

Hospital Act Not Set To Close Hospitals

The Secretary of Health, Education and Welfare has informed Senator Lloyd Bentsen that, contrary to some reports, the Health Planning and Resources Development Act does not call for concentrating hospital services in urban areas.

Bentsen had written H.E.W. Secretary David Mathews earlier expressing concern about reports that the law "will close rural hospitals in Texas or change them into primary care facilities."

We sure share your concern over the adequacy of health care facilities and services in the rural areas," Mathews said in his reply.

Mathews said the first priority stated in the Health Planning and Resources Development Act, in fact, "singles out rural areas for special attention."

"Clearly, regionalizing all hospital service in urban areas

would run directly counter to these Federal initiatives and priorities."

"As we understand this Act of Congress, it was in no way designed to work the kind of hardships on rural areas which are so gravely feared by those in rural Texas who have also communicated these concerns directly to the Department," Mathews said.

"We cannot support any approach which would adversely affect the ability of rural areas to maintain adequate health care services and the requisite health care facilities."

"Please also be assured that the implementation of this Act is intended to be conducted locally in a fully open manner and in such a way as to provide for consultation with the citizens of the area, their providers of health care, and local officials," Secretary Mathews said in his letter to Senator Bentsen.

Kindergarten Registration

It is important that each child who will attend Kindergarten classes next fall be registered. Those eligible for Kindergarten are those who will be 5 years of age on or before September 1, 1976. If your Kindergarten age child was not screened (tested) in the past early childhood program, please come by the Principal's office, Rotan Elementary School and register the child.

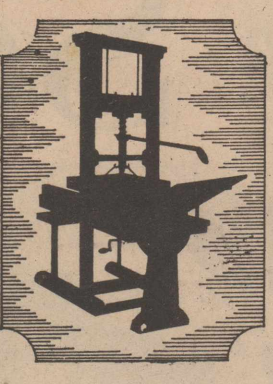

Each child will need official birth certificate and immunization record when school starts August 23. Tentative plans are to hold Kindergarten one-half day all year for each child, with half the children attending in the morning and half of them in the afternoon.

Over Million In Tax Refunds Are Mailed

Over one million tax refund checks averaging \$367.42 have been mailed out to North Texans this year, but IRS district director A.W. McCannless reminded taxpayers today that the receipt of a refund check is no guarantee that the IRS won't audit the tax return at a later date.

"A refund check only means the initial processing of the returns has been complete," McCannless said. "Checking the returns is time consuming, and an audit may not take place until several months after the refund check arrives."

A federal tax return can be audited at any time before the

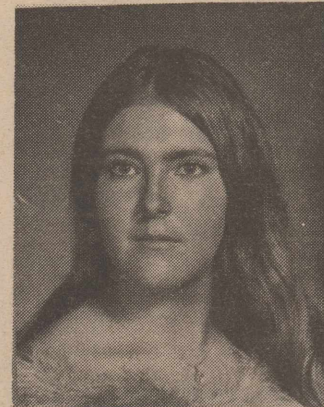

statute of limitations expires. The statute of limitations is generally three years from the date the return is filed.

The IRS suggests that taxpayers keep their financial records for at least as long as the statute of limitations is running. Complete and orderly records can help to substantiate income and expense items an itemized deductions if the return is eventually audited.

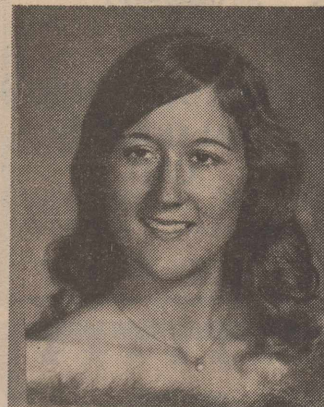

Some records, such as those concerning the sale or purchase of real estate, should be kept indefinitely.

This will be the 38th consecutive year in which National Gypsum Company has paid cash dividends to its common stockholders.

Forget-me-nots are said to cure the bites of snakes and mad dogs!

