OIL, GAS CONSERVATION ACT UPHELD

OUR OIL SUPPLY!

It May Not Hold Up Under The Present Demands Of U. S.

Editor's Note:—What will America do when its oil supply nears exhaustion? In this, the second of a series of 12 articles, Rodney Dutcher, Washington correspondent for The Journal and NEA Service, discusses the effects of an oil famine and a few partial remedies.

BY RODNEY DUTCHER
(Copyright 1928, NEA Service, Inc.)
WASHINGTON, Feb. 22.—The recent vast overproduction of petroleum has maintained prices of oil and gasoline at their present levels.

When production is controlled, prices will go up. As it is, many small producers are forced to sell at less than cost. The wholesale price of gasoline is only two or three cents a gallon higher than it was 20 years ago. In 1920, a threatened shortage of crude oil in New York City to 31 cents.

Secretary of the Interior Hubert H. Work, chairman of the Federal Oil Conservation Board points out that some of the prices in the past have been 17 cents in 1907, 17 cents in 1913, 20 cents in 1926 and 19 cents in 1927.

Prices Will Skyrocket
Once it begins to appear that the oil supply is definitely giving out, the rate of increase over present prices—which are virtually pre-war—can only be imagined.

The present situation can be described as one of splendid isolation, says Dr. George O. Smith, head of the Geological Survey.

"Little thought is being given to future years. The consumer is getting low prices—so low as to threaten to put out of business the small high-cost producer whose output the nation can not afford to have stopped because of its future needs."

"Thus, the consumer, while now enjoying low prices, is in my opinion facing much higher prices. When those come, he will be forced to limit his consumption."

Sees Inevitable Shortage
Everyone in the oil business now admits that the over-supply of an expandable resource is the

COTTON GOODS USE BOOSTED

CONSUMPTION RAISED FROM 57 TO 64 YDS. PER CAPITA

(By Associated Press)
WASHINGTON, Feb. 22.—The per capita consumption of cotton cloth has increased from 57 to 64 square yards in the last 25 years, the department of agriculture has found in a survey of domestic mill requirements in grades and staples. This increase, the survey showed, was caused by the increased use of cotton in automobiles, rubber goods, wall coverings, awnings, leather substitutes and other relatively new articles, and was made despite the decrease in the amount required and the advancing competition of jute, rayon, silk and other textiles.

Type Samples Gathered
Type samples of cotton were gathered from 11,000,000 active spindles of the approximately 34,000,000 spindles in the United States, and the department's experts declared that all lengths consumed the strongest demand is for varieties 15-16 of an inch to 1-1 1/2 inches in length, and middling to strict middling in grade.

Below 7-8 of an inch consumption falls off rapidly, amounting to less than one per cent of the total, the report showed, advising growers of American to produce varieties at least one inch in length, in order that saleable lint could be produced even in favorable years.

FALL IS FATAL
TULSA, Okla., Feb. 22 (AP)—Shock from a fall in a bath tub a week ago caused the death today of John B. Mercer, 64, farmer and veteran of the civil war.

LOCAL MAN INJURED IN WRECK

AD CLARK HURT AT CROSBYTON IN AUTO SPILL

COTTON MAN SUFFERS HEAD INJURY WHEN CAR OVERTURNS

Ad Clark, local cotton man, received possible serious injuries today shortly before 12 o'clock when his car overturned on the Crosbyton-Lubbock highway several miles this side of Crosbyton, according to a message received here soon after noon by members of his family immediately after the accident.

The extent of his injuries or details of the accident were not learned at 2 o'clock this afternoon. The

VICTIM UNCONSCIOUS

Mr. Clark arrived at the Lubbock sanitarium in a Rix ambulance shortly after 3 o'clock, in an unconscious condition, but the extent of his injuries had not been determined pending thorough examination. His car, attended by a driver, was wrecked, plunged off a sixty foot embankment in the canyon breaks just east of Crosbyton when he lost control of the machine as a result of a blow-out in a tire.

A Rix ambulance left soon after noon for the accident scene and was being driven back to Lubbock.

Living Here 15 Years

He is a son of Mr. and Mrs. W. S. Clark, 2408 13th street, is married and has one child, and has been a resident of Lubbock for approximately 15 years. Recently he has been with a company in Dallas but has been back in Lubbock for some time.

He had gone to Crosbyton this morning on business, members of his family said, and it is presumed that the accident happened as he was returning to this city. No one was with him when the accident occurred, it was said.

Mrs. J. W. Jennings Dies Early Today

Word was received here today of the death this morning of Mrs. J. W. Jennings, of Terrell, former resident of this city.

She is a sister-in-law of Mrs. M. C. Overton and Leslie Jennings, of this city. Mr. Jennings was county agent here for several years and later in Randall county. Later they moved to Terrell for Mrs. Jennings' health. She had been ill for some time before her death.

Arizona Fund For Worm Fight Fixed

PHOENIX, Ariz., Feb. 22 (AP)—An emergency proclamation appropriating \$20,000 for the eradication and control of the pink boll worm in Arizona, particularly in the cotton growing section near Tucson, was issued yesterday by Governor Hunt. The action followed the visit to the governor of a delegation of cotton growers and business men, who urged that the state take steps to fight the menace.

The state horticultural board previously had advised Governor Hunt that immediate action was necessary to check the ravages and spread of the worm.

MONTH'S FINES \$539

A total of \$539 in fines has been collected by the police department during the first twenty days of February, the records of Police Judge J. T. Irwin showed today at noon. Up until that time nothing in the way of a violation had been recorded for today.

Negro Commander Raps Ban On Race

BOSTON, Feb. 22 (AP)—Brigadier General John H. Sherburne, war-time commander of negro artillery units in France, has resigned from the 40 and 8, honorary society of the American Legion, in protest, he said, against the clause in the national constitution of the organization which prohibited membership of negro veterans. General Sherburne announced his action here last night before a meeting of the Boston branch of the Association for the Advancement of Colored People. He declared he had not known of the restriction barring negroes when he was initiated in the 40 and 8.

GIANT JUBILEE IS PLANNED IN VIRGINIA CITY

GEORGE'S BIRTHDAY IS CELEBRATED: COOLIDGE IS PRESENT

(By the Associated Press)
WASHINGTON, Feb. 22.—Virginia, which gave George Washington to the nation, recalled her glorious past for President Coolidge today with a celebration at Alexandria of the first president's 160th birthday anniversary.

All of the commonwealth interest was centered in the little city on the Potomac in a demonstration designed as a forerunner of the country-wide observance of Washington's birthday to be celebrated four years hence under government auspices.

Flags Drape Streets

The clean shaded streets, along which the first president rode his way to church, were draped in flags and bunting for the occasion, and military and patriotic units sought places to parade past a reviewing stand for a salute from President Coolidge.

Practically all of Virginia's officials set Alexandria as their destination and dozens of those of the federal government closed their desks in Washington to hold a reception in honor of Mr. Coolidge in historic Carlyle house, where the convention which framed the constitution was conceived. With them were practically all members of the state legislature and other state officials.

Mayflower Ordered Out

Ordering out the Mayflower to sail down the Potomac in time to reach Alexandria shortly after luncheon, Mr. Coolidge invited for the trip Senators Swanson and Glass, Representative Moore, in whose district Alexandria lies, and former Representative Carlin, all of Virginia, as well as C. Bascom Fiehn, formerly private secretary to the president and resident of Virginia. Mrs. Coolidge decided to remain in Washington, fearful lest the cold from which she has been suffering would be aggravated by the trip.

Lindbergh Is Off On Mystery Jump

ST. LOUIS, Feb. 22 (AP)—Colonel Charles A. Lindbergh, with four passengers, left Lambert-St. Louis field in a Ryan monoplane at 10:12 a. m. today for an unrevealed destination. He headed northward over the St. Louis-Chicago air mail route. An unconfirmed report was that he planned to fly to Selfridge field, Detroit.

Man's Mother-in-Law Signs Ouster Plea

DALLAS, Feb. 22 (AP)—In checking a list of more than 8,000 signatures on petitions to recall the present city commission, the name of the mother-in-law of J. Barney Davis, finance commissioner, was found today. "I misunderstood," explained she, "I thought I was signing a protest against higher taxes."

HALF MILLION GIVEN IN ROAD WORK IN STATE

STATE HIGHWAY BOARD CLOSES ITS BUSIEST SESSION OF YEAR

(By the Associated Press)
AUSTIN, Feb. 22.—Closing a crowded three-day session, the state highway commission Wednesday awarded contracts to cost a total of \$516,698 for road work in three counties and promised four others unestimated aid allotments.

W. R. Ely, Abilene member of the commission, and R. S. Sterling, Houston, chairman, disagreed over policy when Mr. Sterling favored allowing Montgomery county 50 per cent state aid for a project Mr. Ely declared the policy during the present session is to require counties to pay all costs at present, to be later reimbursed by the state and said several West Texas counties were made to do so before obtaining allotments.

Motion Settles Matter

The matter finally was disposed of by a motion by Commissioner C. C. Johnson, Tyler, authorizing the county to go ahead with grading and drainage work on Highway No. 35 to pay only half the costs and with the understanding that on final completion of all units of the state will have paid two thirds of the total cost.

Allotments on nearly all cases, counties are to furnish funds now and will be given credit later by the state.

Carson's Project

Carson, one half state aid for grading and drainage structures on about 20 miles of No. 75 from Gray county line to near Conway. (The section is part of United States Highway No. 66.)

Aransas:—One half state aid for grading and drainage structures on No. 113 from Rockport to county line. (Formerly was granted only one third aid.)

The commission denied the request of an Amarillo delegation seeking designation of a short strip from No. 5 at Amarillo, to No. 33, at Amarillo to provide a route to divert heavy traffic from a crowded street. Chairman Sterling said such action would be a policy violation.

Contracts Awarded

L. L. Pearson Co., Corpus Christi, limestone base course on 9.7 miles of No. 12-A in Jim Wells county \$33,000.

Cocke and Turner, Marshall, hard course on 25 miles of No. 8 in Atascosa county, \$34,464.

Cage and Ruby, Blanco, grading and small drainage structures (Turn to Page 4, Column 6, Please)

Clergymen Hurt In Church Fuss

TEXARKANA, Ark., Feb. 22 (AP)—One clergyman is near death, while another is being held in jail following a street fight here last night, said to have been a result of a factional church dispute.

SINCLAIR AND AIDES APPEAL PRISON TERMS

OIL MAN GIVEN SIX MONTHS IN JAIL IN CONTEMPT CASE

(By the Associated Press)
WASHINGTON, Feb. 22.—Under jail sentences for contempt of court growing out of the Fall-Sinclair oil conspiracy trial, Harry F. Sinclair, his associate, Henry Mason Day, and William J. Burns, the detective, looked to the higher courts today for exoneration.

With Burns' son, W. Sherman Burns, who was fined \$1,000 for his part in shadowing the oil jury as active head of the detective agency, they filed notice of appeals last night shortly after Justice Frederick L. Siddons pronounced sentence in District of Columbia supreme court.

They were at liberty today upon their promise that the bond fixed would be supplied.

Sinclair Gets Six Months

Sinclair, the wealthy oil man who has been in one court or another for months since he leased Teapot Dome naval oil reserve, was sentenced to six months in jail. Day, who hired the Burns agency to shadow the jury in Sinclair's behalf, was sentenced to four months and the elder Burns received a fifteen-day term, although he had denied any connection with the shadowing.

Earlier in the hearing Justice Siddons had dismissed similar charges against Sheldon Clark, vice president of the Sinclair Refining company, and C. L. Veitch, head of the Burns Baltimore agency.

Sinclair now faces the prospect of serving nine months in the District of Columbia penitentiary. (Turn to Page 5, Column 1, Please)

FIRE IN LAUNDRY

Friction between rollers in the Lubbock Laundry company's plant, 1101-5 Avenue G, caused a small blaze this morning shortly after 10 o'clock. It was quickly extinguished with only a slight damage.

CONFESSIONS OF HICKMAN, HUNT TO BE ENTERED AS EVIDENCE BY STATE THURSDAY IN TRIAL OF TOMS CASE

(By Associated Press)
LOS ANGELES, Feb. 22.—The confessions of William Edward Hickman and Wesley Hunt, youthful pals in crime, to the slaying of C. Ivy Toms, will be entered by the state as evidence when their trial for the holdup murder is resumed tomorrow.

The confessions were made to county officers shortly after Hickman was returned here to await trial for the kidnapping and killing of Marian Parker, for which he was sentenced to hang in April.

Two state witnesses, who were in the Toms drug store during the fatal shooting, yesterday testified that Hickman probably was the one who fired the fatal shot in the case. The druggist's widow, Mrs. Ruth Toms, testified that Hickman did most of the shooting while Hunt covered her with his gun. She identified the defendants as the holdup men who came in wearing Santa Claus masks, and hunt as the one who lost his hat and mask in his hasty flight to escape the defending fire of Policeman James Oliver.

Holiday Taken In McMillan's Trial

LOS ANGELES, Feb. 22 (AP)—The holiday recess in the trial of Dr. Charles McMillan for the "sack murder" of wealthy Mrs. Amelia Appleby, today gave him a rest in preparation for his scheduled appearance on the witness stand in his own defense tomorrow.

The defendant's attorney stated (Turn to Page 4, Column 4, Please)

LUMBER FIRM'S SITE IS SOLD IN BIG DEAL HERE

LONG-BELL WILL MOVE AND NEW BUILDING TO BE STARTED

The possibility of another new substantial business building loomed for the Thirteenth Street retail section today as a result of the announcement late yesterday that the Long-Bell Lumber company's site, at 1111 13th, had been sold for \$50,000. The transfer was made to Ona E. Sears, local realty man, it was understood. It was learned that Mr. Sears is acting in the capacity of a third party, whose name was not divulged.

