The Spearman Reporter

VOL. 72, NO. 13 THE SPEARMAN REPORTER, SPEARMAN, TEXAS 79081 THURSDAY, FEBRUARY 5, 1981

City Of Spearman Is 212 Acres Larger

The city of Spearman is, for all intents and purposes, some 212 acres larger in land area.

The increase came upon the adoption of Ordinance 464 following a public hearing conducted at a special session of the Spearman city council Monday night.

The "pocket" provided within the vectors provided within Ordinance 464 will contain the new Spearman Municipal Airport.

The special session with its public hearing contained only two action items on its agends: the annexation action and the per-square-foot rate for space leasing at the new flying facility.

The latter was adjusted to five cents per square foot for commercial use space. Non-commercial space remains at seven-and-one-half cents per square foot.

The public hearing was necessary by Texas law regarding the annexation proposal and the annexation was necessary as a requirement of both FAA and TAC to quality for grants to pay for the new airport.

The land annexed was already owned by the city and met other statutory qualifications such as its location within eight miles of the present city boundary.

The public turnout was small; all discussion orderly.

More discussion centered around the hangers than annexation. Apparently, those genuinely interested in hangar space are beginning to understand the purpose behind the adopted program of providing such space. Also of general understanding, apparently, at this point, is the fact that the city is not preventing anyone from building their own hangars. It is just that privately constructed hangars must conform to the standards set for those that will be for lease.

It was pointed out in the discussion Monday night that cost of ownership would go beyond original construction expense in that electricity, structure insurance and some other goods and services provided within the lease cost, would have to be born out-of-pocket by individuals who owned their hangars.

After a discussion of "other" items--those things that may be discussed but cannot, by law, be acted upon until placed on a forthcoming regular agenda, the panel adjourned until the next regular meeting.

Hazel B. Martin Services Held

Mrs. Hazel B. Martin, 67, died Friday.

Services were held at 2:30 p.m. Sunday, in the Union Church, with the Rev. Steve Rogers, pastor, officiating. Burial will be in Hansford Cemetery by Boxwell Brothers Funeral Directors.

Mrs. Martin had lived in Spearman since 1929. She married Bill Martin in 1930 in Guymon, Okla.

Survivors include her husband; two daughters, Mrs. Carmen George of Vinson, Okla., and Mrs. June Potts of Spearman, two sons, Billy Martin of Spearman and David Martin of Dumas; two sisters, Mrs. Elizabeth Simms of Fort Worth and Mrs. Ruth Burch of Spearman; four grandchildren and four great-grandchildren.

FEEDLOT SOLD

Ending months of negotiations and an era of pioneering in the cattle feeding business, Perryton Feeders Inc. changed hands.

The new firm will be known as Perryton Holding Company with the principals a Laverne, Okla. cattleman and three Borger men with banking and oil interests.

Virl LaMunyan, with half the stock in the new company, will be chairman of the board. Edgar Blair, of Blair Oil Company, Borger, will be president. The two other owners are Dave Warren, president and substantial stockholder in Panhandle State Bank and Trust, Borger and Billy Riley, a Borger independent oil man.

Sixteen Perryton men organized the company in 1969. corporate structure has changed through the years along with advanced technology. At the time of the transition, last Thursday, LaMunyon and nine of the original stockholders operated the company.

Located some 13 miles south of Perryton on SH 70, the feedlot has a commercial capacity of 21,000 head. It was a "popper mill" operation when it went into business but as technology advanced, more than a quarter of a million dollars was expended in converting to "steam flake" operation.

The company employs some 22 persons. At present, Boyd Culbert will remain as manager of the feedlot with Frank Buzzard remining on as his assistant. Particia Swinney manages an office staff consisting of Donna Malkuch and Shelley Merkle. Dan Colbert will remain as yard manager and Joe Lovato as mill manager.

No major changes were announced with disclosure of the sale of the facility.

YMCA Basketball News

The Hansford County YMCA Saturday Youth Basketball program is in full swing. The basketball program is for boys and girls in the 3rd, 4th, 5th and 6th grades. Girls play Saturday mornings, 3rd & 4th grades at 9:30 a.m. and 5th & 6th grades immediately following. Boys play at 1:30 p.m. Saturday afternoon.

Pictured are girls playing in the 3rd and 4th grade program. A big different approach is being used, to benefit the basketball knowledge and skills for the youth. Practices of the girls is enmass and the collective knowledge of the coaches is used to teach good basketball fundamentals to the girls. Coaches for the 3rd and 4th grade girls are: Johnnie Crawford, Charles Shieldknight, Donita Lusby, Cindy Schnieder, and Hazel Shieldknight. These people are helping the girls learn the basic skills of the sport, rules and fair play. The coaches decided to work toward the individual skill growth of each player, by dividing the player into teams just before each game, instead of the "team" concept and organization. This will allow the girls tc play on a team comprised of different team members every game on an equal basis.

The 5th and 6th grade YMCA Girls Basketball Team had a contest on Saturday, January 31, on some of the things they are learning. In the free throw contest the winners were: **Jennifer Yarborough--1st Place** and **Stacy Swan--2nd Place.** In the Left Handed Lay-Up, **Carrie Guthrie--1st Place, Denise Rojas--2nd Place,** with **Michelle Savage also coming in 2nd.**

In the Right-Handed Lay-Up **Ronda Gibson was 1st** and **Michelle Savage was 2nd.**

Pictured is one "team" which compete in the January 31 game. In the back row, left to right: Tiffany Womble, Melissa Beck, Patty Younger, Jan Crawford and Meli Floyd. Front Row, left to right: Traci Wood, Jennifer Reimer, Cacy McGill and Laci Lasater.

The second "team" pictured: Back row: Diana Rosales, Kay Beeson, Carley Shieldknight, Ginger Pearson and Margie Evans. Back row: Mitzi Pearson, Sharon Thomas, Nancy Ivey, Laci Morris and Kathy Vanlandingham.

Natural Gas Prices Getting Higher

An increase in the cost of natural gas for farm use in Dallam and Hartley Counties--particularly affecting some 1,200 Dallam County irrigation wells--has put farmers in fear of losing their farms with costs increasing faster than prices for their products.

Dallam County will lose some $4.5-million more in earnings and buying power to out-of-county "grabs" if the rate increase is allowed to stand.

--And farmers in neighboring High Plains counties are keeping a wary eye on the situation, wondering if it is a sign of things to come all across the Panhandle.

The rate, imposed by Colorado Interstate Gas Co. and passed on by its distributor, Peoples Natural Gas, in the two-county area, amounts to 85-cents per thousand cubic feet of gas used. The increase was placed in effect in December but made retroactive to October.

It is being challenged before the Federal Energy Regulation Commission but farmers fear they might "go under" before it can be decided. The situation actually puts them in the banking business at a loss--on top of the beating they are taking on the cost-commodity ratio.

If the energy commission should rule in favor of the farmers and turn down the rate increase, the company must pay back the extra money collected and pay a mere six percent interest to farmers for the use of it.

Meanwhile, farmers are paying as high as 20 percent interest to borrow money just to keep farming in face of the rising costs about them.

Some in the two-county area of the Panhandle see a possible choice coming if more increases take away all hope of profit from irrigation: bankruptcy or a move back to dry-land farming. For some others, there is not even a choice. It is impossible for many to convert to dry-land tillage again. Some irrigation systems represent financial investments as large or larger than that invested in the land they water.

A classic example is one farmer whose records show it cost him less than $5,000 to irrigate 500 acres of corn in 1974. In 1978 it was more than $10,000 and in 1980, that figure had more than doubled: almost $25,000.

--And those figures do not present a true perspective. This man uses a center pivot circular system. Until 1978, he was making three irrigating circles a growing season. Since 1978, he has made only one circle a season.

Also at issue is a pressure factor, or multiplier, incorporated in the metering system used by the gas company to determine amount of customer use. Farmers are contending it "elevates" the reading beyond true usage. A Peoples Gas spokesman holds it is the only fair way to measure use flow.

The upshot of the whole controversy is that Dallam-Hartley farmers took their problem to Texas Attorney General Mark White who filed a petition before the energy commission to block the rate increase. The effort--and any subsequent similar moves--face one severe handicap: in Texas, gas for agricultural use was made exempt several years ago from state regulation...

--At the request of farmers.

As the representative of a company that distributes "an alternate power source" pointed out, the gas company could be cutting off its nose to spite its face and find itself in the predicament of a hustling salesman of another era:

He sold a farmer two newfangled miling machanies...and took his only cow as down payment.

Hospital news

Patients in Hansford Hospital are Lee Roy Watson, Sandra Zamora, Susan Antel, Stanley Arnold, Blanche Taber, Joshua Howard, Clara Jackson, Mark Allen, Carla Gumfory, Dan Jackson, Aloha Bently, and Sid Ship.

Dismissed were Diane Burch, Karen Swinck and daughter, Mary Nava, Billy Miller, Monic Yancy, William Evans, Maria Cantu, Hazel Stumpf, Alfredo Ramirez and Steve Davis.

Artist of the Month

Dorene Kirk

Mrs. Dorene (Buster) Kirk is artist of the month. She gave us the following interview for this paper:

"My Texas parents moved to Los Angeles, California one year before I was born. There were Japanese vegetable and flower gardens in the area of Los Angeles where my father pioneered as a branch bank manager. I had a career modeling high fashion at I Magnin and Bullocks-Wilshire from 1940 to 1946 when I was graduated with degrees in art and P.E. from U.C.L.A. 1946 and 1947 were exciting years as fashion designer for Colura in New York City and living five months in Paris, France.

Buster and I will celebrate our 33rd Wedding Anniversary February 21st. He farms and ranches with our son Randy, his wife, Teresa Dortch and 27 month old, Tom Kirk, south of Spearman. Buster is a director at Panhandle Bank and Trust Co., in Borger.

In May, 1979, I retired after 20 years of teaching art, P.E. and Modern Dance at Borger High School. Many of my art students won Regional and National Outstanding Awards in the Annual Scholastics Art Competition. The drawings and paintings had to be original. My students could not copy. Techniques and tricks are secondary to good composition.

There are 20 of my imaginative transparent water color paintings on display at the Hansford County Library. There is one oil painting of Soft toys. The subject matter covers farms, country, forests, gothic Cathedrals, children's portraits and Taos Pueblos.

Donkey Basketball Game

Don't miss the exciting action in Morse at the Morse Gymnasium at 7:30 p.m. February 9 for a Donkey Basketball Game. The fee is Adults $3.00, children --12 and under--$1.50.

It is sponsored by the Morse Lions Club.

Blood Mobile Here 19

There will be a Red Cross Blood Mobile coming to town. It will be at the Catholic Parish Hall, 901 S. Roland, February 19, 1981, from 8:30 a.m. to 1:30 p.m.

Their goal is 110 pints.

If you are not contacted for an appointment, you may call Barbara McClellan, in Spearman, 659-2156. In Gruver call Fran Maupin 733-2564 or Rosie Cator 733-2317.

Recognition Banquet to be Held

Adobe District Leader Recognition Banquet will be held this Saturday, February 7, at 7:00 p.m. in the Borger Middle School in Borger.

This is an invitation to all Leaders in Boys Scouts and Cub Scouts. The Leaders and their Spouse should bring a covered dish.

Leblanc Speaks at Rotary Club

Bob Leblanc, director of Fruitcake Review Too, entertained the Spearman Rotary Club on Monday noon, February 2, in the garden room of the Cattleman's Restaurant. Ed Freeman led community singing. John Hutchison led in the Pledge of Allegiance. Jack McWhirter gave the prayer of invocation.

