Rebelettes Down Tigerettes, 51-36

The No. 1 ranked Rivercrest Rebelettes overpowered the Deport Tigerettes Monday night in Paris High School gym before a large crowd of fans from this area. The final score was 51-36.

Displaying a strong defense and rebounding ability, with accurate free shooting from the foul line, the Rebelettes built up a ten point lead and held it most of the game.

The Tigerettes held on but could never sustain a drive to catch up.

The Rebelettes are now 30-0 for the campaign and have a 31-game winning skein including the consolation championship victory in the final game of 1967.

Deport's record is 30-3. Each of the Tigerettes' losses coming to the Rebelettes.

For Rivercrest, Monday night's game was a warmup while awaiting the state playoffs in two weeks. The Rebelettes will meet Brownshoro, March 4, in Quitman, in the first game of the playoffs.

Deport takes on East Lamar Thursday night to open its bid for the District 35-B championship in Deport gym.

Defensive play of the two teams highlighted Monday night's play. Both the forwards and guards did tremendous jobs holding the other's scoring down.

The Rebelettes moved out in front, 7-1, as the game opened, but the Tigerettes moved to within two by the end of the quarter, 8-6.

The Rebelettes scored 14 points in the second period, while Deport hit only four, giving Rivercrest a 22-10 halftime lead.

Sloan was leading scorer for Rivercrest with 25 points. Grayson and Hardy hit for 12 each.

Epps ended with 14 points for Deport, Glover had 13 and Allen hit for nine points.

The Valentine theme was carried out in decorations and refreshments. Each member brought a Valentine for their favorite person in the class and Mrs. R. L. Mrs. Smith's Valentine was a huge red satin heart centered with lilies of the valley and dogwood which stood in front of the fireplace, bearing her message to each guest.

Vice president, Mrs. M. E. Jones directed the business session following the opening prayer by Mrs. Prestidge. The secretary, Mrs. Ruby Cogburn gave the monthly report. She reported four gifts had been sent to members in hospital and many cards sent to absentees and for birthdays, during the month of February. Mrs. C. G. Renfro brought a very appropriate devotional on Love, taken from the 15th chapter of First Corinthians.

During the social hour games were played using lettered candy hearts, a picture frame and an umbrella. Mrs. Paul Miller and Mrs. Renfro were awarded small heart shaped boxes of candy. The teacher, Mrs. Howard Swarts, closed the meeting with prayer. Assisted by Mrs. Herbert Kelley, Mrs. Smith served heart shaped, open faced sandwiches, cookies, toasted nuts and cold drinks to 11 members. The class will meet with Mrs. F. B. Two Wrecks At Deport Sunday

Two separate accidents occurred in the city limits of Deport Sunday in which eight people involved escaped serious injury.

In the first accident about 5:20 p. m., a pickup truck went out of control and smashed into a house, coming to rest completely inside the living room and in the second accident a grain trailer spilled its load of shelled corn partially blocking U. S. Highway 271 for two and a half hours.

Buford O. Ellis of Hughes Springs, was hospitalized at Paris after the 1963 GMC pickup crashed into the home of Herbert and Bess (Hall) Alexander.

The Alexanders and a Paris couple, Mr. and Mrs. Oscar Beacham, were in the living room when the pickup crashed inside. Mr. and Mrs. Beacham and Mrs. Alexander were treated for cuts and bruises but were not hospitalized. Alexander was uninjured.

They were sitting in the west side of the living room as the truck came in the east wall. The crash splintered an upright piano and other furniture, and the debris partially covered the Alexanders and Beachams.

The pickup was traveling toward Paris when it went out of control, came across the road, knocked down two reflector signs, clipped the roof support of a small building adjacent to the Alexander home and finally crashed through the wall.

Damage was estimated at \$2,000 to the house and furnishings and \$800 to the truck.

The second major accident took place about 11:45 p. m. near the Hugh Jeffus home, when a loaded semi-truck tractor driven by Eugene Snyder of Bronaugh, Mo., collided with a 1954 Chevrolet driven by Thomas Ray Nichols of Deport.

Both were uninjured, as well as Nanalee Jeffus, a passenger in the car.

The accident occurred as the truck was attempting to pass the car, which was attempting to make a left turn into the driveway at the Jeffus home. Both vehicles were traveling east.

The right front of the truck hit the left front of the car, causing the latter to spin around and also collide with the side of the truck.

The trailer of the truck, loaded with shelled corn, overturned, spilling corn over a large portion of the highway and shoulder. The tractor did not overturn but the wreckage came to rest blocking almost the entire highway. The car came to rest at the edge of the right shoulder.

