County Marks Preference In General Election Tues.

Collingsworth voters will ballot in the general election Tuesday, Nov. 7, but in only three of the races has much interest developed here—U.S. senator, governor and state representative for the 66th

district.

For the first time, voters will be faced with a posted list of declared write-in candidates, whose names are not printed on the ballot, but for whom votes may be cast.

Texas voters will also seek to alter their venerable constitution with 9 proposed amendments. The first to be listed is the tax relief amendment, and again, this is the proposal in which

Collingsworth people are most concerned. This amendment is not numbered.

There are spaces for four political parties, in this order: Democratic, Republican, Raza Unida, and Socialist Worker. The remaining space is for the write-in candidates.

There will be 8 voting boxes and the polls will be open from 7:00 a.m. to 7:00 p.m.

Locations of the boxes are: No. 1, Wellington High School; No. 2, Dodson American Legion Hall; No. 3, Superintendent's office, county court house; No. 4, Lutie Gin office; No. 5, Samnorwood School; No. 7, Community Building; No. 8, Quail School; No. 9, Wellington Elementary School.

Both major candidates for U.S. Senator, Democrat Robert (Bob) Krueger, and Republican John Tower have visited Wellington. Krueger has been here twice.

Jack Hightower, seeking re-election as Representative from the 13th district, has had little active opposition, but he usually stops in Wellington when he is in this part of his district.

John Hill, Democratic candidate for governor, has

County-Wide Beef-O-Rama Slated for Homemakers

The Collingsworth Beef-O-Rama, aimed directly at the homemaker who wants to put good beef on her table and still have money in her purse, will be held Thursday, November 9, under sponsorship of the Extension Service and the Wellington State Bank.

Starting at 1:30 p.m. and continuing as long as the audience wants to go on, the session will be in the club room of Bura Handley Community Center.

Dr. Ted Montgomery, head of the animal science department of West Texas State University, will present the program.

In this, he will demonstrate how cheaper cuts of meat can be utilized, and how they should be cut up for best

results.

Dr. Montgomery will buy the cuts of meat he uses in one or more Wellington grocery stores. Most of these will be off the chuck.

"This will be locally bought meat, out of retail cuts just like the housewife will buy in the store," Extension Agent Don Reeves emphasized.

Although the Beef-O-Rama is designed for the homemaker, it is open to everyone who wants to eat better red meat at less cost, he added.

Dr. Montgomery will show his audience how to cut good steaks from the cheaper cuts which they may not realize are there.

He will discuss different cooking methods for these

cheaper cuts of beef.

Assisting him with the program will be Extension Agents Reeves and Jean Chandler.

Dr. Montgomery is nationally known in the field of meat science, in which he received his doctorate from Texas Tech University.

He holds bachelors and masters degrees from New Mexico State University, Las Cruces, and Tech.

He came to West Texas State University about four years ago.

Dr. Montgomery has presented papers at National Institutes and meetings and has worked with other universities and the U.S. Department of Agriculture on meat research projects.

Samnorwood Opens Play Nov. 10

Samnorwood Eagles and Eagletts open their 1978-79 season Friday, Nov. 10, at Hedley. Samnorwood will compete in a new district this year, 4-B along with Allison, Briscoe, Mobeetie, Quail, and Wheeler.

The Eagletts agree that "It will be a whole new ballgame" for this season, the first time, they will play according to boys rules.

"We have two returning starters, Kim Peebles, a junior and Sally Kincannon, a sophomore," said Coach Kenneth Martindale.

There are no seniors on this year's team, and the one

freshman is Rose Barker.

One other girl is working out with the team, Norma Alfaro, a junior who moved with her parents to Samnorwood. She will be ineligible to play varsity ball this year.

"We are looking for a good year, but with just six girls we will have to stay away from sickness or injury," Martindale said.

In meeting the Hedley Owls, the Samnorwood boys are opening against a team that went to the regional finals last year.

"They should return a very strong team this year," Coach Dale Morris pointed out.

The Eagles, however, are returning several starters and regulars from a team that finished second to Hedley in district play last year.

These returning starters are Mike Bentley, senior, 5'11", post-forward, who averaged 8.9 points per game last year; Randy Breeding, senior, 6'0", post-forward, 8.4 points; and Lowry Schaub, senior, 5'8", guard-forward, and high point player last season, with an average of 11.7 points per game.

The returning regulars are three sophomores: Russell Schaub, 5'8", post-forward, average of 5 points; J.D. Ray,

5'7", guard, two points; and Lynn Tate, 5'4", guard, one point.

Letterman who are back are three forwards: Rex Paschall, junior, 5'9", Mark Wischaemper, junior 5'8", Dwayne Myers, 5'9", a sophomore.

