Whoa, Now!

By Grady Lackey

There are those who would deny the very existence of a loving, personal God who is directly concerned and interested in even the lowly editor or farmer or businessman in a little community called Spur lying under the caprock in a sparsely populated section of the large state of Texas.

There are those who would deny the existence of a Supreme Being who causes rain to fall, the sun to shine, the grain of wheat to germinate and the beautiful pink cotton blossom to develop into a snowy tuft of ever-useful fibres.

There are those who would deny the existence of an everlasting God whose very heart is yearning for the praise of thanksgiving from those whom He created as the recipients of His multi-blessings.

However, one crisp fall day on the shore of New England there existed a group of people who knew this God, who knew He existed as a personal God, caring for the needs of individuals, of communities, of nations. Conscious of their dependence on His watch-care and conscious of His being the source of their blessings, they paused from their life's task of carving a nation from a wilderness and gave thanks to this God who, to them, was all-sufficient.

Today, amid this confused, complicated way of life, that same God exists as the same, care for the needs of His people the same, metes-out His blessings and His judgements with the same unerring wisdom. Today, that same God seeks and yearns for the prayers of thanksgiving from His people.

At this season may these who know God in this community seek His audience, acknowledge His supremacy, praise Him for His manifold blessings, and above all, seek His guidance in a time of the human race's greatest need.

A newly-wed youth recently told us that he didn't really mind getting in arguments with his newly-acquired mate because it was always so sweet when they made up.

Possibly that's kinda the way we all are about the blessings bestowed upon us from time to time. If there were never any droughts, could we properly appreciate the rain? If there were never any darkness, could we properly appreciate the sunshine?

If times were always good, crops never failed and we continued lavishly in a society of abundance, isn't it highly possible that we would soon reach self-destruction by eliminating our mutual responsibilities to our community and to our fellow man? Even more seriously, mightn't we possibly claim a continued prosperity as being of our own making, denying the existence of God?

In spite of the theories, philosophies, isms, and 'ites existing all day, He remains the Giver of all good and perfect gifts and it remains solely in His power to regulate, adjust, control, and even remove these gifts as He sees fit.

At this Thanksgiving season, let us thank Him for His blessings and seek His will instead of complaining to Him about how things are and telling Him how we personally think things ought to be.

Why is it fathers laugh in glee

And spank them if they see a sign
Of such behavior when they're rine.

Between 30 and 40,000 legal deer normally are harvested in Texas yearly. They furnish lots of good meat provided proper attention is given to saving it. This care starts with the kill and is not completed until the meat is used, either fresh or preserved for later use.

Beef cattle on brush cleared pasture at the Spur Experiment Station this year produced 53 per cent greater gain than did those on brushy pastures.

The program, which was given by the F. F. A. Chapter of Spur, was begun with the introduction of the Chapter Sweetheart, Barbara Sharp. The F. F. A. Harmonizers, which consisted of Wayne Bishop, Don Steel, and Clifford Kizer, performed next with the singing of "Jambalayo", "I'm Casting My Lasso," and the playing of Boogie Woogie on guitars by Wayne and Don.

"THE LUSTY MEN", NOVEL ACTION DRAMA, COMES TO PALACE THEATRE

Rodeos, roundups and wild west attraction, plus the personal romances of their performers in their dangerous methods of earning livelihoods, are vividly dramatized in "The Lusty Men," current Wald-Krasna Production for the screen.

Susan Hayward, Robert Mitchum and Arthur Kennedy head the imposing cast of this unusual film story, told against the always-absorbing background of the western United States. Arthur Hunnicutt the surprise star of "The Big Sky" shares top billing, and Frank Faylen is in feature support.

"The Lusty Men" is largely the story of three people, involved in a highly emotional situation. Their problems, and those of other characters who live in an atmosphere of outdoor showmanship, stimulates the plot. For dynamic action and atmosphere, exciting rodeo events are pictured.

Mitchum portrays a has-been rodeo star. He meets a young cow boy, Kenneth, and his young wife, Miss Hayward. Mitchum is induced to groom Kennedy for a headlined career on the rodeo circuits, as a relief from his own wasted life. But when Kennedy, in the flush of success, yields to the lure of drink and extra-marital romance, Mitchum has to shock him into reform by a heroic rivalry.

Containing exciting riding scenes, "The Lusty Men" was filmed partially at the famed Pendleton, Tucson, Livermore, Cheyenne and Spokane rodeos. Some of the top real life performers are shown in action.