To Be Used For Building

The site will be used for a building, information regarding the size and nature of which could not be gained, but it was stated that construction would start as soon as the company would be able to move their plant from the lots. No information could be obtained from local officials of the lumber company regarding their new location.

The deal yesterday called for a cash payment of \$25,000. Following the payment, the remainder will be paid at intervals to the company. Several lots were included in the transfer.

Poll Taxes Total Over 8,500 Here

There will be potentially more than 8,500 votes cast in Lubbock county during the coming elections, a check-up on the poll tax receipts in the office of County Tax Collector L. F. Holland revealed today. The officials recently estimated the amount at 8,500 but the voting total will exceed that amount they said today.

A total of 7,447 poll taxes were paid, 5,718 of them being from the regular polls. One hundred and thirty under-age exemptions were allowed and officials estimated that fully 1,200 over-age voters will go to the polls this season.

The number of paid poll taxes have increased more than a thousand since 1925, the records show.

Masons Entertain Wives This Evening

Between two and three hundred Master Masons and their wives will gather at the Masonic hall tonight for a "Washington Day" program of the lodge. The affair is scheduled to begin at 7:30.

Court Stopped By Attorney's Illness

Due to the weakened condition of District Attorney Durwood H. Bradley resulting from several days' fight with flu, criminal proceedings in the 72nd district court here have been halted for the week, and the jury panel dismissed, it was announced today.

Lawrence Case Is Near Completion

DALLAS, Feb. 22 (AP)—Only three arguments remained to be heard here today shortly before noon, in the trial of John Lawrence, a former Mesquite Mayor, for the slaying of Jack Kimbell, Mesquite farmer.

It was expected these arguments would be completed late today, and the case given to the jury.

SHE WEDS HERO

MRS. HAROLD TITTMAN

Before Ambassador Myron T. Herrick and other notables, Miss Eleanor Barclay of San Antonio, became the bride of Harold Tittman, Jr., secretary to the American Embassy at Rome, in a beautiful wedding in Paris, Monday. Mr. Tittman was a flyer during the war and was shot down by an enemy airplane, losing a leg and suffering other injuries. The young couple left Paris immediately after the wedding for a honeymoon in Egypt.

LATE BULLETINS

(By Associated Press)

Brumby Called

WASHINGTON, Feb. 22.—Rear Admiral Frank H. Brumby, commander of the control force of the Atlantic fleet, is expected to be ordered tomorrow to return from Colon, Panama, to answer charges in connection with the submarine S-4 salvage operations before the reorganized naval court of inquiry.

Sentence Passed

FORT WORTH, Feb. 22.—Burton Christmas, president of the Christmas Oil corporation, today was sentenced to a year and a day in the federal prison at Leavenworth and assessed a fine of \$5,000 in connection with activities of his company. Sentence was passed after Christmas introduced testimony to show the circumstances surrounding his leasing and stock selling operations which resulted in his indictment by a federal grand jury. The defendant pleaded guilty last week.

Seek Identity

GALVESTON, Feb. 22.—Galveston police today were attempting to ascertain whether the white man whose body was found in the ship channel at Port Arthur Monday might be August Schmidt, Galveston's missing man, who has been missing since February 9.

Pro Law Victim

MUSKOGEE, Okla., Feb. 22.—O. G. Gunter died in a Paris, Texas, hospital last night from gun shot wounds he received while resisting arrest, by Joe Morgan and Henry Jackson, federal prohibition agents, Monday night in McCurtain county. It was learned here today. It was reported here that Gunter was carrying a quantity of liquor in a car when he was stopped by officers. Morgan recently was transferred to the Hugo territory from the Muskogee office.

Suit For Oil Land Title Filed Today

AUSTIN, Feb. 22 (AP)—Suit for title to an uncounted number of acres of north fork Red River bed oil land in Wheeler and Gray counties was filed Wednesday in district court by the attorney general's department for the state against 132 defendants, dozens of which are the major oil companies operating in Texas.

The state also seeks appointment of a surveyor to make a report and asks \$100,000 cash damages. It claims the river bed lands properly belong to the state because the river allegedly is navigable.

CITY LOSES IN APPEAL TAKEN ON INJUNCTION

LEGISLATURE'S RIGHT TO IMPOSE POWERS ON BODY APPROVED

(By the Associated Press)
AUSTIN, Feb. 22.—The constitutionality of the "oil and gas conservation act" of 1919 conferring power upon the state railroad commission to regulate gas rates was upheld Wednesday by the supreme court in the city of Denison's suit against the Municipal Gas company.

The ruling affirms the right of the legislature to impose upon the railroad commission powers other than named in the constitution and consequently has an important bearing on right of the railroad commission to regulate motor bus traffic under the new law. The legislature could abolish the railroad commission which was created by statute if desired, the court held in an opinion by Associate Justice William Pierson.

Appealed Injunction

The city of Denison appealed from the dissolution of an injunction it had obtained against operation of a monthly "ready to serve" rate authorized for the gas company by the railroad commission. The commission's powers were attacked, the plaintiffs claiming that the railroad commission as set forth in the constitution.

The judgment affirmed the action of the court of civil appeals at Dallas.

Ralls Woman Dies Here This Morning

Mrs. Will Marr, 49, of Ralls, died in a local sanitarium this morning at 3:30 following an illness resulting from an acute poisoning.

She is survived by her husband, four children, Frank Post, son of Haskell, Mrs. Trav Richards of Ralls, Miss Velma Marr of Ralls and Will Marr, Jr., of Galveston. Two brothers, Carl Lewis of Ralls, and Olin Lewis of Crosbyton and a sister, Mrs. May Goff, of Spur.

The family has been residents of Crosby county for some time. Funeral services will be held at the First Methodist church in Ralls this afternoon at 4 o'clock with Rev. Osborne, pastor and Rev. M. S. Leverage, of Slaton, former Ralls pastor, in charge. Burial will follow in the Ralls cemetery with the Ralls funeral directors in charge.

SANDINO MAY GET RECRUITS

LOOTING OF STORES IN PLANTATION SECTION IS NOW FEARED

(By the Associated Press)
MANAGUA, Nicaragua, Feb. 22.—Possibility of the rebel general Augustino Sandino, gaining additional recruits in his campaign against the American marines was seen today.

Laborers on banana plantations north of the Rio Grande might rise and join the rebel movement for the purpose of looting the commissary stores and the Bagman Bluff Lumber company, it was thought. Many people on the Caribbean coast in which direction Sandino is rumored to be heading, are known to be partisans of the Sandino movement and to be against General Jose Maria Miquelena, liberal nominee for the presidency.

Indian scouts sent out to seek the rebels brought back the report to Bluefields that Sandino had passed through Pena Blanca, department of Jinaguera.

"Three Way Attack Seen" It was regarded as possible that he might attack either of three points on the coast, Cabo Gracias, near the Honduran frontier; Puerto Cabezas or Rio Grande. It was thought that a raid on Cabo Gracias was the more likely since it is more or less isolated position made it the easier port to attack.

A marine corps scouting plane was fired on about 50 miles north-east of Jinaguera. The plane was not hit and the pilot reported seeing only four men in the attacking party. It was assumed that these men were followers of Sandino.

From Every Woman's Viewpoint

By Blanche E. Bean

Mrs. Vernon Brown Is Charming Hostess At Bridge Tuesday Afternoon At The Home Of Mrs. Homer Pharr

Mrs. Vernon Brown was graciously hostess at bridge yesterday afternoon in the home of her sister, Mrs. Homer Pharr, 2124 14th street, entertaining a number of friends. Delightful figures on score cards were in the George Washington day theme and bright-colored blossoms were a floral tribute to the decorative scheme. Refreshments were passed at the end of bridge games. Guests were Mesdames E. J. Parsons, M. C. Butler, Allan Hill, Allen T. Stewart, C. H. Smith, E. Y. Freeman, Edger Shelton, Tom Clark, T. H. Carter, R. S. Williams, L. S. Hartley, H. D. Woods, K. L. Riggs, Horace Hawkins, W. A. Jackson, W. J. Miller, W. P. Knox, N. L. Peters, Leslie Jennings, H. L. Allen, G. C. Turner, C. H. Higginbotham, J. B. Jackson, E. E. Swindell, J. A. Swindell, F. D. Rupp, Victor Payne, James S. Garrett, W. C. McMillan, Rufus Rush, Earl Moore, R. W. Crowder, Jr., Clark Mullican, Dewey Campbell, Tom J. Foster, Homer Pharr and Miss Myrtle Woodfin. Mrs. Moore scored high in the games and Mrs. Turner scored low. Mrs. Allen was high in a general cut.

Life's Niceties HINTS OF ETIQUETTE

1. What, generally, is the best preparation for the social requirements of adult life?
2. When do most children become extremely sensitive about the details of good form?
3. Should parents ever ridicule their children's efforts to do the right thing?

The Answers

1. A home where children learn through example, the courtesies of life.
2. During adolescence, especially at high school age.
3. Certainly not. They should assist them.

Misses Wallace And Waldrop Luncheon Hostesses Today

Misses Lorelle Wallace and Alice Waldrop, teachers in the public schools, are hostesses today to a number of friends at the home of Mr. and Mrs. K. L. Riggs, 1801 13th street. Small tables were laid for a two-course luncheon which was daintily served at 1 o'clock and the guests are remaining during the afternoon for other socialities. Red carnations formed center pieces for the tables and other appointments were in the red, white and blue favored for Washington's birthday. Guests are Misses Blanche Bacon, Mayme Alexander, Margaret Abel, Helen Thomas, Roxie Nugent, Ethel Rives, Beulah Smith, Marian Evans, Lera Albin and Mesdames H. W. Slaughter, E. T. Adair, K. L. Riggs, F. F. Jones and Clark M. Mullican.

Union Prayer Circle Meets With Mrs. N. J. Raybon

The Women's Union Prayer meeting, Circle 1, met yesterday afternoon with Mrs. N. J. Raybon, 1607 Avenue H, for a Bible lesson led by Mrs. S. J. Glaze. A lesson was chosen in the 23rd chapter of Matthew. The Sunbeam auxiliary to this circle met at the same time with Mrs. A. S. Eads and thirty children were in attendance.

A pawn which dislocated his jaw caused the death of a Kentuckian, aged 82. Probably reading about Mayor Walker of New York going on the water wagon.

Bridge! Here Are Points To Improve Your Game

(Abbreviations: A—ace; K—king; Q—queen; J—jack; X—any card lower than 10.)
1. Should you take out partner's no-trump into minor, when you hold any seven of minor?
2. For whom do the willows weep?
3. It is 10 X X a stop?
The Answers
1. Yes.
2. For you, when your partner fails to make a game he could have made.
3. A good gamble.

PHONES 13 and 14

MARY and MOM Their Letters

BY RUTH DEWEY GROVES

Dear Mary: So hospitality has become an aid to business, has it? I'm sure I don't know what you young folks will do next to the traditions of your father's before you find out that you're destroying all the worth-while things in life.

We used to consider it an honor and a pleasure to entertain our friends and were glad to do it in the best way we could without thinking of the expense. And we didn't spend our money extravagantly either, just to make a splash. We stayed within our means and we had a feeling that hospitality was sacred. We would not have thought of offering it to anyone in expectation of benefiting financially from it. For us it was enough to have the company of our friends and we took a real interest in each other's affairs.

Today you girls take your guests to a hotel and while I suppose they have its advantages, it seems to me a sorry substitute for true hospitality. It used to be a woman's greatest pleasure when she entertained to prepare favorite dishes with her own hands and it was mighty nice to see how heartily they were enjoyed. I'll never forget how your father's friends liked my lemon meringue pie. One time he brought a stranger home and I served him three pieces with meringue two inches thick. The next day your father told me he got a big letter from this man but we hadn't either of us given a thought to that when we had him in our house. Father had asked him to come because he knew there wasn't any place he could get a meal fit to eat. You couldn't satisfy a man with restaurant food in those days if he could get home cooking. And I'll venture to say you couldn't do it now if most of them hadn't forgotten what it tastes like.

But I suppose you're going to tell me that a man would rather look at your lily white hands, and maybe kiss 'em, than sit down before a big slice of fresh apple pie with spiced juice running out of it. We wouldn't have called such a fool a man in my day. Well, I dare say some of you might be willing to make the pies if you could wear rubber gloves to do it but that's one piece of lunacy I haven't heard of your getting to yet. I really don't know what you're coming to. Lovingly, MOTHER.

By C. W. Beene

BRIDGE PARTY

Mrs. F. Clausen was hostess to the Bridge club Monday afternoon. Four tables were arranged for the games in which Mrs. W. D. Harp was high score winner for the regular members and Mrs. C. H. Bucks for the substitutes. Patriotic motif was carried out in the refreshments, consisting of cherry pie with whipped cream and cherry punch. Favors were tiny cherry trees. These present were Mesdames F. W. Struve, E. B. Lindsey, George Ragland, Robert McAllister, Lamar McKinsie, Doc Crow, Clarence Schulz, E. E. Crow, Leonard Harrell, W. A. Ritchey, T. D. Stambaugh, C. H. Bucks and Misses Louise Benkin and Estelle McAllister. On next Tuesday evening Mrs. E. C. Ripley and Mrs. W. D. Harp will entertain the members and their husbands with a party.

