Defeat Springlake-Earth --

Take First District Tilt

The Farwell Steers took their first district tilt by downing the Springlake-Earth Wolverines by a score of 26-7. The Steers gained 195 yards on the ground and passed for 96 more in the hard-fought contest. Kyle Sheets gained 61 yards for the Blue and White and Dean Stovall's pass receptions netted 77 yards to lead the Steers in that department. Farwell found Springlake to be a tough ball club but a polished offense and a stout defense proved to be too much for the Wolverines.

Tony Barton took the opening kickoff for Springlake and a 20-yard runback gave the Wolverines possession on their own 25. An illegal procedure penalty and a good pass defense by the Steers brought up a fourth down situation. Barton bobbled the snap on the punt and tried to run but was stopped short of the needed yardage to give Farwell the ball on the Springlake 34.

A 17-yard run by Craig Phillips gave the Steers their initial first down of the evening. Al Phillips countered with a 15-yard scamper to bring up a first and goal from the three. An offside penalty against the Steers and two incomplete passes left the Steers with a fourth and 13. A 30-yard field goal attempt went wide of the target and Springlake took over.

The stout Farwell defense would allow little yardage and the Wolverines punted to Farwell on their 30. The ground game was halted but QB Greg Hargrove hit Dean Stovall on third down and he scampered 50 yards to the Wolverines' twenty. Craig carried three times to the seven but an offside penalty and a series of incomplete passes left the Steers with another fourth and goal.

Farwell set up in their field goal formation with Hargrove holding. Greg, however, had

other ideas and passed complete to Dean Stovall for a touchdown. Al Phillips' reliable toe added the PAT to give the Steers a 7-0 edge with 5:04 left in the first period.

Tony Barton again took the kick on the seven and returned to the 20 before being brought down by Doug Harriman. Terry Bridge and Jerry Barden carried for a first down. Robby Mahaney then pounced on a Tony Barton fumble to return the ball to the Blue and White.

After a short loss, a holding penalty left the Steers with second and long yardage. Despite a 14-yard pass to Mark Williams, the Steers were forced to punt. Donnie Wheat bobbled the ball into the endzone and managed to get back to the one yard line before the Steers brought him down. The joy was short lived as Jerry Barden went over right tackle for 99 yards and Wolverine touchdown. The PAT by QB Hoyt Glasscock tied the game at seven all with 1:58 remaining in the first quarter.

The kick was taken by Charlie Bowers who carried it back 15 yards to the 35. Neither team could move and after exchanging punts, Farwell took over on their 19. They again could not mount a drive and punted. Springlake moved from midfield to the Steer 38 before the Steers cut them off. A Tony Barton punt was blocked by Milton Walling giving the Steers good field position.

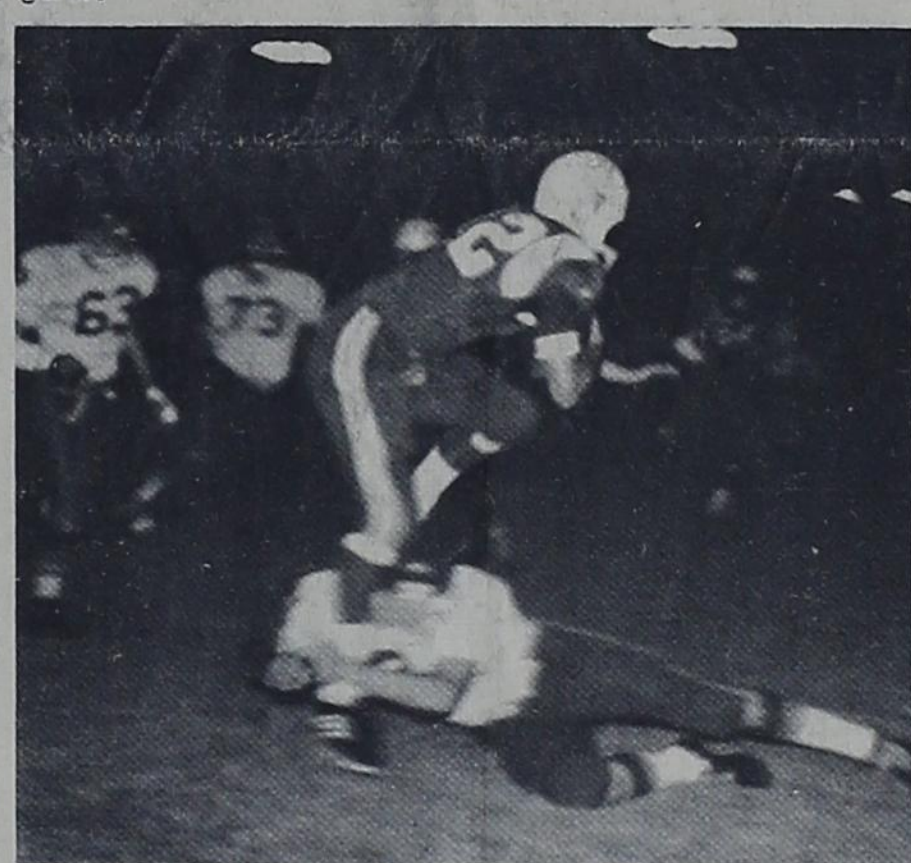

Craig carried three times for nine yards and Hargrove picked up the first. Farwell could move no more and punted to Springlake on their 11. The Wolverines moved nearly to midfield before a Glasscock fumble was recovered by Milton Walling. An offside penalty nullified the effort and kept the Wolverine drive alive. A holding penalty and Glasscock being dropped for a loss forced Springlake to

punt. Dean Stovall hauled the kick in and rambled 52 yards for a TD. The extra point went wide and Farwell lead 13-7 with 1:04 left in the half. Springlake drove to the Farwell 41 before time ran out.

Springlake recovered a fumble on the second half kickoff but the Steer defense held on fourth down. Following an exchange of punts, Farwell took the ball deep in their own territory and were again forced to punt.

Glasscock was heavily rushed while trying to throw and his pass was grabbed by John Long. Neal Armstrong intercepted a Hargrove pass but an alert defensive play on the part of Doug Harriman gave him an interception and gave Farwell the ball. Kyle Sheets went 30 yards for a Steer TD on the next play. A pass for two to Stovall was incomplete and the Wolverines trailed 19-7.

Springlake could not move after the kickoff and gave Farwell the ball on a punt. The Steers moved for two first downs on carries by Al and Craig to the 29. A 23-yard gain by Hargrove on a keeper set up a first and goal to go. There plays later Craig scored on a two-yard run to capitalize the drive and Al added the point to round out the scoring in the game.

SLIPPED AWAY -- Farwell back Kyle Sheets, No. 82, slipped clear of this tackle and completed his 30-yard run for a touchdown, with 2:52 remaining in the third quarter of last week's game at Springlake-Earth.

Steer Stadium, Tonight --

Meet Kangaroos

The Steers will have their work cut out for them when they tangle with the Kress Kangaroos in their second district tilt at Steer Stadium Friday (tonight), according to Coach Toby Booth. He states that the 'Roo's will be a tough foe and will be out there fighting for another win, still feeling the effect of their victory over Vega last week. "They are probably one of the toughest teams we will meet all season," stated Coach Booth.

At the same time he is taking nothing away from the Steers, since they will be out to make it two district wins in a row. Most of the Steer squad should be in good physical condition for the game. "The Steers will have to put forth the best effort yet, if they want to bring in another victory," said Coach Booth.

Game time is 8 p.m. at Steer Stadium.

