VOL. 21 NO. 143 SNYDER, TEXAS (79549) THURSDAY, Oct. 15, 1970 12 PAGES — PRICE 10c

The SDN Column

Beginning in 1971 the length of cleats on football shoes will be half an inch, the University Interscholastic League has reported. And, although longer cleats are legal through this season and 1971, they are urging schools to go to the half-inch length as soon as possible.

Also, this year the numbering system for football players goes from 1 through 99, which means that numbers 0 and 00 are illegal.

I have always been opposed to single numerals on football shirts. But, of course, I don't get a vote. From 10 through 99 should be enough for any squad.

Also, there is a move on to outlaw the "spear tackle," wherein the tackler tries to drive his headgear through the ball carrier. The American Medical Association, many college and high school coaches are urging rules against it and that nobody coach that type of tackling until proper rules become universal. They say spear tackling is one of the major causes of serious injuries on the football field.

★ ★ ★

The Texas Good Roads Association, in its latest newsletter, notes that one big issue has been resolved in the Texas races for governor and for the U. S. Senate seat.

The newsletter reported:

"The big Democrat-Republican dustup over highway funds, reported in our September issue, didn't last long. Democrats Smith and Bentsen agreed trust funds were good things. Republican Bush agreed, and Republican Eggers said he had changed his mind and now agreed, too. This leaves TGRA no course except to agree with the agreement. Who's got the dice?"

Today In History

Today is Thursday, Oct. 14, the 288th day of 1970. There are 77 days left in the year.

Today's highlight in history:

On this date in 1964, it was announced in Moscow that Soviet Premier Nikita Khrushchev had been ousted.

On this date:

In 1858, Abraham Lincoln and Stephen A. Douglas held the seventh and final political debate in their famous series, at Alton, Ill.

In 1915, Britain declared war against Bulgaria.

In 1917, the notorious German spy, Mata Hari, was shot by a firing squad outside Paris.

In 1941, in World War II, German forces reached the outer defenses of Moscow.

In 1945, former French Premier Pierre Laval was executed for betraying his country to Nazi Germany during World War II.

In 1946, German war criminal Hermann Goering killed himself by taking poison one day before he was to have been executed.

Ten years ago—About 400 private companies were nationalized in Cuba, including 20 belonging to U. S. interests.

Five years ago—Demonstrations against the Vietnam War were staged in New York, Berkely, Calif. and other cities.

One year ago—President Abdirashid Ali Shermarke of Somalia was assasinated.

THE WEATHER

SNYDER TEMPERATURES: High reading Wednesday, 72 degrees; low reading 47 degrees; reading at 7 a.m. today, 48 degrees.

Northwest Texas: Partial clearing in north, intermittent rain and a few thundershowers in south tonight, ending Friday morning. Clearing in north and partial clearing in south Friday afternoon. Low tonight 27 in north to 43 in south. High Friday 54 to 62.

North Central Texas: Intermittent light rain and a few thundershowers and cooler, mainly in south tonight and Friday. Warmer in northwest Friday. Low tonight 43 to 53. High Friday 58 in south to 66 in northwest.

Northeast Texas: Increasing cloudiness and cooler tonight, low 48 to 55. Chance of rain, mainly in south tonight and Friday. Cooler in south Friday, high 60 to 68.

Southwest Texas: Considerable cloudiness and cool with occasional light rain and slight chance of thundershowers tonight and Friday. Low tonight 38 in north to 55 in south. High Friday 63 to 77.

South Central Texas: Considerable cloudiness and cooler tonight and Friday with chance of scattered showers. Low tonight 50 to 62. High Friday 65 to 77.

Southeast Texas: Increasing cloudiness and cooler tonight, low 48 to 60. Friday cloudy and cool with chance of scattered showers and thundershowers. High 67 to 79.

West of the Pecos: Considerable cloudiness and cool with occasional light rain tonight and Friday. Chance of snow over mountains with accumulations up to 2 inches. High Friday 55 to 65 in north to 77 in south. Low tonight 30 to 45.

Coast: Mostly northeast winds 8 to 18 knots tonight and Friday.

PLEA FOR 100% REJECTED

Oil Allowable Set At 87.3%

By JACK KEEVER
Associated Press Writer

AUSTIN (AP) — The Railroad Commission rejected today a plea for a 100 per cent statewide oil allowable and set the factor for November at 87.3 per cent of potential, the fourth monthly increase in a row.

W. J. Murray Jr., former commissioner and now president of the Texas Independent Producers and Royalty Owners Association (TIPRO) told the commission a 100 per cent allowable would show the nation the industry "is doing all it can to produce every barrel of oil."

Murray said he was speaking for TIPRO and four other major organizations—North Texas Oil and Gas Association, Panhandle Producers and Royalty Owners Association, Permian Basin Petroleum Association and the West Central Texas Oil and Gas Association.

"We are in a tight energy crunch," said Murray.

The last time the allowable was at 100 per cent was in December 1948 when oil production was permitted 31 days of the 31-day month, or the equivalent of 100 per cent. The commission did not actually go to a percentage allowable until January 1963, and 87.3 is the highest since then.

Commission Chairman Ben Ramsey said the agency's information and nominations by major Texas crude oil purchasers did "not support a 100 per cent factor."

Eleven of the 14 major oil buyers asked for the same amount of oil in November as October, two wanted less and only Humble sought more oil next month than in October.

John Yaeger of Humble said crude oil inventories should be increased "as rapidly as possible to assure that winter demand can be met."

The November allowable will permit maximum production of 4,022,182 barrels a day next month, an increase of 10,850 from October.

Written nominations by major purchasers of Texas crude oil totaled 3,422,177 barrels a day for November, a decrease of 57,790.

Humble Oil & Refining Co., however, raised its nominations by 40,000 barrels in a last minute floor nomination to change the overall picture a bit.

The Bureau of Mines forecast of November demand for Texas crude is 3,450,000 barrels daily, up 60,000 from October.

The statewide oil allowable was raised to 62.9 per cent for August because of the high cost of shipping oil from overseas, then raised at mid-month to 70 per cent to handle increased demands. In September the allowable was raised to 79.9 per cent and to 87 per cent for this month, the highest since January 1949.

The commission even cut back production in 282 of Texas' 8,454 oil fields after warning oilmen it was concerned that higher production was wasting casinghead gas, a byproduct of oil production. A total of 103 fields later were allowed to resume production at the 87 per cent rate.

Nominations by major purchasers for Texas crude in November, with increases or decreases from October in parentheses:

Atlantic Richfield 210,000.
Chevron 70,800.
Cities Service 91,000.
Continental 42,000.
Diamond Shamrock 35,000.
Gulf 225,000.
Humble 598,000 (plus 40,000).
Mobil 320,000 (minus 45,000).
Pan American 420,000.
Phillips 112,000 (minus 18,000).
Shell 160,000.
Sun 165,000.
Texaco 200,000.
Union of California 72,500.

ATTEND WORKSHOP — Over 100 persons were present for a workshop entitled, "One Great Day In Nursing," at the Scurry County Coliseum this morning. The workshop was organized by the Scurry County Division of the American Heart Association and Cogdell Memorial Hospital. Included among those present are, from left to right, Cy Miller, administrator, Cogdell Memorial Hospital; Helen Hale, R. N., chief nurse of coronary care unit, Methodist Hospital, Lubbock; Mrs. Ethel Wadleigh, R. N., president of the Scurry County Heart Association and assistant director of nurses, Cogdell Memorial Hospital; and, David Watson, regional director, American Heart Association, Texas Affiliate, Inc.

Nixon Signs Anticrime Bill

By THOMAS BRADY
Associated Press Writer

WASHINGTON (AP) — President Nixon today signed a sweeping anticrime bill, and said it would give federal authorities the tools for an all-out war on the Mafia. He pledged: "We will win."

Signing the measure into law at special ceremonies at the Justice Department, Nixon said the measure also provides the means to "see that those who engage in terrorist acts will be brought to justice."

The measure, passed last week by Congress after being deadlocked for 18 months, touches on two of the major issues in this fall's campaign: the growing strength of organized criminal activities and bombings by radical groups, which are becoming a frequent occurrence.

One provision of the bill, added just last month, provides the death penalty for those convicted of fatal bombings, gives the FBI immediate jurisdiction in campus bombing incidents and makes bombing an offense for which the government can use electronic surveillance.

"It seems that every day we pick up the papers and see some sporadic incident without reason, without cause, a terroristic act that we have not been able to cope with before," Nixon said.

Nixon invited Atty. Gen. John N. Mitchell and FBI Director J. Edgar Hoover to witness the signing as part of an effort to underline the importance of what one White House spokesman called "a very major piece of legislation."

But civil liberties organizations didn't share the President's enthusiasm for the bill and indicated they will challenge the constitutionality of some provisions.

"The bill, although aimed at organized crime, will find its first and most widely used endeavor against militant groups, Black Panthers and others the administration considers as dissident," said Lawrence Speiser, national legislative director of the American Civil Liberties Union in an interview Wednesday night.

He claimed the legislation will not affect the crime rate, does not deal with growing street crime and reflects an "appeal to voters in this very political season."

With crime a major part of the congressional election campaign, Congress rushed the bill to the President before adjourning for November's election campaign.

Congress Recesses A Month

WASHINGTON (AP) — With a last-minute flurry of activity, Congress has recessed for a month, leaving for a lame-duck session a big stack of bills including a major part of President Nixon's program.

The recess began Wednesday afternoon with Congress to reconvene Nov. 16 for the first post-election session since the Korean War.