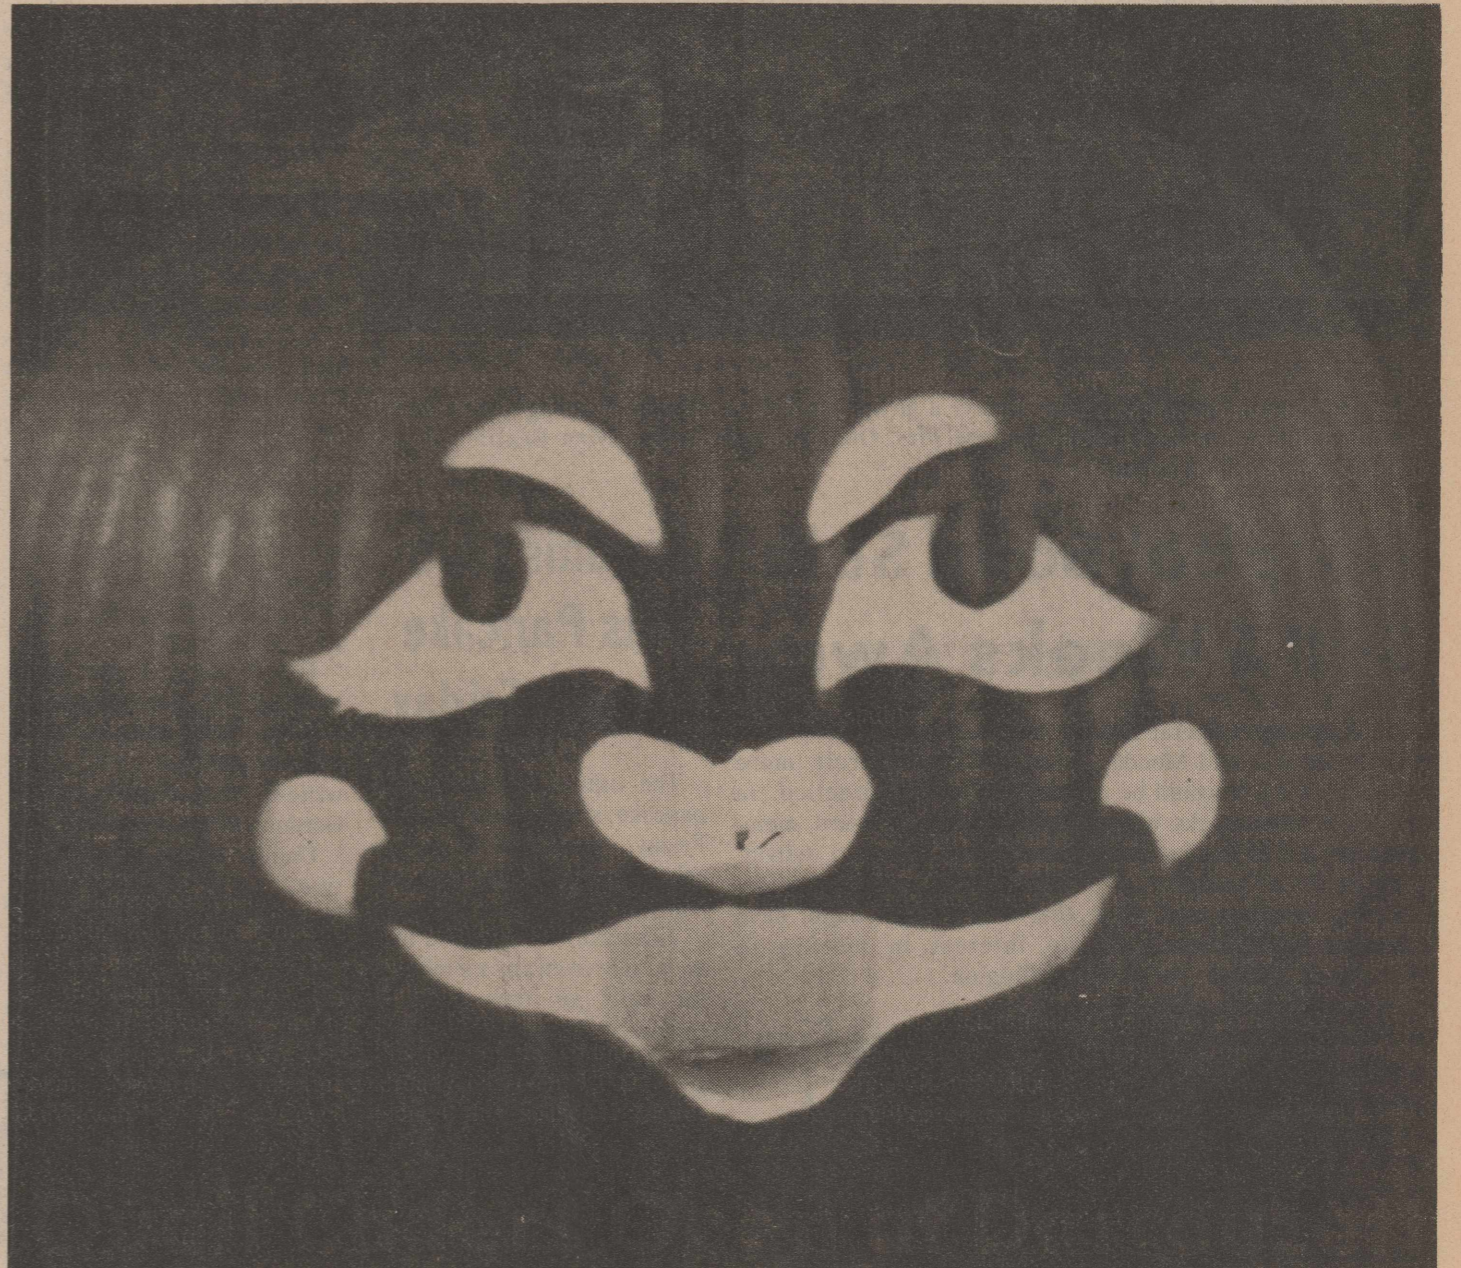

Coach Morris has five freshmen players: Arturo Alfaro, 5'6"; John Blevins, 5'6"; Frank Kneeland, 5'8"; and Steve Knoll, 5'10".

The Eagles have one other boy working out with them who will be ineligible this year. Alberto Alfaro is a sophomore who moved here this year with his family from Estelline.

A LITTLE HELP FROM MY FRIENDS

Rockets Return Home Friday

Two teams, undefeated in district play, will meet head-on at Powell Field Friday, November 3, as the Skyrockets host Clarendon Bronchos.

It will have been four weeks since the Rockets last played on their home field.

"After three weeks on the road, we're looking forward to a home game, and we are also looking forward to meeting Clarendon," said Coach

James Williams.

Also undefeated is the Memphis Cyclone, which Clarendon has to meet next week. At that time, Wellington will play White Deer here.

Clarendon comes in with three highly rated backs. Halfback Billy Gardner is one of the better running backs in this part of the country, who already has over 1,000 yards gained this season. In the

Oct. 20 shutout over Shamrock, 21-0 Gardner electrified the crowd with a 90 yard touchdown run on the Bronchos second possession of the ball. A little later he came in for 51 yards and another TD and he had a 25-yard TD called back. On these three plays, he gained more yardage (166) than the Irish could make the entire game (153).

Gary McClellan, who is capable at either quarterback

or halfback positions, picked up over 200 yards in the Shamrock game rounding out this trio is Lynn Thompson, also a quarterback, a fine runner, but who was injured in the Shamrock game.

"Their type of ball playing is to pitch the ball out, get on the outside and run," Williams points out. "We'll try to stop their running

Quail Cagers Open at Darrouzett

Quail Quails and Bobwhites open their season Saturday, November 4, when they participate in the games sponsored during the Darrouzett basketball clinic.

They will meet Darrouzett boys and girls in the last two games Saturday night, said Coach Tommy Thornhill. Other schools participating in the clinic will be Hedley and Adrain.

Quail and Samnorwood are playing this year in a newly-aligned District 4-B which includes Wheeler, one of the strongest Class B schools in the Panhandle, Mobeetie, Briscoe and Allison.

Hedley, champion of last year's District 4-B, has moved into a district that has among other schools, Lefors and Groom, said Coach Thornhill.

Wheeler is expected to be the strongest team in boys play, and close behind are Norwood, which had second place standing last year, and Quail, which ranked third.

Wheeler's early season cage strength will depend somewhat on when that school's football season ends. The Mustangs were last year's Class B state champions and they are expected to go that

far again. The Darrouzett Clinic will open Saturday morning with area coaches lecturing on different phases of basketball. Among these will be Troy Lemley, at Hedley last year, now at Phillips.

Last year, Quail boys won their first game off Darrouzett and this was the only game the

Hospital Bond Sale Still 5 Weeks Away

Collingsworth General Hospital Board was told Monday, October 30 that it would be at least five more weeks before bonds passed in an election on October 17 can be sold.

Acting administrator Anne Langford told the board that the Texas Health Facilities Commission must grant the hospital an exemption from a certificate of need before the bonds can be sold. And that exemption must be published in the Texas Register. The process will take about six weeks from the time the commission received notification last week that the hospital bond election had passed.

In other action the board unanimously voted to fire Sandy Parsons, Jr. as consulting pharmacist to the hospital and authorized the acting administrator to hire a replacement. Several board members said they felt that since Parsons, who has retired from full-time pharmacy work, is out of town for several weeks at a time, the hospital would be better served by a pharmacist who will be in Wellington more often.

The board also gave its approval to recall more bad debts from the collection agency and file for payment in small claims court.

The board did not review any applications for administrator and did not set any date on which they might review applicants for the slot which has been vacant since Charles Floyd resigned August 15.

The board also discussed the need to recruit more physicians to practice in Wellington and board members said they would individually contact several doctors that they thought might have an interest in moving to Wellington.

Volunteer Fire Department Receives Check

The Wellington Volunteer Fire Department received a check for \$75.00 recently from Texas Farm Bureau Insurance Companies as an expression of thanks for the Department's work on the property of Teddy Martin of Wellington.

A pickup owned by Martin caught fire as he was driving it.

The money will be used for their loss prevention program. The Texas Farm Bureau Insurance Companies pay volunteer fire departments this amount when the department works at a fire in rural areas, involving property insured by them.

The Insurance Company believes volunteer fire departments have contributed to reduce the amount of loss involved by fire and more important, to prevent fires. It is their hope this money will help the Wellington Volunteer Fire Department in their program.

Kiwanis Club Sets Pancake Supper Friday

The annual Kiwanis Club pancake supper will be held Friday, November 3, in the school cafeteria. Serving hours will be from 5:00 to 7:00 p.m. Tickets are on sale and may be bought from any member of the club, or they may be purchased at the door. Children's tickets are \$2.00 each and those for adults \$2.50.

Besides pancakes, the supper will include bacon or sausage, coffee, tea or milk.

This precedes the Wellington-Clarendon football game, and President Don Reeves pointed out that this will be a festive beginning for one of the major games of the year. It will also be a fine opportunity for those from out of town coming to the game to have a good supper before attending.

All proceeds from the pancake supper will go to the Kiwanis Club youth projects.

Texas consumes 8.5 billion gallons of gasoline a year, ranking second behind California.

game," he added.

This is another of the Rockets "must games" if they are to stay in contention for the 2-A championship, Williams emphasizes.

We thought it would be like this (Wellington, Clarendon, and Memphis tied for top place) at the start of the season, and we'll be ready to play Friday night," he added.

The Skyrocket's James Thomas was injured in the Shamrock game Friday, Oct. 27, and on Monday he was not at full speed.

"It is still questionable if he will play this week, Coach Williams said.

"If Thomas is out, it will take some of our offense punch," Williams declared.

high plainsmen lost all season, Thornhill recalls.

This year's Quails have 6 returning lettermen, three were starters in 1977 are: Ron Alston, a junior, and Ricky Needham, senior, each 6' tall, and 6'2" senior Mike Guthrie. The other lettermen are Eric Hall, junior; Gene Caldwell and Otis Farris, sophomores.

Backing up these are 5 freshmen: Randy Langley, Refugio Sanchez, Joe Sanchez, Benny Sanchez, and Shane Farris.

Six letter players are returning to the Bobwhites, Thornhill said: Donna Langley, and LeAnn Marcum, seniors; Kristy Barton and Beverly Patterson, juniors; Kay Guthrie and Paula Needham, sophomores. Rounding out the roster are six freshmen: Pam Sullivan, Carla Arthur, Monica Foster, Robbie Guthrie, Linda Ken-

nedy and Kim Morgan.