Leblanc said that if his speech seemed different, it was because he was born and raised in New Hamphsire. He started in theatre in New Jersey and has appeared in off Broadway plays. For twelve summer seasons, May to September, he operated a summer stock theatre in New Hampshire, producing Broadway musicals.

For a number of years, he worked as cruise director on tour ships in the Caribbean out of Miami, Florida. There would be between 1300 and 1400 passengers a week, and it was a full time job entertaining all those people, planning social events, etc. On one cruise, a passenger gave his name and told him to look up a friend at CBS. When he did it led to his performing in several soap operas, "Love of Life" and "Search for Tomorrow."

He joined Cargill several years ago and has worked off and on with them for a period of about two and a half years. Cargill employs about one hundred directors who circulate around the country directing shows similar to Fruitcake Review Too.

He said that he enjoyed directing shows in a small community most. To put a show together people have to get to know each other. In a big city that takes a lot of work for a week. In the small community, you begin at an advantage because almost everyone already knows everyone else. He was pleased with the four-and-a-half hour rehearsal on Sunday afternoon, February 1, when they went through the whole show. He said that Fruitcake Revue Too is way ahead of what he expected.

Rotarians present were Jim Benson, Carrie Marie Berry, Eschol Blankenship, Roy Bulls, John R. Collard, Jr., Robert Elliott, Pete Fisher, Ed Freeman, Ed Garner, Kerry Henton, John Hutchison, Eddy Limbocker, Junior, Lusby, David McClellan, Jack McWhirter, Frank Oglesby, Coy Palmer, Mike Schnell, Jim Shirley, Gary Sims, and Don Wirsdorfer.

Steve Rogers was the only Rotarian absent, for a 95.45% attendance.

DORENE KIRK, will have her paintings on display at the HANSFORD LIBRARY all this month! Drop by and see the work of this fine artist.

Carla Harper On Honor Roll

STILLWATER--The Dean's Honor Roll for the 1980 fall semester at Oklahoma State University recognizes 5,901 students for academic achievement.

Of that number, 756 achieved straight A's and were named to the President's Honor Roll.

To be listed on the Dean's Honor Roll, students must carry at least 12 credit hours, make a 3.0 grade point (B average) or better, have no grade below C and no incomplete courses.

Honor roll student from Spearman is Carla Harper. Carla is the daughter of Mr. and Mrs. Carroll Harper.

'Ben' Nobles Services

Ona Ozzelee "Ben" Coble Nobles, 52, died Sunday.

Services are pending with Schooler-Gordon Funeral Directors.

Mrs. Nobles was born in Dalhart. She married Bob Nobles in 1947 in Clayton, N.M. She was member and past matron of the Order of the Eastern Star in Gruver and was a member of Goodwell, Okla., United Methodist Church.

She was graduated from Panhandle State University in 1950.

Survivors include her husband; a son, James A. Nobles of Spearman; a daughter, Melinda McCullough of Waverly, Kan.; her mother, Mable Coble of Felt, Okla.; and six grandchildren.

COME DANCE TONIGHT!!!

"LEARN TO SQUARE DANCE"
LESSONS STILL OPEN

All ages are invited to the Gruver Library Basement for Square Dance lessons on February 6 from 7-9 p.m. Come to the side door on the North Side. For information call 733-2369 or 733-2273.

Hostage

The Spearman High School Student Council sponsored a "Hostage Appreciation Day" at Spearman High on Thursday January 29. The Student Council made yellow ribbons and passed them out to the whole High School including teachers and staff members. The student council was very pleased with the student cooperation and would like to thank the students.

by Kenneth Brown

8th Lynx Are No. 1

The 8th grade Dalhart Wolves--the one team that could defeat the 8th Lynx and be the #1 8th grade team in the State. If the Lynx could win, then both teams would have the SAME record--2 losses to their credit, but the 8th Lynx would be considered #1, because they lost to the Wolves 1 time, while the Wolves 2 losses would have been to the Spearman 8th grade Lynx, and in everyone's book, the #1 8th grade team would have to be the team that had only lost 1 time to a team and not twice!! So the 8th Lynx KNEW they had a tough game on their hands, and they also knew that if they did win, they would be the #1 team in the State of Texas for 8th graders, of course. Now, as for the Wolves, they wanted to win, because if they did then they would be #1 in the State. So both teams knew that this game would decide the #1 and #2 teams in the STATE for 8th grade Basketball teams.

The Wolves started the game off by getting the tip-off. But they could do nothing more. Mark Pearson drove down the court and faked-out a Wolves player who in turn gave Mark an "over-head smash" with his hand. Mark had 2 freethrows, he missed one but made the other. The Lynx were ahead 1-0. The 1st quarter was the most Defensive quarter of the night for the 8th Lynx. Time-out was called with 1:53 left in the quarter, the 8th Lynx were ahead 5-2. Mark was putting on a GREAT exhibition!! When the 1st quarter ended, the Lynx were ahead 7-2--Mark Pearson had 5 of those points and Ross Donahue had the other 2 points. The 2nd quarter was more Dalhart Wolves kind of quarter. They started putting points in, and not with the big #50 center, but the #24 Post. The Wolves did stop Mark to 1 point until the last 3 seconds of the 1st half. Actually, the Wolves held all the Lynx in and it seemed that the Wolves would take a 1 point lead into halftime, and new MOMENTUM!! Well, with time running out, the 8th Lynx tried for the last shot of the first half. Mark shot and missed; he rebounded and with **3 seconds left in the 2nd quarter, put up a desperation jump-shot, and made it.** The 8th Lynx took the first half lead with them and were really gonna get some pointers from Coach Duncan. The 8th Lynx had gotten 6 **points and the Wolves had gotten 10** points. So the score at halftime was the Lynx 13 and the Wolves 12--8th graders.

Mark Pearson had 9 points in the first half, and the other scorer was Ross Donahue with 4 points. The 8th grade Lynx, could out-muscle the Wolves, as well as out-shoot, and out-jump for the rebound. This is a very PRIME example--when the 8th Lynx were shooting, one time, the Wolves had the 2 big boys in--#50 and #54--so that they could get SOME rebounds from the 8th Lynx; an 8th Lynx missed his shot in the first half, and mind you, both big, tall boys of Dalhart were in, little Brian Paul out-jumped both of those guys and got the rebound. Now, the only thing I can figure was that they either were "loafing" or they had forgotten how to get their feet off of the floor to get a rebound!! Coach Duncan, I'm sure, was telling his 8th cagers that a 1 point lead was not sufficient enough to beat a team like Dalhart.

The 8th grade Lynx started "opening" up during the 3rd quarter. Ross started the 8th Lynx off with a 2 pointer. Steve Burke, another GREAT 8th Lynx star, scored his first 2 points of the night on a beautiful assist. The 8th Lynx finally got some breating space when they scored 5 unanswered points. The 8th Lynx were making the Wolves turnover the ball more than they had put points on the board in the 3rd quarter, and were letting the Wolves get ONLY 1 try at getting 2 points. That was **GREAT** Defense and teamwork. The 8th Lynx that didn't score, did assist the scorers and steal the ball a few times and caused the Wolves to give the ball back to the 8th Lynx. The 3rd quarter ended with the 8th Lynx ahead by 5 points--22-17. The 4th quarter would determine the winner. The Wolves had been known to come from behind and win some games, and the 8th Lynx were known for having a lead and keeping it 'til the final buzzer!! So, the 4th quarter was gonna be the toughest quarter either of these teams have ever played. Ross had 4 points, Mark had 3 points and Steve Burke had 2 points in the 3rd quarter. What Coach Duncan needed was 1. Make sure that Ross or Steve didn't foul out--they had 3 a piece. 2. Make sure that Steve and Mark had great inside position on both boards. The 4th quarter scoring was started off by Steve Burke. Mark and Ross got into the scoring action, but the scoring was mainly by Mark and Steve. While Jerry Garcia, Mack McLain and the rest of the Lynx put up the ball and missed, Mark or Steve would rebound and put the ball back up and score. The 8th Lynx scored 13 points, and the Wolves scored 12; but at the end of the game, the 8th Lynx had beaten the Dalhart Wolves 8th grade AGAIN!! The final score was 35-29, Lynx winning. Mark had 7 points in the final quarter, while Steve put up 2 field goals for 4 points and Ross had 2 points. With 3 minutes and so many seconds Ross had gotten his **4th** foul, and 3 minutes plus is a lot of time, and Coach Duncan needed Ross out there so that he could distract the Dalhart defense with his long jumpers. Then when the game was almost over, Coach Duncan put in his other bunch--Teddy Vela, Brian Williams, Bob Cook, Nick Wirsdorfer, and Cole Ivey. The 8th Lynx 2nd group were just as good as the "first" group, but this group was better known as the "Defensive" group, while the "first" group was known as the "Offensive" group!!

Mark Pearson had 19 total points, Ross Donahue had 10 points, and Steve Burke had 6 points with a few blocks to his credit.

THE 8th LYNX ARE NOW, OR SHOULD BE KNOWN, AS THE #1 8th GRADE BOYS BASKETBALL TEAM!! TO ALL THE 8th GRADE BASKETBALL PLAYERS, WE SAY "CONGRATULATIONS, BOYS AND COACH DUNCAN!!

The 8th Lynx are now 11-2 for the season and **8-0 for the 1981 part of their basketball season.** The River Road Wildcats are next, and the 8th Lynx can go UNDEFEATED in 1981, while having a 12-2 record. The game will be played at Lynx Little Gym, so everyone come on out and watch the 8th Lynx in action. The game will be played February 9, starting at 6:00 or whenever the 7th grade game is finished. **THIS, BY THE WAY, WILL BE THE LAST GAME ON THE SCHEDULE FOR THE 8th GRADE LYNX, SO GO ON OUT TO THE LITTLE GYM AND WATCH THEM PLAY--THEY PLAY GREAT!!**

Winter Festival At PSU

The 1981 Winter Festival Homecoming at Panhandle State University will be Saturday, February 7. Letters of invitation have been mailed by the Student Senate to parents who have sons and daughters attending Panhandle State University.

Registration of parents and alumni will be held in the Student Union Lounge. Open house of the buildings and dorms will be held from 9 a.m. to 5 p.m.

The Lady Aggies will play Southwestern at 2 p.m. in the Oscar Williams Field House. The annual Candlelight Buffet dinner will be held from 5 - 6:30 p.m. in the cafeteria. The cost is $5.00 per person.

The Aggies will play Colorado College starting at 7:30 p.m. and the crowning of the Winter Homecoming Queen will be held at halftime. The homecoming dance will be held in the Student Union Ballroom from 10:00 p.m. till 2:00 a.m.

A listing of motels and hotels were mailed to the parents who plan to stay overnight. For further infomration, contact the Student Senate office at 405-349-2611, ext. 268.

We agree nothing is as bad as active ignorance.

A wise man knows just how far to go and when to stop.

Lynxettes Demolish Rangerettes

The Perryton Rangerettes came to town to try and "de-thrown" the Lynxettes--but no such luck!! There were three signs that were something else at Lynx Varsity Gym--1. said--SPEARMAN on one line, on the 2nd line it said--CRUNCH-'EM, and on the final line it had--MADE BY A QUALITY OF PLAYERS--Ya'll have eaten or seen the CRUNCH candy bars--well, that was what the sign looked like. The 2nd sign that was real cool was something about their SNICKERS--like the SNICKERS candy bar. And the BEST sign of all that was unique was **LUV YA PURPLE**. The sign was beautiful and one thing for sure, the fans around here LUV PURPLE not red!! With the fans being behind the Lynxettes and Kenda Burke and Nancy Wilson putting points on the board, the easiest way to put it is--the Lynxettes Demolished the Rangerettes!!