James Goodwin turned in his best time in the 440 and was awarded a 4th place finish with a time of 51.3.

Dan Burk captured a 4th place at the regional meet with his best season toss of 140 feet with the discus.

Rotan's mile relay team, with a preliminary time of 3:33, came back and placed 6th with a time of 3:28.8 in the finals. This time was by far the best time of the year. Individually, Goodwin ran an opening leg of 50.5, Jerry Carr ran his best leg of the year at 52.1, Buddy Hooper followed with a 55.4, and Kim Gray Anchored with a 50.8.

Jerry Carr placed 8th in the shot and ran a 10.2 in the 100 yard dash.

DESTINY: THE MINOR LEAGUES?

Headed for the "Majors" — that's his dream. But don't count on it, even if he stays in baseball!

For in thousands of cities and towns across America we know that baseball isn't **just** the major leagues. We know boys on their way up... and men on their way down... and fellows who have gone about as far as they can go. A real ball player is one who gives his club his best — in any league.

How close this comes to a fundamental conviction of the Church!

Christianity gives a man solid footing for his faith in God and in himself. To achieve the full potential of our God-given talents is primary; to fulfill every dream is secondary.

The Church promises no man earthly success. But it helps to appraise the gifts God gave us... to use them honestly and unselfishly. And, startlingly, it points the way to new goals, far beyond our dreams.

Kim's Korner

By Kim Pease

PARTY DEFECTION: I had a call from a very close family member last Saturday morning urging me to cast my vote in the Republican Primary for Ronald Ragan. For the sake of family unity, I will not mention any names, needless to say, I did not take the advice. I was more interested in voting in the contested Democratic Primary races than in trying to help Ronald Ragan out-poll President Ford for the Republican nomination for the Presidency. The point to all this well researched background information is...evidently many, many Texas Democrats crossed party lines and voted for Ronald Ragan last Saturday. Just as Democrat Jimmy Carter seems to be gaining momentum in his bid for the highest office, so does Ronald Ragan. I have to sit back and snicker every time I hear a prediction or news report out of the White House on President Ford's chances in a particular primary. It always comes out like "The President is confident he will carry Texas", or the other, "The President is sure he stands a very good chance of winning in Podunk Junction", etc. It reminds me of the time another Republican that stood on the steps of the great White House and mumbled garbage about the Watergate scandal. Along this same line, I'd like to pass a comment on the movie "All The President's Men" that has been showing in Abilene for the past month. Being involved in journalism, I thoroughly enjoyed the movie, but I must caution that it is rated P.G. In this day and time it is hard to find a movie that doesn't carry an R or X or XXX rating. We made the mistake of taking the children, and it is not a Walt Disney type film. Although there is nothing in the film that is unfit for children to see, the language used is not what most are accustomed to hearing.

HONOR FOR KING: Randy King, son of Mr. and Mrs. Bill King of Roby, was recently named Mr. Western Texas College by the student body.

SHOOTING DOGS: The Rotan City Council put the community residents on notice a few weeks back that they were going to begin taking strong measures in the control of dogs running loose in the community. Last Wednesday it hit home. There was a small river of blood in the street in front of Winn's where either one or several dogs had been shot. From most comments that came this way, the people didn't object to the dogs being shot...but they didn't like the fact that the dog's blood and guts were left on Main Street for little children to hop over.

LITTLE LEAGUE GAME: The opening Little League game between the Rebels and Vets seemed to fit right into the groove of all new things that are undertaken. A few last minute details were overlooked. Signs on the outfield fence were being hung as late as 15 minutes before the start of the game, scorebooks hadn't been passed out, the umpire's chest protector had developed a slow leak over the long winter lay off, the field needed some last minute grooming, but all things considered....it was a good opening game. The Little League teams play a double header this Friday night beginning at 5:30. The second game begins at 7:30. The minor league teams begin official play on Monday afternoon, May 10th, at 5:30.

FLOWER BASKET DISAPPEARS: A friend recently came by the office to notify this reporter that someone had removed a flower basket from a grave at the cemetery. The basket was placed on the grave by a special friend of the deceased, and it's disappearance has caused considerable hurt to the surviving family members. This seems like such a cruel act for someone to undertake. I hope the practice does not continue.