Texico Water Rates Increase December 1

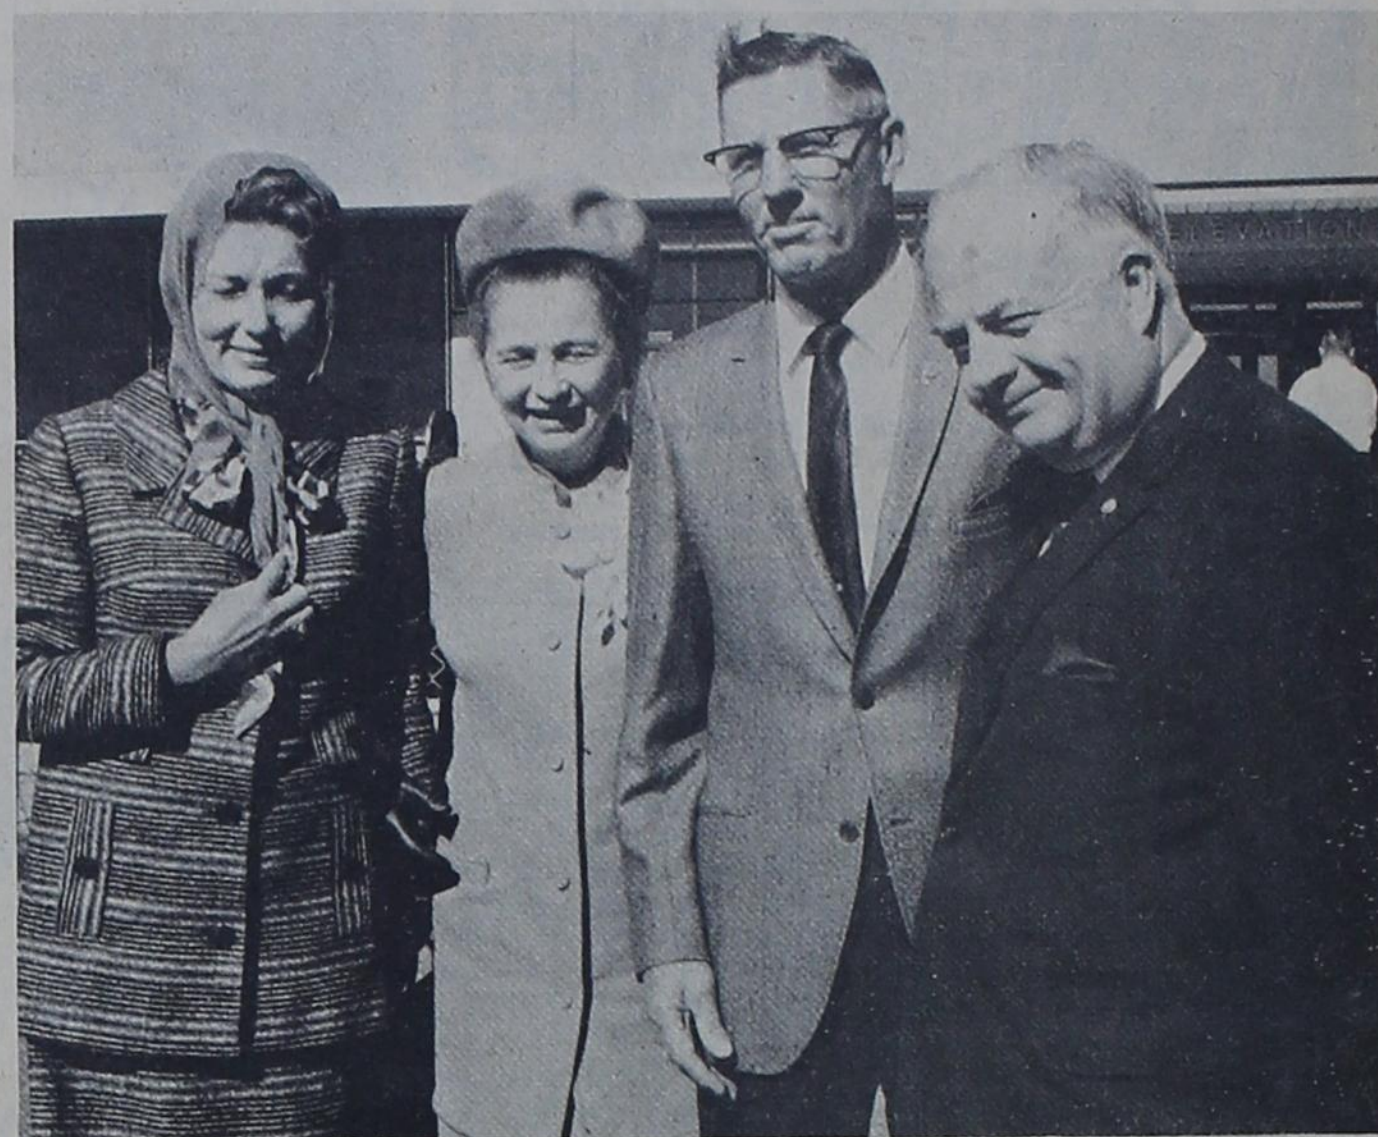

At a meeting of the Texico Town Council last Wednesday, N. L. Tharp met with the board to discuss the release of New-Tex swimming pool to the Town of Texico. No action was taken on the matter pending further investigation on regulations for the pool. The contract between the town and Tharp is due to expire in the near future.

Representatives of the newly organized Community Association met with the board to discuss assuming responsibilities of the community building, which has recently been condemned by the New Mexico Health Department. The board and Community Association reached an agreement, where-in the community will take over

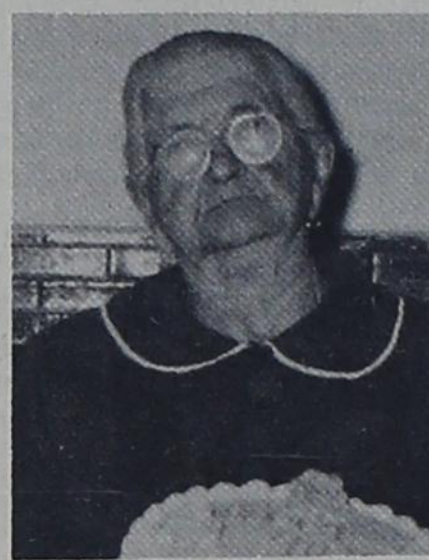

the building for the next ten years. They will be responsible for all repairs to the building, stipulated by the health department.

Two building permits were issued. They went to J. C. Howard to move in a trailerhouse to the "C" zone; and to C. E. McDonald to make an addition to his home.

Town Attorney Harry Patton was instructed to draw up an amendment to the building permit ordinance stipulating that persons must have a permit when they begin construction, or pay a penalty. In addition, Patton was also instructed to draw up an amendment to the water rate ordinance of (Continued on Page 2)

LIONS DIGNITARY -- Officially greeting Mr. and Mrs. Robert J. Uplinger, from Syracuse, N.Y., when they arrived at Clovis Municipal Airport were Mr. and Mrs. Joe A. Helton of Texico. Uplinger is Third Vice-president of Lions International and Helton is District 40x Governor. Some 85 persons were in attendance at the district meeting, for which Uplinger was guest speaker, held in Texico-Farwell over the weekend. Left to right are Mrs. Helton, Mrs. Uplinger, Helton and Uplinger.

MRS. MARY KUBE
Mary Kube
Services Held

Funeral services were conducted from St. John's Lutheran Church at Lariat Monday for Mrs. Mary Augusta Helms Kube, 90, who passed away at Clovis Memorial Hospital Friday morning following an illness of three weeks.

The Rev. Herbert F. Peiman, pastor of St. John's, officiated at last rites and burial was in Oklahoma Lane Cemetery, directed by Steed-Todd Funeral Home.

Mrs. Kube was born Feb. 23, 1878, in Melheim, Tex., and was married to Wilhelm Kube in Lee County, Tex., Jan. 14, 1900. They lived in that area for many years and reared their family there, moving to Parker County and the Oklahoma Lane Community in 1925. Mr. Kube preceded his wife in death on Aug. 1, 1940.

Mrs. Kube was a member of St. John's Lutheran Church and had been a member of the Lutheran Church since the age of 14. She was mother of nine children, seven of whom survive. One daughter died in infancy and a son, Ernest Kube, passed away in 1965.

Survivors include five sons, B. H. and Rudolph, both of Farwell, Walter, Copperas Cove, Ludwig, Borger, and Albert, Muleshoe; two daughters, Mrs. Eddie Ramm, Muleshoe, and Mrs. Wilbert Zoch, Clovis; 11 grandchildren; 19 great-grandchildren; and one brother, Henry Helms, Lubbock.

Pallbearers were C. C. Christian, Walter Kreigel, Boone Allison, Dick Ceries, Henry Haseloff and G. P. Meisner.

Killing Frost Recorded

First killing frost of the year was recorded Friday morning, Oct. 18, when temperatures in Farwell dipped to a low of 28 degrees. In the West Camp area, farmers are reporting a low of 24 degrees.

The frost will speed up grain harvest operations, according to Johnie Williams at Sherry-Anderson-Pitman elevator in Farwell, who said, "By end of this week, harvest crews should be running full speed." He also stated that the frost did some damage to the cotton crops in the area since the cotton was not mature at time of frost. The cotton will be much lighter since the frost came at an earlier date than had been expected by area farmers, who were depending on several more days of warm weather to mature the crops.

The light rains which fell on Sunday night brought the harvest operations to a virtual standstill for a brief period on Monday. However, little appreciable moisture was recorded in the area. Some reports indicate that .10 inch of moisture was recorded.

Dr. Kay Speaks To Rural Letter Carriers

Dr. C. L. Kay, assistant president of Lubbock Christian College, will address the New Mexico Rural Letter Carriers' Association and Auxiliary Saturday, Oct. 26, 7 p.m., at a meeting at Hap's Smorgasboard, Clovis. Title of the talk by Dr. Kay is "America's Military Capability -- An Overview."

Dr. Kay was selected by Clark Clifford, Secretary of Defense, last summer to attend and participate in a conference conducted by the Department of Defense. Purpose of the conference was to give 70 civilian leaders, representing a cross-

section of American business and professional leadership, a first hand view of our armed services and observe operational demonstrations at Army, Navy, Air Force and Marine field commands.

He has delivered will over 2,000 addresses on the principles of the American System of Private Enterprise, the nature of man, comparative economic systems, and the religious, historical and moral values that have contributed to our economic well-being.

Master of ceremonies for the annual fall meeting will be Loren Wilson, Texico rural carrier. Business sessions will be conducted by Mrs. Roy Brooks, Anthony, New Mexico Association president, and Mrs. Quenten Cannon, Broadview, Auxiliary president.

Mrs. Loren Wilson will address the meeting on "These are Times". Representing the regional post office department will be Marcus D. Baca, Chief of Delivery Services from Denver, and John Vesey, Postal Service Office, Albuquerque.

Nickels Gin Receives First Cotton

Nickels Gin received its first bale of cotton for the current season Tuesday, Oct. 22, at 5:15 p.m. The cotton, of the Paymaster 202 variety, was brought to the gin by Orle A. Jones, from his farm south of Texico-Farwell.

Band Sets Car Dry

The Farwell Steer Band will again be holding a "car dry," at 1610 Main in Clovis this Saturday. The car will be washed for 50¢ and band students will dry the car for an additional 50¢.

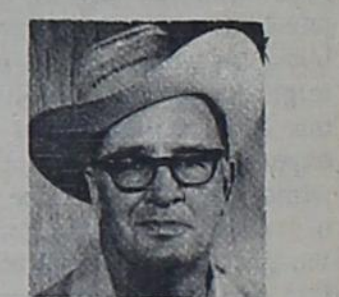

Funds raised from the event will be used in assisting to defray cost of the trip to Enid, Okla., and Tri-State Band Festival later in the year, according to Lynn Burton, band instructor.

DR. C. L. KAY

O. C. McBride

Dear Turnrow Tunkel . . .

DID YOU read where it has been discovered that teeth can be cleaned with sound waves?

It must work, at least in some cases. I have noticed that both my wife and Hubert Humphrey have real bright teeth.

I UNDERSTAND that cucumbers and cabbage soup are the main items in the diet of average Russians, who spend only 50 minutes a day eating.

With a menu like that, I could give them back 45 minutes.

WERE YOU surprised that Greek billionaire Aristotle Onassis proposed marriage to Jackie Kennedy?

I don't consider it any of my business, but a friend of mine--a veteran married man--says we now have two Greeks in the news: Mr. Onassis and Spiro T. Anonymos. He allows they have something in common--the tendency to say things on the spur of the moment that they may regret later.

JUDGING FROM your experience in WWII, would you say that men from the farms and ranches of the Southwest made good soldiers?