Baptist Reception Is To Be At Church On Thursday

A reception that is to be tendered to Rev. and Mrs. W. A. Bowen by members of the First Baptist church Thursday evening is to be in the church parlors instead of at the home of Mr. and Mrs. W. B. Adkins, as was announced Monday. It is to begin at 7:30 o'clock in the evening and friends of the two honor guests are invited to attend, whether or not they are members of the Baptist church, according to an announcement sent the Avalanche-Journal. Pastors of other churches in the city, with their wives, are to be in the receiving line, according to plans. No personal invitations are being extended.

Mrs. J. A. Hill Sends Letter To District Club Women

Mrs. J. A. Hill, of Canyon, chairman of the international relations committee in the seventh district federated club, has sent a letter to the Avalanche-Journal addressing to club women and adjuring them to inform themselves concerning the relationships of nations of the world. She is sending the letter to other papers throughout the district. She is asking that club women attending the international relations conference in Lubbock in April. In this letter she says, "World welfare lies largely in our hands. We are the chief moral mentors of our children and all friendly relations must begin in the individual heart."

Braided Rug Making Demonstrated At Club Meeting

Miss Louise Baird, county home demonstration agent, gave a demonstration of braided rug making and Mrs. W. R. Robinson illustrated the making of an upholstered chair yesterday afternoon when the Southwest Ward Home Demonstration club met with Mrs. Vada Houston. Mrs. Frank Williams, who is moving to Haskell, presented each member of the club with a book as a parting gift. Others who attended this meeting were Mesdames M. E. Wren, Clarence Gordon, W. E. Allen, J. F. Kerr, M. C. Kinser, J. B. Stanford, W. F. Stephenson, W. R. Robinson, W. W. Moore and W. A. Ross.

Forty-Two Played At A-1 Society Meeting

Games of forty-two were played Tuesday evening when Mr. and Mrs. J. F. Hankins entertained the A-1 club at their home, 2307 Broadway. Guests were Messrs. E. B. Maxey, W. C. Rylander, T. W. Sawyer, E. W. Camp, H. W. Stanton and J. C. Hardgrave. Mrs. Hankins' refreshments consisted of cream molded into the figure of George Washington and a hotchpotch served with cherry pie.

Daleth Lesson Is Led By Mrs. Clementine Vaughn Tuesday

Mrs. Clementine Vaughn was leader of the Daleth Delphian lesson yesterday afternoon when the society met at the First Baptist church. In a lesson on "Grecian Thought," she was assisted by Mesdames T. B. Zellner, John R. Hall and Ed O'Sullivan.

Central Ward P T A Meeting Thursday

The Central Ward Parent-Teacher association is meeting at 3:40 o'clock tomorrow afternoon at the school. Miss Elizabeth West is to be the principal speaker and children in the rooms of Mrs. E. T. Adair and Mrs. F. H. Childress are to stage a program.

We've signed a treaty with France. Next thing for some far-seeing statesman to work up is a protocol with Switzerland, Lapland, Rumania, Liberia, or some other country that has us worried.

Mrs. Bishop Hostess To Jolly Dozen Social Club

Mrs. J. M. Bishop, 1317 10th street, was hostess Tuesday afternoon to Jolly Dozen club members at her home, entertaining with games of forty-two. Delicious refreshments were passed at the close of the games, carrying tiny flags as favors.

Those attending were Mesdames T. M. Atkins, J. A. Long, John Demman, H. G. Brock, John Ashford, D. H. Mansell, A. L. Hawkins, E. G. White, J. G. Biffie, R. L. Goad, W. H. Trice and F. K. Mitchell. Mrs. Biffie scored high in the games. Mrs. Demman presented the club with a small call bell.

Two Young Women Are Initiated Into Eastern Star

Initiating two new members, the local Eastern Star chapter met Tuesday evening at the Masonic hall. About twelve members of the lodge chapter were visitors at this meeting and refreshments were served. Misses Ruby Parrish and Lea Green were the initiates. The Eastern Star chapter is entertaining Friday afternoon at the home of Mrs. I. F. Holland, honoring Mrs. W. A. Bowen.

Canyon Visitors Are Honored At Tech Last Evening

Honoring the Canyon Teachers pep squad and basketball team and Tech's ball team, a dance was given last evening at the Technological college gymnasium by the college. There was a large attendance of dancers, the affair following a basketball game early in the evening. Tech Treadors furnished music.

Mr. and Mrs. Friend Entertain With Dance

Extending their hospitality to a large number of friends, Mr. and Mrs. F. R. Friend, 2005 Broadway, graciously entertained Tuesday evening with an informal dance. Floors were cleared in the spacious home and sixty guests enjoyed an evening there. Mrs. Friend passed cake and coffee.

We aren't ready

—to show these smart new creations that exemplify the very best of the milliner's art, in their proper surroundings, for our permanent location at 1211 Ave. J will not be ready for another week. Shipments that have arrived and continue to arrive, force us to make—

Liberal Price Concessions

—in order to dispose of a portion of them before our Formal Opening. Those women who desire to view the smart models we now display, and purchase at this time will find that they have effected a substantial saving, and secured a hat unusual in the style and fabric arrangement.

Exclusive "one-of-a-kind models"

In the finer modes shown, those women who desire something smart and exclusive, will find that it will meet their every requirement. Interestingly new styles and fabrics treated in an interesting manner will delight them, and no one will desire to purchase the Spring hat without first seeing this exhibit.

BLUEBONNET SHOP

Our temporary location is in the Bush Building, next to the Daniel Studios, at the left of the stars.

RALLS NEWS

By MRS. G. H. NELSON

Mrs. C. W. Farmer is still in a Lubbock hospital where she recently underwent an operation. She is resting well, however, and expects to return home by February 26.

Mr. and Mrs. H. C. Story of Tahoka, spent Sunday with Supt. and Mrs. A. B. Sanders.

Early Long and Alvin McGee left Sunday for Austin where Commissioner Long will appear before the highway board concerning the Post-Silverton highway project.

Due to the death of a member of Floydada's basketball team, the game which was scheduled at Ralls between that team and the Post City team for Monday night was called off. Since the game had been widely advertised, Post agreed to play Coach Lovren's quint on the same date.

Joyce Mases is resting well after a recent appendicitis operation in Lubbock.

Mrs. Bob Brown made a visit to Dickens Monday.

Jackie and Mrs. E. A. Watson, Morris and "Sonny Boy" Watson, of Crosbyton, visited in the G. H. Nelson home Sunday.

Johnnie McKnight made a business trip to Vernon Monday.

Mrs. W. L. Hendricks is visiting in El Paso.

Uncle Tom Garrison of Emma, has pneumonia.

Mrs. Rawling Keith spent Saturday in Lorenzo.

P. B. Ralls is in Austin representing the chamber of commerce in a hearing before the state highway commission Tuesday morning concerning the designation of the Post-Silverton road as a state highway.

Ben Porter, Ralls student in the W. T. S. T. C. at Canyon, is spending a few days at home.

Rev. J. M. Hale, pastor of the Ralls First Baptist church addressed the people of Mt. Blanco Sunday on the subject of the Conquest.

Nancy Anderson D. A. R. Entertaining With Tea

Dressed in dainty and colorful Colonial costume, members of the Nancy Anderson D. A. R. chapter are hostesses this afternoon to about two hundred friends with a tea in the home of Mrs. Charles F. O'Neill, 1623 Broadway. Daughters of the members, also in costume are assisting in serving guests and the two small children of Mr. and Mrs. R. V. Kimmell, Sarah and R. V. Jr., dressed as a small Martha and George—Washington, are picturesque additions to the party.

During the afternoon tea hours being from 3 until 6 o'clock, there are to be songs by Miss Jonnie McCrery and Mrs. Wanda Stewart, assisted by other local musicians. Two hundred and thirty-five invitations were issued for this tea. Guests, who call are being greeted.

Campaign Rev. Evans, associated missionary, supplied at Ralls.

Mesdames Rawling Keith and W. W. Gleanon were hostesses to the Mystic Weavers club on Wednesday afternoon.

Bits Of News And Personal Mention

John Young returned to Lubbock today from Mountain Park, New Mexico, where he has been for the past several months. He is a former student of Technological college and a son of Mr. and Mrs. F. F. Young, of this city.

Mrs. E. A. Parks, of Slaton, visited in Lubbock today.

J. L. Tucker of Tahoka, was in Lubbock today.

Mr. and Mrs. F. M. Pratt, 1947 Avenue N, are leaving this afternoon for Amarillo, where Mr. Pratt is to transact business for Young and Pratt.

Jim McMahon, of Wolffarth, was in Lubbock this morning.

Mrs. Carl Smith and two daughters and her mother Mrs. W. A. Scott, of Littlefield, were visitors in Lubbock today.

At this afternoon by a receiving line consisting of Mesdames Gus Ford, Charles E. O'Neill, W. L. Baugh, William Dugas, Clyde E. Thibault, S. Hawkey, Ida A. Harris, J. V. Kimmell, A. H. Lehigh, E. S. Nant, W. C. Rylander, E. W. Provost, G. V. Adams, Wanda Stewart, F. Y. Robinson, McAllister, Miss Annie McCrery and Miss Elizabeth West. Laughters of members in the house party are Misses Lois Harvey, Frances Ford, Jane Mast, Dorothy and Ruth Mildred Ryan, and Kathryn Leigh, and Ella Norine O'Neill. This is an annual tea given by the D. A. R.

SKELETTOWN-ROXANA. — The pie supper given by the Methodist women for the benefit of the Methodist church building fund last week netted \$14.50, the women in charge of the entertainment report.

STINNETT—Hutchinson county, despite a slight drop in production last week, is still the largest producer of oil in the Panhandle by nearly twice as many barrels as its nearest competitor, Gray county. Figures on last week's production show a gain in Panhandle's production of 4,835 barrels.

Quality is the Important Consideration

We celebrate this week the birthday of a great man. A man who had the vision to conceive a mighty plan and the courage to fight for its fulfillment.

There is little new that one can say about Washington—few tributes that have not already been paid to his memory. He died over a century and a quarter ago, yet the quality of his deeds and thoughts lives on—the quality of his life will remain, long after the details are forgotten.

Quality or the lack of it! It spells the whole difference between success or failure in life, whether your business is shoes or sermons.

For 26 years, the J. C. Penney Company has kept the quality of the goods we offered uppermost in our thoughts. We have worked steadily that you might be contented and pleased with their inherent worth. Quality, not low price, has been the solid rock on which we founded our business, for quality alone survives, whether in merchandise or men.

Marathon Hats For Young Men

With the popular snap brim and raw edge. In new shades of brown and grey.

Some with bands to match and others with black bands. There's balance, proportion, plenty of style and built-in quality. Low priced at

\$2.98

Boys' Caps For Spring

Light tan cassimeres with contrast rayon overplaid. Plenty of style and quality. Every cap is an exceptional value at these low prices—

69c

98c

Stylish Caps For Spring

Full-shaped caps — our famous Waverly make. Every detail of style, quality and value is the finest.

In 8/4 models with non-breakable visors. Light tans, light greys and black checks. Moderate in price at—

\$1.49 and \$1.98

NEW HATS

An Unusually Complete and Authentic Collection at

BROADWAY AT AVENUE J

BUFFS AND FANS RETURN HOME MUCH WISER AND HUMBLER LOT

MUCH RESPECT NOW HELD FOR TECH AND TEAM

LOCALS NOSED OUT BY ONE POINT IN LAST NIGHT'S BATTLE

Coach Sam D. Burton, his 18-man cage crew and some 50 fans, including a Girls' Pep Squad of 20 girls, from West Texas State Teachers college, Canyon, began their homeward trek today, a more humble and gracious crowd, following their two-day stay in Lubbock as guests of Texas Technological college, than on their arrival here Monday.

Intent only in gloriously crushing the Matadors under its vaunted stampede, the Buff quintet had plenty of entertainment during the two nights, losing the first game decisively, 39 to 29 and barely nosing out last night, 36 to 35. A somewhat changed attitude of respect toward the Tech team as basketball opposition came from the Canyon players last night as they left the floor.

Another belief shattered. Another warped attitude of the school as a whole was shattered last night following the game when students of the college entertained the visitors with an all-college dance in the gymnasium, honoring the visiting players and the Girls' Pep Squad. Following the treatment of the Tech players in Canyon, in which numerous reports stated that they were hissed at as they shot fouls, when they came off the court, the visitors came to Lubbock with the expectation of receiving a like treatment but were amazed at the hospitality of the locals last night. Numerous remarks of "Tech isn't such a bad place after all" was heard during the evening from a score of the visiting fans and players.

The Tech lost last night but it was an honorable defeat and one that brought out the full value of Coach Payne's ability as a cage leader. Trailing by several points during the first half, Payne spurred his men on to greater work and in the final period, the Matadors tied the count, which stood at 20 to 14 at the half, and then jumped into the lead only to falter in the closing moments of the game. With the count 35 to 34 in favor of the Tech in the last minute of play, the Matador defense weakened slightly to let Crump through for a comparatively easy shot and victory. The Buffs then kept the ball back, stalling for time, until the game ended.

Game Closely Called. Close calling of the game by Referee Del Morgan was expensive to the locals as Dope White, star guard and Hemphill, pivot, were forced from the game in the early part of the last half. Morgan called 13 personals on the locals while the Buffs were only assessed five. The Buffs scored 8 of their 13 free throws and counted 14 goals from the floor while the Matadors only scored 3 of their five free pitches but shot 16 from the floor.

Hale, flashy forward of the Buffs, was high man on the floor with six baskets from the field and four from the foul line for 16 points while Crump was second with 11 points. Buck Weaver, substituting for Hemphill, scored give sensational field shots, three of which were from near the center zone. The final shot came from well past the center circle and swished through in a beautiful loop.

