Congress Urged To Summon MacArthur

Wainwright Urges Congress To Hear General's Views On Preparedness

By JACK RUTLEDGE
Associated Press Staff Writer

WASHINGTON, May 7—General Jonathan M. Wainwright, the Bataan hero, told Congress today: bring General Douglas MacArthur home, because the "enemies of the United States, seek civil war and revolution in this country.

Wainwright said in a letter to Republican leaders of Congress that "no man in this country suffered more because of lack of preparedness, except possibly myself, than Douglas MacArthur."

Experience Is Praised

He added:

"He (MacArthur) knows only too well that the present enemies of the United States and our world desire first to accomplish their objectives of the destruction of our constitutional democracy by means of revolution and civil war.

"Their last resort only would be real war from the land, sea and air . . .

"There is no officer in the United States armed forces whose experience in any degree equals that of General MacArthur . . .

"Why does the Congress of the United States not order General MacArthur back to testify before it and give the country the benefit of his vast knowledge and these dominant, all-consuming necessities of today?"

Wainwright's letter was made public by the national veterans committee for MacArthur for president. He heads the committee.

Schedule Announced

The former Bataan commander said he had received no reply to a cable he sent yesterday urging MacArthur to come home from Tokyo to "inspire renewed hope and unity."

The retired general's statement came as Senator Taft (R-Ohio) announced a Senate working schedule designed to permit a June 19 adjournment. The draft, and whatever other military manpower proposals come out of the Senate Armed Services committee, are on the schedule.

Senate Republican leaders said the push to end the present session in mid-June may prevent action on a number of bills.

But, said Taft, "we will take up anything that comes out of the Armed services committee."

Committees in both House and Senate have been working on plans for a temporary draft and other

Top GOPs Back Atomic Setup

WASHINGTON, May 7 (INS)—Top Senate Republican leaders threw their support today behind the Hickenlooper-Johnson bill to tinue the terms of present Atomic Energy commission members for two years.

Senate President Vandenberg (R-Mich), endorsed the measure and Sen. Taft (R-Ohio), chairman of the GOP policy committee, announced that he would "go along with it."

There were renewed rumblings, meanwhile, of a veto by President Truman if it is passed by Congress. Sen. McMahon (D-Conn), leading administration spokesman on the joint Congressional Atomic Energy committee, said:

Veto Is Hinted

"If I were the President I would veto it."

Sen. Hickenlooper (R-Iowa), committee chairman and co-author of the bill, said in response to questions that he "couldn't imagine" a veto.

Still the President has accused Senate Republican leaders of playing politics with the atomic energy program by delaying action on his renomination of the entire commission. He charged that the delay would cast "a pall of uncertainty" over the program.

Republican leaders are planning action on the bill ahead of the President's reappointments to the commission. Specifically, it is regarded as a GOP counter-proposal to the President's renomination of David E. Lilienthal as atomic commission chairman for five years, and the other four members for varying terms.

RESIGNATION IS ACCEPTED

WASHINGTON, May 7 (AP) — President Truman today accepted the resignation of David K. E. Bruce as assistant Secretary of Commerce, effective tomorrow. An exchange of letters between Bruce and the President did not disclose why Bruce is leaving the post. There have been reports that Bruce plans to take a top position under W. Averell Harriman, ambassador-at-large for the European recovery program.

Truce Is Set In Jerusalem

By REGINALD SIEGEL
(INS) Staff Correspondent

JERUSALEM, May 7 — Arabs and Jews tonight agreed to a cease-fire order in the Holy City of Jerusalem, effective at noon tomorrow (4 a. m. CST).

Announcement of the truce acceptance by leaders of both sides came in a British communique even while the crash of artillery and mortars rocked sections of Jerusalem and other parts of Palestine.

Fight Rages

Cease-fire orders were issued by Haganah, the Zionist militia, and Abdul Rahman Azzam Pasha, Arab league secretary-general.

While Lt. Gen. Sir Alan Cunningham, the British high commissioner, was telephoning the truce agreement from his Jerusalem home to the information office, three - cornered fighting raged in the Jewish Yemen Moshe quarter.

Cunningham's staff was reported to have lain on the floor seeking cover from flying bullets while their chief announced the cease-fire pact.

Details Not Learned

Details of the cease-fire order were not immediately known, but it was reported that the Jews and Arabs still disagree on Jewish access to the vital Jerusalem-Tel Aviv road link.

World religious leaders have been calling for a "truce of God" to protect the Christian, Jewish and Moslem shrine city, as was successfully invoked on warring European nobles in medieval days.

To Proclaim State

The Jews, meanwhile, are going ahead with plans to proclaim their state May 16. Certain departments—including the justice and economic departments—reportedly will be functioning even before the state is formally announced.

United Nation commission members hope a Jerusalem truce can be extended throughout the Holy Land—but the fighting continued tonight.

Haganah announced capture of Safad, a strategic Arab stronghold north of the Sea of Galilee and a southern Arab village, Quatra.

Lubbock Man Opens New Pool With Brown County Wildcat

BROWNWOOD, May 7. (AP)— A new wildcat well, three miles northeast of May, Texas, in Brown county, opened a new pool today.

W. C. Estes of Lubbock and others brought in the well on 154 acres of the Blair estate, block 17, Jesse Dickinson survey. It is flowing 200 barrels daily through an eight-inch choke with 350 pounds tubing pressure at 1,400 pounds bottomhole pressure. There was no water. The oil was 44 gravity.

The well is eight miles from Blake field, the nearest production. The well was acidized with 1,000 gallons through 80 perforations at 2,870-2,904 feet in the marble falls lime. It flowed without swabbing.

Evans Looms As Candidate For Governor

By DAVE CHEAVENS
Associated Press Staff Writer

AUSTIN, May 7—Friends of Rep. Roger Q. Evans of Denison sought today to put his name on the Democratic ballot for governor, but Evans was not ready to say whether he would run.

Evans, state commander of the Veterans of Foreign Wars and foe of Governor Beauford H. Jester on many issues, said he was thinking about it.

He said the same thing on April 17, and it was known here that he has been conferring with anti-Jester forces over the state for several months. Jester is expected to seek a second term. No other major opponent has been in prospect until today.

Evans Is Interested

Evans said he thought he would make a definite announcement as to whether or not he would run within ten days.

"I am definitely interested. I am surveying the situation," Evans said in comment on the action of 28 voters of West, McLennan county, in petitioning the state Democratic executive committee to place his name on the ballot as a candidate for governor in the July 24 primary. They paid the required $100 filing fee.

Evans could request the committee not to print his name on the ballot.

Evans, 55, is completing his fourth term as a member of the House of Representatives. He opposed the labor regulation bills passed by the 50th legislature, is an advocate of natural resources taxes, and sponsored an unsuccessful bonus bill pending during the last session.

Describes Program

He has not generally been classified with the Democratic group in Texas bearing the "liberal" label, but he has sided with those forces on many issues. He was regarded here as a possible candidate who could draw considerable liberal and other anti-Jester support.

Asked today if he was a liberal, Evans replied:

"Just what does that term mean?"

"If it would put me in the extremist class, I am not a liberal, but I believe I am if it means support for education, public health, better farm-to-market roads, soil conservation and general improvement of agriculture."

Evans said he thought additional taxes on natural resources should be used to finance such things.