Now, Coach Newton had 12 girls dressed up to play and everyone of them did. The players were--Nancy Wilson, #45; Kenda Burke, #43; Bonnie McCloy, #23; Tammi Maize, #15; Margaret Reed, #55; Kamala Ford, #35--all Seniors; Mary Ann Martin, #53; Mary McIntyre, #41; Johnnie Eaton, #21--all Juniors; Susan Davis, #33; Lea Ann Gibner, #25; and Cindy Young--all Sophomores. The Cheerleaders for the basketball games are Eadie Clemmonds, Melanie Kenney--Seniors; Denice Blackburn, Juniors; Kim Elbert and Lana Paul, both Freshman.

The Captain for the Lynxettes was Bonnie McCloy, a Senior. The game started off as the Perryton Rangerettes put 2 points on the board. The Lynxettes started scoring and stopping the Rangerettes from scoring. All of a sudden, Kenda Burke, a Senior, started things rolling for the Lynxettes by scoring over and over again. The quarter ended with the Lynxettes leading with 14 points and the Rangerettes could only get 6 points. Of the 14 points in the first quarter, Kenda had **8 of the 14**, Susan Davis, Lea Ann Gibner, and Mary Ann Martin had 2 points a piece. Susan and Lea Ann are both Sophomores, while Mary Ann is a Junior. The 2nd quarter was again ALL LYNXETTES. This times it was Susan Davis who had the hot hand. Susan got the Lynxettes going by putting points from the field as well as from the freethrow line. The 2nd quarter finally ended, and the Lynxettes had a **15 point lead** at halftime!! It seemed like the Lynxettes were ready to beat anyone or any team. The Lynxettes were almost perfect from the freethrow line.

The leading scorer for the Lynxettes in the first half was Kenda Burke with 11 points--she had 4 field goals--8 points--and 3 of 4 from the freethrow line; Susan Davis had 10 points--4 field goals and 2 of 2 from the freethrow line; Mary Ann Martin had 2 field goals--4 points, and Lea Ann Gibner ended the Lynxettes' scoring with 2 points. Tammi Maize had 3 fouls--2 in the 1st quarter and 1 in the 2nd; Nancy Wilson had 2 fouls--both in the 2nd quarter; Lea Ann Gibner had 2 fouls--1 in the 1st quarter and the 2nd in the 2nd quarter--very consistent. Perryton committed 5 fouls and hit 4 of 9 freethrows. Could the Lynxettes keep up the good work? In the first half, there were lots and lots of "Boo-Birds". Mary Ann before the end of the 2nd quarter, shot the ball from mid-court at the buzzer and just about made it! Now, the Lynx Varsity Gym was "packed" with folks--the Lynx and Lynxettes side was much bigger than the visitors side and it was "plum-full". The Visitors was full, also. So, Friday night, January 30, when the Lynx and Lynxettes met up with the Rangers and Rangerettes, it would be the "Game of the Year".

As the 3rd quarter began, the Rangerettes started making all kinds of points. Nancy Wilson found her range from inside and from the freethrow line. Nancy was also anticipating passes and picking them off and leading her teammates into EASY lay-ups for points. No one on either team could "out-muscle" Nancy under the boards. She went up real high in the air and would get the Defensive rebound, and she would do the same on the Offensive boards. Nancy, another Super Senior, was having the BEST 2nd half she had ever had--this year, anyways. As for the Rangerettes, they looked up to the ceiling and were very thankful, indeed, that the 3rd quarter--a quarter of HUMILIATION for they couldn't stop NANCY WILSON!! The Rangerettes did manage to put 12 points on the board while Nancy and the Lynxettes put up 15 points on the board. The Rangerettes had managed to stop Susan Davis and Kenda Burke, but they had forgotten that Nancy Wilson could be just as dangerous, if given a chance to warm-up!! The score after 3 was the Lynxettes **42**, and the Rangerettes **24**--an **18 point difference.** The fans from both stands could feel the "intensity". The Lady Lynx wanted to win, and they wanted to win BIG, so that the Perryton Rangerettes and their fans WOULD finally admit that the Spearman Lynxettes were still #1!! Mary Ann Martin had been the only Lynxette to foul in the 3rd quarter, so the Lady Lynx were watching the Rangerettes very closely! The Lady Lynx had made 3 of 6 freethrows given to them in the 3rd quarter, and were ready for the 4th and final quarter. The Lynxettes were DETERMINED to stop the Rangerettes Defensive wise and finish the KILL with their Offensive Weapons. This time Kenda Burke and Nancy Wilson started working together Both of them having all of the scores for the 4th quarter except for 4 points--1 of Tammi Maizes' and the other 3 of Mary Ann Martins! **This was the BEST 4th quarter the Lynxettes have had in quite a while--they had 15 points and STOPPED the Rangerettes with 2 POINTS ONLY!!!** That was a TERRIFIC job. The final score was the **Lynxettes 57, the Rangerettes 26--A 31 POINT DIFFERENCE!** The Lynxettes had 3 girls in double figures--Kenda Burke with 21 points, Susan Davis had 12 points, and Nancy Wilson had 11 points--all in the 2nd half; while Mary Ann Martin had 8 points, Lea Ann Gibner had 4 points and Tammi Maize had 1 point to end the scoring for the Lynxettes. The Lady Lynx had ONLY 3 fouls, so the Rangerettes did not go to the Freethrow at ALL in the 2nd half!! The Perryton Rangerettes had 10 fouls and the Lynxettes took advantage. The Lynxettes made 10 of 16 freethrows in the 2nd half--15 of 21 for the whole game! Coach Newton and the Lynxettes have ironed out all their "wrinkles"--like missing lots of Freethrows or fouling more than they have too!!

The Lynxettes' next VICTIM will be the Miami Indian girls. The game will be played at Miami and will start at 6:30 p.m. This is not a District game, but I'm quite sure, that Coach Newton and his Lynxettes are willing to stay on their winning ways. Miami and the Lynxettes did meet earlier this year and Miami won, but the Lynxettes will try to even out the series for the year! The game is tonight, Tuesday--February 3. Then on Friday, February 6, the Lady Lynx will travel to River Road to face the River Road Wildcats. The game should begin at 7:00 p.m. or whenever the JV boys finish squaring off. On Tuesday, February 10, will be **HOMECOMING**. The game will be against the Dalhart Wolverines. I'll have more about the **HOMECOMING** game in Sundays' paper, so ya'll stay "tuned"!!

New Guidelines

New guidelines for the child nutrition food programs has just been received and the following article will explain the new guidelines. If you feel that your children might qualify under the new terms, please check with Judge R.L. McClellan at the address in the article below and the school will be advised if you qualify or not. Below is copy of letter to parents.

Dear Parent or Guardian:

The Spearman schools serve nutritious meals every school day. Students may buy lunch for 80 cents at Elementary; 85 cents at Jr. High; and 90 cents at the High School. Breakfast prices for all students is 40 cents at both cafeterias and 10 cents for all reduced price breakfasts.

Children from families whose income is at or below levels shown on the scale below are eligible for free or reduced price meals. The reduced price for lunch is 20 cents for all students.

The school children of parents or guardians who become unemployed are eligible for free or reduced price meals during the period of unemployment, provided that the loss of income causes the family income during the period of unemployment to be at or below the levels shown on the scale below.

To apply at any time during the year for free or reduced price meals for your children, secure an application from the school offices, complete it and return to **JUDGE McCLELLAN'S OFFICE AT THE COUNTY COURT HOUSE**, any afternoon between the hours of 1:00 and 5:00 p.m., Monday through Friday. Judge McClellan will notify you if and when you are eligible and he will also notify the cafeteria. This information is kept confidential. If you do not agree with the decision, you have a right to a fair hearing, and this can be done by calling or writing the President, Board of Trustees, 403 E. 11th. St., Spearman, 79081, or phone 659-3233.

The new Income Poverty Guidelines also remove the hardship provisions previously allowed, and place a standard deduction into the new scales. Therefore, in determining the child's eligibility, Judge McClellan will compare the family's income to the guidelines **without** allowing any hardship deductions.

In certain cases, foster children are also eligible for these benefits. If you have foster children living with you and you wish to apply for such meals, please notify us or indicate it on the application.

All children are treated the same, regardless of ability to pay. In the operation of the Child Feeding Progrmas, no child will be discriminated against because of race, sex, or color or natural origin.

If we can be of further service to you or if your family size or income changes during the year, please notify Judge McClellan.

Sincerely,
Mrs. Doris Wilde
Lunchroom Supervisor

Dr. Bob Cator Attended Seminar

Dr. Bob Cator of Spearman recently attended a two-day seminar in Austin in conjunction with the Texas brucellosis program. It was co-sponsored by the Texas Animal Health Commission, Texas Agricultural Extension Service and the Texas Veterinary Medical Association.

Dr. Cator is now certified to work with livestock producers in accordance with the fee-base regulations of the Texas brucellosis program.

Brucellosis is highly contagious disease of livestock, centering in the reporductive organs. It causes abortions, weakened calves, loss of milk and sterility.

Subjects taught during the short course included a detailed study of brucellosis, reduced dosage of Strain 19 vaccine, and regulations in conjunction with the Texas program.

"Veterinarians such as Dr. Cator are now quite knowledgeable about the Texas brucellosis program, and are qualified to assist livestock producers with this disease," Dr. Frank Mann, TVMA president, Wharton, said.

"The accredited veterinarian is a cornerstone of the Texas brucellosis program," said Dr. John Holcombe of Austin, TAHC Executive Director.

Revised regulations have been in effect since July. Elements of the Texas program include a multi-area plan, reduced dose of Strain 19 vaccine, improved laboratory systems, increased surveillance, producer participation committees and emphasis on prevention.

"The program is designed to provide producers with a comprehensive plan in controlling brucellosis," Dr. Holcombe and Dr. Mann said.

Graduation & Capping Excercise

There will be 4 Spearman residents who will participate in the Frank Phillips Vocational Nurse Graduation and Capping Exercise.

Elvira A. Dominguez and **Maria E. Martinez** are 2 of the 4 from Spearman that are Graduates, while **Donna Atkinson** and **Shari Thomas** are the other 2 Spearman residents that are Students For Capping.

The Graduation and Capping Exercise will take place in the Fine Arts Building at Frank Phillips College in Borger, February 6, 1981. The program will begin at 7:00 p.m.

The Processional Music will be performed by Mrs. Esther Brooks. The Invocation will be given by the Reverand Jeff Hloder, pastor of the First Christian Church. Mrs. Kathy Kendle will perform the other music in the program. The Dean of Frank Phillips College, Andy Hicks, will deliver the Welcome.

Eline Burch, R.N.; Carole Haynes, R.N.; Lucille Horst, R.N.; Peggy Roberts, R.N.; and Marilyn Wood, R.N. were the instructors and will Present the Caps. Special Awards will be presented by Ella M. Weeter, R.N. B.S., the Director of the Vocational Nursing Department. The President of Frank Phillips College, Dr. Gary McDaniel, will present the Diplomas. Carole Haynes, R.N. and Marilyn Wood, R.N. will Present the Pins. Lucille Horst R.N. will be in charge of the Lamp Lighting and will lead the Vocational Nurse Pledge. The Recessional will follow the Lamp Lightin, and Vocational Nurse Pledge.