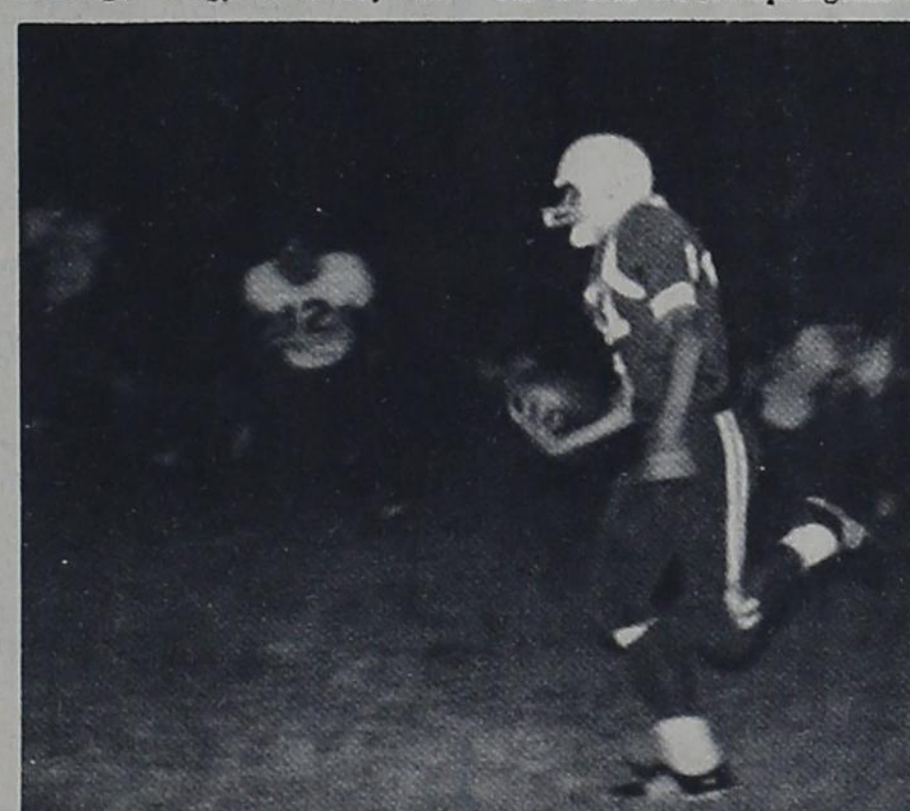

When things got rough, they were the best. It's pretty hard to shake a fellow who has worked on top of a windmill with a "blue Norther" blowing.

WHAT DID YOU think of Mr. Nixon's statement that if he is elected he will not ask Congress for a lot of new legislation; He thinks we have too many laws already.

His attitude could result in much unemployment. When Congress passes a new law, a bureau must be set up to administer, interpret and enforce it. The type of law doesn't matter, in fact the more complicated it is, the more employment it provides. This probably explains some of the legislation passed the last few years.

DON'T YOU think that Fall is the most pleasant time of year in the Southwest?

How about Winter, when it's too cold to plow, but just right to play dominoes?

HELD THE BALL -- Dean Stovall keeps control of the ball as he races for a 52-yard runback of a Springlake-Earth punt for a Steer TD in the second quarter of last week's 26-7 win in the first district tilt.

STOPS A SCORE -- Steer safety man Dan Prince, No. 84, hung tight on this tackle to keep a Wolverine back from scoring in the game at Springlake-Earth last Friday night. The Steers won, 26-7.

Beware of Ides of October! This is the time for reporting the standings of the husband-wife entries in the Annual Merchant's Football Contest.

At the halfway mark and entering the home stretch, Theo is leading Dodie Atkinson; Frances is badly beating Curtis Birchfield; Fred is one over Dickie Chandler, but Debbie is way out front of either one. Fern is leading Everett Christian, Rubie is nine over Bill Craft, Mrs. H. R. Crook is leading Mutt, and Evelyn is one up on Fred Curtis. Linda and David Dannheim are one up on Willie, but Willie is leading Lorine by four.

Dennis Ensor is heading that family; Ray Fordedged Jenoyce this past week to lead by one, Don Geries is showing his stuff by leading, and Yvonne Hardage is trimming Truitt. Greg is the leading Hargroves and Robert tops the Haseloffs. Doris is leading Buster Herington by two, and Gloria is the same over J. W. Herington. Gwen is four picks better than Joe Hughes.

Albert and Mrs. Johnson are displaying togetherness inatie. E. A. leads Mrs. Key. Dargin Kirk and Virginia are knotted up for a tie. Jack Kirkland goofed and did not get in last week so his wife Sue is ahead. Judy has tamed Leroy Kitten; T. J. is well ahead of Ysleta Kittrell this year; C. L. and Gloria Mahaney are tied; Dale leads Tom Paul McCuan by two; and John McFarland is leading Dobbie by three.

Ruth is tops in the Meeks department. Bill Moss had led Leona all season. Bunk and Billie Phillips are in a tie, but Glenn is leading Liz Phillips. Willie is showing Mrs. Roberts the way by one. Vernon is beating Omata Scott (inside info). Loyd has a long lead over Merlene Smith. Harold has opened a long lead over Jean Travis. Jim is Walking away in that family. We better not mention Jack Wardlaw. Nuff Sed.

This is the year of the political re-run. As we recall, the 1964 Presidential campaign was one in which the main aim was to tag the Republican nominee as a nuclear "nut". Again this year we find Hubert Humphrey calling Richard Nixon a nuclear "nut". He does so by accusing him of not supporting the nuclear non-proliferation treaty. A closer examination of this treaty is in order.

To begin with, history has shown that the Communist countries have broken EVERY SINGLE ONE of their treaties when it was to their national interest. Therefore, to sign a treaty and expect a Communist country to honor it is sheer nonsense.

Secondly, Mr. Humphrey says that a treaty will discourage other countries from developing their own nuclear weapons. Hog wash! It is the tremendous cost of technical developments that prevents smaller countries from going nuclear. Do you think that Castro, Nassar or Ho are discouraged from nuclear research by world opinion. No, it is only that their countries are too poor in resources and technology so they cannot afford to get into the nuclear club. Thirdly, what would the United States do if there were a treaty banning nuclear weapons, and we found out Nassar was violating the treaty? Would the U. S. invade the VAR? Would we take it to the UN? Or would we just stand around with egg on our face? Suppose we found out that Israel was developing a nuclear capability. Again, what would we do? Give Israel back to the Arabs?

Harping on a nuclear treaty is the rankest political cant. But this year we can expect just such inane bleatings from losing politicians that piously yell foul when it is suggested they are soft on Communism.

That Time Again

by Chris Moss
Ho hum . . . it's that time again. What time? Why time for the clocks to roll back an hour, of course. Seems that it has been just a whisper away since we were all moaning and groaning as we were asked to roll the clocks ahead one hour . . . to save time!

After the first furor of changing the clocks had passed it 'was' nice to be able to have a little more time to spend doing

yard work, playing golf, or just plain loafing around while the sun was still riding high in the sky . . . and the day's work was done. This of course, goes for people who work in offices and business firms, for as everyone knows, farmers work from sun to sun regardless of what the clock might say.

At any rate, come Saturday night, Sunday morning that is . . . 2 a.m., and everyone must roll the clock back an hour for another six months. Better be sure to attend to this little chore before retiring Saturday night or you just might arrive a little early for church Sunday morning!!

Deadline Monday

Monday is deadline for getting a name on the band calendar, according to Mrs. Weldon Tims and Mrs. J. W. Herington, officers of the Band Booster organization. They remind anyone who might have been missed in the drive, to call Mrs. T. J. Glenn, 481-9094, anytime Monday.

"We appreciate everyone who has assisted us in our fund-raising thus far," said Mrs. Tims and Mrs. Herington.

Chamber Sets Meeting

Regular meeting of the Farwell Chamber of Commerce will be held Tuesday, Oct. 29, at Clara's Restaurant at noon. A good attendance is encouraged.

Mrs. Kitty Patrick, mother of James W. Patrick, has been visiting in Farwell. Her home is in Quanah. She returned home Sunday.

Water Rates --

(Continued from Page 1)
1955, increasing the water rate by an approximate 20 per cent, effective Dec. 1.

Town Marshal Jim Light was given permission to sell the old two-way radio from the police vehicle as soon as the new one is installed. Selling price is \$100.

Members also discussed repair on the water tower and accepted the police magistrate report in the amount of \$715 for the dates Sept. 11-Oct. 14.

MARCHING BANDSMAN OF THE WEEK is Beverly Roberts, eighth grade student and daughter of Mr. and Mrs. B. J. Roberts. Miss Roberts was selected for the honor on basis of her performance at the Steer and Springlake-Earth game last Friday evening.

Old Barns And Pens Will Be Destroyed

Announcement was made this week by Supt. A. D. McDonald of the Texico school that the barns, north of the school which were used by the Vocational Agriculture Department, for many years will be destroyed by fire or other means, no later than Nov. 9.

Persons who have swine at the pens should make arrangements for keeping their animals in another place in the near future, Supt. McDonald states that the board took action on the matter in August and issued letters to persons who were using the barns, notifying them that they must keep the pens orderly and clean since they were creating a health hazard . . . if not then the barns and pens would have to be destroyed. Abuse of the property continued; therefore at the last meeting of the board a decision

Carnival Gross Intake \$650

Gross intake at the Texico School Carnival last week was \$650. A part of the proceeds will be used to buy additional tables and chairs for the elementary and high school libraries.

The sophomore class will be recipient of a party sponsored by the Student Council for selling the most tickets to their concession stands, "Ring toss and tire throw."

Crowned as queen of the carnival was Cindy Cain, phase 102; Alan Hille, phase 103, was crowned king of the carnival. The coronation was highlight of the carnival, which got underway last Friday at 7:30 p.m. in the high school gym.

was reached to destroy the offending property no later than Nov. 9, thus allowing 30 days for persons having animals at the property to make arrangements for keeping the animals elsewhere.

The school official was quick to state that the barns were not in use by members of the Vocational Agriculture Department at time the decision was reached, but that individuals in the area had taken over the pens and barns for their use.

Lt. Deatherage Receives Degree

Lt. Gary Deatherage, son of Mr. and Mrs. Boots Deatherage, former Farwell residents, was recently graduated from Kansas State University with a Ph.D. degree. At the time Lt. Deatherage received his degree, his wife received a master's degree from the same school.

Lt. Deatherage has reported to Fort Sam Houston at San Antonio where he will be stationed with the Army.

The lieutenant is a nephew of Mrs. Otis Huggins of Farwell and also a grandson of Mrs. C. D. Carter of Friona.

Mrs. Elizabeth Rolland and Mrs. Doris Darby and children, Darin and Lesa, spent the weekend in Odessa visiting in the home of Mr. and Mrs. Nathan Harding.