He has been outspokenly critical of Gov. Jester on the question of a veterans' bonus and of Jester's support of the constitutional amendment providing a building program for the state colleges and universities. He fought the building amendment in the legislature and before it was adopted by the voters. The amendment is now being contested in court and Evans has said if it is upheld, he will take his fight to the people.

The amendment was widely opposed in West Texas.

Stassen Claims He Will Win In Oregon

(By The Associated Press)

Harold E. Stassen laid tentative claim to Oregon's Republican delegates Friday. He spoke out even as Gov. Thomas E. Dewey campaigned hard for the state's 12 votes in the presidential nominating convention.

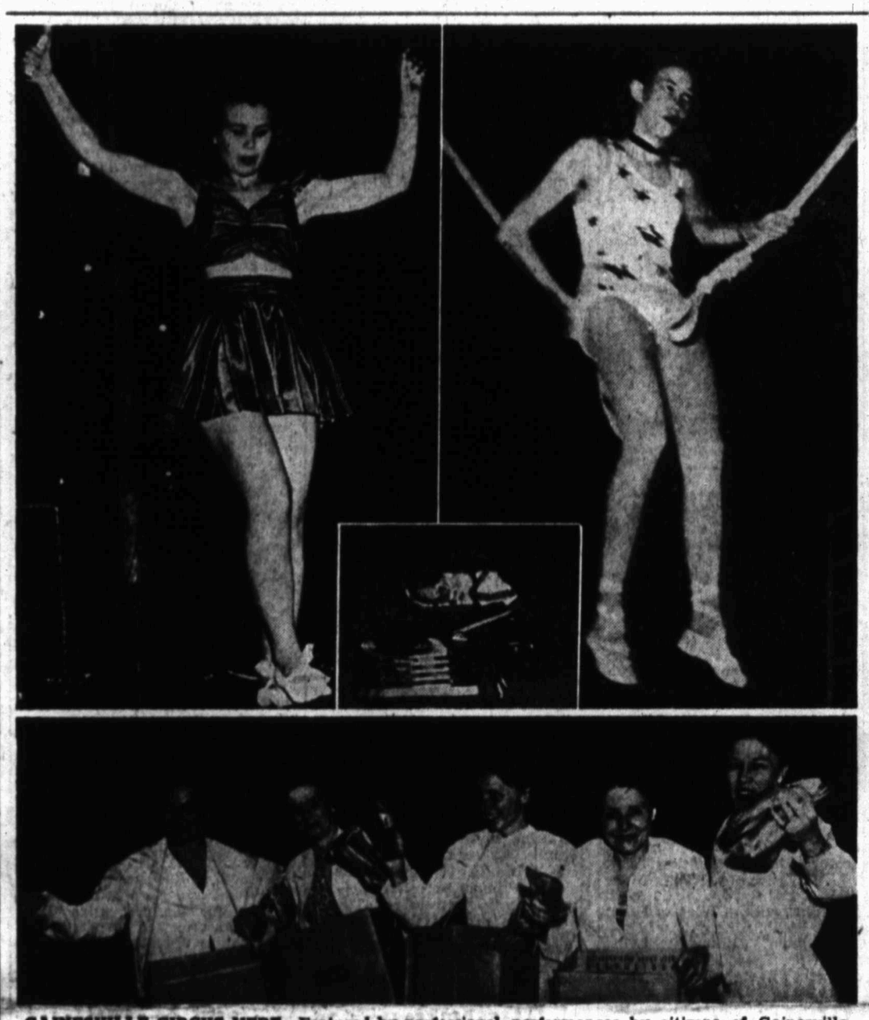

Stassen, in Washington, D. C., overnight, told reporters:

"The indications are that the people of Oregon will support us in the way the people of Wisconsin and Nebraska did."

Dewey meanwhile carried his Oregon campaign into the southern part of the state. In a speech at Medford, he praised the U. S. Senate for voting a 70-group air force and overruling "men of little vision in our national administration."

On the Democratic side, the civil rights issue popped up again. Senator Olin Johnston (D-SC) said that most southern senators must stay in Washington next week "to fight anti-segregation instead of going to Jackson (Miss.) for the southern Democratic conference."

White House Talks Fail To Break Rail Strike Deadlock

GAINESVILLE CIRCUS HERE—Featured by professional performances by citizens of Gainesville, the Gainesville Community Circus opened a two-day stand at the Panhandle-South Plains Fairgrounds Friday afternoon. Another show was given last night and two more will be given this afternoon and tonight. In the top pictures are pictures of three of the acts, left is Miss Diana Wimberly walking the tight wire and to the right is Miss Genece Flowers in a graceful and daring aerial act. Insert shows Frankie Schmidt, Gainesville automobile dealer-clown, as he drove his midget car around the track. Bottom picture shows Lubbock women as they hawked hotdogs, left to right: Mrs. Dan Harrell, Miss Joardis Park, Mrs. H. A. Anderson, Mrs. Walter Clark and Mrs. L. D. Marshall. Twenty-Day Postponement Of Walkout May Be Asked

Outlook Dark For Averting Strike; Officials Summoned For New Talks

By FRANCIS J. KELLY
Associated Press Staff Writer

WASHINGTON, May 7—A day-long round of White House conferences today failed to produce a formula to head off the threatened railroad strike.

Negotiators were shunted in and out of the White House on makeshift schedules—all "without definite results."

That was the way one of President Truman's helpers summed up the situation after these developments:

Another Meeting Set

1. The heads of three key railroad unions which have voted to strike next Tuesday conferred twice with John R. Steelman, the President's labor trouble-shooter. The union men said things were just discussed "in a general way" and that Steelman presented no formula for heading off the strike.

2. Steelman instructed the railroads to send their negotiating committee to the White House "as early as possible" tomorrow morning. The carriers' bargaining unit was in Chicago today.

3. Immediately after his second conference with the union men, Steelman called in W. T. Faricy, president of the Association of American Railroads. He also had talked with that management representative yesterday.

4. The word went around that the White House, as a last resort, is ready to ask for a 20-day postponement of the strike. One of the union chiefs said, however, that such a postponement was not discussed at today's conferences.

Union Chiefs Meet

Charles G. Ross, Mr. Truman's press secretary, told reporters that the conferences were "exploratory" and that the union men would be called back if Steelman wants to see them after he has talked with the representatives of management.

Present at the two meetings were Alvanley Johnston of the Brotherhood of Locomotive Engineers, David B. Robertson of the Firemen and Enginemen, Ar-

Curb On Food Supply Looms

(By The Associated Press)

CHICAGO, May 7—Preparations for Tuesday's railroad strike threatened to hit American food tables a long range wallop today.

Handling of new shipments of perishable foods, poultry or livestock were refused under embargo orders put into effect by six railroads last midnight. At least 54 other railroads have announced similar embargoes will be in effect by tomorrow or Sunday.

These embargoes are to prevent cargoes from being stranded out on the lines, and threatened with spoilage, when the strike deadline arrives.

Potato Shipments Canceled

If the strike is averted, no important shortages are expected to appear because of the embargoes. Stocks on hand or still in transit will tide consumers over at least for a few days.

Instead of setting a general embargo deadline, some railroads have instructed their agents to continue accepting perishables only where delivery before the strike deadline is assured.

