Thurmond To Speak Tonight At Convention

State Session To Pick 23 Electors, Organize Party

(By The Associated Press)

DALLAS, Sept. 8. — States' Rights Democrats acted today to see that their presidential ticket would be on the Texas general election ballot.

A statewide convention had these purposes:

1—Organization of a States' Rights Democrats party in Texas.

2—Naming Gov. J. Strom Thurmond of South Carolina as that party's candidate for President, and Gov. Fielding L. Wright of Mississippi as its candidate for vice president.

3—Selection of 23 presidential electors with a States' Rights label.

Thurmond To Speak

Thurmond was here—to accept his nomination in a speech at a night rally.

He arrived by plane yesterday with Mrs. Thurmond, predicting:

"We expect to carry enough states in November to send the election to the House of Representatives where we will have as strong a voice as the northern states."

The strategy of Texas States' Rights Democrats includes a battle for control of the state's regular Democratic party organization.

They will try to take over that organization at the state Democratic convention in Fort Worth Sept. 14. If they do they will have it endorse Thurmond and Wright instead of Truman and Barkley.

They'll Make Sure

But today's meeting, by organizing a party which will certify its candidates for the general election ballot, will make sure that Thurmond and Wright are on the ballot in Texas—regardless of the outcome of the Fort Worth fight.

The convention schedule had Palmer Bradley of Houston convening it at 1:30 p. m.; then a prompt motion to limit purpose of the meeting to organization and nomination of candidates for President and vice president.

Bradley was chosen to nominate Thurmond. C. E. Thompson of Edinburg, a former Mississippian, was named to nominate Wright.

Thurmond made a brief radio speech after his arrival yesterday from South Carolina.

"Even if Truman gets less support than Landon did in 1936, and the election does not go to Congress, the placing of Texas and

Body Is Found In Gravel Pit

JEFFERSON, N. J., Sept. 8 (AP) Police sought today to find some motive for the slaying of 16-year-old Alberta Sharp.

The girl's body was found yesterday in an abandoned gravel pit near her father's Gloucester county truck farm. Police said she had been shot in the neck and brutally beaten.

Disappeared Sunday

The pretty second-year high school pupil disappeared Sunday night after leaving a Jefferson ice cream store where she was employed as a soda fountain clerk two nights a week.

An autopsy performed last night by Dr. J. Earl Wentzell, Gloucester county coroner, disclosed the girl had not been criminally assaulted. When found, the body was fully clothed.

Camden County Prosecutor E. Milton Hannold said a single rifle bullet entered the girl's neck and lodged in the base of the chin. The head was bludgeoned so unmercifully the bullet wound was almost obliterated, he said.

On Lookout For Car

Police were on the lookout for an automobile which was seen in the lane leading to the gravel pit a short time before the girl's body was found.

Commies Pull Double Cross

Labor Outlook Is Darker For U.S.; 100,000 Workers Idle

(By The Associated Press)

The nation's spreading list of strike-idle passed the 100,000 mark today.

A strike of 170 plant guards of the Briggs Manufacturing company in Detroit stalled assembly lines at the Packard Motor Car company and Chrysler Corp. More than 50,000 auto workers were made idle.

A Briggs spokesman said the guards, members of the independent United Plant Guard Workers of America threw up picket lines in a dispute over demands for increased preparatory time before starting work.

Some 64,000 workers remained idle in work stoppages in the oil, trucking and shipping industries while a CIO union set Sept. 17 as a strike date for 25,000 telephone workers.

To Affect Thousands

The CIO Association of Communications Equipment Workers, installers of telephone equipment, said the walkout would affect 2,300 Bell Telephone company locations in 43 states. The strike was called against the Western Electric Manufacturing company over wages and working conditions. Negotiations are continuing toward a settlement. The union has demanded a pay boost of 15 cents an hour. The company has offered eight cents. The workers now receive from 88 cents to $1.54 an hour.

The eight-day old trucking strike in New York City and northern New Jersey by some 15,000 AFL teamsters showed little signs of early settlement. But federal, state and city mediators planned further meetings with officials of the International Brotherhood of Teamsters in an attempt to settle the wage dispute.

Milk Supply Hit

The strike affected many segments of business and industry. A "critical situation in New York's milk supply because of a shortage of fiber containers was reported, and consumers were finding dwindling food supplies on grocery store shelves. The city's huge garment industry was reported 50 per cent behind in making deliveries and continuation of the walkout may force the layoff of 38,000 textile workers.

There was no break indicated in the week-old strike of 28,000 CIO longshoremen on the West Coast. Strike leaders planned a meeting with Army officers today

Roy Acuff And Carroll Reece Targets As Eggs Are Tossed

KINGSPORT, Tenn., Sept. 8 (AP)—Eggs, fruit, and vegetables were hurled at candidates Roy Acuff and B. Carroll Reece, Republican national committeemen, at a political rally here last night.

Acuff, the hillbilly singer and Republican candidate for governor, was struck by a grapefruit. Reece, who is running for the United States Senate, was hit by an unidentified missile.

Other missiles striking near Reece spattered the suit of the former Republican national chairman.

"One sustained shower of the missiles descended on and about the speakers platform and the culprits vanished into the crowd," reported Police Chief Charles Still.

An observer noted that "the hoodlums placed their shots carefully." Acuff was speaking when the grapefruit struck him.

Other victims were a woman who was splattered by a tomato, and two Kingsport newspapermen—William Freehoff, jr., political writer, and photographer Ellis Binkley, both of the Kingsport Times-News.

DEWEY APPLAUDS HAROLD'S BARBS

Stassen Says HST Has Been Failure

(By The Associated Press)

The Republicans keyed their newly launched presidential campaign today to the theme that President Truman is a "complaining" failure.

That was Harold E. Stassen's "answer" to Mr. Truman's Labor day charges that an "era of fear" and depression might result from a victory by Republican "reactionaries" in November.

And Dewey Liked It

Stassen made the rebuttal for Gov. Thomas E. Dewey, who said he liked everything in the speech about Mr. Truman and the Democrats.

Stassen told a Republican rally in Detroit last night that the Democratic candidate "cannot furnish the essential leadership" for the crucial years ahead. He said the President had come to the motor city the day before "as a complaining candidate for election seeking labor's vote."

The former Minnesota governor said that by removing "major wartime controls" in 1945, Mr. Truman set up the inflationary spiral as well as an "all time record of strikes and work stoppages."

Called Colossal Failure

The President ignored the bipartisan foreign policy when he did not take a Republican to the Potsdam conference, Stassen said, calling that big three meeting a "colossal failure for the United States."

Turning to the question of Communists, Stassen said the Republicans are "driving the red herring out of the official waters of the Potomac" with the congressional investigations. And he said "the President should help man the red herring nets instead of complaining against the fishermen."

Mr. Truman has labeled the congressional hearings a "red herring" designed to take the people's mind off what he called the failures of the 80th Congress.

Stassen defended the Taft-Hartley act which he said the President is attacking only "because he hopes to secure a big political di-

Draft Workers Ask For Help

Men were standing in line in the rain today awaiting opportunity to register for selective service, as an appeal was issued for volunteer helpers to assist in registration.

An estimated 6,000 to 7,000 men have registered to date and registration will continue through Sept. 18, said Mrs. Viola Younger, clerk of the draft board.

Volunteers Sought

Registration is being conducted at selective service headquarters at 1108 Fourteenth, at the American Legion hall and in the administration building at Texas Technological college.

The Lubbock county chapter of the American Red Cross was asked to help obtain volunteers and an appeal was issued by that chapter this morning. Miss Lula Mae Cravens, chairman of volunteer services of the chapter, and Mrs. Hurley Carpenter, chairman of staff assistants, are assisting in registration. Anyone willing to help may call Miss Cravens or Mrs. Carpenter.

Employe Said "Docked"

Volunteers should go to 1108 Fourteenth to obtain supplies before reporting to any registration point to help, said Mrs. Younger.

Western Zone Police Nabbed By Russians

Promise Of Safe Passage Ignored As Ambush Staged

(By The Associated Press)

BERLIN, Sept. 8 — Russian tommy gunners and Soviet sector police kidnaped 19 western sector police today, after the Soviet commandant had guaranteed them safe passage from Berlin's besieged city hall.

They were taken from a French convoy at the Listgarten, only a few blocks from the city hall — which is in the Soviet sector of this divided, blockaded city.

As the 19 policemen and a German photographer were tumbled into a Russian truck to be hauled away a French officer protested that the Russians were "pulling some funny business."

"You mean this is a plain double cross, don't you?" asked an American reporter.

"Yes," snapped the Frenchman.

The Germans' release from the encircled city hall had been negotiated by the French.

General Arranged Trip

Russian soldiers and their controlled police had thrown a double cordon around the city hall yesterday, they prevented anyone from entering the building or bringing in food.

It was an apparent effort to starve out the 19 western sector police who had been brought into the building to help protect the anti-Communist city assembly from Communist-led demonstrators.

Three times the demonstrators have invaded city hall, as Communists pressed their campaign to take over Berlin and impose their own rule.

To escape arrest by their Soviet-controlled rivals, the 19 western police took refuge in the western Allied liaison offices.

The French commandant, Brig. Gen. Jean Ganeval, negotiated safe conduct for them with his Russian counterpart, Maj. Gen. Alexander Kotikov.

Soon afterward, the French convoy, including two canvas covered trucks, started to pull away from

Stevenson Picks Up 40 Uncounted Votes

DALLAS, Sept. 8. (AP) — Forty more uncounted votes for Coke Stevenson in the U. S. Senate race were found on a Dallas voting machine today.

The machine showed 113 votes for Stevenson and 73 for Lyndon Johnson. The votes would reduce Johnson's lead in the unofficial tabulation to 122 votes.

The machine was at precinct 131, at the Clinton P. Russell school, in Dallas. Returns from one voting machine in the precinct had been properly signed by Mrs. L. C. Harris, election judge for that precinct. However, no returns whatever had been turned in for the second voting machine in that precinct.

Architect To Make Wheel-Chair Home Plan

VA Orders House Design For Veterans Who Cannot Walk

(By The Associated Press)

WASHINGTON, Sept. 8.—The Veterans administration asked a New York City architect today to design houses for people who can't walk.

The agency said it will pay John Shober Burrows, jr., $3,000 for the plans.

The government wants basic house plans to send free to each paralyzed war veteran who applies for a federal grant for a "wheel chair home."

The house which Burrows designs will have extra-wide halls and doorways, special bathroom arrangements and ramps instead of steps. Some may be fitted with exercising facilities. Each house will have a one-car garage.

Congress has authorized the payment of up to $10,000—but not more than half the total cost—for houses for veterans who suffered paralyzing spinal cord injuries while in service.

The veterans administration must determine whether a veteran is medically and financially able to occupy such a house.

FLOOD OF APPLICANTS EXPECTED

Nation Gets Ready To Admit Germans

(By The Associated Press)

WASHINGTON, Sept. 8.—The United States is geeting ready to reopen the immigration gates to Germans living in the Reich. The war-raised bars have been up for more than seven years.

The first of 25,957 Germans to be eligible for admission each year will be chosen soon after a mass registration of applicants in the western occupation zones of Germany and Austria.

State department officials said today the registration may start this month. The actual date will be set as soon as American consular officials give the word that they are ready to handle the inevitable rush. Two million registration forms have been printed in Switzerland.

Homeless Expected To Apply

The biggest group of applicants is expected to come from the 800,000 or so displaced persons—those left homeless by the war. Congress has voted to admit 205,000 of these during the next two years.

The new legislation also opened the way for restoring the pre-war German quota.

Next to the British, it is the largest of all the national allotments set by the basic 1924 immigration act.

The German quota has largely gone begging since the United States broke consular relations with Hitler's Reich in mid-1941. Some refugees and other German citizens living abroad were admitted as immigrants during the war years. But the unused portion could not accumulate.

Ethnic Origin Specified

In voting to admit the 205,000 DP's, Congress wrote in a section specifying that one-half of the restored German quota must be used to admit only persons of German "ethnic origin" who now live in Germany but who were born in Poland, Czechoslovakia, Yugoslavia, Hungary or Romania.

Half of the remainder may be used for displaced persons. Of the total proportion set aside for

No Waiting In Line For This Draftee

SAN FRANCISCO, Sept. 8. (AP) — The fire department agreed to act beyond the call of duty today to rescue a flag pole sitter from his draft board problem.

Milton Van Noland, 22, who has perched atop a pole for 41 days, vows not to come down until has been there 50. But today or tomorrow he must register for the draft.

Firemen volunteered to take the registration papers to him, and the draft coordinator said that would be okeh.

Hike In Cotton Crop Forecast

WASHINGTON, Sept. 8. (AP)—A cotton crop of 15,219,000 bales of 500 pounds gross weight was forecast today by the Agriculture department.

This estimate is 50,000 bales more than the 15,169,000 bales forecast a month ago for seventh largest on record.

It compares also with 11,851,000 bales produced last year and 12,014,000 for the ten-year (1937-46) average.

Acreage Is Higher

The department estimated the acreage for harvest at 23,323,000 acres, compared with 21,148,000 harvested last year and 23,845,000 for the ten-year average.

The percentage of the acreage in cultivation on July 1 which is expected to be abandoned was put at 1.4 percent. This compares with 1.1 percent abandonment last year and 1.9 for the ten-year average.

Condition of the cotton crop on Sept. 1 was put at 82 per cent of normal compared with 73 a year ago and 71 for the ten-year average.

The yield of lint cotton per acre was indicated at 313.2 pounds compared with 267.3 last year and 254.2 for the ten-year average.

Ginnings Reported

In an accompanying report, the Census Bureau said 1,473,245 bales of this year's cotton crop had been ginned up to Sept. 1 compared with 682,109 bales ginned to the same date last year.

Heaviest Fall Reported For Floyd County

Lubbock Gets 1.37; Temperatures Drop Over Entire Area

By OPAL DIXON
Journal Staff Writer

South Plains residents were receiving a foretaste of winter today, as temperatures dropped below 60 degrees following rain which had fallen at intervals since early Tuesday night.

Breaking a six weeks' drouth siege, rain fell in varying amounts ranging upward to an estimated five to six inches at Sterley, 17 miles northwest of Floydada.

Five To Six Inches

The Fort Worth and Denver railway in its early morning report from Sterley learned about 4½ inches of rain had fallen there. About 11 o'clock this morning, Mrs. D. A. Howell of Sterley community estimated the fall had reached five to six inches at the grocery store she and her husband operate

"The roads are impassable and no farmers have been able to get in to report damage to cotton," she said. "There was some hail, and the heavy rain fell in a two-and-a-half hour period." There was wind in adjoining areas, but not much in Sterley community, she added. Rain still was falling there at 11 o'clock.

1.37 For Lubbock

At the U. S. Weather bureau station near Lubbock, 1.37 inches of rainfall had been recorded from early Tuesday night to 1:30 p. m. today. Of that amount, .84 inch had been measured since 10:30 a. m. today, when rain began falling again after a lull. Light rain still was falling at 1:30 p. m. at the weather station.

At 12:30 p. m., temperature was 58 degrees, which was 26 degrees less than temperature recorded at the same time Tuesday.

The 12:30 p. m. report from Amarillo showed only .18 inch had fallen there since Tuesday night. From Big Spring, "a trace" of rainfall was reported and from Clarendon, .90 inch.

Electrical Displays

Exactly one inch of rainfall was recorded at the experiment station east of Lubbock from early Tuesday night to 1 p. m. today.

Electrical displays accompanied thunderstorms on the South Plains.

In Lubbock, J. H. Turner of 223 Paris Ave., reported lightning felled a big tree in his yard.

More Rain Forecast

Mostly cloudy with scattered thundershowers and occasional rain today, tonight and Thursday was the weather station forecast for this area.

The Petersburg Journal at Petersburg reported rain in that vicinity ranged from .91 inch in Petersburg to one and one-half inches. Eight or nine miles northwest of Petersburg, two inches of rain and hail were received.

Mrs. H. G. Richards reported an

Liquor Seized After Crackup

County Attorney John Steele this morning filed a complaint charging Thelma Silas, a 36-year-old negro woman of 1311-A Thirty-first, with transportation of beer, after investigation of a 5:30 a. m. collision two miles east of Idalou.

The woman's 1947 Cadillac automobile had 24 cases of beer and a case and a half of liquor in it, state highway patrolmen said.

Cars In Collision

Their report showed that the heavy automobile was in collision with a 1947 light sedan driven by William Hubert Moore, 49, a farmer of six miles south of Wolfforth.

Both cars were damaged, and Moore's wife, 42, was admitted to Lubbock Memorial hospital this morning for observation. No others were injured.

C. E. Lynn, justice of peace, said the Silas woman also was charged in his court with driving on the left side of the road.