The audience is invited to attend the reception in the cafeteria following the program.

10 Most Wanted Men

Spearman's Ten Most Wanted Men were revealed at the Meet the Director Party in the old Beedy Furniture Store building in the Plains Shopping Center on Monday night. All of them are on Wanted posters with their pictures. People are asked to vote on whom they think is the one most wanted. For every penny put in the jar that accompanies the wanted poster, that man gets one vote. The winner is the one with the most money in his jar. The winner will probably get a trip to the Hansford County Jail or some other such **exotic** place. The ten most wanted men are:

Larcenous Lloyd Buzzard whose poster and jar may be found in the Buzzard Farms Office in the Pittman-Shieldknight building. Ol' Lloyd's been hangin around these here parts near on to 40 years or so. About two months ago he was on this here plane carrin a lod of Cuban refugees. Now, this here plane was ski-jacked and when it was found, the only thing missin was the Cubans and Lloyd. We can't be sure he had anything to do with this, but there sure has been a lot of work done around his place lately.

We need to get a case on this scoundrel, but that takes money, so we would like you to put your coins in his jar so we can find Lloyd. It helps the "Fruitcake Review Too", showing February 12 and 13 at the high school auditorium.

For land fraud Slim Mack McCormack, alias: Chubby Grady. Here's an old boy that's the meanest ever. Slick conned the widow Scott out of a prime piece of land that had a whole bunch of oil under it.

It seems like he convinced the widow, after all that wasn't anything buy dirty water. Now all that poor lady has is $3.00 in change, a stray cat and a half a case of prune juice.

If he hadn't been kicked out of the Boy Scouts this would never have happened.

He's still running around here somewhere and we need to catch him. If you'll put your change in his jar at McCormack's Scratch Pad, it'll help us hunt down this dasterdly character and help the "Fruitcake Review Too", showing February 12 and 13 at the high school auditorium.

For horse stealing Bothersome Billy Miller, alias: Worrisome Willie. Ol' Bothersome is one boy you don't want to fool with. On the night of November 20, he was caught stealin' Chalmers Porter's ol' plow horse. (It don't matter none that Chalmers was a gonna shoot the old nag the next day.)

Worrisome Willie escaped from Jail by actin' like he was agonna take the deputy's picture and now we can't find Willie anywhere.

We gotta fine him 'cause the deputy ordered two 8 x 10 glossies and if he don't get 'em he's threaten to take it out of ol' Willie's hide.

We just can't let these things happen in our fine community. We gotta gind this awful person and bring him to justice and this takes money. Put your dollars and dimes in the jar at the Spearman Reporter, so we can bring him to justice. It helps the "Fruitcake Revue Too", showing February 12 and 13 at the high school auditorium.

For mail fraud Blackhearted Blackburn, alias: Chunky the Cheat. This here feller is a real bad actor. 'Bout six months ago Verlan Winegarner ordered a mail order bride from Chunky's ad in the Spearman Reporter. Blackhearted promised a lady that would make Miss Lillie Langtree hide her head in shame.

Well, when this lady finally arrived, she turned out to be uglier than one of someone's mule. Now, Verlan can't get his money 'cause he can't find Chunky.

So, put your money in the jar at the Hansford County Court House, so we can hunt this criminal down and prosecute him proper like. It will help the "Fruitcake Review Too", showing February 12 and 13 at the high school auditorium.

For follishness Gerald "The Itch" Heinrich. After last year's Fruitcake Review, we just gott do somethin'.

Gerald Heinrich has developed what some people call itchy feet. He wants to be a star dancer! He's gone and invested all their life's savings at some new fangled dance school somewhere way up north.

We gotta bring him back home, 'cause his wife says she's tired of having to listed to him tap dance over the phone every night.

This all takes money so put you coins in the jar at Excell Chevrolet-Oldsmobile-GMC and help the "Fruitcake Review Too," showing February 12 and 13 at the high school auditorium. (If you're lucky, you might get to see Gerald dance again.)

For illegal race track, Diamond Dick Elbert, alias: Double Dealing Dick. Diamond Dick is not really a bad sort of a person. He just has this little habit that no one can seem to break him of. He likes to soup-up the tractors that come in to his place of business for repair. He don't do it all the time but when he does it really causes trouble.

Not too long ago, Lloyd McWhirter, too his tractor in for a tune-up and Double Dealing Dick decided to do one of his "real good jobs" on the tractor. Well, Lloyd don't know what happened and when he tried to plow the south forty that tractor ran away with him and before he could get it shut down, he had run thru Ray Phelps' fence, field and barn; out the other side past Ray Phelps' place out onto the highway and got a ticket for speeding from the sheriff.

That was mroe excitement than ol' Lloyd could stand and he ain't stopped shaking yet.

We gotta stop Diamond Dick and that takes some money to get a real good case on him, so put your money in the jar at North Plains International, so we can stop him proper like. It helps the "Fruitcake Revue Too", showing February 12 and 13 at the high school auditorium.

For Sense of Humor Sam Stoneface Wysong, alias: Happy. Sam was a grouch for so long he's forgotten how to smile. This was really gettin' to the people who had to work with him all the time, so they sent off for a "learn to Grin" correspondence course. Now all Wysong does is practice his lessons, and, frankly, we're all pretty tired of it.

We need to collect enough money to hunt down Stoneface and send him to some sad movies and take his correspondence course away from him so he can get back to normal. If there is any money left over, we plan to buy a rope and lynch the people who sent off for the course. So, please put your cash int he jar at the Chamber of Commerce or Gordon's Drug, so we can do a proper job of it. It will help the "Fruitcake Revue Too", showing February 12 and 13 at the high school auditorium.

For cheating at cards Loose Sleeves Ed, alias: "Doubling Dealing Dear". Last week the usual gang was playin' a friendly game of seven card stud. There was Jurkey Junior, Doc Sunday, Hansford County Fats, Virginia Slim, Curley Jones and the Reverand Black, when ol' Double Dealing Dear came in uninvited and insisted that the group play "go fish" with him. Now, that made everyone pretty mad, 'cause they've been playing seven card stud for years.

To make a long story short there was a terrible fight and Ed won, which meant they had to play "go fish" all night. The talk is that the group is going to break up.

Folks--we been workin' for years to get a group of thugs to form in our town to give it color and now Loose Sleeves is goin' to ruin it.

We need to get up a possee to run him out of town, but that costs money. That's why we need you to put your change in the jar at the Bunkhouse. It helps the "Fruitcake Revue Too", showing February 12 and 13 at the high school auditorium.

For Villainly Painless Earl Novak, alias: Boris Dudley-Do Wrong. This fierce fiend has done so many things in this country that we just gott do somethin' about him.

The local sheriff is gettin' sorta tired of untyen Sweet Nell from the rail road tracks that he's threaten to charge the county extra every time he's gotta go out there and rescue the poor innocent girl. Last time ol' Earl was seen he was skuling around acting dumb and obnoxious.

Please put you pennies or dollars in the jar at the Dentist's office 'cause it costs money to hunt down and prosecute anyone as vile and mean as Painless. It helps the "Fruitcake Revue Too", showing February 12 and 13 at the high school auditorium.

For jumping bail Smooth Talking Jim, Alias: "Scotch" McLain. Jim's been picked up for various and assorted crimes against Spearman, ever since he was a kid. Last time he was picked up he was promising Mires & Dawson Bail Bond that he'd show up for trial and we haven't seen him since.

You have to watch McLain 'cause he is sure a dangerous character. You can't recognize him as soon as he says something--'cause he's got a line of gab that would stop a runaway stampede of Texas Longhorns. It costs money to prosecute these fellows and make Spearman's streets a safe place for women and children. So drop your pennies in the jar at A-1 and support the "Fruitcake Review Too", showing February 12 and 13 at the high school auditorium.

Trivial matters can prove fatal when not kept in perspective.

****

Never try to imitate someone else; he may be doing the same thing.

****

Life is your own affair. You can make yours almost anything you wish.

****

So far, science has developed no process to make pupils like to study.

****

It is well to realize that time to think is as important as time to work.

****

Caldwell To Speak In Borger

Marge Caldwell, renowed speaker, counselor and author, will climax Women's Emphasis Week in Borger February 13 during a luncheon at the Bunavista Community Center.

The luncheon is open to the public.

The noon program closes a week of informative and entertaining classes, discussions and lectures geared for today's women. Mrs. Caldwell's topic will be "The Contemporary Woman."

A dynamic, humorous woman, Marge Caldwell has been a speaker at conventions dealing with the oil industry, homebuilding, supermarkets and credit associations. She has presented numerous programs for women's clubs, civic organizations and youth groups.

She has been a marriage counselor for 12 years and leads seminars for married couples weekly.

She is a professional charm and modeling instructor and the author of three books, "The Radiant You," "Capsules for Confidence" and "Speak Out With Marge."

Mrs. Caldwell hosted a weekly show on a Houston radio station for eight years.

She has presented programs on over 500 college and high school campuses since 1972. She has worked with young people addicted to drugs and with others with related problems.

She teaches a class of college freshmen in the Sunday School of the First Baptist Church in Houston.

A graduate of Rice University, Marge Caldwell is the wife of Chuck Caldwell, an executive with a Houston tool company. She is the mother of a son, a daughter and two grandsons.

A deeply spiritual person, Marge Caldwell is known as a loveable, likeable woman with a great sense of humor. Her magnetism overflows to her audiences, giving them a positive view of life.

Tickets to the luncheon are $5.00 and are available at the Borger Chamber of Commerce office.$

Women's Emphasis Week is sponsored by the Women's Division of the Chamber of Commerce and Frank Phillips College.

Statement Of Intent To Change Rates

General Telephone Company of the Southwest, in accordance with the Rules of the Public Utility Commission of Texas, hereby gives notice of the Company's intent to implement a new schedule of rates in Texas effective February 27, 1981.

The proposed changes in rates will affect all customer classes and are designed to increase the Company's gross annual revenue derived from local service by 23%.

A complete set of revised rate schedules has been filed with the Public Utility Commission at Austin, Texas, and is available for public inspection in each of the Company's Business Offices in the State of Texas. A summary of the Company's rate filing has also been sent to the Mayor's Office of each affected municipality.

Nollner - Jackson Vows Exchanged

Mary Frances Nollner and James Ray Jackson recited marriage vows January 2, 1981 in the home of the brides mother.

Parents of the bride are Mary Faith Brown of Borger and Sonny Nollner of Spearman. The bridegrooms parents are Mr. and Mrs. Bill K. Jackson of Spearman.

Charlene Cady of Amarillo served as matron of honor. David Holland of Houston was best man. Tammie Kay Nollner, sister of the bride, was candlelighter and assisted in serving cake and punch.

The new Mr. and Mrs. Jackson are at home in Amarillo.

You are cordially invited to

a wedding shower honoring

$10,000 Grant Approved

The Lions Club International Foundation has approved a $10,000 grant to Girlstown U.S.A. to assist in the rebuilding and refurbishing of the administration building at the Borger campus.

The building was destroyed by fire on March 22, 1980.

Former Lions district governor Larry Fuller presented the $10,000 check to Robert Wilson, superintendent of the Borger campus, during a weekend luncheon meeting of the District 2T-1 Mid-Winter Conference at the Ramada Inn.

The grant is to be used to supplement other donations made to Girlstown throughout the Panhandle and the South Plains.