Again this year, Quail teams, along with junior high, will do all their home practicing on an outdoor court. All games will be played on their opponent's courts.

After the Darroulette clinic doubleheader, Quail boys will travel to Estelline on Tuesday, November 7, and on the following Tuesday, Nov. 14 both boys and girls will play at Lefors.

Tarver to Receive National FFA Award

Mark Tarver of Samnorwood will be one of the Texas FFA students to receive a Santa Fe Educational Award at the National FFA convention Wednesday, Nov. 8.

These will be awarded by the Santa Fe Railway Co. at the Raidsson-Muehlback Hotel in Kansas City, Missouri, following the dinner honoring the recipients.

He and the chapter advisor, Jimmy Brown, will attend from Samnorwood.

Tarver is also a member from Texas who will assist with the usher responsibilities at the National convention. The son of Mr. and Mrs. Gary Tarver, he graduated from

Samnorwood high school in May.

Tarver and Brown will leave Monday, Nov. 6, and return the following Saturday, Nov. 11.

The convention will feature the national level on many of the FFA contests, there will be a national agricultural career show, and leadership training programs. National degrees and awards will be given.

President of National Future Farmers of America is J. Ken Johnson of Nacogdoches. As State FFA president, he visited Samnorwood and other chapters in the county. Approximately 20,000 youths and guests are due at the convention.

Younger Teams Play Thursday At Clarendon

The Skyrocket Junior Varsity, Firecrackers and Seventh Grade football teams will meet Clarendon there Thursday, Nov. 2.

JV Coach Robert Hicks is expecting a hard-fought game. "They beat us 20-0 here and they will be real tough at their place," he said, noting that two backs are especially fast.

The firecrackers defeated Clarendon 8th grade 42-0 in the first round of games, played here.

"I feel we will win this game, but I'm sure it won't be by as large a score," predicted Coach Jim Yarnell.

Seventh graders also won their game, 20-8 the first time around and Coach Jimmy Chappell believes they can win again.

"We hope for a sweep there," Yarnell added.

Daves Buys Florist Shop

Carroll Daves has repurchased Carroll's Flowers from Randy Phillips, who moved to Amarillo. He will continue its operation as Carroll's.

Daves owned the business for a number of months, then sold it in order to devote full time to other enterprises.

He will now devote full time to the business, assisted by his daughter, Carol Ann Daves.

Associated with them will be Larry Pribble, while Corky Bowen will serve in an advisory capacity. She formerly owned a florist business here.

Daves and Miss Daves are presently commuting to night classes at Amarillo College for courses in flower shop operation. This is a continuation of work he began when he owned the shop earlier.

Daves said that he has a complete new stock with more

shipments arriving daily, including material for Christmas arrangements.

He said he plans to reopen the green house, which was a part of the business under the ownership of Mrs. J.M. Strong. He will offer bedding plants, both vegetables and flowers. He is also handling potting soil and pots for plants along with insecticides and other gardening items. Nursery and landscaping departments are also planned, he said.

Already being planned is the shop's big Christmas open house and formal opening.

Mr. and Mrs. James N. Posey of Bethany, Oklahoma and Mrs. Delbert Long, Birmingham, Alabama visited over the weekend with their parents, Mr. and Mrs. Robert Posey.

Mrs. George Jones Home from Dallas

Mrs. G.L. Jones has returned from two weeks in Dallas with her sister Mrs. Lydabel Dannenberg, who has been seriously ill, but is

improved. Another sister, Mrs. Juliette Riddle of Aaron, Sacramento, California flew in to join them. While there she

also visited Mrs. George Aaron. All are former Wellington residents.

Former Countians Buy Cafe

New owners of City Cafe on the east side of the square are a former Wellington woman and her husband, Mr. and Mrs. Perry Dungan, who came here from Altus, Okla.

They opened the cafe Wednesday, Nov. 1, and will serve breakfast and buffet lunch from 6:00 a.m. to 2:00 p.m., Monday through Friday.

They bought the business from Carroll Daves.

Mrs. Dungan will be remembered as Virginia Bruce, daughter of the Rev. and Mrs. Bill Bruce, who moved from their farm several miles northeast of town when she was about 12 years old. They lived at Blair a number of years. She is a niece of Mrs. Raymond Ward.

Mr. and Mrs. Dungan have operated the Sundown Motel in Altus 7 years, and he also was a Jackson County deputy sheriff.

Prior to that, he was with

the Public Service Company of Oklahoma 18 years, and the family lived at Lawton, Okla., his home town, and Anadarko, Okla.

In Altus, she was a member of bowling leagues, but for the most part, she said their operating the motel was a full-time job.

The Dungans are Southern Baptists and plan to become active in First Baptist Church.

They have two children, Reggie Dungan of Chickasha, and Mrs. Gene (Pat) Thurman of Cordell. There are 6 grandchildren.

Mrs. Dungan has never broken her ties with Wellington, and over the years, the couple returned to visit frequently and to attend the Bruce Family reunions, hosted by the Raymond Wards and their children.

"This is still kind of like home," says Virginia Dungan. Perry Dungan is impressed with the friendliness of Wellington and its surroundings area, although their time here so far has been spent in getting City Cafe ready to open.

The earliest known Chinese wallpaper, dating from the mid-16th century, wasn't used to cover walls, but was presented by merchants to their foreign customers.

Firecrackers Lose 28-0

"We just flat did not play very good ball. It wasn't one of our better efforts," said Junior High Coach Jim Yarnell of his 8th grade Firecrackers 28-0 loss to Shamrock Thursday, Oct. 26.

The game was at Powell Field.

The Firecrackers were still in the ball game at halftime, trailing only 8-0. They had moved the ball well, getting to the four yard line once and to the 8 yard line another time. These were their deepest penetrations.

Wilkins Couple Go To Temple

Mr. and Mrs. Alton Wilkins, both patients in Collingsworth General Hospital, were released Tuesday, Oct. 31, to go to Temple, where a daughter lives.

County Gets \$137.18 Tax Rebate

The office of State Comptroller Bob Bullock has rebated to Collingsworth County \$137.18 as its part in the mixed drink remittances mailed recently. This is for the third quarter of the year.

The county paid \$914.52 taxes for the July-September quarter.

Checks totaling \$4.8 million were mailed to 345 Texas cities and 205 counties as their share of the tax. The balance, \$11.8 million, has been deposited in the State General Revenue Fund, Bullock said.

Proposed Amendments Pros and Cons

Texasans will vote on nine proposed constitutional amendments in the general election on November 7.

Below is a continuation of a series of "pro" and "con" arguments on each of the proposed constitutional amendments. The arguments were prepared by the Texas Legislative Council which is composed of 5 senators, 10 state representatives, the speaker of the house and the lieutenant governor.

Listed below are the arguments on amendments seven and eight.

AMENDMENT NO. 7—S.J.R. NO. 48

[Amending the Texas Constitution to abolish the State Building Commission and the State Building Fund]

For: The State Building Commission exists now in name only. The commission's records, property, and personnel have been transferred to the State Board of Control. The Board of Control performs the functions

previously performed by the commission and spends the money appropriated by the legislature from the State Building Fund.

The responsibility for remodeling or constructing state buildings should be established by statute, not by the constitution. A statute can be more easily amended to cope with changing circumstances.

Against: It is important that the state maintain sufficient office space. Therefore, the money remaining in the State Building Fund should be used for the purpose for which it was originally intended, to remodel or construct state buildings. If Article III, Section 51-b is repealed before the building fund is depleted, it is possible that a future legislature, by law, could divert the money from this purpose.

Abolition of the State Building Commission and a statutory transfer of its functions to the State Board of Control consolidates too much power in one state agency. The commission should continue as the state agency with responsibility for remodeling or constructing state buildings, and the legislature should not try to circumvent Article III, Section 51-b, by statutorily transferring this responsibility to another agency.

AMENDMENT NO. 8—H.J.R. NO. 42

[Amending Article III, Section 52, and Article XVI, Section 59, of the Texas Constitution to authorize water districts to engage in fire-fighting activities and to issue bonds and lend their credit for fire-fighting purposes]

For: The unavailability of adequate fire protection in some heavily populated areas of the state poses a serious threat to the health and safety of many Texas residents. Water districts that have been created in these areas should be authorized to establish fire protection programs and to spend district funds to finance these programs.

Against: As a result of insufficient fire-fighting defenses in some of the unincorporated areas of the state, insurance rates are excessively high. Water districts should be authorized to provide and finance fire protection programs so that residents and property owners within these areas will not be required to pay such high premiums for fire insurance protection.

With the availability of volunteer fire departments and other means of fire protection, residents of water districts should not be required to assume the additional financial burden of financing a fire protection program operated or contracted for by the district.