Workers At Plant Strike

Operation at Missouri Beef Packers at afriona was brought to a virtual standstill last Thursday morning when more than 225 workers went on strike.

A spokesman for Amalgamated Meat Cutters and Butchers Workmen of North America, Lodge 447, of which the striking workmen are members, said the strike was called due to the rising cost of living.

A company spokesman said the striking workmen are asking for a \$1.00 an hour increase in wages and benefits. The spokesman also said that on Sept. 25 contract was signed and agreed upon by both parties; however the workers are now demanding the \$1.00 increase in addition.

Fred Tilman, international representative for the union, said that the union and company had met on Sept. 25, but that the contract had not been approved.

Supervisory personnel at the plant said at this time no talks have been scheduled and the personnel are in the process of cleaning up the plant.

Steers Of The Week

STEERS OF THE WEEK -- Named by Coach Toby Booth as "Steer of the Week," for their performances in the district tilt with Springlake-Earth last Friday were Dan Prince, Kyle Sheets and Charlie Bowery.

DAN PRINCE

CHARLIE BOWERY

Hospital Notes

Mrs. Kittle Newton, who suffered a broken arm in a fall at her home recently, was hospitalized in Parmer County Community Hospital for several days. She is now recuperating at the home of a daughter, Mrs. Frances Porter, in Sudan.

Mrs. Roy Snodgrass, who underwent surgery at Clovis Memorial Hospital Tuesday morning, is described as in satisfactory condition at press time.

Mrs. Joann Getz, who was hospitalized in Clovis Memorial Hospital for several days, has returned home.

Students Have Brief Holiday

Students in Texico School have been enjoying a brief holiday this week while teachers in the school were in Albuquerque to attend the annual meeting of New Mexico State Teacher's Association.

School will resume in Texico at the regular time on Monday morning, according to James Pierce, high school principal.

Deputy Sheriff Tom Atkins and Hugh Moseley, county tax assessor-collector, are attending a Masonic Lodge meeting in El Paso this week.

GOOD CITIZEN -- Weldon Embry, a seventh grade student and son of Mr. and Mrs. Floyd Embry asks, "Do you know what Halloween is all about?" after being named "good citizen" at Farwell Junior High School for the week Oct. 14-18.

Wins Weekly Contest --

Anderson Calls Nine Right

Emerging as the first place winner in the sixth week of the merchant's football contest was R. W. (Bob) Anderson who called a total of nine games right and missed the tiebreaker score by a scant three points. Coming in for second and third place honors, respectively, were Bunk Phillips and Jim Wiman. They missed the tiebreaker score by narrow margins of five and six points, and also called nine games correctly.

Others calling nine games right, but failing to get into the winners column, were John Adams, Mrs. W. M. Roberts, Gary Erwin, Ann Norton, Lynne Kittrell, and Randy Crook.

Three entries were turned in without names on them; therefore if you turned in an entry and think you might have omitted your name - please come in to the Tribune office and tell us the score you picked and the teams you chose as winners last week and the entry will be credited to you -- this could make the difference in a person getting into the winners column for the grand prize or second place prize at end of the contest . . . 'better check' and see if one might have been your entry.

In the overall contest Greg Meeks, who has been leading in the contest for the past several weeks still clings to a one game lead, with 40 games called right. Five persons, John Adams, Glenn Phillips Gene Sheets, Loyd Smith and Jim Wiman, with 39 games called right are in second place.

In third place with 38 games correct are Buck Gregory, Den-ny Lunsford, Earlene Porter, Mae Porter, Vernon Scott and Terry Travis.

Sixth week of the contest saw 14 new entries in the contest. It's not too late - join in the fun Now-- You could be a weekly winner!

CHAMP for the week in picking correct football games is Banker Bob Anderson, who smiles his approval as Mrs. Susie Hammonds, bookkeeper at Sherley-Anderson-Pitman Elevator, presents him a check and congratulations on his winning entry. Mrs. Hammonds invites area farmers to bring their grain to the elevator for top prices.

Junior High Second In EPAC Tourney

Texico Junior High School boys won second place in the EPAC baseball tourney which was completed over the week-end. In their first game of the tourney, they defeated Elida 15-6. Second game saw the Texico group defeat Floyd 14-1 and third game saw them defeat House 8-1.

Final game of the series they were eliminated by Dora 2-1. The championship game was scoreless until the sixth inning when Texico made an error letting two Dora runs cross home plate. Dora then made an error allowing the Texico run to come home.

The Texico varsity team was eliminated from the tourney in their first outing with Elida on Tuesday. Final score was 11-6.

Melrose eliminated the junior high girls from the tourney by defeating them 14-9. In this tilt Texico was in the lead until the fourth inning when they allowed Melrose to cross the plate with ten runs to their nine.

Senior high girls were also defeated by Melrose 11-1. Cynthia Armstrong was losing pitcher for the high school girls. Losing pitcher for the junior high group was Vickie Richardson.

SECOND PLACE -- Texico Junior High School softball team won second place in the Curry County Tournament last week, taking games from Elida, Floyd and House and losing the final game of the tourney to Dora 2-1. During season play, they won seven games and lost two. Team members are, L to R, front row: Dale Fought, Albert Steward, Ronnie Winegeart; second row: Herman Eyllcio, Gerald Dan Whitener, Ricky Ketcherside, Johnny Rivas, Arturo Esparaza, Frankie Tipton; backrow: Coach Charles Coburn, Roy Arnold, Doug Harrison, Randy Skaggs, Terry Yell.

High School Dance Set

All high school students are invited to a dance at Farwell Country Club following the football game on Friday night, Oct. 25. The dance will be sponsored by several members of the Country Club and it "will be over at 12:30." Refreshments will be served.

Eighth Grade Wins District Tilt

Farwell eighth grade defeated Springlake eighth grade by a one touchdown margin in their first district game, played at Steer Stadium Thursday night. Final score was 12-6.

First Farwell TD came on a 68-yard run by Ray Norton and the other Farwell TD came on a pass from Johnny Boling to Ronald Steele. "This was a fine team effort," said Coach Jerry Dee Owen.

In the first game of the day, Farwell seventh grade was defeated by Springlake seventh grade 32-8. The single Farwell TD came on a pass from Kevin Hardage to Kevin Hargrove.

Extra points came on a pass from Kevin Hardage to Ricky Williams.

Both of the teams will play Kress teams in Kress today (Thursday) beginning at 5 p.m.

Ford Holds Legislative Forums

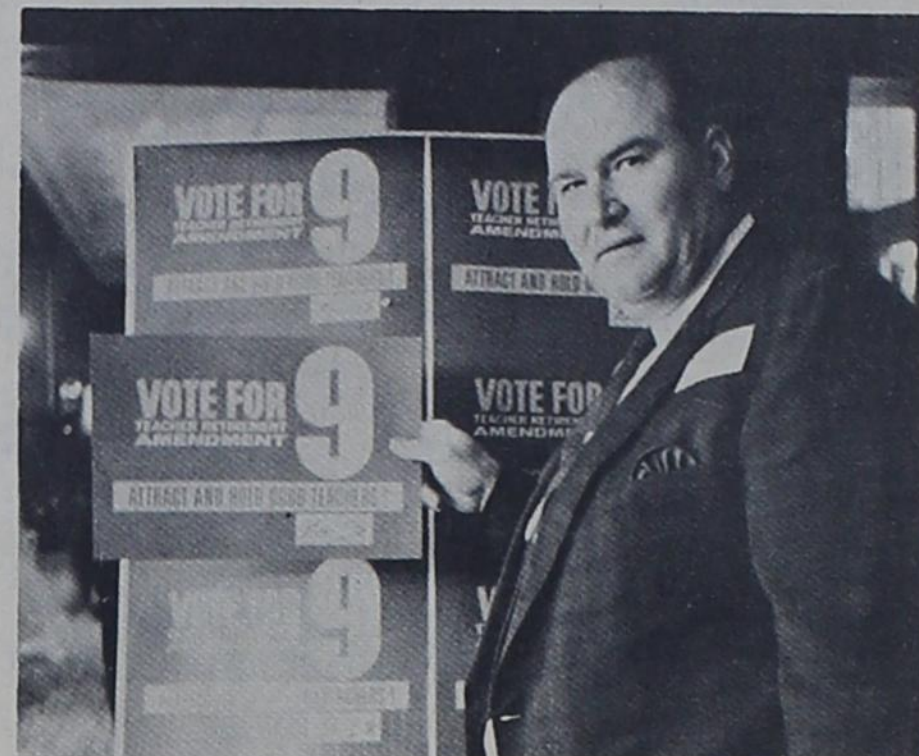

Frank Ford, Republican candidate for State Representative, 72nd District, has scheduled a series of "Legislative Forums" in Parmer County for Oct. 30. First of the forums will be held in Farwell at 1 p.m., according to Herman Geries, local campaign manager.

Other forums scheduled are Bovina 2:30 p.m., Lazbuddie 4 p.m., and Friona 5:30 p.m. All area persons are urged to come by and visit with Ford on issues of the forthcoming election.

"I have taken my campaign to the people of this area on the issues from the start," Ford said, "and I will never attempt to enlist various power structures to exert pressure on the people in my behalf. We are to the point now in our nation when we must renew our sense of mission, and this renewal can come only from the people who make up the strong, silent center in American political life."

"Texas has lost one-sixth of its farmers since 1960," said Ford, "And the average age of the farmer in Texas is now 54 years. If the family farmer is unable to make a decent living due to the cost-price squeeze, then we will lose many of our small businesses and small towns also, as the corporate farmer will usually by-pass local merchants with volume purchasing."

"Maximum effort should be made at every level," Ford continued, "To reverse this trend toward centralization of population and purchasing power, and we must push for more research and promotional funds for Texas agriculture. We can also continue efforts to see that processing plants for all our products are located in our area, where the food and fiber is raised," he concluded.

FOR AMENDMENT NO. 9 -- James Craig is among local teachers who will be working to secure passage of Amendment No. 9 to the Texas Constitution November 5. The amendment will remove the salary ceiling on which teachers can now contribute toward their retirement. A similar ceiling was removed for state employees several years ago. Craig is president of the local unit of the Texas State Teachers Association.

