Top Places At Pan Tech For Pampans

Mrs. Ralph Thomas, 1705 Williston, wife of County Agent Ralph Thomas, was named champion of the shrub identification contest held Saturday at Pan Tech Farm's soil management field day.

Mrs. Thomas was one of the seven Gray Countians named in the winning lists of the several contests held during the two day program.

Two Amarillo women and one woman from Arva won the other three places in the senior shrub identification division.

In the junior division it was a different story, three of the four winners were from Gray County. Aloise Britten, Groon, took first place; Sharon Hill, Pampa, took third; and Ellen Latta, Groom, ranked fourth.

In the grass judging contest, two Panhandle residents took third and fourth place in the junior division: Floyd Leven, third; and Ralph Detten, fourth. The Claude entries won first and second places.

Senior grass judging was almost an Amarillo and Stinnett show. But, D. W Osborne, Panhandle, broke the streak to take third place.

Lee Ledrick, Pampa, however, came out on top as the best judge of land while Cortes Metcalf, Panhandle, came in second and a fellow Panhandle citizen, Henry Leven, ran fourth. Third place went to Amarillo.

Paul Eakin, who lives close to Pampa, but is addressed at Groom, took fourth place in the stubble mulch contest for 4-H boys. Claude, Gruver and Dumas boys took first, second and third spots respectively.

In the Future Farmers of America stubble mulch contest, it was a Panhandle boy, Aubrey Russell, who carried the honors for the area. He was topped by boys from Amarillo, Clarendon, and Texhoma.

Gray County has the champion tractor driver, Ruben Baggerman, of Groom. His closest competition came from Sunray, Dumas and Amarillo. All were 4-H boys.

The FFA tractor driving contest had one area boy among the winners, S. E. Mayo of Miami. Claude, Clarendon, and Amarillo had the other three winners.

SKILL, NOT LUCK came to the aid of Mrs. Ralph Thomas, wife of the county agent, as she won the Championship shrub identification contest at Pan Tech Farms Saturday. Pictured above with her husband, Mrs. Thomas takes the plaque proudly from him on their arrival home last night. Mrs. Thomas declined to travel to Amarillo last night to appear on television with the rest of the winners of other contests. (News Photo)

Livestock Men Meet

DALHART, Tex., Sept. 12—UP—The newly organized United Livestock Producers Association composed of rank and file ranchers in a five-state area will holds its first annual meeting here Monday.

Speakers will include Rep. Walter Rogers, (D-Tex.) who represents the Texas Panhandle district; Clarence Burch of Ravia, Okla., chairman of the Livestock Committee of the Oklahoma Farmers Union, and J. M. Smith, rancher and state senator of Central, Ariz., who also is a director of the Arizona Cattle Raisers Association.

S. E. (Eck) Brown, Dalhart rancher is head of the organization organized last July 5. Other speakers are being sought.

The association has declared its No. 1 objective to be price supports for cattle at the producer level. Representatives of the association have twice met with President Eisenhower to urge cattle price supports.

Brown said the cattle industry cannot operate without economic protection when most things the cattleman buys is protected by supports, subsidies, tariffs, wage-hour laws and the like.

BCD Members To Be Named

Budget approval, setting of the tax rate and the appointment of five new members on the Board of City Development are on the agenda for Tuesday's meeting of the Pampa City Commission.

First two will be adopted with whatever amendments the commissioners see fit, according to City Manager B. H. Cruce.

New members of the B.C.D. will comprise one-third of the entire membership, Cruce said, pointing out that each year that percentage of the board comes up for election.

The chamber of commerce recommends and the commission approves the selections. Lynn Boyd is president of both the chamber of commerce and the board of city development.

Cotton Awaited By McLean Gin

McLEAN — S. R. Jones, manager of the McLean Cotton Gin, late Saturday afternoon, was still awaiting the first bales of the fall cotton crop.

Several area cotton farmers expected to get going Monday and begin bringing in the cotton, Jones said, adding, "if the weather stays pretty." "If it rains, there's no cotton business."

By Oct. 1, commented Jones, now his 19th year as cotton gin manager, "if things keep up as present, we'll be rolling pretty heavy."

If it comes from a hardware store, we have it. Lewis Hardware, Adv.

GI Slaps Swede, To Stand Trial

PANMUNJOM, Sunday, Sept. 13—UP—The U. S. Army announced Sunday it would court martial an American soldier accused of striking a Swedish member of a neutral nations inspection team in Korea.

The incident was one of a series the Communists have seized upon for propaganda purposes to threaten the smooth running of the Korean armistice supervision.

In another, the Communists accused the U. S. Army of "kidnaping" a Polish member of a truce team although the Pole bolted voluntarily to the American side and announced he was doing so through fear of communism.

Another Threat

Another threat to the armistice relations was the Communist refusal to free 944 Americans held by them, possibly including Capt. James A. Van Fleet Jr., son of the former Eighth Army commander. A double ace, Capt. Harold E. Fischer of Swea City, Iowa, also is believed still held by the Reds.

The Communists used the incident of the American soldier to charge the United States with an "audacious and insolent act" violating the diplomatic immunity of the neutral nation armistice teams guarding the Korean armistice.

Headquarters of the Korean communications zone in Taegu confirmed that a special court martial had been ordered for Pfc. Willard E. Armstrong of Louisville, Ky., to begin Monday.

Charged With Assault

The Army said Armstrong will be charged with assault and violation of a special directive spelling out the immunity offered to neutral nations inspectors. If convicted, Armstrong can receive as much as six months at hard labor and loss of his pay for that period.

The dispute between Armstrong and Swedish Capt. Rune Larsson of Stockholm broke out in Taegu Sept. 1 and was witnessed by a Polish officer. At Wednesday's meeting of the military armistice commission the Poles and Czechs claimed the assault was "an assault on the neutral nations supervisory commission as a whole."

In other developments, Maj. Gen. M. Wagrowski, senior Polish delegate to the neutral nations supervisory commission, officially charged that Polish interpreter Jan Jadjukiewicz was "kidnaped" by American Army officers.

Mexican Dies At Age Of 149

QUERETARO, Mexico, Sept. 12—UP—Local officials confirmed Saturday that Rancher Marcial Pina was 149 years old when he died Friday.

They said a record of his birth had been found in church records.

Pina, whose oldest son is 105 years old, "has more than 200 immediate descendants," they added.

'TRIP IS OFF'

Second Local PW In Ship Hospital

When Mrs. Hilda Williams, 633 Naida, finally gets to see her freed prisoner of war husband, Sgt. 1-c Eugene Williams, it will, in all probability, be in an army hospital shomewhere near Pampa.

The sergeant wrote his wife one hour after he sent her a wire last week from Inchon; the letter arrived Friday. In it, he told her not to come to the coast to meet him because he would be flown from San Francisco to the nearest army hospital to Pampa.

He told her he was quarantined, but did not say whether it was as a group or just himself. Nor did he stipulate the reason for the quarantine.

It evidently felt pretty good to Sgt. Williams to sleep on a nice, clean mattress and sheet since he mentioned that, too. He said that it was the first cot with a mattress, sheet and pillow he had slept on for several years. He added, also, he wanted to forget his life as a POW as soon as he could.

But, he did not give the date of his arrival aboard the ship he is believed to be on, the transport General Howze.

When asked what the latest word from her husband was, Mrs. Williams quickly answered:

"Well, my trip is off."

Then she told how her career soldier husband wrote and told her not to come to the coast and meet him as she had planned.

In the meantime, Mrs. E. C. Hart, mother of M-Sgt. James W. Hart, another Pampa prisoner of war who was released along with

School Boy Stars In First Game As Dad Dies At Home

SWEETWATER, Tex., Sept. 12—UP—Harold Hobbs, 17-year-old Sweetwater halfback playing his first football game scored two touchdowns and kicked four extra points in leading his team to victory Friday night unaware that his father had died just before game time.

Only a short while before Sweetwater defeated Levelland 34 to 0 at Levelland, young Hobbs' father was found shot to death in his home here, a pistol near his body.

Members of the family were called home from Levelland, but at the rquest of a brother Howard was not told of the incident until after the game.

The youth broke down when informed by Coach Pat Gerald of his father's death, and was rushed back here by automobile.

Reds Dislike Jitter-Bugging

VIENNA, Austria, Sept. 12—UP—The Hungarian Communist newspaper Esti Budapest reported in shocked tones Saturday that a group of readers had been exposed to American-style jitter-bug dancing in the solemn confines of the Hungarian-Soviet Society Club.

"If we had not been aware of the fact that we were in the premises of the Hungarian - Soviet Society, we might have thought to be in an American night club," it quoted indignant readers.

"We wish to dance decently and not like American jitterbugs. All of us asked the same question: How is it possible to dance in this manner in Budapest and especially how is it possible that these things occur in the premises of the Hungarian-Soviet Society?"

Army Segregation Ceasing

WASHINGTON, Sept. 12 —UP—The Army's program of wiping out racial segregation is ahead of schedule and at least 90 per cent of the Negroes in the Army are serving in non-segregated units, it was disclosed Saturday.

Official figures made available to the United Press show the number of all-Negro units in the Army had been cut from 385 in June, 1950, prior to start of the non-segregation program, to 88 on Aug. 1 this year.

In round numbers, only 15,000 of the Army's 199,000 Negroes still were in segregated units in August.

Cites Policy

In three years non - segregation, or "integration," had been completed in almost all combat units in the Far East, Europe, Alaska and the United States. The bulk of the remaining all-Negro units are service-types concentrated in Europe. Army officials said these would be integrated as rapidly as possible.

"The Army policy is one of complete integration and it is to be accomplished as soon as possible," Assistant Army Secretary James P. Mitchell said.

Mitchell made it possible to reveal for the first time the facts and figures of one of the most hush-hush programs in the Army's history.

"Remaining progress is a matter of time," he said in an interview. Three years ago, at the start of the Korean war, the Army was still following a basic policy of segregating Negroes although a long-range program of non-segregation was under way. The war hastened the process immeasurably.

Mitchell, who is in charge of manpower, said he himself was "amazed" at the extent of the Army's success.

"It is seen not only in the small number of remaining non - segregated units but in the acceptance of Negro officers and non-commissioned officers by white soldiers," he said. "There is no apparent recognition of color."

Britons Protest 'Wanton' Attack By Red Chinese

Blistering Note Handed To China

LONDON, Sept. 12—UP—Britain dropped her lenient attitude toward Red China Saturday with a blistering note accusing the Peiping government of a "wanton" attack on a Royal Navy launch off Hong Kong.

The gloves-off note handed to the Communist Chinese Foreign Ministry protested "most strongly against the wanton attack on one of her majesty's vessels" on Sept. 9 in waters adjacent to Hong Kong.

Hold Reds to Blame

"Her majesty's government hold the Chinese government responsible for the tragic loss of life and injuries sustained and reserve the right to claim appropriate compensation," the note said.

Seven members of the crew of the motor launch were killed and five wounded in the attack when the Chinese vessel opened fire with "weapons of heavy calibre," it said.

The Foreign Ofice said Red China has remained silent so far on the unprovoked attack. Normal Communist propaganda broadcasts would try to put the blame on the British vessel.

Further moves were expected to follow when Britain may state the nature and extent of compensation demanded from the Communist government for the losses sustained.

Arrived Last Month

Ironically, the protest was one of the first acts of office performed by Britain's new charge d'affaires in Peiping, Humphrey Travelyan. He arrived there last month as a goodwill gesture on the part of London.

Some diplomats had anticipated an improvement in relations with Peiping to follow the appointment of Travelyan. His arrival last August was accompanied by unofficial speculation he might attempt to establish full diplomatic relations with Red China. Pieping has no representation in London.

Police Seeking Baseball 'Fans'

Police late Saturday were investigating the break-in at Oiler Park which netted the burglars—baseballs.

Some 120 of them, according to Police Chief Jim Conner, who said that the burglary must have occurred sometime Friday night or early Saturday morning.

Entrance to the clubhouse was effected through the door and exit was the same way. Nothing in the concession stand appeared to have been bothered.

Gale Lashes Freighter On Lake Superior

MARQUETTE, Mich., Sept. 12—UP—A 60-mile-an hour gale swept Lake Superior Saturday, tossing a 530-foot ore freighter on the beach and casting a dredge helplessly adrift with 15 men aboard.

The freighter, "Maryland," was pounded ashore three miles from here by the wind and 12 to 14-foot whitecaps. The crew of 33 was rescued by a Coast Guard breeches buoy.

Six of the 15 men aboard the dredge "Edward M." were taken off by a fishing tug. Rescue of the nine other crewmen was halted by the waves which set the dredge awash and kept rescue ships from approaching.

Its position was 70 miles north of Whitefish Point and 100 miles north of the great Sault Ste. Marie locks. Four rescue freighters—the Pontiac, Dinkey, Kerr and Everett—planned to spread oil on the water and stand to the lee of the dredge to calm the sea so the tug George Purvis could take off the remaining crewmen.

Two helicopters, first sent to the storm-stricken freighter Maryland, were ordered to the dredge's aid. But winds still were too high to attempt an air-sea rescue. The cutter, "Woodrush" also headed there after helping in the rescue of the Maryland.

TRAPPED — Automobiles and pavement were tossed into air by series of gas explosions that ripped through Cleveland streets killing one person and seriously injuring 60 others. Here, Mrs. Eleanor Rinaldi, one of the injured victims, waits painfully to be cut from wreckage of her car. (NEA Telephoto)

THROUGH U. S. HELP

French Make Budget Cut

PARIS, Sept. 12 —UP— The French government Saturday announced its first budget cut since World War II after the United States agreed to contribute $385 million to fight communism in Indochina next year.

Finance Minister Edgar Faure said the American contribution would permit hard-pressed France to reduce her public spending by $571.4 million, making next year's budget $10,571,428,000.

Faure made the disclosure to newsmen after Saturday's cabinet meeting presided over by Premier Joseph Laniel, which also:

1. Set up a program to overhaul the country's antiquated administrative system, which has been strangling the economy with red tape.

2. Prepared for final approval a construction program designed to build 200,000 houses next year and 250,000 in 1955—a revolutionary achievement in a country plagued by Europe's most acute housing shortage.

Faure said the extra budgetary reductions above the supplementary U. S. aid will be made by sweeping economies in all public departments, including the military.

"Nevertheless, all our civil and military objectives will be attained," Faure said.

He said this was true for metropolitan France as well as for Indochina where the spending will be "adjusted to respond to the targets set by our high command."

Pennsylvania Beauty Wins Coveted 'Miss America' Title

ATLANTIC CITY, N.J., Sept. 12—UP—Miss Pennsylvania, Evelyn Ay, was named "Miss America of 1954" Saturday night at the annual beauty pageant here.

The green-eyed, ash-blond beauty won over 51 other contestants.

In second place was Joan Cecilia Kaible, Miss New York City. Third was Miss Virginia, a polio victim, Anne Lee Ceglis, of Norfolk.

Fourth, was Virginia McDavid, Miss Alabama, of Birmingham. In fifth place was Susanne Dugger, Miss Mississippi.

The competition in the final night was rough, but the winner had what the judges ordered.

Just a Snap

The coy Miss Pennsylvania carried her 132 pounds with trained bearing. She is 5 feet, 8 inches in height, and from top to bottom measures 37-24-36. Those specifications made the bathing suit competition a snap for her. She was a preliminary bathing suit winner earlier in the week.

Evelyn also impressed the judges with a series of dramatic readings in the talent competition.

But the clincher—which brought her the crown and robes of royal beauty and about $50,000 worth of prizes and scholarships—was her skill in answer to a series of questions, all designed to trip the five finalists.

Would Help Downtrodden

Miss Pennsylvania was asked to what part of the world she would go, had she her choice, to further her career. She said she would go to India, "where maybe I could help the downtrodden."

The master of ceremonies wanted to know how she felt about mixing a marriage with a career. Evelyn said she hadn't been approached recently, but allowed that marriage might be a little better.

Schools Sue For Delinquent Taxes

Justice of the Peace J. V. Andrews Saturday afternoon was busy signing—four times each—a total of 62 suits for delinquent taxes, filed by Arthur Teed for the Pampa Independent School District against individuals.

Teed turned them over to Andrews Friday afternoon.

According to Andrews, notification of the suit must be served by members of the sheriff's office. Those served must report to Andrews for a hearing the Monday after 10 days have gone by, following their receipt of the notification.

Senator Kennedy Wed To Heiress

NEWPORT, R. I., Sept. 12—UP—U. S. Sen. John F. Kennedy and heiress Jacqueline Lee Bouvier were married Saturday in a dazzling ceremony before 1,400 wedding guests and more than 1,000 sightseers.

A reinforced corps of police had to battle to keep a surging crowd of curious out of St. Mary's Catholic Church where the 36-year-old Massachusetts Democrat and his dark - eyed, 24-year-old bride exchanged marriage vows.

One woman fainted inside the flower-garlanded church which was crowded beyond its 700 capacity with some of the nation's most prominent social, financial and political figures.

Kennedy, who had struggled without much success to slick down the unruly shock of hair that has become his political trademark, was outwardly calm. His bride was smiling but appeared very nervous.

Kneeling at the altar of the Gothic-style church, the young senator slipped a simple wedding band on the finger of his bride while Archbishop Richard J. Cushing of Boston recited the ancient nuptial rite of the Catholic church. The prelate celebrated mass and gave the couple the pontifical blessing of Pope Pius XII.

Reds Name Secretary

LONDON, Sept. 12—UP—Nikita Khruschev, the Ukrainian who has headed the Communist party Secretariat since Georgi Malenkov became Premier, has succeeded Malenkov as first secretary of the party's central committee, it was announced Saturday.

The announcement was made from Moscow by the official Soviet news agency Tass.

Khruschev, a member of the Stalin old guard, was secretary of the Communist party of the Ukraine until 1950 when he was moved to Moscow and made secretary of the Moscow party organization and one of the secretaries of the central committee.

He remained a secretary after the reorganization of the Secretariat during the Congress of the Communist party last October and became the eldest and most important member of the Secretariat after Malenkov left it on March 17, two weeks after Stalin's death.

Old Foes Now Play Together

Hannover, Germany, Sept. 12—UP—"Desert Rats" of Field Marshal Viscount Montgomery's famous army mingled Saturday with men of Gen. Erwin Rommel's Afrika Korps whom they fought in World War II.

Twelve thousand of the Afrika Korps which drove almost to the Nile assembled for a reunion.

Their guests were a group of the self-styled Desert Rats who routed them in the historic battle of El Alamein, a turning point in the war.

Sunday the Afrika Korps and the Desert Rats will meet in a football game.

Democrats Claim Less Dissension

CHICAGO, Sept. 12 —UP— Mrs. India Edwards, here for an important strategy meeting of Democratic party leaders, said Saturday there is "far less" dissension among Democrats than Republicans.

Mrs. Edwards, vice chairman of the Democratic National Committee, said in an interview that the "schism" in the Democratic party has been "exaggerated."

Nevertheless, party leaders acknowledged that one of the main objectives of the two-day meeting will be to heal party wounds suffered in the landslide Democratic defeat last fall.

Former President Harry S. Truman and Democratic leaders from all but two states were en route here for the conference, which begins Monday.

Truman Speech

Party spokesmen said Mr. Truman might seize the opportunity to get in a few licks at the Eisenhower administration and make some political capital out of the resignation of Martin P. Durkin as secretary of labor.

Mrs. Edwards said she was "disturbed" by the resignation of Durkin, the only Democrat in Mr. Eisenhower's cabinet.

She said the President "backtracked" on proposals for amending the Taft-Hartley law, and that the decision would affect millions of working men and their wives.

BEANS — Mrs. Guy McKinney (left), Skellytown, shakes a jar of beans while Misses Barbara and Jane Collins, daughters of J. R. Collins, relief pumper in the South Pampa area, go over the guesses of other ladies. Occasion was a Phillips Petroleum Company production department picnic that got underway at 3 p.m. Saturday in the Hobart Street Park. An annual affair, it featured food donated by production department officials plus family games. This bean game was only for the ladies, however. (News Photo)

East Texas Chamber Suggests That Federal Lands Be Sold

LONGVIEW, Tex., Sept. 12 —UP—The East Texas chamber of commerce proposed Saturday a plan it said would help reduce the federal debt.

The chamber president, Hershel Burgess of College station, said the organization was sponsoring a campaign to secure sale of government-owned property "not necessary to the ordinary functions of government."

The chamber decided to sponsor the campaign after Hubert M. Harrison, general manager, reported on a recent trip in which he contacted a number of business leaders in several states.

Harrison will open a Washington office soon to organize the campaign. Harrison issued a statement about the campaign which said in part:

"It is estimated that the federal government owns property not necessary for the ordinary functions of government that might be sold to private owners for as much as $15 billion.

"If this could be accomplished it would get the federal government out of competition with its own taxpayers in many lines of business, would greatly reduce our huge national debt of about $272 billion, would cut our enormous interest charge, cut out a lot of overhead expense for supervision and management of these properties and would result in the reduction of everybody's income tax.

"East Texas leaders are particularly concerned in getting the 650,000 acres of timberland owned by the federal government in East Texas back in private hands and back on the tax rolls."

Chief Of Police Praises School

"It was a very good school—I thought it worked out just fine."

Police Chief Jim Conner made that statement late Saturday about the two-week police school that wound up its affairs Friday afternoon.

At the conclusion of the course, a total of 17 certificates were handed out, Conner said.

Sixteen of them went to city patrolmen. The 17th went to Highway Patrolman E. J. Robertson.

T. C. Laws, Austin, chief of the bureau of education of the Department of Public Safety, gave a general talk on the police profession to wind up the class sessions, Conner continued. Originally, Joe Fletcher, assistant director of the department, was slated to conduct that session.

Holding classes in the two-week period were Inspector C. G. Conner, Austin, brother of the local chief; Capt. J. W. Blackwell, Sgt. W. J. Spier and Sgt. Jack Higginbotham, all of Amarillo.

"It gave the Amarillo highway patrol officials a chance to get acquainted here in Pampa," Conner concluded.

PMA Officials Await Word Of Drouth Plans

Production and Marketing Administration officials in Pampa late Saturday were still awaiting official word from the State Drouth Committee that Gray County—and 103 others—had been removed from the "drouth area."

An order for 750 tons of feed was sent in Thursday morning to the state committee by the Gray County Drouth Committee "because we had the orders ready," according to Miss Evelyn Mason, local P.M.A. officer.

That order wiped clean the slate of area farmers and ranchers requesting temporary aid, Miss Mason said, adding that no more orders have been received in the last few days.

The entire Panhandle was included in the removal order; but the orders were placed, Miss Mason continued, so that the state committee would know that the aid was both wanted and needed in Gray County.

At the time, Jim Strawn of the Soil Conservation Administration in the county, regarded the suspension as a temporary measure and figured the state committee suspended the feed delivery because it thought recent rains had stopped the drouth in this area.

But the critical lack of subsoil moisture before the rains left the soil without any reserve, Strawn had pointed out.

Banker Speaks To Life Underwriters

An Amarillo banker with 30 years of experience in the business was the guest speaker Saturday noon at the September meeting of the Pampa Life Underwriters Association.

Ed Hale, Amarillo National Bank senior trust officer, discussed state planning, business arrangements and the trust.

An estimated 35 persons were on hand in the Pine Room of the Hotel Schneider for the affair, according to D. C. (Jack) Ash, association president.

The speaker delate with the importance of the bond sale agreement to partnerships and close corporations, "covered the wide field of business arrangements in setting up the state in its proper form" and talked of "value of the trust to people," Ash said.

Three persons were admitted to membership in the association. They are T. Winiford Wyatt (a transfer from an Arkansas association), R. R. McCarter and W. W. Chapman.

Frank Leder Fund Donations Accepted

Contributions are still being accepted for the Frank Leder Charity Fund, set up to commemorate the extensive charity work carried on by Mr. Leder in his lifetime.

By late Saturday a total of $35 had been collected, according to Ed Myatt, fund director, who stated that the money would be turned over to Mrs. Leder when she returned to Pampa from Houston where she attended her late husband's funeral. She will contribute it to Mr. Leder's favorite charity.

Mr. Leder, a Pampa jeweler for many years, died Sept. 3 in a Galveston hospital.

Donations can be mailed to Myatt, co-owner of Friendly Men's Wear, at his place of business.

Girl Slightly Hurt In Crash

A Hopkins girl was out of the hospital Saturday, following a jolt in the arm she received in an automobile collision at Cuyler and Francis.

Miss Elizabeth Mann was taken to the hospital by friends when she suffered her injury in a collision between cars driven by Paul G. Crossman Jr., 23, of 1501 N. Russell, and Lloyd B. Attaway, 17, of 707 N. Hobart, according to city police.

Mishap occurred at 10:10 p.m. Friday, police said, adding that she was a passenger in the Attaway vehicle.

Attaway was headed south through intersection and had right of way, police said, when Crossman crossed into the left lane of traffic, trying to make a left turn, and collided with Attaway.

Total damages were estimated at $125.

BUSINESS HIGHLIGHTS

Dining Room Opens At Hillson Hotel

The Hill Top Roost, newly decorated dining room of the Hillson Hotel, has been opened to specialize in fried chicken meals, J. A. Raynor, operator, announced yesterday.

The dining room, open for private parties, committee and small group meetings, also offers a lounge room for business and social gatherings before or after a meal. A feature is a catering service for gatherings in Pampa. Fried chicken meals also will be cooked and delivered in Pampa.

Raynor, who has 18 years' experience in the hotel and restaurant field, took over the hotel in mid July. His wife, Mrs. Helen Raynor, is assisting him in the hotel and dining room work.

Misses Faye Ann Porter and Billy Jane Bonifield, teachers for the Pampa Public Schools, are making their home with Mrs. W. R. Ewing, 423 N. Somerville.

St. Paul's To Break Ground For Building

Ground-breaking ceremonies are to be held at 3 p.m. today for the first unit of St. Paul's Methodist Church Fellowship Hall on the site of the new building, N. Hobart at Buckler.

Dr. J. Edmund Kirby, Pampa District superintendent, will direct the ceremonies.

The all brick building is the first phase of a building program approved recently by the congregation which was first organized one year ago with 198 charter members. The congregation has now 320 members plus those being accepted every week.

When completed, the $30,000 structure will be large enough to accommodate 250 worshippers or seat 150 persons for a church banquet at one time.

The new building will be used jointly for the time being as a church sanctuary and a fellowship hall until additional buildings can be added at a future date. The present frame structure will be abandoned for worship purposes, but will be remodeled and used as a Sunday School and church offices.

