## Area Potato Interests Eye Marketing Order Hearing

The sixth in a series of hearings on the proposed national potato marketing order is slated to be held in the Public School Administration Building with growers and shippers from a four state area presenting testimony on the effects of the order.

A group from Hereford will attend the sessions slated to begin at 9 a.m. Thursday, April 12. Delegations representing local farm organizations are also expected to send representatives to the Amarillo hearing.

Shippers as well as growers will be represented with Jack Renfro, a Texas-New Mexico grower and shipper, heading the Deaf Smith County group.

Opposition to the proposed order is expected to develop from the Farm Bureau on the local and state level. The farm organization maintains that the national order is not practical.

Department of Agriculture officials are expecting the hear-

ing to last two days. It is possible that the hearing could last "into Saturday to some extent."

The meeting will be adjourned by Saturday in order that USDA officials can get to Atlanta, Ga., for the final hearing.

## Voters Return Block, Barnett To School Board

Deaf Smith County residents voting Saturday to fill two places on the Hereford Rural High School Board of Trustees returned the incumbents, Dr. L. B. Barnett and Ivan Block, to the board for three year terms.

The election, one of the hottest in recent years, saw a slate of six hopefuls campaigning for the office. Also running for the two posts were J. F. Martin, LeRoy K. Williamson, Ed Dzuik Sr., and H. H. Miller.

More than 900 persons voted in the election and a total of 1839 votes were cast as the two board trustees were elected.

In the race for trustee-at-large of the Deaf Smith County School Board, LeRoy Forrest, the incumbent, ran opposed. However, a write-in campaign for G. W. Newsom failed to materialize.

Jack Weaver, who also ran unopposed in the election for trustee-at-large of County Trustee Commissioners Precinct 3, Walcott Common School District 6, was elected to the post by voters.

Walcott residents voting for a trustee for the Walcott Common School District 6 elected Floyd L. Brown by a wide margin over his opponent M. L. Heavin Jr. One write-in vote was cast. Residents voting at the Walcott school cast 47 ballots for Brown as Heavin polled only 26 votes.

Voting results tabulated from the boxes at Dawn and the School Tax Office for the Hereford Rural High School District show Dr. Barnett receiving 472 votes; Block, 479; Martin, 344; Williamson, 135; Dzuik, 135, and Miller, 272.

In the race for trustee-at-large Deaf Smith County School Board, Forrest polled 475 votes from boxes located in the Commissioners Courtroom, Dawn School and Walcott School.

A write-in campaign was organized for G. W. Newsom, who received a total of 48 votes. Six other write-ins received a total of 10 votes.

ing on the proposed marketing order.

Farmers, processors, shippers, and others interested in the potato industry from Colorado, Texas, New Mexico, and possibly Oklahoma are expected to attend, according to E. J. Holcomb.

Holcomb is assistant chief of the Vegetable Branch, Fruit and Vegetable Division Agricultural Marketing Service. He will be one of the two Department of Agriculture representatives at the hearing.

G. Osmond Hyde will be the hearing officer and the other representative from USDA, according to Holcomb.

The USDA representative pointed out that hearings being held in various sections of the county on the proposed marketing order are considered all one hearing.

## Burglars Hit City Drug For \$150 In Change

The first major burglary in the city in the past several months netted between \$150 and \$160 as the City Drug, 327 N. Main, was broke into over the weekend.

Loot taken in the break-in consisted of \$150 in small change plus eight or nine silver dollars, according to the report of the Hereford Police Department.

All of the change was taken from a cash register. The narcotics safe of the firm had been opened but nothing was reported missing.

According to the reports, the burglary occurred during the early morning Sunday between 3 and 6 a.m.

The building was entered through the air conditioning duct on the roof. The burglars climbed through the vent and into a room in the upstairs of the building.

After prying open the cash register and the safe in the apparent search for money, the thieves left through the rear door of the firm.

George Mathews discovered the open door on his rounds shortly after 6 a.m. He had tried the door on his rounds at 3 a.m. and it was reported locked.

Investigating the break-in for the police department was Eddie Harrell.

## Alaskan Queen Marvels At Texas People, Cattle

BY WAIN MILLER

From "The City with a Golden Heart," the reigning "Miss Alaska" came to the "Town Without a Toothache" for a weekend visit.

Miss Jean Ann Holm, whose home is Fairbanks, Alaska, was a guest Thursday through Tuesday of Miss Ann Smith,

daughter of Mr. and Mrs. Joe Smith of 216 Avenue B.

Schoolmates at Stephens College in Columbia, Mo., the girls were spending their spring vacation here.

Miss Holm was crowned "Miss Alaska" last July in Anchorage, with a unique crown made by her grandfather over 30 years ago. Representing the 49th state, she participated in the "Miss America Beauty Pageant" last September.

Jean Ann is a junior at Stephens College, while Ann is a senior. The two girls met in one of their college classes. After becoming close friends, they planned the trip for many weeks.

Thus the queen of the largest state in the Union happened to visit the second largest.

"The country is very different," the beautiful visitor said, "but the people are all the same. They're all so nice and friendly."

"At home we can see mountains in any direction we look,

but out here it's so 'flat' she gestured.

Jean Ann marvels at large cattle ranches, the weather, and the nice people she finds in Texas. During her stay, she visited the Eskimo Ranch near here and watched as cattle were branded and doctored.

"We are going to ride horses," she stated, "but they were all being used, and besides I was having too much fun watching the cows!"

"Since I've been at school in

## Riders Club's Junior Show Is Here Saturday

Hereford Riders Club will sponsor the first Junior Horse Show ever to be held in Hereford on Saturday, with entries open to any person under 18 years of age.

Sunday the Hereford Riders Club and the Junior Riders Club will name their annual queens, who will reign for one full year. The queens will be selected from the club members, and will be judged on horsemanship, appearance, costume, and personality. The event will take place at 2 p.m. in the rodeo grounds.

There will be classes for mares, geldings, colts, and shettlands. There will be a grand and a reserve grand champion in each class, according to Billie Woolbright, who along with Sylvia Brooks, originated and organized the show.

Geldings and mares will be divided into junior and senior

## 'Career Day' Set At Hereford High

Annual "Career Day" at Hereford High School will be observed Friday as area businessmen in 21 different fields explain to students the advantages of their professions.

Sponsored by the high school Key Club, the event features group discussions in 21 various fields, as regular classes are dismissed for the activities.

"Career Day" will feature many local businessmen, as well as representatives from various occupations throughout the Panhandle.

The event is held each year in order to allow high school students to gain first-hand information about the various occupa-

## Suits, counter-suits and voluntary testimony centering around the activities of Billie Sol Estes of Pecos again have grabbed public attention of county residents.

Six Hereford residents voluntarily appeared before a hearing in Amarillo Tuesday conducted by Attorney General Will Wilson into anhydrous tank financing manipulations, dummy bank accounts, changed tank serial numbers and fertilizer price fixing.

Last weekend, bankruptcy was filed against Coleman D. McSpadden, operator of Associated Growers of Hereford. And Monday, E. A. Edwards of Hereford filed six suits alleging fraud in the financing of ammonia tanks he obligated himself for on chattel mortgages and lease agreements.

Late Monday afternoon, Edwards' attorneys entered five suits for cancellation of notes and one suit for cancellation of a lease contract. They were filed in 69th District Court here.

In the first five suits, Edwards filed against Billie Sol Estes, Billie Sol Estes Enterprises, Coleman D. McSpadden, Associated Growers of Hereford, Harold E. Orr, Ruel Alexander, Superior Manufacturing Company and Associates Investment Company of Lubbock.

He contends that fraud was used by the defendants when he signed a mortgage on Aug. 30, 1961, for \$57,240, covering the cost of 50 1,000-gallon ammonia tanks and trailers, 20 500-gallon acid tanks and 20 trailers.

The second suit is against the same group, except that the investment company named was a Kuykendall Investment Company of Lubbock. He contends that the mortgage he signed on Feb. 2, 1962, for \$63,694.44 for 40 1,000-gallon ammonia tanks and trailers, plus 40 ammonia applicators, was fraudulently obtained.

Named in the third suit were the same defendants, except Pacific Finance Corporation of Los Angeles, Calif., was included as the finance company. This was for two mortgages. The first was Aug. 30, 1961, for \$114,096.00 for 72 1,000-gallon tanks on trailers, 30 applicators, 25 500-gallon tanks and one 5,000-gallon acid storage tank. The other was dated Jan. 2, 1962, for \$55,350.00, covering 50 1,000-gallon tanks on trailers, 20 500-gallon acid tanks and one 5,000-gallon acid storage tank.

Fourth suit was against the same defendants, but named Pioneer Finance Company of Detroit, Mich., as the investment firm. That suit covers a mortgage dated Aug. 30, 1961, for \$99,200 for 70 1,000-gallon tanks on trailers, 32 applicators, 12 500-gallon acid tanks and 12 trailers.

Fifth suit was against the same defendants with C. I. T. Corporation of Dallas as the investment company. It was for a mortgage dated Feb. 4, 1961, for \$61,360 for 70 ammonia ap-

## County Offers City \$3800 For Fire Protection

County Commissioners, unhappy with the billing of costs for county fire protection, made a counter offer to the City of Hereford during a meeting Monday.

The Commission also heard a discussion opposing a proposed county road.

At their last meeting, the County Commissioners had discussed the fire protection cost submitted to them by the City of Hereford. For the past six years, the County has had a contract with the City for fire protection.

Originally, the county agreed to pay \$4,000 per year. This later was changed, with the city billing the county for a percentage of the cost of maintaining a fire department according to the ratio of city-county fires. Costs under this arrangement ranged from a low of about \$3000.

The county's share for the coming year based on fires from Feb. 1, 1961, through Jan. 31, 1962, was \$6,511.39, payable at \$542.62 per month. Payment last year was about \$352 per month.

According to a statement from the city, the county had 54 per cent of the fires which were handled by the department during the 12-month period.

During its last meeting, the City Commission asked that the county submit what it felt would be a fair payment for consideration by the city.

After considerable discussion Monday, the Commissioners compromised. Commissioners J. T. Gunn and Donald Hicks

## Board Hears Many Reports

In a session that lasted until past midnight, Hereford school trustees worked through a crowded agenda. Included were approvals for a number of teacher contracts, discussion about delinquent taxes, athletic facilities and revised plans for a proposed building program.

County Judge H. C. "Hank" Williams swore in Dr. L. B. Barnett and Ivan Block for three-year terms on the board. They were re-elected Saturday after competing one term each.

Immediately after that, Dr. Barnett was named president of the board for the coming year, replacing Tom Robinson. Block was elected as vice president and Bill Gentry was voted secretary.

The board talked with attorney John Aikin about his action on collecting delinquent school taxes. He said that a number of suits were filed and that several others were in the process of being filed.

Aikin was instructed to pursue the matter with all diligence, including court trial where necessary to collect the back taxes.

Ed Skypala, president of the Whiteface Booster Club, made a report requested of him at the previous meeting on possible sites for the high school football field.

He told the group that Veterans' Park, first considered as a likely location, would not be suitable and that the area near Northwest Elementary seemed to be the most logical. He was instructed to do more investi-

gation on the matter.

The board granted permission to the Booster Club to construct a concrete curb around the new track near Northwest Elementary. The school administration will supervise the project and arrange for the engineering work.

Dr. Gene Cope talked with the board about a plan to raise funds to place lights around the high school baseball diamond near Northwest Elementary. He explained that the lights would be used for American Legion summer baseball and also for a proposed Colt League, for boys 15 and 16 years old.

Cost estimate on the project is about \$8,000, he said, with no construction to start until all the money is available. He asked that the board grant permission for the lights to be located at the field and for the school to handle the lighted diamond after it was completed.

Permission was granted by the board, subject to collection of the needed funds. Cope said that the money would be raised by individuals.

Following teachers were approved for employment during the 1962-63 school year: Jesse

## Around Town

Say some of these meetings are getting close together. School board wound up its meeting about 12:30 a.m. Wednesday and was followed almost immediately — or so it seemed — with a 6:30 a.m. meeting of the Chamber of Commerce board. From the sounds of both meetings, there is plenty of action just ahead for the community.