VOTING RECORD & POSITION

★ Water Development

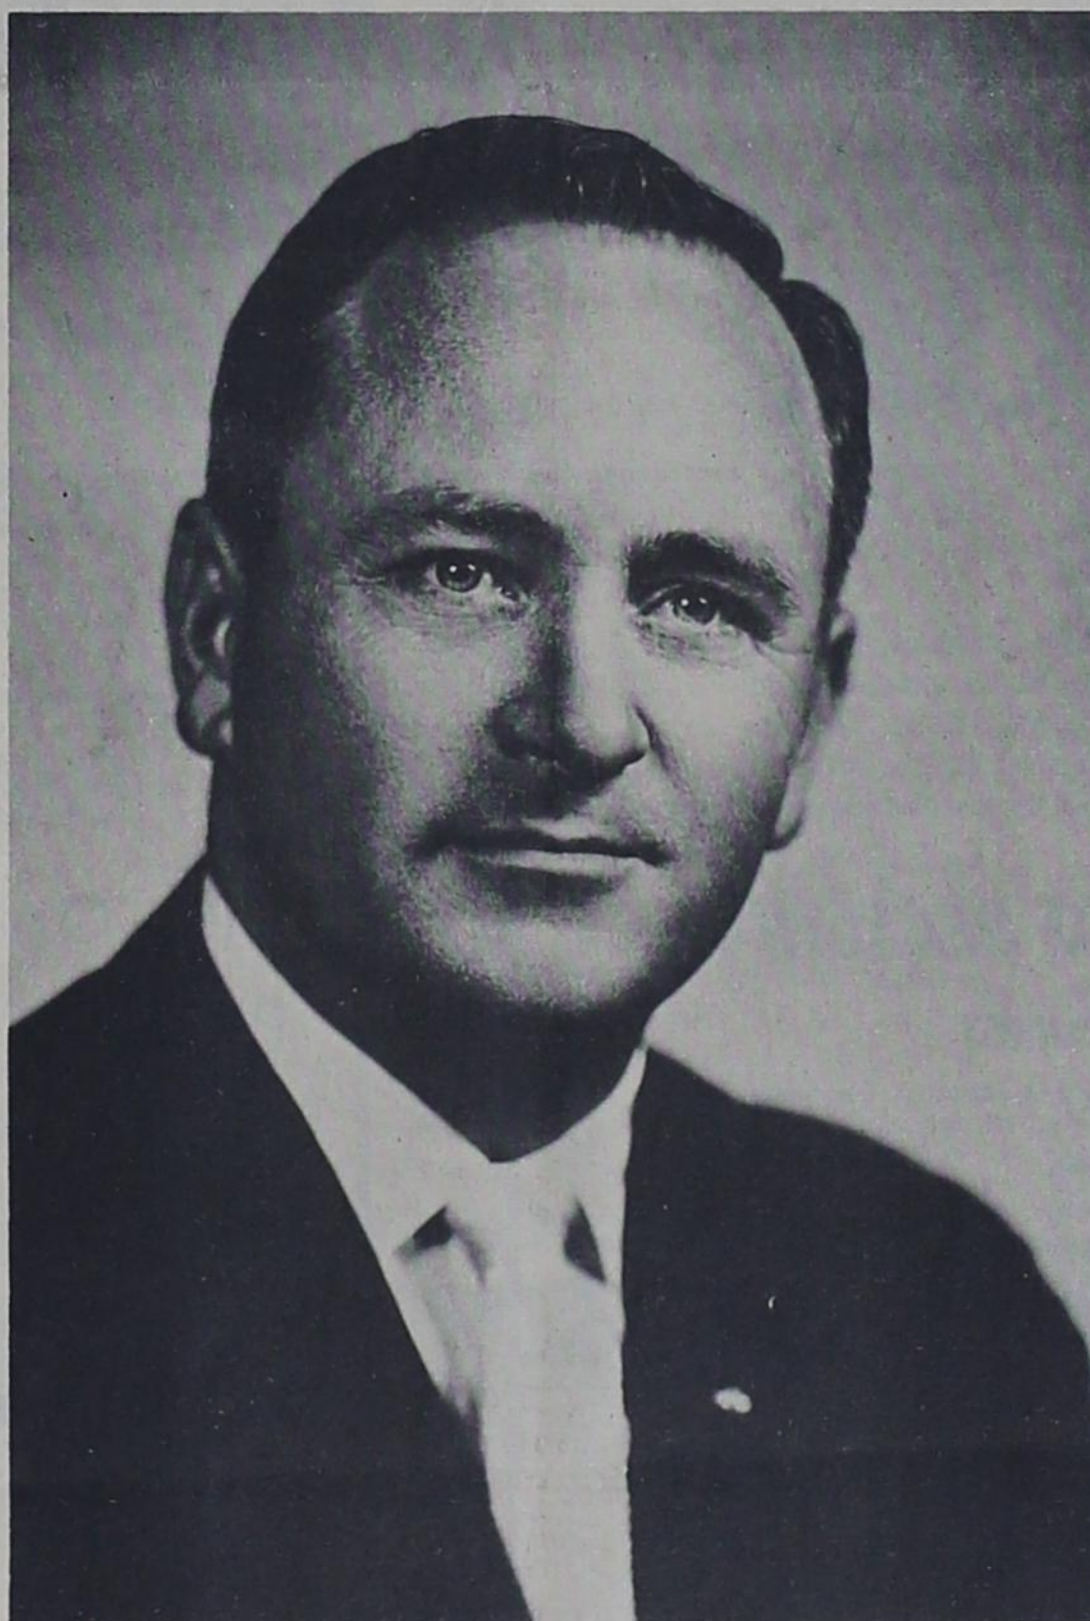

Bill Clayton has been directly associated with every major piece of water legislation passed during the last six years. He is recognized by his colleagues as being one of the most effective and well informed members of the Texas Legislature on water and soil resource development and conservation. Bill Clayton knows the vital importance of water, not only to your future, but to the future of the entire State. Past accomplishments and effective leadership have made Clayton vital to continued progress in development of water resources for the High Plains.

★ Education

Child by child we build our nation . . . tomorrow depends on today's children and young adults. Bill Clayton is ever mindful of the need to raise our standard of excellence in the Texas school systems. This can only be done through the uprating of the Texas schools, and dedicated recruitment of the finest teachers. Clayton co-authored a bill that created the "Coordinating Board of Texas Colleges and University Systems." His voting record shows a continued support of teacher pay-raise and the strengthening of all educational systems in Texas.

★ Law Enforcement

Today, law enforcement agencies are facing new problems. Bill Clayton is concerned about the breakdown of law and order. Clayton has been active in seeking higher salaries for law enforcement officials and uniform standard procedures. Bill Clayton served on a special House Committee which will suggest revision of our obsolete liquor laws. Clayton believes that all people must respect the law and that proper enforcement is essential to maintain law and order.

BILL CLAYTON

Representing
The 72nd

Legislative
District

Your Effective Voice In State Government...

Take advantage of this opportunity to keep your firm grip in the State Legislature by going to the polls on November 5th, and casting your ballot for BILL CLAYTON.

THE 72nd DISTRICT NEEDS BILL CLAYTON

Bill Clayton For Better Gov't. Fund, Virgie Haile, Chm.

VOTING RECORD & POSITION

★ Industrial Development

Bill Clayton knows that industrial development helps to stabilize the economy of any given city or area. During his six years in the Legislature, Bill Clayton has worked aggressively for industrial development for our area of the State. Several smaller cities in our 72nd Legislative District now have airports as a result of Clayton's assistance in starting a program of State grants. These State grants are financed with unclaimed gas tax refund on aviation fuel. Bill Clayton knows that airports help encourage industry in less densely populated areas.

★ Tourism

Bill Clayton has worked hard for tourism during his six years as State Representative. Clayton, House Speaker Ben Barnes and other interested legislators were successful in establishing a National Park in the Big Bend area of West Texas. The water importation program being led by Clayton will develop many new recreational opportunities with huge water reservoirs for fishing and boating. Bill Clayton realizes both the need for more recreational facilities in his district and increased business activity from tourist trade.

★ County, City & Local Government

Bill Clayton has been a strong advocate of local government. He is currently serving as chairman of the Committee on Counties of the Texas House of Representatives. Clayton believes that government at the county and city level are more responsive to the people and whenever possible they should take the lead and the responsibility of many governmental programs and functions. Clayton has authored many bills that benefit the cities and support the idea of allowing cities the option to choose their own method of taxation. Bill Clayton is needed on the job for more effective responsible county, city, and local government action.

Portraying Area Homemakers

by Chris Moss

Mrs. "Butch" (Fern) Tharp has never written a best seller, a TV play or scaled any of the highest mountains, but when it comes to making a home a more successful person can not be found.

Fern, youngest child of Mr. and Mrs. Odom Smith, was born in Texico, but moved to Farwell at the age of four years. She attended Farwell schools and was graduated from that institution in 1960. Soon after graduation she was married to Nathan "Butch" Tharp and they set up housekeeping in Texico. She has made her home in Texico since that time and she and her family now live at 612 Garwood Street.

During her years in high school Mrs. Tharp worked for a short while at Rose Drug Store, but has not worked since her marriage. She is active in church circles teaching two and three year olds at the Texico First Baptist Church Sunday School, where the family are active members. She is also an associate member of the Companion Sunday School Class.

Fern is mother of three children, Clint, seven years of age, and a second grade student at Texico School, Rhonda, four and one-half years of age and a student at Craft Kindergarten, and Craig, 20 months old.

Hobbies for Mrs. Tharp include cooking, sewing and painting (not pictures but redecorating her house inside). She also likes flying and on every possible occasion accompanied her husband (a licensed pilot) on trips in his private plane.

She makes most of her own clothing and that of daughter Rhonda; and for good measure makes pajamas for the boys and other family members. At this time she is busily engaged at her sewing machine making varied Christmas gifts, for nieces, nephews, and other family members.

Favorite foods at the Tharp home are hot breads, roast and potatoes. Since hot bread is a family favorite Mrs. Tharp has found a recipe which can be made several days ahead and then baked when needed.

SEWING is one of the things Mrs. Fern Tharp enjoys most and she is spending many hours at this time making "Yule" gifts for children in the family as well as catching up on a "bit" of sewing for herself.