Rev. Edwin L. Hall, pastor of the church, said the building program was started to meet the congregation's need for more adequate space for church services, church school work, and social gatherings.

To pay for the building, a committee of four worked on incorporation papers—completing them recently—and have issued $30,000 in bonds. The Citizens Bank and Trust Co. is the bonding agent for the institution. The bonds are now on sale in three denominations—$500; $100; and $50. They will pay 5 per cent interest, compounded annually. The bonds will mature in 13½ years.

Members of the committee, who are also listed as directors of the corporation, are: John McFall, president; H. H. Graham, secretary; and Elton Coe, treasurer.

Waldon E. Moore, Rev. Hall said, conferring with the congregation is the architect and has been for close to a year on the project.

Two Girls Born At Week's End

Two girls were born in Highland General Hospital as the week came to a close—one on Friday, the other Saturday.

The first was born to Mr. and Mrs. Jessie R. Taylor, 229 Tignor, 9:25 p.m., Friday. Tipping the scales at eight pounds, six ounces, she was named Cynthia Ann.

The daughter of Mr. and Mrs. N. E. Webb, 700 S. Reid, was born at 1:15 a.m. She weighed seven pounds, 10 ounces at birth, and has not been named yet.

B-I-E Hosts Slate Meet

Formal preparations were getting underway late Saturday for the Industry-Education Day, Oct. 12, first of its kind ever held in this city.

A meeting of the host firms committee of the Pampa Chamber of Commerce has been scheduled for noon Sept. 21, according to Jim Finnell, acting chairman in the absence of ailing Floyd Watson, chairman.

Sitting in with the committee members will be representatives of all participating host firms, Finnell emphasized, adding that the purpose of the get-together will be to work out various details of the day's activities and to accept further suggestions on its celebration.

Participating are expected to be some 29 host firms and all 215 teachers in the Pampa public and parochial school systems. Said Finnell: "The teachers will be the guests of the firms that day."

Activity will get underway on BIE Day at 9 a.m. in the Junior High School auditorium where there will be a keynote address by Tom V. Watson, of the Denver office of the U.S. Chamber of Commerce.

At 10 a.m. BIE Day each teacher will be assigned to a specific firm where he will spend the entire day, Finnell explained.

Members of the host firms committee include Clifford C. Whitney, W. B. Weatherred, Ed Myatt, Reno Stinson, Aubrey Steele, Clinton Evans, Fred Thompson, Ray Evans and Gordon Lyons.

Highway 70 Group To Meet In Pampa

Within a year to 18 months there should be a stretch of road extending from Canada to Old Mexico.

At least, the Pama area is expected to have its share of the proposed system in operation by that time.

A meeting of the Texas State Highway 70 Association has been slated for Saturday in the Palm Room of the city hall, according to W. B. Weatherred, Pampa Chamber of Commerce highway chairman.

His committee is in charge of local arrangements.

Purpose of the get-together will be to hear progress reports on two unfinished sections of road, for which appropriations have already been approved, Weatherred said. Those sections are (1) between Pampa and Perryton, Canadian River Bridge area; and (2) between Clarendon and Turkey, some 15 miles of it.

Invitations to the session have beensent to representatives of all communities between Perryton and Del Rio, Weatherred continued.

In existence for the last 15 or 20 years, the association was reorganized in 1952. Officers include Cole Boswell, Turkey, president; A. C. Bishop, Sweetwater, vice president; and E. O. (Red) Wedgeworth, second vice president and acting secretary.

Firemen Answer Six Fire Alarms

Pampa's fire department had six alarms in a little more than 24 hours.

None of them resulted in much damage, firemen reported. In order, they were:

At noon Friday, It was an engine house fire off West Gwendolen on the Castleberry lease.

At 6:55 pm. Friday. It was an alley trash fire in the 800-block of South Faulkner.

At 9:40 p.m. Friday. A warehouse in Skellytown caught fire, by the time a Pampa fire truck arrived on the scene it was under control.

At 10:30 p.m. Friday. A stove in Johnson's Cafe caught fire but the only damage was to the grease.

At 12:10 p.m. Saturday. The glove compartment of a pickup truck parked at 733 E. Albert was damaged by fire, as was some of the paint.

At 12:40 p.m. Saturday. Burning trash caused a fence fire. The only damage was to the fence.

Lunsford Enrolls At OBU Again

[redacted] Lunsford, son of Mr. and Mrs. [redacted] Lunsford, 220 N. Gillespie, enrolled for his second year at Oklahoma Baptist University, Shawnee, Okla.

Majoring in physical education, Lunsford has recently completed nine weeks as an instructor at the Wagon Wheel Dude Ranch, teaching horsemanship and crafts.

During his stay at the ranch, Lunsford has had an average of 28 boys and girls under his care every week as well as looking after 50 head of horses and cattle.

Althoug he is majoring in physical education. Lunsford intends to return to ranching and roping during the summer months with "Rusty," a sorrell which he trained himself.

CROP Drive Falls Short Of Goal

The drive for 30 head of cattle from Gray County for the Christian Rural Overseas Program fell far short of its goal, Frank M. Carter, co-chairman of the drive this year, reported Saturday.

Only $621.22 in cash has been collected and deposited with the Citizens Bank and Trust Co. And, instead of the 30 head of cattle, Carter added, the organization has only seven, possibly eight, it can depend on to be shipped out of Pampa.

Carter said Gray County people didn't appear too much in sympathy with the program, some of them actually resenting it.

But the cattle will be sent and the money will be used to buy as much cattle as it can, Carter said. He said, too, he didn't know when they would be shipped out of Pampa.

Tests Conducted On Street Paints

Those 56 stripes of different-type paints on the street between the city hall and the courthouse are not there to brighten up the downtown Pampa area.

It's for the purpose of testing color, wearability and general characteristics of different paints so that city officials can determine what kind is best, according to James R. Cowan, city director of public works.

The stripes were put on the street Friday night under the supervision of Fred Brook, assistant city engineer, and Russell Cartwright, street superintendent.

A list of five or 10 of the paints now being tested will be prepared and turned over to the purchasing agent who will help figure the best paint for the best price, Cowan said.

But Pampans will have that color combination on that block of Kingsmill for a while yet—the stripes'll be left on the street till they wear off.

LOCAL POW

(Continued from page one)

Maj. Gen. William Dean, was notified her son would have to remain in an army hospital in Japan for treatment.

The telegram from the adjutant general's office said, in part:

". . .report has now been received stating he will require treatment in overseas hospital. You will be further advised of method and date of return to U.S. Mail may be sent him at: M-Sgt. James W. Hart, Serial No. 38570947, U.S. Army Hospital No. 8059, Army Unit, APO 1052, C.O. Postmaster San Francisco, Calif.

Mrs Hart said her son, in a recent letter, said he would be glad for any letters from friends and relatives in Pampa, or anybody else who cared to write.

Meanwhile, in Pampa, plans for the official welcome home for both men are going forward, but are not too clear because the special committee does not know the exact dates of their arrivals home.

Notice Of Appeal In Damage Suit

A motion for judgment and a notice of appeal have been given in the case of Mamie K. Bell et al, plaintiffs, and Mamie K. Petroleum Company, defendant.

Action came Friday afternoon before a jury in district court with District Judge Lewis M. Goodrich on the bench.

The case concerns an automobile collision.

AFTER TWO YEARS

Pampa Air Force Member Back From Okinawa Duty

By ED NASH
Pampa News Staff Writer

Pampa is a long way from Okinawa.

But at least one Pampan has bridged the gap between the Top o' Texas and that far-off Pacific island.

He's Jerry Davis, 21, son of Mr. and Mrs. John R. Davis, 1021 S. Sumner, and he's just returned from a two-year tour of duty there with the U.S. Air Force.

Holding the grade of Airman 1c in the headquarters of the 20th Air Force, Jerry was stationed at the Kadena Air Force Base, worked in the classified radio branch, the administrative end ("almost entirely secret").

HOME SINCE Sept. 2, the lifelong Pampa intends "to just loaf" till Oct. 9 when he reports to the Alexandria (La.) Air Force Base.

In the Air Force for 30 months now (the other six were spent at Lackland Air Force Base, San Antonio, and the Arizona State College, Tempe), the airman didn't take long to describe what there was to do on Okinawa—sports, movies and sightseeing.

His base is located in the southwestern part of the island and is the home station for the Air Force's B-29's. A smaller base, Naha, is staked out farther to the north. Kadena is a stopping place for planes going between Japan and the United States via the southern route.

Sixty-seven miles long and from two to 13 miles wide, the isle was one of those included in the island-hopping campaign conducted by the U.S. Armed Forces during World War II. All branches of the service participated in taking Okinawa.

THOUGH JERRY couldn't talk of his work there, he could—and did—speak with mingled feeling of the isle's attributes. The 1949 graduate of Pampa High School lived in a Quonset hut. Permanent-type barracks were being built, he said, adding, "We never got in 'em."

That area of the South Pacific is in the typhoon area but Jerry never saw much of a storm, though he mentioned matter-of-factly that winds of 100 miles an hour were not uncommon. If a typhoon develops, they just move all the planes to Guam or Japan. He didn't say what happened to the men.

Being from Texas, Jerry—a future petroleum engineer—looked forward to seeing some of Okinawa's hills. They were there, all right. But at the other end of the island, the northern end. There was a goodly bit of timber up north, too. Best he could say for the south end of the isle was that it had rice fields, sweet potatoes and fish.

Queried about the sandy beaches that Americans always associate with South Sea islands, the servicemen grinned, "Yes, there are a couple of nice beaches—but most of 'em have coral."

BEST THING about the whole tour of duty, said Jerry, was the trip he had to Japan, just about a year ago. Like others, he had planned to go back again. And the Air Force was agreeable—except that it would cost him the second time. Admitted Jerry: "The practice of trips to Japan stopped."

In answer to a usual question to a serviceman, Jerry reported: "Okinawa women are not so pretty as Japanese women, they're more like Koreans."

In the line of sports, there was everything—baseball, football, tennis, even an Army golf course. Jerry played on sectional teams, more or less of the pick-up variety. As for movies, they were relatively new, cost 25 cents to see. Many of them were in Okinawa before they got to Pampa.

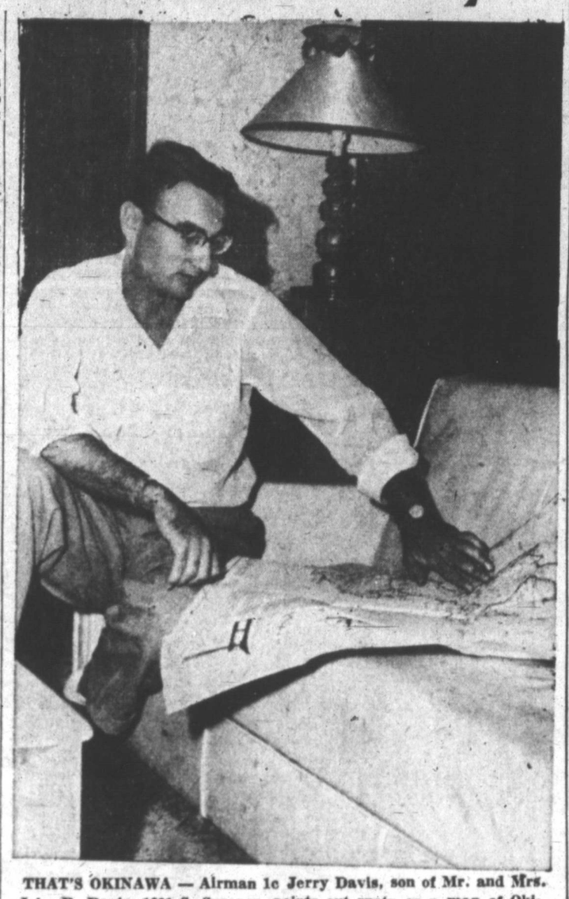

Sightseeing: "Guess there's quite a bit of it." Jerry said slowly, indicating that he didn't do much of it. "After you're there so long, the place grows old on you." One thing worth seeing, he continued, was the Ernie Pyle Monument, on neighboring Is-Shipa Island, named for the American newspaperman who sent heart-warming yarns on U. S. servicemen back to the States in World War II.

TO HEAR JERRY talk of Okinawa's weather is enough to make a Pampan's feet get itchy. Last year it rained more than 100 inches; in 1951 it was 142 inches. One time it rained nine inches in four hours, Jerry recalled. Temperatures range from 40 degrees to 95 and "it's awfully humid."

Like many other American, Jerry "expected to see palm trees" in Okinawa. What he got was evergreens, not a single palm in the lot.

Lounging comfortably on the family sofa here in Pampa, Jerry restrained himself when asked if he'd like to go back:

"I got kinda tired of it, kinda low, toward the end. I don't believe I'd care about going back."

THAT'S OKINAWA — Airman 1c Jerry Davis, son of Mr. and Mrs. John R. Davis, 1021 S. Sumner, points out spots on a map of Okinawa where he's been during the last two years. Home now from a tour of duty on that island of 600,00 persons, Jerry isn't in any hurry to get back, will report to Alexandria, La., next month. He has three older sisters, Velma, Thelma and Clara; and three younger brothers, Dale, Derrel and Rodney. (News Photo)

NO BABY TEETH—Britt McDaniel, 4, of Valparaiso, Ind., smiles to show his upper and lower dentures. Until eight months of age, the youngster was on liquid diet, because a rare disease caused a rapid decay of his baby teeth. Now he's able to eat hard foods, while waiting for his own set of permanent teeth, expected to arrive by his sixth birthday.

Can Do No More

BAKERSFIELD, Calif., Sept. 12—UP—The tiny unincorporated village of Buttonwillow has gone "all out" for its one returning prisoner of war. The village elected its first mayor so it would have an official to present the keys of the city to Cpl. Isaac Ornelas when he comes home Sunday.

Merchant Seaman Starts Prison Term

CAMDEN, N. J., Sept. 12—UP—William [illegible], Texarkana, Tex., merchant seaman, Friday began a 12-to-18-months prison term for obtaining money under false pretenses from two VFW posts in this area.

Howard was found guilty last July of defrauding the posts out of $40 each. County Judge Bartholomew Sheehan imposed the sentence Thursday.

About half of every ton of new steel produced in the United States is born of scrap metal, coming from auto graveyards, railroads, farms, demolished buildings, factories, and even the ocean.

FUR-THERISTEP—As French designers shorten women's skirts to knee-length, an American designer comes up with an idea to keep their knees warm. It's mink knee-warmers for the woman who intends to raise her hemline, yet wants to ward off winter's chill.

Livestock Report

FORT WORTH, Sept. 12—UP—USDA—Weekly livestock:

Cattle: compared last Friday: Slaughter steers and yearlings strong to 50 higher, some low grade yearlings up more, cows 1.00 higher, about 30-35 per cent of run cows, bulls steady, stockers and feeders strong to 50 higher. Week's tops: slaughter steers and yearlings 24, few head choice and prime club yearlings 24.-26, cows 12.50, bulls 12.50, stocker steer yearlings 16, load 742 lb feeder yearlings 15.75.

Calves: Slaughter calves 1.00 higher, stockers strong to 1.00 higher. Good and choice killers 14.50-18, medium to choice stocker steer calves 12-17, load 459 lb 17.50; load 454 lbs 18.

Sheep: Slaughter spring lambs strong to 50 higher, slaughter yearlings and aged wethers 50 or more lower, slaughter ewes steady, feeder lambs 50-1.00 higher. Week's tops: slaughter lambs 18, good slaughter yearlings scarce, aged wethers 8, slaughter ewes 6.50, feeder lambs 16.

Hogs: Butchers 25 higher, sows 2.00 higher, week's tops: Butchers 26, sows 24.

GRADE SCHOOL TWINS — at McLean are Roy and Joy Richardson, 4th graders; Durwood and Darryel Herndon, 1st graders. Center is Mrs. L. Hauck, first grade teacher. In all there are seven sets of twins in the McLean schools. Others are Harlene and Harl Moore, Dale and Gail Johns, Donald and Donna Rice.

WHO'S WHO? — McLean High School Principal Freeman Melton, Jr., extreme right, scratches his head in amazement as he views two sets of identical twins enrolled in the McLean school. The twins are Arline and Marline Gudgel, and Lloyd and Floyd Skipper. (Photos by J. M. Payne)

Stars and Stripes

Pvt. Elvin G. Posey, U.S. Army, son of Mr. and Mrs. J. E. Posey, Pampa, has been selected to attend the leader's course, the most advanced training program of the Anti-Aircraft Artillery Replacement Training Center at Fort Bliss.

Pvt. Posey was chosen for the leadership class from a group of more than 400 soldiers. Appointments to the rigorous training course are based on demonstrated leadership abilities, high scholastic aptitudes and above-average physical stamina.

The purpose of the course is to train potential leaders early in their military careers and develop them to lead troops as non-commissioned officers.

The first five weeks of training are a study of leadership principles, methods of instruction and tactics. The last three weeks of the Course emphasized practical exercise.

During this period the men are placed in basic training units in the AA RTC to instruct troops in the various phases of training—from Infantry drill to servicing and firing the light and medium anti-aircraft guns.

Graduation from the leaders' course comes at the close of the eighth week of training and is climaxed by a formal parade and retreat ceremony.

Ens. Eula M. Stovall, U.S. Navy WAVE, daughter of Mr. and Mrs. A. L. Stoval, Panhandle, has completed the 16-week indoctrination for women line officers at the U. S. Naval School, Officer Indoctrination Women, Newport, R. I.

The course takes in phases of Naval operations and is aimed toward preparing the woman officer for duty in shore activities of the Navy. It encompases the fields of communications, intelligence, logistics personnel administration, leadership, Naval correspondence, sea power and world affairs, ships aircraft and weapons, instructor training, military drill, physical education, swimming, hygiene, military justice, and character guidance.

Tours to ships and shore activities in the vicinity are a part of the indoctrination course.

Arthur W. Shupp, U.S. Navy engineman-fireman, son of Mr. and Mrs. Arthur R. Shupp, and husband of the former Miss Virginia L. Hemphill, all of Pampa, is now aboard the fleet tug USS Lipan in Far Eastern waters.

The Lipan, commissioned in April, 1943, has made several long and heavy tows across the oceans.

At the outbreak of the Korean conflict, the Lipan played "unsung hero" parts in Naval operations off Inchon, Pusan, Iwon, Hungnam, Songjin and Tanchon, Korea.

She has rendered assistance to the USNS LST 758, SS Cornhusker Mariner and the HMCS Huron.

James V. Cox, U. S. Navy bos'n mate 3c, son of Mr. and Mrs. Wyndell L. Cox, 1425 N. Russell, and husband of the former Miss Nellie R. Roles, San Angelo, is now stationed at the U.S. Naval Air Station, Atsugi, Japan.

Personnel at the station recently raised more than $18,000 for Japanese and American charities when they staged a Spring Festival at the air station.

Aurelio G. Garcia, U.S. Navy fire control technician 3c, son of Mr. and Mrs. Jose W. Garcia, 304 W. Atchison, was slated to be in Long Beach, Calif., today, following a tour of duty in Korean waters.

The USS St. Paul, a heavy cruiser on which Garcia is stationed, spent several months on the "bomb line" and took part in numerous shore bombardments. It received a direct hit by enemy shore batteries which knocked out one of the ship's guns.

Miami Personals

By VIRGINIA MYERS
Pampa News Correspondent

MIAMI — (Special) — Attending the Oldtimers celebration in Mobeetie Monday were Matt Craig, Tom Graham, J. V. Coffee, A. B. Kidd, Frank Hollis, Frank Welch, Thurman Chisum, Mmes. Una Cantrell, Jim Gill, Jim Johnston, Ivy Pursley, Mable Kivelehen, Mable Arrington, Mr. and Mrs. R. B. Mathers, Mr. and Mrs. R. W. Beck, Mr. and Mrs. H. J. McCuistian, Mr. and Mrs. Joe Borden, Mr. and Mrs. John Arrington, Frank Russell and family.

Donald Jenkins left this week for induction into the Army. Donald has been in Miami with his parents since last Spring when he finished his Sophomore year at Texas Tech in Lubbock.

Mr. and Mrs. John Porter Pennington and son Johnny spent the Labor Day holiday visiting relatives in Miami. The Penningtons are now living in Miltonvale, Kan., where they are in the car business.

Mr. and Mrs. Everett Hodges and son are vacationing in California.

Juanita Haynes is visiting in Seagraves this week. The primary purpose of the visit was to be the organist at the wedding of a former pupil, but she will visit many old friends while there. She also plans to visit with her brother and family in Lubbock.

Miss Norma Russell of Claude (formerly of Miami) has been a recent visitor in the Frank Russell home. Norma is a student at W.T.S.C. in Canyon.

Mr. and Mrs. Britt Morris and son Oran of Eagle Nest, N. M., were weekend guests in the Kint Philpott home.

Mr. and Mrs. W. L. Russell returned this week from an extended visit to Kansas, Missouri, Nebraska, Colorada, and New Mexico.

Rev. Ray Manning of the First Baptist Church was out of town conducting a revival last Sunday. His pulpit was filled by Rev. L. T. Field of Pampa.

Anniversary Seen By Canadian Lions

CANADIAN — (Special) — "Birthday" cakes bearing five candles were on the tables at the luncheon meeting of the Canadian Lions Club Friday. The cakes were a gift from Mrs. Abe Haddox, the club's pianist, and marked the fifth anniversary of the organization of the club.

A program of vocal music by Mrs. Charles Douglass, Mrs. Erbin Crowell and Mrs. Hercial Fielder was featured at the meeting. The ladies were accompanied by Stan Douglass at the piano.

Following announcements in connection with the "Lions Pageant of Beauty" to be presented in the High School Auditorium the night of September 29, the members received their quotas of tickets for advance sales.

Charter members at the luncheon were A. H. Breazeale, Roy Deaton, Ben Ezzell, M. A. Morgan, Frank Shaller and Carl Zybach.

Coach John Cardinal was welcomed as the newest member.

Wind becomes a gale when its velocity reaches 25 miles an hour. When velocity rises above 75 miles an hour, it becomes a hurricane.

Rep. Rogers Speaks To Kiwanis Club

Rep. Walter Rogers told Kiwanians here Friday people must work together regardless of religious or political differences with a hot war staring us in the face.

The Pampa congressman was the club speaker Friday when county farmers and ranchers were special guests of Kiwanis.

Most of the congressman's remarks centered around agriculture legislation in which he defended farm programs and prices supports for cattle.

He told the group farm controls are not new to the American continent, and that they started as far back as 1623 when the General Assembly of Virginia passed legislation setting up standards for corn crops, and again in 1632 enacted a law that two acres of corn had to be raised per capita. Again, in 1666, Virginia enacted legislation regulating the tobacco crop because it was glutting the market and discouraging merchants from handling it because prices skidded downward.

After World War I, Rogers added, the farmers and ranchers found themselves facing tumbling prices again and in order to earn more money, began increasing their crops. This, too, resulted in glutting the market and prices went down farther as surpluses piled up. This condition reached a peak in 1932 and ex-President Hoover tried to take off some of the surpluses but couldn't get the plan to work.

He said, too, what man has been seeking a balanced economy rather than periods of feast and famine.

"Whether controls, subsidies and price supports are the answer, I don't know," he said, adding:

"But, what we have got to stop doing is criticizing from both sides and start to work together to find a solution. And, with a hot war staring us in the face the farmers and ranchers will be asked to produce over and above what is needed now in order to meet that demand."

As to subsidies, he cited the resolution he introduced in the 83rd Congress to create an investigating committee charged with running down just who is getting subsidies, how much they are and why they are receiving them. "Then, we can cut those out which aren't needed."

The program was introduced by Clyde Carruth, chairman of the club's agriculture committee.

HAROLD WRIGHT
. . . Pampa Commander

Knights Templar To Be Hosts To Regional Masons

Knights Templar of Pampa are to be host to officers and members of Commanderies of both north and south plains, Saturday, the 19th. A feed at 5:00 p.m., at the Masonic Temple on Kingsmill St., will start the festivities.

Grand officers Victor C. Whitfield, grand commander, and H. Jack Hefner, grand captain of the guard, are to be present to witness the opening of the commandery by Pampa Commandery officers in ritualistic form for the School of Instruction for District 10, which includes commanderies at Lubbock, Plainview, Childress, Memphis, Shamrock, Amarillo, Dalhart, Borger, Perryton, Canadian, and Pampa.

Officers of Canadian Commandery No. 63 have been chosen to put on the Order of the Temple. Theirs is the top ranking team in the district. Harold Wright, eminent commander of Pampa Commandery, invites local and visiting Sir Knights to be present, and will appreciate a large attendance of local members Tuesday night, the 15th, to help lay plans for the entertainment of guests of Pampa Commandery on Saturday, Sept. 19.

Enrollment Jumps At White Deer

WHITE DEER — (Special) — Superintendent of Schools Huelyn Laycock announced today that the 1953 enrollment in the three schools of this District had jumped an increase of ten per cent over last year.

Although the population of White Deer has grown considerable during the past year, Laycock believes this increase is due mainly to an increase of 6 year olds who entered the schools for the first time this term.

To date, White Deer High School has enrolled 150 students; White Deer Grade School, 193; and Skellytown Grade School, 302. This brings the over-all enrollment to 646.

Classes Organize In Grade Schoo! At White Deer

WHITE DEER — (Special) — Activities in White Deer Grade School received their planning program this week when each class met and elected class representatives for the Student Council.

Leaders of the Council are: Joy Kotara, president; Marilyn Kotara, vice-president; Suzane Bates, secretary-treasurer; and the following representatives: Grade 5: Leona Trayler and Douglas Rapstine; Grade 6: Jackie Burns and Betty Irene Young; Grade 7: Bobby Anderwald and Mary Ann Freeman; Grade 8: Donnie Rapstine and Wilma Milton.

Johnstons Attend Sweetwater Service

Dr. Tom M. Johnston, pastor of the First Methodist Church in Pampa, and Mrs. Johnston, were due in Sweetwater today to take part in the first service in the First Methodist Church's new sanctuary building.

Dr. Johnston is a former pastor of the Sweetwater church. Present pastor there is Rev. Timothy Guthrie.

Afterward the Johnstons were slated to leave for Waco to visit Dr. Johnston's mother, Mrs. A. Koleszar. They were expected to return to Pampa Thursday.

Skellytown Personals

By MRS. CLIFTON HANNA
Pampa News Correspondent

SKELLYTOWN — (Special) — Cleady Steward and son, J. T. were Amarillo visitors this week.