Dr. and Mrs. Joe Trussell are conducting a revival at the First Baptist Church in Hereford this week. Mrs. Trussell is the former Miss Eddie Connell, daughter of the county's first sheriff and a native of the county.

Mrs. Ara J. Johnson, chairman of a style show held here Sunday afternoon, reports that about \$250 was netted from the show and will be given to help pay construction costs of the maternity clinic that is being built at the Labor Camp.

Hereford High Key Club will have about 20 to 30 delegates.

## STUDENTS MAN COUNTERS

# Spring Opening Thursday Benefits Juniors, Seniors

Over 200 Hereford High School students will man the counters at 54 local firms for a three-hour sales spree Thursday night between the hours of 6-9, during the "Spring Opening Junior-Senior Benefit."

Held to benefit the junior and

senior classes at Hereford High, ten per cent of the total sales at all stores will be donated to the classes to be used as they see fit.

Many merchants have planned specials which will be good only during the three-hour period when students take over the

jobs of regular sales personnel at the stores.

Most Main Street merchants are participating in the Spring Opening, as well as Park Avenue merchants, furniture and grocery stores, service stations, and cleaners.

A similar promotion was tried

on a smaller scale in a South Plains city with "outstanding results," according to Harold Kilds, chairman of the Trade Promotions Committee of the Deaf Smith County Chamber of Commerce which is sponsoring the affair.

"We have excellent cooperation from both the merchants and the students on this thing," the chairman says. "We are looking forward to a big night and one that can be quite profitable to the high school classes if we receive the turnout we have planned for."

"If the public accepts the idea, we would consider having such an event on a yearly or bi-yearly basis," he continues.

"The only way we can measure the success of the Spring Opening is by the success of the merchants. We're trying to create a little good will and help the classes at the same time."

The event was organized by the Trade Promotions Committee of the Chamber of Commerce. "We've had almost 100 per cent cooperation from downtown merchants," Kilds adds.

## Annual Meeting Announced For Electric Cooperative

The annual meeting of the Deaf Smith County Electric Cooperative is scheduled to be held at the Bull Barn in Hereford on April 26, Sloan Osborn, president of the board of directors announced.

Since the division of the management and operation of the electric cooperative and the West Texas Rural Telephone Cooperative, the two will not hold a joint meeting.

The board of directors of the cooperative announced the meeting to postpone the annual meeting

telephone cooperative decided until a later date due to the recent move and the separation of management, said Vernon Inmon, cooperative manager.

The meeting will probably be held during the summer or early fall, he continued. Members will be notified of the date and time of the meeting.

Contests, prizes and entertainment will be furnished for the entire family during the meeting, according to the announcement by Osborn. Each mem-

ber will receive a useful gift as they register with a drawing slated for larger prizes.

Beauty queen candidates will vie in the annual contest held to select "Miss Deaf Smith County Electric Cooperative."

Candidates for the event are selected by Future Homemakers of America chapters of high schools in the area, 4-H club councils, and Home Demonstration Club Council.

## STILL ATOP DISTRICT

## Herd Foils Lobos; Play Here Friday

Dead on their feet for most of the game, the Hereford Whitefaces finally rallied to a seven-run outburst and then staved off a drive by Levelland here Tuesday to win 12-11.

For Hereford, it was the second district baseball victory without a loss, while Levelland has lost a pair — by a total of two runs.

Atop the 1-AAA standings, Hereford will be host to the Dumas Demons at 4 p.m. Friday in another conference battle. Hereford battered the

Demons 17-7 last week but Dumas stayed in the title chase with a 6-5 win over Levelland in nine innings.

Levelland jumped to a quick lead, taking advantage of Drew Kershen's sailing fast ball. The Lobos drew three walks to load the bases with just one out before catcher Don Stephenson poked one over left field for a grand slam homer.

Hereford went down in order in the first while Levelland put two runners on in the top

### Suits...

plicators, 70 pumps and 70 200 gallon acid tanks.

The sixth suit is against all the above named, less the investment companies. It also included Robert K. Graham, General Leasing of Fort Wayne, Fort Wayne, Ind., and Walter E. Heller and Company, Chicago, Ill. It seeks to cancel a lease agreement signed Aug. 12, 1961, from General Leasing to Edwards for 180 1,000-gallon tanks and trailers. The rental was \$186,420, less the \$29,100 that Edwards alleges had been paid earlier.

Deaf Smith County Sheriff Lowell Sharp voluntarily appeared before Tuesday's investigating hearing to tell that extremely low prices offered by his competitors had forced him out of the fertilizer business. He said that some of his competitors were selling ammonia to the farmers for less than his cost.

Gerron S. "Mutt" Wheeler of Hereford started the ball rolling at the hearing as he disclosed the method in which money was obtained by means of mortgages signed by several persons for the purchase of ammonia tanks and allied equipment.

He told Attorney General Will Wilson that he was on the books for about 700 tanks, with about \$700,000 in chattel mortgages. "I saw some of the tanks," he said, "but I don't know how many are actual and how many are fictitious." Wheeler explained that he was hired by Estes for \$10,000 to run a fertilizer business in Hereford, with the salary later to \$15,000 a year, plus a commission. He said that the company lost money every year, with a loss of about \$264,000.

### County...

(Continued from page 1) favored a proposal of \$3600 per year, while Commissioners Ott to Massie and Charlie Sowell favored \$4000.

Commissioner Gunn's motion to offer \$3800 per year was seconded by Hicks, with Masale and Sowell voting against. County Judge H. C. Williams voted in favor of offering \$3800 to break the tie.

Delmar Durrett appeared before the Commission to oppose a planned county road that would split part of his ranch and farm land in the northern part of the county. He contended that the road should be located two miles west of its planned location.

J. R. Allison and Lisle Woodford appeared to speak in favor of the road's planned location. Commissioners said that they would appoint a Jury of View to determine the road's course and damages sustained by adjoining landowners. Appointed to the Jury of View were Keller Muse, Ralph Hastings, Robert Veigel, L. W. Straffuss and Bill Gentry.

Commissioners heard Mrs. Charlotte Calvert ask for a clarification of an easement across her property, contending that utilities have attempted to cross too close to her home and rental property. The court agreed to have the property surveyed.

Tabled was a request from District Attorney Bill Hunter for \$390.91 as the county's share of office expense and supplies for the past year.

The Court also called for bids on a photo-copy machine for the County Clerk's office to replace obsolete equipment and eliminate the present darkness in the office. Bids are being advertised and will be opened on April 23.

in 1961. He said that Estes told him to buy tanks for him, run the business for five years and it would be given to him (Wheeler).

Wheeler said that he was asked to change serial numbers of tanks by Harold Orr of Superior Manufacturing Company of Amarillo as Orr suspected a finance company was going to make a spot check of the tanks on which they held mortgages. He said that he met a pilot at Hereford airport and received "several sacks" of serial numbers, with instructions to put some on his tanks and deliver some to Associated Growers of Hereford. "I don't think the tanks were ever checked," Wheeler said.

He said that Orr later called him from Pecos and asked that he change serial numbers, but that he refused. He said that he did gather up some 30-40 tanks at Dawn, Tex., in a "midnight operation," drawing a chuckle as Wilson failed to recognize Dawn as a community rather than as a time of day. Wheeler said some of the tank numbers were changed at that time, but that he did not carry out the changing.

He said that there were only a couple of checks on the tanks by finance companies and that some of the checks were by telephone. "Pioneer Finance may have made one or two spot checks but none of the companies made a complete equipment check," Wheeler said.

"Don't worry about the peons that come around to check. I do business with the top brass," Wheeler quoted Estes as having said.

Wheeler said that he arranged a meeting between Estes and officials of Commercial Solvents in the office of Coleman McSpadden in Hereford. The talk was centered around the price of ammonia. He said that one representative of Commercial Solvents told him in the latter part of 1960, "When you talk to Billie Sol Estes, you are talking to Commercial Solvents."

Wheeler said that one time he was called and, following instructions, picked up 11 cars of anhydrous ammonia from Associated Growers in Hereford and was never billed for the fertilizer.

He identified a lease agreement with Estes for equipment, some of which he said he had never seen.

Looking over photostats, Wheeler identified them as chattel mortgages filed to him in Deaf Smith County. He identified one signature as being his, but said he wasn't sure that the others were his signatures. On one occasion, Wheeler said he refused to sign some mortgages for tanks and was told by Orr that he (Orr) would sign them himself.

He also admitted that all independent fertilizer dealers in Deaf Smith County had been run out of business by cut-rate prices offered by others.

Shortly before leaving the stand, Wheeler told Wilson that Estes had instructed him to change tank numbers on at least one occasion.

Another volunteer witness was Joe B. Bridges of Hereford, an employee of Associated Growers of Hereford for about the last five years.

Bridges said that he was instructed to change numbers on tanks by McSpadden in 1961. Parts of the tanks, he said, were in Hereford and others were in Friona. He said about a dozen tanks were involved.

He changed serial numbers again about two-weeks ago, he testified, "just before this deal broke." He said that he changed the numbers on more than 100 tanks wherever he found them. He said that some were in Deaf Smith County and others were in other surrounding

counties. He said that he quit when "the deal broke."

He said that a letter from McSpadden had listed serial numbers that were to be put on the tanks... about 200 of them. He said that he destroyed the letter, as it instructed in closing, after following its instructions.

Bridges told state's investigators that he saw one man make one check on tank serial numbers during the past five years, but admitted there might have been more checks than that.

Fourth volunteer witness was Ray Conaway, accountant for Associated Growers of Hereford for three and one-half years. He testified that he received and transmitted payments from Superior Manufacturing Company to other accounts, usually Caprock Steel Company. This account was drawn on, he said, for notes payable through the operating accounts of Associated Growers, then to finance companies for notes against Associated Growers for tanks mortgaged by farmers.

During the time this account was operative, he said, several hundred thousand dollars went through the account. He said that the books left the office in Hereford about three or four weeks ago.

Conway also testified that he had seen the letter referred to earlier by Bridges regarding changes of tank serial numbers. He said that he knew of orders given in September, 1960, to change some tank serial numbers for a spot check by a finance company. He said that he recalled two or three instances of such checks by finance companies.

Next volunteer witness was E. A. Edwards, a Hereford farm and grain operator. He said that he signed mortgages for ammonia and acid tanks.

He said that he was told of companies that were looking for farmers to use their credit to buy tanks for use by fertilizer companies, who needed to keep their funds free for other operations.

He said that he agreed to enter such a transaction, and received 10 per cent of the total sales price of the equipment as a "rental bonus." He said that the company leasing the tanks agreed to make the monthly payments through him and they would own the tanks when they were paid for.

Edwards said he leased the tanks to McSpadden, who paid him the amount due to the finance companies. He said that he had seven such contracts, totalling over \$500,000, for which he gave just one financial statement.

He said that six different companies held mortgages he had signed, but that he had never talked with representatives of any of the companies. He testified that he held a mortgage on two grain tanks from McSpadden in Lubbock and that he operated farming operations on six sections.

Edwards said that he did not know of a time when any of the finance companies checked on the tanks.

"I thought I was the only one buying tanks for them," he said. He told the hearing that he found out about a month ago that he wasn't the only one involved in such financing. He said that he had gotten a letter from Harold Orr of Superior Manufacturing Company stating that if McSpadden should default on his lease payments, Superior would repossess the tanks for the balance due on them.

In answer to a question, Edwards said that he now understood that only seven to 25 per cent of the tanks had actually been built.

In closing, Edwards said that Associated Growers of Hereford sent a check to his bank account each month to cover the mortgage payments. He admitted that he "would be wiped out if held to the mortgages" he has signed.

Final volunteer witness from Hereford was J. D. Greeson, a Hereford farmer-rancher-contractor. He testified that he was approached 22 months ago by Estes to buy ammonia tanks.

He said that Estes declared he needed to keep his money workable. He said that no proposition was made at that time, but that he was approached again six weeks later by Orr and Estes in Hereford and Plainview, where such an arrangement was discussed. He said that the two men said they would pay 20 per cent down and give him 10 per cent of the tanks' value to sign the mortgages.

Greeson said he bought tanks and leased them to the Farmers Company of Pecos and received payment from Estes Enterprises. He said that he did not see the check for the down payment. He said that he had five such mortgages for about \$300,000 on tanks leased to Estes or one of his companies.