REFRIGERATOR ROLLS
1 cup boiling water
1 cup shortening
1 cup sugar
1 1/2 teaspoons salt,
2 eggs-beaten
2 packages dry or fresh yeast (she prefers fresh yeast)
1 cup warm water
6 cups sifted all-purpose flour

Pour boiling water over shortening, sugar, and salt; blend well and add beaten eggs; dissolve yeast in warm water-stir until completely dissolved-add to first mixture. Add flour and blend well mixture will be sticky (do not add additional flour) cover and place in refrigerator for future use. May be kept for a maximum of one week, but must be refrigerated at least four hours before using.

When preparing to bake remove from refrigerator and place on floured board-work slightly and make into rolls (at least three hours before baking) place in greased pan and cover to rise. After three hours place in oven and bake 12-15 minutes at 425 degrees. Remove from oven and slightly brush tops with melted butter. Serve.

HOLIDAY SALAD
1 package strawberry gelatin
1 cup hot water
Juice from small can of pineapple, add enough water to make an additional cup of liquid for the gelatin-stir until gelatin is dissolved, add 1 small package cream cheese - place in refrigerator to cool but do not allow to set; add 1/2 pint cream (whipped) and the small can of pineapple from which juice was used; to this mixture add 1/2 cup pecans or more if desired. Allow to become thick-but not firm-pour into gelatin mold of desired design and let set overnight. Do not remove from mold until ready to serve.

Attend Funeral

Mrs. True Bell accompanied by her daughter, Mrs. Betty June Durham of Dimmitt, was in Uvalde last Tuesday to attend funeral services for a brother-in-law, Otis J. White, who passed away following an extended illness.

They returned to Farwell on Tuesday.

I AM THE NATION, a patriotic reading, was presented to Lions from District 40X by Mary Rando, a Friona High School Student, at their district meeting held in Texico-Farwell over the weekend. Accompanist for Miss Rando was Eva Miller, also of Friona. Accompanying Miss Randy and Mrs. Miller to Texico-Farwell was Mrs. Aubrey Rhodes.

Innovations In Education Discussed

Texico Woman's Club met at Clara's Monday evening with Nanette Baldrige, high school senior, and James Rogers, elementary principal, as guest speakers. Miss Bladrige spoke on her trip to Girls' State last summer; she was sponsored by the Woman's Club. Rogers spoke on "Innovations in Education," telling something of the changes in education across the country.

Following the program and prior to the business session, pie and coffee were served to the three guests and 13 mem-

bers in attendance. Hostesses for the social were Mmes. Louise Engram, Sylvia Burgett and Norma Rogers.

A financial report was given and members voted to donate \$25 to the Community Association to use in renovation of the old community building. Mrs. Jerri Tharp and Mrs. Gale Engram were elected as delegates to the district Federated Woman's Club meeting which is set for Nov. 14-15 in Lovington.

Projects for the year were discussed, but no action was taken.

Guests attending were Jim Rogers, Nanette Bladrige and Mrs. Fred Baldrige. Members present included Mmes. Colleen Axe, Barbara Trimble, Margaret White, Audrey Kirtrell, Jerri Tharp, Louise Engram, Wanda Turnbough, Janie Lebow, Gale Engram, Charlotte Pierce, Norma Rogers, Lois Hudnall, and Marcia Leavell.

School Lunch Schedule

AT
TEXICO

MONDAY: hot dogs w/chili, onions, pickles, baked beans, Dutch apple pie, milk.

TUESDAY: sloppy joes, carrot sticks, fruit gelatin, cinnamon rolls, milk.

WEDNESDAY: beef stew, toasted cheese sandwiches, celery sticks, snickerdoodle cookies, milk.

THURSDAY: steak and gravy, whipped potatoes, tossed salad, hot rolls, butter, cake, milk.

FRIDAY: fried chicken, creamed potatoes, tossed salad, hot rolls, butter, preserves, milk.

Community Association Organized

At a recent meeting at the community building in Texico, a Community Association was organized. Serving as president of the group will be Jim Bob Smart. Mrs. Juanita Autrey is acting secretary-treasurer of the group.

Purpose of the Community Association is to make necessary repairs to the community building to make it usable for community affairs. In order to make the building meet health requirements, it has been necessary to install a vented hood over the range, vent the heating facility, and install additional plumbing. Cash and pledges were received at the meeting toward having the necessary work done. In addition, anyone in the community who desires to assist in this worthwhile project and who wishes to donate either money or labor, is asked to contact Mrs. Autrey. Work has already begun on making repairs, with several persons volunteering their time and labor.

At a recent meeting of the Texico Town Council, a ten-year lease on the building was granted to the Texico Community Association and the building will be available for use by anyone desiring it. In the past, the building has been used by various organizations to sell foods, hold dinners, etc. and plans call for the same services to continue.

Marriage Licenses Issued

Four marriage licenses were issued from the office of Parmer County Clerk Bonnie Warren during the past week. The permits to wed went to Perferio Bernardino Lopez and Rose M. Betancourt-Oct. 15; Norvell

Mrs. C. C. Christian, president of Farwell Study Club welcomes Mrs. Decker, left, president of Caprock District Federated Woman's Clubs of Texas, who was guest speaker at the Monday night meeting of the Study Club.

Mrs. Decker Speaks To Study Club

Farwell Study Club met at the Methodist Church Monday night with 11 members and three guests in attendance. Special guest was Mrs. Decker, of Floydada, president of the Caprock District Federated Woman's Clubs of Texas. Other guests were Mrs. Ophell McDonald and Mrs. Patsy Webb.

Mrs. Hope Shuman opened the meeting by reading the club collect after which Mrs. Cricketer Taylor introduced Mrs. Decker, who was guest speaker. Mrs. Decker spoke on the topic "Enthusiasm in Being Involved!" She explained that there are many kinds of club

members, but that the ideal member is the one who is always enthusiastic about everything her club does. She ended her message by commenting that patriotism is a theme which should be carried out at all

Houston Wilson and Patricia Ann Smith-Oct. 16; Virgil Lee Steidle and Grace W. Bussard-Oct. 17; and Guadalupe Estavan Cruz and Lydia Guersero Perez-Oct. 18.

Whats Cooking At Farwell School

MONDAY: baked ham, buttered corn, spinach, hot rolls, strawberry shortcake, milk.

TUESDAY: ranch style beans, creamed potatoes, buttered squash, orange juice, whole wheat bread, milk.

WEDNESDAY: barbecue, buttered whole potatoes, green beans, carrot sticks, gelatin made w/orange juice, bread, milk.

THURSDAY: hamburgers w/ lettuce & tomatoes, onions & pickles, cheese slices, French fries, pears, milk.

FRIDAY: salmon croquettes w/catsup, English peas, orange juice, peaches, bread, milk.

A TIME FOR DECISION

A Presidential election, the most important one in our lifetime, is close upon us. With three candidates in the race Texans are confronted with such a variety of appeals that some confusion is not surprising. We see some of our top state political leaders urging support of Hubert Humphrey on the self-serving appeal of party loyalty. We see fine Texans tempted to support George Wallace because they like his outspoken position on certain issues and are thus swayed by an appeal of sheer emotion. With full respect for the right of every Texan to make a personal decision, this message in behalf of Richard Nixon is offered as

...AN APPEAL TO REASON!

HUBERT HUMPHREY WILL NOT

change. He has proved consistently anti-Texas. He is famous for his filibuster against Texas owning its tidelands. He has fought our right-to-work laws and sought to destroy our vital oil depletion allowance. On every issue of world importance his position is contrary to that of most Texans. Humphrey, an ultra-liberal founder of the ADA organization, would gain executive authority for radical minority viewpoints should he become president. This cannot happen by popular vote. In view of his vicious attacks upon George Wallace, what a ghastly miscarriage of intent it would be if Wallace supporters themselves should throw the election into the House of Representatives where every Wallace vote in Texas would automatically go to Humphrey!

GEORGE WALLACE CANNOT

be denied his impressive showing. A number of fine people heed his third party call. The very least that can be said is that he has dramatized the desires of many people for a change of direction in the affairs of our government. However, the very most his supporters can hope for is to split the popular vote so that all of us would be at the mercy of Washington politicians who would elect our president for us. This is Hubert Humphrey's only hope for election. The more positive way to vote for change is to recognize the many fine merits of Richard Nixon and his program, then vote for Nixon to assure the election of our president by the people instead of by the Congress!

RICHARD NIXON CAN...AND WILL

supply dynamic, experienced leadership for an immediate change of direction—at the top—in all our national affairs at home and around the world. Your concerns are his concerns!

• NIXON ON LAW AND ORDER is pledged to help improve local police protection, to appoint an Attorney General dedicated to rooting out crime, to restore balance in our courts strengthening peace forces against criminal elements and to cease freeing so many of the guilty on technicalities.

• NIXON ON VIET NAM will call upon his experience as vice-president during eight great Eisenhower years of peace to reform world alliances now in disarray, to redirect our strategy on new global terms. He will end this war and avoid future ones by dealing with adversaries in the only way they respect—through strength, collective security and patience.

• NIXON ON LOCAL GOVERNMENT is pledged to move control of local schools and all other governmental functions which properly belong at the local level closer to the people.

• NIXON ON OTHER PROBLEMS has solid solutions PLUS solid backing of enough members of Congress to implement those solutions.

IF YOU REALLY WANT A CHANGE... AND IF YOU WANT TO BE SURE YOU REALLY GET IT... VOTE FOR NIXON/AGNEW

Bettye Clark, Larry Cloud Exchange Wedding Vows

Wedding vows were exchanged recently by Bettye Karen Clark, daughter of Mr. and Mrs. Alvis Clark of Rte. 1, Texico, and Larry Roy Cloud, son of Mr. and Mrs. Roy Cloud of Clovis, at Sandia Baptist Church in Clovis.

The double ring service was read by Rev. Hugh Grazier, pastor of Dora Baptist Church, before a setting of 15-branched candelabrum, flanked by 15-branched spiral brass candelabra, entwined with mums and greenery, centered by a large arrangement of white mums and gladioli. Focal point of the altar setting was a kneeling bench, entwined with mums and greenery, upon which the couple knelt for the benediction. Two three-branched candelabra and palms of emerald greenery completed the altar setting. Family pews were marked by hurricane lamps and white satin bows.

The bride approached the altar, escorted by her father, on a white crushed velvet aisle carpet. She was attired in a formal wedding gown of white peau de soie and Chantilly lace. The gown was designed with a scooped neckline, accented by appliques of lace, and long sleeves terminating in points over the hands. Front panel of the dress was accented at either side by Chantilly lace and seed pearls, which also completed the bottom of the floor length skirt. The floor length veil which terminated in a chapel train was outlined in the same lace and seed pearls.