Southwest Grain

FORT WORTH, Sept. 12—UP—USDA—Weekly grain:

Mixed price trends ruled Southwest grain markets again this week. For instance, No. 2 white corn dropped .25 per bushel, but No. 2 oats went up 1½ cents.

The Friday - through - Friday grain review from the Production and Marketing Administration showed:

No. 2 yellow milo, down 9 cents per hundredweight; No. 1 wheat, down ½ to 2½ cents per bushel; and No. 2 yellow corn, down ½ to 1¼ cents. No. 2 barley scored a penny loss on the lower end of the price range and registered a gain of the same amount on the upper end.

The prices for wheat, corn, barley and milo are based on wholesale carlot quotations, Texas common rate points. Oat prices are based on the Fort Worth market.

Oilseed markets strengthened during the week. Limited offerings accounted for the strength in flaxseed. In soybeans, limited offerings and improved crusher demand were the strengthening factors.

Offerings of wheat on the open market remained limited due to the large quantities placed in store or under government loan.

Hot, dry weather during the past month cut prospects for the corn crop which is now estimated at 3 billion, 216 million bushels. This is 114 million bushels less than a month earlier.

Oat production for the season is now forecast at 1 billion, 205 million bushels. This is a slight reduction from earlier estimates. Sorghum grain crop prospects improved and is expected to total 120 million bushels.

Texan Aboard 'Freedom Airlift'

TOKYO, Sept. 12 —UP— Two "Freedom Airlift" planes left Friday for the United States with 16 Americans released by the Communists.

Those aboard the first flight included 2nd Lt. Carol R. Lundquist, Georgetown, Tex.

Those on the second flight included Sgt. Clyde Livaudais, New Orleans.

More hosiery is produced in North Carolina than in any other state of the Union.

Where Are They Now -- Stars Of Yesterday?

JACQUELINE LOGAN lives in Bedford, N. Y. She starred in "Playing With Souls."

ANITA STEWART shines in society.

FLORENCE VIDOR lives quietly in a Pacific Palisades mansion.

MADGE BELLAMY now operates an auto court in Ontario, Calif.

ELSIE FERGUSON played in summer stock this year.

LAURA LA PLANTE is married to producer Irving Ascher.

JOHNSON ★ IN HOLLYWOOD ★

By ERSKINE JOHNSON
NEA Staff Correspondent

HOLLYWOOD — (NEA) — It may or may not be the influence of vintage movies on TV, but public interest in stars of yesterday, from five-year-old Susie to great-aunt Matilda, is at a new high.

As he watches an oldie from the prohibition era, Junior is forever asking dad whether the fellow in the straw hat is still alive and grandpa, peering at a 1928 belle in skirts above her knees, is apt to mutter, "now there's a familiar ankle, by heck."

To answer questions from readers about some of the stars who are once again doing their stuff, this time via TV, and about stars who have dropped out of sight, here is a run-down of Who's Where?:

Enid Bennett, one of the silent era's most beautiful stars, is a reader in a Beverly Hills Christian Science church. . . . Lois Moran, of "Stella Dallas" fame, has come out of retirement and recently completed a TV pilot film, "Waterfront," in which she plays Preston Foster's wife.

Became A Director

Gaston Glass, a big heart-throb in the twenties, is an assistant director at Fox. . . . Juanita Hansen, a serial queen who ranked with Ruth Roland and Pearl White, left the flicker industry years ago and is currently working as a train dispatcher for the Southern Pacific Railroad.

Florence Vidor, the serene beauty who once queened it as a Famous Players-Lasky star, has been living quietly in a Pacific Palisades mansion since her divorce from Jascha Heifetz. . . . Elsie Ferguson, a tearing beauty of the silent era, came out of retirement to star in an ill-fated Rose Franken play, "Outrageous Fortune," on Broadway some seasons ago and appeared in summer stock this year.

Dorothy Phillips, star of "Hell Morgan's Girl," circa 1917, is still acting in films and recently played a dowager in Columbia's Judy Holliday starrer, "A Name for Herself." In the same movie, Donald Keith, who was Clara Bow's leading man in "The Plastic Age," has a role of a floorwalker.

Johnny Darrow, who made feminine hearts go pitter-patter, is now a successful Hollywood agent. . . . Eleanor Boardman, a famous MGM star, is now Mrs. Harry d'Abdie d'Arrast and lives in Spain. Serious illness took her out of films in the early 1930's. . . . Edna Purviance, Charlie Chaplin's blonde leading lady in "Carmen," and star of his "A Woman of Paris," retired from acting years ago and up until the time of Chaplin's departure for Europe, she received a weekly check from him.

Became Social Lioness

Aileen Pringle, who divorced writer James Cain some years back, has a New York apartment and is a social lioness. . . . Jacqueline Logan, as beautiful a woman as ever hit Hollywood, is married and lives in Bedford, N. Y. When C. B. DeMille won an Oscar for "The Greatest Show on Earth," Jacquline, who starred in his "King of Kings," wrote him a letter of congratulation.

Tullio Carminati, Grace Moore's leading man in "One Night of Love," makes his first screen appearance in years as the general in "Paramount's "Roman Holiday." . . Dorothy Jordan, the sweet-faced MGM star of the early '30's, is now Mrs. Marion C. Cooper and makes a comeback as Arleen Whelan's mother in Republic's "The Sun Shines Bright."

Big-eyed Madge Bellamy — remember her in "Mother Knows Best"? — operates an auto court in Ontario, Calif. . . . Ora Carawe, a silent era dazzler, is a beautician at a Sunset Boulevard shop in Hollywood. . . . Anita Stewart, whose last film was "Never the Twain Shall Meet" for MGM in 1925, is a Los Angeles society figure. She has been separated from George Converse for several years.

Laura La Plante, Unniversal's biggest star and the first Julie in the first film version of "Show Boat," is married to a Paramount producer, Irving Ascher.

Ethel Clayton, the Hedy Lamarr of her day, is a housewife in Thousand Oaks, Calif., and recently declined an invitation to a testimonial dinner honoring Adolph Zukor with the words: "I'm accustomed to the quiet life these days."

Newspaper Reading Not Hit By Television Set Increases

NEW YORK, Sept. 12—UP—You may not live in New Brunswick, N. J., but if your community is in one of the active television areas of the country then the odds against your going without a TV set are getting prohibitive.

According to a 1953 survey, with New Brunswick as the guinea pig, set ownership has risen to 71 per cent as compared with 62 per cent in 1952.

This doesn't mean, however, you are neglecting your newspaper reading.

"Newspaper reading, which has never been affected by television, continues at a high level," according to the survey report. "As a matter of fact, it is higher than a year ago."

These are among the findings of the sixth annual survey made by the Cunningham and Walsh Advertising Agency of "Videotown," an average community in an active TV area. Identity of the town was concealed until last year when it was revealed to be New Brunswick which is 40 miles from New York and well exposed to TV programs.

Here are some of the other findings for 1953:

More than nine of 10 sets are used every week-day evening, an increase over 1952 when the figure was 86 per cent. However, the sets are tuned in only 4¼ hours as compared with 4½ hours a year ago. (Could radio be taking up the slack?)

During the 4¼ hours, each member of a family watches about 3¼ hours. Mother does more watching than anyone else, with teenagers, young children and father following in that order. However, Dad, when he does commit himself to a TV session, gives more time to it at a sitting than any other member of the family.

The "Videotown" survey tends to blast the high-cost-of-maintenance idea. Nineteen per cent of owners have never had their sets repaired. Even of the sets purchased before 1951, four per cent have never been repaired. Excluding the few who have had to replace picture tubes, the average annual repair bill is $11.

An executive session of a Congressional committee is one from which the public and press are excluded.

Pro-French Sultan Escapes Incident

RABAT, Morocco, Sept. 12—UP—Two terrorists crashed their speeding automobile into a horse which the new pro-French sultan was riding Friday. The sultan leaped to safety, unharmed, as his royal guards shot and killed one of the assailants.

Sultan Sidi Mohammed Moulay ben Arafa was leading a colorful procession of royal courtiers to pray at the mosque of Ahl-Fez de Tourga when the terrorist automobile shot through a cordon of police and Moghzani guards and smashed into the sultan's pure white Arab charger.

The horse fell to its knees. Palace guardsmen cut loose with their rifles at the weaving car.

The driver was killed instantly. His companion was seized by the police and saved from an angry mob.

Moulay ben Arafa was enthroned as sultan of Morocco on Aug. 21 after French High Commissioner Augustin Guillaume deposed Sultan Sidi Mohammed ben Youssef and banished him to the French Mediterannean island of Corsica.

Hank Bows To Ceylon Leaders For Mixup On Helicopter Deal

Out of my head and off my chest: Here is a retraction I am happy to make — through H. S. Amerasingle, Counselor, Embassy of Ceylon, I learn that I was mistaken in my column of July 27th, in which I said that Ceylon would be given a helicopter by the U. S. government and that it would be used for the spraying of rubber trees. I expressed annoyance at this, since Ceylon is said to have a five-year pact with Red China to sell rubber.

Mr. Amerasinghe writes, "Criticism of this transaction is due to certain serious misapprehensions regarding its actual nature. . .The government of Ceylon paid the full purchase price for the helicopter and has not the least intention of using it for the spraying of rubber trees. . ." Ceylon, I am very sorry.

Happiest magazine story of the year for husbands was the one pointing out that anyone who paid $45,000 and up for a sable coat for his wife might just as well send a money order for nine-tenths of the amount to Malenkov. Now all of us husbands who have been having trouble keeping up our Sable Christmas Club Plan payments won't feel bad about switching to the Dyed Baboon Christmas Club. I never cared for the looks of sable, anyhow. Give me a woman in a red and blue plaid mackinaw anytime.

Just what is the difference in meaning between a road sign that says "Stop" and one that reads "Come to a Complete Stop"? Is there such a thing as a half-way stop? Don't bother to write, though, I'll figure it out bye and bye. . .Have yet to see anyone smoke a cigarette the way they are smoked by men and women on television commercials. They all go into a semi-trance and look about as natural as a tinted photograph.

If women go for the Dior tree-top hem, then men should roll up their pants legs until their garters show, than which there is nothing uglier.

A few early worm (remember, he's the one that gets the bird) predictions: Britain will win in its argument in the U. N. with the U. S. and both Russia and India will be included in the Korean political conference. Don't ask me how, but our side will come up with a winning reason for losing the dispute. . .The Yankees will whip the Brooklyn Dodgers in a six-game World Series, and the outstanding star will be the Yank pitcher, Eddie Lopat. . .Playing on their own home grounds, the Australians will keep the Davis Cup for another year, and don't be surprised if they do the job without losing a match.

I am not going to believe there is such a thing as a merry motorman who greets his passengers by their first names, sings out stops in a mockingbird voice, and generally keeps his bus happier than a birthday party, until I meet one. . .The same goes for philosophical taxi drivers. There must be a hundreds of them, but they don't operate in my neighborhood.

Anyone who serves a poached egg on corned beef hash should be given a free trip in a leaky bathysphere — and he should have for company the man or woman who first used parsley, the inventor of the unbreakable Cellophane that half the products sold are wrapped in, and the man who devised the ladder one has to use to get in the upper bunk of a railroad compartment.

Franks Surrenders To Houston Police

HOUSTON, Sept. 12 —UP—Alton C. Franks, red-eyed from loss of sleep, gave himself up to his attorney at a Houston cafe Friday and a few minutes later was turned over to Police Inspector Tom Eubanks.

Franks, who once got $19,000 so he would "go straight," had been sought by authorities since he escaped Monday night from shackles in a Phoenix, Ariz., hospital.

After walking into the police station, the 20-year-old curly-haired Texan confidently predicted "they will turn me loose," and said if they did he planned to enter a hospital for an operation to "get straightened out."

Once before he entered a hospital for a head operation but walked out after refusing treatment. He was shot in the head three years ago by a highway patrolman who was trying to arrest him for auto theft.

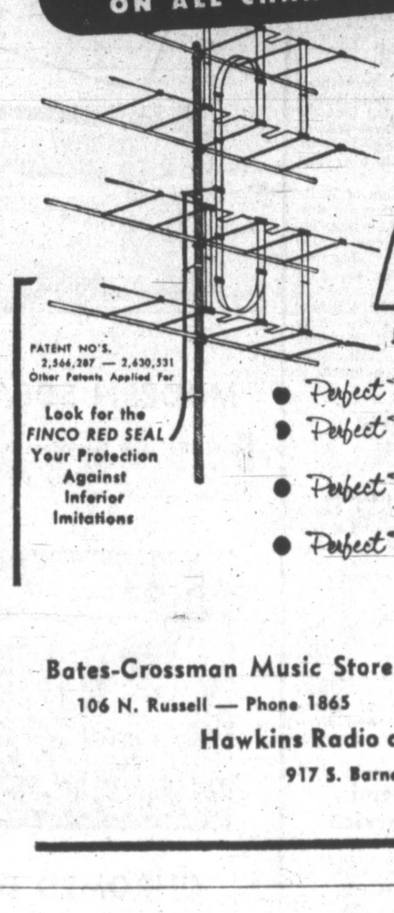

Franks denied taking part in the attempted holdup of a Tempe, Ariz., service station on Sunday and said he later helped an 18-year-old youth who attempted the hijacking "because somebody helped me when I was in trouble."

You can call it your own for less than you think

WHY just look and sigh — and pass up so much real automobile?

Why — when this big and beautiful new Buick SPECIAL delivers for a figure you'd pay for a "six"?

Could be you're one of those folks who still don't believe that the price of a Buick really *is* just a few dollars more than that of the so-called "low-priced" cars.

So we'll show you the price tag to prove it.

But beyond that — what you get in this great Buick, for so small a step-up in what you pay, is plenty.

More power. Fireball 8 power. The highest horsepower and compression ratio ever placed in a Buick SPECIAL.

More room. Real six-passenger room—even by man-size measurement.

More comfort. The solid comfort of Buick's Million Dollar Ride—with coil-spring cushioning on all *four* wheels, wide-tread stability, torque-tube steadiness.

More pleasure. The pleasure of high visibility, of luxurious fabrics and fittings, of superbly easy handling — and the deep satisfaction of bossing a big and able and stunningly styled automobile that does you proud wherever you go.

Why not drop in on us and see things for yourself?

That way you'll also learn about the long list of "extras" you get at no extra cost in this spirited new 1953 Buick SPECIAL—things that most other cars of similar price charge for as extras. Can you make it this week?

See The TV Football Game of the Week every Saturday — a General Motors Key Event

Harvesters To Blast Lid On 1953 Season Here Friday Night

The Pampa Daily News
SPORTS
PAMPA NEWS, SUNDAY, SEPT. 13, 1953 Page 7

Face EP Austin In Opener Friday

By BUCK FRANCIS
Pampa News Sports Editor

The Harvester gridders climaxed their second week of fall training last night with a snappy two-hour drill under the lights at Harvester Park with a couple hundred fans looking on.

Coach Tom Tipps and his aides, Aubra Nooncaster and Dwaine Lyons, divided the squad into "Red" and "White" teams and held about an hour scrimmage session.

The Green and Golders thus will have less than a week remaining before the 1953 lid lifter Friday night at Harvester Park with the Austin High Panthers of El Paso invading the Top O' Texas for the opening joust.

Coach Red Harris' Austin eleven will be gunning for revenge from last year's 37-27 defeat handed them by the Harvesters at El Paso.

Austin is the defending District 2-AAAA champion and they are again favored to repeat this season. Sparking the Austin attack will be Whitney Dominguez. Dominguez finished strong last season and was named on the All-2-AAAA team. He'll start at left half Friday night.

The Panther backfield will average 166 pounds. In addition to Dominguez, the other Panther backfield starters will be David Bourland, quarterback; Bob Eider, halfback; and Jim Blackmon at fullback. Blackmon weighs in at 177 pounds.

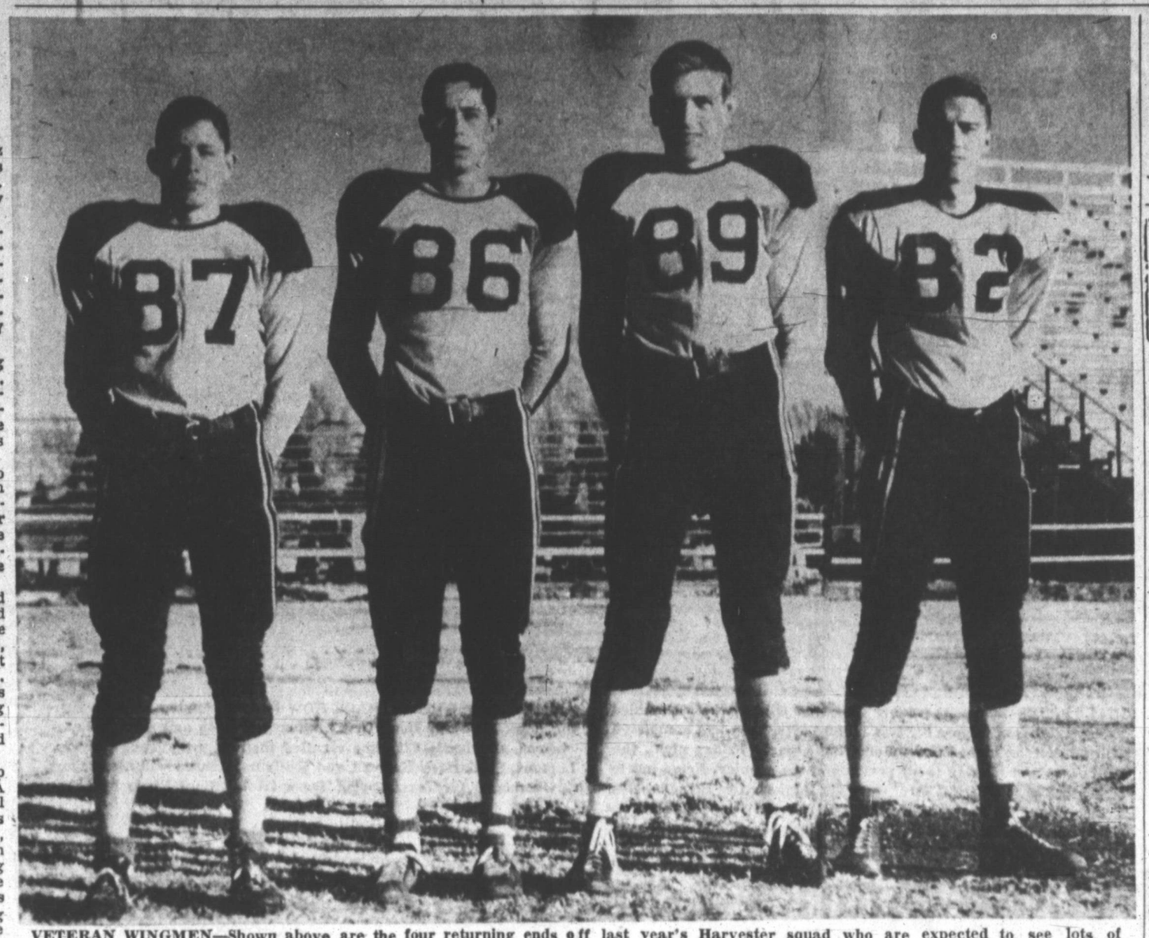

Bourland is the only returning offensive regular for the Panthers, The biggest loss was the graduation of Fred Kriss, all-state halfback. Kriss scored three of the four TD'S against the Harvesters in the '52 game.

Coach Tipps and Nooncaster, who returned late yesterday from scouting trips to Odessa and Abilene respectively, divided their charges into equal teams for the scrimmage last night. Five touchdowns were scored during the session, three by the Reds.

Ed Dudley, John Darby, Harold Lewis and Bill Fulenwider ripped off several long runs during the scrimmage. Dudley, in addition, got off some long punts that caught the eye of the onlookers last night. Dudley was handicapped on his punting last season due to a leg injury but averaged 37 yards nevertheless. He is returning to his old form in the punting department.

Five other games are on tap Friday night envolving 1-AAAA teams. Amarillo will host Capitol Hill of Oklahoma City; Borger's Bulldogs take on Duncan, Okla., at Borger; defending champion Lubbock plays at home, meeting Plainview; Midland opens at home against Lamesa; Odessa plays its second game of the year, traveling to Waco for a skirmish with the highly rated Tigers; and San Angelo will meet Big Spring at San Angelo. Abilene will be idle this week.

Abilene and Odessa opened last week, the Abilenians downing Highland Park, 27-13, and the Broncs playing mighty Port Arthur to a 13-13 draw.

VETERAN WINGMEN—Shown above are the four returning ends off last year's Harvester squad who are expected to see lots of action Friday night when the Green and Golders open the 1953 season against the Austin High Panthers at Harvester Stadium. From left to right, they are James Pippen, Bill Culpepper, Bobby Holder and Travis Taylor. Pippen, Holder and Taylor won letters last season. Joining this quartet in bidding for end positions are Jim Greene, Marion Stone and Jon Cantrell from the B team and Jimmy Bond out for football the first time. (News Photo)

Eagles Shade Rams, 28-17

LITTLE ROCK, Sept. 12 —UP— The Philadelphia football machine swung into high gear in the third quarter for a 28 to 17 Eagle victory over the Los Angeles Rams in an exhibition game before 20,000 fans here Saturday night.

The Eagles took a 7 to 3 halftime lead and then broke loose for three touchdowns in the third period to hand the Rams their second consecutive defeat of their exhibition tour.

The hard-fought contest was marred by several fist-fight flurries, and Harry Thompson of the Rams was banished from the field late in the game.

The Eagles, sparked by the running and passing Adrian Burk, picked up 324 net yards gained to 280 for the Rams.

The Rams made a spirited bid in the fourth period with an 80-yard scoring march in six plays.

Burk and Norm Van Brocklin of the Rams bore the brunt of the passing attack. Burk completed 8 out of 15 for 82 yards, and Van Brocklin 13 of 28 for 196.

Score by periods:

Eagles	0	7	21	0—28
Rams	0	3	7	7—17

TD—Walston, Ledbetter, Burk, Parmer, Sears, Towler. FG—Agajanian, PAT—Walston 4, Agajanian 2.

White Sox Eke By Philly A's, 6-5

PHILADELPHIA, Sept. 12—UP—Saul Rogovin, with sputtering relief aid from Sandy Consuegra, won his second straight game since returning to the active list as the Chicago White Sox defeated the Philadelphia Athletics, 6-5, before the smallest paying crowd of the season at Connie Mack Stadium.

A crowd of 1,015 saw the teams close their 1953 series with the seventh-place Athletics holding a 12-10 season edge over the Sox.

Rogovin, whose other outing was a 2-0, four hit victory over Cleveland, gave up a first inning single to Loren Babe and then pitched hitless ball until the seventh.

Pep Leader For PHS Arrives

A cheerleader for Pampa High School for 1968 arrived yesterday.

A daughter was born to the Dwaine Lyon's yesterday. Papa Lyon is the line coach for thte Pampa Harvesters.

It is the first child for the Lyon's.

Mueller on Hitting Spree

CHICAGO, Sept. 11—UP—"Darkhorse" Don Mueller of the New York Giants stormed into the thick of the National League batting race Friday on the wings of a streak that has seen him collect 12 hits in his last 18 at-bats. The batting spree, which began with a "four-for-eight" performance in the Labor Day doubleheader against the Pirates, lifted Mueller's average from .324 to .339.

12,000 Watch Rice Drill

HOUSTON, Sept. 12—UP—A five-touchdown outburst in the second quarter shoved the potential Rice first team, the Blues, to a 52 to 14 victory over the Gray team in the annual intra-squad game before 12,000 persons at Rice Stadium Saturday night.

The edge was so much in favor of the Blues that Coach Jess Neely sent several of his key players into Gray uniforms for the second half. But even then, the Blues managed to hold even with both teams getting two touchdowns.

Kosse Johnson of Baytown turned in probably the best running performance for the Blues, getting 113 yards in 14 carries. He scored one touchdown.

John Hudson, a standout tackle, scored two touchdowns, one on a recovery of a fumble in the end zone and again when he and Dan Hart of Houston blocked a punt.

Bosox Nip Browns In 12th, 7 To 6

BOSTON, Sept. 12 —UP—Billy Goodman, whose second-inning error helped St. Louis to a three-run lead, finally broke up a marathon 12-inning game Saturday with a run-scoring single that gave the Boston Red Sox a 7-6 victory before a ladies day crowd of 11,364 Fenway Park fans.

Winning pitcher was Ellis Kinder, the fifth Sox hurler of the afternoon. In making his 66th appearance of the year, he equalled the American League record of appearances for a pitcher that was set by Ed Walsh of Chicago in 1908. He already had cracked the relief appearance mark of 63.

Hockey League Opens Oct. 10

NEW YORK, Sept. 11—UP—The American Hockey League will open its 1953-1954 schedule Oct. 10 with each of the six teams slated to play a total of 70 games, it was announced Friday. Opening games will have Cleveland at Pittsburgh; Providence at Hershey, and Buffalo at Syracuse.

Q-Back Club To Convene Tomorrow

The Pampa Quarterback Club will hold its first meeting of the year Monday night, president Warren Hasse revealed Saturday.

Bill Ledbetter, a member of Southwest Officials Association, will speak at the Monday meeting.

Coaches Tom Tipps, Aubra Nooncaster and Dwaine Lyon of the Harvesters; Weldon Trice and Orville Lewis of the Guerillas; and Marvin Bowman and Deck Woldt of the Reapers will also speak before the group.

All Pampa football fans are cordially invited to attend the meeting and become a member.

The meeting will be held at the Sam Houston auditorium at Cook and Foster, starting at 8 p.m.

In addition to the speeches, any business that needs to be attended to will be taken up. A vote will likely be taken on whether to change the name of the club to the "Boosters Club" which would back all Pampa High Schol sports this year.

Other officers for the forthcoming year are Burba Hill, vice-president, and Buck Francis, secretary-treasurer.

Pioneers Nip Ponies In Playoffs, 3-0

Clovis, Sept. 12 — (Special — Charlie Watts and Roy Parker smashed well-tagged homeruns tonight to back the six-hit, shutout hurling of lefty Jim Carson as the Clovis Pioneers beat the Plainview Ponies 3-0 in the first game of their West Texas-New Mexico playoff round.

Carson scattered the Plainview hits, and well executed infield support cut short every potential Plainview outbreak. The Pioneers completed three double plays, two of which originated with third baseman Paul Flores.

Flores handled five chances in all, several of them beautiful stops and throws which prevented infield hits.

Carson's effort shaded the seven-hit pitching of veteran Ed Arthur. His only mistakes were the two homeruns pitches. The third Clovis run came as the result of two errors.