Before quitting for the final weeks of campaigning, Congress sent to the White House a bill providing tougher penalties against traffickers in drugs but easing penalties against those using some narcotics.

Action also was completed on three health measures authorizing $2.5 billion for a variety of programs; legislation setting up a government-backed corporation designed to preserve some rail passenger service, and a $1.6 billion military construction authorization bill.

Among bills left over for the post-election session—which leaders hope to adjourn before Christmas—are eight money bills needed to run the government during the current fiscal year, and a three-year farm program which limits crop subsidies for the first time.

Bids Opened By CRMWD

BIG SPRING— Colorado River Municipal Water District directors this morning announced that W. D. Caldwell of Big Spring had submitted the low bid on constructing a spillway at Moss Creek Lake.

The bid of $230,443 was $3,777 lower than the next bid.

The spillway project will be the first step toward raising Moss Creek Lake's dam by 10 feet in order to increase the storage capacity of the lake as an intermediate storage of water from Lake E. V. Spence.

The CRMWD board fixed Nov. 1 as the date when oil field repressuring units, including SACROC, Sharon Ridge and Monsanto, will be cut off completely from Lake J. B. Thomas. This is being done to conserve water in Lake Thomas for municipal use.

UF Campaign Hits $12,000

The Scurry County United Fund Campaign edged past the $12,000 mark this morning during a report session at campaign headquarters at city hall.

This accounts for slightly over 28 per cent of the campaign goal of $42,442.44.

Meanwhile, campaign workers were being urged to complete their assignments and make reports to the campaign headquarters as rapidly as possible.

The Scurry County United Fund supports the operations of nine service agencies.

Over 100 Attend Nurse's Workshop

Over 100 local and area doctors and nurses attended a workshop on heart disease and related problems this morning at the Scurry County Coliseum. The program was arranged by the Scurry County Division of the American Heart Association and D. M. Cogdell Memorial Hospital.

Registration was held between 8:30 and 9 a.m. The welcome to Snyder was given by Mrs. Ethel Wadleigh, R. N., and Mickey Nunley, manager of the Chamber of Commerce. Mrs. Wadleigh is president of the Scurry County Heart Association and assistant director of nurses at Cogdell Memorial Hospital.

Helen M. Hale, R. N., chief nurse of the coronary care unit, Methodist Hospital, Lubbock spoke this morning on the nurses role in the care of the patient with an acute myocardial infarction.

Samuel M. King, M. D., a cardiologist with a private practice in San Angelo, spoke on cardiac drugs, their use and administration.

Following lunch there were to be other talks by Lowell E. Snyder, M. D., chief of medicine, Methodist Hospital; and, Charles A. Bray, M. D., clinical director of the mental health and mental retardation Center in San Angelo. Dr. Snyder was to speak on strokes, care and rehabilitation. Dr. Bray was to speak on psychological consideration in the care of the patient with cardiovascular disease.

The program was to conclude with a roundtable discussion.

Nixon Plans Trip To Texas

HOUSTON (AP) — A spokesman for George Bush, GOP candidate for the U.S. Senate, said today that Preident Nixon will campaign in Texas in two weeks.

The spokesman said a formal announcement is to be made in Houston this afternoon.

Bush's press secretary, Pete Roussel, said Nixon will be in Texas sometime during the week of Oct. 25-31

Panhandle Has Snow

By THE ASSOCIATED PRESS

A snowstorm hit Dalhart and Amarillo in the Texas Panhandle today and quickly left an inch coating in the far northwest corner of the state.

Temperature at Dalhart was one degree above freezing during the night, while Amarillo reported 34 degrees.

Cold, rainy weather spread over the remainder of Northwest Texas.

By midmorning, the Weather Bureau said, considerable light rain mixed with snow covered 60 per cent of an area from 60 miles west of Amarillo to 15 miles west-northwest of Dalhart to 30 miles south of Gage, Okla. The miserable weather was moving east at 10 miles per hour.

Reds Restate Plan Rejection

PARIS, (AP) — The Vietnamese Communists forcefully restated today Hanoi's rejection of President Nixon's peace plan, but U.S. Ambassador David K.E. Bruce told them he was awaiting "a more considered and constructive response."

At the same time, South Vietnam offered what a member of the delegation described as new political proposals in an attempt to break the deadlock at the Paris peace talks. It carried a hint that Saigon might accept a formula other than elections to decide South Vietnam's political future.

Bruce called the Nixon plan a set of "specific and logical proposals that should become a basis for detailed negotiations."

He reminded his adversaries: "You indicated that you would be commenting on the President's proposals more definitively at this and subsequent sessions. Today we await a more considered and constructive response."

South Vietnamese Ambassador Pham Dang Lam told the weekly session of the Vietnam peace talks that his government "has the sincere conviction that free elections open to all political parties and groups in South Vietnam, including the National Liberation Front ... would constitute the best and ... most rational way for the South Vietnamese population to exercise genuinely its right of self-determination."

Mrs. Martin Dies Today

Mrs. Annie Barber Martin, 89, died at 2:30 a.m. today at her home, 132 Twentieth Place.

Mrs. Martin was a native of Pontotoc, Tex. She had lived here for the past 27 years.

Surviving are a son, Barber Martin of Snyder; a sister, Mrs. Bernice Williamson of Rochelle, Tex.; a brother, Wallace Barber of Fort Worth; four grandchildren and four great-grandchildren.

Funeral service has been set for 2 p.m. Friday at the Bolger Funeral Home Chapel. Pat Abbananto, minister of the Thirty-seventh Street Church of Christ, will officiate.

The body will be taken to Fort Worth for graveside rites at 2 p.m. Saturday at Rose Hill Cemetery. Burial will be there under direction of Bolger Funeral Homes.

Soviet Plane Hijacked

ISTANBUL, Turkey (AP) —A Soviet Aeroflot airliner carrying 50 persons was hijacked on an internal flight today and forced to fly to Trabzon, Turkey, where it crash-landed, the official Turkish news agency Anatolia reported.

Unconfirmed press reports said a hostess was shot dead and two pilots wounded.

A SNIFF OF POT — President Nixon sniffs a package containing marijuana after a Customs dog had selected it from a series of parcels during a demonstration of the new technique at the White House. Standing with the chief executive is Robert Battard, Programs Management Officer of the Bureau of Customs. (AP Wirephoto)

Doctor sends bill for social calls!

By Abigail Van Buren

© 1970 by Chicago Tribune-N. Y. News Synd., Inc.

DEAR ABBY: First I want to say that I know I did wrong, and I am not looking for any excuses. I was not feeling well so I went to a doctor (internist) and after four visits he became quite amorous. Being lonely and depressed, I responded. He is in his fifties, short, stout and not at all physically attractive, but he has a warm and powerful personality. I am 35, blonde, thin and fairly attractive.

We arranged to meet at his office after hours. No wining or dining; everything took place right in his office. We became intimate.

Well, can you imagine how I felt when I received a bill from him for these social visits? Don't misunderstand, I expect to pay for his professional services, but he charged me for two office calls which were not professional.

Now I feel cheap and hurt. Should I pay the bill and say nothing? Or should I tell him how I feel? I certainly didn't expect to pay him for his lovemaking. Since he saw me after office hours, do you think he's entitled to a fee? HURT.

DEAR HURT: A fee? He is entitled to be booted out of the medical profession for unethical practices. And if you really want to shake the old boy up, tell him you're a "professional," and send him a bill.

DEAR ABBY: I have been married for 18 years and my husband has always called my mother and father by their first names. (My parents are quite young, and they never indicated they didn't like it. In fact, I always thought they liked it.)

Recently, during a family argument, my father told my husband that from that time on he didn't wish to be addressed by his first name—that "Mister" would suit him fine. My husband was really hurt and shocked, and so was I. He had always used their first names to indicate any lack of respect.

Of course, he will not call my parents by their first names (you're nice), but it won't be easy after 18 years.

Abby, do you think my husband was wrong for using their first names in the first place, or was my father wrong for not telling him he didn't like it until now? CONFUSED

DEAR CONFUSED: I think your father spoke in anger when he demanded that your husband address him as "Mister" instead of by his first name as he had done for the last 18 years. If your father had any objections, he should have mentioned them 18 years ago.

DEAR ABBY: Am I an unnatural grandmother? Believe me, I love my grandchildren, but I become so exasperated with one daughter who phones me, or when I phone her says, "Just a moment, Nancy (who is 22 months old) wants to say hi to you."

Sometimes I've said, "Please, Dear, some other time, I'm in a hurry," but she ignores me and goes to get the baby anyway. Then I can hear my daughter in the background saying, "Say hi to Grandma. Say hi to Grandma." Then there is either a dead silence, or more prodding from Mamma until the baby, either whimpers, cries or screams, or says something that sounds like, "Ga ga goo ga ga."

I keep saying, "Hi, Nancy." Then the mother says, "Just a second, I'm trying to get the phone away from her." More screaming and commotion while I wait until Mamma either humors the child into silence or puts her somewhere.

I know there is nothing you can do about my problem, Abby, but gee, it sure felt good to get it off my chest.

GRANDMA

CONFIDENTIAL TO GAMBLER'S WIFE: From your letter I would say your husband is a compulsive gambler. He cannot walk away from a gambling event when he is ahead. Being compulsive, he goes on betting until he has lost all his winnings—and more. The ordinary gambler is genuinely happy when he wins, the compulsive gambler is not. He has to lose in order to gratify himself, and he'll keep gambling until he loses everything. If there is a Gamblers Anonymous in your town, your husband should drop in for a meeting. He has nothing to lose. He's lost everything.