The LCIF was founded in 1968 as a public, non-profit corporation to promote human welfare by careful application of funds.

As of September of last year, 336 grants have been approved worldwide by the organization.

Other Girlstown officials expected to be present for the donation ceremony are members of the Girls Town Board of Directors, Mrs. Peg Anthony of Borger and Mrs. Ernie Houdashell of Amarillo.

Pictures Returned

The pictures used in the Hansford County History Book may be picked up at the Stationmaster's House Museum, 30 S. Townsend, on Wednesday, January 28, from 1 until 5 p.m. or on Tuesday, February 3, from 1 until 4 p.m.

Tribute to American Hostages

The joy everyone feels at the release of the American hostages has been captured in a special, limited edition Commemorative Cover issued by the Internaitonal Stamp Collectors Society of Van Nuys, California.

These covers were originally made available last summer "to help keep the hostages" plight in the forefront of the American public," said Israel I. Bick, Executive Director of the Society. This re-issue includes the Washington DC Inaugural Day hand cancellation of January 20, 1981, "which provides a memento of two of the most important events in recent history," Mr. Bick added. On that date, Ronald Reagan became the 40th U.S. President, and the hostages were freed.

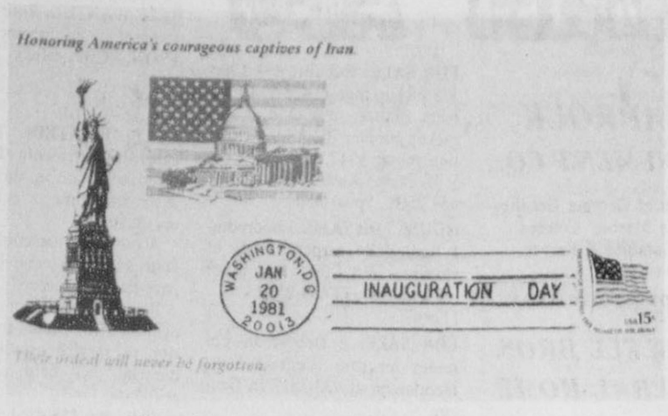
Cacheted with an artistic rendition ofthe Statue of Liberty and the Capitol Building fronting the Stars and Stripes, the red, white and blue Covedrs bear the 15 cents U.S. flag Stamp. The caption reads: "Honoring America's courageous captives of Iran. Their ordeal will never be forgotten."

Mr. Bick pointed out that when the Covers were originally offered, "response was overhwhelming from all parts of the country. In fact, following the hostages' release we received several requests for additional Covers from those who had previously ordered. In light of the limited quantities on hand, plus anticipated demand, these Inauguration Day covers must be sent on a first come, first served basis.

The price per cover is $3.95 post paid. Checks should be sent to: LIBERTY, Internaitonal Stamp Collectors Society, Post Office Box 854, Van Nuys, CA 91408.

****

It's possible, at times, to get ahead of your work but it's hard to stay ahead.



Shown here is the special Commemorative Cover, postmarked January 20, 1981 in Washington D.C., the date of both President Reagan's Inauguration and the release of America's hostages in Iran. This memento of two historic events is available at $3.95 each, from the International Stamp Collectors Society, Post Office Box 854, Van Nuys, California 91408.

SAFETY FOR CHILD PASSEN GERS

Babies and small children need special seats for comfort and proper protection when riding in a motor vehicle.

These seats come in three basic types -- baby carriers, child seats and combinations of the two.

Children's car seats must pass a government test for crash resistance before they can be marketed.

This test became stiffer as of January 1, 1981.

Instead of having to withstand a force applied gradually, the seat must survive a simulated crash with a child-size dummy in the seat.

Parents interested in providing adequate protection for their child in a motor vehicle should become informed consumers prior to shopping.

A list of the brand names passing the tests of the University of Michigan's Highway Safety Research Council is available.

For a copy of this list, write the National Highway Traffic Safety Administration (NHTSA) 400 7th Street, S.W., Washington, D.C. 20590.

NHTSA also has information on renting child-restrain seats. The Texas Safety Association has loan programs for parents who need child-restraint seats.

Statistics support the need for child-restraint devices.

In 1979, 109 children age four and younger died while riding as passengers on Texas highways. Another 6,096 youngsters in this age group were reported injured.

Only about seven percent of young children are adequately protected by seat belts or other restraining devices since these are voluntary precautions in Texas.

The standard safety belt is not designed for children, and, so a parent must make an additional investment for a specially designed seat.

However, the extra cost may mean saving a child's life.

Valentine Sweethearts

February is Valentine month and all over the world Beta Sigma recognizes it's Queens.

In Spearman the Queens for the three chapters are Cindy Schnieder, Candy Boxwell and Toni Archer.

Toni is married to Bobby Archer and has 2 children--Andrea who is 13 years old and Matt who is 5 years old. Toni has been in all 3 sororities for approximately 15 years--not each, but all together. She has held several offices over the past years in all 3 sororities--Beta Sigma Phi, Rho Rho and presently Preceptor Epsilon Zeta.
Her hobbies are snow skiing and grooming horses. Toni is a member of the First Baptist Church.

Cindy is the wife of Ken Schneider and mother of two, Brandi who is 8 years old and Schane who is 4 years old. Cindy is the daughter of Mr. and Mrs. Edward Dear of Spearman. She is a member of the Lutheran Church. She has been a member of Beta Sigma Phi since 1973. She has held the offices of Extension Officer, Corresponding Secretary, and 1st Vice President. Cindy is active in YMCA activities, a Brownie leader and with her Sorority. Her hobbies are teaching Aerobic Dancing and Snow Skiing.

Rho Rho Valentine Queen is Candy Boxwell. Her husband, Bob, is the owner of Boxwell Funeral Home. They have 1 daughter, Regan, who is 3 years old. Candy is a native of Indiana where her parents, Mr. & Mrs. R.H. Combs, Jr., still reside.

She is a 1972 graduate of Texas Christian University, Ft. Worth, with degree in Elementary education. She married Bob in 1973 and moved to Spearman.

Candy was a homebound teacher in Spearman School system from 1973 to 1977 when she retired to become a fulltime mother, when their daughter, Regan Amanda, was born in 1977. She also teaches Aerobic Dancing at the YMCA.

She joined Rho Rho in Spring of 1977. Offices and honors she held: Pledge of the Year, Service Chairman, Extension Officer and 1st Vice President, Membership.

Community activities she is involved in, she is active in First Christian Church, coordinator of Meals on Wheels of Spearman.

A talent coordinator for Fruitcake Revue Too, past times.

Enjoys dancing, singing, needlework, bicycling and playing piano.

Women's Emphasis Week

Today's woman will once again be the topic of a special week of classes, lectures and discussions in Borger beginning Feb. 9.

In its sixth year, Women's Emphasis Week is sponsored by the Women's Division of the Borger Chamber of Commerce and Frank Phillips College. The classes will be on the campus of the junior college.

Specific topics range from investments to candy making, from home maintenance to rape crises and from trusts to breast cancer.

The special week climax with a program by Marge Caldwell, renowed speaker and counselor, during a luncheon Feb. 13 at the Bunavista Community Center. Tickets are $5.00 and are available at the Borger Chamber of Commer office.

There is no charge for the classes.

The courses are designed to meet the needs of today's career woman as well as today's homemaker.

RESEARCH NEWS REPORT

Ron Allen, USDA Agricultural Engineer at the Research Laboratory at Bushland says, "Producing and consuming food requires 15 percent of the total energy used in the United States". Of the 15 percent, farmers use 3 percent to produce food and deliver raw products to processors. Processing, transportation, and selling food takes about 8 percent of the energy used in the U.S.A. Housewives use twice as much energy shopping for and preparing food as farmers do growing it.

Going back to the good old days and producing food like grandad is not a practical alternative to the energy problem. To feed the 1980 population in the United States with 1939 technology would require four times the present farm work force of 4 million people, according to Allen. Instead of the 4.5 million tractors on farms today, there would be only 1.5 million. It would take 27 million horses and mules to supplement the 1.5 million tractors. Eight million acres would be required to feed these animals.

Because crop yields of 1939 were about half of those today, an additional 200 million acres would be needed to produce food and fiber for people in the United States. This would be an 85 percent increase over the present 360 million acres in production today, and there is not that much arable land. "Today the United States is the world's greatest supplier of food, but with 1939 technology, we could not feed ourselves", Allen said. The price of food would skyrocket even if all sales to foreign countries were stopped.

What can farmers do to save energy? Allen relates that herbicides can be used instead of plows to control the weeds in most cropping systems. "Our research shows that farmers could cut one to four operations a year without reducing weed control or hurting yield", he continued. In a recent experiment, the number of operations over the field was reduced from seven to four by using a system of bed splitting to produce continuous sorghum. Yield was better than with disking and rebedding, and annual fuel consumption was cut from 18 to 9 gallons per acre.

Number One

Much sentiment is being fanned these days by those who would inaugurate a national college football playoff, to determine a national champion. The trouble with the bowl picture, they say, is that after the bowl games one is still often unsure which team is number-one.

Though an overwhelming majority of fans voted in a recent network poll in favor of a playoff system, why shouldn't they? That's just more football for fans, including adults. But college football is, after all, a sport of students and which team is best nationally is probably impossible to determine.

The bowl games are colorful and much fun for all those playing therein. It's difficult to imagine a playoff system with as much color and fun. What we have today is a rating system by sports writers (A.P.) and college coaches (U.P.I.) That's probably about as good a determination as anything.

And one should remember, college football is not professional sport, or at least shouldn't be. The bowl system isn't perfect and there is often, at the turn of the year, two or three teams believing they are number one. So much the better. What difference does it really make?

WHO KNOWS?

1. Name the U.S. Presidents born in February.
2. When was the first U.S. satellite launched?
3. Name the flower and the stone representing February.
4. When did Hitler become Chancellor of Germany?
5. Franklin D. Roosevelt had three vice presidents--name them.
6. In mythology, who were the Cyclops?
7. In the Old Testament, who was the first High Priest of the Jews?
8. Name the capital of Idaho.
9. Define the word coryza.
10. Name the North Star State.

Answers To Who Knows

1. Ronald Reagan, William Henry Harrison, Abraham Lincoln and George Washington.
2. January 31, 1958.
3. Violet or primrose and amethyst.
4. January 30, 1933.
5. John N. Garner, two terms, Henry A. Wallace and Harry S. Truman.
6. Race of one-eyed giants.
7. Aaron, brother of Miriam and Moses.
8. Boise.
9. It is the common cold.
10. Minnesota.

How True

Worry will make almost anyone thin--except the people who worry because they are fat.
-Reporter, Kanawha, Ia.

Timely Advice

The best thing that parents can spend on their children is time--not money.
-Times, Marshalltown, Ia.

Golden Spread Center News

Golden Spread Center's arts and crafts day will be Thursday, February 5, from 10:00 a.m. to 5:00 p.m. There will be all new arts and crafts beginning this Thursday. There will be a break at noon for a covered dish luncheon.

There will be an afternoon of table games on Friday, February 6, and Monday, February 9, from 2:00 to 5:00 p.m.

All persons with February birthdays will be honored on Tuesday, February 10, at 6:30 p.m. There will be an evening of table games. Among those being honored are J.E. Burkham, Ruth Caro, Lura Belle Crawford, Willard Davis, Elsie Mathews, Anna McGary, and Esther Stewart.