Watts hit his homerun after two were out in the third inning. The blow was a towering smash high over the left field wall, none aboard.

Parker's fourmaster led off the fourth inning. It was a rising liner on the first pitch and cleared the rightfield barrier.

Clovis scored its final run in the sixth. Flores led off with a single to right and raced to third when rightfielder Don Stokes muffed the pickup. Shortstop Bobby Brown bobbled Parker's grounder, Flores racing home.

All seven Clovis hits were garnered by the top five batters in the Pioneer lineup. Flores and Parker collected two each. Watts, Virgil Richardson and Don Ford marked up the others.

Plainview had runners in scoring positions in four innings, but Carson tightened in each instance and was blessed with good support.

Arthur and Brown put together singles in the third inning, but the runners dide at first and second.

Stokes singled in the sixth and took second on Parker's error in center. But Frosty Kennedy's popup ended the threat.

Bobby Rose doubled in the eighth, but a strike out and a double play killed the Plainview hopes.

Kennedy walked took third on John Warren's double in the ninth. Carson pitched carefully to Hayden White whoflied to right to end the contest.

Carson struck out six and walked three. Arthur fanned three and walked two.

Plainview	000 000 000—0	6 3
Clovis	001 101 00x—3	7 2

Arthur and Warren; Carson and Benites.

Porterfield Beats Indians For 20th Win

WASHINGTON, Sept. 12—UP—Bob Porterfield, Yankee castoff, became the first pitcher in the American League to win 20 games this year when the Senators defeated the Indians in a tense game, 4-3, Saturday.

Porterfield, the first Washington pitcher to win 20 games since Roger Wolff in 1945, was fading badly at the end but put the finishing touches on the best season of his career by striking out slugger Al Rosen with the tying run on third and the winning run on first.

Porterfield gave up 13 hits while the Senators got 11—all off starter Art Houtteman who pitched the first six innings. Bill Wight retired the side in order for the last two innings. The victory was Porterfield's fifth straight and his 10th in his last 11 starts. He has completed 22 of 30 starts.

Mickey Vernon kept his edge over Rosen for the batting title by getting two hits and boosting his average to .333. The Cleveland slugger gained two points and is hitting .329.

Reds Edge Phils On Kluszewski's Homer

CINCINNATI, Sept. 12—UP—Ted Kluszewski hit his 40th home run of the year with Gus Bell aboard in the fifth inning Saturday to give the Cincinnati Redlegs a 3-2 victory over the Philadelphia Phillies and a 12-10 edge in the season series between the teams.

Left-hander Joe Nuxhall went the distance for the Redlegs to score his eighth victory although tagged for 13 hits. The Phillies scored both their runs in the third inning when Richie Ashburn was hit by a pitched ball and scored on Johnny Lindell's double. Lindell was thrown out at the plate trying to score on Granny Hamner's single but Hamner took second on the play and talled when Eddie Waitkus sliced a single over short.

Pirates Nip Cards, 7-6

ST. LOUIS, Sept. 12—UP—Eddie Pellagrini's single in the twelfth inning scored Preston Ward with the winning run Saturday as the Pittsburgh Pirates defeated the St. Louis Cardinals 8-7.

Ward doubled with one out off Cliff Chambers, fourth Cardinal pitcher in the marathon battle, to set the stage for Pellagrini's clean hit to left field.

McMurry Defeats Sul Ross, 13-7

MIDLAND, Tex., Sept. 12—UP—The McMurry Indians scored two touchdowns in the first and second quarters on 70 and 52-yard marches, then coasted behind a heavier line to a 13 to 7 victory over Sul Ross State at Midland Saturday night.

It was the football opener for both teams, played at Midland under Optimist club sponsorship.

McMurry's line kept Sul Ross in its own end of the field through the second and third quarters and through most of the fourth period, except for two fumbles between the Indians' 20 and 25-yard lines.

But with two minutes left in the game, Kenneth Henson intercepted a McMurry pass and returned it to Sul Ross 24. From there, Ray McGreagor and Norman Cash took advantage of two penalties and drove to the McMurry one-yard line. Cash scored with 15 seconds remaining in the game and Ronnie Sizemore converted.

Bill Atkins scored first for McMurry four minutes deep in the game, going over from the 10-yard line, to climax a 70-yard drive. Midway in the second quarter, Elroy Payne went three yards for a touchdown after a 52-yard Indian march. Otis Ratliff converted. Payne was leading rusher with 134 yards in 21 carries.

Tulsa Wins 3rd From FW Cats, 8-0

FORT WORTH, Sept. 12 —UP—Tulsa's Oilers won their third game to one for Fort Worth in a best four-of-seven Texas League playoffs Saturday night, 8 to 0.

Don Mossi went the distance for the Oilers, giving up only two hits, while the Oilers got 13 off three Fort Worth hurlers.

Score by innings:

Tulsa	121-100-003—8 23 1
Fort Worth	000-000-000—0 2 4

Mossi and Bailey; Rutherford, Stupur (3), Bigham (7) and Ronning. LP—Rutherford.

1898 Team Most Outstanding

CHAPEL HILL, N.C.—UP—The University of North Carolina's only unbeaten football team was the squad of 1898, which won its nine games while holding its opponents to a total of eight points.

Average adult hippopotamus weighs about 5000 pounds and eats about 400 pounds of fodder daily.

Dukes Outslug Hubbers, 10-7

ALBUQUERQUE, Sept. 12 First place Albuquerque staggered to a ragged, drawn-out 10-7 win over Lubbock tonight to take a 1-0 lead in the playoff series.

Albuquerque rocked two of four Lubbock hurlers for 5 runs in the firstt,t then held on to eke out the win behind the five-hit pitching of Joe Hinchman.

Jack Isenhart, first of four Hub hurlers who paraded to the mound, went to an early shower in the first and took the defeat.

Albuquerque will pitch Grover Blackher Saunday night against Charles Garmon in the second game of the series.

Lubbock	011 400 001— 7 13 4
Albuquerque	511 300 00x—10 12 3

Isenhart, Leeder (1), Alford (2), Gleason (4), and Schindler; Socha, Hinchman (4) and Henderson. WP—Hinchman, LP—Isenhart.

Bulls Eye At Driving Range

A bull's eye in golf can bring in the money as well as a hole-in-one.

And, A. M. Stevenson, working here with Western Electric on Pampa's new dial telephone system, did just that.

Stevenson was the first club swinger to hit the 12-inch bull's eye, 150 yards from the tee, and light the light at the Harvester Driving Range on the old airport. A standing offer of $50 by the operators Bob Clark, W. T. Fain and Roy Webb, was given to Stevenson at 9:15 p.m. Saturday. The range has been in operation for three months.

Worden Wants to Repeat

SOUTH BEND, Ind.—UP—Neil Worden, Notre Dame fullback from Milwaukee, Wis., would like to start his senior season wa he began his sophomore campaigh. That year in the opening game against Indiana, he scored four touchdowns in the second quarter.

The Gold Coast of Africa is sixth among the world's gold-producing regions.

Cubs Win 8th In Row, 7-1

CHICAGO, Sept. 12 —UP—The Chicago Cubs extended their winning streak to eight games Saturday, longest since their last pennant year of 1945, with a 7-1 rout of the New York Giants.

Rookie Jim Willis hurled five-hit ball for the Cubs, winning his second game against no losses. He retired the Giants in order in the first, third, fifth, sixth, seventh and eighth innings.

Willis struck out two and walked only one. He never was in serious difficulties except in the fourth when the Giants put together two of their hits, plus a base on balls and a wild pitch, for their lone run.

Pitching Distinction at Stake

WASHINGTON, Sept. 11 —UP—The distinction of being the American League's first 20-game winner this season will be at stake Friday night when Bob Lemon of the Indians takes the mound against Bob Porterfield of the Senators. Lemon enters the game with a 19-13 record. Porterfield carries a 19-10 mark into the contest.

Dallas Finally Downs Tribe, 7-5

OKLAHOMA CITY, Sept. 12—UP—Ninth inning singles by Buzz Clarkson and Willie Brown gave Dallas a 7 to 5 desperation win over the Oklahoma City Indians Saturday night and kept the Eagles in the Texas League Shaughnessy Playoffs.

The safeties, off reliefer Vern Kennedy, drove in the winning runs after Dallas had fought back from a 5 to 1 deficit with a blistering four-run rally in the fourth which chased Indian starter Wimpy Nardella.

Oklahoma City owns a 3-1 advantage in the best-of-seven series, meaning Dallas must win three in a row to advance to the final round against the Tulsa-Fort Worth winner.

Oklahoma City will start Cal Hogue in the fifth game here Sunday night, and Dallas is expected to begin with Red Murff.

Score by innings:

Dallas	01 400 002—7 11 0
Okla. City	122 000 000—5 10 0

Santiago, McLeland (3), and Masi; Nardella, Kennedy (4) and Tompkinson. WP—McLeland. LP—Kennedy. HR—Tornay (Da) 3rd, none on.

Virginia 9 Is Army Champ

SAN ANTONIO, Tex., Sept. 12 —UP—Fort Belvoir, Va., won the Army World-wide championship and a berth in the forthcoming Inter-Service tournament at Quantico, Va., by defeating the Fort Lee, Va., Travelers, 5 to 2, in 11 innings Saturday.

Belvoir, the Military District of Washington champion, scored three runs in the top of the eleventh inning to break a 2-2 deadlock and win the game. The tourney opened Labor Day.

Andy Payne, righthanded pitcher who because of a sore arm has been serving as a pinch hitter and playing some right field, knocked in the winning run. Payne, generally considered weak with a bat, came on as a pinchhitter in the eleventh, drove in the winning Belvoir run and, later, scored himself.

Henry McLaughlin, a Negro pitcher owned by the New York Giants and nicknamed "Satch," gave up only four hits in an 11-inning mound performance. It was an all-Giant battery for Fort Belvoir, with Nick Testa, another New York property, as catcher.

A former Chicago Cub, Harry Chiti, the Fort Lee catcher, drove in both his team's runs with a single in the bottom of the second inning.

The Inter-Service tournament, pitting Marine, Air Force, Navy and Army champions, will be held Sept. 18-19 at Quantico.

Score by innings:

Ft. Belvoir	000 110 000 03—5 7 1
Ft. Lee	020 000 000 00—2 4 1

McLaughlin and Testa; Heinen, Rutledge and Chiti. LP — Jack Heinen.

ACC Rallies To Win Opener

ABILENE, Tex., Sept. 12 —UP—The Abilene Christian College Wildcats, led by freshman quarterback Leonodus Fry, rallied in the final period to whip their Lone Star Conference foes, the Southwest Texas State Bobcats, 26 to 19.

The sandy-haired, Brownwood highschool star piloted the Wildcats to their victory, scoring one touchdown on a nine-yard quarterback sneak and passing 54 yards to Don Morgan for another six points. The All-Stater was celebrating his 19th birthday.

Porky Praises Oilers, Fans In Bidding Farewell To 1953 Baseball Season Here

"I HOPE OILER FANS HAVE enjoyed the 1953 season as much as I have," Oiler manager Porky Pawelek remarked Friday afternoon after the completion of the '53 slate.

"I realize I have made some mistakes this season but on the other hand I think I made some good decisions," Porky continued.

"I believe what kept us out of the first division more than anything was our inadequate spring training—no players to work with," the Oiler skipper sized up.

"But the Oiler fans have certainly been nice to me this season," Porky said. "My wife and I have become fond of Pampa itself and we hope to stay here this winter. It all depends on whether I can get a job here."

Pawelek praised all his players in the fine cooperation throughout the season.

"My most valuable player was first baseman Doug Lewis," Porky said. "Lewis was a hustler all the way and his play afield and with the stick stood out all season."

"Quincy Barbee was my best clutch hitter. Big Quince could always be depended on to get a base hit when the ducks were on the pond."

"Max Molberg wins the dubious "honor" of being the unluckiest player. Maxie picked up a sore arm on a cold day at the first of the season and he was never himself after that. And then as the season neared the close and Molberg was getting his arm back, he was sidelined the last several games due to a knee injury suffered in a slide at second base. Maxie filled in nobly at infield spots when injuries occurred," Porky added.

"I'd like to give all my pitchers, Jake Henson, Sad Sam Williams, Eddie Hughes, Jim Lemons, Rolando Rodriguez and Molberg due credit for a job well done. They put out all season and although they ran into some bad streaks, they were always in there putting out.

"I believe Lemons is the best looking prospect. The 18-year-old lad certainly looked good there at the tail end of the season." Lemons was very definitely the surprise of the ball club, Porky said.

In summing up his farewell talk, Porky said a manager "couldn't play for better persons than Mr. and Mrs. Doug Mills."

So, there you are, another baseball season has gone by the boards so far as the local angle is concerned. Players and fans alike are still rather dumbfounded how a team could win 77 games in a season and still not make the playoffs. But that's baseball and about all we can say at this time is "wait till next year."

FOOTBALL WILL TAKE OVER the sports spotlight from now on in. The Harvesters are working in earnest for their season opener Friday night at Harvester Park. Austin High of El Paso will be the Harvester foe for the opener. Austin is the choice to win the 2-AAAA title and the Green and Golders might just have their hands full Friday.

Hickey In Germany

BLOOMINGTON, Ind. —UP— Branch McCracken, University of Indiana basketball coach, is enroute to Germany with Ed Hickey, St. Louis University basketball coach. They will conduct clinics in Heidelberg, Sept. 14-18, and in Nuernburg, Sept. 21-25, under the sponsorship of the defense department.

Bums Clinch NL Pennant

MILWAUKEE, Sept. 12—UP—The Brooklyn Dodgers clinched the National League pennant on the earliest date in history Saturday when they defeated the Milwaukee Braves, their closest rivals all season, 5-2 behind the gritty, seven-hit pitching of Carl Erskine.

The Dodgers, who only two years ago suffered the most galling pennant defeat in history, thus became the first Brokolyn team ever to win two consecutive pennants in modern history. The Dodgers won successive pennants in 1899-1900 just before the dawn of the "modern era."

The earliest previous clinching date in history was Sept. 16, 1931 when the St. Louis Cardinals mathematically clinched the National League flag. The Cardinals eventually won the pennant by 13 games—the same number of games by which the Dodgers now lead with only 12 games left to play in the campaign.

Four Runs Unearned

Erskine pitched in 56-degree weather that was more suitable for football than baseball. Bob Buhl, who started for Milwaukee and was charged with the defeat, was the victim of poor support. Four of the five runs he gave up were unearned.

A delegation of Dodger officials, headed by Club President Walter O'Malley, was on hand to watch the Dodgers gain their 10th National League championship.

Dodger club officials were undecided as to what do about the big victory celebration they had planned for the pennant-clinching. They had planned to hold the party Friday night but the Braves spoiled their plans by defeating them in a 10-inning thriller. The Brooklyn club was scheduled to leave Milwaukee by train for Chicago immediately after Saturday's game and the celebration plans were uncertain.

In First Since July 28

The Dodgers have held first place since July 28 when they displaced the Braves who have been the Dodgers' chief rivals since opening day.

It was a sad day for the top-coated crowd of 34,884 Milwaukee fans who turned out to see their team's final mathematical chance for the pennant disappear.

The Braves, who finished in seventh place a year ago and were given little chance to get in the first division in the pre-season predictions, were in either first or second place virtually all season.

The sellout crowd of Milwaukee fans took the Braves' defeat quietly with no show of emotion. They got up from their seats and left the stadium as quietly as the Milwaukee players filed into their dressing room.

Dodger Manager Charlie Dressen said before the game he hoped to wrap up the pennant Saturday so he could give some of his key players a rest in preparation for the world series. He mentioned Hodges, Robinson, Campanella, and Reese in particular.

Attendance Down In Texas League

DALLAS, Sept. 11—UP—Dallas led in Texas League attendance in 1953 for the second straight year, but the 1953 total shows a drop of 58,356 for the league champions from last year's 266,532.

The drop in attendance was noticed also in another first-division club, Fort Worth, which suffered a lag of 4,035, and also at Oklahoma City, San Antonio and Tulsa. The only three clubs to get a boost over their 1952 figures were Houston, Beaumont and Shreveport.

All in all, Texas League attendance in 1953 was short some 116,791 of last season's figures. Unofficial figures indicate that 1,192,427 fans attended this season's ball games as compared with 1,309,218 of 1952. This shows a drop of 8.9 per cent.

The league lost 46 playing dates because of weather in 1953, 11 more than were not played in 1952. Houston's 203,543 total was second behind Dallas.

The comparative figures:

Club	1953	1952
Beaumont	102,802	101,717
Dallas	20,676	180,559
Fort Worth	136,524	180,559
Houston	203,543	195,216
Oklahoma Cty	133,064	146,972
San Antonio	98,711	110,031
Shreveport	155,424	153,127
Tulsa	154,683	155,064
Totals	1,192,427	1,309,218

Smith, King to Fight

NEW YORK —UP— Wallace (Bud) Smith of Cincinnati meets Arthur King of St. Catherines, Ont., in the main 10-round bout at the Eastern Parkway Arena, Sept. 14.

FINAL POSE—Shown above are the 1953 Oilers who assembled Friday afternoon to pose for this picture after they had completed their season the night before. Following a party Friday night, the Oilers began scattering to all portions of the country. From left to right, they are: FRONT ROW — Eddie Hughes, Jim Lemons, Ben Felder, Manager Porky Pawelek. MIDDLE ROW — Roland Rodriguez, Jim Robinson, Eddie Krewall, Deck Woldt, Manny Temes and Sad Sam Williams. BACK ROW — John Sanderson, Jake Henson, Max Molberg, Doug Lewis, Quincy Barbee and George Lambrinos. Oklahoma City has recalled their four optioned players, Lemons, Sanderson, Krewall and Williams. Henson will also report to Oklahoma City next spring for a trial. (News Photo by Tom-Ellis)

Mantle Sparks Yank Win As Bombers Pull Closer To Clinching AL Pennant

NEW YORK, Sept. 12—UP—The Yankees moved a step closer to their fifth consecutive American League pennant Saturday with a 13-4 victory over the Tigers, featured by Mickey Mantle's 425-foot homer in an eighth-run seventh inning.

Overshadowed by Mantle's 20th homer, a towering blast hit deep into the upper left field grand stand, was the 10-hit pitching effort turned in by Jim McDonald for his ninth conquest of the year.

Leading 4-3 as they entered the seventh, the Yankees chased loser Billy Hoeft with five runs on three hits and two walks, and then continued their onslaught against ex-team mate Ray Scarborough.

A walk, a double by Joe Collins and Hank Bauer's single accounted for two runs, and after Yogi Berra also walked, Mantle walloped his three-run homer on a 3-2 pitch. Gene Woodling greeted Scarborough with a triple and Billy Martin drove in the sixth run of the inning with a single to center. Two more runs came across of Phil Rizzuto's double, an error by Harvey Kuenn and Gil McDougald's outfield fly.

Woodling drove in the Yankees' final run in the eighth with his second triple in as many innings.

McDonald yielded a single run to Detroit in each of the first two innings but the Yankees went ahead with three runs in the bottom of the second when Rizzuto triples with two on and came home on McDonald's single. Successive singles by Kuenn, Fred Hatfield and Ray Boone tied the score at 3-all in the third, but the Yankees went ahead to stay when Bauer tripled against the centerfield wall with two out in the fifth and rode home on Berra's single past short.

4 Oilers To Spend Off Season Here

The Pampa Oilers began scattering out to all portions of the country yesterday following the end of the 1953 season which was concluded Thursday night at Borger.

Four of the 16 who were with the club at the close of the season will remain in Pampa for the winter. They are Deck Woldt, Max Molberg, Ben Felder and Manager Porky Pawelek.

Woldt will devote his off season time to teaching and coching at the junior high school here. The Decker will aid Marvin Bowman as the Reaper football coach; will assist Pernal Scoggin as the Reaper basketball coach; and will be head coach of the Harvester baseballers next spring.

Molberg, as he did last winter, will be working with Utility Oil and Supply Co. here.

Pawelek will stick around for a while, at least, and will remain for the winter if he can locate a suitable job. "I like Pampa and my wife and I would like to winter here if at all possible." Porky said in answer to a query about his off-season plans.

Felder and his new bride left for Tampa, Fla., yesterday for a week's visit with Felder's parents. They are expected to return to Pampa Sept. 21. Mrs. Felder is a school teacher at Carver High School here. Ben expects to work for an automobile agency here.

The other 12 Oilers will be scattered out over the winter from coast to coast. First baseman Doug Lewis, and shortstops Jim Robinson and John Sanderson are remaining in Texas. Lewis expects to work for the Sante Fe again this winter with headquarters in Amarillo. Robinson is returning to Fort Worth to finish his school work, while Sanderson is returning home in Galveston. He plans to officiate football and basketball games over the winter months.

Three Oilers will winter in Oklahoma. Pitcher Jake Henson and Jim Lemons will be in Oklahoma City while rightfielder Eddie Krewall returned to his home in Cordell, Okla. None of the three have definite plans for the winter. Henson and Lemons are expected to work while Krewall will be sweating out Uncle Sam. Krewall has to report for his Army physical in about a month.

Pitcher Eddie Hughes headed for his home in San Pedro, Calif., yesterday while pitcher Sad Sam Williams; catcher George Lambrinos; and rightfielder Quincy Barbee headed in opposite direction. Williams will winter in Montgomery, Ala.; Barbee for Charleston, S.C.; and Lambrinos for Endicott, N.Y. Williams and Barbee plan to play winter ball. Barbee went to the bedside of his father who suffered a heart attack recently. "If he is allright, I'll go to Mexico this winter to play wiinter ball," Barbee said.

Lambrinos will seek a teaching position back east.

Third baseman Manny Temes and pitcher Rolando Rodriguez will return to Cuba for the winter. Both are headed for Havana. Their plans for the winter are indefinite.

The Oilers held a farewell party Friday night before disbanding for the season.

(Unofficial final averages for all Oiler players who were with the club at the close of the season):

Collegians Hit Grid Trail This Weekend

NEW YORK, Sept. 12—UP—Football fans get their first peep at the college game's return to two-way player operation next weekend when most of the highly-touted southern, western and southwestern schools begin their 1953 seasons.

After nearly a decade of two-platoon operations, the NCAA revised its substitution rule last January. Under the revision, a player removed from a game cannot return during the same period, except during the last four minutes of each half.

System Blunted

The new regulation has killed, or at least blunted the two-platoon system with its revolving-door type substitutions and with its specialists who could only run, tackle, pass or kick. It has changed the game, in effect, from four 15-minute periods to six periods of 15, 11, four, 15, 11, and four minutes.

But the schools with the most material still are expected to rule and Georgia Tech, unbeaten in 11 starts last season when it finished second in the final ranking of the United Press Board of Coaches, begins its season next Saturday against Davidson in a non-conference tilt.

Alabama Also Active

Alabama, considered one of Georgia Tech's top rivals for Southeastern Conference honors, opens next Friday night in a non-league game against Mississippi Southern.

Maryland and Duke, the two powers who are favored to dominate the seven schools that broke away from the Southern Conference to set up the new Atlantic Coast Conference, also get under way.

Maryland, which boasts it has just the answer for new substitution rule—a real old-style triple-threat player in Quarter-back Bernie Faloney—tackles Missouri at Columbia, Mo., Saturday. It'll be an intersectional tussle between two of the country's leading Split-T exponents.

Duke Meets South Carolina

Worth (A Million) Lutz, Duke's fine quarterback, leads the Blue Devils against South Carolina in an Atlantic Coast Conference clash Saturday night.

In West Coast features, Washington is at home to Colorado and California plays host to Baylor in another non-conference scrap.

Besides Maryland-Missouri and California-Baylor, there are seven other interesting intersectional scraps.

They are Texas Christian - Oregon - Nebraska, Rice - Florida, Villanova-Georgia, Kentucky-Texas A&M, Texas-Louisiana State and Utah-Arizona. All are on Saturday and all except Oregon-Nebraska and Villanova - Georgia are night games.

Other leading games: Denver - Colorado College Friday night and Mississippi-Chattanooga, Mississippi State-Memphis State, Tulane-The Citadel, William & Mary - Wake Forest, Wyoming - New Mexico A&M and Stanford-College of Pacific Saturday.

Question: Legend has it that Smead Jolley, the old outfielder famed for his power at the plate as well as his faulty fielding, once made three errors on one ball. How did it happen?—Dick Huntington.

Answer: As I recall it, the bases were loaded. The batter hit a drive to right field that got through Jolley's legs for an error. Jolley ran back to the fence to retrieve the ball and the rebound bounced back between his legs for the second error. He finally picked it up and threw to third, the ball going over the third baseman's head for error number three.

Q. How many games has Robin Roberts won since he first joined the Phillies?—Len Johnson.

A. The 26-year-old right-hander has compiled a total of 91 victories in his first five seasons in the big leagues—seven in the first year, 15 in his second, 20 in his third, 21 in his fourth, and 28 last season. In 1952, incidentally, Roberts won 17 of his final 18 starts.

24 Years in National League
Written for NEA Service

Question: Runner on first base, one out. Batter lines to left fielder, who juggles the ball and it pops center fielder. Meanwhile, man on first leaves the base after the left fielder touched the ball but before the final catch by the center fielder. The ball is thrown back to first base. It is claimed the runner should be out. Is he?—Jerry Williams.

Answer: While the batter is out, the runner moving to second on the play is not. It was a legal advance.

OFF TO FLYING START — Shown above are the McLean Tigers who opened their season Friday night with an impressive 27-0 win over the Stinnett Rattlers in a non-conference game. The Tigers thus made Coach Hap Rogers' debut as the McLean coach a successful one. Rogers is taking over the McLean reins this season after being at Price College at Amarillo the past five years. The 1953 Tiger squad, from left to right, are: FRONT ROW — James Richardson, Larry Smith, Charles Crockett, Paul Garvin, Carl Lee Henley, Rex Back and Fred Smith. SECOND ROW — E. W. Riley Charles Bailey, James Smith, Jack Hupp, Don Crockett, Rickey Mantooth, Harl Moore and Henry Norvell. THIRD ROW—Clint Williams, assistant coach; Joe Crockett, Bob Boyd, Don Haslam, J. Tate, Jerry Guyton, Don Broome, Rex Immel, Jim Farren, Bob Stubblefield, student manager; and coach Hap Rogers. TOP ROW — Don Trew, James Jolly, Troy Smith, Rodney Gunn, Wayne Moore, Wayne Woods and Charles Vineyard. Sitting in front of the group is Joe Biggers, student manager.