What's your problem? You'll feel better if you get it off your chest. Write to ABBY, Box 69700, Los Angeles, Cal. 90069. For a personal reply enclose stamped, addressed envelope.

Two Mishaps Are Logged In City

Minor damage resulted from a car-bank collision yesterday.

City Police said the 1968 Model Chevrolet of Nell Johnston Mathis, 3204 Fortieth Street, was in collision with the drive in teller box at Snyder National Bank at 9:35 a.m. Wednesday. Damage to the car was placed at $300, and damage to the teller box was set at $20.

Officers also investigated a two-vehicle collision on Austin at the Towle Park Road at 5:35 p.m. Tuesday.

Damage to the 1966 Model Oldsmobile of Wenona Faye Jones, 303 Thirty-sixth Place, was placed at $75, and damage to the 1969 Model Honda of Jack Lynn Lambert, 1812 Avenue E, was set at $25.

Windows Broken

Vandals shattered three windows at the Syble Bullocks residence, 1100 Thirty-second Street, on Monday, according to a City police report. Officers said the damaged amounted to $40.

A LAST FROLIC BEFORE WINTER'S CHILL — With Autumn's luster on the surf, a child races across the beach in a last fling before winter's chill sets in, at Santa Monica, Calif. (AP Wirephoto)

US Raids Are Scaled Down

By GEORGE ESPER
Associated Press Writer

SAIGON (AP) — The U.S. Air Force is scaling down bombing raids across South Vietnam while maintaining pressure on North Vietnamese supply routes in Laos, informed sources reported today.

American air attacks in Vietnam on suspected North Vietnamese and Viet Cong positions and in support of allied ground troops in battle have dropped off by as much as 70 per cent since the big enemy offensives in 1968, the sources said.

The main reason, the sources said, is that the war has de-escalated into small clashes, with few large concentrations of enemy troops to be found.

Another factor is that American forces are disengaging from the war in line with President Nixon's Vietnamization policy, and the South Vietnamese air force is flying more sorties.

The U.S. 7th Air Force has been reduced by about 200 fighter-bombers since January, more than half the fleet it had in Vietnam, as part of Nixon's withdrawal program. It now has about 175 fighter-bombers at four bases in South Vietnam.

The South Vietnamese air force has increased about 200 planes and helicopters since January and now totals about 600.

In January 1968, the South Vietnamese air force flew 13 per cent of all sorties in South Vietnam; last month the Vietnamese share was about 25 per cent.

The 7th Air Force's new commander, Gen. Lucius D. Clay Jr., has ordered changes in tactics to eliminate bombing raids against targets of questionable value. Informed sources said this also is reducing activity.

The sources said the Air Force has been flying from 100 to 300 sorties a day in Laos, a sortie being one flight by one plane. The rate goes down during the monsoon season and increases sharply during the dry season, which is on now.

In Cambodia, U.S. bombers have been flying "considerably less than 50 sorties a day in recent weeks," one source said.

The U.S. Strategic Air Command's B52 bombers flew heavy strikes today against the Ho Chi Minh trail in eastern Laos for the seventh consecutive day. About 30 of the big jets dropped some 900 tons of bombs on trails and transfer points in the continuing campaign to hamper the movement of North Vietnamese war materials toward Cambodia and South Vietnam.

Three Share Nobel Prize In Medicine

STOCKHOLM, Sweden (AP) — The 1970 Nobel Prize in Medicine Physiology was awarded jointly today to Bernard Katz of London, Ulf von Euler of Stockholm and Julius Axelrod of Bethesda, Md., for "their discoveries concerning the humoral transmitters in the nerve terminals and the mechanisms for their storage, release and inactivation."

The three scientists share the $80,000 prize for work that has given answers to questions of fundamental importance for the understanding of the mechanism behind the transmission between the nerve cells.

Sir Bernard Katz, born in Leipzig, Germany in 1911, is professor of biophysics at University College in London, England.

The American recipient, Julius Axelrod, is chief of the pharmacology section of the National Institute of Mental Health at Bethesda.

Von Euler is of the Karolinska Institute in Stockholm that awards the Nobel Medicine-Physiology prize.

Axelrod was born in New York in 1912. He gained his Ph.D. from George Washington University in 1955. He is a specialist in the field of biochemical mechanism of drug and hormone actions and glandular research.

Katz became an M.D. in Leipzig in 1934, went to England before World War II, received a PH.D. in London in 1938 and became a doctor of science in 1943. He was a Carnegie research fellow in Sydney, Australia, 1939-42, served with the Australian air force 1942-45 and returned to London after the war, settling at University College in London. He has been professor of biophysics there since 1952. Since 1968 he also has been secretary of the Royal Society.

Von Euler, born in 1905, has been professor of physiology on the medical faculty at Karolinska in Stockholm since 1939. He did research as a Rockefeller fellow in London in 1930 and 1937 and also studied at Birmingham, England, Ghent in Belgium in the 1930s and in Buenos Aires 1946-47. Since 1947 he has been a member of the Swedish state medical board and since 1946 a member of the Nobel-awarding Royal Academy of Sciences in Stockholm.

Snyderite Has Role In SMU Play

DALLAS — Powers Boothe, son of Mr. and Mrs. Vestal Boothe of Route 1, Snyder, has been selected to play the role of Gloucester in a production of "King Lear" by William Shakespeare at Southern Methodist University.

Boothe is a graduate student in SMU's Meadows School of the Arts.

"King Lear" is the story of a legendary king of Britain, who divides his kingdom between his elder daughters, Goneril and Regan, and disinherits his youngest daughter, Cordelia. The elder daughters drive the father to madness by neglect and abuse. Cordelia, with her husband, the king of France, enters Britian with an army to rescue her father, but is defeated, captured and hanged in prison. Lear dies of grief.

The production is scheduled for performance in the Bob Hope Theatre at 8:15 p.m. Nov. 3-8 and 10-15 with a matinee performance at 2:15 p.m. on Nov. 14.

Equal Rights Act Is Dead

By JOHN CHADWICK
Associated Press Writer

WASHINGTON (AP) — The equal rights amendment that has been knocking around Congress for 47 years apparently is dead, and key Senate supporters are abandoning it in favor of a new proposal to prevent discrimination against women.

The proposed constitutional amendment, introduced first in 1923, achieved its greatest victory last August when the House bypassed its Judiciary Committee and approved it by a 350-15 vote after an hour's debate.

But in the Senate Wednesday even though 81 senators were listed as sponsors, it apparently came to the end of the line.

Sen. Birch Bayh, D-Ind., who spearheaded the fight for the House-approved amendment, said it is obvious the Senate is not going to pass it.

Bayh was joined by Sen. Marlow W. Cook, R-Ky., and others in offering a substitute proposal —a constitutional amendment applying the equal protection clause in the 14th Amendment to sex.

It provides: "Neither the United States nor any state shall, on account of sex, deny to any person within its jurisdiction the equal protection of the laws."

Bayh said it would "ensure equal protection of the laws to those who have been discriminated against on account of sex, while recognizing the need for a flexible standard in cases where different treatment under the law may be justified."

Cars Checked At Airport

NEW YORK (AP) — More than 1,000 cars have been checked at John F. Kennedy Airport since Friday in an attempt to detect explosives, weapons, radical literature and other articles, according to U.S. Customs officials.

A spokesman said Wednesday the searches began after the militant Weatherman group warned last week of a "fall offensive" against "the enemy."

One car checked was carrying SDS literature, rolls of electric wire, tools, ammunition and what was described as telephone tapping equipment.

Jimmie Jefferies Dies Wednesday

DALLAS (AP) — Jimmie Jefferies, one of the best-known voices in Texas before World War II, died Wednesday.

Jefferies, 70, was producer of the old "early Birds" show on Radio WFAA for many years.

4-H FAMILY — The entire Stirl family has long been involved in 4-H work. Every member of the family is a Gold Star winner. Pictured are (from left) Mr. and Mrs. Walter C. Stirl and their daughter Wilma. They are holding pictures of Ralph, Helen and Shirley, also children of the Stirls.

GOLD STAR GIRL — Wilma Stirl, Scurry County's newest Gold Star Girl, is showing several garments she has recently made. She has made about thirty garments as her 4-H project.

Wilma Stirl Is Gold Star Girl

Wilma Stirl is Scurry County's newest Gold Star Girl; she will receive her Gold Star Award at the 4-H Achievement Banquet Saturday night. Gold Star is the highest award given on a county level in 4-H.

Wilma is a sophmore in Hermleigh High School and is the daughter of Mr. and Mrs. Walter C. Stirl, Route 1, Loraine. She has been in 4-H club 7 years.

The Stirl Family is a 4-H family. Both Mr. and Mrs. Stirl are 4-H club leaders. Their 3 older children have all received the 4-H Gold Star Award and Wilmas Gold Star Award will make it a whole family of Gold Star winners. Older sister Helen received her gold star in 1959 and Shirley in 1969. Ralph won the award in 1966.

Wilma has carried projects in food, clothing, garden, safety, home improvement, poultry, leadership, and livestock. She has done good project work, entered 4-H contests and kept good records of her work. On this basis she has won many 4-H awards. Among them are trophies for the best junior record and best intermediate record, the award for outstanding girl in her club, medals for good work in clothing, dress revue, safety, home economics, public speaking, and food and nutrition. She was a member of Pylo 4-H Club when that club was a state safety award winner.