She pleaded innocent of the county court charge and was preparing to post bond for trial appearance. She had not entered a plea in justice court.

The patrol said none was injured in a car-truck collision about 9:30 p. m. Tuesday a mile west of Ralls, but there was property damage.

The car, a light coach, was driven by Leonard Buster Skinner, 38, of Forty-eighth street in Lubbock, the truck by Porter Henry Humphries, 37, of east of Lubbock.

Indictments Cause Re-Booking Of Group On Narcotic Charges

LOS ANGELES, Sept. 8 (AP)—Actor Robert Mitchum, starlet Lila Leeds and two others will be re-booked today on narcotics charges as a result of grand jury indictments issued against them.

The four, including Dancer Vickie Evans and Robin Ford a real estate agent, were indicted by the county grand jury yesterday on two counts — possessing marijuana and conspiring to possess the drug.

They were arrested last Wednesday when police and federal narcotics officers raided a secluded Hollywood cottage rented by Miss Leeds. Booked on suspicion of violating narcotics laws, they were released on $1,000 bond each, pending a hearing today on petitions for writs of habeas corpus.

Appearance Declined

Mitchum, 31-year-old handsome leading man, and the other principals were invited to appear before the grand jury yesterday, but declined to do so. The jurors acted after hearing Capt. Lynn White, head of the police narcotics squad; his assistant, Sgt. Alva Barr, who led the raid, and Jay Allen, police chemist.

Superior Judge Thomas L. Ambrose received the indictments, set bail at $1,000 each, and ordered the four to be present for arraignment Sept. 15.

Barr described to the grand jury the raid on Miss Leeds' cottage and the seizure of 19 whole and six partly-smoked cigarets. Allen described their contents as marijuana.

Not Very Good Grade

"It was not a very good grade of marijuana," the chemist commented. "I would call it a medium mixture."

Several of the cigarets which Allen exhibited bore the printed name "Bob Mitchum," which the chemist said, was written by the arresting officers. He placed a value of $1 on each cigaret.

Mitchum and the two women were represented at the grand jury session by attorneys Jerry Giesler and Grant Cooper.

The attorneys expressed surprise at the grand jury's interest in the case and described the indictments as "most unusual."

Band Lessons Will Be Free

For the first time—and perhaps for the last time—Lubbock High school students are offered the opportunity to begin the study of a musical instrument free of charge, according to Paul Branom, high school band director.

Students will be allowed to advance as rapidly as their capabilities allow, and it will be possible for some to make the high school band by the second semester, Branom explained.

Rental Horns Available

A few school-owned instruments will be available for rental at the regular school rental fee. Anyone interested in music and having a desire to play in the band should contact Branom immediately, as schedules will have to be changed, and the beginning class will be closed to additional enrollments soon after school begins.

In explanation of the new setup, Branom explained that lack of adequate teaching personnel and equipment during the war years had not permitted the instrumental program to keep pace with the rapid advancement of other phases of the school program, but that a wholehearted effort is now being made to put instrumental music back on a firm basis in the curriculum.

Beginning classes for instrumental instruction, both band and orchestra, will be organized at the beginning of school in each junior high school and will be extended to the grade schools as conditions permit, public school music officials announced today.

Parents and students interested in securing the free instruction should contact one of the following teachers as soon as possible: Branom, High school band; Harry Boren, J. T. Hutchinson Junior High school; Lannis Hope, O. L. Slaton Junior High school; Frank Herring, Carroll Thompson Junior High school (formerly Central); J. H. Penn, High school orchestra director.

Children in the grade schools desiring this instrumental music instruction should contact one of the above-mentioned instructors, Branom said, because it will be almost impossible to serve all the grade schools with the present personnel. Interest shown at the beginning of the program will determine the schools which will receive this service, he said.

"Telephone Inspector" Claims He's Lucky Even As Jail Term Hangs Over His Head

PHILADELPHIA, Sept. 8 (AP)—Donald F. Trout, 45, who identified himself as a "telephone inspector," was given a "number" by Judge John A. Mawhinney in quarter sessions court yesterday—six to 23 months in county prison.

Henry Langen, a department store detective, told Judge Mawhinney that last Aug. 18 he followed Trout through a central city store, watching him check the coin slots of a number of pay telephones.

A check revealed, Langen said, that the return slots of the phones had been stuffed with paper.

Trout, when arrested on a charge of larceny by trick, had $5 in coins in his pocket as well as a card bearing his name and the "telephone inspector" identification, Langen said.

Trout denied the charge, saying he was just in the habit of checking telephone coin slots.

"I'm just lucky with telephones," he said as he was led away from court.

Moscow Blames Americans For Rioting At Berlin City Hall

MOSCOW, Sept. 8. (AP)—Moscow newspapers today blamed Americans and German thugs for the disorders at Berlin's city hall.

Tass, the Soviet news agency, claimed that when the anti-Communist city council sought to convene yesterday, about 50 Americans and German rowdies hired by acting Mayor Ferdinand Friendensburg created a disorder.

The dispatch said several thousand delegates from Berlin enterprises calmly awaited the council decisions outside the city hall.

(In Berlin, all the papers, even the Russian-controlled press, blamed the Soviet-controlled Socialist United party (SED) for splitting Berlin's government. Dispatches from Berlin to the United States all have identified the mobs which attacked city hall as being Communist-led.

American Accused

(The liberal Democratic party organ, Der Morgen, surveying the results of the last two weeks' riots, remarked: "The SED bears the chief responsibility for unhappy developments which have made the Berlin parliamentary government a joke before the world.")

Tass described a man named Glasser as director of the political section of the American kommandatura, and said he gave orders inside the city hall.

The dispatch said Glasser "sought to slam shut the doors and rudely pushed and shoved persons who were trying to make their way to seats reserved for guests, simply because these people were dressed in workers' clothes."

The report said that despite the efforts of Glasser and his henchmen to create a disturbance, the workers maintained order.

Western Police Kidnaped

Tass said that when German police (apparently meaning the Soviet-zone officers) interested themselves in the documents of these "toughs" (apparently meaning the western zone police) about 20 of them dashed into the room of the American liaison officer.

"Those who were detained were discovered to be black guards of (Johannes) Stumm (the police chief in the western sectors) dressed in civilian clothes."

(Nineteen western sector policemen were detained by the Soviet zone force yesterday and 19 more were kidnaped at dawn today).

The dispatch said no session of the city council was held although Tass said it could have been. It charged the whole affair was a plot laid well ahead of time.

BORDERLINE ANEMIA*

CAN MAKE YOUR SPIRITS SAG!

If you're often overtired—dull and dejected, "down in the mouth"—it may be that your red blood cells are too faded and weak. Perhaps you have a Borderline Anemia, due to a ferro-nutritional blood deficiency.

Medical studies say that up to 68% of women—many men and children—may have this Borderline Anemia.

If you have this Borderline Anemia, you need Ironized Yeast Tablets! They are specially formulated to help build up faded, puny red blood cells to healthy redness and size, and thus permit your color and energy to come surging back. Of course, continuing tiredness and pallor may stem from other causes—see your doctor regularly. But in this Borderline Anemia, take Ironized Yeast Tablets. Take them to reclaim your vitality, your healthy color, your enjoyment of life!

Portrait Of Late O. L. Slaton Is Displayed Here

A portrait of the late O. L. Slaton, who was president of First National bank from 1907 until he resigned because of ill health in 1945, was hung in the bank Monday and has attracted considerable attention.

The portrait, a pencil drawing by Mrs C. B. Martin of 1613 Twenty-ninth, has been praised for its likeness to the banker. "Everyone thinks it is a wonderful picture," said Walter S. Posey, bank president.

Drawing Like Etching

When one enters the front door, the eyes of the late banker seem to be looking toward the door. If one goes to the back of the bank, the eyes seem to follow in that direction.

The drawing resembles an etching. It was drawn by Mrs. Martin upon request of the bank. It is two and one-half by three feet and is in a natural mahogany frame.

The drawing was reproduced from a small photograph of Mr. Slaton owned by his son, O. L. Slaton, jr. The photograph is one of few pictures of Mr. Slaton in existence. It was recalled at the bank that he sometimes would throw pictures of himself in the wastebasket rather than keep them.

Mrs. Martin, the former Miss Connie McDonald, has studied under Mrs. Chester Hubbard, Mrs. H. A. Welmaker and Mrs. Bruce Bryan in Lubbock and at Colorado State college at Greeley. She spent several months doing fashion drawings in Hollywood and Culver City, Calif.

Chinese General Is Cremated In Moscow

MOSCOW, Sept. 8. (AP)—Pravda announced today the cremation of Gen. Feng Yu-Hsiang, China's "Christian general." Moscow papers previously reported his death in a fire aboard the ship Pobeda en route from New York to Odessa.

Pravda said the body was brought to Moscow for cremation at the request of the general's widow. There were present at the cremation, Pravda reported, "relatives of the deceased, representatives of the Soviet armed forces and society."

The paper said Gen. Feng was accorded military honors. The urn containing his ashes was turned over to his widow. There was no mention of his daughter, who also was reported to have died in the shipboard blaze.

At the time of his death he was en route to the Soviet Union from the United States, where he had openly opposed the Chinese national government of Chiang Kai-Shek.

Georgia Klansmen Burn Cross In Negro Area Before Voting

VALDOSTA, Ga., Sept. 8. (AP)—A cross about 15 feet high was burned by 20 klansmen in the negro section of this south Georgia town last night, the eve of the state's Democratic primary.

The klansmen were robed but were not masked. A spokesman said they were members of the original Southern lans, Inc. which recently broke with the KKK faction headed by grand dragon Samuel Green of Atlanta.

While the cross burned at an intersection, a spokesman who identified himself as an Atlanta Baptist preacher declared that negroes "had no right to vote."

Many negroes were on the streets at the time, but police reported no incidents.

Of the 12,000 persons registered to vote in Lowndes county, of which Valdosta is the seat, about 2,000 are negroes.

Cross burnings also took place last night in the negro residential sections of Perry, north of here. Two crosses were burned simultaneously, one near a negro church where services continued without interruption, and the other near a negro store.

Perry residents offered no explanation for the burnings. They pointed out, however, that 83 negroes are registered to vote in today's primary.

Councilman Winner In Nevada Primary

RENO, Sept. 8. (AP)—Nevada Democrats have nominated a 36-year-old Reno city councilman for the state's single congressional seat. The nomination in yesterday's primary election went to Walter Baring, a wartime navy radar specialist.

Baring led Simon W. Conwell, a Rawhide, Nev., mining man, by 11,067 to 4,296 on the basis of complete unofficial returns from 204 of the state's 301 precincts. The returns included Reno, Las Vegas, Elko and Ely, the state's most populous centers.

Baring will oppose Rep. Charles Russell, Republican incumbent, in the November general election. Russell was unopposed in the Republican primary.

Film Actress Seeks Marriage Annulment

SAN FRANCISCO, Sept. 8 (INS)—Film Actress Ann Jeffreys' filed suit for annulment of her marriage to Capt. Joseph R. Serena in San Francisco today.

The suit charged Capt. Serena now stationed with the air force in Washington, D. C., with "failure to observe the obligations of the marriage contract."

The couple was married on March 11, 1945.

Drinking Of Liquor Called Undemocratic

TOKYO, Sept. 8 (AP) — It isn't democratic to drink liquor, a youth organization in the town of Wajima decided.

The organization adopted an abstinence program, providing a fine of 50,000 yen against any member who touches a drink. The same fine applies against anyone criticizing mistakes by fellow members.

In Nebraska, it is against the law to sell beer unless the tavern proprietor has a kettle of soup brewing.

It Pays To Own Your Home!

Here's Another Winner In The Forrest Home Contest

I Would Like To Own A Home Because:

I always find myself beset
With budgetary blues,
All my money goes for rent
Instead of wife and baby shoes.

Eighty dollars in rent each month
Goes sliding down the drain
I skimp and save on this and that
But save not a measly thing.

Three rooms I have today
Maybe two or none tomorrow,
There is no consolation
And moving is a horror.

I love our friends and relatives
To us they're very dear,
But when they come to visit us
The room just isn't here.

I'm really not unhappy
Although I often moan,
It's just that happier I would be
To own a little home.

To me a home is something sacred
To my wife—a little throne,
For us it would mean security
And forever a place called HOME.

I only want a simple life
A chance to work and play,
A place to rest and enjoy
The things I can't today.

MARY HAWORTH'S MAIL . . .

Girl Who Lives In Community Where Status Is Considered Stigma, Is Dropped By Suitor

DEAR MARY HAWORTH: I am an attractive girl, 17. I've always had many friend, both girls and boys. Several boys have been seriously interested in me; and after we stopped going together they told people that I was a lady from my head to my toes.

About a month ago I met Larry on a blind date. He is 19 and just home from the Navy. On our first date we started towards an affair. On our second date the affair was in full swing. It all seemed perfectly alright when I was with him, as he is very considerate and kind.

I love him very deeply and believe he is seriously interested in me; but even though this is the situation, I still go out with other boys. Larry lives about 35 miles from me and only comes over once or twice a week. The other boys don't suspect the affair and are just as considerate and gentlemanly as ever. I feel very cheap and deceitful.

One time we discussed a man who lived with a woman for about a year and Larry said he didn't see why the man didn't marry her. Should I break with Larry or wait and see if he may mant to marry me? I feel terribly about the whole thing and have spells of despondency and crying. My family and Larry don't suspect this. I will follow any advice you give: and please advise me soon, before it's too late.

Signed,
R. S.

AS A MINOR, GIRL NEEDS FAMILY HELP

DEAR R. S.: I have discussed your appeal with a seasoned psychologist, long accustomed to dealing at firsthand with emotional storms that sweep individuals off their course.

He says your prime need at this time is to pour out your distress to some kindly, trustworthy older person in your family circle—your mother, preferably, provided you don't fear her "judgment;" or, as next alternatives, an aunt or mature-age female cousin.

He carefully stresses the fact that you are a minor, therefore legally constrained to rely upon family, which is to say parents or their appropriate "delegates," for confidential counsel and leadership that may vitally affect your life-experiences for better or worse; a consideration which, in turn, automatically inhibits responsible-minded outsiders from advising any procedure except recourse to natural guardians.

BREAK NIGHTMARE SPELL OF SECRECY

THE specialist remarks that it's always a mistake to try to cope lonehanded or furtively with a major problem, especially if one is burdened with feelings of fear and guilt to boot. He explains that "talking things out" with another person of mature social sense is excellent therapy just in itself, which tends to ease panic and restore sane perspective; and beyond that; "two heads are better than one" in weighing any situation and deciding what's best to do about it.

Since knowing Larry, your personality has become the battleground of overwhelming conflict, with his influence warring against principles of behavior that your reason and conscience hold most dear; hence the spells of despondency and crying, which refer to critically demoralized nervous tension, worsened by efforts to wear a customary face in the throes of desperate crisis.

So, for advice, you can't afford to let things drift, waiting to see if Larry means marriage. To regain emotional equilibrim, and with it safe control of the situation, you must unburden the story to some wise good relative, and thus break the spell of nightmare secrecy that paralyzes your reasoning facilities now. M. H.

France Enters Crisis As New Short-Lived Government Quits

By ROBERT EUNSON
Associated Press Writer

PARIS, Sept. 8.—France plunges into yet another political crisis today. The newest French government quit last night after lasting only 64 hours, the shortest-lived one yet.

President Vincent Auriol immediately began casting about for a new premier, to head the nation's fifth cabinet since the beginning of 1947 and the 14th since liberation.

Whoever gets the job will face a growing wave of strikes and labor protests about the high cost of living. He also will have to meet the problem of inflation. Those issues have upset French governments ever since the war.

Coalition Government Quits

The coalition government of Robert Schuman, put together Sunday after long and laborious effort, resigned last night in the face of a six-vote defeat in the national assembly on a technical, parliamentary issue. The coalition was made up of Schuman's own Popular Republicans, the Socialists and the Radical Socialists.

Fourteen Radical Socialist deputies bolted party lines and voted against Schuman on the crucial ballot last night. Eduoard Herriot, an old warhorse of French politics and now president of the assembly, flew into a towering rage and said he was quitting as head of the Radical Socialist party, whose members are neither radical nor socialist, but conservative.

Radical Socialists Split

The Radical Socialists have split over Schuman's plan to give the workers of France a 2,500 franc ($8.33) cost of living bonus. The National Executive committee of French employers went on record yesterday against the bonus, which would cost about $390,000,000 all told.

A fight is brewing now over whether the bonus will have to be paid, in the face of the fact that Schuman is out.

The 295 votes against Schuman last night came mainly from the Communists and Rightists. There were 289 votes for Schuman.

In the normal course, Auriol first would turn to the Radical Socialists for a premier, since it was that party which directly caused the Schuman cabinet to fall. The Radical Socailist split, however, may be too deep to overcome, especially if Herriot stays as mad as he was last night.