Rosa Lee Dutt will be driving the Golden Spread Center's van-bus on Wednesday, February 11, picking up the sixty-plus bunch and taking them shopping, on errands, and to meet appointments from 9:00 a.m. to noon. This service is furnished free to all persons sixty years of age or older. Those needing transportation should call the Golden Spread Center (9-3521) on Tuesday and get your name on the list.

Golden Spread Center is located at 14 S. Haney and is open Monday through Friday, from 9:00 a.m. to 5:00 p.m. It provides an opportunity for people fifty-five years of age or older to get together with their peers. It gives people choices by providing them with realistic alternatives. It helps older people live independently and with dignity as long as possible. It provides older persons the opportunity for socially enriching experiences that help preserve their dignity as human beings and increase their feelings of self-worth.

Golden Srpead Center employs Pearl Pierce as a full-time director. She loves older people and is knowledgeable in all programs for the aging. She is a good listener and a good counselor. Edna Hays is employed under the Farmers Union Green Thumb program to be a reassurance worker who calls over thirty homebound persons every day to check on their needs. Margie Davis is employed under the CETA program after school to work as a custodial assistant.

Morning Service Only

Pastor Steve will be ministering in the morning service only, February 8th. The Royalheirs, one of the top T.V., Radio and Recording artists in the field of gospel music will be with us that night at 6:30 p.m. You won't want to miss this ministry of music.

The Missionary Ladies will meet Tuesday morning. They will be helping with the Work Day at the church. They will also provide a lunch for the workers.

Wednesday evening, Pastor Steve will conclude the series on the Gifts of the Holy Spirit.

"SOUL SEEKERS THRU GOSPEL MUSIC"

THE Royalheirs

CREATIVE ★ EXCITING ★ UNFORGETABLE

COMING TO OUR CITY

Audiences across the nation both young and old, express a feeling of spiritual renewal through the ministry of THE ROYALHEIRS. Although having mastered a professional sound, and receiving favorable recognition from highly-regarded music critics, the depth of sound is not totally music. One experiences a feeling of warmth, love, vitality and spiritual impact. Theirs is a smooth blend of favorite hymns as well as the contemporary gospel songs of our day. Hear the outstanding singing with an inspirational sound, uniquely submitted to the Lordship of Jesus Christ.

Lynx Get 'Shot'

The Spearman Lynx and Coach Morris were ready for the Perryton Rangers--#1 in the State--this past Friday, January 30. Although, the Rangers did have a height advantage, Coach Morris and his Lynx just about tore the Rangers to pieces, and if there were any "scouts" scouting the game, then they know now how the Rangers can be BEATEN.

The Lynx started off with the kind of "spread" formation that is usually used when a team is ready to win by 2 points and they want to stall--well, the Lynx weren't stalling and they knew they could really "scare the living day-lights" out of the Perryton Rangers. When the first quarter came to an end--the Lynx were behind by 4 points ONLY--15-11. In the 2nd quarter, the Lynx just couldn't keep up with the Rangers long 4 - steps down one end to another. The Rangers tried to "show-off" by dunking the ball! Well, it didn't matter to the Lynx fans--they were more interested on what kind of "show" the Lynx were putting on against the #1 rated Rangers! Jimmy Ladd was having a great Offensive and Defensive night against the Perryton Rangers. The 2nd quarter was over with the Rangers getting 23 points and the Lynx getting 10. The Rangers led 38-21 at halftime. The Lynx were down by 17.

Jimmy Ladd and Karey Bodey both had 6 points, Jay Pack had 4 points, Wayne Meek had 3 points, and Steve Shields had 2 points--not one of his better starts. The Lynx had hit 3 of 3 from the freethrow line. The Lynx that were playing were Jimmy Ladd, #54; Wayne Meek, #10; Steve Shields, #24; Mike Blanton, #32; Karey Bodey, #30; David Hall, #42; Jamie Bulls, #20; Monte George, #34; Steven Tindell, # 40; Kyle Brack, #44; Jay Pack, # 22; and Buddy Pool, # 14. The Captains for this game were Steve Shields and Jimmy Ladd.

The 3rd quarter wasn't a very offensive quarter for the Lynx and it wasn't very offensive for the Rangers either. Jimmy Ladd, Steve Shields, and Monte George tried to make the Lynx get lots of points, but they could only manage 9 points, the Rangers managed to get 18 points--you'ld figure a #1 team WOULD get into the 20 point barrier in ALL 4 quarters!! The 3rd quarter ended with the Lynx behind 30-56--by 26 points. The 4th quarter would be a more open kind of quarter. The Lynx started getting MOMENTUM, and the Rangers couldn't believe the Lynx still had FIGHT in them in the 4th quarter--they probably thought that they, the Rangers, had "run the Lynx ragged"--no such luck!! Early **in the 4th quarter, the Rangers called time-out, WHILE, the Lynx had the ball. The Refs said that it was a time-out, but all the LYNX FANS, and the Lynx players and COACH MORRIS, knew that that call was ridiculous! Steve had the ball and he drove down the court and tried for 2 points, #41 from the Rangers jumped up and just about "be-headed" Steve Shields who in return just about "popped" the living life out of that DUDE! The refs didn't say that Steve had gotten a techinical for slamming the ball--almost thru #41's head--because if the refs had, then the Gymnasium's roof would have been blown off by the yelling and screaming of the disapproving Lynx fans!! And while all of this was going on, #41 was lying on the floor--SCARED STIFF!!** That was the WORST call of the YEAR, maybe the CENTURY!! I couldn't believe the refs--but I guess, they are human. And that call caused the Lynx to lose their concentration, so the Perryton's Coaches' "PLAN" worked. The Lynx had 18 points when the 4th quarter ended--maybe they could have outscored the Rangers, if it hadn't been for that call!! The Rangers managed to get 25. The final score was 81-48, the Rangers winning.

None of the Lynx were in double figures--Jimmy Ladd, Steve Shields, and Karey Bodey all had 8 points; Monte George had 6 points--all in the 4th quarter; Mike Blanton and Jay Pack had 4 points a piece; Wayne Meek and Kyle Brack had 3 points each; and Jamie Bulls and Steven Tindell ended the Lynx scoring by getting 2 points separately.

The Lynx will travel to Boys Ranch to meet up with the Boys Ranch Roughriders tonight, Tuesday--February 3, starting at 6:30 p.m. or when the JV boys are finished "lassoing" the JV Roughriders. This will be a District game. On Friday, February 6, the Lynx will travel to River Road to meet up with the Wildcats. The game will begin at 8:30 p.m. or whenever the Lynxettes finish "scratching out the Wildcats eyeballs". All in all the games coming up should be GREAT competition, so go on out and watch the Lynx start winning, again!!

Presbyterian Church News

Criminal Justice Sunday is observed in Presbyterian churches on Sunday, February 8.

There is a Sunday Church School class for everyone every Sunday at 9:45 a.m.

"I Came to You in God's Strength--Not My Own" will be the subject of Pastor Ed Freeman's sermon on Sunday, February 8, at the service for the public worship of God at 11:00 a.m.

"Focus on the Family" will be at 6:00 p.m. at First Baptist Church and at 7:00 p.m. at First United Methodist Church.

Presbyterian Women will meet on Wednesday, February 11, at 9:30 a.m. at the church. Alice Turnball is the hostess and will lead devotions. Myrtle Bohanan will lead the Bible study lesson.

Several of our members are in the cast of Fruitcake Revue Too on Thursday and Friday evenings in the Spearman High School auditorium.

There is a warm Christian welcome awaiting everyone who attends any of the services and activities of the First Presbyterian Church.

Melba Oakes Costume Chairperson

Melba Oakes is chairperson for the costume committee of Fruitcake Revue Too to be produced at Spearman High School auditorium on Thursday and Friday, February 12 and 13. Bob Leblanc is the director of the production which is co-sponsored by the Chamber of Commerce and the YMCA to fund projects of the two organizations that would otherwise be unfunded.

Other members of the costume committee are Dorothy and Lloyd Buzzard, Pat Dear, Hazel Shieldknight, Donita Lusby, Mona Beth Windom, Jack Oakes and Jerald Scribner.

When the large packing crates with the costumes arrived, the committee had to unpack them, inventory them, and hang them up by groups so that they would easily be available for each group. Lloyd Buzzard and Jerald Scribner went to Amarillo to pick them up. Melba Oakes, Dorothy Buzzard, and Pat Dear, with the help of Bob Leblanc, unpacked them. Each group has picked up their costumes. The costumes come from Cargill in New York and are beautiful, colorful, and spectacular.

The night of the last show, when it is all over, everyone has to turn in their costumes, and the committee will go to work an inventory the, pack them, and get them ready for shipping, so the whole committee will be extremely busy after the show. The hampers are large and when completely packed are very heavy. The committee could use some help from a large crew of strong, muscle men. Volunteers would be appreciated.

Fruitcake Revue Too is family type entertainment put on by a cast of about one hundred fifty assorted local nuts. People have been rehearsing long hours to put on a professional type, Broadway quality production.

Tickets are going fast, but if no one has approached you yet, they may be purchased at Excell Chevrolet-Olds Inc. or from a member of the cast. Advance tickets are $5 per person. If you wait until the night of the show, and purchase your ticket at the door it will be $6.50.

Joy McCormack, Mary Lou Wysong, and Jim Benson are the co-chairpersons for Fruitcake Revue Too. The entire cast of 150 are all local yokels. It will be great fun and clean, wholesome family type entertainment.

Bang'

Reputation is a large bubble which bursts when you try to blow it up yourself.

In Fashion

Cool spring dresses are made of a combination of cotton and polyester. Shirt dresses in crinkled seersucker and oxford cloth are attractive in pastel shades.

2 Local Churches to Present Family Films

America's newest Family film series will be presented in two of Spearman's local churches. The seven films will be presented on seven successive Sunday evenings beginning Feb. 1, and concluding March 15.

"Focus on the Family" by Dr. James C. Dobson features such topics as:

The Strong Willed Child
Feb. 1

Shaping the Will Without Breaking the Spirit
Feb. 8

Christian Fathering
Feb. 15

Preparing for Adolescence; The Origins of Doubt
Feb. 22

Preparing for Adolescence Peer Pressure and Sexuality
Mar. 1

What Wives Wish Their Husbands Knew About Women; The Lonely Housewife
Mar. 8

What Wives Wish Their Husbands Knew About Women; Money, Sex and Children
Mar. 15

These films are being presented jointly by First Baptist Church at 6 p.m. and First United Methodist Church at 7 p.m. An invitation to attend either of the churches and give help concerning better homes is extended by the Pastors Russell Pogue and Frank Oglesby.

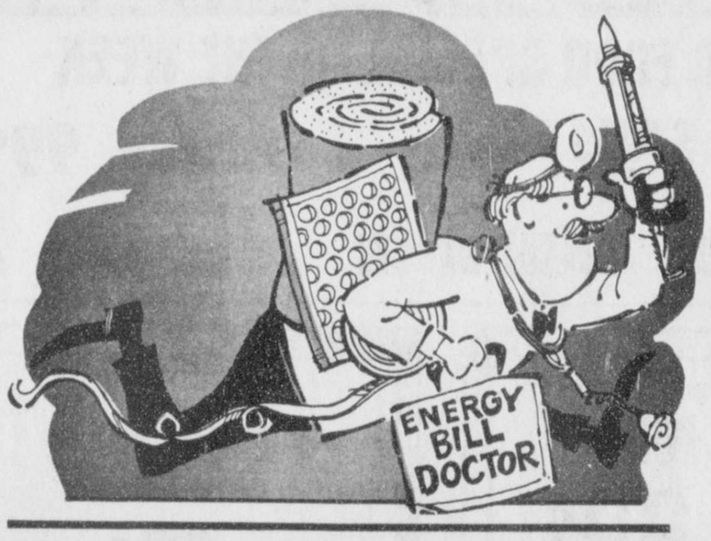
There will be no offerings. Workbooks for families are available at each of the churches.