Miss Stirl has been selected, on the basis of her leadership record, to represent Scurry County 4-H Clubs at the District Leadership Workshop on the campus of the Junior College at Levelland, two years. This year she attended the State 4-H Round-Up at A&M University where she and her teammate represented Extension District II in the Electric Team Demonstration Contest.

She was also one of 4 girls from Scurry County selected to attend the District Electric Camp held at Camp Abel near Cloudcroft, New Mexico.

Every girl likes pretty clothes and pretty blonde Wilma is no exception. Winning County Dress Revue this summer and participating in the District Dress Revue at Lubbock was a special thrill. A peep in Wilma's closet reveals a wardrobe of clothes in just the right colors for her - lots of blues and aquas - most of which she made herself.

Her record book reveals that she has made about 30 garments plus about 38 articles. She has no problem about meeting someone with a dress just like hers because she makes them just like she wants them. She has participated in 7 County Dress Revues.

She grows food, helps to can and freeze the family food supply, and cooks. Wilma has been a regular winner in county food shows and a sweepstakes winner in county bake contest. Her food project has been a quite successful one.

Her poultry project has been one of her favorite ones, Wilma says. After all it provides her spending money. Right now she has 100 laying hens. She keeps a record of the income from the sale of eggs and of the cost of feed. The difference is her spending money. She's pretty sure the cost of eggs is not too high in comparison to the cost of production.

Wilma and her parents will be attending the district Gold Star Banquet in Lubbock early in December, where the Gold Star Girl and Boy from each of the 20 counties in Extension District II will be honored.

Runner up for the Gold Star Award in Scurry County this year is Barbra Tate of Union 4-H Club. Barbra is the daughter of Mr. and Mrs. O. P. Tate, Jr., and is a student in Snyder High School.

Barbra has had projects in food, clothing, home improvement, safety, child care, livestock and leadership. She, too, is a member of a 4-H family. Mrs. Tate is a former 4-H Gold Star winner in Scurry County, and has been a 4-H adult leader for a number of years. Her sister was Gold Star Girl a few years ago and 4-H has been an important activity for the family.

Miss Tate makes many of her clothes including the formals she wears for Rainbow activities. She helps can and freeze the family food supply. The new home the family built a few years ago provided material for an excellent project in home improvement. Barbara has gotten to try her hand at such things as nailing on boards, painting and applying tile on the bathroom walls. She also hauled rocks, "by the ton" she thinks, to clear the yard and help fill in for a concrete porch. She planned the color scheme for her own bedroom, and likes living in it because it's her own creation.

Barbra, too, has won two trips to District Leadership Workshop on the basis of her leadership record, and has been to district dress revue as a county winner. This summer she went to 4-H Round-Up to represent District II in the Home Improvement Demonstration Contest, and to District Electric Camp near Cloudcroft.

ORANGE OLIVE SALAD

By CECILY BROWNSTONE
AP Food Editor

Delicious combination of ingredients in this salad!

Scrambled Eggs with Canadian Bacon
Orange Olive Salad Hot Rolls
Pecan Coffeecake Beverage

ORANGE OLIVE SALAD

3 cups mixed greens, slightly packed down
Membrane-free sections from 3 medium oranges (1 generous cup)
5 large pimiento-stuffed green olives, sliced (1-3rd cup)
French Dressing

In a salad bowl toss together the greens, orange sections and olives; cover and chill. Just before serving toss with enough French dressing to give good flavor. Makes 4 servings.

Garden Clubs Presented Flower Show At Fair

"Autumn Artistry" was the title for the flower show presented by Twilight Garden Club and Snyder Garden Club for the annual Scurry County Fair. Mrs. Clyde Collins was general chairman for the show.

National judges for the flower show were Mmes. R. E. Gracey of Roscoe, Charles Nunn, L. W. Patterson, James Hendricks all of Sweetwater, Cumbie Ivey Jr. of Robert Lee and Bruce Johnson of Loraine.

Awards were won by Mrs. Clyde Collins in the artistic section and Mr. Brice Faqua was top winner in the horticultural section.

Winners in the artistic section were:

Class I "Summer Meets Fall" — 1. Mrs. Clyde Collins, 2. Mrs. Edgar E. Carpenter, 3. Mrs. Fred Davis, 4. Mrs. Bob Dupree.

Class II "Roadside Elegance" — 1. Mrs. Fred Davis, 2. Mrs. Von Kleibrink, 3. Mrs. Charles Miller, 4. Mrs. S. L. Terry.

Class III "Fall Fantasy" — 1. Mrs. John Hamblen, 2. Mrs. Lester Moore, 3. Mrs. Bob Dupree, 4. Mrs. Charles Jones.

Class IV "Natures Kaleidoscope" — 1. Mrs. Clyde Collins and "Best of Show Award for Artistic", 2. Mrs. Bob Dupree, 3. Mrs. John Hamblen, 4. Mrs. John Blum.

Awards in Horticulture were as follows:

Section A — Roses.

1. Mmes. J. O. White, C. O. Holder, Pauline McAuthor, Albert Jones and Earl Cumba, with Mrs. L. L. Terry (two first places).

2nd. Nellie Smith, Pauline McArthor and Mrs. J. O. White.

3rd Pauline McAuthor, Nellie Smith and Sally Blythe (two third places).

4th Maxie McNew second award to Sally Blythe for a rose collection.

Section B — Chrysanthemums.

1. Mrs. Fred Davis, 2. Mrs. Clyde Collins and Mrs. Homer Ray.

Section C — Dahlias.

1st Mrs. Nellie Smith (two firsts), Mmes. Fred Davis, W. E. Hardy, J. O. White and Gray Parks.

2nd Vicky Myers, Mmes. J. O. McNew, Gray Parks, Albert Jones, J. D. White (three ribbons).

3rd Shelia Eckert and Mrs. Nellie Smith.

4th Mmes. Ruben Vaughn, James Magness, J. O. McNew and Earl Cumba.

Section D — Perennials and Annuals

1st 2 ribbons - Mrs. Clyde Collins, Laura rollins, Mrs. Richard Brice and James Magness.

1st 1 ribbon - Mrs. Tena Mc-Cright, Elizabeth Odom, Mr. Brice Fuqua.

2nd award 2 ribbons - Mrs. Laura Rollins.

2nd award 1 ribbon - Mrs. L. L. Terry, Mrs. Homer Ray, Mrs. Fred Davis, Mrs. John Blum, Karen Stewart and Elizabeth Odom.

3rd - Karen Stewart.

4th Ruben Vaughn and Karen Stewart.

Section E — Flowering Vines and Shrubs.

1st Mrs. John Hamblen, Mrs. Laura Rollins, Mrs. Darrell Sims.

2nd Mrs. Clyde Collins, Mrs. K. G. Blalock.

3rd Mrs. Fred Davis, Mrs. S. L. Terry.

4th Mrs. Bill Huddleston, Elizabeth Odom, Mary Starnes and Mrs. Bill Hardy.

Section F — Potted Plants

1st Mrs. Davis Shifflett (2 ribbons), Mrs. Laura Rollins (4 ribbons), Mrs. Brice Fuqua (2 ribbons). Those receiving 1 blue ribbon were Mmes. John Hamblen, Billy Roach, L. L. Lewis, Ben Thorpe, Sally Blythe and A. C. Preuitt.

2nd Mrs. Brice Fuqua (2 ribbons), Mrs. Laura Rollins (2 ribbons), one ribbon each to Mmes. Hardy Scarborough, Ben Thorpe.

3rd Barbara Chamness and Nellie Smith.

Weinberg Shows Midi For Spring

NEW YORK (AP) — Designer Chester Weinberg has carried the midi look into his spring collectionwith bright colors and wider skirts.

Weinberg—who went strongly for the midi in fall—presented skirts with fullness from pleats or gathers, breaking low on the hip, in his showing Wednesday.

The long belted waist was good for daytime, as was the short jacket. Capes continued strong. Coats were wrapped or fitted and belted. Some had cool looking short cape sleeves.

Extravagant border prints framed brilliant colors in evening clothes. Weinberg kept the idea of mixed patterns for a rich, lush effect.

He also showed slit or ruffled skirts, pants with over skirts and long, full sleeves.

Ford's Safety Warning Said To Be Inadequate

By G. DAVID WALLACE
Associated Press Writer

WASHINGTON (AP) — An attorney who helped spearhead the fight leading to the government's unprecedented safety warning on 4 million Fords, Mercurys and Thunderbirds says the action was inadequate. [illegible] Department of Transportation's "consumer protection bulletin" Wednesday failed to mention several models with possible steering defects which could cause wheels to fall off, said Lowell Dodge of the nonprofit Center for Auto Safety.

And just alerting owners of certain 1965-1969 models to possible failures isn't enough, said Dodge. "I don't think we'll consider the matter as over until [illegible] a recall."

The Department of Transportation did not request Ford to recall and repair the cars at the manufacturer's expense. The cycle of extreme abuse and high-speed wheel impacts required to initiate control arm failure does not occur except in special and rare instances [illegible] nonpursuit vehicles," said DOT.

Matthew S. McLaughlin, president of Ford Marketing Corp. [illegible]

[illegible]

"We repeat what we have stated before: That there is no defect in the control arms," he said. [illegible] that specified by the DOT [illegible] should be inspected before being driven.

[illegible]

[illegible] used on some 1970 Ford Models, which were not mentioned.

Dodge also contended Ford redesigned the control arms to make them heavier in 1969 but continued to use stock already on hand in initial production of 1970 models. How many of the smaller arms are on the 1970 cars Ford refuses to say, Dodge said. Ford has no comment on the charge immediately.