Split May Ruin Force

That split, in turn, might take all the gas out of the so-called third force which has been running France since the fourth republic was born. Communists and the far right of Gen. Charles De Gaulle have been consistently barred from the government.

Now they are both clamoring for a chanee. They differ on how they should get that chance. De Gaulle has been shouting for new general elections. His new party, the rally of the French people, was not organized when the last assembly was elected.

Will Carry Demand To People

He is going out to the Hustings Friday to carry to the people his demand that the parliament dissolve itself and have some new elections. He got about 40 percent of the vote in municipal elections last year. The Communists, recalling their defeat then, are not too anxious for another poll. Neither are the middle-of-the-road parties which have been running the government.

The cabinet which fell last night was Schuman's second. He preceded and succeeded Andre Marie, a Radical Socialist, who lasted only a month. After he quit, late in August, France was without a cabinet for eight days, until Schuman finally got one together.

Pay Rate Too Low For Chicago Wife

CHICAGO, Sept. 8. (AP)—Mrs. Shirley Roth, 19, charged today that her husband makes $1,000 a month, but he only gives her 20 cents at a time.

In a separate maintenance suit against Charles F. Roth, jr., 35, executive of a sales corporation, Mrs. Roth said that the only money she received from her husband was in payment for laundering his shirts. The zecent pay rate, she said, was 20 cents a shirt.

Yet, she complained in her suit, her husband has managed to find lots of pennies for a cabin cruiser and a new convertible.

The Roths were married last January 13.

Air Force Day Is Set September 18

With the setting of Air Force Day Saturday, Sept. 18, officials of the U. S. Army and Air Force recruiting station here today issued several announcements regarding Air Force strength and policy.

On this date, the Air Force will mark its first anniversary of autonomy. During the past year, the U. S. Air Force has expanded from a total strength of 311,000 officers and enlisted men to more than 390,000, of which number approximately 12,000 are stationed overseas.

As part of the expansion program, Congress has authorized the Air Force to accept up to 15,000 18-year-olds for one-year terms of enlistment. Although the Air Force could turn to selective service for draftees to maintain its strength, Secretary of the Air Force W. Stuart Symington has informed Congressional committees that the Air Force is confident it can continue on an all-volunteer basis, officials here said.

The Air Force now gives first priority to high school graduates who can qualify for enlistment under the Aviation Career Plan and receive specialized technical training of their own choice. Married men may enlist only if they are eligible to be accepted for service in the first three grades because of former military service, or by having a specialized skill.

Divorce Case Rules Are To Be Enforced

Corroboration of the plaintiff's testimony, as that evidence relates to residence requirements, henceforth will be demanded by 72nd District Judge Dan Blair in uncontested divorce actions.

The requirement went into effect Sept. 1 in the 72nd district's four counties of Lubbock, Hockley, Crosby and Cochran.

It was insisted upon because of the patent abuses sought to be practiced by some so-called migratory litigants

The legal rule requires that, before a Texas divorce can be granted, the plaintiff must have lived in the state a year, the county where the suit is brought six months.

AMARILLO—No one is conceding the Hubbers the first set in the Shaughnessy playoff games that are scheduled to get underway at Gold Sox Park here tonight. Prior to Monday night, many persons felt that the Hubbers held a jinx on the local club and that Buck Fausett's men would not stand much chance of winning. But after the Gold Sox swept a doubleheader by 3-2 and 4-3, local fans feel that the Sox are on their way.

• • •

They have some points in their favor, too. This Gold Sox crew, led by Belting Bob Crues, home run king of the minor leagues and co-holder of the world's title of 69 home runs for one season, is a potent bunch. For 131 games they had banged out 1514 hits in 4725 trips to the plate for an average of .320. Moreover, they had made their hits good for 2476 total bases, more than any other club in the West Texas-New Mexico circuit. And they had scored 1178 runs, also more than any other team in the league. Only three teams had held the opposition to less runs and the Sox had driven in 1097 runs, the only club to pass the 1,000 mark.

• • •

In doubles the Sox had 315, 24 more than the Hubbers, but they trailed the Lubbock nine badly in triples, 28 to 61. The Sox didn't have such a long lead in home runs, knocking 197 to Lubbock's 173. They drew 881 bases on balls compared to the Hubber total of 673, but the Hubbers whiffed more times, flailing the ozone 666 times compared to 580 for Amarillo.

• • •

The Hubbers held the edge in fielding, showing a .951 average compared to .939. In the all-important double play combination, the Hubbers had a margin of 17 double deaths and they committed 71 less errors. Amarillo had more assists, 1562 to 1410, while the Hubbers had more putouts, 3346 to 3323.

• • •

The Gold Sox pitching, which has been strong most of the season, showed up well and they have a distinct edge in this department. Jack Schumacher wound up with 21-9, Joe Budny had 20-10 and Jimmy Heller had 19-9. The closest any Hubber could come was Royce Mills, and he won a large number of his 16 victories in relief. However, he only lost three times during the regular season. Behind Mills comes Roland Miller, four victories without a defeat, and from that point on there were several Hubbers with marks around the 10 games won mark.

• • •

In hefty, solid hitting, Amarillo has three sluggers with .400 averages, including Fausett, Catcher Ted Clawitter and Crues. Virgil Richardson, always dangerous, came the closest, with Manager Jackie Sullivan and Floyd Walker not far behind. But the Sox still maintained an edge in individual performances and, in a short series, this might make the difference.

• • •

But don't sell the Hubbers short in the hitting department. Don Moore is up over the .350 mark and is hitting the way in which he is capable of hitting. Don steps up there now and swings a wicked stick, the kind that can break up a ball game. Chick Fowler is hitting better, not concentrating on the fences as he was for so long. And Frank McAlexander is belting the cover off the ball now that he has shortened his leg stance and straightened out his body. Sullivan and Richardson are two men you never have to worry about. They may go zero for four, but that fifth time they break up a game.

• • •

Hubber pitchers are hitting better than the average and there are plenty of times when a hurler can break up a ball game. Jackie Wilcox can usually be counted on to get a hit in every ball game and any time a player gets on base he's a potential run.

• • •

We think, though, that Floyd Walker and Gene Hixson carry the secret to whether the Hubbers win or lose this series. Walker has slumped after hitting over .400, but is on the way up again. If he can continue to pound that ball hard, his hitting could do much to break the Gold Sox backs. As for Hixson, he isn't really a long distance clouter. His penchant for singles and doubles is his best weapon and his speed will turn many of his hits into extra-base blows. In fact, it is the general speed of the Hubbers that may win this series, with Hixson the leader.

• • •

So when they toss out the ball and the game begins tonight, we expect to see sharp fielding, sharp hitting and keen hurling. The team that can put its hitters together best, that comes up with the sharpest fielding attack and gets the most consistent pitching will win. We look for the inspired Hubbers to have the most in each department. We think they can turn the trick.

Meadow And Ropesville Teams Clash Tonight In Grid Opener

MEADOW, Sept. 8. (Special)—The stage was all set here for the opening of the local schoolboy season tonight, with the Meadow High school eleven clashing against the Ropesville High team in the opener for both.

The opening game will be a great occasion here, for the community and school will dedicate a new field, a lighted field that has been resodded for this year's football season.

The Hon. George Mahon, M. C., will be present and will make a dedicatory address for the field, which is being dedicated to the memory of former Meadow school boys who lost their lives in World War II.

Hunt Is New Coach

The Bronchos have been working hard under their new head coach Lloyd Hunt, who came here from Sundown. Hunt replaces W. E. Reisdorph, who led the Bronchos to three victories, five defeats and two ties last year.

Ten lettermen are back to give Hunt a good start on the 1948 season and last year's backfield is intact. The only loss on the eleven was in the line, where left guard was left vacant. It is being filled capably by Jerry Roberts, a 145-pound lad.

The Broncho line and backfield this year will average about 145 pounds. The heaviest starter on the forward wall is Dan Roberts at right guard, a 165-pound boy. There are two players who weigh only 135 pounds.

Probable Lineup

The starting lineup probably will be as follows: left end, Dean Curtis; left tackle, Eugene Joplin; left guard, Jerry Roberts; center, James Williams; right guard, Dan Roberts; right tackle, Warren Young; right end, Myron Norman; quarterback, Weldon Mason; right halfback, Lawrence Joplin; left halfback, Robert White; and fullback, Jesse Upton.

Over-Excitement Is Blamed For Death

HOUSTON, Sept. 8, (U.P.)—Over-excitement following a minor traffic accident was blamed today for the death of Robert D. Neal, 49.

Neal, riding in the car driven by his wife, was involved in a collision wit hanother vehicle driven by Joe Richker, a Houston salesman.

There were no injuries in the accident, but Neal collapsed while surveying damage to the cars. A passer-by helped the stricken man into his car and started for a hospital, but Neal died en route.

Miller, Budny Are Starters

AMARILLO, Sept. 8 (Special)—It will be Roland Miller, with no defeats and four victories, against Joe Budny, 20 victories and 10 defeats, when the Lubbock Hubbers take the field as underdogs tonight against the Amarillo Gold Sox at 8 p. m. in Gold Sox park.

The two teams completed light workouts yesterday and then spent a quiet night in preparation for the start of their best four out of seven game Shaughnessy playoff series.

Both In Good Shape

Both teams reported in good shape, although minor injuries plagued a few players. Catcher Ted Clawitter, who has been out of action for the last few days with a lame leg, is said to be ready to go. No Hubber player is seriously injured, although Manager Jackie Sullivan's leg is not in the best of shape and several players sport small wounds.

Managers Sullivan and Buck Fausett both will be gunning for a victory in the opening game to night. They realize that the first game gives a psychological advantage to the winner and they are intent on taking the opener.

Miller Is Ready

Miller, despite a sore arm, is ready to chuck the opening tilt in an effort to make it three straight for him over Amarillo He probably will be succeeded by either Royce Mills (16-3) or Chris Haskins (13-13).

Against the Hubbers in the second game it undoubtedly will be Jack Schumacher, who wound up with 21-9 for the season, gaining his 21st victory in relief Monday night.

Probable Pitchers

Jim Heller, who pitched the major portion of the first game Monday, probably will not see action until the teams return to Lubbock. Heller has won 19 this year, while losing nine.

Other pitchers who might see service for Amarillo are Goldy Goldizen (5-4), Jack Ferluga (6-6), and Roy Pannemann (3-3.

In addition to Miller, Mills and Haskins, the Hubbers can use Bob Clodfelter (13-9), Cotton Russell (12-7), Fred Pollock (7-3), Roy Larue (4-3 or Red Ramsey (6-7). Ramsey tried his arm Monday night and went six innings, during which he allowed the Gold Sox only three hits.

The Gold Sox ended the regular season with three men hitting over .400, Ted Clawitter, Fausett and Crues. The Hubbers came close, but Virgil Richardson's .391 was the highest mark.

Sox Batting .320

The Gold Sox also were batting .320 for games through Aug. 31, only .001 percentage points higher than the Hubbers, while the local club was fielding at a .951 pace, compared to the .939 of Amarillo. In addition, the Hubbers topped the loop in double plays.

Fundamentally, there is little to choose between the two clubs, except that Amarillo has more total bases on its hitting and had three hurlers either over, or close to, the 20-game victory mark.

The Hubbers have the better fielding club and they do possess the punch to win. It should be a tight series; it might go seven games; but the Hubbers should come out on top.

Pampa and Albuquerque will tangle in the New Mexico city.

FIRST LUBBOCK GAME SET FOR SATURDAY

Two games in Amarillo and then the Lubbock Hubbers and Amarillo Gold Sox come to this city for a scheduled three games, if necessary, in the first round of the Shaughnessy playoff series.

But the games here will not open until Saturday night at 8, since both the Lubbock and Amarillo ball clubs do not wish to buck the Lubbock-Odessa football game Friday night.

Bob Seeds, Gold Sox owner, agreed with Larry Larsen, Hubber general manager, that it would be wiser to hold off the start of the series here until Saturday night. As a result, the first game here will be that night at 8 p. m

The second game here will be Sunday afternoon at 3 and, if a third game is necessary, it will be played Monday night at 8 at Rosenthal field.

If additional games are needed, the clubs will return to Amarillo for one of two games.

Ducats Now On Sale

Larsen said that tickets would go on sale immediately at the Hub Clothiers, with general admission ducats selling for $1 each. Reserved seat tickets will be sold first to season reserved seat ticket holders at $1 each ticket holders buying a general admission ticket and presenting their season's book.

Other reserved seats, in a limited number, will be sold individually at $1.20 apiece and purchasers are urged to buy their tickets at the Hub now.

Box seat holders will have first choice on their boxes and must buy a general admission ticket for each person in the box.

Children's tickets will continue to sell at a quarter.

Hard Work, And More Of It Is Daily Grind For Tech Raiders

Any smiles that may have been seen on the faces of the coaching staff at Texas Tech last week have been erased and dour glances have replaced them.

It didn't take Coach Dell Morgan and his assistants long to realize that they had a great deal of work cut out for them with this year's crop of Red Raiders. Despite a lengthy spring training drill, the players weren't able to take up where they left off.

The result is that some 70 big, beefy boys are getting the bejeebers worked out of them daily, twice daily, as the coaching staff attempts to field an experienced team. The sense of humor remains present, but it is tempered by a question mark line and a backfield that lacks a passer.

Backs Have Speed

There isn't much to offset this so far, except that several of the backs have the speed needed and demanded this year. And with a line unable to open the holes and perform the blocks, speed in the backfield doesn't mean much.

At the same time, there is some joy in the Red Raider camp. The players are eager and willing, they are trying hard and they are getting 100 for effort. If that combination remains, Tech will have a fighting football team, even if the finesse fails.

Yesterday afternoon saw a repetition of past scrimmage sessions, with the backs showing far more advancement than the linemen. The line simply hasn't gotten its blocking assignments down well yet and didn't show to the best advantage. Backs were being stopped at the line only because blocks weren't thrown well and ends weren't being taken out as they should.

Plays Bring Gains

There were occasional plays when the backs drove for good gains, but they were merely gains that would not have been against good teams. A great deal of work remains to be done with the line and Coach G. B. Morris wore a frown a good part of the day.,

The ends being used most yesterday included Bill Kelley of Idalou and Eilbert Johnson, two of the more probable starting wingmen, along with Walt Edrington and Wally McBrayer.

At tackles, Coach Morgan used Marshal Gettys and John Andrews the probable starters, along with Doug McSwayne and John Tom Baker, the latter showing up particularly well.

Dan Pursel and Milburn Hayden headed the guards, with Bob Hix and Don Orr also seeing considerable duty.

Williams Works At Center

Bobby Williams, who has had pneumonia and has missed most of the first week's practice, worked hard at center and had competition from J. B. Mahler.

At quarterback, Milton Rathbone, Bill Lyman, Shaff DeGaish and Ernest Hawkins were fighting it out for a starting berth, with the fight apparently between DeGaish and Rathbone.

Halfbacks getting a stiff workout included Tim Hatch, Cal Steveson, Charley Reynolds, Walter Maloney, Zac Henderson, Glenn Lewis, Bill White, Ike Stuver and others.

The fullback duties rested mainly on Bud Conley, J. W. Thompson, Keith Butler and Earl Jackson.

De Marco And Pep To Tangle

NEW YORK, Sept. 8 (AP)—Willie Pep returns to the scene of his only ring loss in 133 fights Friday night to take on a rough and tumble young lightweight from Brooklyn—Paddy De Marco.

The featherweight champion has met them all in his pro career dating back to 1940 but it's doubtful if he ever has met anybody quite like De Marco.

Always On The Go

Paddy never lets you get set. Tireless and aggressive, De Marco swarms, punches, wrestles and bulls his opponent from bell to bell. Of course, he never has been in there with stylist Mr. Pep.

Winner of 21 straight and 32 of 34 since he started boxing in 1945, 20-year-old Paddy scored his most important victories over tough Terry Young in this same ring.

He wasn't old enough to go more than eight rounds the first time he fought Terry Jan. 30 but now he's 20—and able to go 10. Because he's a lightweight who couldn't make 126 pounds if he had to, this De Marco-Pep scrap will be a non-title go.

41 Straight Victories

Pep, who always has a string going for him, now has 41 straight victories since he was held to a draw by Jimmy McAllister at Baltimore Dec. 13, 1945. Before that he had lost only to Sammy (The Clutch) Angott in 90 previous outings.

Since his debut six years ago, he has become known as one of the best of modern day boxers. Now he's the veteran looking for his 132nd ring victory, in a career that was interrupted by the war and again by a two-month hospital stay as the result of a plane crash.

If Pep disposes of De Marco in convincing style, and he's 5 to 13 favorite to beat him, he will be set for a series of lucrative winter dates at Madison Square Garden.