At Presque Isle, Me., all potatoes shipments out of Aroostook county were canceled today by the Bangor & Aroostook railroad, effective "after Saturday's freight." If the strike comes, potato industry spokesmen said, between 2,000 and 3,000 carloads will have to be moved by boat or diverted to starch or alcohol.

Mail Delivery Studied

At Cincinnati, Lesie O. Boles, superintendent of the railway mail service's fifth division, said "plans are all ready and can be put in operation in an hour's time" for emergency mail service.

In event of a rail strike, he said, the postmaster-general will re-

Embargo To Affect South Plains Area

The Santa Fe general offices in Amarillo yesterday announced an embargo for the entire system on livestock, live poultry and perishable freight from all connecting lines, provided the freight cannot reach its destination by strike deadline at 6 a. m. Tuesday, according to an Associated Press report last night.

Lubbock agents of the Santa Fe and Fort Worth and Denver lines had not received notification of embargoes on freight late last night, but such notification was expected momentarily.

The railroad strike, if it materializes, will halt all rail traffic in and out of Lubbock, just as rail transportation will be paralyzed throughout the country.

The embargo applies only to shipments of perishable livestock character received from connecting lines which cannot be delivered before strike time, and not to traffic originating on the Santa Fe, a spokesman for the general offices said.

Four Are Killed In Plane Crash

WALSENBURG, Colo., May 7 (INS)—Four persons lost their lives tonight in the crash of a light plane at a private field near Walsenburg.

The dead were identified by Coroner Dan Unfug as Elmer Cannon, 17, of Walsenburg; John Dowd, 27 of Garden City, Kans.; William J. L. Rashleigh, 49, of Wichita, Kans., and Pilot Newton Ingram, 46, also of Wichita.

The coroner said that all four were killed instantly.

Brother Watches Crash

Two Walsenburg men, one of them a brother to one of the victims, said they witnessed the crash. Carl Cannon and Harold Clair said the plane flew twice around the field, and seemed to have developed engine trouble during the attempt to land.

Cannon said he tossed his hat in the air so the pilot would be able to determine the wind's direction.

As the plane began to bank, it plummeted toward the ground nose-first, Cannon said, and turned completely over before bursting into flames.

The younger Cannon brother had driven to Kansas yesterday and was returning with Dowd and Rashleigh, who reportedly were refrigeration engineers employed to direct installation of a frozen food plant owned by Clair and Cannon.

AMARILLO MAN DIES

DENISON, May 7 (AP)—Albert C. Rudisell, 54, of Amarillo, died here today, a victim of injuries sustained Wednesday when timbers were being hoisted by a crane at Denison dam fell on him. Rudisell was helping install a generator unit at the dam.

Two Injured In Highway Mishap

Two persons were injured, one seriously, when an automobile collided with a truck about 6 p.m. Friday, 14 miles south of Lubbock on the Tahoka highway.

Buddy Bragg, 19, Tech student of Tahoka, suffered severe gashes on both sides of his forehead and a possible concussion. About 12 stitches had been taken in the wounds. He was being observed in West Texas hospital last night.

Aurelio Hernandez, 60, of 1725 Ave. H, sustained heavy bruises on the chest and knees.

Students Returning To Lubbock

Bragg was returning to Lubbock from his home, and was driving a 1947 Chevrolet coach.

He crashed into the right side of a 1929 Chevrolet truck, driven by Hernandez, as the latter was making a turn to the left in front of the oncoming car, according to the highway patrol. Hernandez had been driving south, the patrol said, and was believed going to a residence a short distance east of the highway, about three miles south of Woodrow.

Both of the victims were traveling alone, preliminary investigation at the scene of the accident indicated. Several other persons

High Winds, Rain And Hail Strikes Northeast Mexico

MEXICO CITY, May 7 (AP)—High winds, rain and hail disrupted land, air, and wire communications last night in northeast Mexico. All was normal today, and no casualties nor heavy damage were reported.

A cold front from Monterrey well out into the Gulf of Mexico touched off heavy thunderstorms in the belt from 8 to 10 p. m. (CST). Icing conditions and sharp winds from an altitude of 2,000 feet to well above 40,000 forced planes to return to their starting points.

A storm was reported on the Pan-American highway at Tamazunchale, 230 miles north of here, but tourists driving through the winding mountainous stretch to Jacala and Valles reported no damage.

FORMER PREMIER HANGED

RANGOON, Burma, Saturday, May 8 (AP)—Former Premier U Saw and five conspirators were hanged at dawn today for the attempted coup and assassination of seven cabinet members last July 19th. U Saw was executed at 5:15 a.m. The others followed him to the execution grounds at intervals.

Two Performances Of Show Set Today

Gainesville Circus Draws Good Crowds

By R. C. HANKINS
Avalanche Staff Writer

IF YOU missed seeing the Gainesville Community circus here Friday, don't fail to see it today.

Two good crowds attended the afternoon and night performance Friday, with the latter program attracting the largest turnout.

It's no Ringling Bros. and Barnum and Bailey, but it is the third largest circus in America in number of performers who take part in the two-hour three-ring program—and every performer is an amateur who gets not a farthing for his services!

In other words, from the aerial artists, acrobats and equilibrists, to the tight wire performers, jugglers, equestrians, trained animals and something like 50 clowns, everyone is just a Gainesville resident who earned his place in the circus as a sort of community aspiration that came true—after trying since babyhood, in many instances. All money earned goes "back into the circus" to be administered by a directorate to insure its continued growth.

Performances Are Praised

But don't get the idea that those lawyers and teachers and janitors and those kids 'way down in their teens can't perform. The Big Time has been angling unsuccessfully for entire acts, not to mention some of the more flashy individual performers. And states so far away as Florida have sought unsuccessfully to book the circus.

Ten film companies have filmed the circus for news reels and short subjects. No less a showman than Billy Rose has "gone overboard" in praise of it. "The most delightful thing I have ever seen," he said. "The circus has become the envy of professionals through-

Warm And Dusty Is Forecast For Today

Lubbock and the South Plains was hit with small dust clouds yesterday as most of the state had fair, warm weather with a few of the more pleasant clouds.

Today held the prospect of more of the same, according to the Weather Bureau station north of the city, which predicted strong southerly winds up to 30 miles per hour.

The maximum wind velocity yesterday was 31 miles per hour at 10:30 a. m., with gusts up to 35 miles per, the weather station reported.

A high temperature reading today of 95 degrees was expected. The official forecast for today and Sunday was partly cloudy and continued warm.

Condemned Man To Give Eyes To Blind Freshman At H-SU

HOUSTON, May 7. (AP)—When the electric chair at state prison ends the life of a condemned murderer next month, his eyes may restore the sight of Alfred Johnson, a blind freshman at Hardin-Simmons university, Abilene.

Joseph Lee Saulter, who is to die June 9, for the slaying of a girl in Galveston last year, consented today for his eyes to go to Johnson after the chair exacts its penalty.

"If I can help the boy, I'll be glad to do so," Saulter said in a death cell interview. "I'll be gone anyway."

At Abilene, young Johnson was almost speechless with happiness when he was told he has a chance to regain his sight. He said a doctor told him two years ago that such an operation would not be successful but that "others seem to think it can be successfully performed."

He will go to a doctor in Abilene tomorrow for further consultations.