Abilene Wins, Odessa Ties In Openers

By UNITED PRESS

Waco, Abilene, Breckenridge, Brownwood, Palestine, Austin McCallum and McAllen basked in the limelight of Texas schoolboy football's upper echelons Saturday.

While these "big school" elevens were chalking up impressive victories, there were similar standouts among the Class AA and A ranks in the wake of Friday night's first big grid blowout of the year.

Defending champion Wink of Class A looked the part as it bowled by Class AA Monahans 20 to 13, while Class AA semifinalist Stamford sounded a warning with a 58-to-0 rout of Haskell.

Waco trimmed a good North Dallas team 24 to 7, Abilene cut down Highland Park 28 to 13, Class AA champion Breckenridge knocked over Graham 33 to 12, Brownwood swamped Stephenville 45 to 12, McCallum whitewashed Kerrville 33 to 0, McAllen downed Weslaco 37 to 7 and Palestine beat Tyler 13 to 0.

In the state's standout game, however, touted Port Arthur turned sour on defense in the final minutes to allow underdog Odessa snach a 13-to-13 tie before 13,500 fans at Odessa.

Temple, finalist against Breckenridge for the past two seasons, wasn't too impressive in beating S. F. Austin 21 to 0.

Some of the other standout contests in Class AA saw Childress batter Phillips 25 to 6, Ballinger roll by Merkel 40 to 7, Carthage crush San Augustine 55 to 0, Luling kick Lockhart 35 to 14 and Aransas Pass beat Kenedy 33 to 7.

In Class A, oft-dangerous Giddings ran over La Grange 34 to 7, Ranger nosed out Colorado City 28 to 27, Birdville beat Lake Worth 20 to 0, Hawkins brushed aside Big Sandy 46 to 0 and A&M Consolidated pummeled Bremond 45 to 0.

Rockwall stopped a 26-game winning streak for Class B Forney 12 to 6 in one of the major happenings in the lower ranks.

McLean, Canadian, Memphis, Clarendon Win 1-A Lid Lifters

The McLean Tigers, playing under a new coach, posted the most impressive victory among District 1-A teams over the weekend with a 27-0 romp over the Stinnett Rattlers at McLean Friday night.

The Tigers thus are living up to an early season prediction that they'll win the 1-A pennant this season.

Elsewhere among 1-A teams, the past weekend, Panhandle went out of its class and battled Perryton of 1-AA to a 20-20 tie at Perryton; Canadian ran roughshod over Spearman, 47-0; Memphis took the measure of Tulia, 15-6; Clarendon eked past Groom, 12-0; and Lefors, going out of its class, dropped a 6-0 decision to the Dalhart Wolves.

White Deer, the seventh member of 1-A, was idle. The Bucks will open their season this coming week, meeting Perryton at White Deer Friday night.

A detailed account of the 1-A games follows:

Mcean 27, Stinnett 0

McLEAN, Sept. 12 —(Special)— Hap Rogers made his debut as McLean coach a successful one here Friday night as the Tigers rolled to a 27-0 win over the Stinnett Rattlers before a near capacity crowd of 1,200 fans.

Rickey Mantooth paced the Tigers to the win by scoring three of the four Tiger touchdowns. Joe Crockett scored the other and Rodney Gunn converted from placement after three of the TD's.

Team play featured the Tiger victory. The McLean forward wall of Joe Crockett, Jack Hupp, Wayne Moore, James Jolly, Don Trew and Jimmy Farris kept the Stinnett offensive bottled up all night by holding the Rattlers scoreless.

In the backfield Mantooth combined with Wayne Smith and Gunn and Don Crockett as the top ball carriers.

After a scoreless first quarter, the Tigers stopped a Stinnett drive on their own eight yard line and then promptly marched 92 yards for their first touchdown. Mantooth climaxed the drive by going over from the Stinnett 11. Gunn converted to make it 7-0.

Later in the second quarter, the Tigers went 37 yards for their second TD. Taking over after a short punt on the Stinnett 37, Smith gained five and Crockett covered the remaining distance for six points. Gunn again converted to make it 14-0 at halftime.

A blocked punt set up the third McLean score in the third period. Joe Crockett blocked Bob Pritchard's punt and the Tigers took over on the Stinnett 39. Mantooth later went over from the 21 and Gunn converted, extending the Tiger lead to 21-0 after three quarters.

A short punt set up the final McLean tally in the fourth period. After taking over on the Stinnett 36, Mantooth later scooted over from the 24.

McLean led in first downs, 17-7; in yards rushing, 23-149. In passing, McLean completed two for 30 yards while Stinnett didn't connect in seven tries. McLean was penalized six times for 30 yards, Stinnett four times for 40 yards.

Lefors 6, Dalhart 6

LEFORS, Sept. 12 — (Special) — The Lefors Pirates, although holding a distinct edge in statistics, dropped a tough 6-0 decision to the Dalhart Wolves here Friday night in the season opener for both teams. A crowd of 1,500 fans witnessed the duel.

An intercepted pass late in the second quarter resulted in the only touchdown of the game. Jackie Matthews of the Wolves intercepted an Eddie Clemmons pass on the Pirate 20 and scampered over for the game's only touchdown. Joe Martin blocked the conversion try and that ended the scoring.

The Pirates, otherwise, held a wide edge in statistics. The Pirates rolled up nine first downs to only one for Dalhart.

Lefors threatened seriously to score in the fourth quarter when Kenneth Cox scooted from Dalhart's 43 yard line to the nine. But the Pirate offense bogged at this point and Dalhart took over on downs.

Coaches Say Lions Will Repeat In '53

BEAUMONT, Tex., Sept. 11 —UP—A poll of the Lone Star Conference football coaches reveals that for the third straight year the East Texas State Lions are the team to beat for the loop crown.

Back in 1952, an identical poll conducted by Conference Secretary David Bost picked East Texas and Southwest Texas to finish one-two in the final standings, which they did.

Again this year, the East Texans got more first place votes, four, than any other team and Coach Milton Jowers' Southwest Texas Bobcats were second with two votes.

Oil Capitol Bids for Fifth Win

CHICAGO, Sept. 12—UP—Oil Capitol, a six-year-old stallion who already has won four stake races this year, was the 5 to 2 favorite Saturday to rack up another major victory in the $56,600 Charles W. Bidwill Memorial at a mile and an eighth at Hawthorne Park.

Presidents Chester A. Arthur, Grover Cleveland, and Woodrow Wilson were sons of ministers of the Gospel.

Ward Arrives For National Amateur

OKLAHOMA CITY, Sept. 12—UP—The last of the "name" players in the National Amateur Golf Tournament arrived here Saturday when Harvie Ward, the Atlanta Crackerjack, checked in at the Oklahoma Golf and Country Club.

Ward drove in just ahead of the 10 a. m. deadline for the 200 play-for-fun shotmakers who will tee off Monday in the 53rd National Amateur. He immediately went out on the course to try to catch up with the other contestants, some of whom have been here a week or more.

Ward is liked as a tourney favorite by many of the experts here—but so are half a dozen, a dozen or two others.

"There are a hundred good dark-horses in this tournament," said Jack Westland, the 48-year-old Everett, Wash., congressman who won last year at the Seattle Golf and Country Club.

Coe Among Favorites

"I can name you 30 players who could rank as favorites," added Dale Morey of Indianapolis, the well - regarded Western Amateur champ.

The names heard most often are those of Charley Coe, the 1949 titlist who is playing on his home course; Frank Stranahan, the hardy perennial from Toledo who has a special urge to win and shame USGA officials who left him off the Walker Cup team, and Gene Littler, 23-year-old LaJolla, Calif., naval airman who scorched the par 71 course with a 66 Friday.

Four former champions are here—Westland, Coe, 63-year-old Chick Evans of Chicago, who won in 1916 and 1920 before some of the present contestants were born, and Sam Urzetta of Rochester, who came out of nowhere to grab the 1950 crown.

All-Match Play Meet

Westland and Evans are also former runners up, along with Walter Emery of Tulsa, who was the "bridesmaid" in 1936; Johnny Dawson who finished behind Skee Riegel in 1947; Rufus King of Wichita Falls, Tex., who fell before Coe in the '49 finals; Joe Gagliardi of Larchmont, N. Y., second to Billy Maxwell two years ago, and Stranahan, whose nearest - miss came when Urzetta beat him in 39 holes in 1950.

It's an all-match play meet, for the entries have already won their way through medal qualifying tests—and that makes it tough on the favorites. For example, Stranahan starts out in the first round against Joe Walser Jr., 1952 Oklahoma amateur champion who led the local qualifiers with a sparkling 67 over the tournament course.

The first ball will zoom off the No. 1 tee at 7:30 a. m. Monday in a match between Irving A. Cooper, Huntington Beach, Calif., and Robert Goldwater, Phoenix, Ariz. After that, another pair will step up every six minutes. Starting Tuesday the sudden-death schedule calls for two matches a day.

Don Cherry Entered

It's possible for the year's biggest "double" to be scored by Joe Carr of Eire, who already owns the British amateur title and heads a group of four British Walker Cuppers seeking the U. S. crown. Only Dick Chapman of Pinehurst, N. C., is missing from the U. S. Walker Cup team; he withdrew because of his wife's illness.

Don Cherry, the Wichita Falls crooner who reached the semifinals in 1952, summed up the players' outlook as he surveyed the tough hurdles he must clear to go as far this year.

"The only thing a guy can do," he said philosophically, "is to tee up and shoot."

Frazier Wins TL Bat Title

By UNITED PRESS

Joe Frazier sacked up the Texas League batting championship after all, despite a late season slump by the Oklahoma City star, as he led a parade of 15 hitters into the ".300 or better club."

His .332 final unofficial mark was two points ahead of Dallas' Negro third baseman, Jim (Buzz) Clarkson, after a slump of six points during the final days to regain second place from Harry Elliott, the Slugger Houston traded to the majors, on Aug. 1. Elliott's .328 mark gave him an 11-point edge over Les Fleming of Beaumont at .317, and Gale Wade of Fort Worth finished fifth at .314.

Clarkson pulled up three points during th final days to regain season.

Other "Regulars"

Other "regulars" who finished in the charmed circle included: B. Harmon, Tulsa, .311; Willard Brown, Dallas, .310; Vic Marasco, Fort Worth, E. Phillips, Houston, at .306; Vince Garcia, Shreveport, and Nino Escalara, Tulsa, at .305; Eddie Knoblauch, Dallas, Larry Claffone, Houston, and Earl Brucker, Beaumont at .304, and Danny Ozark, Fort Worth, .300.

Tulsa's late-season splurge gave them the team batting title with a .268 mark, three point ahead of Houston and Dallas, and the Oilers also led the circuit in runs (747), runs batted in (700), triples (62) and hits (1,385). Oklahoma City led in doubles (278) and in home runs (132), the latter despite the presence of league-leading Harry Heslet (41) on the Shreveport lineup. Fort Worth stole the most bases (96).

Frazier Loses Hit Lead

Frazier lost his lead in hits to Garcia (183), but led the loop in runs (109) and doubles (55). Russ Burns of the Indians led in rbi's (124), Escalara in triples (19) and Wade in stolen bases (31).

Tulsa's Howie Judson led the pitchers with a remarkable 11-0 mark; Red Muff of Dallas won the most games (17); Ryne Duren of San Antonio led in strikeouts (212); Don Swartz of Beaumont in complete games (18) and innings pitched (284), while Bill Tremel of Shreveport appeared in the most games (60).

Tuna Fishermen Aren't

WEDGEPORT, N. S., Sept. 12—UP—Officials of the International Tuna Cup tourney, embarrassed by the third fishless day in the 17-year history of the event, broke with tradition Saturday and permitted the world's top anglers to fish in any area which promises a strike.

It's Atalanta in Vagrancy

NEW YORK, Sept. 12—UP—Darby Dan Farm's Atalanta was topweighted at 123 pounds in a bulky field of 17 fillies and mares Saturday in the $20,000 vagrancy handicap at Aqueduct.

Some light penetrates the ocean to a depth of 3000 feet, but at the depth of a mile, no light can be detected.

Suzanne Lenglen, in 1926, was the first woman tennis player to become a professional.

Williams Did It

BOSTON—UP—Ted Williams of the Boston Red Sox was the last American Leaguer to lead in batting, runs batted in and homers during the same season. He pulled the trick in 1947 when he batted .343, drove in 114 runs and hit 32 homers. Ted also won the American League "triple crown" in 1942.

DRIVE IT! PRICE IT!
Then Compare The Deal!

GENERAL MOTORS LOWEST PRICED EIGHT

Even a picture tells you a great deal about Pontiac's beauty, its long lines and substantial feel. But the best way to appreciate what makes Pontiac such a great value is to get behind the wheel and drive it.

Then you'll know you have a real performer in hand. Pontiac always responds with eager, ready-to-go high-compression power — more than any highway will ever require. For all normal driving, the engine can loaf—one reason why Pontiac leads such a dependably long life.

There's a great deal more to the Pontiac story: ease of handling, beautiful Dual-Streak styling, roominess, comfort and luxury. And there is Pontiac's PRICE—actually just a few dollars above the very lowest-priced field!

So come in now and drive Pontiac, price Pontiac, compare Pontiac! We're confident that you'll quickly agree that Pontiac is your best deal!

Dollar for Dollar you can't beat a

Baptist Brotherhood Plans 1953 District Encampment

Plans are underway now for the District Ten Baptist Brotherhood Encampment at Pan Fork near Wellington, Sept. 18-19, announced C. C. Kelly of White Deer, district president.

Registration opens at 3 p.m. Friday, with Howard Lyons in charge. Highlight of the first day will be a message by Dr. George Schroeder, Southern Baptist Brother Commission member, Memphis, Tenn.

That night, T. Gordon Ryan, State Brotherhood president of Fort Worth, will speak on "Brotherhood Objectives." At 10:30 p.m. the men will engage in a tall tale telling contest, supervised by Sheriff Rufe Jordan of Pampa.

Food for the occasion will be prepared by nationally known Walter Jetton of Fort Worth.

The two day session is scheduled to adjourn at 8:40 p.m. Saturday, Kelly said.

Pampa Graduate In Engineer Post

A graduate of Pampa High School has been appointed to the post of engineering manager with the firm of Westcott & Mapes, Inc., Architects and Engineers, New Haven, Conn.

Edgar Eulis Cobb, who moved to Pampa in 1908 and now lives in Hamden, Conn., took over the job effective July 1, according to word received here Saturday.

His job is to direct all architectural and engineering services performed by Wescott & Mapes, functioning as an administrator in connection with the work of the architectural, electrical, industrial, mechanical and civil engineering divisions.

Cobb has been with Westcott & Mapes since August, 1950, and has been chief of the electrical division since August, 1951.

McLean Students Elect Officers

McLEAN — (Special) — McLean high school students have elected class officers and faculty sponsors for the 1953-54 school year. Student council officers and class representatives will be elected in a school wide election next week.

The Senior class elected Archie Dwyer as their president, Billy Don Day as vice-president, recording secretary, Ona Gail McPherson; corresponding secretary, Barbara Wilson and June Stubblefield as treasurer. Harold Bunch and Mrs. June Story were elected as faculty sponsors.

Rodney Gunn is junior president with Jim Farren as vice-president, secretary, Mavis Medley, La Rue Pettit, treasurer, and Troy Smith, sentinel. Clint Williams and Miss Betty Lynch are faculty sponsors.

The Sophomores elected James Lee as their president with Floyd Skipper as vice president, Johnny Day as secretary, Owen Rhea as treasurer and Dixie Hampton as reporter. The class elected Mrs. Clint Williams and Vernon Gibson as their faculty sponsors.

Freshman president is Joe Dwyer Gayle Mullenax, vice president, Ann Sligar, secretary and Carl Lee Henley is their reporter. Mrs. Sloan and Mr. Coleman are class sponsors.

New Group Of Missing PWs

WASHINGTON, Sept. 12 —UP— The Defense Department Saturday released a new list of American prisoners of war which it said was unaccounted for by the Communists in Korea.

Included in the list were 16 Texans. They were:

Capt. Wayne F. Black, husband of Mrs. Ava Black, care of Captain Hiawatha Mohawk, Laredo Air Force Base, Laredo.

Capt. Osborne T. Carlisle, husband of Mrs. Patricia D. Carlisle, 1310A Newning, Austin.

Capt. Francis Carmody, husband of Mrs. Ramona E. Carmody, 2736 Overcreste, Dallas.

Capt. Ramon R. Davis, husband of Mrs. Tommie M. Davis, 3405 3405 Duval, Austin.

First Lt. Howard J. Davies, husband of Mrs. Janet S. Davies, 2708B 46th St., Lubbock.

M.Sgt. Patrick M. Differ, son of Mr. and Mrs. William Differ, 130 Cliffside Drive, Amarillo.

Capt. Fred H. Carrison, husband of Mrs. Virginia W. Carrison, RR 2, Troup.

Capt. Luther R. Hawkins Jr., husband of Mrs. Mina R. Hawkins, Fabens.

Capt. Howard D. Howell, husband of Mrs. Lavelle R. Howell, 1501 Sycamore, McAllen.

M.Sgt. Johnny M. Johnson, son of Mr. and Mrs. Will L. Johnson, 831 E. 20th St., San Angelo.

Capt. Hugh F. Larkin, husband of Mrs. Sylvia E. Larkin, 1102 Highland Blvd., San Antonio.

Lt. Col. Paul B. Miller, husband of Mrs. Marjorie J. Miller, 2207 Bowman Ave., Austin.

First Lt. Ray W. Olcott, husband of Mrs. Betty P. Olcott, 2758 Belzise Terrace, Fort Worth.

First Lt. Con F. Poyner, son of Mrs. Pearl Z. Poyner, 571 Mesquite St., Ranger.

Capt. Herbert E. Ritter, husband of Mrs. Jane V. Ritter, 141 Ave. F, Garland.

First Lt. Ted G. Royer, husband of Mrs. Gladys L. Royer, 126 Drennan St., Houston.

McLean Council Okays Lighting On City Streets

McLEAN — (Special) — The Council of the city of McLean, in its regular meeting this week, approved a contract with the Southwestern Public Service Co. to install 53 mercury vapor street lights along both lanes of U. S. Highway 66.

This highway follows First street on its west lane and Railroad street on its east lane and now has little lighting of any sort. According to Larry Fuller, local service company manager, the lights will be in stalled on wooden poles and extend over into the streets by steel brackets, thus setting up the most modern type of street lighting available.

According to D. A. Davis, city secretary, the contract is to run for ten years and the installations will be at each street intersection from the east to the west city limits, a distance of about one mile. Davis says that the contract calls for installation to begin in about 30 days and that it was approved by the entire membership of the Council.

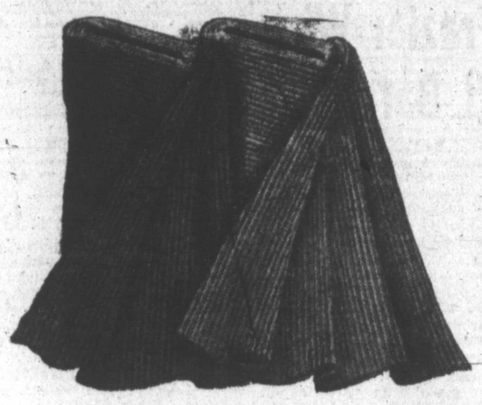

The power company will install and maintain these modern lights with no cost to the City other than a flat rate of $3.00 per motth for the power necessary to operate them.

This installation, together with about 100 other lights of the old type, will make McLean one of the best lighted cities in the area. Davis estimates that when the new lights go into operation, the total cost of street lighting in the city will be about $300.00 per month.

Yea Harvesters!

YEA, HARVESTERS, FIGHT, FIGHT, FIGHT! With the football weather and the first Harvester football game just one week off the cheer leaders and Harvester band majorettes get ready for that "session" with Austin High School of El Paso. This colorful portion of the "sidelights" adds just the right touch to each game and provides entertainment during half periods.

MISS NANCY PRESNELL, upper left, and MISS PEGGY COTTEN, upper right, spend many hours practicing their twirling and look forward to those cool, crisp evenings when they will march in front of the Harvester band. They feel the excitement of each game just as every player on the Harvester football squad does.

MISS BEVERLY ROGERS, seated on megaphone held by EDDIE COLLUM, is head cheer leader of the student body of Pampa High School. It is her responsibility to study plays of the team to know which yells should be used and when to start the yelling.

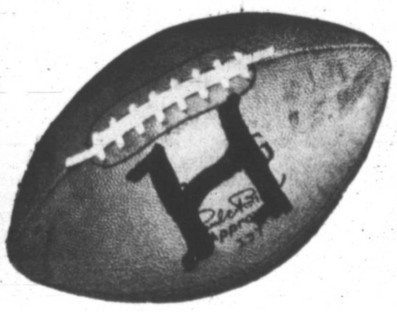

THE CHEERLEADING STAFF includes, left to right, at the bottom of the page, SU STONE, senior girl; CAROL HENRY, sophomore girl; JO TOOLEY, junior girl; and DON PENDERGRASS, sophomore boy. Not pictured is Jean Martindale, senior boy. (News photos by Tommie Ellis).

THE TWENTIETH CENTURY CLUBS will present FRAU RENEE VON BRONNECK, internationally known speaker, at their Presidents' Coffee Tuesday morning at the Country Club. MRS. L. J. ZACHRY is general chairman of the coffee. An interesting note on the hard time FRAU VON BRONNECK had in getting to this country was overheard by PEG the other day. It seems that the American Counsel in Vienna needed a list of the places where she will lecture in this country (she wasn't allowed to bring any money with her) and FRAU VON BRONNECK had to have a round trip ticket from there to Lubbock, back to New York and all the way back to Vienna before her visa could ever be issued. Understand that Texas friends forwarded 25 pounds sterling to her for travel expenses. She started her lecture September 9th and will complete her tour in November.

PEG O' PAMPA

Bettye Jackson, J. R. Youngjohn Exchange Wedding Vows In Church

In a double-ring service held recently at the First Methodist Church, Miss Bettye Jackson, granddaughter of Mrs. F. Walton Osborne, 1224 Mary Ellen, became the bride of James Robert Youngjohn, of Ft. Riley, Kan., son of Mr. and Mrs. H. H. Youngjohn of Hammond, Ind.

Decorations at the church were palms, fern and baskets of bronze mums. The church was lighted with white tapers in white candelabra. Pews were marked with bronze mums and bronze ribbons.

Roy Johnson sang "I'll Walk Beside You," "I Love Thee," and "The Lord's Prayer" at the close of the ceremony. Mrs. Roy Johnson, organist, played traditional wedding marches before the ceremony. Those selections included "I Love You Truly," "Serenade," "Always," "At Dawning," and "O Perfect Love." She played "Clair de Lune" during the ceremony.

Dr. Tom M. Johnston officiated at the ceremony.

The bride, given in marriage by her grandmother, was escorted into the church by an uncle. W. B. Jackson. She wore a dress made and designed by her aunt, Mrs. Emmett Osborne. Her full six gored skirt fell into a cathedral train from a tiny waist line. The bodice with a decollete neckline extended into deep points at the waist. It had a cowl fold across the bust which was accented across the lower edge with small satin calla lily leaves studded with tiny seed pearls. The portrait neckline carried a continuous row of satin leaves with the pearls.

Herlong sleeves extended to extremely deep petal points at her hands and the openings were trimmed in tiny satin covered buttons. Her three tiered veil of illusion fell from a head dress of the lily leaves. She wore a triple strand of pearls which had belonged to her mother. In carrying out custom of something old, borrowed and blue she had a handmade blue garter and carried an heirloom handkerchief belonging to her aunt.

The bride's bouquet was of champagne colored split spider mums centered with brown orchids. Satin love knots and ribbons fell to the edge of her gown.

Miss Patti Youngjohn of Hammond, sister of the bridegroom, was the bride's maid of honor. She wore a strapless bronze nylon net floor length gown over bronze taffeta. A short taffeta bolero completed the gown. The six tiered skirt was formed of complete circles of net, each tier extending from the waist. The bodice front which fell in soft folds to the waist was in harmony with the bride's gown. The upper part of the bodice at the neckline was filled with shirred net. She carried an arm satin basket of bronze mums with winter wheat and autumn leaves. Her headdress was a small net hat with rhinestone trim copied after the bride's.

The bridesmaids all wore identical floor length gowns like the maid of honor's dress in ice green nylon net over green taffeta. They wore matching small net hats trimmed in rhinestone and carried an arm satin basket of bronze mums, winter wheat and autumn leaves.

Bridesmaids were Miss Betty Boswell, Miss Nellie Lou Osborne of Panhandle and cousin of the bride, and Miss Nina Spearman.

Best man was Joe Vickars of Ft. Worth and ushers were Bob Towery of Ft. Worth and Charles Holloway of Dallas, all college classmates of the bridegroom and Jimmie Osborne, cousin of the bride, of Panhandle.

The bridegroom's mother wore a silver-blue silk shantung taffeta dress with a full-gathered skirt. The bodice with a cummerbund waist was trimmed with self-covered buttons and soft push-up sleeves. She wore a matching sculptured velvet hat with rhinestone and pearl trim. Her accessories were dark brown. Her corsage was of pink rose buds.

The bride's grandmother wore a steel blue-gray taffeta with three-quarter length sleeves and a gored skirt. The bodice and two gores of the skirt were trimmed with tucks. She used black shoes and bag and a mauve-rose hat and kid gloves. Her corsage was also of pink rose buds.

The wedding reception was held in the church parlor. The bride's table was covered with a floor-length hand-made ecru cloth. Billows of bronze and green net formed a double wedding ring effect around the edge of the table. Small bronze mum nosegays with floor-length bronze ribbons were at the corners and center sides of the table. The three-tired wedding cake was topped with wedding bells and the crystal punch bowl was at the other end of the table. The bride's bouquet and bronze candles formed the centerpiece.

Mrs. Roy Johnson played during the reception. Mrs. Doyle Osborne, aunt of the bride, presided at the guest register. Mrs. Emmett Osborne cut the cake and Mrs. D. W. Osborne of Panhandle presided at the punch bowl. Mrs. Harold Osborne and Mrs. W. B. Jackson, aunts of the bride, alternated at the reception table. Other members of the house party included Miss Billie Mae Osborne and Miss Vicky Osborne, cousins of the bride.

The bride's traveling costume was a winter blue wool two-piece suit with navy velvet hat and accessories. She wore white kid gloves and a brown orchid. Her necklace was a gift from the bridegroom. After a trip through the central states the couple will be at home at Ft. Riley, Kan., for two weeks then they will move to Baltimore, Md.