The models which were included in the safety alert were the following 1965-1969 Fords: Custom, Custom 500, Galaxy 500, Galaxy 500 XL, Galaxy 500 LTD, Country Sedan, Country Squire Ranch Wagon, XL, LTD and Custom Ranch Wagon.

The following 1965-1969 Mercurys were also listed: Monterey, Montclair, Parklane, Commuter, Colony Park, Brougham, Marquis, and Parklane Brougham.

83 Locals Are In Angelo State

SAN ANGELO — Eighty-three Scurry County students are enrolled in fall semester classes at Angelo State University according to figures released recently by the ASU registrar's office.

This figure is up 10 over the number of Scurry County students attending ASU during the fall term last year. This year, Angelo State registered 3,871 students for the fall semester — a figure which represents more than a 10 per cent increase over the fall enrollment for last year.

Reds Stop Orioles 6-5

By DICK COUCH
Associated Press Sports Writer

BALTIMORE (AP) — Has Earl Anderson discovered Gil Hodges' magic elixer in time to make a miracle for the Cincinnati Reds?

The desperate Reds, one step from oblivion in the 1970 World Series, startled Baltimore 6-5 Wednesday on a three-run, eighth-inning homer by strongman Lee May after a pregame chat between their manager and New York Mets skipper Hodges.

"I told him, 'I don't know what your magic was last year, but I sure can't seem to find it,'" Anderson recalled.

If Hodges, whose club lost the series opener to Baltimore last year and then won four in a row, passed on the Met formula, Anderson wasn't about to reveal it after May's wallop and the airtight relief pitching of Clay Carroll saved the Big Red Machine from the scrap heap.

Nor would the Reds' manager, now trailing 3-1 in the best-of-7 set for baseball's top prize, name a starting pitcher to oppose Baltimore southpaw Mike Cuellar today in game No. 5, jeopardized by a forecast of rain.

"It'll be Milt Wilcox, Wayne Granger or Jim Merritt," he said. "I honestly don't know which one.

"I could go for a little rain."

The Reds' predicament—no team ever has come on to win a series after losing the first three games—was worsened when Jim McGlothlin, losing pitcher in game No. 2 last Sunday, came up with arm trouble.

Merritt, a 20-game winner, also has had arm problems while relief specialist Granger never has started a major league game and Wilcox, a rookie with only five regular season appearances under his belt, was raked by the Orioles in relief of McGlothlin.

But the Reds' spirits definitely were on the upswing as they prepared to face 24-game winner Cuellar, a knockout victim in his two post-season starts. They had overcome a four-hit spree by series standout Brooks Robinson Wednesday and had come up with their own clutch performer—first baseman May.

"We've got more momentum now, we've started swinging better and we're more relaxed," said the 205-pound slugger, who drilled the first pitch from reliever Eddie Watt into the left field bleachers at jam-packed Memorial Stadium to erase a 5-3 Baltimore lead. The homer was his second of the series and gave him eight RBI high for either club.

"I think we're going to win it," he said.

"What happened today brought the whole team back," said Carroll, who blanked the Orioles on one hit for a three-game relief string of 81-3 scoreless innings in the series. "We were a little bit down, but we're going to be way up tomorrow.

"I'll be ready. If I pitch again I might hurt my arm. But we're trying to win this thing. So I'll be out there."

"We'll use all 10 pitchers if we have to," added center fielder Bob Tolan. "It's going to be tough, but we'll take our chances and let it all hang out."

Until the eighth inning Wednesday, the Reds were hanging by their thumbs. Brooks Robinson's second series homer and a three-run burst in the third inning sent the Orioles on top and they added an unearned run in the sixth.

Dave Concepcion's triple delivered a second inning run for the Reds, May singled home another in the second and Pete Rose homered in the fifth. But Orioles' starter Jim Palmer appeared to be in command, despite control difficulties, going into the eighth.

Then Tony Perez, who has stroked just one hit in 14 series at bats, walked on a 3-2 pitch and Johnny Bench, 0-for-14 as he came to the plate, lined a long single to left.

Manager Earl Weaver of the Orioles lifted Palmer at that point and Watt, a stocky late-inning stopper, got the call for the first time in the series.

His first pitch was a belt-high fastball—which May deposited in the seats.

"Watt has done the job for me all year in short relief," Weaver said. "May just went up there and ripped the ball. You've got to give him the credit. It might have been a good pitch and it might have been a bad pitch. Sometimes a bad pitch goes for a pop-up."

The dramatic homer thwarted Baltimore's bid for a second series sweep in five years and snapped a winning string that began during the end of the season and carried through a three-game kayo of Minnesota in the American League pennant playoffs.

"All they did today was stay alive," Weaver said. "We're looking for a winning streak of one game now. I'd prefer to get it tomorrow."

Detroit Pistons Put Down Sonics, Rule

By THE ASSOCIATED PRESS

Bob Rule said he didn't want to play for Seattle. Then he took the court and showed the rest of the league why they should try to get him—and showed the Sonics why they'd better keep him.

The 6-foot-9 center for the SuperSonics, unable to accept the National Basketball Association team's contract offer, said Wednesday he wanted to be traded.

Several hours later he faced the Detroit Pistons and, despite sitting out a large chuck of the game with foul trouble, still managed to pour in 37 points, 21 of them in the first half.

But with all this the Sonics still lost their opener as Detroit, with a balanced attack led by Dave Bing's 25 points and 22 apiece by Jimmy Walker and rookie Bob Lanier, withstood a fourth-quarter surge and beat Seattle 123-117.

In other NBA action the defending champion New York Knicks crushed Cincinnati 128-104, Buffalo bombed Cleveland 107-92, Baltimore blitzed San Diego 123-105 and Philadelphia edged Chicago 110-107.

In the only American Basketball Association game the Utah Stars opened league play by walloping Denver 134-99.

Cazzie Russell led the New York attack with 29 points and Willis Reed worked both ends of the court brilliantly with 23 points and 16 rebounds to wreck the Royals' debut.

Cincinnati opened a 12-6 lead but the Knicks retaliated with 12 successive points and the Royals never caught up. Tom Van Arsdale had 22 for the losers.

Buffalo, one of the NBA's new entries, had no trouble handling another expansion baby as the Braves outscored the Cavaliers in each of the first three periods before clearing their bench in the final quarter.

Don May's 24 points led the Braves while Cleveland's Bobby Smith scored 21.

The Bullets held San Diego's high-powered Elvin Hayes to just 12 points as Baltimore, led by Jack Marin's 28, shot down the Rockets for the 19th time in 20 meetings over four years.

Philadelphia held a 19-point advantage over the Bulls midway in the final period but the 76ers had to turn back a furious Chicago charge to win their NBA opener. Billy Cunningham led the balanced Philly attack with 24 points but scoring honors went to Chet Walker of the Bulls with 30.

Utah, which won the Western Division ABA crown last year as the Los Angeles Stars, gave 9,185 fans—the largest home crowd in their history—plenty to cheer about as a pair of newcomers, Donnie Freeman and Zelmo Beaty, led the romp.

Vikings Choice Over Cowboys

By DENNE H. FREEMAN
Associated Press Sports Writer

DALLAS (AP) — The Dallas Cowboys are rated seven and one-half point underdogs to the Minnesota Vikings Sunday and Cowboy coach Tom Landry said Wednesday "A victory should give our morale a lift."

Landry said Minnesota would have to be rated above us. The odds should be at least that."

Minnesota has never beaten the Cowboys.

Dallas has yet to get its once-powerful offense untracked although it owns a 3-1 record forged mainly by the rugged Cowboy defense.

Landry said "We had our best offensive line blocking of the year" in the 13-0 victory last week over Atlanta.

"We sprung the runner clear of the line of scrimmage more times than ever before," Landry said.

Ermal Allen, special assistant to Landry who has scouted the Vikings, said Minnesota has the toughest front four in football.

"They keep coming until they hear glass," Allen said.

Landry said "We have to match their ball control. They play for field position and turnovers. Their team is opportunistic. They wait for the break. You can't afford to get in a long yardage situation against them."

Allen said Minnesota plays for the breaks then beats you with them.

"They would have a helluva time beating you if you don't fumble or throw an interception," Allen said.

The game will mark the return of Cowboy split end Bob Hayes into the lineup. Hayes, who is in a contract dispute with the club and has been relegated to second-string status, will play "about half the game," Landry said Wednesday. We'll continue to work him to see how he performs."

Landry has said Hayes doesn't meet the "Performance Levels" but won't get specific.

Craig Morton, who has a bruised knee, will again get the nod at quarterback.

Morton has yet to have a good game passing and Landry said "Craig hasn't had a good percentage...He must come on."

Rookie Duane Thomas, No. 1 draft choice from West Texas State, is expected to start at fullback in place of regular Walt Garrison, who injured a knee against Atlanta.

NFL Grid Stats Given

NEW YORK (AP) — St. Louis and Oakland jumped to the front in offense and Minnesota and Kansas City on defense in the National Football League team statistics released today.

The Cardinals of the National Conference and the defending Super Bowl champion Chiefs of the American Conference made the biggest advances, each moving up from fifth place last week. Minnesota of the National and Oakland of the American each moved up one place.

The Cardinals were averaging 341 total yards on offense, 153 on the ground and 188 passing. San Francisco, despite its 20-6 upset over Los Angeles, fell to second at 332.

The Chiefs have allowed their opponents only 218 yards per game, 107 rushing and 111 passing, while Denver dropped two places to third.