He said that his net worth justified such an amount of mortgage commitments. He said that Estes had been very punctual in all payments, but that he was now delinquent on all lease accounts.

Greeson testified that he did not talk with representatives of any finance company about the proposed mortgages, but that he did talk with a Mr. Van Hoy of Dallas, with C. I. T. Corporation about six or eight months ago, giving him copies of the lease agreement at that time.

He said that about six or eight months ago, he entered into similar agreements with McSpadden, signing six mortgages for about \$500,000 worth of tanks and equipment. He said that Superior Manufacturing Company was supposed to have built the tanks he bought for Estes. He said that the tanks he bought for McSpadden were built by Lubbock Machine, with payments from Associated Growers of Hereford.

Greeson said that he had found tanks where they were supposed to be but that they had the wrong serial numbers. "I don't know whether they are my tanks or yours," he told Will Wilson. The packed courtroom audience roared when Wilson quickly answered, "I can assure you that they are not mine!"

Greeson said he had also leased tanks from General Leasing of Fort Wayne, sub-leasing them to McSpadden. He also received ten per cent of the tanks' value on these transactions. He said that he dealt with Orr and Ruel Alexander on his transactions with General Leasing of Fort Wayne.

Edwards said that he did not know of a time when any of the finance companies checked on the tanks.

"I thought I was the only one buying tanks for them," he said. He told the hearing that he found out about a month ago that he wasn't the only one involved in such financing. He said that he had gotten a letter from Harold Orr of Superior Manufacturing Company stating that if McSpadden should default on his lease payments, Superior would repossess the tanks for the balance due on them.

In answer to a question, Edwards said that he now understood that only seven to 25 per cent of the tanks had actually been built.

(Continued from page 1) L. Gerron Jr., junior high school physical education. Gerron has bachelor's and master's degree with two years experience; Jimmy Clyde Holt, junior high coach social studies and mathematics. He has taught two years at Quitaque and two years at Anton and has almost completed work for his master's degree;

Mrs. Silvia Geron will teach fifth grade at Shirley. She has a master's degree and taught two years at Marfa and two at Imperial;

Paul Abalos, who has a bachelor's degree and six years experience, will teach in Central Elementary;

A proposed calendar for the 1962-63 school year was approved by the board. Classes will begin Aug. 30 and conclude on May 23, with holidays for Labor Day, Thanksgiving, Christmas, New Year's, Easter, plus days off for teachers' meeting and the Tri-State Fair.

Superintendent Paul Stevens reported that enrollment Tuesday was 2905, compared with 2796 for the same day in 1961.

Architect Herb Brasher of Lubbock showed sketches of proposed additions to the high school and to Northwest Elementary. They were revisions of plans presented at the last board meeting.

Included in the plans for Northwest were 17 additional classrooms, administrative office, cafeteria, library, restrooms and storage facilities. There are eight classrooms at the school now. The addition, which would provide four sections for each of six grades, plus a special education room, was approved in its basic form by the board.

The plan shown by Brasher for the high school includes eight classrooms, two laboratories, enlarged home economics facilities, larger a shop for agriculture and crafts, along with tentative plans for a health and physical education addition.

Brasher will work out more detailed plans on both proposals for further consideration. The board also said that the proposed plans will be submitted to a citizens' study committee for its consideration in the near future.

Hugh Sullivan, recently hired for the next school term, was approved for a contract calling for \$1200 above classroom teacher scale for serving as coordinator of junior high athletic equipment. The other two junior high teachers in physical education and athletics will draw \$1000 above the scale.

Jerry Don George, recently named as assistant junior high principal, will draw \$1300 above the scale. He will be on a 9½-month schedule rather than teacher's schedule of nine months.

In the order, board members will be nominated by the potato industry and selected by the Secretary of Agriculture.

The national program was proposed and approved by the National Potato Advisory Committee at January and February meetings in Washington. Calling the committee into session was Orville Freeman, Secretary of Agriculture, after a request was made by representatives of the industry.

A study of the marketing problems facing the industry was made and the marketing order was recommended and hearings set.

Sherwood Forest's most famous tree — gnarled, wide-spreading Major Oak — is reputed to be about 1,400 years old. A ton of iron bands supports the boughs.

Judging the show will be Jack Caudle of Hale Center, while Harold Easley of Hereford will serve as ring steward.

Entries are open to any person so long as he is not over 18 years of age, however, no stallion over one year old may enter.

### Herd...

(Continued from page 1) The second. The Whitefaces picked up two runs in the second as Eugene Green doubled. Arnold Powell walked and Joe Mack Hale singled to drive in one run. John Buck's fly ball to left field was muffed allowing Powell to score. The inning closed with three Hereford runners on base.

The Lobos, playing with determination, picked up two runs to make it 6-2 in the top of the third. Stephenson got on by error and Ronny Baggett slammed a home run over the fence. Kershner gave way to Richard Casas, who loaded the bases before retiring the side.

John Willoughby's high fly ball was dropped by the Level-land shortstop, which error led to a run. Willoughby moved around on an attempted steal and an error by the catcher, who threw the ball into center field.

But Levelland added on another couple of runs in the fourth, staying in front 8-3. It was a horrible nightmare for Hereford, as the runs scored on three errors, a double, a single and a passed call.

Only a double play from Ken Loerwald to John Buck to Joe Mack Hale kept the Lobos from scoring more in the inning.

Hereford drew a pair of walks in the fourth but was unable to score.

For the first time, the Lobos went down in order in the fifth, and Hereford seemed to collect itself.

In the last of the fifth, the Herd tacked on two more runs. Willoughby singled and Green got his second double. Dan McDowell doubled to score one run but Green fell rounding third and was tagged on a run-down. However, Arnold Powell sliced a double into right field to score McDowell as Hereford trailed 5-8.

Ross Joplin scored for Levelland in the sixth on a double, a sacrifice and an error.

Then Hereford came to life. Behind 5-9, the Whitefaces collected seven runs on just three hits. With one out, Ronny Duncan walked and Loerwald was safe on a fielder's choice that failed to get Duncan. Willoughby singled to load the bases. Green got on by error as two runs scored.

McDowell, coming out of a slump that had seen him hitless 14 times in six games, slammed a towering home run over the left field fence for three more runs as Hereford went in front 10-9.

Encouraged, the Whitefaces added two more. Powell walked and stole second. Pinch-hitter Bill Steele singled after Powell had scored on a passed ball. Then Steele moved around on an error and a wild pitch.

Mickey Stevens took the hill for Hereford and used his blazing fast ball to strike out the first two batters. With a 2-2 count on pinch hitter David Schmidley, a frigid front hit the field and time was called as dust fogged everywhere.

When play resumed, Schmidley sliced a drive that fell into left field for a single. He took second on a passed ball with Wayne Burton getting on after being grazed by a pitch.

Ted Warren's blast into right field scored two runs. With the tying run on, Stevens used just four pitches to strike out Joplin to preserve the victory.

Drew Kershner worked two and a third innings, giving up six runs on two hits while walking four and striking out three. Casas was the winner, his fifth victory of the year.

He pitched three and two-thirds innings, allowing three runs on four hits. He struck out two and walked two. Stevens pitched one inning and was tagged for two runs on two hits while striking out three, walking none and hitting one batter.

Strangely enough, Hereford had six errors and six left on base, while Levelland had seven miscues and stranded seven.

Levelland receiver Don Stephenson swung the big bat for his team as he got a double and a home run to bat in five runs.

Green, McDowell and Willoughby all collected two hits in four trips for Hereford. Willoughby's were singles, Green got doubles and McDowell drove in four runs with a double and a home run. Powell also collected a double for the Whitefaces.

Benny Tyler, a pinch runner for Levelland in the sixth inning, received a concussion but no serious injury when he was knocked unconscious. Tyler tried to score from second after the throw to catch him there went in to center field. As he slid into home he was met by Green, who made the tag on Tyler's chin. Tyler's head hit the ground, knocking him out for a couple of minutes. He was given medical treatment in Hereford. Green was slightly spiked on the play.

(Continued from page 1) divisions. All unregistered horses may enter in the halter shows, while there will be performance classes for both registered and grade horses.

Three performance classes will be included in the show which begins at 10 a.m. Saturday. Entry deadline is at that time.

Ribbons will be awarded to winners in all events, as well as to the champions in each class. Performance classes will include a backing race, a crawl-through-bell event, and a run, ride, and lead race.

In the order, board members will be nominated by the potato industry and selected by the Secretary of Agriculture.

## F.H.A. Chapters Elect Officers

The Royal Rose and Chapter I of the Future Homemakers of America held their regular night meeting recently in the Hereford High School Auditorium. The meeting began with the elimination contest for the girls who were trying out for representative of the Hereford F.H.A. Chapter in the Royal Rose Chapter Beauty Contest. Those who were in the F.H.A. contest were Royce Ann Gilliland, Kathy Boston, Ruth Ann Allison, Diedertha Thomas and Patricia Schulte. Each girl modeled on the stage and answered questions. The winner was

Linda Loerwald, historian; Janie Noland, recreation chairman; Joanne Carlson, civil defense; and Janice Higgins, degree chairman.

Officers elected in Chapter I are: Royce Ann Gilliland, president; Linda Tooley, vice president; Becky Duncan, recording secretary; Louise A x e, corresponding secretary; Sharon Tinnin, historian; Judy Guinn, treasurer; Jo Ella McGee, song leader; Doris Jean Andrews, degree chairman; Lou Ann Witkowski, parliamentarian; Audni Miller, civil defense; and Barbara Langley, recreation chairman.

During National F.H.A. week, all F.H.A. girls are wearing red and white ribbons to signify that they are members. The girls are distributing bulletins about seat belts. April 8, the F.H.A. girls attended church together at the Church of Jesus Christ of Latter Day Saints with the Chapter I president, Terry Anderson. On April 15, the F.H.A. girls will attend church as a group at the First Methodist Church with the Royal Rose Chapter president, Maribeth Gilliland.

## Coke Party Honors Girls Town Guests

A Coke party, honoring Mrs. Vivian McCracken, director of Girls Town U.S.A., was held following the annual spring style show on Friday evening, April 6, in the Community Room of the First National Bank. The party was hosted by members of Hereford Beta Sigma Phi chapters, Kappa Iota and Xi Epsilon.

The refreshments of cookies, cokes, coffee and cocoa were served from the table that was decorated with a low arrangement of pink asters and greenery. The table was laid with a white linen cloth.

Those attending, in addition to sorority members, were Mrs. Vivian McCracken, and Misses Sandra Roberts, Dee Fomby, Linda Neal, Susan Neal, Carolyn Nunn, Billie Sue Williams, Linda Neal, Susan Neal, Carolyn Nunn, Billie Sue Williams, Lee Wines and Lynn Kay Glover, all of Girls Town.

### Hereford Man Participates In Army Exercise

Army PFC Ronnie F. Boyd, whose wife, Peggie, lives at 1613 A Avenue N, Lubbock, Tex., recently participated with other personnel from the 8th Division's 26th Infantry in Main Bridge, a command post exercise in Germany.

The exercise was designed to test the ability of 8th Division headquarters units to operate under simulated combat conditions. Main Bridge emphasized command decisions in battle situations and the problems of movement, security and communication.

Boyd, a radio repairman in the infantry's Headquarters Company, entered the Army in October, 1960, completed basic training at Fort Hood, Tex., and arrived overseas in April 1961.

The 24-year-old soldier, son of Mr. and Mrs. Robert S. Boyd, Route 5, Hereford, is a 1955 graduate of Hereford High School. He attended the University of Tulsa, Okla.

**REVISED 18 TIMES**  
NEW YORK (AP) — "Deceive Me Gently," a play written in 1940, is scheduled for belated Broadway production next fall. Joseph Carole, the author, says the script has been through 18 revisions while various managements have had it under consideration. The new sponsors are Flavine and Paul Valentine. "Deceive Me Gently" concerns a wealthy woman of many marriages. As "Roger the Sixth" was tested in London in 1957, and had a prosperous engagement subsequently in Paris.

The liner France is the longest liner in the world. Its gross tons are exceeded only by the Queen Mary and Queen Elizabeth among passenger ships.