Mrs. Youngjohn was an honor graduate of Pampa High School and attended the University of Texas for two years where she was a member of Alpha Chi Omega Sorority.

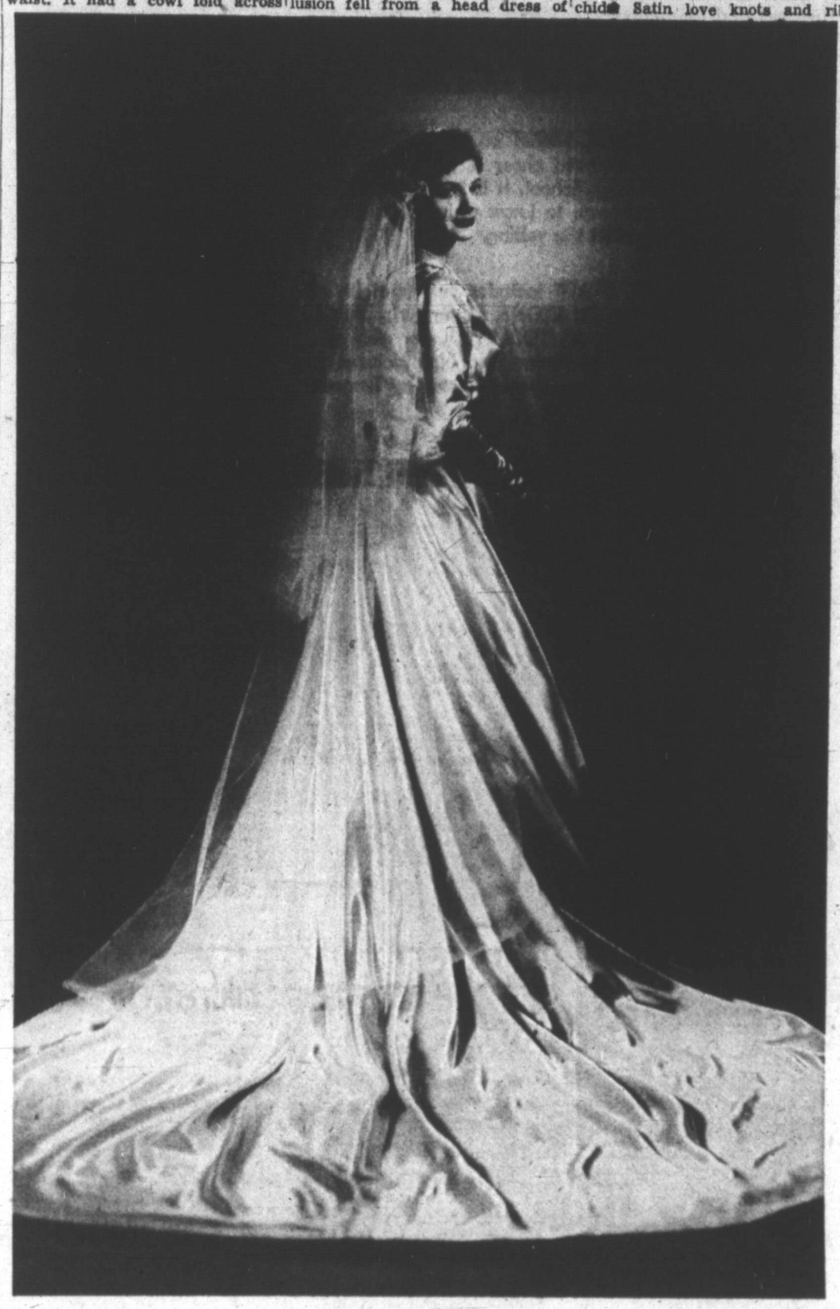

The bridegroom is a graduate of Hammond High School and attended Morgan Park Military Academy, Chicago, Ill., Wabash College, Wabash, Ind., and is a graduate of the University of Texas where he was a member of Phi Kappa Psi Fraternity.

Other out of town guests for the wedding included Mrs. Rex Johnson and Miss Minna Youngjohn of Valparaiso, Ind., and Mr. and Mrs. Robert Forline of Hammond.

Mr. and Mrs. H. H. Youngjohn were hosts at the rehearsal dinner held at the Pampa Country Club.

Members of the wedding party and families attended the dinner.

Decorations for the dinner included an arrangement of bronze mums.

MRS. JAMES ROBERT YOUNGJOHN

Beta Sigma Phi Sorority Entertains Rushees With Progressive Dinner

Rushees were entertained by members of the Beta Sigma Phi Sorority Friday evening with a progressive Mexican dinner.

The guests met in the home of Mrs. Norman Fulps, for the first course of the meal. The table was centered with Mexican figurines and decorated with Mexican hats which were presented to the rushees. Table appointments were of the Mexican design. Mrs. Elmer D. Young assisted Mrs. Fulps as co-hostess.

The party progressed to Poole's Dining room where a Mexican dinner was served buffet style by Mrs. W. P. Bridges and Mrs. B. M. McMullan. Place mats were ornamented with the Beta Sigma Phi Crest.

After dinner coffee was served in the home of Mrs. Dorothea Kurtz. The serving table was covered with a white cloth and centered with a rustic straw basket holding a floral arrangement. Mrs. McMullan presided at the silver coffee service.

Following the coffee Mrs. Clifton McNeely and Miss Gerry Carruth directed a series of games.

During the evening Miss Elsa Plants, president, announced the Panhandle area council meeting of the Beta Sigma Phi Sept. 20 in Borger, and Mrs. Rufe Jordan, director, was introduced to the guests.

Next in the series of fall parties will be a social Thursday evening.

Guests were Mmes. Warren Fatheree, Kay Fancher, R. J. Saflor Jr., Gerald Walters, Lloyd Hayes, E. H. Furrey, Homer Deck, Terry Culley, Howard Buckingham Jr., and Miss Anna Merle Cox.

Members attending were Mmes, Thelma Bray, Bridges, W. D. Cameron, John Campbell, Fulps, J. W. Graham Jr., Kurtz, Ralph McKinney, McMullan, McNeely, Ken Meaders, W. R. Nichols, W. D. Price Jr., Ken Reeves, Young; Misses Plants, Carruth, Alberta Rader, and Betty Ann Wells.

Shower curtains get soiled in spite of constant subjection to soap and water. Take curtain down occasionally and lay it flat to swab both sides. Or swish it in a tubful of detergent suds.

Inlaid linoleum has the design going through all the thicknesses of this floor covering. A printed linoleum is merely designed on the surface and the print will wear off rather fast.

A large closet can be converted into a miniature laundry room Shelves above can be used for linen storage and laundry supplies. Lower space can hold the washing machine (but only if it's a front-opening type).

A thin coat of wax every month or two is much better for your floors than a heavy coat twice a year. Some of the vinyl plastic types shouldn't be waxed when brand-new—wait until they've had

---

Paint radiators in summer. As a preliminary, remove loose rust and old paint with a wire brush. Follow by washing the radiator with soapsuds. Dry thoroughly before painting.

Prevent insects in your kitchen with immaculate cleanliness. Scour sink after each use. Scrub drainboards and work surfaces with hot water and soap. Seal up any cracks and crevices near work surfaces. Have all clothes, brushes and sponges dry and odor-free. Have bread box and canisters thoroughly clean. Leave no spills or crumbs or traces of food around.

Coaches And Families 'Eat, Live And Breathe' Football During Each Season

Three women in our town have just become "war widows" — and have the sympathy of every mother and wife who knows of their plight. Yes, football season is on again and three homes in Pampa "live, eat and breathe football" from September 1 until the end of the season.

These women feel the pressure that their husbands feel and they say that sometimes it is very difficult to keep a cheerful attitude when the team takes a spill.

Mrs. Tom Tipps, wife of the head gridiron coach at Pampa High School, says that she has been without consolation up until the last two years when the two assistant coaches, Dwaine Lyon, and Aubra Nooncaster, married. Mrs. Tipps reports that she has no time to get lonesome as she feels the worry, fear and excitement just as Coach Tipps does.

She voiced the opinion that there is no way to describe the feeling when the pressure is off. She stated she never missed a game until their daughter, Melanie Jean, was born and then she missed only the long-distance out-of-town games but she hopes to be able to attend every game this year. All social activities are completely put aside until the end of the season and during every waking moment the football theme is discussed.

Whenever she is unable to attend a game she stays very close to the radio so that she will never miss a play. During sessions when the coaches meet in the Tipps home, Mrs. Tipps listens to the conversations and studies right along with the trainers because as she says "you've got to really study to keep up with the new methods as they are constantly changing."

Wives of the coaches report that there is not an evening the coaches can call their own because the week following a game the men see films of the game and study plays. One evening is spent with the local Quarterback Club — discussing the possibilities the team has with the next opponent. The next evening the coaches show the film of the past game to the team. Each play is rehashed at that time and that evening is followed be meeting PHS scouts who watch opponents during a game; then it is time for another game. Saturday generally presents some college or high school football game that the coaches want to see and watch some other coach "sweat it out."

Mrs. Dwaine Lyon states that after the season starts all of the coaches are always together even after hours. When asked if she liked to watch the team work out she replied that she felt that during practice that was a man's world and didn't include her. She says that she has to keep reminding her husband that the team will win the next game and tries to keep up his spirit. Mrs. Lyon reports that both of them fele the strain of each game but she also says that there is something wonderful about having a winning team.

Friends of Mrs. Aubra Nooncaster say there is no change in her morale as she is a quiet and easygoing person with little comment about the games. This mild-mannered "war widow" knows, however, the excitement that her husband must feel as she was a teacher in PHS until this fall.

Coach Tipps says that there is one bright spot in his life no matter how the games turn out and that is his two-year-old daughter, Melanie Jean, who meets him at the door with a hug and a kiss because she doesn't care whether the team wins or loses.

Daughters Of Nile Plan Benefits

The Pyramid Club of the Daughters of the Nile met recently for a regular monthly business meeting in the home of Mrs. Paul Crouch. Mrs. Emmett Forrester, president, had charge of the session.

Mrs. Quentin Williams, secretary, gave a report. During the business meeting plans were made for a donation to be given to the Daughters of the Nile concession stand at the Tri-State Fair to be held in Amarillo. Plans were also made to embroider tea towels which will be sold locally and will benefit Shrine Hospitals. After the business meeting a sewing session was held and 25 sun suits were finished for crippled children's hospitals. Mrs. J. D. Wright reported on the donations to the hospitals by the local club during the past month.

A benefit bridge and canasta party will be held in November for the orthopedic fund.

The next sewing day will be Sept. 28 in the home of Mrs. J. D. Wright, 115 S. Starkweather.

Attending were Mmes. Quentin Williams, Rex Barrett, J. D. Wright, Emmett Forrester, Sam Williams, M. P. Downs and Paul Crouch.

Bernice Young Is Hostess At Party

WHITE DEER — (Special) — Bernice Young was hostess at a slumber party recently held in her home for girls of White Deer High School's Senior Class.

Those attending were Misses Shirley Smith, Pauline Cantrell, Marilyn Kaiser, Donna Eubanks and Emoline Gilreath.

Open House Planned

The open house for the Junior High School Parent-Teachers Association originally planned for this Thursday, will be held Thursday, Sept. 24, at 7 p.m. in the school auditorium.

To keep steel wool from rusting, keep it submerged in a jar of soda water between uses. Baking soda is a rust inhibiter.

When making washable clothes at home, be sure that all trimmings, such as braid, fringe, ruffles and buttons are washable too.

MRS. JOHN MAX COX

Miss Billie Sue Settle Is Bride Of John Max Cox In McKinney Ceremony

Miss Billie Sue Settle of McKinney became the bride of John Max Cox, of Pampa, in a double-ring ceremony read Friday evening in the North Baptist Church in McKinney. Rev. Travis S. Berry, minister at the First Baptist Church at Farmersville, read the nuptial service.

The bride is the daughter of Mr. and Mrs. J. E. Settle of McKinney and the bridegroom's parents, Mr. and Mrs. W. H. Buice, live in Shamrock.

The bride wore a pearl white satin and imported lace bridal gown designed with a deep tulle yoke that was appliqued at the base with tiny lace flowers and accentuated with miniature satin folds. The fitted bodice of the lace over satin had tiny lace cap sleeves and the bodice was fastened down the back with tiny buttons. The waltz-length skirt of satin was appliqued with lace and the back was covered with lace. Matching gauntlets complemented the gown. The bride, given in marriage by her father, carried a white orchid sprinkled with lilies of the valley on a white Bible.

Maid of honor was the bride's twin sister, Miss Bettie Settle. She wore a deep rose net gown over taffeta designed like the bride's. Her cascading bouquet was of pink carnations and pink lilies.

The bridesmaids were Misses Rita Gilbert, Rosemary Greek, Louise Nixon and Dorothy Thurman. They were dressed indentically to the maid of honor.

Best man was R. L. Orrick and ushers were George Kemp, John Petry, Bobby Savage, Charles Thurman and Melvin M. Newland.

Candlelighters were Larry and Garry Christian.

Decorations at the church included a background banked with palms and arrangements of gladioli flanked with candelabra.

A reception followed the ceremony in the home of Mr. and Mrs. E. A. McGraw. Table centerpiece was of pink carnations with miniature pink candles in sterling holders. This was centered in a white lace table cloth.

Assisting at the reception were Mrs. Chester O'Brien, Mrs. Nancy Smith, Miss Margie McGraw, Dorothy Nixon and Sara Drake.

The bride's mother wore an ice blue taffeta street-length dress accented with black accessories and a white glamellia corsage. The bridegroom's mother wore a black crepe dress accented with rhinestones and black accessories with a white glamellia corsage.

College Women Are Invited To Attend AAUW Silver Anniversary Program

All college women of Pampa have been invited to attend a special program by the American Association of University Women to be held in the City Club Room 7Tuesday evening at 8 o'clock. Miss Evelyn Milan, president, reported recently.

The meeting will celebrate the 25th anniversary of the Pampa Branch. Several charter members and others active during the formative years will take part in the program "I Remember When."

A recent ruling by the National Committee on Membership allows the Pampa Branch to have 20 per cent of its membership Associate Members, women who are not graduates but have 60 credit hours from an appoved college or university.

AAUW membership policy has been used as a lever to raise, and hold at high levels, the standards of institutions offering higher education to women, Miss Milan stated. An institution must have a high academic rating, made adequate provision for women students, and give recognition to women on the faculty and in the administration. The Association limits its membership, not to be "exclusive," but rather to make its influence felt in behalf of higher standards of education for women. Women graduates whose college or university is not accepted exert a strong influence on their alma mater to meet these standards. Improved conditions in many colleges testify to the weight of this influence. When a school is added to the AAUW approved list, all alumnae holding approved degrees or 60 hours credits are eligible for membership regardless of the date on which the degree was conferred.

Miss Eloise Lane, recipient of the first AAUW scholarship award of the Pampa Branch, will present the music at this anniversary meeting.

Hostesses for the evening will be Mmes. Ray Salmon, O. M. Prigmore, W. W. Hopkins and Miss Sybil Turner.

All college women interested are urged to attend this meeting of the AAUW.

When washing the new crepe-finish nylons, don't twist or wring them, but squeeze gently in lukewarm suds and let dry in air.

Pampan Invited To Pledge Club

Charlotte Ann Call, Oklahoma City University student from Pampa, is one of the eight coeds who has been invited to pledge Phi Delta sorority at OCU this term.

Miss Call, the daughter of Mr. and Mrs. William L. Call, 1121 Terrace, Pampa, is a freshman at OCU this year.

As a student in the local high school she was a member of Tri-Hi-Y, National Honor Society and the Latin Club. She was also very active in the Methodist Youth Fellowship work in Pampa.

Miss Call was among a group of 20 young women who arrived on the OCU campus a week before registration began in order to attend pre-school rush. Bids were distributed prior to registration.

Phi Delta is the oldest sorority group on the OCU campus, having been established in 1906.

Activities For Club Start With Coffee

WHEELER — (Special) — A coffee was given recently in the home of the president, Mrs. J. C. Howell, to start the ensuing year for the Thursday Review Club.

Mrs. Roy Ford, past president and Mrs. Carroll Pettit, vice-president, presided at the silver coffee service. Other officers for the ensuing year are: secretary, Miss Glenna Hefley; corresponding-secretary, Mrs. N. D. Ware Jr.; reporter, Mrs. Albert Marshall; and parliamentarian, Mrs. Thurman Rives.

Members present were Mmes. Earl Barnes, Lowell Farmer, Roy Ford, Gene Hall, Glenna Hefley, Wilma Hefley, Robert Holderman, R. J. Holt Jr., J. C. Howell, Albert Marshall, R. W. McNeil, Carroll Pettit, Carroll Pendleton, Lowell Pendleton, Cecil Richerson Jr., Thurman Rives N. D. Ware Jr. and Harvey Wright. Associate members attending were Mmes. Dorothy Rushing, Ray Seigmund, Jack Garrison, Joe Weatherly. Complimentary member, Mrs. O. A. McBrayer, attended also.

If you dry-clean at home, be sure to use the fluid outdoors or in a well-ventilated room. There should be no pilot light or other illumination in the room. Let the garments air thoroughly before wearing. Keep the dry-cleaning fluid in a fireproof container.

The term "double cloth" referring to coating materials means that the fabric differs in color or pattern on each side. There is no lining in this case. These coats are warm, sometimes heavy and likely to be expensive.

ENGAGED — Mr. and Mrs. O. L. Satterfield of the Sinclair Merten Lease announce the engagement and approaching marriage of their daughter, Meredith Waters, to Billy Joe Cox, son of Mr. and Mrs. W. B. Cox, 1710 Alcock. The wedding will take place in late September.

RUTH MILLETT

Any woman who has ever been to a bargain sale knows what the tag "as is" means.

It means she may not be getting a perfect article, and so she had better take a good, close look to see if it is really going to meet her needs. If it will, then she has a bargains. But if after she gets home, she finds imperfections are more troublesome than she had imagined, she knows she can't take the article back. She took it for what it was when she accepted that "as is."

It's too bad that when a bride meets her husband at the altar for the ceremony that will make them man and wife that he isn't wearing an "as iss' tag, too.

If he were, perhaps, his romantic bride would see him more clearly, and realize she was not getting a perfect husband but a man she must take for better or worse just as he was.

She might also see that it would do her no good to try to make a perfect husband out of the man she took "as is"—that he would always be just himself. And if in time she came to magnify the faults she knew were there but once thought were unimportant—she couldn't just say: "This man isn't perfect" and run to the divorce courts for "justice."

Women might be better satisfied with their husbands and might buckle down to make better wives if they would only at marriage accept their husbands "as is."

For the unhappiness comes in resenting a man's imperfections, in deciding that his shortcomings are more important than his wife supposed, and in struggling to change him.

For brides of this year or any year: Put a mental "as is" sign on your husband and quit worrying about what he isn't.

Most important moth prevention rule is to have your wool garments and blankets perfectly clean before storing. Larvae feed on grease and soil. Store in sealed bags and packages.

To wash a pastry cloth, soak in cold water and follow with repeated squeezing through warm, soapy water. Rinse well. Spread out flat and wrinkle-free to dry.

Remove coffee or tea stains while fresh by pouring boiling water on stains from height of 2 or 3 feet. Wash in warm soapsuds. Bleach may be necessary.

Frau Renee Von Bronneck Will Speak At Annual Club Coffee

Former film star, actress, singer and lecturer, Frau Renee von Bronneck of Vienna will be guest speaker at the annual Twentieth Century Clubs' coffee Tuesday at 9:30 at the Pampa Country Club. Hostesses for the annual affair will be the members of the Twentieth Century Culture Club. Mrs. Leslie Hart is president of that club. General chairman for the coffee is Mrs. L. J. Zachry.

The annual coffee is presented by the Twentieth Century Club, Twentieth Century Forum, Twentieth Century Culture, and Twentieth Century Allegro.

Presidents of the clubs belonging to the Council of Clubs are special guests.

Members of the program committee include Mrs. E. E. Shelhamer, Mrs. Raymond Harrah, Mrs. Henry Rose and Mrs. Creel Grady.

Decorations committee members include Mrs. J. L. Chase Jr., Mrs. Joe Gordon, Mrs. Homer Johnson and Mrs. Clifford Braly.

Committeemen in charge of the menu are Mrs. V. L. Hobbs Mrs. Ray McKernan, Mrs. E.L. Dunigan and Mrs. Jimmie Thompson.

Other members of the house party include Mmes. J. R. Donaldson, Doyle Osborne, J. W. Edminster, Jeff Bearden, H. H. Hahn, Michael Wilson, E. L. Henderson and Huelyn Laycock.

The guest speaker will bring 100 colored slides of Austrian scenes and will present personality portraits including life in Vienna, its peculiarities, and strange customs, lives of Haydn, Mozart, Beethoven, and Schubert and strange tales from the country folk.

Frau von Bronneck series of lectures began Sept. 9 in Silverton and will continue through November. Upon her return to her country she will deliver a lecture to which the whole Austrian government will be invited.

Frau Renee von Bronneck

MATURE PARENT

By MURIEL LAWRENCE

When a neighborhood theater revived Walt Disney's "Snow White and the Seven Dwarfs," Julie's mother decided to make it her child's first movie. In preparation for this exciting experience, she told Julie the story ahead of time.

When the afternoon arrived, Julie skipped and chattered happily all the way to the theater. But when the movie began, this everyday kind of happiness disappeared. She grew very still and silent. Though her new red pocketbook fell from her lap, she did not noice it as she watched the enthralling shape, color, voice and movement of the creatures of her own imagination.

On their way out, Julie's mother asked enthusiastically, "How did you enjoy it, darling?"

"It was nice," Julie said.

A block from home, she and her mother met a neighbor. This time, when Julie was asked to report on her emotion for the neighbor, she said, "Please let's go home now."

As her mother was opening the front door, Julie spoke again. She lifted her still-enchanted eyes to her mother, and struggling painfully for words to express herself, whispered, "Please don't tell any more people about Oopey. Please don't even tell daddy or grandma or anyone about Dopey until I say to."

Staring at the desperately serious face so close to her own, Julie's mother thought bewilderedly, "Why, the child's in love! She's fallen in love with Dopey. . ."

So Julie had. And right there on the stoop, Julie's mother promised not to talk of this love until the person who felt it had grown more used to it.

Little boys and girls often fall in love like this with things or people in which they sense beauty, gentleness or comfort that are hidden from us.

When this happens, they protect their private feeling against ridicule or curiosity by not talking about it. Unless we are alert to recognize their sudden quietness as a sign of their enchantment, we can go blundering as I once did.

I sank down on a chair as we do on such occasions. "But why didn't you speak?" I demanded. "Why didn't you SAY you wanted that hat?"

"I couldn't," said my nearly grownup young person. "It wasn't something I felt like talking about."

ENGAGEMENT TOLD — Mr. and Mrs. Carl W. Zybach of Canadian announce the engagement and approaching marriage of their daughter Louise Faye, to Ernest Gene Wright, son of Mr. and Mrs. Fred Wright, of Amarillo. The wedding will take place October 10 in the First Christian Church, Canadian.

First Baptist WMU Group Will Observe Week Of Prayer

The First Baptist Church Women's Missionary Union will observe the Week of Prayer for State Missions this week starting with a 3 p.m. observation Monday and Tuesday.

The Eunice Leach, Lillie Hundley and Eletha Fuller Circles will have charge of the Monday program.

Tuesday the Geneva Wilson, Elouise Couthern and Ruth Simmons Circle will present the program.

The Wednesday, Thursday and Friday meetings will be held at 10 a.m. with the Ruth Meek, Blanch Groves and Lena Lair Circles in charge of the programs.

Thursday the Lois Barriett and May Bell Taylor Circles will present the program and Friday the Vada Waldron and Roberta Cox Circles will have charge. The Mary Hill Davis offering will be taken at this time.

City Council PTA Group Will Meet

Members of the City Council Parent-Teachers Association will meet Tuesday at 9 a.m. in Dr. Ruth Lows' office. This will be the first meeting of the executive board and the program will include a resume of the summer activities of the chairmen.

Mrs. Jack Foster, president, will have charge of the meeting.

DOW Class Has Social In McClendon Home

D. O. W. Class of the Central Baptist Church met in the home of Mrs. Gene McClendon, 805 E. Albert, for a monthly social recently. The birthday theme was carried out celebrating each members' birthday with one party.

Mrs. McClendon's home was decorated with crepe paper streamer and balloons hanging across the ceiling. A large plaque hung on the wall with a "Happy Birthday" written in the center and the name of each person in the class appeared on the plaque.

The cake was decorated with a "Happy Birthday D. O. W. Class" Cake and punch were served to Mmes. J. H. Reeves, L. C. Revel, James Lancaster, James Johnston, Bill Spelce, Mary Sue Dona, Gene Kirkley, Jayce Doan, George Lang Derrel Danner, Charles Broxson, Gene McClendon, Carrol Walters, Kenneth Osborn and Harvey Rochelle.

First Baptist Women's Missionary Union Circles Have Bible, Mission Study

The members of the First Baptist Church Women's Missionary Union met recently in homes for Bible and mission study.

Mrs. H. H. Brandon entertained members of the Eletha Fuller Circle and opened the meeting with prayer. Mrs. T. J. Worrell taught the Bible lesson on "The Mothers of the Family of Israel."

Mrs. James Hopkins closed the meeting with prayer. Attending were Mmes. Brandon, Worrell, Hopkins and L. H. Clift.

Ruth Simmons Circle members met in the home of Mrs. Parker Mangham. Mrs. Harvey Downs opened the meeting with prayer. The lesson was taught by Mrs. E. O. Schneider. Mrs. G. L. Wilson gave the closing prayer.

Attending were Mmes. O.D. Burba. J. L. Burba, W. B. Vandover, Fred Hinkley, L. H. Norman, T. H. Tarrant, John Killian and E. L. Yeargain.

Mrs. Shirley Nickols was hostess to the Lillie Hundley Circle in her home. Mrs. W. B. Henry opened the meeting with prayer. Mrs. Dewey Johnson dismissed the group after the lesson taught by Mrs. H. C. Wilkie.

Attending the meeting were Mmes. A. A. McElrath, E. L. Yeargain, Mabel Winters, D. W. Slaton, Nickols, Henry, Wilkie, Johnson, Don Flippin and J. D. Brown.