HORNSBY TAKES OVER CAPTAINCY OF BRAVES CLUB

(By The Associated Press) BOSTON, Feb. 22.—Morgan Hornsby has taken over in an active way the proffered post of field captain of the Boston Braves. To cement matters the Rajah and Jack Slater, new pilot have become roommates at St. Peterburg, Fla.

Hornsby got in a little practice yesterday and announced that he felt great. "I'll take me about ten days to limber up," he said. He declined to reveal his former teammates, the Giants, as his special foe during the coming season in retaliation for the trade which sent him to Boston. "I'll be trying just as hard against another club in the league," he said. "It's my nature to do my best every time I go to bat."

PACHYDERMS OF THE DIAMOND

BY LAUFER

PUEBLO TO BE BACK OF TEAM FANS PROMISE

LINCOLN AGGREGATION WILL HAVE BETTER HOME, IS SAID

(By Associated Press) PUEBLO, Colo., Feb. 22.—Spencer Abbott and Dick Brown, owners of the Pueblo club of the Western league, are busily engaged in attempting to bolster up their club for the 1928 season. Because of the uncertainty regarding the club here from Lincoln the owners got a late start in their club building program last year. Hargrove is a right hander, 26 years old and weighs 175 pounds. Friends of Hargrove say that he should prove a consistent winner in the Western league and local fans are enthusiastic about his addition to the club.

Two Hurlers Are Stars. Wilkins and Yohle, both with the Lincoln club last year, also will be mainstays of the Pueblo pitching staff. The club boasts three capable catchers in Ben Diamond, Alex Schaufel, obtained from Bridgeport in the Eastern league and Springfield. Wano is expected to hold down the initial sack and shoots will take another infield berth. The owners are now in search of several more capable infielders, a couple of outfielders and some more pitchers to round out the team.

Bloodgood, Noetke and Reilly are the nucleus of the outfield and the net is out to capture a couple of slugging outfielders. Noetke was purchased recently from the Brooklyn Robins. Spencer Abbott, part owner of the team, will manage the club. He was manager of the Kansas City Blues in 1926 and is a shrewd pilot. The team will do its spring training in Pueblo where a new grand stand is being erected and plans are being made for sodding the entire field. Several practice games probably will be arranged with teams on their way or returning from other spring training grounds. The moving of the Lincoln club to Pueblo has brought baseball excitement to a fever pitch in southern Colorado. Pueblo fans expect the city to be one of the best gate cities on the western circuit and numerous southern Colorado towns and cities, some as far as 100 miles away, have pledged their help in making organized baseball a success in the smaller city.

Heavy Rains Fall Over Wichita Area

HOUSTON, Feb. 22 (AP)—Heavy rains during the night caused postponement of the Houston Country Club's invitation golf tournament here until Thursday when the first flight of qualifying round is to be played. The quarter and final rounds on Saturday and the finals on Sunday.

Without the presence of any foreign notables, the tournament becomes largely a Texas affair.

OTHER CUBS TO LEAVE TONIGHT FOR CATALINA

TIGERS ARRIVE IN SAN ANTONIO FOR SPRING TRAINING

(By Associated Press) CHICAGO, Feb. 22.—The second section of the pennant-bound Cubs is gathering here to start for the Catalina Island training camp tomorrow. There are eighteen members of the squad already at work on Owner William Wrigley's island, including a few infielders besides the battery men. Manager McCarthy relaxed the discipline a bit yesterday to permit some of the pitchers to put a little stuff on the ball, so that some good pitching would be ready for the second delegation when the team is united next Monday.

Battery Of Tigers Arrives In Texas

Pitchers and catchers of the Detroit American baseball team arrived in San Antonio late last night and opened spring training quarters here today. The remainder of the squad is expected to be on the field about March 1 when serious training will begin.

Practice today will be limited to tossing the ball around the lot to limber muscles. Manager George Moriarty announced.

Jawn Crosses Up Experts Once More

NEW YORK, Feb. 22 (AP)—Experts who have been picking Andy Cohen and Andy Reese to play second base for the New York Giants apparently failed to take John McGraw into their confidence. At Hot Springs, Ark., where the Giants' advance guard is training, McGraw stationed Melvin Ott, utility outfielder and pinch hitter at the keystone sack.

Wilson Signs His Contract For Year

CHICAGO, Feb. 22 (AP)—Hack Wilson, holdout outfielder of the Chicago Cubs, and co-holder of the 1927 national league home run title, today signed his 1928 contract. Wilson, who hails from Martinsburg, W. Va., returned his first contract. The salary agreement reached today was not announced but it is understood that the Cubs outfielder received a substantial increase. He will leave tomorrow with the second squad of the team for Catalina Island, the team's training camp.

TEXAN TO FIGHT MICKEY WALKER IN FRISCO BOUT

(By The Associated Press) SAN FRANCISCO, Feb. 22.—San Francisco fans looked to Mickey Walker, middleweight champion, and Jack Willis, Texas slugger, to furnish them some holiday excitement; here this afternoon, Walker's title is not involved in the scheduled ten round encounter.

The slugging Texan was conceded but an outside chance, however, with Walker a heavy favorite at three to one odds. The pair stack up closely in measurements. Walker is 26 years old, three years more than his opponent. He will weigh about 160 pounds to 162 for Willis. Walker has a 29 inch reach, one inch less than his opponent while Willis is two inches shorter. Willis stands 5 feet 9 1/2 inches.

Mandell To Fight Fields In Chicago

CHICAGO, Feb. 22 (AP)—Sammy Mandell, lightweight champion, and Jackie Fields, of California, tapered off training today for their ten round engagement at the Coliseum tomorrow night. Boxing experts figure it to be one of the toughest matches Mandell has taken on since he became champion nearly two years ago.

Fields won a 12 round newspaper decision over Mandell on the coast last year. He outweighs the titleholder about five pounds, campaigning generally in the junior welterweight class. Since Fields can not make less than 140 pounds, Mandell's crown is in danger.

Giants Expect Big Hurler To Be Star

NEW YORK, Feb. 22.—When you're looking over prospective pitching heroes for next season don't overlook big Fred Fitzsimmons of the New York Giants. This will be Fitzsimmons' fourth season in the majors, although his experience his first year was merely in the tag end of the season.

Barrier Employees Meet This Morning

W. M. Davis, minister of the Broadway Church of Christ, was the principal speaker this morning when employees of Barrier Brothers store gathered in their regular bi-weekly store meeting. Additional features were supplied by the Baptist students quartet, composed of Eugene Moser, first tenor; Roy Holmes, second tenor; Wade Hartwick, baritone and Bert Woods, bass.

Mr. Davis took as his subject "Success," defining it as "anything that does that which it is intended to do." Miss Lois Mangum was at the piano when the quartet rendered its selections.

AGGIES START SPRING GRIND FOR BASEBALL

SQUAD CUT TO 34 MEN AND COACH PLEASED WITH PROSPECTS

(Special To The Journal) COLLEGE STATION, Feb. 22.—With his squad cut to 34 men, enabling him to devote more attention to individual play of his charges, Coach Bob Countryman is driving his Texas Aggies baseball squad at a fast pace in preparation for the coming conference race. The first infield and batting practices were held during the past week on the new Kyle field diamond and Coach Countryman is well pleased with his material and very optimistic regarding the success of his team in the title race this year. A second cut is expected in the next few days, after which Countryman expects to get down to the real work of molding his 1928 team.

The Aggie hurling staff will be one of the strongest points in the team's favor this year with two regulars from last year returning and an abundance of material from freshman and varsity squad ranks. Siki Sikes of Leonard, stellar A. and M. athlete for the past three years, who will be seeking his third letter in baseball and his ninth in A. and

PLAYERS WIN IN SCANDAL CHARGE OVER BALL GAME

(By The Associated Press) CHICAGO, Feb. 22.—Another baseball scandal, nearly six years old, has at last been legally squelched. The suit of Sammy Bohne and Pat Duncan, former Cincinnati Reds, for libel because of published insinuations they had been approached by New York gamblers, was decided in their favor yesterday by Federal Judge Walter C. Lindley. He instructed the jury to bring in a verdict of \$50 damages each for the two players against Collier's eye, a Chicago publication.

Milwaukee Hurler Is Sold To Browns

MILWAUKEE, Feb. 22 (AP)—Ed Strelecki, pitcher, obtained by the Milwaukee American association club from Lincoln, Neb., via Brooklyn in the trade which sent Harry Riconda from Milwaukee to the National league club, has been traded to the St. Louis Americans for Win Batiss, also a pitcher. It was announced today.

A Money Saving Sensation

THREE DAY SHIRT SALE

Only a special purchase could bring a value like this. Well tailored shirts made of a good quality of Broadcloth. Stripes, checks and small patterned effects on backgrounds of smart new colors. Plain whites too are included, and they're the kind of shirts that you'll be proud to wear. And at this sensationally low price you'll want to secure a full supply.

Three For \$5.50

The kind of shirts that most stores would mark \$3 each.

PAJAMAS TOO!

New shipments of Pajamas made of good quality fabrics. In a wide variety of styles and shown in endless array of patterns. They're the kind that are ordinarily marked to sell for \$2.50 and \$2.75 but as a special feature we're going to sell them for

FROG FASTS IN PEACE AS BIG FUSS GOES ON

NEW PROOF SOUGHT IN CASE; FROG WOULD RETURN TO SLEEP

(By The Associated Press)
EASTLAND, Feb. 22.—The favored horned toad of West Texas today continued a fast of disputed duration and threatened to go to sleep again as supporters of the claim that the reptile hibernated for nearly 31 years sought new proof of this contention.

While skeptical zoologists appended the belief the toad would "burn up" for lack of moisture to the previous opinions such a long sleep would be impossible. A Texas student of reptile life declared "it could have happened." This statement came from H. M. Law, geology instructor at Southern Methodist University.

Discrepancy Remedied
At Eastland residents who witnessed removal of the toad from the cornerstone of the old courthouse here Saturday were about to abandon search for a person who helped enshrine one of the species in the crypt. This discrepancy apparently was remedied.

M. W. McMinn, 63, resident at Olden, near here, said he was willing to submit an affidavit that a horned toad was placed in the cornerstones. He declared he saw the late Andy Martin entomb a toad in the stone along with a Bible, coins and other articles in July 1897.

The Rev. E. E. Singleton, one of the witnesses at the "resurrection" Saturday, also offered a detailed statement.

Interested in Frog
"I knew my business and I was not interested in anything else taken from the cornerstone," Mr. Singleton said. "When some of the articles were removed I looked into the box and saw the frog. I took it in my hand. Suddenly it wriggled its hind leg. I cried out—it's alive—and held it up for the crowd to see. I am positive there was no hoax perpetrated."

The reptile has been returned to E. E. Wood, who secured a toad to place in the cornerstone when the courthouse was dedicated. It has not attempted to eat or drink since its release, and has shown signs of desiring another nap.

More than 10,000 persons have inspected it.

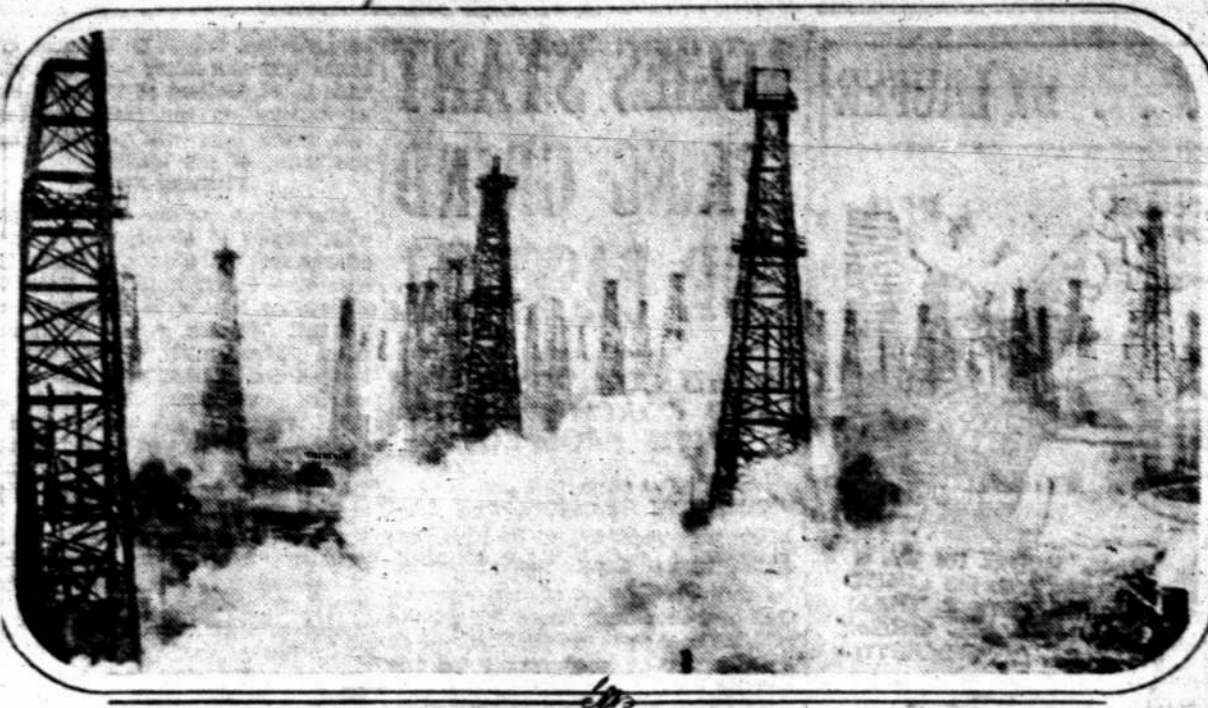

Case In Nevada Is Cited In Argument

RENO, Nev., Feb. 22.—The tale of the horned toad which was reported found alive in a cornerstone of an Eastland, Texas, building, was given some credence in Nevada at least by another story which has its setting in Virginia City.

