

C. W. DEATS

GEORGE MIMS

T. J. A. ROBINSON

JACK Y. SMITH

DOYLE R. THOMAS

H. W. WRIGHT

SIX BIDDING FOR THREE PLACES

City Voters Will Select Commissioners Tomorrow

Polls will open at 8 a. m. Tuesday in the city fire station for balloting in an election to select three city commissioners from a field of six candidates.

Commissioners elected will assume their respective posts on the commission at the next regular meeting on April 13. They will serve terms of two years each.

In the race are three incumbents, H. W. Wright and George Mims, who were elected to first terms two years ago, and Dr. C. W. Deats, who has been serving by appointment since last September. Others listed on the ballot are T. J. A. Robinson, a former commissioner, and Jack Y. Smith and Doyle R. Thomas, both seeking first terms on the commission.

The polls will close at 7 p. m. A turnout of voters considerably heavier than past averages is expected, although it appeared doubtful today that the record established in 1946 would be approached.

Total vote in Saturday's school election indicated considerable interest in municipal elections. However, little campaigning has developed in the commissioners race and no issues have been advanced by candidates.

Holdover members of the commission are G. W. Dabney, mayor, and Willard Sullivan, who was elected to his first term a year ago.

W. B. Younger will serve as election judge, and Tom Rosson as assistant judge.

Navy To Send Carrier Force To Norway

WASHINGTON, April 5. (AP)—A carrier task force will visit Norway this month "for the promotion of good will," the Navy announced today.

The 20,000-ton Essex class carrier, Valley Forge, the 6,000-ton anti-aircraft cruiser, Fresno, and four destroyers will visit Bergen, Norway, from April 29 to May 2.

The vessels will go to Norway after three of them pay a visit to southern England April 18 to 26.

The Navy's announcement said the visit will be "in continuation of the Navy's policy of making visits to friendly countries for the promotion of good will and the furtherance of friendly relations."

Killed In Crash

WICHITA FALLS, April 5. (AP)—Mrs. John A. Mayer, 34, Wichita Falls, was killed and three others hurt in a three-car collision near here last night.

Senate Bloc Wars On U.N. Veto Rule

WASHINGTON, April 5. (AP)—A potent Senate bloc took shape today behind a demand for drastic overhaul of the United Nations veto rule—with or without Russia's consent.

While the Soviet Union is not mentioned by name in the draft of a joint resolution to be submitted to the Senate this week, there is no doubt as to the measure's intent.

It calls upon and officially authorizes the President to take immediate steps through this country's UN delegation to revise the world organization's charter.

Both Senate and House must approve the resolution, but it does not require the President's signature.

Senator Baldwin (R-Conn.), one of the sponsors, told a reporter the revisions are aimed at making it possible for the UN to take "decisive action" to:

- 1. Prevent wars of aggression.
2. Limit armaments, including atomic and other weapons of mass destruction.
3. Establish an effective inter-

\$12,000 Damage In Fort Worth Fire

FORT WORTH, April 5. (AP)—Fire which destroyed the interior of the education building of the Riverside Evangelistic Temple here yesterday caused damage estimated at \$12,000.

Fire Marshall Killian said the fire started from a defective gas heater.

Leaders Push For Speed On European Aid

Agency Control Looms As One Difficulty

WASHINGTON, April 5. (AP)—Administration leaders pressed for a quick start on the European recovery program today—confident that the billions now assured Western Europe will provide a formidable barrier against further Communist expansion.

One possibility of delay was seen, however, in reports that President Truman is faced with sharp differences among his advisers as to which government agency should be placed in temporary control.

The choice was reported to lie among the State Department, the Reconstruction Finance Corporation and the Export-Import Bank.

Five countries are due to receive the first help under the new \$6,098,000,000 foreign aid program. They are Italy, France, Austria, the Netherlands and Greece.

Shipments of food, fuel and possibly some industrial supplies are considered of the utmost urgency in the case of Italy because of the need to bolster anti-Communist forces there ahead of the April 18 elections.

But even as the multi-billion dollar economic program was being thrown into gear, the State Department was intensifying its study of possible military support for the developing Western European union.

The problem of furnishing guns and bullets—and possibly working out a mutual defense alliance with the western bloc—may be discussed with Belgian Premier Paul-Henri Spaak here this week.

Child Bride's Body Found

GREENVILLE, Ky., April 5. (AP)—Thirty-seven-year old Raymond Ellison will be charged today with murdering his child bride of four months, Muhlenberg County Attorney Russell O'Neil said.

The body of the young bride, Imogene Ellison, was found yesterday in the Mud River about 16 miles from here, a white rag wound around her neck. She had been missing since March 26.

Sheriff Otis Robinson said Ellison reported the child's disappearance while he was on a trip to the grocery. Robinson said also that Ellison had been jailed at his own request last Thursday, saying the neighbors had become "disturbed" over Imogene's absence.

County Attorney O'Neil said a school census gave the bride's age as 12 years last Feb. 12, but Sheriff Robinson said her age was given as 15 at the time of her marriage.

Bledsoe Rites Set Tuesday

Funeral will be held here Tuesday morning for Clyde Ole Bledsoe, 33, veteran oil well driller who died Saturday night of injuries sustained when a piece of six-inch pipe struck his head.

He was working on a well on the Wallace Oil company lease near Forsan when the line slipped, letting a piece of pipe fall on his head. The mishap occurred at 3 p. m. and he died nine and a half hours later.

Mr. Bledsoe had been an oil well driller all of his adult life and he had worked in most of the West Texas fields. For the past 12 years he had resided in Big Spring. The family lives at 207 Jefferson.

Rites will be said at the Nalley chapel at 10 a. m. and the body will be taken overland to Gorman for final services in the First Baptist church there. Burial will be in the Gorman cemetery beside the grave of his mother.

Surviving are his wife; a daughter, Ruby Jo Bledsoe; one son, Harold Gene Bledsoe; three brothers, W. A. Bledsoe, Big Spring, Blake Bledsoe, Pyote, and Boyd Bledsoe, San Antonio.

Mr. Bledsoe was a veteran of World War I.

Funeral services will be held at 10 a. m. at the Nalley chapel at 10 a. m. and the body will be taken overland to Gorman for final services in the First Baptist church there.

Surviving are his wife; a daughter, Ruby Jo Bledsoe; one son, Harold Gene Bledsoe; three brothers, W. A. Bledsoe, Big Spring, Blake Bledsoe, Pyote, and Boyd Bledsoe, San Antonio.

Mr. Bledsoe was a veteran of World War I.

Funeral services will be held at 10 a. m. at the Nalley chapel at 10 a. m. and the body will be taken overland to Gorman for final services in the First Baptist church there.

British Plane Hit By Red Fighter; 14 Die

Lewis Unmoved By Court Order To End Coal Strike

WASHINGTON, April 5. (AP)—John L. Lewis and the United Mine Workers made no move today to obey a court order directing them to end a 22-day-old mine walkout.

Reports from the mine fields indicated few if any miners bowed to a Federal court order signed Saturday night by Judge Matthew F. McGuire.

Lewis himself gave no sign he planned to comply with the court's directive, issued at the government's request.

"No comment," was Lewis' snappy reply as he arrived at his union headquarters in mid-morning and was asked about the order.