Mrs. W. H. Lewis was hostess for the Geneva Wilson Circle. The meeting was opened with prayer by Mrs. W. C. Griffith. Mrs. J. H. Tucker taught the Bible lesson. Mrs. T. V. Lond closed the meeting with prayer

Mmes. J. R. Moss, S. T. Halpain, J. W. Granfill, W. C. Griffith, Jahn Schoolfield O. A. Davis, Lewis Tucker and Lane attended the meeting

Members of the Ruth Meek Circle met in the home of Mrs. Harrold Cockburn for a lesson taught by Mrs. F. E. Leach. Mrs. Earnest Edwards gave the opening prayer.

Present were Mmes. Homer Taylor, F. E. Leach, Earnest Edwards and Harrold Cockburn.

Mrs. Ella Gurley was hostess to the Eunice Leach Circle. Mrs. J. B. O'Bannon led the opening prayer. Mrs. R. W. Tucker taught the Bible lesson. Mrs. A. McClendon taught the mission lesson.

Small gifts of appreciation were presented to the retiring chairman, Mrs. O. B. Schiffman.

Atteding were Mmes. Joe Foster, Thelma Fension, Cora Patterson, Fred Carver, Hulle Beard, E. Stidham, O'Bannon, Tucker, McClendon, Schiffman and Gurley.

MISSIONARY IS SPEAKER — Miss Mary Holland of Miami, right, was guest speaker at the Pampa Council of Church Women's meeting held in the First Christian Church recently. She is shown talking with Mrs. W. R. Campbell, left. Miss Holland was a missionary to India for over three years. (News photo)

First Methodist Church WSCS Circles Meet In Homes For Special Study

Circles of the First Methodist Church Women's Society of Christian Service met recently for study.

Circles Three and Four met in Fellowship Hall with Mrs. Ross Byars and Mrs. Louis Bonny as co-hostesses. Mrs. Paul Bowers continued the study on Jeremiah and gave the devotional on "What a Man Chooses He Is." Mrs. Irvin Cole made several announcements and gave a report on prophetic religion. The group discussed religion in our government and domestic lives. Mrs. Gordon Hollenbeck gave reports on the Prophets Abraham, Samuel, Elijah and Nathan. The group was dismissed with prayer by Mrs. Sam Cook.

Members present in Circle Three were Mmes. Irvin Cole, George Eyler, LaDon Bradford, Sam Cook and Gordon Hollenbeck. Present in Circle Four were Mmes. O. H. Odom, Neil Malloy, Robert Futrell, Louis Bonny, Paul Bowers and C. F. Richardson. Guests were Mmes. Jonas, Coy Palmer and Loyse Caldwell.

Circles Five and Six met in the home of Mrs. W. A. Wagoner. Mrs. Carlton Nance opened the meeting with prayer and had charge of the business. Mmes. J. G. Lyons, E. L. Campbell, Melvin Stephens, Doyle Osborne, W. A. Wagoner and Cleo Hoyler assisted Mrs. W. L. Rowntree in presenting the second lesson on "The Life and Tasks of the Church Around the World." Mrs. Osborne Gave the devotional and closed the meeting with prayer. Present in Circle Five were Mmes. J. E. Kirby, John Timothy, Lyons, Campbell, Stephens, Osborne, Hoyler. Present in Circle Six were Mmes. T. C. Lively, Glen Radcliff, Leon Cook, Carlton Nance, Wagoner, Rountree and one visitor, Mrs. T. C. Lively of Roswell, N. M.

Circles Seven and Eight met in the Church Parlor. Mrs. Al Lawson presided. The Devotional was given by Mrs. H. F. Barnhart. The "Call" of Jeremiah was enacted by Mrs. Joe Shelton, dressed as Jeremiah, Mrs. Lawson asked questions and Mrs. Tom Johnston as "Echo" answered questions. Mrs. Lawson reviewed a portion of the book of Jeremiah. This was followed by group discussion.

Members present in Circle Seven were Mmes. W. R. Campbell, Sherman White, George Walstead, R. K. Elkins, Joe Williams, P. H. Gates, A. C. Steely, A. B. Carruth, George Nelson, Luther Pierson and Barhart. Present in Circle Eight were Mmes. J. G. Cargile, Tom Cook, H. P. Dosier, John Hodge, H. B. Howse, R. B. James, J. E Kirchman, W. S. Exley, C. E. Boxwell, W. E. Abernathy, H. V. McCorkle, Lawson, Shelton and Johnston.

SOCIAL CALENDAR

Monday

9:30 — Gamma Delphian Society meets in the City Club Room.

2:30 — Pampa League of Women Voters will have a program in the City Club Room.

3:00 — First Baptist Church Women's Missionary Union will have first program during week of prayer.

7:00 — Altrusa Club will meet at the Schneider Hotel.

7:30 — Circle Nine of the First Methodist Church Women's Society of Christian Service will meet with Mrs. Charles Shelton, 621 N. Sloan.

8:00 — Mrs. Stanley Chittenden, 509 N. Russell, will be hostess to members of the Xi Beta Chi chapter of Beta Sigma Phi.

8:00 — League of Women Voters couples unit will meet with Mr. and Mrs. George Friauf, 806 N. Somerville.

Tuesday

1:00 — Members of the Parent Education Club will have a covered dish luncheon in the home of Mrs. Gene Fatheree. Mrs. H. L. Gunter will be cohostess.

1:45 — Mrs. G. E. Dick will be hostess to members of the Merten Home Demonstration Club.

3:00—Second program of the week of prayer will be held by members of the First Baptist WMU.

7:00 — Sub Deb Club members will meet with Carol Carnes in her home east of the city.

7:30 — First Christian Fellowship supper will be held in the church.

8:00 — "I Remember When" program and 25th Anniversary will be celebrated in City Club Room by AAUW members and guests.

Wednesday

10:00 — Third program will be held by First Baptist Church WMU for week of prayer.

7:30 — Beta Gamma Kappa members will be entertained with a party in the home of Mrs. L. C. McMurtry, 1305 Garland.

Thursday

10:00 — Members of the First Baptist Church WMU will hold the fourth program in the week of prayer series.

7:30 — Beta Sigma Phi treasure hunt will be held.

Friday

9:30 — League of Women Voters board meeting will be held at 814 N. Somerville.

2:30 — Entre Nous Club will meet with Mrs. J. R. Spearman, 1707 Mary Ellen.

8:00 — Order of Eastern Star meeting will be held in the Masonic Hall.

Miss Mary Holland, Missionary To India, Is Guest Speaker For Church Women

Miss Mary Holland, recently returned from three and one-half years' teaching and missionary work in India, was the speaker at the Pampa Council of Church Women meeting, held at the First Christian Church at 2:30 p.m. Friday.

In the absence of the president, Mrs. Lee Harrah, Mrs. W. R. Campbell, program chairman, presided. She read the call to worship and the scripture lesson. Rev. Dick Crews of the First Christian Church offered prayer.

"Leprosy" was the topic of the meeting. The first devotional message was given by Mrs. Myles Morgan, who spoke on the work of American Leprosy Missions. The second devotional thought was presented by Mrs. Sherman White, who spoke on the care and possible cure of leprosy. Following the devotional talks, Mrs. Harold Wright sang "My Task," accompanied by Mrs. Bob McCoy.

Mrs. Campbell then presented Miss Holland, who spoke on her work as teacher, missionary and home economist in India. She first discussed leprosy in India, bringing out that the disease is now being treated fairly adequately in that country, that patients receive care either in hospitals or at home by medical injections, and that India now attempts to treat leprosy in its early stages. Miss Holland then spoke of her own work in sanitation, nutrition, and disease prevention. She emphasized that any work of value in a foreign country must be based on the food and customs of that country and upon their religious beliefs. Any real change must be gradual. The speaker also discussed several Indian people she knew. Her conclusion was that, though customs differ with countries, people are fundamentally alike and a common faith can be found for all Christian people of the world.

Following the talk, the ladies of the First Christian Church served punch and cookies, with Mrs. Glen Nichols and Mrs. E. E. Schultz at the serving table.

Pampa League Of Women Voters Will Hold Special Meeting In Club Rooms

The Pampa League of Women Voters will hold a general meeting in the City Club Room Monday at 2:30 p.m. according to Mrs. H. H. Hahn, president. Mrs. E. E. McNutt will introduce the speakers, Miss Gaye Nell Carter, daughter of Mr. and Mrs. T. C. Carter, and Miss Sue Williams, daughter of Mr. and Mrs. Roy W. Williams. These girls were delegates to Girls' State in Austin last spring.

Mrs. Ralph Sidwell recently reported a 50 per cent member participation in the finance drive and she plans to make a final report at this meeting.

Mrs. Hahn emphasized that the business meeting would be short.

Mrs. H. H. Butler, the hospitality chairman, will preside at the refreshment table.

All members and interested persons are urged to attend this program.

Wrap freshly-sprinkled clothes in a plastic sheet and keep in refrigerator until you're ready to iron. Clothes will remain damp but won't mildew.

Buttons are a good indicator of the quality of a shirt. Well-made garments have buttons of lustrous pearl which are uniform in thickness and cut with four holes. Buttons are firmly stitched to the shirts.

GRACE FRIEND

Dear Grace Friend,

I read your column every day and appreciate it very much.

I have a poem that I would like to have printed so it could be transfered on to cloth as this picture shows.

Do you know where I could have this done?

Mrs. B.

Dear Mrs. B.

I suppose you want to embroider it as is shown in the picture you sent me.

Have anyone who can print neatly, print it in pencil on the cloth to conform to your plan. Then embroider it as you would something which has been transferred.

Perhaps you could get more detailed information at the needlework section of a department store.

SOAP RECIPES

Dear Gracie:

I am told that you recently published recipes for soap. I missed it.

How may I obtain a copy? What date? Maybe I can look it up in the library.

Thank you,
B. G.

Dear B. G.

Here is a soap recipe:

Add one can of Red Seal lye and one tablespoon of borax to three pints of cold water.

When mixture has cooled somewhat but is still warm add four pounds of fat (two 1-pound coffee cans full) and stir for 10 minutes. Continue to stir well at intervals.

Mold your soap as you wish and put it away to ripen, or age, for at least six months.

If you wish to perfume the soap you may add perfume or cologne as you like.

To find leaks in an inner tube, hose, or gas pipe, apply soapsuds to the surface. Bubbles will locate them for you.

Mrs. John Andrews Will Open Classes

Mrs. John Andrews will reopen art classes here this week in her studio at 907 E. Browning. She will teach oils, pastels, water colors and china painting.

Mrs. Andrews was the director of the art department at the Pampa Conservatory several years ago. She is a member of the Texas Fine Arts Association and was president of the Arno Art Club which won state recognition for doing the most outstanding art work in the Texas Federated Clubs. This club has been dissolved since that time.

The local art teacher has been on the committee of judges for the art contest of the seventh district Texas Federation held each spring in Amarillo.

Mrs. Andrews plans to teach adults, high school, junior high school and ward school pupils. Enrollment should be made with Mrs. Andrews this week.

If your husband's hat gets soaked in the rain, be sure it's allowed to dry on a flat surface away from heat. Rest it on the turned-out sweatband, push out the dents in the crown, and shape the brim.

Remove iron rust from fabric by sprinkling with salt, moistening with lemon juice, and drying in the sun.

Knit outerwear has become popular largely because these garments are easy to launder and pack, and usually require no pressing. Never put these garments on hangers.

The Pampa Daily News

One of Texas' Five Most Consistent Newspapers

We believe that one truth is always consistent with another truth. We endeavor to be consistent with truths expressed in such great moral guides as the Golden Rule, the Ten Commandments and the Declaration of Independence.

Should we, at any time, be inconsistent with these truths, we would appreciate anyone pointing out to us how we are inconsistent with these moral guides.

Published daily except Saturday by The Pampa News, Atchison at Somerville, Pampa, Texas. Phone 666, all departments. Entered as second class matter under the act of March 3, 1878.

SUBSCRIPTION RATES

By CARRIER in Pampa 30c per week. Paid in advance (at office) $3.90 per 3 months, $7.80 per six months, $15.60 per year. By mail $10.00 per year in retail trading zone, $12.00 per year outside retail trading zone. Price for single copy 5 cents. No mail order accepted in localities served by carrier

The Lattimore Case

In the coming weeks and months, there is good likelihood that the news columns will be carrying considerable information about Owen Lattimore. Owen, it will be remembered, is the New Deal's top ranking Far East specialist.

Lattimore was heard before — but under special circumstances. Now the new Department of Justice under the Eisenhower administration has asked the Court of Appeals to reverse the dismissal of four of the original seven points in the perjury indictment against him.

With this in mind, we have obtained an official "Conclusions" of the Committee on the Judiciary of the Eighty-Second Congress, July 2, 1952, on the Institute of Pacific Relations — an institute that is most likely to figure in anything about Lattimore and the Far East. Here are the official "Conclusions" of the Committee on the Judiciary:

The IPR has been considered by the American Communist Party and by Soviet officials as an instrument of Communist policy, propaganda and military intelligence.

Members of the small core of officials and staff members who controlled IPR were either Communists or pro-Communist.

Effective leadership of the IPR had by the end of 1934 established and implemented an official connection with G. N. Voitinski, Chief of the Far Eastern Division of the Communist International.

The effective leadership of IPR worked consistently to set up actively cooperative and confidential relationships with persons in government involved in the determination of foreign policy.

Over a period of years, John Carter Vincent was the principal fulcrum of IPR pressures and influence in the State Department.

It was the continued practice of IPR to seek to place in government posts both persons associated with IPR and other persons selected by the effective leadership of IPR.

The IPR possessed close organic relations with the State Department through interchange of personnel, attendance of State Department officials at IPR conferences, constant exchange of information and social contacts.

The effective leadership of the IPR used IPR prestige to promote the interests of the Soviet Union in the United States.

A group of persons operating within and about the Institute of Pacific Relations exerted a substantial influence on United States far eastern policy.

The IPR was a vehicle used by the Communists to orientate American far eastern policies toward Communist objectives.

A group of persons associated with the IPR attempted, between 1941 and 1945, to change United States policy so as to accommodate Communist ends and to set the stage for a major United States policy change, favorable to Soviet interests, in 1945.

Owen Lattimore and John Carter Vincent were influential in bringing about a change in United States policy after 1945 favorable to the Chinese Communists.

During the period 1945-49, persons associated with the Institution of Pacific Relations were instrumental in keeping United States policy on a course favorable to Communist objectives in China.

Persons associated with the IPR were influential in 1949 in giving United States far eastern policy a direction that furthered Communist purposes.

Lattimore, it will be recalled, has screamed that he is a martyr and the object of persecution by the nasty Republicans and others who failed to fall in love with the Institute of Pacific Relations. The chances are that he will continue to do the same sort of screaming if the decision for him is reversed. That's why we thought that a little footnote on the IPR ahead of time might serve a useful purpose in understanding what Lattimore is talking about when he attempts to defend the IPR and his own activities for the best interests of Soviet Russia.

Machine Revolution

Wheeler McMillen, editor of Farm Journal, recently wrote that the "old problems of surpluses which have plagued agriculture in recent times are passing problems." Before long, he forecast, we won't be worrying about whether our farms will produce too much. Instead we will be concerned with whether they can produce enough for our expanding needs.

The reason for this lies in what is happening to our population. Each 17 seconds, America gains a new — and hungry — mouth. We have passed the 160,000,000 mark, and the time when we will have 200,000,000 people is in sight. Yet our agricultural acreage remains practically constant — as Mr. McMillen put it, our new arrivals bring no new land to farm.

What, then, is the solution? It lies in better utilization and conservation of the land — in the attitude that our farm lands are a trust, which must be passed on to the next generation in the most productive possible state. And it lies in the increasing use of mechanical equipment — in the amazing machines which enable each farmer to produce more crops and better crops in the most economical fashion.

The farm machine has brought us a very long way. Today a small part of our total population produces all the food and fiber we consume and export — less than a century ago the great majority of our people were employed at this task. The machine, in other words, has worked a peaceful revolution. That revolution is still going on, and there is no end in sight.

BETTER JOBS

By R. C. HOILES

Does Money Help Or Retard Getting Education?

It is generally believed that money is necessary in order to get an education. It is true that money will help support an individual while he is getting a training, but it is doubtful whether money will really help an individual get an education. In fact, quite often money prevents men from getting a real education. This thought came to me while reading "The Carpenter" magazine issued by the Carpenter's Union of America.

It had an article under the heading of "Progress In Labor Education." It recites how the Ford Foundation has granted somewhere in the neighborhood of a half million dollars for the purpose of "developing ways and means of widening the scope and extent of labor's activities in the field of education." Of course, they mean union labor's activities in the field of education. It relates how eight universities and colleges are now participating in the program with the cooperation and advice of the union members. Then it says:

"The prime objective of the whole program is to increase labor's interest and activity in three major areas; foreign affairs, community improvement and the study of economics. These subjects of course, are nothing new either to universities which maintain divisions devoted to labor education or to unions themselves. What the committee tries to do is to expand such interests and activities through:

"a) Promoting and stimulating interest among those unions which thus far have made no significant effort toward education in these three areas, or no effort at all toward a continuing program of education, and

"b) Developing — by the process of experimentation — techniques and tools to make such educational efforts more effective and lasting.

"The first task is somewhat in the nature of pump - priming, that is to say, the Committee tries to provide the initial impetus, hoping that once the value and feasibility of educational programs have been demonstrated to union leaders, the unions would carry on from there themselves.

"The second task, new tools and techniques, involves experimentation of a kind which could not or would not usually be undertaken by either universities or labor unions, largely because of the expense and risk involved.

"By contrast, it is the designed purpose of the Inter - University Labor Education Committee to encourage experimentation with a variety of new techniques, materials, approaches and groups. The broader the experiment the better. Otherwise, it would hardly be doing anything too much different from what universities and labor unions might do anyway."

It looks as if the universities and the labor unions and the Ford Foundation all seem to agree that there are no moral principles already known that govern human relations. They want more and more experiments. And of course they want more experiments when they do not believe there is now or ever has been guides that if used will promote justice, peace and material and spiritual progress. They do not seem to realize that there is just one way that has ever been discovered for peaceful relations between labor and capital and between buyer and seller and human relations in general.

Of course, those people who have been reading this column well know what the rules are to promote understanding and good will. They are simply the Commandments and the Golden Rule.

But when eight universities and the Ford Foundation and the labor unions get together to experiment, it leaves the impression that there are no principles, no moral laws, that govern human relations, and that impression retards the educational growth rather than helps individuals understand human relations. Of course, it will develop into more propaganda for and growth of labor unions. One can get a little idea of what the propaganda will be from the first paragraph of this article. It says:

"Yet this year or next year the work this committee has been doing may help your local union negotiate a better contract or set up better grievance machinery. It may help increase the size of your union meetings, or it may make possible the establishment of a cheaper and more effective health program for your community."

Evidently it can only increase the size and power of labor unions or the size and power of the government by detracting from the liberty of the individual. And anything that retards man being a steward of his life will result in tyranny rather than liberty or real education.

I am under obligation to the reader who supplied me with a copy of the August issue of "The Carpenter."

Look Over Your Shoulder

Down South

Balanced Budget In 1954 Is A 'Must' In The Minds Of Voters

By THURMAN SENSING
Southern States Industrial Council
Nashville Tennessee

Coming into office in January of this year, the present administration had no chance to do anything about the budget results for the fiscal year ending June 30, 1953, which wound up with a deficit of $9.3 billion.

Latest estimates of the administration with reference to the budget for the current fiscal year, ending next June 30th, give evidence of the highly commendable efforts to reduce spending.

It is now estimated that outgo for the year will be $72.1 billion, that income will be $68.3 billion, resulting in a deficit for the fiscal year of $3.8 billion.

This is a great improvement over the Truman estimate of a deficit for the year of $9.9 billion, and even over the Eisenhower estimate last spring of $5.6 billions.

A great many people have been disappointed, however, that the administation has no hope of balancing the budget for its first full fiscal year, ending June 30, 1954. They say that their campaign was waged on a budget-balancing, tax-cutting program, that this was one of the major reasons for their election, and that they should fulfill the promise.

There is good ground for the complaint—but there is also good ground for accepting the answer of the administration that obligations inherited from previous administrations simply made it impossible to balance the budget this first year.

So while there are two sides to the argument as to whether the budget for '54 should be a balanced budget, that is where the argument should end. There should be no question about a balanced budget for '55. Barring another world-conflict, we should accept nothing less than a balanced budget for the administration's second fiscal year.

For a long time, sound-thinking people have realized that our government has been flirting with bankruptcy. Our national debt, which we have made no effort to pay and which we seem determined to bequeath to our children, is nearing the $275 billion mark. This is a debt almost beyond our ability to comprehend. It is twice the assessed value of all the taxable real estate in America.

We have also known that taxes have reached a point of diminishing returns. They are killing the incentive to work and save and invest and expand. They must be cut to provide a margin for reinvestment and for venture capital.

Balancing the budget in '55 will not be easy. Under the philosophy by which we have been governed for 20 years up until the present administration, it would not even be considered.

It may be that the present administration will come along with some reasons or excuses for not balancing the '55 budget. If so, even though it is doing a better financial job than any we have seen in many years, these excuses should not be accepted.

If they say, for instance, that they are obligated to cut taxes — which they are—on Jan. 1, 1954, both personal and excess profits taxes, and that income will therefore not be sufficient to balance the budget next year, they should simply be told to cut expenses just that much more.

If they say that foreign aid, for instance, must be continued—and they seem to be proposing that it shall be, indefinitely; and are recommending around $6 billion for next year—they should be told that the whole policy of foreign aid is highly questionable in the first place; and in the second place, if it means an unbalanced budget, it should be summarily ended.

The Congress should be told by the people, and the administration should be told by the Congress that there can be no substitute for a balanced budget in '55. Among the "musts," this ranks first.

The Nation's Press

THE DIFFICULT BURDEN OF PROOF

An Alibi That Was Just Flimsy Enough To Be True

(The Shreveport Times)

Last week a young man named Paul Joseph Altheide, 26 years old, walked out of the Phoenix, Ariz., jail a free man just three days before he was scheduled to go to trial for cold-blooded murder, with conviction and execution seeming certain.

Altheide had been in jail since January. He had no money. He had no friends to help him. He had been identified by five reputable and substantial citizens of Phoenix as being at the scene of the murder by shooting of a tailor, in his shop, or as running from the scene just after the shooting. One citizen picked him from a lineup as the man he saw run from the tailor shop as the sound of the shots still echoed.

The youth said he left Phoenix two nights before the murder, which was on January 24th. He couldn't prove it. His landlady didn't know when he left.

One of those nights before the murder, Altheide said, was spent in a mission which kept no records. The other was spent in the open — sleeping on the roadside while hitch - hiking. The night of the murder was spent, he said, with someone named "Bill," picked up while hitch-hiking, in an apartment of a friend of Bill's at Fabens, Texas.

A lie detector test "failed to record truthfulness" as to the story of being at Fabens. Altheide was a drifter. He had no regular job, had been in Phoenix only a short time, and had done odd jobs at the shop of the tailor who was shot to death. The prosecution looked on the trial as mere formality, with execution as a certain verdict.

But Capt. George U. Young, Jr., Phoenix chief of detectives who gathered all the evidence on which Altheide seemd so certain of the death sentence, kept worrying about Altheide's so - called alibi. For a young drifter with no home, no friends, no money, picking up odd jobs here and there, it was just flimsy enough to be true.

In the final weeks before trial Young persuaded his superiors to let him start checking. He traveled 1,200 miles in one week. He rolled up expense accounts that had his superiors dizzy, and threatening to call him off the hunt. Working with Young was Gene McClain, Phoenix newspaper police reporter who gained national fame two years ago by solving a murder that had the authorities

In time, Young substantiated every word of Altheide's alibi. He found the "Bill" whom Altheide had met while hitch - hiking. He found other witnesses to substantiate Bill's substantiation of Altheide's story of being in the apartment of a friend of Bill's in Fabens the night of the murder. Three days before the trial Young returned to Phoenix with absolute proof that Altheide could not have been within hundreds of miles of Phoenix the night of the murder.

The evidence of Captian Young for the defense completely destroyed every bit of evidence of Captain Young for the prosecution, and the prosecuting attorney promptly went into court and had Altheide freed.

"I simply began to feel, as I got into this case," Captain Young said, "that it's the duty of law enforcement officers to get the facts; not merely facts that show guilt. I felt it was my duty to get the facts that would free his man if they could be had. I was sure he was guilty — but I wanted to be surer. In trying to be sure he was guilty, I found he was innocent.

Captain Young, of course, simply followed the principles of American justice which provide that the duty of law enforcement officials always is to protect the innocent as well as to convict the guilty. But too many of them forget it. We have an idea that there are too many places in the United States where "justice," as local officials administered it, would have railroaded Altheide to death.

International Whirligig..

Dulles Tells Sad Truth About Tragic State Of World Affairs

By RAY TUCKER

WASHINGTON — John Foster Dulles has become overnight the most controversial figure on the international stage by his harsh but realistic lectures on our Allies' post-war failures and weaknesses in the face of Russia's bald imperialism and aggression. It is an amazing metamorphosis of the modest man who looks and acts like an upstate New York countryman.

The American secretary of State, in his recent official and unofficial outline of a sterner foreign policy at Washington, has committed the cardinal sin of professional and historic diplomacy: He has dared to tell the truth about the tragic state of world affairs, as viewed by the Eisenhower administration since the Korean armistice.

Pinned Responsibility

Instead of sending secret but ineffective notes to foreign offices and chancelleries, he has openly pinned the responsibility for deteriorating conditions on the nations which refuse to assume their share of the burdens in resisting the Communist danger in Korea and elsewhere — Britain, France, Italy, Japan and the United Nations generally.

His audacity provoked protests here and abroad. His own advisers sought to dissuade him from these outbursts. A bigwig in the British Labor Party, which advocates appeasement of Red Russia and China, denounced him as a "fool." It was reported erroneously that he had been summoned by President Eisenhower for a paddling in a "Denver woodshed."

But the fact is that Dulles' almost unprecedented warning to friends and foes represents a sharp shift in American foreign policy. It is notice to those countries that we expect them to carry a heavier load in future crises like Korea and Indo-China. The secretary's virtual ultimatum, including his threat of an all-out preventive war, had been approved by the White House, the Pentagon and the National Security Council.

Reflects Majority Sentiment

Finally, and most significantly, it undoubtedly reflects the sentiment of a majority of Congress and the American people. They want a more substantial return on wartime and postwar sacrifices of men and treasure than 140,000 casualties on a barren peninsula in the Far East.

The German election returns, which show an overwhelming triumph for the Eisenhower entry, Chancellor Konarl Adenauer, vindicate Dulles' bold tactics. As he warned in a statement that was assiled as "unwarranted intervention" in West German affairs, an Adenauer repudiation would have been disastrous to our aims in Europe and around the globe.