She carried a bouquet of white roses and stephanotis surrounding a single white orchid, atop a white satin and lace-covered Bible.

Following tradition, something old were pennies minted in the years of the bride's birth; new was her wedding attire and a strand of pearls, a gift from the groom; borrowed were shoes from her sister; and blue was a garter, a gift from Mavis Goodman.

Bridal attendants were matron of honor, Mrs. Janine Bowles of Las Vegas, Nev., sister of the bride; bridesmaids were Mavis Goodman, cousin of the bride, and Carolyn Langford of Texico, a lifetime friend. The matron of honor was attired in a floor length gown of American Beauty Rose, designed with an empire waist accented by a short train lined in pink taffeta.

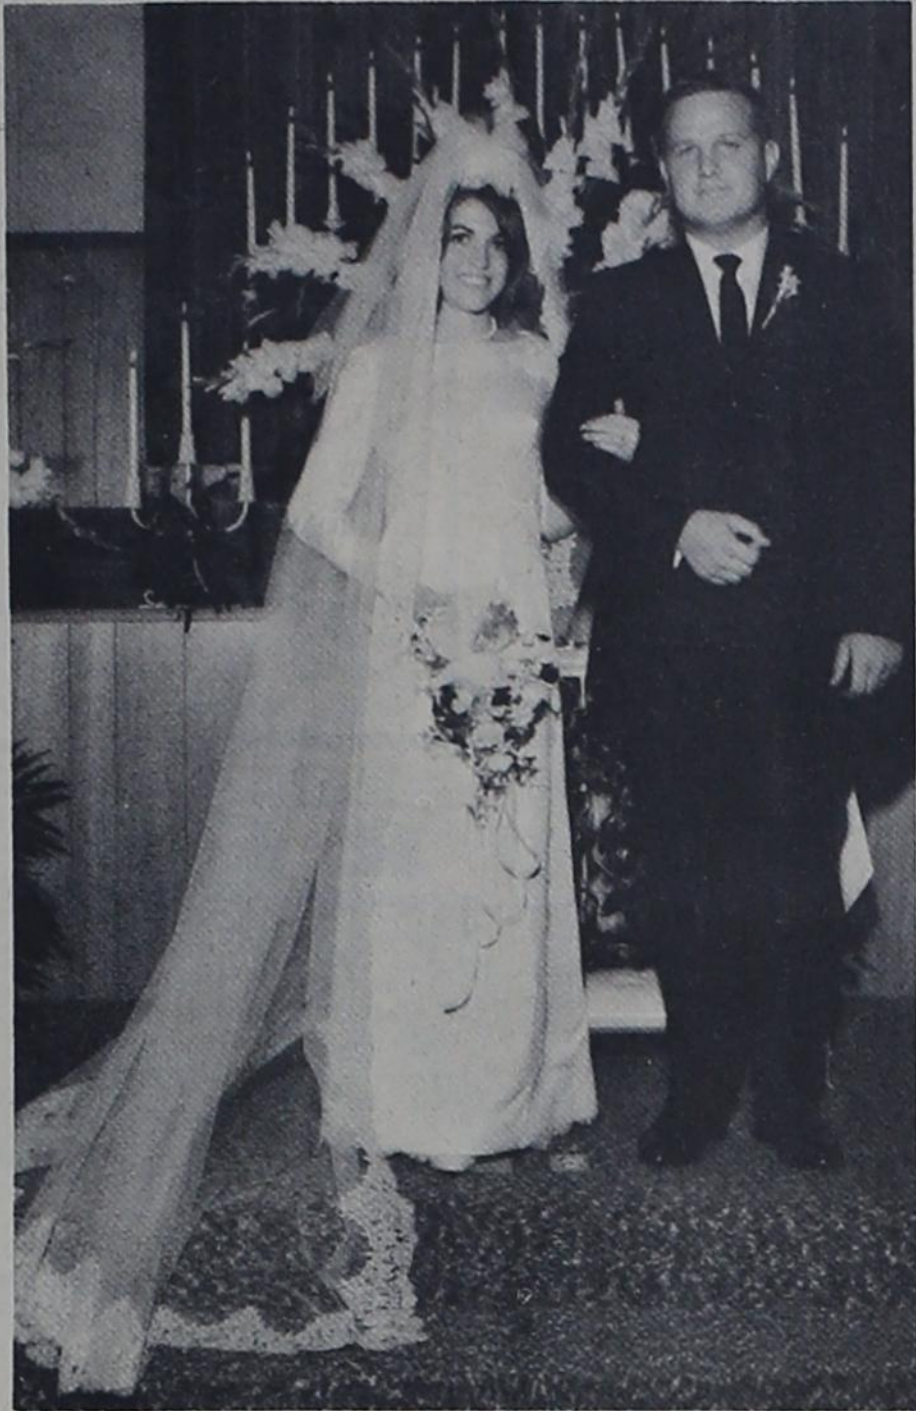

Her shoes were dyed to match and she wore a short veil of illusion in matching hue, held by a large velvet American Beauty Rose bow. Her attire was completed by elbow length white gloves.

Bridesmaids were attired in identical American Beauty floor length gowns of velvet, with shoes dyed to match. They wore matching short veils and white elbow length gloves. All bridal attendants carried cascades of pink carnations and roses tied with American Beauty Rose ribbon and streamers.

Connie Pierce, flowergirl and cousin of the bride, wore a floor length dress identical to other attendants and carried a basket of pink rosebuds.

Candlelighters, Paula Sue, Debra and Kathy Clark, cousins of the bride from Albuquerque, were attired in identical floor length gowns of pastel pink peau de soie, designed with short sleeves. Their shoulder veils were held by large bows in matching hue. They wore pink carnation wrist corsages.

Serving as bestman was Steve Stallings, Clovis. Groomsmen were Carl Dellinger, Las Vegas, Nev., and Sandy Vandevender, Portales. Ushers were Dwight Bowles of Las Vegas, Nev., brother-in-law of the bride, David Miller of Oklahoma City, brother-in-law of the groom, and Clayton Stall-

MR. & MRS. LARRY R. CLOUD

ings, Tucumcari. Ringbearer was Stephen Frazier, Dora, N. M. He carried the rings on a pillow made by the late Mrs. Bettie Pierce, grandmother of the bride, for another granddaughter, Mrs. Neta Gant, several years ago.

Organist Kathy Heglin, provided nuptial music preceding the ceremony and also accompanied soloist Larry Coffman, who sang, "Twelfth of Never," "Ther Wedding Prayer," and also accompanied the groom who sang, "More" to the bride, as she began the march down the aisle.

Mother of the bride chose a dress of pastel pink lace over satin with matching hat and shoes. Her corsage was of pink carnations.

Mrs. Cloud, mother of the groom, chose a dress of rosy mauve silk brocade, with matching hat and shoes. Her corsage was also of pink carnations.

A reception was held immediately following the ceremony in the activity room of the church. Bride's table was laid with white net caught at the corners with white satin bows and centered by an arrangement of white mums, chrysanthemums and snapdragons, flanked by crystal candleholders holding white tapers. White cake was served with punch, mints and nuts, by Barbara Goodman and Marilyn Pounds.

The groom's table was covered with a mulberry colored linen table cloth and featured a silver coffee service and an arrangement of fresh grapes surrounding a silver compote in which a variegated candle was burning. Mrs. Jan Denton served the red velvet cake and Mrs. Dewey Pierce and Mrs. Ray Barnes, hostesses, alternated at the coffee service. Guests were registered by Mrs. Pat Miller, sister of the groom.

When the couple left for a wedding trip to points in Texas, the bride wore for travel a beige double-knit coat and dress ensemble. Her accessories were black and her attire was complemented by the orchid taken from her bridal bouquet.

The bride, a graduate of Clovis High School, has attended Eastern New Mexico University and plans to continue her education.

The groom, also a graduate

of Clovis High School has also attended Eastern New Mexico University and is presently serving in the United States Navy, where he expects to be for the next four years.

Out-of-town guests attending the wedding included Messrs. and Mmes. Dwight Bowles, Jack Watkins, Robert Romans, Garrie Hutson, Tommy Guy and family, Paul Clark and family, Hugh Frazier and family, Ray Pierce and family, Joel Currell, and Mrs. Wm. E. Boswell, Mrs. J. W. Hall and Derek, Tom Nelson, John Irvin, Kathy Tomson, John Dickerson, Margaret Ricker, Susie White, and Julie Hemperley.

Prior to the wedding several courtesies were extended to the bride. Showers were held at the Pleasant Hill Community Center and Sandia Baptist Church; a lingerie shower was held in the home of Carolyn Langford, and a morning coffee was held in the home of Janet Sharp. Mavis Goodman also hosted a dinner at a Clovis restaurant for the bride and her close friends and attendants.

On the evening before the wedding, a rehearsal dinner was hosted by parents of the groom, Mr. and Mrs. Roy Cloud, at a Clovis restaurant. Head table was centered with an arrangement of pink snapdragons and carnations and accented by streamers of pink and rose. Light pink and rose colored candles in crystal holders were placed alternately on the serving tables.

Mr. and Mrs. Monty Parson recently returned from a trip to California and Arizona. In California they visited with various relatives and also spent some time sightseeing. In Arizona they visited Old Tombstone, Grand Canyon and other places of interest.

A Son For Ronnie Dials

Mr. and Mrs. Ronnie Dial of Albuquerque announce the arrival of a second child, a son, at an Albuquerque hospital at 7 p.m., Oct. 22. The little boy weighs 8 lb. 10 oz. and has been named Roger Byron.

Other child in the family is Shellie Kay, five years of age.

Paternal grandmother of the new arrival is Mrs. Clytie Dial of Farwell. Maternal grandparents are Mr. and Mrs. Byron Fort of Tatum, N.M.

Hughes Honored With Housewarming

The home of Mr. and Mrs. Walter Hughes at Country Club Estates was scene for a housewarming Sunday afternoon. Approximately 75 friends attended the social and others unable to attend sent gifts.

Guests were taken on tours of the newly completed home following which assorted cookies were served with coffee or tea, mints and nuts. An arrangement of daisies centered the serving table.

Hostesses for the social were Mmes. Julia Langford, Tommy Snodgrass, Beverly Christian, Sis Deeds, Pat Blair, Joy Chadwick, Donna Jordan and Mary Martin.