Cindy Helms and Hank Day Engagement Told

Mr. and Mrs. Charlie Joe Helms of Rotan announce the engagement and forthcoming marriage of their daughter, Cindy, to Hank Day, son of Mr. and Mrs. Bill Day of Rotan.

Both the bride-elect and

prospective bridegroom are graduates of Rotan High School and are students at Angelo State University.

Marriage vows will be exchanged by the couple in July.

Hobbs HDC Has April Meeting

Hobbs Home Demonstration Club met in the home of Mrs. C. E. Anderson April 22. The meeting was called to order by the president, Mrs. Turner Houghton. Members answered roll call by telling, "How I felt the first jury duty summons I received." Minutes of the previous meeting were approved as read.

Mrs. Dale Cave read the letter nominating Mrs. J.P. Phillips for Senior Citizen of the Year. It was approved and will be sent to the Senior Citizens Committee.

The program was then turned over to Mrs. Bill Hardy, who played on Mr. Rudy Hamric's recorder a tape he had graciously prepared for the meeting. Mr. Hamric's talk, entitled "How Legislation Affects Texas Women" brought out that much of the new legislation affects persons rather than men and women. He went on to enlighten as to how women are affected by much of the new legislation along lines of child support, marriage, responsibility for juveniles, medical attention, custody of children, child abuse and business or contracts.

Refreshments were served and after visitation the meeting was adjourned.

The next meeting will tentatively be at Mrs. Connie Tutt's May 13th. The 4-H girls from Rotan, with leader Mrs. B.B. McKinney will bring the program.

Mother's Day Message

Mothers Are People

Mothers are people who cook things.
Like breakfast or lunch or a snack.
Dexterous people who hook things,
Which button or zip up the back.

Mothers are people who blow things.
Balloons and kisses and noses.
Green thumbish people who grow things.
Like ivy and puppies and roses.

Mothers are people who send things.
Like letters and strawberry tarts.
Magical people who mend things.
Like blue jeans and elbows and hearts.

Mothers are people who find things.
Like mittens and homework and germs.
Fuss-budget people who mind things.
Like cusswords and snowballs and worms.

Mothers are people who sweep things.
Like porches and cobwebs and rugs.
Softhearted people who keep things.
Like art work, report cards and hugs.

Mothers are people who nurse things.
A boy or girl or a spouse.
And all in all there are worse things
Thank Mothers to have in your house.

Home canning jars can last 10 years or more if used and stored properly. It's a good practice always to use standard home canning jars which have the name of the manufacturer on the side of the jar. These are mechanically shock-resistant to withstand minor bumps against other jars and the pressure required to process low acid fruits, vegetables, and meats.

The homemakers should not use packers jars, such as empty mayonnaise and pickle jars. These should not be put in the pressure canner because they are designed for one-time packing and for foods which are not pressure processed.

In packing jars, be careful not to let objects such as knives and spatulas strike the bottom or scratch the sides of the jar. This weakens the jars and may cause breakage when the jars are under pressure.

Remove jars from the water bath or pressure canner using jar lifters. This prevents burns and reduces the danger of breakage. Cool jars away from drafts to prevent breakage from cool air drafts.

Remove the lid by sticking an ice pick in the center of the jar lid and lifting up. This releases the pressure for easy removal and also prevents nicking the lip of the jar.

Nicks on the lip of the jar can prevent the lid from sealing. Once used, the jars should be

Use your Freezer Wisely... AND SAVE

REDDY'S HELPFUL TIPS

- Distribute unfrozen foods evenly throughout the freezer. Foods freeze faster if they are not stacked in one section.
- To conserve energy, freeze no more than 10% of the total freezer capacity at one time. Label packages to conserve door-open time. Date and rotate packages so you use the older ones first.
- Defrost promptly—frost build-up of more than 1/4" makes cooling units work harder—they use more energy and wear out faster.