Big State Playoff To Begin Thursday

(By The Associated Press)

Austin at Sherman and Waco at Wichita Falls is the lineup for the opening round of the Big State league's Shaughnessy playoff Thursday.

The regular season finished last night and Wichita Falls took second place with a double victory over Gainesville, 10-7, 8-7.

Austin handed third-place Waco a 6-4 licking and the regular season champion, Sherman-Denison, edged Greenville, 12-10.

Texarkana ended up with a 4-1 victory over Paris.

The first two games of the playoff will be at Sherman and Wichita Falls. The next three will be played at Austin and Waco. If more are needed they will be played at the original sites.

Cats Sew Up Texas Title

By WILBUR MARTIN
Associated Press Staff Writer

Fort Worth has cinched the Texas league's regular season pennant.

The Cats sewed up the title last night by edging Oklahoma City, 4-3, in thirteen innings.

Tulsa assured itself second place by downing Dallas, 5-3, and Houston gained a spot in the playoff by walloping Shreveport, 9-1.

Fourth Spot In Doubt

Only fourth place is in doubt as the season heads toward the Sept. 12 finish.

San Antonio stayed half-game ahead of Shreveport, though it lost to Beaumont, 4-3, in 12 innings last night.

A long triple by George Schmees followed by Homer Matney's high fly gave Fort Worth the winning run.

The victory kept the Cats five and one-half games ahead of Tulsa with each club still having five games to play.

Tulsa clinched second by counting three runs in the second inning to take a lead that was never seriously threatened. Bud Byerly's string of 26 scoreless innings was broken when Dallas got a run in the second inning.

Attendance Boosted

A crowd of 2,655 boosted attendance at Tulsa this year to 219,108.

Cloyd Boyer won his 16th game of the year as Houston had a field day against Shreveport. Don Bollweg sparked the Buffs with two triples and a single to drive in four runs.

Bill Deininger's two-run pinch homer tied the score for Beaumont in the ninth inning, then two singles, a sacrifice and an error gave the Shippers two runs in the third overtime frame.

Weidner And Getz To Battle Tonight

Pittsburgh's Al Getz and Boston Billy Weidner, two of the top grapplers of the Southwest, are slated to tangle in the two of three falls main event tonight at Sled Allen's arena

Getz and Weidner have both chalked up impressive win records in the local arena, and their aggressive mat style is certain to result in a crowd-pleasing setto.

Rod Fenton, the tough Canadian, is slated to meet Jack Carter of New Zealand in the two of three falls semi-final tussle. Fenton has gained a reputation for rough tactics in his bouts here, and will be a slight favorite over the grappler from "down under."

Rex Mobley of Borger, who celebrated his return to the local arena last week with a triumph over veteran Gorilla Poggi, clashes with George Lopez of Tampico, Mexico, in the one fall preliminary.

Tickets went on sale at 9 o'clock this morning at Wylie's drug. Matches start at 8:30 p. m.

Pirates Gripped By Fever For Pennant

By RALPH RODEN
Associated Press Sports Writer

Pennant fever is spreading throughout Pittsburgh today for the first time since 1938.

Not since the Pirates blew the pennant to the Chicago Cubs ten years ago in the last week of the season has a Pirate entry been a strong contender for the flag at this stage of the race.

In Second Place

The flag hungry Pirates are in second place today, four games behind the league-leading Boston Braves.

Manager Billy Meyer's hustling crew wrested the runner-up slot from the Brooklyn Dodgers last night, beating the floundering St. Louis Cardinals, 6-2. The Dodgers, who were idle, trail the Pirates by .0007 of a percentage point.

The venerable Fritz Ostermueller, one time property of both Brooklyn and St. Louis, stopped the Cardinals on seven hits last night as the Pirates made it three in a row over the Cardinals.

Ostermueller held the Cards scoreless until the ninth when Don Lang followed a single by Stan Musial with his fourth home run of the season.

In Batting Slump

Musial, in the midst of his worst batting slump of the season, lined into a triple play in the first inning. Al Schoendienst walked and Marty Marion singled to start the game. Musial who failed to hit in eight trips against the Pirates on Labor day, then lined to shortstop Stan Rojek. Rojek stepped on second to double Schoendienst and fired to Johnny Hopp at first in time to triple Marion.

The three-play killing was the second of the season for the Pirates.

The loss cut the Cards' fourth place margin over the New York Giants to a half game. The Giants took both ends of a doubleheader from the Phils in Philadelphia, 6-1 and 8-6, the latter in 11 innings.

Gordon Is Spark

Sid Gordon sparked the Giants to both triumphs. The slugging third sacker cracked two doubles and drove in three runs in the first game and broke up the second with his 30th homer scoring a mate ahead in the 11th inning. Gordon also sent the game into overtime, singling home Clint Hartung with the tying run in the ninth inning.

Andy Hansen scattered 10 Philadelphia hits in going the route in the first game. Hartung, who pitched the final five innings, was the winner of the nightcap.

The setbacks dumped the Phils from sixth to last place. The idle Chicago Cubs took over sixth and the Cincinnati Reds moved from eighth to seventh, two points ahead of the Phils.

No games were played in the American league which resumes activity today.

No Egg And Tomato Throwing Expected

HOUSTON, Sept. 8. (U.P.)—Texans won't limber up their unpredictable throwing arms when Progressive party candidate Henry A. Wallace comes to this state—but it's just a prediction.

Peter Tagger, representative from Wallace's national headquarters, said he believed Texans were more "enlightened" than to even think about hurling eggs and ripe tomatoes at Wallace. Tagger said he reached that conclusion after a hasty survey of the situation.

Tagger was here to confer with Herman Wright, state chairman of the Progressive party, on the presidential candidate's plans to visit Houston Sept. 29. He will also speak in Dallas and El Paso on his Texas tour.

Dope Bucket Due For Upset In SWC Chase

Westerners Work On Defense For Grid Opener With Odessa

Rough spots in the defensive setup the Lubbock High Westerners will use in their grid opener against the Odessa Broncos here Friday night at Jones stadium were smoothed out by Head Coach Pat Pattison Tuesday afternoon at Chapman field, as defense work held the spotlight for the second straight day.

All the 35 Westerner squadmen alternated on the defensive eleven during the lengthy session, with other team members running through typical Odessa T-formation plays. There was no actual scrimmage, but the Lubbock schoolboys showed considerable improvement in carrying out their assignments to block the fast-breaking "T" attack.

Start Tapering Off

Coach Pattison reported that the Westerners will start "tapering off" today in their drills for the non-conference encounter with the powerful Broncos, with a light session stressing play assignments slated this afternoon at the Chapman field practice gridiron. There will be a final limbering up drill Thursday, then the Westerners will clash with the Broncos Friday night in their first tussle of the season.

The Lubbock squad is near full strength for the Odessa tilt, with only one candidate—Quarterback Norman Bantz—on the doubtful list. Bantz injured a knee last week and was on crutches for several days, but there is a slight chance that he may be able to see some action against the Broncos.

Sales of reserved seat tickets for the opening clash were stepped up Tuesday, athletic department Business Manager E. J. Lowrey reported, as Lubbock fans started a last-minute rush for ducats. The ticket office at the Senior High school is open from 9 o'clock each morning until 5 each afternoon, and fans who have made season ticket reservations can pick up their ducats at any time during the next two days.

A record home-game crowd is expected for the non-title battle between the District 1-AA and 3-AA representatives, with a high-scoring offensive duel predicted by West Texas grid experts. The Broncos, who went to the semi-final playoff round last fall, feature a slashing running attack built around two backfield standouts—Jimmy (The Bull) Patterson and James (Sonny) Mobley.

Schedule Favors Rice Owls As They Get Major Foes At Home

By HAROLD V. RATLIFF
Associated Press Sports Editor

DALLAS, Sept. 8—When the football forecasters sit down to consider the Southwest conference they always take a quick look at the schedule. The team that plays at home the most usually wins the championship. That's what the records have shown for years in this well-balanced circuit.

If such be the case this season, the Rice Owls will take away the bunting, because the blue legions of Jess Neely get all three of the other top-rated elevens in Houston. That means Texas, Texas Christian and defending champion Southern Methodist.

Southern Methodist has a hard row. The Mustangs must not only play Rice at Houston but Texas at Austin and Arkansas, another tough cookie—and rated with the leaders in some quarters—at Fayetteville.

Texas is a little better off than Southern Methodist, getting Arkansas and Southern Methodist at Austin but having to meet Texas Christian and Rice away from the Longhorn corral.

Only last year was the at-home advantage well-illustrated. Southern Methodist played and beat Texas and Rice at Dallas. The Methodists almost got tied for the championship because they had to tackle Texas Christian at Fort Worth. T. C. U. battled S. M. U. to a 19-19 deadlock. Defeat for the Mustangs would have given Texas a tie with S. M. U. for the championship.

Owls Look Capable

Not only has Rice the advantage in the schedule but the Owls look capable of holding their own with the best of them. Rice needs a fullback and lost three fine linemen who need to be replaced but Neely is pretty deep in line replacements. Probably the loss by ineligibility of Carl Russ, ace fullback, was the major blow suffered by the Owls.

Southern Methodist is regarded as having the best backfield in the conference and possibly in the country. It does have some problems in fashioning a line to equal the sturdy wall of 1947. Any team with a football player like All-America Doak Walker, backed up by almost all of the last season regulars, is bound to score a flock of touchdowns. Added to these is that fabulous freshman, Kyle Rote, the top prospect in the conference among the new men.

Longhorns Have Power

Texas bristles with experience and power. The Longhorn line might well be its greatest in history. It will have speed, experience and will be massive. Keymen will be George Patrovich, giant tackle already boomed for All-America, and Dick Harris, who was All-America tackle last year and will be playing center this season. The backfield seeps speed and finesse. Only the question of whether Bobby Layne's passing can be replaced causes worry in the Longhorn ranks. But everyone thinks Paul Campbell, a squadman with much experience, will do the job.

There are quite a few who wouldn't be surprised if Texas Christian eased in with a championship. There are 28 lettermen at Horned Frogville, with a backfield boasting all-conference Pete Stout and passing, running Lindy Berry. The line looks powerful despite loss of both regular tackles from last season.

Arkansas is the dark horse. There are 70 on the spirited squad up in the Ozarks and there are 25 lettermen, spearheaded by Clyde Scott, one of the finest backs this conference ever saw. The fact that Arkansas has to play Texas at Austin and Texas Christian at Fort Worth pushes strongly against the Razorbacks but they have Rice at Little Rock and Southern Methodist at Fayetteville.

Baylor has the most lettermen with 29. The Bears are expected to be much, much stronger than last season but the schedule is quite rugged. The Baptists didn't do too much with all those guys last season, which is the reason they are not expected to be title contenders this time.

Stiteler Is Optimistic

Coach Harry Stiteler is the most optimistic of all at College Station where his Texas Aggies, 18 lettermen strong, are showing a great upturn in spirit. A. and M. is due to have a rock-ribbed line and should show more scoring punch with the return of Jim Cashion, a fine quarterback and passer. No one expects A. and M. to finish higher than sixth, however.

First games are scheduled next week with the Aggies figuring in one that's most attractive. They clash with Villanova at Philadelphia Sept. 18. Arkansas entertains Abilene Christian college at Little Rock, Texas opens its rebuilt stadium (capacity now 66,000), against Louisiana State and Texas Christian tackles Kansas at Lawrence, Kans. Rice, Southern Methodist and Baylor wait until Sept. 25 to start the campaign.

Neel Will Play In National Tourney

SAN ANGELO, Sept. 8 (Special)—The Grand Prize softball team from Houston, state softball champions of 1948, last night announced that they had signed Jackie Neel of Lubbock to hurl for them in the National A. S. A. tournament.

Neel, an outstanding hurler with the Bluebonnet-Sunbeamers in Lubbock this year, immediately accepted the offer. He will remain here another day, then report back to Lubbock. He will join the Grand Prize team next week.

The Houston nine saw Neel perform in the Texas A. S. A. tournament at Wichita Falls and were impressed with him. They said at the time that they had not seen a better pitcher in the state this year.

The Grand Prize softball squad will leave Texas early next week for Portland, Ore., where the National Amateur Softball Association tournament will be held.

Night Club Singer Sues For Divorce

LOS ANGELES, Sept. 8. (AP)—Former actress Lita Grey, one-time wife of Charles Chaplin, is suing to divorce her third husband, Arthur F. Day, jr., 39, an aircraft technician.

In her suit filed yesterday, Miss Grey charged cruelty. She asked that Day be given the custody of their son, Robert, seven. Her petition said she and Day were married in 1938 in Manhattan Beach, Calif., and separated two years ago.

Miss Grey, now a night club singer on tour in the midwest, is the mother of Chapln's sons, Charles, jr., 23, and Sidney, 22. She and Chaplin were divorced more than 20 years ago.

Reception For Thurmond Set

Committees had been completed today following a meeting last night at the Hilton hotel, for the reception tomorrow of Gov. J Strom Thurmond, of South Carolina, candidate of the States' Rights Democrats for President, who is to speak at 8 o'clock tomorrow night in a South Plains rally here, it was announced today.

The governor is to arrive by plane with his party at 5:30 p. m., Thursday, and is to be met at the airport by a non-partisan reception committee drawn from all political circles of the city, headed by Mayor W. H. Rodgers, the announcement from rally headquarters in the Hilton hotel said.

Rally Scheduled

The governor, on a swing through West Texas, is to be honor guest tomorrow at a joint meeting of Big Spring civic clubs, and is to be guest at a reception in Midland at 3 o'clock.

Following the greeting at the airport here the governor, who is accompanied by his wife, plans to rest at their hotel until time for the rally at 8 o'clock.

The rally is to be held on the east side of Hotel Lubbock, where the block of Ave. K between Main and Broadway is to be closed to traffic and seats erected to accommodate an expected 4,000 to 5,000 people.

Former state Senator Joe Hill, executive officer of the Texas campaign committee, is assisting local committees in completing arrangements for the governor's visit and the rally where he is to outline the party's program.

Thirty minutes of the address is to be picked up for broadcast on the Lone Star chain that will include several West Texas radio stations.

It was announced today from station KCBD here that 30 minutes of the address, from 8:30 to 9 o'clock, will be aired by that station on an independent hookup.

At KSEL it was said that it is probable a portion of the address will be broadcast, but definite plans could not be announced until late today Whether this would be the origin of the Lone Star chain broadcast was not made clear. Station KFYO said its facilities will be tied up in broadcast of the baseball game at Amarillo.

Members Of Committee

The reception committee, of which Mayor Rodgers is chairman, was announced as a general civic group, chosen from different professions and rank, and wholly without relation to party politics.

John Lee Smith, former Texas lieutenant governor, was named vice chairman and other members are:

other southern states in the States' Rights column will make us a strong minority party—a group which can not be ignored by the gang trying to foist on us some of Joe Stalin's favorite laws," Thurmond said in the broadcast.

He spoke last night to a rally of about 50 college-age persons. "We've got enough strength to show the world in the November elections that the South is no longer the doormat of the Democratic party," Thurmond said.

The Young States' Righters decided to organize a Texas-wide association here next week.

Joe Young, temporary county chairman, said the main purpose of the organization would be to "Christianize" students in American colleges. He declared many college student are associated with Henry Wallace "and other crackpots."

After their rally the group paraded to a hotel where they joined a reception being given the Governor and Mrs. Thurmond.

Thurmond flies tomorrow to Big Spring for a luncheon; to Midland for an afternoon reception, and to Lubbock for a night West Texas rally. He will breakfast with States' Righters in Abilene and attend a luncheon in San Angelo Friday before returning to South Carolina.

The Southern Democratic club sponsored Thurmond's appearpearance here. It also gave the reception for him last night.

Liquor Trafficking Contempt Cases Set

Seven Lubbock county persons have been cited to appear before Judge Dan Blair of the 72nd district and Judge G. V. Pardue of the 99th district court in October and show cause why they should not be punished for contempt of those courts in allegedly trafficking in alcoholics.

V. L. Haley and Arzelta Johnson were ordered to appear at 10 a. m. Oct. 7 in Judge Blair's court.

The others, Charles W. Spencer, Ruth Spencer, Surlester Hereford, Wade Boswell, and Helen Boswell, were ordered to appear at 9 a. m. Oct. 6 before Judge Pardue.

Petitions for contempt were made Monday by E. A. Gordon, described as a "citizen of Texas," and were considered by the jurists in chambers

MARKET SHARPLY LOWER

NEW YORK, Sept. 8 (AP) — A sudden sinking spell sent the stock market sharply lower today.

Selling in the final thirty minutes of trading pushed prices down 1 to 3 points generally and in one of two cases more. The late drop was accompanied by no special news developments to account for it.

The downward trend was persistent except for a brief period during mid-day when quotations levelled off.