The expansion of the purposes and functions of water districts to include the provision of fire protection would require the unnecessary use of facilities and funds which should be devoted to the primary purposes of the districts to conserve and develop local and state water resources.

A beaver can swim underwater for one-half mile (0.8 kilometers) and hold its breath for fifteen minutes.

Mount Everest is exactly 29,000 feet high. Surveyors worried the public would consider this an estimated, so they falsely reported the height at 29,002 feet.

MR. AND MRS. HUGH LEE SIMMONS, GREGG AND SARAH

Home of Former Resident Designated as "Historic"

A former Wellington girl, Mrs. Hugh Lee Simmons, and her family are living in the first architect built home in Canyon, which recently was designated an Historic Site by the Texas Historical Survey Commission, and an official marker was placed on the grounds.

Known as the L.T. Lester Home, for its first owner, it is also the house in which the meeting was held to form an organization to bring West Texas State Normal College, now University, to Canyon. It is one of the few examples of Queen Anne style Victorian architecture left in the Texas Panhandle.

Mr. and Mrs. Simmons bought the house in 1976, and live there with their children, Gregg and Sarah. The former Vickie Allen, she is the daughter of Mr. and Mrs. Charles Allen, now of Canyon, and the granddaughter of Mr. and Mrs. P.E. Starr.

Doing most of the work themselves, the couple is restoring the interior of the 77 year-old Lester house to much of its original beauty. They have completed the downstairs section.

Construction began in 1901 on the two-story house designed and built by O.G. Roquemore, and architect. The Canyon newspaper, The Stayer, noted in its October 24, 1901 issue: "Mr. L.T. Lester's elegant new residence is rapidly assuming the shape it will be when completed."

It can be assumed the house was finished before December 31, 1903, when a New Year's Eve party was held, according to the same newspaper.

Mr. Lester traveled to

Kansas City, Mo. to buy the marble lavatories and the four mirrored mantels, each different in design.

The house plan is asymmetrical, although there is a central stairhall downstairs. Ceilings are 12 feet high (the standard ceiling now is 8 feet) and sliding wooden doors ten feet tall between the two front parlours, library and dining room, give a feeling of spaciousness. All the rooms are large. Transoms were built over the doors and cornices over all the windows and doors downstairs. The original hand-grained woodwork remains in the two front parlours. Original brass light fixtures with frosted or stained shades still extend from the ceilings of four downstairs rooms.

Besides these rooms, there were two additional bedrooms, kitchen, two bathrooms and enclosed back porch down stairs and four bedrooms up stairs.

Several pieces of furniture belonging to the Lester family remain in the home.

Lester bought the land for the house in 1898. He had come to Canyon in 1889 and in 1900 established the first bank in the town. Earlier he helped to organize Crosby and Hale Counties. According to typical Queen Anne style, the house has a two-story turret with rose-stained rounded windows which give an unusual shape to the south parlour and up-stairs bedroom, known as the tower room.

A large veranda wraps around the south and east sides of the house with steps for entry on both sides. Gingerbread and carved brackets adorn the porch.

Several of the gables were originally decorated with sunbursts of hammered tin. The original weather vane is still atop the turret but other lightning rods and iron work have been removed. A stained glass window in the north parlour can be seen on the east side of the house and dining room bay windows protrude to the north.

Mr. and Mrs. Lester were active in civic and religious and social life of Canyon, and many meetings relating to these were held in their home, which remained in their family until 1939.

The activities of Hugh and Vickie Simmons are contemporary in scope, but the love and care they give their historic home is no less than that of the original owners.

Excelsior Club Continues Study of Great Artists

The Excelsior Club is continuing its study of great artists into the current year.

Miss Bonnie Willis was hostess Thursday evening, October 19, in the directors room of Greenbelt Electric Co-operative, Inc. She also directed the program on Van Dongen, called the "last patriarch of Fauvism."

"Swept along by a singular appetite of sensual pleasure, van Dongen had roared in concert with the rest of the Fauves, and after that, far from seeking serenity as most of them did, he had, on the contrary, allowed himself to burst forth with violence," said the speaker.

"Having set out as a very young man from his native Holland for the conquest of Paris, he rapidly became—helped along by his success—the most Parisian of painters incontestably triumphant during the "mad years" between World Wars I and II."

And all Paris celebrated

with him a success that endured over many years, in spite of events of the time and changes in fashion.

The art world asked: Who really lived behind the cynical and mocking person it pleased van Dongen to incarnate? And finally, "What significance does his work merit and how can the report between the artist who created the work and his time be defined?"

The remainder of Miss Willis talk answered these questions as she followed the evolution of the painter dispensing with many legends surrounding him, and thereby, showing much of the epoch he represented.

Miss Dorothy Robertson, president, directed the business meeting.

Afterward, a dessert plate was served to Mrs. Lowell Wells, Miss Hattie D. Wells, Mrs. Robert Barjenbruch, Miss Rose Shadid, Miss Marie Shadid, Mrs. Russell Yates, Miss Robertson and the hostess, Miss Willis.

Home Demonstration Members At Rural Homemakers Day

Collingsworth County Home Demonstration Club members and agent attended Rural Homemakers day, Oct. 19, 1978 at the Villa Inn in Amarillo, Texas.

Rural Homemakers day is an annual event sponsored by the Womens Division of the Amarillo Chamber of Commerce.

Carlene Burk, President of Womens Division, Amarillo Chamber of Commerce, welcomed the guest and introduced the first guest speaker, Mrs. Wanda Wilson, makeup consultant, Colberts. Mrs.

Wilson presented an informal program on makeup.

Rural Homemakers day ended with a noon luncheon and a fashion show. "Intimate Expressions". The members of the womens division of the chamber modeled the latest in evening wear.

Those attending the event were: Mrs. Cecil Masten, Mrs. T.C. Fike, Mrs. Carthel Lewis, Mrs. J.B. Killian, Mrs. R.H. Hill, Mrs. A.V. Lowrie, Mrs. Robert Barjenbruch, Mrs. Edna Bradley, Mrs. Jack Lowry, and county agent Miss Jean Chandler.

Esther Circle Meets Oct. 20

The Esther Circle met Friday, Oct. 20th in the home of Mrs. Cecil Masten at 10 a.m.

Mrs. Robert Karnes was the leader and presented the program. She related the life of the greatest missionary, Paul. The book of Acts was used to trace the life of Paul

from the time he was known as Saul, the persecutor of Christians, to his conversion and change of name to Paul. His ministry for the Lord, his trials and imprisonment, life as a missionary, and final days were given in a very interesting narrative.

Mrs. Earl Alexander gave a commentary on Paul's 14 Books of the Bible, and closed with prayer.

Mrs. Cal Hurst presented the business in the absence of Mrs. Robert Lewis. Mrs. Masten read a very nostalgic article from "The Methodist."

Mrs. John Holton gave the treasurer's report and 1979

pledges were discussed. Present were: Mrs. Rufus Jones, Mrs. Karnes, Mrs. Alexander, Mrs. W.E. Brewster, Mrs. Holton, Mrs. L.W. Wells, Mrs. S.L. Lindsey, Mrs. Hurst, and the hostess, Mrs. Masten.

SAMNORWOOD ROYALTY

Reigning over Cinderella's Ball were three Samnorwood School Kings and Queens, chosen at the annual Halloween Carnival. At left are the junior high king and queen, Tony Carter and Crystal Breeding; King Dwayne Myers and Queen Jona Stages, sophomores, chosen from High School; and the elementary king and queen, Mike Macina and Becky Barton, who represented the fourth, fifth and sixth grades.

History of Humanist Manifesto Traced by DAR Guest Speaker

Using as her theme, "Building for our future in education with Truth as our weapon," Mrs. James E. Brandon of Amarillo was the guest speaker when La Paisana Chapter, National Society of Daughters of the American Revolution, met Monday evening, October 23.

Mrs. Frank Fourmentin was the hostess at Cherokee Inn Restaurant and Mrs. J.D. Coleman introduced the speaker.

Mrs. Brandon, area coordinator for the Association of the W's, told the group that divine work decrees that man is the head of the household, the woman is the helpmate, and the family is for training and guiding of children.

Calling on her background in both education and politics, she traced the struggle between those who support the doctrine of the Humanist Manifesto of 1933 and Humanist Manifesto II of 1975, which deny a creative God, and those who defend the traditional value of the home, school and church.

Mrs. Brandon declared that extension of time for passage of the Equal Rights Amendment is a violation of the Constitution. Should the amendment be passed, women would lose their present protective laws, DAR members were told. No longer would

Pledges were discussed.