## Style Show Proceeds Given To Girls Town

Approximately \$650 will be presented to Mrs. Vivian McCracken, director of Girls Town U.S.A., as the proceeds from the annual spring style show, "Around The World In Fashion", sponsored by the Hereford City Council of Beta Sigma Phi. The money will be used to purchase needed furnishings at Girls Town.

The show, held Friday evening, April 6, featured the latest in spring fashions, modeled by Misses Kay Packard, Mar-Gwen Lackey, Linda Edwards, Mari-beth Gilliland, Dyann Duval, Paula Waldrep, Penny Jones, Kathryn Nell Barnard, Patsy Livesay, Paula Wright, Kathryn Burrus and Audni Miller; and Mesdames Billie Meacham, Lajean Henry Pat Hill, Jo-Steale, Pat Hampton, Nell Hodges, Byrdie Dee Fellers, Eloise McDougal, Margaret Aven, Lois Moore, Jean Hill, Betty Babione, all of Hereford; Mesdames Jessie Nicholson and Jo Miller, both of Dimmitt.

Between scenes entertainment was provided by Miss Sandra Roberts of Girls Town, who sang "The Lord's Prayer", accompanied by Mrs. Jean Ricketts on the piano. Pantomimes were presented by Miss Linda Neal of Girls Town, "Doggie In The Window"; and Miss

**BY JIMMIE GILLENTE**  
All over the Panhandle folks will tell you that it is hard to start something — and not have Hereford steal the show. This was pretty well the case Tuesday, when the anti-trust investigation of Billie Sol Estes went on the air. Lowell Sharp and Mutt Wheeler started the ball rolling, followed by Joe L. Bridges, and the afternoon turned up Ray Conaway, E. A. Edwards, and J. D. Greeson. John Gallagher, who filed a previous suit against Estes, was not among the voluntary witnesses, but someone said that he suffered a recent heart attack. Hereford lawyers were all over the place, too. Someone was guessing that our legal staff was larger than that of the Attorney General.

Local interest, needless to say, was close to 100 per cent. Maybe even greater than a few weeks back when Astronaut John Glenn made his successful orbit.

Which brings up an old, but often debated question: "Why not put the Texas House and Senate on television?" Many leaders and politicians complain that people do not take sufficient interest in government, and the extreme interest in several cases, including the McCarthy hearings, indicates that TV may well be the answer to an enlightened democracy. If the Tuesday hearings had been held in the Deaf Smith County courthouse, I doubt that the district courtroom would have even been filled but, appearing on TV as they did, the proceedings were reviewed first hand by practically every adult in the community.

While a continuous daily stint might be too much, it is definitely probable that House and Senate actions on bills such as the sales tax, horse racing, and recent gas hearings would be reviewed by millions and millions of Texans. No doubt, this would also eliminate many of the shenanigans which go around Austin from time to time.

Glenn Williams was telling me that his friend, Bob Bailey, who runs the Vega Enterprise, came up with a question as to why this man Billie Sol was getting so much recognition as a financier.

"After all," allowed Bob, "the government has been operating the same way for a long time, so why does the Pecos man get so much publicity?"

I was somewhat surprised at the intense amount of interest in the recent school trustee election. The total vote shot away on up near the 900 mark, and I guess you could safely say that the outcome was a word of endorsement for the board policies of recent months. Anyway, the two incumbents were returned by a fairly good margin.

Atha McIver, who handles the Brand classified ads, tells me that we are once again entering a difficult rental period. She says that the number of vacancies is dropping sharply every week, and predicts that this year will be worse than ever — despite all of the new construction recently reported. It happens every year, but seems to be starting a bit early in 1962.

Ralph McCullough tells me that there is a tremendous lot of interest in the proposed Elks Club for Hereford. He says that they now have around 60 bona fide applications and, when they get a few more, the ball will start rolling. He says one of the big attractions is the fact that they will reciprocate with other Elks Clubs all over the country. If you are interested, see Ralph and he will give you some of the literature, along with complete local details.

Several people have been wanting to know if there will be a Republican primary in Deaf Smith County. County Clerk B. F. Cain says that GOP Chairman Ken Rudd has the primary scheduled. It will be on May 5, the same day as the Demo primary, and will include five voting boxes, according to present plans.

And to prove that it is still a small world, Suzy Woodford started back this week-end from Washington, D. C., where she has been attending a conference, and sat down korpunk beside Dean Croshaw, who was also re-

turning from the capital. The two, who live in houses which face each other on Star Street enjoyed a long visit, including the fact that they planned the return trip, it probably would never have worked out so well.

Hereford will likely see some downtown improvements soon. Grady Rogers is planning an extensive remodeling program in his drug store with lower ceilings and new fixtures. Pick Harman plans to remodel the front of his department store this spring and from the looks of the sketches, it should be a real improvement. I notice by The Brand that the new El Toro Cafe is renovated and open for business on Highway 60, specializing in Mexican foods.

Meanwhile, I still carry my overcoat in the car — just in case — and the rain situation looks pretty fair.

## Shamrock Host For TFWC Top Of Texas Convention

The theme of the second annual convention of the Top Of Texas District of the Texas Federation of Women's Clubs to be held on April 12-13 in Shamrock will be "Woman's Place in A Changing World".

Hereford members of the Board of Directors for the Top of Texas District of the Texas Federation of Women's Clubs are Mrs. Ray Johnson, second vice president and a candidate for first vice president; Mrs. Ralph McCullough, chairman of the Texas Heritage Department; Mrs. O. G. Hill Sr., memorial services; Mrs. Ralph Patterson, awards chairman; and Mrs. L. H. Lookingbill, headquarters editor.

Mrs. Ray Johnson will preside at the morning session, opening at 9:15 a.m., Friday, April 13. Mrs. Ralph McCullough will make a report on the activities of the Texas Heritage Department at the breakfast at 7:30 a.m. Friday morning. At 11:45 a.m., Mrs. O. G. Hill Sr. of Hereford will conduct the memorial services.

## Mrs. Nell Stewart Is Party Honoree

Traffic Department employees of the Hereford office of Southwestern Bell Telephone Company surprised Mrs. Nell Stewart with a reception in the operators lounge on April 7 at 7 p.m.

Mrs. Nell Stewart assumed her duties as chief operator in Hereford on Mar. 5.

The refreshment table was laid with a white linen cloth. The centerpiece was a white cake, decorated with pink roses, with the words "Welcome to Hereford Nell" on the cake. Gifts presented to Mrs. Stewart included a personal gift, and a silver spoon for Mrs. Stewart's first grandson, Gregory Neil Stewart of Dallas.

Approximately 35 employees and members of their families were present for the reception.

## Hereford Group Attends El Paso Club Convention

Some 35 Hereford High School students and their sponsors attended the annual Hi-Y, Tri-Hi-Y Spring Conference in El Paso Friday and Saturday.

Along with some 550 other club members of the West Texas District, the students attended the convention which featured the theme "Youth at the Crossroads".

During the meet, Janie McBroom was named second vice president of the district. After two days of rallies and sight-seeing, the guests were honored with a banquet Saturday night to highlight the affair.

Hereford students also crossed the border into Juarez, Mexico, for an afternoon's tour and shopping. Accompanying the members of the Hereford High School clubs were Mrs. Mozelle Neil, Tri-Hi-Y sponsor; Mrs. Jimmie Mercer, and Harvey Penner, sponsor of the Hi-Y organization.

Leaving at 6 a. m. Friday, the students traveled via chartered buses with other club members from Amarillo and Pampa. The group returned Sunday.

Incidentally, both exchange students at Hereford High School made the trip, including the detour into Old Mexico. Both Gillian McArthur of Scotland and Peter Lantz of Sweden reportedly left their passports "at home" during the trip.

There were said to be "anxious moments" as the pair returned from Mexico through the American Customs office.

## Central School PTA Schedules Supper

Central School Parent Teacher Association will hold its Teacher Appreciation Dinner on Saturday, April 14, at 7:30 p.m. in the Central School gym.

The affair will be in the form of a basket supper and each family is requested to bring enough food for their family. Bread and drinks will be furnished.

After the supper, a short program will be given on the teachers and what they are teaching in the school. Mrs. John Gooch will give a report on the findings that the elementary study group conducted recently on our school system. Officers for the coming year will be installed.

Films will be shown to the children during the program.

## Spring Brunch Honors Members Of Home Demonstration Clubs

The Westway Home Demonstration Club entertained the North Hereford Home Demonstration Club with a brunch in the home of Mrs. Joe Wagoner on Thursday morning, April 5.

The hospitality committee served as hostesses. Committee members are Mesdames Joe Wagoner; Paul Rudd and D. Roberson.

Mrs. Herbert Owens and Mrs. W. W. Thomas directed the recreation. A get-acquainted game was played to introduce the women. A contest was then held for a "Mrs. Housewife of 1962" from each club. Mrs. Mary Bodkin was the winner for the North Hereford Club with Mrs. Otto Massie as runner-up. Mrs. Joe Wagoner was selected for

the Westway Club with Mrs. B. Northcutt as runner-up. Mesdames Argen Draper, Benton Bolin and Art Shaffer served as judges.

Spring flowers were used throughout the house for decorations and on the serving table as a centerpiece.

Members of the North Hereford Home Demonstration Club attending were Mesdames Paul Hoff, Otto Massie, Otto Olson, Clyde Smithers, R. A. Fullwood, C. L. Williams, Bill Davis and Gaylon Bryan.

Members of the Westway Home Demonstration Club present were Mesdames Joe Landers, R. W. Mitchell, B. B.

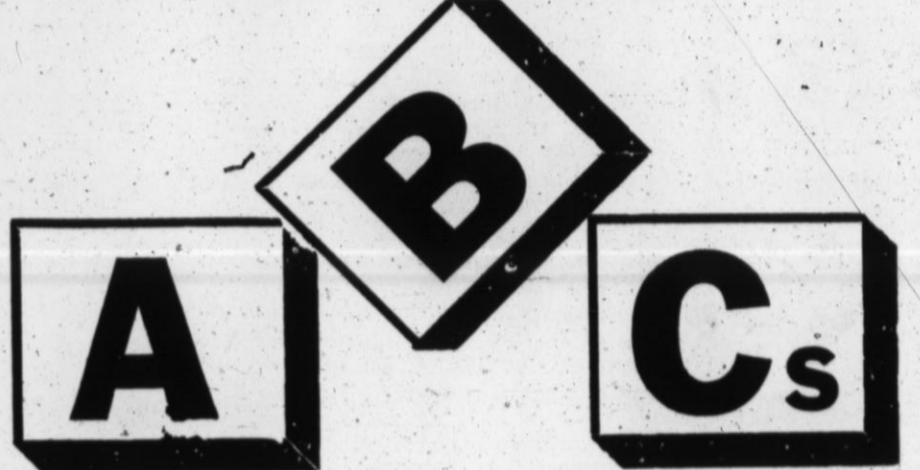

Northcutt, Herbert E. Owens, Paul Rudd, Homer Rudd, C. A. Saulcy, Jim Thomas, George Turrentine, Bess Werner, Joe Severance, W. W. Thomas, D. Roberson, Albert Lamb, Bill Combs, Don Douglas and Joe Wagoner.

Hereford boxing fans lost a good friend when J. C. Oakley of Plainview died Saturday morning. Manager of Southwestern Bell Telephone, Oakley officiated as referee at many Golden Gloves fights in Hereford, Amarillo, Plainview, and Levelland.

Hereford Ministers' Association is asking Hereford businesses to close Friday, April 20, in order that their employees might attend Good Friday services, which will be held in the First Baptist Church from 12:30 to 1:30 p.m.

Scoutmaster Lincoln Bolen reports that the new Boy Scout Troop sponsored by the Westway Baptist Church now has eight members with more expected to join soon. The Troop meets at 7:30 p.m. each Monday at the church. All boys in the community from 11 years up are invited to attend.

Hereford won a close ball game here Tuesday, much to

the delight of fans who basked in ideal weather — until the top of the seventh inning. The Whitefaces are leading the district race now and will host Dumas on Friday, April 13, at 4 p.m.

We hope you will come out Thursday evening for the Spring Opening in Hereford. Juniors and Seniors from Hereford High School will be handling all sales, for which they will receive 10 per cent of the gross. The students and the merchants are quite enthused about the plans and hope that you will be present. Hours are 6 until 9 p.m.