GIRL HOLDS PISTOL ON PILOT

Two Planes Carrying Fugitive Czechs Land In American Zone

By THOMAS A. REEDY
Associated Press Staff Writer

MUNICH, Germany, May 7 — Two planes carrying fugitive Czechoslovaks, one a girl who held her pearl-handled pistol at the head of the pilot, have landed in the American zone of Germany, it was disclosed today.

In one case the passengers on a Czech commercial airliner shanghaied the pilot and radio operator.

In the other, the pilot of a small two-seater Czech training plane shanghaied his passenger.

The two-engined liner came down at Erding, U. S. fighter base 25 miles from Munich, with five passengers and a disgruntled crew of two Wednesday morning.

The Czech trainer had a forced landing Wednesday afternoon in a field near Ingoldstadt with two occupants, the pilot who wanted to get out of his Communist-dominated homeland, and an Army lieutenant as his unwilling passenger.

The pilot and radio operator of the liner would have nothing to do with the three men passengers and two girls who told U. S. Air Force officers this story:

DIXIE REBELLION BOILS ANEW

Truman's Speaking Tour To Be 'Non Political,' Secretary Says

By FREDERIC TUTTLE
INS Staff Correspondent

WASHINGTON, May 7 — The White House declared today that President Truman's cross-country speaking tour will be non-political as a southern revolt leader asserted his state will not contribute "one Confederate dollar" to the Truman campaign.

Presidential secretary Charles G. Ross' "no politics" statement, taking exception to interpretations of Mr. Truman's 6,000-mile, multi-speech trip as a campaigning venture, was received by political observers with tongue in cheek.

The South's simmering rebellion against the President's civil rights program boiled anew as Sen. Johnston (D-SC), answered a funds appeal by Democratic national committee chairman McGrath with:

"In South Carolina I could not possibly raise one Confederate dollar for the national Democratic party as presently constituted. In fact, I wouldn't attempt it.

"In my opinion, you could best serve the party by opening the eyes of Harry Truman to the obvious and urging him to withdraw."

SECRECY IN THE CONDON CASE

Thorough Inquiry In Order

THE Commerce Department and President Truman have done nothing to quiet suspicion of Dr. Edward U. Condon, head of the U. S. Bureau of Standards, by their refusal to make available to Congress the loyalty file bearing upon his case.

The only deduction possible from this refusal is that the secret record will support the recent charge by a House un-American Activities subcommittee that Dr. Condon is the "weakest link in the nation's atomic security" because of his associations with communists and their sympathizers.

The pretense by the Commerce Department and the President that access to the Condon files is being refused because it might set a precedent borders upon the ridiculous.

If there was such a "danger," it could be offset by stipulating that the release of this particular file did not prejudice the department or the administration in whatever right they may have, if any, to withhold similar information in other cases.

In the Condon case, the public must assume the loyalty file is being withheld because it won't stand exposure to the light of day. The supposition must be that it might tred heavily on toes in higher political positions than that occupied by the Bureau of Standards head.

It is a type of attempted secrecy which supplies added reason for congressional persistence until it has gone to the bottom of the whole smelly Condon affair.

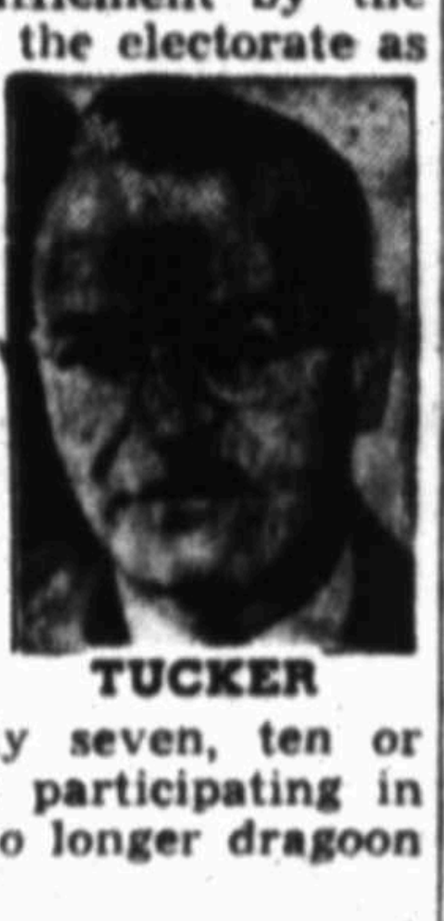

REASON FOR STASSEN GAINS SEEN

Political Bosses Losing Power

By RAY TUCKER
Special Correspondent

WASHINGTON—The presidential year of 1948 already promises to be another of those periodic twilights when shadows are cast upon the old-fashioned political bosses by violent storm clouds which they have not yet learned to understand, manage or control.

The backroom, wire-pulling boys admitted bafflement by the bewildering voting habits of such unruly elements of the electorate as the 15,000,000 or more veterans, the new crop of first voters, aroused feminine consumers, divided labor groups, the colored people and racial minorities wounded by the Administration's foreign policy inconsistencies. These people are strangers to the professional "pols," who were never exceptionally bright. It is not the surprising showing of Harold E. Stassen in several presidential primaries which puzzles and grieves the political graybeards, although he has come to symbolize the revolt. But he does not account for the fact that Leo Isaacson, a Wallace entry, swamped Boss Ed Flynn's candidate in an erstwhile Tammany district.

TUCKER

Nor does the Stassen sweep explain why only seven, ten or fifteen per cent of the registered voters have been participating in these preconvention contests. The organization can no longer dragoon their mob to the polls.

• • •

SHOCKING: The three machines which F.D.R.'s favoritism seemed to have made impregnable—Tammany, the Hague outfit in New Jersey and Ed Kelley's Chicago regency—are cracking up. It is doubtful if any of these three states will be found in the Democratic column next November. The current leaders cannot make up their minds whether to support or desert the President.

The Republicans are in no better shape, although they may sweep the country next fall because it is their turn to win after sixteen years of Democratic rule. They have not Mark Hanna, Boies Penrose or even a Harry Daugherty.

If they had, they would not now, less than seven weeks before the national convention, be wailing the way in which young Stassen has been slaughtering their most prominent presidential possibilities.

The most shocking tip-off on the bosses' futility is that leaders of both parties have been courting "Ike" Eisenhower so shamefully, although they do not know whether he is a Republican or Democrat. They do know, however, that he has never worn a political button or entered a political clubhouse in his life. Yet they are willing to accept him to save their own worn-out hides.

• • •

EMPLOYMENT: The underlying factors behind the bosses' predicament are not difficult to identify and the more astute among the ruling crowd recognize them. But the ordinary political run do not seem to recognize that, at least temporarily, they no longer control the levers of vote-making machines.

Full employment, even labor shortages in some lines, is one of their greatest hazards. In view of the small pay to be earned on government jobs, folks prefer to work in factories instead of municipal, state or federal offices. They do not have to stand, hat in hand, before the big boy's desk, with a recommendation from their district or precinct leader. Therefore, they are under no obligation to "vote your job."

Millions—women, school-age youngsters and veterans—learned how to handle machinery during World War II. Now, with industry calling them back to help meet normal domestic demands, the foreign aid program and defense manufacture, they are heading for private employment offices instead of the nearest political headquarters.