Present were: Mrs. Rufus Jones, Mrs. Karnes, Mrs. Alexander, Mrs. W.E. Brewster, Mrs. Holton, Mrs. L.W. Wells, Mrs. S.L. Lindsey, Mrs. Hurst, and the hostess, Mrs. Masten.

their rights be determined by laws, but instead by judicial interpretation.

ERA, she declared, is part of the plan to destroy the family and increase the spread of socialism.

Mrs. Brnadon discussed "Declaration of the Rights of the Child," passed as a resolution by the United Nations, and followed in 1975 by International Women's Year, International Women's Decade (1976-1986) and finally the International Year of the Child, to be in 1979.

This latter has been approved by President Carter in an executive order, to be carried out by a 25-member commission chaired by Mrs. Andrew Yound, continued Mrs. Brandon.

She spoke of what might happen should the federal

government be allowed to take children in their most formative years and place them under control of humanist educators who admittedly seek to change their values.

Mrs. Brandon, who has served her church as superintendent of the younger children's division, as a counselling teacher, family life representative, nursery home visitor and member of the board of education. She is a former deputy district committeewoman for the Republican party of the 13th Congressional District.

Present for La Paisana Chapter meetings were Mrs. H.H. Bowen, Miss Maudie Coffee, Mrs. J.D. Coleman, Mrs. Boyd Derryberry, Mrs. Frank Fourmentin, Mrs. Bura Handley, Mrs. Jenny Holcomb, Mrs. Bill Long, Miss Hattie D. Wells, and guests, Mrs. Dan Ritter and Mrs. Brandon of Amarillo, and Mrs. Bob Weatherly.

Council Girl Scouts Attend "Lost in the Wilderness"

BY MRS. EARL L. BARTLETT

All Girl Scouts in the Quivera Council who were in the fourth, fifth, sixth, and seventh grades were invited to attend the "Council Wide Game" at Camp Mel Davis near Lefors on Saturday, October 21. Every Wide Game has a story or theme skills taught and reviewed along the "trail." This year the Wide Game was "Lost in the Wilderness."

Two Wellington groups attended, Troop 228 of fourth graders, and the Junior Girl Scout Troop.

The story they acted out was of a group of settlers heading west to settle at Camptown in the Texas Panhandle.

As they traveled, the girls practiced skills that will lead to badges on advancements. When a broken wagon wheel and spooked horses left them afoot, they used a compass to move on. Instruction in lashing a table, clothesline and tripod came when they set up camp.

Taken hostage by Indians, they practiced first aid on the chief's son and were released.

From a trapper, they learned to sharpen knives and hatchets, and practiced whittling and chopping wood. Upon reaching camptown, they found a big celebration underway.

In the afternoon, Deputy Sheriff Jerry Settle arrived to teach archery.

The two Wellington troops set up camp near the lodge. The girls gathered the wood, prepared their firehole and firing, assisted in preparing the sanitation areas. Troop 228 set up the two brand new tents that were purchased for

the Wellington Neighborhood jointly by the City State Bank and the Wellington State Bank.

The large roomy tents can accommodate eight people. The girls helped to prepare camp and then began supper preparations.

That evening the two Wellington troops and the one from Borger gathered around a large campfire for friendship, visiting, songs and fun.

At the closing of the evening a "Scouts' Own" was held. This a quiet type of ceremony with a theme which was "Friendship in the Wilderness." The girls and leaders plan it themselves.

Meeting another troop and holding a Scouts' Own completed two of the nine requirements of the "Sign of the Arrow." The camping experience helped to complete one requirement under the "Sign of the Star."

After roasting marshmallows the campers retired for the evening. The campers broke camp on Sunday morning after breakfast and returned to Wellington.

Attending from Troop 228 were Penny Wilkins, Robi Mabery, Jodi Blacksher, Kaylynn Bartlett, Leigh Ann Barton, Heather Hendrix, Shannon Hill, Cristie Keller, Angela Watts, and Mrs. Tom Wilkins, Mrs. Earl L. Bartlett, Mrs. Don Hendrix, and Mr. and Mrs. Ron Hill.

Present from the Junior Girl Scout Troop were Marcia

Ferguson, Nicole Keller, Gwendy Kerlee, Dristy Settle, Karen Mote, Lesa White, Carla Caison, Rhonda Heisler, Freinde Perez, and visitors, Jonny and Shannon Settle. Accompanying them were Mrs. Jerry Settle, leader, Mr. Settle, Mr. and Mrs. Ralph Ferguson and Mrs. Billy Kerlee.

Belles Lettres Meets Oct. 17

Mrs. J.A. Graham was hostess to Belles Lettres Club members in her home Tuesday, October 17.

Mrs. Charles Cason, Sr., was the program speaker, giving a Biblical story based on the theme of "Love." Games of 42 were played afterward.

Belles Lettres opened its club year with a luncheon Tuesday, October 3, in the Heritage Room. Hostesses for that meeting were Mrs. Alexander and Mrs. Bryan Denley, members of the yearbook committee.

Present for the October 17 meeting were Mrs. Alexander, Mrs. Cason, Mrs. A.B. Clark, Mrs. Denley, Mrs. W.F. Harbin, Mrs. F.A. Hatch, Mrs. Hightower, Mrs. Joe Thompson, Mrs. F.L. White and the hostess, Mrs. Graham.

UNITED STATES SENATOR

Our choice for U.S. Senator is Bob Krueger. Although Krueger and his Republican opponent, 17-year veteran John Tower, have been scrambling over each other lately to look the most conservative, Krueger's voting record shows him to be "conservative" in some areas and "liberal" in others and we think the choices he's made reflect the best interest of Texas. For example, he co-sponsored the flexible parity bill which many people outside Texas would say is a "liberal" solution to the farm program mess. It also would have benefitted almost all Collingsworth County farmers. And a couple of years ago Krueger was the man who started Congress seriously talking about natural gas deregulation. Government deregulation has been a "conservative" cause for a long time. Krueger is not an overwhelming personality, but on both of his visits to Wellington during the campaign he seemed to us to be a thoughtful man who, as his campaign literature taunts, would be a "voice, not just a vote" for Texas. And that, we think, is the most persuasive argument against John Tower. For all of his seniority Tower has not given Texas the representation it was accustomed to during the Lyndon Johnson/Sam Rayburn era. Krueger won't be that kind of a spokesman either, but times have changed and we doubt that a Johnson/Rayburn personality would be as effective in Washington today. Krueger's cooler style and learned approach are better suited to influence events in today's Washington.

GOVERNOR

John Hill should be elected Texas next Governor on Tuesday. Hill's record as attorney general is one of the best Texas has had in many years. And as attorney general his office has been open and responsive to the average citizen. We think he will continue to be interested in the individual citizen when he sits in the governor's chair.

One interesting thing about this race and the Krueger/Tower race is that they have drawn many Tory Democrats out of the party woodwork and placed them squarely in the Republican ranks where they always belonged. We think this is good for both parties and for the state, and we are glad to see some active competition between the parties.

With endorsements from John Connally and company, Republican Bill Clements represents a breed of Texas politician different from traditional Democratic party pols. That's fine. But when he talks about cutting state spending we seriously doubt that the interests of the Dallas and Houston industrialists are what he has in mind cutting. We think rural Collingsworth County's interests would rate a poor second.

We think John Hill's door will be open, and we expect to have a friend in the Governor's Mansion for the next four years.

ATTORNEY GENERAL

Congratulations to Mark White for the funniest television campaign ad of the current crop. In this incarnation crimefighter White talks to us from a jail cell about putting criminals behind bars and in the finale triumphantly slams the locker on crime in Texas.

But we plan to forgive White and vote for him anyhow. As secretary of state he streamlined the office and gave improved service to local election officials. And we think he will carry this organizational ability into the attorney general's office. And frankly, Republican Jim Baker hasn't shown us any real reason he'd be better in the office.

STATE REPRESENTATIVE

We like Democrat Foster Whaley as our area's next representative in Austin. Whaley's record as a county agent and businessman shows us that he knows how to get things done, both in the private sector and in government. Representing our people before the Austin bureaucrats is a big part of what we expect out of a representative, and Whaley has the ability to get in and scramble.

Choosing Whaley over Floydada businessman and Republican Bill Hale adds to Whaley's stature, because Hale would be a good man to have in Austin, Too.

Hale, who entered the race as a concerned citizen who had never been involved in state politics before, has waged a good campaign and we're glad to see some competition in this area.

However, a good chunk of Hale's campaign money came from downstate Republicans and we don't think that is good. We realize Republicans must spend more to try to get their message across to a heavily Democratic area, but Austin lobby money never comes with "no strings attached." And while we know Bill Hale is an honest and sincere individual, we think this is a factor that has to be considered.