The discovery of Nevada's toad came two years ago. It was in the Hale and Norcross mine on the Comstock while driving a cross-cut on the 300-foot level. A blast was set off. When the smoke cleared a frog was found imbedded in the rock wall. Apparently lifeless, the frog was taken to the surface and in a short time showed signs of life. The mouth was sealed firmly and all efforts to pry it open failed.

How long the frog had been in the rock was a matter of controversy.

OUR OIL SUPPLY—CONTINUED FROM PAGE 1

This picture showing a veritable forest of derricks in southern California, reveals the scramble to get the oil out quickly, once a gasifier is brought in. In a big field this eagerness for quick profits soon causes a large overproduction of oil.

more careful about the number of miles per gallon their cars can cover. Automobile manufacturers will make smaller and more efficient cars, less powerful but built to consume a minimum of gas. In Europe this already has taken place for over three gasoline costs 50 or 60 cents a gallon.

Eventually, our oil and gasoline supply will be in the enormous formations of shale rock. Nearly all experts agree that the time will come when oil must be distilled from minerals, but first the price of petroleum must go high enough to justify the investment of capital in shale oil production.

The extractable oil content in oil shale runs from one to 90 gallons per ton. It is estimated that use of this method will increase gasoline prices from 25 to 30 cents a gallon.

The possibility that cheap substitutes for oil and gasoline will be developed is obviously of tremendous importance but it can not be counted on. Germany is leading the field in experiments on substitutes from coal.

May Use Alcohol

Some oil substitutes were used during the war involving coal oil, benzol and alcohol. But these will have to be developed to a higher state of perfection before they can be considered as factors in the future oil situation. Alcohol seems to be the best bet.

Meanwhile, there is another vast potential supply of oil within our borders the possibilities of which remain to be determined. The Federal Oil Conservation Board estimating a year ago that 4,500,000,000 barrels of oil remained in this country—exclusive of present production, did not include perhaps twenty to thirty trillion barrels of oil left in wells already exploited because it was impossible or too expensive to get it out.

May Recover Oil

After the gas pressure which forces oil from the ground gives out, as much as three-fourths of the oil beneath the surface often is left in the ground.

Some day much of this oil may be recovered but it will not be until the cost of oil rises high enough.

It is possible that a live horned frog might have been found in the cornerstones. But even after six months of hibernation animals are emaciated. Dr. Bodanitsky declared.

secret of "future famine," says Secretary Work.

Henry L. Doherty, multi-millionaire oil man, engineer and scientist, has been the outstanding figure among the leaders of the industry who foresaw famine. He has pointed out that there is no possible excuse for assuming an adequate future supply of oil.

"I do not predict a shortage of petroleum at any certain date, but I do predict the possibility that it may occur at any time," Doherty says.

"If war should come again, even within 36 months, there is no certainty that we would have an adequate supply."

Aside from its blow at small car owners, one of the first important effects of an oil famine will be the change at sea, factories and individual householders now burning oil will go back to burning coal. That will mean more coal production and the coal supply is virtually infinite.

Cars Will Be Smaller

Automobile owners will be much very for many weeks. How it got there was explained by one of the men—and his explanation was accepted. He reported that the frog had evidently fallen down the shaft and worked its way back up through the crevices to the point where it was found.

Held Impossible

Under Biology Law

OALVESTON, Feb. 22.—All the laws of biology and chemistry are against possibility of a horned frog emerging alive after having been entombed without air or water for 31 years, in the opinions of Drs. Byron Hendrix and Meyer Bodanitsky, professors of biological chemistry at the state medical college here.

Both men, however, conceded that the possibility that the frog taken from the Eastland county was alive has not been disproved.

Horned frogs are not dormant animals. Furthermore, zoological records make no mention of animals hibernating in a temperature of 105 degrees to which figure the mercury frequently rises at Eastland, they said.

PRICE SLASH ON CRUDE TO OPEN SEMINOLE FIELD

(By The Associated Press)

TULSA, Okla., Feb. 22.—Simultaneous with the announcement of price increases for high gravity oil throughout the mid-continent areas, the bid on production in the Seminole oil field was tilted to permit increased production today.

Operators in the Little River and other Seminole pools met in Tulsa and modified a cartel agreement which fixed bid prices for oil. Lifting the cartelism in the Little River area was made effective March 1, and in the other divisions of the greater Seminole pool April 1.

The Carter Oil and Humble Oil and Refining companies reduced prices on lower gravity crude oils and increased prices on higher gravity oils today.

Low Gravity Oil Cut

Last week the Magnolia Petroleum company reduced prices of low gravity oil which, it has been estimated, has reached a daily average production in Oklahoma of 13,000 barrels. The reduction especially effected Healdton, Hewitt, Robinson and some properties near Tulsa where lower grade oil is produced.

Removal of the restrictions at Little River were subject to two restrictions: the first being that the area will be tested further by ten or fifteen wells, one well to each twenty acres, and the second that there shall be no shooting of wells.

A meeting to be headed by J. J. Conroy of the Carter Oil company is scheduled to meet here to map plans for future developments in the Little River area.

ROAD AWARDS

(Continued from Page 1)

on 10 miles of No. 55 in Dimmit county, \$39,710. Johnson Brothers, Austin, large drainage structures on same section \$49,329.

The commission also announced the letting of contract to the Stuckney Construction Co., Fort Worth, for six miles of concrete pavement on No. 117 in Carson county at his bid of \$157,200 and to F. H. Berry, Houston, for grading and drainage on 14 miles of No. 12 in Fort Bend county on his proposal of \$64,044.

Delegations representing 10 or 12 other counties seeking aid or new highway designations also appeared to present their claims.

During the Monday and Tuesday sessions the commission awarded contracts costing more than \$1,500,000 and promised counties upwards of \$800,000 in state and federal aid. Bids for the Fort Bend and Carson county jobs were opened Monday but action was delayed.

STORK LEAVES BILLS

CHICAGO—The stork was in a whimsical mood when he called on three generations of Hilliards. Father, son and grandson—all answering to the nickname "Bill"—were born on the same day. William J. Hilliard, 65, of Elmhurst; his son, William R., 38, and his grandson, William B., 5, all celebrate Nov. 3 as their natal day.

WHITE DEER—To encourage the people of White Deer who are attempting to make this city the most beautiful small city in the state, as well as the best little city in Texas, the city council have arranged for the small rate of 50c per thousand gallons for water after the minimum of 2,000 gallons have been used. This will enable water users to set out shrubbery, grass and trees at a very small cost as far as the up keep is concerned.

Can You Count Your Chickens—

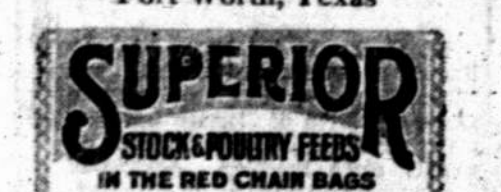

After They're Hatched?

MANY thousands of poultry raisers have found that they CAN make a pretty close "count"—in advance—of the chicks they will save and turn into profits, when they feed **Superior Orange Vitamine Chick Starter** and **Superior Orange Vitamine Growing Mash**. Many report losses as low as 3 to 5 per cent—some report no losses—except from hawks, snakes, etc. Feeding these perfectly balanced chick feeds, which supply necessary vitamins in the form of dehydrated orange pulp and peel, is the surest way to start little chicks to robust health. They will reduce YOUR chick mortality—and every chick saved is money saved! Ask the **Superior Feed dealer** in your town for **Superior Orange Vitamine Chick Feeds**—and increase your poultry profits.

G. F. KUYKENDALL
Mr. Kuykendall is president of the Kuykendall Chevrolet Co. A large part of his time is devoted to the service division.

W. K. MORELAND
Mr. Moreland, service manager of Kuykendall Chevrolet Co., has spent 11 years in Chevrolet service work.

We Are Personally Interested In The Performance Of Your Chevrolet

Because our success as Chevrolet dealers depends upon the continued goodwill of those who own Chevrolets, we have done everything possible to insure the utmost satisfaction for all Chevrolet owners.

Our tools and machinery have been designed especially for Chevrolet service work—our mechanics have been trained in Chevrolet service schools—and our charges are based on a low flat-rate schedule, worked out by Chevrolet factory experts.

Furthermore, we use only genuine Chevrolet parts for replacements—and every job is personally approved by our service manager.

You are cordially invited to make use of these facilities.

Bring your car in for free inspection!

Bulls: Heavy butchers 5.00 to 5.50; heavy bolingans 4.50 to 5.00.

SINCLAIR CASE

(Continued from Page 1)

strict of Columbia jail. Previously he was sentenced to three months for contempt for refusing to testify in the senate's Teapot Dome inquiry.

Raps Jury Shadowing

In sentencing the men Justice Siddons, who had presided at the trial, made the declaration that shadowing of an "unsuspected jury" was unlawful and that it tended to obstruct justice, therefore being in contempt of court.

"A disastrous thing happened here," he said. "A breakdown in a criminal trial, a breakdown that was clearly due to the action of the respondents. It broke down because there was surveillance of the jury."
W. Sherman Burns was the only defendant who asked the mercy of the court, and he asked that it be applied to his father, the founder of the Burns detective agency. Justice Siddons had reviewed coincidences linking the elder Burns and Sinclair in the case and had declared he was not satisfied that he was without a share of the blame.

The justice explained that he had met out only a line to the young Burns because he had aided the district attorney in investigating the case. But to Day, who employed the detectives for Sinclair, he said he had "showed loyalty to the truth greater than loyalty to the law." That loyalty, he said, he took no consideration with a degree of admiration in fixing the sentence.

Sinclair Trial April 2

Sinclair will be back in the same court on April 2 when he will go on trial again on charges of conspiracy with Albert B. Fall as interior secretary to defraud the government in the lease of Teapot Dome. Fall also is scheduled for trial that day but the government has declared its intention to try Sinclair separately if Fall's health prevents his appearance.

One branch of the case growing out of the trial remains unsettled. It concerns the charge under two affidavits that one of the trial jurors, Edward J. Kidwell Jr., talked of the case while serving on the jury. Kidwell denied the charge, became a government witness and then accused government counsel, Assistant District Attorney, James J. O'Leary, with having intimidated him.

Justice Siddons ruled yesterday that there was no evidence to show that Kidwell had been intimidated and that he was concerned it was not a fact.

THE MODERN TREND

is evident in the new Wall Paper designs. Assortments we are now showing reveal quite definitely the new idea in coloring and design.

PATRIOTISM IS ROTARY THEME

O'NEAL IS PRINCIPAL SPEAKER; BROWN IS SOLOIST

Patriotism was the theme of the major portion of the program at noon today when members of the Rotary gathered in their regular weekly luncheon session at Hotel Lubbock. Chas. F. O'Neill made the principal speech, taking the life of Washington for his subject. Bert Brown, accompanied by Mrs. Theodore Sutherland at the piano, sang two songs, "The Song Is Ended but the Melody Lingers On," and "Day of Life, Oh, Day of Bliss."

Edgar Inman led club singing of "America," "The Eyes of Texas" and "The Star-Spangled Banner." Each member was presented with a small silk flag in commemoration of Washington's life and service to the nation. F. D. Rape was in charge of the program.

Although not a part of the official program Neil Wright gave a demonstration of Black Magic, ably assisted by Almer B. Davis. Mr. Wright showed those about him how to remove from two coat pockets, cigar butts, knives, forks, a salt shaker, chewing gum, a napkin and various other articles. Harry Meyers and Hubert Allen also aided in the demonstration.

NO WORK, NO PAY
Mechanical Man Is Capable Of Doing Chores, Maker Says

NEW YORK, Feb. 22.—Dr. R. G. Wensley of the Westinghouse Electric company, caution the day when the housewife, who far from home sees a storm coming up, can telephone her telephone and mechanical man, and order the windows closed.

In a private rehearsal in the auditorium of the level club where "telex" is to unveil a statue of George Washington tonight the mechanical man turned a light, pulled a cord, unrolling a picture of Washington, ran an electric sweeper, all at a whistled command given over the telephone by Mr. Wensley. The working apparatus is to the layman a mass of jumbled wires and electric coils is concealed in a compact life-size figure of a man.

Eventually the inventor says the apparatus will not only do what it is told to do but will tell the master, in reproductions of the human voice, that the task is accomplished. In its test it answered by buzzes when it had carried out its inventor's whistled commands, but Dr. Wensley believes that the installation of a phonograph attachment will be possible later.

court judge, the chief city clerk and two of his assistants.
Chief Magistrate McAdoo said he believed the sender to be a demented person.

LOST: ONE BLACKJACK
LOUISVILLE, Ky.—Lots of persons lose lots of things at Churchill Downs during the race here. Trips to Europe, castles in Spain, other costly and cold cash are included. Now comes the city of Louisville with the following advertisement in a local paper: "Lost: Blackjack at race track Monday. Reward: Detective department, city hall."

MANTIOWOC, Wis.—Oscar Alter wouldn't take a lot of money for a five cent collar button he bought 44 years ago in Chicago, when he was on his honeymoon. The faithful button has served Alter all these years and he has never had a spare. Furthermore, he says he has dropped it only eight times, and he has taken some pains to figure out that

he has worn it 40,100 times.
SILVERTON.—Sunday evening about seven o'clock a rain cloud came over a large portion of Briscoe county, and at Silverton the rainfall was .25 of an inch. This is enough to be a big help to the wheat which is showing up very well in Briscoe county at this time.

he has worn it 40,100 times.