### Hereford Enters AT ROTARY MEETING Regional Events

Six Hereford High School students will enter regional University Interscholastic Literary events contests in Odessa Saturday.

After winning the right to enter the contests by taking first place in District 1-AAA events, the students will compete with other district winners.

Competing in extemporaneous speaking will be Gray Kendricks. Charles Mims will enter the number sense event.

Entered in boys' poetry interpretation is Jimmy Reinauer. LaReece Askew is a contestant in the girls' prose reading event. Martha Ponder and Wain Miller will compete in the journalism contest. There was no journalism contest at the district level.

Should the contestants place first or second at the regional meet at Odessa Junior College, they will advance to state finals at Austin later this month.

### Area Mineral Development Urged By Canyon Geologist

Hereford is well located for the exploitation of the undeveloped natural resources in the Caprock area, said Jack Hughes speaking at the noon meeting Monday of the Hereford Rotary Club.

Hughes is head of the geology department at West Texas State College in Canyon and curator of paleontology of the Panhandle Plains Heritage Museum.

He pointed out during his talk that the area is surrounded by a great variety of natural resources which include the soil and water used in agriculture.

Hughes also commented that in developing other resources — including water, oil, gas and helium — many other natural resources remain undeveloped.

"It has become clear," he stated, "that our area has vast mineral resources with which nothing has been done. To me this is a good sign." Since the area has done well in developing some of its resources, he continued, it has not been necessary to develop these others.

In discussing the present and future economic value of the undeveloped minerals, he commented on the geologic layers forming the Caprock — the Quartermaster, Dockum, Ogallala and Panhandle formations.

He pointed out that the Quartermaster was formed during the Permian era about 200 million years ago and has produced oil, gas and some building stone in the form of dolomite formations.

There is a good potential for building stone and crushed rock from this layer, he commented. Rock gypsum is also abundant and has a good potential.

In some places, he noted it takes the form of alabaster. There is also good clay in the formation suitable for tile and brick, as well as salt deposits rich in potassium and manganese.

The Dockum layer, formed about 150 million years ago during the Triassic Period, is important for its water, he pointed out.

In commenting on rural electrification, Leo Forrest, cooperative manager, pointed out that urban as well as rural populations have benefited from the program.

The program nationally has generated a multi-billion dollar market for electric appliances and equipment," he said. "It has made cash registers ring and created jobs for city people everywhere. We extend a cordial invitation to our city friends to attend our annual meeting."

discuss. In the mile run sophomore Manuel Pacheco was edged down to fourth after running second much of the way through the race. Jim Haney ran sixth in the 440-yard dash.

But, it has excellent clays and sands which may be suitable for glass making, he continued. Copper and manganese are also present as well as minor amounts of barium and radioactive ores but not in heavy concentrations.

In commenting on the Ogallala layer formed during the Pliocene period, one to 10 million years ago, he pointed out that the base of the Caprock furnishes sands, gravel and water.

This layer, Hughes stated, has good sands and clays as well as caliche used in road construction.

"The Ogallala layer has the possibility potential for cement manufacturing in the area," Hughes said.

Also of importance are the sandstones and limestones as well as common opal for use as building materials, he continued.

In the Panhandle layer — the top soil — the soil next to water is the number one resource and has been exploited to the greatest extent, commented Hughes.

However, sand, gravel and clay are important. Fullers Earth, a mineral used in drilling muds is also present and of economic value, he stated. At present, only one plant is

(Continued from page 1) Missouri, I've been able to see more than we don't have at home," stated the charming 18 year-old visitor.

One of her duties as the queen is to promote Alaska and its people where ever she goes. She stated that this was the most enjoyable part of her reign.

"But people have funny ideas about our state. When it's springtime in Alaska it's not really '40 below' like the song says," she quipped. "But I'll admit that it was 63 below in Fairbanks last Christmas."

"The temperature gets up to a high of 99 degrees during the summer, though," she quickly added.

"Then we have most of the same activities as anywhere else in the nation. Tennis and basketball are popular sports, while bowling is the biggest sport during the winter." She adds that bowling is also popular during the winter "because it's inside."

"Boys don't play football much because there's no season for it, but some teams do play 'on the snow'."

While attending school last

fall, she made trips to Louisiana and Florida to do product promotion work for Alaskan shrimp. She pointed out that shrimp is one of the many products imported from the northern state and is canned in those southern states.

Miss Holm was crowned in July of 1961. She was chosen as a finalist in the Fairbanks Winter Carnival, and was then picked over other finalists in the "Miss Alaska Pageant" held in Anchorage.

The crown worn by the reigning "Miss Alaska" is as unique as the state it represents.

"I was crowned with a crown made in 1929 by my grandfather and his associates," she related. "It is a very unique crown fashioned from pieces of ivory with a chain of gold nuggets. It has ivory beads that look like pearls, and in the middle it has an image of an Alaskan husky, with a miniature miner's pick and shovel made of gold."

She is a member of the third generation family to live in Fairbanks. "My grandfather started the J. Bic Brown and Sons Jewelry there some 46 years ago. My parents now operate it under the same name."

By participating in the "Miss American Pageant," Jean Ann was able to visit New York City and Washington, D. C., before going to Atlantic City for the September contest.

"The Pageant lasts one full week, and we were doing something all of the time," she recalled. "I got very little sleep."

Contestants are judged on talent, personality, and beauty. She prepared a fashion monologue for her entry.

"From the Miss America Pageant I came right on to school at Stephens," she said. "I met Ann in the foods preparation class. We've been learning to cook together, and it's kind of funny sometimes when we spill stuff or burn our food."

"I don't know how many miles I've traveled or how many people I've met this year," said Jean Ann, "and all of the people have something new and interesting to

(Continued from page 1) The winner of the contest will represent the area in the statewide contest.

The annual meeting will begin at noon with a barbecue prepared by the Hereford Rotary Club and will be followed by the business meeting.

Members of the cooperative will elect two directors to the board. Retiring as directors this year are Raymond Higginbotham, representing Deaf Smith County, and Webb Gober, representing Parmer County. Three candidates have been nominated for both the Deaf Smith and Parmer County posts.

During the business meeting, queen contestants will also appear on the program and give short talks.

Osborn will give a report of progress made during the past year. The annual financial report will also be made.

"Everyone who is served by the Deaf Smith County Electric Cooperative is a part owner of the rural electric system."

Osborn reminds members, "As an owner, each member-consumer will have an opportunity to take part in the annual meeting, vote, ask questions, and have his say about the operation of the local system," he commented.

In commenting on rural electrification, Leo Forrest, cooperative manager, pointed out that urban as well as rural populations have benefited from the program.

"The program nationally has generated a multi-billion dollar market for electric appliances and equipment," he said. "It has made cash registers ring and created jobs for city people everywhere. We extend a cordial invitation to our city friends to attend our annual meeting."

eral exploitation of the Caprock is just beginning," Hughes said. "Oil, gas, caliche and gravel have been developed, but more research and development is needed for the exploitation of other minerals." In concluding his talk, Hughes added that the geologic features could be turned into a major tourist attraction. He pointed out that since the Palo Duro Canyon was not on a major highway, tourists bypass it. But, it could become a major attraction and benefit both Hereford and Canyon if a highway were constructed from the east through Canyon to Hereford, he pointed out.

# 'Gift Wrapping' Is Topic Of Young Homemakers Club

The Young Homemakers Home Demonstration Club met Tuesday, April 3, in the home of Mrs. Roy Evans with the president, Mrs. Richard Clark, presiding.

The meeting was called to order by Mrs. Richard Clark. Mrs. Don Jackson called the roll, which ten members answered by telling: 1. a hint in wrapping a gift; 2. a gift I've enjoyed the most; and 3. the last gift I made. Mrs. Melvin Shaw gave

the program on "Gift Wrapping" and displayed several wrapped packages.

Minutes of the last meeting were read by Mrs. Don Jackson. Reports of the committees and demonstrators were heard. Mrs. Kenneth DeHart, council delegate, gave a report of the last council meeting. Future plans were made and discussed for the club's 42 party. Health cards were distributed to those present. The cards are to be filled out and carried in the wallet.

## 9,000 Medical Cards Are Available For Residents

BY ARGENT DRAPER  
The Young Homemakers Demonstration Club is the first club to get the health cards. These young women will distribute 250 cards to their own families, friends and acquaintances. We're hoping that the other clubs get their request in soon so the individuals can get their cards filled out.

We have 9,000 cards and would love to get them into the hands of persons who will fill them out and keep them in their bill folds. These are cards designed by the American Medical Association. If a club woman does not contact you, please call the office and we will get some cards to you. The Young Homemakers officers are Mrs. Rich Clark, Mrs. Melvin Shaw, Mrs. Roy Evans, Mrs. Kenneth DeHart and Mrs. Don Jackson.

The Safety film is available on Seat Belts.  
Mrs. Otto Olson asked for the biscuit recipe which the 4-H girls are using. Below is the recipe. It is found in the Quick Breads bulletin No. - B176. These are available at the office and many of you have them. Call EM4-3611 and we will mail it to you.

**BISCUITS SUPREME**  
2 cups flour  
1/2 teaspoon salt  
4 teaspoons baking powder  
1/2 teaspoon cream of tartar  
2 teaspoons sugar  
1/2 cup shortening  
2/3 cup milk

Sift flour once; measure, add baking powder and salt, sift into mixing bowl. Cut in shortening until mixture looks like coarse meal, using a pastry blender or two knives. Add milk and stir with fork until soft dough is formed. Turn out on lightly floured canvas or bread board and knead lightly. Roll dough 1/4 inch thick. Cut and place on ungreased baking sheet. Bake at 475 F. 10 to 12 minutes. Makes 18 to 20 biscuits cut with 1 3/4 inch biscuit cutter.

I hear many favorable comments and compliments on the two crusts fruit pies which Miss Fowler is giving at club. The recipe is listed below.

**PASTRY FOR TWO CRUSTS**  
8 or 9 inch

2 cups flour  
1 teaspoon salt  
2/3 cup shortening  
4 to 6 tablespoons cold water

1. Sift flour and salt together. Add half the shortening and cut in with a pastry blender or two knives, until mixture looks like "meal." This helps make it tender.

2. Add remaining shortening and cut it in about the size of large peas. This helps make it flaky.

3. Sprinkle ice water lightly over mixture, blending gently with a fork. Use as little water as possible. Too much water makes pastry tough. Use just enough water so that you can gather dough together with the fingers and leave the bowl clean.

4. Rub flour into pastry cloth to keep dough from sticking. Round up ball of dough between cupped hands on a lightly floured pastry cloth. It will be easier to roll out pastry dough if it is allowed to stand a few minutes.

5. If you are making a two-crust pie, divide dough in half. If making a one-crust pie, use all of dough from recipe.

6. Roll dough out a little less than 1/8 inch thick.

7. Keep in a circle and roll large enough to line pie pan. Estimate by holding inverted pan over the dough. Pastry circle should be about 1/4 inch larger to allow for depth of pan. Work quickly and lightly. Do not bear down heavily. Handling pastry too much makes it tough. During rolling, if pastry breaks around outer edge in a few places, pinch the broken edges together to keep the circle intact.

8. Lightly fold pastry in half, quickly transfer to pie pan, unfold and fit pastry into pan. Do not stretch. Trim overhanging edges with kitchen scissors or knife.

9. Coat the bottom surface with 1 teaspoon melted butter to prevent the filling soaking in before oven heat seals the lower crust.

10. Set in refrigerator to chill thoroughly to make a more flaky crust.

11. For two-crust pie, roll remaining dough for the top a little thinner than for the bottom. Make it large enough to extend 1/4 inch beyond the edge of pan.

12. Fold in half and, with a sharp knife, make several slits through which steam may escape. The cuts may form a design.

13. Unfold; place on waxed paper; chill thoroughly while preparing filling.

**APPLE PIE FOR 9-INCH PIE**  
6 cups sliced apples  
1/4 to 1 cup sugar  
1 teaspoon cinnamon or nutmeg  
1 tablespoon butter or margarine

For 8-inch pie  
4 1/2 cups sliced apples  
1/4 to 1/2 cup sugar  
1/2 teaspoon cinnamon or nutmeg  
1/2 tablespoon butter or margarine

1. Select tart, juicy apples for pies; peel, quarter, take out cores and slice thinly. If apples are dry, sprinkle with a little water.

