vinson, mile run; Ronnie Suiter, 880-yard run; Donnell Eubank, pole vault; Fred Turner, shot put, and Carson Clayton, shot put.

Ticket Sales Brisk For Colonial Tourney

FORT WORTH (AP)—The Colonial National Invitation Golf Tournament has its largest advance ticket sales in history—over 50,000—and will have its finest field, officials said last night. What 1960 holds, in view of a controversy with the PGA, didn't bring even a guess.

S. M. Bingham, chairman of the tournament committee, told the press no action would be taken now on the demands of the PGA to name 40 of the players in an increased field, up the prize money to $30,000 and pay $6,000 in fees.

This will be done after the tournament, that opens next Thursday and runs through May 3, has been played.

The PGA has removed Colonial from Ryder Cup and top tournament player points on which are based the 40 PGA exemptions for 1960 cosponsored tournaments.

It also has said that if Colonial does not accept its proposals it will have a competing tournament next year.

Thomas Patrolmen To Issue Tickets

Patrolmen at Lake J. B. Thomas will give fishermen and boaters an opportunity to obtain permits before they are filed on for failure to have them.

E. V. Spence, general manger, said that patrolmen had been furnished tickets, much like state highway patrolmen, for issuance in connection with infraction of rules and regulations. However, the district has no desire to file for failure to have permits, and tickets will not be issued if the violators obtain annual permits.

In the alternative and for other offenses, patrolmen will issue the tickets which is simply an acknowledgement of the charge and which permits them to appear at a later date.

FASTEST-GROWING FUEL
in America's
FASTEST-GROWING REGION

El Paso Natural Gas Company reports record deliveries of Natural Gas to customers in the West

Natural gas is America's fastest-growing energy source, and El Paso Natural Gas Company and its subsidiaries serve natural gas's fastest-growing market.

Deliveries of gas were at record highs in 1958 as El Paso and subsidiaries continued to expand their pipeline systems and increase their gas reserves to meet the long-term energy demands of the West.

For the second consecutive year, gas deliveries totalled more than a trillion cubic feet.

Extensive exploration and purchase programs brought total gas reserves at year's end to an all-time high of 38.8 trillion cubic feet—assuring vitally needed energy supplies for western consumers and industries in the years ahead.

El Paso's 1958 annual report, distributed to its 51,835 stockholders (an increase of 10 per cent in 1958) reports consolidated gross revenues for 1958 of $368,299,522, compared with 1957's $301,090,537. Net income was $35,[illegible] in 1958, compared with $34,506,238 in 1957.

The report gives details of 1958's accomplishments, as well as plans to meet the future needs of western consumers—for natural gas, for petroleum, for petro-chemicals.

El Paso Natural Gas Company and its subsidiary, Pacific Northwest Pipeline Corporation, serve customers in California, West Texas, Arizona, Idaho, Nevada, New Mexico, Oregon, Utah, Washington, Wyoming and Colorado.

For copies of El Paso's 1958 Annual Report to Stockholders, write to El Paso Natural Gas Company, El Paso, Texas.

Farmers Justly Aroused At Plan

Omar Burleson, M. C.
17th District, Texas

WASHINGTON, D. C. — FARMERS ARE JUSTLY AROUSED at the proposal of the Secretary of Labor to give the Federal Government control over farm wages and working conditions.

ALTHOUGH THE ENTIRE HISTORY of Congressional action on farm employment makes it crystal clear that no authority over farm employment shall be exercised by the Federal Government, the Secretary of Labor, under pressure of the big unions in the North and East, wants to set a minimum wage now applicable only to businesses engaged in interstate commerce.

AS A MATTER OF FACT, not only has the Congress never given such authority, but has expressly denied the Executive Branch of Government any such power.

SEVERAL BILLS HAVE BEEN INTRODUCED IN THE Congress which would bring agricultural workers under the so-called Fair Labor Standards Act. These bills are not likely to be passed, or even receive favorable consideration in the present Congress, but in spite of this probability, the Department of Labor now attempts to control farm labor as it now protects industrial labor. It seeks to control the determination of wages to be paid farm labor, establish specifications for housing for farm workers, and order farmers to pay transportation of workers from distances far removed from the place of employment.