Remember REDDY Supplies the energy—but only YOU can use it wisely!

Hustlin' Round Hobbs

By Mrs Jimmy Walker
Hobbs, Texas 735-2840

Delayed from April 29

Thought it was really going to rain there for a little while Monday morning, but it passed on over and we just got a sprinkle. Not too many visitors this week as everyone cam for Easter and now the farmers are all sure getting busy.

We were so glad to have Bro. and Mrs. J.H. Skiles bac with us Sunday and he is feeling fine after his stay in the hospital. Their daughter, Mrs. Carl Anderson from Stamford attended Church services with Bro. and Mrs. Skiles on Sunday. They all ate Sunday dinner in the home of Mr. Vida Boyer. The Church had a weiner roast Saturday night and they really had a good time with 55 folks attending.

Mrs. Dale Cave attended the Palette and Brush Art Club Show on Sunday which was held at Roby. Mrs. Cave showed several of her pictures in the show.

Visiting with Mr. and Mrs. Josh Phillips Sunday afternoon were Bro. and Mrs. J.H. Skiles and Mrs. Carl Anderson all from Stamford, Neva and Larry Phillips from Aspermont and Mr. and Mrs. Charlie Rivers from Rotan.

Mr. and Mrs. J.W. Etheredge and boys attended the Merkel Open Horse Show Saturday. The results of the show are elsewhere in this paper.

Got a card from our reader in California and it reads, "Good morning, Tuesday 12th April, its raining believe it or not, about 1/4 inch of rain all night long. It is that sandstorm, is that a wind that blows so hard, you have to go into the dugout, that often blows your house away. Water melons are on sale at the grocery store for 30 cents a pound, cut in 1/4 or 1/2 at a bargain. How are the horses, you don't write about them any more. My bees have begun to swarm and I have several boxes to rob. The oranges are in full bloom now and the nicest smell, the sweetest smell you ever smelled. The corn has been planted. How is the corn in the garden."

Mr. and Mrs. Jimmy Walker and Melody went to the Open Horse show on Saturday, Jimmy was judge for the show. Adriana Underhill accompanied them. Saturday night Melody rode in the Boys Ranch Benefit Junior Rodeo at Old Abilene Town, and it was real cool that night and we left all our coats here at the house. Glad that the rodeo wasn't very long, so it wasn't too bad.

Mrs. Bea Hardin went to Lubbock Monday with W.B. Hardin and Mrs. Pam Baker. Mrs. Hardin went back to Lubbock Friday and spent the weekend with Mr. and Mrs. Morris Hardin and family. Morris came home with Mrs. Hardin and stayed until late Monday. Well thats all for this week. See you next Thursday.

Well was it cold enough Monday morning for everyone? But it really turned into a beautiful day after it warmed up a little.

Visiting Mr. and Mrs. Andrew Williams for the weekend were Mr. and Mrs. Ricky Williams from Lubbock. They also visited with Mr. and Mrs. Roy Adams in Rotan.

Bro. and Mrs. J. H. Skiles from Stamford ate Sunday dinner in the home of Mr. and Mrs. J.C. Cave and then visited in the community.

We had a real good crowd at Church on Sunday morning and Sunday night with several visitors.

We were sorry to hear of the death of Wayne Cochran, brother of Doc Cochran of this community. Wayne passed away this weekend at Big Spring and was buried Tuesday at Hobbs. Our deepest sympathy goes out to Doc.

Visiting with Mrs. Bea Hardin Sunday were Mr. and Mrs. W.B. Hardin, Kenneth Hardin and Joe Hardin all from Rotan, also, James Robert Hardin and William Peters and a friend Alan, all from Abilene. Bro. and Mrs. Skiles visited with Mrs. Hardin Sunday afternoon.

Mr. and Mrs. J.D. Kincaid went to Big Spring Friday as J.D.'s sister Mrs. D.H. Hornsberger from Sweetwater had surgery at the hospital there that day. She is doing real well and we hope that she will continue to improve.