2. Mix sugar and spices. Smaller or larger amounts of sugar may be used according to sweetness of apples and desired taste.

3. Fill pastry-lined pie pan with sliced apples, sprinkling with sugar and spice mixture.

4. Dot with butter or margarine.

5. Moisten the edge of pastry with a little cold water. Carefully place the chilled pastry for the top crust evenly on top of the filling, allowing it to fall loosely in place.

6. Trim off extra edge, but leave 1/4 inch overhanging edge of pan.

7. Build up fluted edge. For a rippled fluting, catch rim of pastry with thumb and forefinger of both hands held about 1/2 inch apart. Pull rim held by right thumb and forefinger down and over toward you slightly holding back the rim of other hand. Then place thumb and finger of left hand where those of right hand were and repeat. Repeat until entire rim is fluted.

8. For a shiny top crust, brush lightly with milk just before baking. For a sugary top, brush first with milk, then sprinkle with granulated sugar.

For a glazed top, brush top with a mixture of whole egg or egg yolk and a little water, using the proportion of one-half whole egg or one egg yolk and one-half tablespoon cold water.

9. Bake at 450 degrees F. for 10 minutes; then at 350 F. for 30 to 45 minutes, or until crust is nicely browned and apples are cooked through. Test with a fork.

10. Serve warm or cold. Pie may be topped with whipped cream or ice cream.

**CHERRY PIE**  
one 9-inch pie

Filling using frozen cherries  
1/2 cup sugar  
3 tablespoons cornstarch  
1/2 teaspoon salt

2 pounds frozen cherries, thawed and drained (4 cups cherries)  
1/2 cup cherry juice  
1/2 teaspoon almond extract  
1/2 teaspoon red coloring  
3 tablespoons melted butter or margarine

Filling using canned cherries  
1 cup sugar  
3 tablespoons cornstarch  
Pinch salt

1 No. 2 1/2 can pitted sour cherries  
1/2 cup cherry juice  
4 drops almond extract  
4 drops red coloring  
1 tablespoon butter or margarine

1. Measure sugar, cornstarch, and salt into a sifter. Sift into large mixing bowl.

2. Add cherries, cherry juice, almond extract, coloring and butter or margarine. Mix well.

3. Pour into pastry lined pan.

4. Follow instructions for pastry.

5. Cut a 1 1/2 inch strip of aluminum foil and place around pie to prevent edge of crust from becoming too brown.

6. Bake at 425 for 55 minutes.

## District Meeting Of Little League Set For Friday

All members were urged to have their blood typed on April 19 at the Hereford Community Center.

Mrs. Kenneth DeHart read two articles taken from the H. D. Messenger. Club members were reminded to get their Messenger subscriptions. Mrs. Terry Brown, recreation leader, led the group in two amusing spelling games.

Refreshments were served to Mesdames F. D. Bryant, Melvin Shaw, Don Jackson, Lee Roy Burges, Charles Brothers, Terry Brown, Richard Clark, Pete Lowrie, Kenneth DeHart and the hostess, Mrs. Roy Evans.

A district Little League meeting has been scheduled at the Hereford Community Center for Friday, April 13, at 7:30 p.m., it was announced by J. R. Allison, district representative.

Directing the meeting will be Marvin T. Bradford, southern regional director of Little League baseball and a member of the staff at International Headquarters in Williamsport, Pa.

Members representing a majority of leagues participating in the program are expected to attend the meeting. The district includes cities in the northern Panhandle and South Plains.

Bradford is a representative of national headquarters and is

currently on an extended field trip through 14 states. During the trip, he is visiting centers of Little League activity. He has been associated with Little League for the past 13 years.

During the program at the Community Center, Bradford will discuss the state of the national program of Little League Baseball and many of its aspects in terms of its relationship to the leagues in 25 countries.

The agenda of the meeting will also include local league regulations, incorporation procedures, international tournament plans, tournament financing, senior division plans and the local program.

Open sandwiches are great for evening snacks. One delicious combination is made this way: arrange thin slices of roast beef on dark bread and center with a mound of chopped jellied consommé topped with

horseradish. Men like this! Use fresh grated horseradish if you can; otherwise substitute the drained bottled variety.

## Graveside Service Set For Mrs. Burch

Mrs. Ella Lee Burch, 86, widow of the late John D. Burch and a former Hereford resident, died in Winfield, Kan., Friday, April 6 at 9 p.m. after a two-year illness.

Graveside services were held at 2:30 p.m. Tuesday, April 10, in the West Park Cemetery under the direction of Gilliland Funeral Home.

Born on Dec. 3, 1875 in Blue Springs, Mo., she was the daughter of Harrison and Jessie Trow. She married John D. Burch in 1900. Mr. Burch preceded her in death in 1946.

The couple moved to Hereford in 1900 and they lived in the Hereford-Vega-Amarillo area until 1944. They then moved to Oklahoma City and lived there until 1959.

Mrs. Burch had been living with her daughter, Mrs. Virgil

The moisture picture changed considerably in Hereford and Deaf Smith County as thunderstorms crossing the area dumped beneficial and much needed moisture Wednesday and Thursday.

It is hard to describe in either words or pictures the effects and beauty of the rain. However, even though more is needed for Deaf Smith County crop and pastureland, the moisture was considered generally beneficial.

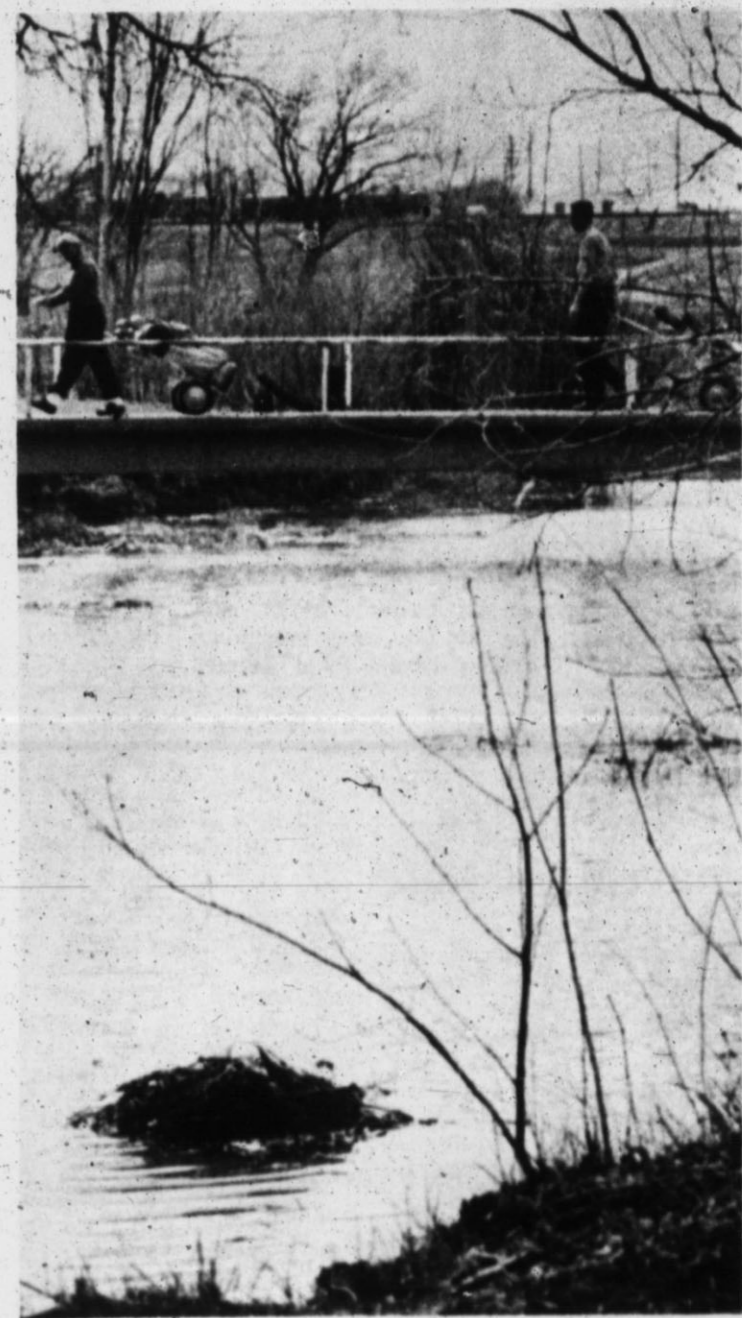

To many, a rain is a rain and normally all outdoor activity such as construction stops. But, cattle continue to graze in rain-wet fields and pastures.

Golfers seemingly ignore the rain and the rushing water of Tierra Blanca Creek and continue their game during the evening.

The rain has many patterns which are considered commonplace, but the beauty is still there. For instance, there are the raindrops glistening on early spring flowers or lights reflected in various patterns from rain-wet streets.

To farmers, rain is necessary and this year has been a much needed ingredient in the success of Deaf Smith County agriculture. So far, the winter and spring have been dry with high winds and unseasonably warm temperatures.

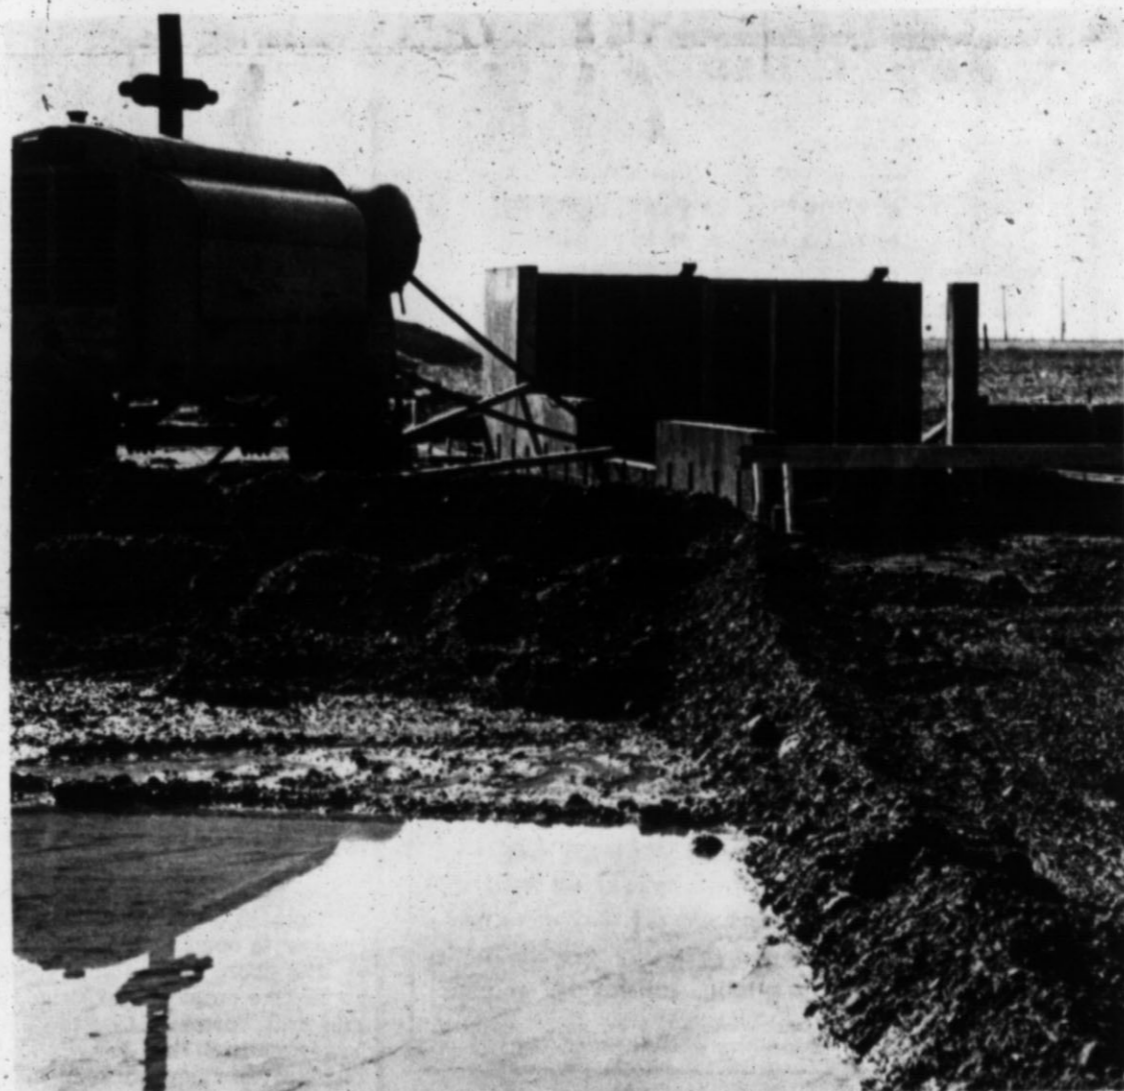

But, the rain — the first of the spring — has brought some relief. Even though called generally beneficial, more is needed since some areas recorded less than half an inch.