MANY CHINESE ARE EXECUTED

1,700 COMMUNISTS IN CANTON SHOT AFTER RECENT ARRESTS

(By Associated Press) SHANGHAI, China, Feb. 21.—Dispatches from Canton say that 1,700 alleged communists, both men

and women, have been executed by Canton troops after their capture east of the city on February 20. The Cantonese also captured 600 members of a girls' communist corps in the same area, but these have not been executed. Northward of Canton 800 reds were made prisoner and hundreds of rifles captured. Pang-Pan, widely known communist organizer, in Fukien province, is stated to have been murdered by villagers in his native town who photographed his corpse and then cut it into ten pieces for general distribution and exhibition. His head was sent to Canton with the idea of discouraging red activities.

The Central bank in Canton has repudiated all notes issued prior to 1928 and is issuing \$1,000,000 Mexican in new notes.

Communists Storm Province Capital

CANTON, China, Feb. 22 (AP).—Fourteen thousand communists from the province of human are reported to have laid siege to Kweilin, the old capital of Kwangsi province and the city's capture is believed imminent.

The government of Canton is rushing all available troops toward Kwangsi, denouncing Kwantung of troops which have been loyal to the Canton regime. It is feared that this may expose Kwangtung to renewed red activities.

WOMAN SWEEP OVERBOARD IN SHARKY WATER

THRILLING RESCUE IS TOLD ON RETURN OF SHIP FROM CRUISE

(By The Associated Press) NEW YORK, Feb. 22.—The thrilling rescue of a woman who had been swept by a storm into the shark-infested waters off the rocky-bound port of Hamilton, Bermuda, was related today on the return of the liner California from a West Indies cruise.

Mrs. L. J. Rosser, wife of an Atlanta, Ga., judge, was tossed from the deck of a harbor boat while returning to the California after a shore visit last Saturday night. A sudden storm swept the water into a swirling fury, with waves eight feet high smashing against the side of the harbor craft, and Mrs. Rosser was thrown overboard, carrying with her a small wooden rail gate.

Condition Serious Unable to swim and in imminent danger of sharks, Mrs. Rosser clung to the gate for half an hour until she was picked up by one of two life-boats that narrowly missed destruction on rocks during the hunt in the darkness. Mrs. Rosser, suffering from lung hemorrhages induced by submersion, and shock, was taken ashore to the King Edward hospital where her condition was reported serious.

Four members of the lifeboat crew were injured in the rescue efforts, and clothing was torn from an unidentified young woman as she tried vainly to leap overboard in a rescue attempt.

Judge Held From Leap Judge Rosser, heedless of his own inability to swim, attempted to leap into the sea after his wife, but was restrained by fellow passengers. His mother, Mrs. L. Z. Rosser, Sr., paced the deck unaware that the woman in the water was her own daughter-in-law.

Mrs. Rosser was lifted from the sea after two men had braved death in an unsuccessful effort to save her. Richard C. Higgins, cruise director, dived into the bay and reached her side but a wave parted him as he started to lift her into the waiting hands of those aboard the harbor boat. Captain C. A. McQuinn, master of the Great Lakes steamer John G. Munson, slid down a cable into the water, but was unable to locate her.

Heavy Rains Cause Delay In Tourney

WICHITA FALLS, Feb. 22 (AP).—Heavy mists and foggy weather which prevailed over the entire Wichita Falls territory Tuesday continued to threaten rain Wednesday.

Only a trace of rain was reported here Tuesday night with 0.3 of an inch during the 24 hour period ending at 5 a. m. Tuesday.

Heavy At Corsicana CORSIKANA, Feb. 22 (AP).—Rain totaling 2.42 inches fell here Tuesday, greatly benefitting small grain.

Texarkana Gets Rain TEXARKANA, Ark., Feb. 22 (AP).—A steady rain fell here Tuesday night. Total precipitation was 1.51 inches, bringing the total for the year to 5.02 inches.

Hold Big Money

VANCOUVER, B. C., Feb. 22.—With a prize of \$2,500,000 at stake, two liners are dashing for the port of Vancouver at full speed. The Furness motorship Pacific Reliance and the steamship Morvick of the joint Holland-American-Royal mail steam packet line are competing against the time limit Feb. 29, set by the Canadian government for importations of liquor to private bond in British Columbia.

The Pacific Reliance has 24,000 cases of whiskey, the Morvick 16,000 cases of champagne and 10,000 cases of whiskey.

Farmers Opposed To Non-Cotton Ban

COLORADO, Tex., Feb. 22 (AP).—Sentiment among growers, generally, is against establishment of a considerable non-cotton production zone for the West Texas Chamber of Commerce said here today, in predicting a heavy attendance at the Sweetwater pink boll worm conference Saturday.

Whitehead has just completed a ten-day trip through counties where indications of boll worm infestation have been found, but the farmers are inclined to await facts revealed at the Sweetwater meet, he said.

Farmers in irrigated sections declare the worm does little damage and does not thrive in the West Texas climate, Whitehead said.

Ban On Cotton To Halt Worms Urged

AUSTIN, Feb. 22 (AP).—The only sure way to eradicate pink boll worm infestation in West Texas cotton areas is to stop all production of cotton in districts affected, for three years, says Lieut. Gov. Barry Miller.

He said the "starve-out" method was successfully employed by England in the one infested section of Egypt.

A conference on the situation is scheduled for Sweetwater next Saturday. The state pink boll worm commission will hold four hearings on means of eradication the following week at points in the territory surrounding Martin, Midland and Ector counties where infestation first was reported.

Snyder Man Victim Of Gunshot Wounds

SNYDER, Feb. 22 (AP).—Ewell Pinkerton, 38, growerman, died here yesterday of self-inflicted gunshot wounds, according to a coroner's verdict. He had been suffering from mental aberration, it was believed. He is survived by his widow and several children.

Three Departments Of State Are Open

AUSTIN, Feb. 22 (AP).—All state departments except the supreme court, the highway department and the court of criminal appeals, were closed Wednesday in observance of Washington's birthday.

Yanks Scarce In Morocco

CASABLANCA, Morocco.—There are only 53 American residents in Morocco, according to statistics of the French protectorate, out of a total foreign population of 30,000. The greatest number of non-French residents of French Morocco are Spaniards, of whom there are 15,141. Native inhabitants number 4,229,146.

SILVERSTON.—The rails on the new railroad are coming to Silverston and other South Plains points, were just a little over eight miles from the new town of South Plains on last Saturday evening. When the crew left Saturday, it left six cars of ties and three cars of rails ready to go another mile today.

Flashes Of Life (By The Associated Press)

Five And Proud

NEW YORK—Gloria, daughter of the late Reginald C. Vanderbilt, is five years old today, and there was a cake of five layers for her and a dozen little chums at a party. The cake was 21-2 feet high with little cupids climbing up the side and peering into the fifth layer. A magician and a mother goose contributed to the joy.

Aging Flapper?

LOS ANGELES—If allegations in litigation are correct, Mrs. Millie Hawkes of New York at 85 bobs and dyes her hair and has 50 pairs of shoes and five fur coats. She is the mother of the late June Mathis, scenario writer, and is suing for half an estate of \$300,000 under an undated will. Silvano Ballenti, her son-in-law, avers he is maintaining her in luxury.

Visions Galore

ALBANY, N. Y.—Perhaps at Houston a charming young matron, who may and may not be the daughter of the next president, will stand and announce in a voice that the mike will carry to the four corners of the U. S. A.: "New York casts 45 votes for Smith." Mrs. Emily Smith Warner is on the slate for an alternate delegate.

Some Inducement

CAMDEN, N. J.—It will pay Mrs. L. C. Dawson, 42, and Mrs. Mabel A. MacNeill, 40, to live 30 years more. The will of their father, John Crawford, stipulates they shall be paid \$5,000 more each at the age of 70.

Loses Her Hopes

NEW BRUNSWICK, N. J.—Miss Margaret Bartlett of Reno seems to have lost in an ambition to be the first of her sex to fly with air mail from coast to coast. Miss Bartlett, 30, of New York's fashionable Park avenue is already on the way. Miss Bartlett plans to start tomorrow.

Airplane Beacons

WASHINGTON—Mountains in California are to be lighted up for eagles—the Lindbergh variety. Beacons to be installed by the Standard Oil company on Mount Diablo and in the Sierrita mountains will be visible for 100 miles to airplanes.

Skyscraper Race

NEW YORK—There's something of a race to build skyscrapers. The third such project to be announced in a week calls for a 55-story structure on 42nd street between Madison and Park avenues to cost \$30,000,000.

Quite A Change

ATLANTIC CITY—The Georgia Peach is offered a peach of a salary to redeem the country seriously. Ty Cobb is wanted to travel about the country as an exponent of what the well dressed man will wear. A telegram to him from the convention of the Tri-State Clothiers and Furnishers association of New York, New Jersey, and Pennsylvania says: "You are the idol of the boys today and your guidance would make a lasting impression on the men of tomorrow. America needs you to make the nation better dressed."

Would Ban Movies

MONTREAL—Stephen Leacock would seal up the movies so far as Canadian children are concerned. He thinks that unless counteracted, American films will cause young Canadians to believe that the United States is the only place where there are brave men and brave deeds. Mr. Leacock is professor of economics at McGill and a humorist.

One New Citizen

LOS ANGELES—Uncle Sam is acquiring and the King of Denmark is losing a talented big fellow. Rasmus Karl Thelersen, 6 feet 3, movie actor known as Karl Dane, is seeking citizenship.

Poor Old Toad

ST. PAUL—Comes from Mr. Volstead content about that horned toad who came out of a cornerstone in Eastland Tex.: "Thirty-one years without a drink! I think that toad should be heartily commended providing he isn't an impostor."

Much Easier Task

NEW YORK—Because it is easier to find jobs for women than for men, several husbands in the Borough of Queens are staying home doing housework, says Miss Hilda K. Mills, secretary of the Family Welfare society. The organization refuses to advance relief funds so long as the wife can earn money.

Little Enthusiasm

NEW YORK—In the words of Herbert M. Lord, the public receives figures showing the saving to Uncle Sam by the budget system "with as little enthusiasm as an appointment with the dentist."

SKELLYTOWN—Roxana. —The Skellytown Emergency hospital is the name of a new hospital opened in Skellytown this week by Dr. W. A. Winter, formerly proprietor of the Roxana Emergency hospital at Roxana.

"ALWAYS SOMETHING NEW"

ROBBERY CITED AS INCENTIVE IN WOMAN'S MURDER

(By Associated Press)

MORRISTOWN, N. J., Feb. 22.—Robbery was believed by police today to have been the motive for the burning to death Monday night of a woman whom they identified as Miss Margaret Brown, 40 years old, employed until that morning as a governess in a home on fashionable Park avenue, New York.

Fred Roff, lieutenant of detectives of Morris county, said that when Miss Brown left the home of her employer, James P. Gillespie, she had with her \$8,000 in bonds and \$1,000 in cash. No bonds or cash was found in the woman's clothing.

Roff said identification had been made by Miss Mary Brown, a sister of Fort Lee, N. J., from descriptions of the dead woman's clothing, a watch and a scar on the body.

The detective advanced the theory that the woman had been attacked and robbed in New Jersey in an automobile. The woman, her clothing soaked in gasoline and ablaze, was found by a motorist on the road between Bernardsville and Morristown. She died at a hospital yesterday.

FLIVVER PLANE SETS NEW MARK FOR LIGHT SHIP

(By Associated Press)

TITUSVILLE, Fla., Feb. 22.—Harry Brooks, pilot, and his diminutive flivver plane, without advance warning today had made this city the terminus of a record breaking flight for small, economical aircraft.

Although his projected route, which led from the Ford airport in Detroit to Miami, was not completed, when Brooks landed his tiny ship here last night at 8 o'clock he had covered more than 900 miles of airplane distance in slightly less than thirteen hours.

The previous non-stop record for planes of 40 horse power or less was 871 miles, set by Max Knipping, French aviator, in a flight from Le Bourget field near Paris, to

Königsberg, Germany, last year. Brooks' descent on Titusville was unexpected and consequently no formal reception was accorded him by the startled population.

Before retiring, exhausted from his long aerial jaunt, the flier explained that he had been forced down some 200 miles short of his goal because the 52 gallons of gasoline with which he left the Michigan city yesterday morning had been consumed.

18 Die When Two Ships Collide, Sink

OLSO, Norway, Feb. 22 (AP).—Ten persons were believed to have been drowned today in the sinking of the mail steamer Norge near Haugesund.

The boat, enroute to Bergen from Oslo, ran ashore and sank immediately.

Bodies of two persons were recovered. Five members of the crew and three passengers are missing.

THE JAZZ SINGER

Novelized by Arline De Haas

Taken from the scenario "The Jazz Singer," Starring Al Jolson.
Copyright, 1927, By Warner Bros. Pictures, Inc.

SYNOPSIS

Cantor Rabinowitz has trained his son, Jakie, in the Hebrew songs of the synagogue. On the eve of the day of atonement he finds Jakie singing ragtime in a "beer garden." He whips the child and Jakie runs away. Ten years elapse. Jakie, now Jack, a jazz singer, comes down on his luck, meets Mary Dale, a dancer, who obtains a part for him in her vaudeville act. Jack's happiness is complete until, in Chicago, Mary receives an offer to star in a New York musical show. Then the jazz singer realizes that she is leaving him. He confides in his friend, Buster Billings.

CHAPTER IX—Continued.
"Well, kid, out with it! What'd she have to say?" Buster pitted his voice against the busy hum of the streets.