Mr. and Mrs. Terry Bird of Lubbock are the proud parents of a new son, Eric Clinton, born April 23. Congratulations to the new parents and the proud grandparents, Mr. and Mrs. Odell Rains.

Mr. and Mrs. Dale Cave went to Lubbock Saturday to watch Stanley Chism participate in the high jump at the regional track meet. Stanley paced 3rd. Mr. and Mrs. Charles Chism, Stanley and a friend Chris of Odessa returned home with the Dale Caves and spent the weekend. While in Lubbock they also visited with Mr. and Mrs. Vernon Chism and twin sons, Chad and Clay, and Mr. and Mrs. Sonny Walters, Tracy and Travis, who were all at the track meet. They are from Odessa. Mr. and Mrs. Howard Gordon and family ate supper with Dale and Doshia Sunday night.

Don't forget its Mother's Day this Sunday; have a happy day. See you all next week.

Also if there is a clear ringing sound when the center of the lids is tapped with a spoon the seal is good. Lids should be checked again before use.

In the gospels are given four exceptions to salvation. These are all various facets of the same experience of becoming a child of God.

"For I say unto you, that except your righteousness shall exceed the righteousness of the scribes and Pharisees, ye shall in no case enter into the kingdom of heaven." (Matt. 5:20); The righteousness of scribes and Pharisees was their acts of worship. They tithed, prayed three times every day, and other acts of man. The righteousness required is the perfect righteousness of Christ, which is received by faith. "The righteousness of God which is by faith of Jesus Christ unto all and upon all them that believe." (Rom. 3:22).

"Verily I say unto you, except ye be converted and become as little children, ye shall not enter into the kingdom of heaven." (Matt. 18:3). Except a person

has had an experience of conversion that left them as needful of God as a child is of parents, he shall not enter the kingdom of God.

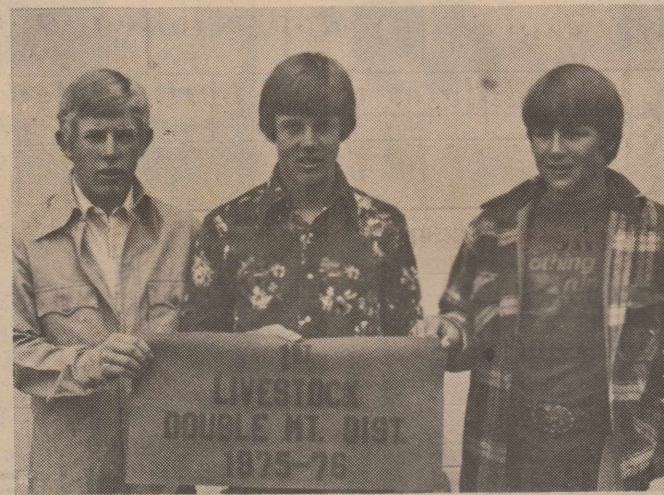

"Except ye repent, ye shall all likewise perish." (Luke 13:3). The person who has not experienced a radical change of mind, will perish apart from God. This is an about face in life, in which "Old things are passed away, and all things are become new." (II Cor. 5:17).

"Except a man be born again, he cannot see the kingdom of God." (Jhn. 3:3). Just as man is born of the spermos (or seed) of man to be born into this world, he must be born of the sperma of God to become a member of the kingdom of God. (I John 3:9).

If you have not met the exception then you will be excepted from the kingdom of God.

USDA Proposes New Food Stamp To Aid Agency

State agencies will be granted more flexibility in administering the performance reporting system of the Food Stamp Program, under regulations proposed today by U.S. Department of Agriculture (USDA).

The announcement would reduce the number of reports that state agencies are required to submit to USDA's Food and Nutrition Service (FNS) under current Food Stamp Program Efficiency and Effectiveness regulations.

Also, under the proposed amendment, FNS would review state agency operations. Currently, regulations require state agencies to review their own operations. This change would help FNS to determine efficiency and effectiveness of a State's operation of the Food Stamp Program.

A French visionary named Catherine Theot declared that Robespierre was the Messiah. She was guillotined in 1795.