Finally, with a Republican state senator and a Republican state representative, our area would have little input into the Democratic machine that runs Austin. We would like to see the two-party system flourish in Texas, but Republicans need to turn some downstate urban heads before a rural area such as ours decides to go it alone. We think that leaves us with Whaley as the only logical choice.

CONSTITUTIONAL AMENDMENTS

The "Tax Relief" amendment won't relieve most Collingsworth County voters nearly as much as a couple of fresh Alka-Seltzers, but we plan to vote for it anyway. It's at least a step toward less rather than more state spending.

As for the other eight amendments to the Texas Constitution, we have found nothing in them that seems to harm Collingsworth County interests, and some might help in the future, so we plan to vote for all eight. —Henry Wells

LETTERS from the People

October 26, 1978
Dear Editor:

This letter is in response to Pat O'Hair's statement before the County School Board. It is unfortunate that vandalism by a few young people overshadows all of the good things that were happening at the same time. For your information at approximately the same time many young men and women were competing for—and winning—District, Regional, and State championships in athletics, one-act plays, shorthand, typing, speech, and band.

In the past few years, Wellington High School has had a lot of positive publicity in area newspapers, T.V., and radio because of the dedication, determination, and maturity of its football team and student body. (We have not been on Hotline once.)

It is your right to speak your mind. Many men in six wars have died so you may; but please, Sir, do not make careless statements about young folks whom you do not know. School Boards, Administrators, and teachers have the forum to defend themselves—young people do not!

STATE CAPITAL HIGHLIGHTS

By Lyndell Williams

TEXAS PRESS ASSOCIATION

AUSTIN—The State Coordinating Board for Colleges and Universities says Texas institutions of higher education must slow their expansion and emphasize quality.

In a 142-page report, the board said no more new public colleges or universities should be established, and that some existing programs are due a critical look.

"Substantial support will have to be maintained and perhaps even increased for colleges and universities already in operation . . . if high quality is to be sustained . . ." the report stated.

The study concluded: Enrollment increased less than one per cent in both public and private institutions last year and will in-

crease only 16.9 per cent in the next 10 years.

Student expenses at public colleges increased from \$1,972 five years ago to \$2,829 today.

State funds going to higher education increased 354 per cent—from \$676 million to \$2.8 billion in a decade.

The board further recommended that the Permanent University Fund and the state property tax should be used for renovating and reconstructing buildings. The funds are now available for new construction only. The University of Texas at Austin and Texas A&M University at College Station are now sole beneficiaries from the PUF. Seventeen state colleges benefit from the ad valorem tax.

Save \$48

The tax relief constitutional amendment on the November 7 ballot would save the average homeowner about \$48 a year in property taxes, according to Texas Research League.

The League estimated savings would vary from \$10 to \$75 annually, because of the exemption on the first \$5,000 of homestead values from school taxes.

According to the League, 15 per cent of homes would be exempted from paying

any school tax, and in 50 districts 90 per cent of homes would be exempt.

Net result: a \$104 million reduction in school taxes.

The legislature also allowed the legislature to provide an additional \$10,000 exemption to disabled homeowners and those over 65, which amounts to another \$16 million a year reduction. And new tax breaks for agricultural land would cost 589 districts about \$48 million while 353 would gain \$15 million a year.

Grant Offered

Texas Air Control Board was offered a \$2 million federal grant to work up a new state plan to control pollution.

The grant would come from the Environmental Protection Agency and amounts to nearly a quarter of the total board budget.

It is linked this year to the required "state implementation plan," which must be developed by January 1, and a transportation control program.

JACK HIGHTOWER

An independent Congressman in the tradition of Texas leadership

Jack Hightower promised the voters of the 13th District when they sent him to Congress four years ago that he would represent all of them fairly and honestly. He promised to provide an independent voice in Washington. He promised to work full-time at the job. HE HAS KEPT THOSE PROMISES.

Here is what those who know Jack Hightower's record say about his effectiveness:

"... in two terms Hightower has established himself as a member of the Agriculture Committee and the Government Operations Committee whose voice must be reckoned with in arriving at solutions to two of the nations' most pressing domestic issues — problems confronting today's farmer, and inflation..."

Amarillo Daily News, May 1, 1978

"... Jack Hightower from Texas is one of the newer class and, in fact, Bob Poague and I like to think he's the kind of refreshing leader of the newer members coming to Washington in a recent session or so, and Jack is a former state senator and has been a tremendously effective lawmaker..."

Congressman Charles Thone of Nebraska

"... Hightower is serious about his business in Washington. He is just as serious about trying to maintain a normal lifestyle in a city where normal is often viewed as abnormal..."

Jim Craig, Houston Post, October 8, 1978

"... I want you to know that we as farmers are truly grateful to have a representative in Washington who does such a fine job of telling our story... thank you for all that you have done for America's farmers..."

Mrs. Georgia Holt, Spearman, Texas

"... I want to express our thanks for your hard work to benefit Texas wheat farmers in the House Committee on agriculture... I know that some of your votes and stands on the issues took real courage for a Democrat, and I want you to know how much I personally appreciate them..."

Winston Wilson, Farmer, Quanah, Texas

"... Hightower has shown a willingness to listen to the needs of his constituents and the ability to legislate on their behalf..."

Amarillo Daily News, May 1, 1978

"... Almost everyone on the Hill knows about Jack Hightower... the Congressman who votes his conscience, represents his district by organic instinct, but is capable of rising above parochial considerations when national interests are at stake. The same qualities that made him an influential state senator for 10 years — scrupulous honesty and an appetite for hard work — have served him well in Washington, but these alone do not explain the high regard in which he is held. In a town overpopulated by small people with large egos, it is a relief to find one for whom the reverse is true..."

Texas Monthly, May, 1976

That's the kind of Congressman Jack Hightower has been since he took his oath in January, 1975. It's why he has earned the respect of his colleagues and the confidence of people throughout this district... from both political parties. Jack Hightower, Democrat, has earned another term. Vote November 7.

Paid Pol. Adv. by Hightower for Congress Committee, Wilson Friberg, Treasurer, Box 1973, Vernon, Texas 76384.

One Injured, One Charged In Accident

Manuel Matthues, 38, of Oberland, La. injured in a two-car collision at Greasy Corner, was released from St. Anthony's Hospital, Amarillo Friday, October 27, to be transferred to a Louisiana hospital.

Matthues received broken ribs, a broken jaw, broken collarbone and punctured lung when his northbound pickup was struck by a car driven by Floyd Edward Lewis of Wheeler, traveling south which officers said crossed the centerline of Highway 83. The accident occurred about 3:30 a.m. Tuesday, October 24. Matthues was first taken to Shamrock General Hospital then transferred to Amarillo, where he was placed in intensive care.

Later Tuesday, Lewis pled guilty in justice court to charges of driving to the left of center and having no drivers license. He was fined \$23.50 fine and costs on the first charge and \$25.50 on the second, by Mrs. Beatrice McKinney, justice of the peace.

A third charge, driving while intoxicated, will be heard in County Court. Lewis was released on \$500 bond, Chief Deputy Jerry Settle said. Mrs. Matthues told Settle by phone that her husband was on a hunting trip en route to Casper, Wyoming, when the accident occurred. He was traveling alone.

Highway Patrolman Herb Duncan and Deputy Byron Bell investigated the accident. Sheriff's deputies said Lewis had to be told which town he was in and did not remember the accident when he was taken to justice court.

Student Holiday Slated Friday

Collingsworth County students, along with all others in the Panhandle, will have a holiday Friday, Nov. 3, as teachers attend the annual meeting of Dist. XVI, Texas State Teachers Association, in Amarillo.

The announcement was made by Dale Morris, Samnorwood, president of the county TSTA unit.

Sessions for officers and delegates begin Thursday evening. General sessions will be Friday.

Most newspapers pick Hill over Clements

"John Hill may be the best candidate for governor in decades. Judging from his record, he should win easily over his Republican opponent, whose chief qualification is money. Unlike his opponent, Hill is not given to outrageous promises, intemperate personal attack or underhanded tactics. He will work hard for the best interests of the state and its people."

— Austin American Statesman

"The more Mr. Clements has explained his blunt viewpoints — even those views we could agree with — the more he has raised doubt as to how effective a bulldozer could be in Texas government. Conversely, John Hill has grown in our evaluation as a man who not only is the best state attorney general in recent history, but also is a man with the intelligence, savvy and ability to serve Texas well as governor."

— Abilene Reporter-News

"We believe Hill will bring vitality and leadership to state government. Hill is not an advocate of big government. Nor is he a free spender. He has pledged that no new taxes will be levied if he is elected. His anti-inflation program is the kind of fiscal conservatism Texans can accept gleefully."

Rocket JV Loses 28-14

What promised to be a Skyrocket JV run-away stalled at the end of the first quarter, and Shamrock Junior Varsity went home from Powell Field with a 28-14 victory tucked under their arms.