* * * *

It's amazing how quickly some men imagine that fair ladies have designs upon them.

* * * *

You have to take people like you find them if you expect people to take you like you are.



ENERGY MANAGEMENT is good medicine for ailing electric bills.

If your energy bills have been a bit out of sorts lately, your home needs a good dose of wise energy management. High heating bills can be lowered by slowing down heat loss. Install insulation in your attic. Seal cracks around windows and doors with caulking and weatherstripping. And make sure your central heating unit's filter is clean, since dirty filters can make the system use more energy. Treat your home to a big dose of energy management, and start saving on heating bills today.

Welfare Fraud Rate Low in Texas

Investigators from the Texas Department of Human Resources found 4,022 cases of welfare fraud in the state in 1980, it was announced today by Marlin W. Johnston, acting commissioner of DHR.

Johnston said the cases represented $2,689,329 in welfare assistance fraudulently taken from DHR programs.

"While that is a large sum of money," Johnston, said, "it represents only .18 percent of the agency budget, and I think this reflects tight control of welfare programs and substantial assurance that only those who qualify for assistance are getting it."

IN ADDITION to the low fraud figure, Johnston said that welfare cheaters made payments of $703,804 in restitution to the state during 1980.

The fraud figures were contained in an annual report to Johnston from Ed Richards, head of DHR's Investigation Division.

Richards said fraud is attempted most often in the food stamp program, where investigator's found fraud in 2,594 cases in 1980, involving a total of $970,598. More than 1,200,000 Texans participate in the food stamp program.

The next program where fraud is most often attempted is in the Aid To Families With Dependent Children program. Richards said 1,331 attempts to defraud the AFDC program were made in 1980, involving $1,286,837.

ATTEMPTS AT fraud usually involve giving false information about income or the number of people in a household, both criteria for assistance eligibility.

DHR investigators make the cases against welfare cheaters, and then turn the evidence over to local district or county attorneys for disposition.

Richards cited phenomenal success in cases that were prosecuted. Of the 619 cases prosecuted in 1980, 614 ended in convictions.

Other cases are disposed of through agreements between the prosecutor and the offender to make restitution, or in some cases the court may order restitution.

THE NUMBER of fraud attempts generally is highest in the urban areas of Texas, with Dallas having the most incidents of attempted fraud, followed by Houston, the Lower Rio Grande Valley, Beaumont, Austin, Fort Worth, El Paso, the east Texas area surrounding Tyler, San Antonio, Abilene, and Lubbock.

TENNIS TIPS

By Solly

For a better game—hurry up and slow down! Hurry to where you're going to hit the ball. Then plant your feet—and wait till the ball gets to *you* to swing. Even good players may miss relatively easy shots because they're trying to hit them on the run.

You may play a better game if you're comfortably dressed. Look for tennis wear that's highly absorbent, stretchable and lightweight. New Jockey World Class Tenniswear, for instance, uses super-stretch fabrics, and scores extra points for details like tighter shirt fit and terrycloth pockets in shorts.

Once mastered, the backhand can be the easier, more natural stroke. The racket should be almost level as the ball is hit; during the follow-through, it's held well out from the body and brought beyond the right shoulder.

Harold Solomon (Solly) is ranked among the top ten tennis professionals in the world. He is the spokesperson and design consultant for Jockey World Class Tenniswear.

NEWS OF SPORTS

EVERYONE'S SKIING

Most people think jogging is one of the fastest growing sports in the country, but one new sport at least is growing even faster—cross-country skiing. According to the United States Ski Association, the number of cross-country skiers participating in mass cross-country ski races—called Citizen Races—has increased by 400 percent in the last five years.

This is a statistic not lost on Clark Matis, director of marketing, cross-country division, of Rossignol, a company which has created an image of high performance and high technology in both their cross-country and downhill skis. Matis points out that "Citizen Races are becoming very popular because they are family affairs with entrants as old as 70 and as young as four or five skiing together."

The number of cross-country skiers has reached incredible heights.

NEWS OF SPORTS

New Plastic Is Tough Competitor In Sporting Goods

Sports enthusiasts courting good times in one of the nation's fastest growing pastimes—racquetball—are among many benefitting from a new material used in sporting goods. It is a tough engineering plastic made by the Du Pont Company, and it makes for lightweight racquets that can handle racquetballs traveling up to 100 miles an hour.

Racquets made with this super tough nylon, called "Zytel" ST, are reinforced with glass for extra stiffness to provide the durability of metal at a weight comfortable for players of all sizes and abilities. Its strength permits players to scoop a ball off the court floor or scrape it off a wall. These maneuvers are not practical with traditional metal designs and would spell the end of a wood racquet.

This same super tough nylon is being used for roller skates; it replaces aluminum sole plates, hubs and trucks. "Zytel" ST is more durable, yet it weighs about 60 percent less than aluminum. Skaters at all levels of proficiency can benefit from these properties with smooth, less tiring skating and long skate life.

A flexible version of super tough nylon is also available for ski boots. It improves performance and transmission of movement from the skier to the ski.

Other sporting goods using "Zytel" ST super tough nylon include bicycle wheels, hockey skate blade supports and badminton shuttlecocks. Not to leave out the transportation that gets you to your favorite sport, this versatile material is used in durable, lightweight automotive components to help reduce vehicle weight for better overall fuel efficiency.

More and more sporting goods and physical fitness products, from bicycles to ski boots, are made from plastic instead of metal since plastics provide durability with light weight at an affordable price.

BIBLE VERSE

"...I, the Lord thy God am a jealous God, visiting the iniquity of the fathers upon the children unto the third and fourth generation of them that hate me."

1. Where are the above words found in the Bible?
2. Of what are they a part?
3. What author recorded these words?
4. Can you locate a similar verse?

Answers to Bible Verse

1. Exodus 20:5.
2. The Ten Commandments.
3. Moses.
4. Numbers 14:18.

'All-American' Boy

He was the typical "All-American" boy--a senior in college, on the dean's honor list, president of his fraternity. He could have been the boy next door. He could have been your best friend. He could have been your son. He could have been....you!

Evangelical Films' newest release, "Heavenly Deception," is the true story of Chris Elkins' journey from the college campus to the inner workings of the Unification Church.

Although raised in a Christian family and attending church regularly, Chris never grew in his faith. He still had questions.

Then one day in college, Chris met a man, someone who seemed to have the answers; a man who directed him to a church of love, care, and concern--a church of unification. Chris became a "Moonie".

But it wasn't long before he sensed something wrong, a sort of deception, a Heavenly Deception, where the end justified the means. A standard that was promoted and encouraged with in the Unification Church--from the kids selling flowers on the street corners all the way to the highest echelon.

In twelve years of producing over thirty Christian films, Evangelical Films has never offered a film with more impact on parents and young people. "Heavenly Deception"--A true Story!

Q: When my ex-wife and I purchased a home we made arrangements with her father to borrow a portion of the down payment. I signed a promissory note but she refused to sign so I signed for her. Since our divorce she has refused to pay half of the note so I stopped paying. Now I'm being sued for the entire note. Am I legally responsible to pay the whole thing?

A: Unless the note or the divorce decree explicitly releases you, you are probably liable for the entire amount of the note. Your attorney should examine both documents to determine whether you may enforce your ex-wife's obligation by suing her after *you* have paid off the balance.

Q: My mother has been having an affair with a man who was supposed to be a friend of both my parents. It has been going on for about 10 years but she just recently admitted it to us kids. My father is an invalid and doesn't know about it. We are very upset about this, but can't tell Dad. Can I sue this man for damages I feel he has caused?

A: Neither you nor your brothers and sisters have any cause of action against the man for having an affair with your mother. However, your *father* may have a cause of action against the other man in a type of suit known as "alienation of affection".

Q: I got a ticket for doing 47 in a 35 mph speed zone. I was traveling through a small town at the time and was stopped by a policeman using radar. I know I'm not guilty but how do I argue with his radar system? What is the law concerning radar? Is the radar reading always considered accurate?

A: The radar system is not always correct, and much depends upon the operator and whether he calibrated it correctly before using it. However, I think you will find, especially in a small town, that the radar system is going to be presumed correct. The only way that you will be able to disprove it will be to employ a lawyer from that small town to handle the case. Discrediting a radar system involves a very complicated set of facts and a lot of skill in cross-examining the police officer.

Q: My car was hit from behind at an intersection. The other driver would not give me the name of his insurance company, but said he would pay for the damages himself. Now he refuses to pay me anything. What can I do to recover the costs of repairing my car?

A: There is a slight possibility that you can learn the name of the other driver's insurance company from the Texas Department of Public Safety, Safety Responsibility Section. You could then contact the company yourself to report the accident and request that they pay damages. Unless you want to hire an attorney and bring a lawsuit, your only other alternative would be to sue in Small Claims Court for up to $500. Remember, this type of lawsuit must be filed within two years from the date of the accident.

SEEDS FROM THE SOWER

By Michael A. Guido, Metter, Georgia

A man saw a little boy stretch out his arms and wait for his father to pile up boxes for him to carry. As he waited for more, he said, "Son, you can't manage any more."

"Sir," answered the boy kindly, "my father knows how much I can carry."

What is true of that earthly father is true of our heavenly Father. He is faithful. He will be good, and only good to us.

His faithfulness is seen in His preventive providence. He will not allow us to be tested beyond what we are able to bear. And the testings come not to destroy us but to develop us.

His faithfulness is seen in His protective providence. When you and I are tempted, our heavenly Father will always provide a way out so we can stand up under it. He does not shield us from testings, but He does sustain us in them. Our Father is not interested in a race of pampered pets. He wants strong saints: noble men and women. Christian nobility is not dispensed, but is developed in the heat of testings.

The grass is always greener after the rain, and you will be stronger after your trial. You will see.

You are cordially invited to

FANCY THAT!

One in three Americans today lacks a high school diploma. Without adequate skills in the basics—math, reading, writing, social studies and science—these educationally disadvantaged people often can't get jobs.

Fortunately, learning the basics can be faster and easier than it is in most high schools with Fair-Break, a job-training program that Confrol Data Corp. operates. In addition, anyone can get a helpful computer-based education at any of 89 Control Data Learning Centers around the country. The computer gives students privacy—and its full attention.

Before Fair Break programs became a reality, only children in lower grades had an opportunity to study with computers. Now remedial high school equivalency programs help those who were unsuccessful in a classroom setting. Free leaflets are available at Control Data Learning Centers. Or, write to Control Data Corp., HQA02Q, P.O. Box 0, Minneapolis, MN 55440.

DRIVELINE

Now that winter weather is coming, think about these foul weather driving tips:

1. Use low beams when driving in fog.
2. *Slow down* in the rain. The road surface is slippery. At certain speeds your car's tires actually ride on a film of water and lose contact with the surface of the road. This is called hydroplaning and can produce an uncontrollable skid.
3. Avoid sudden moves, swerves or turns on wet roads. Ditto for sudden stops. Slow and steady is the way to do it.

Maintenance Tip: During cold weather, many cars have starting problems. Often it's not the battery that's at fault. The problem may be somewhere in the ignition system or carburetor. A simple tune-up can help considerably.