IN ADDITION TO THIS ACTION by the Department of Labor, a second proposal relates to the use of Mexican national farm workers, so vital to our seasonal agricultural economy. The Department would assume complete authority over all farm labor, a power which the Congress has never granted but has specifically denied.

A GROUP OF CONGRESSMAN FROM agricultural areas have had several meetings with Secretary of Labor Mitchell, and at the first meeting he agreed the order appeared contrary to the intent were made, which were even more rigid.

BEHIND THIS ACTION TO RULE BY DECREE is obviously an intent to destroy the Mexican National Labor Program, despite its enactment by Congress, and to use the instruments of Government to bring agricultural workers under union domination.

SHOULD THE LEGISLATION NOW PENDING bring agriculture under the Wage and Hour Law, it would be the straw which broke the camel's back. Even worse, although the results would be the same, would be to allow the Department of Labor, by arbitrary order, to do the same thing.

EVERY EFFORT WILL BE MADE to resist the action of the Labor Department and to defeat these proposals in the Congress.

WE BELIEVE WE SHALL BE ABLE to do both, but from now on a constant alert against these attempts must be maintained.

Body May Take More Radiation

WASHINGTON (AP) — A committee of radiation experts says it believes the human body can safely tolerate twice the amount of radioactive strontium previously thought permissible.

The report came Wednesday from the National Committee on Radiation Protection and Measurement, a group of experts in the field.

The committee has no official status, but its recommendations have been followed by the Atomic Energy Commission and the U.S. Public Health Service.

The new report raised the recommended permissible values for some radioactive materials, lessened values for others and left some unchanged.

A big reduction was recommended for cesium 137, the second most feared product of nuclear fallout.

It was made clear that the new recommendations will in no way change the maximum permissible dose of radiation from all sources which the committee recommended in 1957.

The committee recommendations would mean a 20 per cent [illegible] in the amount of strontium deemed permissible in [illegible].

Radioactive strontium is the most-feared constituent of fallout from nuclear bomb explosions because it could cause bone cancer if present in the body in sufficient amounts.

LEGAL NOTICE

NOTICE OF SCURRY COUNTY'S INTENTION TO RECEIVE BID PROPOSALS FOR OIL AND GAS LEASE AND DEVELOPMENT OF 5 ACRES OF COUNTY LAND APPROXIMATELY 1½ MILES SOUTH-SOUTHEAST OF HERMLEIGH.

Notice is hereby given that the Commissioners Court of Scurry County, Texas will convene at 10:00 A.M. on Monday, May 4, 1959 in the Commissioners Court Room in the Courthouse in the City of Snyder then and there publicly to open and consider all sealed bid proposals marked on the outside "County Oil Lease" theretofore received by the undersigned County Judge in his office in the said Courthouse for Scurry County to grant, demise, let, and lease in accordance with and subject to the rights of the County under Article 5421p. of Vernon's Revised Civil Statutes of the State of Texas of 1925, as amended for the sole and only purpose of exploring, drilling, mining and operating for oil, gas, and other minerals in, on and that may be produced from all that certain 5 acre [illegible] parcel of land lying and being [illegible] the SW ¼ of Section 157 of Block [illegible] the H. & T. C. Railway Company Survey in Scurry County, Texas, and being more particularly described by metes [illegible]:

BEGINNING at the point of divergence of the WBL of a highway and the EBL of the R. S. & P. Railroad Right-of-way which [illegible] N 31 degrees W along said common boundary line from the SBL of said section 157.

THENCE a distance of 467 varas N 31 degrees W along the EBL of the said R. S. & P. Railroad Right-of-Way to the [illegible];

THENCE [illegible] degrees E to a stake in the WBL of said highway and

THENCE in a southerly direction on a curve with the WBL of the said highway a distance of 425 varas to the Point of Beginning.

The bids tendered shall include lease forms embracing all terms of the proposed lease complete except for execution and delivery by the County, the consideration as bonus for such lease in form that can be immediately converted at the time of acceptance by the County into cash or a negotiable cashier's or certified check of a bank or postal money order in the amount [illegible]

[illegible] County Judge
of Scurry County, Texas

Says Soviet Fems Already Have Equality

BUFFALO, N.Y. (AP)—A Soviet woman touring the United States says American women's energy and vigor soon will give them equality with men. Soviet women, she says, already have achieved it.