First voters, especially veterans, are sick of the old, partisan shibboleths and the ancient faces, particularly those at Washington. Stassen's greatest asset is that the Deweys, Tafts and even the Vandenbergs, have been hanging around too long. Therefore, the curiosity about the Minnesotan and General Eisenhower.

Hearing Set In Jones Case

CROSBYTON, May 7 (Special)—After being twice convicted for murder and assessed the death penalty W. Fred Jones, 37, will appear with his attorneys before Judge Dan Blair of the 72nd judicial district at 10 a.m. Saturday to urge a new trial.

The state will be present to controvert the motion.

Jones, a Floydada grocer, was convicted of the Sept. 27, 1946, slaying in Floydada of H. C. Love, jr., 23—the first time in Hale county, the second time in Crosby county.

Conviction Reversed

The Hale county conviction was reversed and the cause remanded. The court of criminal appeals' opinion noted that "express malice" had not been proven by the state, and that the defense offered explanation for the killing that Jones had discovered existence of an illicit relationship between his wife and Love, an employe of Jones' grocery, after an evening of heavy drinking.

"If the defense is fabricated, the state has failed to produce any affirmative evidence to so indicate," the opinion continued.

The cause was transferred on motion of the court from Hale to Crosby county for trial.

In the motion for a new trial, the defense, it was understood, will charge that the 72nd court's charge, read to the jury before the jury was retired to consider its verdict, nevertheless was not delivered to the jury by officers of the court until the jury was ready to report its verdict.

Otherwise, it was understood, the motion will be usual in form and affirmance.

The annual meeting of the West Texas Historical association, held each year by persons interested in the history and records of this part of the state, will get under way at 9:45 a.m. today in the Southwestern room of the library building at Texas Technological college, Dr. W. C. Holden, head professor of history and anthropology at Tech, has announced.

Appearing on the day's program are R. C. Crane of Sweetwater, president of the association; Dr. R. N. Richardson, president of Hardin Simmons university at Abilene; John R. Hutto, Abilene; Holden; Dr. Oscar A. Kinchen, professor of history at Texas Tech; Col. M. L. Crimmins, San Antonio; Robert Earnest Lee, jr., and J. H. Williams, both of Wichita Falls; and J. R. Webb, Albany.

Out-of-town visitors will be guests of the Texas Tech members at a luncheon in the college cafeteria at 12:30 p.m. Residents of Lubbock are invited to attend the luncheon, but Dr. Holden asked that those planning to attend make reservations by calling his office at the college prior to 9:30 a.m. today.

New Mexico Wildcat Test Is Reported Flowing Oil

No 1-A Sawyer, Mid-Continent Petroleum corporation's wildcat oil test in extreme northeast Lea county, New Mexico, gushed 887 barrels of 40 gravity oil in six hours through a three-quarter inch choke, according to reliable reports received here Friday. The well is a short distance east of Crossroads.

The well is now shut in, and due to be completed soon, the report said. During the last hour of the test the oil was cut with three and one half per cent sediment. There was no formation water.

The production is believed by geologists to be coming from the Devonian lime. The oil-bearing section is at 12,115-215 feet, and oil is coming through perforations in casing which is cemented on bottom at 12,358 feet. The perforated section has been ashed with 1,000 gallons of acid.

The new discovery is 660 feet from the south and 1,980 feet from east lines of section 27-9S-36E, and is at least 60 miles north and west of the Jones ranch field in northwest Gaines county, Texas, nearest area now producing oil from the Devonian.

Briton Envisages Federation Of Nations

Churchill Calls For European Assembly

By LOUIS NEVIN
Associated Press Staff Writer

THE HAGUE, The Netherlands, May 7 — Winston Churchill today urged immediate formation of a united European assembly and asked European nations to sacrifice some measure of national sovereignty to permit eventual establishment of a federation. He envisaged this federation as part of a larger world government based on the main grouping of mankind.

Britain's wartime prime minister addressed 600 members of a 22-nation "Congress of Europe" in a city decorated with a new flag for the proposed European federation. The flag, a large red E on a white background, was designed by Duncan Sandys, son-in-law of Churchill.

Hatreds Must Go

The forum was held in the tulip-decorated Hall of Knights, meeting place of the Dutch Senate.

National hatreds of the the past must be forgotten so the continent can live in peace, Churchill said. He described the movement for European unity as one of peoples and not of political parties.

"We aim at the eventual participation of all peoples throughout the continent whose society and way of life are not in discord with the charter of human rights and sincere expression of free democracy," Churchill said. "We welcome any country where the people own the government, and not the government the people."

Setup Given

Churchill did not elaborate on his call for the establishment of a European assembly. However, the delegates from 22 nations attending the forum have before them a resolution urging the establishment of such a body. Until elections can be held, each parliament of Europe should appoint representatives to the assembly.

The assembly would advise an emergency council. The latter body would have almost super-governmental powers. It would be charged with directing joint action for economic recovery and military defense. The council also would plan the federation of Europe. Also before the forum is a resolution for creation of a supreme tribunal to protect fundamental democratic rights.

World Organization Seen

Denying that such a council would conflict with the United Nations, Churchill reiterated his belief that a body of that type "was a subordinate but necessary part of the world organization."

He foresaw a world organization with these three "august but subordinate" regional councils:

1—The Soviet Union.

2—The council of Europe, including Great Britain joined with her empire and commonwealth.

3—The western hemisphere.

Churchill said that the West is grieved and perplexed by the attitude of the Soviet Union, "without whose active aid the world organization cannot function, nor the shadow of war be lifted from the hearts and minds of men and nations," he added:

"We must do our best to create and combine the great regional unities which it is in our power to influence, and we must endeavor by patient and faithful service, to prepare for the day when there will be an effective world government resting upon the main groupings of mankind."

Oleo Battle Flares Again

(By The Associated Press)

WASHINGTON, MaMy 7 — A new skirmish in the bitter North-South fight over repeal of oleomargarine taxes broke out in the House today.

Southern tempers shot skyward as Rep. August A. Andresen (R-Minn) called a hearing tomorrow on a bill to repeal a ban on exports of tobacco seed and plants.

Andresen said southern tobacco-growers induced Congress to embargo tobacco-seed exports in 1940 "so they could stop foreign countries from growing tobacco."

Charges Are Hurled

Andresen led a bloc of legislators from northern dairy states in their unsuccessful fight to prevent the repeal of margarine taxes. The repeal bill swept through the House last month. It is now before the Senate Finance committee.

Andresen's announcement drew immediate cries of "spite tactics" from Dixie legislators who sparked the oleo tax repeal battle in the House.

One of them, Rep. Poage (D-Tex), told a reporter:

"Andresen just wants to take out spite on those who opposed him in the oleo fight."

Senate Okay Seen

Poage is a member of the House Agriculture committee, but is not a member of the agriculture subcommittee which Andresen heads

Asked by a reporter if his new move is for "revenge," Andresen said dryly:

"This bill was introduced long before the oleo fight was ever thought of. Rep. Reid Murray (R-Wisc.) wrote it last year and he's been after me ever since February to get action on it. The oleo fight didn't start until mid-March."

Meanwhile Senator Thye (R-Minn), from an important butter producing state, conceded today that the Senate will follow the House lead on repeal of oleo taxes. He offered what he called a compromise to speed action.

New Meeting On Water Needs In Northwest Lubbock Set

A committee from northwest Lubbock will meet again today with City Manager Marlin R. Smith, jr., to consider the problem of supplying water to that part of the city.