Five minutes after the UMW chief's arrival, deputy U. S. Marshals H. B. McCauley and Michael Colasanto entered the union building to serve official copies of the court order to Lewis. The notice to end the strike was accepted by Lewis personally at 10:22 a. m. (CST). Another copy was served on the union.

Lewis' attorneys, who spent a busy week end studying the legal angles, remained silent. There was no indication they planned to ask the court to dissolve the order or take other legal steps to clock enforcement.

Coal in the nation's bins sank lower and lower as the work stoppage went on. The Commerce Department told Congress today that if the walkout continues, steel production will drop this week to 75 per cent of capacity or lower.

Collision Over Berlin Creates New Tension

Fighter Escorts To Be Provided, Says Commander

BERLIN, April 5. (AP)—The office of the British commander for Germany announced tonight that British planes coming into Berlin will have fighter escorts until assurance is received that Soviet planes "will not again endanger British flights."

A spokesman for Gen. Sir Brian Robertson, the British commander, said the Soviet fighter which smashed into a British transport today was in a British area illegally. Gen. Robertson carried a protest to the Russian commander Marshall Vasily Sokolovsky.

BERLIN, April 5. (AP)—A Soviet fighter smashed into a British transport plane outside Berlin today and plummeted it to a fiery crash-landing which killed all 14 persons aboard. The Soviet plane also crashed and the pilot perished.

The collision occurred at about 500 feet as the British Viking, inbound from London, was preparing to land at Gatow Airport here. Two Americans—identified only as Sergeant Pintos and Mrs. J. C. Clough—were among the 10 passengers and four crewmen listed as aboard the transport.

The incident brought new tension to this city, just as feelings between the Russians and the three western allies were being eased.

Germanys who saw the collision said the fighter plane came up under the Viking, a two-engined plane of the British European Airways, and sheared off a wing. In flames, it fell into Soviet-occupied territory; the fighter came down in a British sector.

Soviet soldiers barred everyone from getting near the wreckage, which was spread over a wide area. Gert Stindt, American newspaper cameraman, said Soviet soldiers demanded the film in his camera and tore it up—although he had taken no pictures. The soldiers then ordered him into the British sector.

Two German boys and a German man said the Soviet plane had dived under the British plane, then came up underneath. "It looked like the Soviet plane was trying to play around with the British plane," one of the boys said.

When the Soviet fighter came up, it swerved into a wing of the transport and sheared it off, the three witnesses agreed.

Mrs. Rockefeller Dies At N. Y. Home

NEW YORK, April 5. (AP)—Mrs. John D. Rockefeller, Jr., died today at her home of a heart attack.

Mrs. Rockefeller was the former Abby Green Aldrich, daughter of U. S. Sen. Nelson W. Aldrich of Rhode Island. She married the present head of the famous Rockefeller family in 1901. They have five sons—John D. III, Nelson, Laurance, Winthrop and David—and a daughter—Abby. Mrs. Rockefeller was a sister of Winthrop Aldrich, the noted banker.

WAGE DEMANDS

PITTSBURGH, April 5. (AP)—The CIO-United Steelworkers Union was expected today to hand the steel industry new wage increase demands.

DEWEY, STASSEN, M'ARTHUR?

Wisconsin Makes Choice On GOP's

MILWAUKEE, April 5. (AP)—Wisconsin voters, fed an unvarying get-tough-with-Russia diet, call the turn tomorrow on three Republican presidential candidates.

Their choice lies between Gen. Douglas MacArthur, Harold E. Stassen, former Minnesota governor, and Gov. Thomas E. Dewey of New York in a primary to pick 27 delegates to the GOP national convention.

But no matter which candidate comes out on top, he will be pledged by campaign speeches—or in MacArthur's case by friends' statements—to smack down communism in this country and deal firmly with Moscow.

Indications are that this type of campaign will be carried over into Nebraska where the three are entered in the April 13 popularity primary.

Dewey and Stassen set out this week to build some political fences there. Senator Robert A. Taft of Ohio, another presidential hopeful, already is on the ground. Taft accused the Democrats of coddling Communists in a week end speech in Missouri.

Wisconsin had a calm period after the storm of personal campaigning by Dewey and Stassen. Stassen breaks it today with two speeches in the southwestern part of the state and a last-minute radio plea tonight.

Tomorrow voting machines and ballot boxes start rolling up the totals that may almost, if not fully, wash out presidential hopes of one or more of the candidates.

Usual sweeping claims were being made from the Stassen and MacArthur camps. And in New York, Herbert Brownell, Dewey's campaign manager, tried to turn on a little sunshine in the gloom that has publicly blanketed the governor's camp.

Brownell said Dewey is sure of support of well over one half of 305 Republican convention delegates that will have been chosen by Tuesday night. He included 90 district delegates to be picked in New York that day.

Dewey already has six from New Hampshire where Stassen got two.

Krupp Freed In War Trial

NUERNBERG, Germany, April 5. (AP)—Alfred Krupp and eleven co-defendant directors of the Krupp munitions combine were acquitted by a U. S. war crimes court today of plotting aggressive warfare.

All 12 pleaded innocent last Nov. 17 to a 50-page war crimes indictment. It accused them specifically of plotting aggressive warfare, plundering peaceful countries and exploiting slave labor.

The trial started Dec. 8. The co-defendants are Ewald Loeser, Eduard Houdremont, Erich Muller, Frederick Janssen, Karl Pfirsch, Max Ihn, Karl Eberhardt, Heinrich Kortschan, Friedrich Von Hans Kupke.

Dallas Man Slain

DALLAS, April 5. (AP)—James S. Crow, 35, was fatally shot here early yesterday in a restaurant. A man later surrendered to detectives.

BRITAIN AGREES TO A PARLEY ON BERLIN RAIL RESTRICTIONS

BERLIN, April 5. (AP)—British authorities accepted today a Soviet offer to talk over the Allied deadlock over Russian restrictions on railroad traffic to and from Berlin. They suggested a full four-power meeting.

The United States previously had accepted the Russian proposal for discussion of these restrictions.

The controls, on traffic through the Soviet occupation zone, had forced suspension of allied military rail traffic between Berlin and the western occupation zones.

The Russians wanted to board and inspect such trains. The western powers refused to let them.

Regularly scheduled passenger trains still were suspended today, but Allied freight trains were getting through to Berlin.

In his answer to the Russians, Maj. Gen. N. C. D. Brownjohn, British deputy military governor, accepted their invitation for the British.

Then he remarked he understood the U. S. and French had received similar offers to discuss the regulations.

"It would suggest, therefore," Brownjohn said, "that it would save time if representatives of all four commanders discuss the question together."

If the Russians should agree to this, it would result in the first four-power meeting on the German control level since the Russians walked out on the Allied Control Council March 20.

UMT MAY NOT FARE SO WELL

Favorable Vote Forecast For Renewal Of The Draft

WASHINGTON, April 5. (AP)—Easy sledding in Congress for a "halt Russia" draft revival was forecast today by Senators Bridges (R-NH) and Ball (R-Minn.).

But both men indicated they expected going for the administration's companion preparedness measure—universal military training.