Plans Completed For Donkey Show

Fun loving sports fans are promised a field day of hilarious entertainment when the Ralph Godfrey Donkeys from Crescent, Okla., come to town on Dec. 8.

A big program has been arranged and in addition to the main event, "Donkey Basketball," a preliminary stunt, known as a "Hobby Donkey Derby," and a trick mule act between quarters will be presented to round out a full evening of fun for old and young.

Sponsor of the show is the FFA of Spur and the scene of enactment will be the Spur High gym. Curtain time for the first event is 7 p. m.

The FFA boys will participate in both the races and the basketball game.

Proceeding the final period of the game the manager of the donkey company will present an act by an educated donkey, or mule, that, we are told, is worth the price of admission and demonstrates what these little animals can be taught to do.

Admission prices will be 50c for adults and 25c for students. Advance ticket sales started Nov. 24. The show is being sponsored by the Spur FFA Chapter in order to raise funds for their chapter activities. According to their contract with the manager, the sponsors receive ten per cent more on all tickets sold in advance, so local folks are urged to buy tickets for the entire family before the night of the game and thus increase the profit to the local club.

One observer added that the type rain and the season of the year will cause the moisture to be twice as beneficial as a mid-summer shower.

Along with the rain came a crisp spell of winter which was predicted to bring the season's low early Wednesday morning.

Last Thursday morning a low of 26 degrees was recorded at the station with low readings for this week's Monday and Tuesday being 32 degrees respectively. Late Tuesday night the high for that day was 44 degrees.

The Battle of the Bird

Time was when preparing Thanksgiving dinner was a real struggle. And preparing it was nothing compared to the clean-up job that came after!

But today grandmother, or mother, can actually take time to enjoy herself — because so much of the work (including the after-dinner work) will be done for her by electrical kitchen appliances and by her wonderful electric servant, Reddy Kilowatt. He works for mere chicken feed, too!

He will refrigerate the turkey a whole day — for about 2¢.

He'll roast the turkey — for less than 10¢.

He'll run the dishwasher for a full load of dishes — for less than 1¢.

And he will wash and iron the tablecloth and napkins — for about 2¢.

Wonderful, isn't it? As a matter of fact, electric appliances will win the "cooking battle" every time... and remember your electric service is still the biggest bargain in your budget today!

Miss Wallace, Bruce Wed In Ceremony

In a candle lighted ceremony at the Baptist Church in McAdoo Saturday, November 15, at 7 p. m., Miss Mary June Wallace, daughter of Mr. and Mrs. C. T. Wallace, became the bride of James A. Bruce, son of Mr. and Mrs. J. A. Bruce of Petersburg. Lighted tapers in candelabra at the end of the pews guided the wedding party to the altar, flanked by huge white chrysanthemums with fern and white tapers in candelabra in the background. Rev. Carl Coffey officiated at the double ring ceremony. The bride, given in marriage

by her father, wore a gown of white net with matching head-dress and veil. She carried an orchid showered with streamers on a white Bible.

Mrs. Bill Wilson was her sister's matron of honor; she wore a gown of green and a white chrysanthemum corsage.

Ben Lewis served the groom as best man.

Kenneth Wallace, brother of the bride, served as usher. Bill Wilson lighted the candles. Flower girl was Sarah Lou Bruce, sister of the groom.

Miss Marjorie Allen played the traditional wedding music.

The bride, a graduate of McAdoo high school, is employed by Southwestern Specialty Company. The groom, a graduate of Abernathy high school, attended Way-

land College in Plainview and Texas Tech and is employed by the Lubbock Avalanche Journal.

After a wedding trip to Ruidosa and other points in New Mexico, the couple will be at home at 2109 B. Emory, Lubbock.

Following the ceremony, a reception was held at the bride's home.

The bride's table was laid with a lace cloth. A three tiered cake

topped with a miniature bride and groom was the point of interest on the table.

Mrs. Ben Lewis assisted with serving.

Mrs. Edwin Bass registered guests from Wilson, Lubbock, Abernathy, Girard, Whiteface and McAdoo.

For a going away suit the bride chose a blue tweed with black accessories.

Mrs. Laudy Dane and family and Lynn McGaughy of Lubbock spent the week end with their parents, Mr. and Mrs. Sam Mc-Gaughy.

Mr. and Mrs. Robert Cherry and daughter, Robbie, of Lubbock visited over the week end with his parents, Mr. and Mrs. Bert Cherry.