Mrs. Olga Khvalebnova, vice president of the Soviet Union's Society of Disssmination of Scientific Knowledge, said Wednesday she was impressed with what she called "the sincerity of thought strength and business heads" of U.S. women.

Mrs. Khvalebnova is ending a monthlong tour of seven American cities with Mrs. Nina Orlova, a Soviet lawyer.

The tour was arranged by the National Council of Women, in cooperation with the U. S. Department of State.

The purpose: to establish friendly contacts with American women.

"We feel the tour has been very worthwhile," she said through an interpreter.

The women said they had been impressed with labor-saving devices available to women in America. They said that under the current Soviet seven-year economic plan, mass production of similar machines soon would make them everyday items to Soviet householders, too.

Mrs. Khvalebnova, an engineer-economist, devoted much of her discussion to the effects of the Soviet women had found a place of equal stature with men.

"American women because of their energy and vigor, should soon be able to gain their rightful place," she added, with a slight smile.

Denmark's only land neighbor is Germany.

OUR VIEW

More Road Per Dollar

Scurry County doesn't have any highways in the nation's inter-state system, but it is going to get a traffic artery comparable in virtually every respect to the inter-state routes, and the project is going to materialize with much less drain on the taxpayers than is the case in the federal program.

How is it going to be accomplished?

The answer is simple. U. S. Highway 84, which cuts a diagonal line from the southeast to the northwest corner of Scurry County, is scheduled to be improved to four lanes and divided to separate opposing traffic, but the federal government will have no active part in it.

The proposal has been designed by a highway engineer who lives and makes his headquarters less than 100 miles from Snyder. It will be financed by state and county funds, with none of the dollars travelling any farther than the distance from Austin to Snyder.

The inter-state system, while more elaborate and much more publicized, is going to cost considerably more per mile than the Scurry County project. It is going to have some features that are "pretty" but of little or no functional value in this part of the country, the reason being that it must meet federal specifications, presumably applicable to all parts of the country. The federal government calls the turn on specifications because about 90 per cent of the funds for the inter-state project are routed via Washington, D. C.

The new road in Scurry County is going to cost a pretty penny. Estimates ranged from five million to six million dollars. Even so, the cost is likely to be several hundred thousand dollars lower than that for comparable mileage in the inter-state system.

Khrushchev Gets A Sudden Buildup

By WILLIAM L. RYAN
Associated Press News Analyst

Soviet propaganda has begun a sudden new massive buildup of Nikita Khrushchev. The plaudits are nearly—but not quite—as extravagant as those showered upon Stalin in his later years.

It seems to indicate Khrushchev has taken a grip on the top rung of his ladder to the pinnacle of power. That pinnacle will not be achieved until he is universally recognized as the only true prophet of Communist theory. If he nails this down, he will become an even more formidable antagonist for the West in the dangerous political wars to come.

Still, there are intriguing, precedent-shattering twists to the buildup. Is Khrushchev, even now, wholly secure? He could have had to order the campaign—and even push it on the Communist party—for reasons connected both with internal politics and external policy.

The excuse for the adulation was Khrushchev's 65th birthday. The anniversary was last Friday when no attention was paid to it in the Soviet press. Two days later a great shower of greetings burst in the papers, signed by party notables. On the third day, as if in response to a prod, there was yet another burst of hosannas, this time from the satellite countries. It all looked like the result of an afterthought in the Kremlin.

Not even Stalin got special treatment on odd-year birthdays. Communist practice has been to limit such outbursts to decade anniversaries, 50, 60 or 70.

This week Moscow broadcasts provided intimate biographical notes on Khrushchev's family life.

This was extraordinary for Soviet propaganda which up to now has consistently avoided mentioning the family lives of Communist leaders. Moscow's foreign language broadcasts to non-Communist countries seemed to be trying to humanize Khrushchev, to make him appear a wholesome family type.

The buildup continued with the annual Lenin Day address in Moscow, always an important event for the Communist world. The speech invariably is given by a high priest of Red Theory, and this year the speaker was Leonid Brezhnev, a high-ranking party leader.