Daniel Moves Against Bread Price Fixing

AUSTIN, April 5. (AP)—A temporary restraining order was granted in 128th district court here today against four bakeries and two grocers at Gainesville, charged with violation of Texas anti-trust law in a suit filed by the state earlier in the day.

Hearing on the injunction was set for 9 a. m. April 14.

The restraining order was asked along with penalties in the state's suit filed by Attorney General Price Daniel.

The suit alleges a price fixing agreement between the bakeries and grocers to maintain the retail price of bread in Gainesville at a minimum of 20 cents per loaf, and a boycott of a grocery store which had reduced the price to 18 cents per loaf.

The defendant bakeries are Mrs. Baird's Bakery, Inc., Home Town Bakery, Finney's Bakery, and Purdy Bakery. Defendant grocery stores are Hely-Selfy Food Store and Thomas Food Store.

The state's petition alleges that a Gainesville grocer, Henry Brumley, advertised the reduction in his retail bread price in the local daily newspaper, and bread wholesalers have since refused to supply him with bread. Since then the grocer has been unable to buy bread except from Oklahoma.

Planes Destroyed In Laredo Blaze

LAREDO, April 5. (AP)—Thirteen airplanes and a hangar were destroyed in a \$50,000 fire at the Edgerton flying service headquarters here yesterday.

Guard Sign-Up Slated Tonight

This is "D-Day" for the National Guard in Big Spring.

A membership sign-up campaign is to be started tonight, at a meeting to be held in room 5 of the Settles hotel starting at 8 p. m. and T. A. Harris, captain commanding the proposed battery for Big Spring, is urging a large attendance.

All men between the ages of 17 and 35 are eligible for membership, and Harris said full information on the Guard program will be given at the meeting this evening.

The unit for Big Spring—Battery B of the 132nd F. A. Battalion, 36th Division—is set up for five officers and 97 men. Men will draw army base pay for all drill periods, at the following scales: Pvt., \$137.50; Pfc., \$168.16; Cpl., \$189; Sgt., \$209.84; S-Sgt., \$241.34; T-Sgt., \$283.50; M-Sgt., \$346.50; 1st Sgt., \$346.50.

Ralph W. Morrison Claimed By Death

SAN ANTONIO, April 5. (AP)—Funeral services were to be held today for Ralph W. Morrison, 67, railroad executive, rancher and hotel owner.

The president of Pan American Hotels Co., operator of the Robert Driscoll Hotel in Corpus Christi and the St. Anthony Hotel here, died Saturday night.

Morrison owned ranches in New Mexico and Mexico and was president of the Tex-Mex Railway.

Police Officers In Convention

EL PASO, April 5. (AP)—More than 150 police officers were expected here today for the seventh annual convention of the National Sheriffs Association.

The board of governors of the association held a brief meeting yesterday. Sheriff Allan Faiby, El Paso County, first vice president, presided.

Maintenance Saving Big Consideration

The commissioners court of Howard county is happily on record favoring a \$100,000 road building program in cooperation with the state highway department. Of this amount, the county will post \$75,000, when the time comes, and the state \$25,000. But better still, the state does the engineering and assumes the maintenance.

And here is the important point. The state highway department estimates that maintenance about equals the original cost in something like 15 years. That being the case, the county might be upwards of \$100,000 ahead over that stretch of years by reason of the state taking care of the road. In addition, the state may assume other paved lateral roads in the county, and here again around 15 miles might be eligible. The maintenance figure would approach that of the new project. It is possible to cut these maintenance estimates in

half, and still the county would be \$100,000 ahead by reason of state maintenance over a 15-year period.

While we rejoice that the step has been taken, we regret that the ugly head of the precinct system was reared in reaching the decision. Commissioner Walter Long voted against the step, but he was frank about it. He is not due any criticism any more than the others are due praise, for it was clear that the reason for the 3-1 vote was that roads were proposed in three precincts. Had the picture been in two or only one precinct, Mr. Long might have had company. The basis to accept a proposal which would touch three precincts or else not to enter into the program is testimony to that. No doubt each considers his road essential and important, but the most important thing is that we have the programs and that roads go where most deserved and needed.

Evaluating Kinds Of DWI Statistics

Having made an impressive address on a panel discussion of the problem at the state safety conference in Dallas recently, George Thomas, county attorney, now is being called upon to discuss the driving-while-intoxicated situation before service clubs here.

It was in that connection that he told the Kiwanis club the other day that Howard county had the worst DWI record of any county in the state. That is correct, and yet if it were not for the fact the county also had one of the best DWI records Thomas would have not been on the Dallas panel. The distinction needs to be made between an honest and a dishonest statistic.

For instance, city police, acting on instructions from the commission, turn all DWI suspects over to the county for ac-

tion. Thomas has followed through well, and reasonably stiff fines have been imposed by Judge W. S. Morrison for first offenses. These are comparable to what juries would give. Thus, the number of DWI cases and convictions is high.

But compare this to the number coming out of metropolitan points and that is where the distortion takes place. Most cases in these points are handled in corporate courts as heavy fines for drunkenness. The municipalities get the revenue and thus there is no DWI statistic created.

There is no gainsaying that the problem here is a serious one, but it should be kept in mind that it is being kept above board and is being attacked consistently and vigorously in the county court. The death of second offenders indicates the effort is having some effect.

Affairs Of The World—DeWitt MacKenzie

We Should Use A-Bomb If Attacked

Paradoxical though it seem, the most hopeful news which workers for peace have had in a long time is the disclosure that the United States has "an adequate supply" of atomic bombs and is steadily making more.

Military strength is the best guarantee any country can have against aggression so long as the world still breeds throwbacks to barbarism. It's tough to have to admit that peace must be maintained through fear rather than through brotherly love. But that's the way it still is.

So as the garlic laden breath of war continues to blow warm upon our necks, you know where it is good to hear from members of Congress that David E. Lilienthal, chairman of the atomic energy commission, has given the House Appropriations committee this assurance about the status of our bomb supply. Equally encouraging is the assertion by Senator Hickenlooper of Iowa, chairman of the Senate-Atomic Energy committee, that he believes if war comes again America should use the bomb with the aim of shortening the conflict and saving lives.

"I do not think the bomb should be used indiscriminately," the sen-

ator told a reporter. "But I have no qualms about our using it strategically, where it will be an effective means of ending the war."

That makes sense. War means killing, and anyone who tries to compromise on that immutable fact is merely defeating his aim of lessening the disaster. Of course the first objective of every right-minded person should be absolute peace and the outlawing of war. But if peace is shattered by an aggressor, the most humane way of dealing with the situation is to knock him out the quickest way possible under accepted rules of war. That's the goal of every general staff — and it means killing.

Just after America had been forced into the last war I heard a clergyman tell a congregation of perhaps 1,000 from his pulpit: "I am going to say something which will shock some of you immeasurably, especially coming as it does from one wearing clerical cloth. There are times when Christians must kill, and this is one of them."

Yes, that idea is shocking, but we shall not escape it until that happy day when we can make our United Nations function for peace.

Meantime our business is to carry out as expeditiously as possible any unwelcome job which we have thrust upon us by aggressors.