Yesterday the group and Smith made an inspection of the area.

The committee was named after a delegation of about 20 residents of the area called on the city manager. H. A. Beaty, of 513 North Monroe, spokesman for the group, appointed the committee, composed of Mrs. John Case, 1312 Francis; B. G. McCalla, 310 Allen, and M. H. Sylvester, 3012 Merthel. The area was brought inside the city limits about two years ago.

The city manager did not make definite commitments as to when water lines can be extended from existing mains so as to provide service for residents there. He said, however, that this portion of the city is among the first scheduled for extensions when materials are available.

STOCKS CONTINUE COMEBACK

NEW YORK, May 7. (AP)—Stocks continued to climb selectively today although many leaders stumbled on the heaviest dealings in two weeks.

Hopes that the threatened railway strike would be headed off persisted as bullish material. Optimism regarding business in the light of big governmental spending aided inspired bedding.

Accounts were trimmed by those who felt that the strong rally through April called for more of a technical correction than has yet appeared.

Fuel shortages and earnings prospects continued to buoy the oils.

Top marks running to 4 points or so were reduced and minus signs cropped up in most departments at the close. Transfers of 1,670,000 shares compared with 1,310,000 Thursday.

The Associated Press 60-stock composite was up .2 of a point at 68 but the rail index was down a shade. The utility average made a high since last Nov. Of 1,080 issues registering, 560 rose and 288 fell.

General Motors was up 1⅛ at 57⅛ in reflection of peak net in the first quarter.

Touching highs for 1948 were Mid-Continent Petroleum, which finished ahead 2¾ at 67½ in the wake of reported important oil discoveries in New Mexico; Frisco Railroad, Baltimore and Ohio, Sinclair, Texas Co., and Radio Corp.

Superior Oil of Calif., added 4 at 218.

Fractional losers included Bethleham Steel, Republic Steel, Boeing and United Aircraft.

NEW YORK REPORT

NEW YORK, May 7 (AP) — Cotton futures turned irregular in quiet dealings today, as scattered liquidation met only scale down trade buying.

Nearby May was under pressure of selling, following the issuance of 31 additional May transferable notices. Uncertainty over the export demand and higher acreage ideas discouraged rallying tendencies.

One private survey indicated that the acreage increase in the eastern cotton belt would be around 12½ per cent compared with last season. Increases of 8 to 10 per cent were forecast in the central belt.

The latest C.C.C. figures indicated that producers placed only 1,028 bales of cotton in the government loan for the week ended April 30 and withdrew 17,070 bales. The increase repossessions of cotton was stimulated by higher prices for the staple in the open market.

Futures closed 90 cents a bale higher to 65 cents lower than the previous close.

Wheat closed ¾-1½ lower, May $2.34¼-⅛, corn was 1⅛ to 2 cents lower, May $2.22½-$2.22, oats were ⅝ to 1 cent lower, May $1.13-$1.13¼, and soybeans were 1 to 8 cents lower, May $3.89.

Truman's Tour

(Continued From Page One)

capitalizing on the Democratic split meanwhile took a wavering course.

Sen. Taft (R-Ohio) Senate GOP policy chief, told a news conference the upper chamber would take up the anti-lynching bill after action on universal training-draft legislation.

"Non-Political" Talks Set

Acting Majority Leader Wherry (R-Neb), however, indicated that the Republicans may have to shift to anti-poll tax legislation because the Judiciary committee is having trouble agreeing on the terms of an anti-lynch bill.

Both measures are high on Mr. Truman's civil rights program, along with anti-segregation and other racial reform proposals.

Ross told newsmen that, while the President will speak at Chicago, Omaha, Los Angeles and probably in Oregon and Washington state, nowhere will the addresses be made under "political auspices."

Observers pointed out, however, that in addition to the obvious fact that the two-week journey will end a few days before the Republican presidential nominating convention opening June 21, the trip will mark the first time the President has made a transcontinental swing by train.

Most of Mr. Truman's travels have been by airplane. This time he allows the people to see him at many points as the presidential special chugs westward, and return.

McGrath, in his letter to Johnston, said "our expenses are very heavy as we organize, with the vigorous campaign ahead, and present receipts are proving insufficient for our needs." He added:

"It will be very gratifying indeed if you can secure some . . . special contributions for the committee."

Officers Investigate Burglary And Thefts

Several thefts, a burglary, and various other offenses were being investigated last night by law enforcement officers.

Purses were reported stolen from two persons. Hilton Potts told police that a green alligator purse containing a ladies watch, valued at $47.50, and personal papers had been taken from the 2600 block of Maple. A white purse containing three rings, valued at $75, was taken at Highway service station. It was the property of Salema Welch, of Portales, N. M., police records showed.

Police investigators said $22 had been reported taken in a burglary of the 3009 Merthel residence of Mrs. C. M. Tanner. Mrs. Tanner said she returned home yesterday after going to Post Monday and found that the money had been taken from a pocket of a coat hung in a closet.

In lieu of $1,000 bond, Houston Scott Cavitt, 23, of Slaton was remanded to Lubbock county jail after waiving hearing before Mrs. Olive Fluke, U. S. commissioner, on a charge that he transported an automobile across a state line, knowing the same to have been stolen. Cavitt is charged with having driven a 1938 Dodge from San Bernardino, Calif., to Slaton.

A camera was reported stolen from Felix Oliver, a Tech student of Doak hall. He described it as a Mercury II, valued at $80.

Officials were advised that a 1940 green Ford two-door car, license AM 6434, had been stolen at Littlefield.

measures for over seven weeks—since President Truman asked for them March 17.

So far, the only final action has been approval of something the President didn't ask for—a 70-group Air Force. Both House and Senate have voted funds to start such an airmada immediately.

The House Armed Services committee has approved a bill for a two-year draft of men 19 through 25. The Senate Armed Services committee favors combining with this draft idea a plan for one-year training for 18-year-olds.

Another proposal, which would substitute a bonus plan for the draft, has met cool response. President Truman called it asinine. Offered by Rep. Leo Allen (R-Ill), it would offer bonuses up to $1,500 to volunteers.

Palestine after May 15.

Arthur Creech-Jones, British colonial secretary, agreed with a growing feeling among UN delegates that the UN Assembly on Palestine must create an emergency regime to take over Palestine when the British mandate ends on that date.

Mayor Not Found

But he told a special 17-nation sub-committee of the Assembly that he was strongly against any organization with wide powers. He said this organization must have the agreement of both Arabs and Jews, and that it must stop work as soon as a solution is reached in Palestine.

Creech-Jones spoke to the sub-committee at a private session shortly before he planned to leave for London.

Earlier Britain had asked the UN to help find a neutral mayor for Jerusalem.

The British said they were unable to discover such a man in Palestine.

Then they asked the special UN Assembly to name someone acceptable to Arabs and Jews to fill one of the hottest jobs in the world.

cided to leave their country after they had been told to join the Communist party or lose their jobs.

Twice they booked passage on the commercial line from Brno to Ceske Budejovici, but each time something went wrong. On Tuesday their passage was assured. But the plane had to wait two hours for clear weather while the passengers fidgeted. Each was carrying a hidden pistol.

When the plane was air-borne 20 minutes, one of the two girls held her pearl-handled pistol at the pilot's head and told them to fly through the Russian zone of Austria.