A bulldozer was used to move the corn off the road.

Damage to the truck and its cargo was estimated between \$6,000 and \$8,000 and the auto was termed a total loss.

Deport Fire Department was called for both accidents. Deport firemen extinguished a fire inside the house struck by the pickup. Sofa cushions and other debris was thrown on top of a heater and caught fire.

Firemen also hosed down and stood by on the highway at the scene of the truck-car crash where diesel fuel was spilled, causing a hazard.

Sweetheart Banquet At Calvary Baptist

A Sweetheart banquet for all age groups was held in Fellowship Hall of the Calvary Baptist Church. Each group was seated at different tables. Mrs. C. G. Renfro arranged the table decorations, Valentine trees under which were standing couples, while red hearts and other decorations were on the piano and the walls. After the meal, games were directed by the pastor, C. G. Renfro and Mrs. Renfro. Choir director Jerry Russell, led singing of old time love songs, and adult guests told of their first dates and their proposals of marriage. A short talk was given on "Love" by the pastor. R. T. Fuller gave the benediction.

Mr. and Mrs. Edgar Easterling visited Mrs. Jim Stanley of New Boston, Sunday.

Mrs. Opal Morris of Mesquite, spent the week end at her home here. Visiting her during the week end were Mr. and Mrs. Clyde Thompson of Sulphur Springs and Andy Morris of ETSU, Commerce.

Beginner Sunbeam Band was organized at the Calvary Baptist Church. Mrs. C. G. Renfro will be the Sunbeam leader. A nature story was told about "The Little Brown Squirrel." Get well cards were made by each member to send Rev. L. R. Lemay.

Slider Announces For Re-Election

I want to take this opportunity to announce my candidacy for re-election to the House of Representatives, subject to the Democratic Primary that is to be held on May 4.

It has been my privilege and high honor to have served the people of District 2, Cass, Marion, Morris and Titus Counties, for four terms. I sincerely hope that my record will merit your continued support in the coming election.

I am 43 years old, married and a native of this area, being born and reared on a farm. My wife is the former Orene Fleming of Naples, and we have one daughter, Sheri, 16 years old. My family and I are members of the Methodist Church where I have served as Sunday School superintendent and as a member of the Board of Stewards.

During World War II and immediately after graduation from high school, I volunteered for military service and served in the United States Navy from 1943 until honorably discharged in April 1946.

As a citizen, home owner and taxpayer, I know the needs and problems of our District and your views concerning them. From my knowledge of your views, plus my own experience, I know that the economy of our District depends on full utilization and production of our human and natural resources, our farmers and ranchers, our small businessmen, and the preservation of our present industrial plants and recreational facilities and attractions.

Because constructive legislation is vital for the well-being of our citizens and the continued advancement of our District's economic growth, I have sponsored and supported legislation to improve our public school system, increased benefits for our elderly citizens, better salaries for school bus drivers, industrial revenue bond legislation, preservation and conservation of our natural resources, economy measures in government, continued improvements in our two state parks and recreational facilities and attractions, and the further development and maintenance of our present Farm to Market road program.

As your State Representative, I have served on such committees as Education, Agriculture, Congressional and Legislative Districts, State Affairs, House Administrative, and Revenue and Taxation.

For the third time, I was appointed chairman of the Parks and Wildlife Committee, the selection being made on the basis of my experience and seniority as a member of the House of Representatives.

For the second time, because of my seniority, I have been appointed to serve as a member of the Legislative Council to study various ways and means to improve our State Government and make recommendations to the next Legislature.

In the months ahead, I intend to conduct a vigorous and aggressive campaign. I shall make every effort to see and visit with as many of you as is humanly possible, and I would deeply appreciate your vote, support and influence in my behalf.

JAMES L. SLIDER
State Representative
District 2 — Cass,
Marion, Morris and
Titus Counties
(Paid Pol. Adv.)

Mr. and Mrs. D. L. Mathis and Alvin Rainey of Gladewater, visited Mr. and Mrs. Tex Lee during the week end.

Austin. — State attention continues to center on the embattled Texas Liquor Control Board.

Speaker Ben Barnes appointed a special subcommittee from the House State Affairs Committee to study possible changes in the election laws. Rep. Dick Cory of Victoria, committee chairman, also heads the subcommittee. Other members are Reps. James Slider of Naples, Bill Clayton of Springlake, Cletus Davis of Houston and Roy Garwood of San Antonio.

Cory stressed that the committee will not investigate Board operations. It will look into the cumbersome liquor laws which have not been modernized since they were first adopted in 1935. Chairman Cory says the panel will be ready with its recommendations (which conceivably could include legalization of liquor-by-the-drink sales) "when Governor Connally calls a special session of the Legislature."