There is no sense in condoning the sacrifice of millions of young soldiers on the battle field in "legitimate" warfare, and shying at the killing of a few score thousands of civilians with an atomic bomb—if that will end or greatly shorten the conflict. Apropos of this, and just in passing, it is well to note that it's just as painful for a soldier to be killed as it is for a civilian.

Thus it is encouraging to feel that if we are attacked we shall not hesitate to use atomic bombs if necessary. Naturally, as Senator Hickenlooper says, the atomic bomb should be used only for strategic purposes. The useless killing of civilians or destruction of cities is wicked and indefensible. But if you could wipe out the enemy's industrial centers overnight, thereby ending the war, it would be the right thing to do.

It's well that we should get this problem of the atomic bomb ironed out in our minds, because one of these days we may have to act quickly. Hesitation might cost us our freedom.

The Nation Today—James Marlow

Questions, Answers On Tax Law

WASHINGTON (UP)—Here are questions and answers on the new tax law which Congress passed over the President's veto.

This new law, although passed only yesterday, cuts everyone's 1948 income tax back to Jan. 1. But the boss will not start taking the new, lower tax out of your pay-check till May 1.

Q. Since my tax has been cut back to Jan. 1, then too much tax has been withheld from me. How does the boss make up for that?

A. He doesn't. He'll just start on May 1 taking less from you, according to the new rate, from May 1 to the end of the year.

Q. Then how do I ever get

straight on that over-charged tax taken since Jan. 1?

A. You wait till you make your final return in 1949 on 1948 income. Whatever refund is due you, you will then get from the government.

Q. But what do I do about the boss? Tell him anything? Change anything? Fill out new forms?

A. No, just sit tight unless you're in the two groups—blind or over 65 years old or will be in 1948, you get an extra \$600 exemption for yourself. If your wife is 65 or will be in 1948, you get an extra \$600 exemption for her.

Every taxpayer who is blind

gets an extra \$600 exemption, in addition to his regular \$600 exemption. If your wife is blind, you get an extra \$600 exemption for her, plus her regular \$600 exemption.

If you're a taxpayer and are 65 and are blind, you get a total \$1,800 exemption: the regular \$600, plus \$600 for being 65, plus \$600 for being blind. You get an \$1,800 exemption for your wife if she is 65 and blind.

You should—before May 1—fill out form 2-4, called a withholding exemption certificate, and give it to your boss. Then the boss will make allowance for your age or blindness in figuring the amount of tax to withhold from you.

Texas Today—William C. Barnard

Two Conquer The Insurance Tables

Two Texans, both physicians, this month outlived the life expectancy tables of an insurance company and their insurance policies were paid off in full.

They are Dr. Don J. Jenkins of Daingerfield, and Dr. John F. Bunkley of Seymour. Both are 85.

"It is a rare thing for a man to outlive an actuarial table and collect his own life insurance," R. William Archer, spokesman for the Southwestern Life Insurance Company said. "Only two others who carried insurance with us have ever done it. They are Dr. J. R. Birdwell, Overton, Tex., physician, and Gus Taylor, former president and now chairman of the board of the Citizens National Bank of Tyler, Tex."

Birdwell and Taylor, both 87, were paid off in 1946. Dr. Bunkley has retired. Dr. Jenkins, Dr. Birdwell and Taylor still go to their offices every day.

Dr. Jenkins for six years was a member of the State Board of Medical Examiners. He has practiced at Daingerfield since 1887. He grew up on the land where the Lone Star Steel Company now is situated—helped clear the land of trees for 35 cents per day.

"I saved 10 cents a day of that 35 cents," the elderly physician says. "I have never deviated from the practice of saving something from every fee I have ever collected."

Most insurance policies written today mature when the holder is 96. During a 10 year period, from 1916 to 1926, Southwestern Life issued ordinary life policies which would mature as endowments at the age of 85. The four Texans bought these policies.

"When a man outlives an actuarial table," Archer explained, "he must accept the insurance payment whether he wants it or not and he is written off the books. The insurance company considers him theoretically dead."

But as for the three doctors and the banker: "Theoretically dead or not," Archer conceded dryly, "they seem to be getting along fine."

Knows His Nuts
WILSON, Kan. (UP)—Mrs. Sarah Nesmith is feeding a finicky squirrel. She says he turns up his nose at peanuts. He wants English walnuts, hickory nuts or black walnuts.

Today's Birthday

Bette Davis, born April 5, 1908 in Lowell, Mass., chalked up fame in motion pictures with roles as spiffy and busy which most actresses would have been afraid to touch. She has won two Academy Awards. She went to Hollywood after several years on the stage and made an inauspicious beginning. But several years of hard work established her. The War Department awarded her a scroll for meritorious service for her wartime work in the Hollywood canteen.

THREE LITTLE MAIDS

Washington Merry-Go-Round—Drew Pearson

Justice Burton Is Good Samaritan

WASHINGTON.—A crippled beggar was pushing his wheel chair along a rainy Washington street. The pavement was wet. Crossing the street, the rubber tires of the wheel chair slipped, finally stalled at the curb. The chair wouldn't budge.

A stranger, hurrying through the drizzle, stepped over to the wheel chair and gave it a push.

The cripple wiped his face with a soiled service cap and thanked the stranger, who asked where he was going.

"To the union station," was the reply, "to get out of the rain."

The well-dressed stranger offered to push the wheel chair to the station.

"We'll go there together," said the stranger, pushing the wheel chair ahead of him.

"Work for the government?" asked the cripple as they proceeded.

"Yes."

"Veterans administration?"

"No."

"Where do you work?" persisted the wheel-chair passenger.

"Over in the court."

"Which court?"

"The Supreme Court."

The beggar twisted his head around for a good look at the man who was pushing him through the rain.

"Which one are you?" he asked, realizing at last that his escort was one of the nine most potent judges in the land.

The man who had rescued him was Justice Harold Burton.

Note—Probably no one would have heard about this incident, had not the cripple, privately skeptical, turned up next day at the Supreme Court and demanded to see Justice Burton. After a long session with the marshal, the man in the wheel chair was ushered into Burton's chambers and visited once more with the judge.

DID IKE SAY "NO"?

Politicians thought they had a negative answer to the 964 question, "will Eisenhower run as a democrat?" when Maj. Gen. Floyd Parks, Army chief public-relations officer, said that Eisenhower's "no" to the republicans applied equally to the democrats.

However, New Hampshire Publisher Leonard V. Finder, to whom Eisenhower wrote his famous letter declining a republican draft, hit the ceiling when he read Parks' statement. Convinced it hadn't come from Eisenhower, he phoned Parks, asked him point blank if he had talked with Ike before stating that Eisenhower would not accept a democratic party draft.

Parks readily admitted that he had not talked to Ike before making his latest statement, said this was basically his own view. He was sorry, he told Finder, the papers had given his "no draft" state-

ment such a big play.

PULLMAN PORTER CHIEF

When Pullman Porter President A. Philip Randolph told the Senate Armed Services committee that Negroes would risk treason rather than serve in a segregated Army and Navy, it wasn't news to President Truman.

The President had had a stormy private session with the head of the Brotherhood of Sleeping Car Porters a short time before. Calling to ask that an anti-segregation clause be inserted in any selective service or military training bill, Randolph described Negro bitterness over segregation in the late war, and added:

"I'm afraid there are many Negroes who would not want to shoulder arms if we get into another war, Mr. President. They feel if they are fighting for democracy, they should have democracy here at home first."