GOLFERS CONTINUED their game in spite of the heavy downpour which sent water rushing down the Tierra Blanca Creek. More than an inch of moisture fell in the city during the thundershowers last week. Officially .57 of an inch was recorded Wednesday evening and .50 of an inch fell during a thunderstorm late Thursday afternoon.

LIGHTS REFLECT OFF OF rain-wet pavement on Main Street as a thunderstorm Thursday dumped a half-an-inch of rain in the city. The heavy downpour was "unexpected" but welcome relief from the dry weather that has plagued the area since the first of the year. Rainfall for the week totaled 1.07 inches in Hereford bringing the year's total to 3.13 inches.

CONSTRUCTION STOPPED LAST WEEK at slowed in the city, but the welcome relief the sites of three new grain storage facilities was brought from the dry, windy weather in the Deaf Smith County areas due to the experienced so far this spring. More rain, welcome spring rains. Construction was also however, is needed.

CATTLE GRAZE UNCONCERNED about the spring rains which fell Wednesday and Thursday. Rains were needed on pastured and cropland in the area as the yearly rainfall dropped below the level recorded a year ago. During the unusually dry winter top soil moisture was dried up by high winds and unseasonably warm temperatures.

IN SPITE OF MISERABLE WEATHER, the first annual Golden Spread Quarterhorse Show held here drew a field of more than 200 top entries. Cold, cloudy, damp weather kept spectators to a minimum even though the show was considered a success. Entries included the top ranking cutting horses in the nation.

REP. WALTER ROGERS WRITES

# Bill Introduced Seeking Information On Employees

TO THE PEOPLE OF THE 18TH DISTRICT:

On March 28, 1962, I introduced the following measure in the House of Representatives:

A BILL

To provide that certain information relating to the national security shall be made available to the Speaker of the House of Representatives.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, that notwithstanding any other provision of law, or any Executive order, or of any rule or regulation, whenever the head of any department, agency or instrumentality of the United States determines, as the result of information developed in the course of any investigation, that any officer or employee of the United States or any person seeking employment as an officer or employee of the United States is a person whose retention or employment as an officer or employee of the United States would not be consistent with the interests of the national security, he shall transmit all information developed in such investigation to the Speaker of the House of Representatives.

Sec. 2. The Speaker of the House of Representatives is authorized to make available, for purposes of possible legislation, all or any part of the information transmitted to him under this Act, to such of the committees of the House of Representatives and to such of the Members of the House of Representatives as he determines necessary in the interests of the United States.

This bill was referred to the Committee on Post Office and Civil Service and

ber of St. Anthony's Catholic Church.

Surviving are her husband, Frank of the home; two sons, Weldon and Patrick, both of Hereford; three daughters, Sharon, Injean and Mary Margaret, all of Hereford; and two sisters, Mrs. Elizabeth Reingert of Buhl, Idaho, and Mrs. Tracy Haskins of Twin Falls, Idaho.

SCHOOL NEEDS A COWBOY TOLEDO, Ore. — The school board of the coastal town of Toledo is looking for a cowboy.

School Supt. Marion Huff told the board that a roving white-faced cow had made nightly visits to the school grounds for the past three years and has done more than \$500 damage to the athletic field and to shrubs and lawns.

Huff said he had chased the cow away a number of times. But it always comes back.

SELF-DEFEATING LECTURES MIAMI — Nearly 100 shoppers waited impatiently for a store in a suburban shopping center to open.

The doors opened six minutes late. One employee explained to an irate customer that the manager caused the delay with a lecture on "how to keep customers happy."

ABILITY FAIRNESS COMMON SENSE JUDGMENT

(By Pat Adams) by Ben Ramsey

requests have been made of several departments of government for full reports and recommendations concerning it. As soon as these reports have been prepared, I hope to request hearings on the subject matter and ask for passage of the bill.

Some have expressed doubt as to the need for such a measure. They have taken the position that this is a matter presently within the jurisdiction of the FBI and the other security agencies of this nation. It is argued that the files as to present and prospective employees of the government are kept secret in order to protect the particular individual from possible unfair conclusions with relation to certain fact situations.

Certainly no one wants to be unfair or to create a cloud of suspicion over an American citizen simply for the satisfaction of gossip mongers. However, this is a matter having to do with the safety and interest of this country, and it is my opinion that every possible opening for a Communist or Communist sympathizer or one subscribing to an ideology conflicting with ours to get into government employment should be closed.

Contrary to the general belief, the FBI does not issue clearances or nonclearances or express opinions regarding the suitability of persons for employment with the government. Nor does it make recommendations regarding the hiring, firing or retaining of applicants or employees of other Federal agencies. I must confess that for a great number of years I have been proceeding under the false impression that the FBI, the body charged with the internal security of this nation, made recommendations as a result of facts gathered by it concerning the employment or retention in employment of Federal employees.

Having discovered the contrary, it occurred to me that under a true representative form of government, the duly elected officials of the peo-

cannot be effectively carried out.

As the matter presently stands, the FBI gets together facts and submits them to an official of the Federal government who has been appointed rather than elected and who, along with others, makes the decision as to whether or not the particular individual is to be employed. H.R. 10977 simply permits the duly elected members of the Congress of the United States to know what is going on in the executive branch of the government, as well as the judicial branch of the government, with regard to employees. It will provide a most effective bulwark against possible infiltration of undesirable regardless of ideology.

## Witnesses Set Tri-State Area Convention Date

Jehovah's Witnesses from areas of Texas, Oklahoma and Kansas will hold a three-day circuit assembly at Ulysses, Kan. May 4-6, it was officially announced today.

The 4-H building is to be used for the occasion and about 500 delegates from the Circuit's fifteen congregations are expected to attend.

Lloyd Reddoch, presiding minister of the Hereford congregation and spokesman for the group, stated that the main purpose of this convention is to aid

in advancing Christian education.

The convention's theme is, "Faithfully Increasing Our Praise to Jehovah," Ephesians 5:16.

Appearing daily on the program will be R. V. Davis, from Jehovah's Witnesses' world headquarters in Brooklyn, New York. Mr. Davis is a special supervisor in charge of the Witnesses activity program in seven states.

Farmers in Kashmir tend floating gardens anchored on lakes. Kashmiris harvest from boats, picking tomatoes and pumpkins that grow on a solid but buoyant mass of topsoil, grass and weeds.

## Services Scheduled For Mrs. Brinkman

Funeral services for Mrs. Clara Lee Brinkman, 50, who died April 6 were held at 11 a.m. Tuesday at St. Anthony's Catholic Church.

Burial was in Rest Lawn Cemetery following the service under the direction of Gilliland Funeral Home.

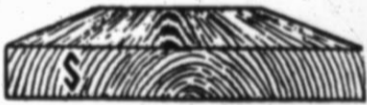

Rosary for Mrs. Brinkman was held in the Rose Chapel of the funeral home at 8:30 p.m. on Monday and Tuesday.

She was born Sept. 3, 1911 in Buhl, Idaho, and was married to Frank Brinkman on June 6, 1938 in Twin Falls, Idaho. The couple moved to Hereford in 1940 from Idaho Falls, Idaho. She was a mem-

LET'S COOK SOMETHING!

# Albiars Relish Cactus As Main Dish

Mrs. Felix Albiar, Ann, a charming, friendly young mother of two sons, Felix Jr., 13, and Mike, 7, is a full-time worker in a local grocery store as well as being the homemaker for her family, an excellent housekeeper, and a willing church worker in the fellowship of St. Anthony's Catholic Church and St. Joseph's Mission.

Mr. and Mrs. Albiar have been active members of the community during their 14 years of residence here, particularly in the Little League baseball program.

This program requires the work and cooperation of all mothers in order to make the concession stand succeed in making money to pay for equipment not provided for by the United Fund.

Ann never said no to any request made, nor did she fail to work when needed in the concession stand, making hot dogs, snow cones and other menial tasks. Many "baseball mothers" learned to love her for the fine woman that she is.

Ann is an unusual cook, using as she says, "a pinch of this and a pinch of that", producing these dishes she wishes to share with others who might like to have them. All of the recipes listed are favorites at the Albiar home.

**CACTUS**  
Brown 1 small chopped onion in a tablespoon of lard in a skillet over low heat. Add 2 eggs and scramble with the onion. Drop the drained cactus into the egg mixture. Add salt and pepper to taste. Add one 4 and 3/4 ounce can of tomato puree, 1/4 teaspoon each of comino seed and garlic. Cook for 10 to 15 minutes over low heat, either covered or uncovered. Add ground hot red pepper, if desired. Serve as a main dish.

**SPANISH RICE**  
3/4 cup of rice  
1 small onion, chopped  
1/4 teaspoon garlic salt

She had lived with a daughter, Mrs. Virgil Brown of Wichita, Kan.

She was a Baptist, and was a member of the United Daughters of the Confederacy.

Survivors include Mrs. Brown and two granddaughters.

1/2 teaspoon ground comino  
1 can (4 3/4 ounces) tomato puree  
Salt  
Pepper

Heat 1 tablespoon of fat in a large skillet. Place the rice in the skillet and brown lightly stirring constantly. Add the chopped onion and brown. Combine tomato puree, garlic and comino. Salt and pepper to taste. Stir into the rice. Immediately add 4 cups of

boiling water. Stir and let boil for 30 to 45 minutes or until the rice is tender. If water is absorbed before the rice is tender add a small amount of boiling water. Serves four.

**POTATO SHRIMP PATTIES**  
4 medium potatoes, boiled and mashed  
1 ounce package of dried shrimp, ground or powdered  
1 small onion, grated  
2 eggs  
Salt and pepper to taste

Combine potatoes with the other ingredients in a mixing bowl. Beat with a large spoon until smooth and fluffy. Drop by tablespoons into enough hot fat to almost cover the patties. Turn once to brown evenly. Serves four.

While any type of shortening may be used in these recipes, pure lard is recommended to bring out the true flavor in each.

**CHILES RELLENOS**  
6 fresh banana peppers  
2 eggs  
Grated cheese  
Salt and pepper

Place peppers in a skillet with very hot lard. Turn the peppers to brown on all sides. Remove the peppers from the skillet and wrap in a damp cloth. When cool, remove the skins from the peppers and make a small slit in each pepper. Stuff peppers with grated cheese and onions. Dip pepper in well beaten eggs which have been seasoned with salt and pepper. Fry in hot lard, turning once to brown evenly.

Serve with your favorite green salad.

**GUACAMOLE SALAD**  
Peel one avocado, then mash

well. Add little hot green chilis, chopped onion, tomatoes and one teaspoon salad oil. Mix well and serve with Fritos or fried tortillas.

**GERMAN CHOCOLATE PIE**  
Melt together:  
1 stick oleo  
4 squares of German Sweet Chocolate  
Mix:  
1 cup sugar  
3 whole eggs  
3 heaping tablespoons flour  
1 teaspoon vanilla

Add first mixture to the second. Beat for two minutes. Pour into an ungreased Pyrex pie plate. Scatter nuts on the top. Bake at 325 degrees for 30 to 35 minutes. Do not overbake to avoid toughness. Serve with whipped cream.

## Mrs. Ella Burch Buried Tuesday

Graveside rites for Mrs. Ella Burch, 86, widow of John D. Burch, were conducted at 2 p.m. Tuesday, April 9, in West Park Cemetery, Hereford.