"If you don't go where we say I'll shoot," she said.

The leader of the expedition said he was prepared to seize the controls if the pilot refused.

Meanwhile the radio operator was silenced by another pistol.

When the pilot approached the Danube river, he was ordered to turn north toward Munich and land at Erding.

There the pilot and radio operator said they wanted to go back to Czechoslovakia at once. Their clearance is being arranged.

Gainesville Circus

out the world."

Actually, the Gainesville Community circus is more interesting than those larger, professional presentations. You see kids like those living in the same block or next door. They were prop hands last year, are aerialists today. They were the boys and girls who studied circus performance in Gainesville schools—and got scholastic credit for it, incidentally.

Something else: The circus is clean. Pappas and mammas go along to counsel their sons and daughters. More than likely one of the parents is one of the performers. Sponsors too—in this instance Lubbock Women's club and the Lions club—take great interest in upholding standards of the circus and its performers. When you pitch a coin to a vendor of drinks or goobers, back comes the correct change, even if the vender has to walk over the customers to get to you.

There's no particular act that requires any plugging. They're all excellently done from the moment the band strikes up to the moment the spectators leave their 3,000 seats for the exits. The 26 displays offer the versatility of the most internationally known circus—and with a verve and dash belonging peculiarly to the Gainesville Community circus.

Show time is 2:30 o'clock this afternoon, 8 o'clock tonight, at the Panhandle - South Plains fairgrounds.

Tickets range from 75 cents to $2.40. General admission for children, afternoon and night, 75 cents; adult general admission, afternoon $1.50, night $1.80; reserved seats, afternoon $1.80, and night $2.40.

Ticket booths are in the lobby of Hilton hotel and at Varsity Book store, and will be open until 1 p.m. Afterward, tickets may be bought at the fairgrounds.

Take a tip from those who saw the Friday performances—go see for yourself the fine line of distinction between amateurs and professionals, a performance that, for instance, packed in the largest crowd that ever saw an indoor show in Fort Worth.

500 Replacement Troops Are Rushed To Alaska By Plane

McCHORD FIELD, Wash., May 7. (AP)—Capt. Walter W. Weir, assistant public information officer here, said today an "emergency" transfer of 500 troops to Alaska by air was being made to fill out undermanned units.

The field announced earlier today it was flying the soldiers to the territory in an unexplained "emergency."

The captain said the soldiers, collected from all over the mainland and Hawaii, had been at Fort Lawton "for a long time" awaiting transfer north by ship. Men were being moved south from Alaska posts steadily without replacement, leaving units there badly understaffed.

He said the men were among 2,100 destined to move north. Troop carrying planes took 150 north yesterday, another 150 today and will take out the rest of the 500 in the next two days.

Oregon Woman Wins $20,000 In Prizes For Answering Riddle

HOLLYWOOD, May 7 (INS)—Mrs. Ward S. George, attractive 32-year-old housewife of Lebanon, Ore., tonight won $20,000 in prizes for correctly naming "Cairo, Egypt" as answer to the 8-weeks-old riddle on the "People Are Funny" radio show.

The winner, wife of a disabled veteran, wouldn't reveal how she concluded that Cairo, Egypt, was the jackpot winner, but she did admit that she listened to the radio.

And, last night the night shift staff of the International News Service bureau in Los Angeles wrote a little yarn in which they staked their reputations on "Cairo, Egypt" being the answer to the riddle.

The INS tip was printed and broadcast for what it was worth. It was worth plenty to Mrs. George.

R. W. Dobbins, general superintendent of the railway mail service's sixth division at Chicago, said preparations were made for emergency mail delivery and pickups within his division. He added, however, he had no information on how mail would be delivered to his division from outside.

Airlines serving New York said they planned extra flights to handle freight and passengers if the rail strike takes place.

Food buyers in New York reported that the strike threat already has sent the price of perishable foods skyrocketing. The city department of markets said a rail shutdown would not bring immediate food shortages in New York.

Livestock shipments to major midwest markets were heavier than expected today. Farmers apparently were trying to beat the strike or rail embargo deadlines. Prices dropped when buyers backed away from orders because of the strike threat.

Both Cars Damaged

Hernandez' injuries were not serious. He was taken to West Texas hospital for treatment.

Authorities were continuing an investigation of the accident last night.

Both vehicles were badly damaged. Tommy Bailiff, 20, of Bryan McDonald & Son Funeral home, who was one of the first persons from Lubbock to arrive at the scene, said that the two machines were turned in opposite directions from which they had been traveling prior to the collision. He said that the truck had almost been creased on the right side, and that the automobile was smashed on the front with some damage to the rear.

The highway patrol reported that the car had made skid marks on the right side of the highway for about 25 to 30 feet.

Bragg was taken to the hospital by McDonald Funeral home ambulance.

Rail Talks Set

(Continued From Page One)

thur J. Glover, jr., of the Switchmen, and Steelman.

The union men said Steelman thus far had no concrete suggestions or indicated that the government has any compromise proposal in mind.

Postponement May Be Asked

Informants who spread the word that a 20-day truce might be sought said that the government doesn't like the idea of a simple postponement, but is considering it in the event the strike cannot be staved off any other way.

The outlook seemed dark after the first conference. Johnston told reporters "all we did was spend an hour and a half with Mr. Steelman, exploring the situation."

Before their conference got started, however, Attorney General Clark told reporters the President has legal power to seize the roads if he chooses to do so.

The high advisers of the President said, however, that he would consider seizure only as a last resort—if all settlement efforts collapse.

Mr. Truman went over the situation with his cabinet at an hour-long meeting, without any evidence that any conclusions were reached.

No Seizure Orders Drawn

Clark said he had written an opinion on the matter last week and had given it ot the Presiden.. But he made it clear that no seizure orders have been drawn up. The opinion is based on a recent Supreme court decision holding that the United States still is technically at war.

Railroad management sources said that Steelman, in yesterday's conference, asked whether the railroads had in mind any concessions which would let the three unions rescind their strike call without losing face.

According to this account, he was told the railroads had accepted the recommendations of Mr. Truman's fact-finding board and saw no way they could take any further action.

The board recommended a pay increase of 15¼ cents an hour. The three unions demand a 30 percent pay increase, plus changes in many operating rules. The effect of most of the rules changes would be to increase their take-home pay.

The strike is set to sweep across the nation from east to west at 6 a. m., local time zones, Tuesday.

TODAY "V-E" DAY

NEW YORK, May 7 (AP)—Tomorrow will mark the third anniversary of the official end of the fighting in Europe. A statement of unconditional surrender was signed by German military leaders on May 7, 1945, at Rheims, France. An act of surrender, embodying virtually the same provisions, was signed in Berlin May 8, 1945. The May 8 date was officially designated as "V-E" day.

Ottawa, the Canadian capital, didn't become Ottawa until 1854; before that it was known as Bytown, after a British Colonel, John By.

Surging Hubbers Trounce Abilene Blue Sox, 13-7

Mills Notches Third Triumph

ABILENE, May 7 (Special)—The Lubbock Hubbers came from behind with a seven-run rally in the ninth inning tonight to capture the first of a two-game series from Abilene's Blue Sox, 13-7.