Steels and motors headed the procession down today as they did yesterday Rails followed.

For the most part losses were confined to fractions to more than a point, but in some cases the mark-downs ran to around 3 points.

During the earlier part of the day volume expanded to a pace exceeding yesterday, but trading did not continue in that fashion.

Among stocks going lower were U. S. Steel, Santa Fe, Southern Pacific, Chrysler, General Motors, Youngstown Sheet & Tube, American Smelting, Dupont, American Woolen, Southern Railway, Standard Oil (NJ) and Paramount.

A very few utilities countered the downward trend and edged up. Among them were Consolidated Edison and Consolidated Natural Gas.

Cotton Market

NEW YORK REPORT

NEW YORK, Sept. 8 (AP) — Cotton futures turned steady today, following early weakness, as light mill buying and short covering met only limited offerings.

The Dept. of Agriculture's second forecast on the 1948 cotton crop was only 50,000 bales higher than the August 1 official estimate and had little effect marketwise.

Traders continued to feel that a surplus of cotton is in prospect this season unless reports prove well above current expectations.

Late afternoon prices were 25 to 50 cents a bale higher than the previous close. Oct. 30.96, Dec. 30.78, and March 30.59.

Futures closed 59 to 35 cents a bale higher than the previous close.

Exchange Members Hear Farm Talk By Radio Editor

"The most specialized man in business today is the American farmer—and as sure as the farmer prospers, the townspeople also prosper."

That was a statement issued today to members of the Lubbock Exchange club meeting for luncheon at Hotel Lubbock by Jack Creel, KFYO farm editor, who spoke briefly to the group on the desirability of increased understanding and cooperation of farmers and townspeople on the South Plains.

Creel, who apparently desired to clear what he believed a common misunderstanding of the farmer, stated that the farmer in this area is generally "way ahead" of business and industry, that the South Plains farmer "does not need to be pulled along, but more often is far out front in his thinking and planning."

Scrapbook Presented Club

Summarizing South Plains cotton prospects this year, Creel predicted the take would be somewhat less than the 1947 average of a bale per acre on irrigated land and from one-third to one-half bale on dry land. He attributed the low estimate to a lack of underground moisture in the area.

C. W. Ratliff, managing editor of the Lubbock Avalanche-Journal, also spoke briefly to the group, and presented Jim Reynolds, club president, with a Soap Box Derby scrapbook of press clippings and photographs, compiled by Roy Finley. The book will be entered by the local chapter in the State Exchange club juvenile project competition this weekend at San Antonio, when the state convention is held.

Plains Rains

inch and a half of rainfall at Anton and that two or more inches of rain, accompanied by severe hail, fell at Roundup community four miles east of Anton. Mrs. Richards, who was returning home from Lubbock about the time the storm broke at 7 p. m., said the car in which they were riding was forced to halt and "wait out" the storm. She said it was the "worst cloud I ever saw" and that the ground was completely covered with large hail stones within a few minutes.

Reports of rainfall received by the Santa Fe in Lubbock this morning were: Texico, .25 inch; Muleshoe, .25; Sudan, shower; Amherst, .25; Littlefield, mist being received this morning; Shallowater, .25; Hale Center, 1 inch; Abernathy, .25; Slaton, .25; Floydada, 1.06; Lockney, 1; Plainview, .55 inch; Meadow, shower; Ropesville, .25 inch; Idalou, .50; Lorenzo, .28; Ralls, no rain; Crosbyton, sprinkle, Slaton, .25.

The cool front which had passed over the South Plains Monday night still lingered between Lubbock and Abilene today, the weather station in Lubbock reported. It had reached Big Spring.

The weather bureau at Dallas was quoted by the Associated Press as reporting there was a "good chance for a decided break" in the hot spell that has gripped the state for weeks.

Light rains were reported this morning in the Panhandle and on the Gulf coast.

53 At Amarillo

The mercury dropped to 53 degrees at Amarillo at 8:30 a. m.

A severe electrical storm was reported this morning at Corpus Christi, on the Gulf coast.

Presidio had 105 degrees yesterday for the state's highest reading. The lowest maximum was 83 at Guadalupe Pass. Highs elsewhere generally were in the middle and upper 90's. Lubbock's maximum was 94 degrees.

A few hundred yards from the building, they were flagged down by two jeeploads of Russian tommy gunners. About 20 Soviet-sector police then sprang from behind a building.

Four more jeeploads of Russian troops roared up from behind together with a truck carrying 60 more Soviet sector police.

The convoy was surrounded. The seizure had all the aspects of a carefully planned trap.

Argument Useless

"Those who have identification papers may go on," a Russian officer ordered brusquely. "Those who don't will have to come with us."

An hour-long argument and protests by the French that they had a safe conduct agreement with the Russians were fruitless. The men were hauled away.

Lubbock and the round-house being built by Elmer Terry, Lubbock contractor, in the 3000-block on Twenty-eighth street, are receiving a lot of national publicity this week through the distribution of the New York Sunday News. A full-page article about the odd house with pictures of the house under construction, the floor plan and Mr. and Mrs. Terry and their son, Jock, is in this week's pre-date of Sunday's News. The article, similar to one which appeared several weeks ago in the Avalanche-Journal, was written by H. I. Kiefer, Avalanche-Journal staff writer. D. M. Firemen said this morning they were afraid their Central station mascot, Penny, a small fox terrier, was fatally burned Tuesday morning when a "hot" wire they cut at 1203 Broadway fell on her. When last seen she was howling in pain and running away. The black and brown dog, she's only 11 or 12 inches tall, had two tags on when last seen—one a license and the other an innoculation tag. Firemen would welcome a call at 5757 if anyone happens to see her.

Gene Turner, 13-year-old son of M. Clyde Turner of 4001 Twenty-first, is under treatment at St. Mary's hospital for bad bruises and possible chest injuries suffered Tuesday afternoon when he fell from a tree. An attending physician reported this morning that the youngster apparently suffered no fractures.

The condition of Rev. Fred Lambert, who Saturday afternoon suffered critical injuries in a car-train collision, was reported slightly improved by an attending physician at Lubbock Memorial hospital this morning. The physician said that Lambert, who has never regained consciousness, is still in critical condition, that he was quite ill last night and yesterday afternoon, when his temperature rose to 106, but that he is better this morning. Lambert suffered a severe brain concussion and several deep lacerations of the face and head. He is pastor of the Eastside Baptist church.

Friends here were advised to-day of the birth of a daughter to Mr. and Mrs. W. E. Flenniken, former residents here, in Tucumcari General hospital at Tucumcari, N. M., last night at 6 o'clock. The young father is the son of Mr. and Mrs. Gordon Flenniken, who moved from here to Tucumcari about four years ago.

Mrs. Charles A. Pigford, 36, wife of Dr. Charles Pigford of Seagraves, died at 12:50 p. m. today in West Texas hospital as result of a heart condition. She had been ill only a few days. Survivors and funeral arrangements were not known. Rix Funeral home will be in charge of arrangements.

Batteries Are Stolen

Lubbock Pipe and Metal company, at 1817 Ave., H, reported theft of an unknown number of junk batteries.

Bond of $750 each set for Elbert Walker, 55, and Ardell Gary, 24, Lubbock negroes charged with failure to stop as soon as possible and return to the scene of an accident in which one of two trucks they were driving were in collision with a car in which John William Thompson was injured two days ago, was posted. The bonds were set by Justice Lynn after the filing of the complaint, which was prepared by assistant District Attorney A W. Salyars upon oath of J. R. Whitmire, a member of the state highway patrol.

Lynn said Wade Boswell, a negro, pleaded guilty of vagrancy and was fined $50 and costs of court. Earlier the defendant had indicated he would ask a jury trial.

Quenten Stewart, who works at a shoe store here, informed police of the theft of a square ruby, in the center of which are diamond chips. The ring has much sentimental value. Stewart said. He offered a $10 reward for its recovery.

Roscoe Wilson Zone Change Due Thursday

Because of crowded conditions at Roscoe Wilson school, zoning for the Wilson school is being changed and will be effective Thursday, according to an announcement made this morning by Supt. R. W. Matthews.

The west boundary of the school is being changed from Tyler to Harrison street, a change which will involve all children who live in the 3300-block from Nineteenth to Thirty-third.

Those affected, 53 in all, will now attend on the Overton school schedule, which for the present means only that they will attend Roscoe Wilson school on the afternoon rather than the morning schedule, from 12:30 p. m. to 5 p. m. The children were being notified at noon today to report to Roscoe Wilson school at 12:30 o'clock tomorrow.

Supt. Matthews, in explaining the zone change, stated that the change is within the zoning policy of the school district, and quoted that portion of the zoning policy which reads, "Students outside of the circles shall be assigned according to natural geographical boundaries and the crowded conditions of the various schools." The section re-zoned is not within the circle which has Roscoe Wilson school as its center.

Annual VFW Safety Seal Sale Underway

Seeking to augment building funds, the Veterans of Foreign Wars opened the organization's annual sale of safety seals here today, with 46 different safety suggestions for use on mail and packages, it was announced by W. Earl Creel, commander.

It was pointed out that post officials believe the seals not only will add materially to the fund needed for completion of the VFW hall, but will do much toward awakening greater interest in safety on the part of motorists and pedestrians.

It was announced that the organization's new home, being built on the "pay as you go" plan, is about half finished. Headquarters for the sales campaign will be maintained at 1209½ Broadway. Bert Starnes is chairman of the sales committee. Information also is available from Jewell Marbut, post adjutant and quartermaster, or Tom Everheart, past commander.

New Vice President Of Tech Guest Rotary Club Speaker

Applying human relationships to active club membership, Dr. E. N. Jones, new vice president of Texas Tech college, told the Rotary club luncheon today at the Hilton hotel that what is behind the eye is much more important in seeing things than what is out in front to be seen.

A long time Rotary member, Dr. Jones spoke on club rules and ethics, and believes that the goal attained in human relationships is determined in large measure by thoughts back of the efforts toward the goal.

Inter-City Meeting Set

Speaking of Texas Tech, Dr. Jones said he is looking forward to his task of coordinating academic activities at Texas Tech, adding that despite actual development of the college far beyond any other in the state, based on its age, there is much to be done at the college if it is to be the type of institution it was designed to be, and should be.

The speaker was introduced by Dr. F. B. Malone, program chairman.

Club President Irving Jones announced the inter-city meeting scheduled here Sept. 23, and read a letter from the club at Littlefield inviting club members from here to attend the inter-city meeting there Sept. 16.

German Quota

(Continued From Page One)

tive Germans priority was given to skilled farmers and to those with relatives already in the United States

Officials predicted, however, that this number actually will exceed one-fourth of the 25,957 quota because relatively few Germans can qualify as displaced persons.

Those to be admitted will be hand-picked by U. S. consuls from waiting lists to be compiled on a first-come, first-served basis.

The United States has only nine consular officers in German and Austrian cities to carry out the mass registration and to screen applicants. Ugo Carusi, chairman of the new DP commission, left for Europe Monday with a staff of six aides to work out details of the immigration project.

Austria's restored quota is only 1,413.

Boys Ranch Escapee Is Arrested In City

A 12-year-old boy who reputedly was one of the two juveniles who stole an airplane several months ago in Oklahoma City and flew it into Texas after reading comic book instructions on how to fly, and who since has escaped five times from Boys ranch, near Amarillo, was in custody here today.

He allegedly "picked up a knife" at a second-hand store here and was arrested by Pete Hubbard and Homer Harrison, police patrolmen.

Amarillo officials will be here to accept custody, probably this afternoon.

John W. Wilson, city-county juvenile counsellor, was informed that the boy had figured in five escapes from Boys ranch. On one of his flights he stole an automobile, officials here said they had been informed.

Georgia Voters Will Decide Between Talmadge, Thompson

ATLANTA, Sept. 8. (AP)—Georgia voters wrote their decision today in the strange case of the two governors.

A record total of 1,195,183, among them 138,870 negroes, were registered to decide a flaming, 20-month-old issue between Herman Talmadge and Gov. M. E. Thompson in a Democratic primary.

These were the "two governors" who blazoned the state in headlines across the continent early in 1947.

First, Talmadge won the job by a legislative vote as successor to his fiery, red-gallused father, "Old Gene," who had been elected in 1946 but died before he could take office.

Klan Backs Talmadge

Thompson, a school man with a Ph. D. degree, claimed the office because he had been elected lieutenant governor. The state supreme court backed him up, and Talmadge, after sitting in the governor's chair for three months, left with a defiant "I'll be back."

The two have been at it ever since, bandying back and forth between them such issues as "white supremacy," civil rights, racial segregation and Thompson's record in office.

The controversy reached a burning pitch in a rough and tumble slam-bang campaign contest that today came to the court of last resort—the people's vote in the primary, equivalent to election in Georgia.

The 35-year-old Talmadge received the endorsement of the Ku Klux Klan for his "white supremacy" stand. Cross-burnings in negro residential sections of Perry and Valdosta marked the primary eve.

Truman Program Attacked

The Valdosta display came shortly after Thompson closed his campaign there with a speech predicting victory at the polls.

Tobacco-chewing Herman, disporting the same scarlet suspenders his father wore, denounced President Truman's civil rights program as a menace to "white supremacy" and southern traditions. Rural followers rallied him with shouts of "you tell 'em, Hummon."

Thompson, ten years older than his rival, also assailed the President's program, but asserted it was not an issue. The real issue, he said, was his record of providing more money for schools and other services without additional taxes.

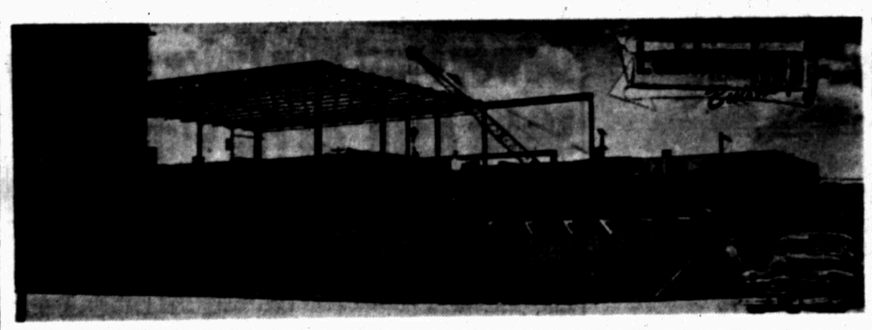

He lashed out at "hoodlums, thugs, goons and drunks" who, he said, installed Talmadge by force in the 1947 governorship dispute.

Three other candidates are in the race but the Thompson-Talmadge battle overshadowed them. They are Hoke O'Kelley, the Rev. Joseph A. Rabun, and Hoke Willis.

Talmadge counted as a big advantage Georgia's county unit election system. Similar to the national electoral college, it allows a maximum of only six unit votes each to large, populous urban counties. Small rural counties, with fractional population, have two unit votes. A simple majority of the popular vote carries a county's unit votes for a candidate.

U. S. Senator Richard Russell seeks re-nomination without opposition. Rep. Eugene Cox of the second district is opposed by his unsuccessful 1946 foe, J. Neely Peacock, Albany attorney. Rep. W. M. Wheeler of the eighth has two rivals—former Rep. John S. Gibson of Douglas and Country Johnston of Valdosta.

Rep. James C. Davis, former Rep. Helen Douglas Mankin and Wyman C. Lowe are fighting it out in the fifth district.

NEW MASONIC BUILDING RISING—Workmen are progressing daily with construction of a new Masonic hall for the Yellowhouse Masonic lodge No. 841, which is rising on the corner of Main and Ave. K. The $225,000 structure, being built by Tom McAbee, Lubbock contractor, will have space for stores on the first floor with the second floor to be used exclusively by the lodge. Completion of the building will call for removal of the lodge from the third floor of the Citizens National Bank building where it has been located the past 42 years. (Staff Photo.)

First Cotton Bale Ginned At Monroe

MONROE, Sept. 8 (Special) — Monroe community's first bale of cotton was brought in Tuesday by J. C. Haggard, who farms the J. B. Marrion farm, about 2½ miles west of here.

The bale, weighing 492 pounds, was ginned free by W. O. Fortenberry Gin here, and was taken from 1,680 pounds of seed cotton. About 800 pounds of seed was taken from the cotton.

Fortenberry paid Haggard 35 cents per pound for the bale, plus $100 per ton for the seed, both premium prices. In addition, merchants here have made up additional premium prizes for the farmer.

Haggard's cotton was planted about April 15, and has been irrigated. He has about 250 acres of cotton, all irrigated, from which he expects to make between 1¼ to 1½ bales per acre. He gathered his first bale from approximately 12 acres. The cotton was of the Northern Star variety.

W. O. Fortenberry, gin owner, said that Haggard's cotton was the finest "first" cotton he had ever seen. He said that it was not in the least burned.