Brezhnev heaped more florid praise on Khrushchev as "loyal disciple of Lenin, gifted organizer, outstanding leader of the Communist party, the Soviet state and the entire international Communist and labor movement." He needed only to add "genius leader and teacher" to make this a carbon copy of a Stalin-era address.

Brezhnev's speech provided some hints on the why of all this.

Khrushchev may be getting himself built up for some new and significant honor which at last will tend to rank him as Stalin's equal. The buildup comes at a time when Red China's Mao Tze-tung is retiring more and more to the background, while Khrushchev is emerging more and more as the only true exponent of Communist theory.

At home, Khrushchev may be preparing a final payoff for his political foes. Brezhnev referred to the Soviet party as "ruthlessly fighting against all who are dragging it backward, who try to divert it from Lenin's path." Then Brezhnev heaped abuse on the so-called antiparty group headed by former Premier Malenkov, all of whom Khrushchev managed to toss out of the party leadership.

The buildup cannot be separated from world events. With a summit meeting in the offing, Khrushchev may need all the home support he can muster.

John Jacob Astor founded a settlement at the mouth of the Columbia River in the state of Washington in 1811.

Head Standing Is Good Relaxation

By HAL BOYLE

NEW YORK (AP)—There's a new way for the tired businessman to get rid of nagging tension. He can stand on his head—yep, right in his own office.

This upside down posture might even clear his thinking and help him close a million-dollar business deal.

Head standing in the modern American office as a quick way to relax is not a visionary dream. It is being done.

Two of the leading exponents of this form of office exercise are Hugo Peretti, 41, and Luigi Creatore, 37, two of the brightest geniuses in the music recording field.

"I can cure a blinding headache in five minutes by standing on my head," boasted Hugo.

He is a reformed trumpet player. His partner, Luigi, is a former free lance writer. Both have a special talent for finding and developing new recording stars.

It is a nerve-wracking industry, and its strains often drive the men in it to ulcers or the psychiatrist's couch—or both. Some time ago both Peretti and Creatore felt the pressures were getting them down.

"Then we heard of yoga, the Hindu system of mental and body discipline," Hugo said. "We decided it was worth a try."

Since then they have tossed away the tranquilizing pills, they say.

When the tensions of a fast-paced day begin to turn their nerves to twanging banjo strings, they simply shut the door, turn off the phone, go to a small gym they have outfitted behind their office and practice their yoga exercises.

"The exercises are designed to bring you mental relaxation and improve your posture," explained Hugo.

Luigi usually does the head stand, because he is better at it. Hugo's favorite is the lion pose.

"In this," said Hugo, "you kneel, then sit back on your haunches like a lion. Your hands are stretched out past your knees. You let your tongue hang out, your eyes bulge—and then you stretch every muscle in your body, let them relax, then stretch them again."

Secretaries were at first unnerved when they entered the gym and saw Hugo, his eyes bulging, making like a lion. But in the music world you soon get used to anything.

In another favorite yoga position the partners simply stretch out on the floor and try as hard as possible, said Luigi, "to look like a piece of raw liver."

"After five to 15 minutes of these exercises," said Hugo, "we jump up completely refreshed. We are good then for another 10 hours of work."

Once a week the boys visit their guru, or yoga teacher, for an hour of advanced instruction.

The partners have taken considerable ribbing from friends. But they think the benefits in their own case have shown any worried executive might improve his health by a little judicious head standing.

Texas Suffers Heavy Wind Erosion Damage

WASHINGTON (AP) — Texas, Montana, North Dakota and New Mexico have suffered the heaviest wind erosion damage among the Great Plains states, the Soil Conservation Service says.

The service said yesterday about 1,844,000 acres had been damaged by April 1, compared with 2,046,000 at the same time last year.

Another 8,675,000 acres were in a blowing condition April 1, against 7,700,000 a year ago. The service blamed light March rains.

More than 65 percent of our white potato starch comes from Maine for use in textile and paper mills.

Social Security Costly In Italy

By SAM DAWSON
AP Business News Analyst

ROME (AP) — Americans who remember the unpleasant drop in take-home pay in January when the Social Security tax rate went up should look at Italy.