Visit In Engram Home

Visitors in the home of Mr. and Mrs. Wesley Engram the past two weeks have been Engram's sisters, Mmes. J. S. Lewis, Wichita, Kan., R. A. Boddy, Santa Fe and L. E. Yoder, Fullerton, Calif., all former residents of Texico.

Engram, who recently suffered a heart attack, is showing a slight improvement at this time.

NEW FHA MEMBERS -- Backrow, L to R, are Jana Bass, Lynne White, Gail Meeks, Ginger Herrington, Beverly Tims, Becky Ritchie; middle row: Linda Suttle and Christy Taylor; front row: Susan Patschke, Vickie Gilliam and Vickie Hobbs. This group was installed in ceremonies Monday night at the Farwell Home Economic Cottage.

FHA Installs Freshmen Members

Farwell Future Homemakers met Monday night to install freshmen girls into the FHA Chapter. A candlelighting ceremony was held to install the group.

Roll call was read by Rene' Walser, secretary; and Tina Rundell, finance chairman, gave a financial report. Chapter

TO WED -- Mr. and Mrs. N. H. Goldsmith, 601 4th Street, announce the engagement and approaching marriage of their daughter, Vicki Jan, to Larry Wayne Hackney, son of Mr. and Mrs. L. A. Hackney of Ft. Worth. The couple will exchange wedding vows at the Farwell Church of Christ at 10 a.m., Nov. 28. All friends and relatives are invited to attend the ceremony and reception. Miss Goldsmith is a 1967 graduate of Farwell High School and is presently employed as a laboratory technician for Texas Refinery in Ft. Worth. Her fiancé is a 1963 graduate of Ft. Worth Technical High School and is presently employed at LTV in Grand Prairie.

Bradley Tyler Herrington Arrives Oct. 11

Mr. and Mrs. Vic Herrington of Abilene announce the birth of their first child, a son, on Oct. 11. The little boy, who weighs 7 lb. 15 oz., has been named Bradley Tyler.

Grandparents of the new arrival are Mr. and Mrs. Russell Herrington, Texico and Mr. and Mrs. Harry Charlton, Clovis.

Visit In Ramey Home

Visitors in the home of Mr. and Mrs. Peyton Ramey during the past week have been Mrs. Elsie Haley and Mrs. Robert Tipton, Plainview; Mr. and Mrs. Ken Clifford, Mrs. S. C. Ramey, Mr. and Mrs. Norman Kerr, all of Hereford; Mr. and Mrs. Herman Rose, Dimmitt; and Mr. and Mrs. Johnny Francis, Lubbock.

Ramey Infant Is Shower Honoree

Katie Renee' Ramey, infant daughter of Mr. and Mrs. Peyton Ramey, was honoree for a miscellaneous shower Monday afternoon in the home of Mrs. Retha Belle Grissom. Assisting Mrs. Grissom with hostess duties were Mmes. Sue McNutt, Elaine Wardlaw, Sharon Shedd and Gwen Woodard.

Mrs. Ramey, mother of the honoree, was presented with a corsage made from minute baby items and spelling out the word "baby". Assisting Mrs. Ramey in opening gifts were her mother, Mrs. Ben Cook, Quanah, and Mrs. S. C. Ramey, Hereford, her mother-in-law. Also a special guest was Mrs.

Perry Stroud, an aunt of Mrs. Peyton Ramey.

Cake iced in yellow and white was served with punch and nuts. Nut cups and plate favors were minute "baby diapers." Approximately 50 persons attended the shower or sent gifts.

The shower was held on the birthday of the honoree's mother, Mrs. Peyton Ramey.

Participates In Appliance Course

Among students at Texas Tech who are enrolled in a home management course and who will participate in a National Home Appliance Conference in Denver Thursday through Saturday of this week is Gwen Corn of Farwell.

Purpose of the three-day program is to introduce new home appliances and to explore methods of communicating appliance information to homemakers.

Twenty-two students and four instructors are participating in the program.

Brother Hospitalized

James A. Cox of Logan, N. M., brother of Guy Cox of Farwell, is hospitalized in Amarillo at St. Anthony Hospital. He has been in the Amarillo hospital for the past week, following a heart attack. He is in serious condition.

GRAIN SORGHUM PREPARATION

The preparation of sorghum grain for cattle feeding has been under research studies for many years. It has been fed whole, ground, rolled, dry, moist, reconstituted, cooked and popped. It has been stored in plastic sacks, in air-tight above ground silos and in trench silos. Research on this important grain continues not only in Texas but in several other states. Presently, several conclusions may be drawn depending upon the treatment of the grain. Professor J. K. Riggs, Texas A&M University, recently made the following summary statements which give the current status of sorghum grain.

1. Grain of 25-30 percent moisture can be harvested suc-

cessfully with standard self-propelled combines.

2. Moist grain can be stored without spoilage in air-tight structures.

3. Moist grain in unground form is unsatisfactory for finishing cattle.

4. Ground moist grain (early harvested or reconstituted) produced weight gains equal or superior to those of cattle fed ground dry grain.

5. Cattle fed ground moist grain have required approximately 10-20 percent less dry matter per pound of gain than have those fed ground dry grain.

6. Digestibility of dry matter, organic matter and non-protein organic matter has been 15-30 percent higher and of protein 16-22 percent higher in moist grain than in dry grain.

7. Dry grain reconstituted to 25-30 percent moisture by adding water and stored 10 days or longer has performed in the same manner as grain harvested 25-30 percent moisture.

8. In closely controlled studies grain reconstituted in ground form has failed to show the improvement in feed efficiency shown by grain reconstituted in whole form.

CATTLE FEEDING PROJECT

Results of a feeding project recently completed at the Swisher County Cattle Co., will be aired at a meeting Friday, Nov. 1, at 10 a.m., at the Swisher County Electric Cooperative.

All cattle men, feedlot operators, mass media representatives and agribusinessmen in the area are invited to attend, announces Dr. Lowell Schake,

area livestock specialist with the Texas Agricultural Extension Service and coordinator of the feeding project. Feedlot performance, carcass data, cost of gain and grain processing costs will be discussed.

"With the beef cattle feeding industry growing by leaps and bounds on the High Plains, this project was set up last spring to check the performance of feedlot steers on three different types of processed grain sorghum." "These preparations of grain were steam flaked, whole reconstituted and rolled and ground reconstituted. Reconstituting is bringing the moisture level of the grain up to about 30 percent."

The three types of processed grain were used in each of three rations fed to six groups of 75 feedlot steers each. The rations differed only in the type of processed grain. Three groups of steers lightweight, averaging about 807 pounds, and the other groups consisted of heavier steers averaging about 807 pounds. Thus, each ration was replicated with a light and a heavy group. The steers starting out with the extra weight were slaughtered at 129 days while the lighter steers were slaughtered at 158 days.

"This is the first time such a project has been undertaken under actual feedlot conditions." Information obtained from this study will be of interest to all cattle feeders throughout the area.

Cooperators in the project, in addition to the Swisher County Cattle Co., and the Texas Agricultural Experiment Station and Extension Service, were Parker Cattle Co. at Way-side, and Elliot Feedlot at Canyon.

Clothing Can Be Fire Hazard

By Cricket B. Taylor

Don't run if your clothes catch on fire! This fans the flame. You do need to act quickly to smother it out. This can be done by rolling up in a coat, rug or blanket -- be sure your head is out -- then gently beat out the fire -- according to Minnie Bell, Specialist in Family Life Education -- Aging, Texas A&M Extension Service.

When choosing clothes for the older person, keep in mind that just about any clothing will burn. Some burn faster than others. This depends on the kind of fiber used to make the fabric. The National Fire Protection Association reports that cotton, rayon and silk ignite more quickly than other fibers. Clothing made from synthetic fibers like nylon, acetate, acrylic and polyester burn less rapidly; but, when they do, most of them melt. This sticky substance can cause deep burns. Much of our clothing today is made of blends using natural fibers with synthetic ones. They burn readily and will also melt. If a fiber like wool resists burning, then the clothing made from it resists burning.

Open or loosely woven fabrics are more flammable than tightly woven ones. Light weight, sheer and fuzzy fabrics catch fire easily. Cotton outing, so often used in night wear for the elderly, will go up in flame in a hurry.

Design of clothing makes a big difference in the safety of it. Loose fitting sleeves, long trailing robes, ruffles and flaring skirts let air reach the under surface of the garment. With such clothing, if a person unknowingly brushes against a flame or reaches across it a fire can result immediately.

The elderly and fire always cause concern. If the sense of smell is failing, they have less

warning time. One older woman living alone said, "My robe was on fire to my waist before I knew it. I had to feel it -- I couldn't smell it!" For the older person, when reflexes grow slower; more care is needed around ignition sources, more care is needed in clothing selection; more attention should be given to the fiber, fabric and design used in clothes.

TREASURES

He walked a long time and rang many door-
bells and "scared" a lot of people in order to
acquire his Halloween treasures. He wants
to sleep with his treasures beside him, where
he can feel the sack with his hand.

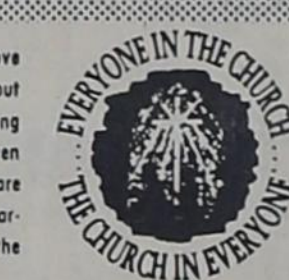

These treasures somehow remind you that
one of your responsibilities toward your
adorable child is to teach him what *real*
treasures are -- friends, country, church,
good deeds, family, love of God, and quality
of spirit, to name a few.

That "Trick or Treat" bag somehow re-
minds you of that scripture in Matthew that
goes, "Lay not up for yourselves treasures
upon earth where moth and dust doth cor-
rupt, and where thieves break through and
steal: But lay up for yourselves treasures in
heaven where neither moth nor rust doth
corrupt, and where thieves do not break
through nor steal: for where your treasure
is, there will your heart be also."

You know that the church will help you in
this, so you vow again to be faithful to every
service, thankful for all the wonderful
workers there, asking God to help you and
them.

The Church is God's appointed agency in this world for spreading the knowledge of His love
for man and of His demand for man to respond to that love by loving his neighbor. Without
this grounding in the love of God, no government or society or way of life will long
persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even
from a selfish point of view, one should support the Church for the sake of the welfare
of himself and his family. Beyond that, however, every person should uphold and par-
ticipate in the Church because it tells the truth about man's life, death and destiny, the
truth which alone will set him free to live as a child of God.