Minnesota switched places with Detroit by allowing only 165 yards per contest, 82 rushing and 83 passing, while Oakland changed with the New York Jets by averaging 387 yards a game, 134 rushing and 253 passing.

Dallas is the top rushing team in the NFL with 189 yards per game, while the passing leader is Oakland.

Minnesota's totals are the best on defense on the ground and in the air.

Mo Valley Teams Work

By THE ASSOCIATED PRESS

Practice begins today for the 64th Missouri Valley Conference basketball championship race.

Fifty-one lettermen return to the eight league members.

At Bradley, Coach Joe Stowell will welcome six lettermen.

The MVC Coach-of-the-year, Maury John of Drake, will have five returning lettermen, including Jeff Halliburton, an all-MVC choice last year. The Bulldogs were 22-7 last year and finished third in the NCAA Midwest Regional after sacking the MVC crown.

Eight lettermen are back at Louisville and new coach Gene Bartow has six numeral winners at Memphis State as he tries to rebuild the Tigers basketball fortunes.

North Texas State also has a new coach—Harry Miller, who has six returning lettermen. Seven lettermen are back at St. Louis, five at Tulsa, eight at Wichita State, and four at West Texas State.

Texas A&I Is Ranked Fourth

By THE ASSOCIATED PRESS

Arkansas State continues to show the way among the small college football powers in the weekly Associated Press poll but the Indians' domination is threatened by Montana.

For the fourth straight week Arkansas State held the top spot. Montana, however, managed to draw more first-place votes in balloting.

Arkansas State, now 4-0 after its 21-14 victory over Trinity, Tex., last weekend, collected only five first-place votes along with six for runnerup for 269 points.

Montana, with 242 points, received six first-place votes to remain second after whipping Idaho 44-26 last weekend.

North Dakota State advanced from fourth to third. Texas A&I, fifth a week ago, and Tampa, No. 8 last week, were tied for fourth this week.

Tennessee maintained its sixth ranking with Delaware moving to seventh and Western Kentucky advancing to eighth. Southern Illinois remained ninth.

Akron, third a week ago, completed the Top 10. Eastern Michigan, seventh last week, dropped out of the top 10.

The Top Twenty teams, with first place votes in parentheses and total points tabulated on a 20-18-16-14-12-10-9-8-7-etc. formula:

1.	Arkansas St. (5)	269
2.	Montana (6)	242
3.	No. Dakota St.	182
4.	Texas A&I (2)	177
5.	Tampa (1)	177
6.	Tennessee State	153
7.	Delaware (1)	111
8.	W. Kentucky (1)	106
9.	Southern Illinois	91
10.	Akron	86
11.	Abilene Christian	50
12.	Wofford	49
13.	Central Mo.	45
	S.W. Louisiana	45
15.	Troy State	43
16.	Alcorn A&M	40
17	Wittenberg	40
18.	E. Michigan	28
19.	St. Olaf	26
20.	No. Michigan	25

Sayers Is Out For Season

By JERRY LISKA
Associated Press Sports Writer

CHICAGO (AP) —The Chicago Bears opened the National Football League season with Gale Sayers and a quarterback problem.

Now they have a quarterback and the problem of replacing Gale Sayers, who appears headed for knee surgery next week for the second time in two years.

Dr. Theodore Fox, Bear physician, reported yesterday: "If subsequent tests confirm what I believe, surgery will be performed next week on Gale Sayers' left knee.

"Time is in no way a factor in determining a successful end result."

Under the quarterbacking of revived Jack Concannon, the Bears take a 2-2 record against the San Diego Chargers here Sunday.

The Bear performance has to be noteworthy since Sayers, one of the most exciting runners in NFL history, was shackled the past seven weeks by the injury opposite to his right knee mended by 1968 surgery.

Sidelined much of the still-young season, Sayers pulled up lame Sunday in a futile chase of 255-pound Alan Page in the Bears' 24-0 loss here to Minnesota.

Sayers, who earlier carried unimpressively six times for nine yards against the Vikings, commented: "I felt something pull and a lot of pain when I chased Page."

At any rate, the sad sight of Sayers failing to gain a stride on the huge Page may have been the last action for Gale this season.

Sayers has carried 24 times for 52 yards, his only other start being the Sept. 19 league opener at New York. Sayers hauled 18 times for 43 yards as the Bears jolted the Giants 24-16.

That's a pitiful contrast with the 1,032 yards which last season gave Sayers his second NFL rushing title, despite major surgery on Gale's right knee late in 1968 and the Bears' poorest (1-13) record in history in 1969.

Thus, the Bear guessing game has changed from who will throw the ball to who will carry it.

Lamesa Slips In AP Poll

By THE ASSOCIATED PRESS

The Associated Press Schoolboy Football Poll remained almost completely unshaken by voting this week after one of the calmest weekends of the season.

Wichita Falls, Ennis, Iowa Park and Poth all retained their top billings in each class. Only two rated teams in all four classes were beaten and one was tied. In Class AAA, the top 10 was identical to last week's rankings.

Wichita Falls polled 19 of 20 first place votes in a runaway for first in Class AAAA. Second ranked Odessa Permian again got the only other first place selection. The only casualty in AAAA was Highland Park, which dropped out of sight after losing to Wichita Falls.

Unbeaten Baytown Lee moved in to replace Highland Park as No. 9. San Antonio Lee dropped from seventh to 10th after it was tied by Seguin.

Ennis continued to dominate the Class AAA voting but lost two first place ballots from last week. The Lions notched 16 first place votes this week with No. 2 Jasper and No. 3 Brownwood receiving two each.

Defending Class AA champion Iowa Park collected 16 first place votes while No. 2 Refugio got two and No. 3 Eastland and No. 6 Kirbyville each received one. Kirbyville's first place vote gave it a one-point edge over Granbury for the sixth spot in AA.

The only change in Class A was the addition of Jourdanton as No. 10 replacing Nocona. The other nine positions remained the same as a week ago, headed by Poth with 17 first place picks. Second ranked White Deer got two and No. 7 Sonora got the other first place pick.

DALLAS, Tex. (AP)— The Associated Press Schoolboy Football Poll with first place votes in parentheses, season records and points on a 20-9-8-7-6-5-4-3-2-1 basis:

CLASS AAAA			
1	Wichita Falls (19)	5-0	199
2	Odessa Permian (1)	5-0	173
3	Port Arthur Jefferson	5-0	123
4	Austin Reagan	4-1	119

Nats Want Curt Flood

BALTIMORE (AP) — As far as Bob Short is concerned, outfielder Curt Flood will play for the Washington Senators.

"I'll sign Curt Flood, you can make book on it," commented Short after Wednesday's World Series game between Cincinnati and Baltimore.

The owner of the Washington club made his remarks after learning that Flood, who had sued baseball for $1 million charging the reserve clause violated his constitutional rights, was willing to negotiate with him.

Flood made his comment in Copenhagen, Denmark, after learning that Short had acquired the right to negotiate with him from Philadelphia, the club Flood refused to report to after being traded by the St. Louis Cardinals after the 1969 season.

The 34-year-old Flood has been in Denmark for two months on business. He is expected to return to the United States later this week.

Merle Is Entertainer Of Year

NASHVILLE, Tenn. (AP) — Merle Haggard has won the most coveted award given by the Country Music Association — Entertainer of the Year.

"This concludes the most wonderful year of my life," Haggard said in accepting the award on the stage of the Grand Ole Opry House Wednesday night.

The California balladeer received three other awards during the hour-long ceremonies televised on NBC's Kraft Music Hall. He also was named Male Vocalist of the Year and won awards for his song, "Okie from Muskogee," in two categories, album and single.

The Song of the Year award went to "Sunday Morning Coming Down," by Kris Kristofferson.

Haggard defeated such contenders as Johnny Cash, Glen Campbell, Roy Clark and Charley Pride in winning the top entertainer award. Cash won the title last year and Campbell the year before.

The awards highlighted the 45th anniversary celebration of the Grand Ole Opry, which continues through Saturday night's performance of the Opry.

Blonde songstress Tammy Wynette captured her third straight award as Female Vocalist of the Year. She finished ahead of Lynn Anderson, Loretta Lynn, Dolly Parton and Connie Smith.

SCREENING BLOOD DONORS — Prospective blood donors are shown as they were being "screened" Wednesday at Cogdell Memorial Hospital. Sixty American Magnesium employes gave blood during the day for the daughter of a fellow employe who has leukemia. From left are Tommy Williams and Gray Parks, donors; Roger M. Smith, district director of Blood Services of Lubbock, which collected the blood; and Susan White and Cindy Sims, screeners.

AM Workers Give Blood For Woman

American Magnesium Co. set up a transportation shuttle system Wednesday between its plant and Cogdell Memorial Hospital so that some 60 AM employes could donate blood for a leukemia victim.

The blood was taken by a unit of Blood Services of Lubbock, which was at county hospital here most of the day to receive donations of blood.

American Magnesium entered the picture en mass after it was learned that the illness of a fellow employe's daughter had been diagnosed as leukemia.

Mrs. Emma Jane Ramos, 19, whose father, Lloyd Goswick, is an AM employe, was in Abilene about two weeks ago for medical attention, and her illness was diagnosed as leukemia. She is now in the M. D. Anderson Hospital in Houston.

Many of the employes at American Magnesium wanted to "do something" for Mrs. Ramos. After considerable discussion, it was decided that contributions of blood would be the biggest personal help that they could provide.

It was estimated that at least half the working force at the AM plant participated.

Blood Services of Lubbock made arrangements with the M. D. Anderson Hospital so that Mrs. Ramos receives the blood she needs.