New Alarm System Will Help Nerves

NEW YORK, Sept. 8. (AP)—A new fire alarm system, designed to ease the strain on the jangled nerves of city firemen, goes into effect today.

Formerly, every alarm—an average of 250 a day—sounded in every firehouse, with the fireball clanging an average of 80 times for each alarm.

This clanging, the department said, has been a "decided factor in the high rate of cardiac and hypertension cases among firemen . . ."

A new selective transmission hook-up, to be used only at night until tested, will restrict the fireball ringing to stations in the zone where a fire is reported.

Dewey Must Win Twice As Many States As In '44 For Victory

By LYLE C. WILSON
United Press Staff Writer

WASHINGTON, Sept. 8.—Gov. Thomas E. Dewey must run twice as fast or win just about twice as many states from President Truman as he took from FDR four years ago to become president.

Republican strategists will bet you he can do that—and more. Four years ago Dewey carried 12 states with 99 electoral votes. They were Maine, Vermont, Ohio, Indiana, Wisconsin, Iowa, North Dakota, South Dakota, Nebraska, Kansas, Wyoming and Colorado. A minimum of 266 electoral votes is necessary to elect.

GOP Claims States

Dewey was blanked in the mid-Atlantic states, the southern and border states, the Southwest and the Pacific coast region. For the minimum of 167 electoral votes which Dewey must gain over the 99 he took in 1944, GOP managers are looking this year to these states:

New York, Pennsylvania, California, Illinois, Maryland, New Hampshire, Michigan, New Jersey, Minnesota, Connecticut, West Virginia, Nevada, Idaho and Massachusetts. The GOP expects to do better than that for Dewey on his second White House try. But from among those states the bulk of his winning margin must come—assuming that he wins.

Polls and Henry A. Wallace's third party threat are boosting Dewey's chances, notably in Pennsylvania and California. Mr. Roosevelt polled 1,988,000 votes to Dewey's 1,512,000 four years ago in California. The Pennsylvania score was: Roosevelt 1,940,000; Dewey 1,835,000. Dewey probably could carry Pennsylvania this time without Wallace's help.

California Situation Different

In California the Democratic bulge four years ago was more than 400,000 votes. It will comfort GOP managers to remember that Wallace will cut into President Truman's California vote this year and that Gov. Earl Warren of California is the Republican vice presidential candidate.

Republican gains are most likely outside the South, Southwest and border states. But Dewey and Warren will give those areas a chance at their band wagon.

Herbert C. Hoover swept the border states and dipped into the South in 1928 when he licked the late Alfred E. Smith. Republicans count Tennessee as a possibility this year because that state's Democratic primary exploded last month in defeat of boss E. H. Crump. If the explosion damaged the Tennessee Democratic party badly enough Dewey would have a chance there.

Virginia Well Divided

Virginia is a traditionally Democratic state in which the Republicans will put on a major campaign.

FDR carried Virginia against Dewey by a count of 242,000 to 145,000 four years ago. But this time there will be four candidates on the Virginia presidential ballot: Truman; Dewey; J. Strom Thurmond, Dixiecrat; and Wallace. Kidnapping Virginia from the Democratic machine run by Sen. Harry F Byrd would appear to be impossible but for the fact that Byrd and his top politicos are not enthusiastic over Mr. Truman. But if the Truman-Barkley ticket must carry Virginia to assure that Democratic candidates for local office shall win, too, it is likely that Mr. Truman will win the state.

Temperatures Drop Over Half Of U. S.

CHICAGO, Sept. 8. (AP)—Temperatures tumbled over an area extending from northern Ohio westward to the Pacific coast today but hot and humid weather continued in the south and most of the eastern states.

The mercury dropped into the high 30's and low 40's early today over parts of the cool belt. At the same time the readings over Texas were around 80. Yesterday's high mark in Texas was 102 in Laredo.

Rain fell over widely scattered areas. Showers were reported from southern Iowa and northern Missouri southwestward across eastern and southern Kansas to the Oklahoma and Texas Panhandles and Southeastern Colorado. Light showers also fell in parts of Illinois, Wisconsin, the Dakotas, Pennsylvania and Tennessee.

Youth Given Life Term For Assault

BROWNFIELD, Sept. 8 (Special)—A verdict of life imprisonment was returned by a jury here Tuesday afternoon in the rape trial of James Weldon Vasser, 19, of Oklahoma.

The jury, which received the case at 3:20 p. m., returned the verdict forty minutes later. Vasser accepted sentence.

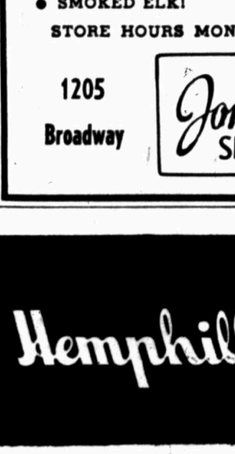

Only one witness was called by the defense, the youth's mother, of Pampa, who was on the stand for approximately 30 minutes. The prosecution presented six witnesses before resting its case at noon.

The state, represented by District Atty. Calloway Huffaker and Terry County Attorney H. B. Virgil Crawford, charged that Vasser on Aug. 16 tricked a 28-year-old Brownfield woman into stopping her car on the Tahoka-Brownfield highway, causing her to think she had a flat tire, and that he raped her under threat of a gun.

Probe Asked In Senate Race

Both Factions Make Request

WASHINGTON, Sept. 8. (AP)—The Justice department says both sides in Texas' hot Senate race have asked the department to investigate the voting.

But, "there has been no investigations ordered," Dean Schedler, department information officer, said last night.

U. S. Rep. Lyndon Johnson and former Gov. Coke Stevenson were opponents in the election. When the Texas election bureau ceased its unofficial tabulations Saturday Johnson was ahead 162 votes. The votes will be canvassed officially Sept. 13.

Schedler said the department had no intention to move in on an election matter of only state concern. But, he added, "of course" the department would go to work on any election where there is an actual showing of a federal law violation.

Officials declined to say what charges were made by the opposing factions in Texas.

The Dallas Morning News in a story from Walter Hornaday of its Washington bureau says Clark yesterday "ordered the Justice department criminal division to check reported irregularities" in the runoff election.

The News says Clark acted after receiving complaints from "Houston and other points in the state."

It quotes Asst. Atty. Gen. Alexander Campbell, head of the criminal division, as saying an immediate study of complaints will be made by the election fraud section, headed by Abbot Rosen.

Contest Mentioned

"Messages received by Clark mentioned Duval, Cass, Wharton, and Eastland as counties where checks should be made. Campbell said there were other counties listed," the News says.

Among signers of telegraphic complaints were the Houston Chronicle; Lamar Fleming, jr.; J. Leonard Davidson, and Andrew Jackson Gray, all of Houston, Clark said.

"After receiving a report from his election fraud section, Campbell said he will instruct the United States attorneys of the districts in which the counties involved are located to make a thorough but speedy investigation.

"'After the United States attorneys report, it will be decided whether to present the matter to a federal grand jury'," Campbell said.

"Clark and Campbell both promise speed in determining whether sufficient evidence exists to warrant a grand jury probe. They pointed out that the federal government can not bring criminal action except in cases of conspiracy to violate the election laws," the News added.

Profit-Minded Peasants Make Havoc Of Red European Plans

(By The Associated Press)

Peasants, pigs and plums are disturbing the even tenor of the Communist way of life in eastern Europe.

In Poland, nationalist and individual sentiment among the country's 15,000,000 peasants has become so strong that President Boleslaw Bierut has had to map a strong program aimed at wiping out such anti-Moscow feelings. He says he expects a tough fight.

In Yugoslavia, Premier Marshal Tito's commissars took to raiding the farms of the so-called "rich" peasants to seize pigs and turn them over to state-owned farms and cooperatives. People arriving in Belgrade from the country said the peasants were "seething with anger."

Food Hoarding Charged

The official reason given for the raids was that the rich peasants were hiding the pigs and failing to sell their required quotas to the government. This, in the Communist lexicon, is called "speculating and sabotaging the economy."

Borba, the Communist newspaper in Belgrade, explained that because of the peasants' failure to turn over pigs the government had been unable to supply workers their needed rations of meat.

The raids may have been brought about by a desire to disprove one tof the Cominform criticisms of Yugoslav Communists—that they were too easy with the peasants and permitted capitalist elements to thrive.

The Yugoslav government also was reported to be having trouble getting enough plums to fill large export obligations. The peasants prefer to keep their plums and make slivovitz — a highly potent brandy. Slivovitz brings in more money than plums.

Many peasants were feeding plums to pigs, but now they may just let the plums rot, since the government is seizing pigs.

Czech Purge Predicted

In London, Dr. Peter Zenkl, exiled former deputy premier of Czechoslovakia, predicted the Czech Communist party is due soon for a "great purge." He said it has too many members, more than can be rewarded "for their work against democracy.

Wide Search Is Started In Caribbean For Missing Motorship With Complete Circus

BALBOA, C. Z., Sept. 8 (AP)—A small motorship carrying a circus—complete with lions, tigers and other beasts—is missing today in the Caribbean.

U. S. Navy planes from the Canal Zone, Jamaica and Guantanamo Bay, Cuba, have joined in the search for the vessel, the Euskera, which left Mariel, Cuba, Aug. 28 for Cartagena, Colombia.

She was due at Cartagena six days ago.

The Euskera, now under Honduran registry, was described here as a former yacht used by U. S. President McKinley.

The Havana agents for the 140-foot craft said she was carrying the Razzore circus. Accounts as to the number aboard varied. The Havana agents said there were 46 passengers and 11 crew members. Reports here said there were from 55 to 67 aboard. Colombia navy Captain Ruben Piedrahita said there were 51 aboard, all circus performers, handymen or their relatives, including 21 Colombians.

Blonde Texas Beauty To Make Debut In Miss America Show

ATLANTIC CITY, N. J., Sept. 8. (AP)—Blonde Bonnie Jean Bland of Orange, Tex., will make a double-barreled debut tonight in the 1948 Miss America pageant.

The slim, green-eyed miss, who graduates from the University of Texas in February, will display some of her oil paintings and then sing two songs in the talent division of the contest.

Not the least bit awed by all the hoopla that goes with the beauty contest, Miss Bland said "I feel right at home here."

Spectators In Gay Mood

The 20-year-old "Miss Texas" said the climate at this resort is just about what it is in Orange.

Her biggest thrill so far came yesterday in the pageant's two-hour mardi gras parade. On the boardwalk, Miss Bland said several persons in the 100,000 who lined the way called out they were from Texas.

Many children and some grown-ups caused her amusement, she said by yelling:

"Miss Texas, where are your six shooters.

"Hey, where'd you leave your horse.

"Don't you wear those Texas boots."

Prizes Attractive Too

Miss Bland will wear gowns she designed herself. In the parade, she wore a white evening gown set off by lace at the shoulder. She would not say just what the gowns she'll wear tonight and throughout the rest of the contest will look like. She hopes they'll get nods of approval from the judges.

If she comes through to the finals in which 15 girls are chosen from the 55 in the pageant, she'll qualify for a part of the $25,000 worth of scholarship offered as prizes. She hopes, of course, to carry off the $5,000 scholarship that goes with the Miss America title.

"I plan to go to the academy of fine arts at Chicago if I win a scholarship" she said.

About romance? Well, she's

Radar System Scheduled For Texas' Coast

HOUSTON, Sept. 8. (AP)—Radar protection for Texas' gulf coast is planned by the Air National guard.

Lieut. Col. Bill Nottingham, chief of staff of the Sixty-third fighter wing of the Air National guard, told of the radar screen yesterday.

He said National guard teams would be trained to operate aircraft control and warning stations as a preparedness measure.

Teams would be stationed at La Porte, Freeport and Beaumont and possibly Port Arthur and Galveston, he said.

Nottingham said if enemy planes were approaching this area, the radar team at Freeport might pick them up more than 200 miles away. The range of the radar arm is estimated at 250 miles.

With radar, the number of planes would be known, what their course of flight was and at what speed they were flying.

Warning could be flashed to the 134th control squadron at La Porte.

The controller at La Porte would alert Ellington field (Houston) with a "scramble" signal.

This would mean put every plane in the air immediately.

Col. H. R. Hoffman of the state adjutant's office in Austin and Lt. L. J. Ashcroft of the air force were in Beaumont yesterday in connection with the program.

Chicago Man Takes Sea Trip In Canoe

LA PUSH, Wash., Sept. 8 (INS)—A man sighted paddling a canoe 10 miles at sea off the Washington coast was picked up today by the Coast guard after he had spurned offers of help from a fishing vessel.

He was identified as Owen Douglas Young, 49, of Chicago, a logger who said he was paddling from Victoria, B. C., to San Francisco. He said he wasn't in a hurry.

Young told the Coast guard he left Victoria Sept. 1 and had paddled about 100 miles when he was picked up today southwest of La Push. The Coast guard said he had 5 gallons of water but not much food.

Young said he intended to put in to shore if he tired of paddling or if he ran out of food and water.

He was taken to the Coast guard station at La Push, where he was instructed to return to Canada because of customs and immigration rules — but not by canoe.

The U. S. customs learned he had left the canoe at La Push and ordered the Washington state patrol to pick him up for bringing foreign goods into this country without clearing customs.

Blood Bank Program Involves No Charge For Donor Service

The Lubbock county blood bank which has furnished 192 pints of blood to Lubbock county hospitals since it opened July 1 at Red Cross headquarters, does not in any case receive money in return for furnishing blood for transfusions nor does it in any instance pay a donor for blood, Ruel C. Martin, chairman of the Lubbock county blood donor service and a member of the board of directors of the Red Cross chapter, said Tuesday.

From its general funds, the Red Cross provides money for upkeep of the blood bank but it does not charge for blood.

The announcement was made because of rumors that some persons were having to pay for blood.

Such rumors, it was pointed out, may evolve from the fact that occasionally an out-of-county resident who receives blood from the blood bank will pay a donor replace blood, which is entirely transaction between the out-county resident and the donor

Since Lubbock is a medical center attracting patients from over a large area, persons receiving transfusions of blood from the blood bank are urged to see that blood is replaced. The replacement may be by a friend or, a relative of the recipient willing to replenish the supply so that blood will be available for other patients. If the recipient chooses to pay the donor, it is his decision and is not demanded by the blood bank, it was stated.

Setup Is Explained

A $5 maximum charge is made by hospitals for administration of a transfusion and is in keeping with the charge specified by the National Hospital association for administration of blood transfusions. It pays for use of liners, a disposable administration set, medication and attention of the nurse.

The hospitals make laboratory charges, which vary in amount, and cover cost of cross matching blood and other laboratory costs.

"The American Red Cross does not attempt to suggest to surgeons or doctors what they shall charge for administering or supervising a transfusion," it was stated. In most cases, a charge for supervision is not made as such to the patient.

Have Walking Blood Bank

In no case in which a patient receives blood from the blood bank is a charge made either for the blood or for drawing the blood from the donor nor payment made to the donor by the

Farm Storage Of Cotton Will Be Allowed

Changes In Loan Cotton Rules Expected To Benefit Farmers

Two important changes in the regulations for loan cotton should be of great benefit to South Plains farmers this season, Cong. Geo. H. Mahon said Tuesday.

Farm storage of cotton, not allowed in recent years on loan cotton, will be permitted under the loan, Mahon said, and warehousemen may accept cotton for immediate re-concentration at port centers if storage is not available in this area. The loan will be made effective on issuance of bill of lading.

Ruling Is Given

Information on the changes were given Cong. Mahon by Frank P. Biggs, regional director of the Commodity Credit corporation at New Orleans, by telephone Tuesday. Details of full regulations have not yet been formulated but will be announced shortly, Cong. Mahon said he was informed.

No cotton will be eligible for the loan if stored on the ground by warehousemen," Mahon said, hence the ruling that warehousemen may accept the cotton for immediate re-concentration at port cities.

With prospects for a bulk of the cotton crop going into the loan, the changes were almost mandatory if the crop was to move freely, the congressman pointed out.

He said the government had also promised expediting of classing of cotton so that granting of the loan to area farmers may be facilitated. Requests for additional classing offices in the South Plains area have been rejected due to shortage of funds and personnel but L. O. Buchanan, in charge of the Lubbock office, has promised extension of the services here to meet the demand.

"It will be a real test of the efficiency of the Commodity Credit program," the congressman said. "I have been informed that the box car situation this year is somewhat improved, so we can expect cotton to move faster by rail than in the last several years."

ews And Arabs Share Same Pet lates With British Number One

By DANIEL DE LUCE
Associated Press Staff Writer

JERUSALEM, Sept. 8.—Israelis d Arabs, though foes, share the ne pet hates.