Indignant, President Truman reprimanded the pullman porter chief.

"We are doing all we can to preserve world peace," he said, "but if there is another war, everyone must serve his country to the best of his ability."

"I didn't mean to offend you, Mr. President," Randolph quickly apologized. "But those are the facts. I've been sounding out many Negroes on the universal military training program and they don't like the way it's being handled. Out of all the youths trained at the Army's experimental UMT school at Fort Knox, there wasn't a single Negro."

"Unless Congress outlaws this type of segregation, Negroes will continue to believe that the government is sponsoring 'Jim Crow.'"

The President said he realized

there is still some discrimination against Negroes.

"But," he added, "we can't eliminate it overnight. It takes time. We are doing our best. Certainly, everybody should know by this time how I stand on the issue."

Randolph assured the President that he considered his civil-rights message a "courageous and democratic" document that had given much hope to American Negroes.

Despite the hoodlums, gangsters and mobsters plying their trade along Miami beach, the T-men are busy probing the income taxes of doctors. The treasury men will start soon on lawyers. Credit Mayor George Welsh of Grand Rapids, Mich., for getting the name of Burton Behling withdrawn from the senate as federal power commissioner. Welsh quickly laid a memo on the President's desk showing that Behling's vote for the big natural-gas companies would cost American gas-users around \$70,000,000 a year. Truman withdrew Behling immediately. Irving Geist, who helped build the four chaplains' interfaith Bronx swimming pool for veterans, got the Navy bureau of medicine's highest award. Congressmen are being offered a special device by audio-technicians of New York to ascertain whether their phones are tapped. In these days of Forrestal sleuthing, they need it. Congratulations to the people of Meadville, Pa., who plan to celebrate Army day, April 6, by sending a carload of Friendship Train food to the people of Fismes, 70 miles north of Paris. Just thirty years ago a national guard unit from Meadville liberated Fismes.

(Copyright, 1948, by Bell Syndicate, Inc.)

In Hollywood—Bob Thomas

How To Win Five Oscars

HOLLYWOOD.—How to win five academy awards is herein told by John Nesbitt, grand marshal of the "Passing Parade."

Nesbitt, relaxed, articulate, 37, was found in his unpretentious office in the hinterland of the MGM lot. Five times blessed by Hollywood's highest honor, he described himself as "a professional popularizer."

"I take true material and dramatize it for mass appeal," he declared. "I look for significant subjects with emotional drive." Examples: Micro film, diabetes, abdominal operations, insanity, hypnosis, aptitude tests, psychiatry.

MGM expects Nesbitt to turn out 10 short films a year, but the average has been seven. "I don't believe in overworking myself," he explained. He works six months per year on films and his daily

transcribed air show and spends the rest of the time at his 12,000-acre ranch near Monterey, Calif.

Nesbitt started reviewing the "Passing Parade" on a San Francisco radio station back in 1935. A native of Victoria, B. C., he attended St. Mary's college, but left "by request" because he didn't get to classes very regularly. A network executive's wife took a fancy to his Shakespearean diction and he was signed for radio.

He attributes much of his success to the quality of his voice — it sounds clear, manly, authoritative, convincing, persuasive. Also, there is his tireless reading. He peruses hundreds of periodicals and remembers what he sees. He says he can remember 10-year-old articles, their position in the magazine and the ad opposite them.

Nesbitt modestly said his award winners were on the basis of merit only. He said the first, "That Mothers Might Live" (elimination of childbed fever) was due to the acting of Sheppard Strudwick. The second, "Main Street on the March" (war effort in small town), was timely, patriotic and "less atrocious than others of that year."

Big Bank Robbery—\$1

BUSHTON, Kan. (UP)—Bank burglars here got just a dollar bill — and it wasn't the bank's. Apparently frightened away by a tripped burglar alarm, the intruders left some tools behind and took only the single piece of currency, which had been found a few days earlier and had been kept in a drawer awaiting a claimant.

Around The Rim—By The Herald Staff

Campaign For Texas Tech

Texas Technological college, one of the state's great educational institutions, would have been located in Big Spring instead of Lubbock if a citizen's committee—organized in early 1923 when it was first announced that the state-endowed school would be built somewhere in West Texas—had had its way.

The city was experiencing its first real growing pains at that time, as evidenced by the fact that it was about to vote a bond issue for installation of a sewage system, but its sub-bearers were master propagandists.

The committee's spokesman, chief of whom seemed to be J. E. Muntzell, influenced leading news organs of both Fort Worth and Dallas to send special correspondents here and help sell the campaign to the state legislature, which was to make the final decision.

When Pat Neff, at that time the state's chief executive, and a special group of legislators made a tour of West Texas to look over possible sites for the college, they came no nearer to Big Spring than Sweetwater. Undaunted, more than 200 local residents hopped a special train to Sweetwater and there greeted the governor with a petition and unveiled a show to impress the governor's party in the bargain.

Special placards paraded before Neff and his friends let it be known that Big Spring was "available" as a site for the school.

The school would have had a choice of three local sites: A 2,045-acre plot south of town, a 2,200-acre site adjacent to the U. S. Experiment station and a 2,070-acre area west of Big Spring parallel to the Texas & Pacific railroad.

As selling points, the committee pointed out that Big Spring was "situated in the most healthful climate in the country," the water supply was abundant and, geographically, the city was located in the 'exact center of West Texas."

Had the college been located here, rocks from scenic mountain, then known as Big Spring mountain, would probably have been used in construction of the buildings.

The Dallas News, in discussing the application, mentioned the stone suitable for building was in abundance here as no where else in the state. The journal compared scenic mountain to the famed Lookout Mountain in Tennessee, pointing out that from its summit "one could see the surrounding terrain for miles and miles."—TOMMY HART

Random Notes Off Cuff

NEW YORK (UP)—Random cuff notes by the poor man's philosopher:

The world is now waging war peacefully.

Never mind the atom. When science goes to perfect silent popcorn?

No one with an appetite for fame ever goes on a nine-day diet.

Marriage too often is just two people growing apart together.

To a man who wants a large family, success is relatives.

No doe ever got a husband by passing the buck.

If persons prayed in night clubs, a lot of people would go to church to play.

No man can see beyond his own nose—if it's stuck in someone else's business.

Making hay while the sun shines will never be as popular as making "hey hey" by moonlight.

God made the mole. Man made the subway.

A belly laugh a day keeps indigestion away.

A toothless watchdog never barks very loud.

The village idiot says he can't be bothered reading the Kinsey report. He's too busy living it.

Broadway—Jack O'Brian

Rose By Another Name

NEW YORK—I sat in a fancy midtown restaurant and talked swimming, naturally, with Eleanor Holm Rose. Eleanor asked me the identity of a gentleman who'd just waved from another table. He was one of Sonja Henie's partners in her various icy endeavors, fellow who headquarters around Chicago, name of Bill Burke.

I suggested that she might have met him when she was the star of a splash show called "The Water Follies," inasmuch as Bill is among the big brass of the Chicago Stadium. Ellie said yes, she must have met him in those pre-Billy Rose days.