24 Killed In Bridge Accident

MELBOURNE, Australia (AP) — Twenty-four workmen were killed and 19 injured today when a 2,000-ton section of a bridge under construction in Melbourne fell 134 feet to the ground. Twenty-five other workmen were missing, authorities said.

The collapse halted work on what is to be Australia's largest bridge, over a mile long spanning the Yarra River in the southern part of Melbourne. Known as the West Gate Bridge, its eight lanes are expected to carry 30,000 cars and trucks daily. Completion was scheduled for next year.

Within hours of the accident, unions withdrew their men from the $47 million project and Premier Sir Henry Bolte of Victoria State ordered an investigation into the disaster.

About 70 welders were on the prefabricated steel and concrete span when it gave way and thundered down on construction sheds along the riverbank where other workers were eating their lunches.

A fire broke out, and fire engines and every available ambulance were ordered to the scene. Three huge mobile cranes were moved in to lift debris.

"The bloody thing cracked in the middle," said one of the injured welders. "I was on top of it."

Work on the bridge was halted temporarily two months ago so that its steel framework could be strengthened. This followed the collapse of part of the similarly constructed Milford Haven Bridge in Wales on June 2 in which four men died. The consulting engineering firm of Freeman Fox and Partners was employed on both projects.

"Dizzy" Files Suit

PHOENIX, Ariz. (AP) — Jerome "Dizzy" Dean, onetime National League pitching star, has filed a $14 million suit against Phoenix Newspapers Inc. alleging he was libeled in a headline.

His court petition Wednesday cited the banner in the afternoon Phoenix Gazette Feb. 26 over a story adout Dean being named as a co-conspirator—but not a defendant—in an indictment against a sports gambling ring.

Dean said the headline, "Ol' Diz 'Sluds' Into Indictment," was meant to imply that he had been charged with a serious crime. Diz once used "slud" as the past tense of "slide" in a baseball broadcast.

As a result of the headline, Dean claimed, he suffered a loss of offers for personal appearances, business dropped in his chain of restaurants and his chances of employment as a radio or television sports announcer were impaired.

Army May Double Pay

WASHINGTON (AP) — In an attempt to get more men to volunteer for dangerous infantry, armor and artillery jobs, the Army may nearly double the pay of men in those activities. Special bonuses for combat jobs were described Wednesday as "supertop priority" as the military gears up for a change from draftee enrollments to a volunteer system.

Contracts To Be Negotiated

ARLINGTON, Tex. (AP) — Three-year contracts are expected to be negotiated within 60 days with Victor Palmieri-Bruce Jule and Co., and Great Southwest Corp.

The Los Angeles-based real estate counselling and investment firm assumed control of Great Southwest Wednesday.

Angus Wynne Jr., president and chief executive officer of Great Southwest resigned Wednesday. He was replaced by Victor Palmieri, former president of Jannss Investment Corp., a community development firm.

Great Southwest is a 90-per cent owned subsidiary of Pennsylvania Company which, in turn is a subsidiary of Penn Central Transportation Co.

Juell was named vice president of Great Southwest and was elected to its board of directors.

Among Great Southwest directors resigning from the board were Among G. Carter, Jr., publisher of the Fort Worth Star Telegram, William C. Baker, Cahres J. Hodge, B.H. Majors, Frederick M. Mayer and Angus G. Wynne Sr.

Three Nations Set Blasts Wednesday

WASHINGTON (AP) — The Big Three atomic powers have set off nuclear blasts on the same day, apparently for the first time, unleashing force equivalent to more than nine million tons of TNT.

The Atomic Energy Commission announced Communist China had resumed nuclear testing with a 3-million-ton atmospheric blast. That followed by about an hour Wednesday what apparently was the largest Soviet underground nuclear explosion in seven years and the most potent subterranean blast ever triggered by any nation.

The AEC said the United States also set off an underground blast rated equivalent to 20,000 to 200,000 tons of TNT.

The AEC declined comment on the significance of the Chinese detonation.

But Japanese observers speculated the test was part of Peking's plan to develop a small hydrogen bomb capable of use in a missile. China launched its first space satellite last April 23, and there were predictions the initial test of an intercontinental missile would come this year.

The AEC said the Chinese blast was conducted in the atmosphere over the Lop Nor test site. Mainland China did not sign the 1963 limited test-ban treaty barring testing in the air.

The blast was the fourth Chinese explosion rated in the three-megaton category, and the nation's 11th since it began nuclear testing Oct. 16, 1964.

Following an announced explosion 13 months ago, Peking's official news agency said the Chinese tests should offer "great encouragement and support" for North Vietnamese and other nations fighting against "U.S. aggression" and for independence.

However, the announcement added, "At no time and in no circumstances will China be the first to use nuclear weapons."

The AEC said seismic signals indicated the Soviet blast was the equivalent of 6 million tons of TNT — largest since the test-ban treaty became effective.

The test was the sixth by the Soviet Union this year and the 43rd since August 1963.

The largest underground blast ever triggered by the United states was estimated at 1.2 metagons. The biggest nuclear explosion was a 15-megaton atmospheric blast set off by the United States Feb. 28, 1954.

Arrests Made In Robbery

DALLAS (AP) — Three men have been arrested and nearly all the missing jewelry recovered in the $350,000 North Dallas robbery at the J. L. Williams home, law officers said Wednesday.

Gary Marks Booth, 29, and Donald Julius Loerwal, 26, both from Dallas, were arrested in Las Vegas where Dallas County Sheriff Clarence Jones said they were apparently doing "a little celebrating." The third man, still undergoing questioning, was arrested in Dallas. He has not yet been named. Two other men were released after being questioned.

The robbery, described as the biggest in Dallas' history, occurred when four men broke into the Williams home Oct. 6, tied up the family and their visiting friends, and took jewelry from the upstairs safe.

Most of the loot—"We think we have recovered 99 per cent," said Sheriff Jones—was found Tuesday night buried in a plastic bag behind an apartment. A telephoned tip led to the find.

The sheriff said Booth and Loerwal were traced to San Francisco and then to Las Vegas, where they had $3,700 in cash in their possession when picked up at a Strip hotel.

"They were having a big time celebrating with somebody's money," Jones said.

Officers said the two men would be questioned about a robbery at the Dallas home of oilman Jake Hamon. The Hamons were robbed of several thousand dollars in cash and jewelry a few nights before the Williams were were raided. The homes are about a mile apart.

Ski masks were worn by the bandits in both holdups.

Masked Man Robs Store

SAN ANTONIO, Tex. (AP) — A gun-wielding masked man robbed a supermarket of a bread sack full of money Wednesday then trotted into the store parking lot.

Police said the bandit ordered a man and his wife parked in the lot to drive him to safety.

A few blocks away, the gunman jumped from the car and tossed $115 in loose bills on the front seat.

"Here's for your trouble," police said the couple quoted the robber.

BE PROUD

GIVE *Once* FOR THE MANY!

Take pride in your community... and do yourself proud, by giving now to United Fund. Your one gift aids many worthwhile agencies and efforts, community wide. The ill, the aged, the needy benefit... and so do you, for whatever helps our neighbors helps ourselves. Youth and youth groups benefit... and so do you, for whatever helps the young helps us toward a truly brighter future. Of course, it's easier... to give just once. And it's better, too... for with just one gift, you help many. Be proud to give, the United Way.

Bentsen Says Agnew's Visit To Texas Helped

By THE ASSOCIATED PRESS

Democrat Lloyd Bentsen says Republican Vice President Spiro T. Agnew's visit to Texas helped his campaign and if President Nixon should visit the state, that would help even more.

Bentsen, seeking the U.S. Senate in a race against GOP George Bush, said Agnew's campaign swing through Amarillo, Lubbock and Dallas Monday and Tuesday stirred voter interest.

Bentsen said the bigger the voter turnout the more it suits me. If the President comes down here, as they say he will, I think it will help even more."

Republican candidate for governor, Paul Eggers, said Wednesday that Gov. Preston Smith was unable to under-stand the marijuana problem.

Eggers, who has called for first offense possession of marijuana to be reduced to a misdemeanor, said he expects more heat from Smith for his marijuana stand.

Smith has called for stiffening penalties.

But Eggers says his position is harsher on offenders because they will be prosecuted for misdemeanors, while at the present time, judges are reluctant to handle possession cases as felonies that involve young people.

Bush told a group at Brownsville that he has worked for congressional legislation helping Mexican-Americans.

"In my view, the next United States senator from Texas must possess the kind of sensitivity that will bring leadership to Texans—all Texans; one who will vigorously work to see that there is no such thing as second-class citizenship for any in our state," Bush said.

Smith took a swat at the Republican administration in a speech to the Houston Builders Association.

He said the "ultimate responsibility" for declining home construction "must be laid to rest at the feet of the Republican administration, which has somehow managed to give us rising inflation, increasing recession and higher unemployment, all at the same time."

Smith said it was "time for the administration to adopt sound economic policies which will help make decent housing available for every American."

Lt. Gov. Ben Barnes said it was "of the most crucial importance" that the January legislature "adopt the tightest possible budget for the coming biennium."

"I am convinced that any increase in state spending must take into consideration a rational set of priorities and an emphasis on quality rather than quantity," Barnes said.

Barnes' Republican opponent, Byron Fullerton, said in Lubbock that "a lot of Texans will take a lot of pleasure in scratching Ben Barnes to mark the absolute end to an era of total political domination by a powerful few."

Fullerton said Barnes has "been a pain in the neck—and in the pocketbooks—of Texas taxpayers. His stubborn lack of cooperation was largely responsible for two extra, costly taxing sessions, climaxed by his near-successful attempt to saddle Texas with a tax on bread and groceries."