The press on both sides of the fighting lines picks identical targets for villification. If you believe all that is printed, the three most diabolical enemies of Israel and the Arab world are:

1. The British government.
2. The American State department and/or President Truman.
3. Count Folke Bernadotte, United Nations Palestine mediator.

Arab commentators, of course, don't spare the Jews, whom they refer to as Zionist terrorists, and the Israelis continue to describe the Arabs as murderous barbarians. But that is routine. It lacks sting.

Bee On British Back

The sharpest barbs are hurled at Britain. In Israeli editorial eyes the British schemed for decades to frustrate the creation of a state embracing a Hebrew homeland—Palestine and Trans-Jordan.

When the scheming failed—so the charge goes—the British instigated, equipped and led an Arab invasion in a vengeful desire to exterminate Zionism.

The Arabs, on the other hand, call Israel an offspring of British policy aimed at permanently splintering the Arab world. The Arab set-back in Palestine, it is further alleged, was due to a British double cross and violation of solemn alliances.

The American State department, according to Israel commentators, find Arab oil thicker than Jewish blood. The department is accused of maliciously blocking the lifting of an arms embargo in Israel's favor, delaying a $100,000,000 loan and provoking British-American imperialism. President Truman is said to have succumbed often to the State department's sinister pressure.

The Arabs claim the President and the State department together betrayed 35,000,000 Arab friends of the United States in a bid for Jewish votes in the 1948 elections.

Count Bernadotte may be esteemed as a sincere humanitarian by most of the world, but both the Israelis and Arabs disagree.

Israeli newspapers continually brand Bernadotte as a British stooge seeking to confine Israel to ghetto frontiers.

The Arab press describes the mediator as a tool of western interests, promoting Zionist domination over the mid east.

Israelis and Arabs agree the truce observation is a farce.

The Israelis complain of scores of alleged Arab violations. The Arabs, for their part, profess to know that Israel is preparing for further aggression while United Nations observers frolic with former Irgun Zvai Ieumi and Stern gang girls.

In all the journalistic hubbub among Arabs and Israelis, Russia emerges virtually pure and uncriticized.

The Israelis describe the Moscow government as "our first friend." Russian policy toward the little state is given a perfect mark.

The Arabs are inclined to shrug off Russia's consistent sponsorship of Isreal as just what they expected and deny it caused them pain. They say the Russians behaved very logically and Moscow's policy can swing in the future to support the Arabs if and when the Arabs make up their mind to pay the Russian price.

Lubbock Man Gets Recall From Navy

Chas. Dvoracek, for the past year an employe of the City of Lubbock, has received orders from the Navy department to report for duty on October 1.

Dvoracek, a member of the Naval Reserve the past two-and-one-half years, served three years in the Navy during the war. He will return to active duty as a lieutenant (sg) and is scheduled to report to the USS John A. Bole, a destroyer, as a gunnery officer.

Dvoracek, who played football for Texas Tech from 1939 to 1941, entered the Navy in January, 1942. After the close of the war, he served 14 months with the Veterans administration before accepting the city post. He has been securing right-of-way for the traffic dispersal system through Lubbock.

Mrs. Dvoracek is to visit with relatives in Arkansas until her husband is located at a station. She will then join him.

Demos To Hear Rep. Rayburn

TEMPLE, Sept. 8 (AP)—Sam Rayburn will speak at a statewide rally of the loyal Texas Democrats Monday night in Fort Worth.

Byron Skelton, state chairman of the loyal Democratic organization, last night announced that Rayburn had "accepted with pleasure" the invitation.

Skelton said Rep. Rayburn, House minority leader, told him he had some thing to say that had not been said in Texas before and needed to be said.

Broadcast Planned

The rally on the eve of the state Democratic convention will be held in a downtown church. The time has not yet been set but Rayburn's speech will be carried on a statewide broadcast, Skelton said.

Skelton planned to open state headquarters for the loyal Democrats at the Blackstone hotel in Fort Worth today.

Commenting on the states rights Democrats meeting in Dallas today, Skelton said: "I think that all who subscribe to those beliefs should go to that meeting. They should have their own party—they are not Democrats."

Montana State's football team will travel to Honolulu to face Hawaii on Dec. 18.

Czech Consul General Quits

SAN FRANCISCO, Sept. 8. (AP)—After 20 years in Czechoslovakia's diplomatic service, Bohus Benes is a voluntary exile today—and looking for a job.

He resigned yesterday as Czech consul general here, predating his formal retirement to last Friday—the day his uncle, Dr. Eduard Benes, former Czech president, died in Prague.

Embassy Official Outraged

"I am not and cannot be a Communist," the 47-year-old Benes explained to reporters. "Marxism makes use of the inhuman methods of Nazism and Fascism."

As newsmen gathered to hear his announcement, Dr. Erwyn Munk, Czech embassy counsellor, stormed into Benes' office demanding to read the statement of resignation Benes, bemused, left it with Munk in an adjacent room and told the reporters:

"He is a Communist and a member of the embassy in Washington. Perhaps he came to 'enlighten' me on the 'advantages' of the regime."

Resignation Suspected

Munk later said he was just in San Francisco on vacation and knew nothing about the resignation. It was "suspected," however, he said, because "Benes is not in sympathy with the new government."

He telephoned Czech Ambassador Vladimir Outrata in Washington and a few minutes later announced that J. Kyjovsky would come from the New York consulate to replace Benes here.

"I think my country will live again," Benes said. "Czechoslovakia was a nation for 1,500 years. It cannot be destroyed by some 'ism'—Nazism or Communism. If I did not believe in ultimate change for the good, I would have nothing to live for."

Bandits Take $25,000 In Cash, Gems, And Apologize To Blonde

NEW YORK, Sept. 8 (INS)—Three "gentlemen" bandits relieved a beautiful blonde cover girl and her husband of $25,000 in gems and cash today with courteous regrets.

Lynn Gilmore, model turned restaurant manager, and her husband, Louis Levin, were robbed in their four-room, triplex apatment on Central Park south in the early hours of the morning after retuning from a Labor Day holiday.

Levin, 45, and his son Stewart by a previous marriage, were awakened by sounds in the living room of the fashionable apartment. When they investigated they discovered three men. Two of them were masked and the third had a gun.

The bandits took from Miss Gilmore a $15,000 marquis diamond, a $4,500 wedding ring and a valuable 32 carat star sapphire. From Levin they took a two-carat diamond ring and $500 in cash. When the bandits took a watch chain from Levin he pleaded with them to let him retain a locket since it contained his only picture of his late father.

The bandits politely returned it.

As the three bandits tied up Miss Gilmore, Levin and his son, one said to the pretty blonde:

"I hate to do this to you, blondie, but I'm being too kind and I'm afraid I'll get into trouble."

Brown pork chops in a skillet, then add some canned cream of mushroom soup flavored with a little grated onion and some soy sauce; cover the skillet and cook slowly until done.

Two Killed, Seven Hurt In Collision

HENDERSON, Sept. 8 (AP) — Two persons were killed and seven injured near here yesterday in an auto-truck collision.

Dead were Thos. J. Stack, 59 Beaumont, driver of the truck and Theodore Washington, 23, a negro, of Laird Hill, near Kilgore.

Sam Wooley of Henderson, route one, who was in the automobile, received critical head and chest injuries. Six negroes on the truck were hurt.

Texas Highway Patrolman W E. Speir said he identified the truck driver by a driver's license found in a billfold.

Community To Lose Telephone Service

LUMBER CITY, Pa., Sept. 8 (AP) The Lumber City Telephone company—born in the days when this community was a lumbering center—has succumbed to the ravages of time.

On Sept. 23, Mrs. Earl Peterman, who is paid $1 a day as the company's lone operator, will close down the switchboard she has maintained in her living room since 1927.

The 50-phone switchboard was taxed to capacity in the days when this community of 300 persons was a busy lumber town. Recently the number of subscribers dropped to 17 and the company's monthly income of $35 went mostly for Mrs. Peterman's salary.

Gradually through the years the wall-type wooden box phones went out of order and the telephone lines started to fall down. There just wasn't any money for repairs.

Finally, Mrs. Peterman obtained permission from the Pennsylvania Public Utilities commission to dissolve the company.

Edwin Melby Sawyer, new manager of the Philadelphia Phillies, began his managerial career in 1939, piloting Amsterdam, N. Y., to the Canadian-American League pennant.

AT 62, SHE GETS AROUND—BUT FAST—A veteran of 70,000 miles of motorcicling, 62-year-old Mrs. Edith Dorman, of Phoenix, Ariz., chats with Pittsburgh, Pa., filling station attendant Harold Wagner, as he gasses up her steed. She was en route from Phoenix to her mother's home in Hillsboro, N. H.

ple so scared as they are in this "people's democracy,'" he told a meeting of Czech refugees.

Most Czechs, he added, admire Tito for standing up to the Cominform. Borba had a few more remarks on that subject, too. He said Balkan and Danubian states — principally Albania, Bulgaria and Hungary — which are supporting the Cominform are undermining their own independence.

This had somewhat the ring of the same nationalism that Polish Communists are fighting.

The Polish campaign, like the one on Yugoslavia, is aimed chiefly at the "rich" peasants — the ones who own more land than most and can afford to hire labor.

What the Communists want is to set up cooperative agencies — including farm machinery pools — so as to force the peasants to funnel their produce to market through the government at fixed prices.

The peasants, in their "individual - mindedness," however, would rather make what they can by selling in the gray market.

While fresh peaches are in season try baking some of them around a small picnic or "daisy" ham. Choose large peaches, peel, half and pit, and baste with a brown sugar syrup during the last 20 minutes the ham bakes.

Baylor University To Receive $1,000,000 Of Baptist Budget

DALLAS, Sept. 8. (AP)—Baylor university is scheduled to receive $1,000,000 of the $10,000,000 denominational budget to be shared by fourteen Texas Baptist institutions in 1949.

The executive board of the Baptist General convention of Texas yesterday approved recommendations on how the institutions would share in the budget.

The board's suggestions must be approved by the Baptist general convention at Houston in November. In the past the board's recommendations have been followed.

The amount awarded to Baylor includes the main university at Waco, the schools of nursing and denistry in Dallas and the school of medicine in Houston.

Budget Is Increased

The budget adopted by the board yesterday represents a six-million dollar increase over the 1948 budget.

Other allotments: Hardin-Simmons unversity, Abilene, $500,000; Howard Payne college, Brownwood, $400,000; East Texas Baptist college, Marshall, $366,666; Mary Hardin-Baylor college, Belton, $333,333; Wayland Baptist college, Plainview, $333,333; San Marcos Baptist academy, San Marcos, $166,666; Decatur Baptist college, Decatur, $133,333; and University of Corpus Christi, $100,000. All these figures depend on the total budget figure being raised.

Other Causes Included

Also included are $2,900,000 for what was described as "southern causes" and $1,100,000 for "state causes."

Dr. Perry Webb, pastor of San Antonio's First Baptist church, was chairman of the survey committee which worked out the allocation of the 1949 funds. This committee also recommended that the post graduate school at Baylor be enlarged so that the university can confer the doctor of philosophy degree.

BIBULOUS—BUT FRIENDLY

INDIANAPOLIS. (AP)—The applicant for a pistol-carrying permit was honest but a little befuddled. A state police clerk picked up the application and found these entries:

Have you ever been arrested?—Yes, for Drunkness. Disposition?—Friendly.

The New York Central railroad was formed by the merger of 10 lines in 1853.

That Girl on Broadway says a wedding ring is like a tourniquet in that it stops your circulation!

* * *

Fair Warning: There will not be another Friday-the-Thirteenth until May of 1949. But, meantime, don't walk under any blacks cats!

* * *

A SMALL boy isn't happy unless he's doing at least one of three things: (1) eating; (2) getting dirty, and (3) making a whale of a lot of noise!

* * *

We see by the papers that a man on trial for bigamy told the court that at the time of his second marriage, he forgot that he'd been married before.

If that guy isn't careful, sooner or later he'll get hitched to the kind of woman who will continually remind him he is married!

* * *

That Man on Avenue Q says heredity is something every fellow believes in until his son starts acting like a fool.

* * *

Sudden Thought: The only thoroughly consistent man we ever knew was a crusty old coot who didn't give a hoot about anything!

* * *

ON Sunday afternoon, our phone rang for about the umpteenth time and a lady on the other end of the line began with, "Could you tell me the name of—"

Thinking it was somebody else wanting to know the name of the "mystery melody," on KFYO later in the day, we broke in to say we had no idea of the name of the mystery melody—which we didn't.

But the lady wanted to know the name of a newspaper in Baltimore, so a thousand pardons to her for breaking in on her question, albeit we can think of a better way to spend Sunday afternoon than by answering the confounded telephone.

This, then, is to inform everybody:

We have no way of knowing in advance the name of the mystery melody—except the way anybody can find out, i. e., by checking around with musicians in an effort to find out.

Since we do not expect to be called by the radio program (the odds must be about 1,000,000 to 1) we never expect to know the name of the mystery melody, except by accident, which is just as likely to happen to anybody else.

Please, please, please don't call us about the mystery melody!

H. A. Allen, who raises registered Chows at Sudan, saw our comment the other day about dog poisoners, with the accompanying offer to pay $25 reward for information which leads to the arrest and conviction of the first dog poisoner unmasked in Lubbock.

Mr. Allen thinks that's a good idea and says he'll add $25 to the reward, and will make it apply to any South Plains city.

So there's 50 bucks for anybody who comes up with information which leads to the arrest and conviction of a dog poisoner here; 25 bucks on any case in the area.

That might help put a stop to dog poisoning—or some of it, anyway.

* * *

THURSDAY night, Lubbock will be host to Gov. J. Strom Thurmond, of South Carolina.

Governor Thurmond is a candidate for President on the Southern Democratic ticket. He is the first Presidential nominee ever to come to Lubbock as a nominee and this city is honored in being chosen as a focal point for the airing of important party, sectional and national problems.

At the Thursday night rally, at which Governor Thurmond will speak, there will be a discussion of 1948 Presidential issues and, especially of the issues within what still is called the Democratic party.

* * *

Whether or not they agree with the Southern Democratic views on party and national issues, thoughtful South Plainsmen will hear Governor Thurmond and the others who will speak here Thursday night.

Governor Thurmond is not going to be elected President. He knows that. Everybody knows that.

But the fact that his cause is hopeless, from a vote-garnering standpoint, is not important.

What is important is whether Southern Democrats are going to permit the Northern and radical wing of their organization to take them over, lock, stock and barrel, without protest; whether they are interested in revolting against being ruthlessly shunted aside by President Truman and his clique; whether they will take the kicks lying down, or will stand up and fight.

* * *

THE leaders of the Southern Democratic movement contend that they and those who agree with them are the real Democrats.

They have considerable logic to support that contention.

The high command of what is called the Democratic party has deserted states rights — the cornerstone of the original Democratic party. Its program, as enunciated by President Truman, includes making it not the Democratic party, but, instead, a national labor party.

It has turned its back on the South — which always has been the backbone of the party, serene in the belief that Southerners will bow to its will, simply because they haven't gumption enough to do anything else.

Governor Thurmond; his Vice Presidential running-mate, Gov. Fielding Wright, of Mississippi, Gov. Ben Laney, of Arkansas, and others are "sticking their necks out" not in an effort to get elected to any office but, instead, in an effort to recapture a part of the Democratic party control for the South.

* * *

Mr. Truman and his clique have been heard; they will continue to be heard, because of their control of the party and because, as important national figures, what they say and do is news, and because they can commandeer radio time whenever they choose.

Governors Thurmond, Wright, Laney and the other leaders of the Southern Democratic wing should be heard, too, and the people should weigh their contentions against those of Truman & Co.

The issues are much more important than the personalities involved and we, the people, in order to be better citizens, should hear all the issues and study them.

* * *

THIS much must be said for the Southern Democrats: They are trying to get representation for the South in the highest councils of what is called the Democratic party. They know the way to get this representation is not by the South's tucking its tail between its legs and docilely trotting along behind the Northern and radical "Democrats" who have kicked and whipped it.

Either the South, by its defection from the Northern wing of the party, will force the leadership to recognize it — or it will continue, forever, in political slavery.

These are the issues Southerners should hear and ponder — and then decide for themselves.

The place to start listening and pondering is at the rally Thursday night.

BY ROBERT S. ALLEN: TAFT ON SENATE FOREIGN COMMITTEE WOULD POSE PROBLEM

Truman Withholds Justice From Alaskan Indians

(ED. NOTE—While Drew Pearson is on a brief vacation, the Washington Merry-Go-Round is being written by his old partner, Robert S. Allen.)

* * *

WASHINGTON.—Senator Robert Taft has a big surprise up his sleeve for the Dewey high command.

The able, forthright Ohioan intends to become a member of the crucial senate foreign relations committee in the next congress.