LATER Bill Burke stopped by the table to talk show business. I introduced him to the beautiful swimming star, using of course, well-mannered bar that I am, her married tag, "Mrs. Rose."

Eleanor immediately hopped into a conversation about the time she was in Chicago with the water show. Bill took up the conversational ball and started running.

"Yes, I remember," said Bill. "That was the time a fellow came to me and said he had a swimming show all set to start, and I told him there was only one gal he had to get. Eleanor Holm. She was pretty hot in those days, a real star attraction. She could pack any auditorium if presented correctly, a beautiful babe with a figure you whistle at even when you see a picture. Yep, quite a gal."

Bill continued this third-person monologue until it dawned on us that he wasn't aware "Mrs. Rose"

The only thing a lazy man likes to exercise is his authority.

Theme song of American-Arabian friendship: "Oil Lang Syne."

The most lonesome man in the world is a hermit with insomnia during national brotherhood week.

One thing about supporting a slot machine instead of a wife—you don't have to buy it clothes.

A drop of sweat weighs more than ten thousand premisses.

Many a dull blade thinks he's sharp as a razor.

When a bum steer gets a raw deal—that's hamburger.

A platitude is something people hand you when you ask them for help.

A mouse and a match can undo a city.

No woman who had to eat her own words ever died of undernourishment.

A spider's thread is wider than a prejudiced mind.

It is possible to walk the straight and narrow path and still move in the best circles. (Who says I'm not an optimist?)

Ten big men can live in a hut; two small women crowd a mansion.

NEVER in my memory have I seen such a "take" as Bill bestowed on Eleanor. He gasped, stumbled, stammered, stuttered and performed some wonderful feats of tilted vocal equilibrium.

It was more pleasant, though, than one time when I sat down with the same Eleanor's husband, Billy Rose.

It was in Reuben's all-night sandwich salon. Billy was sitting with an agent and a young lady whose identity I missed at introduction, a not uncommon lapse. I asked where they'd been until this late hour, and Billy said, "At the opening of the new show at La Martinique."

"Oh, I Obed. 'Judy Garland's sister opened there tonight. I hear she didn't do so good."

"She didn't," agreed the young lady at the table. "And I'm Judy Garland's sister!"

Bill continued this third-person monologue until it dawned on us that he wasn't aware "Mrs. Rose"

Nalleys Observe 10th Year Here

The Nalley Funeral home, located at 906 Gregg street and owned and operated by Mr. and Mrs. Coy Nalley, observed its tenth anniversary as a Big Spring institution March 30.

When the Nalleys moved here in 1938, they opened a chapel at 611 Rummels street. They have been in their present location since November, 1941.

Prior to coming here, Nalley was a licensed mortician at Coleman, Stamford, Abilene and Fort Worth. He served his apprenticeship in the business with the Fort

Worth Undertaking company, starting there in 1922.

Nalley's proffers 24 hour ambulance service and keeps two vehicles on duty at all times for emergency service.

In times of distress, the concern is prepared to take charge in planning all necessary details incident to funeral services. The personnel's objective is easing the stress and strain on the bereaved.

Assisting Nalley are Bill Funderburk, a licensed embalmer, and Marcus Smith, interne. Funderburk came here several years ago from Goose Creek, where he was a mortician. Smith, raised here, took employment with Nalley after departing the service.

Business telephone number of the establishment is 175.

INJURIES FATAL
ORANGE, Tex., April 5. (AP)—Bobby Cook, 8, son of Mr. and Mrs. G. E. Cook, died here yesterday of injuries received when he was hit by an automobile Saturday.

One-Day Service For Mattresses Now Available

Easing of shortages which has made ample supplies available is providing some real spring season news at the Big Spring Mattress Co. located at 811 West Third street.

Now that materials for virtually all types of work performed there can be obtained in desired quantity, the firm is establishing a policy of passing on the savings occasioned by elimination of delays, etc. to the consumer. Consequently, the latest announcement is a new price range for mattress reconditioning work, which scales from \$8.50 upward, depending upon grade of ticking and mattress submitting.

A variety of ticking, in various types and grades, is available for both reconditioning work and manufacturing new mattresses. The Big Spring Mattress Co. also has a good supply of springs for inner-spring mattresses.

These adequate supplies also resulted in a general speeding program for all services. Patrons are invited to ask about one-day service, a feature that has been out of the question up to now since the war. Complete information may be obtained by telephoning No. 1764.

The Big Spring Mattress Co. also is headquarters in this area for sterilization of mattresses and other household items. The large sterilization unit will accommodate blankets, quilts, upholstered furniture, etc. in addition to mattresses. This service is available upon request of the customers.

Ready Mix Concrete Gains In Favor On Building Jobs

Coldly practical considerations—not novelty—lead architects to strong preference for ready-mix concrete on jobs they supervise, West Texas Sand & Gravel company has found.

Those considerations include precise measurement of graded ingredients, plus proper water content and thorough mixing and agitation until the moment the mixture is poured.

Nowhere except in ready mix concrete is absolute accuracy probable. There is always margin for error on a one-shovel of this and two shovels of that basis.

In West Texas company ready-mix concrete, however, gravel and sand are weighed to insure precise proportions to the number of sacks of pounds of cement going into the mix. There is no guess work at all. Too, pure, washed sand and clean, washed gravel, kept in separate hooper bins, are used in the mixes. The gravel has no sand in it, the sand has no gravel in it; thus they may be used in the exact proportions needed.

The materials are dumped directly into the big mixers aboard trucks. Turning constantly as the materials are inserted, the mixer continues while the truck is enroute to a job. The constant agitation insures a perfect consistency.

Proof that it is an excellent as well as a convenient building material may be seen in this list of jobs using ready mix concrete from West Texas Sand & Gravel company:

New buildings — Southwestern Bell Telephone, Coca Cola Bottling company, Phillips Tire Co., Forsan school building, Mead's Bakery, Country Club, Burnet Welding Shop, Cosden Petroleum Corp.,

which includes foundation material, which is being furnished to the veteran's hospital, the Texas Electric Service power house, Brown & Root, paving contractors, also use the ready-mix in laying concrete curbs and gutters.

Patrons over a wide area of West Texas can obtain services of the Big Spring Mattress Co. merely by remembering the telephone number, 1764. The pick-up and delivery service offered by the firm not only covers the immediate Big Spring area, but also all neighboring counties.

Almost 3,500,000 maple trees are tapped for maple syrup in Vermont alone during the few days between freezing weather and the building of trees.

American railroads carry a billion passengers and 2,500,000,000 tons of freight each year.

CONCRETE PLANT — Here is where ready-mix concrete is made by the West Texas Sand and Gravel company. At top, a truck is dumping sand into one side of a big hopper. As sand and gravel are weighed to insure precise measurements, cement is inserted to specifications from the house at upper left. The mixture, with water, drops into the mixer on the truck below and is turned until it reaches the job. At right, below are two other rigs ready to back into place for recharging. (Jack M. Hayes Photo).

Waco Boy Of 13 Suffering Rabies

WACO, April 5. (U.P.)—Doctors here said there was no doubt a 13-year-old boy near death was suffering from rabies.

The boy was bitten by a six-week-old dog last January. The dog later died after having bitten at least eight other persons. The boy became ill last Thursday and began having convulsions Saturday.