Tuition Refund Given For Canceled Classes

NEW YORK (AP) — A judge has awarded the father of a New York University student a partial tuition refund of $277.40 because the school canceled classes for 19 days during campus unrest last May.

Judge Patrick J. Picariello, making the award Wednesday in Small Claims Court to Roger Paynter, a fireman from Queens, declared:

"College administrators have yielded too easily to the demands of campus dissidents and have thereby ushered in an era of physical and intellectual intimidation."

The university, a private institution, said it would appeal the ruling.

Paynter, 49, who said he had been refused a refund when he first approached the university, sued on behalf of his son Raymond, 19, now an art education sophomore. He brought the action on grounds that by failing to provide classes for his son the school violated its contractual obligations.

Paynter commented afterwards: "I'm not out to get NYU. I was only fighting for the principle." He said the decision "could represent a test case ... After all, thousands of students all over the country were denied classes last year. This could open the floodgates."

The student strike, which affected many campuses in the nation, followed the dispatch of U.S. troops into Cambodia and the shooting of four students during a confrontation with the National Guard at Kent State University.

"If some students want to stay out, that's their prerogative," Paynter said. "But let the other students go to school."

The judge, in a seven-page decision, strongly assailed the disturbances on campuses. He noted that "there was no testimony or other evidence that the plaintiff's son participated ... in any way in such conduct."

"There can be no substitute for the acceptance of responsibility for order and discipline on campuses by college administrators and college faculties," Picariello asserted.

"This is not accomplished by canceling classes and closing down school facilities."

He termed NYU's defense — based on its giving to each student at the beginning of the school year a bulletin stating that academic programs were subject to change without notice — "too specious to merit any consideration."

Earlier this week in U.S. District Court in Milwaukee, Wis., Judge Myron Gordon dismissed a similar suit brought by nine students against the University of Wisconsin, which remained open during the May disorders.

The students sought tuition refunds and other compensation on grounds that grades had been affected by class interruptions. Gordon ruled that the suit did not sufficiently show that rights had been deprived.

Paul Klee's Works Unveiled

CHICAGO (AP) — A major collection of the works of artist Paul Klee was unveiled Wednesday at the Art Institute of Chicago.

The institute bought 59 etchings and lithographs from Frank and Ursula Laurens of Cincinnati, Ohio. The Laurens had built their collection — slightly more than half of Klee's 109 graphic works — over a 30-year period. The works date from 1901 to 1932.

Proposed Treaty Being Drafted

WASHINGTON (AP) — The White House has announced a proposed international treaty being drafted by the United States that would insure fast prosecution or extradition of suspected airline hijackers. Also announced was the ratification by President Nixon of an agreement with France adding hijacking to the list of extraditable offenses. It also adds hallucinogenic drugs to narcotics offense agreements.

Efficiency Analysts Eye Office Personnel

By JOHN CUNNIFF
AP Business Analyst

NEW YORK (AP) — Analysts of worker efficiency, who once directed their efforts almost solely to production line or blue collar workers, are more and more applying their mathematical calipers to office personnel.

The office, they say, has long been known as an area of concentrated inefficiency, but precise measurements were difficult to develop. Improvements in techniques now makes analysis more practical.

There's more to the trend than the development of techniques, however. At least two other major changes are involved:

—The economic downturn, which made it clear to many firms that waste had to be eliminated. The boom of the 1960s had permitted poor work methods to develop that couldn't be tolerated as business turned down.

—The growing trend toward a service rather than production-oriented economy, which makes office procedures assume greater importance. Wall Street, for example, was almost destroyed by a blizzard of paper.

The so-called methods-time management specialists say they hope to improve office efficiency not by reducing workers to machines and then speeding them up, as sometimes has been charged in the past.

Their aim, they explain, is simply to make work more enjoyable, productive and rewarding, often through the development of incentives. Motivation plays a big role in their business.

At Aetna Life & Casualty, which classifies as a paperwork factory, the productivity systems department claims an annual saving of more than $7.5 million, largely through the use of wage incentives.

There does seem to be something foreboding, however, in the assessment of some other MTM specialists now attending the annual MTM conference here. Says Robert E. Nolan, chairman of the conference planning committee and an executive with a management consultant firm:

"The country club atmosphere and laissez-faire attitude that has prevailed in too many offices for too long will be just as obsolete as the manual typewriter and the hand-cranked adding machine in a few years."

Of 23 formal presentations at the conference, fully a third are on office procedures and only two on factory matters, an abrupt departure from earlier meetings, which began 18 years ago.

One presentation, produced more in jest than seriously, serves nevertheless to demonstrate some of MTM's methods. It analyzes the activities of girl-watchers and concludes that the miniskirt is detrimental to office efficiency.

Junior Editors Quiz on BALD EAGLE

QUESTION: *How did the bald eagle become our national emblem?*

* * *

ANSWER: The bald eagle is not really bald. His head and neck are covered with a cape of snow-white feathers, which makes him look bald from a distance and is the reason for the origin of his name. With his white head, wide wingspread and habit of soaring high in the air, the bald eagle is truly majestic in appearance. It was this which led the Founding Fathers to choose the bald eagle to represent the new nation of America, suggesting by this symbol that its ideals were high and lofty in character and also conveying the idea of strength. The bald eagle has remarkable eyesight. One was recorded to have dived down diagonally through the air for a distance of 3 miles to pick up a dead fish floating on the lake. These eagles build huge bulky nests in tall trees or in crevices of cliffs, where they raise their two or three nestlings. They eat small animals and birds, but are especially fond of fish. Although spread widely over the temperate regions of North America, bald eagles have become rare, even though now fully protected by Federal laws.

Quips Of Pavement Plato

By HAL BOYLE

NEW YORK (AP) — Curbstone comments of a Pavement Plato:

Some social scientists worry over whether man may destroy himself not by the hydrogen bomb but by too much leisure.

They estimate that the productive needed ... lication may be met by the end of this century by a work week of 20 hours or less. What will man then do with more spare time on his hands than he has had in any previous period of his history?

For some reason many intellectuals believe that they alone know how to use leisure time wisely. They feel that the average man, if he is allowed to lift his nose from the grindstone ever so slightly, will spend that extra time debauching in a saloon, fighting his neighbor, or beating his wife.

This viewpoint, of course, reflects an arrant class snobbery a democracy should outgrow. Given more leisure, it is the intellectual, not the common man, who is more likely to use it to create chaos and stir revolutionary violence.

Your ordinary fellow is more likely to add to his education, moonlight on another job in order to buy a better house or a place in the country where he can grow a bigger tomato or a finer rose.

For example, now that financial credit for any purpose is so easily obtainable, if work weeks were made shorter or vacations longer, a man might decide to—

Raise penguins in his basement.

Invent a telephone system that works.

Sail on on a raft to Tahiti.

Write more advisory letters to his congressman.

Travel more widely and build the largest collection of stolen hotel soap in his neighborhood.

Figure a faster route through his local supermarket.

Stagger Wall Street by becoming the first investor in modern times to corner the market in sarsaparilla.

Found an insurance company that will protect playboy husbands against exhorbitant alimony awards.

Patent a machine that will shoot arrows into the tires of any car parked in the wrong parking place.

Come up with a beer can made of some kind of material which will evaporate when thrown on a public highway.

These are but a few of scores of ways in which a man might use more leisure profitably. It is only by having extra time to make a better world that mankind will ever get the job done.

Red Vessels Leave Cuba

WASHINGTON (AP) — The Pentagon says two Soviet Naval vessels, a submarine tender and a salvage tug, have left Cienfuegos Harbor in Cuba, and their departure lessens the likelihood of construction of a Soviet sub base.

But Daniel Z. Henken, a Defense Department spokesman, would not say whether this lays to rest U.S. claims that the Soviets were building a strategic submarine base.

It appeared, however, that the Pentagon was backing away from earlier statements concerning the base. The White House had said it viewed a possible buildup with "the utmost seriousness."

Henken said the Defense Department "has said on numerous occasions that we were watching the Soviet ship movements closely, but were not sure as to whether or not the submarine support facility was being established at Cienfuegos."

"That is the situation today."

The Pentagon statement came only hours after the Russians denied U.S. claims, saying it "has not and is not building" a military base in Cuba.

Welsh Sponsors New Translation

LONDON (AP) — The Welsh Council of Churches is sponsoring a new translation of the Bible into Welsh to replace the standard edition published 400 years ago.

The work will be done by a team of 20 under the Rev. Bleddwyn Roberts, professor of Hebrew and Biblical Studies at the University College, Bangor. It is hoped the new testament revision can be completed in four to six years, but the old testament will take about 15 years.

Churches To Take SBA Loans

CORPUS CHRISTI, Tex. (AP) —Four Corpus Christi Baptist churches will accept long-term loans totaling nearly $750,000 from the Small Business Administration to help repair damage caused by Hurricane Celia.

Baptist General Convention sources said Tuesday the low-interest loans, to be announced Thursday by the SBA, will probably draw sharp comment from the Texas General Baptist Convention annual meeting.

The convention, which meets in Austin Oct. 27-29 always has opposed federal loans or grants.

The churches affiliated with the BGCT are the Tuloso-Midway Baptist Church, which will receive $400,000; First Mexican Baptist Church, $250,000; and the predominantly black St. John Baptist Church, $60,000.

A fourth church affiliated with the National Baptist Convention (Negro), West Haven Baptist Church, will receive $17,500.