The outcome marks Moscow's most serious reverse in the struggle between dictatorship and democracy. It may be a salutary lesson to Anglo-French and New Delhi compromisers, as well as to the anti-American bloc in the U.N.

The Italians resent the Dulles suggestion that they be less stiff-necked in the Trieste dispute with Tito. To Rome the proposal appears as a reversal of the Allies' 1948 decree that the Adriatic port go to Italy. But, as a realist, Dulles recognizes that changed conditions necessitate new arrangements.

Sentiment Secondary

Tito is now an anti-Russian ally, and, next to Turkey, our strongest in the key Mediterranean area. Sentiment must become a secondary consideration under such circumstances.

Premier Nehru screamed at Washington's recital of his pro-Russia and pro-China leanings as a reason for Syngman Rhee's opposition to India's participation in the Korean political conference. But Nehru's attempts to curry favor with Moscow and Peiping, thereby sparing his defenseless land from infiltration or conquest, has become an international scandal.

Ironically, Nehru's brother-in-law, after visiting China under Mao Tse-tung's auspices, has just written a book in which he deplores the pitiful results of the Communist revolution in that unhappy land.

Japan Also Criticized

Dulles also criticized Japan for failing to rearm against the Communist meance mounted across a scant stretch of water. Like Germany in Central Europe, Japan must constitute the main Far Eastern bulwark against the Reds. The Yoshida Ministry recognizes the danger. But Tokyo prefers that we finance their defense at a cost we cannot afford. It is time that they were confronted with grim realities.

It is hardly necessary to comment on the U.N.'s ineffectiveness, and the Anglo-French refusal to build a European Army. But Dulles' daring challenge may stiffen their spines before it is too late — again!

The Doctor Says

By EDWIN J. JORDAN, M. D.

There are many causes for broken bones and few families escape this experience. A broken bone, or fracture, requires attention as soon as possible. A person with a broken bone should not move or be moved except with great care, as the fracture may be made worse by motion. Splinting with a board or some other rigid substance is advisable before moving.

If a person fractures the lower leg while wearing high boots, the boots should not be taken off until after reaching the hospital, as the boot itself serves as a sort of splint. The proper splinting and moving of a patient who has sustained a fracture may make a great deal of difference in the setting of the fracture and the time in which it takes to heal.

Once a person who has a fracture has been brought to the hospital, skilled care is important. X-ray films must be taken to show just where the fracture is and the position of the fragments. To do this, the X-ray films have to be "shot" from different angles.

If the two parts of bone can be brought together in good position, then healing should take place easily, especially in younger people. When the fragments are brought in proper position, the parts must be kept from moving to give the bone a chance to grow together. This rest is generally accomplished by using a plaster-of-Paris cast.

Sometimes it is difficult to put the fragments back where they will heal properly and in good position. It may be necessary to put the pieces apart with weights until they can be slipped into place. Occasionally, it is necessary to do what is called an open operation and use a knife to enter the fragmented area, remove small pieces of bone and place the two ends of bone together, perhaps inserting pins, staples, plates or screws to hold them in place. This often brings good results where other methods fail.

It is no easy job to select the best treatment and to apply it properly. The healing, or knitting, of bone usually takes several weeks and almost anyone who has sustained a fracture must make up his mind to a long period of disability.

Success Secrets

By ELMER WHEELER

G. K. Wallace is the Director of Public Relations at Florida Christian College located at Tampa. He is also the senior student counselor and listens to many problems daily.

I have always been amazed at his uncanny ability to resolve difficult situations.

He has a secret that is so simple that many expert counselors overlook it.

He listens to a student's problems and then. . . he insists that they tell him more. And then he will ask a simple question.

"How do you think this problem can be solved?" Wallace says that 99 times out of 100 the student will solve his own problem.

G. K. Wallace started out in the business world as an insurance salesman. He rose quickly in the business world and was soon a general agent.

While he was selling insurance in Wichita, Kansas, he took time out from his job to establish an orphans' home. He is still on the board of directors and [illegible] of his time and money.

MOPSY

BID FOR A SMILE

A detective, waking his beat late one night, noticed a man fumbling with a bunch of keys at the entrance of a house. He approached the man and saw that he had been drinking heavily.

Detective — See here, what's going on?

Drunk — None of your bishnesh. Washa want, anyway?

Detective — I want to know where you're going at this hour.

Drunk — Oh, so thash all. Well, if you musht know, I'm on my way to a wow of a lecture.

And raising himself on his toes, he put his face close to the detective's.

Drunk (whispering) — My wife!

Doctor — Young man, your pulse is as steady as a clock.

Patient — OK, doc, take your hand off my wrist watch and try again.

Ann — I'd like to find a cream that would remove my wrinkles.

Jan — If you ever do, you'll have no face left.

High Court To Decide Gas Rate Fix

WASHINGTON, Sept. 12—UP—The Supreme Court is expected to agree quickly to decide whether the government has the right to fix rates of all natural gas moving in interstate commerce.

The high court will convene Oct. 5. The Justice Department has until Oct. 19 to file with the court a request for review of a U. S. Court of Appeals decision that the Federal Power Commission has jurisdiction over these rates.

The FPC itself contends it does not have authority to fix the rates. There seems little doubt the Supreme Court will accept the case, which will have a widespread effect on the cost of natural gas.

Could Affect 30,000,000

The 2 to 1 appeals court ruling of May 22, if upheld by the Supreme Court, could affect more than 30 million natural gas consumers. The case specifically involves Phillips Petroleum Co., Bartlesville, Okla., one of the nation's major natural gas producers. However, about 2,300 other gas producers and distributors are in the same category.

Phillips produces gas in Texas, Oklahoma and New Mexico. These states have filed briefs supporting Phillips' petition contending that FPC control would jeopardize expansion of natural gas supplies.

The three states argue extension of federal control eventually would reduce natural gas supplies through "impairment of state conservation measures and because federal regulation will discourage independent producers and gatherers from selling gas in interstate commerce."

Wisconsin, Four Cities Sued

The appeals court ruled in a case in which Wisconsin and four cities—Detroit, Kansas City, Milwaukee and Wayne, Mich. sued to force the FPC to reverse its policy and rule that Phillips and other natural gas producers and distributors are subject to certain terms of the 1938 Natural Gas Act.

Phillips sells gas to Michigan-Wisconsin Pipeline Co., Panhandle Eastern Pipeline Co., Independent Natural Gas Co., and Cities Service Gas Co. These firms sell gas in Arizona, California, Nebraska, Iowa, Missouri, Illinois, Indiana, Kansas, Michigan, Ohio, South Dakota and Wisconsin.

Phillips contended it was not affected by the Natural Gas Act because it produces and gathers gas only in intrastate operation. The FPC supported this argument, but the appeals court ruled the act provides FPC jurisdiction over "sales for re-sale and transportation in interstate commerce."

In plain language, this means, if the Supreme Court upholds the lower court decision, the FPC would have authority to fix natural gas rates from the well to the consumer. Those favoring such a policy argue that wholesalers thus would be prevented from boosting the price of gas bought from Phillips and other producers.

U.S., Canada Rigs Up 36

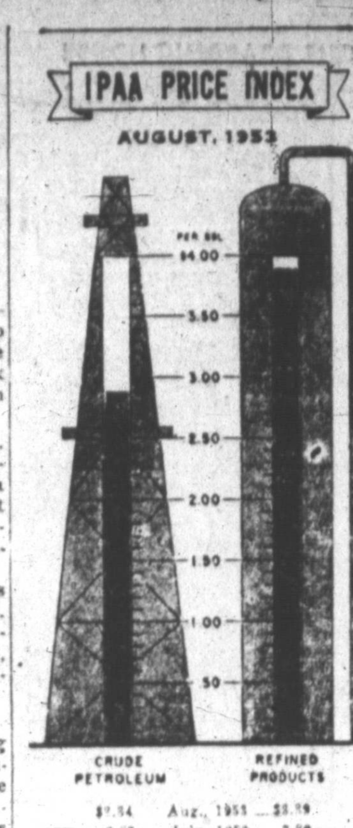

DALLAS — A total of 2819 rigs were active in oilfields of the United States and Canada for the week of September 7, 1953, according to a report to American Association of Oilwell Drilling Contractors by Hughes Tool Company.

This compares with 2783 reported a week ago, 2816 a month ago, and with 2577 in the comparable week of 1952.

A comparison by principal areas for the past two weeks shows: Pacific Coast, 176, up 3; Oklahoma, 375, down 10; Kansas, 165, up 10; Rocky Mountains, 273, up 15; Canada, 187, up 11; Ark-La-Tex, 185, up 2; West Texas and New Mexico, 493, up 4; Gulf Coast, 513, down 18; Illinois, 144, down 4; North Texas, 326, up 20.

IPAA PRICE INDEX

AUGUST, 1953

Crude petroleum is weighted average well price for 8 principal areas and closely approximates the average price of all crude in the U. S.

Refined products is weighted average refinery price of gasoline, kerosene, light and heavy fuel oils for 8 principal areas calculated from low quotations as reported weekly by the National Petroleum News.

Note: This information reflects the trend in oil prices but not the actual sales realization for producers or refiners.

Prepared by the INDEPENDENT PETROLEUM ASSOCIATION OF AMERICA

Oil Companies Drill Little Of Car Fuel

HOUSTON, Sept. 12—The chances are better than five to one that the fuel that powered your car or bus to work this morning was produced from a well not actually drilled by an oil company.

The oil companies paid the bills and took the risks, of course, but the actually drilling was likely done by one of a thousand U.S. drilling contractors, members of one of the most highly competitive segments of a competitive industry.

According to WORLD OIL, there are approximately 5250 drilling rigs in the U.S. The magazine surveyed 4761 of these, and the September Drilling Contractors' issue discloses that 4015 of this number are owned by contractors, with non-contractor producing firms owning the remaining 752.

Of the total surveyed, 3567 are rotary rigs and 1200 are cable tool. These figures are exclusive of service and workover rigs, many of which are also owned by contractors.

Results of the survey emphasize the competitive nature of the drilling contracting industry. The 4015 contractor-owned rigs belong to 944 different firms and individuals, an average of only 4.2 rigs per contractor.

Competition is further emphasized by the fact that three-fourths of the 810 contractors owning rotary rigs (including 193 who also have cable tool rigs) own less than five rotaries each, with half of the rotary contractors owning two to four rigs each.

Only 12 contractors own more than 20 rotary rigs; 34 own from 10 to 19; and 153 own from five to nine rigs each. Largest ownership group is the 410 contractors possessing two to four rigs each; and the 201 contractors owning only one rotary each.

Cable tool rigs are also mostly in the hands of small contractors. The survey reveals that only 11 contractors own more than 10 cable tool rigs; and 36 own five to nine rigs each. Biggest ownership group is the 164 contractors owning two to four cable tool rigs, and the 116 contractors owning only one cable tool rig each.

Carson County

Skelly Oil Co. No. 214 Schaffer Ranch; Sec. 86, Blk. 4, I&GN Survey; 990 ft. from E-L and 330 ft. from S-L of NE-4; perforated 26 shots, 3285-95 ft.; bail 2 gal. oil, 12 gal. water in 1 ½ hrs.; acidize 500 gal. mud acid; swab 24 bbls. salt water in 1 hr.; L. W. plug, 3278 ft.; perforated 25 shots, 3064-74 ft.; 350 ft. water in hole; squeeze perforations; clean out, 3237 ft.; perforated 52 shots, 3216 — 30 ft.; bail 19 gal. dead oil, 120 gal. salt water in 3 hrs.; sand fracture, 3216-30 ft.; 4000 gal. oil, 5000 lbs. sand; maximum pressure, 500 lbs.; swabbing.

Gray County

Gulf Oil Corp. No. 1 E. A. Shackleton; Sec. 67, Blk. 3, I&GN Survey; 660 ft. from N-L and 2600 ft. from E-L; drilling below 3758 ft. in limestone, shale.

Hansford County

Humble Oil and Refining Co. No. S. P. Jackson; Sec. 111, Blk. 45, H&TC Survey; 2640 ft. from N&W-L; drilled in sandy limestone, 6174-89 ft.; drill stem test, 6174-89 ft.; open 36 min.; recovered 5 ft. dolomite; drilled in sand, 6240-48 ft.; drilled in limestone, 6248-50 ft.; drill stem test, 6239-50 ft.; open 34 min.; weak blow, 22 min.; recoverd 35 ft. slight gas cut mud; flowing pressure, 50 lbs.; 20 minute shut in pressure, 250 lbs. drilling ahead.

Phillips Petroleum Co. No. 1 Gochnaur; Sec. 34, Blk. 3, GH&H Survey; 660 ft. from N&W-L; acidize 2000 gal.; flow 12 bbls. water, 36 bbls. oil emulsion; in 6 hrs.; gas tested 2000 MCF; killed well; L. W. plug, 5318 ft.; perforated 198 shots, 5304-14 ft.; also 5266-88 ft.; tubing and packer, 5233 ft.; swabbed and well kicked off; by heads; 30 gal. water, 3 gal. emulsion per hr.; acidized 2000 gal.; get 61 BO gas tested 750 MCF; killed well; drilling cen ret, 5365 ft.

Texas Co. No. 1 T. J. Blakemore; Sec. 30, Blk. 4-T, T&NO Survey; 660 ft. from E-L and 1980 ft. from S-L; drill stem test, 9470-9510 ft.; open 1 hr.; recovered 5 ft. drilling mud; flowing pressure, 500 lbs.; 15 minute shut in pressure, 550 lbs.; drilling below 9655 ft. in limestone.

Lamb County

Texas Co. No. 98 Union Compress Co.; Lbr. 12, Lge. 664, St. Cap. Land Survey; 793 ft. from N-L and 440 ft. from W-L; drilling below 9064.

Roberts County

Phillips Petroleum Co. No. 3 Edge "A"; Sec. 192, Blk. M-2, BS&F Survey; 330 ft. from E-L and 1650 ft. from N-L; commenced Sept. 4; set 8 ⅝ in. pipe to 1135 ft., cemented with 500 sacks; drilling below 3140 ft.

Phillips Petroleum Co. No. 4 Larona; Sec. 168, Blk. M-2, BS&F Survey; 330 ft. from N-L and 2310 ft. from W-L; set 8 ⅝ in. pipe to 1144 ft., cemented with 500 sacks; drilled to 3530 ft.; cored, 4085-4110 ft.; recovered 9 ft. dolomite cored, 4110-25 ft.; recovered 14 ft. 8 in. dolomite; cored, 4125-40 ft.; pulling core barrel.

Phillips Petroleum Co. No. 1 Pennington "A"; Sec. 18, Blk. 2, I&GN Survey; 660 ft. from N-L and 1980 ft. from W-L of W-2; perforated 72 shots, 4121-38 ft.; tubing with packer, 4092 ft.; swabbed and well kicked off; flowed 25 BO in 10 hrs. through 1 in. choke; gas tested 515 MCF; gas oil ratio, 8583:1; flowed 34 BO through 1 in. choke in 14 hrs.

Shamrock Oil and Gas Corp. No. 15 L. A. Maddox; Sec. 159, Blk. M-2, BS&F Survey; 330 ft. from W-L and 2970 ft. from S-L; set 5 ½ in. pipe to 4098 ft., cemented with 150 sacks; cored, 4012-61 ft.; recovered 49 ft. dolomite; drill stem test, 4016-61 ft.; open 1 hr. through ¾ in. choke; gas in 50 min. tested 132 MCF; recovered 400 ft. gas cut mud; flowing pressure, 200-1250 lbs.; 15 minute shut in pressure, 1000 lbs.; cored, 4061-82 ft.; recovered 19 ft. dolomite; cored, 4082 to 4098 ft.; recovered 16 ft. dolomite; drill stem test, 4063-98 ft.; open 1 hr. 20 min. through ¾ in. choke; gas to surface in 40 min., estimated 20 MCF; recovered 90 ft. gas cut mud, 1110 ft. oil, 50 ft. water; flowing pressure, 250-500 lbs.; 20 minute shut in pressure, 1000 lbs.; ran schlumberger, 4099 ft.; waiting on cement.

Shamrock Oil and Gas Corp. No. 16 L. A. Maddox; Sec. 159, Blk. M-2, BS&F Survey; 330 ft. from S-L and 2310 ft. from E-L; perforated 20 shots, 4052-57 ft.; acidized 500 gal.; swabbed 5-8 bbls. acidized water (10 per cent oil) in 1 hr.; swabbed 16 ½ bbls. salt water, 3 ½ BO in 6 hrs.; acidized 1000 gal.; swabbed 17.82 bbls. salt water, 7.33 BO in 5 hrs.; well flowed 3.15 bbls. fluid in 8 hrs.; shut in, then flowed 1 bbl. fluid in 6 hr.; testing.

Shamrock Oil and Gas. Corp. No. 17 L. A. Maddox; Sec. 158, Blk. M-2, BS&F Survey; 990 ft. from N-L and 2970 ft. from E-L; commenced Sept. 9; now at 1040 ft.; running casing.

Wheeler County

Gulf Oil Corp. No. 1 Bailey; Sec. 20, Blk. A-5, H&G Survey; C-SE-NW (see contractor, Laughlin Bros.); cored, 9986-10,010 ft.; recovered 21 ft. granite wash; drill stem test, 9980-10,010 ft.; open 2 hrs.; recovered 200 ft. oil and gas cut mud, 300 ft. salt water; flowing pressure, 50-235 lbs.; 20 minute shut in pressure, 2630 lbs.; drilled to 10,026 ft.; drill stem test, 10,010-26 ft.; open 2 hrs. through ½ in. choke; gas to surface in 40 min., too small to measure; increased to 36 MCF in 55 min.; recovered 100 ft. gas cut mud; flowing pressure, 100 lbs.; 20 minute shut in pressure, 1850 lbs.; cored, 10,026-46 ft.; recovered 10 ft. granite wash; no show; drill stem test, 10,921-46 ft.; open 2 hrs.; gas to surface in 37 min., too small to measure; recovered 100 ft. gas cut mud; flowing pressure, 75 lbs.; 20 minute shut in pressure, 1500 lbs.; cord, 10,946-64 ft.; recovered 16 ft. sandstone; no show; coring around 10,065 ft.

Exceptional Mouse

CHICAGO, Sept. 12—UP—Blackie is an exceptional mouse catcher and, according to employes of the Midland Pipe and Supplies Co., far from an ordinary cat.

She's been around the Midland plant for some time and seems more loyal to the firm than any mouse catcher it's ever had.

Friday, four kittens were born to Blackie. Each was born with a distinct "M" on its forehead.

Twenty-three intentions to drill were filed last week with the regional office of the Texas Railroad Commission.

But there was not a single wildcat among them.

One point of interest on the wildcat front was that the Gulf Oil Corporation's No. 1 Bailey in Wheeler County went below 10,000 feet for the first time since activity commenced Feb. 1.

Drillers were coring in the vicinity of 10,065 feet at week's end, according to area oilmen. But there was still "no show."

Other action on the area wildcat situation included the filing of 10 oiler completions with the T. R. R. C.

These are the statistics:

Gray County

Cities Service Oil Co. — Doshia I. Anderson "C" No. 1 — 330' from S and E lines of Sec. 203, Blk. B-2, H&GN Sur. — 15 mi. S from Pampa — PD 3100' (Amended in name to be known as Doshia I. Anderson "C".

McLean Personals

By J.M. PAYNE
Pampa News Correspondent

McLEAN — (Special) — Johnny Vineyard has been discharged from the Air Force and has enrolled at Panhandle A & M College at Goodwell, Okla. Johnny expects to play football with the team. He was one of the McLean high stars before he entered the military service. His wife, the former Marsalee Windom will be with him at Goodwell.

Mr. and Mrs. Jesse Coleman are parents of a new daughter, Jan Ella, born in Highland General Hospital on September 7.

Ens. Claude Mounce spent the Labor Day holidays with his parents, Mr. and Mrs. Hal Mounce. Claude is a graduate of McLean High and Texas University and is stationed at Pensacola, Fla.

Mr. and Mrs. E. J. Windom, Sr. are vacationing at Ojo Caliente, N. M.

The Choir of the First Presbyterian Church has elected C. R. Griffith as president and Mrs. E. J. Windom, Jr. as vice-president, Mrs. T. C. Stokes as organist-director and Gordon Wilson as librarian. The group plans to have a social hour once each month in addition to the regular weekly rehearsals.

Some 65 people attended the first meeting of the McLean PTA in the cafeteria of the grade school. Mrs. Joy Harlan is president.

Mrs. Clyde Andrews was hostess to the Wesleyan Service Guild of the First Methodist Church last week.

The McLean Do Si Do Square Dance Club met recently and elected E. J. Windom, Jr. as its president. They set the date for their next meeting as September 19 in the American Legion building.

Ann Cooper, of Tucumcari, N. M. visited her grandparents, Mr. and Mrs. George Colebank, last week.

Miss Jan Black is a visitor in the home of her parents, Mr. and Mrs. Bob Black this weekend. Jan has been attending the summer session at Texas Tech at Lubbock and is a teacher in the Hobbs, N. M. high school.

Mr. and Mrs. Cliff Callahan of Guymon, Okla., are week-end visitors in the home of Mr. and Mrs. C. P. Callahan.

Mrs. W. W. Boyd is a patient in Highland General Hospital.

Mrs. Cleo Heasley and Cleta Sue, Dorothy Carter, Rowena Chase, Arlene and Marline Gudgell were Saturday shoppers in Amarillo.

Billy Rainwater is visiting his parents, Mr. and Mrs. Wallace Rainwater, this week.

Billy will return to the University of Houston for the fall semester next week. He is a senior in the University.

L. E. Cobb of Estelline is a visitor in the home of his daughter, Mrs. Carl Jones.

Mrs. Billie Truit of Sunray is visiting her sister, Mrs. Mary Webb.

James McClellan and family of Wellington were week-end visitors in the Jack McClellan home.

Capehart Appoints Bryant Advisor

SAN ANGELO — M. D. Bryant, president of the Texas Independent Producers and Royalty Owners Association, has been appointed by Senator Homer Capehart (R-Ind) to serve on an advisory committee of the U.S. Senate's Banking and Currency Committee.

Purpose of the advisory group, as stated in Capehart's letter to Bryant, is "to make a thorough study of the operations of the Export-Import Bank and the International Development and their relation to expansion of international trade.

In accepting the appointment, Bryant, for many years an independent oil operator and rancher, pledged the full facilities of TIPRO's extensive research in imports issues as they affect the oil industry.

The 34-member committee will meet for the first time Tuesday in Washington.

Allowable Cuts On Increase?

AUSTIN, Sept. 12 —UP—A warning that Texas may face additional oil allowable cuts was issued Friday by Railroad Commissioner Ernest O. Thompson, who said more oil was being produced and imported than was needed.

"We are producing and importing more oil than we have actual demand for," he said. "Also, we are making more gasoline than we are consuming and exporting."

Thompson said a survey of crude oil storage above-ground as of Aug. 29 showed a total of 282,711,000 barrels in the nation — an increase of 2 million barrels over the previous week.

He said purchasing companies considered 255 million to 275.6 million barrels as "ample" stocks.

"Thus it would seem," Thompson said, "that at the present time crude stocks are some 14.5 million barrels higher than the average opinion of the industry as to what was needed, and higher than any testimony given."

Thompson said the U.S. Bureau of Mines had estimated market demand for Texas crude oil in October at 2,880,000 barrels daily, up 30,000 barrels from September.

The Texas allowable for September was cut 100,000 barrels a day by the commission last month. The October allowable will be set at a state-wide proration hearing Sept. 18.

New Gas Ups Power, Mileage

HOUSTON — Approximately 8,500 Continental Oil Company dealers in 28 states introduced last week, the company's new Conoco Super gasoline with TCP, described as "the biggest improvement in gasoline in 31 years," it was revealed today by Harry J. Kennedy, vice president in charge of marketing.

TCP, the additive that gives car engines more power and greater fuel mileage, is being added to Conoco's new premium gasoline by special arrangement with Shell Oil Company, he said.

TCP, the trademark for this special chemical compound, was originally developed to prevent spark plug failure in giant Air Force B-36 bombers and was later adapted to automotive fuels, said Kennedy. He explained that TCP accomplisheses its results in two ways.

First, it neutralizes spark plug deposits that cause short-circuiting and misfiring. Second, it changes chemically the deposits in combustion chambers that cause "wildping" and pre-ignition with resultant power loss. Both conditions are common in both new and old cars.

Ike Appoints New Luxembourg Minister

DENVER, Sept. 12—UP—Wiley T. Buchanan Jr., District of Columbia investment executive, Saturday was given a recess appointment by President Eisenhower to replace Mrs. Perle Mesta as minister to Luxembourg.

Mrs. Mesta, named to her post by ex-President Truman, resigned her post during the late spring and recently returned to this country from a tour of Russia.

Buchanan, a 39-year-old native of Grand Saline, Tex., worked for a number of government economic agencies during World War II, but left the government in 1945 to go in the capital investment business, particularly in real estate and oil.

He is the secretary of the Verdurin Corp. of Detroit.

Sanskrit is the language of the ancient Hindus, no longer spoken and understood only by Brahmins. Among the oldest of Sanskrit writings are the Vedas, which are believed to be as old as 2000 B.C.

1 Card of Thanks 1

BEYOND LIFE'S GATEWAY
There's an open gate at the end of the road
Through which each must go alone
And there in a light we cannot see
Our Father claims His own
Beyond the gate your loved one
Finds happiness and rest
And there is comfort in the thought
That a loving God knows best.

Mrs. Cecil Virginia Patton

Words cannot express our deep appreciation for the many loving and kind expressions of sympathy shown us at the death of our beloved wife, mother, sister and grandmother. To those who brought food, sent messages and for the many beautiful floral offerings. Especially do we thank the VFW ladies Auxilary and the Crusaders class of the First Methodist Church who prepared and served meals, Rev. Tom Johnston for his comforting message and the choir of First Methodist Church. To Duenkel-Carmichael Funeral Chapel. May God bless each of you who gave us comfort in our sorrow.

J. M. Patton and Mary
Mr. & Mrs. Otto Patton and Ronal
Mr. & Mrs. F. S. Stafford and John
Mr. & Mrs. H. F. McDonald and Linda Joyce
Mr. & Mrs. Vernon Stuckey, Patricia and Shuyler
Mr. & Mrs. Ray Jones and Sherry
Mr. & Mrs. Kenneth Michael, Lou Ann and Johnny
The brothers and sisters.