Seventeen persons, mostly children, are under treatment as a precautionary measure.

45,000 Make Tour Of Dogwood Trail

PALESTINE, April 5. (U.P.)—Dogwood bloomed in East Texas yesterday and an estimated 45,000 persons in autos moved slowly over the nine miles of trails in Davey Dogwood Park near here to see the free wild flower spectacle.

Lester Jordan, traffic officer, said he counted cars from 75 Texas counties and 15 states.

Most cafes had nothing left but canned goods late yesterday afternoon and several gasoline stations here exhausted their supplies.

The dogwood trees wore their best blossoms of the season.

Woman Found Dead

DALLAS, April 5. (U.P.)—Mrs. Flora Murray of Milford was found dead in her home yesterday by her daughter, who had worried over not hearing from her mother for several weeks.

Mrs. Flora Henderson found her mother on the dust covered floor of her home yesterday. Mrs. Murray apparently had been dead of natural causes for several weeks.

Big Spring's municipal high school band rated second division or excellent in marching and sight reading at the region II music festival in Abilene Saturday.
A rating of good was given the band for its concert playing.
Division I solo ratings went to Richard Deats, clarinet; Patricia Dillon, clarinet; Jimmy Conley, baritone; Jerry Williams, student conducting. Division No. 2 rating went to Larry Evans, cornet; Charles Rainwater, bassoon and student conducting; Louise Bosdie, clarinet; Guy Knowles, trumpet; Merlin Peterson, clarinet; Jerry Williams, baritone, Third

Illness Fatal To Mrs. Rose L. Moore

Funeral is to be held at 10 a. m. Tuesday at the Eberly chapel for Mrs. Rose Leona Moore, 59, who died in a hospital here at 1:30 p. m. Sunday.
Mrs. Moore had been suffering from a heart involvement.
The Rev. C. A. Long, pastor of the First Methodist church, is to officiate and burial will be in the city cemetery.
Mrs. Moore is survived by her husband, L. L. Moore, operator of a gin at Ysleta and retired T&P ticket agent at that point. He will be unable to attend the rites since he is seriously ill.
Other survivors include three sisters, Mrs. Anna McConnell and Mrs. Anna Krieger and Mamie Krieger of Kansas City, Mo., both of whom are here for the rites.

Girl Scout Troops Stage Used Fat Drive

Approximately 779 pounds of used fat was collected by 11 troops of Girl Scouts Saturday morning in the used fat drive.
This was sold for \$77.90 which will be equally divided between the 11 troops, which were under the leadership of Mrs. J. W. Burrell, Mrs. Floyd White, Mrs. Marion Baxter, Mrs. Joe Wood, Mrs. Jerome Fisher, Mrs. L. E. Phillips, Mrs. F. M. Ray, Mrs. Paul Darrow, Mrs. Bill Early, Mrs. W. E. Roland, Arrah Phillips and Anna Smith.
Two girl Scouts, Martha Ann Johnson and Joan Smith represented the Big Spring troop at a Senior Area meeting held in Sweetwater Saturday afternoon to make plans for the conference to be held at Lake Sweetwater on April 16 and 17.
Roger Miller, with 129 new members to his credit, won the first prize, a radio. For the second year, Neel Barnaby had more than 100 members—110 to be exact—for second place prize of a Mikmaster. Bill Greise was in third place with 58 members and was given an electric mantle clock.
Jack Cook's group—the Goldswon over the Blues, captained by Barnaby and will be recipients of a social given by the Blues. In all, the campaign netted 441 members, boosting the post total to 841 and making it one of the largest in the state for towns comparable in size to Big Spring.
Commander D. L. Burnette, Jr., said that the post would press on toward the goal of 1000 members. Only four posts in the state have that many members.
The dance at the hut Saturday night featured the music of Jack Free and was free to members and guests. A dance is scheduled for Saturday with Sunshine Butler and his orchestra.

Sun sets today at 7:08 p. m., rises Tuesday at 6:29 a. m.

Markets

WALL STREET
NEW YORK, April 5. (AP)—Isolated strong spots persisted in today's stock market although traders were depressed by light selling.
Rearrangement prospects, tax cuts and European relief spending were the main bullish influences. Refusal of coal miners to return to work, despite a federal injunction, inspired a certain amount of liquidation on the idea that numerous industries may suffer serious reverses and that the government's tension also remained as a restraining influence.
Scattered falls pushed up at a quiet opening. While gains running to a point of 80 were in evidence near midday, a number of sharable falls to shake off minus signs.
COTTON
NEW YORK, April 5. (AP)—Noon cotton prices were \$1.25 to \$1.80 a bale higher than the previous close. May 36.00, July 35.31 and Oct. 32.23.
LIVESTOCK
FORT WORTH, April 5. (AP)—CATTLE: 2,600; calves 680; steers and yearlings slow; few early sales steady; cows and butchers steady; good and choice fat calves steady; medium and low grade weak; stockers active and fully steady; medium and good steers yearlings and heifers 23.00-28.00; choice yearlings of club type to 30.00; common steers and yearlings 18.00-22.00; fat cows 17.00-22.50; cull cows and cutters 10.00-16.00; bulls 16.00-22.00; good and choice fat calves 24.50-28.00; heavy calves to 28.00; common and medium calves 18.50-23.50; culls 13.00-16.00; stocker and feeder calves, yearlings and steers 16.00-26.00; stocker cows 16.00-20.00.
HOGS: 1,100; butcher hogs and sows 50c lower; pigs steady; good and choice 180-200 lb. butchers 21.00; good and choice 270-400 lb. 18.50-20.75; good and choice 150-175 lb. 18.50-20.75; good and choice 100-125 lb. 18.50-20.75; stocker pigs 10.00-17.00; stags 12.00-15.00.

Suffers Injuries In 'Cycle Mishap

J. J. Boshell was released from a local hospital after first aid treatment Sunday morning for minor injuries received when a motorcycle he was riding upset about a mile west of town.
No other mishaps involving motorcycle riders were reported yesterday, although a child received minor injuries when a machine parked near the race track turned over. Dean Murdock, small daughter of Mr. and Mrs. C. E. Murdock of Odessa, was given first aid treatment at a hospital for a hand injury resulting from that incident.

Martin Test Has Water Recovery

Stanford No. 1 Mabee, north-west Martin county deep exploration, returned more water and no shows of oil or gas from the Ellenburger today.
The test returned the 3,000-foot water blanket, 8,000 feet of brackish water and 247 feet of drilling mud on a test from 12,497-547 feet. Despite absence of indications of shows, the test is to continue making hole.
Anderson & Prichard and Vickers No. 1 Foster, southeast Sterling county wildcat, entered the Stawn section of the Pennsylvanian at 8,065 feet on an elevation of 2,479 feet and was drilling ahead at 8,165 without shows in that zone. It is to continue to the Ellenburger.
The test is already a producer from a lower Permian zone where extended tests showed it to flow oil in commercial quantities.