Wellington scored twice in the first period, then let the game get away. Shamrock made a touchdown and

conversion and Wellington led 14-8 at halftime.

Shamrock continued to move the ball during the second half, however the Rocket JV couldn't execute offensively and defensively their play dropped off, too.

"I'm real disappointed they didn't get after it," was Coach Robert Hicks only comment.

Missionary Speaks at Dodson, Wellington

The Rev. Gary Bunch, missionary to Portugal, will be the guest speaker at the Wellington Nazarene Church Sunday, Nov. 5, at 11:00 a.m., and at the Dodson Nazarene Church that same day at 7:00 p.m.

The services will include slides in message form, preaching and curios for display, said the Rev. J.D. Hinson, pastor at Wellington.

The Rev. and Mrs. Bunch, with their children, Mark and Rhonda, are on their first furlough since going to Portugal in 1974 and are making their home in Oklahoma. Additionally, they are holding services across the United States and Canada.

Rev. and Mrs. Bunch were appointed missionaries to Mozambique and were sent to Portugal for language study. When Mozambique was closed to missionaries, they remained in Portugal, where he serves as a minister of music, field director and teacher in Sunday School and of CST classes.

He is a graduate of Pasadena College and studied three years at Nazarene Theological Seminary in Mis-

There is no way I could have effectively campaigned for State Representative without the valuable and indispensable help of my wife, who has been with me all the way--doing the typing, driving, door to door campaigning and the hundreds of chores connected with a "shoe leather" campaign. She will also be with me in Austin helping me serve the 66th Legislative District. Lois and I have turned down and returned hundreds of dollars of unsolicited campaign funds from the Austin and down state special interest groups. We are proud of our children, and want to set a proper example for them. We want no shadows cast on a reputation it takes a lifetime to build. We've tried hard to meet every citizen possible in this big 10-county district during this campaign. We are sorry if we missed you but hope to meet you in the near future.

Skyrockets Crush Shamrock, 43-0

"We'll, you've got to admit their band is good" said a dejected Shamrock fan after That Skyrocket Band's half-time performance. And you had to admit the football team hadn't done a bad job either with a 36 to 0 lead at the half.

Wellington's Skyrockets went on to play everyone almost everywhere in the second half to post a 43-0 win over the Shamrock Irish Friday, October 27 at Shamrock.

It was the Rockets second win in two district games.

It didn't take long to tell which way things were going to go last Friday.

Carl Taylor's opening kickoff sent the ball bounding towards the line, and incredibly no Shamrock man covered the live ball as it went into the end zone. Meanwhile Tim Anderson hustled down the right sideline and pounced for a touchdown. The scoreboard clock (which doesn't begin to run until the receiving team touches the kickoff) still read 12:00 and the Skyrockets were ahead 6-0.

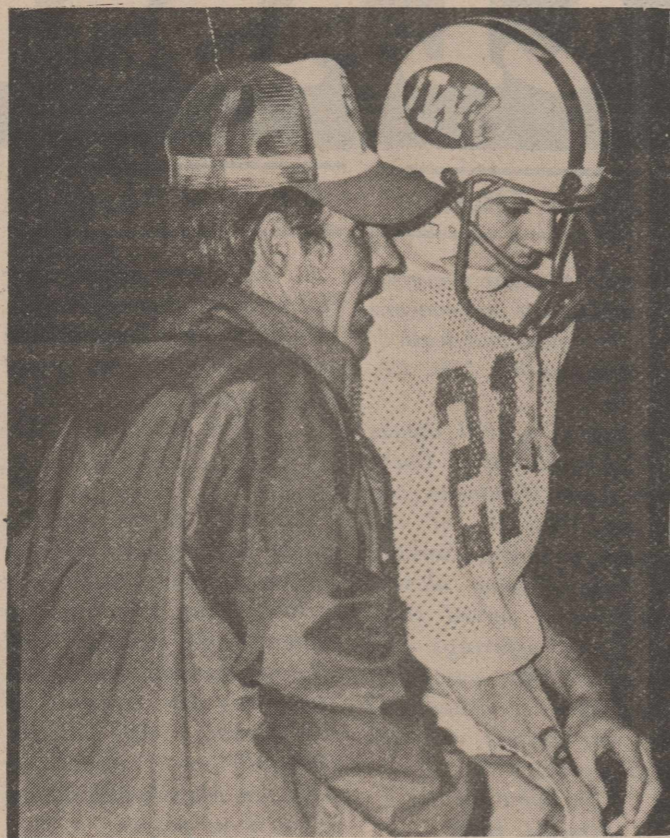

Ricky Jones carried over left side for two extra points.

After a Shamrock punt, on the Rockets first offensive down, Taylor found a hole in the defense and took off for a 70-yard touchdown run. Erminio Nevarez kick made it 15-0 with 10:22 remaining in the first quarter.

On last down in the first quarter James Thomas found running room (behind the Rocket offensive line which totally dominated the Shamrock defenders all evening) and took off for a 78-yard touchdown run. On the extra-point try Taylor found all his receivers covered and took the ball in himself for two that left the Rockets with a 23-0 lead.

Charles McIntosh partially blocked Shamrock's next punt to set up Wellington at midfield. On first down quarterback Taylor's receivers were covered and it looked as if he'd be dropped by a 10-yard loss. But he shook off the would-be tacklers and hauled the ball 28 yards to put the Rockets on the Irish 22.

From the 11, James Thomas dashed in untouched by the Irish to make it 29-0. Nevarez

kick failed.

It was a game where a little bit of everything happened.

Joe Saldana handled the kickoff chores this time, and the ball, instead of heading downfield, sailed straight up. In the resulting confusion Stacy Urban recovered the ball for the Rockets amidst the Shamrock linemen on the Irish 44 yard line.

The Rockets next drive was keyed by a 25-yard passing play from Carl Taylor to Robert Powell. Then from the 24 yard line Taylor hit David Baumgardner right on the numbers for a touchdown. Nevarez kick made it 36-0 before halftime.

Robert Powell grabbed Shamrock's halftime kickoff at the 16 yard line, broke out of the pack at midfield and outran the rest of the defenders for his second

kickoff return touchdown of the season. Nevarez kick put the Rockets ahead 43-0.

In the third quarter Kevin Hall tipped a Shamrock pass and Robert Chambers intercepted it and took off like the wind. And in the fourth quarter Jon Sessions hauled in the Rockets' second interception of the night. And on Shamrock's final possession Alvin Pennon recovered a Shamrock fumble to close out the game.

Mrs. Bartlett Visits California

Mrs. Georgia Bartlett recently visited her sister and brother-in-law, Mr. and Mrs. Marin Santoni, in Fresno, California.

They went sightseeing in the Coltersville, which is one of the oldest mining towns in California, then on to Lake Tahoe and Reno, Nevada. Mrs. Bartlett said the fall foliage was beautiful.

They also toured the valley near Fresno and saw the huge cotton fields and vineyards.

John Hill is attacking State Budget waste . . .

"I've already started my search for waste in the state budget. I want to be ready to tackle overspending the minute I take office as Governor in January. My budget office already is paring down big state agency budget requests, to keep spending within available revenues. We'll have to live within our means, because I'll veto any new taxes."

Krueger Will Get The Job Done For Texas.

Let's look at the record:

Tower

- Strongly supports the Texas Right to Work law.
- Has served 17 long years without one single piece of major legislation called "The John Tower Bill."
- Voted for his own 29% pay raise (1977).
- Vote for bailing out New York City (1975).
- Voted to bankrupt our Social Security program (1977).
- Voted for the 1968 federal gun control bill.
- Voted against the extension of farm price supports (1973).
- Voted against \$20 billion cut in the federal budget (1978).

Krueger

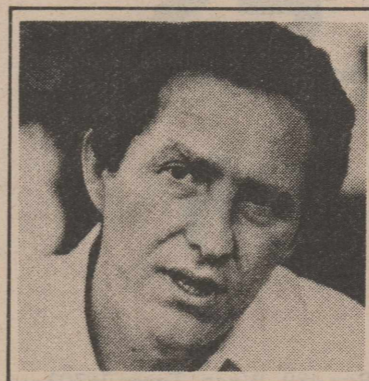

- Strongly supports the Texas Right to Work law.
- After only 3 years, Krueger authored the Krueger Gas Deregulation Bill and many other significant pieces of legislation; was voted the Most Effective Freshman Congressman.
- Voted against his own 29% pay raise (1977).
- Voted against bailing out New York City (1975).
- Voted to save our Social Security program (1978).
- Opposed federal gun control (1973-1978).
- Co-sponsored the Flexible Parity Act which would have led to 100% parity (1978).
- Voted for a \$20 billion cut in the federal budget; has co-sponsored a constitutional amendment to balance the federal budget (1978).