How many passengers does the average auto carry? The answer — 1.3 people. According to one estimate, if the average rush hour commuter would car pool with just one other person, America would save 250,000 barrels of oil a day.

NIGHT VISION . . . It takes your eyes about twenty minutes to readjust to night driving conditions after you've left a brightly lit house or restaurant.

Share your questions, anecdotes and observations with us. Write to:

Texas Traffic Safety Section

Iowa was the first state to tax cigarettes, beginning on April 11, 1921. Prior to this, it was illegal to sell cigarettes in Iowa.

Basketball is the only major sport that is completely American in origin.

Pictured are student teachers from Panhandle State University that are presently in the public schools doing their practice teaching.

Shown (L-R): Roy Mayhew, Gruver, TX, teaching in Spearman, TX; Tami Gray, Gruver TX, teaching in Guy - mon, OK; Colleen Smith, Spearman, TX, teaching in Spearman, TX; Ginny Borwn, Dalhart, TX, teaching in Stratford, TX; and Collette Smith, Spear man, TX, teaching in Spear man, TX.

Water, weather used in naming towns in Texas

COLLEGE STATION — Although it's not always plentiful, water must have been on the minds of many Texas towns' founding fathers.

There are 41 Texas towns named after springs; another 37 have the word lake in their names; 17 towns are named for creeks, rivers or brooks. Community names also reflect Texans' preoccupation with the weather. Hail, Dew, Rainbow, Cook, Dryer and Snow Hill are examples.

In its November newsletter the Texas Water Resources Institute — located at Texas A&M University — points out the importance of water to the history of the state in the names that Texans have given their towns.

Some names describe the local water situation: Sour Lake, Sweetwater, Agua Dulce, Shallowater and Redwater. Then there is Long Lake, Big Lake, Blue Lake, Silver Lake, Clear Lake and Little River.

STATE CAPITAL HIGHLIGHTS

By Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN — Last session the Legislature almost passed a bill which would have allowed low-level nuclear waste dumps in Texas.

This session the bill will probably sail through, although the waters may get a bit choppy.

And sometime in the future, probably not this year, the Legislature will approve waste dumps for high-level nuclear waste.

In fact, it may be virtually impossible to stop creation of nuclear waste dumps in the Lone Star State because all three of the national dumps have now been closed to out-of-state users.

Illinois just put the final touches on enforcement of its new state law banning out-of-state waste at its site. Earlier, waste dumps in South Carolina and Nevada were closed to out-of-state dumpers, including Texas.

Texas currently produces low-level nuclear waste at hospitals and laboratories. When the nuclear power plants at Bay City and Glenrose are completed, high-level waste will be generated. Facing stark reality, Texans will have to set aside a place to store its nuclear offal.

Not When, But How?

The important question to Texas citizens is not if or when Texas will create the nuclear dump site, but "how?". What legal safeguards will be approved, and will they be sufficient to protect citizen health from radioactivity? For politicians who must vote on the controversial issue, the key question is where to put the dump?

It seems only right that if Texas generates nuclear waste for the benefit of its citizens, then it must accept the responsibility of storing the hazardous nuclear waste somewhere within its borders. But should Texas allow other states to dump their nuclear trash here, possibly to the harm of Texans?

"Bad Ol' Bill"

The nuclear dump bill which passed the House but failed in the Senate last session was regarded by many as one of the worst bills of the lot. The sorest point was a $200 fine for improper dumping or packaging of nuclear waste, which one legislator called "an open invitation to out-of-state waste producers to come dump their trash in Texas."

Considering that $200 is the maximum fine for throwing your beer cans and candy wrappers out the car window, he might have a point. Waste producers who ship their improperly packaged nuclear material by truck through Texas cities and towns ought to be slapped with something more than a fine equal to littering.

"Somewhere in West Texas" is the site most often mentioned for any Texas nuclear dump. Few legislators would be willing to allow a nuclear dump in their home district. Besides the potential for harm to health and life, it is generally assumed that property values in the area will go down. Dump sites might also appear closer to power plants than West Texas. The location will be an intriguing guessing game, and political futures will hinge on the outcome.

Census Decision

Texas may be able to begin the redistricting process this session, thanks to a ruling by the U.S. Supreme Court last week which cleared the way for the Census Bureau to report its population figures to Congress.

Justice Potter Stewart had issued an emergency order overriding a lower court prohibition on reporting the statistics. Minority groups have legally challenged the validity of the census statistics and sought to delay their release.

Texas Atty. Gen. Mark White had asked for Stewart's action to prevent delay of release of the Texas statistics.

The Legislature is scheduled to receive the census report sometime in early April, leaving only a scant two months to redistrict Texas before the Legislature adjourns June 1. State law allows a redistricting board to complete any work left unfinished by the Legislature, but the work must be initiated during a regular session of the Legislature. Thus, a two month delay in reporting the figures to Texas will set back redistricting here by two years.

School Budget

State budget planners have proposed that Texas spend $7.2 million on elementary and secondary education during the next biennium. The bill will be footed by both state and local government.

The Legislative Budget Board also recommended the state can avoid more civil rights lawsuits by appropriating an additional $20 million to predominantly black universities.

A worried Mark White told the board that a $53 million cut in the budget request by two black universities was being viewed by federal officials as a retrenchment by the state in its commitment to compliance with civil rights laws.

White predicted that if the budget cuts remained, it would be only a matter of days before a formal accusation of racial discrimination would be filed.

(ASR) When moisture gets into ski bindings they can rust or corrode and become difficult to adjust. But a spray of WD-40 can prevent this problem. This water-displacing product penetrates water and ice build-up to free sticky bindings and provides an effective barrier against future moisture damage. Spray bindings at the end of a ski trip, and they'll work smoothly when you're ready to ski again. The non-oily product will also lubricate sticky boot buckles and protect metal ski poles from rust. Find WD-40 in two oz., nine oz. and 12 oz. spray can sizes at sporting goods, grocery and other retail stores.

O-STATE SCHEDULES PETROLEUM COURSE

Non-technical personnel of companies within the petroleum industry or those who serve it may be interested in an OSU Technology Extension course.

"An Introduction to Well Completion and Production," designed for accountants, bankers, administrators, lawyers, secretaries and suppliers, will be held on six consecutive Thursday evenings from Feb. 12-March 19 at the Camelot Inn, Tulsa.

Topics to be covered include oil well completion, well heads, artificial lifts, well testing, tank storage, separators, heaters, corrosion and related subjects.

Program planners say class size is limited and advance registration is required.

For information, write OSU Technology Extension, 313 Crutchfield, OSU, Stillwater, OK 74078, or phone (405) 624-5714.

• • •

Tip o' the week—Some people like to use the selvage edge for straight seams, since it provides a prefinished seam allowance. However, be sure and clip little snips all along the selvage at about one-inch intervals before you sew. That eases the fabric to eliminate pulling. — Deborah Strickland, OSU extension clothing specialist.##

Control pantry insects by keeping shelves clean, inspecting food packages often, storing foods in closed containers and applying an insecticide when needed.

Never overload small water craft.

The motto "In God We Trust" first appeared on the 1864 two-cent piece.

RULES and How to Play

1 TO OBTAIN MATERIAL: No purchase necessary. Get a free game card and game ticket on request at the end of checkout or at store office. Limit — one (1) ticket per visit, per day. Adults, 18 years of age or older only eligible to play.

2 TO PLAY: Each game ticket contains four markers. Simply punch out the perforated portions of the game ticket, then separate the punched out portions to reveal your four markers. Each marker corresponds to a square in one of the games on this game card. Carefully insert each marker in their appropriate square on your game card. Example: If one of your markers is a 235 in the $100.00 game, insert that marker in the square marked 235 in the $100.00 game on this game card. Some games contain squares marked FREE and it is unnecessary to collect a marker to be placed in such FREE SQUARES. FREE squares are not transferable.

3 TO WIN: There are three separate games to play and win: Instant $1.00 and $2.00 winners. If one of your markers shows "You win $1.00" or "You win $2.00," you may be an instant winner, and can immediately submit that marker for verification.

Collect $5.00, $10.00, $100.00 and $1,000.00 Cash Game Winners. The $10.00, $100.00 and $1,000.00 games play just like regular bingo, simply complete a row down, across or diagonally. The $5.00 game requires 5 across only.

Collect $25.00, $50.00 and $100.00 grocery certificate winners. Simply complete the spelling of any of the three words down and you can win the prize indicated. Only one winner per card.

4 TO CLAIM PRIZE: All markers which are not part of the winning row should be removed and transferred to a new game card. Submit the game card and winning row to authorized store personnel who will arrange for verification and awarding of prizes. The game card must be signed and each marker submitted initialed, by the customer in the presence of authorized personnel. Winners of instant $1.00 and $2.00 prizes and the $5.00 and $10.00 cash collect games can be verified and paid in cash at the store. Redemption of the $100.00 and $1,000.00 cash collect games and the $25.00, $50.00 and $100.00 Grocery Certificate games must be submitted to the sponsor for verification and payment. All game material submitted for verification becomes the property of the game sponsor. All tax liability on prizes is the responsibility of the prize winner.

5 ALL GAME MATERIAL: Will be rejected and judged void if not obtained from and verified by authorized personnel or, if any part of any game pieces are illegible, altered, mutilated, defaced, tampered with, forged, contains printing or other errors, or is irregular in any way. Any attempt to forge game material or to defraud in any way will be prosecuted to the fullest extent of law. Game materials void where taxed or prohibited by law.

6 GAME ENDS: Upon distribution of all game tickets. All prizes must be claimed within 5 days after the announcement of termination or they are forfeited. Notwithstanding anything herein to the contrary, at such times as the verified claims for prizes in any category equals the number of prizes advertised for that category, then the game as it relates to that specific prize category shall immediately terminate without notice, and any unverified claims at or after that time shall be automatically rejected.

7 ONLY GAME MATERIAL: Marked Series #63 are valid for this game.

8 OFFER NOT OPEN TO: Employees (and their I.R.S. listed dependents) of the sponsor, its subsidiaries, the game supplier, their advertising agency, and any other companies engaged in the development and production of these games.

MARKET BASKET BINGO

TIME LIFE RECORDS GREAT MOMENTS OF MUSIC

ARTHUR FIEDLER & THE BOSTON POPS

ONLY $3.49 EACH!

America's great record value exclusively at your Ideal Supermarket

• American Classics • Marches • Musical Theater
• Love Songs • Rhapsodies • Waltzes • The Symphony
• Overtures • Concertos • Polkas • And many more!

Starting with American Classics, GREAT MOMENTS OF MUSIC—starring the legendary Arthur Fiedler and the Boston Pops Orchestra—offer you and your family a superb introduction to some of the most exciting and inspiring music ever written.

These splendid RCA-quality recordings are being made available to you in supermarkets—and at an unbelievably low price. In your first album, American Classics, you can open your home to a triumphant celebration of the nation's musical heritage—from Rodgers to Sousa to Gershwin. And in further albums, you'll discover the immortal melodies of Beethoven, Tchaikovsky, Brahms, Bizet and other classical masters.

Only from TIME-LIFE RECORDS...

GREAT MOMENTS OF MUSIC from TIME-LIFE RECORDS offers a tremendous opportunity to enjoy the uniquely rich musical legacy of one of the greatest Maestros who ever lived...the late Arthur Fiedler. You owe it to yourself and your family not to miss it!

Look for AMERICAN CLASSICS, at an unbelievably low price!

★ FREE 24-Page Fiedler biography when you buy *MARCHES!*