Three Visitors Land In Bastille

Three Lamesa Latin-Americans who said they came to Big Spring Saturday for a good time, found the county as hospitable as the local taverns.
County officials picked them up late Saturday night on Highway 87 north of town after they had started in the direction of home and gave them free lodging in the county jail over the weekend. Deputy Sheriff C. E. Kiser, who made the arrests, said the truck in which they were riding was weaving from one side of the road to the other.
The driver was charged with driving while under the influence of intoxicants, the other two with drunkenness. They were scheduled to face trial in county and justice court either this afternoon or tomorrow.

Mansfield Takes 'Sugar Match' Over Fort In Levelland Roping

Toots Mansfield kept a steady and over-powering pressure on Troy Fort, Lovington, N. M., Sunday at Levelland to win a "sugar" match between the two.
The rangy world's champion from Big Spring had an aggregate of 232.2 seconds on 12 calves, enough for a 14-second margin over Fort. Mansfield was down 3.5 seconds on the first calf, which he wrapped up in 25.7 seconds, but on the next four he overcame the deficit and piled up a 26.2 lead. This was the steady time of Mansfield, was too much for Fort.
Mansfield had beaten Fort on Aug. 11, 1946 at Levelland and then lost to the brilliant New Mexico roper on March 23, 1947. His last tie of 13.5 was the fastest of the match for the two, beating Fort by 2 of a second.
It lacked some of being the fastest of the day, however, for Dan Taylor, Big Spring, brother-in-law of Mansfield, watched James Kinney, Carlsbad, N. M., wrap up his calf in a sizzling 12.7 seconds, then promptly made his catch and tie in the phenomenal time of 11 seconds flat. Naturally, the 50-roper's jackpot went to him.

Funds Set Up For July 4th Fireworks

First step toward planning of the traditional July 4th celebration here was taken by chamber of commerce directors Monday noon with appropriation of funds for the fireworks display.
Annually, the chamber fetes the people of this area to a free fireworks display.
Elmo Wasson, president, named W. L. Mead, Doug Orme, Marvin Saunders, R. T. Piner and Hub Rutherford as a committee to make recommendations to the chamber about location and construction of a building to house the organization.
Authority was granted J. H. Greene to add a man to the staff. The manager said he was awaiting an acceptance from an applicant.
Jack Y. Smith and Roy Reeder gave reports on the meeting of the Texas Safety association and the Texas Safety Engineers in Dallas recently. Smith said that traffic tolls were mounting with 2,000 killed in Texas last year, 60,000 injured and \$80 million in property damage. Reeder proposed safety signs at the four entrances of the city and he and Smith were named to a committee headed by H. W. Whitney and Lewis Price, already investigating costs of web-com signs.

Local Woman's Mother Burned

Mrs. W. R. Newsome and C. H. Tidwell left Monday morning for Iredell, Texas immediately upon learning that her mother, Mrs. John W. Parks, had fallen into a vat of hot water and was seriously burned. Mrs. Parks, a sister to Tidwell, has visited here on many occasions.

Colts Drop Two Exhibition Tilts

SAN ANGELO, April 5.—The San Angelo Colts, new entry in the Longhorn baseball league, dropped weekend exhibition tilts to Ozona of the Concho Basin Loop and Borger of the West Texas New-Mexico league Saturday and Sunday.
The Ozona nine copped a 5-4 decision at Ozona Saturday afternoon, while the Gassers topped the locals 12-7 Sunday at Colt stadium.

Can Black-Draught Help a Lost Appetite?

Yes, Black-Draught may help a lost appetite if the only reason you have lost your appetite is because of constipation. Black-Draught, the friendly laxative, is usually prompt and thorough when taken as directed. It costs only a penny or less a dose. That's why it has been a best-seller with four generations. If you are troubled with such symptoms as loss of appetite, headache, upset stomach, flatulence, physical fatigue, sleeplessness, mental distress, bad breath—and if these symptoms are due only to constipation—then see what Black-Draught may do for you. Get a package today.

GOOD half section farm well improved in Martin County.

Legion Rolls Jump To 841

Upwards of 800 people thronged on the American Legion hut Saturday night in a big climax to a successful March membership campaign.

Roger Miller, with 129 new members to his credit, won the first prize, a radio. For the second year, Neel Barnaby had more than 100 members—110 to be exact—for second place prize of a Mikmaster. Bill Greise was in third place with 58 members and was given an electric mantle clock.

Jack Cook's group—the Goldswon over the Blues, captained by Barnaby and will be recipients of a social given by the Blues. In all, the campaign netted 441 members, boosting the post total to 841 and making it one of the largest in the state for towns comparable in size to Big Spring.

Markets

WALL STREET
NEW YORK, April 5. (AP)—Isolated strong spots persisted in today's stock market although traders were depressed by light selling.
Rearrangement prospects, tax cuts and European relief spending were the main bullish influences. Refusal of coal miners to return to work, despite a federal injunction, inspired a certain amount of liquidation on the idea that numerous industries may suffer serious reverses and that the government's tension also remained as a restraining influence.
Scattered falls pushed up at a quiet opening. While gains running to a point of 80 were in evidence near midday, a number of sharable falls to shake off minus signs.
COTTON
NEW YORK, April 5. (AP)—Noon cotton prices were \$1.25 to \$1.80 a bale higher than the previous close. May 36.00, July 35.31 and Oct. 32.23.
LIVESTOCK
FORT WORTH, April 5. (AP)—CATTLE: 2,600; calves 680; steers and yearlings slow; few early sales steady; cows and butchers steady; good and choice fat calves steady; medium and low grade weak; stockers active and fully steady; medium and good steers yearlings and heifers 23.00-28.00; choice yearlings of club type to 30.00; common steers and yearlings 18.00-22.00; fat cows

Young Women Of Today Are Expert Seamstresses, Say Professionals

By DOROTHY ROE AP Press Fashion Editor Today's busy young woman, whether she keeps home or spends her days in an office, does a much more professional job of home-sewing than her much trumpeted grandmother.

Health Conference Slated At Midland

A nine-county school health conference, sponsored by the Midland-Ector-Howard county health unit and the Texas State Health Department, will be conducted Tuesday in the county courthouse at Midland.

The first ready-made dresses appeared on the U. S. market. The sewing boom isn't confined to any class or age group. Career girls are just as interested as housewives, and teen-agers often turn out garments as smoothly finished as those of their mothers.

Events OF THE COMING WEEK

Monday AUXILIARY will meet at the VFW hall at 8 p. m. KILL KARE CLUB will meet with Mrs. R. H. Hill at 7:30 p. m.

by the National Needlecraft Bureau. Forty-five major U. S. cities are now represented in the contest, in which thousands of coats, suits, dresses and children's clothes are entered in local contests.

Engineers Will Discuss West Texas Water

ABILENE, April 5.—Technical discussion of the West Texas domestic water supply by a group of engineers will get under way Tuesday in the West Texas Chamber of Commerce office here.

Girls, you should know about this 2-way help

What to do for woman's oldest problem, functional monthly pain? Many a girl and woman has found the answer in CARDUI's 2-way help. You see, CARDUI may make things lots easier for you in either of two ways: (1) started 3 days before "your time" and taken as directed on the label, it should help relieve functional pain; (2) taken throughout the month like a tonic, it should improve your appetite, aid digestion, and thus help build up resistance for the trying days to come. CARDUI is scientifically prepared and scientifically tested. If you suffer "at these certain times", get CARDUI today.