And U.S. employers whose contributions to Social Security funds advanced in the same proportion should be thankful they don't have to put up what their Italian opposite numbers do. It comes to about 35 per cent of payroll, perhaps a little less, perhaps a little more depending on the type of business.

An employer reports to as many as six Social Security or similar agencies. Some concerns are required to file declarations in advance as to how much overtime is expected in a coming period—and they must pay a 15 per cent tax on the overtime pay.

Employers also must withhold income taxes from employes in the same manner as in the United States; it's only the investors, businessmen, professional men, entertainers and similar persons who find ways to evade.

Look at just one instance of what an employer has to pay in various forms of Social Security to an employe — not to mention what he has to pay if the employe quits.

Giovanni has a fairly good job. He earns $200 a month from which his employer deducts 4.5 per cent ($9) as Giovanni's contribution to various Social Security taxes. Also deducted is 7 per cent ($14) for income tax. Then the employer pays, from his own pocket: 12.8 per cent ($25.60) to one old age pension agency, 6 per cent ($12) to another pension agency, 5.25 per cent ($10.50) to a health insurance agency, 1.15 per cent ($2.30) to a government housing agency, and finally 8 per cent ($16) to an agency that pays the employe a monthly family bonus. Total cost to the employer: 33.20 per cent ($66.40) monthly.

But that isn't all. The employer also must pay Giovanni a "13th salary" every Dec. 31. It's simply a year-end bonus of one month's pay, but all Social Security charges must be paid on this too.

And if Giovanni quits he gets a liquidation bonus of one-month pay for each year of employment. If he has worked for 12 years he gets a full year's bonus. If he's fired he usually gets even more, depending on his type of work.

O. Henry Manuscript Is Found In Trunk

MEMPHIS, Tenn. (AP) — A handwriting expert says a yellowed 47-page manuscript found at a junk shop is a short story written by O. Henry 50 years ago.

E. E. Davenport said Wednesday he compared the manuscript, written in pencil on unlined paper, with facsimiles of O. Henry's handwriting provided by a research library.

The manuscript was found in an old leather trunk at the salvage store operated by the Roman Catholic St. Vincent DePaul Society.

H. E. Wilder, the store manager, said he had no idea where the trunk came from. He said the manuscript would be sold to the highest bidder.

IT'S NOT A PALACE BUT IT'S A HOME AND IN TIP TOP SHAPE

This describes this well preserved older seven room home in Southwest Snyder. Modern kitchen, den, 3 bedrooms, living room and separate dining room. All this for less than $10,000. The last one we had like this lasted for 1 day.

Large two bedroom house in good location. Completely re-done inside and out. $300.00 down plus closing.

Between 50 and 60 acres according to survey. Six miles from town. Nice 7 room home and well with electric pump. $12,750.

We have several two and three bedroom houses in Southwest Snyder that can be bought worth the money.

Mrs. Bill Brown

Mrs. W. A. Wells

Mrs. Ray Keenan

Drone Planes Tested For U. S. Defense

By ALTON BLAKESLEE
Associated Press Science Writer

MARIETTA, Ga. (AP) — The time is late summer 1959.

In a surprise "attack," a big jet-engine bomber speeds high in upon a sleeping American city — perhaps your own.

Defending rocket-missiles roar up to knock it down—if their aim is quick enough, and good enough.

It's a drone, automatically controlled, the biggest plane yet designed this way to give realistic combat-type training for America's air defense system.

The plane is a B47, powered by six jet engines, weighing 10 tons loaded, flying 600 miles an hour, ranging 3,000 miles nonstop. It can fly as high and fast as Soviet medium bombers.

Two of the swept-wing B47s are getting the finishing touches of the complex guidance and control systems here at Lockheed Aircraft Corp's Georgia Division so they can take off, maneuver and land again untouched by human hands. Sperry Gyroscope Co. is the major subcontractor.

After flight tests, the drones are expected by late summer to be making surprise probes of radar detection systems and missile defenses.

The drones could try, if desired, to seek soft spots in defense systems such as the Dewline and SAGE, and test the quickness and aim of missile crews operating the Nike-Hercules or Bomarc or other defenses fired either from the ground or from defending airplanes.