There will be two committee vacancies. Sen. Arthur Capper, Kans., and Sen. Wallace White, Me., long-time committee members, are retiring from public life. Taft's high seniority entitles him to one of these places if he wants it.

He wants it. He is prepared to give up his chairmanship of the labor and education committee or his seat on the finance committee to shift to foreign relations.

If Dewey is elected, Taft's presence on this key committee will mean headaches for the Republican administration.

Taft has firm views on large-scale foreign spending and foreign ties. These views, in a number of respects, do not square with those held by Dewey and his two principal foreign-affairs advisors, John Foster Dulles and Sen. Arthur Vandenberg. Also, Taft has no peer in Congress as a resourceful and determined fighter.

* * *

No Shut Out

In the past year, under Vandenberg's deft chairmanship, the foreign relations committee has been overwhelmingly "internationalist." Practically every important vote has been 13 to 0 that way.

That unanimity will cease with Taft on the committee.

Last spring, he reluctantly bowed to Vandenberg's stand on Marshall plan spending and other foreign questions because of the split G.O.P. command in the senate. Taft was in charge of domestic affairs, and Vandenberg the foreign field. Also, both were presidential possibilities and for the sake of party harmony, Taft accepted Vandenberg's leadership in his special field as the latter did Taft's in his area.

But those factors will not exist next Congress. Taft will have a free hand, and he plans to use it where he thinks it will do the most good.

Note—Taft does not aspire to the role of senate G.O.P. floor leader. He can have it if he wants it. He doesn't. His choice is Sen. Kenneth Wherry, Nebr.

WHEN Baron Silvergruys, dapper Belgian ambassador, was invited to attend the 35th infantry division reunion in Omaha, he was advised to wear his ornate official attire.

"The folks out there don't often see a foreign ambassador," he was told, "and they'll expect something extra special. You must take along all your fancy gear."

"I believe I understand what you mean," the Belgian diplomat replied. "They have a lot of jackrabbit out there, but no Belgian hares."

Hard Decision

President Truman is gingerly grappling with a new kind of "Red" issue.

It involves making a choice between two conflicting personal friendships and doing justice to Alaskan Indians. The President, apparently, is finding it a hard decision because he has been stalling on it for weeks.

Interior department officials drew up an order to establish a number of reservations in Alaska. The Indians claimed these lands under provisions of the Alaskan purchase treaty. The Federal Council of Churches and other organizations are vigorously supporting the red men's demands.

But northwestern fishing and timber interests vehemently oppose the reservations. They will cut into their lush profits. And fronting for these interests is dapper young Sen. Warren Magnuson, Wash., who makes a great pretense of being a staunch new dealer. A White House crony, Magnuson has exerted potent undercover pressure to stall creation of the reservation.

But down in New Mexico another White House crony is very irate over this. He is former secretary of agriculture Clinton Anderson, running for the senate against flamboyant Maj. Gen. Pat Hurley. Andreson is clamoring for speedy approval of the reservation order.

New Mexican Indians vote this year, and in the close contest their ballots should be decisive. Further, Hurley is ready to pounce on the issue as an example of the President's "insincerity" in his civil-rights pronouncements.

It will be interesting to see which way the President and Interior Secretary Krug jump on this question.

THE BIG Greco-Roman national archives building, on lower Pennsylvania avenue, is up against a serious housing shortage. It is running out of space to store the endless flood of government records and files. Archives officials see no other alternative but to ask Congress for a new building.

The bulging condition of national archives is an illuminating commentary on the stupendous amount of paper work ground out by government agencies. The archives building is only 14 years old. Starting with 1,000,000 cubic feet of storage space, the structure is fast filling up its last 150,000 feet. Meanwhile, permanent government records that national archives must preserve are piling up at the rate of 250,000 cubic feet a year.

Rep. Sam Rayburn, Tex., former speaker, is in heavy demand as a campaigner. The Democratic national committee has more requests for him than for any other member of the House. . . Maryland veterans of the famed 29th infantry division are blasting the army for demoting their wartime commander, Maj. Gen. Charles H. Gerhardt, to the grade of colonel. . . . Leon Henderson, former OPA director and head of the anti-Communist Americans for democratic action, is the economic consultant for a number of the largest industries in the country. . . While the U. S. is sending millions of dollars' worth of machinery and other supplies to China, the Chiang Kai-Shek government is allowing huge quantities of surplus war goods to rust untouched on Pacific islands . . . Justice department officials say positively there will be a perjury indictment in the Chambers-Hiss case, but won't indicate which one will be prosecuted.

THE Quibbles and the Squabbles —The mighty Met has settled with everyone (except next year's creditors) and it seems the Brooklyn once-a-week opera binges will be saved . . . There will be some ballet-shows, too, though not on the old scale that could absorb a fortune a season . . . I am happy over all this, because I have been drowned under bales of bleats from those who go for the stuff. If so many crave it and suckers want to wallow in the red ink, let us have hefty prima donnas, model B bassos, high notes and promissory notes . . . Guy Lombardo's speedboat, Tempo VI, which capsized and sank in the Detroit Gold Cup race, was not insured. It will cost $5,000 for repairs—not counting those on Guy's busted wing. No insurance is ever written on such a craft during races, only up to the moment it is put in the water and after the moment it is lifted therefrom . . . Miss Chen Yu, cover-girl prize-winner, will decorate Cosmopolitan's November issue. . . . Al Schacht, the clown, says he wants to do his act in a Haifa nightclub—the Haganah-Madrid.

MINNA EVERLEIGH, under her right name—which will not be here disclosed since her New York friends do not know of her past—is dangerously ill in a hospital. In her deep 70s, she is constantly attended by her sister, Ada, only a little younger. These, of course, are the notorius women who ran the Everleigh Club, in Chicago, America's most publicized bagnio, about which whole books have been written. It was on S. Dearborn Street, near 21st St., and was the most lavish on this continent. The sisters refused to pay off, closed down before the general order came to shutter the "Levee." They had money, came quietly to New York and bought a neat brownstone house on a side street West of Central Park. They went under their true names. They have an ancient little black imported limousine and a gray-haired chauffeur. They have lived quietly, their only public appearances being at dramatic first nights, preferbly in a box, buying the whole one when possible. I have seen them occasionally and we discussed old Chicago when it was wild and wide open, when beautiful sirens in evening gowns sipped champagne in the several lavish "parlors" of the Everleigh establishment, when visitors from all over the world came there and many important Chicagoans had charge accounts. But when the sisters quit they turned so respectable and sedate, no neighbor ever suspected that these genteel old women had queened it over a gilded palace of sin where royalty hit it up—for it was there that Prince Henry of Battenburg drank burgundy from the slipper of Vidette, the Everleigh Club's star inmate.

* * *

The Daily Worker has obliged with a nasty review of "New York: Confidential," the new book by Jack Lait and Lee Mortimer. The Communist shrieker objects to our treatment of "minorities". Those "minorities" include Communists, with no punches pulled. But it again brings up the question which has long puzzled me: Must one be indulgent with groups just because they are not as numerous as others? Minorities have the same right to reasonable treatment that more numerous types of citizens may expect. But, have they a better, higher right?

* * *

THE Unending propaganda of the Reds, who join themselves with all outnumbered classes—racial, religious, political, social—take the tack that minorities are sacosanct, must be handled with silk gloves, may not be attacker, must not be criticised. They go forth to defend members of such divisions even when they commit crimes. And many good people swallow that theory and subscribe to it, overwhelmed by organized professional movements pounding at the principle invented by the outvoted, that unhappy facts about such people, even as individuals, is "defamation" of whole classes.

* * *

I got an angry letter recently, stating sharply that the straight reporting of a police story was "in bad taste." I knew from the letter-head what that meant. The name I had published was characteristic of one of these classifications. I didn't invent the name, nor did I cause the incident. But, since the name identified the principal as not being a white Protestant of Anglo-Saxon origin, I should have spiked the item as injurious to a whole set of people. There are 100 offices in New York that make such beefs their sole business . . . I don't know where I got the idea, but I thought all Americans were equal, took their chances in this country on their merits, were all part of the great majority, the 140,000,000 of us. Could I have been so dumb all these years, before the Communists and other agitators began demonstrating that we are only what our fathers were, chained to alien heritage, unassimilated, marked as members of "minorities"?

SLEEP COSTS $1,000

GREAT FALLS, Mont. (AP)—It cost O. R. Stine $1,000 to sleep in the hog barn at the North Montana State Fair. He reported to police that his trousers, containing that amount, were stolen while he slept in the barn.

"I Don't Feel Anything Yet"

BY RUTH MILLETT: TO THE LADIES

The Feminine Viewpoint

BY model house standards they have a perfect house. Everything is in good taste and nothing distracts from the studied perfection of each room.

But it just doesn't look like a home. There's nothing in it that has been handed down from one generation to another, nothing old and loved and worn, nothing around because it has sentimental value.

MILLETT

There are a few magazines in sight — obviously chosen for the decorative covers, not for thier reading matter.

There is no evidence that any members of the family has a hobby or has any individuality that can be expressed in a home.

* * *

NOT JUST ONE HOUSE

IT is all new and spotless and perfect—and cold. If it were just one house it wouldn't matter. But more and more such houses are becoming an ideal in America.

Today's women are too much interested in creating a pretty picture and too little interested in creating homes that express all of a family's preferences, habits and interests.

They are too inclined to strive to keep up with all of the newest ideas in creating a background for their families and too willing to discard possessions that, if given a chance, might come to be a part of "home" in their children's minds. That is why so many houses today look like houses—and not like homes.

"Try And Stop Me"

ARTHUR DALEY recalls the year Shoeless Joe Jackson and Tyrus Raymond Cobb were waging a ding-dong battle for the batting championship of the American league. Jackson was unable to read or write but he had learned to decipher a box score. One night he bought a baseball extra, and observed that he had been credited with only one hit in that day's game.

"Hey," he grumbled to the newsboy, "these guys must work for Cobb. I had two hits today—a triple and a single. Whassa big idea?" "Maybe," soothed the newsboy, "it's just a typographical error." "Typographical error your Aunt Susie," cried Jackson. "None of the fielders came near either of those balls."

Victories For East And West In Cold War About Balanced

WASHINGTON. (NEA)—The indicated Moscow agreement to lift the blockade from western Germany to Berlin may at first glance look like a victory for the United States, Britain and France. The off-setting victory for the Russians is the right to have their money used in all four sections of Berlin. Whoever controls the money of any area may be said to control its economy.

EDSON

There are supposed to be four-power consultations on control of the money in eastern Germany. But four-power management of other postwar problems has been notoriously unsuccessful.

So it would be wrong to say that the Moscow negotiations between Premier Stalin, Molotov, Ambassadors Smith, Roberts and Chataigneau represent a victory for anybody or a settlement of anything. The Moscow negotiations must be considered only in relation to what has gone before and what is yet to come between Russia and the west.

The agreement does provide a convenient opportunity for a cold war review, to see where both sides stand. Battles that the United States and its Allies have won include these:

* * *

Communists Defeated

1. The Communists have been defeated in French and Italian elections. They have taken a set-back in Finland.

2. The Marshall Plan for Western European recovery seems to be catching on, though it is only five months old.

3. The so-called Truman Doctrine for aid to countries combating communism seems to be working. Without it, Greece at least and possibly Turkey might now be under Soviet domination. Russian aggression in Iran has been checked.

4. American, British and French zones of western Germany have achieved a degree of economic unity. A start has been made on drafting a constitution and setting up a provisional German government.

5. Foundations have been laid for building a Western European Union for greater political, economic and mutual defense co-operation.

6. American, British and French occupation forces are determined to stick it out in Berlin. The new Moscow agreement may make no promises about relaxing Communist pressure to drive the western powers out of Berlin. However, so don't put this one in the bag.

* * *

7. Political refugees from behind the Iron Curtain are escaping into non-Communist territory in increasing numbers. Olympic athletes who refused to go home after the London games and the breaks for freedom by the two Russian teachers in New York indicate that all is not happiness in the Communist paradises.

8. The Cominform's break with Marshal Tito of Yugoslavia is another indication of lack of unity.

9. A provisional, democratic government has been set up in the U. S. zone of Korea, but its strength is uncertain.

10. The United States controls the situation in Japan.

Against these favorable factors are a number of events which must be chalked up as Communist victories:

1. The Communist coup in Czechoslovakia was a hard blow.

2. Poland and Czechoslovakia and possibly Yugoslavia also were prevented from co-operation under the Marshall Plan.

3. Poland, Bulgaria, Romania, Hungary, Czechoslovakia and Albania have abandoned democracy for Communist dictatorship.

4. Writing of a peace treaty with Austria is stalemated.

* * *

Pact Is Setback

5. The Danube river pact just dictated by Russia and okayed by her six satellites was a definite setback for western ideals.

6. Resumption of East-West trade, which is necessary for full European recovery, seems remote. Even reparations payments are blocked—both ways. For all practical purposes, Europe is split in two.

7. Unification of Germany and the writing of a peace treaty with a new Germany has been effectively blocked by the Russians.

8. Agreement on government of Trieste is similarly blocked.

9. There is no immediate prospect for unity in Korea.

10. Effective operation of the United Nations has been made impossible by refusal of the Communist countries to join most UN agencies or to collaborate on most issues.

It is still anybody's war and its end is not yet in sight.

TAX EXEMPTIONS FOR OPERA

Strange indeed are the reasoning processes of those who direct the affairs of the Metropolitan Opera company.

They have denied somewhat heatedly that they seek a government subsidy to guarantee such "artistic" enterprises against losses. All they want, they explain, is an exemption from taxation. Any 'teen-ager of ordinary intelligence can perceive that anything taken off of Metropolitan's tax bill necessarily would be added to that of other taxpayers. It is doubtful whether any legislative body would approve a subterfuge so obvious.

The best hope of Metropolitan and smiilar endeavors still seems to be to substitute common sense for atrocious business practices which usually are chiefly responsible for their recurrent deficits.

If this plan should be given a trial, and failed to work, tax exemptions still would not be justified. It would be a tax upon all for the pleasure of a few. Most people doubtless feel that the few either should pay for those pleasures themselves, or do without them.

ATTENTION! ALL FARMERS!
GRAIN STORAGE
I am trying to get 50 or more buildings contracted for to be delivered to farms in this area for storage of maize. These buildings, if we are able to get this contract through, will have floor space of from 2260 sq. ft. to 4800 sq. ft. Every such building would be of the type used in making $5000.00 class houses after they have finished the use as storage for this crop. All southern pine and cypress with regular windows, etc. Similar or exactly like the buildings at Texas Tech. It is my belief that the storage of this one crop will save every farmer enough money to give him this fine building free. Our contract will call for delivery at once.

Violations In Health Device Field Serious, Official Says

WASHINGTON, Sept. 8. (AP)—A food and drug administration official declared today that "unprincipled adventures in the business of furnishing cure-all therapeutic gadgets are rampant."

"The violations encountered in the (health) device field are of a serious character," Dr. Irvin Kerlan, FDA medical officer told the opening general scientific session of the American Congress of Physical Medicine.

Claims Are Absurd

Although he stressed in a prepared report that most manufacturers are complying with regulations, Kerlan said the persistence of offenders seems to be "directly proportionate to the increasing absurdity of the claims they make for their contraptions."

"Even more tragic," he added, "is the fact that persons turn to these fraudulent pieces of equipment for the treatment of serious diseases which require immediate, competent diagnosis and rational treatment by a physician."

Describing a few devices he called "fraudulent" Kerlan said:

Vapor-Bath Device On Sale

"A vapor-bath system, consisting of certain non-volatile drugs and plumbing connections between a generator and bath cabinets which could be purchased for $2,200 was represented recklessly as effective for diabetes, abscess of the lungs, decay of the jawbones, and blood poisoning, among a list of other ailments.

"A device for administering an enema, priced at $1,190, was offered for the treatment of arthritis, rheumatism, neuritis, high and low blood pressure, toxic heart conditions, ulcers of the stomach and bowels, colitis, chronic appendicitis, gall bladder troubles, lumbago, and for good measure 'a host of ills that heretofore have been obscure.'"

David F. Boothe Is Thought To Be Dead

SANTA MONICA, Calif., Sept. 8. (AP)—The only brother of former congresswoman Clare Boothe Luce is believed to have perished in a plane crash off the Pacific coast.

David F. Boothe, a commercial pilot about 48, disappeared in a rented plane Sunday. A party of sea scouts reported seeing a similar plane crash into the ocean two miles offshore and six miles south of Santa Monica.

The Coast Guard planned to start dragging the area today after propeller fragments and aircraft seat cushions were found.

A veteran of both world wars, Boothe won the air medal, four bronze stars, purple heart and a presidential citation for his service as an air corps pilot in the recent war.

Mrs. Luce, former representative from Connecticut, is believed to be Boothe's lone survivor. He had been living at nearby Ocean Park.