After 17 long years, it's time to return our Senate seat to a leader in the Texas tradition.

"Watchdog of the Treasury"

Recently the National Association of Businessmen gave its annual "Watchdog of the Treasury" award to Democrat Bob Krueger. Krueger was commended for his 85% record in cutting federal spending and his efforts to balance the federal budget.

Blood Pressure and Diabetes Clinic Set

A free blood pressure clinic and diabetes check will be sponsored by the Retired Senior Volunteer Program Wednesday, Nov. 8, at the Senior Citizens Center, 702 East Avenue.

Hours will be 9:00 a.m. to 12:00 noon and 1:00 to 5:00 p.m. Rita Anderson, R.N., with the state health care program, will be in charge of both the blood pressure and diabetes check.

In making the diabetes check, blood from the veins will be used rather than the finger prick, said Mrs. Mecca Manuel, RSVP director. This gives a more accurate finding.

It has been pointed out that several Wellington residents have discovered they have diabetes from visiting these clinics.

The new senior citizens mini-bus will be in operation to bring Wellington residents to the clinic, with volunteer drivers standing by through the day, said Mrs. Manuel.

"We'll be waiting for people to call and we'll pick you up and take you home," she added. The phone number 7-2935.

The blood pressure clinic is held each month on the second Wednesday. The diabetes check is held several times

GET OFF YOUR SEAT AND VOTE TUESDAY.

Study the candidates and vote in each race for the person you think will be best for agriculture and for rural America.

Take pride in your right to vote—it's a right that a very small percentage of the world's millions of people enjoy.

There are some good reasons to vote in each race, even if you aren't excited about any of the candidates. Here are a couple:

1. A larger vote means more influence on the policies of both parties. Delegates to state conventions are determined by the number of people who voted in the last election.

2. A larger vote means more influence with elected officials when our county needs help and cooperation from the state and federal governments.

Vote for the man of your choice, but be sure to vote on Tuesday.

MARKSMEN
Troopers Herb Duncan, left, and John James have won places on the pistol team for Sergeant District 5B, Texas Department of Public Safety. Out of a possible score of 300, James scored 299 and Duncan 293. On Tuesday, Nov. 7, they will compete with teams from the other 6 sergeant areas making up the Amarillo District. Other members of their team are Troopers Larry Dunhan of Darrrouzette, Harry Keyes of Pampa, and John Holland of McLean.

THOMAS NURSING CENTER NEWS
By Ilene Brinkley

Our game winner this week was Mrs. Mabel Graham.

Some of our volunteers at this time are ill. We wish them a speedy recovery. Other volunteers continue to assist.

Tuesday afternoon Sing A-Long was brought to us by Mrs. Robert Owens and Mrs. Ola Parker. We look forward to this each week.

Friday evening we enjoyed The Lighthouse Quartet.

Saturday evening was our Halloween and birthday party combined. Rev. and Mrs. Stanley Hughes and four young ladies from the First Baptist entertained.

Our birthday people were Mrs. A.Y. Bell who was 93, Mrs. Emma Lowe who was 91, Mrs. Edna Maxwell who was 96, and Frank Boss who was 90. Mrs. Rowena Thippen also had a birthday this month but she is away on a visit to her children.

Sunday morning Bible study was brought to us by Tom Anderson from the Church of Christ. Sunday afternoon Bible study was brought by Rev. Nathan Mulder from the Faith Baptist Church.

OUR VISITORS:
Visiting Mrs. Mattie Maddox was a nephew Brian Maddox from Amarillo.

Visiting Mrs. Bessie Hicks were Mr. and Mrs. Joe Hall, a daughter, from Olton, R.B. Ussleton, a brother, from Shamrock, and Mr. and Mrs. Wayne Henard, a nephew, from Ft. Worth.

Visiting Mrs. Ethel Christy was a son, George Christy, from Siminole.

Visiting Mrs. Sally Lancaster was a son J.C. Lancaster from Amarillo.
A daughter and son-in-law,

Mr. and Mrs. Clifford Niles of Brownfield, visited Mrs. Emma Jones.

Visiting A.M. Saunders were a daughter, Mrs. Sue Judd of Fritch, and a granddaughter, Pam Marsh of Denver, Colo.

Mr. and Mrs. Otis Roberson has as a visitor his brother, Loyd Roberson of Amarillo.

Friends from Wheeler visited Ira Passons. They were Mr. and Mrs. Gordon Whitner and Mr. and Mrs. John Dudley.

Visiting Earl Brown was his wife, Mrs. Madie Brown of Childress.

John Sullivan of Roswell, N.M. visited a friend, Mrs. Mabel Graham.

Mrs. Carrie Boykin of Childress visited her mother, Mrs. Catherine Bennett.

Guests of Mrs. Ruby Tenison were two nieces, Mrs. Jimmie Montgomery of Amarillo and Mrs. A.F. Wichkaemper of Lubbock.

Visiting Opal Reeves were a brother and sister-in-law, Mr. and Mrs. Boys Reeves of McLean.

Mrs. Ola Clements had as a visitor a friend, Mrs. Howard Riggs of Dallas.

Visiting Mrs. A.Y. Bell were her daughters and sons-in-law, Mr. and Mrs. Newton Crain of

Panhandle-Wide Learning Center Workshop Saturday

Panhandle area residents involved in day care centers and learning centers will gather in Wellington Saturday, November 4, for a day-long learning center workshop.

This will be at the Community Action Day Care Center, East Avenue at 7th Street, under sponsorship of Amarillo College Child Care and the Department of Human Resources. The hours will be 9:00 a.m. to 4:00 p.m. The workshop instructors

will be Eilen Lawrence and Michele Gilmour, both with Amarillo College.

Ms. Lawrence formerly taught in public school kindergartens, while Ms. Gilmour worked with the Office of Early Childhood Development in the Panhandle several years ago. "Both are highly qualified," said Mrs. Tess Burba, CAC director.

Seven categories will be discussed: "We have table for games," "But they've seen all

the musical toys," "We already do Art," "Why a Quiet Place--they're never quiet," "What can I put on a Science table?" "Our blocks are out," and "I don't have any fun Dress Up clothes."

Approximately 40 day care and learning center personnel will attend, coming from over the Panhandle. Each will receive 6 continuing education units from Amarillo College. There will be no fee for Title XX personnel and a \$2. for others.

Two Stolen Vehicles Found Here

Two stolen vehicles were recovered within two days here, found on opposite sides of the county.

A grain truck containing 75 bushels of grain, stolen at Perryton three weeks earlier, was discovered in a barn just south of the county line southeast of Wellington, Monday, October 23. The owner of the barn, who lives in Wellington, saw the truck and reported it to the sheriff's department, according to Chief Deputy Jerry Settle.

Tires had been removed from the right side and the

wheels were up on blocks. A 1977 Monza, stolen from the parking lot of Huddiburg Jones in Amarillo, was found abandoned a short distance from Quail Tuesday, October 24. The car was taken the night before, but due to computer failure in district offices of the Texas Department of Public Safety, officers

had to run a manual check on it, Settle said. Owner of the car had left it at Huddiburg Jones for repairs and the key was left in it, he added. The theft was discovered when the man called for his car. The only damage that could be determined here was a broken window.

Historical Commission Makes Gift to Museum

In a called meeting on Wednesday, October 25, the Collingsworth County Historical Survey Commission voted

to give \$1,300 of its funds to the Collingsworth County Museum, which the commission sponsored and brought into being.

This money had been carefully accumulated through the years by the commission.

It's original goal was the publication of a county history, but the group believed this was not possible at present. Neither was the placing of historical markers.

"The group agreed that they felt the money would be

more widely enjoyed and more wisely spent by continued support of the museum," said Mrs. Clyde Drake, co-chairman of the commission, who presided.

Mrs. Edd Henard, finance chairman, made the motion to make the gift to the museum and Mrs. Lynn Wright seconded the motion.

Commission members present were Mrs. Murray Dodson, Mrs. B.M. Sims, Mrs. Drake, Mrs. Wright, and Mrs. Henard.

Golf Cart House Near Completion

Construction is nearing completion on golf cart storage building at Wellington Country Club, according to Bob Goforth, president. Additionally, most of the work is finished on the club house.

The golf cart storage is a metal building 26 x 160 feet, and owners will begin moving their carts to the golf course within a few days. Most have hauled their carts to the country club each time they play golf.

With the storage completed, more players should be on the course regularly, Goforth said.

Canyon and Mrs. and Mrs. Ben Walker of Lubbock, along with a friend, Mrs. Ethelene Goodlow of Childress.