The swift ships, controlled by radar or radio from the ground or by a mother ship, can make it tough for defenders.

For they will be equipped to jam some ground radar and electronic firing systems, or spread metallic chaff to confuse radar sightings and trackings.

One plan presumably is to aim defending rockets for near misses intentionally, rather than to score direct hits. That's easier on the budget.

But actual knockdowns could be in the cards. And the drones will be rigged for blowup on command if they get dangerously out of control over cities.

Cameras and electronic devices in the drones can record how accurate the defensive aim was as a missile sails on by, explains D. J. Morrisey and A. D. Brown, chief systems engineer.

Talks Begin On Migratory Workers

MEXICO CITY (AP)—The Foreign Office says U.S. and Mexican officials will begin talks here Monday on whether to modify or extend the present agreement on migratory workers.

Officials of the Mexican ministries of interior, foreign relations and labor began discussions today to work out this country's point of view.

STUDENTS GOING to Odessa Saturday to compete in regional literary events of the Interscholastic League include Susan Cockrell, seated in foreground, Patsy Ramsey, seated at left, and Charlene Johnston, also seated. Standing from left, are Joe Fowler, George Holder, and Tom Horton. (Lee Watson photograph)

Eight Students Entered In ISL Competition At Odessa

Eight Snyder High School students are entered for competition in regional Interscholastic League literary events, which will be held Saturday in Odessa.

The regional literary meet will be held on the campus of Odessa Junior College, most of the events Saturday morning.

Most of the Snyder students entering the Odessa meet were first place winners in district Interscholastic League literary events held at Sweetwater two weeks ago.

At Odessa they will be trying to qualify to enter the state literary meet, which will be held in Austin May 7-8.

Accompanying the students will be teachers who are serving as their coaches. They are Mrs. Faye Parker, Miss Thelma Leslie, Ollie Peek, and Miss Sue Smith.

Senior Tom Horton and sophomore Joe Fowler make up the debate team from Snyder which will enter the regional event. The two won the district debate match.

In typing, the Snyder entry will be Patsy Ramsey, a junior. She took first place in the district typing contest.

Another district first place winner who will enter the regional at Odessa is Lynn Brooks, a junior, in number sense.

George Holder, a senior who won in extemporaneous speaking at the district meet will be entered at Odessa, as will Susan Cockrell, junior who won the poetry reading at Sweetwater.

Charlene Johnston, junior from Snyder who took third in shorthand at the district contest, will enter the regional, taking the place of a Sweetwater entry who had taken second in the district contest and could not attend the regional.

Also entered in regional competition is Johnny Joyce, a junior, in a journalism contest. There was no district journalism contest.

Major Fined For Bumping GIs

By JAMES CARY

TOKYO (AP)—The bumping of seven GIs from a military plane so he could take his family on vacation to Hawaii cost Lt. Col. Charles Platt Jr. his command and a $340 fine today.

The U.S. Air Force said that Platt, who had pleaded he was the victim of an administrative mixup in the March 26 incident, accepted the punishment meted out by his commanding officer without demanding a trial by court-martial.

The 49-year-old Brooklyn, N.Y., officer was commander of the big passenger terminal at Tachikawa air base west of Tokio. He was reprimanded and assigned to new duties. The Air Force did not announce his new job.

Platt's punishment was ordered by Brig. Gen. Paul L. Barton of Rutland, Vt., commander of the Northern Air Material Command in the Pacific.

Platt was not available for comment.

The $340 fine imposed on him was half a month's pay, the maximum permitted without a trial.

Lt. Gen. Robert W. Burns, U.S. military commander in Japan, became a hero in the eyes of enlisted men for intervening on behalf of the bumped GIs.

The seven enlisted men were hurrying on priority orders to sick or dying relatives in the United States when they were taken off a military plane. Platt, his wife and four children boarded it for a vacation flight to Hawaii.

One of the bumped GIs telephoned Burns. The general ordered the airborne plane back, yanked off the colonel and his family and gave six of the enlisted men the Platts' seats. The seventh had left the airport and flew home the next day.

An Air Force investigating board cleared Platt of direct blame for the bumping and said it was due to an administrative error. But Platt's "actions contributed to the confusion which caused the administrative error."