The Rev. B. L. Davis, pastor of the First Baptist Church of Hereford, officiated. Burial was under the direction of Gilliland Funeral Home of Hereford.

Mrs. Burch died at 9 a.m. Friday, April 6, in Winfield, Kan., after an illness of about two years.

She was born Dec. 3, 1875, in Blue Springs, Mo., the daughter of Mr. and Mrs. Harrison Trow, one of the early-day families to settle in Deaf Smith County.

The family came to Hereford in 1909, and in that year she was married to J. D. Burch. Mr. Burch died in 1926.

Mrs. Burch had lived in the Hereford, Vega and Amarillo areas until 1944, when she moved to Oklahoma City. Since 1959,

Calif.; two daughters, Mrs. G. M. Sheppard of Oklahoma City and Mrs. Paul Roberts of Lawton, Okla.; two sisters, Mrs. Hazel Pyle of Oklahoma City and Mrs. Pearl Restine of Las Vegas, Nev.; 10 grandchildren, 20 great-grandchildren and 10 great-great-grandchildren.

James David Pense, 74, of 309 Park Avenue, died about 3:15 p.m. Sunday, April 8, in Deaf Smith County Hospital after suffering a heart attack in a local grocery store about noon.

Mr. Pense was born Aug. 16, 1887, in Winfrey, Ark. He was married to the former Betty Eylar on Jan. 24, 1914, in Chester, Ark., and moved to Deaf Smith County in 1957. He was a bookkeeper and a member of the First Christian Church.

## J. D. Pense Services Conducted Tuesday

Survivors include his wife of the home; a daughter, Mrs. Sam Nunnally of Hereford; a brother, John E. Pense of Mountainburg, Ark.; three sisters, Mrs. B. C. Furlow and Miss Mae Pense, both of Fayetteville, Ark., and Mrs. Lydia Stehwein of San Diego, Calif.; and one grandchild.

Funeral services were held at 4 p.m. Tuesday, April 10, in the First Christian Church of Hereford with the pastor, the Rev. Gilbert Davis Jr., officiating.

Interment was in West Park Cemetery, Hereford, under the direction of Gilliland Funeral Home of Hereford.

# THE LAST SUPPER

What a significant meal for these twelve men! What a privilege to be in such high company! They were chosen to carry on God's work and to help bring in His kingdom. Can we hear him say, as Dr. Gordon did, "I have no other plan, gentlemen, I am depending on you." Imagine the seriousness of the situation. Jesus was through. Tomorrow He would die on the Cross. These twelve imperfect men must carry on. One loved his money, one was afraid, two had unruly tempers, and the others sometimes ran away. But Jesus loved them and needed them as He needs you and me. His kingdom must come on earth. Thus, the Lord has no other plan but to count on you and me. The Last Supper has become a continuing supper. Churches call their members together about their Lord, and administer the ordinance, saying, "this do in remembrance of me."

**You In The Church**  
**The Church In You**

**White Injects Bright Note Into Estes Investigation**

**BY—VERN SANFORD**  
John White, State Commissioner of Agriculture, injected a bright note in the Billie Sol Estes investigations when he predicted, "I am confident that the grain storage picture is going to come out all right."  
He and his men completed inventory of grain in elevators Estes owned at Lamesa and Levelland. They assured receipt-holding farmers that their grain is there.  
The State's responsibility lies in supervision of elevators where farmers store their grain

and then borrow money against their warehouse receipts.  
White suspended the licenses of five grain elevators in which Estes has an interest, and sent his men to check the contents against warehouse receipts. Then he announced temporary warehouse license suspensions on Hale County Grain Company and Southwestern Grain, Inc., both in Plainview.  
W. L. Cooper of Plainview, operator of one of Estes' large grain storage facilities, is also listed as operator of these two warehouses.  
State Securities Commissioner William M. King said his investigators are checking evidence which would tend to show Estes has violated the Texas Securities Act.

**Mass Conducted For John H. Urbanczyk**

Funeral mass for John Henry Urbanczyk, 83, a resident of White Deer since 1910, was offered at 10 a.m. Tuesday, April 10, at Sacred Heart Catholic Church in White Deer, with Father Jerome Hancox, pastor, officiating.

Rosary was recited at 8:30 p.m. Monday, April 9, in the Duenkel - Carmichael Funeral Chapel in Pampa.

Mr. Urbanczyk, a member of one of the first Polish-Catholic families to move to White Deer, died at 8:35 a.m. Saturday, April 7, in a Pampa hospital.

He was a charter member of the Sacred Heart Catholic Church.

Survivors are his wife, Rosie of the home; one brother, Felix Urbanczyk of Hereford; five sons, three daughters, three half-sisters, 36 grandchildren, and 43 great-grandchildren.

Burial was in Sacred Heart Cemetery at White Deer under the direction of Duenkel-Carmichael Funeral Home. Pallbearers were his grandsons.

**MEASLES POPPING OUT ALL OVER**

A remarkably rapid spread of measles was noted by the Texas Department of Health last week when 99 counties reported 4,316 new cases.

More than a third of the week's total was reported by health officials in Jefferson, Nueces, Dallas and Travis counties. Jefferson County listed 479 new cases; Nueces County, 470; Dallas County, 282; and Travis County, 263.

During the first quarter of 1961 the measles outbreak totaled only 4,441 cases. First quarter this year a total of 32,538 outbreaks have been reported.

Dr. Van Tipton of the Health Department's communicable diseases division said the epidemic followed a trend of light incidence one year and heavy the next. He said enough children seem to escape the highly-infectious disease one season to catch it the next time around.

**EMPLOYMENT HITS NEW HIGH**

Unusually mild weather caused employment in the State to reach a record high for February. Texas Employment Commission announced 3,346,900 jobholders that month, as compared to 3,330,100 in January and 3,312,300 for February of 1961.

Warm weather was favorable for construction workers, agricultural employees and other outdoor workers, and helped reduce the number of unemployed from 239,900 to 189,900. The commission predicts an even better employment picture by mid-April, if prospective manpower needs reported by employers holds true.

**FARM BUREAU NAMES REPRESENTATIVE**

Texas Farm Bureau appointed Charles H. Huff of Taylor as its new legislative director. Farm Bureau President J. H. West said Huff will move to Austin, soon, to replace Bob A. Lilly.

The new director is well-seasoned in Capitol contact.

**VISIT CHILDREN**

Mr. and Mrs. Arthur Robinson of Hereford were weekend visitors in the home of their daughter and family, Mr. and Mrs. David Brumley and girls of Lubbock.

Depend on it to give you an honest day's work for a long, long time and not cost much to run or keep up. It's a Chevrolet.

Trucks aren't all alike. This Chevrolet has double-wall roof, doors and side panels. It has suspension that helps it last longer by reducing road shock. It has a non-skid wood body floor. It has as tough a tailgate as you'll find. It has an all-welded frame made of high-quality steel. Most important, it has a name everybody respects because they know it stands for quality. When you make up your mind to buy, get this one. We know you'll be happy with it.

**STATE ARCHIVES OPEN**  
Invaluable historical documents which tell the story of Texas' history have finally found a safe and permanent home. For more than a century they have been placed and misplaced in various temporary quarters.  
Now they are housed in the \$2,500,000 Texas State Library and Archives Building adjacent to the State Capitol. Prior to the April 10 dedication researchers and librarians had been collecting and classifying the precious documents in a quonset hut in North Austin.  
Gov. Price Daniel, whose hobby as a Texas historian is almost an avocation, started urging the Legislature to approve an archives building in 1957. Appropriately, he made the dedicatory address at the opening ceremony.  
A special exhibit will be on display during April. It will include William B. Travis' letter from the Alamo, the Texas Declaration of Independence, five treaties of the Republic of Texas and other memorable papers.

**FLIGHT CLINIC SET**  
Instructors from the Federal Aviation Agency, Texas Aeronautics Commission and private industry will take part when the TAC conducts its free, one-day Flight Clinic in El Paso on April 14.  
All airmen from students to full-licensed pilots are invited to register when the clinic starts in Hilton Inn at 8 a.m. The public also is invited to attend a meeting of the aeronautics commission Friday at 2 p.m. in the Inn's Cloud Room.

"Nov. 10, 1902. Be it remembered that on this the 10th day of Nov. 1902, there was begun and holden a regular term of the honorable Comrs. Court, at which the honorable W. B. Boyd was present and presiding, Co. Comrs. L. R. Bradley, A. P. Murchison, R. N. Mounts and Ira Aten present and participating with Sheriff J. T. Inman and Co. Clerk F. B. Fuller, the following proceedings were had: In the matter of ordering an election to incorporate the Town of Hereford, including in the corporate limits 4 square miles, as asked for in petition of Ross W. Davis, R. F. Holloway and 65 others, on an investigation of the merits of said petition it appears to the Court that there was no evidence put before the court to show that the town had a population of 2000 as required by law to incorporate the area asked for in said petition. It is therefore ordered and adjudged by this court that said petition be and the same is here now in all things rejected."

### Community Center Given Bridge Event Proceeds

The Hereford Duplicate Bridge Club held a two-session bridge event in the Hereford Community Center on Sunday afternoon and evening, April 1. There were 26 out-of-town players and 30 local players. Amarillo, Panhandle, Floydada, Plainview, Farwell and Clovis, N. M., were represented.

Mrs. Emma Ghormley of Amarillo directed the event. Mrs. Donna Lane and Mrs. Buna Bussard of Amarillo placed first in the event and were presented trophies. Mrs. John McDonald and Tommy Harbison of Amarillo placed second, and Mr. and Mrs. Terry Kirby of Hereford placed third. Others placing in the event were Jack Self, Clifford Dowlen, Lester Dewey and Mrs. Pat Norris of Amarillo; Mr. and Mrs. Joe Castiglione of Clovis Air Base; Mr. and Mrs. Tommy Carnahan, Mr. and Mrs. Donald Shipley, Mrs. R. E. Carver, Mrs. F. W. Hill, Mr. and Mrs. Stan Sigman and Mrs. F. H. King, all of Hereford.

The Hereford Duplicate Bridge Club has donated money in the past to the Community Center to start the fund for draperies and the fence around the patio, purchased a coffee pot for the chaperones and an eight-foot ladder. Approximately \$150 was presented to the Community Center from this

bridge event. The Hereford Duplicate Bridge Club meets each Thursday evening at 7:30 p.m. at the Community Center. Master point play is held the third Thursday of each month. All money above expenses is donated to the center.

**THANKS FOR THE MEMORY**  
NASHVILLE, Tenn. — Because Oscar B. Glick wanted to say thanks to his friends for being friends he gave a dinner party for 30 of them at a country club. Before the dinner he wired each place with a microphone which led to a tape recorder. During the dinner Glick sat with each of them and told some little story illustrating their friendship. "Now, no matter where I go," he said afterwards, "I can sit down and listen to the voices of my friends and remember the most wonderful people in my life."

**LAMBS LED TO SHELTER**  
KLAMATH FALLS, Ore. — Sheep ranchers of this southern Oregon area were urged to shear their ewes' heads to save lambs.

County Agent C. A. Henderson said that if a ewe's head is sheared to the skin, the ewe will feel the cold and rain and will lead her lamb to shelter during stormy weather.

# Safeway Chuck Roast

- \* See for yourself why you get so much more!**
- ① Note the large proportion of lean meat to fat and bone. We never "rob" a chuck of lean meat (as some do) to be sold as boned beef at a higher price.
- ② There's bone, of course, but it's carefully trimmed. Grandma tells us that the juices which flow through the meat from the bone help give pot roasts their perfect flavor.
- ③ Just enough fat is left on a Safeway chuck roast to make sure it will cook tender, flavorful and juicy and have that rich brown color you want in your pot roasts.

**BESSIE AND LADY GO TO COLLEGE**  
 BOSTON — Two four-legged coeds are attending Boston University.  
 They are Bessie and Lady, guide dogs of two blind students; Bessie, a fawn-colored Boxer, belongs to Walter Melican, 25, of Watertown. Lady is owned by Francis Pacheco of Swansea. Lady is a German Shepherd.  
 Bessie has attended 2,400 hours of lectures with her master. She has made more than 450 round trips with Melican on Boston's rapid transit system between Watertown and the college.  
 Lady began at B. U. last fall and commutes more than 100 miles daily in a car pool with her master.