Royce Mills, veteran fireman hurler of the Hubbers, went to the mound in the third inning and, after walking a batter and giving up a base-clearing home run to Len Neal, held the Blue Sox in check for the remaining six innings.

SECOND GAME TONIGHT

Manager Jackie Sullivan probably will throw Lefty Frank Cobo tonight in the series-ending game with Abilene, while the Blue Sox will counter with Bill Meier, who has won two and lost one.

It was a superb performance by the little utility man and coupled with the Hubber's ninth inning spree enabled the victors to move into a three-way tie with Abilene and Pampa for second place.

The Hubbers pecked away slowly at the 7-1 deficit. They had picked up a run in the initial stanza on a walk to Al Smith, Sullivan's single and another bingle by Don Moore that drove in Smith.

They picked up two more in the fourth, when Frank Boothe led off with a fourmaster, the first of his two circuit clouts. He was followed by Frank McAlexander's infield safety and Chick Fowler's lusty double that drove home McAlexander.

Almost Tie Score

The Hubbers moved within one run of tying up the game in the seventh. McAlexander walked and went to third on Scarborough's single. Mills lofted a fly to centerfield that scored McAlexander and Scarborough came home on Fowler's single.

In the Blue Sox seventh, Rookie Len Glica and Manager Art Bowland both were banished from the game by Umpire Bill Secory. That weakened the Abilene infield, but not the Hubber batting attack. They picked up a single in the eighth, only to be retired without a score. Then came the ninth.

Scarborough grounded out and Floyd Walker, hitting for Mills, hit a roller to Dick Davidson at second that went through his legs for an error. Frank Cobo, who hit for Smith and then pitched the final half of the inning, walked. Fowler walked, loading the sacks.

Sullivan promptly dropped a double into centerfield to score Walker and Cobo, Fowler taking third. At this point Virgil Richardson, hitless so far, slashed a single down first base scoring Fowler and Sullivan.

Moore singled to leftfield, Richardson taking second. And Boothe ended the rally by driving a pitch over the fence for his second homer, scoring Richardson and Moore ahead of him.

That was all there was. Stone led off with a single, but Cobo coaxed the next three batters into going out in order.

Barron Takes Lead In Goodall Tourney

NEW ROCHELLE, N. Y., May 7 (AP)—Herman Barron of White Plains, New York, limped over the rain-swept Wykagyl Country club course in 69 shots today to gain a one-point lead over defending champion Bobby Locke of South Africa after 36 holes of the Goodall Round Robin tournament.

Barron's wrenched ankle was so swollen it was necessary to give him a shot of pain-killer before he could play. Jug McSpaden, who has retired from tournament golf, had gotten his clubs out of the locker and was preparing to substitute in Barron's foursome when the chunky professional decided to do or die.

Bobby Layne Gets No. 27 As Longhorns Drop Ponies, 8-2

DALLAS, May 7 (AP)—University of Texas' Bobby Layne stretched his record string of Southwest conference victories to 27 here today as he defeated the Southern Methodist nine, 8 to 2, with a seven-hit effort.

Layne tangled with the Ponies' Irwin Kay in a tight pitching duel for seven innings, nursing a 1 ot 0 lead going into the eighth. Chick Zomlefers blast over the 345-foot left field fence in the fourth provided the one-run margin.

Texarkana Hurler Optioned To Hubs; Due Here This Weekend

Red Ramsey, a 20-year old right-hand pitcher, who has been on option to Texarkana of the Big State League, yesterday was recalled by the Dallas Rebels and optioned to the Lubbock Hubbers.

Larry Larsen, Hubber general manager, said that Ramsey would stop off for a short visit at his home in Dallas, probably reporting to Lubbock Sunday or Monday. If he arrives in time for either game with Amarillo, he probably will be pressed immediately in service.

Said Bright Prospect

Ramsey is considered one of the brightest prospects in the Rebel's system. He originally was slated to come to Lubbock, but was sent instead to Texarkana. Since his service with them he has won two and lost one.

This is Ramsey's first year in professional baseball, but he almost was good enough to stick with Dallas in his first shot at organized ball. The Rebels, believing a year in a lower classification league would make him a better hurler, assigned him to Texarkana.

Graduate Of Adamson

He is a 1946 graduate of Adamson High school, the same institution that sent Floyd Walker, another Hubber, into baseball. Ramsey went directly from high school into the Navy, receiving his discharge just before the start of the 1948 season.

While in service, he played on Navy teams and first came under the attention of scouts at that time. He stands five feet eleven inches and weighs between 175 and 180 pounds.

LAMESA TRIMS ROSTER, GIVES WILCOX RELEASE

LAMESA, May 7. (Special) — The Lamesa Loboes trimmed their roster to 16 men today with the outright release of Outfielder Jack Wilcox, a limited service player.

Wilcox, a rookie in 1946, batted .230 his first season and .282 last year. He also was a member of the South team in the All-Star game in 1947.

In his first year, Wilcox fielded .865 while playing the outfield and third base. Last year he sported a .924 fielding average, again playing third base and the outfield.

Wilcox was bidding for a shortstop berth with Manager George Sturdivant's nine, hitting .280 in 13 league games this season.

GAME IS CARDED

The Black Hubbers will go to Slaton Sunday for a game at 3:15 p. m. The Lubbock team will return for a game here on May 16 against the Wichita Falls Black Spudders, following that with a game May 17 against the Chicago Brown Bombers.

LEVINE'S NINE WINS

ABERNATHY, May 7 (Special)—Levine's softball team from Lubbock eked out a 14-13 victory here tonight in a dual with the Abernathy American Legion nine. Gene Wages and Gene Chandler hit homers for the visitors and McCune had one for the losers. Cliff Mayo and Billy Harrison were the batteries for the victors; Sinclair and Kveton went the route for the losers.

Stanky's Single Wins Close Tilt

CINCINNATI, May 7 (AP)—Ewell Blackwell, star Cincinnati pitcher, failed to finish for the fourth consecutive time this season and went down to defeat before the Boston Braves today, 4 to 3.

Home runs by Bob Elliott, most valuable player in the National league last year, and Jeff Heath, along with six walks and three other safeties in 5 2/3 innings, were enough for Blackie.

He left the game holding his pitching arm and with the bags filled. Eddie Stanky, first to face replacement Harry Gumbert, singled home two runners and that was the ball game. The runs were charged against Blackwell. He now has won two and lost three.

Voiselle Gets Win

Bill Voiselle allowed eight hits and was in trouble several times, but finished for his third win against no defeats.

The victory lifted Boston into sixth place and dropped Cincinnati to seventh.

DODGERS MAUL CUBS

CHICAGO, May 7 (INS)—The Brooklyn Dodgers were behind 4 to 0 at one point today and outhit all afternoon long, but they managed to beat the Cubs 9 to 5.

It took three hours and 36 minutes to end the game the Dodgers tying the ball game with three runs in the fifth and winning it with three more in the sixth, this despite the fact they got only three hits in the two-inning process. Two Cub errors helped.

CARDS DROP PHILS

ST. LOUIS, May 7 (AP)—The St. Louis Cardinals offset some shaky fielding with a long range hitting attack to subdue the Philadelphia Phillies tonight, 7 to 4. It was Howie Pollett's first win in three starts. A three-run homer by Nippy Jones and a 2-run single by Del Rice were the big blows in the Cards' 10-hit attack on three Philly pitchers.