LCB itself has drafted a set of recommendations which include the provision that no private clubs, veterans or fraternal organizations can serve liquor over the bar in dry areas without local option election approval.

A veteran lawmaker, O. N. (Newt) Humphreys Jr., was chosen by the Board to take the vacant job as assistant to Administrator Coke Stevenson Jr. Humphreys, 43, is a native of Brenham. His father was chief of police there. The new LCB assistant chief has been with the Texas Department of Public Safety since 1948 and for 11 years has been head of its intelligence division.

His selection led to speculation that the LCB might in a few months move Humphreys up to administrator. But Stevenson said that he has no intention of resigning while the agency is under fire.

In a unique way, the LCB situation got involved in the governor's race. Lieut. Gov. Preston Smith was critical of the decision by Barnes to name a special committee. Then Eugene Locke of Dallas, one of Smith's opponents in the Governor's race, said the liquor laws obviously need revision and that Smith should have provided leadership toward that end.

Gov. John Connally's declaration that state legislators have been involved in "influence peddling" efforts with Stevenson, and his refusal to grant special treatment kept his salary down, led to some checking.

A study of the appropriations laws for the past 10 years shows that Stevenson's salary was generally held to about \$4,000 less than those of comparable department heads. It was only last Sept. 1 that his salary was brought to within \$1,000 of two other agency heads.

SPECIAL SESSION TALKS—With all the 1968 candidates now on the line and campaigns still in low gear, favorite capitol speculation is the date of the upcoming special legislative session.

Governor Connally must call one in order to pass a 1969 budget and a new tax bill. This has to be done before September 1, start of the next fiscal year. Otherwise, there will be no money for continuation of state services.

Big question is when? It has been widely assumed that Connally will wait until around June 3 when the primary elections will be over.

Since the governor said that he may ask legislators to consider liquor-by-the-drink legislation and conflict-of-interest curbs, speculation on the session's

date has flared anew. It is felt that he may have an earlier date in mind, like maybe March 4. Senate Secretary Charles Schnabel "predicted" this starting time in a Valentine Day letter to senators. Later he said he wrote with "tongue in cheek" and wasn't really serious.

Arguments run something like this:

● **FOR JUNE** — Legislators won't vote for a big tax bill with elections staring them in the face, and will resent having campaigns interrupted. Early session would put friends as well as foes on the spot and might result in defeat of some. Lawmakers are reluctant to vote for tax measures until the last minute, anyway; and along about July and August, they can't put it off any longer.

● **FOR MARCH** — After their election lame duck legislators would be rebellious toward any tax program or other controversial measures submitted by the governor. More time might be needed to pass a major tax bill than would be allowed by a June session. New Democratic nominee for governor will be known by June, and the legislators may be inclined to look to him for leadership and ignore Connally's proposals.

Only man really in position to know is John Connally. He says he hasn't made up his mind—and might not for several weeks. But adds: "Any date is a possibility."

OIL DEMAND — Continued blockage of the Suez Canal and the TAP pipeline in the Middle East again has zoomed demand for Texas oil.

Railroad Commission increased February oil production allowable from 47 to 49.6 per cent of potential, retroactive to Feb. 1.

Commission set March factor at the same level, responding to demand by producers.

New allowable will permit maximum production of 3,732,485 barrels a day, compared with 3,588,958 under 47 per cent factor.

ATTORNEY GEN. RULES — State Department of Public Welfare is required to make "mediated" payments direct to doctors and hospitals for medical care of welfare recipients, says Atty. Gen. Crawford Martin.

DRAFT QUOTA UP SHARPLY — Texas draft boards next month must furnish the largest monthly quota of young men for military service in nearly two years.

Col. Morris S. Schwartz, state Selective Service director, said the local boards have been called on to provide 1948 men — most since the 2,012-man quota of November, 1966. Low point in the interim was 674 men last February.

This year's monthly quotas have been 1,165 men in February and 1,659 in January. National call for March induction is 39,000 men. All for the Army.

FIRE RATE CUT PROPOSED — State Board of Insurance proposed its first cuts in seven years (average of 3.6 per cent) in statewide fire, extended coverage and home owners insurance premiums. Rate experts suggested 4.4 per cent reduction in fire premiums, 3 per cent in extended coverage and 3.1 per cent average for home owners.

Fire and extended coverage rates are set statewide, and homeowners rates are figured on a three-region basis due to weather hazards.

If adopted, rates would be effective June 1. Biggest money saving on home owners' premiums would be in 10-county Sherman area where rates are now high.