"Buster, Mary's had a marvelous offer, and she's leaving for New York to start rehearsals for a new musical show." Jack tried to keep the note of gladness in his voice but the effect was somewhat unsuccessful. "Isn't that fine?" he added a bit lamely.

"Sure is," Buster looked at his friend as though speculating as to his reception of the news. "Whose show is it?"

"Harry Lee's. He saw Mary's act in Brooklyn some time ago, and liked her work. She just got the wire this afternoon. Of course, I think it's a great chance for her, but I'm going to miss her." Jack looked away, not anxious to reveal the hurt that he felt, even to his friend.

"That sure is swell," Buster admitted. "An' I hope Mary gets over. But you know what I told you, kid—you've got a chance for Broadway yourself, an' don't let anythin' put you off the track. Sure, you're goin' to miss Mary. But wait 'til she strikes the big time. You ain't goin' to miss nothin', then."

Jack nodded, but Buster's words were small comfort. For the first time in years he began to feel actually homesick. Down in his heart there came a longing for old, familiar ground; for the comfort his mother had always afforded him whenever he had been hurt. He wanted to bury his head in that expansive bosom and sob out his troubles. Instead he forced himself to walk stolidly along the avenue, keeping pace with Buster as he saw the city.

As they came to a tall, modern building Jack's eyes caught sight of a lobby display announcing a special matinee concert given by Cantor Rosenblatt. The placard brought him to a stop for the moment. He glanced hurriedly at his wrist watch. It was just 4:30. The concert would be over in another quarter of an hour or so. That would give him time to catch the last numbers of the musicale. He turned to Buster as he saw the latter watching him questioning.

"I forgot something at the theater, Buster," he said, hesitatingly. "Suppose you run along. I'll meet you at the hotel. I'll be right over."

"Sure, kid, that's all right. See you later," Buster waved and sauntered on along the street. He had his own ideas as to why Jack was returning to the theater, but he asked no questions.

Buster's ideas were, however, far from right. For Jack turned as though to retrace his steps, but the moment he saw that Buster was lost in the crowds he stepped hurriedly into the lobby of the concert hall, dashed to the box office and purchased a ticket for the performance. The cantor had disappeared into the wings. In the semi-gloom Jack found his seat and waited for the reappearance of the performer.

Looking about him Jack saw many people of his own race; well-dressed music lovers who could afford to spend the afternoon at a concert. He thought of the little synagogue back on the East Side where he had once sung these chants and prayers of his people. It seemed not at all strange to him that just as the thought of his home had come recurring to him, but a few moments before he should suddenly find this music awaiting him. It appeared, rather, quite reasonable, as though the gods were wise and watched the movements of these insects called humans. And he waited patiently for the next number, without even consulting his program.

"The next and last number to be sung by Cantor Rosenblatt," a gentleman in afternoon clothes was now announcing from the platform, "will be the famous 'Eli, Eli.' The man bowed and retired.

The words made Jack start. "Eli, Eli"—the great cry of a troubled people. His people, Jack thought. How fitting it seemed that he should be sitting here now. He had never told his associates in the theater of his home or his parents. He had never talked of the years of training given him by his father that he might be a cantor. He had felt that he was a part of the theater—that the old years had been completely lost to him. He had even felt a little queer about coming into the concert and it was for that reason that he had deserted Buster. And yet now, as he sat there he could feel all the old impulses rising, all the old sentiments stirring. This belonged to him.

"Eli—Eli," the Cantor's voice rolled out over the auditorium. The great Walling Wall of Jerusalem with its cold timeworn stones warmed with the pressure of human forms. Women with all-enveloping shawls of soft, warm colors leaning their foreheads against the bulwark. Bearded rabbis with Talmud before them reciting prayers. "Eli—Eli," the cry from the heart.

Jack sat staring, his eyes fixed hypnotically on the singer. To all outward appearances Jack was a well-dressed, good-looking young man, spending an afternoon in a Chicago concert hall listening to a

group of Hebrew songs sung by a great cantor. But to himself Jack was once more a child, waiting in the Orchard street synagogue for his father's voice. The form on the platform had assumed the shape of another person; faded in shivering vibrations into the figure of Cantor Rabinowitz. The expensively dressed people about him became one with the familiar figures of his own temple.

Now he stood on the platform with the other boys of the school to sing the songs his father had taught him. He saw the Cantor's tall figure draped in the prayer shawl giving the signal for the beginning of the chant. He heard his own young voice surging forth. He raised his eyes to the balcony and caught a glimpse of his mother's shawl-clad figure among the women. He heard the Rabbi preaching the word of God.

And then the lights were bright and Jack was wiping the tears from his eyes. The audience was stumbling towards the doors, struggling with hats and coats. Seats were being pushed up, and the noisy call of the streets vied with the bustle of the auditorium. Slowly Jack rose and followed the crowds out into the darkening evening.

Mrs. Rabinowitz moved hurriedly about the apartment, brushing the floors and carpets, and fanning something in a big pot with a big spoon that sent pungent odors throughout the house. "Home in a few days—home in a few days," she kept repeating to herself again and again. A knock at the door sent her scurrying.

"Ach! Hello, Clarence," she said disappointedly.

A young man clad in linen knickers and vivid golf socks, topped by a blue and white blazer stepped into the room.

"Hello, Mrs. Rabinowitz," Clarence entered carrying a bundle under one arm. "I took the afternoon off. It's the Cantor's birthday so I called a meeting of the choir."

"S-sh! The Cantor's asleep," Mrs. Rabinowitz cautioned. "So tired he is today from teaching."

"Well, we all contributed toward a little present, Mrs. Rabinowitz," Clarence held out his parcel. "So will you please present this to the Cantor with our best wishes for his continued happiness, peace, prosperity, longevity and the consistent and increasing use of his vocal chords!" The young man took a deep breath and deposited his bundle in the waiting arms of his hostess.

Thought For Today

Charity shall cover the multitude of sins.—1 Peter 4:8.

True charity is spontaneous and finds its own occasion; it is never the offering of importunity, nor of emulation.—Hosea Ballou.

From The Sky

A woman in Cleveland the other day killed her three-week-old son. She explained: "I love him too much to let him grow up to face the poverty and struggle I've been through."

Every so often, just when we get lulled into a condition of contented satisfaction with the world as it seems, something like that pops up in the newspapers to jar us out of it.

That little paragraph about the woman who killed her son tells of a tragedy as poignant as any dramatic ever wrote. Think of the suffering that must have filled that woman's life to turn her mother love for a helpless baby into a character like that. And then see if you, too, aren't jarred of your placid acceptance of this world as an easy-going place where all things work together for good.

It is good for us to be jarred like that once in a while. For we too easily forget that life is not always a safe and sane round of work and playing and eating and sleeping. There is more to it than the encountering of unexciting joys and the endurance of unimportant disappointments. It has infinite possibilities, sometimes it is dark beyond belief, and for some of us it may lead to a solution no rational explanation.

Yet that is not the whole story. If life can be cruel, bitter, unendurable, it can also be more meaningful and glowing than we dream. It can drop us into deep valleys, but it also has towering peaks, shining in the sunlight, which we may scale. It has possibilities of ecstasy as well as terror.

It was something like this, no doubt, that the old-time makers of fables had in mind when they peopled the world with a fantastic succession of satyrs, ogres, demons and witches, and gave stories about men who had sold their souls to the powers of darkness and so had descended lower than the lowest beast. There was truth in those old fables. For they presented a world which, while filled with lurking shadows and half-seen shapes of horror, was at the same time a world of surprising beauty and majesty. If there were devils hiding in the night there were also slender gods and white-bodied nymphs on sunlit slopes.

Most of us lead lives that are pretty well padded. Our efficient lives give us automobiles and radios and moving pictures and similar inventions that lull us to an easy belief that life is not so very puzzling, after all. But once in a while we are jarred into a realization that we are wrong. And it is good for us. We need to rediscover our own potentialities; to learn again that we were meant for the utmost extremes of being; to find out for ourselves that the most commonplace village street, lined with sleepy frame houses, is a temporary stopping place for men who have come down out of the sky.

Diphtheria

A bulletin issued by Dr. Arnold H. Kegel, Chicago's commissioner of health, stresses once again the value of diphtheria anti-toxin. The bulletin points out that in 1890, before anti-toxin was in use, Chicago's diphtheria death rate was 380 per 100,000 of population. In 1927 it was 14.1 per 100,000. It is added that the best time to guard against disease is before it makes its appearance. In other words, that children might well be given diphtheria anti-toxin while they are in perfect health.

There is a point you might discuss with your family doctor one of these days. You may recall the old saying about the value of an ounce of prevention.

THE PLAINSMAN

Says:

That Girl on Broadway says most girls are happiest when they "have nothing to wear," and are wearing

Today is George Washington's birthday and so far it has been the happiest one of George's birthdays that The Plainsman has ever gone through. This one has been the happiest because nobody up to the time this article is being printed, as the country editors at, has referred to the day as "George Birthnigh's Wash-day."

If there is anything that grips the conductor and motorman of this column worse than that old worn-out, ex-joke, "George Birthnigh's Wash-day," he hasn't discovered it yet.

But even though no would-be humorist has cracked the dilapidated pun so far, the day hasn't been without its thrills. Every time one of the office was or one of the visiting jokers has opened his head through this entire Wednesday, The Plainsman has shivered in his low-cut for fear the fatal words would hop out of an over-worked mouth.

The pun itself isn't so bad. Diagnose it—boil it down—and the words aren't so terrible. But, as the banker said to the humorist, it's the principal of the thing. Ever since somebody with dog-some letters, do, figured out that assume was of referring to the anniversary of the Father of Our Country, it has been just another of the "bad" for the most of us. Here's hoping we get by just one of George's birthdays without having to hear it again.

But speaking of Washington, most of us have sat around and said, nothing while professional knockers, who write for so much more than any one other person to lay the foundation for what is now the greatest nation upon the face of the earth. These cynical writers who have prostituted their pens for dirty money—have dug up a wealth of "information" concerning the personal life and habits of our first President which presents George Washington in a new light—that of gambler, hard drinker and professional play-boy. The fact that these writers, none of whom are really so important to the life and growth of this country as George Washington was, have been permitted to spread their filth without being ranked back into place by an outraged citizenry, is puzzling to The Plainsman.

This writer refuses to be won over to the new view of the life and habits of America's greatest citizen at least to that view presented by writers who clearly hope to get their articles and names before the public in a sensational manner. Like the Two Black Crows, who wouldn't like it if it was good. The Plainsman wouldn't like to see the new version of the character of George Washington even if it were true—and he certainly isn't ready to acknowledge that George Washington was a dissolute character.

This nation of ours is a young nation. Its traditions are few because its history is short. Those few traditions we have should be kept alive for the right kind of traditions are almost necessary to each successive generation. Give the youth of the nation a line to live to and they'll live to it. Let each successive generation make its own pattern and the nation's course will be a widely differing one with the years.

In his childhood, The Plainsman read and was told of the life of George Washington. That young mind—thousands of other young minds—was given an example of truth, of bravery, of wisdom and of unselfishness. Regardless of whether an example is followed, most everyone can do no harm and a bad one certainly can.

The Plainsman favors the future spreading of information which, without proof, attacks the characters of the men whom we, as a nation, have placed upon pedestals of honor as a result of their service to the United States. The jackals of the literary world must be shown, by public opinion, that they will not be permitted to feed upon the defenseless characters of men who have passed on after doing a service to their country and their world. And furthermore he favors a continuance of upholding before youthful minds, the glorious history of our nation as portrayed in the lives and acts of our heroes.

That Man on Avenue Q says that if wearing glass spectacles is an aid to work, even he wonders why some people don't purchase glass hats.

Just because a few eye-witnesses have testified that a horned frog

"Without-Or-With, Offense To Friends Or Foes, We Sketch Your World Exactly As It Goes."—Byron

Replacement Of Vessels On Twenty-eight Lines Is Aim Of Backers Of The Merchant Marine, Dutcher Learns

SEE-SAWING ON BROADWAY

NEW YORK, Feb. 22.—Wherever one turns in Manhattan, some new mechanical contrivance jumps out to impress the eye. No penny, nickel or dime is safe from the temptation of a nearby slot machine of some sort. A leading agent told me the other day that some 5000 ideas for trick machines go through his hands en route to Washington each year.

Certainly, a tour of Manhattan leaves one a bit staggered by the extent of the mechanical invasion. Beginning at the drug store with the stamper and gum machines, or in the subway with the money-changing machines, the peanut machines, the sandwich machines or the old-fashioned chocolate machines, it is possible to pick up the trail on Broadway and there locate code water machines where, for a nickel, one's wet socks are dispensed, or photograph-while-you-wait machines that polish your finger nails and give you a partial manicure, or the pie and coffee machines of the Automatons, or cigarette-vending machines, or cigar machines. There is a six-cent emporium where you can turn in on your favorite radio station and, ear phones to ears, spend a pleasant afternoon.

There's a machine for checking your hat and coat, a machine for protecting your umbrellas, and, of course, a machine that gives you a shoe shine; a machine that dries your hands in the washroom and another that gives you special liquid soap, or face powder, or perfume; there's a machine for lip stick and a machine for powder puffs. And so it goes. Someone tells me that a haircutting machine will soon make its appearance in the up-town belt.

If this keeps up, a few years will see us doing about 90 per cent of our purchasing through slot machines.

Perhaps the boys in the O. K. Tin Shop, Muskogee, Oklahoma, don't know about it. In which case it is my duty to inform them that they harbor a candidate for the list of Broadway wise-crackers in the person of Albert Puien. At least Al sends us his contributions on the back of O. K. Tin Shop stationery. It is barely possible that, even as the casual passerby use the standard of the big Manhattan hotels when they write home, that some of the boys in Muskogee use the tin shop letterheads. Or it may be that Al hasn't liked the wise cracks we sometimes slip into the end of the column. Anyway he sends us some suggestions "for membership in your Nonsense Club,"—seemingly to forget that this is a column devoted to serious purposes and the uplift of mankind.

People that Al seems to think can't happen in this day and age are the college boy who says to his father: "I cleaned the car up good so you could use it tonight." And the murderer who says to the judge: "Yes, I'm guilty. And I'm not insane either." And the lit-

By RODNEY DUTCHER
NEA Service Writer

WASHINGTON, Feb. 22.—The government now owns 890 commercial ships, more than 390 of which are being operated.

All but a half dozen trans-atlantic passenger liners are farmed out to private operators, who are compensated by the shipping board.

About 1700 ships have been disposed of since the war—scrapped or sold to private concerns. "The end of the war found us with a vast surplus of ships. Since that time our war-built vessels still in operation gradually growing old, have been less and less able to compete with new and faster foreign shipping, so that our merchant marine has gradually declined."

This merchant marine, now carrying a third of our foreign trade, cost the government \$16,000,000 last year, but the shipping board deficit has been rapidly decreasing. It amounted to \$75,000,000 in 1921.

In two or three years our best ships will be inferior in almost every respect to the best ships of our competitors, according to shipping experts. That is why congress wants to replace the existing lines with new and better vessels.

The shipping board merchant marine service now operates 28 lines, most of them across the Atlantic but striking the major ports of every continent.

It is these lines, with their ships flying the American flag, that backers of a government merchant marine seek to perpetuate by providing for a replacement program. The shipping board's replacement program calls for construction of 15 ships a year for 15 years at an annual cost of between \$20,000,000 and \$25,000,000.

Daily Almanac

WEST TEXAS: Tonight fair, colder in the Panhandle; Thurs. day fair, colder.

EAST TEXAS: Tonight partly cloudy, showers in east portion, warmer in north-east and south-west portions.

THURSDAY: partly cloudy, colder in northwest portion.

LOUISIANA: Tonight cloudy, occasional showers, warmer in west portion; Thursday partly cloudy.

ARKANSAS: Tonight and Thursday cloudy, occasional rains; warmer in north-east portion; colder Thursday except in southeast portion.

OKLAHOMA: Tonight cloudy, local rains; colder in west portion; Thursday partly cloudy, colder.

Arkansas: Tonight and Thursday cloudy, occasional rains; warmer in north-east portion; colder Thursday except in southeast portion.

OKLAHOMA: Tonight cloudy, local rains; colder in west portion; Thursday partly cloudy, colder.

If the Jones bill declaring a government merchant marine policy becomes a law—"It will," says Senator Jones, "encourage American shippers to employ American ships, insure employment of American ship yards, stimulate more and more Americans to be ship-minded, encourage the United States to attain and then maintain maritime rank commensurate with its rank as a sea power, provide a constant stimulus to expansion of our foreign trade, enable the government to provide auxiliaries and meet any emergency, assure our farmers protection for exported crops and reasonable rates on them, strengthen our navy, prevent foreign combinations to drive American ships out of business, keep at home the money paid for shipping charges an amount to building up a new and indispensable great American industry."

Ship building in progress at the first of this year was 1,200,000 tons greater than a year before, according to a world survey. But work on hand in American ship yards had decreased 45 per cent in that time. The United States had 97,370 tons building as compared with 1,579,713 for Great Britain and Ireland. Ahead of us were Britain, France, Sweden and Denmark.

These figures, it has been pointed out, are taken from a period in which the future of the American merchant marine depended on private initiative and individual ownership and during which the government boy who says to his mother: "Oh, well, I'm going to get some custard oil!"

Much obliged, Al, come again! Speaking of hotel parades reminds me that some of the big New York hoteliers have been imposed on so much by persons dropping into the writing rooms that they now give out paper only when the individual shows that she's a registered guest. Some of them have handed out thousands of dollars worth of very fancy stationery to people who never buy so much as a cigarette or a cup of tea.

With Our West

RIVALRY
Commercial rivalry is the basis for most military rivalry, and while control of the sea has become subject to international law, market control still is something to cause disputes. Yet this competition, rightly regulated by arbitration, can be made relatively harmless.

For instance, Secretary Kellogg said this week, in speaking at a dinner given in his honor by Premier King at Ottawa, that the rivalry of Canada and the United States is a rivalry without bitterness, raising no problems which cannot be solved by acquaintance, respect, tolerance and patience.

"We are rivals in those accomplishments which make great nations," Kellogg asserted. "In economic, scientific and educational developments, but it is a rivalry without bitterness."

Not mere racial similarity is responsible for the amity existing between Canada and this country. Proximity is one of the biggest factors in world affairs. There has been no clash over national ambitions, but instead both sections of North America have gone forward hewing civilization out of virgin frontier land. The problems, the interests, and pleasures have been so similar that the Canadian border means little more than any U. S. state border.

With international understanding becoming gradually similar to that which exists between Canada and the United States and with religious and racial bigotry slowly giving way, the dominance of commercial rivalry and bitterness should be weakened. Rivalry without bitterness is distinctly a modern achievement.

Pampa Daily Herald.

There is hardly anything that will put more pep into a proposition than a bit of keen rivalry, and so long as bitterness is kept out of it, it is a healthy situation. The rivalry between civic organizations is helpful to the community, as long as bitterness is kept out of it. Rivalry

between schools and athletic clubs is fine as long as it can be kept down to a proposition of friendly competition, but when strife enters into it the whole thing is spoiled. The same can apply to nations and when the rivalry is clean and without any ill feeling it is a wonderful thing, but the main trouble seems to be in keeping more or less antagonism out which always hurts the cause and no two towns with bitterness in their game of rivalry can accomplish very much.

HEAD OF MINT DIES
CARSON CITY, Nev., Feb. 22 (AP).—Miss Annie H. Martin, 65, superintendent of the United States mint here and a resident of Nevada for 60 years, is dead.

Wright Biplane Is Shipped To Britain
LONDON, Feb. 22 (AP).—The biplane in which the Wright brothers made their first successful flight at Kitty Hawk, N. C. landed on English soil from the Museum today.

The famous plane will be placed on exhibition in the science museum at South Kensington.

Orville Wright, on the departure of the plane from the United States for England was quoted as saying that failure of the Smithsonian Institution to give proper credit to the original plane which he and his brother developed was the chief reason for sending the biplane out of the country.

SHIP CAPTAINS ARE BLAMED IN SUB DISASTER

BRUMBY ALSO RAPPED BY INQUIRY BOARD IN S-4 PROBE

(By Associated Press)
WASHINGTON, Feb. 22.—Commanders of the submarine S-4 and the coast guard destroyer Paulding are held responsible by a naval court of inquiry for the collision that sent the submersible's crew of 40 to death off Provincetown, Mass., last December 17.

In addition the court recommended detachment of Rear Admiral Frank H. Brumby as commander of the control force, which includes submarines of the Atlantic fleet.

Failed in Judgment
Brumby was in charge of rescue and salvage operations on the scene and the court declared in its findings that he failed to "contribute that superior and intelligent guidance, force and sound judgment expected from an officer of his length of service, experience and position."

The court, composed of Rear Admirals R. H. Jackson as president, Julian L. Latimer and Captain Joseph V. Ogan, with Commander Leslie E. Bratton as judge advocate, declared also that "no known devices or equipment not employed in the rescue operations, either in the navy or owned by commercial organizations, could have saved the lives of those on board the S-4."

Weather said the navy had assembled its best rescue crews as quickly as possible and that the rescue operations were "logical, sound and the most promising of early success. Weather conditions played an important part in the findings said, and "rescue under those conditions was beyond human power."

The court held that "serious blame" was incurred by Lieutenant Commander R. K. Jones, who commanded the S-4, and Lieutenant Commander John H. Baylis of the Paulding. It declared the submarine failed to take the proper action to avoid the Paulding, while the latter failed to sight and clear the S-4.

Of Brumby, who has commanded the control force since last August, the findings said he had demonstrated before the court that "he had not the familiarity with the essential details of construction of submarines and the knowledge of rescue vessels, and the knowledge of actual work being carried on by his subordinates necessary to direct intelligently the important operations of which he was in charge." The

Stomach Troubles Headache and Dizziness

If your stomach is sick, you are sick all over. If you can't digest your food, you lose strength and "get thin and nervous and feel as tired when you get up as when you went to bed."

For 10 years Tanlac has improved the health and activity of many thousands who suffered just as you do. Here is a letter from Mrs. W. E. Bush, of 113 W. 12th St., Oklahoma City, Okla., says: "After years of stomach trouble I was so weak scarcely anything I ate agreed with me. Tanlac proved a real life-saver. Now I can eat anything, and do my housework without a bit of trouble."

Why not let Tanlac do for you what it did for thousands of others? It is marvelous to see how it relieves the most obstinate digestive troubles—relieves gas, pains in the stomach and bowels. How it restores appetite, vigor and sound sleep. Tanlac is made of roots, herbs and herbs—nature's own medicines for the sick. The cost is less than 2 cents a dose. Get a bottle from your druggist today. Your money back if it doesn't help you.

COOPERATION IS KEYNOTE IN CITY OFFICIALS' MEET

In a meeting marked by a feeling of co-operation and mutual good will, city officials, commissioners and employees of the city of Lubbock gathered in the city hall last night in the first of quarterly meetings of the municipalities. Reviewing the accomplishments of the city during the past few years and planning for the future, various officials commended the spirit of the organization and urged greater work for the "greatest corporation on the South Plains."

Parrish is Toastmaster
Mayor Pink L. Parrish was toastmaster for the occasion and talks were made by City Attorney E. L. Klett, J. O. Jones, police commissioner; City Manager Gus W. McCleary; City Health Officer Dr. J. W. Rollo; A. B. Davis, manager of the Lubbock Chamber of Commerce; J. H. Hankins, commissioner; A. V. Weaver, commissioner; City Secretary W. H. Rodgers; City Tax Collector E. A. Holland; Fire Chief W. E. Twitty; Police Chief John Lemond; Police Judge J. T. Immon; Fire Marshal J. A. Pressley; Wiley Metcalfe, warehouse superintendent; M. R. Cope, electrician; John Graham, light superintendent; Roy Houk, water superintendent; Mrs. J. W. Rollo; Mrs. A. B. Davis; Mrs. G. W. McCleary; Mrs. Gladys Waldrop and Miss Evelyn Porter.

Throughout the meeting the loyalty of the employees of the city toward their work was complimented by the officials and each expressed a hope that the meeting would have a wide influence in the development of the city.

In accordance with our custom of printing annually some little item of legal news, it is hereby formally announced that the defendant in a recent trial for automobile theft in Raleigh, N. C., was named Will Take.

Measles Epidemic Is Under Control

SAN ANTONIO, Feb. 22 (AP).—Slight epidemic of measles which has caused the closing of several school rooms here is well in hand, although the mortality rate of the disease has increased slightly since January, Dr. W. A. King, city health officer announced today. Dr. King believes that several deaths from bronchial pneumonia have had measles as the contributing cause.

The fliers Costes and LeBrix, who flew to us all the way from France, have been sadly neglected. We haven't even seen their names in a cigarette ad.

Acetylene Torch Used For Robbery

HUGO, Okla., Feb. 22 (AP).—Using an acetylene torch, yegmen last night burned their way into the vault of the American National bank at Fort Towson, 30 miles east of here, and escaped with approximately \$3,000.

A passerby who encountered the robbers was bound. He managed to release himself, and gave an alarm shortly after 3 o'clock this morning. Members of the sheriff's force here were working on the case today.

REAL HORSE SENSE
CHATTANOOGA, Tenn.—Here is proof that an empty stomach stimulates "horse sense."
Nellie, 12-year-old mare, frequently has been taken in and fed by the humane society, only to be relieved by her owner. A few nights ago the humane officer was awakened by stamping feet at his door. Nellie had returned voluntarily. A bale of hay made her happy.

For colds, grip
and flu take

Relieves the congestion,
prevents complications,
and hastens recovery.

Anti-Creager Men Claim Big Gains

DALLAS, Feb. 22 (AP).—Anti-Creager Republicans in half the counties in Texas have been organized to further the cause of sending an unincorporated delegation to the Kansas City convention, and to wrest the control of the party in Texas from R. B. Creager, Republican national committeeman, it was said at a conference here today.

Harry M. Wurzbach of Sequim headed the group. Others at the conference, which will extend through Wednesday, were C. C. Littleton of Fort Worth, temporary chairman; F. E. Scobey of San Antonio; Carl Wurzbach of San Antonio; Clinton Bailey of Dallas; Tom J. Darling, Temple postmaster and J. M. O'Hara of Fort Worth.

New Model, Light Weight J. I. CASE TWO ROW LISTERS --a carload arrived this week

This is the new model that has created a real sensation this season among the farmers who have bought them and used them.

Ask any of them about this new model J. I. Case! That's the best recommendation you can find.

Haven't you seen this new model? If not here are a few reasons why it is so popular—but by all means—

Come In and See Them

You already know the recognized quality of all J. I. Case implements and of the simple and easy adjustments they afford. The Case Cell Drop which revolutionized planter construction is in use in all Case Planters—and of course on this new model.

The same Beam that is used on the Case Power-Lift Lister is used on this new model and you can depend on it standing the strain without giving you a lot of trouble. We could go on telling you the features—but why not

**COME THIS WEEK AND BE SURE OF SEEING THIS NEWEST FARMING IMPLEMENT
OF THIS FAMOUS LINE**
